Censure Session Goes On Despite McCarthy Injury

THE SPARK OF LIFE

Three-year-old Eugene Della Russo opens his eyes and reaches up to touch the cheek of Fireman William Desmond as an oxygen mask is removed from the tot's face after he was rescued from his home at Boston. The child and his parents were revived after being overcome by gas fumes. The mother called for help before she collapsed. Holding mask is Fireman John J. Mullen.

Knowland Renews Call For Break With Russia

By JACK BELL

WASHINGTON (AP)—Sen. Knowland (R-Calif) renewed today his call for a diplomatic break with Russia, saying the action would impose a "moral sanction" against any further expansion of Communist influence.

He spoke out in an interview after a bipartisan conference of congressional leaders with President Eisenhower yesterday. The divergence of foreign policy views between the President and the party's Senate leader apparently went unmentioned at the conference.

Eisenhower has rejected a previous proposal by Knowland for a break in diplomatic relations with Moscow, declaring that a way of living together in peace with the Russians must be found.

Knowland criticized talk of "peaceful coexistence" with Russia in the Senate Monday. There should be a searching congressional review of the nation's foreign and defense policy, he said, to determine whether it needs "a basic change."

Secretary of State Dulles subsequently said the free nations, largely under U.S. leadership, have strengthened themselves against Communist pressure, and that he knew of no emergency requiring a special review. Secretary of Defense Wilson said the alternative to some form of peaceful coexistence is war.

As did Dulles, Knowland said the term "peaceful coexistence" is subject to a number of interpretations.

"But to me it means coexistence in a free and a peaceful world," he said. "It doesn't mean the kind of peaceful coexistence the Thanksgiving turkey has until the ax falls on his neck.

"We cannot be unconcerned with Communist expansion and permit them to build up to the point where there is an atomic stalemate in which we would be powerless to stop them."

Knowland said he believes there are several ways short of war in which the Soviets could be put on the defensive. A break in diplomatic relations, he said, would provide a "moral sanction" which would make the rest of the world sit up and take notice.

Others who conferred with Eisenhower and Dulles yesterday on foreign and defense policies reported what seemed to add up to a lessening of tension.

Sen. George (D-Ga) said the President and secretary of state appeared to have "a strengthened conviction that we are moving toward a stronger position in meeting the difficult problems of the world."

"They have increased faith in the eventual solutions of these problems," he said. "There was a growing feeling that these problems are not insoluble."

George and other conferees said Eisenhower and Dulles indicated a belief that the Russians are encountering internal difficulties within their satellite countries, with a consequent weakening in the Soviet's world position.

A White House statement said Eisenhower called at the meeting for a "continuing bipartisan approach to foreign affairs and national security matters." Conferees said the President assured Democrats they will be consulted in advance of decisions on critical issues.

U.S. Minister Visits Fields

BUDAPEST, Hungary (AP)—U.S. Minister Christian M. Ravndal and First Secretary Donald Downs visited Noel and Herta Field today. Both "seem to be well off," Ravndal told correspondents after he returned to his office.

The Hungarian government announced yesterday that the American couple had been freed after five years imprisonment. The official announcement said spy charges against them had been dropped.

Ravndal said Noel Field is "apparently suffering from a stomach ailment and they both are going today to enter a Budapest hospital for examination and treatment."

The legation will supply them with some American magazines and periodicals.

Field's brother, Hermann, similarly has been in a sanitarium in Warsaw since his release by the Polish government late in October.

Hermann's British-born wife has announced in London she expects to join him soon in Switzerland.

Kefauver To Oppose Libby's Confirmation

WASHINGTON (AP) — Sen. Kefauver (D-Tenn) served notice today he will fight against Senate confirmation of Willard F. Libby as a member of the Atomic Energy Commission. Kefauver took this position after Libby had said he favored the controversial Dixon-Yates power contract.

The Dixon-Yates dispute flared anew when the University of Chicago scientist went before the Senate-House Atomic Energy Committee, which is considering President Eisenhower's appointment of Libby and John von Neumann of Princeton, N. J., to fill vacancies on the AEC.

Gerber Denies He Made Statement

By RALEIGH ALLSBROOK

CLEVELAND (AP)—Coroner Samuel R. Gerber denied today that he ever said Marilyn Sheppard was beaten to death because she was pregnant, but he admitted checking into a rumor that her husband, charged with the killing, was sterile.

"Did you ever assert that the murder was the result of the pregnancy of Marilyn Sheppard?" asked William J. Corrigan, chief defense counsel for the slain woman's husband, Dr. Samuel H. Sheppard, 30-year-old osteopath.

"I never did," replied Gerber.

Corrigan then demanded whether Gerber had not intimated the brutal bedroom bludgeoning of July 4 was the result of the victim's four-month pregnancy with her second son.

"I never heard of it," the coroner answered.

The possibility of the defendant's being sterile was touched upon at the murder inquest last summer, but no evidence has been introduced to support or refute the widespread rumor.

Earlier, the coroner, on the stand for the third straight day in the nearly five-week-old trial, brought into court a number of articles removed from Sheppard's home. They included a shotgun which Gerber said was taken from the house by Dr. Richard Sheppard, Sam's brother, and later turned over to authorities.

Other items in Gerber's collection were a piece of iron pipe the coroner said was from the defendant's sports car, a Jaguar; a riding crop, and a tire tool.

There also were two towels Gerber said showed "no blood", and a rust-stained dirty T-shirt found near the Sheppard home and likewise having no blood spots. The T-shirt was picked up the day of the murder in a search by police for Sheppard's missing T-shirt witnesses said Sheppard wore on the night of the killing.

Corrigan blasted Gerber for failing to test carpeting in the Sheppard house for blood stains on the day of the slaying, and Gerber responded:

"I didn't see anything I thought was blood, but I didn't get on my hands and knees to go over the carpeting completely."

The defense counsel then asked if it wasn't a comparatively simple matter to expose stains in the dark by using a "luminal" spray.

The coroner said it was considerably more complicated than Corrigan made out, and in the interchange asserted:

"You're 100 per cent wrong... Luminal must be used with absolute care."

Seven Nations Seek Russian Okay On Atoms-For-Peace

By TOM HOGE

UNITED NATIONS, N. Y. (AP)—The United States and its six atomic partners sought Soviet approval today for a revamped proposal designed to get President Eisenhower's atoms-for-peace program rolling.

The seven sponsoring powers planned to present their revised resolution to the U. N. Assembly's main Political Committee today. U. S. Chief Delegate Henry Cabot Lodge Jr. described the new draft as a "solid resolution" taking into account changes suggested by Russia, India and other nations.

After a 90-minute huddle with his six cosponsors last night, Lodge predicted the new resolution to set up an international atomic agency would win unanimous support of the 60 U. N. members, including Russia.

The Western resolution was revised after three days of closed-door talks between Lodge and Russia's Andrei Vishinsky. A U. S. source said Vishinsky was informed last night of the changes made in the resolution and was given the chance to suggest any further alterations.

Informed sources said the seven Western Powers were determined to push ahead with the resolution with or without Russian agreement.

The general feeling was that, despite their apparent inflexibility on certain points, the Russians would finally agree to the resolution and might even consent to join the United States, Britain, France, Canada, Australia, Belgium, and South Africa in sponsoring it.

The main snag has been Russia's demand that the proposed agency be placed under the control of the Security Council, in which the Soviets wield veto power. The United States wants it to be a specialized agency with its own constitution, unhampered by the veto.

Observers expressed belief the revised draft would have the agency report to the Security Council but would be so phrased as to avoid placing it under the council's authority.

Vishinsky appeared moving toward agreement yesterday when he told the committee that the Russians "adhered to the framework of the draft resolution which . . . contains a number of entirely acceptable provisions."

"I have a feeling," he said, "that both parties are making every effort to eliminate or compose the differences which exist."

Western delegates were heartened also by Russia's acceptance of a place on the advisory committee to arrange an international scientific conference on the peaceful use of atomic energy.

Senate Race Absentee Vote Begins Monday

Voting by absentee ballot in the special election of Dec. 11 is expected to begin Monday, provided ballots furnished by the state government are available at that time.

The provision by statute is that absentee ballots in practically all elections may be issued to voters "not more than 20 or less than three days prior to the date of election."

This is interpreted by most attorneys in election matters as meaning that absentee ballots may only be issued within that period but that ballots properly issued are to be cast in the election even after that period if returned to the county clerks before 1 o'clock the afternoon of the election day.

This will put the deadline for obtaining absentee ballots at midnight Dec. 7.

Ballots have not yet been received here, according to Pat Johnston, county clerk. The ballots will bear the names of properly announced candidates for the office of state senator of this district, an office vacant by reason of the recent death of Harley Sadler.

Announced candidates are Dr. Robert F. Wasson of Snyder, Cecil Lotief and Juston Morrow of Rotan, Dan T. Sorrels and Truett Latimer of Abilene, Pat Bullock of Colorado City, and David Ratliff of Stamford.

An additional special election may be necessary at a later date in event either Ratliff or Latimer is elected. They are now members of the house of representatives.

Persons qualified to vote by absentee ballot are certain military personnel, provided their voting is in the county of their legal residence at the time of their induction or enlistment, those who have reason to believe they will be absent from their resident county on the date of the election, and those physically hindered from attending the polls on election day because of illness or other providence. All such persons must, however, be otherwise qualified electors.

Dever Service Is Set Friday

Funeral services for Mrs. Clara Ann Dever, 81, of 3301 Avenue G, will be held at 2 p.m. tomorrow in the First Methodist Church. Mrs. Dever died yesterday morning in Battenfield-Jones Clinic-Hospital.

The Rev. J. Lennol Hester, pastor of the church, will officiate at the services. He will be assisted by the Rev. T. Gerald Cates, pastor of the Calvary Baptist Church, and the Rev. Brice Sandlin, pastor of the Trinity Baptist Church in Portales, N.M.

Mrs. Dever, the wife of William Elijah Dever, had lived in and near Snyder since 1908 with the exception of a short time the family spent in New Mexico. Mr. Dever, a retired farmer, is hospitalized as the result of a heart attack.

Mrs. Dever was born May 8, 1873 in Kentucky, the daughter of the late Mr. and Mrs. Robert E. Lee Heath. She was married to Mr. Dever on July 24, 1894, in Dukedom, Tenn., and the couple moved to West Texas from Weakly County, Tennessee, in September, 1908. They settled southwest of Snyder. The family moved by wagon train to New Mexico in 1916, settling where the town of Jal is now located, later returning to Snyder.

Mrs. Dever was a member of the Methodist Church.

Mild Autumn Endures

The temperature reached a warm 73 degrees in Snyder yesterday afternoon as mild autumn weater continued over the area. The overnight low was 45 degrees, with 47 degrees recorded at 7:30 this morning, Mrs. D. P. Strayhorn, weather observer, said.

IKE GETS GIFTS

Receiving a fine Thanksgiving turkey at the White House, President Eisenhower remarked he'd like to know how to raise them like this on his farm. One of his guests thereupon whipped out this book, "Turkey Management," drawing an appreciative laugh from the president. With one hand on the bird is Perry Browning, Winchester, Ky., who made the presentation as head of the National Turkey Federation.

First Vote Due Friday

WASHINGTON (AP)— Republican Leader Knowland (Calif.) said today the McCarthy censure debate will continue at least temporarily despite the absence of Sen. McCarthy because of an injury.

Knowland said the possibility of a recess had not been ruled out, however, and that he was continuing consultations with other senators.

Knowland said he expected to have something definite to say about Senate plans later.

The GOP leader gave this word to reporters when the Senate convened.

Advices from Bethesda Naval Hospital, where McCarthy was entered as a patient yesterday, were that the senator's injured elbow was improving but that he might be there several more days.

Knowland said the debate and possible voting would continue "only in the event it is agreeable to the various parties."

He said he had not talked to Sen. McCarthy but planned to contact him later.

Knowland said he would consult with McCarthy and those aiding him in the Senate, spokesmen for the Watkins committee which unanimously recommended censure, and the Democratic leaders.

Democratic Leader Johnson of Texas said any decision on continuing or delaying Senate action was up to Knowland as majority leader.

Knowland said he was sure that if McCarthy requested a delay in the proceedings, the Senate would grant it.

Tabbed for the first Senate speech of the day was Sen. Brown (R-Nev). He has opposed censure of McCarthy on the count involving McCarthy's conduct toward an Elections subcommittee in 1951.

Knowland said he understood Sen. Dirksen (R-Ill), who has urged that some compromise be worked out on the censure issue, planned to speak later in the day.

Matters were shaping up toward a possible preliminary vote tomorrow on the censure issue.

Also in the works was a McCarthy camp move, expected either tomorrow or Saturday, to quash the censure charges. This move, subject to an immediate vote, was expected to fail.

The timing and the nature of the issue on the first test appeared to depend largely on McCarthy's release from Bethesda (Md.) Naval Hospital and how Sen. Dirksen (R-Ill) seeks to modify the censure resolution.

