VOLUME XXXIX — MUENSTER, COOKE COUNTY, TEXAS 76252 — MARCH 26, 1976 — NUMBER 18

CONFETTI By CONFETTE

One of President Ford's most controversial acts since taking office is his veto of the common situs picketing bill which would have enabled a single trades union to shut down a complete construction project. He did this, after assuring Labor Secretary Dunlap that he would sign the bill, because an avalanche of mail from all over the country convinced him that a vast majority of people were opposed to it.

Following the veto, mean George Meany exploded, charging that the president had gone back on his word and had betrayed the working people of this country. As for the first accusation, Ford gave ample reason in stating that the previous promise was given in haste and the change came after serious thought.

Regarding betrayal of work-ers, the Meany statement was 100 per cent wrong. Signing the bill would have been the betrayal of rank and file labor while giving dictatorial powers to the big labor bosses. Under such a law hundreds or thousands of other workers could be idled because a few decided to strike. A union boss through his members could take charge of the biggest building project, or he could stop all work until every worker is paying union dues.

Another misrepresentation in the Meany statement is the implication that he is speaking for all workers. The fact is that only about 20 per cent of the workers are union members and the other 80 per cent want none of his influence. This same fact points up the average worker's regrettable misrepresentation in official circles. When the vast majority is non-union, why do the union stooges get appointed as Secretary of Labor? As a matter of fairness the office ought to be occupied by a Right to Work representative.

Getting back to Ford's veto of the common situs picketing bill, Human Events of February 14 tells us that "281 House and Senate members who voted for the bill received a staggering $5.7 million from assorted unions for their last campaigns. Analysis by the Americans for Constitutional Action shows that in the House, 206 Democrats who voted for the bill received $2,-368,675, and 23 House Republicans supporting the bill got $80,495. In the Senate, 41 Democrat supporters received $2,-871,992 and 8 Republican supporters received $350,162. Three other Republicans voting for the bill got no union contributions in their previous election but have already received Labor money for this year's election."

Along with this situation we have the fact that Big Labor bosses are working like beavers to get all possible representation in the coming political conventions. They want a big influence in the selection of each candidate, and comparable influence in adopting articles in each platform. Then, when candidate tickets are decided and the race is under way they will spend millions in helping the men who will be expected to help them. As we recall in the election reform farce, much was done to restrict campaign help from big business but nothing was done to restrict big labor. Furthermore a big

Champ and reserve hogs sold for $1.00 and 80c per pound respectively.

The champ steer was purchased by Rite Weld Supply Co. and given to Sweeney Diabetic Foundation. It is being processed free by Fisher's Meat Market.

Among the buyers were a number of Muenster people and businesses doing their part to encourage the young stockmen. They were Muenster Livestock Auction, J. H. Bayer & Sons, Walter Grewing, Muenster Mill, Tony's Seed & Feed, Stockmen's Feed Store, H&W Meat Co., Fisher's Market, Cooke County Distributing Co., Texas Power & Light, Cooke County Electric Co-op, Grady Jones Liquor, Endres Motor and Robert Bayer.

Drug Arrests Made By City Officers

Muenster police were busy during the past weekend cracking down on the local drug traffic, according to a report Monday by Police Chief James McDonald.

Two arrests were made Friday night, the first of a Bowie man followed by confiscation of two ounces of marijuana. The next one involved three persons from Saint Jo in possession of dangerous drugs.

Saturday night about 11 o'clock three local youths were arrested and found to be in possession of a small quantity of marijuana and 33½ tranquilizers, classified as dangerous drugs.

Willie Wimmer to Open Diesel Shop

A new business about to open in the community is Wimmer's Diesel Service in the new 40x80 steel building a mile east of Muenster on the south side of Highway 82.

Owned and operated by Willie Wimmer, it will specialize in parts and repair work on all diesel powered machinery, especially trucks and farm tractors. In addition it will offer service on gasoline powered equipment.

C of C Publishes Brochure Promoting German Week

Another detail in the promotion of German Week as a Bicentennial event took shape during the past weekend with publication of a handsome brochure extending the community's welcome. The leaflets are being handed out generously and hundreds more are being included with outgoing mail from local business firms.

