The Scurry County Times

WEST TEXAS' LARGEST WEEKLY NEWSPAPER — AND SNYDER SIGNAL — OFFICIAL NEWSPAPER FOR THE CITY OF SNYDER AND SCURRY COUNTY

VOLUME XLII — Watch Snyder and Scurry County Grow — SNYDER, TEXAS, THURSDAY, MARCH 7, 1929 — Located on the Dal-Paso Cavern Highway — NUMBER 38

SNYDER, TEXAS,
The busiest small city in West Texas; inhabited by the busiest people living and the best in the world.

J. T. Robison Finest Prospect For Governor

Friends of a Lifetime Rally to Land Commissioner's Earnest Support

Last week the Times-Signal was very happy to publish a complimentary boost for Hon. J. T. Robison, commissioner of the General Land Office at the present time, our article stressing the fact that to vindicate himself, he should run for Governor of Texas.

Yesterday we received the following letter:

"Editor Times-Signal:

"Dear Sir:

"Your letter of February 27, addressed to Honorable J. T. Robison, Commissioner of the General Land Office, in which you enclosed a copy of an editorial appearing in the Times-Signal of this week, has been received by Mr. Robison. I am the attorney for Mr. Robison in the investigation being conducted by the joint committee of the Senate and the House. Mr. Robison gave me your letter and the copy of your editorial and suggested that I make such reply as I thought advisable.

Mr. Robison was very much pleased at the action of his friends, as set forth in your letter and in your editorial. The people of West Texas, it seems, are practically unanimous for Mr. Robison. During the past week there was a very fine editorial in the Abilene Reporter commending Mr. Robison's conduct as a public official. In articles appearing in newspapers published in West Texas there has been frequent mention made of drafting Mr. Robison as a candidate for Governor. A multitude of people in East Texas are standing by Mr. Robison during this investigation, and among these people are some of the leaders of that section of the state.

"Mr. Robison is a very modest man, and I am sure, would hesitate a long time before permitting his friends to make him a candidate for the office of Governor. As shown by the testimony during this investigation, he has been one of the most efficient public officials that has ever served Texas. By his wisdom, foresight and sound judgment he has protected in the fullest measure the interests of the state and the various funds, including the University and public school funds, for which lands of the state had been appropriated. At the same time, Mr. Robison has been thoroughly conversant with conditions in West Texas, and has at all times administered the law, so far as the law would permit him to do so, in the interest of the people who were settling up West Texas and making of that splendid country a part of the magnificent empire of Texas.

"Mr. Robison defended the acts of the Legislature enacted for the purpose of protecting West Texas land owners when the same were under attack by Mr. Moody, as Attorney General of Texas. The testimony shows that Mr. Moody threatened to have Mr. Robison investigated by the Legislature. Whether Mr. Moody was, in fact, responsible for the present investigation I do not know. As a result of Mr. Robison's defending the legislative acts enacted for the purpose of protecting the people of West Texas, and which acts, as a result of Mr. Robison's efforts, were in every instance sustained by the Supreme Court, the people of West Texas have felt very grateful to him, and out of the kindness of their hearts they have given him substantial sums of money, by which he was enabled to pay off the mortgage on his little farm south of Austin, and to pay indebtedness incurred by reason of his illness brought on by his work in reappraising the lands located in West Texas. This money was not contributed by a few rich men, but was contributed by a multitude of men from all parts of West Texas. Of these contributions, most of them were in very small amounts, many of them less than $1.00. There were a few substantial contributions in amounts of $300 or $400. Because Mr. Robison has accepted these contributions, which he could not have refused without impuning the motives of those who made contributions, he has been subjected to most severe and, I think, unjust criticism.

"We do not know what the outcome of the investigation will be, but regardless of the result, Mr. Robison is conscious of having done no wrong, and he is indeed deeply grateful for the support that he has received from the people of all parts of Texas, and especially from his long-time friends of West Texas.

"Yours very truly,
"E. P. SMITH."

SIMMS GETS GASSER

A report from the Simms Ellwood No. 1 in Mitchell County is to the effect that this well is now making 30,000,000 cubic feet of gas daily. Efforts to case off gas are unsuccessful.

MEMBERSHIP DRIVE

Chairman Warren Dodson of the membership committee of the Scurry County Chamber of Commerce with his committee held a booster meeting last night and set Monday, March 11, as the start of a drive for increased membership in the organization.

If you are not already a member, get in touch with this committee and boost an organization that means the salvation of the best county in West Texas—bar none.

LAND BILL WINS

The House yesterday rode roughshod over Dan Moody's veto of the Small land bill with a vote of 112 for and 18 against. The resolution sent to Austin by the Tuesday meeting of the WTCC here may have helped considerably in winning the measure and the further relief of West Texas.

Garza County Excited Over New Oil Well

Thought a "Duster," But Later Events Prove Otherwise

With production estimated to be between 50 and 100 barrels a day seemingly assured, the Humble Oil & Refining Company's No. 4 Boren, located in the northeast corner of section 136, on the J. M. Boren ranch near Justiceburg, Garza County, was late Monday looked upon as being the means of reviving extensive drilling operations in that section.

The well came in under a charge of nitroglycerine at 2,354 feet Sunday afternoon. Prior to the shot, which was viewed by a large crowd, the well was thought to be a "duster", and drilling operations had ceased some time ago and the test abandoned. When workers came back to plug the hole, 800 feet of oil was found standing in the casing, and it was decided then to shoot the well.

Comes In Later

Nothing happened immediately following the discharge of the nitroglycerine and most of the crowd left the well in disappointment. Some 50 minutes later, however, the oil began to flow from the well, gushing up to a height of about six feet over the hole, then mounting to the top of the derrick, to flow in this manner for about three minutes.

This is the second well to produce on the Boren ranch, another having been on the pump and making between 40 and 50 barrels per day. This production has been utilized as fuel to drill the test which came in Sunday.

Drilled with standard equipment, the No. 4 Boren is the best showing of oil since drilling operations began in the Justiceburg section about six years ago. Operations have been spasmodic since then.

Duckworth Verifies Report

From Ira L. Duckworth, cashier of the Citizens National Bank at Post, who is also president of the Post Chamber of Commerce, it was learned that he was present at the well when it came in Sunday afternoon. He was called for substantiation of the report by the Times-Signal, and he vouched for its truthfulness.

Although there is not a great deal of excitement over the discovery, as oil has been discovered in this section before, the people of this section are highly interested in the showing of the Boren well. From oil men at the location Monday afternoon it was learned that estimated production is between 50 and 100 barrels per day, the well being swabbed out during the day.

JURORS SELECTED FOR MARCH TERM OF DSTRICT COURT

Following are the names of men chosen to serve as jurors during the March term of district court beginning March 18th:

Grand Jurors

W. E. Wade	J. D. Boone
J. E. Falls	J. C. Dorward
A. Johnston	S. D. Hays
Joe Caton	W. H. Clements
W. H. Jones	Tom Hafley
G. W. Niel	F. O. Clarkson
E. J. Ely	W. C. Davidson
A. P. Gannaway	A. L. Stoker

Petit Jurors, 2nd Week

A. H. Trice	H. P. Brown
S. T. Elza	Chas. E. Ross
Sam Hamlett	Harrie Winston
W. W. Rogers	H. C. Huckabee
H. J. Brice	G. B. Clark Jr.
P. C. Chenault	Gay McGlaun
W. D. Fish	E. W. Lemons
G. W. Bowers	S. W. Light
J. W. Scott	J. L. Huffman
Hugh Taylor	J. G. Lockhart
A. J. Cody	Travis Berry
G. N. Richardson	Albert Johnston
J. G. Drinkard	Edgar Taylor
N. W. Autry	H. G. Towle
A. H. White	B. B. Johnson
G. M. Handback	T. J. Fuller
V. D. Sumruld	R. W. Webb
O. H. Holloday	J. L. Carrell

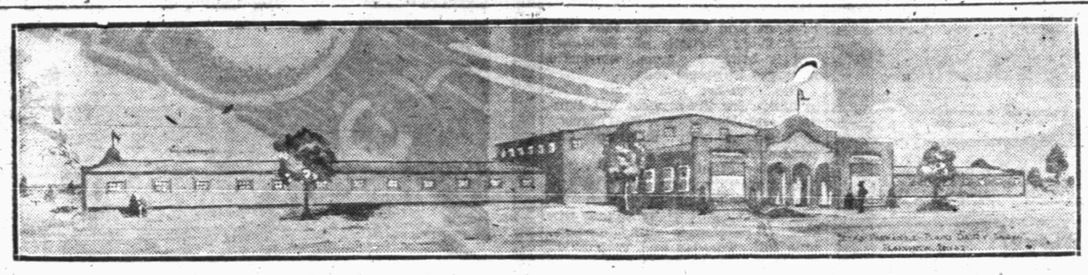

Petit Jurors, 3rd Week

W. C. Shull	Allen Warren
J. L. Campbell	A. P. Morris
W. R. Bell	S. J. Casstevens
W. P. Smith	P. A. Mebane
E. W. Sturgeon	T. H. Duff
C. H. West	D. D. Durham
E. M. Taylor	J. A. Joyce
Arles Haynes	C. D. (Pat) Jones
W. A. Cross	S. J. Littlepage
H. M. Blackard	A. R. McFarlard
H. H. Jeffres	M. W. Bavousett
Ben Scott	Lynn Henderson
S. A. Larue	T. J. Weaver
Z. E. Coleman	W. H. Ritzenthaler.
J. C. Stinson	Tom C. Davis
Geo. Northcutt	W. P. King
P. O. Sears	Sam Barfoot
E. V. Boynton	
J. R. Hicks	

WESTERN UNION INSTALLS AUTOMATIC SYSTEM HERE

The Western Union of this city cut over last week from Morse Code to Automatic. The machinery for the new cut over was installed and the first telegrams received with pasted tape were circulated here early last week. This places Snyder in a class with the larger cities of West Texas in this type of Western Union service.

Modern Dairy Association Plant at Plainview

Show Official

W. O. LOGAN

County agent of Scurry County, who will be superintendent of the grade cow department of the Panhandle-Plains Dairy Show at Plainview.

The permanent home of the Texas Panhandle-Plains Dairy Show which is under construction at Plainview will be ready in ample time for the staging of the Second Annual Show April 2-5.

Over forty men are employed in its construction by Harrison and Smyth, contractors on the job, and they are rusing the work to completion.

The building is being erected to fulfill Plainview's promise last year that if the show were located here permanently buildings for housing it would be provided. The city of Plainview is building the home which is several buildings all connected to facilitate staging the show. The construction is of wood covered with roofing material and stripped. The gable ends on the structure are of stucco artistically made.

County Agent W. O. Logan of Snyder will be superintendent of the grade cow department at the show.

Five buildings are being constructed all tied together. There will be three large barns to house the animals, a large show ring with seats for seven hundred people around it, and a large building to house the dairy products department and the commercial exhibits. There will be twenty-five thousand square feet of floor space in the entire structure. The buildings, or parts, are all connected to the show arena, it being in the center with the other buildings projecting in four different directions. The entire structure is located on a ten-acre tract of land adjoining the municipal park at Plainview, and is close in to the business section of the city.

Directors of the Panhandle-Plains Dairy Show Association inspected the construction work Thursday and were loud in their praise of its efficiency.

BUILDING MODERN FILLING STATION

Work will commence this week on the erection of a modern filling station in the rear of the new Towle jewelry store. Mr. Towle is building the station, and Bill Hutchinson will lease the building when completed. Located in one of the best spots in Snyder, the new station should draw a large business with as popular a fellow as Bill Hutchinson to supervise details. Congratulations are in order all the way around.

DEPUTY COLLECTOR OF INTERNAL TAXES COMING

A deputy collector of the U. S. Internal Revenue will be in Snyder next Monday for the purpose of assisting income taxpayers in filing their returns for the year 1928. Taxpayers are urged to avail themselves of this service at the county court house.

Ground Broken Snyder Airport Monday Morning

Airplane Business Already Starting With Arrivals Here Early

Yoder Field, Snyder's new 200-acre airport, is commencing to take on real significance when workmen commenced Monday to clear and level the field. County road machinery is doing the work.

Buildings for the filling station have already been started with foundations all in and with extensive operations already under way for an early dedication.

S. U. Armstrong of Wichita Falls, distributor of the Eagle Rock and Stinson planes, flew here Tuesday to show Mr. Yoder one of their newest offerings. He was en route to Big Springs and had no trouble making a landing on the temporary field located just south of the Santa Fe depot. While plans are being held in abeyance for the time being, Mr. Yoder may purchase a plane later and start a training school here.

Albany suffered a $35,000 fire loss Tuesday.

Poultry Expert Comes to Snyder Next Thursday

Charles Weeks to be Here For County Wide Mass Meeting

Charles Weeks, famous from coast to coast as the originator of the "Chain Poultry Farm" idea, will appear in Snyder Thursday night, March 14th, under the auspices of the Scurry County Chamber of Commerce. A mass meeting of all county farmers will be called and night meeting will be held at the district court room, starting at 7:30. The meeting is free, and all are invited to participate in the program.

For twenty-six years Charles Weeks has been experimenting on his Little Farm at Owensmouth, California, and proving step by step the wonderful possibilities on a little land thoroughly fertilized and carefully tilled.

He is the author of the following books: "Egg Farming in California," "One Acre and Independence," and "A California Acre." He is the editor of Little Farms Magazine, devoted to intensive agriculture and intensive human culture. His books and magazines have been read around the world. He is known as the most intensive farmer in existence. He is the father and originator of the intensive little farm idea and has shown thousands of people how to earn a comfortable living from so little as one acre of land. He is the founder and organizer of the Charles Weeks Poultry Colony at Palo Alto, near San Francisco, and of the Charles Weeks Poultry Community at Owensmouth, near Los Angeles, where thousands of healthy, happy families live on their own beautiful self-supporting garden homes.

He has recently originated the idea of a system of "chain" farms, in order that the largest number of people may be inspired to higher ideals in farm life, and at the same time have the opportunity to market their products in a block, under a protected brand, direct from the specialty farms to the consumer through the already established systems of "chain" stores.

He is now establishing his third center of "chain" specialty farms at Wichita Falls, which will be an inspiration and a demonstration for the exture state of Texas.

Any large progressive city could have one of these "chain" farm centers just outside its city limits and thus produce its own specially grown food products right at home and add tremendously to the industrial and commercial prosperity.

Charles Weeks has lectured up and down the Pacific Coast for several years, addressing farm bureaus, chambers of commerce, poultry associations, high schools, and agricultural colleges, and the halls are filled to capacity. He is now making a lecture tour throughout the state of Texas, bringing a world of valuable information not only to the general farmer, but to every owner of a home who is interested in making it more beautiful with neatly trained trees and vines.

His lecture is illustrated with beautiful colored slides, showing just how quickly a luxuriant garden home can be created from soil, water, air and sunshine when mixed with fertilizer and intelligence. His talks are an inspiration to all. Come out and hear him. It will be a revelation to you. You will be glad you came.

Snyder Meeting WTCC Boosters Colorful Event

200 Delegates From All of West Texas Join in Meeting

Two hundred delegates from all sections of West Texas attended the West-Central District meet of the West Texas Chamber of Commerce here Tuesday.

Vice President P. C. Coleman, of Colorado, presided in a program that brought messages of an agricultural nature from C. H. Amacker of McCamey; Judge C. C. Thompson, Colorado; Rev. Hugo Haterius, Avoca and R. L. Penick, Stamford.

President Andy Bourland stressed the necessity of putting across the Small bill affecting river bed lands and following his address the following resolution was adopted and wired to the president of the Texas Senate:

"Whereas, the 41st Legislature of Texas by an overwhelming majority passed a bill known as the Small river bed bill in which it was sought to validate the titles of land in river beds in favor of the rightful owner of said land thus protecting the good faith of the state in the issuance of patents to this land;

"Whereas, the Attorney General of the state rendered an opinion declaring this bill unconstitutional;

"Whereas, acting upon the advice of said Attorney General, the Governor vetoed the Small river bed bill;

"Whereas, efforts are now being made to pass said bill over the Governor's veto, now

"Therefore, be it resolved that this meeting give its hearty approval of these efforts, and it appeals to the membership of both House and Senate to vote for the passage of this measure notwithstanding the Governor's veto and in this way redeeming the good faith of the state.