A six-man committee headed by Sen. Watkins (R-Utah) has recommended that McCarthy be rebuked on grounds that he (A) treated contemptuously a Senate elections subcommittee which investigated his finances in 1951-52 and (B) repeatedly abused Brig. Gen. Ralph W. Zwicker, a witness before him.

Dirksen reserved time in today's debate to explain changes he said he will propose in the special committee's resolution. Sen. Bennett (R-Utah) said any compromise "inevitably" would call for the sort of public apology that McCarthy thus far has refused to make.

Sen. Welker (R-Idaho), who held the Senate floor all day yesterday in McCarthy's defense, said it was "absurd" to censure McCarthy for his treatment of the elections subcommittee.

At one point he invited the Senate to censure him if it wished to, because he had complained that the absence of all but about a dozen senators when he was speaking showed "total disrespect for the man. . .who faces censure."

McCarthy went unannounced to the hospital yesterday for treatment of his right elbow. Aides said it was painfully bruised when banged against a glass table top last Saturday when he was shaking hands at a testimonial dinner in Milwaukee. Hospital officials said treatment might require "several days."

Sen. Knowland of California, the GOP leader, said he expects to learn later in the day whether McCarthy plans a formal speech before any vote is taken and when he can return to the Senate sessions.

Sen. Case (R-SD) said a question of "propriety" was involved in possible Senate action while McCarthy was absent, and Sen. Jenner (R-Ind) said that perhaps debate should be recessed until McCarthy returns.

Democrats Map Revisions On Nation's Domestic Policies

By WILLIAM F. ARBOGAST

WASHINGTON (AP)—Democratic leaders are shaping up a legislative program almost certain to create friction with President Eisenhower in the new Congress.

As outlined yesterday by Rep. Rayburn (D-Tex), it includes, in the controversial area, new farm legislation, pay raises for federal employes and tax revision.

Rayburn, who is in line to become speaker of the House when Democrats take over Congress Jan. 5, and Rep. McCormack (D-Mass) discussed the program after informal huddles with other Democratic leaders here for yesterday's White House foreign policy meeting. McCormack is slated to be House majority leader.

The program currently does not involve foreign policy. In that field, Rayburn told newsmen, Democrats hope for a bipartisan approach and for cooperation. What they want, he said, is "a strong foreign policy and a strong national defense."

One of the first things the new Congress will consider, Rayburn said, is a general pay raise for all federal workers, including postal employes.

Just before adjournment last summer, Congress sent the President a bill to raise these salaries, but the President declined to approve on the ground Congress did not provide money to help foot the bill.

Rayburn said he is opposed to increasing first-class letter rates to 4 cents, as the administration asked to help offset any pay boosts. He did not rule out proposed hikes in other rates.

While some Senate Democrats have said they favor a trial period of at least a year for the new farm price support system, Rayburn asserted he is for "90 per cent parity." Parity is a legal standard for farm prices said to be fair to farmers in relation to their costs.

At the President's insistence, the recent Congress replaced the old rigid 90 per cent supports on basic crops with a new law providing for flexible scale ranging between 82½ and 90 per cent of parity.

Congress will have to decide early in the year what to do about scheduled reductions in corporation and excise or sales taxes, but no other major tax legislation is likely during the first session of the new Congress. But a new tax law, aimed at removing what Rayburn called "inequities," is almost certain to be considered during 1956, a presidential and congressional election year.

Rayburn predicted that the House Ways and Means Committee will review the entire tax structure.

Benson Says Outlook Good

CHICAGO (AP)—Prospects of farmers in 1955, says Secretary of Agriculture Benson, are "very good" and he expects prices to remain stable at about present levels.

He also predicted last night "an expanding and prosperous agricultural economy" will accompany the growth of the nation's population in the future.

He said by 1970 the population will have increased to 200 million and this means "we will have to increase our total agricultural production by about one-fourth."

That means, he said, "We must obtain this expanded production from roughly the same acreage in cultivation now. Some economists say the average farmer can increase his net income by 25 per cent. Some say 50 per cent. Some say more.

"But there's an if—if he uses all the new tools and techniques, the better breeds, better seeds, better feeds and better cultural practices now available."

Benson spoke at the Illinois Agricultural Assn. convention and at a news conference. He said he expects no changes in the "basic, fundamental" parts of the new agricultural act. However, he added, he figures there will be a "need for some refinements and modifications."

He said dairy prices will increase if the sales promotion program goes well, adding that progress is being made in reducing the over supply of dairy products.

Salvation Army's Funds Help Needy

The Salvation Army is 65 years old as a Texas unit this year, and is has 35 corps in the principal cities in the state and service unit committees in 114 other cities and towns.

Scurry County is served by a service unit committee, headed by C. E. McGaw. "The Salvation Army," McGaw explained, "is the only organization in Snyder and Scurry County which uses all of its funds for charitable and benevolent purposes only.

When the Salvation Army Unit raises its budget here, one-third of the amount remains in the county, while the other two-thirds is sent to the state office in Dallas. The money sent to the state unit is used for many needs. Even some of the money, McGaw said, could be sent back here. "If we run out of funds locally, we do not go back to the people in another drive. We can send to the state office for the needed funds." The chairman said such has not been necessary lately, since the funds kept here have been adequate.

Giving an example of the unit committee's work here, McGaw told of a husband and father who recently deserted his wife and two children. The Salvation Army paid the rent and grocery bills of the family, as well as purchasing some clothing for the children until the mother was able to work. The Salvation Army finally contacted the father, he said, and the family was reunited after about three months.

On another occasion, he explained, a family moved to Snyder with the promise of a job for the husband. He worked only three days before becoming ill. The Salvation Army paid the family's grocery, rent, and doctor bills for a period of about three weeks during the illness.

Many persons, McGaw said, become stranded while driving or traveling through Snyder and the county, and the Salvation Army is the only local organization which helps transients to buy gasoline, food, and lodging to help them on their way.

"We do not give money to anyone," he said, "but we issue orders for such needs, and orders are always given to local merchants, who benefit from the spending of these funds.

The Salvation Army also gives Christmas baskets or cooperates with other organizations in bringing Christmas to the needy, he said, adding that $50 to $100 is spent each year for that purpose.

More than 1,000 persons were given aid locally during the past year, McGaw said. "The Salvation Army has never refused to give aid to anyone worthy and who needs help," he said.

Main purposes of the Salvation Army are: assistance to the needy, help to transient and homeless persons, a growing youth guidance and character-building program, a voluntary parole service to work in the reclamation of former prisoners, a home and hospital for unmarried mothers, a moral program for servicemen, a Christmas program in most cities and towns, Evangeline homes in the large cities for young girls, a program of religious guidance and evangelism, and a disaster service ready to go into action anywhere in the state at short notice.

The Salvation Army here is one of eight agencies in membership of the Scurry County United Fund, which is now conducting its first annual drive. The Salvation Army's part of the $29,500 budget is $3,600. Of this $1,200 will remain here for local aid, and $2,400 will be sent to the state headquarters.

WEATHER

NORTH CENTRAL TEXAS: Fair this afternoon, tonight and Friday. Cooler this afternoon and tonight. Lowest 38-46 tonight.

WEST TEXAS: Fair this afternoon, tonight and Friday. Slightly cooler this afternoon and tonight. Lowest 28-35 in Panhandle and South Plains and 36-44 elsewhere tonight.

EAST and SOUTH TEXAS: Fair this afternoon, tonight and Friday. Cooler this afternoon and tonight. Lowest in 40s north portion tonight. Moderate to fresh northerly winds on the coast.

Land Sales To Veterans Under Probe

AUSTIN (AP)—Possible law violations in the sale of land to former GIs under the veterans land program are under investigation by several state agencies.

The state auditor's office, the Department of Public Safety, and the staff of the attorney general have been looking into some of the sales, particularly in South Texas and the so-called "Winter Garden" area of the state in the vicinity of Cuero.

Atty. Gen. John Ben Shepperd confirmed reports of such investigations yesterday. Shepperd said, "Any criminal action will have to originate with local prosecuting officials." He said County Atty. Wiley Cheatham of Cuero was cooperating with his office.

Shepperd added that the attorney general's office could not indicate "at this time" how many veterans, and how much money may be involved.

State Land Commissioner Bascom Giles, whose office administers the program, had little comment.

Under the program, a state project, veterans of World War II and the Korean War have been able to secure 40-year loans from the state to buy farms costing no more than $7,500.

The state has issued 100 million dollars in bonds under the program which allows a veteran to find a farm of his choice. If state appraisers approve the asking price, the state buys the land, then re-sells it to the veteran.

The veteran, who can re-sell the land in three years if he chooses, has 40 years to pay for it at three per cent interest.

Lillie Lawrence, left, and Mrs. Carl Lawrence look at dolls which Miss Lawrence purchased for gifts on trips to Italy, Hong Kong and Arabia. The suit Miss Lawrence wears was purchased in Hong Kong, her earrings in Spain, and her shoes, made of crocodile skin, were made in Kenya Colony of Africa. Her travels have now taken her completely around the globe. (Lee Watson photograph)

'Help Wanted' Ad Opens Door To Enjoyable Career, Travel

A "help wanted" ad in a Los Angeles newspaper opened the door to living abroad for Lillie Lawrence back in 1948. After six years in Saudi Arabia, she's never been sorry she answered that ad.

Miss Lawrence, making her third visit to the United States in six years, visited Monday and Tuesday in the home of her brother and sister-in-law, Mr. and Mrs. Carl Lawrence, 3800 Muriel Drive. She left yesterday afternoon for New Orleans, where she hopes to see a weekend football game, her first in a "long time." She will remain in the United States visiting relatives and friends until January, and is to report back at work on January 18.

"I had always wanted to travel," Miss Lawrence said. Several oil firms were expanding their Arabian operations in 1948 and were seeking employes in many categories to fill new jobs there. Miss Lawrence was employed by an oil company in Los Angeles, and her clerical skills qualified her for an overseas position with Aramco. She is classified a reconciliation clerk, checking on materials in the company warehouses.

Home for Miss Lawrence in Saudi Arabia is a company camp at Abqaiq on the Persian Gulf side of the penninsula which makes up this Arabian kingdom. About 400 families from the United States live in this camp, which is a city within itself. The summer heat is intense, Miss Lawrence said, but air conditioners keep the buildings at a pleasant temperature. During the three winter months the temperature sometimes goes as low as 38 degrees, and rain falls during these months if there is to be any rain during the year.

Sand dunes which surround the camp are equal in size to hills in this area, and May, June and July bring sand storms which sift the dunes endlessly. Topsoil has been brought into the camp's housing area, however, and families there can cultivate lawns and flowers if they wish. Oleanders thrive, and several other varieties of plants can be raised successfully with some protection from the hot winds. Water for the camp comes from deep wells, and is very hard, Miss Lawrence said. Sometimes water from the gulf seeps into the wells, making a brackish mixture. All drinking water is distilled.

Aramco encourages its employes to study Arabic, Miss Lawrence said, with special emphasis on common idioms and phrases. After attending several of the prescribed study classes, Miss Lawrence summoned her courage to ask a waiter for coffee in Arabic one night. Considering her request casually, he asked in perfect English, "Do you want coffee?" That ended her quest for mastery of Arabic. There is actually very little need to learn the language unless the employe is to work directly with the natives, she said, and more especially since the natives are taught English.

Aramco employes are given a long vacation every two years, and most of the U.S. families head for the States then. On their "off years," however, they are granted two-week vacations and plan shorter trips.

The cities Miss Lawrence has visited on her vacations read like a travel book, touching many points in countries near Saudi Arabia and in Europe. Picking a favorite spot from among these cities would probably be impossible, but Paris was probably the least pleasurable to Miss Lawrence. Switzerland is a beautiful country, she said, its residents courteous and helpful without being overly-friendly. The Scandinavian countries were clean and progressive, their people industrious and well-dressed for the most part. The foods in Italy were good enough to be major attractions (except for the spaghetti dishes), Miss Lawrence said.

The art of the ancient Greeks was of particular interest in Athens. Roman ruins near Beyrouth, Lebanon, bear testimony of the ingenuity and imagination which enabled the Romans to rule the then-known world. The enormity of the ruins was amazing, Miss Lawrence recalls, and she marveled that the structures could have been erected with only human strength.

Visitors abroad must be prepared to secure an endless chain of visas as they pass from one country to another, Miss Lawrence said. In many countries, tourists with cameras are frowned on although there often seems very little for even ardent camera fans to shoot. Learning to buy with foreign currency can be simplified if the traveler can work out some easy formula, she found. For example, the franc is roughly equal to a quarter, and by remembering that the novice can work out a table of costs.