The brochure presents Muenster's invitation along with the centennial emblem in the nation's colors. It also refers to traditional German hospitality and the festival atmosphere, and lists the complete calendar of events.

Specially for the big festival, arrangements are made for a big tent, measuring 60x120, to assure a suitable site rain or shine. It will shed the rain, if any, and will be equally welcome as protection from a blazing sun. The tent, to be erected on the parking lot west of the Community Center, will contain all booths and and a stage.

Headline events, however will not be in the tent. The first is a bicentennial pageant Wednesday night, the 28th, in the school auditorium. Thursday's feature is a Miss Muenster pageant in the Community Center, and Friday's is a dance in the Community Center. Saturday night offers a concert and dance in the community center while another dance is going in the KC hall. And the celebration's main attraction will be the gala Centennial Ball Sunday night in the Community Center.

Besides all that there will be a number of special events: a week long softball tourney drawing to a close; a ten mile race; tricycle, bicycle and motorcycle events; a turkey shoot; a tug of war, and daily horseshoe tournaments. And while all that is happening there will be an abundance of eats and drinks in the big tent.

The town's overall appearance is another consideration. Folks in homes and business firms are being encouraged to have the town looking its very best . . . extensive clean-up and fix-up, trimmed lawns and shrubbery and lavish use of flags and streamers.

The centennial committee, headed by Leonard Endres, plans an early publicity campaign to spread the word, and asks local people to keep talking it up. Combined effect of all efforts should attract thousands, the biggest crowd ever for the community.

Hospital Personnel Attend Studies on Procedure Methods

In keeping with a policy of updating and improving the operation of Muenster Memorial Hospital, three members of its medical and administrative staff have just attended special seminars on methods evaluation.

Dr. Martin Kralicke and Hospital Administrator David Bright were in San Antonio last week for a review of medical care and medical audits for the purpose of checking local procedure against criteria established by medical and hospital associations, and to correct whatever deficiencies may be found.

A week before Mrs. Jo Ann Walterscheid was in Arlington for a similar study relating to local nursing methods. Her evaluation review covered nursing audits and nursing care as compared with the newest criteria established for modern hospitals.

Though concerned with separate phases of patient care responsibility, the seminars were related. Both were sponsored by the Texas Hospital Association and both were conducted by the Joint Commission on Accreditation of Hospitals.

During the same week Mrs. Walterscheid completed a course of seven classes in seven weeks on management of critical case patients, and on last Thursday she attended a seminar in Arlington on modified diet management.

Information acquired in the seminars is conveyed in meetings to other hospital personnel.

Rain Measures .39

Another bit of rain this week was enough to encourage local vegetation but was still far short of the need. Steve Moster's official measure was .22 Wednesday at 7 a.m. and .17 Thursday, a total of .39 since 1.40 early in the month. Measure for March now stands at 1.79 and the year's total is 2.29 inches.

The amount of solar energy streaming toward the earth in just one day equals the energy that could be produced by burning 550 billion tons of coal.

Gratifying interest was reported this week in the German Fun Run to be held here on May 2. The ten mile race, planned as an annual event of the Muenster Knights of Columbus, is timed to become one of the big features of the community's German Week festival.

Entry fee is $4 per person in advance or $5 on the day of the race.

There will be five divisions: one each for boys and girls in high school or under, an open division for men and one for women, and mixed doubles. All entries will receive a Fun Run T-shirt, a gift bag, free refreshments after the race and other gifts and privileges as remembrances of German Week.

There may be a lesson in the fact that pride in his own appearance will prompt a man to have his shoes repaired. But it will probably be the appearance of a shop which will determine where he takes his shoes to be repaired.

