REDS OPEN FIRE IN BERLIN

Strikes Bring On Shortages

Movement Of Wheat Crop Menaced; Cold Homes For Nation Also Forecast

(By The United Press)

With 110,000 workers on strike across the nation a new labor dispute today threatened to halt movement of the nation's bumper wheat crop over the Great Lakes to the East Coast.

At the same time, government fuel experts warned there may be many cold homes across the nation if the West Coast oil strike lasts another two weeks or longer. Sporadic gasoline shortages already were developing in parts of the west.

And the transportation blockade caused by the West Coast maritime strike spread to rail freight traffic across the continent. The Association of American Railroads imposed an embargo on freight to Atlantic and Gulf ports for water shipments to the West Coast.

The trucking strike threatened to hamstring New York City and it looked as though the work stoppage would spread further in New Jersey. Incoming freighters were being diverted to Boston, Philadelphia, Baltimore and New Orleans because of the strike.

The latest strike threat came from Duluth-Superior where more than 500 AFL grain workers were demanding a wage hike from 10 elevator firms.

Shipment At Height

Duluth-Superior is the "funnel" through which a large portion of the grain harvest pours to eastern milling centers such as Buffalo. Shipment of this year's big crop is at its height.

Processors said grain would be "backed right up to the wheatfields" if the handlers struck.

Talmadge Wins In Georgia's Election

(By The Associated Press)

ATLANTA, Sept. 9. — Georgia made ready today to usher in a second generation of "white supremacy" rule under its potent, scarlet-suspendered Talmadge political dynasty.

Young Herman Talmadge, jubilant over an apparent landslide in yesterday's Democratic primary for governor, set the stage for a special legislative session to install him early in November.

He couldn't wait for the regular meeting in January to assume —with no questions this time— the mantle he wore illegally for 67 turbulent days early in 1947. Victory in the primary is the same as election in Democratic Georgia.

For the tobacco-chewing, 35-year-old lawyer-farmer-politician, triumphant in his first campaign, the special session would bring long-sought revenge over acting Governor M. E. Thompson, his chief opponent yesterday and his foe during a 21-months political drama that drew world attention.

1947 Incident Cited

The first act opened with a death scene in December, 1946. Eugene Talmadge, Herman's acid-tongued father whose magic with rural voters had elected him governor four times, died before his inauguration.

In a dramatic pre-dawn session, the legislature in January, 1947, elected "Hummon" to sit in his father's chair. Then arose scholarly M. E. Thompson, who abandoned an educator's career to enter politics, to claim the office also by succession from lieutenant-governor.

Herman's forces changed locks in the capitol by night to capture the governor's office. After two months of tumult and confusion because that state had two governors, Talmadge walked out quietly when the Georgia supreme court said Thompson should serve as acting governor pending an election to fill the remaining two years of the elder Talmadge's term.

But he pledged, "I'll be back."

Major AFL Union Will Back Dewey

ALBANY, N. Y., Sept. 9. (AP) —Gov. Thomas E. Dewey today won the endorsement of the executive board of a major AFL union in his campaign for the presidency.

The board of the Building Service Employes International union, representing a claimed 175,000 members, pledged its support to the Republican nominee.

The action of the group was announced by William L. McFetridge of Chicago, general president of the union, after he and other officers had conferred here with Dewey.

The step represented the first outright endorsement of Dewey by a major union.

Slavs Invading Greece Killed

ATHENS, Sept. 9. (AP) — War Minister George Stratos said tonight Yugoslav troops invaded Greece yesterday and that Greek troops killed nine of the Yugoslavs.

The minister appealed to the Western Allies and the United Nations to intervene before Greek soldiers lose their tempers over what he described as provocations by Albania, Yugoslavia and Bulgaria, and set off a general conflagration.

Communist Aid Charged

Stratos said Greece will consider accepting an international military force to seal off 500 miles of borders of the neighboring countries, which he accuses of continuing to aid the Communist guerrillas of Markos Vafiades.

Stratos said Yugoslav soldiers and rebels had entered Greece in the Kaimatchlan area and took a peak from the Greek army. The Greeks counter attack and recaptured the mountain.

The retreating forces left eight Yugoslav soldiers and an officer dead in Greece, Stratos declared.

Stratos said the Greeks also captured three Yugoslav soldiers.

Bodies Left On Field

The Greek general staff ordered the bodies left on the battlefield for inspection by the United Nations special commission for the Balkans (UNSCOB), The commission also will have a chance to question the prisoners.

The general staff ordered Greek troops not to enter Yugoslavia or let shells fall on Yugoslav territory.

The Greek army opened an offensive recently in the Vitsi triangle near the conjunction of Greece, Yugoslavia and Albania against Vafiades' followers.

Fire Loss Heavy At Amarillo Air Field

AMARILLO, Sept. 9 (AP) — Fire early today destroyed a large hangar and its contents—including two twin-engine airplanes and 11 new automobiles—at Amarillo field.

The loss was unofficially estimated at $250,000. Besides the two planes and the new cars, the loss included three used automobiles, a used truck, shop equipment and furniture.

All of the property belonged to the bureau of reclamation, region No. 5, which has headquarters here.

Amarillo field is adjacent to English field, Amarillo's municipally-owned air terminal, eight miles east of Amarillo.

Wage War Threat In England Ends Today

MARGATE, Eng., Sept. 9. (U.P.)— The threat of a wage war that would have imperiled Britain's entire plan for economic recovery was ended today when the nation's leading labor leaders voted support for the government's anti-inflation policy.

Eight hundred delegates to Britain's Trades Union congress, representing 8,000,000 workers, adopted a resolution pledging continued support of the labor government's anti-inflation drive.

Heavy Rainstorms Sweep Heat From Texas

Area In North Texas Is Hit By Windstorm

Phone Service At Cleburne Knocked Out During Blow

(By The Associated Press)

Texas got relief from both the heat and drouth today but with it came storms in North Texas which caused considerable damage.

Several thousands dollars of damage was caused in Cleburne and the Johnson county farming area south of Cleburne by a rain and windstorm last night.

Phones Out Of Order

Between six and seven hundred telephones were out of order in the city of Cleburne. District Manager Vernon Moore said service had not been restored today although repairmen worked all night.

Most of the telephones were out because of wet cables but some lines were knocked down by falling trees. Cleburne had 4.57 inches of rain, one of the heaviest rainfalls of those which covered the entire state yesterday and last night.

A barn at Bono six miles west of Cleburne was destroyed when it was struck by lightning. At another farm west of Cleburne a barn was de-roofed by wind and a chicken house was picked up and blown into a garden.

Boathouse Blows Away

Extensive damage was reported at the Cleburne State park where the boathouse, in which 20 to 25 boats were tied, blew away. Efforts were being made today to prevent the boats from washing over the dam.

The Texas Power and Light company reported that between 20 and 25 transformers were knocked out by lightning in Cleburne and surrounding small towns. Service was not interrupted, however. Johnson county electric cooperative crews worked all night to restore REA service to isolated sections knocked out by the storm. Lightning also struck two homes between Alvarado and Cleburne but damage was small.

Temperature Drops

The temperature dropped to a chill 48 at Amarillo in the Texas Panhandle early today as cool weather rains moved across the state.

The heaviest rain reported was an unofficial six inches at Sterley 17 miles northwest of Floydada in the Panhandle. Borger reported an official 4.32 inches for the

Volcano Spews Deadly Ashes

MANILA, Sept. 9. (AP)—An urgent radio appeal was broadcast tonight to all ships within call to remove the remaining 15,000 population from volcano-ravaged Camiguin island as a shower of deadly acidic ash spewed from Mt. Hibokhibok.

The volcano has been erupting since Sept. 1, and 36,000 of the little island's population already had been removed.

Subsequently the eruption quieted, but a new, acute emergency developed today.

Order Maintained

The radio appeal was broadcast by Arturo Alcaraz, Philippines weather bureau volcanologist, from aboard a Philippines Navy patrol boat off the island.

It was heard by Globe Wireless.

The broadcast said:

"To all ships at sea: acute emergency at Camiguin island. All available boats needed for mass evacuation. Guinsiliban and Binone designated embarkation points. Binone top priority to ships.

"Rain of acidic ash, probably one of halogens, has occurred. Order being maintained."

Gas Warning Given

Guinsiliban and Binone are small towns on the southeast coast of the island, which is in the Mindanao sea only a dozen miles north of the big island of Mindanao.

The halogens are a family of chemicals such as chlorine, bro-

GOP Starts Drive To Win Texas For Dewey

HOUSTON, Sept. 9 (U.P.)—H. J. (Jack) Porter was scheduled to fire the opening gun tonight in a Republican bid to make Texas a two-party state and to carry it for Gov. Thomas E. Dewey of New York in the general election in November.

Porter was scheduled to make a statewide broadcast over a 14-station hook-up at 7 p. m. The Republicans plan to organize the entire state, down to the last precinct, and campaign vigorously for the election of Dewey and Gov. Earl Warren of California for vice president.

Texas has voted Republican once before—in 1928 when Al Smith was defeated by Herbert Hoover.

States' Rights Rally Tonight

Big Crowd Is Expected For Meeting Here

Gov. Thurmond To Arrive By Plane This Afternoon

Gov. J. Strom Thurmond of South Carolina is to bring his campaign for President of the United States to this city tonight.

The governor, nominee of the States' Rights party, southern wing of the Democratic party which is carrying on a vigorous protest against some of the policies and campaign pledges of President Truman, is to be principal speaker at a South Plains rally on the east side of Hotel Lubbock tonight.

Arrives Late Today

The speaker is scheduled to arrive here with his party at 5:30 p. m. Accompanied by his wife, he is traveling by plane, and is to be met at the airport by a city-wide reception committee headed by Mayor W. H. Rodgers.

It was announced at rally headquarters that the governor and his party plan to rest in their hotel rooms after the airport greetings, until time for the rally.

However, plans were announced for a general reception, when the governor and his party will be available for handshaking, to be held in Hotel Lubbock ballrooms following the general rally. This reception, to last about an hour, is to be wholly informal, the announcement said.

Makes Other Stops

The first presidential nominee to ever visit here, Gov. Thurmond is on a swing through West Texas that included a luncheon stop today at Big Spring where he was honor guest at a joint luncheon of civic clubs, and a reception at mid-afternoon at Midland, just prior to the takeoff for Lubbock.

Mayor Rodgers late yesterday issued an appeal for all members of the reception committee to be at the airport at 5:15 o'clock this afternoon. The group is composed of a cross-section of the city's business and social life, and rally headquarters announced it was chosen without regard to political affiliation.

The committee on arrangements for the visitors' reception stressed that efforts were made to have the group representative of the city, and that selection of the committee does not necessarily mean party adherence.

To Rope Off Street

The rally is scheduled to be held on the east side of Hotel Lubbock, with the block of Ave. K between

Lufkin Man Killed In Three-Car Crash

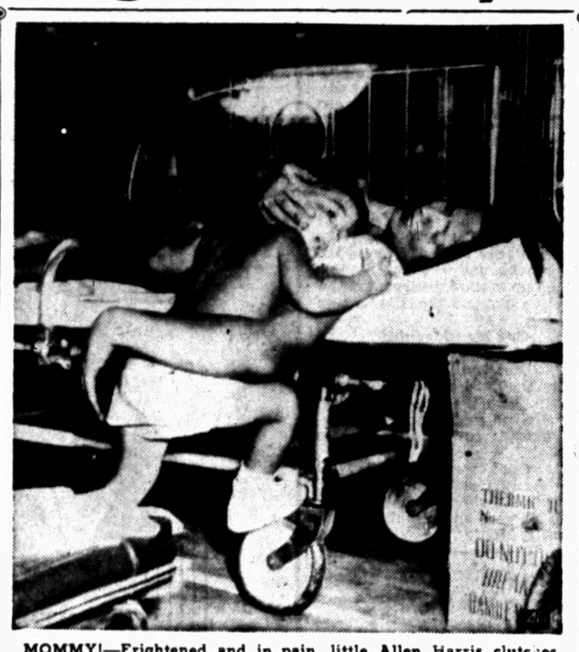

LUFKIN, Sept. 9. (U.P.)—Travis E. Epps, 30, operator of a Lufkin taxicab company, was killed instantly last midnight in a three-car highway crash eight miles west of here.

Buddy Gordon of Lufkin suffered minor injuries and W. E. McGoodwin of Bellaire, near Houston, was hospitalized with a fractured leg.

Services for Epps were set for Friday.

ROBBED BY NEGROES

DALLAS, Sept. 9. (AP)—Roy Hoard, 40, of Waco, reported to police today that a negro girl and boy held him up and robbed him of $26 about 1 a. m. The girl, about 16, held the pistol, he said.

MOMMY!—Frightened and in pain, little Allen Harris clutches his mother, Mrs. Mildred Harris, 26, in an ambulance after they were injured when their car collided with another in New York City. Mrs. Harris is confined in Queens General Hospital with a concussion. The child and two men in the other car were released after treatment for minor injuries.

IT'LL BE HARDER TO GET LOAN

Increase In Bank Reserves Ordered

(By The Associated Press)

WASHINGTON, Sept. 9.—Borrowers may find it tougher to get money from the banks as the result of a new Federal Reserve board action aimed at cutting down on inflationary lending.

At least FRB officials hope so. Yesterday, in an effort to make lending funds scarcer, they ordered their member banks across the nation to put another $1,900,000,000 into reserve vaults—where borrowers can't get at it.

But the officials are not highly optimistic. They said the banks, for the most part, can raise those extra reserve funds by selling government bonds, leaving other lendable assets intact.

While there is no guarantee that the banks will tighten up on lending, officials said they probably will do so a little, at least for psychological reasons.

Demand Reserves Affected

By inducing banks to lend less, the FRB hoped to put a damper on buying and thus relieve some of the upward pressures on prices.

Its new action, using anti-inflationary power voted by the special session of Congress a month ago, raised the amount of money banks must have in reserve by an additional two per cent on checking accounts and 1½ per cent on savings deposits.

As a result:

1. New York and Chicago banks must keep as non-lendable reserves 26 per cent of their checking—or demand-deposits and 1½ per cent of their "savings—or time-deposits" effective Sept. 24.

2. Banks in other big cities must keep 22 per cent of their checking account deposits and 7½ per cent of their time deposits in reserve, effective September 24.

3. "Country" banks must maintain as reserves 16 per cent of their demand deposits and 7½

Several Speeches Scheduled In Colorado

Truman's Western Campaign Will Commence September 18

(By The Associated Press)

WASHINGTON, Sept. 9.—President Truman said today his two-week western campaign tour will include San Francisco and Los Angeles.

The Democratic nominee starts the tour with a speech at Dexter, Ia., Sept. 18.

Mr. Truman told a news conference he plans also to speak in Denver, Colorado Springs, Pueblo and Glenwood Springs in Colorado, and at Salt Lake City.

A speech in San Diego, Calif., is under consideration.

Mr. Truman will leave Washington Sept. 17 and return about October 1.

After the Dexter speech, the President will go to his hometown of Independence, Mo., to spend the night September 18.

He will leave the afternoon of September 19 for Denver and will speak there Sept. 20. His other Colorado appearances probably will be made the same day.

Mr. Truman made it clear that his schedule is not complete in exact detail and that he could not give definite dates on all his engagements.

Prior to his Dexter appearance, he plans a 6:00 a. m. platform talk at Davenport, Ia., Sept. 18.

Other campaign tours are still in the drafting stage.

Four Fighter Planes Lost

MANILA, Sept. 9 (AP) — Four P-47 fighter planes which took off from Clark field Wednesday morning for routine training were unaccounted for today, the 13th Air Force announced.

At least sixteen planes were reported in the flight which encountered bad weather off the northwest coast of Luzon. All except four were accounted for, the announcement said.

Search Is Ordered

The missing planes belong to the 18th fighter group. A search was ordered until all possibility of locating them is exhausted.

It was unofficially reported that five of the P-47s had landed in Formosa, but there was no immediate confirmation.

P-47s are single engine Republic Thunderbolts normally carrying only a pilot.

Bride-To-Be Killed In Abilene Crash

ABILENE, Sept. 9 (U.P.) — A highway crash early today cost the life of Laverne Thornton at the exact moment her mother was putting the finishing touches on the young girl's bridal gown.

Laverne, 19, was killed instantly when a car driven by her fiance, Albert Kinser, 32, smashed into a concrete bridge abutment a mile west of Abilene.

They were to have been married next Tuesday.

The crash occurred at 1:30 a. m. Mrs. Ella Mae Thornton, the mother of the girl, was at home working late into the night and just finishing Laverne's wedding dress.

Work Is Speeded On Huge B-36 Bombers

FORT WORTH, Sept. 9. (U.P.)— A speed up production order on the huge B-36 bombers went into effect today at Consolidated-Vultee Aircraft corp., here.

Ray O. Ryan, assistant division manager, said that between 6,000 and 7,000 Convair workers would go on shifts of 10 hours per day, six days per week. The new schedules affect those in production as well as some clerical and non-production schedules, he said.

The schedules probably will remain in effect for several months, the announcement said.

Enraged Crowd Stones, Beats Soviet Troops

Plea For World's Aid To Berlin Is Made By Mayor

(By The Associated Press)

BERLIN, Sept. 9—Russians and Communist-controlled German police fired on Berlin anti-Communists tonight after the crowd stoned a jeepload of Russian soldiers just inside the Soviet sector.

Part of a crowd of 200,000 Germans who took part in a massive anti-Communist demonstration just inside the British sector surged toward the Soviet area as the mass meeting ended.

At the Brandenburg gate, inside Soviet territory, the crowd attacked a jeep bearing five Russian soldiers, and stoned and beat its occupants.

At Least One Hit

British sector police attempted to keep the crowd from entering the Soviet zone, fearing incidents might provoke shooting.

At least one German anti-Communist was seen to have been hit by the fire of the Russian sector German police.

Associated Press photographers on the scene said they believed Russian military police who rushed up aimed their fire high in order to disperse the demonstrators.

The anti-Communist demonstration was held in front of the burned-out Reichstag building. It lies on the British side of the Brandenburg gate, which is at the dividing line of the British and Soviet sectors.

World Aid Sought

Ernst Reuter, elected mayor of Berlin who could not take office because of Soviet opposition, called upon the world to come to the aid of Berlin.

"People of America, England, France, Italy—Berlin must not be given up," he cried. "The day of victory, of freedom, will come when the world will recognize the German people as a free people, with the right to be heard."

Every time a speaker mentioned the Soviet commandant of Berlin, the crowd booed.

"Pfui on Communism," shouted a speaker. "Back to Moscow with the Red dictatorship." The crowd applauded wildly when speakers from the predominantly anti-Communist city assembly appeared. These speakers declared they would go back to the city hall despite the Communists and the Russians. One shouted:

"Moscow Communism is a crime against the community. We will

Candidates Of Other Parties Are Lambasted

Texas Machinery Is Perfected At Dallas Gathering

(By The Associated Press)

DALLAS, Sept. 9—Texans can carry their States' Rights yearnings to the polls in November.

The States' Rights Democrats, anti-Truman offshoot of the regular Democratic party, made certain of this yesterday. At a statewide convention here the rebels formally took Texas into their southern fold. Party machinery was perfected, Gov. J. Strom Thurmond of South Carolina was named the presidential candidate and Gov. Fielding L. Wright of Mississippi was chosen his running mate.

Others Lambasted

Thurmond, here to accept the nomination, lambasted the proposed civil rights program and presidential candidates Truman, Dewey and Wallace in a rousing speech last night.

In other southern states, the party is known as the States' Rights Democrats. On the general election in Texas in November, however, it will be the States' Rights party. In 1944 a Texas court decision held that only the Democratic party was entitled to use the word Democratic on the ballot.

The convention was alternately colorful and dull. About 300 persons perspired through the tedious afternoon business of forming the new party. Approximately 600 cheered Thurmond through his address last night.

Victories Reported

In South Carolina, Mississippi and Alabama, Thurmond and Wright are supported by the regular Democratic party organization. A special Florida legislative committee voted yesterday to give Thurmond a place on the state's general election ballot but declined to recognize Henry Wallace. Also yesterday, a North Carolina supreme court decision gave the States' Rights Democrats a berth on the state's general election ballot.

States' Righters hope to gain control of the regular Texas Democratic machinery when the Democrats convene at Fort Worth Sept. 14. A number of Texas political leaders who have been pushing the new party stayed away from yesterday's convention since they also are delegates to the regular Democratic party convention

Two Dead, One Hurt In Traffic Mishaps

WEATHERFORD, Sept. 9 (U.P.)— Two traffic accidents, only a few hours apart, were responsible today for the death of two persons on U. S. Highway 80, and the injury of another.

Mrs. J. W. Snoemaker, 75, was fatally injured, and her son, Thomas J. Shoemaker, was hospitalized after the car he was driving from Fort Worth to their Parker county farm home rammed a truck. The accident occurred sometime before midnight four miles east of here.

Billy John Hardin, 13, son of Mr. and Mrs. John Hardin living five miles west of here, was killed when struck by a car as he cycled along the highway near his home last night.

C. E. Parker, El Paso, was reported driver of the car, and swerved in an effort to avoid hitting the youngster, according to state patrolmen.

Bad Weather Blamed For Airplane Crash

SAYRE, Okla., Sept. 9 (U.P.) — Rough flying weather was blamed today for the crash of a prize-winning speed plane and the death of its pilot six miles south of here.

The Oklahoma highway patrol identified the victim as Sampson Held, 30, North Hollywood, Calif., who was flying the P-51 in which Jacqueline Cochran won third place in the Bendix air race last Friday. He was ferrying it to Los Angeles for Miss Cochran.

Al Young, Civil aeronautics inspector, said the plane crashed after its right wing fell off, apparently weakened by fighting its way through a storm northeast of here.

Burglars Fail To Make Haul

Pinson Drug store, at 1519 Ave Q, was entered in the night by burglars who used a bar to pry open one of two front doors, but checking had failed to disclose loss of money or merchandise, Bert Pinson, owner, said today.

The store owner was called after Moore's Bonded patrol had discovered the door was open.

Purse Is Stolen

Police said Miss Virginia Beardsley, of Wink, had reported theft of her purse containing $65 from a bus station here.

The sheriff's department reported that seven men convicted in 72nd district court had been transferred to the Texas Prison system Wednesday night. They were Forest D. Shipp, 38, Denison, five years for forgery; William Warren Hoffman, 28, Philadelphia, Pa., three years for felony theft; Raymond Pinkert, 22, Lubbock, five years for theft; Paul James, 23, Lubbock, three years each in two burglary cases; James Richard Turner, 18, Slaton, seven years for burglary; Ambrose M. Adams, 27, Lubbock, five years for theft and Loyd Farmer, 18, Plainview, three years each in two burglary cases.

City police had jailed six persons late Wednesday night for drunkeness and vagrancy.

Fine Is Assessed

County court officials said that Tony Leonard McGlaun, jr., 22, of Tahoka had pleaded guilty of drunk driving and been fined $50 and court costs.

He was arrested by police at 5:05 p. m. Wednesday after a chase, investigators said, adding that twice when they stopped him and got out of their automobile McGlaun drove away from them.

Texas Vote Probe Is Still Uncertain

WASHINGTON, Sept. 9 (AP) — The Justice department won't decide until after Sept. 13 whether it will investigate the recent Texas senatorial race.