Miss Lawrence spent three days in Bangkok, Thailand, and a week in Hong Kong on her way back to San Francisco. Tourists are allowed no closer than two miles to the Red China border on the mainland near Hong Kong, and she made no effort to go farther inland than her hotel on the coast (Hong Kong, a British crown colony, is on an island and may be reached by ferry).

The trip back will start at New York and take Miss Lawrence through Europe by air before she reaches Saudi Arabia. There's more to see on every hand, she says, still an ardent traveler, and plans for new trips are already underway.

Draft Ruling Is Questioned

LOS ANGELES (AP)—A selective service directive advising draft boards that pregnancy is a status over which prospective draftees have control has been challenged by the U. S. 9th Circuit Court of Appeals.

The appeal court's challenge is contained in a decision involving Warren E. Talcott Jr., 29, of Los Angeles, a commercial artist now with the Army at the Presidio in San Francisco. He asked the U. S. court in Los Angeles to grant him a writ of habeas corpus releasing him from the Army, but this was denied.

The appellate court cited an operations bulletin issued by Maj. Gen. Lewis B. Hershey to local draft boards, saying in part:

"Pregnancy is a status over which the registrant does have control, and it is therefore not a claim which can be classified under 'hardship' such as sickness, death or an extreme emergency beyond the registrant's control."

The appeal court said:

"We think the contents of the bulletin are morally and legally wrong. It invades the most sacred precinct of family life at a time when there should be the most complete mutuality between the spouses and in the face of nature's most demanding and significant urge in nature's scheme for propagating the species. It obliquely charges the youth of the land with corrupting the family relation into a way of avoiding service for cowards."

Talcott, in asking for a release, said he was denied the chance to make a personal appearance before his draft board and was over age when classified 1-A in 1952.

He claimed he was in the hardship category because his wife became pregnant after he received his 1-A classification but before he was inducted.

Cool Front Moving On Into East Texas

By The Associated Press

A cool front with a temperature drop of about 10 degrees moved into East Texas from the West Thursday.

The front was more defined in North Texas and faded into vagueness in the south.

Heavy fog cloaked the Gulf Coast during the early morning and several hours later was clearing but still foggy at Houston and Beaumont.

Traces of rain fell at Abilene, Mineral Wells and Wichita Falls. Dalhart, in the Panhandle, reported .04 of an inch of rain Wednesday evening as the front moved in.

Generally speaking, though, the front had little moisture.

Two Attacked By Girl Gang

CHICAGO (AP)—Two teen-age girls walking to a drug store for a soda were set upon and beaten last night by what police described as a "wolf pack" of six bluejean-clad girls.

The victims—Judith Gramm, 13, and Belva Stadt, 15, told police their cigeratte-smoking assailants threatened to "burn our eyes out." They said the attack was unprovoked.

Belva was treated for cuts and bruises but Judith was held in a hospital for treatment of a possible pelvis fracture. Juvenile Officer Robert Murphy said Judith apparently was kicked as she lay on the sidewalk.

Murphy said the victims' descriptions indicated the six assailants were members of a girls' gang known as the Blue Jeans which has been involved in other assaults and acts of hoodlumism on Chicago's South Side.

Grass skirts used in Hawaii were first imported into the islands in the 19th Century and the supply for the islands is made in New Jersey.

AREA OIL ROUNDUP

Deep Wildcats In Fisher, Nolan Set

Deep wildcats have been slated for immediate drilling in Fisher and Nolan Counties.

W. R. Berg and Plymouth Oil Co. will drill the Fisher test seven miles north of Eskota as the No. 1 L. L. Huddleston. Location is 330 feet from south and 2310 feet from east lines of section 9-K-T&P. Projected depth is 6,400 feet.

Humble Oil & Refining Co. No. 1 Ora Mae Ussery and husband is to be drilled two miles northwest of Nolan in Nolan County. Drillsite has been set 330 feet from south and 1,930 feet from east lines of section 65-X-T&P. Rotary tools are to be used to drill to 6,500 feet.

DIAMOND M TEST

Lario Oil & Gas Co. of Midland has filed application to drill the No. 8 Arnett in the Diamond M-Canyon field about eight miles west and a mile north of Ira.

The well site is 1,314.12 feet from south and 20 feet from west lines of the southeast quarter of section 76-25-H&TC. That is about 10 miles north of Vincent, and a short distance from the north end of the CRMWD dam on the Colorado River. Contract depth is 7,000 feet.

KENT COMPLETION

Stanolind Oil & Gas Co. has reported completion of the No. 1-D S. M. Swenson in the SMS-Canyon sand field of Kent County.

The well flowed 24 hours for a potential of 140.85 barrels of 38.7-gravity oil with no water. The flow was through a 14-64th-inch choke with gas-oil ratio 259-1. Tubing pressure was 115 pounds. Production is from perforations at 6,180-190 feet.

The new oiler is 660 feet from south and west lines of section 22-2-H&GN.

NEW DAWSON TEST

Seaboard Oil Co. and others are to drill the No. 2 L. B. Vaughn as an 8,500-foot project in the Spraberry Deep West - Pennsylvanian field of Southeast Dawson County.

Site has been staked 1,587.7 feet from north and 2,022.7 feet from east lines of section 39-34-t5n-T&P, one-half mile east of Midway. That location is also one location south of the Pennsylvanian reef discovery of the field. Drilling is to start at once.

In the same field, Seaboard Oil and others have reported completion of their No. 1 H. B. Wier for a 24-hour flow of 254.69 barrels of 43-gravity oil.

Production is through perforations at 7,570-595 feet, where fracture material had been used. Gas-oil ratio on the test was 271-1.

The No. 1 Wier is 660 feet from east and south lines of section 34-34-t5n-T&P.

DISCOVERY FLOWS

The Texas Co. No. 1 Texas-Magnolia-Sallie W. Ratliff, Ellenburger discovery in Northeast Ector County, flowed oil at the rate of 24 barrels hourly for four hours with a shakeout of 12 per cent load water on preliminary production test.

The flow was part of a 24-hour flowing and swabbing test which yielded 393 barrels of oil and 53 barrels of load water. The 24 barrels hourly was made during the last four hours of the 24. Testing was through a 48-64-inch choke and perforations in casing from 13,560-580 feet. Pay had been acidized with an unreported amount.

Location is in section 25-42-t1s-T&P, 16 airline miles west of Midland.

DRILLING REPORT

Seaboard Oil Co. and others have filed application to deepen to 9,000 feet at the No. 1-45 T. J. Good, Borden County wildcat. Originally drilled to test the lower Spraberry sand, this project has found oil in the Pennsylvanian reef lime and operators want to test those shows. The well is in section 45-33-t4n-T&P, four miles east of Ackerly.

Elsewhere in Borden County, Shell Oil No. 1 Clayton & Johnson is at total depth of 5,996 feet in lime and trying to restore circulation. Texaco No. 1-C Clayton is running eight and five-eighth-inch casing at total depth of 3,027 feet. Texas Crude No. 1-9 Good is drilling in lime and shale below 6,166 feet.

In West Fisher County, Robert L. Wood No. 1 Criswell is drilling in shale and chert below 5,597 feet.

Stanolind No. 3 Classen in Southeast Dawson County is drilling in anhydrite below 4,032 feet.

FISHER EXTENDER

Sid Katz and associates of Abilene have completed their No. 1-B Nina Wheeler and others as a five-eighths of a mile southeast extension and the second Canyon sand producer in the Raven Creek field of Southeast Fisher County.

The field also has production from the Strawn lime formation.

The new well is a former dry hole quit at total depth of 4,631 feet by J. W. Wheeler and associates in 1948.

Katz deepened the project to 5,565 feet. No shows of production were logged in the lower zones and the hole was plugged back to 4,238 feet.

The casing was perforated at 4,231-236 feet and 4,241-244 feet. On the potential test the well pumped 40 barrels of 41-gravity oil plus 30 per cent water per day. The perforated sections had been fractured.

The location is in George Creath survey No. 221 and eight miles northeast of Eskota.

NEW WILDCATS

Wildcat locations have been staked in Sutton, Runnels and Schleicher Counties.

W. M. Lyle, Midland, will drill his No. 2 G. C. Allison as a 6,500-foot wildcat in North Sutton County, 14 miles east of Sonora.

Site is one and a quarter miles west of production in the two-well North Branch gas field, 660 feet from south and 1,980 feet from west lines of section 91-9-TW&NG.

Union Oil Co. of California will dig No. 1 Robert Millican as a 6,300-foot wildcat six miles northeast of Eldorado in North Schleicher County. Site has been staked 660 feet from south and east lines of section 71-LL-TC.

Gilcrist Drilling Co., Abilene, spotted location for a 3,400-foot wildcat three-quarters of a mile southeast of the 3,400-foot Ballinger-Palo Pinto field of Central Runnels County.

It is the No. 1 Hugh Campbell 330 feet from south and west lines of the most westerly 100 acres of Joseph Rays survey 530 6-8.

Rites For Accident Victim To Be Here

Funeral arrangements are incomplete for Almon L. Culbertson, 76, a former Snyder resident, who died Sunday in Big Timber, Mont., of injuries received in an automobile accident Saturday.

Mr. Culbertson, the brother of Mrs. Neva Ware of Snyder, had made his home in Big Timber for several years. He was the son of the late Mr. and Mrs. Alonzo Perry Culbertson.

Bell Funeral Home is to direct services and burial in Snyder Cemetery.

Temperance Group Is Urged To Combine Judgement, Emotion

DALLAS (AP) — A Milwaukee churchman told the annual meeting of the United Texas Drys, Inc. here yesterday that "temperance workers must "link emotion with judgment if we are to get the job done."

"Perhaps too much emotion has been displayed in the past with temperance work," said the Rev. Ernest C. Parish, executive director of the Wisconsin Temperance Assn.

Dr. J. Howard Williams, president of the Southwestern Baptist Seminary in Fort Worth yesterday was re-elected president of the organization.

Other officers elected at the annual convention included Dr. Harold G. Cook, president of McMurry College, Abilene, chairman of the board, and Mrs. Grover C. Johnson, Wichita Falls, vice-president for women.

Mrs. Sommerlatte Has No Comment On 'Tizzy'

NEW YORK (AP)—Mrs. Betty Jane Sommerlatte, who figured in the recent international face-slapping tizzy in Moscow, returned home today but wouldn't say anything more about the incident.

"It's just wonderful to be home," she told reporters who met her aboard the liner America.

But the 27-year-old wife of an American diplomat refused to say another word when newsmen queried her about the slapping of Russians who detained her for taking pictures in Moscow.

Her husband, Karl Sommerlatte, who was second secretary of the United States Embassy in Moscow, told the reporters:

"Let me put it this way. My wife has made a full report of all the facts to the Department of State. They are the only ones in a position to make any statement on this."

Porter, Alger Agree On Bench Candidate

WASHINGTON (AP) —GOP National Committeeman Jack Porter and new GOP Congressman elect Bruce Alger of Dallas have agreed on a candidate for a federal bench in North Texas, Porter said last night.

Here with Alger on a get-acquainted tour, Porter said Alger "joined with me in a recommendation" sent to the Justice Department this week. Porter, of Houston, said only that the prospective nominee is a Republican.

The nominee would succeed Federal Dist. Judge William H. Atwell, retiring New Year's Day after many years on the bench. Atwell is a Republican.

Porter said he expects the judgeship recommendation to clear all preliminary hurdles and be submitted to the new Congress by President Eisenhower in January. Confirmation by the Senate will be required.

Felony Complaints Are Filed Here Wednesday

Felony complaints were filed here late yesterday afternoon against two men, alleging swindling by worthless checks, each for more than $100.

The line between a misdemeanor check swindle and a felony of the same nature is drawn at $50.

Neither of the two men had been apprehended by noon today.

Delay Being Sought In Segregation Suit

OKLAHOMA CITY (AP)—The attorney general's office has appealed for delay of a state college segregation suit until after the U. S. Supreme Court clarifies its ban against separate classrooms for Negroes and whites Dec. 9.

Litigation pending here seeks to open the Oklahoma College for Women to a Negro housewife. It is sponsored by the National Assn. for the Advancement of Colored People to whom the state is appealing for postponement.

Sugar is made by all green plants, cane and beets being used to produce commercial sugar only because they are more efficient.

Kidney Slow-Down May Bring Restless Nights

When kidney function slows down, many folks complain of nagging backache, headaches, dizziness and loss of pep and energy. Don't suffer restless nights with these distressing if reduced kidney function is getting you down—due to such common causes as stress and strain, over-exertion or exposure to cold. Minor bladder irritations due to cold or wrong diet may cause getting up nights or frequent passages.

Don't neglect your kidneys if these conditions bother you. Try Doan's Pills—a mild diuretic. Used successfully by millions for over 50 years. It's amazing how many times Doan's give happy relief from these discomforts—help the 15 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!

WATER BABY

She's been swimming since she was 10 days old and at the ripe old age of one year Julie Sheldon now is an underwater expert. She can swim across the family pool in Hollywood, Calif., a distance of 25 feet, and turn somersaults in the water. Here Julie dives for a rattle held between the toes of her grandmother, Mrs. Jen Loven, a Hollywood swimming instructor.

