

SCRIMMAGE ACTION — Olton's Richard Hall, clad only in practice gear, played like the whole thing was for real in this run against Frenship here last week. Hall broke loose on a 25-yard touchdown sprint, the longest run of the day as the Ponies outshone a Frenship 11 which was dressed for the occasion.

Mustangs Open Season At Morton Friday Night

Football season opens with a bang this week as the Mustangs travel to face a rough and ready Morton team at Morton Friday.

Mustang coach Walter Bryan predicts a close game with the Indians—who made an outstanding showing against 2-AAA Canyon in a pre-season scrimmage last week.

Morton returns 10 lettermen from last year's team and should provide stiff competition for the Mustangs first game.

According to the coach the Mustangs will operate from a Wing T on offense, and the main object of their defense will be to stop the man with the ball.

The word from the Mustang coaching staff was a unanimous, "We'll get a real test over at Morton."

Several of the Indians return from last year's team which gave the Mustangs a stiffer game than the 26-8 would indicate. Bobby Dobson, fullback, was among the outstanding Morton players in last season's contest, scoring the Morton touchdown.

Quarterback Charles Ledbetter operated from the halfback position during most of last year's game, and he caught the extra point pass following Dobson's touchdown. And potential halfback Sherril Griffith gave the Olton players fits last year, when he was running the Morton game from the quarterback spot. Griffith is an all-around threat who can run, pass, block and do all the other things an all-around player is supposed to be able to do.

The Indians will present a lighter forward wall than they did last year, but they should still be able to pack a wallop. In the middle of the Morton line for the first game will probably be 189-lb junior Jerry Elliot. Beside him in the probable lineup will be guards Ronald Smart, 154-lb. senior, and Mike Irwin, 147 lb. junior. Tackles should be Donny Dewbre, 221-lb. senior, and Larry Smith, 165 sophomore. At the end of the line should be Ernest Cheshire, 180-lb senior and Eddie Holloway, 172 junior.

Charles Ledbetter, 154 senior, should be guiding the Indians from the quarterback spot, and Bobby Dobson, 185 senior, should fill the fullback position. Halfbacks should be juniors Kenny Palmer, 165, and Jimmy Joyce, 145, or the terror of them all 6 feet 6 inch 220-lb Sherril Griffith. The Mustang coach said late Wednesday that he still hadn't picked his starting 11 for the game.

But the probable lineup for the Mustangs, as outlined by

Bryan, puts Dennis Givens at center, Leon Kendall and Don Sopher at guard, Dwight Clark and Don Mitchell at tackle, Darrell Glover and Charles Church at end, Joe Costello at fullback, Richard Hall at quarterback, Richard Hall at either wing-back or tailback, and the other halfback position is up for grabs—with Jackie Burkhalter, Dale DeBerry, Ronnie Digby and Jerry LaFrance doing the grabbing.

The Mustangs will go into the Morton game with a pretty good set of credentials as far as their defense is concerned.

The Ponies held Frenship to very little yardage on the ground in a scrimmage here last Thursday, and they rolled up eight touchdowns to Frenship's one on the offensive side. But the Mustang pass defense

was somewhat leaky, and most of Frenship's gains came on aerials.

Richard Hall showed well as a runner for the Ponies, reeling off the longest run of the afternoon, a 25-yard touchdown sprint.

Morton comes into the game with an impressive scrimmage win over AAA Canyon. The Indians scored twice while holding Canyon scoreless last week in a practice go.

The first home game for the Mustangs will be Sept. 18 against Muleshoe. This will be the first game on the new field.

There will be several changes this year to go along with the new field. For one thing, there will be more reserved seats. For another, there will be a new lighting system, though it hasn't been installed yet.

Area Corn Harvest Getting Under Way

Olton's 1964 corn crop, two to three times as large as last year's is near harvest stage. In fact, some of the crop is being harvested this week.

The area has about 10,000 acres planted to corn this year and the crop as a whole may be worth as much as \$800,000 to a million dollars.

Local elevator operators say market prices look good and yields should average from 80 to 100 bushels per acre.

Yields were better last year, averaging more than 100 bushels per acre.

That prompted many farmers to switch some milo acreage to corn this year.

Actual harvest of the corn crop may take about six weeks. Because yields are down from last year, quality of the crop will be of more importance to farmers.

The practice here in the past has been to harvest the corn and leave the ears on the ground to dry, before shelling. This year, many are advo-

cating more picker-sheller harvesting where the corn is harvested and shelled in the same operation and taken directly to the elevator.

Advocates of this practice, which is used in most of the corn belt, say quality will be better, and prices will hold steadier.

Either way farmers go about it, they will need good weather conditions.

If they harvest the crop as ear corn and leave it on turnrows, bad weather could rot the corn.

If they use the picker-sheller method of harvesting, the corn would need to be left on the stalk possibly a week or two longer, so that moisture content would be low enough for profitable harvesting.

GRID CONTEST ENTRIES DUE

Know a lot about football? Good at guessing?

Here's your chance to pick up some extra money—easy. All you have to do is pick the winners of football games.

The Enterprise is giving away three cash prizes each week to the best entries in the football contests. First prize is \$10 second is \$6 and third is \$4.

Tomorrow, Friday, is the last day to enter the first contest. Be sure to get a copy of the Aug. 27 Enterprise and turn in the entry form by 4 p.m. Friday to any of the sponsoring merchants.

The teams listed in each ad are numbered and contestants may enter by circling the numbers of the teams they pick to win provided in the entry form.

Do not bring entries to the Enterprise office.

Another contest appears in today's issue and carries the games for next week. You have a whole week to figure that one out.

Although encephalitis cases in Olton are not numerous enough to begin to approach epidemic proportions, the community has registered three cases and one death from the mosquito-borne disease.

A local doctor said that he knew of only three encephalitic cases involving the Olton area. One of these cases was so mild that it did not require hospital treatment, one required hospitalization in Plainview.

Anna Marie Cruz, the two month old daughter of Mr. and Mrs. Armando Cruz of Olton, died Monday afternoon in Plainview. Health authorities in Plainview said that the infant appeared to have died from an encephalitic infection. Dr. Bill D. Murphy, the county health officer in Littlefield, said that the three Olton cases were the only cases he knew of in the county.

The Olton community was sprayed for mosquitoes twice this past week—late Friday and early Saturday. The word from the city was, "If the mosquitoes keep coming in, we'll keep spraying."

According to area doctors, much to blame for fear of infectious encephalitis has been widespread ignorance about the disease.