"Be it further resolved that we depiore the fact that the attorney general and the governor felt called upon to function as judiciary officers in this matter rather than to permit the bill which would clear title to so much valuable land in Texas, to take its course in the courts of the land. This for the reason that the officials named did not and could not have sufficient time to make the needed investigation that the organized courts of our land could and would do.

"Be it resolved that a copy of this resolution be transmitted to the president of the Texas Senate and the daily papers of the state."

During President Bourland's eloquent speech and remarks from Homer D. Wade, manager, they expressed disappointment over the veto and said the governor's recommendation of a constitutional amendment would mean a long delay.

Representatives from Colorado, Sweetwater, El Paso, Hermleigh, Tahoka, Rotan, Lubbock, Hamlin, Abilene, Fluvanna, Stamford, Fort Worth, Dallas, Knapp, Lamesa, McCamey, Vernon, Big Spring, Stanton and Avoca joined with Snyder citizens in the monster banquet served at the City Tabernacle with Homer D. Wade as toastmaster.

During the banquet the Snyder High School Vocational Agriculture Class put on an impressive program with H. W. Stanley, Broadway of America Good. Will Ambassador, holding the spotlight with his talk on El Paso's preparations for the May meeting of the West Texas Chamber of Commerce. Judge C. C. Thompson of Colorado was arrested during the banquet for breach of the eighteenth amendment and was given five years suspended sentence. A collection was taken during the hour for Bill Cooper, Stamford, who lost his hat.

Col. R. L. Penick and agricultural committee passed resolutions asking the legislature to appropriate $20,000 each to the A. & M. College and Texas Tech per year for two years for poultry and hog extension work, total appropriation being $80,000.

The results of the Small bill vote in the Senate of 24 for and 6 against were read at the afternoon meeting. The same bill was to come before the House yesterday. When results were read the crowd nearly tore the roof from the city tabernacle.

Motion was made with the unanimous vote of all delgeates that Gov. Dan Moody appoint P. C. Coleman of Colorado to vacancy on Texas Tech Board.

A wire of commendation for work well done by the West Texas Chamber of Commerce was read from Representative Wed Reid of Mitchell County.

McCamey, through the eloquent welcome of their secretary, C. H. Amacker, secured the 1930 meeting.

INFANT BURIED

The infant son of Mr. and Mrs. Earl Henry was buried on Wednesday, March 6, at 4:30, Rev. W. F. Ferguson, pastor of the Baptist Church, officiating. Interment was made in the Snyder cemetery.

It is believed Texas can reach a population of 10,000,000 without becoming predominantly urban.

BISHOP COMING

Rt. Rev. E. C. Seaman, D. D., of Amarillo, bishop of the Episcopal Church, will hold special services in Snyder at the Grace Episcopal Church next Wednesday evening, March 13, at 7:30.

The Bishop will be accompanied by Rev. L. G. H. Williams of St. Paul's Episcopal Church of Lubbock.

Members and friends of the congregation are extended an earnest invitation to join in the services.

CONVENTION FLASHES

When the vote of the Senate was announced in the afternoon showing the Small bill had won in the Senate 24 to 6, the roof of the tabernacle nearly came off. The smile on Homer D. Wade's face was a mile across. Wade with President Andy Bouriand have fought to the last ditch for this victory and vindication.

C. C. Redman, vocational agriculture teacher in Snyder High, with that wonderful class of forty boys surely stopped the show during the luncheon. Col. C. C. French of the Fort Worth Stockyards Company said he would have given a year out of his life to have been able to talk to that wonderful group of boys following their notable and very clever entertainment numbers.

Judge C. C. Thompson, old time friend of Colorado and Mitchell County, and who was born just south of Iatan Flats, but who calls Colorado his mail address, came in for no end of kidding when officers Byrd, Brownfield and Woodfin got him for breach of the Volstead ruling. Charley took it amicably and well with County Supt. Bullock sticking up for him. He escaped with a five-year suspended sentence but according to "Wild Bill" Cooper of Stamford, he hoped the authorities would let Thompson's sentence ride.

It is reported on reliable authority that Manager Homer D. Wade and Pres. Andy Bourland lost their way coming to Snyder Monday night. It seems they stopped off at Rotan to help Miss Trena Miller in her secretarial duties to arrange a speaking engagement at Rotan next week. They stopped long enough to have the evening dinner with Miss Miller and foundered themselves to the extent that they became lost in the Camp Creek neighborhood. Is it any wonder girls leave home when you think of these two fine hustling boosters for West Texas?.

The loss of "Wild Bill" Cooper's hat during the banquet resulted in a generous collection being taken up at the Manhattan Hotel following the meeting, in which a most beautiful tin hat was purchased for Bill to cavort about in his Stamford office. Friends stated that tin was best for Bill, that it covered ivory much better than felt and would cover up the bushy wig that Cooper displays at all public occasions. Donations for the hat were accepted from the following: Max Bentley, Col. R. L. Penick, Homer D. Wade, Andy Bourland, Col." C. C. French, C. H. Amacker, Grady Shipp, Judge C. C. Thompson and Glenn Sample. The Senior Editor also dropped two-bits for the occasion owing to the fact that Bill had accused us of the theft, but knowing him so well and his remarkable hard-luck tales, we simply could not help ourselves.

Consternation was thrown into the hearts of the banqueters when a black boy rushed in at the peak of proceedings and informed Member O. P. Thrane that something was running over at his house. We failed to get the perpetrator of this joke, but will blame it on Jimmie Greene of Colorado or Homer Wade of Stamford.

Sec'y and Mrs. C. H. Amacker of the McCamey Chamber of Commerce were present for the proceedings, and it was only through the remarkable oratorical effort of the Mr. that McCamey secured the 1930 meeting. Towns that have boosters and well wishers such as Mr. Amacker and the Mrs. are lucky, and citizens of the home town of McCamey should sit back a bit and pay their secretary the honor to which he is naturally accorded here. He did $5,000 worth of constructive advertising for McCamey during his visit here. Congratulations to men of that type!

Sec'y Watt Scott was a most busy man Tuesday. Watt really should have been four fellows in one, but thank you, Watt was on the job and did what he was supposed to do 100 per cent. Snyder is indeed lucky to have a gentleman of his type as our official secretary of the Chamber of Commerce.

The Misses Lucille Eoff, Eloise Scott and Lucille Carpenter were the three smiling young ladies who handled registration matters during the meeting. They handled their part of the work most efficiently and well and had a smile for every signer, and that was what the "gang" enjoyed.

Cowboy "Bill" McDonald of Stamford sang ably during the banquet, but the toastmaster took most unfair advantage of Bill in getting him on the job, after he had waded through most of the wonderful lunch that Snyder church ladies had furnished. Get Bill when no food has passed and you will find one of the best singers in West Texas. But you cannot expect a man to lay down all the food that had been prepared and then sing "Sweet Adeline" with Supt. Wedgeworth, who had given the address of welcome on an empty stomach. Fellows like Charley Cotton of Fort Worth, John Boswell of Dallas, Bill Wilson of Lamesa, Wild Bill of Stamford, Giles Garner, Judge Thompson of Colorado and a few more of that type simply wouldn't stand for it.

Impressive was the honor paid Pioneer J. Wright Mooar during the banquet when Toastmaster Wade asked him to stand and Singer McDonald honored him with a real old-timey song.

Five hundred Scurry County farmers should have heard Col. R. L. Penick in his address on "Poultry and Progress." He brought one of the most constructive messages of the entire series of talks. Colonel Penick knows his subject.

C. C. Williams, newly elected secretary of the Tahoka Chamber of Commerce, was present and made it plain that April 24th was the meeting of the South Plains division of the WTCC, and he wanted all of the bunch to come there. C. C. used to be at Crosbyton, is a real builder, knows his apples and onions, and will give Tahoka a regime of office they never thought could happen before.

Our good old friend H. W. Stanley of El Paso was present in spirit and person. Try to keep him away from a booster meeting. As the reigning head of the famous Broadway of America Highway, Henry (as his intimates know him) is the best two-legged talker this side of the Pecos (or the other side so far as that matters), and his resume of the tourist traffic that hits Texas was one of the most enlightening thoughts that was brought to the meeting. And let it be said that his story of "Dr. Crawford Upstairs" was one of the keenest bits of story-telling that has ever been shown in Snyder, at least insofar as the writer of this part of the paper is concerned. When one speaks of H. W. Stanley as the "Silver-Tongued Orator of the West," this really fails to give him sufficient territory. He is big enough to handle more territory than that, and we're frank to say that we hope he is voted more.

When the annual convention of the West Texas Chamber of Commerce is held at El Paso, from indications at the banquet West Texas simply intends moving bag and baggage to that point with perhaps a few forwarding their luggage to the Central Cafe at Juarez. That thought was visibly brought out.

We always thought Tom A. White, the debonair district manager of the Southwestern Bell Telephone Company, had nothing to do with public speaking but just continued selling the idea of telephones. But, brother, when Tom responded to the question of who was there who represented Lubbock, we thought of the eloquent delivery of Russell Conwell when he told of the "Thousand Acres of Diamonds."

Joe Cooper, Texas Electric Service Co., Dallas, a spell-binder by profession and a mighty fine fellow at leisure, entertained the bunch with his happy thought of "Electrifying the Farm." Joe knows his subject, and the only thing we have agin him is that he didn't bring Beeman Fisher with him, who is said to be the best-looking advertising manager outside of jail in the United States.

During the morning session Mrs. W. W. Hamilton gave a most entertaining piano number of the famous composer Ignace Jan Paderewski, "Minuet," with an interesting description of the author preceding the number.

The Palace Theatre was the right place to hold the convention, and, citizens of Snyder, we owe Mrs. Lollar a triple vote of thanks for making it possible.

A portion of Snyder's business front, as regards business men, was made most conspicuous by their absence. Boys, let the nickels take care of themselves when you have distinguished guests present such as attended this remarkable meeting. If you don't like this thought, shoot the Senior Editor. He is responsible and will stand behind his guns in this particular matter. Maybe a few funerals should be interspersed with all these matters. Who knows?

Pres. John R. Coker of the Hermleigh Chamber of Commerce gave a good talk.

We failed to see anyone from Gail, Carlsbad, Midland, Odessa, Pecos, Seminole, Seagraves, Sterling City, Wink, Westbrook and Loraine.

We can account for Paul T. Vickers of Midland, the outstanding son-of-a-gun who represents that booster town. He is in Washington attending the Hoover good-will thing. Also Judge R. W. Pittman of Seminole wired he was unable to come owing to illness. But the balance of those towns are beyond us. They must enter their own alibis.

Fluvanna was represented fine with Rev. James H. Tate as their spokesman, and when it comes to making an extemporaneous address, V. P. has no equals in this immediate vicinity.

"Wedge", better known to all of us folks as superintendent of the livest high school in the West, gave one of the finest addresses of welcome ever delivered at any district or yearly meeting of the West Texas Chamber of Commerce. We have President Andy's and Manager Homer's word for this. It was a masterpiece, and when Sec'y Amacker of McCamey responded, he did nobly and well and needs take no back seat for any spell-binder himself.

It was a pleasure to meet John Boswell of Dallas, manager of the Southwest Development Service of the Dallas Chamber of Commerce. While the Times-Signal has never subscribed to any harsh words concerning the purported Dallas map, no one can tell us that either John Boswell or the wonderful organization he represents could have meant anything wrong to West Texas by that map. At least the Times-Signal has never considered itself that way, for we still maintain our Dallas connections and we shall so continue. John Boswell knows too many good things about West Texas to say anything evil of it.

(Continued on Page 5)

Visits Here

HOMER D. WADE

Manager of the West Texas Chamber of Commerce, who was here Tuesday at the district meeting of that organization.

Scurry County Oil Leases Near 200,000 Acres

S. D. Ford and Will P. Edwards of Big Spring completed this week the task of blocking up 11,000 acres for oil development northwest of Snyder in Scurry County. They expect to secure a drilling contract for a portion of this block as a big development is due in Scurry County.

Oil leases have been secured on more than 200,000 acres in the northern part of Scurry County since the first of December.

Among big lease holders are the Magnolia Petroleum Company with 75,000 acres; the Sullivan-Brude, 5,000 acres; Taylor-Link Oil Company, 6,500 acres; Edwards & Ford, 11,000 acres; The Texas Company, 8,960 acres; Independent Oil & Gas Company, 2,500 acres; Camp Springs Oil Corporation of Chicago, 4,000 acres; Harmon Oil Company, 3,000 acres, the latter to start a deep test in the near future.

Oil men are expecting the oil field to extend diagonally across Scurry County from the northeast, through the southern portion of Borden County and on through Howard County.

BUYS REGISTERED STOCK FOR HERD

W. M. Scott & Son last week added some registered stock to their growing herd of fine registered Herefords which they have started at their ranch seven miles from Snyder. Mr. Scott and his son have developed a herd that is outstanding in this section.

Mr. Scott recently purchased five straight line bred Anxiety cattle, and last week added to this a 9-month-old registered bull calf, paying $495 for this animal, and another 2-year-old bull for which he paid $325. The former was purchased from Colbert & Son of Stamford, and the latter from the John Gist herd at Midland.

O. E. S.

Regular meeting Snyder Chapter No. 450, O. E. S. will be held Thursday night, March 14th.

Attention, Scurry County Farmers!

Every home in Scurry County should be represented at the mass meeting to be held in the district court room in Snyder, Thursday night, March 14th, when Hon. Charles Weeks, originator of the famous one-acre poultry colony, comes here. Illustrated slides will be used in the lecture which will give remarkable entertainment for every member of the family. Everything free.

Come and be the guest of Snyder business men on this occasion.

Remember that our bank offers you every facility to please a large and growing clientele.

Dr. W. R. White Bringing Fine Bible Messages

Mitchell-Scurry Association Workers Conference Held Tuesday

Dr. W. R. White of Lubbock, who is doing the preaching in the revival meeting at the First Baptist Church, continues to bring fine Bible messages to good crowds at 10 a. m. and 7:45 p. m. each day. Prof. E. L. Carnett of Seminary Hill is bringing some wonderful messages in gospel song.

The preacher and singer failed to arrive for the services last Sunday, and Pastor W. F. Ferguson preached at both morning and evening hours.

Monday night Dr. White delivered a fine discourse on "The Old Fashion Religion," in which he told of the many godly virtues this kind of religion is always responsible for. Tuesday and Wednesday nights he preached the first two of a series of four sermons on "The Ten Commandments as Applied to Our Everyday Life as Interpreted by Jesus and the Apostles." The remaining two of the series will be delivered tonight and tomorrow night. The morning themes deal with the New Testament Christian. Dr. White will talk on "The Christian's Hope or The Resurrection" at the morning service Sunday.

Dr. White talks about twenty minutes at each service, and the song service last about twenty minutes. Everybody is cordially invited to attend the services throughout the remainder of the meeting.

Association Calls Missionary

The Workers Conference of the Mitchell-Scurry Baptist Association met Tuesday at the local church. Dr. White preached at the 11 o'clock hour and dinner was served to a large crowd of delegates from the several counties comprising the association.

The women held their regular monthly meeting in the afternoon, while at the same time the Board meeting was held. At the Board meeting, at which twenty-seven churches were represented, Rev. W. D. Green was unanimously called as missionary of the association. He has accepted and will probably be on the field some time in April.

The next meeting of the conference will be held at Roscoe Tuesday, April 8.

YOUNG WOMAN IS HELD IN DEATH OF NEWBORN CHILD

A charge of murder, in connection with the death of her child, has been filed by authorities at Clairemont, Kent County, against a young woman who has been in the county jail at Post since Friday.

The charge was filed after officers at Jayton had been called Tuesday to Girard, following the discovery of the child's body in the cellar of a hotel. Doctors said the infant was only a few hours old.

The word "Texas" comes from the Spanish pronunciation "Tejas," the name of an Indian tribe encountered by the Spanish in 1869.

This whole problem of what's wrong with youth would be solved if automobiles could talk.