This was announced today by assistant Attorney General Alexander Campbell. He had said earlier that the department is "reviewing" complaints from Texas which inferred irregularities in the Aug. 28 balloting.

Russia Makes Quick Move For Meeting On Italian Colonies

MOSCOW, Sept. 9. (AP)—Russia has suggested that foreign ministers of the big four meet in Paris tomorrow to discuss the future of Italy's pre-war colonies.

(A British foreign office spokesman in London said he could not "venture to guess" whether it would be physically possible to get together on such short notice. There was no immediate reaction at the State department in Washington. The problem is complicated by the fact that France has no government.)

If Britain, France and the United States agree, the big four would have but five days to settle a question which has remained unsettled since the war, despite long and frequent confefences.

The Italian peace treaty provides that the four major powers must reach a decision on what to do about Libia, Eritrea and Somaliland by Sept. 15 or turn the problem over to the United Nations. The U. N. assembly convenes in Paris Sept. 21.

Russia proposed last week that the big four get together before the treaty deadline and Britain and the United States replied yesterday they were ready to do so. They asked Russia to set the date.

German Talks Involved

(The foreign ministers held many conferences on the colonial question and then referred it to their deputies for study. The deputies worked on it for a year and finally sent the whole thing back to their chiefs, without agreement. There has been no public announcement of the positions of the four powers, but responsible sources have said even the western powers are in disagreement.)

If the big four does get together in Paris tomorrow, it probably will mean there will be no more four-power talks in Moscow concerning the Berlin crisis for the time being.

Foreign Minister V. M. Molotov would be expected to represent Russia at Paris and since he has been conducting the Soviet side of the German negotiations here future Kremlin talks probably would await his return.

There is the possibility, of course, that the scene of the German talks might shift to Paris, if the military commandants in Berlin fail to come up with an agreement.

Hay Lures Elephant From Moat At Zoo

SAN FRANCISCO, Sept. 9. (AP)—May ascended from the moat today, which proves appetite more than flattery or persuasion moves a lady elephant.

Lust for a peanut caused May's downfall last Monday. A pile of alfalfa hay finally lured her up a ramp from the eight-foot moat.

She toppled into the moat surrounding her zoo enclosure when her boarding-house trunk failed to reach the preferred peanut.

Hundreds of visitors showed up daily and showered May with sympathy and peanuts. No elephant in San Francisco had ever received such attention.

Zoo keepers built a heavy ramp and tried persuasion and prodding, but May ripped the ramp apart and stayed.

Yesterday zoo director Carey Baldwin decreed to the crowds, "don't feed the elephant," and fixed the ramp.

May began sniffing the alfalfa last night and finally rumbled out.

Four Dead In Train Mishap

HELENA, Mont., Sept. 9. (U.P.)—Four men were dead and 25 others injured today as the result of a collision between a Great Northern freight train and a motor-powered flat car carrying a railroad section gang.

The crash took place about 6 o'clock last night in a narrow Rocky mountain canyon 20 miles north of Helena.

Only 24 of the 53 men on the small flat car leaped clear when the northbound freight engine loomed up around a curve. The locomotive ground the flat car to kindling.

One Man Mangled

Witnesses said one man was mangled under the engine and the rest of the dead and injured were strewn along the right of way. Four Helena ambulances and several hearses rushed the dead to hospitals.

The dead were identified as Juan Aranda and Willie Holland, of South Carolina; Joseph Pearce, of Oklahoma, and Frank Collins, of Butte, Mont.

New Method In Fire Rescue Works Fine

LOS ANGELES, Sept. 9. (AP)—Here's something new in fire rescue technique.

Steelworker Blackie Mihalek was hanging from a second story hedge with flames licking around him yesterday. His buddy, Finis Bryant, had already jumped, breaking an ankle and suffering internal injuries.

Then crane operator J. D. Grundon, on the same remodeling project, went into action. He yanked levers and the big steel hook swung out toward Mihalek.

The worker grabbed the cable, got on the hook and was lowered to the ground, with no hurts worse than minor hand burns.

Long Nominated In Louisiana Primary

BATON ROUGE, La., Sept. 9 (AP) The 29-year-old son of the late Huey Long won the Democratic nomination for United States Senator by a 10,475 vote margin in Louisiana's Aug. 31 primary.

Official returns announced yesterday by Secretary of State Wade O. Martin gave Russell Long 264,143 votes to 253,668 for Appeal Judge Robert Kennon.

Victory in the primary is equivalent to election in this Democratic stronghold of the deep south. Long, a nephew of Gov. Earl Long, will fill the unexpired term of the late Senator John Overton.

Bidding Run Up By Old Age Pensioner

DETROIT, Sept. 9. (AP)—Gov Kim Sigler got bidding up to $5.50 a pound Wednesday before he ruled "sold" in auctioning off the grand champion steer at the Michigan state fair.

Then he discovered that the bidder was an old age pensioner who had "misunderstood" the terms of the sale.

The sale was nullified and fair officials held an emergency meeting.

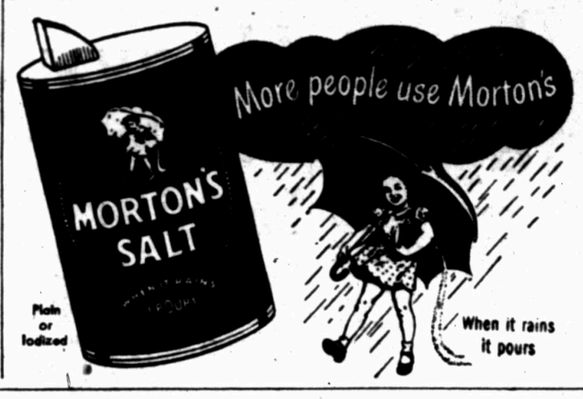

They decided to buy the steer at $1.10 apound and to dispose of it by sealed bids up to Friday, Oct. 1.

Children playing with matches caused 22,500 fires in the U. S. in one year.

Continued Communist Agitation Is Seen As Permanent Policy By Informed Diplomats

By WILLIAM PHILIP SIMMS
Special Correspondent

WASHINGTON, Sept. 9.—Western European and American diplomatic circles are convinced that the cold war is a permanent policy of the Kremlin and that even if agreements are reached in Moscow and Berlin, Russia won't keep them.

Here is what some of the best-informed are saying:

Russia, like pre-1941 Japan, is opportunist. Russia, therefore probably will do what Japan did, namely, follow a policy of watchful waiting, meantime carrying on a war of nerves against the West.

Japan's militarists hated the United States. They openly accused us of blocking their conquest of Asia. If it weren't for the United States, some of them were frank to say, everything south of the Amur river in Manchuria—including the maritime province of Siberia— would quickly be included in Nippon's "new order."

Events Favorable

But they hesitated to go to war with the United States. They would bide their time. Sooner or later the United States would find itself at a disadvantage. They foresaw World War II and were sure the United States would be involved. Then would come Japan's opportunity.

The events of 1939, 1940 and 1941 were made to order for the Jap imperialists. Sure enough, the United States was being sucked into the European war. Public opinion was divided. Many Americans were strongly opposed to war, across the Atlantic or the Pacific. When the navy held annual maneuvers in the Hawaii-Aleutians area, pacifists protested that we were staging "war games in Japan's front yard." Also there were strikes, sitdowns and anti-war picketing.

Japanese agents interpreted these manifestations as signs of American paralysis. Since we were almost totally unprepared on land, sea and in the air, they reported back to Tokyo, this was the time to strike.

Russian Plans Similar

Pearl Harbor was the result. The Japanese imperialists felt certain that before the United States could get set to strike back, they would be able to occupy and consolidate all eastern Asia.

Diplomatists here fear the Kremlin may be harboring similar plans, adjusted to present-day conditions.

The United States quickly started disarming after VJ-day. To remedy this will take time and money—several years and many billions of dollars.

At the same time, the United States is spending billions annually in Europe and Asia, on occupation costs, the Marshall plan, military aid to Greece and Turkey and so on.

If Russia keeps up her cold war these huge American expenditures also will have to be kept up indefinitely. Unless they are kept up, Europe and Asia will collapse and Russia will pick up the pieces. Soviet fifth columns are working and waiting.

Eventually—so Moscow openly predicts day after day—the United States will collapse. It can't keep spending at the present rate forever. Then, when the "bust" comes, American aid stops, rearmament is curtailed, and unemployment with all which that means brings social strife—that would be Russia's time to strike. By then, too, she expects to have plenty of atomic bombs of her own.

MOTHER-TO-BE IS FIRE HEROINE—Mrs. V. A. Smith, an expectant mother, is shown with her two children under her arms after rescuing them from the burning Atlanta, Ga., apartment house in background. Mrs. Smith had been staying there with her mother while waiting to go to the hospital.

Miss Novak Is Wed In City

Mr. and Mrs. Dewey Smith, who were married Saturday night at 7 o'clock at St. Elizabeth's Catholic rectory, have returned from a short wedding trip and are at home at 1511 Fourteenth. The bride is the former Miss Elizabeth Novak of Lubbock, daughter of Mr. and Mrs. Andrew Novak of Catawissa, Pa.

Rev. Leo Conlin read a double ring ceremony.

The bride, given in marriage by her brother, Stephen J. Novak, wore a dusty rose dressmaker's suit with navy accessories and carried a nosegay of gardenias.

Mrs. W. E. Rogers, matron of honor, wore a gray suit with bronze accessories and a corsage of yellow roses and gardenias.

J. W. Smith of Abernathy served his brother as best man.

A reception was held in the Chimayo room of the Hilton hotel. The bride, who is a graduate of Catawissa High school, lived in Manhattan, N. Y., before coming to Lubbock. She is employed at Rhodes Bros. Safety Lane.

Mr. Smith is a graduate of Abernathy High school and served in the Army Air Corps during the war. He is employed by Black-Sivalls and Bryson Oil company.

Littlefield Girl Is To Wed Hale Center Man

Mr. and Mrs. J. D. Lee of route 1, Littlefield, are announcing the engagement and forthcoming marriage of their daughter, Lois Bassemeir, to Philip Short, son of Mr. and Mrs. S. E. Short of Hale Center.

The ceremony will be read in Denver Sept. 18, where the couple will spend a short honeymoon. They will make their home in Douglas, Wyo., where the bridegroom-elect is employed.

The bride was graduated from Texas Tech college in June and Mr. Short is a senior.

MARY HAWORTH'S MAIL . . .

Man In Late Forties, In Love With Secretary, Tells His Wife To Fancy Herself Single

DEAR MARY HAWORTH: For over a year now my husband, in his late forties, has been friendly with a young lady 25 years his junior. She is his very efficient and attractive secretary and indispensable to his work. Incidentally, she has no parental or family ties.

For several months, their meetings after business hours have been occurring more and more often, three times a week at least. These include, by John's admission, dinner and theater dates, "necessary to business," he says, as well as swimming and golfing excursions into another state.

He never returns home from these "meetings" before 2 a. m., and now expects me to "cover up" for him if one of his business associates tries to locate him.

A SERIOUS AFFAIR. WIFE IS CONVINCED

I HAVE evidence, unsolicited, that this is a serious intimate relationship and I have no desire to "hold my man" against his will. Our family life, per se, has ceased to exist. John has lost all interest in the children and the home and suggests that I pretend to myself to be a bachelor woman!

He argues that as long as my household bills are being paid, I should be satisfied without the companionship we once shared; and beyond that, he refuses to discuss the change in our relationship.

Should I continue to keep the "home" together for three small children, at the expense of my pride and love and self-respect? Or should I force the issue and settle the future one way or another? I believe the situation must be equally trying for the young lady involved.

STRANGE BEHAVIOR IN MARRIED PAIR

DEAR C. B.: John's home-front attitude about the affair is extraordinarily callous and raffish; and your comment on the situation is strangely composed, quite unlike the distrait or indignant protest that usually issues from a faithful wife thus shabbily treated.

This suggests the possibility that your pre-marital relations with John may have been irregular, too; and the fact that his is in his late forties, whereas your three children are "small," suggests that this may be second marriage for him, which suggests another possibility, to-wit: that you may have won him away from another and older wife some years ago, using tactics similar to those now being used against you.

How else explain your philosophic, even quasi-accommodating reaction to his cynical candor about his misconduct, which seems to say you have "no kick coming." Or his insolent request that you "cover up" his trysts from business associates, if any try to locate him?

MAN IS INCAPABLE OF BONAFIDE LOVE

FOR ADVICE, the security-needs of the children merit first consideration, and unless you have the personal resources or family backing to provide them with good home care, quite apart from domestic partnership with John, you had better sit tight where you are and let the girl "force the issue," as she will eventually, if the liaison persists at "serious" pitch and John seems content with that arrangement, and you show no signs of quitting the marriage.

In such case, John (being a weakling) probably would take the path of least resistance and affirm allegiance to wife and children, rather than drive head-on into the costly uproar of stormy divorce action to oblige his paramour; because of course he would realize that you held most of the cards necessary to obtain substantial property settlement and custody of the children.

John isn't in love with the girl, but rather resisting his family's claims of love. He is an infantile neurotic male, incapable of sufficient interpersonal unity. The escapade is still in the "high adventure" phase for him; the young lady is having her innings now, such as they are; but if, as and when she starts taxing him for proof of responsible devotion, he will reject her defensively and retreat to home door open to him. M. H.

Mary Haworth counsels through her column, not by mail or personal interview. Write her in care of The Lubbock Evening Journal.

REVIEW JUDGES BREAK OUT IN GOOSE PIMPLES

Preliminary Bathing Suit Contest Shows "Talent" For New Miss America Of 1948

BY HARMAN W. NICHOLS
United Press Staff Writer

ATLANTIC CITY, N. J., Sept. 9 —I'd sure hate to trade shoes with the 11 judges who have to pick Miss America.

There's be a hung jury because I love 'em all. Miss Alabama to Miss Wyoming, inclusive.

Last night the kids hit the ramp at convention hall in the preliminary skirmishes which will wind up on Saturday night with a new Miss A. There's a pot of gold at the end of the rainbow, too. Scholarships, a new car and a lot more prestige than you get from naming Mrs. Gush-Gush on a radio giveaway program.

Even pageant-wise Bob Russell, the curly-haired old master of many a ceremony at these things, was wearing a set of goose pimples in front of 6700 people.

Miss Kansas Tops

Bob's the kind of a guy who wants to tell the people every contestant is wonderful. He put in a full evening. One was just as wonderful as the next—in Bob's book and everybody else's.

First they had the preliminaries of the swim suit contest.

The girls walked down a ramp that reminded the bald-headed set of a night out at the burlesque.

And then—with the judges on the spot—the announcement at the press tables of the winner Miss Kansas.

As if I didn't warn 'em she'd win a couple days ago.

Miss Kansas, Vera J. Ralston of Wichita, a light-brownette with blue green eyes, 37 bust and size 5 shoe, strutted back onto the platform and gave us guys a nice curtsy.

After that came the preliminary of the talent contest—where a girl forgets her curves and goes along on nerves and whatever ability she has to say a little piece, sing a little song or drum a tone on the piano.

Winner in this preliminary business was Dorothy Jane Free, Miss Tennessee, of Chattanooga. She came out in a fluffy black strapless thing. An orchid in her hair.

Dotty, a pretty blonde (they're all pretty, fellows) showed the folks that she can go up and down the scale by singing two tunes hitting a variety of pitches. "Let My Song Fill Your Heart" and "Embraceable You," bust 34, shoe 7½ AA, in case you're keeping score.

She brought down the house. But for that matter, so did all the kids. The judges squirmed and if anybody likes to see a judge squirm, I do, on account of I've faced a few in my time on official business and otherwise.

Tonight, we'll have some more of the same. These preliminaries by the way, don't mean a doggone thing. Something like pulling up close to the lead at the end of the baseball season.

You've always got a chance, but that's all.

Pioneer Resident Of Lubbock County Dies

Funeral services will be held at 2:30 p. m. Friday in Sanders Funeral home chapel for B. C. Warren, 87, who died at 6:10 p. m. Wednesday in West Texas hospital. A retired farmer and resident of Lubbock county for 40 years, Warren was hospitalized following a stroke Sunday.

Elder Liff Sanders has been named to officiate, and interment will be in Lubbock cemetery, under direction of Sanders. Warren will be buried beside his wife, who died in 1917.

Survivors include three sons, L. E. Warren and M. E. Warren of Lubbock and D. L. Warren of Eugene, Ore.; four daughters, Mrs. J. C. Davis and Mrs. Velma Gaither of Lubbock, Mrs. George Rigsby of Fort Worth, and Miss Wilda Warren of Albuquerque, N. M.; one brother, D. C. Warren of Sherman; four sisters, Mrs. S. J. Reed of Ardmore, Okla., Mrs. Annie Nutt of Scottsbluff, Neb., Mrs. Helen Davis of Kansas City, Mo., and Mrs. Celia Davis of Denver, Colo., 12 grandchildren, and 12 great grandchildren.

Ex-Haberdashers Doing Quite Well

INDEPENDENCE, Mo., Sept 9. (U.P.)—Mrs. H. P. Fowler found a newspaper while cleaning house.

It was a copy of the Kansas City Star, dated Sept. 4, 1922.

In it was an item about a home town man.

It was a "quitting business" sale advertisement for the Truman-Jacobson haberdashery shop at 104 West 12th Street, Kansas City.

Both partners have done right well since that time.

Eddie Jacobson is running a haberdashery on Kansas City's southside today. His one-time associate stops to see him when he's back home.

The former partner is Harry S. Truman, President of the United States.

Police Give Blood To Help Save Life

GRAN RAPIDS, Mich., Sept. 9. (AP)—Policemen here are donating blood to help save the life of an 8-year-old girl because they helped send her daddy to prison.

The little girl recently underwent a serious heart operation. Her mother is dead.

"Some of us know her and we feel we owe the youngster something," Police Chief Albert F. Scheiern explained. "Her mother is dead and we sent her father to prison for a long term."

"If donating blood will restore her health, the police department will see to it she gets all she needs."

Baby's Life Saved After Mother Dies

SALEM, O., Sept. 9. (AP)—Two doctors who didn't even take time to put on aprons or rubber gloves were credited today with having the life of a baby girl by caesarean section fifteen minutes after the death of the mother.

The physicians, L. C. Ziegler and Paul Corso, took over the job of saving the baby while the attending physician, Dr. W. S. Elliott of East Palestine, tried futilely to save the mother, Mrs. Florence McRoberts, 45, of Enon Valley, Pa. She died Tuesday of a heart artery failure.

The baby failed to breathe after delivery and Drs. Ziegler and Corso used all known methods of artificial respiration, and finally started breathing life in the child. She weighed nine pounds, 14 ounces, and was reported favorably in an incubator today.

The San Francisco fire of 1906 burned 28,000 buildings, with losses of $350 millions.

PULLS TEETH AT 92

CHERRY TREE, Pa. (U.P.)—Dr. Clark J. Cameron, a practicing dentist at 92 still is able to keep most of his appointments. He estimates the number of dentures he's made at 10,000. He has no idea of how many teeth he has pulled, although he recalls a day many years ago when he extracted 128.

Russian Order For Tools From England Is Problem For ECA

WASHINGTON, Sept. 9. (AP)—A reported Russian order for $48,000,000 worth of machine tools from a British firm promised today to dump a tough problem in the lap of European recovery administrator Paul G. Hoffman.

The Russians were said to have been unable to get the tools from the United States.

Hoffman has authority from Congress to shut off billions in aid to the British if they ship the Soviet Union "war potential" goods which the United States won't let Russia buy here.

But Hoffman and other officials have emphasized that trade between western Europe and Russian-controlled eastern Europe must be revived in order to promote western European recovery.

Firm Forced To Expand

The question now is: what kind of tools have the Russians ordered? Officials said they are waiting to find out.

The order was disclosed this week by a Southport, England, city councillor, W. H. Russell.

He said the United States is the "only other place" which could supply the tools, but that he understood "America turned down the order."

A $48,000,000 order bulks large against total U. S. exports to Russia, which have dwindled recently under government restrictions to a rate of less than $2,500,000 a year.

Russell indicated the English firm which received the order would have to expand operations to fill it. He said the firm, Craven Brothers, Ltd., would have to put up 300 to 400 buildings just to house workers.

U. S. Negotiations Unknown

Government officials here said they have had no official word yet on the order reported by Russell, and that they'd have to know more about it before taking any action.

Few if any machine tools have been allowed to go to Russia since March 1, when the United States clamped down a virtual ban on exports of industrial goods, military equipment or other items of "basic importance in the manufacture of munitions."

Commerce department officials, who control exports through a licensing system, said they do not know what American firm might have turned down the Russian order or why.

Aides to Hoffman said a British undertaking to fill the Russian order is sure to get close scrutiny from ECA.

Example Is Explained

It all depends they said, on the nature of the tools. They gave this example:

If the tools could be used only to make jet engines, Hoffman certainly would raise objections. He has said flatly that British shipments of jet engines to Russia would mean an end to U. S. aid.

If, however, the tools were for making baby buggies—and baby buggies alone—no objection could be expected.

On the other hand, if the tools were adaptable to making vehicles, then the United States would want to know the quantity involved.

Officials making policy on shipments to the Soviet bloc have never published a specific list of banned material on grounds that it is desirable to keep the policy "flexible," so decisions can be adapted to varying circumstances.

Offices in the Berlin City Hall during the siege of the building by Soviet sector German policemen. The photographer and 19 western zone German policemen were later arrested by police backed up by Russian soldiers when they left the city hall under promise of safe conduct to the French zone. Citizens Must Wait To Learn Amount Community Inherited

PERRYOPOLIS, Pa., Sept. 9 (AP) The people of Perryopolis will have to wait awhile to learn how much money this western Pennsylvania community inherited under the will of the late Mrs. Mary Fuller Frazier.

Mrs. Frazier, a native of Perryopolis who spent much of her life in Philadelphia, died in New York Aug. 6, leaving Perryopolis her entire estate with the exception of $210,000 in bequests.

Estimates of the Perryopolis legacy have ranged from $20,000,000 to $1,000,000. Executors have said, however, the affairs of Mrs. Frazier's estate will not be cleared up for from a year to 18 months.

Civic Improvements Desired

Mrs. Frazier stipulated that the money left Perryopolis, a town of 1,300, be used for civic improvements, including a street lighting program.

Meanwhile, the lone street lamp burns as usual in the town square and life continues virtually unchanged in Perryopolis.

Near the town, on a hilltop, Harry Sechrist, 63-year-old retired school teacher, guards the tomb of Mrs. Frazier. He will continue to do so for two years after which the tomb will be sealed permanently.

DOUBLE TROUBLE

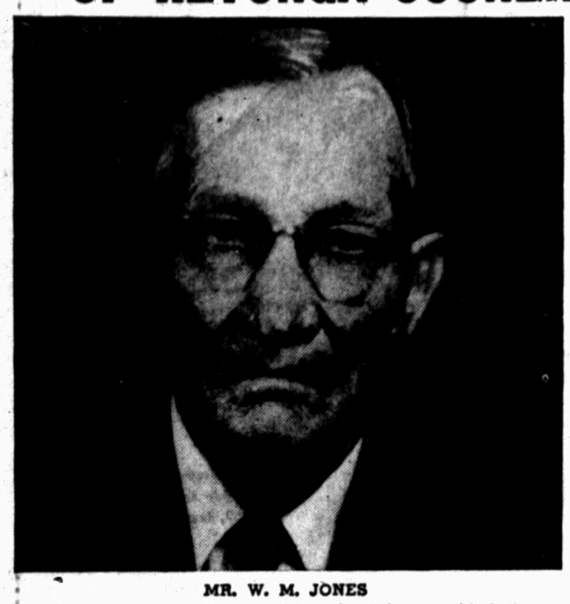

FORT WORTH, Tex. (U.P.)—Mrs. Dorothy Maddox, admitting clerk at Pennsylvania Avenue Hospital, found the case of Mrs. Green plenty confusing. She admitted two Mrs Greens to the hospital within 10 minutes. Both had the same doctor. Both were in for the same type of major surgery. Both their husbands worked for the same drug store.