In a broad usage, "encephalitis" refers to any fever of the brain—often caused by measles, mumps, and other infectious diseases.

The most serious encephalitic infection is known as sleeping sickness or infectious encephalitis and is a virus carried by some mosquitoes.

The virus is picked up by the Culex tarsalis mosquito in this area—85 per cent of whom serve as reservoirs for this disease—and is transmitted to humans and horses. The disease cannot be contracted from contact with infected persons or livestock, but only from the bite of a carrier mosquito.

And the Culex mosquitoes capable of carrying the virus feed only during the few hours between dusk and dark so these are the only hours at which exposure to the disease is likely to occur. Only the female mosquitoes are capable of drawing blood so infectious is likely only upon contact with a female Culex tarsalis around sunset.

An Olton doctor said that the disease is not always as serious as most people seem to think. He said that a majority of the persons in any given community—including Olton—probably have had infectious encephalitis, often in such a mild form that no illness was noticed at the time.

Those who have had a mild case of the disease would show, under examination, antibodies that protect them from serious attack. For all practical purposes, the majority of the population may be said to be immune to the disease.

Unfortunately this rule of immunity does not hold for the very young—such as the Cruz infant.

Information about encephalitis includes these pertinent facts:

Doctors say the disease may infect thousands, the majority of whom suffer no ill effects.

—Encephalitis is a "sleeping sickness" ailment in which viruses attack the brain and nervous system.

—It is actually, in definition, any swelling of the brain and may accompany many children diseases.

—The disease kills an average of 450 persons each year—a death rate per diagnosed case well above polio (even before the introduction of vaccine).

—Encephalitis is actually a family of diseases that attack the central nervous system.

—Insects such as mosquitoes ticks and mites transfer the disease to man from birds

and snakes infected by encephalitic viruses.

—First symptoms are high fever, headache and dizziness. Within a day or two, the victim becomes drowsy even goes into a stupor and develops a stiff neck. He often becomes mentally confused and has speech difficulties.

—In severe cases, convulsions and coma may develop as the poison from the virus attacks the brain and spinal cord.

Three types of infectious encephalitis are found in the United States—Western Equine, Eastern Equine and St. Louis type. The St. Louis type from was named after the epidemics that hit that city in the 1930's. The St. Louis type is more apt to strike older persons, and it is the type reported currently in this area.

The two Equines were first thought to be spread by horses until it was discovered that horses are victims as well as man.

The Western Equine form attacks all age groups and is mainly found in the Western two-thirds of the nation. It is the mildest of the three forms and yet kills one victim in 10 among the diagnosed cases.

The Eastern Equine form is restricted to certain areas along the Atlantic and Gulf coasts. The most serious form, it kills two-thirds of its diagnosed victims under two years of age.

The percentage of fatalities among those stricken with encephalitis in cases serious to be diagnosed is relatively high, according to doctors, and infants are frequently left impaired or retarded.

The simplest safety precaution against contact with the disease—prevention of contact with carrier mosquitoes. This means remaining inside during the dusk hours when the mosquitoes are feeding, or using an effective repellent if outside activities are necessary.

The most effective measure, of course, is complete eradication of the mosquitoes—an almost impossible task in this area unfortunately.

Enrollment Hits 1350

The new school year is well underway, with all Olton schools enrolling more than 1350 students by the close of the school day Monday.

Indications are that final enrollment figures could easily top the 1500 mark by the time all semester students are enrolled.

When the figures are broken down into individual grades and schools, the first grade in H. P. Webb Elementary School is the largest in Olton—133. The grade school is also the largest in the community, with 638 pupils—133 in the first grade, 129 in the second, 130 in the third, 127 in the fourth and 119 in the fifth.

With 302 students in the three junior high grades, the junior high school can claim a small edge on the second spot as far as size is concerned in Olton schools. There are 104 sixth grade students, 102 seventh grade students and 96 eighth graders.

The high school had 291 in its four grades at the close of Monday's enrollment activities. Freshmen accounted for 96 of the total, and sophomores, numbered 60. There were 67 juniors and 68 seniors in the group.

With only 127 pupils in all 12 grades, Bohner can claim the distinction of being the smallest school in Olton. The exact total compiled from the figures supplied by principals of the four schools shows that 1358 students were enrolled in Olton schools at the close of school Monday—with more yet to come.

OFFICES CLOSE ON SATURDAY

Seven offices at the county court house, Littlefield, will assume a five-day week beginning Saturday.

The following county offices will be open from 8-12 and 1-5 Monday through Friday and will be closed all day Saturday:

County Judge's office, county treasurer's office, county superintendent of school office, county welfare office, tax assessor-collector's office, county clerk's office and district clerk's office.

In the past the offices have been open on Saturday mornings.

Decision to close on Saturday was agreed upon by each of the officials in charge of offices.

Slow Down At School, Police Warn

The start of a school year brings an annual warning to drivers from Emmett Burrow, Olton police chief.

At the moment he is asking motorists to co-operate with the city's rules and regulations—especially around the schools. He specifically mentioned speed zones, stop signs, traffic signals and parking on the wrong side of the street.

The speed limit around Olton schools is 15 miles an hour, and the school zones extend outward two blocks in all directions from the schools.

Burrow pointed out that he has grandchildren in the school system and would not be particularly happy with the motorists who ran over one of them. But the police chief is not partial to his own offspring.

He said, "I will show no mercy to anyone endangering the lives of our school children by failing to observe traffic regulations in the school zones."

McReynolds Kansas C-C Post

Melvin McReynolds, 25, manager of the Olton Chamber of Commerce and Agriculture the past two years, Tuesday resigned the post to take a similar position at Great Bend, Kansas.

McReynolds submitted his resignation at a regular meeting of the C-CA board of directors Tuesday morning at Hamill's Restaurant.

At Great Bend, a town of 18,000, McReynolds will coordinate the activities of the Chamber and work with an executive vice-president in industrial development.

"We accepted Melvin's resignation with mixed emotions," said Basil Sherman, president of the C-CA board. "We are sincerely sorry to see him leave us, but we are happy that he has this opportunity for advancement."

After accepting McReynolds' resignation, the board okayed a suggestion to have the Chamber office operated temporarily by Mrs. Gerald Ray, secretary. McReynolds' resignation will be effective Sept. 15.

