(THE BOSS IS NOT RESPONSIBLE FOR WHAT OLD MAN 100 SAYS IN HIS COLUMN - NEITHER IS THE OLD MAN IF YOU GET MAD, COUNT AT LEAST A THOUSAND BEFORE YOU SHOOT OR BEAT HIM UP - THE BOSS)

THE STINGY BOSS

The Boss was telling the Old Man about some stingy neighbors he has who want to save two dollars, and the Old Man thought he'd draw a picture about it:

SAVE YOUR MONEY

Old Man 100, himself, is sure getting tired of all this here "cold war" talk between our brave diplomats and them Russian diplomats - and thinks if they want to fight to go ahead and have it out with their fists - so's to let the rest of us get quieted down making money to pay ourselves back what the Govt. owes us for our war bonds. The Old Man's slogan is to save our money and let nature take its course. He's a'gin giving away us taxpayers' money to anybody anywhere at all as long as we owe ourselves 250 billion of them American dollars. Them Govt. fellers has got us there - because none of us hardly know how much is a billion dollars, let alone 250 of them. The Bible says there'll allus be wars, and the Old Man says let us shut up, tend to our own business and let them Europeans get on their feet - or stay laid down - if they like - instead of giving them money to buy more war material from them munition manufacturers so's to get us U.S. out on a limb again in what is being advertised as the Last world war, which our big leaders say we'll lose anyway but they won't be enough of us left to know it, they say. The Old Man's slogan the first 100 years was "save your empties," but finds out they ain't worth nothing, so he's changed it to "save your money" - and is going to wait and see.

BEATS MARSHALL PLAN

Now that it looks like the Marshall Plan to give away 22 billion of US taxpayers' money to them off-their-feet hungry Europeans seems doomed to failure because Congress has been at home and talking some to us US taxpayers and won't vote it now because some people can still remember as far ahead as next come election time, a Goldthwaite man has come up with a brilliant idea to fill out the bellies of all them hungry Europeans, put them on their feet ag'in, and give them a good start on paying US taxpayers back some of the money we lent them to fight WWI. This Goldthwaite citizen calls on Old Man Hunnert to put his plan before Cong. Clark Fisher at once. It seems this man read where some people were wanting to pay \$30,000 per each to see Princess Elizabeth hitched to some lord or other, and they was a shortage of seats at the hitch-rack. His plan is to tear down some of our surplus war camp buildings and build seats all up and down the main street of London to be sold at 30 thousand per seat to them European nobility-born people who own nearly all the money in the world. As US commoners ain't allowed to associate with them noble Europeans, our war profiteer millionaires here will have to stay at home, and keep their money at home. This plan'd save US taxpayers 22 billion which we ain't got, and would also put them hungry Europeans back on their feet without them having to do any work - which they won't do, and which they won't stay back on long, anyway. If US taxpayers are going to start to put up the money to start a world-wide WPA (Won't Please Anybody) everywhere else but here, Old Hunnert plans to move to Europe and get in on the ground floor of the sucker gravy.

Old Hunnert hears over the radio that super-suds has come out already with a new 1948 model, beating the autos to it. The Old Man likes his suds, all right, but ain't so sure he likes

Plans are shaping up nicely to make Sunday, November 9, a commemoration day in Mills County. That day is Mills County Memorial Day when we will pay our devotions to the memory of the boys of Mills County who were killed in the battles of World War II. Every church in the county is observing a memorial service at the morning worship hour.

The Senior Chaplain at Kelly Field in San Antonio, Chaplain Thad Son, will be in Goldthwaite for the day. He will officiate in the dedication of the stone entrance of our Cemetery, and in the Memorial service, and presentation of a bronze plaque containing the names of the war dead of World War II.

The band from John Tarleton Agriculture College will be here and will furnish appropriate music for the day, and will play at the Memorial and Dedication services at 3:00 o'clock in the afternoon.

As soon as the people can come from the church services throughout the county, around 12:45 o'clock, they will bring a basket lunch to the American Legion grounds just out of town on the San Saba highway where they will eat together and enjoy delightfully fine fellowship. The Goldthwaite School Band will furnish music through the noon hour.

The Memorial and Dedication service at 3:00 o'clock in the afternoon will be beautiful and inspirational. Every one will want to make definite plans now to be part of the service and part of the notable day.

GIRLS' HARMONY CHOIR TO SING IN MEXIA SUNDAY

The Girls' Harmony Choir of the First Baptist Church traveled to Brownwood last Monday morning to sing before the Chapel services at that time.

They will leave here this Sunday morning to go to Waco to sing over Radio Station KWTX at 8:30 a. m. Then they will proceed to Mexia to sing at the First Baptist Church there at the morning service.

City-Wide Clean-Up Campaign Next Week To Be Sponsored By Goldthwaite Garden, Lions Clubs

In preparation for the many out-of-town guests expected here on Sunday, Nov. 9, for the dedication ceremony of the Cemetery Memorial Gateway and the unveiling of the monument in memory of men and women of Mills County who made the supreme sacrifice in World War II, the Goldthwaite Garden Club and the Goldthwaite Lions Club are sponsoring a Clean-up Campaign for Goldthwaite next week—November 1 to 8.

Citizens are asked to please have their trash and cans out where the truckers can pick them up. They would prefer that you have them in a container.

All who have vacant lots, please get the weeds cut from them and the trash removed.

The Lions Club committee—Brian Smith, Fred Stephens and John Gwin—will have charge of the business section of town and see to its cleanliness. The Garden Club will contact the residential section with Mrs. Jim Weatherby, club president, as chairman. Her committee are as follows:

Northwest of Hutchings—Mmes. M. P. Horton, E. T. Fairman, Hollis Blackwell, H. B. Johnson, J. M. Campbell, J. V. Cockrum, C. T. Wilson, and Misses Ruth and Abbie Ervin.

Fisher, Parker and Reynolds Streets, north of court house—Mmes. W. J. Weatherby, R. L. Cooner, John Berry, H. E. Patton, L. E. Miller, Joe Langford, L. Rudd, J. D. Brim, John Patterson, J. H. Randolph, and S. P. Sullivan.

South Fisher, Parker and Reynolds—Mmes. Henry Morris, Fred Stephens, M. Johnson, C. F. Stubblefield, W. P. Duren, D. Tate, Jerry Walker, and Mary Yates.

Southwest of Hutchings and Fourth Streets—Mmes. Tom Collier, T. M. Glass, W. C. Barnett, J. H. Duboise, O. H. Yarborough, and Mary Winsor.

Mills County Vocational School To Re-Open Under New Set-Up So

The Mills County Board of Education voted Monday afternoon to assume active supervision over the Mills County Vocational School—first school of its kind to be organized in the United States to train veterans of World War Two at home.

The Mills County Vocational School was suspended last Thursday afternoon by the Approval Committee of the State Board for Vocational Education, after suspension had been recommended by W. E. Lowry of Austin, Executive Director of the State Board for Vocational Education.

Reason for suspension will have to come from the State Board for Vocational Education, Austin, it was announced here. W. E. Lowry, executive director for the board, was out of his Austin office and could not be reached for a statement this week.

There is every reason to believe that the Mills County Vocational School, now being attended by approximately 225 Mills County veterans, will be re-opened soon under the direct supervision of the Mills County Board of Education.

The Mills County Board of Education is composed of:

George M. Fletcher, County Trustee-at-Large, President of the Board.

O. O. Smith, County Trustee for Precinct One.

Jim Soules, County Trustee for Precinct Two.

A. A. Downey, County Trustee for Precinct Three.

Homer B. Weaver, County Trustee for Precinct Four.

John L. Patterson, Ex-Officio Secretary of Board.

W. A. Greer, Senior Training Officer of the Veterans Administration, Waco, who attended the meeting here Monday afternoon, said all veterans now enrolled in the school would get their subsistence checks at the end of this month, as usual, although there will be a slight overpayment.

The Mills County Board of Education voted to take over active supervision of the school at a meeting in the County Commissioners Court room here Monday afternoon, at which the following men from the State Board for Vocational Education and from the Veterans Administration were present: Kenneth Mills, Specialist Plans and Training, Trades and Industry, State Board for Vocational Education, Austin.