Rogers Is Not Happy Over Postal Switch

By TEX EASLEY

WASHINGTON (AP)—Rep. Walter Rogers of the Texas Panhandle says the Republicans are fouling up the postal system.

The Texas Democrat minced no words in criticizing changes the Eisenhower administration has made in the Post Office Department.

"They've done a great injustice to thousands of farm and ranch families in what they labeled economy," Rogers said in an interview.

"They claimed at first they were going to save a million dollars a day through reorganization of the department. Actually, during this Republican-controlled 83rd Congress we appropriated a total of $5,587,127,100 as compared with $5,134,600,000 during the preceding two-year 82nd Congress. That's an increase of nearly a half billion dollars, more than a million dollars a day."

Abolishing hundreds of fourth-class post offices over the country brought great inconveniences and added expenses, Rogers asserted.

"Out in the Panhandle, for instance," he continued, "there are many, many cases where a rancher now has to drive 20 to 30 miles or more to get to the nearest post office. Formerly they would have to drive only two or three miles to a fourth class office."

"And another thing," he added. "I expect some of these changes they have made calling for transportation of mails by bus and truck rather than by train are likely to cause confusion and delays during this coming Christmas rush.

EILAND SHOWS NEW CADILLAC

A four-door Fleetwood model of the 1955 Cadillac was put on display at the Eiland Motor Co., 312 East Highway, for first public viewing today. The new car features a 250-horsepower engine in standard models, and 270-horsepower engine in an Eldorado model added to the line this year. Body changes are highlighted by new grill and trim work, and several new color schemes. Spectators are shown in the Eiland showroom looking at the new car. (Lee Watson photograph)

Testimony Of Seniors Backs Young Officer

AUGUSTA, Ga. (AP)—A young Army lieutenant on military trial for maltreatment of enlisted men has been described by two senior officers at Camp Gordon as an outstanding officer who "shaped up" a previously shoddy company of trainees.

Their testimony came yesterday after three privates took the stand to tell of incidents that occurred when 2nd Lt. Charles G. Anderson was assigned to Company A following his graduation from officer candidate school at Ft. Benning.

Pvt. James M. Blount, New York City, told the court-martial that Anderson ordered him to shovel dirt on Pvt. Rodney R. Steele, 24, Montgomery, Ala., while the company was on bivouac. Blount said he covered Steele with dirt but that the lieutenant, noting Steele's face uncovered except for pineneedles, ordered that dirt be thrown over his face.

Anderson also has been accused of having one trainee strung up by his ankles, of having another scrubbed with sand in a wet rag, and of having two others climb a tree and shout an obscene and self-abusive phrase.

Lt. Col. Morris B. Montgomery testified that Anderson and Lt. Robert Penland of the same company were "the two most outstanding officers I had in my command" who were not already company commanders. Montgomery is commanding officer of the 1st Infantry Training Regiment at Camp Gordon.

Col. James O. Wade said Company A was "less responsive than any other during my regime" before Anderson was assigned to it. He said that under Anderson and Penland the trainees soon "looked like a seasoned outfit."

Wade has been removed as commanding officer of the replacement training center at Camp Gordon. The Army said the action was taken because of his failure to act quickly on charges against Anderson.

In a statement earlier, Anderson said he tried to make certain that trainees under his command were prepared for combat.

Arrest Made Here On Dallas Warrant

Ralph Hall, 25, temporarily of China Grove community, was arrested there yesterday afternoon for police authorities at Dallas.

The sheriff's department here said the oil field roughneck was arrested at the request of Bill Decker, sheriff of Dallas County, whom officers here quoted as saying he had a warrant to arrest the man on a charge there of burglary.

Bill Love, chief deputy sheriff here, said Decker's request also contained allegation that Hall was also wanted by federal authorities for questioning in connection with a post office burglary in another country.

The sheriff's department here reported Hall was on probation of three years sentenced him on conviction of forgery in another county.

Decker said officers from his office would be here sometime today to take custody of Hall.

Roberts On Way To Post In Yugoslavia

By EDDY GILMORE

LONDON (AP)—Sir Frank Roberts, long an authority in the Foreign Office on Soviet policy, is on his way to take up his new job as British ambassador to Yugoslavia.

Observers say his mission is to do all he can to keep President Marshal Tito's Red government independent of the Soviet bloc, from which it broke away in 1948.

Roberts is a 47-year-old career diplomat regarded as one of the brightest stars in the British foreign service.

Since 1951, he had been deputy undersecretary in the Foreign Office. He served as minister in Moscow from 1945 to 1947.

He is known as the man who probably did most of the actual drafting of the agreements reached at the nine-nation conference on Western defense here in September. Through quiet persuasion, he contributed much toward eliminating snags.

Friends say he is going to Yugoslavia convinced that Moscow's five years of reviling Tito as a British-American henchman, plus the Kremlin's economic blockade of Yugoslavia, will make the marshal think twice before softening to Russia's current efforts to woo him back.

Roberts' single biggest challenge, before his present mission, came in 1948 when he was sent to Moscow to try with the American and British ambassadors to talk Stalin into lifting his blockade of Berlin.

Stalin didn't give in at the time, but Gen. Walter Bedell Smith, then the American ambassador, said Roberts' clear-cut arguments with the old dictator played a part in the eventual settlement.

"There was one night in the Kremlin," Smith said afterward, "when Frank almost talked him into it. If there hadn't been an interruption, he might have done it."

Firemen Chop Through Walls On 22 Floors

NEW YORK (AP)—Firemen had to chop through walls on all 22 floors of the Biltmore Hotel yesterday to make sure an incinerator flue fire was out.

A fire official said intense heat in the flue, which extends the height of the building, had started the cork insulation smoldering. The only way to make certain no fire lingered was to strip off all the insulation.

It was not determined what made the intense heat in the incinerator flue.

The hotel declined to estimate the damage.

National Fund Created

THE HAGUE, Netherlands (AP)—A National Netherlands Rheumatism Fund, supported by the government and industry, has been created for use in preventing and treating rheumatism. One out of five Dutchmen in this country of canals and sea arms suffers from some form of the disease.

Negro Held In Rape Attempt

POCATELLO, Idaho (AP)—A 58-year-old Negro farm laborer was in custody today on a charge of abducting and attempting to rape a teen-age girl after reportedly chasing her father and uncle away at knifepoint.

Leroy Harris was arrested here last night. Police Sgt. O. P. Bennett said Harris had orally admitted driving off with 16-year-old Janice Laney and attempting to assault her. Harris denied making threats with a knife.

The father, Clarence Laney, a farm laborer, said he had come to Rupert only a few weeks ago from Ionia, Mich., with his brother Louis and his daughter. He told police that the family had driven into the country with Harris on the promise that he would find them work.

Then there was an argument and a fight, he said, and the man pulled a knife and forced them out, driving off with the girl.

Police found Janice walking along a country road early yesterday. She said the man had tried to rape her, then forced her to perform an indecent act upon him.

She was treated then released from a Rupert hospital, where doctors said she had been molested, but not raped.

Fog Blankets British Isles

LONDON (AP)—A heavy fog blanketed the southern half of the British Isles today. Authorities said the vapor has not yet reached the lethal mixture of the 1952 smogs, which doctors claimed contributed to the deaths of tens of thousands of persons.

The fog belt extended roughly south and east of a line running from the Yorkshire resort of Scarborough to Swansea in Wales. Road and rail traffic was slowed. Airplane flights in and out of the capital were cut completely. In some places, the fog reduced visibility to only five yards.

The heavy blanket raised fears that the country might be in for another seige of deadly smogs. To be lethal, however, the fog must persist for several days, becoming mixed with smoke and industrial fumes.

Nurse's Letter Brings Clothing To Koreans

TAEGU, Korea (AP)—The compassion of an American nurse has brought 1,500 pounds of warm clothing to the orphans and widows of war-torn Korea.

Capt. Anna M. Swope of the Korea Civil Assistance Command, touched deeply by the bitter poverty she found here, told of the nation's plight in a letter to her home in Fredericksburg, Pa.

The tiny community of 800 gathered bundles of clothing.

Capt. Swope toured orphanages, refugee camps, widow's homes and homes for the maimed and distributed the gifts.

Vest Pocket War Is Reopened By Reds

TAIPEH, Formosa (AP)—Chinese Communist bombers reopened the vest pocket war today with a raid on Pei Yu Island north of the Tachen group, the Nationalist Defense Ministry announced.

The ministry said four bombers, escorted by six fighter planes, dropped more than 20 bombs on the Nationalist outpost, inflicting several casualties.

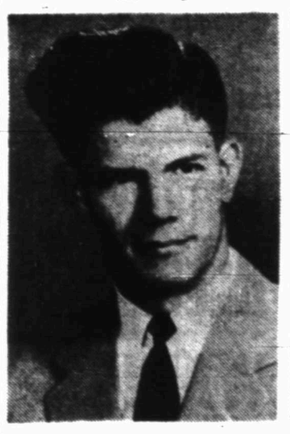

The communique said Nationalist antiaircraft batteries drove off the Reds with intense fire. It quoted an eyewitness as saying one of the attacking planes was probably hit.

Pei Yu is 35 miles north of the Tachens and 170 miles south of Shanghai. The Tachens are some 200 miles north of Formosa.

NEWS FROM CANYON

By MRS. MARGARET RILEY

Mr. and Mrs. Jim Sanker of Big Spring visited Mr. and Mrs. Bill Labenske and Debby Friday night. They also attended the Breckenridge-Snyder football game. Guests in the Labenske home Sunday were the Rev. Jimmie Rogers of Lubbock and Mr. and Mrs. Grady Moore.

Mrs. Nathan Shephard was hostess for a combination 42 and merchandise party recently. Refreshments were served to about 25 guests.

Ed Taylor, Orville Taylor and Clifton Thomas were in Lamesa on business recently.

Visiting Mr. and Mrs. John Layne recently have been Mr. and Mrs. Homer Huddleston and son of Post, Mr. and Mrs. Charlie Stewart and son of Abilene, Mr. and Mrs. Kenneth Huddleston and son, Mr. and Mrs. C. W. Kembrough of Snyder, Mr. and Mrs. Buck Layne, Mr. and Mrs. Jimmie Layne of Ira and Mr. and Mrs. Kermit Ford and family.

Mr. and Mrs. Nathan Shephard went to Lubbock recently on business. Visiting in the Shephard home Sunday were Mr. and Mrs. Travis Inman of Tahoka.

Peggy Brown and Barbara Martin were honored with a slumber party on their fifteenth birthdays. The party was given in the home of Mr. and Mrs. Sam Martin. Guests were Lorita Stirling, Patsy Bryant and Darla Bryant.

Ronnie and Kent Shepherd spent Friday night with their grandparents, Mr. and Mrs. Joe Reep, in Sweetwater.

Jim Stirling went to Brownfield Sunday.

Mrs. Annie Green has returned home to Carbon after spending a week with her father, the Rev. J. W. McGaha. Mrs. Fannie Whitker of Portales, N.M., another of Mr. McGaha's daughters, is with him now. Sunday visitors in the McGaha home were Ethridge Whitaker and Annell Fullerton of Portales and Henry Cox of Gail.

Mrs. R. E. Adams visited Mrs. T. J. Weaver in Snyder Tuesday.

Mr. and Mrs. John Layne visited last week in the home of Mr. Layne's sister-in-law, Mrs. Sam Layne, in Rainbow. They also visited their daughter, Luella Layne, and Mrs. Matt Pugh in Dallas.

WOMEN'S CALENDAR

THURSDAY

Duce Bridge Club, 7 p.m., at the Hilander.

Mr. and Mrs. W. T. Porter of Crane, son and daughter-in-law of Mr. and Mrs. G. W. Brunson, are visiting with Mr. and Mrs. Brunson.

Mrs. R. V. Goldsmith and baby of El Paso spent the weekend with Mr. and Mrs. Oscar Boyd, O'Neal and Avenue V.

Mrs. John R. Williams, 2904 Avenue W, and Mrs. Joe Caton, 2711 Avenue R, spent last weekend visiting relatives in Fort Worth and Dallas.

Mrs. Nettie Webb of Ira and Mrs. Adna Yandell, spent Saturday night with Mrs. B. N. Stone, 2008 Avenue R.

Mr. and Mrs. Bob Davenport of San Angelo spent last weekend with Mrs. Davenport's parents, Mr. and Mrs. L. D. Green, 2009 Thirtieth Street.

Mr. and Mrs. Edward Bolger and son, Malcolm, 3100 Hill Avenue, were called to Waco Tuesday due to the death of Mr. Bolger's aunt, Faye Bolger, early that morning. Funeral services were held this morning.

Miss Rona Bley spent the weekend in Abilene, where she saw the homecoming football game of McMurry College against Gustavus Adolphus. She is a former student of McMurry.

