

Santa Visit Sat. Opens Season

Wellington may become one of the first towns in the state this season to use its Christmas activities to introduce and promote the upcoming Texas Sesquicentennial which will be celebrated during 1986.

There are several parts to Wellington's Christmas celebration, two of them promoted by merchants and by the Chamber of

Commerce.

Under their auspices Santa Claus will make his annual visit to the children of the Wellington trade area on Saturday, Dec. 1.

Also on Saturday, Dec. 1, some of the merchants will hold the first of the weekly in-store drawings for gifts, which will continue each Saturday until Christmas.

Then on Thursday, Dec. 20,

some merchants will remain open until 9 p.m. and beginning at 7 p.m., there will be a festive holiday program of live band music and song.

A display of crafts, with designs from yesteryear, will introduce the Sesquicentennial theme.

Bill Hatch, Christmas chairman, announced the plans. Co-chairmen are Robert Lewis and Jerry

Duncan.

Santa Claus will reach Wellington at 2 p.m. Saturday, and all of the children of the entire trade territory are invited to be here to greet him.

He will visit in the stores and with children on the sidewalks. He will give each child enough time to tell that youngster's Christmas wishes. He'll be carrying a sack full of goodies and each child will receive something from the pack.

This will be the first day that merchants will hold in-store drawings. People are urged to sign up for the drawings in the various stores every day. The drawings will be held at whatever hour Saturday

It's Time to Write Santa!

This is for all boys and girls who live in the Wellington trade area...who have ever lived here...or who visit here a lot.

Santa Claus says its time to write to him now, telling what you want him to bring this Christmas.

These letters will be published in the Christmas Edition of The Wellington Leader, December 20. But in order to be included, the letters must reach the newspaper not later than Thursday, December 13.

You can bring your letters directly to the newspaper office if you want to. If they are mailed, address them:

It's been between 55 and 60 years since The Wellington Leader first printed its Letters to Santa section, and they've been printed every year since. Some of the children who wrote those first letters to Santa are great-grandparents now.

But remember, every child with Wellington connections is eligible to write a 1984 letter.

SUNNY WEATHER

Dry, sunny days sent cotton farmers to the fields this week as Collingsworth County cotton harvest continues. Above, Benson Long moved his stripper into a field east of Wellington Tuesday afternoon. Long said he hoped the field would produce $\frac{3}{4}$ to 1 bale of cotton per acre, a good yield considering the dry growing season and early freeze suffered by the county's cotton crops.

Tournament Kicks Off Thursday

Wellington's annual basketball tournament kicks off at 4 p.m. Thursday, Nov. 29, in two locations, Coach Don Lacy has reminded.

The tournament will continue through Saturday evening, Dec. 1. Because all games must be played after school hours, half the games Thursday and Friday will be at Samnorwood Gymnasium.

Lacy announced that Wellington Junior Varsity boys will be playing in the tournament, substituting for Wheeler boys.

"Wheeler boys are still playing football and had to drop out of our tournament. Wheeler girls will be in it but not the boys," he said.

Following the boys championship game Saturday night in Skyrocket Gym, trophies will be awarded to winners of first, second, third and consolation places in both boys and girls divisions.

Tournament referees will be assigned by the Amarillo Chapter of the Southwest Basketball officials association.

The concession stands will be open at both Wellington and Samnorwood. The Wellington Student Council will operate the stand at Skyrocket Gym and Samnorwood juniors will be sponsor of the stand there. A variety of foods will be offered at each. Working with Lacy in producing the tournament will be boys coach Gano Wilson and other members of the coaching staff.

Lacy announced tournament games:

Those in the top bracket, playing at Wellington Thursday will be:
1. - 4 p.m. Wellington and Lakeview girls.
2. - 5:30 p.m. Wellington and Lakeview boys.
3 - 7 p.m. River Road and Hedley girls.
4. - 8:30 p.m. River Road and Hedley boys.

Thursday games at Samnorwood:

5. - 4 p.m. Wheeler and McLean girls.

6. - 5:30 p.m. Wellington and McLean boys.

7. - 7 p.m. Memphis and Samnorwood girls.

8. - 8:30 p.m. Memphis and Samnorwood boys.

Semi final games in the winners bracket, to be played in Wellington Friday:

4 p.m. winners of girls 5 and 7.
5:30 p.m. winners of boys games 6 and 8.

7 p.m. winners of girls games 1 and 3.

8:30 p.m. winners of boys games 2 and 4.

Semi-final games in the consolation bracket to be played at Samnorwood: Friday:

4 p.m. losers of girls games 5 and 7.

5:30 p.m. losers boys games 6 and 8.

7 p.m. losers of girls games 1 and 3.

8:30 p.m. losers of boys games 2 and 4.

All Saturday games will be in Wellington and will include:

Recount Determines Rainey Winner in Sheriff's Race

A recount of the votes cast in the Collingsworth County Sheriff's race Nov. 6, authorized by the Secretary of State, changed the totals only slightly and veteran former sheriff John Rainey was declared winner Monday, Nov. 26 over Incumbent Kenneth Maxwell for the third time since the May Primary.

The ballot recount showed a final tally of 1,185 votes for Rainey and 993 for Maxwell, according to County Clerk Helen Golliugh, one of the officials authorized to participate in the Monday recount.

Then at 5 p.m. Monday members of the Collingsworth

County Commissioners Court met to conduct their canvass of the recount, which confirmed the official recount figures.

Members of the official recount team were Jean Cudd, Richard Fourmentin, Earl Patterson and Grant Wooldridge.

The application for recount of ballots was filed by Maxwell with the Secretary of State, accompanied by affidavits from four election officials.

The basis for authorizing the recount was stated in a letter from the Secretary of State Myra McDaniel to Maxwell, through his attorney, with a copy reaching the

office of County Judge Zook Thomas Friday.

Two election officials stated that the absentee ballots on which voters had marked the straight party box and then voted for the write-in candidate for sheriff were initially counted as one vote for the party nominee for sheriff and one vote for the write-in candidate for sheriff.

The affidavit stated "that when the error was discovered there was an attempt to adjust the totals but the ballots were not recounted."

"Based on the uncontested statement in such affidavit, I

Blessing Fund Opens to Aid Needy This Christmas

The third annual Christmas Blessing Fund has been organized for Wellington and Collingsworth County to help under-privileged families in the area enjoy a happier holiday season.

Last year the fund raised over \$2,000 in donations and helped 30 needy families.

Donations to the fund may be made to an account opened at Wellington State Bank. Judy Forrester is handling the account and donors should contact her when making a donation. Donors names will be published each week in The Wellington Leader.