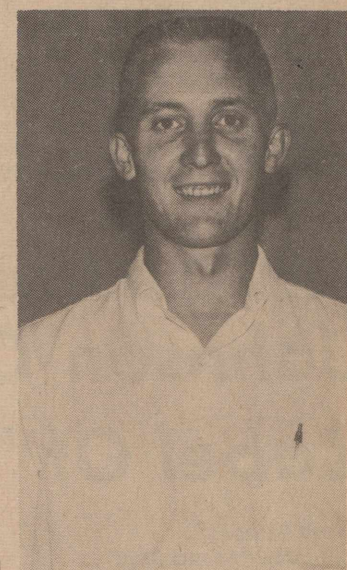

Mrs. Ray will open the office from 9 a.m. to 4 p.m. five days each week through Sept.

The board will meet again the first Tuesday in October and consider plans to employ a new manager.

"We certainly intend to keep our Chamber active," Sherman said. "But we are just going to have to do the work ourselves until we do employ another manager."

McReynolds said: "I certainly have appreciated the support not only of the board, but also of most of our merchants in Olton while I have been your manager."

"The Chamber will continue to need this support during the transition from one manager to another," McReynolds said.

MELVIN MCREYNOLDS

"My wife and I have certainly enjoyed living in Olton and feel we have made many life-long friends. We have enjoyed being a part of the various community activities."

"Chamber management is my chosen profession and I don't think I could have found a finer place than Olton in which to start a career."

McReynolds, a native of Deer Park, Texas, came here in May, 1962, from Brownwood, where he was employed by the Fire-stand Co.

He was a graduate of Deer Park High School and holds a BBA degree from Baylor University.

McReynolds was a member of the Lions Club, Texas C-C Managers, and C-C Executives Assn. of West Texas.

He and his wife, Peggy, have attended the First Methodist Church here. They have two children, Rynda, 3, and Melissa, one month.

OHS Teacher Is Killed In Muleshoe Wreck

Charles Sumner Choate Jr., mathematics teacher at Olton High School, was killed late Saturday in a two-car accident eight miles south of Muleshoe.

Also killed in the wreck was Paul Hester Cody, 43, who resided near Muleshoe.

Choate, born Aug. 28, 1904, had just turned 60. He had taught here for three years, and was returning to Olton for the opening of classes at the time of the accident.

Highway patrolmen said the collision was head on. Investigating Muleshoe patrolmen

were James Freeman and B.J. Van Winkle. Both men were alone.

Funeral services for Choate were at 10 a.m. Monday in the First Baptist Church here. Officiating minister was Rev. John E. Lewis, pastor, assisted by Rev. R. H. Campbell, retired Methodist minister.

Other services were held at Oak Street Baptist Church in Graham at 10:30 a.m. Tuesday, and burial was in Pioneer Memorial Cemetery in Graham, under direction of Parsons Funeral Home here.

Born in Caddo, Okla., Choate was a graduate of West Texas State University and Sul Ross College, and he had taught in Texas schools for 22 years.

Unmarried, he is survived by his parents, Mr. and Mrs. C. S. Choate, Graham; three brothers, L. H. Choate and T. M. Choate, both of Graham, and C. B. Choate, Idaho Springs, Colo.; two sisters, Mrs. T. J. Bards, Buffalo, N.Y., and Mrs. Tom B. Ingram, Houston.

Pallbearers were Johnny Clark Jr., Joe Turner, Max Max Malone, Walter Bryan, Pat Blessing and Clifford Curry.

STUDY CLUB HEADS—With the start of a new year of study club activities, the presidents of Olton's four study clubs got together to mark the season's start. Pictured (l to r) are Mrs. Paul Burrus, Olton Study Club; Mrs. Dan Quigley, Bykota; Mrs. Archie Sorley, New Century; and Mrs. L. H. Carson, Kimichi.

RUNNING WATER PHILOSOPHER

One Convention?

Editor's note: The Running Water Philosopher on his care-less weed farm on Running Water Draw takes a second look at the conventions in his letter this week.

Dear Editor:

After spending nearly two weeks watching both national political conventions this summer, a friend of mine said he'd been studying the problems carefully and the way to eliminate all the argument and trouble over seating delegates and trying to write a platform that'll please the conservatives, the moderates, and the liberals is to operate three parties. This has some merit, since

to a conservative a moderate is a liberal and to a liberal a moderate is a conservative and to a moderate both ends are wrong, but it won't work.

It wouldn't make a good television show.

You get a convention hall full of people who all think alike and agree on everything, and there'd be nothing left for them to do but listen to the speeches, and anybody knows half the delegates can't bring themselves to listen half the time.

Television has long since discovered that keeping its camera on the speaker's stand is the best way to lost its ratings, and the only way to keep things lively is to send its reporters around the hall

with portable gear to get in on the squabbles, and if they can't find one, stir up something anyway.

I tell you, a football game where the spectators spent most of there time running up and down the aisles arguing over the eligibility of a third-string tackle and speculating on who the coach was going to send in next at quarterback, wouldn't last long as a national sport.

Actually, to make the best television show, two parties are enough and they both ought to hold their conventions at the same time in the same hall. Turn them loose and let the cameras grind. Things would get to popping then.

Yours faithfully,
J. A.

HIGHLIGHTS FROM THE CAPITAL

Johnson Campaign Will Bear Label Of 'Made In Texas'

By Vern Sanford
Texas Press Association

AUSTIN, Texas—Initial post-convention plans and strategy mapped by President Johnson for the November general election campaign will bear a "Made in Texas" label. "Made in Austin, Texas" would be more specific, for much of it will originate here.

The President, his nomination as the Democratic party's standard bearer secured, hurried home to his ranch to rest up and do some thinking.

His visit attracted greater interest than any since his first as president, during the Christmas-New Year season.

With Vice Presidential Nominee Hubert Humphrey as his guest at the ranch, private talks inevitably turned to the battles ahead.

Gillespie County Democrats welcomed the President back to his home county with a Hill Country-style birthday celebration and barbecue two days after his 56th birthday.

OPERATION MOTORCIDE—Col. Homer Garrison Jr., Head of the State Department of Public Safety, announced that "Operation Motorcide", the grim tabulation of Labor Day weekend traffic deaths as they occur, will go into effect Sat. Sept. 5, at 12:01 a.m.

Garrison said his department estimates 36 persons will be killed on streets and highways during the 72 hours from beginning of "Operation Motorcide" to 11:59 p.m. Monday.

But he said the prediction won't come true if ALL drivers make certain both themselves and their vehicles are in excellent condition, and if they use "caution, courtesy and good sense" at all times while at the wheel.

EDUCATION REPORT BEATS DEADLINE—Gov. John Connally's Committee on Education Beyond the High School has completed its report and recommendations for excellence in Texas colleges and universities.

