TRUCK OVERTURNS NEAR HERE

Cecil Calvin Tunnell, 44, driver of the truck pic tured here, suffered only slight injuries when it overturned a mile north of here early today. Bill Z immerman, highway patrolman, said the 1950 International, pulling a semi-trailer with alfalfa, stru ck a culvert. Tunnell lives in Stephenville where the truck is owned by T. C. Postoon Feed Co. Damag e was estimated at $300 or less. The accident occurred about 3 o'clock.—(Lee Watson photograaph).

Deficiency Bill Agreed On By House Conferees

Kidnap Charges Filed, Mother And Father Reunited With Son

LEVELLAND, Tex., June 27 (AP)—While the Rev. and Mrs. Anthem Wade got re-acquainted with their young son today, charges of kidnapping the boy were filed in Lubbock against a young couple.

Johnny Wade 3, ran into his mother's arms a few minutes after midnight today. Yesterday, he had cried when officers took him from the arms of the couple with whom he had lived for seven weeks —since he was abducted last May 4 from the front porch of his home in Aztec, N. M.

Charges of kidnapping were filed against Fred Rodgers Elrod, 25, and his wife, Mrs. Tommie Neil Elrod, 22. They were sworn to by Aubrey Elliott, resident special agent for the FBI in Lubbock and were filed before Mrs. Olive Fluke, U S. commissioner, Lubbock Division of the Northern Federal District of Texas.

The Elrods were expected to go to Lubbock sometime today to enter a plea.

Both have admitted in signed statements that they took the boy because Mrs. Elrod was attracted to him.

"I once kept a child that put me in mind of this one," Mrs. Elrod told Editor Charles Didway of the Hockley County Herald. "I tried to adopt it but was unable to. I always wanted a child but have been unable to have one.

Mr. and Mrs. Wade drove here yesterday. Johnny, husky, brown-haired, and blue-eyed, played at the home of his uncle Jim Wyman, until they arrived.

Mrs. Wade approached the boy first as he walked down the steps into the grassy front yard. He wore the same red t-shirt and blue overalls as when last seen. His mother knelt before him and held out her arms.

"Hello, Johnny," she said.

After a brief hesitation, Johnny walked into her embrace. He hugged her neck. And when his father came up to them, he got a hug, too. Members of the family crowded around. Talk died down and there was a prayer.

Wade, a Baptist Minister, thanked God for giving the little boy back into his keeping. He prayed that he and his wife would be worthy of the charge.

The parents shed no tears, but the eyes of those around them were moist.

The couple said they planned to remain here for several days. They said they had no other immediate plans.

The Anthem Wade family formerly lived in Snyder, moving later to Champion, south of Loraine, then to Aztec. Mr. and Mrs. Wade have eight brothers and sisters living in and near Snyder besides other relatives here. Mr. Wade has pastored Baptist churches for the last several years.

Suspects Are Arrested In Murder Case

PYOR, Okla., June 27 (AP)—State crime bureau agents, striking simultaneously at seven points, last night arrested several suspects in the ambush slaying of Mayes County Attorney Jack Burris.

Bureau Chief George Howard Wilson also announced the pickup truck believed to be the one in which the slayer escaped was found.

Agents raided seven spots in the Afton area of Ottawa County, seeking to link law violators there with the June 7 killing.

They were led by Wilson and Lt. O. K. Bivins, his chief assistant.

Wilson said he was withholding names of the suspects until his investigation could be brought to a climax.

He also refused to say where they were jailed.

The pickup truck was found in Miami shortly before last night's raids started. It had been traded for a new truck early in the week.

Three shotguns seized by the raiders were turned over to crime laboratory technicians for ballistics tests. It was a heavy shotgun charge that mowed down Burris at his home on the outskirts of Locust Grove.

Wilson disclosed that at the time Burris was killed, the seized truck belonged to an Afton man long known as a slot machine operator in the Grand Lake area.

Investigators have learned an empty pickup truck had bene parked about 100 yards from the Burris residence at the time of the slaying.

The truck taken yesterday had been under agents' surveillance for 10 days, Wilson said. Iron bars on it had been removed a few days ago, he added.

Borden Well To Be Drilled

The Superior Oil Co. has announced location for its No. 13-536 Florance Lanham which will be drilled in the near future in the Fluvanna field of Borden County.

Drillsite will be 660 feet from south and west lines of section 536-97-H&TC about two and one-half miles northwest of Fluvanna. It is about one-half mile east of the lone producer in the Fluvanna field, and near the Scurry - Borden line.

Contract depth for the No. 13-536 Lanham is 9,200 feet.

GARZA COUNTY

R. S. Anderson of Midland No. 1-39 Clyde Miller has been staked outside production in the Rocker A field of Garza County as a San Andres test.

The location, about two miles southwest of Justiceburg, is 330 feet from north and west lines of the southeast quarter of section 39-6-H&GN. Contract depth is 2,800 feet. Operations are to begin immediately.

BORDEN WELL

Sinclair Oil & Gas No. 1 Roy Reeder, Borden wildcat just north of the Myrtle - Pennsylvanian field, made no shows of oil or gas on a three - hour drillstem test in the Ellenburger from 8,295-345 feet.

Recovery on the test was the 1,500-foot water blanket 120 feet of mud and 330 feet of sulphur water. Operator is circulating while waiting on orders, and it is believed that the project will be plugged and abandoned.

DRILLING REPORT

Hurndell & Gray No. 1 Gannaway, Southeast Scurry project, is drilling in sand and shale below 5,615 feet.

American Trading No. 1-A Howell is still testing on perforations in the Ellenburger and has reported no recent gauges.

In Northwest Scurry, Superior No. 13-578 Jordan is drilling in lime and chert below 8,305 feet.

Superior and Intex No. 1 Laws is at total depth of 8,240 feet and waiting for cement to cure on seven-inch casing at 8,186 feet.

2nd Day Of Prison Riots In Kentucky

EDDYVILLE, Ky., June 27 (AP)—A fresh riot broke out at the state prison today and state police in Mayfield described it as "bloodier than yesterday" when eight convicts and a guard were injured.

Reports said several persons had been injured in the new outbreak, which came hardly 12 hours after 300 prisoners ended a day-long rebellion.

About 25 defiant convicts took over the commissary building today.

In announcing this at Frankfort, Deputy State Welfare Commissioner Weldon Jones said, "We don't know how serious the situation is, but we are going to settle this thing one way or the other."

State police were being recalled from Paducah.

Warden Jess Buchanan went to the commissary building after telephoning Frankfort.

Three hundred defiant prisoners advised by a chaplain not "to die in vain" had sullenly ended a one-day rebellion at the prison last night.

The risk of dying was there: state police troopers and prison guards were poised to attack. They had rifles, pistols, sawed-off shotguns and tear gas. The mutineers had clubs and knives.

The prisoners surrendered unconditionally and promptly at 7:15 p.m. (EST), a deadline grimly fixed by Dr. W. E. Watson, state director of corrections, and Warden Jess Buchanan.

Thus the Commonwealth of Kentucky put down the latest of a series of prison uprisings which have plagued several states in recent months.

Gov. Lawrence W. Wetherby backed his warden with a threat to call out "the whole National Guard" if necessary. "We are not going to let them get away with anything like that," he declared.

When the unruly felons finally capitulated, and released a guard held hostage during eight hours of rioting, eight prisoners had been wounded by gunfire, and the prison machine shop wrecked.

Two guards were taken hostage but quickly released, one of them slightly hurt by a blow on the head.

Today a tense quiet settled over the 68-year-old, fortress-like penitentiary and its 1,100 inmates in this Western Kentucky town.

Buchanan complimented the Rev. Paul B. Jaggers, the Baptist chaplain who made the final appeal to the mutinous convicts.

While Jaggers was pleading with the rebels to give up, the mob's ringleader tried unsuccessfully to continue the revolt.

"Stay and die like martyrs," exhorted Benny Rayborn, a toughened 34-year-old lifer sentenced from Louisville for armed robbery.

But the prisoners yielded to the clergyman's promise of safe conduct to their cells.

Last Effort To Keep Controls Alive Is Made

WASHINGTON (AP) — Administration forces threw all their strength today behind a last-gasp effort to keep prices and wages under government control.

A committee of senators and House members was called into session behind closed doors to draft a final controls bill after the House voted, 211 to 185, to:

1. Wipe out just about all price controls at midnight next Monday.

2. End rent controls in a great many communities starting Sept. 30.

Time was short. Unless the conferees agree on controls legislation acceptable to both the Senate and the House, and unless both houses pass the final bill, all controls expire Monday midnight. They may expire then anyway. President Truman may not sign the bill Congress sends him.

The House bill while ending price and rent controls, would keep most wage ceilings in force.

It differs greatly from the Senate's bill, which would keep price and wage controls—as well as rent controls—in existence.

And Sen. Maybank (D-SC), heading the Senate conferees, went into the session with the House delegates in no mood to back down from the Senate's position.

About the only area of general agreement between the Senate and the House, as expressed in their separately-passed bills, is that President Truman should try to halt the 26-day-old steel strike with a Taft-Hartley Law injunction. This would ban a strike for 80 days.