Roy E. Bird, Regional Supervisor, Trades and Industry, for State Board, Brownwood.

Richard M. Cummings, State Officer American Legion, Department of Texas, Austin.

Sam L. Adams, Supervisor, State Board for Vocational Education, Austin.

Roy V. Pinson, Agricultural District Supervisor, Comanche.

Olie C. Grauke, Auditor State Board for Vocational Education, Austin.

T. B. Friend, District Education Supervisor, Brownwood.

W. A. Greer, Senior Training Officer, Veterans Administration, Waco.

Girl Scouts, With Their Parents, Celebrate Birthday Here Tuesday

The Girl Scouts of Goldthwaite celebrated their birthday and the birthday of Juliette Low, founder of Girl Scouting in the United States, Tuesday evening. It was a wonderful occasion at the Little House, for the scouts had as their special guests their mothers and dads!

The scouts sang the grace, and then the guests enjoyed delicious barbeque and all the food they could eat.

Mrs. R. L. Steen, Jr., president of the council, introduced the other council and committee members. After an introduction of the leaders, each troop entertained with activities that are a part of their scouting program.

The Brownies, under the leadership of Mrs. Hollis Blackwell and Mrs. Leonard Archer, had an initiation ceremony and sang "The Dear Woman's Courtship".

Troop 3, their leaders, Mrs. Ector Greathouse and Mrs. Elam Kelly, explained the program fields of scouting.

The scouts of Troop 4, led by Mrs. Charles Conrad and Mrs. Dave Straley, gave and explained the Girl Scout laws, the promise, and then all of the scouts sang "When 'Er You Make a Promise".

Two Folk Dances were presented by the scouts of Troop 2, under the leadership of Mrs. Charley McLean.

Thoop 5 and their leaders, Mrs. D. B. McCombs and Mrs. Tolbert Letbetter, closed the program with a song, a poem, a prayer—then, "Good Night Scouts".

The scouts wish to thank Mr. Oscar Holland for preparing the meat and Mr. Fred Reynolds for assisting. We also wish to thank all parents for their contribution which helped to make the

Scout Week but also a step toward "bigger and better" Girl Scouting in Goldthwaite!

The following registered in the guest book during the evening: Mr. and Mrs. Leonard Archer, Mr. and Mrs. H. E. Patton, Mr. and Mrs. Charley McLean, Mr. and Mrs. Y. B. Johnson, Mrs. Grace Wooden, Mrs. Luther Soules, Mr. and Mrs. D. B. McCombs, Mr. and Mrs. O. O. Smith, Mr. and Mrs. E. C. Great-house, Mrs. E. W. Shelton, Mrs. Ellen R. Gallaway, Mr. and Mrs. Orville Hale, Mr. and Mrs. Carl Barton, Rev. and Mrs. Blake, Mrs. Roy Letbetter, Dr. and Mrs. T. C. Graves, Mr. and Mrs. Luther Piper, Mrs. Farris Jones, Mr. and Mrs. Jack Reid, Mrs. E. D. Kelly, Mr. and Mrs. Morier Simpson, Mrs. S. D. Straley, Mr. and Mrs. L. V. Benningfield, Mrs. Talbert Letbetter, Mr. and Mrs. F. D. Reynolds, Mrs. L. F. Bain, Mrs. Hollis Blackwell, Mr. and Mrs. Charles Conrad, Rev. and Mrs. M. FARM AND RANCH CHATTER

WITH LAYNE BEATY WRAP
6:50 AM Week Days—10:15 AM Sundays

The House Committee on Agriculture, now touring the country, will be greeted by a large representation of farmers and ranchers when it conducts a hearing in Temple, Saturday, Nov. 1. It's the only such hearing scheduled for the southwest, in Congress' tour of the "grass roots" to hear sentiments and ideas for a long range program for the nation's agriculture. The group will arrive in Fort Worth Friday morning, have breakfast, motor to the Flat Top Ranch near Walnut Springs for barbecue lunch and to see some Herefords, then on to Temple.

Bryan Hunt, Sonora, president of Texas Sheep and Goat Raisers Association, urges sheep and goat raisers to attend the annual convention scheduled for El Paso December 1, 2 and 3. Industry policy and program for 1948 will be studied. One prominent convention speaker will be Jesse B. Gilmer, native Texan, who is president of the Commodity Credit Corporation, and head of the U. S. Department of Agriculture's Production and Marketing Administration.

Fall is the best time to make a good start for next year's garden. Sanitation and weed control in fall are worth the trouble. Dead plants that have been diseased should be burned. If there has been trouble with fungus or nematodes in the soil, fall is a good time for treatment. Fall is a good time to add manure or compost, too. Many heavy soils are helped by spading or plowing in the fall, leaving the garden rough to be broken down in winter freezing and thawing. Your county agent can advise.

Out in California, they're experimenting with raising crops of vegetables by letting the weeds have the place until the vegetable seed are about to come up. Then they spray the weeds with 2, 4-D and that clears the way for the vegetables, eliminating need for much cultivating. Care must be taken, of course, with the chemical, which kills some other things besides weeds.

At Amarillo, wind erosion expert H. H. Fennell, says we prob-

ably won't have any bad dust storms this year, but that we're sure setting stage for some humdingers later on. Pastures being overgrazed, land put in wheat which should never have been broken at all, and too many landowners not doing the things they ought to do to keep their loose topsoil from blowing. Too many of the landowners don't live on their land, or near it, and often have no interest in it except its immediate cash crop value.

Some interesting cost estimates for hunters and fishermen are revealed by Arthur H. Carhart in Sports Afield. He reports that sportsmen who go equipped with all the trappings, spend two to three dollars a pound for the fish they catch, five to ten dollars each for ducks and geese; \$100 each for deer and bear. All this adds up to a total of four billion dollars a year spent on hunting and fishing as compared to three billion spent at filling stations, and a like amount at drug stores.

EBONY NEWS—

BRILEY

(Written for last week)

A good shower fell here Thursday afternoon. The road from school was dry until we neared home, then puddles of water stood in the road and the creek bank was too muddy to cross. We had to go around through the Hosea field.

Stock water continues to be a problem. Mrs. Effie Egger says the creek is almost dry in her pasture. John Briley says the Hosea hole is almost dry. Charm Whittenberg says he does not remember a drouth so bad. Charm is probably too young to remember the drouth of 1917 and 1918. Two years of it. What if history repeat itself. Then we have heard of the drouth of

1886 and 1887 when the government had to send food to the people out here.

Mrs. Brownie Reeves White came in from Los Angeles Friday and was out at church Sunday. She says everyone here looks beautiful to her, and her heart was so full it almost ran over into her eyes.

Percy Griffin of Dallas, here not long ago, was also fondly reminiscent of all the old life lived at Ebony. His mother was the first Post Master at Ebony. He was delighted to see Grandmother Ivy, 88, who for many years was their nearest neighbor. And he manifested his delight and appreciation by kissing her withered cheek. He eulogized his mother, thinking of all the work she did for her eight children. He said besides every thing else, she did all their washing, and did it with a rub board down at the tank.

Jim Wilmeth says the coming of the auto increased the life of work horses from twelve to twenty-five years. Washing machines and helpy-sefly laundries ought to increase the life of farm women.

Mrs. Earl Day of Brownwood and her daughter, Mrs. Earlene Tyler, and baby of Abilene came out Thursday afternoon to visit Mrs. Wm. A. Belich at the Briley home. Mrs. Edna Dwyer was also there.

Little Sherry Reeves, daughter of Mr. and Mrs. J. R. Reeves, passed her first birthday Monday. It was celebrated with that of her grand-mothers, Mrs. Irene Reeves, just a day early, at a party given in their honor at the home of Mrs. Robert Andrews near Indian Creek.

There have been many inquiries concerning the condition of Mrs. Nellie Malone, but no word has come from her since last week.

Mrs. Edna Dwyer hears from Mrs. Clifford Crowder that she is at Goldfield not far from Odessa, working in a Santa Fe cafe.