The purpose of the fund is to

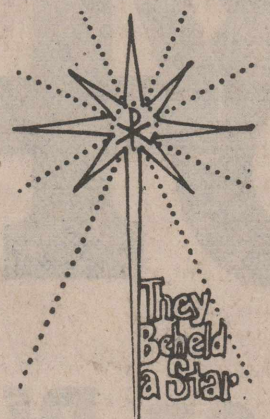

provide holiday-related assistance to those who would not otherwise have a meaningful observance of the holiday.

In the past two years the fund has provided clothes and toys for children, and most importantly, food to needy families.

The Fund has been able to purchase 500 pounds of food already this season from an Amarillo food bank.

The Fund provides an opportunity for sharing at the Christmas season so that those wishing to donate to help less fortunate members of the community can

Nicole Keller's Steer Third In State Fair Carcass Show

Wellington's Nicole Keller, 16, exhibiting her first 4-H Club calf in any livestock show, went straight into the Top 5 Best in the carcass show of the State Fair of Texas in Dallas.

Nicole has been notified by Fair officials that her Chianina-Angus cross steer placed 3rd in a field of 195 carcasses evaluated for special awards.

In the live steer judging October 25, Nicole's steer placed 13th. She received a \$50 cash award.

The live weight of the steer was 1105 pounds and the carcass weight was 724, said Extension Agent Don Reeves who has worked with Nicole and her steer.

It had a ribeye area of 14.7 square inches and fat thickness over the ribs was .15 inch. USDA quality grade was choice minus and yield grade was 1.2.

"It is unusual for a choice minus grade steer to be in the 1.0 yield grade," Reeves commented.

Nicole bought the steer last spring and he came originally from

the cornbelt.

The State Fair of Texas was the only place he was shown.

Reeves credited the right feeding and genetic makeup of the steer with the judging outcome. It was fed a high grain ration of corn, milo, oats, cottonseed hulls, molasses, minerals and protein supplement. "He was always a trim little steer. Nicole walked him only enough to get him gentle," Reeves noted.

The daughter of Mr. and Mrs. Elmer Harold Keller, Nicole is a junior in Wellington High School. She plays in That Skyrocket Band and is active in the Church of Christ.

"Quality steers again came out on top when 195 carcasses were evaluated for these special awards," said Dr. Frank Orts, Extension Meats Specialist. He indicated very little difference in the 5 top carcasses which is verified by results tabulated. "All carcasses fell within the 61-65%

hereby find and certify that the election officers were clearly in error in counting certain ballots and in failing to recount such ballots when the error was discovered and that the error likely affected the outcome of the race."

The official recount team of four impartial persons, appointed by the commissioners court, included Jean Cudd, Richard Fourmentin, Earl Patterson and Grant Wooldridge.

The secretary of state is the only state official authorized to give

county officials permission to open the ballot box.

Besides the four appointed to recount the ballots, the only persons who could be present were the county clerk or her representative, and the two candidates or their representatives, Judge Thomas explained. Both candidates were present.

"I hope this is all of it," Rainey said Monday evening after the recount. Actually, he gained 6 votes and Maxwell lost four from a count tabulated on the day after the general election.

The count was adjusted to

Rainey's 1179 votes and Maxwell's 997, after first being released on election night as 1,126 for Rainey and 1002 for Maxwell.

Rainey won the May Democratic Primary 900 to 768.

Maxwell said he had no future plans to announce at this time. "I'm sure I'll find something, he said. "We are definitely going to stay here. This is our home." Mrs. Maxwell is director of nurses at Collingsworth General Hospital.

He said he was encouraged by the vote tally.

"A thousand votes in my support is something," he said.

He had emphasized that no one was being accused of dishonesty when the recount was requested.

Rainey said he's sure there will be some changes made in the Sheriff's office after January 1.

He has given no indication as to what those changes will be.

Because Collingsworth is one of the few counties in Texas successfully operating under a combined county-city law enforcement program, the sheriff's department has a larger than usual personnel, including deputies, dispatchers and jailers. He also has the right to select his own reserve deputies.

Other winners were 1st, Gary Don Parker, Byers FFA, \$100; Wendy Jeffers, Iraan FFA, 2nd, \$75; Dean Tate, Marlin FFA, 4th, \$25; Lance Perry, San Saba Co. 4-H, \$25. All carcasses were from crossbred steers.

The Fund is not intended to pay off indebtedness, to provide long-term assistance for chronic illnesses or physical handicaps, or to provide luxury gifts.

A limit of \$100 per family will be used in determining disbursements from the Fund.

A review committee composed of a staff member from the Texas Department of Human Resources, a staff member of the Community Action program, the County Judge, representatives from several civic clubs and churches, and a representative from the Wellington school system will review applications and make all decisions for disbursements from the Fund.

Applications for help from the Fund may be picked up at The Wellington Leader, the County Judge's office on the second floor of the courthouse, the Community Action Center, and at local church offices.

Applicants should request only items of greatest need.

the merchant decides on, with 4 p.m. a favored time. The person whose name is drawn does not have to be present.

Each merchant will decide what he wants to give each week.

The process will be repeated each Saturday, but Christmas shoppers are urged to visit all the participating stores and register.

Hatch emphasizes that this year each merchant provides his own promotion for the drawings.

Merchants are urged to remain open until 9 p.m. on Thursday, Dec. 20 in order that shoppers may be able to shop more leisurely for last minute gift purchases.

On Thursday night also a lively and festive program will be held. General chairman is Ben Karnes, music instruction in Wellington and Shamrock. Band director Frank Aue will assist.

A community band is being formed, made up of former high school band members, some who have never played here, and some present members of That Skyrocket Band. They will play Christmas music on the courthouse square, beginning at 7 p.m.

Singing will be provided by youngsters from the children's choirs of First United Methodist Church and First Baptist Church. There will be singers also from the adult choirs of the two churches.

There is room for others who would like to participate, whether they belong to these churches or not.

Jamie Johnson, Ron Long and Lynn Emmert are working with this part of the program.

Promoting the state-wide Texas Sesquicentennial of 1986 will be two young women who have formed Wagonseller Barbed Wire

United Methodist Women are once again making plans for their annual UMW Christmas Dinner and Bazaar to be held Saturday, Dec. 8 in the Bura Handley Community Building. The dinner hours are 11:30 a.m. to 1 p.m.

The Bazaar will open at 9 a.m. and will continue through the dinner. The head of the bazaar this year is Rachael Campbell. Items to be sold include handicrafted items such as wooden toys, Christmas decorations, home-cooked cakes, breads and preserves.

Original art will be offered under

and are selling statewide their crafts of barbed wire and much more to department stores and speciality and crafts shops and craft fairs.