There is general agreement between the two branches, too, on continuance of present powers to allocate and put priorities on scarce materials.

Some Showers In West Texas

By The Associated Press

The great Texas drouth, playing an early summer encore, continued Friday with some West Texas points enjoying relief through thundershowers.

The welcome showers marched across the Plains country and hit Wink with 1.05 inches of rain Thursday night. Lubbock got .37 inches and Childress .41. Elsewhere, Marfa had a .29 rainshower and Presidio and Del Rio reported .04 and 0.1, respectively.

Scattered showers were reported in the Amarillo area Friday morning.

More Raids Made On Electric Power Plants On Yalu River

SEOUL, Korea (AP)—Allied fighter bombers heaped new destruction on Communist hydro-electric plants in North Korea last night. Targets included two big generating stations which previously had been spared.

U.N. infantrymen drove two Chinese battalions off two hills on the Western Front Thursday, at times using bayonets and flame throwers to rout the Reds from their bunkers.

A Fifth Air Force spokesman called the 150-plane raid on the Communists' North Korean power network a mopping up operation, but the number of planes involved and damage reported by returning pilots were impressive.

Two power plants at Changjin (Chosin) were hit for the first time. Other Air Force and Marine fighter bombers dumped bombs and rockets on a third Changjin generating station and one at Fusen which already had been smashed in raids Monday and Tuesday.

The planes struck just at sundown. Pilots said a switchyard was destroyed and the power house damaged at Changjin plant No. 1. The powerhouse and switchyard were damaged and an adjacent building was destroyed at Changjin plant No. 2.

Additional damage also was reported at the third Changjin plant and one at Fusen, two of five generating stations the Air Force said were put out of action.

Allied planes have not returned to the giant Suiho plant on the Yalu River since Monday. This plant supplied power for Red war industries in both North Korea and Manchuria.

An Air Force spokesman said Friday all the five plants hit Monday and Tuesday are out of action now but "the time required for the enemy to restore them, if he has the capability, is not known.

The Eighth Army reported 177 Chinese killed and 107 wounded in savage day-long fighting for two strategic heights west of T-bone Hill, not far from Chorwon, where the bitterest battles since autumn were fought last week.

Allied troops knocked an armor-supported Red battalion from one hill in a 5½ hour battle, then fought all day up three slopes of a second ridge.

Experiment On Children With Polio Serum

HOUSTON, June 27 (AP) — An estimated 35,000 Houston children will participate in a giant experiment with a blood medicine researchers think may prevent paralysis due to polio.

The mass experiment was announced today by researchers from the University of Pittsburgh. It will be financed—at an estimated cost of half-million—by the National Foundation for Infantine Paralysis.

The inoculations of the children —aged one to six—will begin next Wednesday at eight clinics.

The age bracket of one to six is that the researchers said showed 50 per cent of all polio probably will occur.

The medicine to be used—Gamma Globulin—is made from human blood. Foundation officials today emphasized it can do no harm to children.

The researchers said experiments have shown the medicine has completley whipped paralysis due to polio when given to monkeys and they said they were certain it will do the same in humans in a controlled experiment.

Half of the children in the experiment will be given the blood medicine and the other half will get an injection that looks like Gamma Globulin, but will actually be a shot of gelatin.

The experiment was announced as Houston was in the midst of a polio rampage.

Big 3 Agree On West's Reply

LONDON, June 27 (AP)—The Big Three foreign ministers put the polishing touches today on the Western reply to Russia's request for talks on German unity.

U. S. Secretary of State Dean Acheson, British Foreign Secretary Anthony Eden and French Foreign Minister Robert Schuman checked a proposed draft line by line in a two-and-a-half hour session.

The final draft was not completed by the time the foreign ministers recessed for lunch with Prime Minister Churchill at 10 Downing Street. A Foreign Office spokesman said the big three discussions would be resumed later in the day. The note is expected to be completed tonight.

The foreign ministers are reported seeking a way to make the Soviet show its true hand—to pin the Russians down on whether they are sincere in demanding four-power talks on a unified Germany.

Truman Fires U. S. Marshal

WASHINGTON, June 27 (AP)—President Truman today summarily fired Robert Granta, U. S. Marshal for the Southern District of Illinois. He gave alleged "irregularities" as his reason.

Truman dismissed Grant on the recommendation of Attorney General McGranery, effective at once. Grant's headquarters are at Springfield.

McGranery told reporters at the White House that it appeared Grant had become involved "with a gentleman charged with a mail fraud."

Acheson To Be Called On Line For Apologizing To British

WASHINGTON (AP)—Secretary of State Acheson is going to have to do some explaining to Congress about his reported apology to Britain for not telling that country in advance of the American bombing of North Korean power stations.

Sen. Bridges (R-NH) told the Senate yesterday the apology—if made—was "a shocking thing."

And Sen. Knowland (R-Calif) who brought the matter to the Senate's attention by reading a London news report about it, demanded that a full text of Acheson's remarks be made available to Congress.

Knowland said if Britain wants a bigger voice in the conduct of the Korean War, he would have no objection provided the British assumed a larger share of the burden.

The London account said Acheson reportedly made the apology to about 200 members representing both Houses of Parliament during a 20-minute meeting yesterday.

Acheson was reported to have told them American officials had intended to notify the British defense minister, Field Marshal Lord Alexander, and Selwyn Lloyd, British minister of state for foreign affairs, who arrived in Washington last Saturday.

But, he is reported to have explained, due to a mixup over whether a State or Defense Department official was to make the notification neither was informed.

Further complicating the picture, the State Department said only last Wednesday the British were not informed in advance because the raid was within the scope of military action which could be taken by the United States without consulting its allies.

The raid occurred Monday. It caused an immediate stir in Labor party circles in the British Parliament, with fears voiced that it might cause the war to spread.

WaterShortage Reported Here

Ralph Eades, acting city superintendent, said today that Snyder definitely has a water shortage now.

Eades explained that the water department is now pumping all 27 of the city's wells full time, adding that the supply was almost exhausted yesterday.

While he did not name any conservation plan, he asked that residents cooperate in conserving water, consuming only what water is necessary for their use.

"If the people don't cooperate, we'll be forced to ask the council for an ordinance to support us," he said.

Eades said a pump burning out on the city's best well has been part of the cause of the shortage.

Labor Makes Hay Of Bomb Raids On Yalu

LONDON, June 27 (AP)—The Labor party moved today to force a House of Commons showdown on the failure of the United States to notify Britain in advance of the Yalu River power plant bombings in North Korea.

The party filed a formal motion for debate next Tuesday, demanding that the Conservative government make "improved arrangements" for prior consultations on such matters in the future. The resolution also "regrets" that failure of the government to obtain such consultation prior to the Yalu River strikes.

Such a motion could be constructed by Prime Minister Winston Churchill as a motion of censure of his government and—if carried—could force him to ask for the dissolution of parliament and a new national election.

Parliamentary press veterans said that the resolution was mildly enough worded so that Churchill has the option of not accepting it as a censure motion.

Southerners Start Movement To Stop Harriman At Chicago

WASHINGTON (AP)—A number of Southern Democrats were working today to build a stop-Harriman road block in case President Truman should throw his support behind Averell Harriman for the Democratic presidential nomination.

They don't take the candidacy of the mutual security administrator very seriously—although Harriman himself says he is building up widespead backing in many parts of the country. All the same, the Dixie Democrats don't want to take any chances.

Some supporters of Sen. Richard Russell of Georgia have been sounding out backers of other presidential aspirants with the idea of holding the line against Harriman if he suddenly should get the support of Truman.

That support won't be forthcoming, most politicians agree, unless Gov. Adlai E. Stevenson of Illinois eliminates himself finally from the presidential contest. Stevenson has said he couldn't accept a presidential nomination, but many Democrats are convinced he could be drafted.

Harriman has been campaigning for the nomination on an all-out New Deal and Fair Deal program.

He has kicked the Dixie contingent in the shins by calling for a Fair Employment Practices Commission with power to enforce rulings against job discrimination, against Negroes and other minorities.

He has slapped at the southerners as "men masquerading as Democrats" in Congress.

And he has adfied that he doesn't care whether the southerners bolt the ticket.

Most politicians have expressed doubt there will be any effective bolt by the South this year unless Truman should be the candidate—and he has said repeatedly he won't be.

But from all the signs, Harriman is rapidly talking himself into the same position as Truman so far as a prospective revolt goes.

On the other hand, most of the southerners seem willing to take Stevenson although they might prefer Vice President Barkley.

Barkley is playing a waiting game and his friends actually fear only the possible candidacy of Stevenson. They say that if Barkley were 10 years younger—he is 75—they wouldn't fear Stevenson or anybody else.

To Pay Costs Of Korea For Rest Of Year

WASHINGTON, June 27 (AP)—House conferees reached agreement today on a compromise $1-413,396,000 deficiency bill with most of that money designed to pay the costs of the Korean War.