Ynell Egger attended the birthday party of Wade Ann Harbour at Regency Saturday night. She says about seventy persons were present.

Ben Egger has received word of a 9 1-2 pound grandson, Bobby Lynn, born Sunday to his daughter and husband, Mr. and Mrs. Walter Fry of Brownwood.

Mr. and Mrs. Hubert McMullen and Jake of Indian Creek visited at the Griffin home Sunday night.

Mr. and Mrs. J. R. Reeves and Sherry left for Menard Monday morning to visit Mr. and Mrs. B. Singleton.

Peanut harvesting has start-

ed. Hubert Reeves has his all thrashed and the pay put away. He says they turned out pretty well. Peanuts have also been thrashed on the R. D. Egger place. The shower hindered the thrashing on the Butch Rowlett place, but it was finished early this week.

R. M. Patterson, former Goldthwaite resident, was up from San Benito a few days last week meeting his many friends here. He is in the real estate business, with offices in San Benito and Harlingen, in the Valley.

CARD OF THANKS

We wish to thank everyone, especially the Fire Department, and those who have been so nice to us since our home was completely destroyed by fire. We sincerely appreciate every thing that has been done for us.

'DUEL IN THE SUN' IS AN IMPRESSIVE FILM PRODUCTION

Long anticipated by the theater-going public as one of the important film events of 1947, David O. Selznick's "Duel in the Sun" more than lived up to expectations in a multitude of ways as it makes its debut at the Melba Theatre Tuesday and Wednesday nights. A dramatic Technicolor saga of the Texas Panhandle during the 1880's, "Duel in the Sun" is a Selznick International Picture released through the Selznick Releasing Organization.

"Duel in the Sun" has a terrific impact. It is a tremendously exciting photoplay that immediately sets your pulse to pounding and its scope and power leaves you breathless at the end. Selznick personally wrote the screenplay of "Duel" from an adaptation by Oliver H. P. Garrett as suggested by a novel by Niven Busch and while it is historical in pattern, Selznick has drawn his characters sharp and clear and each one becomes as violently etched in memory that they will surely become as well-remembered as Selznick's Rhett Butler and Scarlett O'Hara in his "Gone with the Wind".

"Duel in the Sun" is spectacular in every way. It's the story of huge and tremendous human conflict. The story tells of a land baron, his devoted but unhappy wife, his two sons, one of weak character, the other strong will and purpose—and of a half-breed girl who comes to live with them.

All the hate and love and fear of the pioneers who settled the Old West are forcefully brought out in this filmic saga, which rises to great heights dramatically.

There's the spectacular scene where the land baron's men line up to oppose immigrant invasion of the railroad—and there is the wonderfully colorful fiesta scene at the sprawling Texas ranch house, the film's main setting, in which all the grand embellishments possible to Technicolor photography, lush sets and stunning costumes are on view.

"BLAZE OF NOON" TOPFLIGHT DRAMA

A tender and moving love story, set against the exciting background of the pioneer days of air mail service, will be brilliantly unfolded on the screen of the Melba Theatre Saturday night Revue, Sunday and Monday where Paramount's epic of the skies, "Blaze of Noon," had its local premiere.

Top of the film's six top-flight stars, Anne Baxter and William Holden provide the romantic interest in the thrilling aviation adventure. Sharing stellar billing with them are Sonny Tufts, William Bendix, Sterling Hayden and Howard Da Silva, and the important supporting roles are played by Jean Wallace, Johnny Sands and Edith King.

SCALLORN

A nice rain which fell here Saturday night and Sunday morning put the people of our community in fine spirit. We predict grain sowing will get under way in the next few days. This Sunday being our Church day the Clouds of Brownwood were luncheon guests in the C. H. Black home.

Mr. and Mrs. H. H. Brooks were Sunday afternoon callers in the John Harris home.

C. H. Black left Saturday night by rail for Columbus, Ohio where he will visit with relatives in different parts of the state. On his return home he plans to drive back a new car.

Mr. and Mrs. Charlie Maund and Miss Bess Maund of New Orleans visited here last week with Mrs. Lora Maund.

Mr. and Mrs. Bob Simms and many attractive gifts from members of the club.—Reporter.

little daughter, Bobbie Jo, and Mr. Simms mother of Brownwood spent Tuesday night in the home of Mr. and Mrs. John Kuykendall and on Wednesday they accompanied by Mrs. Kuykendall, went over to San Antonio for the day.

Mr. Sutton of Oklahoma City visited last week with Mrs. R. D. Evans and family.

Billy Black and mother went to Mullin Thursday for a visit with the Chas. C. Wrights.

Mrs. Rose of Goldthwaite is visiting this week with her daughter, Mrs. Walter Featherston and family.

The Halloween party at the C. H. Black home Wednesday evening was enjoyed by some 50 or 60 guests. Most everyone came dressed in disguise. C. H. in a Captivating Spanish attire amused the guests by singing several selections accompanied on the piano by his mother. After this all were drested by Mrs. C. H. Black to go to the basement where "spooky" games were played. The prize went to Mrs. Ora Black for being the last one recognized. Refreshments of pineapple cake and hot chocolate were served the guests. Plate favors were decorative fancies containing mixed candies. After group singing from the hymn books the crowd went their way expressing to the host and hostess a very pleasant evening.

Layton Black visited Sunday with the Evans brothers, William and Vergle.

Weekly meetings of the Missionary Society are being held each week in the different homes of the community. Tuesday afternoon the ladies met with Ora Black. The lesson study will be from Rev. 4-5-6-7 and 8 Chapters.

D. E. Davis of Brownwood spent the week-end in the T. A. Casbeer home. On Sunday they drove over to San Saba for a visit with Jack Huffstutler.

Mr. and Mrs. Frank Hines and Greta Sue were guests Sunday of Mrs. Minnie Ashley.

Mrs. T. A. Casbeer called Thursday in the Fate Eckert home and assisted Mrs. Eckert with an entertainment.

Mrs. Webb Laughlin and Grandmother Laughlin called Monday afternoon with Mrs. R. D. Evans and family.

Mrs. Ernest Johnson visited in town Monday with Mrs. Lina McLean.

Mr. and Mrs. Frank Hines visited Saturday afternoon in the Weems Weathers home.

MILLS COUNTY MEN RECEIVE FISH FROM STATE HATCHERY

A representative of the Texas Fish and Oyster Commission arrived in Goldthwaite Monday afternoon to distribute fish to eleven Mills County men to restock tanks, streams and lakes. Fish given the men included hanel Cat, Crappie, Brean and Bass. An additional amount was taken to Lake Merritt.

In 1946 the Commission distributed 22,708,022 fish in this manner to interested parties all over the state.

R. M. Patterson of San Benito was in Goldthwaite last week visiting friends.

were guests Monday of Mr. and Mrs. Silas Burk.

ROCK SPRINGS—

By MRS. JOE A. DAVIS

I will send in a few recent happenings. The most important one was a very good rain Sunday morning and another shower Monday morning. It sure was something to be thankful for.

A large crowd enjoyed the chili-supper and program at the school house Saturday night. Especially was the singing enjoyed. We were glad to have Mrs. Eula Nickols and her daughter and son, Mrs. Claude Holly and James, and family; Mrs. Mamie Traylor, Mr. and Mrs. Burkes, Mr. and Mrs. Hucks, Mr. and Mrs. Walton Daniels and family and a number of others from the surrounding communities.

and James Tippen attended the funeral of their aunt, Mrs. Kincaid at San Saba, Saturday afternoon.

Scallorn H-D Club

Wednesday afternoon, October 22 the H. D. Club met in the home of Mrs. Gordon Miller with five members present.

Officers for the year 1948 will be the same as through 1947 and each one present agreed to devote more interest to the work for the ensuing year than we have during the past.

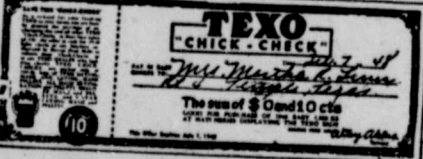

In the absence of the agent Mrs. Field Hines and Greta Sue Hines gave a demonstration on how to renew old furniture by removing old paint, a thorough cleaning and the application of new paint and enamels.