More than a dozen new, four-year, degree-granting colleges have been established in the past year in the United States and more than a score have appeared in the past two years.

RETIRED RAILROADER REGETS NOT KNOWING OF RETONGA SOONER

MR. W. M. JONES

Found Prompt Relief From Muscular Aches And Pains, Tormenting Distress of Acid Indigestion, Bloating And Constipation. Glad He Gave Retonga A Trial.

"I am very grateful to Retonga for the way I feel today," happily states Mr. W. M. Jones, respected citizen and home owner of 1013 So. 17th St., Waco, Tex. A member of the Brotherhood of R. R. Trainmen, Local No. 710, Mr. Jones was a railroader for 30 years.

"To feel as down and out as I did, I am thankful to be up and out again," continues Mr. Jones. "I don't see how anyone could have suffered more than I did and live to tell about it. My indigestion was so poor that I was forced to live on soft food, eggs, milk and broths. I had to force every bite down, too, for no matter what I ate, I was sure to suffer tormenting distress from acid indigestion, gas and bloating afterwards. I was forced to take some kind of strong purgative nearly every day. Every muscle in my body seemed to ache and pain and I couldn't remember getting a real, good night's sleep. I was of in weight and felt so weakened and run-down that I could hardly walk across the room. "Retonga brought me such prompt and splendid relief that I regret not knowing about it sooner. I eat three hearty meals a day now without a particle of trouble afterwards, and I have regained much of my weight and strength. I sleep good, have left off strong laxatives, and no longer suffer those throbbing muscular aches and pains. I feel so much better and I am glad to tell others about this meritorious medicine."

The active ingredients of Retonga are purely herbal, combined with Vitamin B-1. Retonga is intended to relieve distress due to insufficient flow of digestive juices in the stomach, loss of appetite, borderline Vitamin B-1 deficiency, and constipation. Accept no substitute—insist on the original. You can get Retonga at all good drug stores. Adv.

WCTU To Put Stress On Local Elections

CHICAGO, Sept. 9. (U.P.)—Mrs. D. Leigh Colvin, president of the Woman's Christian Temperance Union, says the organization will place its main emphasis on community option elections at its forthcoming 74th annual convention.

Approximately 2,000 delegates and visitors are expected to attend the conclave at Portland, Ore., Sept. 22-26, she said. The delegates will be welcomed by Mrs. Fred J. Tooze, Portland, president of the Oregon WCTU, and Mrs. Dorothy McCullough Lee, mayor-elect of Portland.

In addition to local option elections, the group will make plans for intensifying its war on the manufacture and sale of alcoholic beverages and for promoting total abstinence by individuals, Mrs. Colvin said.

Americans And Britons Will Be Evacuated From Hyderbad

NEW DELHI, Sept. 9. (AP)—The United States embassy announced today that aerial evacuation of American and British nationals from Hyderabad will begin in a few days.

The announcement said the step was being taken "in view of the latest developments regarding Hyderabad." This could be a hint that trouble is coming in the dispute between India and the huge independent south central state.

Suggestion Rejected

The Moslem Nizam of Hyderabad rejected as "out of the question" earlier this week a suggestion by the Dominion of India that Indian troops be garrisoned in his state, which is predominantly Hindu. The Nizam has resisted previous demands that his state become a part of the dominion and has appealed to the United Nations for help.

India contends Indian troops should be in Hyderabad to protect life and property. The Nizam says his troops can do it. Prime Minister Jawaharlal Nehru of India sent a "last demand" Tuesday for reentry of the Indian troops and disbanding of the Razakars, a volunteer Moslem armed group. Hyderabad's deputy premier said yesterday the demand had not been received.

Will Be Taken To Madras

The embassy here estimated there are about 40 Americans, 300 Britons in Hyderabad. They will be taken by plane to Madras after being concentrated near Hyderabad City under the direction of a member of the United Kingdom high commissioner's staff.

Nationals living near the borders, and unable to get to the rendezvous, have been advised to cross into Indian territory. The embassy said both the Indian and Hyderabad governments have been advised of the evacuation plan.

Nearly all the Americans in Hyderabad are missionaries.

Cab Driver Is Held In Death

GALVESTON, Sept. 9 (U.P.) — Galveston police held a cab driver today in connection with the mysterious death of a 20-year-old woman who he admitted was a passenger in his cab when she sud denly leaped to the pavement.

A charge of failure to stop and render aid was filed against the man, Merle Wallace Stephens, 22, who said he had been with Mrs. Beatrice Tressler Tuesday night.

The woman, mother of a baby girl, died last night in a Galveston hospital without regaining consciousness. She suffered head injuries when she leaped from the moving vehicle around midnight Tuesday.

Stephens Makes Statement

Stephens told Detective Lieutenant W. J. Burns that Mrs. Tressler calmly said she was "going to jump out of the car" a few minutes before she leaped. Stephens said he thought she "was just talking," but that she suddenly opened the door and jumped.

Stephens said he was "too confused" to know what to do, and that he drove around several blocks, came back to the accident scene, and left again when he saw a crowd gathering.

Stephens was held under $2500 bond. A hearing in justice of the peace court was set for today.

TOO EXCITED

PHILADELPHIA (U.P.) — When firemen clanged up to the home of Mrs. Angie Lisa just before midnight, they found she already had put out the fire in her kitchen. "I was going to call you," she told the firefighters, "but I got too excited."

Houston Officers Seize Horse Meat After Tip On Stealing

HOUSTON, Sept. 9 (U.P.) — Sheriff's officers seized 1300 pounds of "boned meat" here today after a tip on stolen horses, indicating that the horsemeat racket in Houston had swung toward the surface again after a brief stay underground.

The seizure was made by Deputy Sheriff Bob Hodges and city chief veterinarian Dr. J. W. Williamson, who waited at a packing house loading platform. The packer involved is already under indictment for selling horsemeat.

"We'll have to wait for laboratory tests to be certain," Dr. Williamson said, "but I saw it and smelled it, and I'll lay odds that it's horsemeat."

Tips Followed

Hodges said he had a tip that horses were being stolen, delivered to a spot outside the city and slaughtered.

Dr. Williamson said he was "just looking for horsemeat sold for human consumption," and that he had a "pretty strong hunch the stolen horses and the horsemeat would get together somewhere."

The meat was seized and put in cold storage at a warehouse. The investigation will go to the Harris county grand jury, which will take up once more the probe of sales of horsemeat and sulfite - treated meat in Houston and Harris county.

Airplane Is Winner In Race With Stork

GENEVA, Switzerland, Sept. 9. (U.P.)—Man-made wings are faster than the stork's.

Flying an emergency layette shipment from New York to Geneva, a Seaboard & Western Airlines DC-4 Air trader touched down the winner in a diaper derby half-way round the world, beating the stork by a margin of hours.

The cargo, unique in air freight history, was landed in answer to the appeal of the prospective father. The plane carried everything to outfit the anticipated newcomer, from booties to bonnets and including several dozen diapers. The expectant parents, Mr. and Mrs. Charles Alexander, two American writers touring Europe, were delayed in their return to the United States beyond the stork deadline.

JUDGE SETS RECORD

CHICAGO (U.P.)—Superior Court Judge Joseph Sabath, who claims to have heard more divorce cases than any other man, has celebrated his 60th wedding anniversary. The judge has been on the bench since 1916. He says he has heard 100,000 divorce cases and reconciled 7,000 couples.

There are 800 fires in hospitals and institutions each year in the United States.

Four Club Operators Face Liquor Charges

GALVESTON, Sept. 9 (U.P.) — Operators of two Galveston night spots faced charges today of violating state liquor laws. Their establishments were raided Saturday by state liquor board agents, and 108 patrons of the clubs were also taken into custody.

Charged with operating an open saloon were Helen Churchill and Catherine Allen.

Similar charges resulting from raids Aug. 19 were also placed on file yesterday against Delores Wentzey and Cloie Britt.

Take Off Ugly Fat With Grape Fruit Juice Recipe

It's simple. It's amazing, how quickly one may lose pounds of bulky, unsightly fat right in your own home. Make this recipe yourself. It's easy — no trouble at all and costs little. It contains nothing harmful. Just go to your druggist and ask for four ounces of Liquid Barcentrate. Pour this into a pint bottle and add enough grapefruit juice to fill bottle. Then take two tablespoonsful twice a day. That's all there is to it.

If the very first bottle doesn't show you the simple, easy way to lose bulky fat and help regain slender, more graceful curves; if reducible pounds and inches of excess fat don't just seem to disappear almost like magic from neck, chin, arms, bust, abdomen, hips, calves and ankles, just return the empty bottle for your money back. Follow the easy way endorsed by many who have tried this plan and help bring back alluring curves and graceful slenderness. Note how quickly bloat disappears — how much better you feel. More alive, youthful appearing and active.

Red Blood Cells Must Be Kept Up If You Want To Feel Alive

Thousands Now Regaining Old Time Pep, Vigor and Drive By Releasing Vibrant Energy To Every Muscle, Fibre, Cell

Overwork, undue worry, and lack of certain foods often reduces the red-blood strength — and starved, weak, puny blood just hasn't the power to keep up your energy and drive.

Every day—every hour—millions of tiny red-blood-cells must pour forth from the marrow of your bones to replace those that are worn-out. A low blood count may affect you in several ways: no appetite, underweight, no energy, a run-down condition, lack of resistance to infection and disease.

To get real relief you must keep up your blood strength. Medical authorities, by analysis of the blood, have by positive proof shown that SSS Tonic is amazingly effective in building up low blood strength in non-organic nutritional anemia. This is due to the SSS Tonic formula which contains special and potent activating ingredients.

Also, SSS Tonic helps you enjoy the food you eat by increasing the gastric digestive juice when it is non-organically too little or scanty—thus the stomach will have little cause to get balky with gas, bloat and give off that sour food taste.

State Schoolboy Grid Squads Go Into Action This Week

Two Tilts Are Slated Tonight

BY WILBUR MARTIN
Associated Press Staff Writer

The Texas schoolboy football campaign opens tonight for City Conference and Class AA schools

Brackenridge of San Antonio, defending state champion, and the strong Austin Maroons tangle in one of two games tonight. Forty-two games Friday and Saturday send 71 teams into action.

Three champions will be decided in the interscholastic league program this year.

The new City Conference, composed of schools in Fort Worth, Houston, San Antonio and Dallas, will determine its own titlists.

So will Class AA schools, those with more than 500 enrollment, and, Class A, those with less than 500 students but more than 200.

Eight of 16 district champions last year see action this week.

Lufkin and Longview, two East Texas powers, tangle tomorrow in one of the feature games of the opening week. Both won district crowns last year and Longview advanced to the semi-finals of the state race.

Other district winners scheduled are Odessa, Austin (El Paso), Breckenridge, Paris, and Harlingen, and Brackenridge (San Antonio.)

Roswell, N. M., and El Paso High school meet in the other game tonight.

Twenty-six schools will vie for the City Conference championship and 84 will shoot at the Class AA title. There are only fourteen districts in double A this year.

Familiar names in schoolboy football are touted as pre-season favorites.

Port Arthur, Odessa, Kerrville, Lufkin, Brackenridge (San Antonio), Highland Park (Dallas) Lufkin, Wichita Falls, Baytown (Goose Creek), Amarillo and Waco are doped among the top ten teams in the state.

Most of the 44 games this week are interdistrict affairs.

The schedule:

Thursday—Austin at Brackenridge (San Antonio), Roswell, N M., at El Paso high.

Friday—North Dallas at Pampa. Paschal (Fort Worth) at Ennis, North Side (Fort Worth) at Tyler, Austin (Houston) at Harlingen, Kerrville at Thomas Jefferson (San Antonio), San Antonio Tech at Port Arthur, Kingsville at Harlandale (San Antonio), Alamo Heights (San Antonio) at New Braunfels, Poly (Fort Worth) at Plainview, Odessa at Lubbock, Quanah at Memphis, Denton at Graham, Electra at Paris, Sweetwater at Vernon, Ysleta at Midland, Abilene at Breckenridge, Big Spring at Brownwood, Denison at San Angelo, Galena Park at Bowie (El Paso) Grand Prairie at Gainesville, Sulphur Springs at Texarkana, Hillsboro at Mineral Wells, Cisco at Cleburne, Ballinger at Stephenville, Weatherford at Gladewater, Jacksonville at Henderson, Fair Park (Shreveport) at Marshall, Kilgore at Port Neches, Longview at Lufkin, Conroe at Temple, Waxahachie at Corpus Christi, Palestine at Athens, Texas City at South Park (Beaumont), Pasadena at St. Thomas (Houston), Laredo at Alice, Victoria at El Campo, Robstown at Sinton, Edinburg at Pharr-San Juan-Alamo, Mission at McAllen.

Saturday — Cameron at Burbank (San Antonio), Central (San Antonio) vs. Lanier (San Antonio), Austin (El Paso) vs. Cathedral (El Paso.)

Between . . . The Lines

— By JOE KELLY —

AMARILLO — Cloudy skies, a light sprinkle and the weatherman's forecast of an overnight low of 45 degrees helped the Amarillo Baseball club to make up its mind to call off the scheduled ball game here last night. But there was a sneaking suspicion in the backs of the Hubbers minds that the injury to Catcher Ted Clawitter's knee may have had a lot to do with it. Clawitter, you know, is one of three .400 hitters on the Gold Sox club and his presence in the lineup might make a whale of a difference.

• • •

So the Hubbers and the Gold Sox took a day of rest and waited for clear skies this afternoon. The Weatherman promised that everything would be set for a Thursday night opening and it appears likely that the first game of the Shaughnessy playoffs will get underway tonight. The extra day of rest didn't hurt the players any and they spent the time taking it easy. Nerves are on edge, slightly, as might be expected, but the team is ready to go.

• • •

We drove up here yesterday afternoon with Judge Landis and Wes Youngblood of KFYO, who will do the play by play description of the games here, both tonight and tomorrow night. We drove through rain most of the way to Tulia, but it began to lighten after that. We still hadn't been told that the game was off and were looking forward to the tilt, especially since the skies were blue and the sun was shining. When we arrived and were told there would be no game, we had to ask three or four, for it was such a beautiful afternoon, warm and clear.

• • •

The first person we ran into in the hotel was Red Ramsey, who hurled the first six innings of the final game of the season Monday. Red was cheerful and relaxed, but disappointed over not winning his game. He was taken out for Don Moore in the seventh in a gesture of sportsmanship rarely seen in O. B. The Hubbers wanted to give Bob Crues a chance to best the minor league home run record and Moore figured to make it easier than Ramsey. But Red wanted another win for his record and it was too bad, for him, that he couldn't be given his chance.

• • •

The Dallas youngster had pitched a whale of a game up to the point when he was taken out. He allowed only three hits and had given up one run, while his mates had a 3-1 margin going into the final frame. Another victory for Red would have made his mark for the year 6-6, at least a .500 record for the year, while now it is 5-6. At the same time, everyone here considered him the winner and paid him their respects. He lost no prestige in leaving the game and in our mind, he won his final game of the year.

• • •

We aren't trying to mastermind the strategy that will be employed in this series, but we can't help but think that maybe Ramsey is a dark horse. He might well come up with a game at a crucial point, if he is given the chance, and we'd like to see it. The youngster had his rough breaks during the year. He was extremely wild at times and he had a penchant for firing the ball in there a little too fast at times. But all in all, Red had the makings of a good pitcher and at times he was unbeatable.

• • •

Baseball fever has gripped this city and they are looking forward to taking the first series of the playoffs and meeting Albuquerque in the finals. Estimates of the length of the series vary, with few persons predicting that it will go only four games. Most observers feel that it will run six games, winding up here in Amarillo Tuesday night. Manager Jackie Sullivan will settle for nothing less than four straight, although he is wisely making his plans for more games than that. He thinks that he has the ball club to win and he thinks they can do it rapidly.

• • •

Jackie would like to see the series over in four games. It might give the players a chance for some rest before they had to meet either the Dukes or the Pampa Oilers He is counting heavily on Roland Miller, Royce Mills, Chris Haskins and Bob Clodfelter, with Cotton Russell, Roy Larue, Fred Pollock and Ramsey eligible for relief tours. We personally look for Miller to win two games of the series, with the other victories scattered among two or more pitchers. We doubt if they can stop the heavy hitting Gold Sox entirely, but two hurlers a game should turn the trick.

• • •

We also think that the series will go six games at the shortest, or possibly seven, with the Hubbers coming out on top. The entire ball club is convinced that they can beat Amarillo and the season's record bears them out. At the same time, Pampa feels certain that they can lick Albuquerque. In fact, Grover Seitz said that he would rather play the Dukes than either the Gold Sox or the Hubbers. In that case, you have a third and fourth team playing the team they would rather meet first, with the possibility that they will meet in the final series. It would be a good final set, also, with two inspired ball clubs opposing each other. We hope that it turns out that way.

District 3-A Games On Tap

Eight District 3-A grid teams will climax a three-week training grind with a slate of non-conference tilts against inter-district foes Friday, as the elevens open the race that will lead to a state championship in the "A" classification in December.

The top game apparently will be played at Ralls, where the Jackrabbits unveil their 1948 machine against an old neighbor and enemy, the Post Antelopes.

Coach V. F. Bingham at Post has had his 48 candidates working hard and the spirit is higher this year than ever before. The Antelopes will field an average weight eleven with plenty of speed and trickery. Two scrimmage sessions with Crosbyton helped Coach Bingham get a line on his potential starters and he is high on this year's eleven.

Ralls Squad Is Small

Little is known of Ralls, but the squad is small and inexperienced, with a new head coach taking over the reigns. Rafe Nabors, former Lubbock High and Texas Tech star, will be in his first year and he doesn't have many experienced players with which to work. Nabors will be building for next year and is not counting on many victories.

Other games tomorrow night will bring New Deal at Abernathy, where Boyce Box is making his coaching debut; Slaton's Tigers will invade Floydada, where the Whirlwinds seem to have a powerhouse; Chillicothe goes to Paducah; Tulia visits Lockney, where Coach Curtis Kelley says he has a strong eleven; Spur travels to Haskell for what appears to be a breather; Hale Center goes to Crosbyton, where the Chiefs expect to have a good battle for their opener; and Estelline rides into Matador for a tilt with the Matadors.

Class B Tilts Slated

In class B games Friday night, Springlake goes to Muleshoe for what appears to be a classic. Both teams seem to have a good deal of power, with Springlake possibly having an edge. Coach Grady Baker's eleven, although losing, held the powerful Sudan Hornets to a 19 to 0 count last week and will be favored to take the Yellow Jackets.

Other games send Farwell to Petersburg; Frenship, under R. F. Hollingsworth, who last year tutored New Deal to a title, visits Anton; and Morton will invade Whiteface, where the spirit is great, but the material somewhat weaker than last year.

Main interest in 3-A schools will be how Paducah and Lockney make out in their initial tests of the year. The dragons and the Longhorns shared the district title last year and both appear to have strong elevens coming back. If they make good showings in their initial contests, they definitely will be the teams to beat.

Along with these two schools, Floydada is being tabbed as another team to watch. Coach L. F. Greshem has four backs and four lettermen back again, along with a good many good replacements. In Slaton, Coach Greshem will have stiff opposition for the opening game, just what he wants, but the Whirlwinds should come out on top with ease.

All in all, the opening of the season for the district 3-A teams should be a victorious one, getting the season off with a bang.

McCARTHY'S BOYS MURDEROUS

Bosox Beat Yanks To Increase Lead

By JOE REICHLER
Associated Press Sports Writer

The outlook appeared gloomy for the rest of the American league today as Joe McCarthy's battering Boston Red Sox boasted their largest lead of the season.

Coming from behind in typical Red Sox clubbing fashion, the murderous hitting hubmen overcame their arch rivals, New York Yankees, 10-6, last night, to increase their margin over the runner-up New Yorkers to two and a half games. Their previous best advantage was a game and a half.

In drawing first blood in their all-important three-game series with the Yankees, the Red Sox kept two streaks alive. They extended their latest winning skein to eight straight, and now own six consecutive triumphs against the Yankees. They have copped 22 of their last 26.

Indians Trip Tigers

The third-place Cleveland Indians scored an unearned run in the last half of the 11th inning to nip the Detroit Tigers, 8-7, and remain four and a half games behind Boston. Larry Doby, who capped out four singles to extend his consecutive hitting streak through 19 games, scored the winning run when second baseman Connie Berry threw wild to the plate on Wally Judnich's bouncer.

Philadelphia's fourth-place Athletics swept a twilight-night doubleheader from the Senators of Washington, 10-7 and 5-2, to reduce Boston's margin over them to nine games.

The defeats ran Washington's losing streak to eight games.

Exploding for four runs in the eighth inning, the Pittsburg Pirates defeated the Reds in Cincinnati, 5-1, and strengthened their second-place position in the National league pennant race. They now own a half-game advantage over the Brooklyn Dodgers and trail the front-running Boston Braves by three and a half games. The Braves and Dodgers were idle.

Cubs Lick Cardinals

Johnny Schmitz limited the Cardinals to two hits in St. Louis, pitching the Chicago Cubs to a 4-2 triumph. It was the fourth-place Cards' fourth consecutive loss and dropped them to five and a half games off the pace. Roy Smalley paved the way for Schmitz' 17th victory with a bases-loaded single off Ken Johnson in the ninth. The blow scored two runs and snapped a 2-2 tie.

Andy Seminick walloped a two-run homer in the top of the ninth to enable the Philadelphia Phillies to nip the New York Giants, 5-4. Walt Dubiel went all the way to chalk up his seventh triumph. The Philly victory dropped the fifth place Giants six games back. It also pulled the Phils out of the cellar by a half game.

The scheduled doubleheader between the St. Louis Browns and White Sox in Chicago was postponed because of rain.

THAT WAS NO BURGLAR

NASHUA, N. H., (U.P.) — North End residents saw a "burglar" breaking into a house and called police. They arrested the owner and released him after learning he had just returned from a vacation and had forgotten his keys.

Sunbeamers Are To Play In Oklahoma

An invitation to compete in the National Softball Congress tournament which opens Saturday night in Oklahoma City has been accepted by Lubbock's Bluebonnet - Sunbeamers, winners of the Texas and South Plains Softball league championships and the second place winners in the recent A.S.A. state meet.

The invitation was issued by Cragin Smith of Oklahoma City, vice president of the N.S.C., Sunbeamer officials reported, and the Bluebonnet team will be the only Texas representative.

The tourney will be conducted on a double-elimination bracket, officials said, and will be held in the $50,000 Sooner softball stadium. Teams from Canada, Florida, Ohio, Arizona and California will be included in the meet.

The Sunbeamers' regular squad, including ace hurlers Jackie Neel and G. W. Warden, will leave Friday for the tournament.

