Fair Opens Two Day Run On Friday

MOON WALK

Taking a moon walk, this trio frolics in one of the new fun events at the Collingsworth County Fair Carnival. It is one of several rides or fun houses brought to Wellington for the first time. Moving air underneath the plastic floor makes walking an up-ending experience. The carnival will be here through Saturday night. Jest Amusement Co. of Stamford has brought its carnival to Wellington every year since 1972.

Championship Tourney Slated

The climax of Wellington Country Club summer golf tournament series comes this weekend with the playing of the club championship tournament sponsored by the Wellington State Bank Saturday and Sunday, September 12 and 13.

Champions in both the men's and women's divisions will be determined.

All players must be club members, although those who have been playing by paying a green fee still have time to join the country club and play for the championship, Randy Cole, club pro, said.

Defending club champions are Louise Mabery and Willie Gragson.

Tee off time both days will be 8:30 for the women and 1:30 for men.

Four flights for the men, with approximately 50 players, and three flights for women, with an estimated 25 players are planned.

All men's flights and the women's championship flight will play 36 holes. The other women's flights will play 18 holes.

Wellington State Bank is sponsoring the entire tournament, including trophies, other prizes, and a dinner Saturday evening for the players and their families, said Bill Beall, president. Everyone in both the men's and women's tournaments will receive

WSB golf caps.

"Few can remember when a club championship has been determined on a course in so nearly a perfect condition as this year's tournament," Cole declares.

"The roughs have been mowed and the fairways, aprons and tees are in as good a shape as they can be on a course so young," said Cole.

"If you don't go to some other places, you can't appreciate the condition of our course."

The bank's sponsorship of golf tournaments goes back to the 1960s.

p.m. Friday, one hour longer than in the past.

There will be an earlier closing hour Saturday, 3 p.m., when all exhibitors should be at the building to pick up their items.

Fair Week started Monday, Sept. 7 with the opening of Jest Amusement Co. Carnival at Marian Airpark on the grounds of the old golf course. The Carnival will remain through Saturday night, according to Margaret Vines, C-C secretary.

Old Settlers will begin registering for their annual reunion at 10 a.m. Friday, at the Senior Citizens Center. They will come to the square to watch the parade, then return to the center for a covered dish dinner, pro-

gram and business meeting in the afternoon.

The parade which comes onto the square at 11 a.m. will be longer than last year.

Additional parade information is included in another story in this issue.

The exhibit building, will open as soon as the parade ends.

At that time, also That Skyrocket Band will hold its annual pep rally on the court house lawn.

Two new outdoor exhibits are slated.

Don Reeves and E.S. Hale, Jr., are bringing a farm machinery show, including some large and sophisticated pieces of equipment. The Farm Machinery show will be on the paved lots immediately

north of the community center.

Wellington's National Guard unit will display some of its weaponry and vehicles on the City lot immediately east of the community building.

Inside the community building, the agricultural exhibits will be set up by Wellington Future Farmers and Samnorwood Future Farmers.

The Art Show, a major part of the Fair, is under the direction of Henry Sullivan. There will be classes for both adults and youths in various mediums. Again, children in the elementary grades of Wellington and Samnorwood Schools will have a division of their own. Ribbons will be awarded to

winners, with rosettes to the grand champions.

Wellington State Bank will use the overall champion picture on its 1982 calendar.

Women and girls in separate departments will show clothing, baked foods, canned foods and preserves, as well as household crafts and textiles, including a large class of afghans and quilts.

Dollie Mae Wilson is chairman of the women's division and Jean Chandler of the girls division.

Mrs. Chet Long is Hobby Show chairman, which offers every age group an opportunity to exhibit a hobby. There are classes to cover a wide variety of items.

COMMERCIAL BOOTHS

Commercial exhibits will be located in the American Legion Building and will offer a variety of items for sale.

Nothing is to be sold in the community building.

Those having booths will be Scott's Gifts, by Jerry and Glenda Scott; Dodge Western Picture Frames and woodwork, John and Patsy Dodge; Thomas Nursing Center, crafts made by the residents; Garden Club; Extension Homemakers Clubs; Girl Scouts; and Mattie Winton, Shaklee Products and Sundancer.

EDUCATIONAL BOOTHS

Two educational booths will be set up in the

Rockets Host Panhandle Friday

Wellington Skyrockets open their home schedule playing the Panhandle Panthers at Powell Field Friday, Sept. 11. Game time is 8 p.m.

This is the 1980 opponent that went on to the State Class AA semi-finals and finished the season 11-1-1.