Our next meeting will be with Mrs. P. R. Jordan. We plan to have an all day meeting and each guest is to bring a covered dish for a Thanksgiving feast.

Mrs. Miller served a delicious salad plate with cake and punch. As usual the hostess received

STUDENTS LOSE WASSERMAN—WELCOME LONG

The students were very sorry to lose Mr. Wellie Wasserman as the history teacher. It is unfortunate that his health would not permit him to teach.

The student body is glad to welcome Mrs. Woodrow Long as its new history teacher. She received her B. S. degree from Southwest Texas State Teachers College, San Marcos, in 1935. She teaches American History, Texas History, and Modern European History.

Mrs. Long is well known here because she has lived in and around Goldthwaite for about twelve years. She is a graduate of Stockdale High School, Wilson County, and was reared there.

Goldthwaite is very happy to have her as a member of the faculty and hopes she likes the school.

INTRODUCING

The shortest girl in the Senior Class. She is a very attractive senior girl and has a remarkable personality.

She is a very active member of the senior class and is a member of the "Eagle Screams" staff, being Associate Editor. She helps keep up the Eagles' spirit by being a member of the pep squad.

She was the very efficient treasurer of the junior class last year.

She has made many friends and is a good student since starting to school here in the first grade.

Rita is the fifteen-year-old daughter of Mr. and Mrs. Walter Henry of this city.

She is five feet tall and has brown eyes.

Likes—Food and lots of it.

Dislikes—Studying.

Ambition—To get married.

INTRODUCING

John Herbert Garner was born April 22, 1930, at Bozar. He had attended Mullin High

School eleven years before coming to Goldthwaite High School. John is five feet and five inches in height, weighs 128 pounds, and has gray eyes. He is planning to attend Baylor University after graduating.

Ambition—To be a doctor.
 Likes—Girls and Sports.
 Dislikes—Nothing.

SENIORS THANK ROOM-MOTHERS

The Senior Class wishes to take this opportunity to publicly thank its home-room mothers, who worked so hard and so co-operatively with the seniors and their sponsor, Mrs. Thompson, during the Hallowe'en Carnival last Saturday. The following mothers took turns helping at the Bingo stand during the day: Mrs. Ed Gilliam, Mrs. Allen Ross, Mrs. C. D. Gerald, Mrs. Lynn Nix, Mrs. Floyd Sykes, Mrs. Truman Vaughan, Mrs. Tom Miller, Mrs. A. L. Reese, and Mrs. J. H. Harrell.

The seniors especially wish to thank Mrs. Walter Henry, who baked a pie; Mrs. O. B. Bell, who baked a cake; and Mrs. Truman Vaughan, who also baked a cake. These mothers donated their pastries as prizes for the Bingo stand. Another mother, Mrs. Lynn Nix, baked a beautiful cake and gave it to the seniors to sell chances on, to help raise money for their Queen Candidate.

The Seniors are happy to announce that they received \$20 through the drawing and are greatly indebted to Mrs. Nix for donating the cake. They also want to thank everyone who bought chances on the cake, and let them be happy with the knowledge that they helped give the senior candidate, Norma Sue Ross, the title of "Queen of Hallowe'en." The lucky person who won the cake was Coke Utzman.

HIGH SCHOOL HONOR ROLL FOR FIRST SIX WEEKS

Those making all A's in the senior class were as follows: Dale Henry, Geraldine Laughlin, Norma Sue Ross, and Gene Read. Those with nearly all A's and some B's were as follows: Vera Mae Bell, Ed Gilliam, John Garner, Rita Henry, Joyce Harrell, James Hillman, Melva Nowell, Earline Nix, Jessie Petsick, Dorres Smith, La Verne Sykes, and Jerol Vaughn.

In the junior class those making all A's were Kay Clements, Robert H. Johnson, and Bobby Willford. The pupils with all A's and B's were Margaret Barton, Mary Collier, Modene Letbetter, Billy Rahl, Janet Soules, Jimmie Simpson, and Scottie Vaughan.

In the sophomore class there were none with all A's and those with all A's and B's were as follows: Terry Blake, Leila Davenport, Gail McNeil, Nelda Robertson, Celia Ann Simpson, Jane Ann Steen, Beulah Walker, Nell Wilkins, and Cecil Williams.

In the freshman class there were four with all A's. These were Bobbie Blackman, Jack Blake, Linouise Dellis and Mildred Hale. Those with all A's and B's were as follows: Loretta Adams, Betty Barnett, John Carothers, Dolores Elder, Joy Lea Faith, Ramona Flores, Peggy Greathouse, Elizabeth Haggood, Sylvia Jones, Thomas Lawson, and Angeline Smith.

Most of the students were very proud of their grades the first six weeks and hope to make that good next six weeks and perhaps even better. The student body is very proud of its faculty and the school, as a whole, thinks they are doing a very good job of teaching.

GATESVILLE STATE HOME LOSES TO GOLDTHWAITE EAGLES IN TOUGH GAME

Last Friday afternoon the Goldthwaite Eagles chalked up another game to their favor when they beat the Gatesville State Home to the tune of 33-6. This was a very interesting game, for this is the first game of the year when the Eagles scored off a kick-off. There was some very good ball handling throughout the game. The State Home's passing enabled them to make one touchdown. Coach Kirby played his cards very well in this game and he is to be commended on his excellent coaching for this season. The second team played a large part of the game and did very well on the defensive, but they did not do as good on the offensive as the first team did.

The Eagles received the kick-off from the State Home, and things started popping when Laughlin received the ball and handed it off to Anderson on a crisscross play, and Anderson galloped for 76 yards for a touchdown. This play worked almost to a perfection against

the opponents, as well as other good plays that Coach Kirby had taught the boys. Goldthwaite then kicked off to the State Home and held them for a first down on the State Home's 40-yard line. Then Laughlin carried the ball for about 40 yards for a touchdown and kicked the extra point, making the score 7-0. We again kicked off to the State Home and received the ball on a fumble. This time, after setting the State Home back for a loss in yardage, Bobby Lawson ran from the State Home's 10-yard line to complete another touchdown. This made the score 13-0. About this time, part of the second team was in for some of the first string. The Eagles again kicked off to the State Home to again receive the ball after holding them for 4 downs. This time Laughlin ran from the 30-yard line to complete another touchdown against the Home. The Eagles completed 3 touchdowns before they received a first down. Then the team made four first downs with the second string in, and then the first string came back to chalk up another touchdown. This time Herman Anderson carried the ball for about a sum of 65 yards for another touchdown. This now made the score 33-0. In the fourth quarter the State Home started passing very effectively against the Eagles' second team. Morris Long completed the touchdown after receiving a pass from their quarter-back. They tried to run the extra point but

failed and this was the final score of 33-6. The teams were about evenly matched according to size.

Jimmy Laughlin did some very good playing and scored 13 points during the game, which was very good. The back field as a whole did very well and the quarter-back made some excellent runs. The co-captains led their team to a good victory and the school and team should be proud of them. We don't have a game this week, but next week-end we meet the Gatesville State Home here, and we want everyone to treat these boys with respect and all the courtesy possible. We have acted very good so far this season and let's keep it up.

ROSS CROWNED QUEEN

Saturday night at 7:45 Norma Sue Ross, the senior candidate, was crowned Queen of Hallowe'en. She was escorted up the Courthouse steps by the King, Ed Gilliam. The lady-in-waiting to the Queen was Vera Mae Bell and her escort was Gene Read.

The Senior Class is very proud that they had the winning candidate, as it is the first time in four years that a class other than the Juniors has won the Queen's race. It is also the first time that the same class has crowned a Queen two years in succession. Joyce Harrell of the same class was the Queen in 1946.

The seniors won the Queen's

race by raising approximately \$89.00, which was \$30.00 more than the runner-up had.

SENIORS MAKE PROFIT ON BINGO TABLE

The Senior Class is proud to say that the bingo stand was a big success. People from everywhere came over to play bingo. The seniors hope to have a grand total of one hundred and seventy dollars for net profits. The seniors would like to express thanks for the contributions that the merchants and people of Goldthwaite made for bingo prizes, and to everyone who came over and played bingo.