Sickly Boy, 7, Gains 15 Lbs.—Father Happy

"My boy, 7, would not eat. I gave him Vinol and the way he eats and plays now makes me happy. He gained 15 pounds."—Vinol is a delicious compound of cod liver peptone, iron, etc. The very FIRST bottle often adds several pounds weight to thin children or adults. Nervous, easily tired, anemic people are surprised how Vinol gives new pep, sound sleep and a BIG appetite. Tastes delicious. Warren Bros., Druggists. 3

Mrs. Travis Rhoades was taken to the Lubbock Sanitarium last Friday. She underwent an operation last Saturday. She is getting along nicely.

E. E. Swindale of Lubbock came Sunday and was accompanied home by his wife, Mrs. Swindale, who has been the house guest of her sister, Mrs. W. T. Raybon.

Mr. and Mrs. Everett Greene and little son, John Jr., returned to their home in Spearman after a week's visit with their parents, Mr. and Mrs. J. W. Greene.

Mrs. Lee Newsom and Misses Edith and Vera Nell Grantham, Martha Gray and Eloise Scott spent Sunday in Lubbock with Mr. and Mrs. R. C. Grantham.

R. G. Grantham of Big Lake, Mr. and Mrs. R. C. Grantham and Mr. and Mrs. Rex A. Smith and Rex Jr. of Abilene attended the funeral of J. P. Grantham last Thursday.

Mrs. John King and Mr. and Mrs. Bert King and baby daughter, Patsy Sue, of Stamford came Sunday for a visit with Mr. and Mrs. E. M. Deakins. Mr. King returned home Monday.

Mr. and Mrs. W. D. Beggs and son, Billy, and Banie Smith left this morning for Fort Worth where they will visit their daughter, Miss Dorette Beggs, and Miss Dixie Ruth Smith, who are students at T. C. U. They will also attend the Fat Stock Show.

INJURED IN AUTOMOBILE COLLISION TUESDAY NOON

Mrs. Melvin Newton and Mrs. Howell Harpole, riding in a Pontiac sedan driven by Mrs. Newton, were struck by a car driven by Earl Abercrombie at the crossing in front of the Methodist Church Tuesday noon. Mrs. Newton received severe bruises and Mrs. Harpole was struck a severe blow on the head. Although the injuries were very painful and the shock severe to both occupants, they are not considered grave.

The Ford coupe driven by Mr. Abercrombie struck the other car head-on, dislodging the front seat where the ladies were riding and otherwise damaged the car badly.

J. L. SLIGH DIES AT HERMLEIGH; IS BURIED HERE

J. L. Sligh of Hermleigh died at his home Sunday, March 3. He was 73 years of age. Funeral services were held at the family residence on Monday, Rev. Bean, pastor of the Baptist Church at Hermleigh, officiating. Interment was made in the Snyder cemetery. Deceased is survived by his wife, four sons and two daughters.

Colorado Scene of Four-County Singers Meeting

Looking forward to a record attendance at the Four-County Singing Convention to be held in Colorado on Saturday and Sunday, March 9 and 10, Mitchell County singers in charge of arrangements for the meeting are going ahead with program and entertainment plans for the meeting.

Counties included in the convention are Mitchell, Scurry, Nolan and Fisher. Large delegations are expected to attend the meeting from these places. Last year's meeting was held here.

W. L. Doss, Sr., T. H. Westbrook, and other Colorado singers are in charge of arrangements, assisted by Judge Horace Holley, vice president of the organization and acting president, and J. W. Ely, secretary.

Several noted singers and quartettes have been invited to appear on the program of the convention.

CITY PURCHASES DUMP GROUND SITE

Mayor Towle and the City Council completed the purchase yesterday of the Ray McFarland farm of 120 acres that is located near the Snyder Fishing Club grounds.

The city will use part of the farm as a dump ground and will use the balance as an irrigating project which will handle the effluence of the disposal plants.

Congratulations are being heard on every side for the progressive acts of our City Fathers, who are ever looking forward to the best interests of Snyder.

STYLE SHOW TO BE HELD AT PALACE

Tomorrow night the Palace Theatre will present a style show of the newest things in spring wearing apparel in cooperation with the merchants of Snyder. Models for the respective stores have been chosen, and H. P. Springfield is in charge of the stage work.

The following business firms will be represented at the show: Cooper's Style Shop, Bryant-Link Co., Davis-Harpole Co., Economy Dry Goods Co., Caton-Dodson Dry Goods Co., Lloyd Dry Goods Co., Chambers & Rogers, Snyder Tailoring Co.

The following attractive ladies have been chosen as models: Mesdames A. H. Sams Jr., Tom Gates, Amos Joyce, Tate Lockhart, G. B. Clark Jr., Misses Vernelle Stimson, Floy Brownfield, Lucille Brown, Thora Cotten, Mildred Harless, Elaine Rosser, Mabel Isaacs, Lucille Carpenter; children's clothes models, Wynona Keller, Gene Taylor, George Smith, Evelyn Stell Harris, Frances Northcutt, and others.

GREEN HILL CHICK HATCHERY PUTS IN NEW INCUBATOR

The Green Hill Hatchery added the second unit of their electric incubator system this week that will now give them 32,000-egg capacity, with the arrival Tuesday of a Buckeye unit.

Mr. Green, known far and wide as "Chicken" Green, has built up one of the best poultry hatching businesses in West Texas and has been enjoying a remarkable run of business. Through advertising and producing the goods, baby chicks are going to all parts of not only this state but many others. Last year the Green Hill Hatchery shipped Chicks to eleven different states and so far this year has enjoyed a most unusual run, even with a late season.

The Green Hill Hatchery is a most important business in the city of Snyder, and the Times-Signal wants to join in a congratulatory word to the concern, its owners and boosters.

Thursday, Friday and Saturday

The Original **Rexall** **ONE CENT SALE**

Thursday, Friday and Saturday

WHAT IS A Rexall ONE-CENT SALE?

IT is a sale where you buy an item at the regular price, then another item of the same kind for one cent. As an illustration: The standard price of Klenzo Dental Creme is 50c, you buy one tube at this price and by paying 1 Cent more, or 51c, you get two tubes, and save 49c. Every United Drug Co. article in this sale is a high quality guaranteed product, just the same as is sold every day at the regular price. No limit—buy all you want, but on Thursday, Friday and Saturday only!

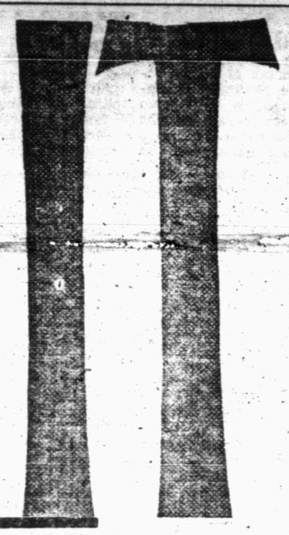

March 14, 15, 16

Warren Brothers

The Rexall Drug Store

A PROFIT-SHARING METHOD OF ADVERTISING

THIS sale has been developed by the United Drug Co. as an advertising plan. Rather than spend large sums of money in other ways to convince you of the merit of these goods, they are spending it on this sale in permitting us to sell you two full size packages of high quality merchandise for the price of one, plus one cent. It costs money to get new customers, but the sacrifice in profit is justified, because we know the goods will please you.

IT isn't how much but how often. A systematic saver, depositing smal sums regularly, will build up a very respectable account in a surprisingly short time. Semi-annual compounding of interest at the end of each year lends impetus to your efforts.

How to Raise Poultry

By Dr. L. D. LeGear, V.S., St. Louis, Mo.

Dr. LeGear is a graduate of the Ontario Veterinary College, 1892. Thirty-six years of veterinary practice on diseases of live stock and poultry. Eminent authority on poultry and stock raising. Nationally known poultry breeder. Noted author and lecturer.

ARTICLE XI

BLOOD WILL TELL

There Is No Best Breed of Chickens—Select Your Breed According to What You Want to Accomplish. Keep the Strain Pure and Breed Carefully to Strengthen the Natural Tendencies of Your Choice.

Editor's Note—This is another story in a series of 52 stories on poultry raising written by the well-known national poultry authority, Dr. L. D. LeGear, V. S., of St. Louis. The entire series will appear in this paper. Our readers are urged to read them carefully and clip them out for future reference.

In the first place, let me make this emphatic statement: **There is no best breed or variety of chicken.** In due respect to all, I make this statement. If you have a certain breed or variety, do not think they are the best, because they are not. There are good strains in all breeds and in all varieties of chickens. Choose the breed or variety that suits your fancy, and devote your energies to making them profitable. It is the strain or blood lines that really counts. Just because a chicken is a Plymouth Rock, a Leghorn, an Orpington or a Rhode Island Red is not what makes it a world beater. It is the breeding up of any flock to higher egg production that makes record producers. By trap nesting any breed or flock of hens, and using for breeders only those that are high producers, good size and chuck full of vigor, and are reasonably close to the standard requirements, you can in a few years build up a strain with blood lines behind them that makes them far superior to the ordinary flock of the same breed or variety with which such careful methods have not been used. In this way, or by line breeding, all strains of chickens originate.

"What breed shall I select?" is the question some one is always sure to ask whenever I make the foregoing statement. To that I can only make the classic reply, "It all depends." Then I counter with the question, "What do you want to accomplish?" There are three general classes, the meat class, the egg class and the general purpose class. The purpose of the first two named is perfectly plain and that of the third is almost equally so.

General purpose fowls are very often little inferior as layers to the so-called "egg class" and will often compare favorably with "meat class" fowls for table use. They make excellent broilers, fryers, roasters and capons and the old hens, if fat, will usually bring good prices. Perhaps the most popular general purpose breed is the Plymouth Rocks which may be had in several varieties. The Barred Plymouth Rocks are the most popular farm flock chicken in the corn belt sections of the Middle West, as well as in many other sections. They outlayed all other breeds and varieties of chickens in all the egg laying contests in the United States in 1927. Second only to the Plymouth Rocks, if even to them, are Rhode Island Reds. Wyandottes are still highly esteemed by many fanciers and justly so. Orpingtons of which there are several varieties are a very popular English breed. The eggs of this class are brown and usually of good size.

The egg-class is a particularly important one for commercial poultry raisers. The various egg-breeds are usually small in size and do not get broody often, so they can seldom be used for hatching or mothering chicks. As the name of this class indicates, however, they are specialists in the art of laying eggs. In addition to that, their eggs are white in color. This feature is desired in some markets, and such eggs frequently bring higher prices than brown eggs.

Exceedingly popular among the egg class breeds are the Leghorn, of which there are several varieties, the White Leghorn being the most popular. Having been bred almost exclusively for egg production, the Leghorn lives up to its nick-name, "The Egg Machine." Consequently, if egg production is the major requirement, you cannot well afford to overlook Leghorns. Other desirable egg class breeds are Minorcas, Anconas and others of the so-called Mediterranean breeds.

While the meat class is not so extensively raised as the others described, they are very desirable for many reasons. Although not such star performers as Leghorns or good general purpose breeds, they are usually fair layers and bring top prices for table use. The capons from these breeds are particularly fine. Some of the better known breeds in this class are Brahmas, Cochins and Langshans.

Now it must be understood that these classifications are not matters of hard and fast differentiation. Some egg class fowls are excellent for table use, and some meat class fowls are good layers. Conversely, some general purpose breeds are as good layers as some egg type breeds and as good for the table as some meat types. Nevertheless, these classifications are fairly accurate guides and will help considerably in selecting the breed best suited to your own requirements. Choose thoroughbred chickens that have been specifically developed for some definite purpose. That way lies the best chance for success and satisfaction.

Finally, let me emphasize, one breed or one variety of chickens is enough on one farm, and never cross breeds of chickens. If you wish to keep more than one breed or variety, keep them absolutely separate. Never let them run together, especially at breeding time. Cross bred or mongrel chickens do not pay. Nothing is worse than a conglomerated dukes mixture of all breeds, all varieties and all colors of chickens in one flock. They do not grow as fast or as large, nor lay as well as pure bred chickens.

WISE FARMERS PLAN HOW TO BEAT WEEVIL

The wise farmer is not going to trust to providence that some unseen thing will kill the cotton boll weevil and protect his cotton crop during the coming season, says the March 1 Oklahoma Farmer-Stockman.

Large numbers of weevils were present in the fields last fall and went into winter hibernation under the most favorable conditions. Abundant growth of weeds last summer and fall provided excellent hibernating quarters for the weevils.

The winter has been about normal. If normal temperatures continue we will have every reason to expect an unusually large number of over-wintering weevils.

The first step in the wise farmer's campaign should be the early preparation of his field so that the soil will be in a condition to stimulate rapid growth. He will also select an early-maturing high-quality cotton to plant.

Results of the work conducted in Oklahoma in 1928 show that considerable control was effected by the use of early maturing varieties of cotton. This is explained by the fact that early maturing varieties set their fruit quickly before the boll weevils become sufficiently numerous to cause serious injury.

The farmer who beats the boll weevil will keep the crop growing by frequent shallow cultivations, using care not to cultivate too close to the plants. He will also make adequate and timely preparation to make poison applications should they become necessary.

POLAR NEWS

Johnnie Hoyle and wife returned home from Snyder last week.

Ernest Ford and family have moved to Martin County.

Polar basketball teams with a number of boosters motored to Clairemont Friday to take their places with other county teams. Polar lost the games but as usual they still have their pep. That's where Polar wins. "If at first they don't succeed, they try, try again."

Clairemont played basketball in Polar last week and the leading players were Clairemont girls and [illegible]

C. W. Chauncey and wife of San Antonio were the guests of Mr. and Mrs. B. A. Moore last week.

Polar community is to have three new telephones soon. G. M. Elkins, Polar store, Ernest Peterson residence and Scott Stanfield residence will enjoy the new convenience.

Over seven hundred head of steers were dehorned on the E. W. Clark ranch last week. Among those from other ranches who helped were J. T. Simms, S. O. McFall, A. C. Elkins, W. G. Williams, and Roy Elkins.

Misses Iris Bullock spent last week-end visiting Mrs. Marvin Bailey in the A. G. Elkins home.

Walter Harris and family, who have been visiting relatives and friends in Arkansas since Christmas, returned home Sunday. Likely they can tell us some thrilling tales of Arkansas.

J. C. Moore and family of Snyder were guests of A. C. Elkins and family Sunday. We understand that other friends and relatives were their guests Sunday, too.

Mrs. Silas Weatherby was a guest in the Whatley home at Dermott Sunday afternoon.

Mrs. G. M. Elkins went to Snyder for medical treatment Sunday.

John Cargile, who works on the state highway in Scurry County, spent the week-end at home.

Miss Pauline Kelly, Polar primary teacher, spent last week-end at her home in Snyder.

Mr. and Mrs. Floyd Long of near Big Spring are visiting relatives and friends at Polar. P. W. Long will return home with them.

Sunday school and church were not so very well attended Sunday, but those present heard a very inspiring message from Bro. Williamson.

Mr. and Mrs. W. O. Christopher of Fluvanna were the guests of their daughter, Mrs. J. A. Martin, Sunday night.

The two youngest daughters of Mr. and Mrs. Weatherby were quite ill with the flu last week. We know of no other sickness at present.

We had a strange thing to happen in Polar Sunday. We saw a young man driving a car so fast the wheels could hardly touch the ground, just for pastime and fun. We wish our young folks could realize that "playing with a car is playing with fire." Especially when it risks their own lives and sometimes others.

F. A. M.

HOOVER PASSES UP SOUTH

One thing you must admire about President Hoover—he didn't appoint anyone from the South in the hope that he might hold the vote of the Southern states. Hoover is big enough to know that while the South may vote its prejudices it will continue to remain in the Democratic ranks.

Even jail has its bright side—the outside.

The commercial catch of oysters in Texas dropped from 114,729 barrels in 1910 to 78,993 ni 1927.

Trade at home until the year 1953, and the rest of the century will take care of itself.