Weidner Is Victor Over Getz In Bout

Al Getz, the durable Dutchman from Pittsburgh lost a disputed decision to Boston Billy Weidner in the two of three falls main event Wednesday night at Sled Allen's arena.

Getz took the first fall in 17 minutes with a reverse toe hold, but Weidner evened the count with a full nelson to take the second fall. Then Getz tossed Weidner out of the ring and Referee Gorilla Poggi awarded the bout to the Boston grappler, over protests by the Dutchman.

Rod Fenton, the Edmonton, Canada, representative, chalked up an impressive win over New Zealand's Jack Carter in the semi-final setto. Fenton took the first fall in 10 minutes with a reverse leg lock, then gained a second straight decision with a full crab.

Rex Mobley of Borger notched his second consecutive triumph at the local arena in the preliminary match, beating George Lopez of Tampico, Mexico. Mobley used a shoulder pin to down Lopez in 16 minutes.

Levelland And Lamesa Meet

Most of West Texas' football powers fire their first shots in the 1948 grid campaign Friday night, with 17 games—including a half-dozen feature tussles—scheduled by District 4-A and 5-A teams.

Levelland's untried Lobos, defendng champons n Class A, will tangle with the Lamesa Golden Tornadoes of District 3-AA in a spotlight setto. The Lobos have been rated as a top contender in the north half of District 4-A, but rival mentors will be watching Coach Truett Rattan's crew closely in the encounter with the Tornadoes.

Lamesa Defense Tough

The Lamesans were upset by Seminole's Indians of 5-A by a 6-0 margin last week, and a win for the Lobos would boost the Levelland representatives into the "top favorite" bracket. The Tornadoes showed a rugged defense against the Indians, however, and may bounce into the win column against the Class A boys.

Seminole's high-stepping Indians will play host to a conference foe, McCamey, in another feature clash. The Indians are co-favorite in the sprawling 5-A loop, along with Monahans' potent Green Wave, and a second straight triumph tomorrow night would give Coach Gordon Wood's gridders a promising start in the title chase

Littlefield Meets Dalhart

Littlefield, a north half 4-A power, will battle the invading Dalhart eleven in an interesting inter-district game; while Muleshoe, another member of the north bracket of 4-A, tangles with the Springlake Wolverines of 3-B at the Muleshoe gridiron.

Two other north 4-A teams will see action Friday night, as Andrews invades Sudan and Morton journeys to Whiteface. Sudan trounced Springlake in the opener last week, but will face a tougher test against the 5-A gridders.

In the south half of 4-A Slaton's Tigers will meet the Floydada Whirlwinds on a non-conference encounter at Floydada, Post's Antelopes will test the Ralls Jackrabbits at Ralls and Hermleigh of Class B will tangle with Seagraves on the Eagles' home grid.

A full slate is on tap in District 5-A, with the Seminole-McCamey setto holding the spotlight Other tilts will send Denver City's Mustangs to Kermit, Colorado City journeys to Monahans in an attempt to halt the surging Green Wave and Wink battles Fort Stockton. Pecos plays host to the Brownfield Cubs of 1-AA in the other clash.

GAMES WASHED OUT

(By The Associated Press)

Rain washed out the opening games of the Lone Star league's Shaughnessy playoff last night.

Tonight, Henderson will play at Kilgore and Tyler at Longview.

HUBBERS, SOX PLAY TONIGHT

Pampa Licks Dukes 7-3 In First Game

AMARILLO, Sept. 9 (Special) —First tilt in a best four out of seven games Shaughnessy playoff series between Lubbock's Hubbers and the Amarillo Gold Sox, originally scheduled Wednesday night but postponed because of wet grounds, will get underway here tonight at 8 o'clock at Gold Sox park.

A light drizzle Tuesday night and Wednesday morning soaked the Sox diamond and officials, after a quick survey of the park, decided to delay the start of the first round West Texas-New Mexico playoff series until tonight

No Change In Hurlers

The rival managers indicated that there would be no change in the first game hurling assignments. Roland Miller, with a record of four wins and no defeats, will take the mound for Lubbock against the Sox' ace, Joe Budny. Budny has chalked up 20 triumphs, against 10 losses, this year.

Both squads are in good physical condition for the crucial setto, although one of Manager Buck Fausett's top sluggers—Catcher Ted Clawitter—has been out of action for several days with a leg injury. Hubber Manager Jackie Sullivan is another victim of a leg wound.

Third Tilt At Home

Either Royce Mills (16-3) or Chris Haskins (13-13) is expected to hurl the second series game for the Hubbers here Friday night, opposing Jack Schumacher, who wound up with a 21-9 mark for the season. The third tussle will be unreeled in Lubbock's Rosenthal field Saturday night, with the four—and fifth, if necessary—tilts Sunday and Monday at the same site.

If the series goes past five games, the final two clashes will be staged at the Gold Sox park.

Larry Larsen, Hubber business manager has announced that tickets for the games at Lubbock are on sale at the Hub Clothiers. General admission ducats are selling for $1 each, with reserved seat holders of the regular season getting the first chance at the same pasteboards for the playoff tussles.

PAMPA DRUBS DUKES IN PLAYOFF OPENER

ALBUQUERQUE, Sept. 9 (Special)—Tony Range's home run smash in the eighth inning tallied the winning run as the Pampa Oilers trounced the Albuquerque Dukes, 7-3, in the opening tilt of their first round Shaugnessy playoff series here last night.

The Dukes, who finished in first place in the West Texas-New Mexico league over the regular season, tied the count in the fifth frame, but Range's homer—his second of the night—clinched the win for the Texans.

Right-hander Howard Bass gave up nine safeties and struck out 11 in notching the mound triumph Frank Shone was the loser.

Commercial League Bowlers Open Play

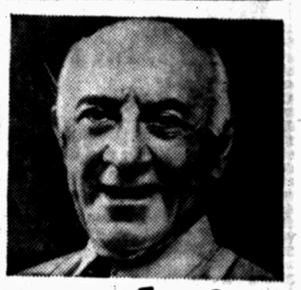

Penrods' and Lubbock Tailoring teams chalked up impressive three-game victories over opposing quints Wednesday night at Lubbock Bowling club, as eight teams opened the race for top honors in the Ladies' Commercial bowling loop.

Penrods' keglers swept the series with Glassman's as Arlys Womble paced the winners with a series total of 493. Juanita Thomas topped the losers witn a high of 433.

Helen Henkel's 477 high led the Lubbock Tailoring representatives to a three-game win over the Home Lumber and Supply team. Casey Kizer tallied a 481 for the Supply quintet.

In other first night matches the Russell Harden crew won two of three games from Hemphill-Wells, behind Maxine Buckner's 500 total; with M. Curlee pacing the Bluebonnet-Sunbeamers to a two game victory over Southwestern Public Service.

Westerners Take Final Rough Workout Before Odessa Battle

A 45-minute scrimmage session on rain-soaked Chapman field Wednesday afternoon gave the Lubbock High school Westerner gridders their final "rough" workout before they clash with Odessa's highly-rated Broncos in the opening tilt of the season Friday night at Jones stadium.

Head Mentor Pat Pattison opened the next-to-last practice period with another drill on the defensive setup, with the local schoolboys getting a final look at T-formation plays, then the coaches sent the candidates through the stiff head-knocking session to complete body-contact phase of the workouts.

Pattison reported that the Westerners will run through a light "limbering up" drill late this afternoon at Chapman field, with the mentors stressing play assignments, and the boys may make a quick journey out to Texas Tech's new Jones stadium for a pre-game look at the battle site. The gridders will not go out to the stadium if the field remains soggy, however.

Squad In Top Condition

The Westerner squad is at top physical condition for the annual non-conference feature, matching representatives of Districts 1-AA and 3-AA, with Quarterback Norman Bantz the only candidate hampered by injuries. Bantz has been sidelined by a knee injury for more than a week and will probably see little, if any, action against the Broncos. Mentors believe that the stocky youngster will be available for duty against San Angelo on Sept. 17.

Reports from Odessa indicate that the Broncos, who went all the way to the semi-finals in the Class AA playoffs last fall, are in top shape for the initial tussle. Coach Joe Coleman has had his gridders busy with lengthy sessions all this week. Stressing offensive play. The wily Bronco mentor has shifted his backfield personnel in recent scrimmages but he has not announced any permanent switches in positions.

Tickets for the game are available at the Senior High school athletic office, Business Manager E. J. Lowrey has reported, with plenty of reserved seat ducats still on hand. General admission pasteboards for the end zone bleacher seats will be on sale at the stadium Friday night.

RATS ON SPOT

NEW YORK (U.P.)—The city will begin a war on its 15,000,000 rats soon. "It will be the greatest city-wide, all-out drive of its kind ever undertaken," said Jerome Trichter, assistant health commissioner. "Every housewife and child will be called upon to play the role of Pied Piper."

Houston Aiming For Attendance Record

(By The Associated Press)

It looks like Houston will be the first team in Texas league history to draw 400,000 in one season.

The Buffs boosted their home attendance to 392,682 last night when 2,626 fans turned out to watch them beat Shreveport, 5-3.

Houston has four more days to reach the 400,000 mark in attendance and may crack the figure by tomorrow night.

Dallas finally managed to beat Tulsa, downing the Oilers, 5-4, last night while Oklahoma City nosed out pennant winner Fort Worth, 6-5.

San Antonio and Beaumont were rained out.

Owl Attack May Be Slower Than Usual

By HAROLD V. RATLIFF
Associated Press Sports Editor

HOUSTON, Sept. 9—Look for passes and and more passes as the Rice Owls make their bid a year late for the Southwest conference football championship.

Everybody picked them to win last year and they lost out before the season was half over. Had they started like they finished they would have justified their press clippings, pre-season clippings, that is.

This time they're not on the spot and the schedule is very favorable. They do not appear quite as strong as they were in 1947 but they should have a better chance of coming through.

The greatest array of passers in the school's football history makes the Owls potential high-pointers. Slower than usual, their ground game may not be up to average, and they look weaker on defense. But it's likely to take plenty of touchdowns to lick them.

Strong Backs Lost

Rice has 19 lettermen if you include a couple who got their numerals before 1947. From last year there are 17, giving them veterans two deep at end and three deep at center. Starting tackles and guards are good but reserve strength at these positions is difficult to gauge.

Coach Jess Neely says his most telling losses are three strong defensive backs—Hal Stockbridge, Dick Hoerster and Don Anderson. Neely places these above the loss of Carl Russ, a great fullback in 1946 who was slowed down by an injury much of last season but who had been expected to return to his old form this season. Russ became scholastically ineligible.

Positions Hard Hit

From the line went all-conference guard J. W. Magee and two fine tackles, Henry Armstrong and Jim Spruill. They left those positions pretty thin for 1948.

Tobin Rote, spark of the Rice mid-season surge last year; Vernon Glass, talented freshman, Harmon Carswell, the former Lufkin high school all-stater who was injured last year, and Charley Easter, two-year squadman, furnish the quadruple pass threat.

Huey Keeney, playing his fourth varsity year and one of the greatest punters in the country, causes this laconic comment from the conservative Neely: "Our passing and punting will be all right."

Rote is one of the finest backs in the conference. Neely says that, too, Glass might well be the sensation of the campaign. He does everything. He is, of course, untested in conference competition but he has the talents to make his test a good one.

James (Froggy) Williams, Nick Lanza, Jack McBride and Bill Taylor are lettermen returning at end. There's pass-receiving and tough defense embodied in the array of wingmen headed by those four.

Three lettermen are back at tackle—Billy Wyman, Ed Parker and Ralph Murphy.

Three lettermen also are available at guard. They are Tom Parsons, S. J. Roberts and Carl Schwarz.

No other squad in the conference boasts as many top centers as Rice. If the Owls were as well-manned at tackle and guard as at the pivot post optimism would be unbounded.

A Fearsome Threesome

Joe Watson, who made all-conference in a walk last season; Gerald Weatherly and Jack Price, are a fearsome threesome in the middle of the line.

Rice has a letterman at each backfield spot. This means that outside of Glass, the freshman star, backfield reserve strength will come from squadmen. Rote is the starting quarterback, Keeney the left halfback and Harold Riley the right halfback. John Kelly is the returning letterman fullback but may not play as much as big Bobby Lantrip, who has been on the squad two years.

Neely likes squadman Van Bellard at left half and expects major backing for Riley at right half from Pugh and Don Campbell, 1947 squadmen, and freshman Gordon Wyatt.

Rice gets Southern Methodist, Texas, Texas Christian and Baylor at home, the best schedule in the conference. Neely thinks he'll need it and some other help, including a season of non-injuries, to win the title. Rice was picked to capture in 1947.

Big State Playoffs Will Start Tonight

(By The Associated Press)

Austin plays at Sherman and Waco at Wichita Falls tonight in the opening round of the Big State league's Shaughnessy playoff.

Sherman won the regular season race which closed Tuesday. Wichita Falls was second, Waco third and Austin fourth.

The first two games of the playoff series will be at Sherman and Wichita Falls. The next three will be at Austin and Waco. If more are needed the original sites will be used.

Vernon Wins First Game In Playoffs

(By The Associated Press)

Gerald Fahr notched his 22nd victory this year and gave the Vernon team a game advantage over Big Spring as the Longhorn league's Shaughnessy playoff opened last night. He blanked the Broncs, 2-0, on four hits.

Rain postponed the Midland-Odessa playoff game.

State Fair Of Texas Will Have Own Song

DALLAS, Sept. 9. (U.P.)—The state fair of Texas, which likes to do things in a big way, will have its own song this year—its first in its 63 years.

Words and music of the song were composed by Alvin Jett of the faculty of Southern Methodist University.

The song will be played at several of the 'air attractions, but Texans won't have to wait until Oct. 9 to hear the tune. It will be used for advertising purposes within a week.

FORREST HOME CONTEST
Drawer 30
Lubbock, Texas

Gentlemen:

. . I would like to own my own home because—Having had my own home established for so many years, I feel that without it I am without an anchor.

I sold my home for various reasons, thinking I would be able to establish another soon. But! these awful high prices! Due to present circumstances, I must have a home with an income, but for one of small means the cost is all but prohibitive.

I would like to own my own home because a woman's home is her kingdom, lending dignity, peace and quiet. A refuge from the turmoil of a topsy turvy world. A place to putter around the flowers, watching them burst forth in the Spring, then into full flower like the joyous songs of the birds through the fullness of Summer—then, at the appointed time, give their seeds back to Mother Earth for their own perpetuation. Then when we have come to the Winter of Life—a fireside to warm our hearts as we sit in retrospection of a life well spent.

Sincerely,

MRS. HAZEL PUCKETT

U. S. Will Not Be Pushed Out Of Berlin, President Declares

WASHINGTON, Sept. 9. (AP)—David Dubinsky, an AFL official, today quoted President Truman as saying the United States "will not be pushed out of Berlin."

Dubinsky is president of the International Ladies' Garment Workers union and vice-president of the American Federation of Labor.

Dubinsky said he asked the the President for the "fullest protection from Communist reprisal" for militant trade unionists in Germany in "the event we are pushed out of Berlin."

Reply Is Quoted

He told reporters that the President replied, "we will not be pushed out of Berlin."

Earlier, Mr. Truman had told a news conference the U. S. will stand up for its rights in the German city while continuing efforts to settle differences with Russia.

In so doing, Mr. Truman confirmed Secretary of State Marshall's announced policy of firm resistance to Communist disorders in Berlin.

Mr. Truman said Marshall covered the situation as thoroughly as he could yesterday. He said settlement talks are continuing.

Talks May Stop

He said the U. S. is standing up for its rights in Berlin.

Although negotiations still are going on, the President said the United States will not negotiate under duress.

Asked if the Russian blockade isn't duress, he described it rather as attempted duress.

Diplomatic authorities here have indicated growing concern over possible early collapse of the East-West talks for a Berlin agreement.

Although no official would comment on the status of the four-power talks, there were increasing signs that the western powers look for the Kremlin to flash a red light on further parleys on the blockade dispute.

Marshall Hinted Action

Diplomats here speculated that Moscow may use the communist-inspired disorders in the beleaguered German capital as an excuse for such a stop order.

Secretary of State Marshall pointed up that possibility at his news conference yesterday.

Marshall charged that the Berlin city hall demonstrations and kidnaping of western sector policemen were aimed, at least in part, at disrupting the week-long parleys by the four military governors. He said specifically that Communist elements outside of Germany had a leading role in inciting the riotous acts.

The current disturbances, plus other Soviet unity-hampering tactics, have deepened suspicion among diplomatic authorities here that the Kremlin has decided to wind up with a loud "no" the negotiations over uniform currency and the Berlin siege.

This, in effect, would serve as fresh notice that Russia is as determined as ever to force the United States, Britain, and France out of the German capital.

States' Rights

(Continued From Page One)

and reportedly did not wish to risk being denied entrance to next week's meeting.

Thurmond charged in his address that the Republicans, Democrats and Progressives borrowed their theories of government "from the cesspools of eastern Europe."

He said the proposed Fair Employment Practice commission "which is the heart and core of the misnamed civil rights program, is nothing more than an American edition of the Russian all races law.

"Stalin himself wrote the law in 1920 when he was commissar of nationalities. Under the law there can be no discrimination in employment on account of race, color, national origin or ancestry.

"Did you ever dream that anyone would undertake to force Americans to conform to this Russian idea and concept? I know you did not. But the attempt now is being made, not by Stalin, but by Wallace, by Dewey and by Truman.

The new party named 23 electors and bound them by a loyalty pledge.

Curtis Douglas of Pampa was elected chairman of the States' Rights party's state executive committee; Mrs. Cecil Smith of Sherman was chosen vice chairman and Bowlen Bond of Fairfield, secretary.

Others Are Chosen

Marion Church of Dallas was elected chairman of the convention and John T. Crim, jr., of Kilgore was elected secretary. Church, Douglass, Palmer Bradley, jr., of Houston, Joe Wheeler of Austin and Sidney Van Zandt of Fort Worth were given the job of steering the Thurmond-Wright campaign in Texas.

The 23 presidential electors named, by counties, are:

Judge R. Huffman, Harrison; Charlie Howell, Jefferson; Dr. E. H. Vaughn, Smith; H. C. Lyon, Kaufman; Charles E. Mergbacher, Dallas; W. E. McKinney, Navarro; Austin B. McComb, Montgomery; George Redd, Harris; Dr. H. E. Roberts, Denton; Mrs. Marion Wiley, Tarrant; A. V. Grant, Montague; J. D. Norton, Navarro; B. C. Mitchell, Hidalgo; Richard P. Brooks, Midland; F. A. Dunigan, Stephens; .. A. Sturgeon, Gray; W. C. Wood, Lubbock; Sidney Van Zandt, Tarrant; J. E. Shropshire, McCullough; J. Robert Liles, Montgomery; A. R. Rucks, Brazoria; John Spann, Bexar; T. G. Collins, Dallas.

Campaign To Employ Handicapped Opens

AUSTIN, Sept. 9. (U.P.)—Gov. Beauford Jester today opened a statewide drive to find employment for 5,769 physically handicapped Texans.

The governor, in the presence of Gen. Jonathan M. Wainwright and E. D. Whitley, national and state commanders of the Disabled American Veterans, signed a proclamation hailing the drive opening.

The campaign will end with observance of "employ the physically handicapped week," Oct. 3-9.

Daily Markets

Stock Market

STOCK PRICES FALL

NEW YORK, Sept. 9 (AP)—Stock prices fell today under the pressure of heavy selling.

Losses were from 1 to around 3 points with a few issues going beyond that range.

Increasing concern was voiced in Wall street over developments in Berlin and Paris coupled with the potentially deflationary increase in reserve requirements by the federal reserve board and spreading American strikes.

Among the biggest losers were U. S. Steel, Santa Fe, Coca Cola, Montgomery Ward, Mission Corp., and Union Pacific. Others going lower included Chrysler, Douglas, U. S. Gypsum, American Can, American Smelting, El Paso Electric Power & Light, Southern Pacific, Standard Oil (NJ), Illinois Central, and Youngstown Sheet & Tube.

Rails were under the greatest pressure throughout the day.

Cotton Market

NEW YORK REPORT

NEW YORK, Sept. 9 (AP)—Cotton futures were irregular in quiet trading today, reflecting uncertainty in the trade over spot cotton, textiles, and export situation.

Hedge selling was light and discouraged by the fact that futures were at or under the government's loan levels.

Weather in the cotton belt was favorable.

Late afternoon prices were 20 cents a bale higher to 10 cents lower than the previous close. Oct. 30.94, Dec. 30.75 and March 30.56.

Futures closed 35 cents a bale higher to 10 cents lower than the previous close.

Tech Issues 5,308 Permits To Register

A total of 5,308 permits to register for the fall semester of Texas Technological college already have been issued, in response to applications for registration sent in by prospective students, Joe W. Seay, assistant to the registrar, said this morning.

The applications are being received in advance to opening of the fall semester under a new plan by which students begin registration activities by mail. They will report at assigned times Sept. 16-18, official registration days.

Dormitories are to open Monday and freshmen are to report for a freshman counseling program.

Texas Republican Doubts That States' Rights Meeting Legal

AUSTIN, Sept. 9 (AP)—A Republican state executive committeeman has expressed doubt about the legality of the States' Rights Democratic state convention held yesterday in a letter to Secretary of State Paul H. Brown.

Brown made public the letter, received this morning, from Enoch G. Fletcher of Grand Saline asking that the secretary of state request a ruling from the attorney general.

Fletcher believed the convention of Dixiecrats illegal because "it seems to me that under the law a party would have to be formed by persons who have not participated this year in the primary or convention of the Republican or Democratic party."

per cent of their savings accounts deposits, effective September 16.

Strict Regulation Withheld

Under the new law the reserve board could have made the terms stiffer on demand deposits—another four per cent for New York and Chicago banks and another two per cent on all other banks.

But it apparently wants to keep some ammunition in reserve while it waits to see what develops from this shot at inflation. Many finance experts have expressed fear that overdoing anti-inflationary measuses would bring a deflationary swing that would be even worse.

Although the FRB order gave the banks a few days to meet its terms, some effects are expected to show up at once as the banks get busy raising the extra reserve money.

The country banks are in the best position to do so. Officials said they must put up another $700,000,000, but they already have about $550,000,000 over their old requirements which they can use for put-up funds.

The New York and Chicago banks are at the opposite end of the scale. With no excess reserves now they'll have to find other ways of putting up the extra $500,000,000 required of them.

Banks in other big cities are estimated to have $200,000,000 in excess reserves they can apply toward the extra $700,000,000 they must put up.

Cherry County, Neb., could be cut into five states the size of Rhode Island.

Strikes

(Continued From Page One)

Federal conciliator Carl Carlgren was en route to Duluth-Superior to meet with Raleigh Meyer, business agent for the American Federation of Grain Processors, and officials of the grain firms.

Carlgren and Meyer left for the head-of-the-lakes after meeting for seven hours with Gov. Luther Youngdahl and Minneapolis millers in an effort to settle a similar strike begun yesterday by 1,800 grain handlers at the twin cities.

Some Progress Made

State Labor Conciliator Harry Hanson believed some progress was made in the meeting with Youngdahl. The governor declined comment but scheduled another session for Friday.

The grain handlers demand a 20-cent hourly wage boost. A state fact-finding board recommended 12½ cents, which most companies accepted.

Secretary of Interior Julius Krug asked five western governors yesterday to appoint oil "czars" to help industry committees ration oil products during the petroleum strike.