The measure carries $1,128,000,000 for the Army, 38 million dollars for the Navy, and 235 million for the Air Force. The funds are needed largely to pay extra expenses in the services incurred in the Korean fighting.

Also included was a 10 million dollar item for a foot and mouth disease laboratory. Sen. Ives (R-NY) has said Plum Island in Long Island Sound has been tentatively selected as the site for the laboratory.

The bill is the last supplemental money measure for the 1952 fiscal year which ends on Monday.

The log-jam of Congress' money bills finally broke—on a multi-billion dollar scale.

And the breakup is proceeding so fast that leaders were talking with some confidence today of being able to wind up the session—and the 82nd Congress—for good a week from tomorrow.

The House scheduled the opening of debate today on its last pending appropriation bill—10 billion dollars in new funds for foreign aid, military projects and other purposes next year.

And the Senate, which has been lagging far behind the House, was in the throes of a get-out-of-town fever.

These were the actions the Senate took yesterday:

$45,734,750,912 military bill approved by Appropriations Committee after brief consideration and sent to the floor.

$3,437,895,000 compromise Treasury-Postoffice bill—passed without debate and sent to President Truman, the first of the fiscal 1953 bills to reach the President's desk.

$1,012,547,852 State - Commerce - Justice bill—passed and sent to conference with the House to adjust differences.

$76,886,648 legislative bill carrying funds for Congress—Approved by Appropriations Committee for floor action.

The legislative measure was scheduled to be passed and sent to conference today—the ninth money bill to be acted on by the Senate out of 11 that must be passed before Congress can quit.

In approving it yesterday, the Appropriations Committee modified a House provision which would have given the lawmakers the privilege of claiming income tax exemption on all their living costs during congressional sessions. The committee kept the tax reduction feature but limited the exemption to the first $2,400 of such costs.

In the House, administration leaders saw little chance of restoring the 25 per cent cut made by the Appropriations Committee in President Truman's $13,750,688,280 request for defense construction, foreign aid, atomic energy expansion and other things.

In fact, an attempt was expected to make even deeper cuts in foreign military and economic aid. The committee recommended $6,275,940,750, including funds for governing occupied areas of Germany and Trieste.

Morever, in an accompanying statement, the committee told the administration it should stop pledging funds to foreign countries before Congress has voted the money.

Mutual aid funds in the bill are to implement the program recently voted by Congress. The other appropriations will supplement funds already voted for the current fiscal year, ending June 30, or the next year beginning July 1.

MORE STRATEGY

Dwight D. Eisenhower (left) talks earnestly with his national campaign manager, Sen. Henry Cabot Lodge (R-Mass) after Lodge flew to Denver for strategy conferences. The Chicago convntion at which Eisenhower hopes to win the Republican presidential nomination is less than two weeks away.

Reds Shout, Attaches Laugh, And UN Talkers Take Recess

MUNSAN Korea (AP) — Allied truce negotiators today walked out on the protesting Communists for the third time in a month.

Maj. Gen. William K. Harrison Jr. declared a three-day recess and marched out of the armistice tent at Panmunjom while an angry Communist delegation loudly demanded another meeting tomorrow.

Harrison said North Korean Gen. Nam Il, head of the Communist truce team, had "great difficulty controlling himself" at the walkout.

Harrison once got to the tent flap when Nam called "please come back. We have something to say."

The U.S. general said he resumed his seat and consented reluctantly "well, once more."

But Nam merely repeated his demand for a session tomorrow.

As soon as Nam's statement was translated, Harrison and the four other Allied negotiators marched out of the tent.

"I got the impression that some of the North Korean attaches were laughing at Nam," Harrison told newsmen.

The Allies have declared three-day recesses on two previous occasions when there appeared to be no hope of breaking the long deadlock over how to exchange prisoners of war, the only major issue blocking a Korean armistice. The U.N. refuses to return prisoners who do not want to go home. The Reds demand all Allied-held captives.

The Communists insist on daily meetings, but Harrison said he refuses to listen to blasts of Red propaganda every day. He calls it "drivel."

Brig. Gen. William Nuckols U.N. spokesman, noted that Chinese delegate Maj. Gen. Hsieh Fang "pointedly" ignored Nam today, instead of aiding him as previously.

In what could be an indirect reference to U.N. mass bombing of Red power plants in North Korea, Nam declared:

"Your side attempts to intimidate us with the so-called continued suffering of damages of war and to coerce our side to accept your outrageous proposal of retaining war prisoners."

In Tokyo, Gen. Mark Clark said in an address the Allied negotiators were riding out Red invective, falsehood and bombast. "We have offered them reasonable terms for cessation of fighting so that peace may be restored," the United Nations commander said.

WEATHER

WEST TEXAS: Partly cloudy with no important temperature changes, Friday, Friday night and Saturday. Widely scattered afternoon and evening thundershowers.

EAST TEXAS AND SOUTH CENTRAL TEXAS: Partly cloudy with no important temperature changes Friday, Friday night and Saturday. Widely scattered afternoon thundershowers near the coast. Moderate locally fresh southeast and south winds on the coast.

NORTH CENTRAL TEXAS: Clear to partly cloudy with no important temperature changes Friday, Friday night and Saturday. Widely scattered afternoon thundershowers extreme northwest portion.

Early Texas Oilman and GOP Leader Is Liked By Democrats

CHARLESTON, W.Va. (AP)—The temporary chairman of the 1952 Republican National Convention is one party leader who gets on well with Democrats.

Walter Simms Hallanan has been head of the Arrangements Committee for this year's big Chicago meeting primarily because the Democratic bigwigs like him as well as do the top men of his own party.

It was Hallanan who, in his first sting as GOP arrangements chairman in 1944, called on Edward W. Pauley of Los Angeles, Democratic arrangements chairman, and said, "Ed, why don't we co-operate and spread the costs of these two conventions?"

Pauley agreed and left the matter of setting up the Chicago Stadium for both conventions to Hallanan.

"Day before the convention started," Hallanan recalls, "Ed came over to look at the hall. He said, it's just fine Walter, except for one thing. I'll have to take down that big portrait of Abraham Lincoln and hang up one of Franklin D. Roosevelt."

Hallanan is a staunch supporter of Sen. Robert A. Taft of Ohio for this year's GOP presidential nomination.

But, he says, he can be absolutely impartial at the rostrum while he serves as temporary chairman.

"Anyone who anticipates other than fair play from me challenges my personal integrity," Hallanan says. "It would have been impossible to have named a temporary chairman who didn't favor one candidate. But that has nothing to do with an impartial chairmanship."

Hallanan first jumped into prominence in his party in 1912 during a campaign featuring another Taft.

He served that year as director of publicity for the Republican committee in his native West Virginia.

After the rift between William Howard Taft and Theodore Roosevelt in the 1912 campaign, Hallanan helped to elect the only Republican governor of a normally Republican state that year. West Virginia was considered Republican at that time, but has had uninterrupted Democratic rule for the last 20 years.

Hallanan has been the states national committeeman for 28 years—a record of service second in length only to that of Perry Howard of Mississippi.

The 62-year-old Hallanan, son of a country doctor, is one of the nation's rich men. His money came from oil exploration and development. The Plymouth Oil Company which he helped to found in 1923 discovered the Big Lake field in 1924, thus opening up all of West Texas. Hallanan has been president of the company since its founding. He holds directorships in several other corporations dealing with oil production and pipelines.

In World War II, he was chairman of the Production Committee of the Petroleum Industry War Council. He is serving his sixth term as chairman of the National Petroleum Council.

To West Virginians, Hallanan is generally known as a Republican rather than a business tycoon. He served 10 years in appointive state jobs—as secretary to former Gov. Henry D. Hatfield, and as a Hatfield appointee to the State Tax Commission.

Despite his political prominence, however, Hallanan has held only one elective political office other than that of national committeeman. He served one term in the West Virginia State Senate and was defeated for re-election.

His plans, whether a Republican is elected this year or not, are to continue working for the party. He declines to discuss the possibility that he might win a high government appointment as a reward for his long party service.

ICE FOLLIES

Their dad bought this chunk of ice during record-breaking heatwave to make ice cream. Marsha Wilson, 3, sat down on it and remarked "Thanks, Daddy, for the big ice cube." Her sister, Beth, 1½, started trying to eat it. They objected when the chunk was chopped to fit the freezer, but liked the ice cream.

Breezes From Canada Cool Off Some Areas As East Simmers

By The Associated Press

Refreshing breezes from Canada cooled off some areas in the nation's sun-baked eastern half of the country today. But for millions in the East and South there appeared no quick end of the early summer heat wave.

The death toll from the record-breaking hot spell in the last two days mounted to 44. Thousands of persons suffered heat prostrations. The prolonged hot weather in the South increased the threat of severe damage to crops.

Temperatures were generally around the 100-degree mark again yesterday in most of the vast area hit by June's oppressive weather. All-time high records for the date and for June were toppled in many cities.

But the cool air which earlier moved across the Canadian border into the Northern Plains push southward yesterday across the Great Lakes region and into parts of Indiana, Illinois and Ohio. Temperatures, in the 90s for three days, dropped as much as 20 degrees.