This year the Panthers are picked No. 1 in District 1-AA, although pollsters rate them a little weaker than in 1980.

Panhandle defeated River Road, Amarillo, 14-0 in the season opener Friday, Sept. 4.

"Their big asset is their

passing game," declared Wellington Head Coach James Williams. "They threw 24 times against River Road."

The Panthers are sparked by quarterback Tod Mayfield, a second team All-State quarterback last year, and called, a "potential All-State selection" this year.

"They also have a wide receiver, Kevin Brown, who is one of Mayfield's favorite targets," Williams said. Two others who handle Mayfield's passes are Todd Lamberson and split receiver Jody Wood.

"As far as their offensive attack, they try to throw more than run. We'll try to

stop their passing."

The two teams are about the same size.

Defensively, they run a 5-3 and probably their most outstanding middle linebacker is James Whitt, although Lamberson plays linebacker on defense.

"It's going to be a real big challenge for us," Williams said.

"They have more starting experience than we have and more playing time, for they played three extra games last year.

"It's also a good challenge, so we can play a quality team this early in the season, and we will know Friday night what kind of

Sunday Mail Service Ends

Wellington becomes the victim of a cutback on mail service, effective Sunday, Sept. 13.

Postmaster L.B. Bratten summed up the directive he has received from Sectional Center Manager Postmaster C.T. Davis of Amarillo:

"No mail coming in, no mail going out, no mail in the boxes, no one at all at the Post Office. The truck (carrying mail between Wellington to Childress) won't run and we won't work any more on Sunday."

Purpose of the curtailment of Sunday mail routes in the Texas Panhandle is to save fuel and because of the low volume of mail. Davis states that 26,000 gallons of gasoline will be saved annually in the Panhandle area.

Bratten points out that in the past there has been no mail "quite a bit on holidays, but not on Sundays."

"On Sunday and Monday

of this week, no one was in the Post Office and so far I've not had one complaint," he said laughing heartily. "I don't know if anyone noticed it."

Field Meeting Planned For Peanut Growers

A field meeting of peanut growers has been called for Monday, Sept. 14, at Jerol Morris' peanut field north of Quail, Extension Agent Don Reeves has announced.

Starting time will be 3 p.m. and Reeves urges all peanut growers to attend.

Two Extension Service staff members will be present to discuss problems relating to this crop.

Dr. Leland Tripp, state agronomist specializing in peanuts and other oil seed crops, is expected to discuss

nut grass in peanuts, among other problems.

"We still have a lot of nut grass, and this might be a good time to quiz him as to whether there is a way we can have control of this nut grass situation," Reeves said.

Dr. Thomas A. Lee, Jr., area extension plant pathologist, Stephenville, will be the other speaker. He spends most of his time with peanut diseases in the central Texas area.

"We always have had

some leaf spot problems and if this is one of your worries, you will find his discussion to be of interest," said the Extension Agent.

The meeting is open to the public and we invite anyone who is interested to be there.

Both men will stay as long as the farmers want to visit with them, according to Reeves.

The county has approximately 640 acres of peanuts this year, all of it located in

County, Hospital Tax Hikes Proceed

The commissioners explained and the taxpayers complained and at the end of the meeting the commissioners voted to go ahead with their plans to increase the county's budget by 12½ and increase the local property tax levy by 96%.

The meeting was a public hearing last Thursday on the proposed tax increase. Most of the meeting was given over to examples by County Judge Bob Watson of inflation that the county had to contend with over the past 12 years. One example was that diesel cost the county 12.25 cents per gallon in 1970 and it is costing the county \$1.08 per gallon this year, Watson said.

Taxpayers who jammed the county court room had several questions, including asking what the procedure was to petition for an election to roll back taxes.

Many of the questions, however, involved the new valuation notices which had just been received as part of the county wide reappraisal. The commissioners referred all the questions on the new valuation notices to Chief Appraiser John Duncan's office and to the Tax Appraisal Board.

There were several ques-

tions about whether the tax rate can be set before the Board of Equalization meets on September 22, and Watson said that it was his understanding that it could be set and the Commissioners Court would accept a final budget and set a tax rate at regular meeting on Monday, Sept. 14.

One man suggested that

the county get a court order to use last year's valuations instead of the new reappraised valuations.

After the county hearing adjourned, the hospital district board held their public hearing on their proposal to increase their property tax levy by 49%.

All but a handful of those

It Takes a Parade to Start a Fair

The longest parade in recent years, including the lively music of That Skyrocket Band, will open the 1981 Collingsworth County Fair at 11 a.m. Friday, September 11.

It isn't too late to enter a float or other entries, declare Jack and Frankie Campbell, parade chairman.