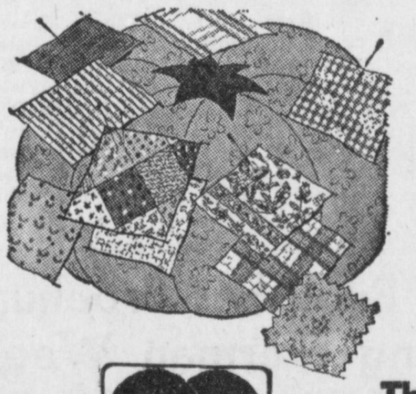

An attractive shoe service shop gives customers a feeling of confidence in the shoe serviceman's craftsmanships and in his abilities as a business man.

Parish Observes St. Joseph Feast

In the cherished tradition of many, many years, the feast of St. Joseph was observed in Sacred Heart Church with a parish Mass celebrated by Father Stephen Eckart, with a special Liturgy and a dinner following in the Community Center.

The St. Joseph Day Mass began at 7:30 p.m. The entrance procession included officers of St. Joseph and St. Anne Societies, Wilfred Bindel, Harold Knabe, Jim Gehrig and Denis Walterscheid, also Mrs. Al Hess, Mrs. Vic Gremminger, Mrs. Leo Henscheid and Mrs. Denis Walterscheid who substituted for Mrs. Wilfred Bindel who was unable to attend.

Readings, responses and petitions were given by Gehrig, Walterscheid, Knabe and Bindel.

In the offertory procession, Wilfred Bindel carried the Christ Candle; Harold Knabe presented the Holy Family statue; Mrs. Al Hess and Mrs. Denis Walterscheid offered water and wine, Mrs. Vic Gremminger and Mrs. Leo Henscheid brought the ciborium and paten; Jim Gehrig and Denis Walterscheid carried the chalice and Mass book.

The meditation following Communion "Guardian of Jesus", was read by Jim Gehrig.

Tony Luke was organist for congregational singing.

Dinner after Mass was prepared by lunchroom personnel and served to members of St. Joseph's and St. Anne's Societies and their guests.

Kelly Dangelmayr Baptized Sunday

Mr. and Mrs. Joe H. Dangelmayr's infant daughter, Kelly Ann, was baptized on Friday, March 19, St. Joseph's Day, at 8 a.m. in Sacred Heart Church. Bishop August Danglmayr, Kelly's great uncle, officiated.

Baptismal sponsors were an uncle and aunt, Mr. and Mrs. James Gehrig.

A breakfast followed in the home of the baby's parents. Guests were the godparents and grandparents, Mr. and Mrs. Herman Stoffels and Mr. and Mrs. Herman Dangelmayr. Kelly Ann wore a new Christening gown, handmade by her mother.

Guests in the Clifton Bewely home March 18 were the Dwayne Coxes and Christie of Pueblo, Colorado, the Pete Coxes of Wichita Falls and Bertha Covington. They enjoyed a turkey dinner that Loveta prepared in honor of her brother Dwayne and family. Guests in the afternoon were the Jack Coxes.

Dinner and Dance Observe Jr. Elite Tenth Birthday

Employees and officials of the Jr. Elite Dress Factory celebrated their tenth anniversary in a big way Saturday night with a dinner-dance in the VFW Hall. The celebration was featured by presentation of ten year service awards to five workers and five year service awards to five.

Lou Kreditor, president of the company, made the presentations during his address in which he proudly referred to the local plant's progress and growth, which in turn was built on the dedicated work of its employees. He referred to efficiency and quality which enables the firm to put good merchandise on the market at competitive prices.

A special surprise to him was the presentation of a birthday cake with trick candles that refused to go out in spite of no less than a dozen lusty puffs.

The ten year awards were engraved serving trays presented to Marie Zimmerer, Catherine Walterscheid, Alvina Voth, Marie Truebenbach and Geneva DeBorde. And the five year awards were bracelets for Carolyn Walterscheid, Linda Walterscheid, Angie Barnhill, Josephine Finch and Phyllis Dittfurth.

Another speaker, Herb Greenburg presented the evening's big news to the employees. Their great work during 1975, he said, has resulted in a big addition to the company's profit sharing plan. The total is near $900,000 for all plants of Jarell system, and the workers will receive their certificates in just a few days.