RHEUMALAX RELIEVES HEUMATISM

LUMBAGO, a profounced form of rheumatism, can be relieved in 2 to 3 days with RHEUMALAX, as it reaches the cause and removes it sure and certain or costs you nothing. Sold and guaranteed by Stinson Drug Co. 7

McClaren Tires

These wonderful tires need no introduction. They are guaranteed by the manufacturers to give more miles of service at less cost per mile than any other tire manufactured, regardless of make.

The new McClaren Universal Autocrat Balloon is sold with a written guarantee covering the entire life of the tire against all defects in workmanship and material AND ALL ROAD HAZARDS, covering CUTS, BLOWOUTS, BRUISES, WHEELS OUT OF ALIGNMENT, UNDER INFLATION, ACCIDENTS and ANY OTHER ROAD HAZARD that may render the tire unfit for regular service.

Liberal guarantees are given on all sizes of truck casings covering the whole life of the tire.

These tires are made of the very highest quality Egyptian long staple cotton and pure gum rubber. McClaren challenges the world on the quality of their tires.

We have in our possession a McClaren truck tire that has seen more than 7 years of service and possibly run 75,000 miles that is still in good condition.

We sell McClaren Autocrats at practically the same price as other standard makes and will ALLOW YOU A LIBERAL TRADE IN on your old tires. They are PRACTICALLY PUNCTURE PROOF. 17,780; 25,861; 26,000; 28,000 and even 39,000 miles without a puncture are actual records. 52,357; 56,300; 59,400; 60,000 and 73,000 miles on the original tread without a blowout.

COME IN AND LET US SHOW YOU THIS WONDERFUL TIRE.

WEST TEXAS NEWS-PAPERMAN IN FRONT

A West Texas newspaper man is acclaimed as the writer of the outstanding newspaper story of the United States in 1928.

Editor and Publisher, the foremost journalistic publication, states in an article that fills almost an entire page:

"A young newspaper man in a West Texas oil town developed and 'put over' the greatest feature news story of 1928.

"Boyce House, of Eastland, Tex., is the man who started Rip, the Texas horned frog, on the road to fame.

"Just a few words as to House, the man who proved that big news may break anywhere.

"He was reared in Memphis and educated in the high school there, got his training on the Commercial Appeal. Before he was fully grown, he undertook to run a weekly paper in Arkansas, made a go of it, but in a couple of years his health broke down. He came to Southwest Texas expecting to die, but instead health and strength slowly returned. In 1921, he was able to return to work and came to Eastland as editor of the Daily Oil Belt News.

Readers of the paper were soon aware that he was a man with ideas and convictions, and with a command of tense and vigorous English. The big oil boom had ebbed and deflation had gripped the county. In the wake of the boom there was gambling, bootlegging, graft. The frail young editor was in the thick of the fight for better government and honesty in public life. He was threatened and attacked but stood his ground and did his full share in winning the fight. . . .

"One day in January, 1928, House was lounging in the district court clerk's office of the old courthouse which was soon to be torn down to make way for a modern structure.

"Ernest Wood, long a prominent figure in the life of the county, engaged in casual conversation with House and asked the question, 'Did you ever hear the tradition that a Texas horned frog can live a hundred years without food or water?'

"House had never heard the tradition but made a non-committal answer, sensing the fact that news story might be back of it.

"'Well,' continued Wood, 'that theory is going to be proved or disproved when they open the cornerstone of this courthouse. More than 30 years ago when the cornerstone was laid, I was the county clerk. I brought a horned frog to the scene that day. I was a member of the band which had a prominent and busy part in the program, and so I had no opportunity to place my frog in the cornerstone but it was safely deposited by other hands.'

"'While tugging at the wall was in progress,' said House, 'it suddenly occurred to me that to write articles about the possibility of keeping alive a spark of life within a chamber devoid of food and water for three decades was all very well but that when in the cold sunlight of this workaday world, that pretty theory was tested by the unsealing of the cornerstone, said frog—if not completely resolved back to dust, would at least be a withered King Tut mummy—and the hundreds of people present, a large percentage of whom knew me personally, were just waiting for that moment and then I would be in for a lot of razzing.

"'I had been in the edge of the crowd and so I unobtrusively departed. I crossed the street, climbed the stairway to the office of a friend, was just entering the door when I heard a voice from the window exclaim: 'There's a frog'; and the next moment, he continued, 'The d——d thing's alive!'"

How the scientists debated, the tourists rushed to Eastland and the newspapers printed countless columns is related, the statement being made: "It was declared that no individual—except Lindbergh—had ever received so much publicity within so brief a space of time as the Eastland frog."

CHURCH OF CHRIST

Sunday was a great day. The following services were engaged in: Bro. Brackeen was sent to Loyd Mountain, the Men's Bible Class at 9:45, the Bible School at the church at the same hour, preaching at 11, communion at 11:45, preaching at Fluvanna by Mr. Speck at 3:00, the young people's class at 6:30, and then preaching again at 7:30. All these services were well attended. We are busy and happy in the Lord's work.

Don't forget our class for men at the Palace Theatre each Sunday at 9:45. We are doing fine. We will have a Bible drill Sunday—be sure and come.

Our spring meeting is April 3rd to 15th. Remember, this is your meeting. Come and bring someone. The purpose of the meeting is to save souls. It will be just a sweet message of love—that's all.

Mr. Speck will preach Sunday morning on "Come, Let Us Reason Together, Sayeth the Lord," and the lesson will be "The Need of Early Training." Come!

Thanks!

J. W. ORPE IS DEAD

J. W. (Daddie) Orpe quietly passed away Friday at the home of Mr. and Mrs. H. R. Lewis and was buried at Hermleigh Saturday. He had been sick only a short while but being aged he was unable to withstand any serious illness.

"Daddie" Orpe was quite an unique character. Rather early in manhood he chose old solitary, as his companion, and has lived alone these many years. There are characteristics of his life which are worthy of emulation. He made it possible that no one would become responsible for him in any way. He paid his way as he went. What he did he did well. He spent his time in what he considered useful employment.—Herald.

ROBERT LAMONT COMPLETES PRES. HOOVER'S CABINET

WASHINGTON, March 2.—Robert Lamont, Chicago engineer, has been chosen as Secretary of Commerce in the Hoover cabinet. Selection of Lamont completes the president's cabinet.

Lamont was born in Detroit December 1, 1867. His home is at Lake Forest, Ill. An officer in several business concerns, Lamont served in the World War as chief of the procurement division of the ordinance department.

Other members of the new cabinet are: Secretary of State, Henry Stimson, New York; Secretary of Treasury, Andrew Mellon, Pennsylvania; Secretary of War, James Good, Iowa; Attorney General, William Mitchell, Minnesota; Postmaster General, Walter Brown, Ohio; Secretary of Navy, Charles Adams, Massachusetts; Secretary of Interior, Ray Wilbur, California; Secretary of Agriculture, Arthur Hyde, Missouri; Secretary of Labor, James Davis, Pennsylvania.

NEW J. C. PENNEY STORE MANAGER HERE

Mr. and Mrs. H. H. Thomas and son arrived in Snyder Sunday from East Las Vegas, N. M. Mr. Thomas will be the new manager of the J. C. Penney store soon to be opened in the Perkins building, north side of the square.

The Times-Signal wants to join in a hearty welcome to both Mr. and Mrs. Thomas and hopes their stay in Snyder may be long, successful and most pleasant. Mr. Thomas expressed himself in no uncertain tones when he said "Snyder looks awfully good to me, and I am happy to become a resident here with my family."

LIONS HOLD GOOD SESSION YESTERDAY

Chairman Wedgeworth said at the conclusion of the Lions Club meeting yesterday that it was one of the most "smell" sessions ever held. With forty-two present and a number of good talks, the hour was spent very advantageously.

Dr. W. R. White of Lubbock, who is conducting the revival at the Baptist Church, a finished after-dinner talker, hit the nail on the head with a thought: "Crazy folks don't have sense enough to co-operate." That mouthful is a whole story in itself. E. L. Carnett, who is with Dr. White in the revival here, sang a splendid solo and made a number of remarks. H. H. Thomas, a new member of the club and a new resident, who is here to manage the J. C. Penney Company store, brought the sort of a talk to the members that indicated in a splendid manner the type of citizen that he will make Snyder. Thomas is a live-wire, a civic worker and booster, and every West Texas town needs more men of his type. Welcome to him.

Henry J. Brice in a most flowery and eloquent manner discovered some one with a most tangible smell of perfume on him seated at the front table. Mr. Brice asked Lion Tamer Roy Strayhorn and "Polk" Smith to investigate, and after a short deliberation, the perfume was discovered on Supt. Wedgeworth. Getting deeper into the story we ascertained from Lee Stinson that the perfume was originally imported into Scurry County from Luling (Texas) by the well-known red-head, Judge Harris, who has been falling down on his weekly attendance at the Lions Club.

The Reds had 16 present, while the Blues had 20—and from here it looks as if the Reds will furnish the turkey, while they eat bean soup when the membership drive is over.

The Reflections of a Young Married Woman

are not pleasant if she is delicate, run-down, or overworked. She feels "played-out." Her smiles and good spirits have taken flight. It worries her husband as well as herself.

One husband writes:—"My wife was down in bed two years. We tried several doctors and lots of different remedies—spent a great deal of money but she did not seem to improve until I purchased a bottle each of Dr. Pierce's Favorite Prescription and 'Golden Medical Discovery.' The doctors said she must be operated on but I told her we had use Dr. Pierce's medicines in the family for 35 or 40 years and they had never failed. So she commenced taking them and after three months was able to be up and is now doing her housework. We think Dr. Pierce's are the best on earth."—E. T. Broxson, Route 5, Box 25a, Kaufman, Texas. All druggists. Fluid or tablets.

PLAN TO BEGIN FLYING SCHOOL HERE

F. R. King and W. L. Mitchell of the Big Spring Aviation Company were Snyder visitors yesterday, coming here in a new "Monoprep" training plane. On account of the near dedication of "Yoder Field," interest has been shown here for a training school, and Messrs. King and Mitchell were here to interview interested people.

Any Snyder or Scurry County young or old man or woman desiring to take a full training course in flying a ship will please get in touch with the Times-Signal at once. The Big Spring men already have a training school there, and they are planning on adding similar schools at Colorado, Lamesa and here.

A house owned by Wellington Taylor on the west side was entirely consumed by fire Tuesday midnight.

Palace Theatre
PROGRAM For WEEK

Friday, March 8th
"ANYBODY SEEN KELLY?"
Featuring Bessie Love and Tom Moore. Comedy,
"Mickey's Athletes"

FILE REPORTS ON ELECTION EXPENSE

WASHINGTON, Feb. 28.—Expenditures of $9,433,604 on behalf of the Republican ticket in the last national campaign and of $7,152,511 for the Democratic ticket—including in both instances national and state expenses—were reported today by the Senate campaign funds investigating committee.

MRS. PHEBE K. WARNER NOW IN NEW ROLE

Prebe K. Warner of Claude, known all over the state and loved wherever she is known, has been appointed chairman of rural co-operation by the National Federation of Women's Clubs. To tie up the 6,000,000 farm women of the country with Federation work is a gigantic task, but if anyone in America has enough enthusiasm and energy to go round, it is Texas' own Phebe Warner.

SOON TO VOTE ON ANOTHER CONSOLIDATION

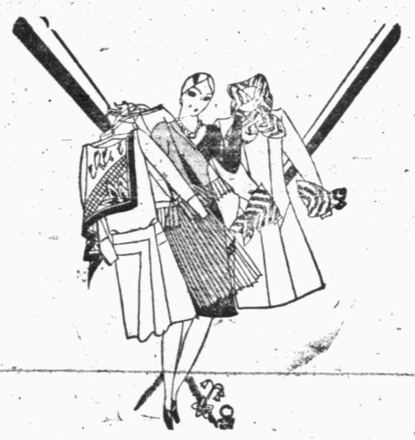

An election to vote on the consolidation of the Gannaway school with the Hermleigh school has been ordered, and the announcement of the date will be made later.

98 DRY CLEANERS

This is Nation-wide CHALLENGER WEEK

Wide Choice of Colors at no Extra Cost

$695 AND UP ... At Factory

Coach, $695; 2-Pass. Coupe, $695; Phaeton, $695; Coupe (*with rumble seat*), $725; Standard Sedan, $795; Town Sedan, $850; Roadster, $850; Convertible Coupe, $895.

Standard Equipment Includes 4 hydraulic shock absorbers—electric gas and oil gauge—radiator shutters—saddle lamps—windshield wiper—rear view mirror—electric lock—controls on steering wheel—starter on dash—all bright parts chromium-plated

Everywhere in every way
ESSEX *the Challenger* is put to the proof
. . . under official newspaper observers

In Fast Getaway—no car is excepted.
In Speed—anything the road offers up to 70 miles an hour.
In Hill Climbing—the hardest hills in this community—and in America.
In Reliability—60 miles an hour all day.
In Economy—better than 20 miles to the gallon.

IN THIS CITY under official newspaper observation, Essex the Challenger will demonstrate its right to challenge the best that motordom offers. It is dramatic revelation of an all round quality Six—big, fast, roomy, powerful—now available at the lowest price for which Essex ever sold and but little more than the cost of the smallest, lightest and lowest-priced cars on the market.

As you see it out-perform cars costing far more, remember that exactly the same performance ability, quality, economy and riding ease are characteristic in the Essex the Challenger which you buy.

And in Value—compare it part for part in every quality particular of appearance, finish, comfort and easy riding to those costly cars in which you pay the higher price for those very things.

THE SNYDER GARAGE

FORGED . . . *but* We Paid the Loss

Although the Farm & Home Savings & Loan Association of Missouri had never suffered through flaw in title, they considered our title insurance as essential as fire insurance and required it with every loan.

Two years ago a business man of previous high standing in a Texas community, forged a deed on property belonging to someone else and was granted a mortgage loan by the building loan company.

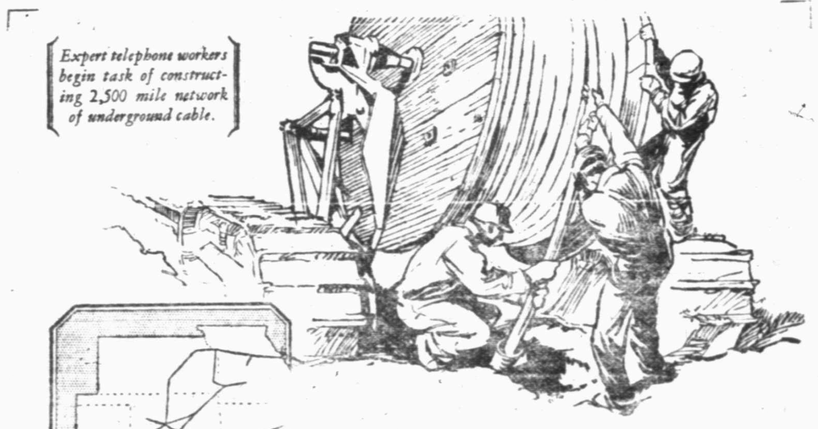

Our check for $44,823.82 saved the Missouri association a serious loss.

Whenever you lend on bond and mortgage, a New York Title policy is always your best policy.

NEW YORK TITLE AND MORTGAGE COMPANY
Capital Funds over $60,000,000

SECURED AT THE SOURCE OF NEW YORK

a 45 million dollar Subway for your voice

UNDERGROUND—beneath fields and valleys, across mountains, under rivers—will go the wires of a new long distance telephone system, built to serve the Southwest.

Twenty-five hundred miles in length, costing 45 million dollars, the new system will consist of underground telephone cable—a "subway" for your voice—safe, fast, modern.

Safe from Interruption

Its purpose: To provide enough circuits to care for growing long distance traffic—to insure that these circuits will rarely be interrupted by storms, fires, floods.

Heretofore, most long distance lines have been constructed *overhead* and interruptions of service from such causes have been emergencies to be feared.

Completed, the system will mean long distance service more dependable than ever before.

It will be fast. Some cables contain more than 300 circuits—as many wires as ten heavy pole lines carry.

It will be safe—from wind storms, from sleet, from fire.

"Repeaters" Boost Voice Waves

It will be dependable. At 50-mile intervals "repeater" stations as large as the ordinary exchange building will be erected. Here the voice current will pass through powerful vacuum tubes, going on its way with renewed strength.