Many Southern California gas stations hung out "sorry, no gas" signs. Los Angeles was hardest hit. It is a rich oil-producing area and dealers never bothered to building up storage facilities.

Four of the six struck companies—Shell, Union, Standard and Texas—met with the CIO oil workers union to try to reach a settlement today. Richfield and Associated Oil companies will meet with the union later.

Los Angeles longshoremen participating in the maritime strike rejected a demand by employers for union leaders to sign Taft-Hartley non-Communist affidavits. Their action bore out predictions that strikers up and down the coast would turn down the demand. They also threw aside the employers "final offer."

Longshore President Harry Bridges met with Army transportation officers yesterday to discuss the loading of military supplies on ships bound for the Orient. Maj. Gen. James A. Lester said the meeting was "exploratory."

Local Rally

(Continued From Page One)

Main and Broadway blocked off to traffic. Seats are to be arranged for the convenience of the anticipated 4,000 to 5,000 to hear the governor.

An announcement at rally headquarters this morning said that in event of inclement weather the rally will be moved to the hotel ballrooms, with a loud speaker system carrying the program over the premises.

Thirty minutes of the governor's address is to be broadcast over the Lone Star chain that will include several West Texas stations, it was announced, and station KCBD here said yesterday the station will carry 30 minutes of the address—8:30 to 9 o'clock—on an independent hookup from the platform.

It was announced this morning from KSEL that the 8:30 to 9 o'clock portion of the address will be carried also by that station on an independent hookup. Station KFYO has announced that its facilities will be tied up with the Lubbock-Amarillo baseball game.

Mayor Rodgers, reception committee chairman, is to introduce former Lt. Gov. John Lee Smith, now a Lubbock attorney and vice chairman of the reception committee, who in turn is to introduce the speaker.

and today he shouted: "The victory is ours."

Truman Program Hit

Staking his campaign on a fight against President Truman's civil rights program, he led today with an indicated county unit vote of 314 to 92 for Thompson. Only 206 units are needed to win under Georgia's unusual county-unit system, similar to the national electoral college. The system keeps political power in rural areas.

But unlike his father, who trailed in popular votes in 1946, young Talmadge also held the upper hand in the total count—268,025 to 237,632.

David Brooks, 85, Dies After Illness

David M. Brooks, 85, of 224 Ave. H, died about 11 o'clock this morning in Lubbock Memorial hospital after a long illness, Bryan McDonald & Son Funeral home reported. Funeral services are pending.

Survivors include four sons, H. L. of Lubbock, Everett of Comanche, Okla., Cecil of Roberson, and Wayne Brooks of Glendale, Calif.; and three daughters, Mrs. E. W. Humble of Chattanooga, Okla., Mrs. Bill Williams of Marlow, Okla., and Mrs. Clint Johnston of Faxon, Okla.

State Rests In Steen Hearing

The state rested at noon in the trial of Milus Steen, 36-year-old negro charged with murder with malice in the Feb. 23 shooting of Narvis Smith, 23, another negro, in the Queen City negro residential district here.

The prosecution called 12 witnesses, and sought to prove that Steen, a groceryman, shot Smith two blocks away from where he and Smith had fought approximately 15 minutes earlier.

Statements Introduced

The defense introduced signed statements from three of the state's witnesses, attempting to convince the jury that testimony they gave on direct examination was much different from what they gave a member of defense counsel in April. Each of the three witnesses said there were "mistakes" in the signed statements, brought out on cross-examination.

No motion of the defense had been filed at 1:15 p .m., 15 minutes before court was to be reconvened by 99th District Judge G. V. Pardue, court officials said.

The defendant had made application for 32 witnesses. No announcement had been made by his counsel as to how many of those witnesses are under process or how many will be called to testify.

The defense had qualified jurors on the law of self-defense in its Wednesday examination of special veniremen.

District Attorney Lloyd Croslin and assistant District Attorney E. G. Pharr represent the prosecution, S. P. Boling, George W. Dupree and James Milam the defendant.

Tech Alumni Group Forms New Chapter

A chapter of the Alumni and Ex-Students association of Texas Technological college was organized Wednesday night at Sweetwater, with about 30 former students of the college attending.

D. M. McElroy, secretary of the Alumni and Ex-students association, spoke. He also addressed the Junior Chamber of Commerce at a luncheon Wednesday.

A. C. Bishop, manager of the Sweetwater Board of City Development, was elected president. Others chosen were J. L. Hemby, vice president; Mrs. Ray Walker, secretary, and Mrs. John Pepper, reporter.

A social was scheduled for Oct. 7.

Several representatives of the Alumni and Ex-Students association are to attend a social meeting of the Midland chapter Friday night at Midland, said McElroy.

Reburial Rites Set For Clifford Reven

Military graveside rites will be held at 4 p. m. Friday in Lubbock Memorial cemetery for Pvt. Clifford H. Reven former Lubbock resident who was killed in action in Germany on Nov. 26, 1944. His body will arrive here Friday morning by train.

Reven, son of Mrs. L. L. Reven of Lubbock, was born here, attended Lubbock public schools, and was a carpenter before his entry into service in November, 1942. He served with the Twenty-ninth Armored division of the Tenth Army, and was awarded the Silver Star and Purple Heart.

Survivors include his mother, four brothers, Paul and Clyde Reven of Lubbock, Forrest Reven of Midland, and Clinton Reven, and one sister, Mrs. Opal Cagens of Amarillo.

The Lubbock American Legion and Veterans of Foreign Wars chapters will be in charge of military rites. Sanders Funeral home is in charge of arrangements.

Founder Of Church In Houston Claimed

HOUSTON, Sept. 9. (U.P.)—Rev. Father John C. Bauer, 42, founder and pastor of Holy Ghost church, the first Catholic church in Bellaire, was found dead at the church rectory here early today.

Father Bauer was ordained in his sleep.

A native of Austria-Hungary, he came to Houston from San Antonio in June, 1946, to form the Holy Ghost church. He also was responsible for the building of the permanent church, convent and school now under construction.

Ffther Bauer was ordained in Kirkwood, Mo., in 1931. Last rites were tentatively set for Saturday.

Former Member Of Faculty Visits Tech

Leo J. Riethmayer, former faculty member of Texas Technological college who now is a professor in the department of political science at the University of Colorado, visited on the Texas Tech campus this morning.

He and Mrs. Riethmayer are in Lubbock today while en route home after visiting her father, A. H. Merrick of Lamesa, who is ill and was described as "doing fairly well" in condition.

Mrs. Riethmayer is a sister of Mrs. J. Ralph Grant and Mrs. E. V. Hicks of Lubbock.

Kiwanis Club Hears Talk On Lubbock Football Prospects

Westerner football prospects, and the general athletic organization in Lubbock schools were discussed at the Kiwanis club luncheon today at Hotel Lubbock by Coach Pat Pattison.

Introduced also were Bill Floyd and Fred Taylor, his assistants with the Westerner squad. Believing that "you will find no better spirit and attitude" in any football team, Pattison said he thinks the Westerners will give Odessa a good scrap in the first game of the season Friday night.

He said Odessa will have a more experienced team, and he pointed out Patterson and Thompson in the backfield as both good boys who will be hard to stop.

Boys May Be Shy

Due to the semester rule, he said most of his boys are 15 and 16 years old, that dispite four weeks of workouts they may prove a little shy at first, but he believes that by the fifth or sixth game they will be settled down into a smooth-working squad "that will have to be respected" on the field.

He warned that "there will be mistakes," and that the breaks of the game will sometimes be costly, but he believes the boys will react to these breaks in good shape.

Pattison described his backfield as having average speed, the ends as of average height and speed, but above the average in agility, and the line as "on the heavy side" which sometimes is a handicap to speed. He pointed up Malcolm Young and Bob Brown as two backfield prospects with much promise.

Registration Help Needed

Jack Hall, club member and county service officer for war veterans, made an appeal for help in the draft registration. He said much of this has been sent to the American Legion hall, and that the staff there is inadequate to handle registrants without long delays.

Donald McDonald was introduced as a transfer member from Beeville. Club President L. E. (Jack) Davis was in the chair, with invocation by Rev. Claude E. Canterbury.

Berlin Crisis

(Continued From Page One)

not bow to the Red dictatorship of Moscow."

The Soviet commandant earlier in the tense day rejected American and French protests against the arrest and kidnapings of 38 western zone police from city hall. The Russian, Maj. Gen. Alexander Kotikov, told the Americans to mind their own business.

The Germany throng, estimated by City Council President Otto Suhr at from 150,000 to 250,000, jammed Republic square before ruins of the Reichstag building and protested Communist attempts to seize power. The gathering dwarfed all Communist manifestations in Berlin.

A total of only about 20,000 persons took part in the four Communist demonstrations against the city hall in the Russian zone.

In British Zone

Republic square is in the British zone only 50 yards from the Russian boundary. Strong forces of western sector police ringed the square.

Long before the rally started, trucks came from the American, British and French sectors filled with anti-Communists. The British had issued a permit for the rally but ruled that after today, political demonstrations must be at least a half mile from the Soviet zone border. This was a precaution against "incidents."

Planes Dive Over Area

Russian fighter planes stunted and dived high above the American sector of Berlin today, leaving vapor trails reminiscent of the war days. The Russians broke no regulations, but excited the German population in this jittery four-power city.

The maneuvers, duly announced in advance, were staged against a somber background of big power tension.

The Soviet commandant in Berlin, Maj. Gen. Alexander Kotikov, had just told the Americans "not to interfere in matters which don't concern them." This was the Russian answer to a protest by the American commandant, Col. Frank Howley, against an invasion of American offices in the city hall Monday in which 19 western sector police were carted off.

The Russians also have turned down a French demand for the release of another 19 western sector police who were kidnaped by Soviet sector police Wednesday morning while traveling under a Russian safe-conduct guarantee.

About 12 Russian Yak fighters roared over Berlin early in the day. Later there were two more groups, one of five planes and one of nine. They flew over the Zehlendorf district, an American residential sector, stunting, diving and leaving vapor trails but remaining at altitudes of from 25,000 to 30,000 feet. This, an American spokesman said, was not a violation of four-power flight regulations, which apply only to flights of 10,000 feet or less.

Allied officers said nothing unusual, thus far, had occurred in the air lift corridors to interfere with the massive Allied program to supply the blockaded city.

The U. S. spokesman, Lt. Col. B. E. Steadman of the U. S. military government's armed forces division, added:

"However, I can understand the Berliners' interest, especially over the vapor trails. They know those well from the days of wartime bombing."

Danish naval authorities in Copenhagen reported tha at least 50 Soviet planes violated Danish territory today in flights off Bornholm island in the Baltic. They said one group flew low over a Danish naval unit. The authorities asserted that the planes crossed the territorial border. Russians occupied the island in the spring of 1945 and remained 10 months, withdrawing in 1946 after Danish protests.

Naval authorities expressed the opinion the Russian planes had come from bases in Germany. They said at least 12 craft passed over Roenne, the island's main city, at an altitude of only slightly over 300 feet.

DRYS TO GATHER

DALLAS, Sept 9. (AP)—United Texas Drys will meet here Oct. 28-29 in their thirteenth annual convention.

Texas Weather

(Continued From Page One)

24 hours ending at 6:30 a. m. today, and Brownwood had 3.65 inches.

Games Rained Out

Baseball games were rained out last night at San Antonio, Longview, Kilgore and Odessa, and at Amarillo the Lubbock-Amarillo game was postponed by cold weather—the temperature dropped to 55.

A cold air mass moving in from the rockies was given as the reason for the dropping temperatures. The cold air hitting the hot air hovering over sun-baked Texas produced the thunderstorms and rains.

It still was raining this morning at Abilene, Austin, Del Rio, Houston, Waco, Victoria and San Antonio. In general, the weather picture will remain the same through tomorrow with some temperature rise, particularly in the Panhandle.

Other rainfall:

Waco 1.84 inches, Corsicana 1.73, Del Rio 1.14, Clarendon .80, Laredo .72, Alice .58, Victoria .43, Amarillo .36, and San Antonio .28. Hardly any part of the state failed to receive some precipitation.

TEMPERATURE DROPS TO 53 IN LUBBOCK

Temperature dropped to a minimum of 53 degrees this morning at the U. S. Weather bureau station north of Lubbock, but slowly rising temperature was forecast for the day.

High probably will reach about 78 degrees today and temperature will drop to around 55 degrees tonight, said an observer. Skies were expected to continue partly cloudy today, tonight and Friday.

Rain appeared to be over for the present in this area, with precipitation occurring further south. Drizzle was being received east of the Pecos valley this morning.

1.42 Recorded Here

The final measurement of precipitation received here Tuesday night and Wednesday was 1.42 inches.

The rain would have been of more benefit to agriculture if it had been received 30 days earlier but was described as "mighty fine" by D. W. Sherrill, county agent. "It should stop deterioration of our crops," he said. It should help in filling out cotton bolls, should benefit feed that has not burned up too much, and is "very important for fall gardens" and sowing of soil building crops such as Madrid clover and Austrian winter peas, he said. It also will benefit mixed grass pastures that should be sowed this month and small grains like wheat and barley which can be planted this month for winter grazing, he said.

Reports received by the Santa Fe in Lubbock this morning of precipitation received after 6 a. m. Wednesday were:

Muleshoe, .81 inch; Sudan, 1.25; Amherst, 1; Littlefield, 40; Anton, .50; Shallowater, 1; Slaton, .75; Idalou, .25; Lorenzo, .25; Levelland, .40; Whiteface, 1; Lehman, .75; Bledsoe, .15 Ropesville, .50; Meadow, .50; Brownfield, .25; Seagraves, .13; Canyon, .75; Happy and Tulia, 1; Kress, .75; Plainview, 1.25; Hale Center, 1.50; Abernathy, 1.50; Lockney, 2.67; Floydada, .25; Wilson, shower; O'Donnell, .50; Lamesa, sprinkle.

Ultra-Secret Probe Staged

WASHINGTON, Sept. 9. (U.P.)—House spy hunters today opened an ultra-secret investigation of alleged Soviet attempts to steal U. S. atom bomb secrets during the war.

A House un-American activities subcommittee summoned five witnesses for initial questioning but declined to reveal their names in advance of the closed-door session.

Committee Chairman J. Parnell Thomas, R., N. J., also refused to say whether all of them would testify on atomic bomb espionage.

"We are now getting into the stage of atomic espionage in our investigation," was his only comment.

Now Doing Spadework

The subcommittee, made up of Thomas and Reps. John McDowell, R., Pa., and Richard B. Vail, R., Ill., is doing the spadework for hearings scheduled to begin next Wednesday. The hearings will go into Communism in Hollywood as well as atomic espionage.

Some of the hearings were expected to center around McDowell's disclosure that a "high government official" succeeded in obtaining shipments of atomic materials for the Soviet union during the war.

During the early stages of the war, McDowell said, Russia sent this country repeated requests for uranium compounds in various stages of refinement. The requests were based on the plea that they were needed for medical purposes, he said.

Jap Sentenced By War Crimes Court

YOKOHAMA, Sept. 9. (U.P.) — A U. S. Army air crimes court today sentenced former navy Capt. Kiichi Yoshida to six years at hard labor for brutality to three American fliers.

One of the survivors, S-Sgt. Benjamin T. Miller, El Paso, Tex., testified by affidavit that his comrade, S-Sgt. Charles L. Suey, Detroit, was questioned without medical treatment although severely burned during the crash.

Boy Grooms Orphan Filly For Big Time

SALEM, O., Sept. 9. (U.P.) — A local boy is patiently bottle-feeding a two-months-old great-granddaughter of the famed horse, Man o' War, in hopes that the filly will put him some day in the upper economic brackets.

Ray L. Barber, brother of Louis Barber, jr., a jockey, says the spry young filly, Barbarette, went on the hand-fed diet after having been abandoned by her mother.

Barberette, sired by Benagi, was disowned by her mother, Toddy, a few days after having been foaled. The mother attacked her and the filly still bears a few scars from the older horse's teeth.

Barbarette easily consumes two gallons of milk daily and appears content with the tender care which foster-mother Barber lavishes on her.

110 ARE ARRESTED

ATHENS, Sept. 9. (U.P.)—Security police at Piraeus today arrested 110 persons in house-to-house raids like those conducted last week in Athens to seek out Communists.

Arizona ranks first in the western United States in the production of copper.

Russians Progress In Work On Pilotless Craft And Rockets

LONDON, Sept. 9. (AP)—Russian scientists and designers, working side by side with German technicians, are making progress in work on a weird array of rockets and pilotless craft, the new edition of "Jane's All The World's Aircraft" reported today.

The handbook, edited by Leonard Bridgman, is one of the foremost authorities on aircraft. The new edition is for the year 1948 Of the Soviet research it said:

"Work is known to be progressing on air-to-air rocket propelled missiles, rocket projectiles including advanced V-2 type rockets, pilotless aircraft of the German V-1 flying bomb type, and advanced designs of sub-sonic category."

Rapid Progress Made

It said the Russians were making rapid progress in jetcraft designs, with the help of German technicians and factories. Whether any of the new jet planes was yet in quantity production was not indicated.

"Because so little information on the development of the Soviet gas turbine and rocket propulsion has been released, it would be unwise to make any sweeping statements or to draw any too hard and fast conclusions," the editor cautioned.

Bridgman said the centers of Russian plane production were in the central and eastern regions.

Germans Employed

"The Russian interest in jet-propelled aircraft can be understood when it is realized that the Soviet aircraft industry employs hundreds of German scientists, designers and technicians to work side by side with their Russian counterparts, apart from the fact that the Soviet government has taken over and put to good use the German experimental establishments, factories, plant equipment, designs and experimental prototypes," the editor writes.

He said one of the fastest Russian models was the sweptback wing single-seater research monoplane based on the German DFS-364. Its speed was listed at 685.5 miles an hour.

Jane's illustrated four types of Soviet jet planes, and gave the following specifications:

Specifications Given

Ilyushin—Medium-heavy bomber, driven by four gas turbine engines and having range of 1,000 to 1,500 miles.

Turpolev — Twin jet bomber with maximum speed of 450 miles an hour.

Mig-9—Twin jet heavy fighter, powered by two gas turbines mounted side by side in the front part of the fuselage and armed with two 12.7 millimeter machine guns and one 30-millimeter cannon in the nose.

Mig research monoplane—Powered by one 1,675-horsepower radial engine driving a propeller and with a "tail rocket booster."

Jane's said a "straightforward copy" of the U. S. B-29 is in production in Russia now as a 72-passenger pressurized passenger transport. Several B-29's fell into Soviet hands during the war.

Recognition Is Given Negroes

Three Lubbock negroes are featured in the October issue of Ebony, negro magazine patterned in style of Life magazine, in an article on "Texas negroes Strike It Rich," by J. M. Brewer.

The three are Dr. J. A. Chatman, doctor; William Lusk, who operates a boot shop, and Dr. Clarence Lyons, dentist, all Lubbock negroes, described as a "Horatio Alger triumvirate" and as the "Big Three" of Lubbock's colored population.

Illustrating the article are pictures of the Chatman hospital-clinic, Lusk's boot shop, the dental office of Dr. Lyons, and pictures of the three negroes invarious scenes. One showed Dr. Chatman speaking to a church group of white women. It was pointed out he makes regular lectures on race relations and in the last three years has spoken 75 times to groups of white persons.

Lubbock is represented as a "thriving community" which tells the story of new frontiers for negoes in West Texas.

The article states Dr. Chatman arrived at the railroad station nine years ago "without the proverbial 'nickel and a nail' after his practice in an East Texas community floundered for lack of patients; today he has a $75,000 hospital and clinic and a $20,000 home." The article continues by stating Dr. Lyons came to Lubbock 16 years ago with $16 and no place to stay and his real estate holdings have zoomed to a total of $175,000. A former shoe shine boy who makes cowboy boots, Lusk fills "some $50,000 worth of orders annually," employing seven persons, five of them white, the article states.

The Chatman hospital is described as the first modern negro hospital in a 16,000-square-mile area in West Texas.

Marriage Rate Up As Divorces Drop

WASHINGTON, Sept. 9. (AP)—Marriage and divorces both were well above the prewar level in the United States last year, but divorces dropped off sharply from the record 1946 totals.

Federal Security Administrator Oscar R. Ewing reported today that 1947 marriages numbered 1,992,354, compared with 2,291,045 in record-setting 1946.

Ewing said divorces totaled 471,000 in 1947 compared with 610,000 in 1946.

In terms of "crude rates," Ewing reported, this means that there were 13.9 marriages and 3.3 divorces per 1,000 population in 1947. In 1946 the figures were 16.4 marriages and 4.3 divorces per 1,000 population.

The 1947 marriage total was exceeded only once before in U. S. records (in 1946) and the divorce rate twice, in 1945 and 1946.

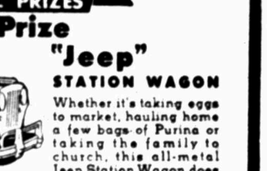

States reporting most marriages in 1947 were New York with 164,522 and Texas with 123,798. Texas led in divorces with an estimated 43,600.

Rabbits sometimes produce in a single year five or six litters of from three to 10 young at a time, which in turn reach maturity in about six months.

Berlin Police Kidnaping Good Example Of Communist Tactics

By DEWITT MACKENZIE
Associated Press Staff Writer

We have a prime example of Communist tactics the world over in yesterday's kidnaping, by Russian gunners and their German police, of 19 western Berlin police after the latter had left the city hall in the Soviet zone under a Muscovite guarantee of safe passage.

The Red maneuver was just as bold and cold-blooded as that. It was another move in the Russian campaign to unseat the duly elected Berlin city council which is anti-Communist. The western Berlin police came from the American-British-French zones and were present to shield a meeting of the council.

U. S. Secretary of State Marshall takes us a step further by stating that the Communist attacks on the Berlin city government are largely intended to upset talks of the big four military governors on the crisis in the Soviet-blockaded German capital. The secretary said the Berlin disorders have followed a familiar Communist pattern, and declared that the efforts to disrupt the conferences of the governors must be firmly resisted.

Peace Not Wanted

And why should the Bolshevists be bent on disrupting the Berlin conferences? Because, as this column has pointed out before, Communism does not want peace.

Part of the fundamental strategy of Communism's world revolution is to create disorder and despair. It never has made progress by peaceful methods.

That's why this columnist has been predicting that any accord reached would give the Communists a chance to consolidate their gains and prepare for fresh offensives. The current conversations of the Big Four may result in some sort of agreement—but it won't mean lasting peace. However, temporary peace may be better than no peace at all—so long as it isn't achieved by appeasement.

Poland Provides Evidence

Poland is providing us with further evidence of Bolshevist tactics. The Communists yesterday launched a drive for the avowed purpose of destroying "all exploiters and capitalists" among the some 15,000,000 peasants of the nation.

Larry Allen, Associated Press correspondent in Warsaw, says reports from usually reliable sources state that Communist groups have smashed tractors owned by so-called "rich peasants" in central Poland and that fences dividing individual farms have been torn down in some places. Red action committees have been sent out to spread the news among peasants that their production must be put on a common basis. And so it goes.

Bolshevism Hard-Boiled

You wouldn't think the Communists would dare crack down so hard on liberty loving folk like the Poles, who time and again have fought for their freedom. But Bolshevism is as hard-boiled as the devil himself. And one suspects that it is more than a little worried by disaffection which has been showing itself among the satellite states. Apropos of this Dr. Peter Zenkl, exiled former deputy premier of Czechoslovakia, who is now in London, declares that "the pretense of unity in the Soviet bloc has been shaken."