Factory manager Bernice Sicking was the master of ceremonies and added her own comments about the dedication of employees as well as the generous and cooperative policies of the company's executive personnel in the Dallas office.

Those Dallas people were special guests at the party. They were Lou Kreditor, Marty Steinman, Tom Cottone, Sal Algers and their wives and Herb Greenburg.

Almost 200 persons attended the event, which was preceded by a happy hour and catered by Rohmer's. Afterward the group danced to the music of Doug Martin's Playboys.

Special table decorations were arranged by the home-making class of Muenster High School and a special large anniversary bouquet of mums and carnations was given by the Jarell Company.

Six Flags Starts Sixteenth Season

Six Flags Over Texas' skyline is dominated by a new feature this year — a 200-foot-tall parachute ride called the Texas Chute-Out.

The attraction, which is expected to open in mid-April, is one of the largest additions to the theme park in several years.

Riders taking a "jump" on the parachute drop will experience a sensation unlike any other attraction they have been on. Twelve parachutes carrying two to three riders each soar 175 feet up into the air and then drop at free-fall speed for 35 feet before the 'chutes billow open and slow down for a "soft" landing.

The parachute ride is another example of how the park has grown in size and attractions during 16 years of operation.

When the park opened in August, 1961, there were 45 attractions operated by 650 youthful hosts and hostesses. It was the nation's first historical theme park, encompassing more than 145 acres.

Today, there are more than 100 rides, shows and attractions tended by 2,300 employees.

Almost 2.3 million persons, a record for a single season, visited Six Flags last year.

Since 1961, almost 26.8 million persons have passed through the turnstiles of the number one tourist attraction in Texas.

Taking a cue from Texas history, creators decided to divide the park into six sections and develop rides and attractions that tell the history of the state under different sovereign governments.

They planned for guests to get a glimpse of the past through sight, taste, touch and sound as they journeyed through the sections representing Mexico, France, Spain, the Republic of Texas, the Confederacy and the United States of America.

A one-price ticket costing $7.50 pays for all rides, shows and attractions inside the park. Children under three get in free. The only extra charge is for food, souvenirs or games.

Some people opt to spend two days at Six Flags instead of crowding all activities into one day. A special $11 ticket allows visits to the park on two consecutive days.

Extensive landscaping also adds color and beauty to the park. A new feature this year will be floral displays in red, white and blue.

Six Flags is surrounded by many other entertainment centers. And since it is in Arlington, midway between Dallas and Fort Worth, it's only a 15-minute ride from the Dallas-Fort Worth Airport.

Blue Birds News

Sunshine Bluebirds

The annual Campfire father-daughter box supper was held last week Thursday night at Cooke County College. Sunshine Bluebirds and their fathers having a great evening together were Kim Bedrick and Bill Bedrick; Dolle Pagel and Dick Pagel; Amber Grewing and Herman Grewing; Connie Klement and Robert Klement; Rose Herr and Richard Herr; Julie Fisher and her brother Dannie Fisher, filling in for out of town Clyde Fisher. Butch Fisher was the lucky father for the event, accompanying his own daughters Tonya and Gail and including Carol Reiter whose father Billy Joe Reiter was unable to attend. Unhappy Bluebirds staying at home with chicken pox were Jean Pagel and Charla Bayer.

After the fathers and daughters shared supper, served from patriotically decorated boxes or bags, candy sales awards were given. Second grade girls receiving awards for selling many pounds of candy were Charla Bayer and Dolle Pagel a patch for 36 boxes, Carol Reiter and Amber Grewing, a campfire charm for 48 boxes and Tonya Fisher, a windbreaker and patch for 72 boxes.

The fathers then entertained their daughters by drawing bicentennial pictures. Butch Fisher received a blue ribbon for the picture drawn for Carol Reiter.

Camp Fire girls and Bluebirds from 15 Cooke County groups sang special songs for their dads and they all joined to sing "God Bless America."

The Sunshine Bluebird group was chosen by the Camp Fire Council to represent all Camp Fire girls and were pictured in the Gainesville Daily Register Friday. The pictures were made just before they decorated their tables.