Mrs. Gene Green went to Levelland and Sundown last weekend and visited friends and relatives.

Plainview HD Club Presents New Member

Mrs. D. M. Pogue was hostess to the Plainview Home Demonstration Club when it met Tuesday. Thirteen members and a new member, Mrs. M. L. Rogers, were present.

Club members answered the roll call with the name of their favorite candy, and a short statement on what club work has meant to them this year. It was decided that each member should select and send a Christmas gift to Abilene State Hospital. The club will also send a special gift for the patient they help support there. The club Christmas party was scheduled December 14 in the home of Mrs. Roe Rosson. A radio program which was to have been directed by the club on New Year's Day will be turned over to 4-H Club girls.

Ruby Butts, home demonstration agent, gave the program discussion on trees for windbreaks and shade, using slides to illustrate the lecture.

Tri-Community Club Holds Dinner Party

Tri-Community Home Demonstration Club members held their annual Thanksgiving dinner party Wednesday night at the Snyder Gasoline Plant recreation hall. Chicken and dressing with all the trimmings were served.

Mrs. B. M. DeLoach, club president, presided at a business session when a Christmas party was planned. Plans were also made for a gift box to be sent to Abilene State Hospital.

Table decorations were arranged by Mrs. J. W. Coffee and Mrs. Guy Stoker. Forty-two and other table games were played during the social hour.

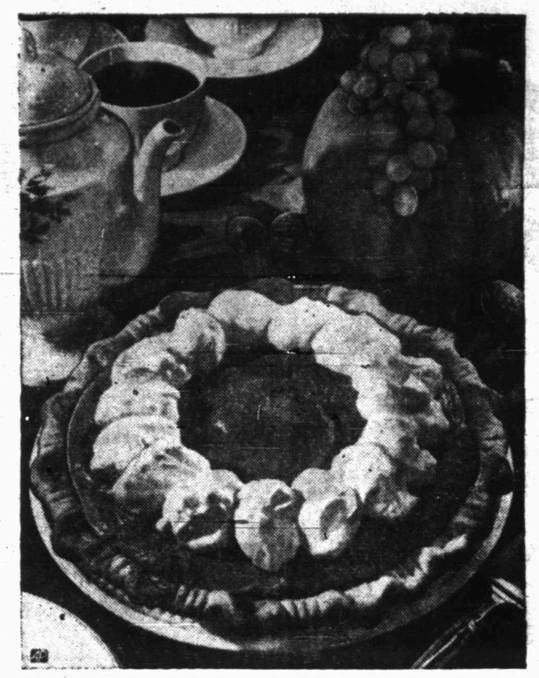

Ruby Butts, home demonstration agent, and her mother, Mrs. W. R. Butts, were guests. Approximately 50 members and guests were present.

Mrs. Vestal Speaks At Service Guild Meet

Mrs. Bill Vestal was guest speaker at a meeting of the Wesleyan Service Guild, First Methodist Church, Monday night. She led the program for the last of a series of studies on India, Ceylon and Pakistan. Mrs. R. H. Odom gave the devotional and Mrs. Ed Crowder gave the closing prayer.

Others on the program were Mrs. Vivian Hill, Virginia Grove, Mrs. Joe Caton and Mrs. Joe Stinson. There were 10 members present and one guest, Mrs. Vestal. The Guild will hold a business session November 29.

Your family will love carrots if you prepare them this way. Slice about six good-sized carrots and cook them in a small amount of boiling salted water just until they are tender-crisp; drain off any small amount of water remaining in the pan. Now heat a couple of tablespoons each of honey and butter or margarine along with a teaspoon of grated orange rind; add the drained sliced cooked carrots and simmer until piping hot. Add salt to taste and serve at once.

Helps For Homemakers

Send your questions to "Helps for Homemakers," Snyder Daily News, or call 3-5486.

Give Thanks for Mamie's own pie. Our First Lady knows good food. Her recipe for Pumpkin Chiffon Pie has been tried and reported to be the best of its kind. The secret of the pie? About a quarter cup more pumpkin than most other recipes of this sort call for, an extra egg and subtle spicing. Any Thanksgiving dinner will benefit from the presence of this pumpkin pie.

MRS. DWIGHT D. EISENHOWER'S
PUMPKIN CHIFFON PIE

1 envelope unflavored gelatin
¾ cup firmly-packed brown sugar
½ teaspoon salt
1 teaspoon cinnamon
½ teaspoon nutmeg
½ cup milk
¼ cup water
3 eggs, separated
1½ cups cooked pumpkin
¼ cup granulated sugar
Baked 9-inch pie shell
Whipped cream

Mix gelatin, brown sugar, salt, cinnamon and nutmeg together thoroughly in the top of a double boiler. Stir in milk and water. Beat in egg yolks with a fork or a whisk, then the pumpkin. Place over boiling water and cook stirring often, especially around sides of pan, until mixture is heated through. Remove from heat; chill until mixture begins to set — a spoonful of it dropped back will hold its shape well in a mound. Beat egg whites until stiff but not dry; gradually beat in granulated sugar until very stiff. Fold gelatin mixture into egg whites. Turn into pie shell; chill until firm. Garnish with whipped cream. NOTE: Canned pumpkin is fine for the filling; ¾ cup milk may be used instead of the ½ cup milk and ¼ cup water called for. This pie may be made a few days ahead of the time it is to be served and frozen (without the whipped cream garnish); to thaw, allow to stand at room temperature for three hours.

OUT WITH WRINKLES

To steam out wrinkles in wool, rayon, gabardine or wool and rayon garments, place in a drier with two dampened turkish towels and tumble at low heat for five minutes, say washing experts. Remove and hang on hanger until thoroughly dry.

TIP FOR HOME FREEZING

Cool a cooked main dish that is to be frozen by setting it quickly in an uncovered pan of food on ice or in very cold water. A metal pan is preferred for cooling, as it is said to conduct heat away from the food rapidly and will not break.

Church Women Hold Candlelight Ceremony

Mrs. Herbert Feather was program chairman for the Presbyterian Women's Organization "Praise Service for Missions" held Tuesday night in the church. In a candlelight ceremony, gifts were dedicated by Mrs. W. A. Smallwood. Mrs. R. B. Fulcher and Mrs. Bill Ballard sang "The Lord Is My Shepherd" accompanied at the organ by Mrs. James Walker.

Mrs. James Kincaid and Mrs. Dick Roberts presented a film on national and foreign missions and christian education. Mrs. Lee T. Stinson was hostess.

Dallas Council Urged To Turn Down Offer

DALLAS (AP)—The Dallas Chamber of Commerce aviation committee has asked the Dallas City Council to "promptly reject" an offer from Fort Worth to sell a half interest in Fort Worth's airport.

The committee's resolution, with recommendations, will be presented tomorrow to chamber of commerce directors for approval.

The chamber of commerce has asked CAB Chairman Chan Gurney and three other members to disqualify themselves in matters affecting Dallas. Jerome K. Crossman, chamber president, said Gurney delivered a verdict "in advance of evidence."

It was Gurney who first suggested the airport deal in a letter to Fort Worth City Mgr. W. O. Jones last week. After his suggestion to Jones, Fort Worth airport officials wrote Dallas city officials a letter in which the sale proposal was made.

Cook bacon at low temperatures so fat you pour off will be white and fresh tasting. Use the bacon fat when you are frying chicken, fish or potatoes; it gives fine flavor.

TURKEYS
Young, fat, milk - fed turkeys. Both large and small types. Dressed 59c, on foot 39c. Guaranteed good. Reserve yours now, one-quarter mile east of gin on Roby highway.

Star Needs Many Items During Tour

By BOB THOMAS

SAN FRANCISCO (AP)—How does a glamor girl go out on a personal appearance tour?

With six furs, 20 pairs of shoes and limitless gab, if she's Debra Paget. These were some of the statistics I gleaned from the Coll as I observed first-hand it's like for Hollywoodians to meet the public.

Debra, Sheree North, Jeffrey Hunter, Rita Moreno and Tommy Noonan made up the filmland contingent to the world premiere of Marlon Brando's "Desiree," which was sponsored here by the San Francisco - Oakland Newspaper Guild. Debra and her mother walked off the plane loaded down with furs and garment bags. I wondered at the equipment a girl must take along when she exposes herself to the public glare.

She was only to be gone a few days here and in Chicago. But she confessed to taking along a full-length mink coat, a pink fox stole, a blue fox stole, a white fox stole, a brown mink stole and a white mink stole.

She and her family bought them all, she explained, her folks having saved $5 bills until they had enough to buy the mink coat.

She said she took along four bags, which included among other things three formal gowns, 12 street and cocktail dresses and 20 pairs of shoes. She's nuts about shoes, has 200 pairs at home.

"I need all these clothes when I go on tour," she argued. "I usually wear 12 different outfits in one day. I need a new dress for every interview."

Interviews go on all day while she's out touring to help plug her studio's pictures. She's up at 6 a.m. in order to be alert for her first broadcast. That's usually at 8. She'll do an average of eight radio interviews, the same number of TV, plus two or three for newspapers.

Those do-it-yourself fans often get paint or varnish on their work clothes. While the stains are still fresh, soften them with turpentine, lard or oil, then wash in warm soapy water.

Want to conceal a scratch on a piece of furniture? Lightly draw a wax stick, made especially for furniture in wood tones, over the scratch; then rub the wax in well with your finger. Now wipe with a soft dry cloth.

NEWS FROM UNION

By MRS. J. B. ADAMS

In recognition of RA Focus Week, Mrs. R. C. Lunsford entertained the RA boys of the Baptist Church with a party Thursday night in her home.

Mr. and Mrs. Lee Myers and son and Mr. and Mrs. Dee Myers and sons and Wanda Lou Powledge attended the McMurry Homecoming football game Saturday at Abilene.

L. M. McWilliams, Earl Woolever, Pete Lewis and Buck Woolever left Monday morning on a deer hunt around Mason. They will be gone a week.

Mrs. L. M. McWilliams is visiting this week with relatives at Morgan.

Mr. and Mrs. Lee Myers and son of Lubbock spent the week end with Mr. and Mrs. Dee Myers.

Week end visitors with Mrs. J. B. Adams were Mr. and Mrs. H. W. Adams and Mary Ann of McCamey, Nolan Adams, Laredo, and Wayne Boles, Lamesa.

Miss Flanagan To Speak At AAUW Meet

Sue Flanagan, San Angelo Standard - Times columnist, will be guest speaker at a meeting of the American Association of University Women tonight at 7:30 in the Central Primary cafeteria.

She will speak about her travels abroad when she attended Trinity College of the University of Dublin, Ireland, on a Rotary International scholarship and then spent six months traveling in Europe.

Wednesday Contract Club Holds Meeting

Mrs. Bill Ellis was hostess to the Wednesday Contract Club yesterday afternoon at her home, 3102 Fortieth Street. Mrs. E. B. Boone won high score, Mrs. Ellis won second and Mrs. J. P. Baldridge won bingo.

Mrs. David Crichton was a guest. Mrs. Garland Smith will be hostess at the next meeting to be held December 1.

HOSPITAL NOTES

The following admissions and dismissals at the two Snyder hospitals are only those whose names have been released by the hospitals.

BATTENFIELD-JONES

Admissions: Mrs. Sam Craig, route 3; Mrs. Jessie Loper, Snyder; Harold Wilson, Jr., 107 Thirty-fifth Street; L. M. Patton, Snyder; Alingo Mireles, Dermott.

COGDELL MEMORIAL

Admissions: Katerine Northcutt, 2707 Avenue W; Mrs. R. B. Forbes, 501 Thirty-fourth Street.

Dismissals: Mrs. G. H. Sorrells and baby, Snyder; John R. Richardson, 1704 Avenue R; Mrs. H. A. Smith, Jr., and baby, 2706 Avenue Z.

If you add a little sugar into the milk and egg mixture into which bread is dipped when you are making French toast, the bread will brown well in the skillet.

Resources In Drought Area Help Raise Hope

OKLAHOMA CITY (AP) — Southeastern Oklahoma has been hard hit by gradual economic decline and drought but it can still pull itself up by the bootstraps, 10 governmental agencies reported yesterday.

Their report tells of 26,500 unemployed, of depleted pastures and farms ravaged by dry spells, of a heavy exodus of workers in search of jobs elsewhere, and of a declining mining industry.

But, the survey goes on to say, the area "is blessed with an abundance" of resources. All it needs is "development . . . which must be initiated at the local level."

FURR'S

THANKSGIVING TURKEY IS SURROUNDED BY SPECIAL FOODS
. . . pineapple boats, potatoes and onions, brussel sprouts in almond sauce

Thanksgiving Menu To Add New Foods To Traditional

It's only a matter of days until Thanksgiving now as the winter holiday season gets underway.