There also was some cooling in parts of New England and Eastern New York State.

The hot and humid belt extended from Southern and Western New England southward along the Atlantic Coast and westward to the Lower Great Lakes region, the Ohio and Middle Mississippi Valleys the Central Plains states and over the Gulf States.

A storm swept into New England from Canada last night and within minutes temperatures tumbled as much as 20 degrees from record highs which reached 102 degrees during the day.

At the same time, violent thunderstorms hit eastern parts of New York State and cooled off the wilted areas. There were drops in readings from 90 to around 76 in less than 30 minutes.

The cool front may bring relief for some of the Middle Atlantic states today. No 100-degree heat which hit the area yesterday was in prospect. It was 102 at Lock Haven, Pa., yesterday; 100 in Harrisburg and 98 in Philadelphia.

But no relief from the hot and muggy weather appeared immediately for New York City after yesterday's record-breaking June 26 mark of 97. It was a steaming 88 above at 1 o'clock this morning with humidity at 60 per cent.

Thousands swarmed to beaches seeking relief and many Long Island roads were jammed with New York City residents driving home early today. The heat buckled highways in several places, increasing the traffic jam.

New Jersey reported 10 deaths from the effects of the heat in the last two days. It was 102 in Newark yesterday. There were seven heat deaths each in Ohio and Pennsylvania; four each in New York and Massachusetts; three each in Maryland and Tennessee; two in Indiana and one each in Alabama, Georgia, Iowa and South Carolina.

Hospitals in the Washington D.C., area reported 183 persons had been treaed for heat prostration in the last two days. The number included 13 firemen who were overcome fighting a warehouse fire in 101-degree weather yesterday.

Thirty-five soldiers at Camp Gordon, Augusta, Ga., were treated at the post hospital yesterday for heat prostration. The mercury climbed to a sizzling 107 yesterday, one of the highest readings in the country.

Miami reported a high of 89 as compared with a record of 91 for June 26. But readings above 100 were general in the Deep South. It was a record 100 in Jacksonville and 98 in Tampa.

Other top marks in the South included 108 in Bamberg, S.C.; 102 in Richmond; 100 in Nashville.

St. Louis continued to swelter with a high of 99, the same reading reported in Kansas City.

New Director Of FHA Here

Robert E. Deaton, Jr., of San Saba has begun work here as the new supervisor of the Farmers Home Administration, replacing B. C. Drinkard who recently moved to Roby as president of the Citizens State Bank.

The 26-year-old former school teacher has been assistant supervisor of the San Saba County FHA office for the last 15 months. Prior to that he taught agriculture in the Blue Ridge High School in North Texas and in the G. I. Vocational Agriculture School at McKinney. He was a teacher three years, having received a B.S. degree from East Texas State Teachers College at Commerce in 1947 and an M.A. degree from Sam Houston in 1948.

Deaton is single and is residing now in Rotan. He said he was working both here and at Roby, where the unit's district headquarters are. He began his work here Monday. Drinkard, who resigned effective June 20, was supervisor of the unit several years.

Truman Tells Services To Lay Off Farmers In Recruiting Programs

WASHINGTON, June 27 (AP)—President Truman yesterday told the armed services to quit recruiting farm workers if they are deferred from the draft for necessary production.

He said he was alarmed by the loss to the farms of six million workers in the last four years.

The President issued a statement in connection with the signing of an executive order which he said would provide a more orderly policy for granting temporary deferments for essential industrial workers.

"These orders do not permit permanent exemption of any worker from Selective Service," the President said.

"Rather they provide a more orderly basis for granting the temporary deferments which local boards have customarily extended to qualified individuals."

Former Snyder Youth Killed By Electricity

Funeral services were held last week for Jimmie Lasiter, 12-year-old son of Mr. and Mrs. Hubert Lasiter of Del Rio. He was killed when he touched a high voltage wire on the family's farm at La-Pryor.

Mr. and Mrs. Lasiter lived in Snyder several years, moving to Del Rio in 1945. Jimmie was born here. Lasiter is a well driller.

Reef Test In Borden

Amerada Petroleum Corp. No. 6 W. Ed Murphy is to be a new reef test in the Von Roeder field of Borden County.

Location has been made 675 feet from north and 1,912 feet from east lines of section 81-25-H&TC, nine miles southwest of Knapp. Contract depth is 7,500 feet, with drilling to begin immediately.

HOSPITAL NOTES

William A. Hoskin, 22, of 508½ East Highway, suffered a slight back injury while working in the oil field for the Bass Drilling Co. last night and was admitted to the Snyder Hospital.

Kenneth Keyser of Hermleigh, medical patient at the hospital, was dismissed this morning.

Mr. and Mrs. B. F. Rushing of Snyder are parents of a son, born yesterday afternoon at the hospital.

In only a few bird species do the females sing.

FREE HEARING EXAMINATION

By outstanding HEARING AID EXPERT for two days—Friday and Saturday, June 27 and 28, Mr. A. C. Bourland experienced authority on hearing problems will answer such import questions as:

* How does my hearing differ from others?
* Is it possible to wear a hearing aid so it cannot be seen?
* Can hearing exercises help me?
* Can I get scientific correction of my individual loss for as little as $69.50?
* What should I do if I am a borderline case?
* What has actually happened to my hearing mechanism?

Come in and get the answer to these vital questions without cost or obligations.

Girl Scout Camp Is Closing Tonight With Special Program

Gypsy activities for 97 Girl Scouts and leaders will draw to a close at 7 o'clock tonight when day camp activities and with a program for parents and friends.

Mrs. Ronald Vaughn, director of the camp held daily this week on the Melvin Newton Ranch, Clairemont Road, has announced that the public is invited to attend the program. The campfire will be lighted, following a flag ceremony.

A total of 113 girls and leaders have attended throughout the five-day camp. The gypsy theme has been used in the daily activities, including tie dying of bandanas and sashes, marking trails and outdoor cookery. Each unit has been responsible for its own "camp house," the outdoor area where the brownies, intermediates and senior scouts stay.

A nurse has been on duty during the camp, and no serious accidents have occurred, Mrs. Vaughn said. Melvin Newton and Ronald Vaughn have assisted with maintenance of the camp.

Mrs. C. C. Miller has been in charge of a "papoose unit," for the nursery - aged children of adult leaders.

Miss Margaret McAdams, area executive director, of Abilene was present for four days of the camp.

This was the second year for the day camp, which lasted from 3-8 o'clock each afternoon.

Kiwanians Elect New International President

Walter J. L. Ray of Detroit, Mich., president of the Standard Federal Savings and Loan Association, was elected president of the Kiwanis International at the organization's convention in Seattle, Wash., this week.

Ray succeeds Claude B. Hellmann of Baltimore as head of the 3,500-club international.

Attending the convention from Snyder is O. S. Clark, principal of the Primary School.

gram including a tour of the five camp units. At 8 o'clock the camp

Graveside Rites For Verner Infant Today At Abilene Cemetery

Graveside services will be held at 6 o'clock this afternoon for Judy Ann Verner, infant daughter of Mr. and Mrs. Jimmy L. Verner, 1404 Twenty-fourth Street.

The child was born yesterday morning and died early this morning. Verner is school band director.

The Rev. Harlie Wollard will officiate in services at Elmwood Memorial Park in Abilene, where burial will be held under direction of Bolger Funeral Home.

Survivors are the parents, one brother, David Verner; paternal grandmother, Mrs. C. B. Verner of Abilene; and maternal grandmother, Mrs. Iva C. Wroten of Abilene.

Wyeth L. Goode of Snyder is among the 48 senior geology students of the University of Texas now in field training. Goode is at College Station for the course, which emphasizes petroleum geology.

Merchants Meeting Is Being Planned Here

A general merchants meeting will be held at 7:30 o'clock next Tuesday night, Harold Bennett, head of the Chamber of Commerce merchants committee, said today.

Bennett urged all merchants to attend the meeting, where they will discuss regulation of store hours for some businesses, trade tours in the county, trade promotional activities, and solicitor and peddler control.

New Kelley-Snyder Well

Sun Oil Co. No. 6 G. H. Arledge has been staked for immediate drilling in the Kelley - Snyder five miles southwest of Snyder.

Location is 467 feet from west and 3,237 feet from north lines of section 192-97-H&TC. It is on a 485.17-acre lease. Contract depth is 8,000 feet.

Father Freed In Son's Death

PHILIPPI, W. Va. (AP)—A coroner's jury ruled last night that 3-year-old Gary Randall Bolner died of natural causes.

George Washington Bolner, the boy's father, whom police had held on an open charge, was released after the inquest verdict.

When his son died Wednesday night, police said Bolner told them he accidentally hit the boy in the chest with a heavy boot, thrown at his wife during a quarrel.

The jury said tonight, after hearing Dr. S. D. Wu report on an autopsy he performed at the request of Coroner Michael Stump, that the boot did not strike the child.

Dr. Wu said the child had a heart ailment and there was no indication of any bruise or blow on the body. He said he believed the boy's condition was such that he would not have lived long regardless.