"It doesn't have to be elaborate, but we want businesses and organizations in the county represented," they say.

Besides the floats in several categories, there will be horses and their riders, including riding clubs and individual riders, ranging from tiny tots riding with parents to veteran cowboys.

Bicycles and motorcycles will have a place, along with antique cars, horse drawn vehicles.

Emphasis will be on the new farm equipment division, and included in the parade will be equipment

which will be in the farm equipment show later.

The National Guard will display its equipment.

Because of the length of this year's parade, it will go around the courthouse square only one time, Jack Campbell announced, but it will travel at a pace that will enable everyone to see everything in it.

Campbell announced that the judges stand will be moved to the southeast corner of the square this

year. "We believe this will give our judges the best opportunity to see every part of the parade."

Heading the parade will be the color guard, carrying the flags of the United States, Texas, Collingsworth County and Wellington.

Immediately behind them will march That Skyrocket Band. The fire trucks from Wellington and Samnorwood and ambulances will

Norwood Firemen to Serve Fair Barbecue

Samnorwood Volunteer Fire Department will serve the beef barbecue Friday, September 11, at noon. This is a traditional part of the Collingsworth County Fair, Fire Chief Kenneth Martindale announced.

The barbecue will be in Ellison Park, and the serving line will open at 12

noon and continue until the food runs out, he said.

Tickets are on sale by members of the fire department and the cost is \$3.50 per ticket.

Aiding the Fire Department in sponsoring the barbecue by providing beef are the Wellington State Bank and Doug Coleman.

This year, the meat and barbecue sauce will be prepared by Carroll's Barbecue of Dumas. This is Carroll Williams, who formerly operated Carroll's at Shamrock.

"He is preparing the barbecue just the way he used to fix it at Shamrock, and he will bring it to us," said Martindale.

Proceeds from the sale will be used by the firemen to benefit their department.

PET SHOW

Back at the court house lawn, the Pet Show will open at 10 a.m., to a wide variety of animals and their youthful owners. Ribbons will be awarded.

Walter Clements is chairman and he is also fair co-chairman with Hudson. This is one of the favorite events of the show.

Wellington Lions Club will stage their Terrapin Race at 1:30 p.m.

Another of the late events will be the Wellington Volunteer Fire Department Water Polo contest.

be next.

After the parade, the band will hold its regular pep rally on the courthouse lawn.

In addition to places around the square, those who are unable to stand for long periods may watch from cars on the two parking lots of First United Methodist Church which have been made available.

This year, the paved area north of the Bura Handley Community Center is reserved for the Machinery Show.

Entry numbers must be picked up by participants at the Chamber of Commerce office at 914 West Avenue, by 5 p.m. Thursday. Those who cannot do this should pick up their numbers the first thing Friday morning.

Bicycles and motorcycles will go single file in the parade so that judges and spectators may see them better.

Campbell outlined the parade route.

It will form on West Avenue, and travel north to the southwest corner of the square, turn east and go around the square back to the southwest corner, where it will turn onto 9th street for two blocks west to 9th and Bowie Streets (The Methodist Church.) The route then goes south on Bowie, where the parade will disband.

Following the same plan as last year, the parade will form on West Avenue, but the various divisions will form on the side streets and be fed into the parade as it moves toward the square, in the order that they are scheduled to appear.

Everything must be in place by 10:30 a.m. Campbell said.

Participants lining up on the side streets should face toward West Avenue.

Here is the schedule:

Bicycles will line up on 11th Street between West and East Avenues.

Motorcycles: 11th Street between West Ave. and Amarillo Street.

Antique cars: 12th Street between West Ave. and Amarillo Street.

Floats: youth division, 12th Street between West and East Avenues.

Adult organizations, miscellaneous floats and the National Guard Armory, 13th Street between West and East Avenues, and to Arlington Street if needed.

Commercial floats: 13th Street between West Ave. and Amarillo Street.

Farm machinery: 14th Street between West and East Avenues and to Arlington if needed.

Horse drawn vehicles will lead the horse division and all will begin lining up on 14th street between West Avenue and Amarillo and on toward Bowie Street.

spring of 1900 and settled southeast of Vinson.

Mrs. Chambers was born in Ellis County August 2, 1895.

She was married to Clark Chambers December 30, 1914.

One of her daughters, Novella Chambers Word, retired in May from the Wellington School system, where she taught in Junior

Recognition will be given to the old settler who has traveled farthest to attend, the oldest one present, the one having the most grandchildren and the person who has lived in the county longest.