Decorations included five Bicentennial "bottle" dolls dressed in red, white and blue, and handmade by Bluebird leader Eileen Fisher. The dolls are on display at Fisher Market and may be purchased for $5 each. Profit from the sale will be used for service projects in the Bluebird group.

Table decorations for the father-daughter box supper were blue gingham flowers with red star centers blooming in the center of the table and marking each place setting for the father and daughter. The Bluebirds thank Kathy Fette for helping their leader with decorations.

Fisher's Meat Market is sponsor for Sunshine Bluebirds.

The Muenster Community 4-H Club saw a film on the History of the Extension Agents, shown by Larry Weise during the March 6 meeting held in the TP&L Building.

Sixteen members and 1 adult leader were present. Albert Zimmerer, Jr. presided for the business session and Pat Davidson called roll. Connie Lutkenhaus and Shelly Zimmerer led the opening song.

Members voted to give a memorial donation to the Muenster Public School Library in memory of Mary Lou Fleitman, who was a former member of the Community 4-H Club.

Debbie Zimmerer reported the meeting.

Pat: What do you think of clubs for women?

Public School Happenings

Third and Fourth Grades

Third and fourth grade students at Muenster Public School have produced a colorful film strip for the Governor's Office of Traffic Safety in Austin. This filmstrip was shown at the PTO meeting Monday night.

Title of the film is "The Safest Show on Earth." Materials were provided by the Governor's Office of Traffic Safety for the purpose of stimulating youngsters to become more aware of pedestrian, bicycle and passenger safety fundamentals.

In the Safety Ranger program students drew their own illustrations. These were reproduced in Austin by Canson Associates Limited, designer of the program. Each participating class receives a custom filmstrip using work done by the class. The film strip and a sound recording become the property of the school.

A reflective bicycle sticker and certificate were presented to each student for his or her work.

Sixth Grade

On Friday, March 12 the 6th grade of Muenster Public School gave a production of "Tom Sawyer" for the 5th grade. Lyle Huchton played Tom Sawyer, Douglas Walterscheid played Huck Finn, Jerry Serna was Injun Joe, Carla Walterscheid was the teacher, Traci Sawyer was Becky Thatcher and Charlotte Fleitman played Aunt Polly. Costumes were supplied by the actors. Charlotte Fleitman reported for the 6th grade.

Kindergarten

Deano Bayer, whose 6th birthday was Sunday, March 14, celebrated with his kindergarten classmates on Monday when his mother Mrs. Claude Bayer and his sisters Amy and Vickie, brought refreshments of punch and chocolate brownies and treats of bubble gum and balloons.

Kindergartners celebrated early on Friday for the Sunday March 21 birthday of Vicki Truebenbach to observe her 6th birthday. The class and teacher lit the candles on the class birthday cake and sang the "Happy Birthday" song.

First Grade

First Graders are getting special attention from High School Seniors who are enrolled in Mrs. Joni Sturm's Child Development Course. Seniors are working with first graders on several projects in order to learn more about young children.

The first project was to listen to the children read a story and then assist in making paper bag puppets to retell the story. The next project for seniors and first graders will be paper plate clocks. The first graders will benefit from the review and the seniors from the experience of working with young children.

First Grade

Bookworms have been earned by Carol Morrow, Mark Hennigan, Michael Knabe, Kristi Pagel, David Hensley, Billy Hall, Brian Klement, Steven Whittington and Angela Oakley. They have each completed 26 books outside of their regular classwork.

Sixth Grade

On March 15 Edgar Dyer, agriculture instructor at M.H.S. presented to the 6th grade science class a demonstration on which is lighter-helium, compressed air or human air. He filled some balloons with helium, others with compressed air and students provided the "human air".

The demonstration proved that helium is lighter than atmospheric air and compressed air is the heaviest of the three.

At the conclusion of the class, Mr. Dyer filled colored balloons for each with helium and it was a pleasure to watch them float out of sight.