Police Chief James Paugh said the father had believed he hit his son but evidently the boot struck a couch on which the boy was sitting.

Another Vernon Man Added To Police Force

A new patrolman was hired by the police department yesterday, Walter Suttle, chief of police, said.

Lester Hollobaugh, 40, for eight years a member of the Vernon police department which Suttle headed before being hired recently as Snyder chief of police.

At Vernon Hollobaugh was a captain in the department and had held all jobs in the department including radio dispatcher and patrol sergeant.

Before contact with white men, many Eskimos ate nothing but meat.

TALK OF THE TOWN

By SUE HOLMES

Women have a great deal to do with accidents these days, according to a safety expert in Virginia. Not in the usual manner, however. If women want to help prevent accidents, besides watching their own p's and q's while behind the wheel, they should help their husbands be free of worries. The expert says accidents are caused by men whose minds are wandering while they are driving.

Tips to wives to help keep husbands' minds worry-free:

Never argue just before husband leaves house.

Tackle and settle all family problems at night before retiring.

See that the men get lots of rest, a good breakfast and leave home in a happy frame of mind.

Wives aren't the only ones who can help, the expert added. Company officials can do a big job.

They should never give a man a dressing down in front of his fellow employees.

All the safety talks and devices in the world aren't worth a dime, the expert said, unless drivers are kept in a good frame of mind.

• • •

Funniest thing we've read in fashion notes: "Hubert de Givenchy the young Paris designer who flashed across the couture sky like a meteor this spring, has come up with a really brand-new idea—the window pane bag.

"It's made of stiff, but transparent, horsehair, framed in a wide binding of matching satin or faille or velvet. It looks and is light and airy, and is a perfect showcase for pretty handbag accessories.

"Yes, it's only really good for late day or evening wear. You certainly can't stuff papers and small purchases and all sorts of odds and ends in it. But it's the prettiest new dressy bag in ages."

Or so say the fashion experts.

Well, this new fad set us to thinking. If our bag suddenly became transparent what manner of junk would be visible? Here's the embarrassing—but truthful—result:

A bedraggled red leather billfold containing things too numerous to mention—all of which are about as useful and out-of-date as the membership card in a high school society.

One pill. (Whether it is for headaches, vitamin deficiency or cholera, we don't remember.)

One list of activities to use as a guide at Girl Scout day camp.

Two stubs from checks.

One envelope from Daddy's letter on which we've taken copious notes to be used on Sunday's picture page.

Another letter from Daddy.

Ten receipts.

Two bills (The rest are filed elsewhere.)

One card from a cousin in Dallas telling us to look up Cynthia Buie who is visiting her cousin, Mrs. Rex Nall. (We tried the phone book, but she's moved to Lion Oil Camp, and we haven't found her yet.)

A week-old telegram.

Two calendars. (Both for this year believe it or not.)

A bright copper penny taped to a piece of paper. This is from an advertising firm asking us to reveal our thoughts about the column they mail out and we file in the waste basket.

One clean comb, with all teeth intact.

A cartoon mailed us by a friend.

One note bearing a phone number left over from last week.

One book of stamps, or rather a stamp book with no stamps.

Two bank deposit slips (to take care of overdrafts)

Two emery boards given out by candidates. (They are running for different offices, so they caused no friction within the purse.)

Another stamp book—this time with 12 stamps present.

A sample of lace to be ordered sometime to cover a fan.

One rhinestone ear ring.

Three lipsticks.

One lipstick brush.

One container of solid cologne (smallish)

A bunch of bobbie pins.

One safety pin. (Never could find it when we needed it)

One corsage pin.

Seven green stamps.

Ninety cents.

We can only hope that the followers of the transparent hand bag fad are neater purse-keepers than we.

Hold on 'til Sunday. We have a slight cleaning job to do.

• • •

"Ask Mildred," which has appeared for your convenience in the women's pages of this newspaper, will be replaced beginning Sunday with "Helps for Homemakers."

"Ask Mildred" has been written by Mrs. Mildred Sparks, who resigned as county home demonstration agent this week.

We are sorry Mildred won't be around to answer your cooking, sewing and housekeeping problems but until the appointment of a new county home demonstration agent, we'll find the answers to your queries from an advisory group of Snyder women who know about home freezers, leavening bread and basting hems.

Let us hear from you by 'phone or card, because "Helps for Homemakers" is to be just that.

EVENTS OF THE WEEK

FRIDAY

Girl Scout Day Camp program, 7 p.m., Newton Ranch on Clairemont Road. Parents and friends invited.

Price And Wage Control Fight May Become Campaign Issue

By JAMES MARLOW

WASHINGTON (AP)—In the summer of 1950, just after the battle for Korea started, Bernard Baruch came to Washington and warned Congress there'd be bad inflation unless it slapped on price and wage controls.

President Truman wasn't impressed. But Congress was and voted Truman price-wage control power before the summer was over. The 1950 elections were coming up in November. Truman didn't set up the price machinery until after the elections.

But it takes time to get machinery like that in motion. It was early in 1951 before the government was able to put a lid on prices and wages. And by that time living costs had begun to climb.

In the 18 months since controls went on living costs have risen 4.1 per cent. They reached a peak last January, dipped a bit, and in May surged up again, almost equal to the January mark.

The Republicans have dumped the blame at Truman's door for his tardiness in starting controls in 1950.

But those controls will end Monday, June 30, unless Congress votes to continue them. Now the Truman administration, a few months before the 1952 elections, wants them continued.

The Senate listened and voted to keep them eight months to a year longer. But yesterday the House voted—it was a combination of Republicans and Southern Democrats who did it—to kill practically all controls except wage controls.

This isn't the last word, of course, since action by Congress isn't final unless both houses agree. Because their views are different, both will set up a committee to try to work out a compromise measure acceptable to both House and Senate.

The time between now and Monday may be too short for this to be done. In that case, Congress can vote to keep all controls a little longer, by a stop-gap measure, until a compromise is agreed upon.

If the two houses can't agree, that ends controls. Chances are they'll reach a middle-ground. No one is predicting what this hybrid would be.

If and when he gets it, Truman may consider this final version worse than useless, and veto it. That would kill all controls unless both houses re-pass it over his veto which, judging from the present mood of the House, is unlikely.

No matter how the final result is arrived at, if it ends controls and then prices shoot up, Truman isn't likely to overlook during the political campaign the stand the House Republicans took on killing price controls.

If the final result from both houses permits continuance of price controls but so badly cripples them that prices go looping upward, Truman, who has never been considered a poor politician, will hardly forget to mention the Republicans.

The President seems certain to veto any final bill that killed price controls but kept wage controls. Most people meaning most voters in the presidential election, work for wages and salaries. A bill that killed price controls but kept Wage Controls would provide Truman with a talking point to the most voters—particularly organized labor, whose support he has courted and whose ballots he wants for the Democrats in November.

Miss Newton Honored At Surprise Party

Miss Ila Ruth Newton was honored with a surprise canasta party on her birthday yesterday. Miss Patty Thomas was hostess at her home.

Present were Miss Betty McDaniel, Miss Gerry McDaniel, Miss Rose Mary McGaw, Miss Bobbie Storey, Miss Wyvon Ramsey, the hostess and honor guest.

Mr. and Mrs. Roy A. Sanders and daughters, Carol and Kay, 900 Twenty-sixth Street, returned recently from Galveston, Corpus Christi, and Brownsville, Tex., where they vacationed.

Mr. and Mrs. Jim Reed, and family of the Lion Oil Camp, are vacationing in Oklahoma.

Don Shaffer, Lion Oil Camp, is vacationing in Montreal, Canada, where he is staying at the St. Adele resort.

Mr. and Mrs. Billy Lloyd, Thirty-eighth Street, moved today to Roby where he will be associated with the bank. He was employed by the West Texas Bank here.

"YOU CAN PROVE ANYTHING BY THE SCRIPTURES"

Occasionally you will hear somebody pull this time-worn bromide of the devil, never realizing the import of his foolish assertion. We notice that those who say it cannot prove anything by the scriptures, except, of course, that they are woefully ignorant of their sacred teaching. When one asserts that you can "prove anything by the scriptures," you can be assured that to him by the scriptures you have proved that his religious endeavors or positions are unscriptural.

How would you like to have it said around among your frends that people can prove "just anything" by you? You wouldn't like it. Even so, it is an insult to our divine Lord and a slap in the face of God to say, "You can prove anything by the scripures." There is only one thing that can be proved by the scriptures and that is the RIGHT thing. You can "prove by the scriptures" that "He that believeth and is baptized shall be saved" by reading Mark 16:16. And it is a fairly simple task to prove that "we are buried with Him in baptism" by reading Romans 6:4.

It is just as simple to prove by the scriptures that the churches that Paul dealt with while he was on earth were "churches of Christ" by reading Romans 16:16. It is not difficult to prove by the scriptures that a child of God can fall from grace when we can induce a person to read Galatians 5:4, which says: "Ye are fallen from grace."