An old settler is anyone who has lived in the county 25 years or more or who lived here 25 or more years ago, Mrs. Manuel explain-

ed.

Anyone wanting additional information may contact Mrs. Manuel by calling 447-2935 at the RSV building or 447-5728 at her home.

Tanya Brown, Kerry Fahnert Marry in Amarillo Church Rites

Wedding vows were exchanged by Tanya Joyce Brown and Kerry Lee Fahnert in Pleasant Valley Baptist Church, Amarillo, on Saturday, September 5, at four in the afternoon. The Reverend Ludwig Otto, pastor, officiated.

The bride's parents, Mr. and Mrs. Leroy S. Brown, 2716 South Woodland Street, Amarillo, formerly lived here. She is the granddaughter of the late Mr. and Mrs. Clyde Brown and the late Mr. and Mrs. Robert N. Johnson, whose families were among the early settlers in the Lillie and Needwood communities. She is a niece of Mrs. Dollie Wilson, Mr. and Mrs. Malcolm Horton and Mr. and Mrs. Jerol Morris.

Parents of the bridegroom are Mrs. Lou Fahnert, 409 South Manhattan Street, and Mr. and Mrs. Kenneth Fahnert, 713 Fairland, Amarillo.

Altar decorations were spiral candelabras entwined with ivy at the sides, and a 15-branched arched candelabra with a basket of talisman gladiolas, peach carnations and baby's breath at the center.

Presenting the wedding music was Janice Hammock of Amarillo, organist.

The bride wore a formal floor length wedding gown of sheer organza and re-embroidered Chantilly lace over bridal taffeta, designed with a high neckline, empire waist, long bishop sleeves and semi-A-line silhouette with full back. Inserts of the lace, enhanced with tiny seed pearls, complimented the neckline, bodice, sleeves and skirt, and the full back extended into a sweeping chapel length train. Her mantilla veil of imported illusion, with a border of matching lace, fell from a lace coil to hem length. She carried a bouquet of white silk roses, lilies, azalea blossoms and peach gladiolas, with peach lace and long streamers of white satin ribbon.

The bride's attendants were Miss Jodie Grant, maid of honor, Miss Shelly Harkleroad and Miss Darla Jones, bridesmaids.

MRS. KERRY LEE FAHNERT

Their dresses of peach crepe, had a matching ruffle with flowers of darker peach pink and lilac around the slightly off-shoulder bodice. The skirt was gathered at back and side front, with peach satin ribbon marking the waistline. They wore peach flowers and baby's breath in their hair and carried free style arm bouquets of silk flowers in peach, pink and lilac.

The flower girl was Chante' Monique Moore of Amarillo, whose dress matched those of the other attendants.

Leslie Buford, also of Amarillo, was ring bearer.

Gene Harrison of Sunray was the best man and groomsmen were Steve Barrera and Mike Cruz, both of Amarillo. Ushers were Kenneth Fahnert, brother of the bridegroom and John Milback, both of Amarillo. They also lighted the candles.

After the ceremony, Mr. and Mrs. Jones were hosts at a reception in the church fellowship hall.

New Valuations

County taxpayers who think they have a
mistake on their new valuation notices will have an
opportunity to meet with the appraisal firm who
appraised their property next week.

It's the time to bring up any problems or
questions you have regarding all of the tax notices
you have received over the past week--county,
school and city.

The appraisers will hold informal hearings on
Tuesday, Wednesday and Thursday, September 15
through 17 from 8:30 a.m. to 5:00 p.m. next week.

No appointment is necessary. If someone
needs further information about the hearings, they
should call the appraisal district office, 806/447-
2568.

Taxpayers can appeal their valuations to the
Board of Equalization at their meeting on
Tuesday, September 22, whether or not they go to
the informal hearings with the appraisers.

But you may be able to get your problem
straightened out next week and avoid having to go
to the Board of Equalization. ---Henry Wells

LETTERS from the People

Dear Editor:

It is my opinion that
incidents like accidents are
usually caused and seldom
just happen. Seems to me
that the best way to
determine the contents of
the mill would be to
scrutinize that which is fed
into the hopper. We must
never let the victim carry the
responsibility as the crime
goes actually unsolved, and
we must never defeat the
Legal Contract. I think it is
good that God gave us
knowledge to write, read
and figure.

J.D. Graves, Jr.
Amarillo, Texas

Dear Editor:

I was very interested in an
article in this past week's
paper. It was about a young
Japanese lady who will
attend school in Wellington
this year.

When I was in high school
in the late 50's and early
60's, I started a correspon-
dence with a Japanese girl
in Osaka, Japan. We still
correspond and she has
visited in my home three
times since 1968. It is very
rewarding to know and
correspond with someone of
another country.