Turkey or chicken, beautifully baked and served on the best china are favorite main dishes for the Thanksgiving table, and nothing could be better. A bit of variety in the accompanying dishes, however, can add highlights to the dinner and point up company or family dinners throughout the coming winter months.

Some families don't think it is Thanksgiving without cranberry sauce. Others must have sweet potatoes. Maybe at your house Waldorf salad is a "Must." To fill the gaps, here are our suggestions.

Let's begin at the beginning. This appetizer will add such a decorative touch to the table that the guests will hesitate to eat it. One taste will convince them it's just the thing to start a feast.

INDIVIDUAL PINEAPPLE SALAD BOATS

Cut pineapple in half lengthwise. Remove center, leaving pineapple. Shell. Cut the removed pineapple into pieces, removing core. Add to this any seasonal fruits, such as pears, oranges, bananas or coconut. Garnish with maraschino cherries and add some of the cherry juice for color and flavor. A bit of almond extract adds to its taste also.

Hot tomato juice is a colorful way to begin the meal and leaves plenty of room for the hearty food to follow. These cheese crisps to go with the juice are a teaser.

CHEESE CRISPS

1¼ cups sifted all-purpose flour
¼ teaspoon baking soda
½ teaspoon salt
⅛ teaspoon paprika
¼ cup shortening
¾ cup tightly packed grated sharp cheese (6 ounces)
1 tablespoon white vinegar

Sift flour, baking soda, salt and paprika together. Cream shortening, add grated cheese, and cream together until well blended. Add vinegar and mix well. Add dry ingredients and blend thoroughly. Shape mixture in a roll about one and one-half inches in diameter, pressing together firmly. Wrap roll in waxed paper and chill in refrigerator several hours or over night. Slice about one-eighth inch thick and place on ungreased cookie sheet. Bake at 400 degrees F. (hot oven) for eight minutes.

Squash is one of those traditional foods that many families wouldn't think of not having on the table. Marshmallows added to acron squash dress them up for the holiday.

MARSHMALLOW ACORN SQUASH

3 medium sized acorn squash
Salt
2 tablespoons butter
18 marshmallows

Cut squash in half, crosswise or lengthwise; scrape out seeds and stringy portions. Sprinkle with salt. Place each half, cut side down, in baking pan. Cover bottom of pan with one-fourth-inch hot water. Bake squash in moderate oven (350 degrees) 45 to 50 minutes. Remove from oven; turn squash with cut side up. Dot inside with butter and arrange three marshmallows in each half. Return to oven. Bake 15 minutes or until marshmallows are melted and brown.

Potatoes cannot be omitted from this festive meal, and some people associate the serving of onions with Thanksgiving. Here is a company dish that combines them.

POTATO-ONION-CASSEROLE

1 No. 2 can tiny whole potatoes
1 No. 1½ can small white onions
1 four ounce can whole button mushrooms
1½ tablespoons mustard with horseradish
½ cup butter or margarine

Drain liquid from potatoes and onion; then mix all ingredients and heat thoroughly. (This is good served in a chafing dish.)

Almond butter sauce makes these brussel sprouts special.

BRUSSEL SPROUTS WITH WITH ALMOND SAUCE

2 packages frozen brussels sprouts
½ cup butter or margarine
½ cup toasted, diced almonds
1½ cups water
2 teaspoons salt

Drop frozen brussels sprouts into boiling water. Cook until just tender, drain. Add butter or margarine and before serving, sprinkle with almonds.

The relish adds a crisp cool note to a filling Thanksgiving dinner that relieves the heaviness of much of the food. Served in orange cups, these are certain to bring favorable comments.

CRANBERRY RELISH IN CUPS

3 seedless oranges
2 large navel oranges
1 quart fresh cranberries
1 lemon, juiced

Scoop out six halves of seedless oranges, saving the pulp and juice for salads or fruitcups. Then grind two large navel oranges (peel and pulp) with one quart of fresh cranberries. Add two cups sugar and the juice of one lemon; spoon into orange halves and arrange on large plates.

This recipe is as tasty as that to be served in the cups and has a bit different flavor because of apples and nuts included.

CRUNCHY CRANBERRY RELISH

4 cups fresh cranberries
1 apple, peeled and quartered
1 lemon, quartered and seeded
1 cup diced celery
1½ cups sugar
Pinch of salt
¼ cup chopped nuts

Put cranberries, apple and lemon with celery, sugar and salt; chill through food chopper. Combine for several hours to blend. Sprinkle with chopped nuts just before serving. Makes about one quart relish.

For a crisp salad to lighten the big dinner, this winter apple salad is a suggestion.

WINTER APPLE SALAD

1 cup seedless white or golden raisins
Orange juice
2 cups diced celery
3 cups diced apples
½ cup seeded, halved Tokay grapes
1 cup broken walnut meats
1 cup mayonnaise
1 cup sour cream

Place raisins in small bowl; add enough orange juice to barely cover; let stand overnight; drain off any remaining juice; combine raisins with celery, apples, grapes and walnuts. Blend mayonnaise and sour cream; add to fruit mixture; mix thoroughly; serve on salad greens. Makes 10 to 12 servings.

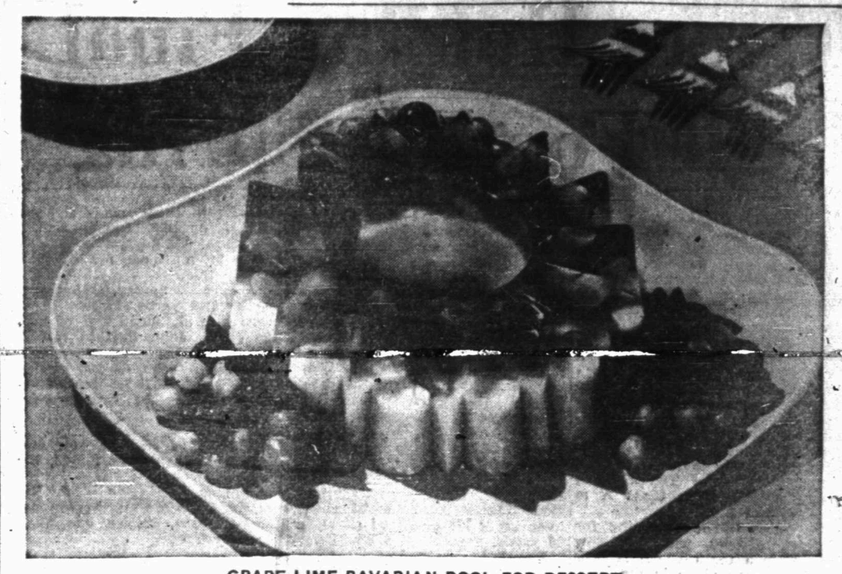

For the mild weather of a Snyder Thanksgiving, this recipe for grape lime Bavarian mold seems just right as a suggestion for a light dessert.

GRAPE LIME BAVARIAN MOLD

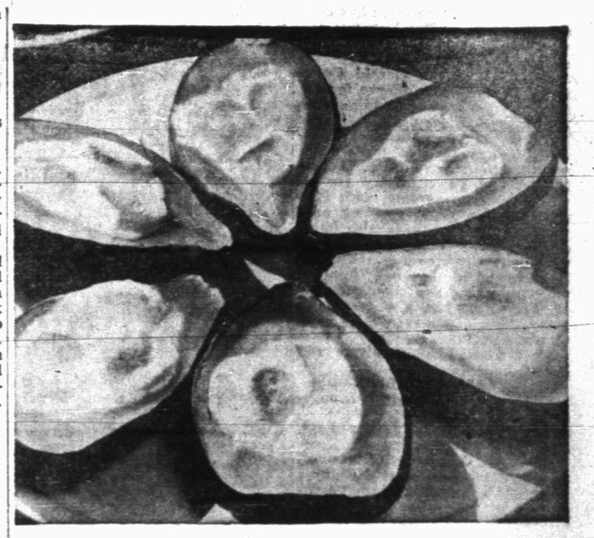

1 package lime-flavored gelatin
1 cup hot water
1 cup cold water
¾ cup halved white seedless grapes
1-3 cup whipping cream

Dissolve gelatin in hot water. Add cold water. Chill one and one-third cups gelatin until slightly thickened. Add grapes and pour into one quart mold. Chill until firm.

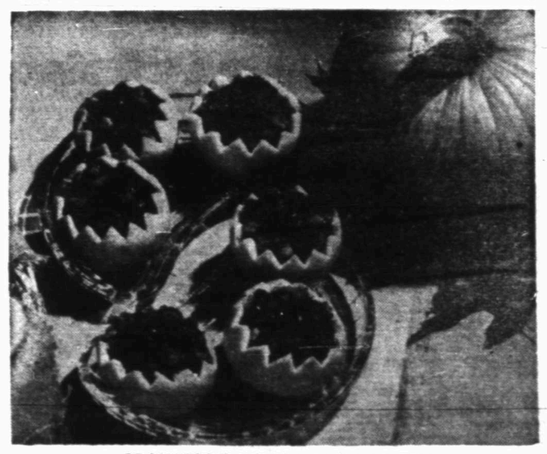

Chill remaining gelatin until slightly thickened. Place in bowl of ice and water and whip with egg beater until fluffy and thick like whipped cream. Then whip cream and fold into fluffy gelatin. Pile lightly on firm gelatin in mold. Chill until firm. Unmold and garnish with additional grape clusters. Makes six to eight servings.

GRAPE LIME BAVARIAN ROOL FOR DESSERT
. . . cool, light complement to heavy meal

SQUASH IS TRADITIONAL THANKSGIVING DISH
. . . marshmallows add sweetness

CRANBERRY RELISH FOR VARIETY
. . . serve in orange cups

Tigers Holding Final Drill For Big Spring

The Snyder Tigers, who have gained well over a mile rushing on the gridiron and almost one-third of a mile passing, are in their last day of workouts today before going to Big Spring for their next-to-last game of the season.

With two district wins and three losses, the team already has a better district record than it has experienced since 1950. In 1951 and 1952 the Tigers didn't win a district game. Last year they won only one. During that time they were in the midst of the school's growing more rapidly than the football strength, with the Tigers being pushed quickly from Class A to AA and then AAA.

The team will be shooting for its third district win tomorrow night over a team which is now tied for second place in the loop. Big Spring last year tied for the district championship and went to the state finals. The team has been defeated only by Breckenridge and was tied by Vernon. Vernon, however, lost to Snyder.

Jack Spikes and Gerald Crawford lead the Tiger offense for the season. They have scored the same number of times, while Spikes leads rushing just ahead of Crawford. Spikes is also top kickoff man and punt returner. Bernie Hagins and Powell Berry are almost equal on passing, with Berry holding a slight edge on pass yardage. The two have also intercepted more opponents' passes than have any others on the team. Hagins, while he has fumbled more than has any other member of the team, has also recovered more. Most of the recoveries were of his own fumbles.

Alan Snead leads receivers and punters.

TEAM STATISTICS

First downs — Snyder 90, opponents 92.

Yards rushing — Snyder 1,912, opponents 1,365.

Passing — Snyder 24 of 56, average of 42.8 per cent, for three touchdowns and 504 yards, average of 21 yards per pass; opponents 27 of 88, average of 42 per cent, for one touchdown and 425 yards, average of 11.4 yards per pass.

Passes intercepted — By Snyder 8, by opponents 9.

Punts — Snyder 32 for average of 29.3, opponents 36 for average of 29.8.

Fumbles — Snyder 29, recovered 17, opponents 37, recovered 17.

INDIVIDUAL STATISTICS

Scoring — touchdowns, Jack Spikes nine, Gerald Crawford nine, Joe Baxter, four, Jimmy Bennett two, Steve Blair one, Alan Snead one, Powell Berry one, Milton Hart one; extra points, Frankie Minton six out of 15 for average of 40 per cent, Joe Reaves four out of five for average of 80 per cent, Blair one out of seven for average of 14.2 per cent.

Rushing — Spikes 627 yards in 93 carries for average of 6.7 yards per carry, Crawford 557 in 79 carries for average of 7 yards, Baxter 504 in 101 carries for average of 4.9, Bennett 214 in 43 carries for average of 4.9, Bernie Hagins 44 yards in 25 carries for average of 1.7, Berry 16 in five for average of 3.2, Carl McDaniel 12 in four carries for average of three.

Passing—Hagins 11 of 28 passes, average of 41 per cent, for one touchdown and 242 yards, average of 22 yards, three intercepted; Berry 12 out of 25, average of 48 per cent, for two touchdowns and 262 yards, average of 21.6 yards, five intercepted; Bennett 0 of 2, one intercepted; Baxter 0 of 1.

Pass receiving — Snead seven for 189 yards and one touchdown, average of 27 yards; Bennett four for 101 yards and one touchdown, average of 25.2 yards; Baxter three for 81 yards, average of 27 yards; Ham three for 69 yards and one touchdown, average of 23 yards; Don McNew three for 36 yards, average of 12; Crawford three for 28 yards, average of 9.3 yards.

