Robert A. Hughes Dies, Abernathy Methodist Dist. NTC Enlarged

Funeral services were held at 4:30 p. m. May 31, 1971 for Robert Austin Hughes, 79, of Abernathy. He was a resident of Cunningham for many years before moving to Abernathy in 1942.

He is survived by his wife, Rosa of the home and seven children — five daughters and two sons. They are: Mrs. Oneta Carpenter of Arlington, Mrs. Audie Reid of Houston, Mrs. Gussie Dillard of Lubbock, Mrs. Betty Park of Glassboro, N. J., Mrs. Jessie Lee Smith of Lubbock, George of Slaton and Robert of Houston; two sisters, Miss Nettie Hughes and Mrs. Eula Lynn of Vidor, sixteen grandchildren and sixteen great-grandchildren.

He farmed in the Abernathy community until retirement in 1955. He was a member of the Northside Baptist Church.

The Paris - Sulphur Springs District of the North Texas Conference of the Methodist Church has been enlarged by one-third, having been assigned a large portion of the now dissolved Dallas-Greenville District. The Greenville - Commerce area churches have been added according to Dr. C. C. Sessions, who has been reassigned to this enlarged district responsibility. In reflecting on the work of the recent Conference Dr. Sessions had this to say:

Judge Henry Braswell of Paris and Mrs. Chas. Gilreath of Sulphur Springs were elected lay delegates to the Jurisdictional Conference which will be meeting in Houston next spring. Four new Bishops will be elected at this Conference.

Recognition and appreciation of the new Children's Day Center at Clarksville funded by the Reconciliation Fund of the Annual Conference to which all churches contribute.

President Nixon was asked to withdraw all troops from Vietnam at the earliest possible date and he was assured of the continuing prayers of the Conference in his endeavors for peace.

Refused to interfere with the action of the Board of Trustees of Southern Methodist University in dealing with the alcohol problem which stands as follows:

A. Affirm the age old stand against the drinking of alcohol beverages by anyone and at all times.

B. Stand for the enforcement of all local and State laws in regard to persons drinking alcohol beverages and to follow the Methodist Discipline in dealing with the drink problem.

C. The University prohibits the consumption of alcoholic beverages in all public places on Campus.

D. Disorderly and offensive conduct, due to the use of alcohol, shall be severely disciplined and such persons will be referred immediately to the counseling services, hopefully for redemption care.

E. President Willis Tate and his administration will implement the positive action taken by the Trustees dealing with the alcohol problem.

Austin. — Legislature in regular session agreed to submit 14 more proposed constitutional amendments to voters in November, 1972.

Among major ones is HJR 51, which would authorize the 1973 Legislature to serve as a constitutional revision convention.

Two others (HJR 58 and HJR 95) would provide for raise in salaries of legislators (to \$8,400) and lieutenant governor and House speaker (to \$22,500.)

Other amendments on the general election ballot in 1972 will be:

• SJR 1 — Providing four-year terms for governor and other statewide officials now limited to two-year terms.

• SJR 16 — Guaranteeing that no rights will be abridged because of sex, race, color, creed or national origin.

• SJR 7 — Permitting local governments on popular vote to exempt \$3,000 of assessed value of resident homesteads of persons 65 or older from all ad valorem taxes.

• HJR 68 — Providing for advertising (twice) of proposed constitutional amendments in clear, concise language in all legal newspapers in Texas.

• HJR 35 — Authorizing a tax exemption for disabled veterans and a partial exemption for partially-disabled veterans.

• HJR 57 — Permitting county commissioners to reduce the county permanent school fund and provide for payment of money to independent and common school districts on a per-scholarship basis.

• SJR 29 — Providing that state employees can serve on non-paying school boards and city governing bodies without forfeiting state pay.

• SJR 20 — Exempting soil and water conservation district directors from dual office-holding prohibitions.

• HJR 61 — Relating to rates of interest to be borne by bonds.

• HJR 41 — Requiring that justices of the peace be compensated on salary basis.

• HJR 31 — Abolishing Lamar County hospital district.

JOBLESS ROLL DROPS — Number of unemployed in the state decreased 6,000 during April to 181,000, Texas Employment Commission reports.

TEC said the jobless rate was only 3.8 per cent of the total labor force, thus the decline may signal a "possible end to the doldrums of the past year."

Mid-April figure was identical with December, 1970 and considered probably the lowest of the year.