Further, by acting as a trunk line for long-haul traffic, the cable will release hundreds of miles of long distance pole lines. These will be free to handle traffic over shorter distances, between smaller towns.

Here, indeed, is a project that provides a modern rapid-transit system for your voice!

THE TOWN DOCTOR SAYS

(THE DOCTOR OF TOWNS)

MANY TOWNS ARE SO CLOSE TO THE PICTURE THAT THEY CAN'T SEE THE FRAME

The town that cannot be improved upon just isn't! Yet in every community there are "acres of diamonds" that have never been mined.

Mr. Newcomb Carlton, president of the Western Union Telegraph Company, says: "The advantages of a community for both business and residence are often lost sight of by its natives. The very obviousness dulls their perception by becoming CONTEMPTUOUSLY FAMILIAR."

It is only natural that to that with which we are most familiar we pay the least attention. A stranger notices the growth of a child more so than do its parents; candy is no treat to a confectionery store clerk, and a rose in your own front yard is much more attractive to the man on the next block. The grass on the other side of the fence always looks the greenest; the other fellow's business appears to be a "snap"; some other town offers greater possibilities as long as you stand so close to the picture of your town, your community ro your neighborhood that you cannot see the fullness thereof.

"Contemptuous familiarity" works both ways, and therefore we have sickly cities, callous communities, tired towns, haggard hamlets, and hundreds of vanishing villages, the citizens of which go on about their daily tasks apparently totally unaware of their condition.

The old saying that "There's a little bit of bad in the best of us and a little bit of good in the worst of us" applies to towns and communities as well as to individuals.

What is GOOD about the community where you live; What is BAD? What is there that INVITES? What REPELS?

No town can be all good or all bad, therefore, RECOGNIZE that which is good and capitalize on it—recognize that which is bad, and personally do something to eliminate it!

Don't think that what YOU do won't make any differents for it will! Everybody doing something gets things done; sitting back "letting George do it" never gets ANYTHING done. Your town is your business. Whatever you are—whatever you do—it's GOOD busniess on your part to do every little thing you can to make your town and community a better place in which to live, work, play and make money. It's POOR business to become oblivious to anything that invites business or repels it.

YOU can't make money unless your neighbor does; you can't get an increase in pay unless the firm does more business; the firm can't do more business unless the community grows—progresses with the times—and prospers. The community can do none of these things efficiently when "contemptuously familiar" with its advantages and disadvantages.

This Town Doctor Article, one of a series of 52, is published by the Scurry County Times-Signal in cooperation with the Snyder Lions Club.

Note: These articles are written by The Town Doctor, without prejudice or malice and are impersonal. They treat each subject as applied in general—not to a particular town. Opinions favorable or otherwise on subjects covered are solicited and may be addressed to the paper in which these articles appear, or to The Town Doctor, Suite 350, McCormick Building, Chicago, Illinois.

COMMUNITY PROJECTS

COMMUNITY SERVICE OF MANY KINDS

We are starting this week a series of articles dealing with various kinds of community service. These are used by permission of Anna Steese Richardson, director of the Good Citizenship Bureau of the Woman's Home Companion. The following story describes

Motor Service for Child Welfare

The Child Welfare Motor Service sponsored by the Lincoln, Nebraska, Women's Club was organized for the purpose of entertaining the three hundred and fifty children in the orphan asylums and Orthopedic Hospital. Fifty women under the direction of a chairman volunteered to take these children every Saturday afternoon to picture shows, drives, picnics, outings, or any form of recreation to relieve the stagnation and monotony of institutional life. Practically every day the chairman receives a call from the owner of a candy shop, ice cream parlor or a theatre, asking the privilege of entertaining children through hte Child Welfare Motor Service.

At Christmas time toys, dolls, radio sets and candy are distributed in response to letters written to Santa Claus, every letter being checked and answered by this group of women so that every wish is fulfiled.

The same careful attention is given to the dependents at the Old Folks' Home and the County Poor Farm. Entertainers are taken to them when they are too feeble to drive to town.

Out of this service has developed the Big Sister Movement. Many an unfortunate child now enjoys a day in a family group with her Big Sister.

The Red Cross Nurses' Association uses the service to transport patients to the hospitals or for hydrotherapy treatments when the patient cannot afford an ambulance or a taxi. Material for bandages, dressings, gowns, and so forth, to be made for the Red Cross is taken to women who will make them up at home. The Motor Service often assists in the last solemn rites when the poor mother, father or child has passed away, and the family cannot afford a car for the funeral.

Another constructive service is supplying clothes for school children whose toes peek through their shoes or whose elbows stick out of their sweaters. The teacher reports that the family is too proud to appeal to the charity organization. The Child Welfare Motor Service knows of good cast-off clothing hanging in closets or shoes worth mending. The child is then properly clad. During the past school year three hundred and seventy-eight good articles of wearing apparel were collected and distributed in this way. Johnnie sat in school with his mind on his lessons instead of worrying about his torn shoes or sweater.

The organization functions without expense to the city. All gifts and subscriptions are used for the direct benefit of those who need help. A tabulated list of members is in the hands of the chairman who feels at liberty to call on the members day or night. No member ever refuses without a valid reason. The Child Welfare Motor Service has done much for women of the leisure class, has harnessed wasted energy, and his filled their lives with something worthwhile.

MRS. EUGENE LEVY,
1437 So. 23rd St.,
Lincoln, Nebraska.

PEDESTRIAN'S PRAYER IS ANSWERED AT LAST

Pedestrians, accustomed to taking their chances at street crossings, will rejoice in a new type of control for traffic lights invented by Charles Adler Jr., a signal engineer of Baltimore. In addition to allowing cross traffic to interrupt main traffic of its own volition, the new system will enable foot travelers to obtain the right of way by merely pushing a button.

Approaching a much-traveled main artery, the motorist in the cross-street finds himself stopped at the street intersection by a red signal light. He halts his car near a horn-like contrivance on a pole at the curb and honks his autohorn.

Immediately a sensitive microphone inside the sound collector on the pole picks up the noise, converts it into an electrical impulse, transmits it by wire to a control box, and the latter operates the mechanism which changes the lights.

The first thing that happens is the appearance of an amber light. This informs the motorist that his signal has registered. A moment later he gets his green light, simultaneously a red light appears on the main thoroughfare, and the cross-street car secures the right of way.

After an interval, the lights change back from red to green.

There is also provision for push-buttons on the poles, so that pedestrians can operate the system and obtain the right of way for themselves when desirous of crossing main artery traffic.

PROGRAM COMMITTEE MEETS HERE SUNDAY

Mr. and Mrs. George Hill of Winters, Mr. and Mrs. Eddie Warren, Post; Mr. and Mrs. L. M. Watson and Mr. and Mrs. Herschel Colbert of Sweetwater were Snyder visitors Sunday. The men were here to plan preliminary arrangements for the fourth annual convention of the West Texas Press Association at Sweetwater July 11 and 12.

UNDERGOES OPERATION

Miss Lucille McCaleb, daughter of Mr. and Mrs. Bob McCaleb of this city, underwent an operation for appendicitis last Tuesday at the Baptist Sanitarium in Abilene. Miss McCaleb is a student at Simmons University in that city. She is reported to be doing very nicely, and her mother, who has been with her since the operation, returned home Sunday.

CONVENTION NOTES

(Continued from Page 1)

It was a pleasure to hear B. Regan of Big Spring offer the motion to seat Dr. P. C. Coleman, the "Grand Old Man of West Texas," in the place on the Texas Tech Board. The motion received a 100 per cent endorsement, for tell us of a more outstanding citizen in West Texas today than the gentleman from Mitchell County, Dr. P. C. Coleman, presiding officer of the meeting here! We hope Governor Dan Moody receives the minutes of the Snyder meeting and that he acts promptly in placing Dr. Coleman where Thompson of Amarillo formerly presided.

Homer L. Massey, old Scurry County booster now secretary of the livewire Chamber of Commerce at Hamlin, was present and expressed in no small terms his appreciation at being here.

Editor Max P. Bentley of Abilene, the best editor of any daily newspaper that circulates in West Texas, was present and expressed also his joy of being here. The Abilene Reporter-News is the official daily of West Texas, and it was indeed an honor to Snyder to have Friend Max here as our guest. He's just a 100 per cent gentleman, all wool and better than a yard wide, and is ever welcome to the city of Snyder.

Grady Shipp, secretary of the Vernon Chamber of Commerce, also graced the banquet board and as the official background of Andy Bourland contributed nobly to the meeting.

Publicity Manager E. H. Whitehead, who is presumed never to miss a WTCC meeting, district or otherwise, was confined to his home with an ulcerated tooth and a loose kneecap to his right limb. Condolences were wired him following the meeting.

B. M. Whiteker, agricultural manager of the WTCC whose home town is Haskell, was one of the welcome visitors at the meeting. His well known activities in the things that mean more for the farmer took him into many consultations and conferences during the day's proceedings.

The resolutions committee "resoluted" plenty, and among other things commended Senator Woodward on the bill fixing priority rights, with bouquets to the Oil and Gas Bureau and W. B. Hamilton; to President Andy Bourland for his unstinted efforts he has given his active administration; to the 41st Legislature for their boost along educational lines; to Homer D. Wade and Staff; to the daily and weekly newspapers; to the El Paso convention, and to the City of Snyder for the quality of their hospitality and for the courtesies extended during the day.

Rep. Wed Reid of Austin, formerly editor of the Colorado Record, told in a telegram to the meeting what he thought of things in general and added plenty of spice to the proceedings with his clever and well written day telegram. Wed Reid is sold on West Texas. We need more fellows like him at Austin who have the courage of their convictions and with "GUTS"—spelled with capital letters, and Friend Wed has 'em. Best luck to him. He's a regular guy along with our own Representative, Dr. W. R. Johnson, who has proven his worth 100 per cent. Reid and Johnson make a perfect pair of aces.

Col. R. L. Penick and his agricultural committee held a conference during the afternoon and passed a resolution asking for $20,000 a year for a period of two years to be given to Texas Tech and Texas A. & M. for extension work in poultry and hog diseases.

When the bunch visited the Baby Beef exhibit and saw the wonderful products that Scurry County is shipping to the Fat Stock Show, words were used a-plenty on what this section is doing. The loving cup donated by Warren Bros. went to Martin Murphy of Hermleigh. Prize winners in the Lions Club contest were: First, Borden Gray; second, J. T. Beavers; third, Grady Wallace.

The prizes offered by J. J. Koonsman went to Martin Murphy, first and second; Doyle Blakely, third; Crowley Gardner, fifth. Fourth prize went to John Henry Trussell and was given by Hugh Taylor.

County Agent W. O. Logan, who was known to most of the out-of-town visitors present owing to his ten years of service in the better work of A. & M., received an ovation when he introduced the prize winner, Martin Murphy of Hermleigh, with Borden Gray, a close follower of Murphy. Logan has been a Scurry County resident and active county agent for only four months, but go anywhere in the county and ask what they think of him. The reply is: "Logan is one of the best agricultural men that has ever been in West Texas."

C. H. Clark, Nolan County Agent, and W. S. Foster, Mitchell County Agent, were judges of the contest, and both expressed their personal thoughts that "the 26 calves entered gave plenty of competition," and that losers should not feel sorry, for the entries were noteworthy for their quality.

Folks, take your hats off to Harrie Winston. When it comes to doing something that is right for Scurry County, that is right for its citizenship and means something big for the county, count on Harrie, for he will be there 24 hours out of the 24, for he is interested in livestock morning, noon and night and will help any deserving kid that is sold on a baby beef, or any other livestock project. Scurry County is lucky to have fellows like Harrie and Wade Winston as all-time residents. Both of these men have helped build West Texas to the livestock center that it now enjoys.

During the time that the folks spent at the baby beef exhibit at the Robinson barns, there was something tangible that was breezing in the air, and to put it in mild terms, it was this: "Scurry County should follow the lead of Plainview and have a County Fair Grounds and buildings that would be truly indicative of what is in the true Scurry County booster heart. A place that a county fair could be held that would be a monument to the better interests of the county and where real exhibitions could be held."

Scurry County needs this as much today as any other worthy project that has been put before the taxpayers of the county. Over a year ago Joe Merritt boosted a county fair ground through the columns of the Times-Signal. What Joe started received a wonderful impetus Tuesday, and let us all join in a wholesome endeavor to put across a County Fair Ground project. Wolf Park is lying idle and is the most advantageous spot for the fair grounds, so let us get right and start early on a real constructive program of livestock and kindred development. But before this happens, the active minds of Scurry County must become attuned to the spirit of progress and activity that is in the air.

"LILAC TIME" HAS BIG EMOTIONAL ROLE FOR COLLEEN MOORE

Acclaimed everywhere as one of the greatest film epics ever produced, "Lilac Time," First National's Colleen Moore-George Fitzmaurice special production, based on the stage play by Jane Cowl and Jane Murfin, has been booked for a featured run at the Palace Theatre Wednesday and Thursday, March 13 and 14.

"Lilac Time" is by all odds a great special and the most pretentious in which Colleen Moore has appeared to date. Already known as the screen's foremost comedienne, her role in this production establishes her on the topmost pinnacle as a dramatic actress. The tenderness, pathos and realism of her charcaterization of the little French girl makes "Lilac Time" one of the most discussed pictures of the year, and the Palace is indeed fortunate in obtaining such an early booking.

The adaptation was made by Willis Goldbeck. Carey Wilson, who scenarized the screen version, not only included the many stirring episodes that made the stage play one of the greatest in history, but elaborated on parts for filming that could only be vaguely suggested in the spoken drama.

George Fitzmaurice's direction of this colorful love story is said to be the best of his long areer.

Other supporting cast of "Lilac Time" includes Gary Cooper, hero of "Beau Sabreur," "The Legion of the Condemned" and other big produtions; Burr McIntosh, George Cooper, Cleve Moore, Kathryn McGuire, Eugenie Besserer, Emile Chautard, Jack Stone and many others.

"Lilac Time" was produced by John McCormick for First National Pictures.

SNYDER LAUNDRY SHOWS THE DIRT—AND HOW

Sam Larue gave a remarkable demonstration at the Snyder Laundry when he showed beyond the shadow of a doubt that "laundry-washed" clothes far surpassed any work done by any washing machine.

Mr. Larue had one of his customers to have the week's washing done in a laundry machine, following which the bundle was brought to his place of business. Using water that is softened for all their washing, Mr. Larue stuck a generous bundle into a large tub, swashing it up and down several times, and would you believe it, the water was practically black from what had come out of the clothes. The large number who attended the demonstration were loud in their praise of the demonstration and expressed themselves forcibly as favoring the modern laundry method of having the washing done. Mr. and Mrs. Larue have built up a fine reputation here for the fine and clean work they give the citizenship of Snyder. There isn't a better equipped laundry in all West Texas than what we have right here in Snyder.

AUTO LICENSES CUT IN HALF BY NEW BILL

Automobile license on a Ford coupe will be reduced to $7.66 and on a Ford sedan to $8.66 under the schedule of rates placed in the auto registration bill passed by the house of representatives. The bill makes approximate reduction of fifty per cent generally in the registration fees now effective.

The fee will be based on weight, omitting the horse power rating. Up to 2,000 pounds the charge on passenger cars will be 28 cents a hundred; from there to 3,500 pounds, 36 cents a hundred; from there to 4,500 pounds, 48 cents a hundred and above that 56 cents a hundred pounds.

THANKS TO OUR FRIENDS

The Ira girls basketball team was organized last November, and since that time we have earnestly worked to accomplish something worthwhile. We feel that all of our efforts have been gloriously rewarded. Royal, indeed, have we been treated in the past three weeks. We, therefore, take this opportunity to extend our sincere and heartful thanks to the many people who have supported, encouraged and respected our team.

We wish to thank the second team girls, the pep squad, and all other members of the Ira school who have helped us in any way. We wish to thank you, patrons of the Ira community, for never failing us. We acknowledge a debt of gratitude to you for your generosity and encouragement throughout the season. Without you our success would have been impossible. We also wish to thank each team with whom we have played this year for your good sportsmanship and sweet attitude toward us. We shall never forget your words of encouragement from the sideline during the tournament.