It is not difficult to prove by the scriptures that "Except a man be born of water and the Sprit he cannot enter into the Kingdom of God," for that is precisely what Christ said in John 3:5.

But much of this would-be proof of things today in religion is not what the scriptures say, but rather it is a dependence on what the scriptures do not say. Don't ever be guilty of asserting that "you can prove just anything by the scriptures." It isn't so.

Jury Probes Lattimore Tip

SEATTLE (AP)—A federal grand jury, working behind closed doors, was due to begin probing today into the motives back of a Seattle's man's false tip on Owen Lattimore.

The tip, given to the Central Intelligence Agency and passed on to the State Department was that Lattimore planned a trip to Russia.

It caused the State Department to clamp a travel ban on the Johns Hopkins University professor and Far Eastern expert who has been a target of Sen. McCarthy's (R-Wis) accusations of Communist influence within the department.

Lattimore has denied any Communist attachments or that he intended making such a trip.

The Seattle Times, which first reported a Seattle man was the source of the top, said yesterday the false informant was an employe of a travel agency here. His name was not disclosed.

The man is not in custody but may be called before the grand jury.

Study Snowplows In 103-Degree Weather

RICHMOND, Va. (AP)—The temperature reached 103 degrees in Richmond yesterday but officials of the State Highway Department weren't given the day off. They were very busy studying bids on snowplows.

Submarine Rescues Two Injured Airmen

SUNERLAND, England (AP)—The British submarine Sirdar surfaced during maneuvers in the North Sea off here last night to rescue two injured crewmen from a Royal Air Force Shackleton bomber which exploded and dived into the sea.

One other member of the four-man crew was killed and a fourth was missing.

The accident was the only serious mishap during the NATO maneuvers, Operations Castanets, in which 400 aircraft and 250 ships of nine nations had been taking part. The exercise ended last night.

THE ADVENTURES OF PATSY

Olympic Trials For 200 Gets Started Today In California

LOS ANGELES (AP)—Two hundred athletes swing into the first half of a two-day track and field struggle today, bent on winning places on the Finland-bound U.S. Olympic team in the final trials.

By nightfall tomorrow, this field of survivors of three other exacting qualifying meets will be trimmed and squeezed down to the minimum—three men in each event.

The main show today was set to start in Memorial Coliseum, scene of the 1932 Olympic games, at 1:30 p.m. (3:30 p.m. EST), with four field events on the schedule.

Thirty minutes later, heats and finals in four track events were slated to get under way.

Heats were deemed necessary in the 100 and 800-meter running events and the 400-meter hurdles, followed by finals in these races and the 5,000-meter run.

Field events on the opening schedule were the javelin and hammer throws, the shot put and the broad jump.

Tomorow comes the finale, with heats and finals in the 110-meter high hurdles, the 200 and 400-meter dashes, and finals in the 1,500-meter run and 3,000-meter steeplechase.

Field events wind up with the pole vault, high jump, hop, step and jump and discus throw.

Main attractions for the anticipated 40,000 fans tomorrow include the 110-meter hurdles, bringing together the world's finest—Harrison Dillard, Jack Davis, Craig Dixon and Dick Attlesey, among others.

Dillard, victor in the 100-meter dash in the 1948 Olympics, is favored. Attlesey holds the world record. But Attlesey has still to regain his form after leg injuries this spring.

Pride of the 400-meter dash is Mal Whitfield, another '48 Olympic champion. The Air Force veteran handed World Champion George Rhoden of Jamaica his first defeat in many a race a week ago and is a hope to repeat the feat at Helsinki. Runner-up choice here is San Francisco's Ollie Matson, also vowing to knock off Rhoden in Finland.

Parson Bob Richards, Don Laz and Don Cooper, the only active men who have scaled 15 feet, compete in the pole vault. Richards' chief aim in the Olympics is the pole vault, but he'll defend his national AAU decathlon title and bid for the decathlon team at Tulare, Calif., July 1 and 2 against Stanford's Olympic king, Bob Mathias.

Walt Davis, who twice has scales 6 feet 10½ inches this year, is the high jump choice, and Jim Ford of Drake, the national champion, is the choice to lead in the 200-meter dash.

ROBINSON TAKES DEFEAT

Here is a magic eye sequence of Sugar Ray Robinson's downfall in the 13th round of a light heavyweight title bout with Champion Joey Maxim in New York City. At top (left to right) Robinson falls on his face after missing a haymaker; Maxim steps over Sugar Robinson as relief referee Ray Miller directs him to a neutral corner; Sugar rises and (bottom, left to right) exchanges punches with Maxim. As the bell sounds Robinson collapses from heat and is led to his corner where he remains unable to anwer the bell for the 14th round.

North Texas Golfers Still In Tournament

LAFAYETTE, Ind., June 27 (AP)—Louisiana State University and North Texas State College, who played each other to a 13½-13½ tie this spring each had two strong contenders today in quarterfinals of the National Collegiate golf tournament.

Single representatives of other schools filled out the eight-man field.

Joe Conrad and Marion Hiskey of North Texas State's NCAA team champions were matched today in the quarterfinals.

Captain Eddie Merrins and Tommy Morrow of Louisiana State were headed for a semifinals meeting, if they first get past Billy Key of Rollins and Warren Dailey of Stanford, respectively.

Merrins defeated Wesley Ellis of Texas 3 and 2 yesterday.

Curt Jacobs of Wisconsin defeated Norman Dunlap of Purdue, 4 and 3, and meets Jim Vickers of Oklahoma, a 1 up winner over Walter Durdle of Bradley.

Hiskey had to go 22 holes to defeat Guariglia of Bradley in the longest third round match. Conrad advanced over Ken Venturi of San Jose State, 4 and 3. Morrow won from Jack Van Rossem of Southern California, 4 and 3.

Key eliminated Dick Evans of Michigan, who had taken out U. S. Amateur champion Billy Maxwell of North Texas. Dailey beat Lewis Brown of North Carolina, 4 and 3.

Baby Coming; Marriage Revealed By Show Pair

HOLLYWOOD (AP)—Actor Robert Lowery and actress Jean Parker have announced that they are married and are expecting a baby. Miss Parker said yesterday the wedding took place May 29, 1951, at the home of a friend in Miami. She expects the baby in October, she said.

Bad Luck Goes With Our Best Shot Putters

LOS ANGELES (AP) — "Just one more," said the big man with the broadening waist line. His friends laughed cynically. So he took it in his hand, jiggled it a bit and jerked his neck back and forth with a nervous gesture, tapped his left toe rapidly on the ground, and threw the shot 55 feet.

Jim Fuchs, who holds the world's record in the shot put at 58 feet 10½ inches, bids for a place on the 1952 American Olympic team in the final shot put trials this afternoon.

He is fighting the longest, darkest jinx of the Olympic Games. World champions have had uniformly bad luck in the event.

In 1908 Wesley Coe of the U.S., former world record holder, was three feet under his best effort and wound up fourth in the Olympics.

In 1932 three former world record holders—Zygmunt Heljasz of Poland, Frantisek Douda of Czechoslovakia and Emil Hirschfeld of Germany — were beaten by an American, Leo Sexton.

In 1936 Jack Torance, first of the great modern shot putters who held the world record at 57-1, was a sad fifth at 50-5½.

In 1948 Charles Fonville, the Michigan Negro who had just set the world record at 58½, hurt his back and couldn't even make the U.S. team.

Fuchs has a torn ligament in his right foot. He received the injury five weeks ago and has been unable to rest properly because of the need to get in shape for the games. Although below par, he should make the team, and between now and the start of the games July 19 he might get back into top shape.

Chief rival of Fuchs is Parry O'Brien of Southern California, who did 57-4¾ in the AAU championships to win. Fuchs did 56-11½. And breathing hard down their necks are Otis Chandler, Darrow Hooper, Stan Lampert and Bernie Mayer—all capable of 55 feet or better. It's the best group of shot putters ever assembled in track and field competition.

Fuchs must battle these cordial giants as well as the strange fate that has pursued record holders in the Olympics.

Cubs Pushing Toward Top

The Lions Cubs began to crowd the top in the Little Baseball League last night as they won over the Quarterback Giants 7-5.

The Cubs, holding a record of 8-4, are only a half game behind the first place Whiteway Yanks (8-3).

Although the Giants managed seven hits over the pitching of Joe Clendenon, they committed 10 errors. The Cubs, allowed only two hits by Tommy Mills, had three errors.

The Kiwanis Braves are now tied for last place after defeating the Optimist Cardinals 7-6.

Dwayne Overman, winning hurler, gave up only four hits, while Bud Morgan loser, allowed seven. Each team committed two errors.

Both teams now have 4-7 records.

LEAGUE STANDINGS

Whiteway Yanks	8-3
Lions Cubs	8-4
Holder Indians	5-6
Quarterback Giants	5-7
Kiwanis Braves	4-7
Optimist Cards	4-7

Second Round Of Inverness

TOLEDO, O., June 27 (AP)—The temperature and the scores were due to be lower today as a dozen of the country's top professionals romped into the second round of the $18,000 Inverness invitational golf tourney.