I hope Minako enjoys her
school year in Wellington
and can take home with her
many good memories.

Sincerely,
Ann LeVine
Azle, Texas

STATE CAPITAL HIGHLIGHTS

TEXAS PRESS ASSOCIATION

AUSTIN—The Texas Su-
preme Court last week up-
held a lower court ruling
which threw out the redist-
ricting plan for the Texas
House of Representatives.

Immediately all eyes turned
to the Redistricting Board,
provided in such emergen-
cies by the Texas Constitu-
tion, for clues to how the
final redistricting map will
be drawn.

That board is composed
of five Democrats and no
Republicans, not by design
of the Democrats, but by
the Constitution. Sitting
on the board are the Lt. Gov-
ernor, House Speaker, Attor-
ney General, Comptroller
and Land Commissioner.
Except for the Speaker, all
are statewide elected offi-
cials . . . and all are Demo-
crats.

Serving the
needs of people
one at a time.

Republican Governor Bill
Clements, who enjoyed a
powerful role in the recent
regular and special sessions
of the Legislature, must now
pace the sidelines.

The map is now in the
hands of Lt. Gov. Bill Hobb-
y, Speaker Bill Clayton,
Atty. Gen. Mark White,
Comptroller Bob Bullock
and Land Commissioner
Bob Armstrong.

The political dynamics be-
hind the drawing of the new
redistricting plan is fascinat-
ing to politico-watchers.

A three-vote bloc will
carry any cause on this five-
member board, and those
who profess to be true
Democrats are eager to
make up for losses sustained
during the regular session.

Die-hard Republicans are
claiming that any gains in
House seats under the
thrown-out plan are mini-
mal. Perhaps what is at issue
here is how many seats will
be drawn which are to be
considered toss-ups in the
next election, to be won by
a competent candidate from
either party.

The Bloc—Where?

Undeniably, the most con-
servative official on the Re-
districting Board is Clayton,
followed by Hobby. Clayton
is approaching lame-duck
status with every new day,
but his seat on the Board
gives him prolonged clout
that his foes wish he didn't
have. Clayton's strength in
the House was a team com-
posed of the minority of
Republicans and a group of
conservative Democrats,
mostly from rural areas. He

should be rated the official
most likely to look after the
interest of Republicans.

Hobby is closer to the
Democratic party, but not
too much closer. Those who
regard themselves as true
Democrats fault Hobby for
not standing up to Clayton
and Clements during the
past session.

Hobby, a Houston multi-
millionaire, would probably
explain his stances as a pro-
tection of the conservative
position, and an attempt to
treat both parties fairly.

Going into the meetings,
Clayton and Hobby appear
to constitute two votes in a
potential conservative bloc.

Opposing Bloc

Two members who might
readily oppose any Clayton-
Hobby alliance are Bullock
and Armstrong. While they
risk being labeled the liberal
bloc, it is probably more ac-
curate to say the pair is
more inclined to protect the
Democratic Party.

They constitute a formi-
dable duo: Armstrong is re-
tiring from his office and
has little to lose. Bullock has
a macho mystique, and not

known to shirk from a heavy-
duty political fight.

Swing Vote

The swing vote could well
prove to be Mark White, the
man who is also most likely
to vote for a judicially fair
map. As Attorney General,
he should be the most con-
scientious official in terms of
meeting the requirements of
the Voting Rights Act.

However, that law was
drafted to protect the rights
of minority citizens, such as
Hispanics and blacks, and
not to protect any political
parties.

The Lobby

Still another group to be
considered is the powerful
group of special interest
lobbyists who frequent Cap-
itol halls. Conservative in
ideology and untied to ei-
ther party, they band to-
gether to contribute cam-
paign money to their favorite
officials and candidates.
How much influence they
will have as a group on the
five redistricting officials re-
mains to be seen.

Martin Indicted

State Rep. Mike Martin,
R-Longview, was indicted
for aggravated perjury last
week by a Travis County
grand jury. Jurors suspect
Martin lied to them about a
July 31 incident in which he
was wounded in the elbow
by a shotgun blast.

Martin posted \$5,000

and pleaded not guilty. A
clean-cut looking young man
who carried the "creation
theory" bill last session,
Martin is suspected of stag-
ing his own shooting for
publicity purposes. The shot-
gun may have been fired by
Martin's cousin, who has
told police the shooting was
rehearsed, then faked.

Farmers Union Elects Long

Benson Long, 1902 Graham, who has farming interests southwest of town, was unanimously elected president of Collingsworth County Farmers Union at its annual meeting Thursday, September 3.