Especially do we wish to express our appreciation to the citizenship of Snyder, the home economics girls of Snyder High School, the Palace Theatre, Mr. "Jimmie" Smith, Mr. C. Wedgeworth, Mr. A. A. Bullock and every member of the Lions Club of Snyder for the kindness shown us during and after the tournament.

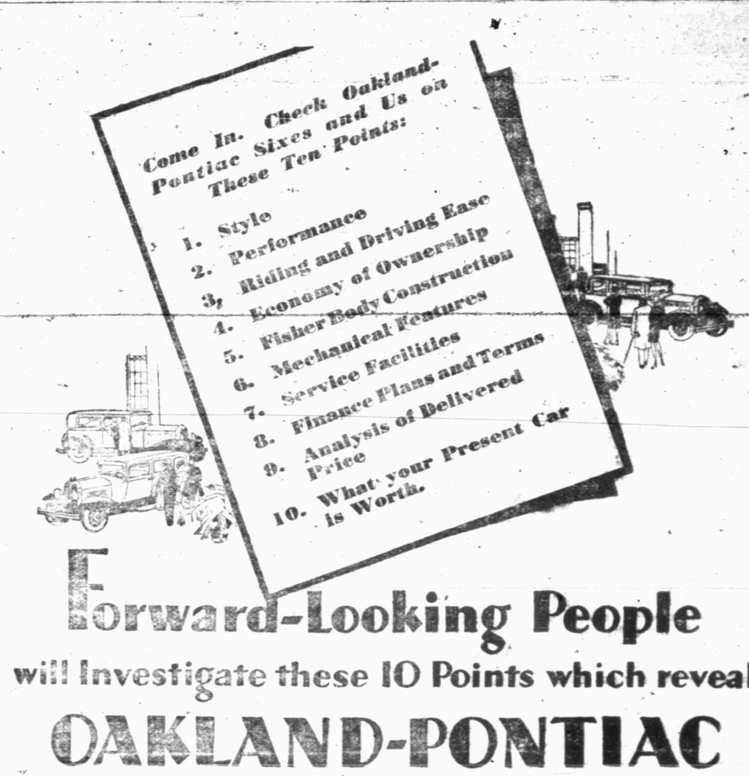

It was the Lions Club that brought about the climax of our honors when they received us as their honored guest at a most delightful banquet given in the Manhattan motel last Wednesday, Feb. 27. On this occasion we enjoyed a splendid musical program, a sumptuous feast, and interesting talks in which we were very highly complimented. We shall never forget any of the things which were said, and we only hope that we will be able to merit them.

For every act of kindness and helpfulness, for every word of congratulations and praise, we are thankful.

Estelle King, Coach,
Capt. Hazel Holladay,
And Team.

Ira Burroughs, Dermott, who recently won a subscription contest states that the value of his prizes amounted to $3,150 instead of $3,500 as stated by the Times-Signal last week. Not so bad at that!

Hiram Johnson says he is one senator who hasn't his eye on the Presidency. Hiram's too busy keeping his eye on the President.

Forward-Looking People

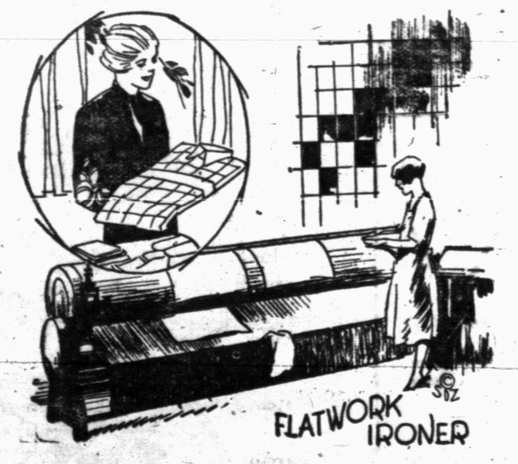

will Investigate these 10 Points which reveal

OAKLAND-PONTIAC Superiority

All over the United States, forward-looking people are being invited to investigate the New Oakland All-American Six, the New Pontiac Big Six and Oakland-Pontiac dealers on *ten points* vital to complete motoring satisfaction. Come in and learn how Oakland-Pontiac ownership assures complete motoring satisfaction!

The New Oakland All-American Six, $1145 to $1375. The New Pontiac Big Six, $745 to $895, f. o. b. Pontiac, Mich., plus delivery charges. Check Oakland-Pontiac delivered prices—they include lowest handling charges. General Motors Time Payment Plan available at minimum rate.

STIMSON CAMP GROUNDS

There's Satisfaction In Clothes Well Laundered

AND the only way of getting the best laundering is to have it sent to our modern steam laundry, where the most scientific methods are employed in washing and most modern of machinery handles the fabrics, gently and yet thoroughly.

You'll save money and your disposition by letting the laundry do what your mother used to do herself.

MRS. THOS. H. LEE'S DIARY
(Nee Lizzie Lee Watkins)

Oct. 31, 1908. Hallowe'en night. Eight of us girls dressed in masks and were at Mr. and Mrs. Judge Buchanan's to await the arrival of the young men escorts. After the young men came we went to the home of Mrs. Beebe's and had a very enjoyable time. Those present were: Misses Justice (Nannie and Jewell), Lucile Kelsey, Bessie Buchanan, Lizzie Watkins, Daisy Brady, Ethel Berch, Baker, and Messrs. Harkrider, Nelson Dunn, C. C. Wilson, W. W. Hamilton, Joe Boyd and Jack Gamble.

Nov. 1. Miss Sherman Robennette from Tennessee came in today. She will teach at Dermott.

Nov. 2. Monte Byron, the leader and director of "Triss Co." phoned and said we would play Triss in Gail Saturday.

Mrs. Orchard and Mr. Housley and I went to visit Dr. and Mrs. Johnson. They have not been in Snyder very long. They have two children.

Went horseback riding today with Evelyn Johnson.

Nov. 3. Travis Day and Charles Harless are enjoying election day here in Snyder.

Nov. 3. Mrs. Pete Ingle is visiting Mrs. Spoonemore and Mama today.

Gladys Watkins is out at Adelle Harless ranch home six miles east of town.

Nov. 4. Mrs. Eubank and daughter, Miss Lizzie Eubank, were seriously hurt today. Their old pet horse ran away with them. Mrs. Eubank died a few moments after the accident, and Miss Lizzie had a broken arm.

Mr. and Mrs. W. A. Watkins went out to their small stock farm eight miles west of town.

Nov. 8. Mr. and Mrs. Lee Roy Johnson's home burned tonight.

Nov. 9. Am teaching in Miss Ida Kelly's room while she is off at the sanitarium undergoing an operation for appendicitis.

Nov. 11. Mr. Wilson, Mr. Hamilton and Mr. Dunn were callers at the new oil well built by W. A. Fuller and sons.

Nov. 14. Mr. and Mrs. Ernest Grimes came to room and board with us. Mr. Ernest is the son of Mr. Grimes who owns all the west land adjoining Snyder.

Nov. 17. Born to Mr. and Mrs. Palmer, a son. That makes the sixth son in the Palmer family.

Nov. 18. W. A. Watkins and Billie German went to Double Mountains to hunt.

Nov. 19. The ladies quartette (Misses Faught, Kelly, Cooley and Watkins) sang at recital at Bucklin's studio.

Nov. 25. Miss Daisy Brady, Miss Dota Garoote, Miss Bessie Buchanan and I boarded the R. S. & P. at 4:30 for Merkel, where the Teachers' Institute was being held. Prof. Hudgins is chairman of the institute. Miss Ina Davis, Miss Emma Barksdale, Miss Dunkin Browning, Miss Virginia Macky and many others were in our bunch from Snyder. (Arthur Browning's home was our home while we were in Merkel.) Arthur Browning had charge of Higginbotham Bros. & Co. furniture during the sale.

Dean Wellborn was in the institute at Merkel.

Nov. 28. Big rain in county. Everything muddy.

Dec. 1. Mr. George Gable and Mr. Will Mann came from Post.

Dec. 2. We moved frino Thompson Hotel to the Maxwell Hotel.

Dec. 6. Bro. Hall of Waco, T. C. U., preached here today.

Mr. and Mrs. Cunningham from Fluvanna were our guests for dinner. They are on their way to the eastern markets.

Mr. and Mrs. Nebbet and Mr. Ainsworth from Fluvanna were in Snyder today.

William Wilks of Post is a guest in the home of his uncle.

Uncle Tom Stephens of Post is our guest this week-end.

Mr. Gentry and Mrs. Jones were visiting in Snyder from Hermleigh.

Dec. 9. Miss Dean Wellborn and Miss Ethel Brazzell are in Colorado City. Miss Dean's mother was in to see us today.

Dec. 9. Porter Thorp and wife, Bobbye Boykin Thorp were drowned today near Sweetwater.

SAFETY OF AIRPLANES IS MARVEL OF SCIENCE

Wichita is shocked by an accident of the air. This city, the Air Capital, has been practically free from serious aviation accidents since it became the center of the great new industry of transportation.

In fact the airplane today offers the safest method of rapid travel. During 1927 there was only one fatality for every 500,000 flying miles in the United States.

During the same period in this country there was one road fatality for each 125 miles of highway.

Automobile accidents, of course, are not caused by defective mechanism. They are caused by the defective mentality of their drivers. You may be the best, the most careful motorist in the world and you still are at the mercy of the maniac who tears thru the country-side at break-neck speed, violating every rule of traffic and every consideration of common decency.

Neither are airplane accidents any longer blamed on defective mechanism. It is the human element that must be held responsible. There is this to be said in favor of flying. There is no limit to the space of the airplanes. The danger of collision is remote. Speed in the air is in the interest of safety rather than otherwise.

Any simple minded individual with the price of a used car and a state license tag can drive an automobile. He may be crazy as a loon and as vicious as a dog with the rabies, yet he is permitted to run at large with a powerful motor vehicle, a deadly menace to life and limb.

Not so with the air pilot. He must be thoroly schooled. He must pass a rigid examination. If he is not capable he doesn't fly, that's all.

Accidents will happen. We are thankful that they have been so rare in connection with the development of the aviation industry in Wichita.—Wichita Beacon.

WETT, Wash., March 4.—Hearing that certain of the Democrats had blamed the Republican administration with the short crop of Michigan potatoes, "Limp" A. Long, a Wett citizen, declared today that the administration would have to answer for his rheumatism.

Back up your holler with your dollar!

THOMPSON WILL QUIT BOARD OF TEXAS TECH

Col. Ernest Thompson of Amarillo has announced that he would resign from the board of trustees of Texas Technological College because he disagreed with Gov. Dan Moody's action in vetoing the Small river bed land bill. Mr. Thompson was appointed to the post by the Governor.

"I find it impossible to agree with your action in the veto of the bill, and therefore can not be in accord and feel that I should resign when I am no longer able to support you in your action," Colonel Thompson's letter of resignation said.

OH, Minn., March 6.—Coach A. Long, president of Oh University, announces that hereafter permission will be given to teach literary and education subjects at Old Oh U., along with the more fundamentally inspired courses in college athletics. Modern educators frown upon the proposal, it is said, but say they are willing that the experiment be tried out for at least one semester.

BUBBLE, Wash., March 5.—Figures made public today show that during the hectic fiscal year just recently closed Bubble led all other cities in the United States in the building of aircastles.

GAS MADE HER CROSS, CAN'T EAT OR SLEEP

"When I ate I would bloat up with gas. I couldn't sleep, was cross and nervous. Adlerika has given me real relief."—Mrs. M. Meyer.

Adlerika relieves stomach gas and sourness in TEN minutes. Acting on BOTH upper and lower bowel, it removes old waste matter you never thought was in your system. Let Adlerika give your stomach and bowels a REAL cleansing and see how much better you feel. It will surprise you! Warren Bros., Druggists. 5

Insanity: A modernized legal plea whereby, if you use it to clear yourself of a petty offense you go to jail; and if you plead it to acquaint yourself of murder, you get a movie contract.

As a means of identification, Oxford students' automobiles must display green lights. It's different in America. You can tell a student's car when it carries green intellectual lights.

costs more
and
worth it

The New Mobiloil costs 35c a quart. It is made especially for today's high-speed driving conditions

This New Mobiloil now awaits you at any Mobiloil dealer's for 35c a quart. Surprising savings in oil and gasoline consumption together with better engine performance make this *new* lubricant the most economical oil you can buy today.

MAKE THIS TEST

Drive to the nearest Mobiloil dealer . . . have him drain all the old oil from your crankcase and . . . fill it up with the correct grade of the New Mobiloil. You know from experience how your engine ran the last time fresh oil was put in the crankcase . . . *Now*—notice the difference!

Look for these results—

Increased Oil Mileage: Often 100 extra miles per quart from the New Mobiloil.

Increased Gasoline Mileage: Many tests show gasoline consumption reduced as much as 16%.

Faster Pick-Up—More Power: Quicker getaway, more "pep" on the road, less labor on the hills.

Smoother Operation: A quieter motor, a velvety smoothness of acceleration, less vibration when speeding.

The new Mobiloil

35c a quart

The dealer who sells a quart of the New Mobiloil for less than 35c (except Mobiloil "E" the chatterproof oil for Model T Fords, at 30c) is not making his fair reasonable profit. Lower prices often accompany substitution.

VACUUM OIL COMPANY
Specialists in the manufacture of high-grade lubricating oils for all types of machinery.
Dallas Branch, Main & Lamar Sts.

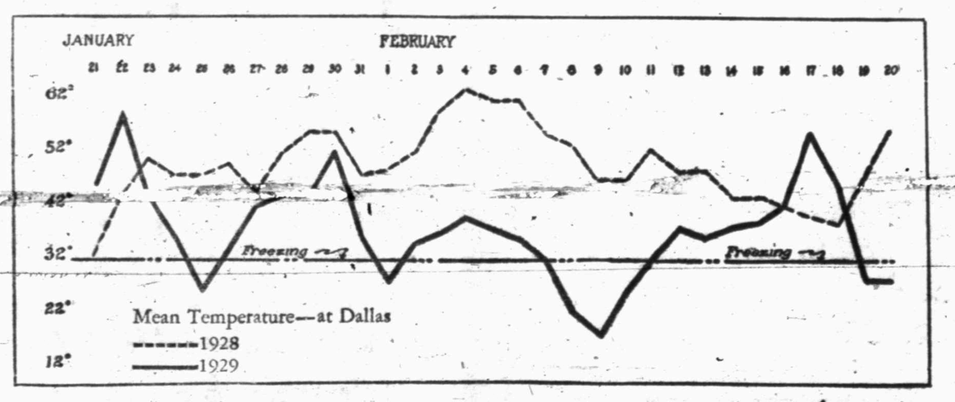

You Knew it was COLD

—but did you know just how many days were colder than the same period last year?

THE WEATHER is the most universal topic of conversation. But few people really know anything about it. Feelings are so deceiving! If it's hot, most people say, "P-h-e-w! this is the *hottest* weather I ever saw!"—if it's cold, they jump just as far the other way and say, "B-r-r-r! This is the *coldest* weather I ever saw!" They're probably wrong both times. It's so hard to remember what the temperature actually was at any given time. But those of you who said right along, "This is the coldest February we've had for years," were correct! The mean temperature for the 31 day period from January 21 to February 20 was the lowest in fifteen years! There were more cold, disagreeable days in this climate than during any similar period for all that time. Here are the comparative figures for this year and last year, based on mean temperatures at Dallas, a more or less central point in Lone Star territory:

Month	Day	1929	1928	Higher	Lower
January	21	46	33	13	
	22	60	44	16	
	23	44	51		7
	24	36	48		12
	25	26	45		19
	26	34	50		16
	27	42	45		3
	28	44	52		8
	29	44	56		12
	30	52	56		4
	31	36	48		12
February	1	28	49		21
	2	35	52		17
	3	37	60		23
	4	40	64		24
	5	38	62		24
	6	36	62		26
	7	32	56		24
	8	22	54		32
	9	26	47		21
	10	26	47		21
	11	32	53		21
	12	38	49		11
	13	36	49		13
	14	38	44		6
	15	39	44		5
	16	42	42	0	0
	17	56	40	16	
	18	46	39	7	
	19	28	48		20
	20	28	56		28
Mean:		37.4	49.9	13.00	16.96

You will note that 26 days in the 31 day period had a lower mean temperature this year than last year, the average being 16.96 degrees lower. In one stretch, from February 1 to 14, inclusive, the mean temperature was an average of 21 degrees lower this year than last. Eight days this year show freezing, 32 degrees, or below freezing, as a mean average temperature, against *no* freezing mean temperatures for a like period last year. Such a long period of cold, disagreeable weather, with much sleet, ice and cold rain, means that gas heaters were worked considerably over time! All who could stay inside did, day and night. This meant larger gas consumption. Naturally gas bills for this period will be somewhat higher than for the same period last year—and compared with the preceding 31 day period this season. Twenty-five days in the 31 day period from January 21 to February 20 showed lower mean temperatures than the period from December 21 to January 20; an average of 13.64 degrees lower! When you compare gas bills, compare these temperature figures. And, be thankful with us that Lone Star Gas Service was able to come through this unprecedented weather as efficiently as it did!