The thermometer hit 100 in yesterday's first round and most scores were high, too.

Ed (Porky) Oliver, Belmont, Ill., paired with Doug Ford of Harrison, N. Y. to snatch the lead in yesterday's first round with a plus-three score.

The two stars ripped seven strokes off par with a 64 performance to hand a three-down defeat to Jimmy Demaret and Jack Burke.

Sam Snead and Jim Ferrier finished one up over Clayton Heafner and Marty Furgol, and Byron Nelson and Skee Riegel had the same margin over Lloyd Mangrum and Cary Middlecoff.

Nevada Divorce Not Recognized By Court

LOS ANGELES (AP)—The divorce that railroad heir Henry E. Huntington II obtained in Nevada last March is not valid in California, a court has ruled.

Superior Judge Thurmond Clark refused to recognize the decree as valid when the issue came up yesterday during trial of a divorce suit brought against Huntington by Martha Outlaw Huntington, former model.

The judge made the ruling after Huntington's attorneys asked that his wife's action be dismissed. The couple married in 1944 and Mrs. Huntington asks $2,300 a month support for herself and their two small sons.

Mayor Rules Girls Can't Wear Shorts

CLEVELAND (AP)—The gal workers at Cleveland City Hall are not going to wear shorts, regardless of the sizzling weather, Mayor Thomas A. Burke so ruled yesterday after some of the girls had requested permission when thermometers bobbled to a bake-oven 99.

California Players Take Tennis Tourney

EVANSTON, Ill., June 27 (AP)—Pacific coast players monopolized the NCAA tennis tournament today as it entered the quarterfinals.

UCLA, favorite to dethrone Southern California for the team crown, was led by Sophomore Bob Perry, seeded No. 2. Two other seeded stars of the school were going strong: Larry Huebner, No. 6, and Ron Livingston, No. 11.

All took straight-set victories in moving through yesterday's fourth round.

UCLA had two doubles teams going in the quarterfinals. Top-seeded Hugh Stewart was Southern California's only hope in the singles. Stewart and Allen Cleveland were seeded second in the doubles draw.

Senator Kerr Thinks He Will Be Nominee

SEATTLE (AP) — Sen. Kerr (D-Okla) said yesterday he expects to win the Democratic presidential nomination as a "second choice" after a deadlock develops at the National Convention.

He told a group of party leaders at his one-day stop here that the Democratic nominee will have an easier time because "on the other side Sen. Taft (R-Ohio) and Dwight D. Eisenhower are killing each other off."

Kerr said he did not believe the people of this country would support any retreat toward isolationism.

Patty Berg Is Leading Field

PHILADELPHIA, June 27 (AP)—Patty Berg has a long memory. As a result the red-haired golfing ace is one stroke ahead of the field today as the seventh annual Women's Open golf championship goes into the second round.

The 34-year-old Patty from St. Andrews, Ill., shot a par 69 over the Bala Country Club Course yesterday, to top the 70 carded by Louise Suggs, of Carrollton, Ga.

Patty was a Marine Corps officer during World War II. She was stationed in the Philadelphia area and one day played at Bala. She found the course tricky and never forgot it. Remembering the tricky twists of the course paid off yesterday.

Most of the field found the premium here is on accuracy. This, plus 100 degree temperature, skyrocketed scores. Such talented pros as Marlene Bauer of Sarasota, Fla., soared to an 83.

Miss Berg's 36-33—69 tied the National Open one round record established by Miss Suggs at Prince George's Golf and Country club, Landover, Md., in 1949.

Defending Champion Betsy Rawls from Austin, Tex., turned in a 72. Other scores included: Betty Jameson, San Antonio, 71; Betty McKinnon, Dallas, 74; Alice Bauer, Sarasota, Fla., Beverly Hanson, Fargo, N. D., and Betty Dodd, San Antonio, 76s.

Legion Grabs Third Place

The fourth win of the season was picked up by Town & Country in the Snyder Fastball League last night when the nine scored 15-5 over Hermleigh.

The Town & Country squad now stands in eleventh place with a record of 4-7. Hermleigh is twelvth with 3-8.

Both teams scored on six hits. Town & Country committed three errors, while Hermleigh had five. Winning pitcher was Alvin Roberts and loser was Bill Voss.

American Legion, formerly tied for third place with two other teams, grabbed the standing for itself last night by defeating National Guard 15-9.

Lloyd Rinker and Ted Masters hit two home runs, a part of the Legion's 11 hits. Masters was winning hurler. He allowed the Guard nine only six hits.

Raymond Treat hit the one homer for the Guard. Henry Treat was losing pitcher.

The Legion had four errors, and the Guard had eight.

Pan American, sixth place team with a record of 6-4, will meet Diamond M(9-11), first place, nine, at 7:30 o'clock tonight. Playing at 9 o'clock will be Humble (7-3) and West Texas State Bank (5-5).

All-Stars Are Being Picked

CHICAGO, June 27 (AP)— Five American and seven National League starting assignments for the all star game in Philadelphia July 8 appeared settled as the nationwide poll of baseball fans drew to a close today.

The 22-day voting will end at midnight tonight.

Rival managers, Casey Stengel of the New York Yankees and Leo Durocher of the New York Giants, will select their own pitching staffs.

The fans' vote will determine the other starters.

Latest tabulations show these American League leaders who seem to have won spots: Eddie Robinson, Chicago, first base; Dale Mitchell, Cleveland, left field; Dom DiMaggio, Boston, center field; Hank Bauer, New York, right field, and Yogi Berra, New York, catcher.

National League starters line-up this way: Whitey Lockman, New York, first base; Jackie Robinson, Brooklyn, second base; Bobby Thomson, New York, third base; Hank Sauer, Chicago, left field; Stan Musial, St. Louis, center field; Enos Slaughter, St. Louis, right field, and Roy Campanella, Brooklyn, catcher.

Negro Good Drawing Card For Dallas Club

DALLAS, June 27 (AP) — Dave Hoskins the first Negro to play in the Texas League, is proving one of the greatest drawing cards this storied circuit ever knew.

At the moment Hoskins isn't pitching in regular turn because of a blister on the finger—he just works too hard when he's on the mound for Dallas—but the tall Negro already has won 11 games while losing only four with the season half gone.

Official attendance figures show that in the 15 games in which Hoskins has been the starting pitcher 94,125 have turned out. Strangely Hoskins draws better on the road than at home. In his four games away he packed in an average of 7,329.

Wants Try At Championship

BALTIMORE, June 27 (AP)—Heavyweight Champion Joe Walcott or light-heavyweight Joey Maxim next, it makes no difference to Archie Moore.

The old campaigner from St. Louis, as always, just would love a shot at a boxing championship.

For 16 years he's been batting around just about everybody in his natural light heavyweight division. For 11 years he's been rated No. 1 challenger by the National Boxing Association. That's as far as it has got him.

Now 35, with 123 fights behind him, the St. Louisan decided last night to go after the heavyweights. He took on the fifth ranking fighter of the division, Clarence Henry of California.

FLUVANNA'S FIRST BAPTIST CHURCH

Above is the First Baptist Church building in Fluvanna, where members and guests will hold all-day services Sunday to celebrate their fifty-fourth anniversary. The congregation is one of the oldest in Fluvanna. The building pictured was erected in 1909, eleven years after the church was organized.

Fluvanna Church Celebrates Its 54th Anniversary Sunday

About 30 members and a large number of former members and pastors of the First Baptist Church in Fluvanna will gather Sunday for an all-day service to observe the fifty-fourth anniversary of the organization of the church.

The church was founded June 15, 1898, with the Rev. G. W. Petty as the first pastor. Mr. Petty died at Gail in 1908. The members first met in a union building at Light, a settlement just east of where Fluvanna now stands. All churchgoers met at the same building, holding services together most of the time, until about 1908, when the Fluvanna townsite was established.

The various denominations split in 1908 and built their own churches and the members of the First Baptist erected a small building just east of the present building. The building now in use, which stands in the northeast part of Fluvanna, was built in 1909, when members hauled lumber from Colorado City. At that time, the church was at its prime. It was then composed of 87 members—almost three times as many as the church now has, according to Miss Hannah Steele, who served as church clerk and secretary for 32 years. Mrs. Katie Boatman is now clerk-secretary.

The church is large enough to hold about 300 persons in the auditorium, and it has two Sunday school rooms.

Only one of the 14 charter members of the church is still living. She is Mrs. Sallie Bridges of Lampasas, 76 years old, who plans to be present at the Sunday celebration.

Several of the former pastors of the church are expected to be there Sunday. Among them are the Rev. J. W. McGaha of Canyon, the Rev. Charlie Leslie of Hermleigh, the Rev. G. W. McCleod of Houston, the Rev. Raymond Guthrie of Arkansas, and the Rev. Raymond Turner of Anson.

The church does not have a pastor at the present time. The Rev. Frank Gage, who had been pastor for about six months, resigned last month to move to Bakersfield, Cal. The Rev. Newt Ramsey, who lives near Union, is now conducting Sunday services at the church.