Thirteen labor areas reported improvements. Austin enjoyed the lowest rate of unemployment in the state — 1.8 per cent of

Services Tuesday For Ross King

Funeral services for Ross King of Clarksville, who died Sunday at 10:15 p. m. at his home were held at 4 p. m. Tuesday at the McKenzie Memorial United Methodist Church with the pastor, the Rev. James Simpson, officiating. Burial was in Fairview Cemetery.

Born Sept. 1, 1897 in Oklahoma, Mr. King was a son of Will and Martha King. He was a member of the McKenzie Church, Clarksville. He and Miss Marguerite Morrison were married in Clarksville Feb. 7, 1923, and she survives. Mr. King was a retired case worker for the Texas Department of Public Welfare.

Also surviving are two sons, James King of Dallas and George King of Houston; a daughter, Mrs. Jack D. Egloff of Dallas; two brothers, Lee King of Bogata and Julius King of Lubbock; two sisters, Misses May and Ruth King of Bogata; and three grandchildren.

Bearers were Lindsay McAllister, Dick Wrenn, Gene Warthan, Lloyd Sterling, R. G. Burrus, Robert Williams, John McLendon and Jimmy Latimer.

Mr. and Mrs. Lyndon Horn have returned to Mesquite after visiting here with his parents, Mr. and Mrs. E. J. Horn. Their two daughters, Patti and Vickie, remained for a longer visit.

labor force.

LIQUOR TAX PASSED — Tax on liquor-by-the-drink passed in the first day of the special legislative session.

Measure (HB 3) will place a 10 per cent gross receipts levy on sales and service of mixed drinks in bars and private clubs. Cities and counties each will get 15 per cent of the revenue collected within their boundaries.

Bill also boosted the tax on liquor from \$1.68 to \$2 a gallon and upped the wine gallonage tax depending on strength of the wine.

Beer tax on July 1 will go up from \$4.30 to \$5 a barrel. This rate supersedes the \$6 a barrel ordered in the regular session omnibus tax bill (HB 730).

About \$28 million in new revenue for the next two years is expected from the bill.

AG OPINIONS — A called session of the Legislature cannot pass a legislative redistricting bill, Atty. Gen. Crawford Martin said in a recent opinion. Martin held that unfinished Senatorial reapportionment must be accomplished by a five-member committee of state officials.

In other recent opinions, Martin concluded that:

• Taxing authority of a junior college district is specified by the Texas Education Code, regardless of whether the board of trustees of the district is also board of trustees of the independent school district. If a separate board of trustees is created for the junior college district, it would have control and management of all district property but only such control over school district property as the district board agrees to.

• Alcoholic Beverage Commission has no authority or jurisdiction to regulate beer sales by vendors who sell from ship's chandlery under U. S. Customs bond.

• State Treasurer will receive fines collected in district court for violation of the Texas Motor Carrier Act, and neither district attorney nor district clerk may retain a percentage.

• A bill providing for establishments of a schedule of abused drugs by rule of the State Board of Pharmacy and for dispensing of drugs is constitutional.

AIR PERMITS NECESSARY — A new law provides that any company planning to construct or modify a facility which may emit air contaminants must get a construction permit from the Air Control Board.

If a construction permit is granted, the facility must also have a permit to operate before going into actual operation.

Air Control Board will formulate procedures for implementation of the permit system.

Producers Should Certify Early

Producers have to certify their compliance under the 1971 set-aside farm programs. Deadline for certification in Red River County is July 15, according to Clyde Mitchell, Chairman of the County Agricultural Stabilization and Conservation (ASC) Committee.

In most cases, it will be to a producer's advantage to certify his program acres as early as possible, he said. However, he emphasized that early certification is optional and that a producer may certify at any time through July 25. A producer must complete his certification before he can receive any set-aside payment.

To certify, a producer signs a statement at the County ASCS Office showing the acreage devoted to various crops under the 1971 farm programs. At the same time, he designates the amount and location of his set-aside acres.

Producers who certify in time for data to be processed will get checks for their preliminary set-aside program payments as soon after July 1 as possible.

First payment in the cotton program will be 15 cents a pound. In corn it is set at 32 cents per bushel, and the grain sorghum rate is 29 cents a bushel. Feed grain payments are made on established farm yield times one-half of the feed grain base; those for cotton on the established yield times acres planted, but not in excess of the farm's allotment Mitchell explained.

Leon Cooper and son, Randy, accompanied by his parents, Mr. and Mrs. Fate Cooper, have returned to Dumas after visiting here with his sister, Mrs. Roy Worthey and Mr. Worthey.