The 64-page report, recommending doubling of higher education expenditures within the decade and placing of all institutions under a strong coordinating board, has been delivered to the governor.

REDISTRICTING. HEARINGS TO WIND IT UP—Congressional Redistricting hearings conducted by a Texas Legislative Council committee will wind up here next month.

Meetings already have been held in Fort Worth, Dallas, Houston, San Antonio, Lubbock and Tyler.

Committee chairman, Sen. George Moffett of Chillicothe, said the group has "many suggestions" for redistricting.

Its big job now is to mold them together and come up with a reasonable plan or set of plans for legislative consideration, thus carving the state into 23 congressional districts as nearly as possible equal in population.

CONSTRUCTION PEAK HIT—Texas construction reached a 35-month peak during July.

It was the greatest building month of the year and second highest month in nearly 18 years of records compiled by The University of Texas Bureau of Business Research.

A whopping \$140,600,000 of building was authorized in July. It represented a 21 per cent increase over June.

Bureau also reports that retail sales in the state during July rose two per cent over June.

Meanwhile, the U.S. Department of Commerce reported that the average income of Texans rose last year from \$1,973 to \$2,068.

BUS FARE HEARING SET—Hearings on a request from 31 bus lines to raise their intrastate passenger fares by 10 per cent were set for Sept. 19 by the State Railroad Commission. Motor bus express and C. O. D. charter coach services also seek an increase.

The lines, including major carriers, maintain they have had sharp cost increases in their operations since 1961, when fares were raised five per cent.

DRAFT DODGE CARRIES PENALTY—Noting that an estimated 6,000 to 8,000 18-year-old-men have not conformed with the draft registration law, Col. Morris S. Schwartz, State Director of Selective Service, issue a reminder that 18-year-old who wait more than five

days after their 18th birthday to register with their local board are subject to penalty. Maximum penalty for failure to comply with the draft law Schwartz said, is five years in prison, a \$10,000 fine, or both.

WATER NEWS—Latest word on construction of the \$64,000,000 Amistad Dam on the Rio Grande and the Devil's River is that bids will be opened by the U. S. and Mexican authorities working jointly on the project on November 6. Both countries have been busy re-routing roads and railroads in the vicinity of the proposed dam to make way for construction.

Texas Water Commission will hold a hearing on the Colorado River Municipal Water Authority's application to build a dam, at Robert Lee on the Colorado River on October 19, at 10 a.m.

Commission gave the Guadalupe-Blanco River Authority permission to build a low-water dam near the mouth of the Guadalupe River in Calhoun County. The dam will have a rubber top, so it can be deflated when the river flows are high—if that day ever comes again.

DROP-OUTS CRITICAL—Measuring the costs to the nation's economy of some 900,000 school drop-outs each year by the dollar, Col. S. Perry Brown, chairman of the Texas Employment Commission, said it adds up to millions of dollars each year.

The he warned, "If effective action is not taken, I submit that we will pay ten-fold in re-training, as well as unemployment insurance, welfare costs, and other forms of dependency. Yet the greatest loss both economically and socially will be in wasted human resources."

SHORT SNORTS—State Highway Department will open bids for construction of a new district office building at Brownwood on September 17—November 25 through January 3 is the date for open season on ducks and coot set by the Parks and Wildlife Commission...Agriculture Commissioner John C. White granted cotton farmers in Hidalgo, Starr, Cameron and Willacy Counties (Pink Bollworm Control Zone No. 1) a 12-day extension of the plow-up deadline—until midnight, September 12...

Riding Club Meeting Set

A pilot committee has been appointed and a second meeting has been called to organize an Olton area riding or roping club. Members of the committee are Bill Richardson, chairman; James Simmons, Mickey Robinson, W. B. Dickenson, Jr., and Angus Davis.

The group was appointed at a meeting last Monday night attended by about 15 persons.

A second meeting has been planned for Tuesday, Sept. 15 at 7:30 p.m. in the Plainview PCA meeting room. All persons interested in joining the club are asked to attend.

At this time, the group will discuss finding a suitable site for the possible establishment of a rodeo arena.

GET WITH IT, BUB!

Dear Amy:

I'm a widower and am having a difficult time trying to find a woman who will share the rest of my life with me. I figured that if I invested in some outward sign of wealth that I would have more success. So I purchased a fine new air conditioned Cadillac with power seats, power windows, power brakes, power steering and a power aerial. Still no success. The women go for a ride, take me for a ride . . . and it ends there.

My problem is I'm too old for a young girl and too young for an old girl! Any suggestions?
Power to Spare

Dear Power:

The prospect of spending those long winter nights in an air conditioned Cadillac doesn't sound too cozy to me. Get with it! Try the middle of the road approach with a middle-aged gal. You're in 'first cash' condition but hugging the wrong curves. Now put yourself in gear, check your clutch and proceed with caution!

Dear Amy:

I am 17 years old and have been going steady for a year. We planned on getting married when I finished school. Now the "he" in my life has told all my friends that we have broken up because I was getting too serious and that he was too young to get married.

What should I do? Break up with him or trust that he still loves me? He is 20 years old.
Puzzled and Hurt

Dear Puzzled:

Leave nothing to trust. He is probably right. You need more "he's" in your life and he needs more "she's!"

Dear Amy:

I am married going on 14 years and I would like to know what to do with my husband. I'm ashamed to write this but he hasn't gone to church with me in all those years . . . nor to confession, either. He told me he doesn't have to go to church because he hasn't done anything wrong. Is he right or wrong about all this?

I am a very religious person and I sometimes wonder if my husband believes in God. I feel so foolish going to church alone but

I can't do a thing about it!
Mary

Dear Mary:

You can't force a grown man to do anything he doesn't want to do. When he gets good and ready to go, he'll go. Perhaps his logic is right, but his reasoning is wrong. Be an angel and don't harp on him!

Dear Amy:

This letter is about my sister. She is 19 years old, a bit shy and the backward type. She wouldn't go out all through high school and never had a date—just stayed home.

Last year I started going steady (I'm 17) and my boyfriend would bring his 15 year old friend over to see my younger sister (she's 14). Well, she wouldn't have anything to do with him so he would end up with my older sister. He smokes constantly, drinks whenever he gets the opportunity and stays out of school as often as he can.

He and my older sister started to go steady. My mother and father both had fits about this. They both talked their heads off and all she did was say, "Yup, Yup" and paid no attention to them. She has had plenty of offers for work but she turns them down because he doesn't want her to work.