Junior High

Junior High School try-outs for Oral Reading were held last Thursday. The three students that will represent MPS in this UIL district contest will be Nita Browning, Mark Douglas, and Beverly Trubenbach. The alternates are Judy Walterscheid, Julia Bright, and Todd Richey. Other students that participated were Judy Clower, Cathy Flusche, Benji Luke, Kim Walterscheid and Phil Wolf.

Oral reading is one of the Junior High UIL contests to be held April 27. This contest is designed to provide students in grades seven and eight with an opportunity to prepare them for high school contests in oral interpretation and prose reading.

FHA Meeting

The March meeting of the Muenster High School FHA held Tuesday at 2:30 p.m. Plans for participation in German Week were made by members and working committees were appointed. FHA activities this week includes election of officers.

Mother-Daughter Banquet

Students of the Homemaking Classes of Muenster High School entertained their mothers in the cafeteria on February 19, with a dinner beginning at 7 p.m. followed by a program and style show.

Homemaking department classes planned and prepared the meal and created decorations and table centerpieces of fabric flowers in red and white, emphasizing Valentine colors, FHA colors and school colors.

All members of the Homemaking Department classes participated in the style show, modeling garments they made. Jeanne Swirczynski was narrator.

The program was themed: "Love Will Keep Us Together". Margie Wolf was mistress of ceremonies. Mrs. Henry Weinzapfel led the invocation and Terri Britain gave the welcome with response by Mrs. Earl Walterscheid. Laura Sicking gave the project report and future homemakekrs introduced their mothers.

Songs by a group consisting of Deb Schneider, Melissa Weinzapfel, Becky Douglas, Gay Mollenkopf, Pat Davidson and Kenya Hale entertained members and guests. A poem: "Benediction to Mothers" was given by Connie Walterscheid as the closing Benediction.

A lawyer, chased a purse snatcher six blocks down the street and stood by until police had nabbed the man.

"I wasn't trying to catch the fellow," said the lawyer. "Business has been a little off, and all I wanted to do was give him my card."

Reducing plan for energy users

Plan B
How to save electricity with refrigerator-freezers

1. Defrost regularly. More than ¼" of frost will act as insulation and causes your refrigerator/freezer to work harder to maintain a proper temperature. Replace worn door gaskets to prevent cold air loss.
2. Keep refrigerator temperature setting between 35° and 40° – freezer setting at 0°. (Use thermometer to check.)
3. Adjust temperature up 2° or 3° if you'll be away several days.
4. Don't leave door open unnecessarily. Close quickly.
5. Avoid overcrowding. It restricts cold air flow around food and overworks unit.
6. Cover all liquids placed in frost-free units. (Moisture causes frost and needless defrosting.)
7. Keep condenser coils on back and bottom of your refrigerator/freezer free of dust for more efficient operation.
8. Cook double recipes and freeze half for future use.

Conserve electricity and you help conserve one or more of the fuels needed to produce it: natural gas, coal and oil. Conserve fuels and you help assure that there will be enough to meet essential needs for electricity in the future.

When you pass a TP&L office, warehouse, generating plant or other facility, you'll see that we've turned off all non-essential lighting. And, in as many other ways as possible, TP&L is reducing its own uses of electricity.

If you would like additional information on conserving electricity, call or see the Customer Service Representative in the TP&L Office.

Hornets Nudge Frisco Coons 4-3

A favorable grouping of hits, walks and errors enabled the Hornets last Thursday to slip past Frisco's Coons 4-3 in spite of being outhit 8-5. The big factor was that the visitors' hits were scattered in five innings and they got no walks or errors to help them along.

Nick Walterscheid and Danny Endres did the hurling for Muenster. They got only four strikeouts between them but gave up no walks and their teammates did a good job of fielding.

Hornets took the lead in the first as Randy Reiter got on and scored on Tim Wolf's double . . . and Wolf brought in the second run as Frisco made an error on the play.

A home run by Ortega put the Coons on the board in the second, and a pair of successive hits tied the count in the fourth. Next Frsco took the lead with a double steal in the sixth.

MHS tied the count in its half of the sixth as Wolf walked, stole second, went to third on Nick Walterscheid's hit and came home on Dan Endres' bunt.