Mr. Turner will be in charge of the Sunday services, when members and guests will spread lunch on the ground and remain at the church all day.

Russians Are Leaving Venezuela In Huff

CARACAS, Venezuela (AP)—The 36-member staff of the Russian Embassy sailed for home last night following a diplomatic squabble which resulted in Venezuela and Russia breaking off diplomatic relations.

They left behind them two disgruntled Venezuelan carpenters who had helped them pack. The carpenters complained the Russians refused to pay the bill for their work.

Church Council Calls For Improvement Of Racial Relations

CLAREMONT, Calif. (AP) — The General Council of the Congregational Christian Churches ended its 11th biennial meeting yesterday with the adoption of a resolution calling on Christians to improve race relations within the church.

"Churches and church-related institutions have been slow in changing their own discriminatory patterns," the resolution said, and "have often lagged behind other major institutions in our society."

The resolution urged the denomination to take "practicable steps to obviate discriminatory behavior at the earliest moment."

Japanese Girl Speaks At Circle Meeting

The Homemakers Sunday school class of the First Baptist Church held its monthly class meeting recently at the home of Mrs. W. R. Bell, Sr. Mrs. I. B. Roberson was hostess.

Miss Misako Hirabe, a Japanese student at Wayland College, presented the program. She spoke on the status of women in Japan and answered questions asked by the audience.

During the business meeting, plans for the annual class picnic honoring husbands of class members were discussed.

Members present were Mrs. W. S. Hatchet, Mrs. Bob Davie, Mrs. J. W. Kitchings and Mrs. B. V. Gillean.

Italians Get Another President Of Senate

ROME (AP)—Giuseppe Paratore, white-moustached Sicilian, has been chosen president of the Italian Senate.

The veteran 76-year-old legislator and former minister of post and of finance, replaces Enrico de Nicola of Naples, who resigned early this month after a deputy accused him of changing the wording of a law after it was passed.

The Senate requested De Nicola to return to his post but he refused.

ROE'S HOME & AUTO SUPPLY
2207 AVENUE S PHONE 3-3402

He could be your boy or the boy next door—this solemn-faced youngster trembling before a judge in the court of justice. His offense may have been small—or extremely serious. But he has been in the wrong and he must answer for his misdeed.

Yet the blame might be placed on neglect—neglect of his parents to provide healthy outlets for his exuberant energies, neglect in occupying his free time with constructive interests, and neglect in providing a spiritual background.

Many parents fail to realize that proper spiritual guidance as well as physical and mental training can prevent just such predicaments as this. A child of religious background, well-educated in the basic ideals of Christianity, will not wilfully commit a crime against society.

Where does your child stand—alone? Or are you, his parents, with him all the way, your hands joined with his and with your unseen Father above?

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Book	Chapter	Verse

Jaycees Hear Kefauver Speak At Luncheon On Fair Grounds

DALLAS, June 27 (AP)—Convening Jaycees heard Senator Estes Kefauver (D-Tenn) in a speech before a gigantic luncheon today and continued the super horseplay which has shaken Dallas for four straight days.

Kefauver spoke before a luncheon crowd that jammed the 85,000-square-foot Automobile Building on the Texas State Fair Grounds. He thus put himself at the mercy of 6,000 hilarious celebrants who yesterday heard President Assistant John R. Steelman.

Steelman left for a Mexico City rest soon after completing his speech.

Only occasionally as Steelman spoke did a Jaycee raise his .45 caliber pistol and fire a volley of blanks.

Earlier, downtown Dallas had rocked to the "Parade of States," one of the high spots of the 32nd annual convention of the U. S. Junior Chamber of Commerce. Parading Jaycees and the thousands of spectators that lined the streets joined in the high jinks as the 52-block-long spectacle was unreeled.

Today, two of the candidates for Jaycee president—Horace E. Hunk Henderson of Williamsburg, Va., and Douglas L. Hoge, Cincinnati, O., were to meet in a Western style pistol fight. Everybody hoped they would use blanks.

Most of the demonstrators at the auto building yesterday joined the parade for Henderson. Only Ohio and Mississippi delegates demonstrated for Hoge. Henderson, slight and blond was to step out of the Adolphus Hotel today at the same time Hoge, husky and bespectacled, was to step out of the Baker, on the opposite corner of the roped-off street.

Winner of the duel will be the one who, according to a sound meter, gets off the most shots.

Yesterday, Oklahoma Governor Johnston Murray took one look at a horse picked out for him to ride in the parade. "No," he shouted. "What rodeo did you steal that horse from?" He rode in a convertible.

Chairman R. W. Kemler of Marshalltown, Ia., asked Jaycees to "let's not fire our pistols while Senator Kefauver is speaking—to us. Not in the building here, anyway."

The Senator was to arrive here at 10:30 a.m., CST, make his luncheon speech after meeting the Jaycees in the Adolphus Hotel and then meet with Democratic Party delegates from 2 to 2:30 p.m. A press conference was scheduled for midafternoon and Kefauver's departure was to come soon after.

Heat Troubles Across Nation

By The Associated Press

Perspiring Indianapolis police were asked to find the thief who stole a pair of ice skates from an automobile. They were owned by a woman who was going to a Michigan resort where there's an indoor ice rink.

Nearly 24,000 auto workers in Detroit plants were made idle by heat strikes yesterday—the third day of walkouts caused by temperatures around the 100 mark.

Two Springfield, Ill., laborers loaded a truck with bags of insecticide then complained about the heat. Their foreman sent them home. Less than four hours later both men died in a hospital. Doctors said they would investigate to determine if fumes from the chemical were a factor in the deaths.

George Eleff's idea of cooling off was to take a ride in his car. He took along his year old pet monkey, Sam. The monkey made it hotter for Eleff when he leaped onto the steering wheel and promptly crashed into a railroad viaduct in Joliet, Ill. Eleff told Police Magistrate Martin Jackson it was an error in judgment to let the monkey drive his car. The magistrate called it disorderly conduct and fined Eleff $10.

Traffic cops in St. Louis are complaining about heat-weary pedestrians moving at snail's pace while crossing streets. "People just poke along," complained Capt. William G. Gibulka. He recommended: Pick up the cadence, at least from curb to curb, or run the risk of being run down by a perspiring and short-tempered motorist.

Attlee, Deep In Thought, Gets In Wrong Room

LONDON (AP)—Conservative Parliament members were holding their usual weekly secret strategy conference in a House of Commons committee room.

Suddenly the door opened and a slight figure, head bowed in thought, walked in, stepped on the platform and made for the chairman's seat.

Shouts from the astonished Conservatives woke the intruder from his reverie. Labor party leader Clement Attlee beat a hasty retrat.

Attlee, en route to a similar meeting of his own party in a nearby room, had opened the wrong door by mistake.

The story of the incident, which occurred Wednesday, leaked out today.

Child Electrocuted

WEYMOUTH, Mass. (AP)—Three-year-old Linda Pekkanen was electrocuted yesterday when her perspiration - soaked body became wedged between a short-circuited floor lamp and a metal radiator. She was chasing her pet kitten in the living room of her home.

Texas Congressmen Are Shown Voting For Social Security

Texas Congressmen voted with the majority on two important measures last week, according to the Congressional Quarterly's report to the Daily News.

When the Senate sent back to its Foreign Relations Committee the St. Lawrence Seaway bill, Tom Connally voted for the recommittal and Lyndon Johnson, though a vote was not recorded for him, declared himself in favor of it. The recommittal carried 57 to 30 — Democrats voting 25 to 15 and Republicans 32 to 15.

Connally stuck to his customary opposition of the bill, saying the project would cost $1 billion.

Robert Taft, Estes Kefauver and Robert S. Kerr, among Senate presidential aspirants, supported the proposal by opposing recommittal.

Only one Texan in the House—Clark Thompson of the Ninth District—opposed the Social Security bill which the House passed with a vote of 361 to 22. The 11 Texas House members whose votes were on record included George Mahon, voting for the measure.

The bill had been amended after the American Medical Association said it held a provision that opened the door to socialized medicine. The measure passed by the House would:

Increase old age and survivors benefits by $5 a month or 12.5 per cent, whichever is greater

Raise minimum benefits payable to retired workers from $20 to $25 a month

Increase maximum benefits payable to a family from $150 to 168.75 a month

Increase from $50 to $70 the earnings a beneficiary can make while receiving retirement pay

Credit servicemen with earnings of $160 a month toward Old Age and Survivors Insurance rights.

County H-D Agent Resigns

Resignation of Mrs. Mildred Sparks, acting county home demonstration agent, was accepted this week, effective immediately.

Mrs. Sparks, who has been instrumental in securing added appropriations for home demonstration work and in adding new equipment to the agent's office, was the first home demonstration agent the county had had in several years. She became acting director in March, 1950.

The office will be open until a new agent is assigned, although 4-H Club meetings will be postponed until further notice.

Besides working with home demonstration clubs and 4-H clubs throughout the county, Mrs. Sparks has answered readers' questions about homemaking through "Ask Mildred" which has appeared daily in this newspaper.

The goldfish is closely related to the carp.