As if this mess she is in isn't enough, just yesterday she drove him to town and he sold his gun so that he could buy her a \$15 engagement ring. My parents want to put a stop to this before they end up getting married. If they ever do get married, she will wind up supporting him all her life.

Won't you please tell us how we can discourage her from going with him. We have tried everything. Now we are lost. I write this on behalf of the whole family.
Her Very Worried Sister

Dear Sister:

I strongly recommend that your parents take your sister to a doctor. A physically and mentally mature 19 year old girl wouldn't want to keep company with a 15 year old boy, let alone consider marrying him.

MRS. RONALDLIGE FANCHER

Hair, Fancher Vows Said In Ceremony Here Saturday

First Methodist Church was the scene Saturday for the wedding of Miss Phyllis Catherine Hair, daughter of Mr. and Mrs. Louis Hair, and Ronald Lige Fancher, son of Mr. and Mrs. C.B. Fancher.

The Rev. John L. Lewis, pastor of the First Baptist Church, performed the double-ring ceremony.

Organist Mrs. Delmer Givens provided nuptial music and accompanied Fuzzy Roach of Amarillo, soloist.

Escorted and given in marriage by her father, the bride wore a white formal gown of peau de sole fashioned with long sleeves which were accented with tiny French buttons. The princess bodice was styled with a portrait neckline applied with lace and seed pearls. The skirt was sprinkled with bouquets of re-embroidered hand run Alecon lace and seed pearl motifs that cascaded to outline the full cathedral train.

The bride's elbow-length veil of imported illusion was caught by a peau de sole bow to a lace pillbox hat enhanced by a teardrop pearl. The bridal bouquet of tiny pink rosebuds encircled by feathered mums was carried atop a white Bible.

To complete her ensemble, the bride chose dress for something old, her veil for something new, the Bible belonging to her sister, Miss Pam Hair, something borrowed and she wore a penny in her shoe for good luck. It was given to her by her aunt, Mrs. LaVale Jones of Perryton.

Miss Sue Russell of Petersburg attended the bride as maid of honor. Bridesmaids were Mrs. Gary Smith of Euless and Misses Lana and Pam Hair, all sisters of the bride.

Street-length blue lace resses were worn by the attendants with matching lace bow paddies. They wore white wrist-length gloves and their k slippers also matched their resses. Bouquets of white thered mums were carried the attendants.

serving as best man was nie Fancher, brother of the m. Ushers were Gary h of Euless, Jerry Don ant of Plainview, Elza er, Larry Fancher and ny Lawson, of Olton.

grandmother of the bride, and Mrs. E. L. Fancher, grandmother of the groom.

Following the wedding, a reception was held in the fellowship hall of the church. A white lace over taffeta cloth covered the table. The tiered wedding cake and milk-glass punch appointments flanked the centerpiece of white candles and candelabra.

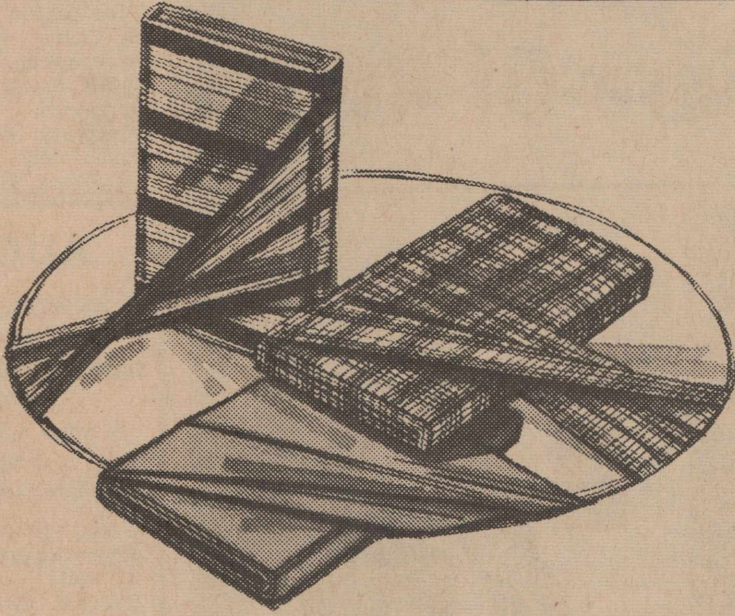

Miss Darlene Johnson of Lubbock and Marilyn Mote of Tullia presided at the punch bowl and cake was served by Misses Tanya Bryant and Bobby Lynn Tollett of Olton.

For the wedding trip to Colorado, the bride wore a two-piece navy blue linen suit with black accessories. She wore a corsage of pink rosebuds taken from the bridal bouquet.

The couple will be at home in Canyon, where they will attend West Texas State University. Mrs. Fancher was graduated from Olton High School in 1963 and is a sophomore student at West Texas. A graduate of Olton High School also, the bridegroom will be a senior marketing major. He is a member of Alpha Kappa Psi,

MRS. FRANK STRUVE

RECIPE OF THE WEEK

Mrs. Frank Struve has given us two recipes for this week.

She and her husband have two children, Robert, 19, will attend Texas Tech this fall, and Francine, 16, who is a junior at Olton High School.

The Struves have lived and farmed in Olton for 24 years. Struve, however, put his first crop in 1928.

Mrs. Struve is a member of the bridge club, the Olton Art Guild, and the TenPin Bowling Team along with her husband. She was runner-up for bowler of the year in 1963-64.

They are members of the First Methodist Church, where she teaches the Anna Ragle Sunday School Class.

Grandma's Bread
2 yeast cakes (dissolved in 1/4 c. lukewarm water)
2 c. milk or 1 tall can evaporated milk with water to make 2 c.
2 c. water (heated to boiling).

2 tbsp. Oleo or shortening
2 tbsp. sugar
1 tsp. salt
1 c. All-bran
10-12 c. flour

Put in large bowl, oleo, sugar, salt and All-bran. Pour hot water and milk over this and let stand to lukewarm.

When cool, add yeast and flour gradually. After flour has been worked in, grease bowl and return dough to the bowl.

Let stand for 1 to 2 hours. Work down and put in greased pans to rise again about 1 1/2 hours.

Bake at 350 degrees for 40 to 45 minutes. Butter top of loaves. Makes 5 to 6 loaves.

Pat Cookies
1 c. shortening
1 c. brown sugar
1 c. white sugar
2 eggs
2 1/2 c. flour
1/2 tsp baking powder
1 tsp. soda
1/4 salt
2 c. quick Oats (uncooked)
1 c. coconut
3 tbsp. cream
1/2 c. chopped pecans.