They are Vicki Wagonseller Wilbur of Wellington and Adelle Burquist Read of Wolfe City.

A favorite item just now are their Christmas wreaths made from strands of barbed wire decorated with natural products as bolls of cotton, heather, broomweed, sage, yucca and bear grass pods, chincapins, dried okra and devil's claws.

Other small farm instruments are decorated for Christmas pieces-cotton hooks, small plows and others.

The two young women found many of these items abandoned on Collingsworth farms and from Mrs. Read's area in Hunt County.

All pieces in the display are designed in the manner of pioneer Texas.

Joining the Wilbur-Read team is the Collingsworth County Sesquicentennial Committee, with part of the members assisting on that evening.

1924 Study Club will also assist

the direction of Eugena Sherman and Mary Nell Holton. Pathfinders group of UMW will be offering Volume II, Recipes Shared With Love, their second cookbook full of favorite recipes from Wellington Methodist Women. Many talented women of the church worked to create a Bible quilt which will be given at the close of the bazaar as a fund raising project.

The coordinator making plans for the dinner is again Lyna Hurst. Many volunteers from the church provide the ingredients and manpower to cook the meal of

turkey, dressing, gravy, corn, green beans, cranberry sauce, hot rolls and pies. Ticket prices are \$4.00 for adults and \$2.50 for children under 12. There are take-out trays available and delivery is available for shut-ins.

The bazaar and Christmas dinner is always an exciting project for the UMW. The money received from it each year goes toward local church projects. Last year the UMW purchased a carillon. The bell chimes that can be heard at noon daily and announce church times on Sunday are coming from the Methodist Church steeple where the carillon speakers were installed.

This year's money has been designated to purchase new classroom tables and toward the church van. UMW also supports much mission work such as the McCurdy School, Methodist Children's Home in Waco, the Christmas Blessing Fund, OMS Missionaries Paul and Sylvia Cummings and many other missions through district and conference support.

Discovery Center Opens Christmas Show Dec. 2

Travel back into the time of the birth of Jesus Christ in the tiny hamlet of Bethlehem during the special planetarium show, "For We Have Seen His Star," which opens Sunday at the Don Harrington Discovery Center, 1200 Streit Drive, in the Medical Center Complex.

Shows are at 2 and 3:30 p.m. Sundays, 2, 3:30 and 7:30 p.m. Saturdays. The feature will run daily during the Christmas holidays, Dec. 20 - Jan. 1 at 2 and 3:30 p.m. weekdays and Sundays, 2, 3:30 and 7:30 p.m. Saturdays.

The traditional holiday program uses the planetarium instrument to take visitors back in time to view the sky at the magical moment of the sighting of the Star of Bethlehem. The traditional Bible study of the Christ Child's birth will be retold and several explanations for the Star will be discussed.

How did the night sky appear to the three wise men or magi, over two thousand years ago? There is no known description of the Star of Bethlehem and the only mention came from Matthew. What was the

"star of the east?" Was it a comet or a supernova? Was it indeed a miracle? How can this heavenly phenomena be explained - or can it?

Each visitor will draw his own conclusions based on personal beliefs. The important facts of Jesus' birth and His teachings that have altered the history of the world cannot be altered.

"For We Have Seen His Star" is a family program and church groups or other large groups will be accommodated.

COLLINGSWORTH COUNTY AGENT REPORT

by Don Reeves

MORE AND MORE AMERICANS GARDENING

Eight out of every 10 American households were involved in some form of indoor or outdoor gardening during 1984 and produced some \$13 billion worth of food.

Gardening ranked as the number one outdoor leisure activity of U.S. households again this year. Most popular gardening activities were flower gardening, 47 percent of all households; vegetable gardening, 40 percent; indoor houseplants, 46 percent; and lawns, 63 percent.

That information is based on the latest nationwide poll by Gardens for All, a national gardening association.

Although the poll showed a slight decline in backyard and community gardens from 1983, the

number of households growing a small amount of vegetables and fruits in containers and border plantings and on patios increased.

According to the poll, more than 90 million Americans are actively involved in home or community fruit and vegetable gardening.

Among trends that have emerged since the annual survey started in 1971 are these: the incidence of vegetable gardening has averaged 44 percent annually; the Midwest is the nation's number one gardening region; gardening is more popular in rural areas than in small towns, suburbs or cities; the tomato is the most popular vegetable in home gardens; and gardening for food is more popular among married households and people 50 years of age or older.

Hospital Auxiliary Reviews Progress

BY MARY SANFORD

The Collingsworth General Hospital Auxiliary has welcomed two new members to its ranks, and several others have voiced their interest of joining in the near future.

This is a result of the membership drive held October 16. The new members are Mrs. Pearl Reeves and Mrs. Pauline Hartman.

At the November meeting the president, Mrs. Loretta Wright

announced that the Auxiliary will not have its silver tea this year, but that the members will furnish refreshments Dec. 23 and 24 for Doctors, nursing staff and all hospital employees. This will be available in the upstairs lounge.

Recently completed Auxiliary projects have been a new pad for the x-ray table and a bulletin board for the nurses lounge. The ongoing project, jointly with the hospital is furniture for the patient rooms.

The hospital Auxiliary meets every third Tuesday in the Heritage Room at 10 a.m. The next meeting will be Dec. 18.

RR Commission Sets Temporary Rate Reducton

AUSTIN, Texas, Nov. 16 - The Railroad Commission has temporarily approved natural gas contract changes which would reduce rates to Lone Star Gas Co., Intratex Gas Co., and Valero Transmission Co. and their gas customers by almost \$1.03 million.

Further analysis of the proposed rates is needed before permanent Commission approval is given. However, Chairman Mack Wallace and Commissioner James E. (Jim) Nugent approved the rates on a temporary basis during the study period because of the cost reductions to be realized by gas consumers.

Customers of Lone Star, Intratex, and Valero will all benefit from lower gas costs under the contract changes since the companies must pass the reduced costs directly to customers using previously approved automatic adjustment clauses.

FmHA Assists 3300 Households During FY 1984

The Farmers Home Administration helped 3300 Texas households through its single family and rental programs during the 1984 fiscal year, State FmHA Director J. Lynn Futch reported today.

The loans, totaling \$101,000,000 were made under programs to assist families who are without safe, decent and sanitary housing and who need credit but cannot obtain it from private lenders.

Futch said that during the 12 months ending September 30, FmHA provided 1600 single family home loans totaling \$55,000,000, and 52 rental housing loans totaling \$46,000,000, which provided for 3300 housing units.

National preliminary figures show FmHA provided some 63,000 loans totaling \$2.8 billion in all rural housing assistance.