Pass interceptions — by Berry four, by Hagins three, by Baxter two, by Doug James one.

Punts — Snead 29 for average of 29.2, Baxter three for average of 26.6.

Punt returns — Spikes eight for average of 18.8, Baxter six for average of 7.1, Berry two for average of 14, Blair one for 45, Snead one for five.

Kickoffs — Spikes 22 for average of 41.6 yards, Minton 10 for average of 37, Snead two for average of 55, John Partain two for average of 47.5.

Kickoff returns — Baxter four for average of 15.7, McNew four for average of 15.7, Crawford four for average of 13, Snead three for average of 7.6, Spikes two for average of 14, Ham two for average of 10, Hagins one for 23, Berry one for one.

Fumbles — Hagins eight, Baxter six, Crawford six, Spikes four, Bennett three, McNew one, Snead one, Berry one.

Recoveries — Hagins seven, Blair five, Ham four, Bennett four, Shorty Grimmett three, Minton three, McNew one, Spikes one, James one, Baxter one, Joe Reaves one.

SPORTS

Owls And Longhorns Shuffling Lineups

By The Associated Press

Rice and Texas shuffled their lineups as all hands in the seven-member Southwest Conference went through drills Thursday for their weekend battles.

Injuries to end Howard Moon and fullback Bill Long forced the shuffle at Austin. Moon injured a shoulder in the tough scrimmage Coach Ed Price dished out Wednesday. Long was hurt in the win over Texas Christian last Saturday.

In Houston the shuffle came as Rice Coach Jess Neely sought an improved offense for the Owls' game with the Christians in Fort Worth Saturday. He said Homer Borgstedte, speedy sophomore from Brenham, would probably see service. Tuesday he promoted Jerry Hall to a first-string berth.

Neely said neither of the big sophs probably would start the TCU game but indicated they would get a lot of service.

At Dallas, the Southern Methodist University Mustangs showed their sharpest pass defense of the season as they prepared for their crucial tilt with Baylor.

Back of the Week Frank Eidom of SMU was held from all contact work because of a knee injury suffered in last week's upset of Arkansas in which he scored all three Pony touchdowns.

And it seemed a good thing that the Ponies were perfecting their pass defense. Baylor's Bears devoted most of the day to passing drills. Billy Hooper and Bobby Jones both were hitting bulls eyes all afternoon. Coach George Sauer said Thursday's drill would be light.

Texas A&M and Arkansas took it easy. The Razorbacks, who play a non-conference tilt with Louisiana State Saturday, wound up their lightest work week of the season with no contact work. It took less than an hour.

While the first string sat it out at Aggieland, the Texas A&M second-stringers and reserves scrimmaged offensively and defensively, using Texas plays.

Texas Christian's long injured list caused the Horned Frogs to use very little contact work as they ran dummy drills for the Rice tussle in Houston. End Johnny Crouch, tackles Dick Laswell, Ray Hill and Vernon Ueker, and quarterback Ronald Clinkscale are all favoring bad ankles.

Frosh Playing In Last Game Tonight

The freshman grid squad of Snyder High School will wind up its season at 7:30 o'clock tonight when it hosts a freshman squad from Sweetwater.

The team, coached by J. P. Ward, is undefeated but once tied for the season. It has scored 177 points to the opposition's 54 for a game average of 29.5-9.

The team won over Big Spring 8-7 last week, Lamesa 47-7, Big Spring 25-0, and Stamford 28-7. In a previous match with the Sweetwater team, Snyder won 31-6. The one tie was with the Lamesa team 27-27. That was early in the season. The Snyder team later beat the same squad.

Three other Snyder teams have already finished their seasons. The eighth grade and seventh grade were both undefeated for the season, while the seventh grade B squad played two games and tied in both of them. Readying for a season end Saturday night is the high school B squad, which will go to Lamesa then.

The freshmen are led offensively by quarterback Bud Morgan, who passes and runs. He has scored 49 points this season, while Israel Hinojos has 39, Bobby Pollard 30, Bobby Staton 20, Arnold Dorman 13, Dean Staton 12, Gary Vice six, and James Butler six. Morgan, Dorman, and Dwayne Merritt share in a two-point safety.

Dorman, James Patterson, and Maxey Carey head up the team's defense.

Hale Center And Sundown Will Meet In Bi-District Tilt

LUBBOCK (AP) — Sundown and Hale Center, whose high-scoring, unbeaten Class A football powers will meet at Plainview Nov. 26 at 2:30 p.m. for their bi-district championship game.

Hale Center, which leads the state in scoring with 527 points in nine games will represent Dist. 3. Sundown, itself no slouch when it comes to scoring, is in Dist. 3. Sundown has averaged about 41 points for nine games this season.

School officials met here yesterday to schedule the game.

Turley And Larsen Picked Up By Yanks

By ED WILKS

NEW YORK (AP)—In a move to revamp their pitching staff in one sweeping deal, the New York Yankees have picked up Bullet Bob Turley and Don Larsen, a pair of young right-handers, from the Baltimore Orioles.

The trade may involve as many as 12 players, The Associated Press learned from an authoritative source.

In addition to Turley and Larsen, perhaps the most promising of the young pitchers sprinkled among the also-ran teams of the American League, the Yanks also reportedly received shortstop Billy Hunter.

In return, the Yankees, who had made repeated inquiries about all three Orioles in the past, gave up veteran outfielder Gene Woodling, pitcher Harry Byrd, first baseman Eddie Robinson, utility infielder Willie Miranda and Jim McDonald, a 4-1 right-hander. Several minor league players also are said to be involved.

The deal—one of baseball's biggest in recent years—was expected to be confirmed today in two separate press conferences called by the Yankees and Orioles.

Two of the minor league players are believed to be catchers—Gus Triandos, who played at Kansas City last season, and Hal Smith of Columbus (Ohio).

Neither Turley nor Larsen had impressive won-lost records with the seventh-place Orioles. But Turley, 24, powered his fireball for a league-leading strikeout total of 184 and had an earned-run average of 3.46 while winning 14 and losing 15.

Larsen, 26, had a miserable record, winning only 3 of 24 decisions, but still was held in high regard by the league. One of his victories was a shutout against the second-place Yanks, who lost out in the pennant race for the first time since 1949.

The Yanks lost little in giving up Byrd, who finished with a so-so 9-7 record that fell far below the Yanks' expectations when they picked up the 30-year-old hurler along with Robinson in an 11-player deal with the Philadelphia Athletics last winter.

Woodling, 32, a Yankee for the past six years, was hobbled by injuries last season and batted only .250—his lowest mark in nine major league seasons.

Hunter, 26, has two major league seasons behind him with the St. Louis Browns, forerunners of the Orioles, as "a new Marty Marion." Not a hitter, he batted .244 last season. He has proved promising in the field and could be the Yanks' replacement for veteran Phil Rizzuto.

Ron Kramer, Michigan's sophomore end, has been picked the Associated Press Lineman of the Week. The selection of the 19-year-old, six-foot, three-inch, 220-pounder was made primarily for his magnificent play against Michigan State. Wolverine coach Benny Oosterbaan says "Kramer is the best football player I've seen at Michigan."

McCallum Is Up To Sixth In AAA Poll

DALLAS (AP)—Only one significant change marked this week's statewide Dallas News Class AAA schoolboy football poll, as Lufkin continued to dominate the balloting.

Austin McCallum jumped from 11th to 6th place on the strength of a 19-20 win over Palestine, which held the No. 6 spot last week. Palestine dropped down to 13th place.

The big three, Lufkin, Breckenridge and Port Neches, had no trouble holding their positions, but Garland pushed McAllen out of fourth place again. The two teams have been scrapping for the position for some time.

This week's top ten as selected by representative sports writers throughout the state (Records in parentheses):

1. Lufkin (9-0)
2. Breckenridge (7-0-1)
3. Port Neches (8-1)
4. Garland (8-0)
5. McAllen (8-0-1)
6. McCallum (8-1)
7. Texarkana (6-2)
8. Big Spring (6-2-1) and Vernon (6-2-1), tied.
10. Nacogdoches (7-1)

The second ten:

11. Sherman (6-2); 12. Alice (8-1-1); 13. Palestine (6-2-2); 14. mo Heights (6-3); 15. Harlingen Alamo Heights (6-3; 15. Harlingen Cleburne (4-2-2); 18. Pharr-San Juan-Alamo (6-2; 19. Victoria (6-3); 20. Temple (3-6).

Carter Has Lightweight Title Back

SAN FRANCISCO (AP)—The world lightweight boxing championship was back in familiar surroundings today—in the possession of Jimmy Carter of New York.

The 30-year-old kingpin from Harlem regained the title last night when he battered Paddy DeMarco of Brooklyn into a mess and submission in the 15th and final round of a bruising, savagely fought battle in the vast Cow Palace.

Referee Ray Flores halted the massacre.

Paddy, 26, making the first defense of the championship he captured from Jimmy in New York last March 5, was out on his feet, his left eye swollen and all but shut and his cheek rapidly assuming a deep blue shade.

Carter now stands as the only lightweight king to win the crown three times. He won it originally from Ike Williams in 1951, lost it to Lauro Salas in 1952, regained it six months later and then surrendered the honor to his rival from Brooklyn.

Twice Carter had his man on the deck—from a whistling left hook to the chin in the ninth for a four-count, and with a barrage of punches just as the bell ended the 14th.

The knockdown in the ninth, the second in Paddy's career of some 83 fights, signaled the outcome. The battering in the 14th spelled out the finish and actually the technical knockout in the 15th was anticlimactic.

Carter called his victory the biggest thrill since he started boxing in 1946.

More District Champions To Emerge Friday

by HAROLD V. RATLIFF
Associated Press Sports Writer

Three six district champions have been determined and almost as many more are due this week as the Texas schoolboy football race rolls toward the state playoff rounds.

Class AAAA, the top division, will have five of its eight champions ready for the fight for the state title starting two weeks hence. Waco and Galveston already are in the playoff. Tonight El Paso High plays El Paso Austin for the Dist. 2 title. Tomorrow night Midland entertains Abilene in the payoff game of the Dist. 1 race. Also tomorrow night Austin and Lamar tangle for the Houston district championship. Lamar is the defending state champion of Class AAAA.

Class AAA is expected to decide three of its eight districts. Sherman can sack up the Dist. 3 crown by beating Denison at Denison tomorrow night. Port Neches and Texas City clash at Port Neches for the Dist. 6 championship and Alamo Heights of San Antonio can win the Dist. 7 title by beating Harlandale of San Antonio. Port Neches is defending state champion of Class AAA.

Other district championships of these upper classes will be decided next week.

In Classes AA and A the chips are on the line.

Class AA has decided 12 district kings and has 20 more to determine this weekend. Already boasting championships are Phillips, Floydada, Seymour, Colorado City, Littlefield, Comanche, Jacksboro, Sulphur Springs, Atlanta, Jasper, Waxahachie and Nederland. Huntsville, defending champion of Class AA, may have to depend on the flip of a coin to return to the state playoff. Huntsville and Spring Branch have finished in a tie for the lead in Dist. 18. Cleveland also can tie for it by beating Humble tomorrow night. In that event a coin flip would be necessary. If Cleveland loses to Humble, however, Huntsville will be champion by virute of having beaten Spring Branch in regular season play.

Twenty-two district champions have been declared in Class A. Ten more will be determined this week to fill out the state championship bracket. Already titlists are McLean, Hale Center, Sundown, Sonora, Dublin, Paducah, Clifton, Richardson, Whitewright, Jefferson, Hawkins, Gaston, Grapeland, Groveton, Groesbeck, Hearne, Mason, Bastrop, Sealy, Deer Park, San Antonio, Sam Houston and Bebbronville. Ranger, which won the Class A state Championship last year, is in Class AA this season and already has been eliminated.

There are 23 undefeated, untied teams left in the state and several of them run the risk of losing this week. Midland faces trouble aplenty from Abilene. Seagoville in Class AA may topple before the rush of Terrell, and McCamey of Class A meets an unbeaten although tied team for the Dist. 5 championship in Fort Stockton.

Hale Center, the Class A power that's the highest scoring team in the state with 525 points in nine games, closes out the regular schedule Friday night against oft-beaten Frenship. The next high scoring team is Paducah with 483 points in nine games. Paducah finishes the schedule against Archer City.

The scoring leader of the upper divisions is Lufkin, which has romped to 399 points in nine games. Lufkin doesn't play this week.

The state championship playoffs begin next week in Classes AA and A but don't start in Classes AAAA and AAA until the first week in December.

AAAA Gets 3 New Members, AAA One

AUSTIN (AP)—Four high schools will be newcomers to Interscholastic League football in the 1955 season. Three of them will jump into competition with the big boys of Class AAAA, while one will make its debut in Class AAA.