Combine shortening, sugar and eggs and beat well. Sift flour, salt, soda and baking powder and add to above mixture.

Add Oats, coconut, nuts and cream and pat out in 2-inch cookies.

Bake at 375 degrees for 10 to 12 minutes.

MRS. JACK WITTEN

Bingham, Witten Are Wed In Ceremony At Plainview

Miss Kelly Sue Bingham became the bride of Jack Witten Tuesday evening in a double-ring ceremony at the First Baptist Chapel, Plainview. The officiating clergyman was Dr. Tim Trimbull.

Parents of the bride are Mr. and Mrs. Kelly Bingham of Edmonson. The bridegroom's parents are Mr. and Mrs. W. C. Witten, west of Edmonson.

An arch entwined in lemon leaves with tropicana roses flanked by candelabra haloed the kneeling bench. Votive lights and greenery marked the pews.

Given in marriage by her father the bride wore a formal gown of imported silk peau-de-soie. The bodice featured a shoulder bolero topping a pleated cummerbund. Scattered motifs of chantilly lace enhanced both the midriff and skirt, with long sleeves tapering to petal points at the wrist. Panels of chantilly lace swept down the front of the bouffant skirt, with an overskirt sweeping into a chapel train.

Her bouffant tiered fingertip veil of imported silk English illusion was caught by cabbage roses and stems held with seed

pearls. She carried her great grandmother's Bible wrapped in satin entwined with white gardenias and tropicana roses.

Mrs. Larry Masten of Amarillo attended her sister as matron of honor. Maid of honor was Miss Kay Bryan of Stanton.

Bridesmaids were Miss Carolyn Houston, Miss Betty Lou Ledbetter, Morton; and Miss Kathi Clough of Plainview.

The bride's attendants wore floor-length dresses of coral organza over taffeta with long sleeves. At the waist were cummerbunds accented at the back with large bows having floor-length streamers. Matching muffs of tropicana roses entwined with smilax completed the ensemble.

Miss Melanie Witten of Olton, niece of the groom, was flower girl. Ringbearer was Gordon Masten, Amarillo, nephew of the bride.

Miss Witten wore a floor-dress of organza over taffeta with tropicana roses in her hair.

Attending as best man was Lon Stern of Levelland. Groomsmen were Ronnie Gardner of Edmonson, Bill Witten, Larry Witten, brothers of the groom, and George Phillips of Edmonson.

The music was furnished by organist, Mrs. J. W. King, and soloist Miss Nita Newman.

The nuptial selections were "Day of Golden Promise," and "Whither Thou Goest," and the "Wedding Prayer."

The parlor of the First Baptist Church was the scene of the reception.

Miss Sarah Well registered the guests. Members of the houseparty were Mrs. Betty Bickle, Mrs. Polly Holbrook of Lubbock, Miss Kay St. Clair

of Morton, and Miss Kay Hasten.

The bride's table was laid with a cloth of sequined felt bells, birds and flowers mounted on net with a satin border, centered with the traditional three-tiered cake flanked by a candelabra holding the bridesmaids flowers.

The groom's table was laid with a linen cloth belonging to Mrs. L. D. Brown brought from Hong Kong. It was decorated with roses around a scrolled poem, "Love" written in gold. For traveling to Colorado, the bride chose a dark wool suit featuring a box jacket with a silver mink collar and matching accessories.

Pre-nuptial courtesies honoring the bride were a bridal shower given by Mrs. Martin Phillips, an old maid party given by Miss Sharon Miller and a rehearsal dinner given in the E. C. Witten home.

Mrs. Witten is a sophomore home economics education major at Texas Tech and Witten is a junior engineering physics major at Texas Tech.

FOR SIX YEARS OF ACCEPTANCE
WE SAY SINCERELY--- THANK YOU

To Our Many Friends:

The 7th day of September marks the end of our sixth year of service to you in the Olton area. We would like to take this means of expressing to you our appreciation for the confidence you have shown us by using our local funeral home and ambulance service.

The utmost perfection in every detail of a funeral service is of the greatest concern to the family. This perfection is our constant aim. We have strived to overlook no detail that will contribute to the beauty and dignity of a funeral service that will be a worthy tribute to the memory of your loved one.

Our staff stands ready to serve you at any hour of the day or night, no matter where you might be. One phone call from you

commands our immediate attention and experience in handling all of your arrangements, whether it be for funeral arrangements or for our prompt ambulance service.

To serve you better is our constant aim, and for your convenience and service we accept all funeral home burial policies and maintain completely air conditioned and oxygen equipped ambulance service. We would like to stress that we are always happy to accept a collect call any time our ambulance services are needed for any emergency.

Again for your confidence and the manner in which you have received us, we would like to say thank you.

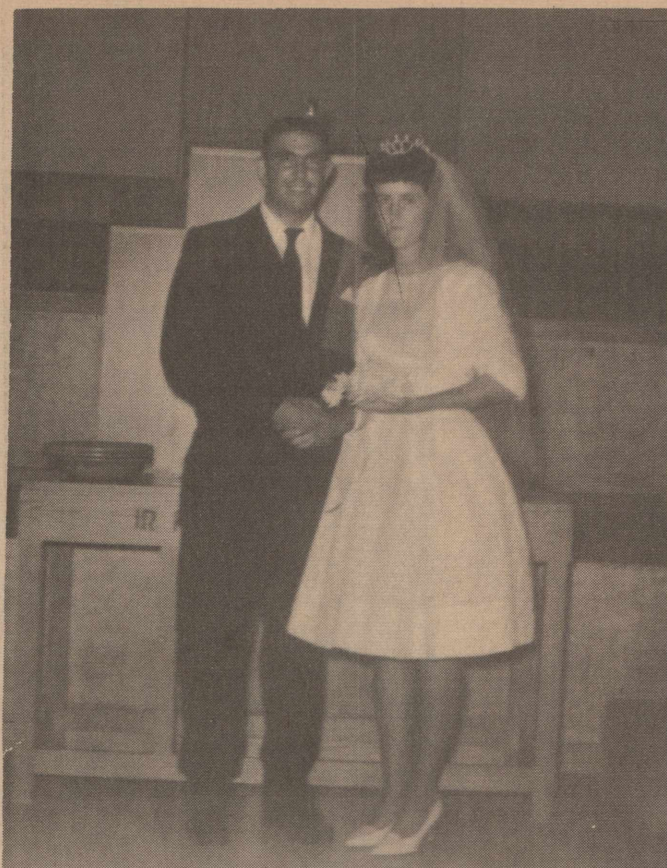

Sincerely yours,

PERCY & MARGARET PARSONS

CONTEST RULES

The teams that are playing in this week's contest games are listed in each of the ads at the sides of these two pages. Each team is numbered, from 1 through 36. Use the handy entry form at the lower right hand corner of the contest and circle the numbers of the teams you predict to win. Print the scores you predict in the tiebreaker game in the spaces provided. Each week's entry must be turned in to one of the merchants sponsoring the contest. Contestants are given a week to prepare and turn in their entries. Sponsoring merchants may accept mailed entries, but none mailed directly to the Enterprise will be accepted. All late entries will be discarded. In case of ties, a coin will be flipped to determine the winners. Anyone may enter except employees of the Enterprise and their families.