FmHA is a credit agency of the U.S. Department of Agriculture. It provides loan assistance to farmers and other rural residents who need credit but cannot get it elsewhere. All loans are to be repaid in full, plus interest.

NEWSCASTER NANCY DICKERSON - LENNIE SIMS

Mrs. Sims Helps to Open Women's History Center

A Texan and local citizen, Lennie Sims, has had the honor of serving as the chairman of Women's History and Resource Center for the General Federation of Women's Clubs, the world's oldest and largest organization of women volunteers. The years of planning having enabled giant steps on the road from dream to reality this year.

The focus of the GFWC Center is "women and voluntarism, in particular the great and diverse social, economic, political contributions to society that have been and are being made by women volunteers." The core of the collection will be GFWC's archives recording nearly one hundred years of activities together with the archival materials that State Federations and individual members will wish to include, said Mrs. Sims.

"Good Housekeeping" magazine, the Center's first corporate sponsor, is assisting through the donation of valued materials from its own extensive archives. Mrs. Sims was at the GFWC International headquarters in Washington with GFWC International president, Juanita M. Bryant to receive part of the collection from Editor-in-Chief John Mack Carter and GH National Affairs Senior Editor, Margaret Adams.

To spotlight the achievements of women-emphasis, the GFWC Board of Directors meeting in Toronto, Canada, included a Heritage Parade by the GFWC Board members from over the world who selected and represented a wide array of costumes. As commemorator of the showing, Mrs. Sims noted that historical events record what women were

wearing through the decades as they have initiated, promoted and contributed to improve the quality of life in a diverse action project.

The GFWC Foundation engaged an award-winning restoration architect to present a masterplan for the GFWC Center, housed in the 1884 Victorian townhouse adjacent to the GFWC International Headquarters at 1734 N. Street, N.W. Fund-raising includes membership in the 1734 Society, contributions by individuals, clubs, families and corporate entities. The latest and largest of the latter has been \$50,000 by Proctor and Gamble, longtime GFWC sponsors. A grant from Gannett News Service will enable the Center to have networking via computer and microfilm, etcetera.

For the dedication of the GFWC Center, there were special festivities attended by a cross-section of members from many state federations, of corporate friends, of Legislators and other interested VIP's at the lecture for the invocation by Rt. Reverend Monsignor W. Louis Quinn, Pastor, St. Matthews Cathedral (in the same block as GFWC) were GFWC International president Bryant, GFWC president elect Jeri Winger and Mrs. Sims, along with various executive branch women employees from the White House. The Honorable George Bush, vice-president of the United States, spoke at the dedication and participated in the ribbon-cutting ceremony.

That evening a reception and buffet dinner was hosted by President Bryant.

Greeting guests for the day and evening events were Lennie Sims and Ruth O'Brien, Special Assistant to GFWC president.

Belles Lettres Has Program on Interesting Facts About Texas

Belles Lettres Club met Tuesday, Nov. 20, with Mrs. Bryan Denley as the hostess.

Mrs. Bob Hightower, president, conducted the business meeting and presented the program on Texas.

First, members answered roll call with a Texas Tall Tale.

Then Mrs. Hightower discussed

Those on the Advisory Council of the GFWC Center, with Mrs. Sims as the first committee chairman are the following: The Honorable Anne Armstrong, Nancy Dickerson, Jane C. Freeman, Cynthia Helms, The Honorable Lare Boothe Luce, Abigail McCarthy, Sarah Weddington, Dr. Virginia Allan, Rose Narva, Margaret Adams, Rena Bartos.

Texans attending known well locally included Sarah Weddington, Congressman Jim Wright, Dr. Marguerite Rawalt, Carol and Claiborn Crain.

The GFWC Center will benefit from materials gathered in the national "Celebrate Women!" and the GFWC Today's Woman focus on the local club members through the district, state, regional to international levels of GFWC. Mrs. Sims is a member of GFWC 1924 Study Club. GFWC Top of Texas District, GFWC Texas Federation of Women's Clubs. She is vice-president of GFWC South Central Conference, made up of seven states. Texas hosted this multi-state conference at the Westin, Dallas Galleria, and will host the 1985 GFWC convention in Houston.

These hostings by Texas are a part of the beginning of the Sesquicentennial celebration, a commitment for involvement, for which Mrs. Sims attended a workshop conducted by Randy Lee, executive director, Texas 1886 Sesquicentennial, UT-Austin.

"Speaking of Texas."

"Texas occupies about 7 percent of the total water and land area of the United States," she told the group.

"Its land and water area of 267,338 square miles makes Texas as large as all of New England, New York, Pennsylvania, Ohio and Illinois combined," she continued.

Mrs. Hightower pointed out that the Texas State Capital is the only capital in the U.S. that was not built with taxpayers money. Some three million acres of land in the Panhandle was traded to the Capital Freehold Land and Investment Company in exchange for building the state capital. This land was developed into the famed XIT Ranch.

The state motto, "Friendship," was adopted by the 41st Legislature in February 1930 and the name, Texas or Tejas, is a Caddo Indian word meaning "friends" or "Allies."

These other points were discussed:

The Texas Declaration of Independence was framed and issued by the Constitutional Convention in March 1836 at Washington on the Brazos and is now on display at the State Capital.

The first of the East Texas missions was established in 1690 by the Spanish at the site of a Tejas Indian village in the present Houston County.

The Santa Rita, the discovery oil well on University of Texas lands in Reagan County, came in on May 28, 1923. The old drilling rig may be seen today on the campus of the University at Austin.

The "Father of the Texas Panhandle," George Tyng, probably a native of Scotland, became manager of the White Deer Land and Cattle Co. which had extensive holdings in the Panhandle. In this role, he introduced fences, wells

Study Club Begins "Walk for Health"

There is a concerted local effort underway to recognize the citizens who are indulging in walking -- that "safe, simple, assessable and inexpensive form of exercise."

Some have been walking for years; some, for months; some, just beginning; and some are "thinking about beginning."

A walking challenge, nationally called "Life. Be In It," is being offered to this community by GFWC 1924 Study Club in a way that can be fun and beneficial to seasoned walkers and new walkers.

The club president, Mrs. H.L. Jenkins, announced that this walking challenge is part of a national survey to promote healthful activity for all ages, designed by Prudential Insurance.

Mrs. Jenkins designated Mrs. Kent Clark as the local chairman who will direct the survey and related events. Mrs. Clark urges all "walkers" to get on her list so the community will be well represented in the statistics.

"Don't Horse Around; Hoof It Where 'Ere You're Bound'" is the local motto. Twice a month there is a different fun theme that is shown on the simple, easy chart which walkers fill out at home.