The seniors were very proud to have one of the senior FFA candidates, Geraldine Laughlin, to win the honor. It was also a great honor to have Norma Sue Ross, the senior Hallowe'en candidate, to be crowned Queen Saturday night.

The seniors are looking forward to a swell time at the Hallowe'en party at Mrs. Gilliam's Thursday night, and also a wonderful time at the party Friday night, to be given by the Juniors.

GRAMMAR SCHOOL NEWS

FIRST GRADE NEWS
 The first grade won the prize for the most original costumes in the Hallowe'en parade last Saturday.

All first grade pupils report a fine time at the carnival.

We have our first reader now. It's fun to read.

FOURTH GRADE REPORT

The fourth grade won prize for having the greatest per cent of the class present the parade last Saturday afternoon.

FIFTH GRADE NEWS

The fifth grade wants to thank everyone who voted Patricia Greathouse for Hallowe'en Queen. We thought it unusual for Grammer School to come so close to getting the honor of having a Hallowe'en Queen.

SIXTH GRADE

The sixth grade is studying very hard since we have several tests scheduled for this week.

We enjoyed the Hallowe'en Carnival very much and were happy to know Grammer School ran such a good race for Hallowe'en Queen.

We regret very much the moving away of Malcolm Walker, one of our classmates, who moved to Kerrville.

SHORTHAND REPORT

The shorthand text books and work books came in last week. The class has really had to work to catch up on their assignments.

The class has been studying phrasing, brief forms for common words, and the characters for letters.

Swing Of Southwest Farm Markets

By USDA
Late losses on grain and cotton markets pointed up generally unsettled conditions on southwest farm markets last week, according to the Production and Marketing Administration, U. S. Department of Agriculture.

Spot cotton sales again topped all previous weeks of current season, as farmers sold more freely. Prices rose but lost Friday to close \$3 a bale up.

Dry weather in winter wheat areas and heavy buying for overseas shipment raised wheat early, and Friday's break left a week's gain of 5 cents. The same dry weather hastened maturity and drying of the corn crop, and marketings increased. Late-week corn losses erased early gains, while oats, barley, and sorghums also closed lower.

Egg prices held up well in the

Southwest, but hens and young chickens weakened at most markets. Fryers ranged generally from 31 to 36 cents per pound, and heavy hens mostly 22 to 28 cents except at New Orleans which paid 30 to 31. Seasonally light receipts of turkeys sold mostly at or near government support prices.

Most cattle markets closed the week about unchanged. Common to medium steers and yearlings brought \$15 to \$19 at San Antonio.

Hog prices slumped around \$1 per hundred pounds during the past week. Good and medium weight butcher hogs sold late in the week around \$28 at Fort Worth. Sows ranged mostly from \$25 to \$26.50.

Lambs gained sharply at most southwest markets. Fort Worth and Oklahoma City advanced

FOUR BROADCASTS BY HUMBLE SATURDAY

With the battle for the Southwest Conference pennant approaching the critical stage, Humble Oil and Refining Company broadcast this week will be of exceptional interest to football fans. Three crucial pennant battles and one stellar inter-sectional match make up the Saturday broadcast schedule.

The S. M. U.-Texas broadcast will emanate from the Cotton Bowl in Dallas, with Kern Tips describing grid-iron action and Alec Chesser filling in with color. The game, due to go on the air at 1:50 p. m., will be heard over stations WFAA-WBAP (820 kc.), Dallas-Fort Worth and WOAI, San Antonio. The T. C. U.-Baylor match will

around \$2.50 and Wichita \$4, with Denver as much as \$1.75 higher and San Antonio mostly unchanged. Slaughter ewes went up mainly 25 to 75 cents, while feeder lambs sold steady to \$1 higher at Fort Worth. Goats weakened at San Antonio.

be described by Bill Michaels, assisted by Eddie Barker at the color mike. The broadcast will go on the air at 2:20 p. m. from Waco, over station WFAA-WBAP (570 kc.), Dallas-Fort Worth.

Fred Kincaid, Humble color announcer, will open the Arkansas-Texas A. and M. broadcast at 1:50 p. m., with play-by-play man Ves Box taking over at the kick-off. The broadcast, originating from Fayetteville, will be carried over stations KRDL, Dallas, and KTRH, Houston.

The non-conference game of the day will be broadcast from Houston, where Rice tangles with Texas Tech. Charlie Jordan will handle play-by-play and Jerry Doggett the color assignment. The broadcast, scheduled for 2:20 p. m., will be heard over stations WRR, Dallas, and KGL, San Angelo.

Mr. and Mrs. Alfred Carter returned the latter part of last week from a 15-day vacation trip to Northern and Eastern States. They spent four days in Washington, D. C., sightseeing.

VETERANS NEWS

The Veterans Administration is appealing to veteran students and job-trainees, as well as to school and job training establishments in which veterans are enrolled under the GI Bill, for assistance in preventing subsistence allowance overpayments.

The veterans and their training establishments are asked to notify VA immediately when trainee-veterans abandon their training programs. When veterans know in advance the definite date on which they will complete or discontinue their training, they should advise VA at that time instead of waiting until they actually stop their training.

Failure to notify VA of training discontinuances usually results in overpayments of subsistence allowance, VA said. Such overpayments must be refunded to the government.

A recent survey disclosed an average lapse of 23 days between the time the veteran stopped his training and the time VA was notified of his discontinuance. As a result, the veteran continued to receive subsistence allowance payments to which he was not entitled.

Immediate or advance notice of training discontinuances will assist VA materially in reducing the amount of overpayments. In many cases, such notices will eliminate overpayments and the necessity for refunds by veterans.

Veterans who fail to make arrangements to repay subsistence allowance overpayments may be prevented from re-entering schools or job-training courses under the GI Bill.

Veterans are not being forced to turn back full amounts immediately. They need only make arrangements for monthly repayments that cause them no financial hardship and thus become qualified to resume training.

The Veterans Administration now is the custodian of more than 53,000,000 Army chest X-ray films of World War II veterans, which it will use in its long-ranged anti-tuberculosis program.

VA records show that about 23,000 veterans of World War II are drawing compensation for tuberculosis contract in the service. Included in the state figures are Texas 817, Louisiana 390 and Mississippi 332.

ARE YOU READY FOR THE RAIN?

Texas' home gardeners have never wanted fall gardens (and rain) more than now. The rising cost of food, plus the wish to help the government stretch food supplies make gardens an important item in the family life.

But a near record dry September and October have kept garden plots bare except where people irrigate or have a plentiful supply of well water.

According to J. F. Rosborough, horticulturist for Texas A. & M. College Extension Service, the good gardener has done more than wishful thinking during the dry season. He is ready for the rain.

First, the garden has been

planned. The kinds and amounts of vegetables that will be needed by the family have been figured out, and the seed has been bought. The soil has been prepared and the fertilizer spread.

He knows that seed can be planted as late as November in the south central part of the state and still produce.

Frost-hardy vegetables such as beets, collards, kale, mustard, spinach, turnips, carrots and onions are good selections. These are the varieties that will stand light frosts and some of them, such as carrots, spinach and collards can take pretty cold weather.

Mr. Rosborough says that when soil is prepared for fall and winter gardens, the surface should be left rough, as it holds water better and makes spring preparation easier. He also recommends plenty of fertilizer, to make the vegetables grow faster. Four to five pounds of 5-10-5 commercial fertilizer per 100 feet of row space is about right.

WINTER GRAZING

Oct. 28—It's going to take plenty of winter and spring grazing to fall in line with the government program of saving feed grain.

E. A. Miller, Extension agronomist of Texas A. & M. College, offers a few pointers on planting winter grain crops. He says that as soon as there is enough moisture in the ground, forage

crops can go into the soil. If the land is not too hard, it's safe to go ahead and plant even in dry soil. The seed will germinate when it finally rains.