Shrine Club Meet Changed

Oasis Shrine Club has cancelled its regular monthly meeting Monday, Sept. 7 due to the fact that this is Labor Day.
The meeting has been rescheduled Monday Oct. 5.

Dyer Reunion In Hale Center

Mr. and Mrs. L. G. Elkins and Mr. and Mrs. Gerald Elkins and children, Cynthia and Chris attended a family reunion known as the Dyer Reunion. The reunion had been held for many years at Olney. Three years ago some of the younger generation of the family revived it.

The event was Sunday, Aug. 30 in the new party room of the City Hall at Hale Center. There were 60 relatives present, including two oldsters -- John Dyer, Granbury, and T. B. Dyer of Hart.

Lafayette and Sarah Dyer were Texas pioneers. Many of their 15 children were born in the state. Only 11 lived to adulthood. Four of the children died during the flu epidemic of 1918.

Other brothers and sisters followed the Dyers to Texas and settled in Erath and Hood Counties, where the big, remodeled two-story house still remains as a landmark of their day.

The original reunion was held for two days; so relatives might come in from California and Tennessee.

Early reunions were held under a large brush arbour, where a house was built later for shelter.

Cars, pickups and trailers were prepared for meals of the day this year. Everyone shared a basket lunch. A swimming session was held in the afternoon at the M. K. Fisher home.

East Texas, West Texas, and New Mexico were represented this year.

Hosts for this year's affair were daughters and husbands of the late J. L. Dyers; Mr. and Mrs. M. K. Fisher Sr., Hale Center; Mr. and Mrs. J. W. St. Clair, Muleshoe; and Mr. and Mrs. L. G. Elkins of Olton.

DAUGHTER VISITS

Mrs. O. H. Finch and children spent last week in the home of her parents Mr. and Mrs. Tom Sluder. Mr. Finch arrived Saturday and visited and returned his family back to Dalhart.

PTA OFFICERS--Olton PTA officers for the coming year are (l to r) Mrs. Walter Bryan, treasurer; Mrs. Lester Kennedy, historian; Calvin Horn, parliamentarian; Mrs. Norris Sampler, reporter; Mrs. Billy Smith Jr., third vice president; (front row) Mrs. Elmer McGill, fourth vice president; Mrs. Lem Roberson, second vice president; and Mrs. Calvin Graham, secretary.

Punt, Pass, Kick Contest Is Set In Olton Oct. 10

Olton and Hart area grade and junior high school boys from eight through 13 can pit their football skills against thousands of other boys throughout the fourth annual Punt, Pass and Kick competition which will culminate with a trip to Washington, D. C., and to an appearance at a National Football League championship game for the top 12 winners.

Sponsored nationally by the Ford Dealers of America and the National Football League, the Punt, Pass and Kick competition--or PP and K--will be staged in Olton by Fisher Ford Center.

Area boys will be tested for their ability to punt, pass, and place-kick on the same day as thousands of other boys all over the country. For 8-, 9- and 10-year olds, warm-up jackets, place-kicker outfit and autographed footballs will be given as first, second and third prizes for each age group. Boys 11, 12, and 13 will receive gold, silver, and bronze trophies. There will be 18 prizes in all Scores throughout the country then will be compared to determine the six top winners in each of the 362 Ford zones--a total of 2,172 zone winners.

Zone winners will meet in 37 Ford District competitions at which 222 District Champions will win trophies. From these District champions, the best 168 scores will be selected, 12 to represent each of the 14 NFL game areas, and declared Area winners.

FAMILY GATHERING

A family gathering was held in the home of the J. A. Johnsons Sunday afternoon honoring the birthdays of Mr. Johnson and son Gary. Homemade ice cream and cake was enjoyed by the following: Mr. and Mrs. Melvin Schwab and boys, Sam Roden, Mrs. Edith Henry and daughter all of Plainview; Mr. and Mrs. Lenrel Johnson and children; Mr. and Mrs. Ershel Johnson and children of Olton; Mr. and Mrs. Craig Darden from Anton and the honorees.

M.K. Fisher, Jr., owner of Fisher Ford Center pointed out that the competition involves no body contact, there is no charge for entering and no special equipment is needed. "Registration will be open from Sept. 1 through Oct. 9," he said, "with Fisher Ford Center as registration headquarters. "In 1963, PP&K's third year, nearly 500,000 boys entered the competition," he said, "and received a presidential commendation that said 'Programs of this type will enable our youth to build the energy and strength that is their American heritage.'"

The Olton competition will be held Saturday, Oct. 10.

Dove Season Opens In Area

Hunting season on doves has now officially opened on mourning doves, and open season for whitewing doves is just around the corner.

The mourning dove season extends from Sept. 1 through October 30, with a daily bag limit of 12 and a possession limit of 24 birds. Shooting hours are from noon to sunset.

The required license to take a shot at the doves expired Aug. 31 so a new license must be secured for this year's hunting.

The short season on whitewing doves--totaling less than 24 hours--means that's going to take some fast hunting to bag the daily limit of 10 birds or get a full possession limit of 20 birds.

The hunting hours for whitewing dove are from 2 p.m. to sunset on Sept. 5, 6, 12, and 13.

One requirement that may need emphasis this year is the requirement that one fully feathered wing be retained on all dress migratory game birds as a ready means of field identification of species.

Encephalitis Claims Victim, Cruz Youngster

Anna Marie Cruz, two-month-old daughter of Mr. and Mrs. Armando Cruz of Olton, died Monday afternoon in a Plainview hospital from what appeared to be encephalitis.

The child thus became the first Lamb County fatality to the disease which is plaguing adjacent Hale County in epidemic proportions.