Places will be available downtown to pick up chart themes; then those are returned for another chart theme the next two weeks. Soon these charts will be at Roseys Jeans and Things and with Mary Foster at Wellington State Bank.

More specific information will be released soon on this community wide project. Ways to gauge the pace of your walking are available as are suggestions to achieve desired results.

Additional information for the

and windmills into the area and promoted the settlement of farms, Mrs. Hightower concluded.

Refreshments were served to Mrs. Earl Alexander, Mrs. E.F. Bartlett, Mrs. Bill Cason, Mrs. J.A. Graham, Mrs. Dick Richards, Mrs. W.F. Harbin, Mrs. Bob Hightower and the hostess, Mrs. Denley.

beginner is available from Mrs. Clark. Several have been participating in varying lengths of time for various reasons; this too, is essential data needed for the project.

Whether one walks alone or with others, please participate in this fun, health project by getting in touch with Mrs. Clark, Mrs. Jenkins or other 1924 Study Club members as this endeavor attempts to recognize walkers' merits and efforts by spotlighting "High Steppers!" "Remember, 'Don't Horse Around; Hoof It Where 'Ere You're Bound'", said Mrs. B.M. Sims.

NUTRITIOUS HOLIDAY TREATS

With the emphasis on food and fitness, many people are interested in holiday treats which are both nutritious and delicious.

Oranges and grapefruits make delicious stocking stuffers which are loaded with vitamin C. Dry-roasted, unsalted peanuts, in or out of the shell, provide a tasty protein source and a welcome addition to holiday snacking.

If your holiday tradition calls for a pinata, fill it with fresh fruit, unshelled nuts, packaged raisins and individually-wrapped oatmeal or peanut butter cookies instead of candy.

Keep a basket of unshelled nuts, such as pecans, peanuts, walnuts, almonds, chesnuts or pistachios in baskets during the holiday season. Family and guests will enjoy shelling and eating them as they sit around to visit.

Arrangements of fruit also make a beautiful, edible centerpiece. When fresh fruit is around, you'll find family and friends alike reaching for these nutritious treats

instead of sweets.

At parties, have a vegetable tray with a low calorie dip made with cottage cheese or yogurt instead of sour cream. You'll be considered a thoughtful host or hostess for remembering those who are trying to cut calories.

Punches made with fruit juice are a refreshing choice during the holiday season or anytime. Delicious punches can be made with a fruit juice base and artificially-sweetened ginger ale to give a sparkling, nutritious drink.

When you're invited out to a holiday party or dinner, offer to bring some food, then furnish a low-calorie addition to the menu. Serve yourself smaller portions of rich foods, and giant helpings of salads and vegetables. Ask for a smaller dessert, then leave some on your plate.

Holiday eating doesn't have to be high-calorie.

Personal

Visiting Mrs. Velma Rainey over Thanksgiving were her children, Mr. and Mrs. John James and family of Snyder and Mr. and Mrs. R.C. Cook and Richie of Dallas.

Stallings Host Family Thursday

Guests in the home of Mr. and Mrs. Troy Stallings Thanksgiving were their four children and their families: Benny and Kathy Stallings, and Cleland and Chris Stallings of Amarillo; Kenny and Shell Stallings and Amanda of Pampa; Debbie Stallings and Keith Walls of Ft. Worth.

Others attending were Mrs. Stallings mother, Mrs. Carrie Edwards of Shamrock; her sister and brother-in-law, Homer and Inez Varse of Pasadena, Texas.

Others were Sonyia Bolden of Ft. Worth and Mrs. Delma Jesse of Wellington.

Scoopin'

The trial balloon that the Reagan administration is floating this week proposing a simplified income tax system is something that should receive our support.

Many Americans spend between \$50 and \$1,000 each year just to have their tax forms prepared. If the system were simple enough for us to complete our own forms, the money that we now spend on tax form preparation could be stuck in our hip pockets or our taxes could go up slightly and that money could be used to reduce the federal deficit. Either way, we would be better off than we are under the current system. Even if we still wanted to hire someone to make sure we were filing correctly, the cost would be much less because the work of the tax preparers would be greatly simplified.

Just as Richard Nixon, the old Cold Warrior who saw a communist lurking behind every corner in the McCarthy era, was the only person who could have opened the diplomatic door to Communist China, and just as Jimmy Carter, the Democrat who was by far the choice of government employees, ushered in more economic deregulation and reformed the Civil Service more than any administration in the past 50 years, Ronald Reagan may be the only person who can pull off this tax simplification scheme. He was supported by many of the people who have the most to lose with this new plan. No one else can say to these interests: "But I'm YOUR candidate." Had this proposal been floated by the Democrats, it would have been quickly denounced as anti-business.

We will see at work in Washington this spring the powerful forces of every special interest whose tax deduction is threatened by this proposal. It should make for interesting spectating.

Mrs. Jim Sikes sent me a sample of tea cakes from Rose Wells' recipe that I reproduced a couple of weeks ago, and they were just as good as I remembered them: soft and just sweet enough so that you could eat about two dozen at a sitting.

Here's a reminder for all of us dog lovers from a Postal Service news release earlier this year that our rights end at the other guy's shins: "In one of the largest dog-bite settlements in USPS history, a jury has awarded \$300,000 in damages to a Hollywood, Florida letter carrier who was savagely attacked by a pit bulldog. Jean Zambory, the 26-year-old carrier who received the award, was attacked as she returned to her vehicle after delivering mail to an apartment building. The same dog had previously attacked five other people, including two police officers.

"Since the attack last year, Zambory has been hospitalized three times for treatment of her severely injured leg, including skin grafts."

In less severe instances, the Postal Service can simply refuse to deliver your mail or the mail to anyone on your block until the dog is chained.

Wellington Team in Special Olympics

Dallas, Texas..Each year more than 20,000 mentally and physically handicapped athletes participate in Texas Special Olympics programs. On November 30 and December 1, Texas Special Olympics will hold its North Zone State Bowling Meet with more than 900 Special Olympians expected.

Wellington will be represented at this event by the local Special Olympics team which is sponsored by the Wellington Satellite Center. Head coach for the team, which has seven members, is Toni Wright.

Helping to make the event special, the program will be sponsored by United Technologies Corporation for the third consecutive year. Employee volunteers from the local United Technologies and subsidiaries, which include Mostek, Otis Elevator, Building Systems and Carrier, will help staff the event. State and local officials have also been invited to participate.

This two-day event includes attendance at a Dallas Diamonds

basketball team game, a Saturday bowling tournament (Don Carter Lanes West), a games carnival and a Saturday night dance and awards ceremony. The attached schedule provides more detailed information.