Grain planted for grazing can be planted a lot thicker to provide more forage. Oats, wheat, barley, rye and Italian rye grass are good winter grazing crops. A mixture of oats, wheat and barley makes a good combination for grazing when no harvesting is planned. In this mixture, barley provides more grazing in the fall and early winter, while the oats and wheat will usually offer good grazing in the spring. Rye, especially abuzzi and balbo are good crops on the sandy soils of East Texas and the West Cross Timber area.

Vetch or other legumes can be planted with grain to improve the grazing. Over a large area of Texas, hairy vetch is planted with rye or other grain crops for seed production and soil improvement as well as grazing.

In the southern half of Texas, when enough moisture is in the soil, hubam and annual yellow blossom sweet clover are first-rate crops, good for grazing, seed and soil improvement.

Mr. Miller says that winter and spring grazing not only will help to save badly needed grain, but will also cut down on the cost of livestock production.

Trees planted in form of a windbreak cut down the fuel bill during winter.

AGED LADY BREAKS HIP

Mrs. T. J. Hamilton of Star fell and broke her hip Monday afternoon. She is now in Scott and White Hospital at Temple. The surgeons plan to set the limb at an early date. She has passed her 88 birthday and is a fine Christian woman with hosts of friends over the county.

SUNDAY SCHOOL PARTY

The Bykota Class of the Baptist Church celebrated its first anniversary October 21, at the Recreation Hall with a buffet style supper and program.

This class of young married women, being organized a year ago with seventeen members, now has an enrollment of forty-one. Mrs. L. B. Ashley is our present teacher since the resignation of Mrs. Allen Ross who helped us to organize. The class president, Mrs. Field Hines, and Fellowship vice-president, Mrs. Jake Long, with the help of several members very ably planned and carried out our first birthday party.

The banquet tables were decorated with Hallowe'en colors and the speakers table was centered with a large bouquet of marigolds. After a delightful meal of baked ham and all the delicious food that goes with it, the main event of the program was a most interesting talk by our pastor, Bro. Emery. The highlights of his speech were some very entertaining passages from the novel, "Pappa was a Preacher", which created much laughter from the large group.

A large number of our members and their husbands and several invited guests were present for this social which is to be an annual affair.

Make plans now to attend Memorial Church Services of your choice, the basket lunch to be served at Legion Park, Dedication services at the Memorial Cemetery, Sunday, Nov. 9 at Goldthwaite.

Those who visited in the home of Mrs. Dora Lindsay were her brother, Will Heatherly of Lampasas also his daughter, Mrs. Genera Patterson, and his grand daughter. They also visited George Heatherly and M. L. Lindsey and family. While visiting here Mr. Heatherly fell and broke his leg in two places. He was rushed to Lampasas to the hospital. At last report he was doing nicely.

Mrs. Bertha Weathers returned home from San Angelo, where she was called on the account of the illness of her daughter, Johnnie King. She was still in the hospital but is reported to be much improved.

Mrs. Woody Traylor has received word from her daughter, Mrs. Greta King, who is in

Japan with her husband. She states that they are fine and her husband has received a promotion to 1st Lt. Mrs. King is receiving the Eagle, the first copy she received was a month old, but she said she read every word of it.

Bring well filled baskets for the basket lunch to be served at American Legion Park, Sunday, Nov. 9.

Little Caryn Curtis returned to her home in Waco, Sunday after spending three weeks here with her grand-parents, Mr. and Mrs. H. B. Curtis.

Mr. and Mrs. Marvin Templin of Tulane, Calif., are here visit-

ing relatives and friends.

Mr. and Mrs. Carl Spinks of Briggs visited relatives in Goldthwaite and Center Point recently.

Door awards of all kinds, at the Hollywood Breakfast at the Methodist Church, Nov. 22, 9:30.

Mr. and Mrs. Joe Anderson and Bennie Joe, Mr. and Mrs. T. L. Hammond and Bobby returned home Tuesday night after a few days visit with Mr. and Mrs. Jack Leverette of Fort Stockton. Mrs. Joe Spinks accompanied them as far as Winters to be with her mother, Mrs. E. T. Davis, who is seriously ill. Clifford Hunt left Monday

after being here with his parents on a visit. He is with the Merchant Marines.

POSTMASTER ON TEMPORARY ACTIVE DUTY WITH ARMY

We're off to a jolly Hallowe'en, look for the spooks tonight because the freshmen are pretty mischievous. We have decided to have the "Dream House" and "Bowling Alley". We are going to sell pop corn, peanuts, and homemade candy at the Carnival. Come and bowl with the boys and go through the dream house with the girls. We'll assure you that you'll have a "whale of a time", and dream all night.

We are going to take our three-weeks' test this week and hope that we are pleased with the grades.

Carolyn you seem to enjoy skating Friday night. Just who was the lucky boy? ?

Uvaughn, we hear you had dinner with the Boykins. Is that right?

Sue, we hear you're getting letters from a guy in the Air Corps. Is that so?

Mary Leigh, if you had stayed at home Saturday night, you could have gone to Lola's party with Billy B.

June, Sammie can really take a hint of what was in "Anna Mae's Ally" last week, can't he? Keep the sparks flying!

THE RUSSIAN QUESTION

By BISHOP G. BROMLEY OXNAM

We are confronting the Russian question hysterically.

Calmer consideration convinces men that ideas cannot be destroyed by military force. It is possible to destroy the cities of an enemy, to bring his armed forces to surrender, to defeat him as far as his physical power to resist is concerned.

But an ideology cannot be suffocated by poison gas, nor demolished by atom bombs. Ideas are conquered by better ideas whose truth has been revealed in practices that enrich personality.

It is easier to summon us to holy war against Russia than to solve the problems involved in establishing economic justice and world order. If we were to defeat Russia in a war, we would not by that fact eradicate a philosophy of materialism, solve economic problems, or end atheism.

Communism can be defeated by a superior world view, a dynamic faith that freedom brings justice to men and brotherhood to society. I believe that dynamic faith is Christian, but it must be a Christianity prepared to grapple with contemporary injustice to die if need be that Christ may live.

Our present Russian policy is but blocking Russian imperialism by force. Such policy in the past has meant war. We are in danger of losing the goodwill of the people of Europe by failures to make it clear that it is the free state we stand for as against the police state.

We have nearly convinced them that our bread is not for the starving, but for the hungry who will accept our economic way of life. I have heard it said that loans to a socialist Britain have no place in the program of a capitalist America. A free Britain must be free to determine for itself whether a socialist economy is better for the common man than a capitalist economy. A free Denmark or a free Sweden must be free to determine whether cooperatives serve the people better than monopolies. And a free America must be free to choose free enterprise, or a free enterprise supplemented by such public corporations as the TVA and such collective endeavor as the public school system or the building of a Hoover Dam or the reclamation of the desert.

Most men would refuse to bargain their freedom for a mess of pottage if convinced they could be free and secure. It is the very failure to solve the problems essential to full productivity and the security born of it that gives the communist the chance to enlist the exploited.

We are opposed to the police state, whether of left or of right, and will not rest until all men are free, not only to vote but to enjoy the abundant life. Our policies must be positive. A negative defense may hold off an evil day, but it is only a positive attack upon economic injustice that will insure the morrow.

THE PRESS—HERE AND IN RUSSIA

The enormous difference between the Russian and the American ideas of government is perfectly illustrated by the recent denunciations of our press by high Soviet officials, and their demand that restrictive measures be taken to stop "unfair" criticism of Russia.

The Soviet spokesmen seem to be all in favor of a "free press"—so long as its comment agrees with their curious ideas of right and wrong. In Russia, the press is "free" to print government-inspired editorials and official handouts from the Politburo, the Foreign Office and the Kremlin. If the slightest deviation from the party line is found in a Russian newspaper, the usual practice is to send the editor in charge on a long voyage from which there is no returning.

The Russians may be perfectly sincere when they say they cannot understand American newspapers. This is one of very few nations left on the face of the earth where any editor, so long as he stays within the laws covering libel and other crimes, can say what he pleases. The Russians seem to think that the growing criticism of Soviet actions in our press is the result of orders from the government. Nothing, as every American knows, could be further from the truth. It is, to the contrary, the simple consequence of the fact that the majority of editors believe that the principles underlying our foreign policy are correct and inevitable.