He succeeds Carrol Nunnelley, who is completing a term in that office and who had headed the county FU earlier.

Four directors were elected for three year term, Andy Henard, Rudie Tate of Abra, Troy G. Thomason and Doug Seal.

Jimmy Breeding of Dozier was elected to complete a short term of two years. All of these were also chosen by unanimous vote. Other officers will be elected at the October meeting.

Nunnelley appointed a

resolutions committee consisting of Tate, Doug Coleman and Dennis Cudd. They will draw up resolutions to be voted on in the October meeting. Those approved will be presented at the State Farmers Union Convention to be held late this year.

Andy Henard reported on the District 1 banquet held recently at Spearman.

Nunnelley announced that the county FU has 123 members and its 1981-2 goal is set at 180 members, with a bonus goal of 207.

Following the adjournment of the Farmers Union Co-op went into session. This is the organization set up to hold ownership of the FU building, and Nunnelley pointed out that Collingsworth is the only county in Texas owning its own building.

The first muskets produced at a government arsenal were made in 1795 at Springfield, Mass.

PUBLIC NOTICE

BRIEF EXPLANATORY STATEMENTS OF PROPOSED

CONSTITUTIONAL AMENDMENTS

SPECIAL ELECTION
NOVEMBER 3, 1981

PROPOSITION NO. 1 ON THE BALLOT

Senate Joint Resolution 8 proposes a constitutional amendment that would allow the legislature to authorize cities, towns and other taxing units to grant exemptions from ad valorem taxes on an unproductive, undeveloped or blighted area in order to encourage its development. The amendment would also allow the legislature to authorize a city or town to issue bonds or notes to finance this development and to pledge future increases in ad valorem tax revenues from the property in such areas to repay these bonds or notes.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to authorize cities, towns, and other taxing units to encourage the improvement, development, or redevelopment of certain areas through property tax relief and the issuance of bonds and notes."

PROPOSITION NO. 2 ON THE BALLOT

House Joint Resolution 117 proposes a constitutional amendment that would authorize a person to receive a patent to land from the Commissioner of the General Land Office under certain conditions. Application for the patent must be made within five years from approval of the amendment. The land must be surveyed, public free school land not previously patentable. The person must have a properly recorded deed to the land, which he acquired without knowledge of the patent defect and which title he and his predecessors in interest have held for at least 50 years. The person and his predecessors in interest must have continuously claimed the land and paid the taxes for at least 50 years.

This amendment does not apply to beach land, submerged land, or islands. An applicant may not use this provision to

resolve a boundary dispute. This amendment will not apply to land which has been determined to be state-owned by a court of competent jurisdiction or that has a productive state mineral lease on the effective date of the amendment.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing the commissioner of the General Land Office to issue patents for certain public free school fund land held in good faith under color of title for at least 50 years as of November 15, 1981."

PROPOSITION NO. 3 ON THE BALLOT

House Joint Resolution 38 proposes a constitutional amendment that would enable the legislature to grant to a state finance management committee the authority to manage state funds. Funds constitutionally dedicated to specific purposes would not be subject to committee management. The committee would be composed of the Governor, Lieutenant Governor, Speaker of the House of Representatives, Chairman of the Senate Finance Committee, Chairman of the House Appropriations Committee, Chairman of the Senate State Affairs Committee, and the Chairman of the House of Representatives Ways and Means Committee.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to allow the legislature to grant to a state finance management committee the power to manage the expenditure of certain appropriated funds."

PROPOSITION NO. 4 ON THE BALLOT

House Joint Resolution 6 proposes a constitutional amendment that would provide that one-half of the surplus tax revenues

above the spending limit provided by Article VIII, Section 22, of the Texas Constitution would be placed in a Water Assistance Fund to be used as provided by law, including projects for water development and conservation, water quality enhancement, and flood control purposes or any combination of these purposes.

The amendment also provides \$500,000,000 of the general credit of the state to guarantee bonds issued in commercial markets by local political subdivisions, including cities, counties, and special districts. The amendment allows amounts to be established to decrease or retire state debt, which is defined as that debt secured by the full faith and credit of the state. The amendment would raise the interest that could be paid on authorized, but unused, bonds guaranteed by the full faith and credit of the state from 6% to 12%.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing the use of a portion of the excess revenues of the state for water development, water conservation, water quality enhancement, and flood control purposes; authorizing the use of the state's credit, not to exceed five hundred million dollars, to guarantee the bonds of cities, counties, towns, and other units of local government in the financing of projects for such purposes; increasing the interest rate that may be paid on previously approved, but unused, state bonds; and authorizing a program to retire state bonds."