STATE CAPITAL

HIGHLIGHTS

By Lyndell Williams
TEXAS PRESS ASSOCIATION

AUSTIN—Former Texas House Speaker Bill Clayton, who wielded the gavel a record eight years, last week proved he is very much a viable force in Texas politics.

Now a lobbyist in Austin, Clayton put together a fundraiser for current House Speaker Gib Lewis that was attended by about 1,000 guests, including most of the prominent lobbying force.

The several thousand dollars raised by the bash will go to pay for Lewis' expenses in carrying out the functions of the House Speaker.

"We invited all the lobbyists and a lot of individuals who have contributed to Gib in the past," Clayton said.

The former speaker, operating in low public visibility, apparently is in great demand these busy days just prior to the January regular session. Clayton has been asked to host fundraisers for other public officials, including Lt. Gov. Bill Hobby and Attorney General Jim Mattox. And his name is surfacing as a possible statewide candidate in '86.

In Austin, it's the season for raising funds. In fact, it's the last chance until after the Legislature adjourns in May to raise money to pay off campaign debts or increase officeholder accounts. State law prevents public officials from accepting contributions from Dec. 8 and the day the Legislature adjourns.

Gib Lewis' most recent contribution report showed him with a balance of about \$140,000.

Budget Requests

The main function of government is to gather tax revenues and redistribute them for the benefit of all citizens, but usually that humdrum function is overshadowed by "fad" issues, the emotional issues that come and go.

This legislative session, the dominant issue promises to be the budget itself, a rare occurrence since legislators generally like to steer public attention away from the manner in which tax dollars are spent.

A growing buzz phrase in Austin is "no growth budget," and it means no increase for state agency budgets beyond what was allocated to them two years ago.

Major Agencies

Although the legislative leadership has requested agencies to compile new budgets using "no-growth" formulas, the agencies haven't complied.

Percentage of increases for major state agencies is as follows: Human Resources, 39.4 percent; Highway Department, 25.9 percent; Mental, 59.7 percent; Health Department, 44.9 percent; Parks and Wildlife Department, 39.4 percent.

Comptroller, 8.5 percent; Governor's Office, 3.8 percent; Attorney General, 78 percent; Agriculture Department, 37.4 percent; General Land Office, 50.3 percent; State Treasurer, 2.1 percent.

Employment Commission, 37.8 percent; Alcoholic Beverage Commission, 54.5 percent; Department of Public Safety, 30.9 percent; and Rehabilitation Commission, 28.7 percent.

delays in prison system reform, last week threatened to replace all prison board members who do not move fast enough.

But prison board chairman Robert Gunn, an appointee of former Gov. Bill Clements, protested the board was moving "as fast as is humanly possible. We have accomplished more in the past six months than I would have thought possible."

The board is grappling with court-ordered changes, with overcrowded conditions, and with rising violence among prison inmates.

The terms of three of the nine board members expire in February. White has already named four members to the board and reportedly has the votes to oust Gunn as chairman.

Family Farm Loans

Texas Agriculture Commissioner Jim Hightower recently signed the first loan guarantee under a controversial program designed to help Texans buy family farms and ranches.

A Falls County couple used the Family Farm and Ranch Security Act to buy a 537-acre ranch at 11

percent interest.

Hightower explained the family had been running a cattle operation for years on leased land, but couldn't afford to buy their own land until this program offered the opportunity.

The program, which floats bonds to guarantee loans through local lenders, was originally passed in 1979, but political controversy has stalled its implementation. As one opposition senator has put it: "Ranchers don't need more debt."

Texas Poll

A new survey of voters by Texas Poll indicates that Texans favor changing the way judges are elected.

Currently, judges are elected by campaigning under party labels just like other public officials. But the voter sample showed that 53 percent of the voters would like to see judges run without party labels.

Respondents, given a choice of alternate selection methods, favored the governor or the Legislature appointing judges, who must then face a special kind of election in which the voters could decide to keep or oust them.

Windbreak Trees Again Available From SWCD

WINDBREAK TREE PROGRAM ANNOUNCED

The Salt Fork Soil and Water Conservation District announced its windbreak tree planting program for 1985 this week. Rudolph Tate, chairman of the SWCD Board of Directors, made the announcement.

"We are expanding our sources of supply this year to try to offer a wider variety of tree stock. Other provisions of the program will be the same as in the past," Tate said.

The District will use both the Texas Forest Service and the Colorado Forest Service as suppliers for small-sized seedlings. Both offer container-grown seedlings as well as bare-rooted bundled stock. The containerized seedlings must be purchased in lots of 30 trees, and the trees are 8-15 inches tall. Bare-rooted trees of 18-30 inch height are available in bundles of 50 trees.

The containerized trees will cost \$40 for a box of 30 trees, and the bare rooted trees will cost \$20 for a bundle of 50 trees. The SWCD will arrange for the trees to be available for pickup in Wellington at planting time next spring.

Containerized specie available will be Austrian pine, ponderosa pine, Scotch pine, pinon pine, Afghanistan pine, red cedar, Rocky Mountain juniper and blue spruce. Bare-rooted species include green ash, hackberry, native plum, Russian olive, lilac, Nanking cherry and honey locust.

"We may also have some larger, more expensive potted trees that can be purchased singly later on, but the private nursery that we have been using for these trees has not yet announced their program for 1985. Check back with us in a couple of months and we may have some larger trees available by then," said Tate.

Pecan trees are being added to the program for the first time this year. They will be the Cheyenne variety, bare rooted, with a one-half inch stem diameter and pruned back to about four feet tall. The price will be \$12.50 per tree. These trees will come from the Brownwood, Texas area.

Tate stressed that the small trees

from the Texas Forest Service should be ordered as soon as possible because their supplies are not expected to meet the demand from the West Texas area. Trees ordered now will be reserved for shipment next spring. Colorado FS supplies have been lasting longer into the spring season.

New WTU Rates Now Effective

New rates for West Texas Utilities Co. customers became effective Friday, November 16, by order of the Public Utility Commission of Texas.

The Commission earlier had approved a settlement agreement reached by WTU, the intervening cities and the PUC staff. The agreement gives WTU an annual base rate increase of about \$12.4 million and a fuel charge decrease of about \$13.3 million. This would result in a net decrease in revenue for WTU, to allow for an expected decline cost of boiler fuel during the coming year.