...PIPED FROM THE WELLS TO YOUR CITY

Tires for the new Ford are specially made to give long wear

WHEN the new Ford was designed, it was immediately apparent that a new tire would have to be made to match the car's performance. It was literally a new problem, for here was a car with quicker acceleration, greater speed and more braking efficiency than any car of similar size or weight.

So that every Ford owner might be assured of maximum tire mileage at the lowest cost, the Ford Motor Company devoted many months to research and experiment in conjunction with the leading tire manufacturers.

As a result, certain definite specifications were developed for tires for the new Ford. These specify cords of certain strength and texture, a large volume of tread and side-wall rubber, sturdy non-skid design, and reinforced plies for protection against bruise breaks—all the strong features of construction formerly considered for only the largest tires.

Great care also was taken to secure the best riding qualities in connection with the transverse springs and the Houdaille shock absorbers.

Though the Ford tires are designated as 30 x 4.50, they have the resiliency and air space of much larger tires because of the drop center rim of the steel-spoke wheels.

For best results, the tires on the new Ford should be kept inflated to an air pressure of 35 pounds and checked regularly to insure this pressure all the time. This is important. Low inflation breaks down the side-walls of a tire. By causing overheating, it also destroys the rubber that acts as an insulation, with consequent separation of the cord.

At the end of each 5000 miles, when you have the front wheels packed with grease, it is a good plan to have the wheel alignment checked. This will prevent premature wear.

When punctures come, as they will with any tire, you will find the Ford dealer particularly well-equipped to make repairs quickly and at small cost. See him, too, for replacements. Then you will be sure of getting tires built specially for the Ford car according to definite Ford specifications.

BRYANT-LINK COMPANY

IN SOCIETY

CLUB ENJOYS BIRTHDAY PENNY PARTY

The Business and Professional Women's Club met Tuesday evening at the Presbyterian Church at 6:30 with about thirty members present. Mrs. J. M. Claunch, Mrs. W. R. Merrill and Mrs. Wade were hostesses. A birthday party was observed by the club, and each member brought pennies representing their ages.

The new members initiated into the club were Mrs. Thos. H. Lee, Mrs. Gus McClinton, Mrs. Moore, Mrs. J. M. Patterson and Miss Ima Binnion. During the business meeting the subject of marking the streets of Snyder was again discussed.

Flowers and emblems for the four different seasons of the year were employed by the hostesses in appointments for four tables.

After the dilicious meal was served, the following entertaining program was enjoyed: A reading by Miss Elaine Rosser; a song by Miss Georgia Bolin; and a reading by Mrs. R. E. Gray.

Guests were Mrs. James Daugherty of Corpus Christi, Mrs. Bert King of Stamford, Miss Elaine Rosser and Miss Eloise Scott.

GAY AFFAIRS HELD AT THE THRANE HOME

Adding an interesting date to last week's social calendar was the bridge luncheon and forty-two parties given in the handsome home of Mrs. O. P. Thrane, with Mrs. Thrane, Mrs. J. M. Harris, Mrs. E. J. Anderson and Mrs. C. H. Cooper entertaining two different groups of friends last Thursday with two distinct affairs.

Pink and green were the colors favored in table appointments for the spring party, and cut flowers in the same shades decked the rooms.

After an hour spent in bridge games, Miss Mildred Coleman of Colorado and Mrs. Ivan Dodson were presented with high score awards. Colonial Lady perfume bottles in the center of roses were given as table scores.

Crepe paper roses in crystal vases centered the tables which were laid with green tarlton with pink flowers on them over pink table covers.

This color theme was given emphasis in the luncheon daintily served in three courses to Mesdames W. D. Beggs, Hugh Boren, Wayne Boren, P. M. Chambers, A. H. Sams Jr., G. B. Clark Jr., R. H. Curnutte Sr., R. H. Curnutte Jr., Mrs. Ivan Dodson, A. D. Erwin, Tom Gates, G. A. Hagan, Garrett Harrell, Amos Joyce, W. B. Lee, Albert Norred, George Oldham, Henry Rosenberg, W. H. Ritzenthaler, Forest Sears, Wraymond Sims, J. E. Sentell, W. C. Shull, Dixie Smith, Fritz Smith, George Smith, L. O. Smith, Ernest Taylor, H. G. Towle, A. J. Towle, W. W. Wlisford, R. S. Snow and Misses Elaine Rosser, Cecile Strayhorn, Neoma Strayhorn, Larry Beth Waskom, Martha Gray, Eloise Scott and the following out-of-town guests: Mesdames Herd, Morrell, Ollie Weakley, J. N. Power, D. C. Williams, Sermons, William Kirkpatrick, Walter Roy of Post and Mesdames Robert Scott, J. H. Scott, Greene and Misses Mildred Coleman and Martha Earnest of Colorado.

FORTY-TWO PARTY

The pink and green color motif was carried out in the score pads and tallies in the forty-two party Thursday afternoon. The color theme was again expressed in the delicious refreshments served in two courses by the hostesses as the concluding event of a pleasurable afternoon. The hostesses were assisted in entertaining by Mrs. Fritz R. Smith and Mrs. George Webb.

Those enjoying this affair were Mesdames Roland Bell, Melvin Blackard, Lewis Blackard, H. J. Brice, H. P. Brown, S. J. Casstevens, P. C. Chenault, A. J. Cody, Dora Cunningham, E. M. Deakins, J. N. Dunn, J. C. Ezell, C. E. Fish, Ralph Hicks, John Keller, T. L. Lollar, W. C. Miller, George Northcutt, Watt Scott, Walter Scott, C. F. Sentell, Guy Stoker, A. L. Stoker, Roy Strayhorn, L. E. Trigg, E. E. Wallace, W. G. Williams, R. L. Gray, Wade Winston, C. Wedgeworth, B. M. West, George Webb, C. J. Yoder and Misses Hattie Herm, Gertrude Herm and Elizabeth Smith.

TWENTIETH CENTURY MEETS WITH MRS. WARREN

The Twentieth Century Club met Tuesday afternoon with Mrs. Allen Warren as hostess.

Mrs. Wraymond Sims was leader of the program for the afternoon, and the subject of the program was "Prints and Facts by Texas Artists." Mrs. H. M. Blackard, Mrs. P. C. Chenault, Mrs. J. Nelson Dunn, Mrs. Earl Fish, Mrs. O. S. Williamson and Mrs. Gustine of Colorado City took parts on the program, and Mrs. W. W. Smith gave a vocal solo.

A lovely refreshment plate was served to club members and the following guests: Mrs. Rhea McFarland, Mrs. Dale Warren, Mrs. E. C. Neeley and Mrs. Gustine of Colorado, who is a foster mother of one of the poets studied by the club. Mrs. Gustine was a guest of Mrs. Bill Miller.

SAMS—CHAMBERS

The many friends of Miss Gwendolyn Chambers and A. H. Sams Jr. will be agreeably surprised to learn of their marriage which took place December 15 at Colorado with Rev. W. Hinds, pastor of the Methodist Church there, officiating. Mr. and Mrs. Robert H. Curnutte Jr. were present at the wedding ceremony.

The bride is the beautiful daughter of Mr. and Mrs. P. M. Chambers. She was graduated from Snyder High School last spring.

The groom is the son of Mr. and Mrs. A. H. Sams Sr. of Benjamin. He was a former court reporter here. Mr. Sams started his duties as court reporter in Pecos Monday.

Mrs. Sams will join her husband in Pecos in about three weeks.

The many friends of this popular young couple extend their best wishes for a full measure of happiness and prosperity.

ALTRURIAN CLUB MEETS WITH MRS. WHITMORE

The Altrurian Club met last Friday morning at the home of Mrs. J. T. Whitmore. A short business session was held after which a program on "Texas Independenee Day" was given.

The "Independence Day" color theme was favored by Mrs. Whitmore in decorations and also in the lovely refreshment plate served to sixteen club members.

UNION HOME DEMONSTRATION CLUB MEETS

The Union Home Demonstration Club met March 1 at the home of Mrs. Coonrod. Miss Davis and seven club members were present. After attending to the business of the club, Miss Davis gave a demonstration on Foundation Garments. Our hostess then served refrsehments to the club. All the ladies of the community are cordially invited to attend our next regular meeting at the Methodist Church March 15.

MRS. J. L. CARRELL,
Reporter.

PARTIES GIVEN IN THE HOME OF MRS. W. T. RAYBON

Mrs. J. J. Taylor, Mrs. W. T. Raybon and Mrs. W. R. Patton were hostesses with a bridge luncheon Wednesday at the home of Mrs. Raybon. St. Patrick emblems decked the tables for whoih green carnations centered the tables.

Bridge was the diversion following the two-course meal. Those present were Mesdames Howard McDonald, R. H. McCurdy, Wayne Boren, Albert Norred, Forest Sears, Henry Rosenberg, A. D. Erwin, P. M. Chambers, Ernest Taylor, Dixie Smith, H. G. Towle, Fritz R. Smith, J. M. Harris, E. J. Anderson, T. L. Lollar, A. J. Towle, George Oldham, Ivan Dodson, R. H. Curnutte, W. D. Beggs, Clyde Shull, O. P. Thrane, O. O. Harris, G. B. Clark Jr., Hugh Boren, W. N. Wilson and E. E. Swindale of Lubbock.

At four o'clock Wednesday afternoon the same hostesses entertained with a forty-two party. At tea time a two-course luncheon, accompanied by St. Patrick favors, was passed to Mesdames H. W. Landrum, Nelson Dunn, J. C. Dorward, P. C. Chenault, C. E. Ferguson, Tom Boren, H. E. Rosser, Joe Strayhorn, A. V. McAdoo, Wade Winston, Charles Noble, W. C. Miller, A. J. Cody, C. F. Sentell, W. J. Ely, Carl Yoder, Will Williams, George Northcutt, H. J. Brice, W. R. Bell, E. M. Deakins, Walla D. Fish and Mrs. E. E. Swindale of Lubbock.

Wednesday evening a different group of friends were entertained by Mesdames J. J. Taylor, W. T. Raybon and W. R. Patton with a forty-two party. Delicious refreshments were passed to Messrs. and Mesdames E. E. Wallace, Earl Fish, W. R. Bell, Bub Blackard, W. H. Ritzenthaler, R. H. McCurdy and Mrs. W. M. Scott, Mrs. Gertie Smith, Mrs. E. E. Swindale, Mrs. Mary Waskom, Misses Martha Gray and Eloise Scott, Messrs. J. J. Taylor, W. R. Patton, Errol Taylor, Max Brownfield and J. D. Scott.

GIRL'S 4-H CLUB ORGANIZED AT GANNAWAY

A girl's 4-H Club was organized at the Gannaway school near Hermleigh February 25 by Miss Jessie Lee Davis. In this meeting the nature and benefits of the club work were discussed, and the following officers were elected: Ella Mae Davis, president; Lovena Whitehead, vice president; Ovella Gannaway, secretary; Willie Mary Cox, yell and song leader. Mrs. E. R. Jones was chosen as local leader. The girls are first year members except two, Lovena and Nadine Whitehead, second year members.

We are very proud to have a club, and we are going to try to do our best to have a good club. The members of the club are: Thelma Gurdivant, Sallie Pettitt, Willie Mary Cox, Nadine Whitehead, Ovella Gannaway, Ella Mae Davis, Maurine Whitehead, Pauline Morton Lovena Whitehead. Our first meeting will be held Friday, March 8.

REPORTER.

ART TEA TO BE GIVEN AT HIGH SCHOOL MARCH 14

The Parent Teachers Association will sponsor an Art-Tea to be given at the high school auditorium on Thursday, March 14.

The reproductions are of the finest type produced, showing the original color as well as the brush strokes of the original canvasses of the artists of both Europe and America. A small charge for admission is being made, the entire amount going to the grammar school library fund.

The hours for calling are from 2:30 until 5:30. The clubs to call from 2:30 until 3:30 are the Twentieth Century, County Federation, Parent Teachers Association and Altrurian. From 3:30 until 4:30 the Thursday Night Bridge Club, Alpha Study Club, San Souci and the Yo San Clubs will call, and from 4:30 until 5:30 the Musical Coterie, Sine Cura, Mothers Self Culture, El Felis and Business Women's Clubs will call. The day of Friday, March 15th, is designated for the school children.

All patrons of the school not included in the above list may select the hour most suited to them for calling, as it is impossible to list everyone.

Knocking on wood or against your town won't bring you any good luck.

LAMESA SHERIFF IS BURIED SATURDAY

Funeral services were held at Lamesa Saturday afternoon for Joe L. Ray, sheriff of Dawson County, who died Friday after a short illness of influenza. Burial was made in the Lamesa cemetery.

Rev. Ross A. Smith, pastor of the First Baptist Church, conducted the services, and Owen C. Taylor, county and district clerk, occdasted the song services.

County and district officials served as pall bearers, they being County Judge Dixie Kilgore, County Attorney E. L. Price and Commissioners C. M. Burton, H. L. Hohn, L. Berry and W. E. Bartlett.

Business houses of the city suspended during the services, large numbers of local citizens being joined by peace officers and other friends of the deceased at the funeral.

Ray is survived by his wife and one daughter, Bettie Jo, aged 8. Mrs. Ray has been appointed as sheriff succeeding her husband by the county commissioners.

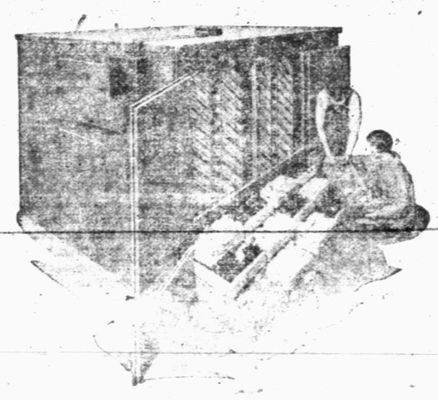

CLEAN UP

The women's organizations of the city are co-operating with the city council in their annual clean-up campaign. We are anxious to make Snyder clean and, beautiful.

Committees of women have been assigned to different parts of the town to assist with clean-up. Please co-operate with them. Snyder is having many visitors, and we would like for them to be impressed with our cleanliness.

SNYDER, March 7.—The old practice of borrowing the neighbor's newspaper has stopped in Snyder. Repeated attempts to borrow the Scurry County Times-Signal have met with failure. This has not been due to any attitude of discourtesy on the part of neighbors, but for the very good reason that they have been busy reading it themselves.

The Cleanest Up-to-Date Hatchery in the West

THE VERDICT FAVORS

"A Well Furnished Home"

YOU'RE the judge and the jury. The case being tried is "A Well Furnished Home" versus "A Poorly Furnished Home." The counsel for the former summing up his case: "Remember, Your Honor and Gentlemen of the Jury, that a home well furnished bespeaks good judgment and progressiveness on the part of its owner. The man who furnishes his home in a makeshift fashion invites the members of his family to spend their time elsewhere. A Home should be a place to live, a place of beauty, comfort, joy and contentment."