However, it is the nature of Bolshevism that always it must proceed by strong arm methods. There are no half way measures. Communism is allowing itself plenty of rope deliberately. It will either hang itself or hang us.

Large Doses Of B-1 Declared Useless

CHICAGO, Sept. 9. (U.P.)—People who take large doses of vitamin B-1 to give them extra pep and energy are only wasting their time, according to a Northwestern University scientist.

Dr. Theodore E. Friedemann, associate professor of physiology, said the vitamin might be a potent energy builder if the body would absorb enough of it.

But he said laboratory tests revealed that doses of more than two ten-thousandths of an ounce —about 1/65th of an aspirin tablet—are largely wasted.

The body won't take any more than that, he reported. Furthermore, the tests indicated that if the vitamin is taken constantly over a period of time, the body sometimes becomes allergic to it.

Friedemann said it made virtually no difference whether the vitamin was taken by mouth or through the veins.

Search For Body Of Pilot Will Continue

SANTA MONICA, Calif., Sept. 9. (AP)—After first fruitless efforts, sheriff's officers will again drag a section of ocean off Santa Monica today for the body of a pilot believed to be Clare Boothe Luce's brother.

A plane similar to one piloted by David F. Boothe, the former congresswoman's only brother, was seen to crash in the ocean Sunday. Boothe, about 48, was flying a rented craft.

Navy Seeks Control Of Lung Diseases

GREAT LAKES, Ill., Sept. 9. (U.P.)—Medical researchers at the naval training station here are testing methods of controlling diseases of the lungs and throat which they say constitute the largest medical problem to be solved.

The Navy said that smallpox, diphtheria, typhoid fever, yellow fever and dysentery, which formerly took large tolls from the military forces, have been controlled effectively, but no control measures have been developed yet for respiratory diseases.

The research unit here will concentrate on methods of control, analyzing them and discovering where they are successful and where they are faulty.

The unit chief said that after all methods have been checked, the Navy may be able to combine the various methods proposed into one effective control system.

Agreement Frees Movie Actor From Child Desertion Charge

BOWLING GREEN, Ky., Sept. 9. (AP)—Movie actor Elbert (John) Calvert of Los Angeles today was free of a child desertion charge filed against him by his former wife.

The charge was dismissed in Warren county court yesterday at the request of Mrs. Jessie McCormack Calvert after she and Calvert signed an agreement concerning custody and support of their 13-year-old daughter.

Arrangement Given

A suit filed by Mrs. Calvert in circuit court also was dropped after reaching of the agreement, which calls for Mrs. Calvert to retain custody of the child and for Calvert to pay $100 monthly toward her support until she is 18 years old.

Mrs. Calvert had sought custody of the child and $200 monthly toward her support in the circuit court suit in which she said Calvert had contributed only $300 toward their daughter's support during the past eight years.

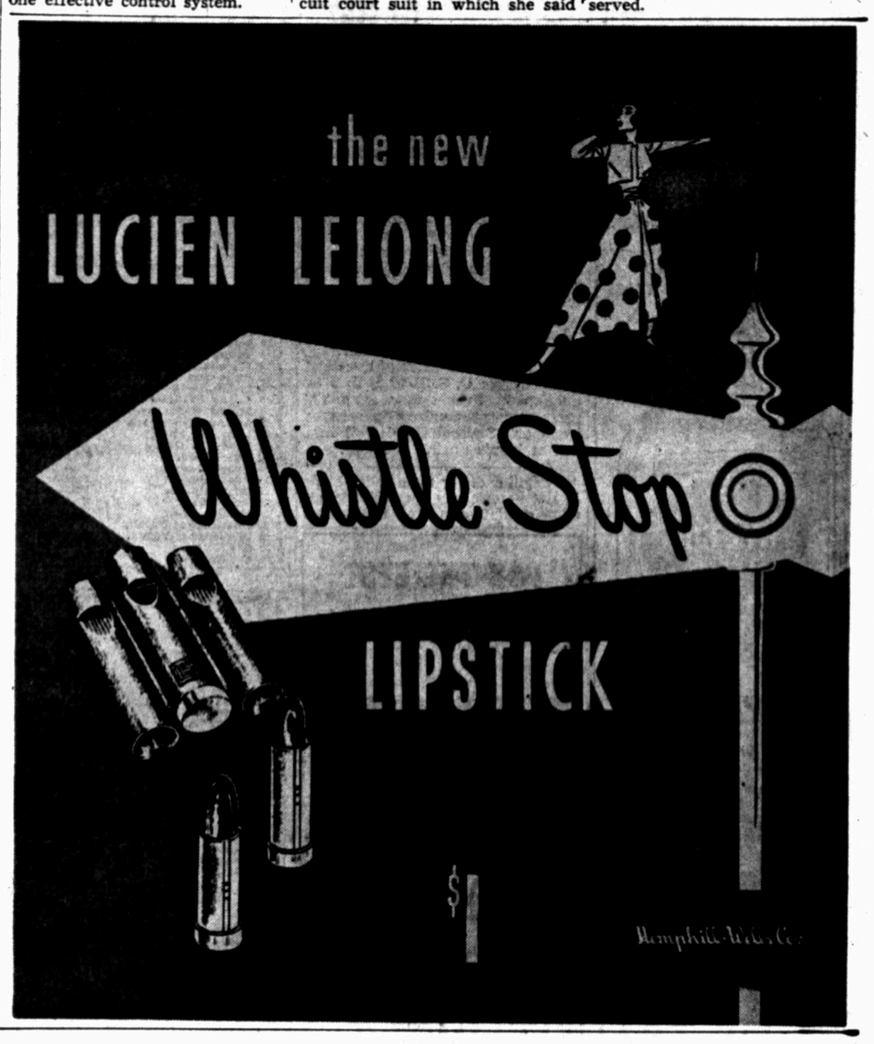

Calvert obtained a divorce in Reno, Nev., in 1942, it was brought out yesterday, but the custody of the child and provisions for her support were not settled at that time.

Calvert returned to Los Angeles yesterday.

44 Are Lost On Circus Ship

12 Survivors Are Rescued

HAVANA, Cuba, Sept. 9. (AP)—A tiny circus ship was swallowed by the hurricane-swept Caribbean in the dark morning of Sept. 1 and 44 of the persons aboard and 59 trained animals are missing and feared lost.

The Norwegian motor vessel Caribe radioed yesterday that she had picked up 12 survivors in a lifeboat 770 miles south of Miami. The naval commander of the Caribbean sea frontier in Panama ordered an immediate search for others of the 56 believed aboard. The Caribe report said: "Fate of remainder of passengers and crew unknown but fear the worst."

Believed Overloaded

Naval experts in Havana, piecing together bits of information radioed in by the Caribe, said they thought the circus ship, the 140-foot Honduran motor vessel Euzkera, probably capsized in heavy seas because she was overloaded.

The reports placed the scene of the sinking 130 miles off the Colombian coast, 200 miles from Panama and 700 miles from Miami, about 30 hours from port. The Euzkera was carrying the Razzore circus from Cuba to Cartagena, Colombia. She was three days out.

According to the best reports here there were 56 persons aboard, 46 of them passengers—circus officials, performers and laborers, with wives and families. There also were 59 animals—trained lions, tigers, monkeys, horses and dogs.

Captain A Survivor

Those rescued, the Caribe reported, included three crewmen and nine passengers. The Havana newspaper Alerta said those rescued included lion tamer Santiago Bravo Fabre, a Cuban, and Raul Chang Montalvo, member of an acrobatic team. Alerta also said Joseph Pauchie, British captain of the Euzkera, was a survivor.

The Caribe is due at Curacao with the survivors this weekend.

One naval expert here, after a study of the messsages from the Caribe, pieced together this story:

"The circumstances indicate very strongly the ship was overloaded. The reports say a great wave crashed over the bow, and the ship capsized and sank. That strengthens the theory of overloading, which is supported also by data here on the cargo.

"It all happened so quickly there was no time to launch the three lifeboats and the raft aboard. People and everything aboard were pitched into the ocean. Survivors tell of people clinging to lumber and other bits of wreckage, indicating many had been awakened by the storm and were on deck.

"In the darkness and rough seas, people became separated,

OIL COMPANY BUILDING—Pictured above is a building being constructed at 1628 Nineteenth by the CVH corporation which will be Lubbock division headquarters for the Stanolind Oil & Gas company and the Stanolind Pipe Line company. The building, of brick, steel and stone construction, will cost approximately $175,000 and is being erected by Carl Maxey, contractor and one of its owners. Containing 14,000 square feet of floor space, the building will have 43 offices and will be air-conditioned for both winter and summer. It has terrazzo tile floors throughout. A 100-foot radio aerial tower will be erected on the front part of the building by which short-wave radio contact will be maintained between the oil company headquarters and cars and trucks in the oil fields west of Lubbock. The pipe line company will occupy the second floor and the oil and gas company the first floor. A 50-foot parking area to the east of the building will provide parking for employes' cars. The companies will employ approximately 200 persons. The building, owned by Carl Maxey, Homer Maxey and Vernon Thompson, is scheduled for completion by Nov. 15 and will be ready for occupancy by Dec. 1. (Staff Photo.)

Mitchum And Friends Appear For Hearing In Los Angeles

LOS ANGELES, Sept. 9. (AP)—It was a short court appearance for Actor Robert Mitchum and three co-defendants on narcotics charges. Just long enough for the wavy-haired leading man to sign a few autographs, pick up some fan mail, and be released again pending trial.

Indicted by a county grand jury on charges of possessing and conspiring to possess marijuana, the quartet appeared yesterday for a hearing on writs of habeas corpus.

Appearance Is Formality

This was a mere formality, however. Their demand to have charges presented and be released from jail already had been met by the grand jury indictment.

So Superior Judge Thomas L. Ambrose dissolved the writs for Mitchum, Actress Lila Leeds, Dancer Vickie Evans and Real Estate Agent Robin Ford. Neither Mitchum nor any of the other defendants made any statement during the proceedings.

They were again set at liberty on $1,000 bail each pending arraignment on the indictment Sept. 21.

On his way into the courtroom, Mitchum complied with the requests of several autograph seekers.

The handsome 31-year-old star also received a half dozen fan letters—including one each from Australia and England — which had been sent to the police department after his original arrest Sept. 1 in a raid by narcotics officers on the secluded Hollywood cottage rented by Miss Leeds.

The Baltimore Colts of the All-America Football Conference open their league season at home against the New York Yankees Sept. 5.

Army Recruit Who Stepped Out Of Ranks Is Blamed For Explosion Fatal To Three

FORT JACKSON, S. C., Sept. 9 (AP)—A recruit who stepped out of ranks to pick up a bazooka rocket has been blamed for an explosion that killed three soldiers and injured 23 others.

A three-man army investigation board made the report yesterday. It identified the soldier as Pvt. James M. Mathis of Eufaula, Ala., post public relations officer Capt. A. P. Neely said.

Mathis himself was critically injured in the explosion here August 31.

The board's report said Mathis, in a military formation, broke ranks to examine the rocket, a dud, and tossed it to the ground.

"The preliminary cause of this accident," the report said, "was the action of recruit James Mathis, who demonstrated disregard for previous instructions as to the handling of duds."

A complete report on the case is expected within a few days, Col. Bernard J. Drew, board president, said.

Permission To Drill Andrews Wildcat Asked

Superior Oil company has filed an application with the Railroad Commission of Texas, requesting a permit to drill its No. 2-9-D University, as a wildcat to a possible bottom of 6,000 feet in south-central Andrews county.

Operations with rotary tools will start immediately. The venture is eight miles south and four miles west of the town of Andrews.

Test San Andres

That makes it approximately two and one-half miles south of the nearest production from the San Andres-Permian on the south side of the Fuhrman-Mascho field.

This prospector is being started primarily to test the San Andres. It is indicated that in the event it is dry in that formation that it might be carried further into the Permian horizons.

Magnolia Petroleum company No. 1 Winston, south-central Scurry county wildcat, about four miles south of the town of Snyder, and 330 feet from north and west lines of tract 72, Kirkland & Fields survey No. 37, was bottomed at 7,905 feet in Ellenburger dolomite and was running electric log surveys.

No Gas At Surface

This venture ran a drillstem test at 7,841-52 feet. The tool was open two hours. No gas showed at the surfec while the tool was open, but some free gas was encountered in the drill pipe.

Recovery was 62 feet of drilling mud, 186 feet of heavily oil and gas cut drilling mud, and 186 feet of mud cut oil. There were no signs of water.

Operator then re-tested the same section — 7,841-52 feet, for another two hours. Gas showed at the surface in 45 minutes. Recovery was 170 feet of heavily oil and gas cut mud.

Another drillstem test was run at 7,852-64 feet. The tester was open two hours. Gas showed at the surface in 14 minutes. Recovery was 140 feet of slightly oil and gas cut drilling mud.

Rainbow Of Oil

The project drilled on down to 7,875 feet and a one and one half hour drillstem test was run at 7,863-75 feet. Recovery was 60 feet of gas cut drilling mud and 55 feet of salty, sulphur water, with a rainbow of oil.

The venture then continued to a total depth of 7,905 feet, in dolomite without reporting any further testing.

Operator has not released the official call on the top at the Ellenburger in this exploration. However, it is understood that the above described drillstem tests about covered the full interval of that formation which has been penetrated.

Despite the fact that no official information is now available re-

Butter, Beef And Lamb Leading The Downward Trend

Retail Food Prices Decline

(By The United Press)

Butter, beef and lamb led a downward trend in retail food prices during the past month, dropping more than five cents per pound on the average, a survey of ten cities across the nation showed today.

The survey was prompted by a report that the wholesale price index which was at its lowest level since April, should be reflected in lower retail prices.

Dun & Bradstreet reported that its wholesale price index dropped to $6.86 for the week ended Sept. 7, the lowest level since April 27.

The price drop on butter was uniform across the country, the survey showed each city showed a decline close to the five cent per pound average.

The average drop of 5½ cents on roundsteak was not felt in all cities. Detroit reported a drop of 16 cents from 95 cents a pound on August 10 to 79 cents today. New York showed no change with roundsteak remaining at 99 cents. Los Angeles reported a four cent raise in beef prices.

Lamb chops prices showed the same tendency as roundsteak fluctuating widely across the nation but showing an average drop of 15-1/3 cents for the 10 cities.

The survey showed no change in the average prices on sugar, coffee and flour during the thirty day period, August 10 to Sept. 9. The wholesale prices of these commodities were reported by Dun and Bradstreet to have dropped during the last four weeks.

Retailers checked by the survey said their price changes merely reflected the change in wholesale prices. Some dealers claimed that they had absorbed some wholesale price raises since August 10 rather than risk customer ill-will.

Retail meat dealers said they thought the decline in meat prices was due to the slack summer demand. Wholesale meat prices at the Chicago market held steady despite the light demand.

Local Merchants Cooperating In Annual Fair Booster Trips

First reports indicated Wednesday that most Lubbock merchants are co-operating fully with the effort to make a smashing success of the booster trips in behalf of the Panhandle-South Plains fair here Sept. 27 through Oct. 2.

"We want the trip to be worthy of the finest of all Panhandle-South Plains fairs, and the indications are they will be," said Homer Hensley, chairman of the chamber of commerce good neighbor committee, sponsor of the trips.

To Use Chartered Buses

The trips, to be made in chartered buses, are Sept. 14, 16, 21 and 23.

Although trip committees are not scheduled to make their reports until Friday, Hensley said, he already has been advised of 14 firms and organizations which have taken from one to 10 tickets for each of the four trips.

Heading the list, and the first to make reservations, was the Lubbock Lions club, which has taken 10 tickets for each trip.

Others which have made reservations on all four trips were reported as follows:

Dunlaps, J. W. Chapman & Sons Realtors, Pendley Body Co., Luther Transfer and Storage, Texas Roofing co., Kuykendall Chevrolet co., Lubbock Poster co., Hemphill-Wells, Lubbock Auto co., Independent Produce and Cold Storage co., Texas, New Mexico & Oklahoma Coaches, Pop's Feed Store, Forrest Lumber Co., E. K. Hufstedler and Son, Sears Roebuck and The Avalanche-Journal.

All-Out Help Asked

Numerous reservations also have been made for individual trips. But Hensley emphasized that business firms are being urged to take tickets on all trips. Their representation on the good neighbor missions will not be complete otherwise, the chairman argued.

Tickets are $5 per trip, or $20

CONFERENCE SLATED OCT. 14-16

Specialists To Outline Cotton Mechanization Problems Here

Five top representatives of agricultural experiment stations are to outline progress and problems of cotton mechanization in every section of the belt, as one of the opening day features of the National Cotton council's second annual Beltwide Cotton Mechanization conference here October 14 to 16, according to announcement by Claude L. Welch of Memphis, Tenn., director of the council's production and marketing division.

Problems Must Be Solved

The five specialists are to point out at a special session of the conference some of the engineering and economic problems that must be solved before mechanization can be adapted to all sections of the belt. Dr. Russell Coleman of Starksville, Miss., director of the Mississippi experiment station, is to preside at the session.

W. E. Meek, Stoneville, Miss., senior engineer in charge of the USDA's regional cotton mechanization project, will discuss progress which has been made across the cotton belt. George B. Nutt, Clemson, S. C., head of the agricultural engineering department at the S. C. agricultural experiment station, will outline specific problems of the southeast.

Dr. Frank Welch, State College, Miss., dean of the School of Agriculture at Mississippi State college, will speak for the Mississippi valley area and J. P. Fairbank, Davis, Calif., agricultural engineer at the University of California will tell of the mechanization needs of the irrigated lands of the west.

The scientists are expected to cover every phase of mechanized production including disposal of previous crop residue, land preparation, planting and fertilization,

Plane Lands Safely With Engines Afire

TAMPA, Fla., Sept. 9 (AP)—A National airlines pilot brought a DC-4 to a safe landing here with one of its engines afire yesterday and aided 13 passengers in filing from the craft without untoward incident.

Capt. Mike Morse said he saw fire blazing from the engine as he came in for a landing, but knew the plane was in no immediate danger. His main concern, he said, was the conduct of the passengers —and NAL officials said they left the plane in orderly fashion, and without injury.

The plane, with a three-man crew, was enroute to New Orleans, La., from Miami, and made a scheduled stop at Drew field here. The fire was quickly put out.

Showdown In Korea Will Come When Occupation Forces Leave

EDITOR'S NOTE: James E. Roper, veteran United Press war correspondent and Washington and United Nations reporter, just has left Korea after an assignment of several months there. In the following dispatch from Shanghai he discusses the opposing forces which may lead to Korean civil war.

* * *

BY JAMES E. ROPER
United Press Staff Writer

SHANGHAI, Sept. 9—Korea, a country which sought a government of its own for 4,000 years, now has two — and it may take a civil war to determine which will rule.

Each side seems willing to fight. Only the restraining influences of the American and Russian occupation forces have prevented serious clashes already.

One Korean government is sponsored by the United States, the other by Russia. Each claims jurisdiction over all of Korea, although neither can wield its influence across the 38th parallel which divides the country into two water-tight occupation zones.

Election Held In May

The Rightist government of President Syngman Rhee in the American occupation zone — south of the 38th parallel — was elected May 10 with a United Nations commission observing the balloting. Russia refused to permit elections at that time in north Korea, so the U. S. claims the elected assembly represents, so far as possible, all the people of Korea.

The Leftist government of north Korea was elected Aug. 25, with the voters marking "yes" or "no" to a single list of candidates selected by the Communists. The Communists contend they conducted underground elections in the American zone so that the resulting government could represent all Korea.

Arguments To Be Presented

These opposing arguments will be presented to the UN general assembly meeting in Paris late this month, but the real showdown in Korea will not come until the Russian and American occupation forces leave. Then the two powers could disclaim responsibility.

From any angle the Rhee government in the American zone—the government I saw elected and installed during my stay in Korea—looks shaky. It does not have a strong military machine, and even its internal strength is doubtful.

When the south Korean assembly convened at Seoul May 31, it was in an atmosphere of optimism. But since then American officials have been disappointed in the amateurish way Koreans have taken the reins of government.

The biggest blow was that Rhee's first cabinet is, in the words of a qualified American authority, "about the worst that could have ben picked."

Political Debts Paid

Rhee, an aging nationalist patriot, has studied governments around the world. But when he picked his cabinet, he paid off political debts instead of seeking competent men. And as soon as the cabinet members had been named, many of their relatives were hired in government jobs.

Various political groups already are trying to win control of the armed forces, despite United States insistence that the Korean army must be "truly national" in its makeup.

One thing is sure—it will take a lot more American effort and a lot of help from the south Koreans themselves if the south is to be ready for the struggle with the Communists of the north which seems sure to come.

Private Rites Set For Benes

PRAGUE, Czechoslovakia, Sept. 9 (AP)—Private burial rites for former president Eduard Benes will be held at his country home tomorrow, official sources said today.

The body was taken back to Sezimovo Usti, where Benes died last Friday, after a closely guarded state funeral which displayed Communist apprehension over possible anti-government demonstrations.

The Czechoslovak statesman will be interred Friday in a tomb on a hillside of his little country estate overlooking the winding Luznice river, which rolls through the countryside of southern Bohemia.

Funeral Plans Changed

Premier Anton Zapotocky mustered hundreds of troops, police and factory militia for yesterday s state funeral in Prague. Hundreds of thousands of mourners who packed the line of march were cut off by a wall of human flesh and steel from any chance at what the ministry of interior said might be an attempt to "desecrate' the funeral.

Among the precautions was a change in funeral plans which saw the body carried to Pankrac prison for official rites, instead of Hradcany castle, the Palace Benes occupied during his many years as president.

The change in route protected President Klement Gottwald from more than a brief exposure to the crowds that jammed Prague streets for the funeral. Gottwald succeeded Benes after the latter resigned rather than go along with the Communists.

President Cautious

President and Mrs. Gottwald arrived five minutes after the scheduled starting time for the rites in the hall of fame at the national museum and left before the group in the hall. Gottwald did not appear in the funeral procession nor did he take part in the ceremonies at Pankrac prison.

Pankrac prison was chosen because it was on the route back to Sezimovo Usti. Members of Benes' family, the cabinet, diplomatic corps, members of parliament and Archbishop Josef Beran assembled there to hear a final discourse by the lord mayor of Prague, Vaclav Vacek.

James Roosevelt Wants Soviet Bombed With U. S. Propaganda

LOS ANGELES, Sept. 9 (AP)—James Roosevelt wants to bomb Russia—with propaganda leaflets.

The eldest son of the late president Roosevelt declared yesterday that such an advertising campaign behind the iron curtain could help avoid World War III.

The only way to get to the Russian people, the Democratic national committeeman said, is to organize an air fleet which will drop propaganda leaflets to them.

"We are the greatest advertising people on earth," Roosevelt declared. "And we can tell the Russian people our message by this method."

He said he didn't believe the Russians would be foolish enough to shoot down any of our planes on such a mission.

French Minister Asks Support In Formation Of New Cabinet

PARIS, Sept. 9. (AP)—Henri Queuille, a veteran but little known French politician, promised an answer today on whether he could form a government to rule troubled France.

His answer will depend on meetings today with the various parties whose support he has asked. Upon his answer may depend whether France will hold new parliamentary elections.