PROPOSITION NO. 5 ON THE BALLOT

House Joint Resolution 49 proposes a constitutional amendment that would exempt livestock and poultry from taxation. Currently, farm products in the hands of the producer and family supplies for home and farm use are exempt.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to provide for the inclusion of livestock and poultry with farm products as exempt from taxation."

PROPOSITION NO. 6 ON THE BALLOT

House Joint Resolution 81 authorizes the governing body of a county, city, school district or other political subdivisions to exempt from taxation a portion of the market value of a residence homestead. The portion exempted may be as much as 40% for 1982-1984; 30% for 1985-1987; and 20% for 1988 and after. The amount of an exemption may not be less than \$5,000 unless the legislature by general law prescribes other monetary restrictions on the amount of the exemption. An eligible adult is allowed to receive other applicable exemptions provided by law. An exemption is made where ad valorem tax has previously been pledged for the payment of debt.

The amendment further directs the legislature to require that notice be given to property owners of a reasonable estimate of tax on their property in certain situations.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing a political subdivision to provide property tax relief for owners of residence homesteads and changing certain property tax administrative procedures."

PROPOSITION NO. 7 ON THE BALLOT

House Joint Resolution 4 proposes a constitutional amendment that would authorize the Veterans' Land Board to issue and sell an additional \$250,000,000 in bonds increasing the Veterans' Land Fund's total bond issuance authorization from \$700,000,000 to \$950,000,000. The amendment would increase the maximum interest payable by the state on these bonds from 6% to 10%, and permit an even higher rate, if specified by the legislature.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing the issuance of additional bonds to finance the veterans' land program and to increase the maximum interest rate allowable on veterans' land fund bonds."

Rockets Down Tigers, 12-7

The Wellington Skyrockets rolled to a 12-7 victory Friday, September 4 in the traditional season opener against Hollis.

It took the Rockets just 3 plays to score on their second possession after a bad Hollis punt turned the ball over to Wellington on the Hollis 13. Fullback Tim Harris followed good blocks by the offensive line to move the ball to the 1 in two plays. Then quarterback Bruce Alexander kept the ball and took it in for the score. A bad snap fouled Tito Nevarez' extra point kick and the Rockets led 6-0 with 2:44 to play in the first quarter. The Rockets never trailed throughout the game.

Wellington threatened to score again on their next possession after Tim Harris followed left-side line blocks then broke two tackles and cut right for a 47 yard gain. Runs by Kenneth Warren and Harris moved the ball to the Hollis 10 before the ball went over on downs.

The Rockets second score came on a 66-yard drive with runs by Kenneth Warren, Tim Harris and Bruce Alexander and a 15-yard pass from Alexander to Warren. At the 1 yard line, Rand Johnson, Brent Long and Hank Barnett mowed down the Hollis defenders and Tim Harris stepped

across the goal line without a hand on him. Bruce Alexander's extra point pass attempt fell shy of the mark and the Rockets led 12-0 with 6:53 to play in the second quarter.

The Rocket defensive secondary stymied Hollis' passing game throughout the evening, but the most spectacular play came when Wade Williams' close defensive work deflected a Hollis pass and Calvin Culpepper intercepted and took the ball to the Hollis 19 early in the third quarter.

On that possession Wellington drove to the Hollis 5 before a fumble cost them the ball. Rand Johnson recovered a Hollis fumble to give the Rockets another chance on the next play, but penalties backed the Rockets up to midfield where

they turned the ball over on downs.

Hollis' only score came early in the fourth quarter, when quarterback Kip Cummings kept the ball from the 1 yard line, following a 58 yard drive. Kent Metcalf's extra point kick was good and the score stood at 12-7.

Calvin Culpepper got best-catch-of-the-night honors when he grabbed Bruce Alexander's pass from between two Hollis defenders and spun down the sideline for a 26 yard gain. Three plays later Kenneth Warren broke out of a gang of Hollis tacklers and raced for a 31-yard touchdown, but the play was called back on a clipping penalty.

With less than a minute to play Calvin Culpepper intercepted a Hollis pass and his 40-yard return set the Rockets up on the Hollis 9 yard line. But Hollis recovered a Wellington fumble at the 2 yard line and hung on until the buzzer sounded.

Booster Club To Film JV This Week, Too

The Skyrocket Booster Club will film this week's JV game in addition to the varsity game, and will show both films at next Tuesday night's meeting, club officials said this week.