Mrs. Martha Westerman and Mrs. Fred J. Brucks left for Dallas Thursday morning to attend the North Texas Conference.

Bobby Johnson had a birthday party at his home Saturday afternoon. Sixteen little friends helped celebrate with a birthday cake with ten candles and other refreshments were served.

Night and day shifts went into effect this week at the well which is being drilled for oil on the Pecan Bayou six miles west of Goldthwaite. After hammering through 28 feet of very hard rock near the surface, the drillers struck the shale and expect from now on to encounter the same formations that were drilled through on the Gregory test well in this vicinity some years ago.

Miss Velma Cockrum of Goldthwaite and Lewis Shead of Brownwood were painfully injured at 8 p. m. Monday when Shead's car, in which they were returning from Dallas, overturned on the Comanche Highway. The accident was caused by meeting another car with blinding lights which caused Shead to drive in the ditch. Fairman Ambulance brought them to town where they were given first aid by Dr. Campbell and then rushed to a Brownwood hospital.

Mrs. Ethel Foster and Mrs. Allen of Sterling City, president and secretary of the Sixth District of Texas Federation of Women's Clubs, were in Goldthwaite Thursday morning visiting with the Art and Civic Clubs.

CHRISTIAN SCIENCE SERVICE

"Everlasting Punishment" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, November 2.

The Golden Text is: "He that covereth his sins shall not prosper; but whoso confesseth and forsaketh them shall have mercy" (Proverbs 28:13).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "The way of the wicked is an abomination unto the Lord; but he loveth him that followeth after righteousness" (Proverbs 15:9).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Whatsoever a man soweth, that shall he also reap. Error excludes itself from harmony. Sin is its own punishment" (page 537).

Destruction of the right to criticize, to speak one's mind, must be followed by the destruction of free government, free enterprise, freedom of religion. The Soviet press is used as a weapon to turn the Russian people into mental robots—and to make every man and woman slavishly think alike and repeat the same phrases. The Russians don't realize it, but their recent violent denunciations of the American press are a fine tribute to it—and to the system of government which

SCRIPTURE: James 3-5; Acts 4:1-10. DEVOTIONAL READING: Proverbs 12:13-22.

Christian Conduct

Lesson for November 2, 1947

CHRISTIAN standards of conduct must be understood as Christ's standards, not man's standards. Our lesson makes this quite clear when James declares,

"My brethren, be not many masters (judges), knowing that we shall receive the greater condemnation." James 3:1. James goes on in this third chapter to emphasize the truth that man is by nature inclined to "run away," even as the horse when he is not bridled, or the ship when it is not controlled.

Which brings the first practical lesson—that of the tongue. "The tongue is a little member," says James, "and boasteth great things. Behold, how great a matter a little fire kindleth!"

The Words I Say

IN PROVERBS 8:7, we read, "My mouth should utter truth." And again in Proverbs 25:11, we read, "A word fitly spoken is like apples of gold in pictures of silver."

Which adds up to this: The words we say have much to do with what people think of our standard of conduct. If we speak words of truth and kindness, we need not be concerned what people will think of us.

Boys and girls who guard their tongues will have friends. Boys and girls who speak words of envy, prejudice and falsehood will be shunned.

The Right Words

WHAT is in our hearts determines what we say and do. Therefore, if we are to speak the right words, our hearts must be right—right with God.

I have just come from a playground where a group of junior boys and girls were having a picnic. I got there at the moment when a baseball game was in the decisive ninth inning. One of the junior boys was umpire. He called a pitched ball a strike, and the batter objected. Words followed—not altogether pleasing words. They saw me standing on the sidelines, and asked me to settle the matter. I had not seen the pitched ball closely enough to express an opinion.

The boy who had spoken most sharply went to the boy who was umpire, took his hand, and said, "It's okay with me. I am sorry I said what I did." That boy had the right attitude. He turned wrong words into right words, because his heart was right.

The Power of Words

"SPEAK not one against another," writes James 4:11. Two teenage girls were walking home from school. One spoke bitterly to the other of a third girl. They parted at the corner, and the girl who had spoken the bitter words of her neighbor slipped and fell as she passed the home of the girl about whom she had been speaking. The neighbor girl rushed to her side, helped her into the house where her mother dressed the ankle. Waiting for her father to come with the car, the girl who had spoken bitter words began to cry. Thinking that her neighbor was crying from the pain of the ankle, the girl who had been bitterly assailed spoke sympathetically to her neighbor.

"Will you forgive me?" cried out the distressed girl. "Forgive me?"

"For the unkind words I spoke about you to Mary. O, I am sorry, sorry."

Forgiven, they became trusted friends.

Words Reflect Character

THIS lesson should summon every heart to utter the prayer of the Psalmist:

"Let the words of my mouth and the meditation of my heart be acceptable in thy sight, O Lord, my strength, and my Redeemer." Psalm 19:14.

Our words reflect our character. Christ's standard of conduct calls for words wisely chosen. Longfellow put it well when he wrote:

I shot an arrow into the air,
It fell to earth, I knew not where;
For so swiftly it flew, the sight
Could not follow it in its flight.I breathed a song into the air,
It fell to earth, I knew not where;
For who has sight so keen and strong,
That it can follow the flight of song?Long, long afterward, in an oak,
I found the arrow still unbroke;
And the song from beginning to end,
I found again in the heart of a friend.

Here's a message to drivers from the Texas Safety Association: Don't let traffic lights, officers and patrol boys around schools act as a sedative and lull you into thinking there is no need to exercise extra caution. These things help to make our schools safe, but the most essential protective measure is the driver's alertness and caution. Children's safety should never be taken for granted, because their actions are unpredictable. The smartest of them may walk absent-mindedly into danger. The quietest of them may dart suddenly into the street. The best of them may do some reckless scuffling on the curb. So watch out for the youngsters—ALWAYS.

GOLDTHWAITE

This little town
Is like a sweet, young girl—
Wearing its heart upon its sleeve!
And I am like a youth
With thoughtless speed—
Who looks thereon
And falls in love.

This little town
Is like a charm of old—
Hidden in the hollow
Of the hills.
And those who will may
look upon
The golden treasure
Hidden in her name.

This little town

Is like a Xmas tree—
And from the hills
At night you see her glow—
You hurry down
And like a trusting child—
You find your dreams are so!
M. S. BLAKE.

Americans are eating more nuts. In 1909, the average consumption was four-fifths of a pound; in 1945, one and two-fifths pound.

Approximately 396,000 farm families and other rural consumers in 44 states and Alaska will get electricity as the result of loans approved by REA during 1947.

ANOTHER FARM SAVED

College Station, Oct. 16. Here's another case of a farmer taking over a worn-out farm and putting it back in good condition.

Charles Pringle is the farmer, and he bought a farm in Reagan, Falls County, last fall. W. I. Ross, Falls County agent, says that the farm was considered "too poor to produce profitable crops" when Pringle took it over.

Ross and Pringle, discussing plans for "bringing the farm back," agreed that phosphate fertilizer and legume planted on cotton-land-to-be, would be a good starting point. So, 200 pounds of phosphate went on each of 20 acres and peas were planted broadcast.

County Agent Ross reports now that Pringle was in his office recently, asking him to come out and look at his cotton crop. Following the phosphate and peas, the 20-acres made one-fourth bale of cotton to the acre. While that doesn't sound like a high yield, Pringle explained, it was taking eight to ten acres of his "old land" to turn out a bale of cotton. Cotton on the phosphated land brought \$23.75 more per acre than did the crop from his non-fertilized acreages.

After making that first step toward bringing a farm back to life, Pringle has stocked up with more phosphate and plans to follow through with more fertilizer and peas.

On January 1, 1947, the value of hogs on United States farms was 40 percent greater than in January, 1946, although the number of hogs on farms decreased 4.4 million head.

WARNING— SLEEPING SICKNESS

College Station, Oct. 16. A warning to stockmen about sleeping sickness among horses came from Texas A. and M. College Extension Service this week.