The French public, anxious to see a cabinet formed to replace that of Robert Schuman, was uncertain whether Queuille could succeed—and if he does—of how long it might last.

Queuille, a 64-year-old doctor from Brittany, was a senator before the war. A radical Socialist, he has held several cabinet posts since the war and was minister of public works and transport in the government which fell Tuesday night.

Finances Biggest Problem

At an early morning news conference after consultations with party leaders, Queuille indicated he did not wish to form a government that might be unstable. He said one of his main interests in the consultations was to gain an accord on details of his program so there would be no difficulty in going before the assembly.

He declared that the ever-mounting inflation and other financial problems were the gravest facing the nation. Queuille added that he hoped to set this morning, with the man he hoped to have as finance minister, the broad outlines for financial bills to be submitted to the assembly. He did not identify the prospective finance minister.

"The financial situation," he said, "is such that it makes necessary a quick vote on financial laws capable of maintaining the value of money. They must be voted without delay."

Almost as he spoke the dollar reached an all-time high of 420 francs on the black market as Frenchmen tried to put their money in a stable currency.

Move Called Inflationary

On Queuille's proposals for financial reform probably will depend the decisions of the parties he hopes to include in his government.

One of the few measures taken by the Schuman government in its 64-hour term in office was ordering the payment of a 2,500 franc ($8.33) bonus to almost all industrial and commercial workers and state employes. This was assailed as inflationary by management groups and as inadequate by labor unions.

It was possible Queuille might get some support from followers of Gen. Charles De Gaulle, who previously had been excluded from cabinets. One De Gaullist said he'd favor full power for Queuille if it were agreed that elections would be held before the end of the year.

There has been much discussion of a possible dissolution of parliament and new elections but this decision rests with the deputies themselves. Thus far the ruling centrist parties have been able to agree wholeheartedly only on that subject—they do not want elections now. They fear the De Gaullists might get many of the seats they now hold.

Queuille did not consult the Communists, who were thrown out of the government 18 months ago. The Communists offered to participate, however, in a proclamation asking a "democratic government." They have been making such offers in each crisis but have been turned down each time.

The Communist proclamation adopted a conciliatory tone toward the European recovery program, which they have consistently opposed in the past. The statement said "no Frenchman wishes to refuse the aid of the United States and of the countries which were our allies in the war."

The meek tone of the statement might have been prompted by reports the United States might seek ways of cutting off ERP funds to France if the Communists were called into the government.

Civil War Veteran Files Divorce Suit

WICHITA FALLS, Sept. 9. (AP)—Thomas E. Riddle, 102-year-old confederate veteran, has filed suit for divorce from his 74-year-old wife, Shrilda.

The petition filed here yesterday in district court cited alleged cruelties.

The couple, according to the divorce papers, was married on Sept. 12, 1938, at Sunset, Tex. It was the third marriage for Riddle, who celebrated his 102nd birthday here last April 16.

Third Party Slate In Texas Certified

HOUSTON, Sept. 9. (U.P.)—The Progressive party slate in Texas was officially certified today and en route to the secretary of state's office in Austin.

Herman Wright, chairman of the third party in Texas, said he had addressed the certification of presidential electors and nominees for state offices to Paul H. Brown and had placed the document in the mail yesterday.

Besides the two candidates for executive offices, Henry A. Wallace and Glen H. Taylor, nominees for state offices included:

United States Senator: Drew Nichols of Austin.

Governor: Herman Wright of Houston.

Lt. Gov.: Rev. Stacy Adams of Dallas.

Atty. Gen.: Morris Bigdanow of Houston

Agriculture commissioner: T. L. Huggins of Farmersville.

Land commissioner: Mrs. Edna M. Smith of El Paso.

Railroad commissioner (unexpired term): Joe Lire of El Paso.

Railroad commissioner: John Gibson of Dallas.

State treasurer: F. M. Johnson of Waco.

Crush berries in season, sweeten them to taste, and serve in sherbet cups sandwiched between layers of vanilla ice cream. Top with a garnish of the whole berries and a few fresh mint leaves.

Famous Actress Dancing Star Plans To Give Up Her Career

By GENE HANDSAKER
Associated Press Staff Writer

HOLLYWOOD, Sept. 9.—Eleanor Powell, whose talented tapping toes earn her $5,000 a week, says she's quitting her dancing career for good

"I'd love to have another child," the shapely brunette wife of actor Glenn Ford explained. "I'd be ashamed to tell you how many more I want I love children. No, I'm not expecting one now."

Ford spilled the news on the "Mr. Soft Touch" set when he told me Elly wants to settle down. "It breaks her heart to leave Peter." Their son is three and a half.

Fields All Conquered

An imminent 10-week night club tour—her third across country in the last three years—will be her last, Eleanor said. She may do one more movie dance, a part just offered her, "to see how I look in color," and possibly a show at London's palladium next spring. Then retirement.

After 22 years, Eleanor thinks "it's about time I quit dancing." She started at 13, at $75 for three nights a week in an Atlantic City hotel. "I was on Broadway. I was in Ziegfeld's last show. I've had my own radio program. If I play London I'll realize my dreams and there won't be many things left to conquer."

Was her total retirement Glenn's idea? He filled a pipe, shoved his hat back and said, "I haven't said anything one way or the other. I don't believe in that.

"She was a big star when I was a private in the marine corps. What right have I to tell her what to do? Anything that makes her happy, even if it's flag pole sitting, is all right with me."

Bishop Of Wakefield Claimed In England

LEEDS, England, Sept. 9. (AP)—Dr. Henry McGowan, 57, Bishop of Wakefield, died last night. He had been in ill health for several years.

Dr. McGowan was consecrated Bishop of Wakefield in 1946. He had been Archdeacon of Aston and Honorable Canon of Birmingham from 1938 to 1946.

SENDS US ORCHIDS

NEW YORK (U.P.)—A shipment of 444 Cymbidium orchids arrived by air from Australia for sale at $3 retail. By such sales Australia hopes to increase her dollar supply.

Seagraves Woman Dies In Hospital

SEAGRAVES, Sept. 9 (Special)—Mrs. C. A. Pigford, 36, a resident of Seagraves for the past two years, died at 1:15 p. m. Wednesday in West Texas hospital in Lubbock after an illness of several years. She had been in the hospital almost a week.

The body was to leave by train Wednesday night by Rix Funeral home of Lubbock to Charleston, S. C., for services and burial.

Survivors include the husband, Dr. C. A. Pigford of Seagraves, two children, two sisters, Mrs. Ruth Plowden and Mrs. Betty Simmons, both of South Carolina, and her parents, Mr. and Mrs. W. W. Wilbur, also of South Carolina.

Now Many Wear FALSE TEETH With More Comfort

FASTEETH, a pleasant alkaline (non-acid) powder, holds false teeth more firmly. To eat and talk in more comfort, just sprinkle a little FASTEETH on your plates. No gummy, gooey, pasty taste or feeling. Checks "plate odor" (denture breath). Get FASTEETH at any drug store. adv.

Tired Kidneys Often Bring Sleepless Nights

Doctors say your kidneys contain 15 miles of tiny tubes or filters which help to purify the blood and keep you healthy. When they get tired and don't work right in the daytime, many people have to get up nights. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder. Don't neglect this condition and lose valuable, restful sleep.

When disorder of kidney function permits poisonous matter to remain in your blood, it may also cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, swelling, puffiness under the eyes, headaches and dizziness.

Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 50 years. Doan's give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

Perfume Alone Can't Trap Unwary Males, Whiff Expert Of Many Years Is Convinced

CHICAGO, Sept. 9. (U.P.)—There's nothing to worry about, men. Perfume can't trap a man against his will.

Maurice Talmage, who has been concocting devastating whiffs for 25 years, made the admission.

"We've been trying for years and years to develop a perfume that will make men fall in love at first sniff," he said, "but our best efforts have been in vain."

Talmage suggested delicately that one of the major stumbling blocks has been the fact that modern males just don't have a good sense of smell.

Even the most tantalizing aroma is powerless, he said, unless a man is more than casually interested in a girl, in the first place. At best, perfumes just rate an assist in romance, he said.

Millions Spent

Women have been dabbing themselves with perfume ever since Cleopatra wore 16 scented oils in her hair. They spend millions for perfumes in the United States every year, Talmage said.

"Women buy perfumes to make themselves attractive to men," Talmage said. But the funny thing is they're so interested in pretty bottles and exotic names they're rarely aware of how attractive or unattractive a perfume actually may be."

Putting it bluntly, Talmage declared women knew little about perfumes, and men a great deal less. There isn't one woman in a thousand who can tell the difference between her favorite perfume and another similar brand, he said.

Prices Vary Widely

There are more than 5,000 American and 1,000 French brands to choose from, Talmage said. The prices range from 50 cents to $400 an ounce. The bottles come in all sizes, shapes and colors and, Talmage admitted, the names are "simply fantastic."

"But none of those things really counts," he said. "Women should choose perfumes by how they smell and nothng else. And then they should apply them very sparingly."

A woman who uses good perfume carefully, Talmage said, can give herself a big romantic lift. But if she expects the perfume to do it all, she's in for a setback.

"Perfume just doesn't have what it takes," he feels.

Navy Boosting Bomber Range

WASHINGTON, Sept. 9 (AP)—The Navy is building an experimental twin-engine bomber with a range of 1,200 miles, it was learned today.

This is more than double the effective bombing range of today's carrier-based planes and approaches the navy's goal of a 1,500-mile sky fleet.

The new bomber is scheduled to be test flown some next year, with delivery set for 1950 if it proves satisfactory.

Attack Chances Boosted

Naval aviation experts believe a 1500-mile radius from a carrier is about the most useful range. They say they can reach every worthwhile target in the world with a plane that can carry a good bomb load that distance.

One expert pointed out that by lengthening the bombing range, the carrier's chances for attack as well as escape are vastly increased. For example, he said, a plane having range of 600 miles would have its carrier somewhere within an area of 10,000 square miles.

But if the plane has a radius of 1,200 miles an enemy would have to search more than 4,000,000 square miles of ocean to find the carrier, he said.

Squirrel Bites Boy In Providence Park

PROVIDENCE, R. I., Sept. 9 (AP)—A squirrel "caught" eleven-year-old Patrick Hinkle while he was fishing in a Roger Williams park lake yesterday.

The animal dropped from a tree and got such a hold on Patrick's ankle it had to be pulled off by a park atteandant. The boy was treated by a physician.

The rodent's body was sent to the state laboratory for examination for rabies.

Presidential Campaign Talk Is Series Of Wild Charges

By JAMES MARLOW
Associated Press Staff Writer

WASHINGTON, Sept. 9.—"Who did it? He did it."

That just about sums up what you're going to have to listen to in the presidential campaign from now on.

The Democrats—with President Truman doing the talking—and the Republicans—with Harold E. Stassen talking—began their campaigns this week.

They cut loose with four main ideas: Living costs, labor, prosperity and housing.

As the campaign goes on, a few more may be added but those four will run through the campaign.

The high cost of living! Who did it.

The Republicans, Mr. Truman said.

Truman Attacks Law

The Democrats and world conditions generally, said Mr. Stassen.

The Taft-Hartley labor law! The Republicans controlled Congress when it passed in 1947, but a majority of Democrats joined with a majority of Republicans in passing it.

But is it a good law, or bad?

Terrible, Mr. Truman said. He hammered away at the fact that the Republicans controlled Congress when the law was passed.

He told labor the Taft-Hartley law is only a "foretaste." Worse will come if the Republicans win, he said.

It's a good law, said Mr. Stassen, and he hammered away at the fact that a majority of Mr. Truman's own Democrats helped pass it.

He promised labor the Republicans, if they win, will be real friends of labor.

Prosperity! We have it now, but will it last?

We'll have an "era of fear" if the Republicans win, said Mr. Truman. He took a dim view of continued prosperity if there is a Republican victory.

Agree Housing Needed

We'll keep prosperous if the Republicans win, said Mr. Stassen, and he indicated that Mr. Truman is gloomy anyway and is trying to scare people.

Housing! Why don't we have more housing?

Blame the Republicans, said Mr. Truman.

Both Democrats and Republicans are to blame, said Mr. Stassen. We certainly "must do something," he said.

All you, the voter, have to do is sit back, listen, and try to figure who's right: Democrats or Republicans? Some job.

Things like high living costs, prosperity and labor laws are so complicated that even experts have trouble figuring what's what.

Maybe a lot of voters already have their minds made up anyhow on the man they'll vote for. So they won't pay much attention to the arguments they read or hear on the radio.

They include the people who vote against a candidate because they don't like his eyeglasses or his mustache.

But the rest of the voters will just have to listen—if their minds are still open—and try to reach honest answers by themselves.

They have a tough job.

Danger Of Temblor Tidal Wave Passed

HONOLULU, Sept. 9. (AP)—All danger from a tidal wave resulting from yesterday's south Pacific earthquake appeared passed today.

The strong shock was recorded throughout the United States and apparently centered some 600 miles east of Suva, Fiji, on the ocean floor.

For a while the Hawaiian islands, which suffered from a quake caused tidal wave in 1946, feared another might be on its way. But tension was eased later when Pago Pago in American Samoa and Canton and Palmyra islands near the equtor reported only slight ocean swells as a result of the tremblor.

The quake was felt on Fiji's big island, Vita Levu, and the air force had a report from Nandi air field on the west coast of the island that a shock was felt there but no damage was caused.

The 14th naval district reported moderate, prolonged shocks were felt on Niue island, 350 miles southeast of Samoa, but no damage had been reported.

Wallaceites Offered Use Of Band Shell

DALLAS, Sept. 9. (AP)—The Dallas park board has offered the Progressive party use of the Fair park band shell for a Wallace rally any day up to and including Sept. 21.

The board last week turned down a request for use of the band shell on Sept. 28 when Henry Wallace, the party's presidential candidate, is scheduled to be in Dallas. Party representatives were informed the bandshell would be undergoing preparations for the state fair.

Yesterday the board offered the bandshell to the party at the earlier dates.

J. C. Penney Company Department Store To Open New Second Floor Friday

FOUNDER OF J. C. PENNEY COMPANY — James Cash Penney was born in Hamilton, Missouri. During his youth he clerked in a dry goods store, and in 1902 opened a similar store in Kerrerer, Wyoming, as one of three partners. Out of this humble beginning—one small store in a Western mining town — grew the present Penney Company, with stores in every State in the Union. The phenomenal growth of the Company is proof of the soundness of Mr. Penney's belief in the Golden Rule as the best possible business policy. He applied the principles of square dealing equally in merchant-customer and in employer-employee relations, and these policies have won for the Company the confidence of the public and the loyalty of associates, both so vital to success.

Penney Story One Of Great Sagas Of U. S.

The development of the J. C. Penney Company, of which the Lubbock store is a part, is one of the great sagas of American business. Its central figure, James C. Penney, gives it a true Horatio Alger flavor.

The first Penney store opened in 1902 in the frontier town of Kemmerer, Wyo. The town had a population of 1,000—and Mr. Penney, $500 and an idea. He expressed his idea in the name he gave his tiny enterprise: The Golden Rule Store. He wanted, he said, to give the public merchandise of higher-than-ordinary quality at lower-than-usual prices.

Had Other Ideas

He had other ideas, too. He would give friendly, considerate services; he would advertise honestly and without exaggeration or misrepresentation; and he would cut costs by selling only for cash, making no deliveries and eliminating other unnecessary costs of operation.

For Mr. Penney, and the organization he founded, these were not merely phrases for wall decoration but the vital elements of a business philosophy. Guided by them, the Company earned an enviable reputation, grew and prospered. Last year, with a sales force of more than 70,000 in all Penney stores, total sales reached nearly $800 million—a triumph of faith in the rewards of hard work and fair dealing.

Employees "Associates"

"Associates," as they have been called, rather than employees, recognize that they have a direct interest in the success of the organization, benefiting in many ways. To them, the Golden Rule principle is today a living force animating all the Company's relations, both within and outside the organization.

It has been said that business men welcome Penney's to a community, even competitors. "Penney competition," they say, "is honest and straightforward." Penney people welcome this warm and friendly attitude, inviting the spirit of healthy competition so essential to a vigorous economy and for the ultimate benefit of the American consumer.

Today, the Penney Company, serving millions of customers, looks forward to bringing a higher standard of living to even more millions at the lowest possible prices consistent with quality merchandise. The Golden Rule principles, Penney people say, will remain unchanged.

Interior Improvements Add 6,000 Square Feet Of New Floor Space

GRAND opening tomorrow of the J. C. Penney Company department store will disclose an entirely new second floor adding nearly 6,000 square feet of merchandising space to the store, Ellsworth J. Parson, manager, announced today.

"The addition of a second floor, along with the enlargement of all other floors, will give the new Penney's almost 50 per cent more selling space," Mr. Parsons said. "As a result, we now are able to carry far larger ranges of stocks and merchandise than we could heretofore—so customers will benefit from this enlargement."

Other Interior Improvements

Mr. Parsons added that the store had undergone other interior improvements, including the installation of new fluorescent ceiling lights to highlight merchandise displays, and a new passenger elevator to carry shoppers to the second floor.

New headers—large, wooden cutout letters set against a light background—will help customers find the department they want in the store.

New fixtures have been added, others have been repainted and a new tube cash system has been installed to facilitate the handling of cash and receipts to customers.

Ready For Fall Season

"Fortunately, the work has been completed in time to supply customers' fall and winter shopping needs," Mr. Parsons declared. "All departments are offering attractive and fashionable new merchandise for the entire family."

Featured on the new second floor will be a Junior Miss Shop, women's coats, suits and dresses, foundations, millinery and infants' wear.

The first floor will feature men's clothing and furnishings, men's and women's shoes, sportswear, hosiery and lingerie.

The basement will feature boys' clothing and furnishings, men's work clothes, bedding and drapery material, while the balcony will contain a complete home sewing and piece goods department.

The Penney store, one of 120 in this state, first opened here in 1925.

Mr. Parsons first joined the Penney Company as a salesman at Phoenix, Ariz., in 1921. In 1925 he was appointed manager of the store here and has served continuously for the past 23 years.

E. J. (Jack) PARSONS LOCAL MANAGER OF J. C. PENNEY — E. J. (Jack) Parsons is manager of the Lubbock J. C. Penney company store. Mr. Parsons first joined the Penney company as a salesman at Phoenix, Ariz., in 1921. In 1925, he was appointed manager of the store here and has served continuously for the past 23 years.

Penney Company's "Mother" Store In Kemmerer, Wyo.

Opened as the "Golden Rule Store," in 1902 it was a small beginning in a real old Western mining town — just one small room on the town's muddy main street. It was an era when "let the buyer beware" was the ordinary business philosophy, and prices usually depended on the customer's haggling ability. Mr. Penney really lived up to the principles involved in the name he gave his little venture, and he further broke with tradition by plainly pricing his goods and then selling at no other figure. Today the Company he founded in Kemmerer operates attractive, modern department stores all over the United States, testifying to the wisdom of his fair business practice, based on the Golden Rule.

A. W. HUGHES

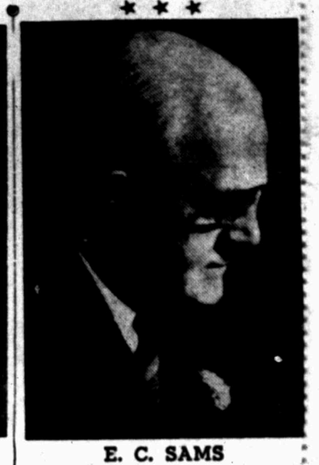

PRESIDENT OF NATION-WIDE CONCERN— A. W. Hughes, President of the J. C. Penney Company, was born in Shaneateles, N. Y. He joined the Company in 1920 as a salesman in the Penney store at Moberly, Mo., later serving as manager of Penney stores in Eureka., Utah, and Athens, Georgia. Starting behind the counter of a Penney store is typical of the careers of most of the officers of the firm. Mr. Hughes succeeded E. C. Sams — himself once a salesman behind a Penney counter—as President of the Company in April, 1946, when Mr. Sams became Chairman of the Board.

J. C. Penney Testing Laboratory Located In New York City

To insure customer satisfaction, the J. C. Penney Company maintains a well equipped laboratory in New York City, where merchandise is constantly tested for strength, color-fastness, warmth, wearing qualities, shrinkage, mothproofing, etc.

Fabrics used in Penney merchandise are continually tested for their resistance to wear. Machines provide the punishment, and automatically record the result. Cylinders covered with an abrasive are rotated against the tightly stretched strips of fabric until the material wears through.

The performance of each sample is recorded by an instrument which resembles the mileage meter of a car. Fabrics are also tested for color-fastness, shrinkage, launderability, tensile strength, and resistance to color changes caused by the chemical effects of perspiration.

E. C. SAMS

CHAIRMAN OF BOARD OF J. C. PENNEY COMPANY — E. C. Sams, Chairman of the Board of Directors, of the J. C. Penney Company, was born in Simpson, Kansas. After several years in the retail business, he joined Mr. Penney as a clerk in the Kemmerer, Wyoming, store. After serving nearly 30 years as President of the Company, Mr. Sams succeeded Mr. Penney as Chairman of the Board in April, 1946, when Mr. Penney became Honorary Chairman of the Board.

Capitalists Have Managed To Get Into Red Party In Poland

By LARRY ALLEN
Associated Press Staff Writer

WARSAW, Poland, Sept. 9 — In some unexplained manner, capitalists have wormed their way into the Polish Communist party.

Hilary Minc, minister of industry and commerce, who revealed the capitalist boring from within, did not explain how the Communists failed to keep the capitalists out of their organization.

He made it plain, however, that he wants them tossed out.

The Polish Communists have called for a class war in their fight to rid the party of "rightists and nationalists." Minc asked an extension of the purge to capitalists and "speculating and even hostil elements within the party itself."

The Communists' call for a "class war" began to be translated into action today as both the Communists and leftwing Socialists set up "mass schools" in all provinces to train instructors for spreading their ideological program.

The parties mobilized 7,000 activists to sell the Communist plan for socialization of farms to the country's 15,000,000 peasants and speed the purge of dissident elements within the parties.

Reports from rural districts indicated that at least some farmers were proving apt pupils. Groups of small farmers were said to be ripping down fences dividing large individual farms and other reports said Communist groups were smashing tractors owned by "rural capitalists."

Head Of Credentials Committee Selected

HILLSBORO, Sept. 9 (AP) — J. D. Dickson of Seymour today was appointed chairman of the credentials committee for the Democratic state convention at Fort Worth Tuesday, Sept. 14.

The committee will meet at the Blackstone hotel at Fort Worth Saturday at 10 a. m. and remain in session until all county delegations have appeared before it. Chairman R. W. Calvert of the state executive committee said this morning.

Other members of the credentials committee will be: Mrs. Seth Dorbandt, Conroe; Joe Drumwright, Wortham; Mrs. Wade Sadler, Gatesville; Homer Stimson, Royce City; Mrs. Alton Luckett, New Braunfels, and Joe W. Steed, Mount Pleasant.

Calvert said he would not name a committee to canvass the U. S. senate race and another to canvass the district office elections before the convention opens.

A fire in Baltimore in 1904 raged through 80 city blocks, causing $50 millions in damage.