The club has also changed its meeting time from 7:30 to 8 p.m. at the Farm Bureau Building.

"We hope parents will come and watch the films of their kids," Charlie Lee Watts said.

Water Polo Contests Set

Wellington Volunteer Fire Department will sponsor its annual water polo contest Saturday, Sept. 12, in conjunction with one of the activities of the Collingsworth County Fair.

Starting time will be 3 p.m.

The games will be on the south side of the square, just after the terrapin races have ended.

Members of fire departments from Samnorwood, Shamrock, Memphis and Childress have been invited to participate, Gray said.

For those not familiar with this favorite game of firemen, a wire almost the

length of the city block is strung, with a large inflated ball suspended from it.

A two-man team holding fire hoses starts from the ends with the men adjusting the force of the nozzle as they need to obtain the force they want, as each team seeks to drive the ball into their opponent's area, Gray explained.

Women of the firemen's Auxiliary will have a concession stand on the courthouse lawn, selling ice cream, drinks, watermelon slices and other items.

Fire Damages Trailer House

Wellington firemen were called to a trailer house at 1200 Ennis Street about 8:30 p.m. Wednesday, Sept. 2, where a couch and bed were burning.

Fire Chief Danny Gray said he was told that although there was furniture in the trailer house, no one was living there.

He said he believed the fire may have been set by children who had entered the building and were playing with matches. The interior was smoke-damaged, he added.

Come to the Collingsworth County Fair

It's the showcase of the many things we have to offer...crops and livestock...cooking and sewing...art and the crafts.

Farm Bureau has one purpose...to work for the sturdy, self-reliant farm people like those in Collingsworth. While you are in town for the Fair, visit the Farm Bureau office and see what the biggest farm organization in the nation has to offer you individually.

Remember the County Convention and Free Barbecue Saturday, October 10

We will hold our Annual County Convention in the Community Building in Wellington. At that time a Free Barbecue will be served and new officers elected. Be thinking now of the resolutions you might want prepared.

Collingsworth County Farm Bureau

Come to see us during the County Fair!

We're proud to be part of a growing and progressive community. And the traditional county fair is a fine combination of the old things and the new things that make Collingsworth County a great place to live.

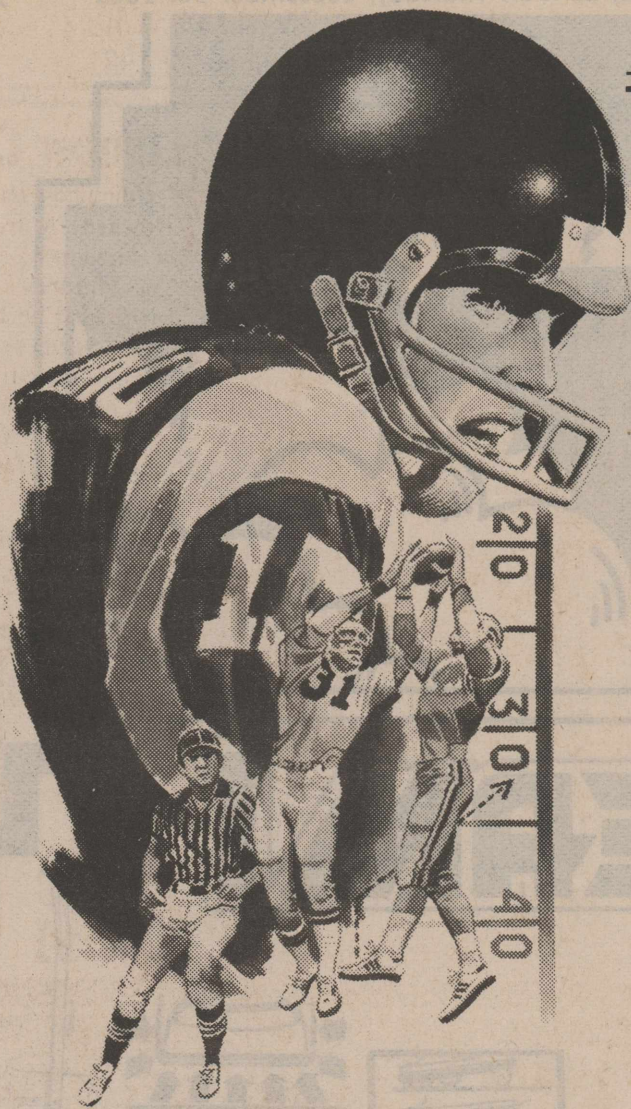

If you haven't been by City State Bank lately, come see how we're keeping some of the old and bringing in some of the new to create better banking for everyone.