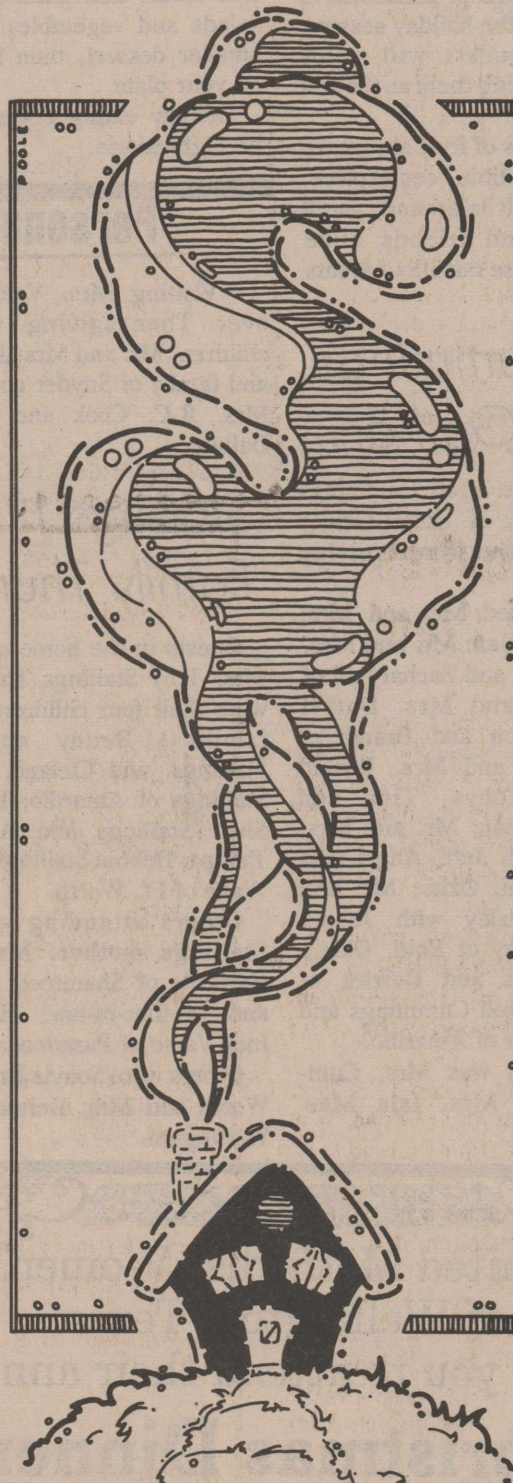

The new rates, which include a winter-summer differential, will raise average residential rates by about 4.2 percent. The rates will be slightly lower than current rates during the November-April period, but higher during the rest of the year. This feature was insisted upon by the PUC staff to encourage conservation during the peak usage months.

Bills for all electric meter readings recorded after Friday will reflect the new rates, according to Holman King, WTU vice president and director of corporate relations.

WHY SPEND SO MUCH TO KEEP WARM?

Get a gas furnace.

Gas furnaces save money. In fact, if you're heating your home with a non-gas system and you switch to high-efficiency gas heat, you'll cut your operating costs in half.

Sound too good to be true?

Believe it. Because high-efficiency gas furnaces operate for half the cost of non-gas systems. And compared to older gas models, that are 60% efficient, new high-efficiency furnaces are 83 to 96 percent efficient. And most come with a twenty-year warranty. So you can save on heating costs for years to come.

Don't spend too much to keep warm.

Obituaries

E.C. Puryear, Former County Resident, Dies

A former Wellington man, Edward Camp Puryear, 69, of Ingram, died Saturday, Nov. 17, at Peterson Hospital.

He was the son of the late Mr. and Mrs. W.S. Puryear and was born in Wellington January 29, 1915. He graduated from Wellington High School in 1932 and attended Simmons University, Abilene, where he was a member of the college band that performed in Europe.

He farmed near Wellington for many years, then moved to Midland in 1953, where he was on the police force. He also served as deputy sheriff of Kerr County from 1959 to 1966. He was a member of the First Baptist Church.

Funeral services were conducted Tuesday, Nov. 20 at 10 a.m. in the chapel of the Kerrville Funeral Home, with the Rev. Kelly Speer officiating. Interment was in Garden of Memories Cemetery.

Kerrville Funeral Home was in charge of arrangements.

Survivors are his wife, Mrs. Billie Puryear of Ingram; two daughters, Mrs. Diane Puryear Duddington of Joshua and Mrs. Carole Puryear Young of Cheney, Washington; a sister Mrs. Margaret Peters, Ph.D., of Wellington; four grandchildren and two great grandchildren.

Local memorials may be made to the Wellington Cemetery Association Trust Fund or to the American Heart Fund.

His sister, Mrs. Peters, and cousins, Mr. and Mrs. Walter Camp attended the service from here. Several other cousins also live in the county.

City Acquires Old Ice Plant

The city has taken over its ice plant property acquired recently from Wellington State Bank, and city employees are cleaning up the lots, city council members were told in the regular meeting Monday, Nov. 19.

As it is cleaned up, city-owned equipment is being moved in. For the first time, all city equipment will be under roof during the winter months.

The property, located in east Wellington near the railroad, was acquired for \$4,500 as a long-term investment.

"You can't realize how valuable this is," city manager Glen Taylor told the council. "It's a big, big asset."

Taylor pointed out that it would be well worth the money to use for storage, but the location is ideal for an industry or commercial business.

No work will be done on the building at present, but this will be done in the future as money becomes available to the city.

The council has had this under consideration since it first became known the building would be available.

The building has had several owners in recent years, but for a long period, around 50 years ago, it housed a large ice plant. The name has remained.

Taylor reported that street repair was completed, with four loads of asphalt being put down. One block of 14th Street was torn out and reshot. This lies between property recently acquired by Steve Davis and the south side of the Housing Authority at the west edge of town.

Fincher Pastor of Fundamental Baptist

The Rev. Rick Fincher is the new pastor of Fundamental Baptist Church, having begun his work three weeks ago. He succeeds the Rev. Howard McCann, who moved to Lubbock.

Before coming to Wellington, Rev. Fincher was pastor of Pioneer Bible Baptist Church in Louisburg, Kansas, and prior to that he was pastor of a church at Daingerfield.

Rev. Fincher, whose home town is Center, is a graduate of East Texas Baptist College in Marshall.

He has been in the ministry for 16 years and has served as pastor of three other churches.

Mrs. Fincher, the former Mary Rowe of Daingerfield, is also a graduate of East Texas Baptist College. The couple has four girls, Stephanie, age 10, Robin, 7, Kathy, four and Ruth, two years.

Rev. Fincher said that at present he is becoming familiar with his work here, and plans are being made for the Christmas service to be held on Sunday, Dec. 23.

Dodson Nazarene Revival Opens Dec. 4

Revival services will be conducted at the Church of the Nazarene in Dodson, beginning Tuesday, Dec. 4, and continuing through the following Sunday, Dec. 9.