What's the verdict?

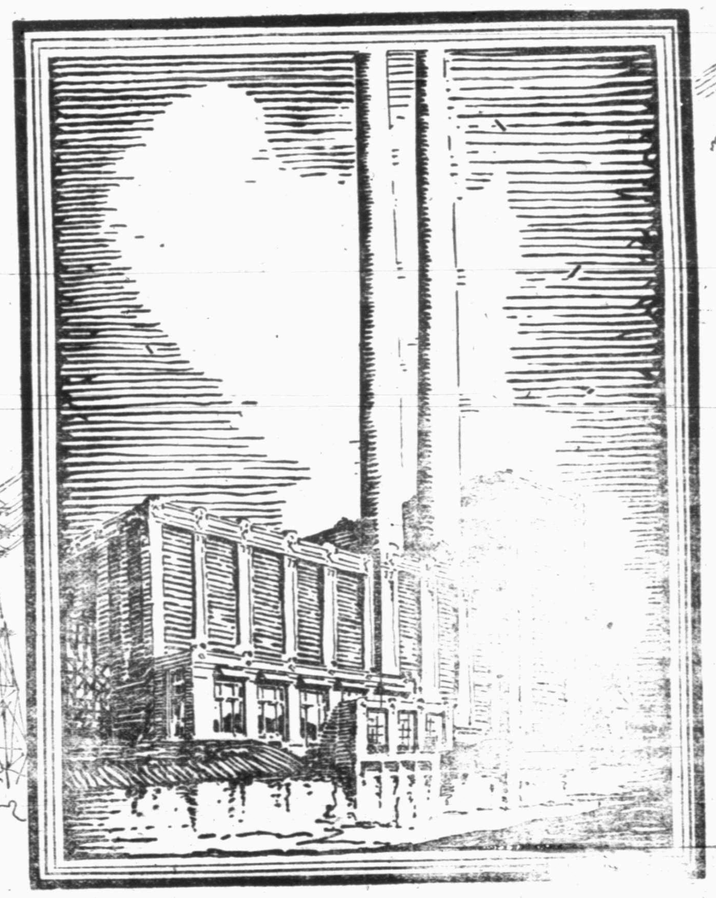

Visit Our Store, Select Your Needs!

A. E. DUFF

Yesterday

the small isolated power plant was fairly capable of serving the simple needs for electric service. The uses of electricity were few. It had not then assumed the importance in daily life which it now holds.

To day

the isolated power plant is not capable of meeting the modern demand for electric service. Great generating stations produce electric power which is transmitted over high tension power lines for many miles, thus making possible metropolitan electric service in the smallest towns.

the PURPOSE of the Texas Electric Service Company *as a Texas Institution*

TEXANS LET'S TALK TEXAS

While Texas produces almost 50% of the Pecans grown in the United States, you will find Pecans from many other sections on sale in Texas stores which do not feature Texas pecans. It is possible to produce much new wealth in Texas by proper marketing of Pecans.

The Texas Electric Service Company was established several years ago for the purpose of rendering electric service to Texas cities and towns.

It was evident, even then, that isolated power plants would not be able to supply the rapidly multiplying needs of Texas people for electric service.

After long study and experiment the engineers of the Texas Electric Service Company, together with other leading electrical engineers throughout the world, found that electric energy could be transmitted over high tension power lines for great distances from large generating stations, thus making possible a metropolitan type of electric service for smaller communities.

From that day until this it has been the purpose of this Company to render an electric service adequate to the needs of Texas people, in order that any user in any community served could at any time of the day or night, press an electric button and receive instant, dependable electric service at a reasonable cost.

Revolutionary changes have been made in the methods of generating and distributing electric power. Changes are rapid, so rapid, even now, that equipment which is the last word today will be obsolete tomorrow. Electric service has become so inseparably a part of our daily life that it would be impossible for us to move through a day without its aid. The tremendous burden of responsibility which is thus thrown upon the Texas Electric Service Company is borne with true American efficiency.

Through all the changes within its own industry, through poor years and good, through prosperity and depression, into this present era of stabilized and sound development, the Texas Electric Service Company has held unswervingly to its great purpose. As a result those Texas cities and towns served by this Company have unrivalled electric service.

The Silent Partner of Progress

CITATION FOR PROBATE OF WILL

THE STATE OF TEXAS,
To the Sheriff or any Constable of Scurry County, Greeting:

You are hereby commanded to cause to be published, once a week, for ten days, exclusive of the first day of publication, before the return day hereof, in some newspaper of general circulation published in said county, and which has been continuously and regularly published in said county for a period of not less than one year; the following notice:

THE STATE OF TEXAS,
To all persons interested in the estate of O. L. Jones, deceased:

Mrs. Effie Jones has filed in the county court of said Scurry County, an application for the probate of the last will and testament of said O. L. Jones, deceased, filed with said application, and for letters testamentary of the estate of said O. L. Jones, deceased, which will be heard at the next term of said court commencing on the second Monday in March, A. D. 1929, the same being the 11th day of March, at the court house thereof in the city of Snyder, at which time all persons interested in said estate may appear and contest said [illegible] should they desire to do so.

Herein Fail Not, but have you before said court on the said first day of the next term thereof, this writ with your return thereon showing how you have executed the same.

Given under my hand and the seal of said court at office in Snyder, Texas, this 26th day of February, A. D. 1929.

(Seal) MABEL Y. GERMAN, Clerk, County Court, Scurry County, Texas.

DICK McCARTY TAKES LAY-OFF FROM DUTIES

Col. Dick McCarty, editor of the Albany News, and perhaps the most unique and unusual newspaper man in America, has announced the leasing of his plant to Tom Durham of Merkel. No newspaper that operates can compare in any way with the sheet that Colonel McCarty produces, and with his unequaled ability at rolling the king's English into the darndest arrangements conceivable, Texas newspaper men will regret the fifteen months vacation he intends spending in California. But wherever he goes, Col. McCarty has the best wishes of his many friends.

Tom Durham, the new editor, is very widely known, having formerly owned the Merkel Mail. Col. Dick knows the newspaper is in good hands with Tommy Durham on the job.

—o—

Easter Sunday this year falls on March 31.

Spent Half His Life Suffering; Weak, Nervous

"Money couldn't buy the good the Sargon treatment did me. It overcame troubles I have suffered practically half my life. Ever since I was a boy I have been weak and nervous and frail. I was a constant sufferer from indigestion and constipation and I was greatly underweight. Nervousness made my sleep fitful and broken and in the morning I was always tired and not fit for study.

MACK SPRINKLE

"I had to live on cereals, milk and soups and even that would disagree with me and my life was miserable with gas bloating and pains. Sometimes I would go days without any appetite and then, at times, I would be ravenous with hunger. Nothing I took did me any good.

"I certainly wish I had been able to get the Sargon treatment long ago because I am just like a new man now. I noticed an improvement the first week. Now, I eat three big meals a day. I've stopped that light diet and eat anything I want but it don't hurt me in the least. Nothing disagrees with me now and I am gaining strength every day. I sleep fine, get up in the morning feeling good and I've already gained six pounds and I have only taken two bottles of Sargon.

"Sargon Soft Mass Pills are wonderful, too. My bowels became regular the first week after I began taking them and their action is so mild and natural that you are not sick or upset in the least."

The above statement was recently made by Mack Sprinkle, 827 East 8th St., Oklahoma City, a law student at the Capital City School of Law.

Sargon may be obtained in Snyder at Warren Bros. 38-1tc

The Devil's Sink Hole is a cavern in Edwards County. From the edge of the entrance there is a sheer drop of more than 200 feet.

Fluvanna News Notes

Mr. Jas. H. Tate (V. P.) is the authorized correspondent for Fluvanna, and as such is authorized to receive renewal and new subscriptions. Cooperate with him in building a fine weekly news column for this thriving town.

Church Services

There were preaching services at three different churches here last Sunday. At the Fluvanna Baptist morning and evening, at the Methodist 3 p. m. hours, and at the Christian church at 3 p. m. The attendance at all of these services was fairly good in view of the fact that there is some sickness in the community. The sermons were all very earnest and helpful.

Next Sunday regular services will be held at the Presbyterian church.

The Epworth League of this place went to Dunn last Sunday afternoon where it met with the Scurry County Union League, the Fluvanna League putting on the program.

The Scurry County zone meeting of the Woman's Missionary Society of the Methodist Church met at the Methodist Church last Thursday. All present enjoyed the day which was very profitable. We had the pleasure of hearing the report on our mission conference which met at Nashville, Tenn., with special stress on Stanley Jones, given by Mrs. D. P. Yoder of Snyder.

Discussion on duties of officers, led by Mrs. W. W. Smith of Snyder.

Mrs. P. G. Dabney, Mrs. Joe W. Lisman of Sweetwater, Mrs. J. G. Smith of Colorado gave reports from social service meeting just held in Dallas.

We had interesting reports from the following auxiliaries:

Dunn, Mrs. H. M. Murphy.
Hermleigh, Mrs. M. H. Hudson.
Snyder, Mrs. W. B. Lemons.
Fluvanna, Mrs. F. Mathis.

Mrs. Robert Withers, district secretary, urged all auxiliaries to observe the ruling to make good reports.

Mrs. J. G. Merritt, conference social service offcier, gave us the objectives for the year in a very forceful manner.

Mrs. D. P. Yoder sang "There is no Night There."

There was a gloom over the meeting as we gathered, for word came of the passing away of our Brother Lawlis of Snyder. Prayer was had in behalf of the family by Pastor J. R. Williamson. Brother Riley of Dunn led the devotion in the morning. Brother Hudson of Hermleigh led the afternoon devotion.

J. R. W.

After some misgivings about the matter, it develops that we actually have several cases of whooping cough in the community. This, of course, is interfering to some extent with school work, but more especially with Sunday school and church attendance.

We understand that Waldon and Mrs. Wills have two right sick small children.

E. O. Wedgeworth, superintendent of our school, was taken suddenly quite ill Monday night and was taken to Snyder Tuesday evening for careful treatment. At this writing we do not know the nature of the trouble.

Mrs. R. P. Daniels, residing west of Fluvanna, has been quite ill for about a month. The illness started with a case of flu. Sunday night she beeame the mother of a new baby girl. Mother and child are said to be doing very well.

Mrs. Joe Taylor was taken violently ill the latter part of last week, suffering with a profuse hemorrhage of the lungs.

One day last week Hoy and D. G. Hamilton, young boys residing some fifteen miles west of Fluvanna, thinking of having a bit of fun by firing some powder spilt on the ground, sustained painful but not serious burns on the face.

Visits and Trips

Horace Landrum and family of Snyder visited relatives here last Sunday.

Emmett Boren and family of Lamesa visited relatives here last Sunday.

Leonard Daugherty and wife, Gay McGlaun, wife and mother-in-law, Mrs. Jones; Abe Rogers and family; Prof. Edgar Smith and family and Mr. and Mrs. Taylor, all of Snyder, came up last Sunday afternoon for the services at the Christian Church.

E. Lawley and family, including two charming daughters—one of them a teacher—of near Big Spring, came over Saturday for a visit with the John Buchanan family and while here paid a very pleasant call in V. P.'s home.

Prof. Springfield, orchestra director of Snyder, spent the week-end in the Bos Stavely home.

Jake Ross and family, formerly of this place but now of Roscoe, visited relatives here last Sunday.

Tom Craft and wife, accompanied by Miss Agnes Craft, all of Southland, visited the John Stavely family here last Sunday.

C. D. and Mrs. Cribbs, Mrs. Lanham, J. E. Jones, J. A. J. Jones and son, Ed, and V. P. all went down to Snyder Tuesday where we attended the distric tmeeting of the West Texas Chamber of Commerce. Jimmie Smith will no doubt tell you the rest.

Business Affairs

The well at Justiceburg, just north of Fluvanna, which has been in course of drilling for some time and which shut down last Saturday under the impression that it was a dry hole, has proved to be a paying producer. When the workmen returned to the well Sunday morning with the intention of plugging it, it was found to be standing about 900 feet in oil of high quality. Sunday afternoon the well was shot and for the time "bridged," but Monday morning it was flowing over the top. The report here is that it will make 100 barrels per day. This development further proves what many have believed for a long time, that there is oil in paying quantity and quality in this locality.

J. H. Wicker shipped a car of stock cattle to Sweetwater Monday.

D. A. Jones is completing a commodious residence here in Fluvanna. The house was moved in from a farm place recently purchased by Mr. Jones, and is being worked over so as to make it a very neat and comfortable home.

Perhaps this is business to, inasmuch as it represents an investment. Anyway, we understand that Bos Stavely has just treated his wife to a nice new piano.

Jack Williams, formerly of this community but now of Tahoka, spent the week-end here, mainly, perhaps, on business; as we understand that he may become the blacksmith in the Cumby shop.

The Inauguration

Of course everybody knows about the recent presidential inauguration. But as this was in many respects an epochal event, I shall have a word to say about it. The inauguration truly was a great event in the history of this great nation in spite of the continuous rain of the day in Washington. Some sixty thousand people from every state in the union is enough of itself to make the occasion a great event in whatever place it may be. But that which, if not the most important, was certainly the latest, the most complete and most remarkable event to date, is the fact that the whole day's proceedings were heralded to the whole world by the most extensive and efficient radio hook-up ever undertaken in any country. Just think of it! Here in V. P.'s quiet cottage home, so far away from Washington, we heard the proceedings, step by step, as announced from the White House, the Treasury Building, the Capitol, the Peace Memorial, the Senate Chamber and from airplanes soaring over the city at an altitude of some 1500 feet—with scarcely a break. The reports came in quite clearly, and we heard it all, even the bands on the street, the starting of automobiles and the tramp of horses' feet on the pavements.

Auht Teesie says it is better to die boosting than to live rusting.

for Economical Transportation
CHEVROLET

now-
Six Cylinder Trucks
with the economy of the four!

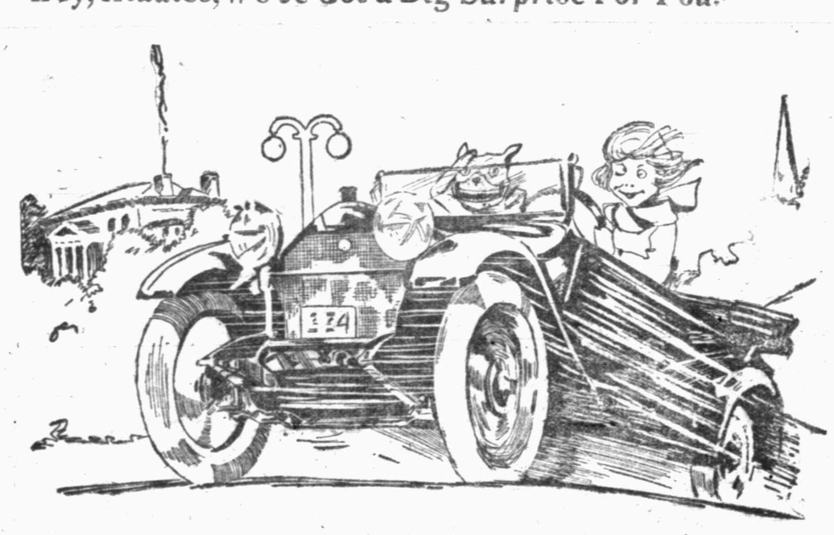

CROWDED traffic conditions today demand six-cylinder performance—with its greater flexibility, greater reserve power, higher speed and swifter acceleration. And now—for the first time in commercial car history—this desirable six-cylinder performance has been made available with the economy of the four. For the new six-cylinder Chevrolet trucks are not only offered in the price range of the four—but they are as economical to operate as their famous four-cylinder predecessors! Both the Light Delivery and the 1½ Ton Utility Chassis are available with an unusually wide selection of body types—and among them is one exactly suited to your requirements. Come in today. We'll gladly arrange a trial load demonstration—load the truck as you would load it, and drive it over the roads your truck must travel in a regular day's work.

Sedan Delivery, $595; Light Delivery Chassis, $400; 1½ Ton Chassis, $545; 1½ Ton Chassis with Cab, $650. All prices f. o. b. factory, Flint, Mich.