Services for the Cruz infant were at 2 p.m. Wednesday at the Catholic church here. Rev. Raphael Chen officiated at the services.

Interment was in Olton Cemetery under the direction of Parsons Funeral Home.

The infant is survived by her parents and a brother, Johnny Cruz.

Girls Fulfill Reading Goals

Six Olton girls have complete enough books during their summer reading to qualify for certificates from the Texas State Library summer program, according to Miss Mabel Parker, Olton's Librarian.

The six are LaFonda Hodges, Georgia Hodges, Glenda Miller, Brenda Miller, Kristi Burrus and Donice Ross.

The girls all had to read at least 12 books during the summer, but some of them read many more than the required number.

Miss Parker expressed pleasure with the results of the summer reading program this year, and said that she hoped that more boys and girls would take part in the program next summer.

Many Olton youngsters who read books from the library did not join the summer reading club.

The library will continue to be open until 5 p.m. during the school year. Located in the Chamber of Commerce and Agriculture office, the library contains many books for adults--as well as a good selection of books for the younger library patrons.

Andy Andrew Wins Golf Tourney

Andy Andrew of Olton came in with a one-stroke lead to win the Championship Flight of the Lamb County Golf Tournament played this past weekend on the ORC course.

Andrew posted a 54-hole total of 222-6 over par and one stroke ahead of Alex Duggan of Littlefield. Duggan took second place in the flight with his 223 for the 54 holes of golf.

Rhenard McCary, Littlefield, took third place in the top flight competition with 230 total.

The tournament began Aug. 28 with 18 holes of medal play. The flights were drawn and two more days of 18-hole play followed. Standings were decided on the basis of the full 54 holes.

Olton's Bobby Copeland won First Flight competition, posting 223 for his three days of play. Dale Weaver, Littlefield, took second place, but he wasn't able to push Copeland to any great extent with his 243 total.

Owen Norfleet, Olton, and Barney Campbell, Littlefield, ended up with identical scores of 243 after the regulation 54 holes. Campbell won the third place berth by winning the first hole of extra play.

The Second Flight was a clean sweep for Olton golfers. Bob Gullett won top berth with 243. H. B. Carson came home second with 247, pursued closely by Dan Gregory at 248.

Radney Nichols of Sudan gathered up first place in Third Flight competition, coming in with a 54 hole total of 244. Basil Sherman, Olton, was in second place with 247 at the end of play, and Adrian Martin, Littlefield, took third-place honors with a 254 total.

J. S. Harmon, Littlefield, captured the top spot in Fourth Flight contests with 252. Olton's J. L. Snider finished second in the flight with a 54 hole total of 255.

Jackie Van Ness, Sudan, and J. S. Brown, Littlefield, ended up facing extra competition with identical 258 totals. VanNess won the third place spot in the flight by downing Brown on the first extra hole.

And Olton swept through the Fifth Flight—making two flights captured completely by Olton golfers.

Ray Copeland was never threatened as he came in with 247. Houston Hamby took an easy second place in the flight with a 261 total, and Sam Clark came in third with 272.

Mr. and Mrs. Wesley Neinst and sons, David and Mark, spent Thursday at Ruidoso, N. M. Enroute home they went through Carlsbad Caverns near Carlsbad, N.M.

Mr. and Mrs. Charles Tue and children, Plainview, visited Tuesday afternoon with her parents, Mr. and Mrs. Paul Tue.

Dan Cure, Darryl Dennis At Fort Polk

Sgt. Dan A. Cure and Sp4 Darryl C. Dennis of Olton, were among the 90 officers and enlisted men of Company B, 980th Engr Bn (Const) attending summer camp at Fort Polk, La.

The Lubbock unit arrived at Fort Polk on Saturday, Aug. 15 for two weeks active duty training.

Capt. Edgar A. Smith of Lubbock, company commander, said this summer's training was one of the best in recent years. This marked the fifth year Company B has been at Fort Polk during the annual active duty period.

Sgt. Cure, whose wife Carolyn lives on Route 4, Olton, is the son of Mr. and Mrs. William A. Cure of Olton.

Sp4 Dennis is the son of Mrs. Mary I. Dennis of Box 296, Olton.

Carrier Duty For Olton Boy

Jimmy W. Bennett, fireman apprentice, USN, son of Mr. and Mrs. William L. Bennett of Olton, Texas, is a crew-member of the attack aircraft carrier USS Constellation operating off the coast of Southeastern Asia.

The Constellation is operated by more than 4,000 men. She can operate continuously for months at a time, covering more than 600 miles a day with speeds up to 40 miles an hour. Four propellers, each equal in size to a two-story house, give her this speed.

Deadline Set On Bale Prizes

Olton Chamber of Commerce and Agriculture is still compiling a list of merchants who plan to participate in prizes for the producer of Olton's first bale of cotton.

Through Wednesday, five merchants had indicated they will have gifts for the prize-winning farmer.

Deadline for merchants to contact the Chamber of Commerce on the Project is Friday at 5 p.m.

Young Girl Dies Here

Janice Rodriguez, five-year-old daughter of Mr. and Mrs. Joe Rodriguez of Springlake, died late Sunday in Community Clinic here.

Graveside services were at 2 p.m. Tuesday in Springlake, with Rev. Raphael Chen officiating.

The young girl is survived by her parents and seven brothers and sisters.

Field Day At Halfway Next Week

G. W. McCullough, engineering vice president for Phillips Petroleum Company, will be the guest speaker at the Eighth Annual Field Day at High Plains Research Foundation Sept. 10 at Halfway.

McCullough, who joined Phillips in 1925, has advanced through the ranks to his present position. A graduate of Oklahoma State University, McCullough was named to the school's Engineering Hall of Fame in 1955 and was honored with the Outstanding Alumni Award in 1956.

Public activities for this year's Field Day will begin at 1:30 p.m. Sept. 10, with field tours continuing until 5 p.m., followed by McCullough's address at 6:30 p.m. The last item on the day's agenda is a new event—a drawing for those present.

Members of the board of trustees will host the five major events of the day. Members of the board will be hosts at various hours during the afternoon in the registration tent. The tent will house not only registration material and printed programs, but also various agricultural displays.

Also on display will be the combine cab and the \$10 gold piece to be given away at the end of the day's program.

REGISTRATION
Lubbock Christian College will begin registration for the fall semester Sept. 16. Sophomores will register Wednesday from 1-5 p.m. Freshmen will register Thursday 8 a. m.-5 p.m.