Services will be at 7:30 p.m. each evening during the week, with Sunday services at the regular hours.

The evangelist will be the Rev. John L. Knight of Oklahoma City, who was also the evangelist for a revival held at the church earlier in

the year.

"He has held a number of district and general offices in the Church of the Nazarene and has been an evangelist for a number of years," said the Rev. C.M. Huff, pastor. Singing will be under the direction of the local members.

One special night has been designated, Saturday, Dec. 8, which will be Sunday School night.

Rev. Huff said that the public is invited to these services.

Advent Begins Church Year for Catholics

For Catholics, the Church Year begins with Advent -- the four week period of preparation before Christmas. The Catholic Churches of Collingsworth and Wheeler Counties will be using the four Sundays of Advent, beginning with Sunday, December 2, as a special period of intense preparation to help them be open to Jesus, the Son of God, who became Incarnate and "dwelt among us" at the First Christmas.

At mid-week of each week during Advent, they will have an Advent Celebration of the Liturgy

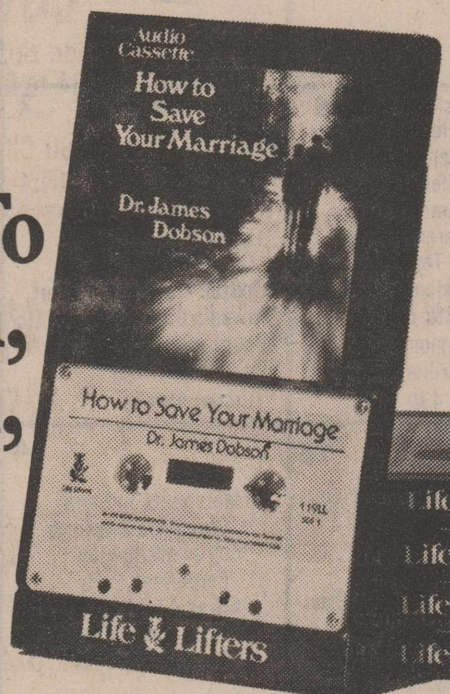

of the Mass at 7 p.m., followed by the Sacrament of Reconciliation for individuals from 7:30 to 8:30 p.m. This will also be a time for communal reflective prayer.

Fr. Paul Sauerbier, CM will conduct this on Tuesdays at St. Mary's in Wheeler, on Wednesdays at Our Mother of Mercy in Wellington, and on Thursdays at St. Patrick's in Shamrock.

TEACH US TO PRAY

God's word says that we should study to show ourselves to be approved unto God. We are also to teach our children in the ways of the Lord.

Once when the Lord had been praying, his disciples asked him to teach them to pray.

"And he said unto them, When ye pray, say, Our Father which art in heaven. Hallowed be thy name. Thy Kingdom come. Thy will be done, as in heaven, so in earth. Give us this day our daily bread. And forgive us our sins; for we also forgive everyone that is indebted to us. And lead us not into temptation; but deliver us from evil."

ATTEND CHURCH EACH SUNDAY that you may be taught about the Lord.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Farmers Hear David Senter, AAMCo-ordinator

When the 1985 Farm Bill comes before Congress, don't work on the House Agriculture Committee as a whole. Zero in on the various subcommittees, a group of approximately 25 Collingsworth farmers was told in a November 16 meeting at Cherokee Inn.

Their speaker was David Senter, national co-ordinator for the American Agriculture movement.

Senter was here with two other AAN leaders, V.B. Morris, national treasurer and Texas AAM president Marion Garland.

Senter also urged the Collingsworth men to have their lobbying effort ready, with telephone and letter writing campaigns aimed at the House agriculture subcommittees.

A mini-tractordcade to Washington at the time the farm bill is before the house was discussed.

Besides the farm program, the AAM leaders discussed the farmers problems with the Farmers Home Administration, and what a farmer can do about them.

Senter discussed the limited resource loan program, interest rates, how a farmer applies for one of these loans and how he can appeal if he is turned down.

Much of the time was taken up by questions from the audience.

Americans drink about 5 billion bottles and cans of soft drinks each year.

Community Bldg, 802 10th St., Wellington, Texas

Minors must be accompanied by an adult.

My sincere appreciation to the citizens of Collingsworth County for permitting me the honor of serving as your Sheriff for the past four year.

I was defeated at the Polls, but I feel I have gained something much greater, and that is the confidence and respect of a great number of true and loyal friends. Your continued support has meant more than words can ever express. You have given me the most!! When I have needed it the most!! For all of this I will never be able to repay, but I will never forget!!

There will always be a very special place in my heart for the loyal individuals who have worked for, and with me. I am extremely proud of the unmatched devotion and responsibility shown by my staff and reserves. Plus their dedicated service to the entire county. They have always been there, when or even before needed. It has been our intention to best serve everyone equally.

Sincerely,

Samuel L. Maxwell SHERIFF

Samnorwood Tournament Slated for Nov. 6 to 8

The Samnorwood School annual basketball tournament is slated for Thursday through Saturday, Dec. 6-8, with 16 teams participating, 8 in the girls bracket and 8 in the boys.

Because Thursday and Friday games must be completed after 4 p.m., half the games each day will be played in the Shamrock Gym, the others in Samnorwood Gym.

Top seeded team in both boys and girls divisions are the Wellington Skyrockets and Rockettes. Seeded second are Shamrock Irish and Lassies and third seed goes to Clarendon Bronchos and Bronchoettes, two teams new to the tournament. In 1983 Wellington and Shamrock teams were 1st and 2nd in their categories.

The other participants are boys and girls teams from Samnorwood, Hedley, Lakeview, McLean and Mobeetie.

Brackets were drawn at a steak breakfast held at Shamrock Nov. 14.

Trophies will be presented to first, second, third and consolation

winners in both boys and girls divisions, and a plaque will go to the coaches of the boys' and girls' championship teams.

Games at both Samnorwood and Shamrock will begin at 4 p.m. First round games to be played at Samnorwood Thursday are:

4 p.m. Wellington and Hedley girls; 5:30 p.m. Wellington and Hedley boys; 7 p.m. Samnorwood and Lakeview girls; 8:30 p.m. Samnorwood and Lakeview boys.

Games to be played at Shamrock Thursday will be:

4 p.m. Clarendon and McLean girls; 5:30 Clarendon and McLean boys; 7 p.m. Shamrock and Mobeetie girls; 8:30 p.m. Shamrock and Mobeetie boys.

Second round games will start at 4 p.m. Friday, said Coach Mike Smith. Games on the winners side will be played at Samnorwood and the losers side will be played at Shamrock, using the same time schedule.

All final games will be played at Samnorwood Saturday beginning at noon.