The win came in the bottom of the seventh as the Coon pitcher loaded the bases on walks and walked in Wolf with his third run of the game.

Hornet hitters were Tim Wolf, Bob Endres, Nick Walterscheid, Kim Walterscheid and Carl Pagel.

Tigers Miss First By Drop of Baton In Meet at Chico

Sacred Heart Tigers running in the Dragon Relays at Chico last Saturday made a heartbreaking start that eventually dropped them from first to fourth place. They had a nice lead in the 440 yard relay and dropped the baton on the final exchange. So, there was 20 points down the drain, which otherwise could have given a comfortable margin in first place.

The meet turned out to be keenly contested by the top four teams, with a spread of only 14 between No. 1 and No. 4, and the final standings were not determined until the final event.

With a total of 17 Class B schools entered, Lindsay was the champ with 77½ points. Then came Chico with 75, Paradise 72, Sacred Heart 63½ and Era 41.

The Tigers earned their points as follows.

880 yard run: Bruce Fuhrmann, 1st, 2:06.

100 yard dash: Craig Sangster, 4th, 10.8.

220 yard dash: Craig Sangster, 4th, 24.7.

440 yard dash: Joe Sicking, 4th,, 56.4.

High jump: Roger Endres, tie for 5th, 5'10".

Shot put: Mark Hess, 2nd, 44' 6¼".

Discus: Mark Hess, 5th, 125'-3½".

Mile run: John Henscheid, 1st, 5:00.

Mile relay: Sacred Heart 1st, 3:46, Roger Endres, Mark Hess, Joe Sicking, Bruce Fuhrmann.

Coming up this week is a meet on the Saint Jo track hosted by the Tigers. Expected in the action are Lindsay, Era, Valley View, Saint Jo, Sacred Heart, Callisburg, Collinsville and a number of others. Field events will start at 2, track events at 3:30.

Tim Wolf handled the pitching assignment by himself and gave up three hits and a walk while fanning 7. The visitors used two hurlers whose combined effort resulted in 10 hits, 5 walks and 8 strikeouts.

Confetti - - -

portion of the union's funds come from compulsory membership dues, whereas business is harrassed for making voluntary contributions.

The situation in a nutshell is this. A few union bosses representing a membership of about 20 million, roughly 10 per cent of the population, have a frightening influence in our government. Isn't it about time for voters to wake up and get rid of the characters who are doing chores for behind-the-scene dictators?

Re-issue of the two-dollar bill on April 13 seems to be a good idea in more ways than one. With inflation romping along as it has over the past few decades the $2 will about do the job that $1 used to. So we'll be able to use the one double denomination bill where we have been using two ones. Besides they will make it possible to reduce slightly on the bulk of a wallet. On both counts that will appeal to most of us.

But the best reason is our government's saving of about $30 million a year in printing expense. They tell us that 1.6 billion $1 bills are printed every year, and it is believed that the volume of $1 bills will be cut in half in the next several years. That's a cut of 800,-million bills a year, which is to be offset by the production of about 400 million of the $2 bills every year.

However, we'll have to wait and see. When the bills were discontinued in 1966 a reason given was that people did not like them, partly because they were usually kept with ones in a wallet and there was the chance of giving them instead of the ones. That may change now because prices make the twos a lot more useful and they will not be strays in the wallet as they were before.

Introduction date for the $2 bills is April 13, Thomas Jefferson's birthday. That's especially appropriate since his picture will be used on the front. Picture for the back will be a reproduction of John Trumbell's famous painting "The Signing of the Declaration of Independence."

Winners in the 1976 Cooke County Our Little Miss contest held in Gainesville March 13 were, left to right, Little Miss Susan Earle of Gainesville, Ideal Miss Tawni Vowell of Valley View and La Petite Miss Connie Cox of Gainesville. The Pageant, sponsored by Kappa Theta Chapter of ESA for the benefit of Camp Sweeney, added $1,145 to the amount of donations from the sorority to the foundation over the past several years.

Later the family visited with the Charles Felderhoffs and helped Larry celebrate his 3rd birthday.