Dr. E. A. Grist, Extension veterinarian, warned that from now until the first frost, sleeping sickness is a threat to farmers and ranchmen. In Louisiana recently, the disease reached the epidemic stage, with official reports showing 3,713 cases in which horses were stricken.

While only 52 cases of the disease have been reported in Texas this year, Doctor Grist said, vaccination is still in order up until cold weather sets in.

A count on cases of sleeping sickness and other livestock diseases reported in Texas is kept by Doctor Grist, making possibly timely warnings and recommendations for disease control. County agents and veterinarians report outbreaks to him monthly.

FIRE PREVENTION WEEK

National observance of Fire Prevention Week has brought out the startling fact that 100 fires occur in the United States each day, killing ten farmers.

The Texas A. and M. College Extension Service is cooperating with the National Fire Protection Association and the U. S. Department of Agriculture, in an attempt to cut down this loss of life on farms in Texas, and is urging farm people to guard themselves and their farmsteads against fire.

What are the most dangerous causes of fire?

The careless smoker still is Public Enemy No. 1, on the strength of his smoking in bed and in the barn and discarding lighted cigarettes and matches. The thoughtless housewife ranks second on the list, by continuing to stack papers, magazines, old clothing, broken toys and discarded furniture away in the attic, closets, basement, the barn and other buildings.

Dangerous storage of gasoline and kerosene, and the use of flammable cleaning fluids take a high toll of life and property.

Children playing with matches cause 26,000 fires annually.

Dirty and improperly operating lanterns are a big threat, as well as the dust and cobwebs around motors, appliances and frayed electric cords.

The Extension Service is asking farm people to remember this: that every teth fire that breaks out on a farm results in a death.

Art And Civic Club

The Art and Civic Club met in the home of Mrs. J. H. Saylor, October 17, 1947. During the business meeting a letter to the

club was read by the corresponding secretary from Troop IV of the Girl Scouts. The letter expressed the appreciation of Troop IV for the organization of the Girl Scouts and thanked the Art and Civic Club for their efforts with the Scouts prior to the organization of the present Girl Scout Council. The members of the club appreciated the letter very much.

The members of the club who attended the Federation Day Tea in Lometa reported the affair to the club members not attending.

Mrs. Philip Nickols was Leader for the program and gave an interesting talk on "Alaskan Oddities." Mrs. J. J. Saegert gave "October on the Alaska Highway," and Mrs. Charles Ford concluded the program by giving the club information titled "Russia Eyes Alaska."

Mrs. Saylor then served a refreshment plate to nine club members and ten guests.

Health Notes

The State Department of Health has issued a warning in regards to scarlet fever, since the number of cases usually increases during the fall months. The majority of deaths from this disease occur during the months from October through February.

Dr. Cox said that the first signs you may notice are that the child seems tired, restless and out of sorts. Usually, there is a sore throat, chills, vomiting, or in some cases convulsions and fever. The skin is dry and hot, the tongue is furred, and, under this furry covering, it is red and swollen. In ordinary cases, these early signs are followed in a day or two by a rash. Little flat red points, close together, appear first on the neck and chest and soon the rash, very red in color, spreads over most of the body.

The doctor is required by law to report the case to the local health officer. It is important that the family follow carefully the quarantine instructions which the health officer issues, since a severe or fatal case of scarlet fever may develop from contact with some one who has only a light attack. Children who have had scarlet fever, or who have been exposed must not return to school until permission is given by the health officer and physician.

Scarlet fever is a very contagious and serious disease. Grown people may contract it, but children under 15 years are especially apt to have it, if exposed. It is especially dangerous for children under 5 years. Dr. Geo. W. Cox, State Health Officer, warns mothers to "not let your children take any chances with scarlet fever. Call the doctor as soon as suspicious symptoms appear."

INSPIRED EAGLES BLAST STATE REFORM SCHOOL 33 TO 6

By ED GILLIAM

In a game sprinkling with long broken field runs, Coach Kirby's Lads battled their way to a decisive victory over the State Reform School at Gatesville on Friday afternoon.

Jimmy Laughlin carried the ball for the Eagles in a grand way, crossing the goal stripe in the 1st and 2nd periods of the game for two of Goldthwaite's five touchdowns and with his educated toe added three extra points for conversions.

Herman Anderson began the fireworks for the Eagles when he received the ball from the hands of Jimmy Laughlin on a criss-cross play following the initial kick off, and raced 76 yards through the State Reform School team for the first touchdown of the game. Anderson scored again in the 3rd quarter.

Bobby Lawson scored the third touch down of the game in the 1st stanza as the result of a beautiful 70-yard broken field run.

The State Reform School was held scoreless by the Eagles until the last period of the game when Morris Long for the State School connected with a pass and went over for the State School's only counter.

Billy Miller, calling the plays for the Eagles, gave his usual good account of himself and directed his team in a smooth and effective manner. Dick Lindsey, who can always be counted on for a good game, played his best game of the season Friday afternoon.

Co-captain Wicker, supported by both flanks of the Eagle line, provided the necessary defense and offense which allowed the Eagle backs to perform so brilliantly.

Statistics for the game:
G'waite S. R. S.
First Downs 8 5
Passes Attempted 7 4
Passes Completed 1 2

Chappell Hill—

By PEARL CRAWFORD

We certainly had a nice rain Saturday night and Sunday night.

We all hope the long hot drought is over and everyone can get busy and sow grain.

Most all have finished picking cotton.

Mrs. C. A. Karnes and Miss Charline of Brownwood were in Goldthwaite Friday. Miss Charline is a former writer of this community news. We were all glad to see them.

Mr. and Mrs. C. H. Bramblett, Bettie and Wilejane visited Mr. and Mrs. C. M. Bramblett, Sunday afternoon.

Mr. Tom Stevens, Mildred and Edwin Setvans, and Pearl Crawford called on the A. L. Crawford home Sunday afternoon.

Mr. Penn Letbetter returned home after visiting her children during the summer.

Guests during the week in the Mr. and Mrs. Jim Evans and Mr. and Mrs. O. A. Evans home included Mr. and Mrs. Tom Hall of Dallas, Mr. Bob Reynolds, and Misses Marie, Ruth and Ruby Reynolds.

CRUME'S TEXACO STN. CHANGES HANDS

This week, Crume's Texaco Station, owned and operated by Lyle Crume on South Fisher Street, was sold to Bill J. Kelso, who will continue the business under the name of Kelso's Service Station.

Mr. Crume is getting ready to assume active duty with the Regular Army, having received a recess appointment from President Truman in the United States Army Air Corps with permanent rank of Captain. He has already been mustered in, and is awaiting call.

Bill J. Kelso was born and reared in Mills County, and is also an ex-army man, having been discharged in March of 1946, after having served over three years during the war. Mr. Kelso asks the station's old customers as well as his friends to call on him at his new place of business.

OLD MAN 100

(Continued from page 1.)

'em super. You've gotta watch them wim-men. Old Hunnert hurt-near fell for this'un—only he didn't have the ten handy: 7th—"Honey, I need some money. I want you to loan me \$20 but only give me ten; that way you'll owe me ten and I'll owe you ten, and we'll all be even."

Some of the Old Man's men readers are allus telling the Boss how old the Old Man's jokes are. They ain't old—here's the very first joke that ever happened: Adam said: "Eve, dear, I can't find my pants, and I wonder if you have them in the stew pot for seasoning again."

Old Hunnert knows a few girls around here who think no man is good enough for them. They may be right—and they may be left, too.

And when the Old Man said nastily: "I've already admitted that I was wrong. What more do you want me to do?" the 7th replied very cattily: "Just own up that I was right."

Old Hunnert always insists on his rights and one time when he was jest recovering consciousness he asked his passenger, "I had the right-of-way, didn't I?" And the man riding in the coupe with him replied: "Yeah, but the other fellow had the truck."

And the 7th has just bought a new electric stove, and (after looking in her cook book) told the Old Man: "Oh, my, that cake is burning and I can't turn it out for five minutes yet."

Here's what the little doughnut said to the big cake: "If I had all your dough I wouldn't