PUSHING PENCIL SALES—Getting a good look at the mechanical pencils being sold to help finance new robes and equipment for the E. Y. Lee chapter of the Order of DeMolay here are Jane Austin, left, daughter of Mr. and Mrs. Harvey Austin of 2117 Thirtieth, and Anne Adams, second from right, daughter of Mr. and Mrs. A. P. Adams of 2108 Sixteenth. Showing off the pencils are Charles Ross, jr., second from left, son of Mr. and Mrs. Charles Ross of 2507 Twentieth, and Jim Bob Bryan, extreme right, son of Mr. and Mrs. H. B. Bryan of 2408 Thirty-first. The organization has 1,000 pencils which they are selling for a minimum of $1.50 each. (Staff Photo.)

Referendum Is Set By Virgin Islands

ST. THOMAS, V. I., Sept. 9 (U.P.) The Virgin Islands will have its first referendum at the general elections here in November, when the voters will decide on whether to have a single legislature for all the islands instead of two as at present.

They will vote also on whether they favor the election of the governor by the people of the islands instead of appointment by the President.

The people seem to be divided on the latter issue. Some would welcome a native governor while others say that the islands are not yet ready for such. There is a small group which looks with disfavor on a Negro being appointed or elected governor.

Unconscious Mother's Blood Replaced In Rare Treatment

BOSTON, Sept. 9. (U.P.)—Doctors maintained a constant vigil today over an unconscious young Maine mother whose blood was drained and replaced three times in what was believed the first such transfusion ever performed on an adult in the United States.

Hospital attaches said Mrs. Jeannette Saperia, 24, of Old Orchard, Me., was breathing better and showed an improved pulse and blood pressure. She was "dying" before the three-hour transfusion Tuesday night, they said.

Dr. William Damashek, professor of clinical medicine at Tufts medical school and hematologist at the New England medical center, said he performed the operation as a "desperate, last-ditch measure" in the absence of facilities for a tested treatment.

He said Mrs. Saperia became ill a week after birth of her first child Aug. 16 at Portland, Me. Her condition was diagnosed as severe anemia largely caused by an ailment that prevented her kidneys from purifying her blood.

Dr. Damashek decided on the treatment when Mrs. Saperia became unconscious Tuesday. While blood supplied by the Red Cross and Boston hospitals was pumped into her right arm, her own blood was drawn from her left leg.

The process was continued until the total amount of blood injected reached 30 pints—three times the body's blood capacity.

Bet "Middle Man" Asks Court's Aid

FORT WORTH, Sept. 9. (U.P.) —The "middle man" in an election bet went to court today to ask help in deciding the rightful owner of the money he is holding.

Lawrence Scarborough is stakeholder in a bet on the Reed Stewart-John Bourland race for tax assessor-collector. Yesterday, he filed answer in district court to a suit brought by G. S. York for return of $500.

York bet on Bourland, who withdrew from the race Aug. 15. Ernest Bramblett bet on Stewart.

Scarborough said in his answer he had no interest in the matter except that the money be paid to the "person entitled to it." He asked the court to decide that, and he also sought $150 in attorney fees.

"Emperor Of South Texas" Is Determined Political Ruler

HOUSTON, Sept. 9. (U.P.)—A "fist of steel" is substituted for the "velvet glove" when the political machine of George Parr starts rolling in Jim Wells county, the Houston Press charged today in the third of a series of articles on the 47-year-old South Texas political dynamo.

Press staff writer Ben Kaplan, who interviewed the portly Parr at his estate in San Diego, Duval county, dubbed him "the Emperor of South Texas."

Opposition Bitter

"If the late senator Archie Parr was the 'Duke of Duval'," Kaplan wrote, "his son, George, is the emperor."

Opposition in neighboring Jim Wells county (of which Alice is the county seat), Kaplan said, has forced the "emperor' to use a "fist of steel."

But although the people of Alice and Jim Wells county are determined, the writer declared, "anti-Parr people tell bitter stories of a cowed citizenry too timid to break the shackles of the Parr machine."

Reviewing Parr interests in the county, Kaplan revealed the Parrs own one of the city's two banks, a machinery and equipment company, they employe an influential law firm and have a radio station.

"The mayor is their man. So are the city commissioners. So are most of the county officials," the Press article continued, "including the entire commissioners court and the district attorney."

Writer Kaplan indicated that the next in his exclusive series would deal with the career of the late senator Archie Parr, whose activities in the Texas 27th senatorial district preceded and were just as colorful as those of his son.

Loyalty Poll Reply Is Non-Affirmative

HILLSBORO, Sept. 9 (U.P.) — The first non-affirmative reply by a Texas Democratic party presidential elector to a loyalty poll by State Executive Committeeman Robert W. Calvert was received today.

William D. Morris of Fort Worth wrote Calvert that he declined to make an answer. However, 15 of the 22 other electors had already answered that they would support the Truman-Barkley ticket.

Calvert said that if the remaining seven electors do not answer the poll by Saturday, it will be assumed that they refuse to acknowledge the Democratic standard-bearers.

People Run Own Newspaper In "Atomic" City Of Northwest

RICHLAND, Wash., Sept. 9 (U.P.)—In this government-owned "atomic" city there is a newspaper as unusual as the community itself.

The newspaper is owned and operated by a corporation composed of all the people of the city, and city-wide elections are held to choose members of the board of directors who make policies and direct the business of the paper. The name of the corporation is "Villagers, Inc.," and the newspaper is the Richland Villager.

Before the war, Richland was a tiny farming community on the Columbia river with a population of 300. Then came the "Manhattan" project and the United States government in 1943 bought the land where Richland stood and much more, too.

Population Grows

Atomic plants arose on the vast sagebrush lands around Hanford to the north and Richland became the living center for thousands employed on the project. Richland is still expanding and its 1949 population is expected to reach 26,000.

Newspapers spring up just as naturally in an American community as blue grass does in Kentucky and quickly the weekly Richland Villager came into existence as a spontaneous creation of the entire community.

Now, like its community, it is growing and plans to go into daily publication are taking shape. The elected board of 15 directors of Villagers Inc. is composed of men who came from all parts of the country and represent many professions, such as engineers, chemists, accountants, architects, business men.

Any Profits Shared

All money received by the Villager from advertising and job printing above the cost of operation are set aside in a fund for community enterprises. A town library has been established and donations are made to youth activities, city Christmas decorations, a swimming pool, band concerts, a community sports scoreboard and many others.

The board gives the editor of the Villager wide autonomy and they selected after careful deliberation Ted Best, a native of the state of Washington, formerly editor of the West Seattle Herald and of the Kent, Wash., News-Journal. The original editor who served for the first three years was N. Paul Nissen.

The Villager concentrates on local news and is filled with the names and activities of the city. It's a newsy city, bustling, growing and with many prominent visitors and many community problems. When the Villager becomes a daily it will be served by United Press leased-wire world news service.

Army Recruit Faces Charge Of Murder

ALBANY, N. Y., Sept. 9. (AP)—A 21-year-old army recruit faces arraignment today on a charge of first degree murder in the "Japanese noose" slaying of a New York State Commerce department employe.

The soldier, Howard Smith of Gloversville, N. Y., was brought here last night following his arrest at Fort Dix, N. J.

The arrest climaxed a four-day investigation into the bizarre death of Theodore F. Allen, 51, recently employed in the radio publicity bureau of the State Commerce department and a former National Broadcasting company employe.

District Attorney Julian B. Erway quoted Smith as saying that Allen had made "improper advances" in a hotel room early Saturday morning.

Allen's nude body was found early Sunday in his hotel room here. A twisted bedsheet had been looped around his neck and tied behind him to his hands and ankles in what police called a "Japanese noose." It was so contrived, police said, that any movement by the victim tightened the noose.

The district attorney said Smith admitted gagging Allen with the sheet, stuffing a gag in his mouth and robbing him.

Forty-one railroads operate in New York state.

ASK ABOUT WARDS MONTHLY PAYMENT PLAN

That Girl on Broadway says the reason there is so much prejudice in the world is because the average person is highly suspicious of anything he doesn't understand.

★ ★ ★

Everybody agrees that this is "one world." The point of disagreement is on how it is going to be run, and by whom!

★ ★ ★

PAT CUNNINGHAM, who travels commercially in Texas, Louisiana, New Mexico and Arizona, was impressed recently in El Paso, where a friend took him around one night to see the Border City's recreation program in action.

According to Mr. Cunningham, the City of El Paso and the school system there have gotten together on their recreation programs. One of the major successes has been the installation of lights at all school grounds, so kids and oldsters living nearby can engage in all sorts of nocturnal relaxation.

Mr. Cunningham said the night he drove around El Paso, the lighted school grounds were teeming with people. Especially popular, he said, were the softball games going full blast at all the grounds.

★ ★ ★

Quite a number of Lubbock people, noting that both the schools and the City of Lubbock are active in recreational matters, have wondered why the two programs aren't more closely correlated.

We think they should be so correlated and the idea of lighting school grounds for nocturnal recreation is a good one.

We have never held with the theory generally held here that school grounds are sacred soil and shouldn't be stepped on Nor have we held with the theory that schools shouldn't be used for purposes other than holding day classes nine months of the year and shut tight the rest of the time

A co-operative recreational program between the city and the schools would be good here, albeit it must be admitted that each is doing a good job in that regard.

★ ★ ★

AS for lighting the school grounds for Spring, Summer and Fall play by kids and adults, too, that's a fine idea. Anyone can see its worth without peering beyond the surface.

But sad to say, Lubbock hasn't yet been able even to get lights for Chapman Field, although the need has been recognized for years.

That's something which should be done before another year rolls around: Lights for Chapman Field and a decent baseball and softball diamonds set out.

Our high school and American Legion baseball teams, not to mention many other aggregations of youngsters, have been badly handicapped for years because Chapman Field hasn't been lighted and its baseball playing space has been little better than a plowed field.

After Chapman Field is fixed up, then steps can be taken for lighting and laying out whatever other school grounds may be needed.

★ ★ ★

Sudden Thought: It's true that the best things in life are free. But the trouble is, we can't live without buying a lot of the next-best things!

★ ★ ★

That Man on Avenue Q says it's impossible to share the pleasure of the fellow who enjoys hearing himself talk.

★ ★ ★

A young bride we know looked over her wedding gifts and then, ruefully, said:

"It looks like most of my friends think we're going to live, exclusively, on a diet of pickles and butter!"

★ ★ ★

SINCE Ruidoso is the closest resort to Lubbock, it is a sort of "stomping grounds" for our people. We hear that Ruidoso simply "runs over" with Lubbock and South Plains people throughout the Summer season and that a few of the more hardy souls go up there in the Winter time to fall around on skis.

It should be interesting to a number of people to learn that the folks in Ruidoso are wracking their brains figuring up Winter attractions, other than skiing, so the colorful New Mexico town may become more of a year-'round resort.

★ ★ ★

Mrs. Terry Easter, who, with her husband, operates Casa-Loma Cabins and is one of many former Lubbockites now living in Ruidoso, says the folks over there expect larger Fall and Winter crowds than ever before.

People are getting away from the old idea of nothing but Summer vacations and with Ruidoso so near it beckons to South Plains folks who want to "get away from it all" in the Fall and Winter, if for no longer than a week-end at a time.

If Ruidoso resort operators can figure out attractive cool weather features, it will be a good thing for them—but also for a lot of people around here who like the idea of having a little fun and relaxation as they go along life's highway.

★ ★ ★

ABOUT a year ago, we had a visit from Tom Manning, a Frederick, Okla., postoffice employe, and Chet Holding, a longtime Oklahoma newspaperman who lives in Tipton, regarding the promotion of Highway 62 as a principal East-West route.

Highway 62 routes people off of Highway 66 at Oklahoma City, brings them to Carlsbad Caverns by way of Chickasha, Lawton, Vernon, Paducah, Matador, Floydada, Lubbock and on to El Paso by way of Brownfield and Carlsbad.

Since Highway 66 runs north of us, through Amarillo, we thought the promotion of Highway 62 a pretty darn good idea and were surprised when the Lubbock Chamber of Commerce turned a cold shoulder to it.

★ ★ ★

Regardless of the chamber of commerce's position, several Lubbock business people "threw in" with the idea. So we're happy to announce that during the first year of 62's promotion, many more tourists than ever before are coming through Lubbock and the other West Texas cities along the route.

We have in our possession, letters from chambers of commerce in Chickasha, Frederick, Vernon Brownfield, Snyder, Okla., and Carlsbad, N. M., attesting to the added traffic on Highway 62 this year. Every letter says that the added traffic on the route has meant much more business for towns along the route.

★ ★ ★

PERHAPS the Lubbock Chamber of Commerce had good reason to shy away from the promotion last year. But if so, it hasn't good reason to shy away now, unless, of course, it isn't interested in helping to bring more tourists this way.

Further, the promoters of Highway 62 as an East-West, transcontinental route, are going to carry their efforts westward from El Paso this Winter, advertising the highway in every city between El Paso and Los Angeles.

We think Lubbock should be very interested in the extension of the project and should do everything possible to encourage it.

One of our weakest points in the past has been our lack of an East-West highway traversal here. We think it's fine to whoop, holler and generally support the highway which some day may link Nome, Alaska, to the South Pole. But it seems to us that we'd be smart to support, too, an East-West highway running through Lubbock and this section.

★ ★ ★

All of the people can't be fooled all of the time. But enough of them can be, and are, fooled enough of the time to keep the world in one heckuva fix!

★ ★ ★

WE see by the papers that a Bostonian grabbed a door, wrenched it off its hinges and smashed it on his wife's head.

In view of the acute shortage of building materials, we think he should be punished to the full extent of the law!

BY ROBERT S. ALLEN: MacARTHUR CONFAB WITH CHIANG REPRESENTATIVE AWAITED

West Coast Naval Reservists Are Given Brush-Off

(ED. NOTE—While Drew Pearson is on a brief vacation, the Washington Merry-Go-Round is being written by his old partner, Robert S. Allen.)

WASHINGTON.—General MacArthur is holding quiet conferences in Tokyo with a special emissary of Generalissimo Chiang Kai-Shek that may have far-reaching reverbations in Far Eastern affairs.

The emissary is General Chan Chun, former Chinese premier and a long-time Chiang intimate. Chan Chun stands high in Secretary of State Marshall's esteem. They worked together when Marshall was in China trying to establish a stable government.

While the MacArthur- Chan Chun conversations are cloaked in considerable secrecy, it can be authoritatively reported that three chief items are under discussion:

1. A visit by Chiang to Tokyo for a personal parley with MacArthur.

2. The creation of an anti-Communist front in the Far East.

3. Reopening of Chinese-Japanese trade.

Prospects of Chiang going to Japan are uncertain. His home situation is very precarious. Chinese economy is in a desperate plight, and the Nationalists' military position is little better. Due to Nationalist incompetence, reactionism, graft and treachery, Communist strength and armed inroads are greater than ever before. With Chiang now far from a popular hero, he may find it difficult to return if he should leave China.

• • •

Brush-Off

Navy chiefs would be well advised to scrutinize the conduct toward reservists of certain regular officers of the thirteenth district on the west coast. It smells to high heaven.

While the navy command in Washington is doing a lot of huffing and puffing about its love of reservists, these west coast "hot shots" are treating reservists like unwanted stepchildren. A certain captain, a commander and a second class hospital corpsman are particularly offensive. This is the sort of thing they are doing:

A group of college educators, holding war-earned reserve commissions, reported for a two-week tour of duty. All were making a personal sacrifice to do this. The commander in charge of reservist training repaid them for their patriotism by loudly and pettishly informing them that the Navy "already had too damn many professors."

The corpsman, while giving the reservists a physical check, was even more disparaging. And the captain of the ship to which they were assigned acted as if they were plague-bearing pests. Although some of them earn several times his pay in their profession, being in uniform, they naturally couldn't say anything.

But now returning home, they are saying a lot—and it's doing the Navy no good.

BOSTON'S irrepressible Mayor Jim Curley is turning his recent prison experience to a novel purpose. He is lecturing penologists on how jails should be run.

Curley served time in a federal penitentiary on a war-time mail-fraud conviction. When the American Prison association met in Boston, he readily accepted an invitation to address the penologists.

"I had the good fortune to be a guest of the government for some months without having to pay," Curley told them. "I learned many things. I learned, for example, that if a judge had a good breakfast and was on good terms with his wife when he came into court, a defendant usually got a light sentence. But if the judge did not enjoy his breakfast and came into court ill tempered, it was too bad. The defendant would get soaked hard.

"Another thing I learned was that practically every college in the country, including Harvard, Yale, Princeton and Columbia, was represented in my jail. They even had one man from West Point and another from Annapolis. One day I went into the prison library and saw a kindly old man who asked me if I didn't remember him. It turned out I had addressed the graduating class when he got his degree at the Massachusetts Institute of Technology."

Big Question

The sudden death of Col. Gen. Andrei Zhdanov has given new impetus to a long-held big question in foreign chancelleries—what will happen when Joseph Stalin dies?

Now 68, he has been in poor health for several years. Zhdanov was reported to have been one of three potential successors to Stalin. Now that Zhdanov is out of the way, pan-faced Foreign Minister Molotov looms higher than ever as the most likely choice. However, nothing is certain on what will happen in the inner recesses of the Kremlin. Molotov, too, may pine away!

PRESIDENT Truman has it all figured out how he's going after the G.O.P. on the tax issue.

He will charge that the Republican income-tax reduction was part of a secret scheme to foist a sales tax on the country. This will be his line of argument:

As a result of the G.O.P. bill, there is a strong possibility of a federal deficit next year. To balance the budget, the Republicans, according to the President, are planning to jam through a "soak-the-poor" sales tax.

• • •

Monkey Wrench

Behind - the - scenes, the State department has just tossed a ripping monkey wrench into one of the President's favorite projects—the St. Lawrence waterway.

With enthusiastic Federal Power commission support, New York and Ontario worked out an agreement on the construction of a power dam at International rapids. This has long been a major stumbling block. The accord was sent to the State department for what was assumed would be routine transmittal to the international joint commission, which has the last word. Instead, State has pigeonholed the agreement.

Irate proponents of the project are charging that secret coal and railroad pressure is behind the State department's mysterious obdurance.

"It's All Right---I've Got Him On A Leash"

BY RUTH MILLETT: TO THE LADIES

The Feminine Viewpoint

THE private secretary to a mayor reprimands me: "Please don't compare a housewife with a secretary! Do you know about the many things a secretary must do? One must file, take dictation well, type well, get things done quickly and neatly, talk well be able to carry on a good conversation, be convincing, be sweet and cheerful exactly eight hours a day. And sometimes being a secretary ever means shopping for the boss wife."

MILLETT

That's an impressive list, all right. But not impressive enough so that any secretary ought to feel her job superior to a housewife's.

• • •

HER LITTLE LIST

A HOUSEWIFE doesn't have to know how to type, file or take dictation. But keeping a house in shining order is certainly as complicated a job as filing. Cooking is certainly as hard to learn as typing. And it takes as much concentration, and a lot more energy to learn to give a baby the proper care as to take dictation.

The other things on the secretary's list go right on the housewife's list, too. She must be able to get things done quickly and neatly. She must be able to talk well and carry on a good conversation. She has to be convincing. She has to be sweet and cheerful for more than eight hours a day. And, she has plenty of shopping!

So never understimate the qualifications for a good housewife, you business girls. The list is probably longer than for any other job open to women.

High Prosperity In Nebraska Adds Up To Victory For GOP

LINCOLN, Nebr.—In spite of a last-minute blast of heat that has somewhat reduced the corn crop, Nebraska farmers will share in the groundswell of high prosperity prevailing throughout the agricultural west. As for the ranchers in the western part of the state, there are fabulous stories of the growth of their wealth as cattle continue to bring record prices in the Chicago market.

CHILDS

This all adds up, politically speaking, to a Republican victory in November. That outcome is certain in the view of experienced observers here in Nebraska's capital.

It is Republicanism of the extreme right that will triumph with the re-election to the Senate of Senator Kenneth S. Wherry of Pawnee City.

As majority whip of the Senate, Wherry has thrown his weight on the side of reaction in almost every issue. At one point he clashed so violently with the leading Republican liberal in the Senate, Wayne Morse of Oregon, that the two came close to a fist fight.

• • •

Also Shrewd Politician

He is also a shrewd politician who works hard at pleasing his constituents in small ways. Feeling confident of his re-election, he will devote more of his time to the national campaign than to the state elections. In his six years in the Senate he has risen rapidly to a position of influence in congressional and party circles.

Wherry has a good working partner in Nebraska's other Senator Hugh Butler. Butler, who dominates the Republican organization in Omaha, is also an ultra-conservative.

Through his machine Butler tried in the primary last spring to put over his good friend, Senator Robert A. Taft. He failed ignominiously when Nebraska voters favored Harold Stassen, who had made a vigorous campaign in the state.

Nebraskans made the choice between Stassen's active internationalism and Taft's cautious attitude toward the Marshall plan. Moreover, Taft made a speech in Omaha asking some pertinent questions about the federal subsidy system for agriculture and its relation to high prices. That did not go down well in a state largely given over to farming.

• • •

BUTLER, now in his second term, has been a close understudy to the more vigorous, aggressive Wherry in the blocking and tackling strategy of reaction in the Senate. Thus, almost single-handed, as chairman of the Interior and Insular Affairs committee, Butler blocked statehood for Hawaii, ignoring pleas that the move was essential for national defense if for no other reason. Certain powerful financial interests in the islands were opposed to statehood.

There is a bitter irony in the fact that the Republican organization in the state should be dominated by men who think so narrowly. For 40 years Nebraska sent to Washington a great man who was also a Republican—the late Senator George W. Norris.

Norris believed that under our American democracy, government could become a partner with the people and with private enterprise for the common good. That was what he preached through the long years of his public service.

Here in Nebraska today you can find little trace of the beliefs that Norris stood for. It almost seems as though his career had never been. Secretary of Interior J. A. Krug came out to Nebraska a year ago to dedicate a reclamation dam and never once mentioned the name of the man who more than anyone stood for power and water development.

• • •

Norris Is National Figure

But the fact is that Norris is a national figure. His chief monument is the Tennessee Valley authority, which has worked a profound change throughout a whole region. Norris' name will live long after the Wherrys and the Butlers are forgotten, and I venture to say that will be true in Nebraska, too.

Norris was not afraid. He stood up against all sorts of threats and intimidation because he believed passionately in the power of America to grow and develop and the capacity of the American system to bring greater and greater benefits to more and more people He was for the many, rather than for the few.

Wherry's Democratic opponent this year is Terry Carpenter who ran against Norris in 1936. Carpenter is typical of the little clique that until recently has dominated the Democratic party in this state.

Today's Journal Editorial

NEW AGRICULTURE BUILDING

In attempting to stimulate interest in the Agricultural department at the Panhandle-South Plains fair here Sept. 27-Oct. 2, Supt. Dave Sherrill is pointing out that impressive exhibits this year will improve the chances of getting a new Agriculture building.

Mr. Sherrill undoubtedly is correct. No one disputes the need for the building. Fair association officials unquestionably want to build it just as soon as they have the money to erect something which will be a credit to the fair. With some of the highest officials, it is safe to say that a new Agriculture building is No. 1 on the list of the major improvements favored—when and if the money is available.

Strikingly attractive agricultural exhibits at the approaching fair undoubtedly will strengthen them in their conviction. Such displays won't guarantee the structure, because the fair association isn't going into debt. But, if the fair is a financial success, there's a lot better chance of getting a new Agriculture building in time for the 1949 fair if exhibits are outstanding this year than there will be if they are below par.