Bellaire and Burbanks, both of Houston, will join District 7-AAAA, which now includes Jeff Davis, Lamar, Milby, Reagan, San Jacinto and Stephen F. Austin.

Burgess of El Paso will play its first league game as a member of District 2-AAAA, which now is made up of Yaleta and four other El Paso high schools—Austin, Bowie, El Paso and Jefferson.

The fourth new team will be that of Southside (Lubbock), which will engage in District 1-AAA competition.

The league's tentative district alignments for next year also show Breckenridge in that district, but other member schools have voted not to allow Breckenridge membership.

Breckenridge, one of the top teams of Class AAA for the past several years, does not meet the scholastic enrollment requirement for automatic membership. Unanimous approval of other schools in the district is necessary to admit schools whose enrollments are too small.

Junior Rose Bowl Narrows Choices Down

PASADENA, Calif. (AP)—Fifteen teams are in the running for selection to play in the Junior Rose Bowl game here Dec. 11, nine from California representing the West and six representing the East, at least as far as Mississippi.

The selection committee for the sponsoring Pasadena Junior Chamber of Commerce has sent sample contracts to all 15 in preparation for possible selection but spokesmen concede that some are courtesy feelers, especially in California.

The games went to junior colleges with good football records but some obviously below the caliber, on the record, of undefeated squads.

Chairman C. Philip Miller of the committee said yesterday it will meet Nov. 28 to choose East and West representatives. It is expected the East team will be announced that night and the West team the next day.

The six so-called eastern teams and their records this season are: Arlington, Tex., State College Rebels, 8-1-0; Trinidad, Colo., State Trojans, 7-0-0; Hinds, Miss., 8-0-0; La Salle-Peru, Ill., 6-0-0; Boise, Ida., 8-0-1; Kilgore, Tex., 7-1-0.

ABOVE THE BLEACHERS

By DALE WALTON

After another week of picking, our staff of guessers brought their season average to 68.2 per cent.

The eight pickers have 1,125 guesses out of 1,736 combined total of games right. Last week was easy compared to some.

Guest picker this week is Jack Shelley, city manager, who once lived in Lubbock and feels he must be loyal to that place. He is also loyal to Snyder in his picking, however.

Here's how the pickers stand for the season: Feather, Eckstadt, and Walton 67.7 per cent, McNair 67.2, guests 65.8, Pope 63.1, Watson and Gregg 59.4.

Reserved seat tickets available here for tomorrow night's Snyder-Big Spring game were almost gone at last report. If you don't have yours now, better get one quick from Forrest Beavers in the courthouse. Those Big Spring people turn out for games, as do those from Snyder, and there may not be many left after these are gone.

• • •

That celebrated game between Arizona U. and Texas Tech, which resulted in a lot of accusations against the Red Raiders and finally boiled over when Arizona Coach Warren Woodson roasted the Tucson boosters club, had Burns McKinney as referee. McKinney appeared in Snyder in a similar role at the Tiger-Breckenridge game.

Incidentally, a Fort Worth columnist quoted from a letter he received from someone in Odessa which stated that the Arizona coach and McKinney were classmates. Someone must have his wires crossed. McKinney graduated from Hardin-Simmons in 1938, while Woodson was already in the coaching business, having finished his college work at Baylor several years earlier. In fact, Woodson had already finished his coaching tenures at Texarkana Junior College and at Conway, Ark., before he took over at HSU in the spring of 1941. McKinney was long gone, but not forgotten, at the Abilene school by that time.

• • •

Speaking of Odessa, a press service carried a story from there the other day concerning a new hazard on the Odessa Country Club golf course. They're going to drill an oilwell on the course, and the article said it would be a hazard that "Possibly is unmatched anywhere."

Earl Fish writes in to remind that Snyder has an oil well in the middle of its No. 2 fairway and that there are two other wells on the course.

SCENE OF MINE DISASTER

This is the entrance to a coal mine in Farmington, W. Va., in which 15 men were trapped by an explosion in West Virginia's worst coal mine tragedy in a decade. At least one man was killed and two escaped. The dark hole in the center is the shaft, entered by an elevator housed in the building at right. Entrances to the mine were finally sealed, ending all hope of saving the 15 trapped miners. Mining officials ordered the pit sealed to extinguish a fire that followed the blast after hope of saving the men was abandoned.

Fall Business Is Fattening Order Books

By SAM DAWSON

NEW YORK (AP)—The fall business pickup is pleasantly fattening the order books of many manufacturers today.

Some consumers — especially those in the metal trades—who let their inventories drop in anticipation of lower prices—are reported now to be rushing to order new supplies. And in some cases they are finding the supplies tight and order books filled. This is especially true for users of copper.

Steel mills are now reporting a rush for cold rolled sheets. Return of the auto makers to production on new models after the plant shutdowns of early fall set off a flood of orders to the steel mills.

Steel production continues to rise. This week it is expected to hit 79 per cent of capacity, the best rate since the middle of last December.

The oil industry is looking up also.

Construction activities continue at a high rate, aided by the easing of financing rules on home building.

The Labor and Commerce departments, pooling their forecasting talents, predict that total construction outlays — setting new highs this year—will rise to still higher record levels next year. A gain of 7 per cent is seen, with total expenditures at 40 billion dollars.

They look for industrial construction to slacken a bit, but for this to be more than offset by rises in home building and in the construction of stores, offices and shopping centers. A 5 per cent increase in public construction — schools, highways, and the like—is anticipated.

Merchants are already profiting from the pickup in fall business with the big holiday buying rush yet to come. Many are expecting to equal or pass their 1953 sales marks.

Stockholders are beginning to get Christmas dividend bonuses. A number of the large corporations have already passed last year's payment levels and are sweetening their year-end handouts.

The Commerce Department reports that corporations in the first 10 months of the year paid seven billion dollars in cash dividends, 500 million dollars more than in the same period of 1953. Stock dividends and year-end cash extras are expected to bring the total well above 1953.

In the Middle Ages, black cats were burned alive on Halloween because they were believed to represent evil witches.

NEW MISSILE LAUNCHER SHOWN

Unveiled at Baltimore, Md., is the new launching equipment, above, that is being used to launch the Martin B61 guided missile. The equipment is especially constructed to operate in an area of only 100 feet without the use of a runway.

West Texas Applications To Drill Again Top 100 Mark

Activities in West Texas rose again the 44th week in 1954 as applications to drill reached 108. The 43rd week, at 101, they had passed the 100 mark for the first time in two months.

Wildcat applications for the 44th week totaled 21; the previous week there had been 19.

Totals for the year now stand at 843 wildcats and 3,127 field tests, for a grand total of 3,970 projects.

Eight District 7-C counties shared 30 tests.

District 7-C field tests were: Reagan, eight; Coke, seven; Runnels, five; and Crockett and Upton, two each.

District 7-C wildcats were: Tom Green, two; McCulloch, Runnels, Upton and Sutton, one each.

Twenty-three counties in District 8 shared 78 applications.

District 8 field tests were: Andrews 11; Ward, seven; Borden, Ector, and Howard, four each; Garza, Glasscock, Scurry, Sterling, Winkler and Yoakum, three each; Crane, Gaines, Kent, Midland and Pecos, two each; and Cochran, Dawson, Mitchell, Reeves, and Terry, one each.

District 8 wildcats were: Andrews, four; Crane and Gaines, two each; and Loving, Lynn, Mitchell, Pecos, Reeves, Ward, and Yoakum, one each.

Guatemalans Due To Face Firing Squad

GUATEMALA (AP) — A military tribunal last night handed out the first death sentences imposed in Guatemala since President Carlos Castillo Armas ousted the Communist-supported regime of former President Jacobo Arbenz Guzman last June.

The tribunal sentenced Ceferino Valdez, former civil guard lieutenant and international fencer, and Jose Archila to die before a firing squad for beating Rafael Dieguez to death. Both appealed the decree.

The prosecution charged the men clubbed Dieguez because he was heard expressing gratitude for raids on the capital city by Castillo Armas' planes during the Guatemalan civil war.

Hand Grenade Found At Airport In Tokyo

TOKYO (AP) — A small, homemade hand grenade with lighted fuse was found at Haneda airport last night, 14 hours before Prime Minister Shigeru Yoshida landed there on his return from the United States.

A U. S. Air Force spokesman said the grenade was on the ground and probably would have caused no property damage. A guard snuffed it out.

The spokesman said there was no apparent connection between the grenade and Yoshida's return, although a joint Air Force-Japanese investigation is under way.

The Air Force maintains a base at Haneda.

Among U.S. states, Pennsylvania has the largest capacity to produce raw steel and the largest blast furnace capacity with Ohio, Indiana and Illinois following in that order.

OLD FOES BECOME CITIZENS

When 41 German rocket scientists became U.S. citizens in Birmingham, Ala., Veteran's Day, among those congratulating them after the ceremonies was Tom Hunter-Reay, left, who took part in the first raid on Peenemunde, where the V-2 rocket was perfected for Hitler. The former British flier was naturalized last year. Others in the picture, left to right, are, front row, Albert Zeiler and Hans J. Fichtner; back row, Karl Sandler and Arthur Rudolph. The 41 scientists are now working for the U.S. Army.

Wild Boar Hunting Undergoes Changes

By HAL BOYLE

ST. HUBERT, Belgium (AP)—Well, if you are one of the people to whom I promised to bring back a wild boar's ear as a souvenir of Belgium, you might as well forget it.

I can't deliver. I'm coming home without the bacon.

It was a desperate idea anyway. It came to me only after a friend said pityingly:

"Every writer I know worth his salt is on safari in Africa, bagging his rhino, buffalo and elephant—to prove his manhood. What are you proving by going to Belgium?"

"I'm after wild boar, that is an even more important test of manhood," I replied, on the spur of the moment.

"Are they dangerous?" he inquired, doubtfully.

"Why, it's the oldest and most dangerous game in the world," I told him. "Don't you know that eight—or was it nine—of King Arthur's Knights of the Round Table were tusked to death by maddened wild boars? No sissy stuff—like using guns. You spear 'em from horseback."

He didn't belive me until I assured him wild boars' ears were great trophies in Europe, and were used as bookmarks, or, when dried and cured, as poker chips. Soon I had promised to bring back more than 90 wild boar ears.

"Well, Rover, you've really lied your way into trouble this time," my wife told me as I left. "Unless you find a dead pig in the woods with as many ears as a centipede has legs, I can't see how you can get out of this one."

I felt my honor was at stake. I looked up a wild boar expert here and asked if he would take me on a hunt. He agreed. So I tied my passport around my body—for identification in case of accident—and wrote out a one paragraph will leaving all my debts to my wife.

"Now where do I borrow a spear and a horse?" I asked, recalling that the last time I had been on a horse was in 1936.

"Oh, that style of hunting went out long ago," my host, who has bagged nearly 100 wild boars, explained. "We use rifles now."

Then he described how it is done. It is all rather hereditary. You either have to inherit the land or have considerable money.

The wild boars are naturally hereditary. So are the dogs and the beaters who rout them out of the deep forest recesses. Many of the hunters who take up fixed positions and wait for the hereditary dogs and hereditary beaters to chase the hereditary wild boars past them.

The direction you fire is also hereditary. You must shoot only down certain fixed lines, lines fixed perhaps by a great grandfather of a present hunter to insure safety.

Well, call me a sissy, but I just couldn't go through with it. It would be like trying to blast open a hairy piggy bank with a shotgun.

So I'm coming home without my wild boar's ears. Anybody like a nice lace handkerchief from Bruges?

Censure Meet Costs Little

By ROWLAND EVANS JR.

WASHINGTON, (AP)—The Senate session called to consider censure of Sen. McCarthy (R-Wis) may be costing a lot in terms of frayed tempers and frazzled nerves but not much in dollars and cents as such things go.

Senators get no extra salary for it. Regardless of the time they put in, in Washington, they get the same annual amount — $12,500 salary and an expense fund of $2,500.

The biggest cost of the special session is earmarked for travel expenses. Senators get 20 cents a mile from home to Washington and back again when called here on official Senate business.

Total tab for travel is estimated by the Senate disbursing office at between $40,000 and $50,000.

Next costliest item would seem to be the printing bill for the Congressional Record. The daily record, which includes a transcript of everything said in Senate debate, costs $84 a page.

Since the Senate returned here Nov. 8, 199 pages have been added, plus 36 pages to the appendix.

At $84 a page, that totals $19,740, not counting yesterday's debate. The cost may reach to more than double that.

Labor expenses have not increased, Senate officials said. Most Senate employes, such as official reporters of debates, doorkeepers, page boys and parliamentarians, are paid on an annual basis.

Nor is there any additional expense in keeping the Capitol heated or lighted. It's heated and lighted anyway.

As to other drains on the taxpayer, no specific amounts are available. But they would include the small expense of purchasing newspapers all over the nation for the use of Senators. And the expense, also minor, of pencils and pads of paper and special bottled water. And, of course, the snuff box in one corner of the Senate chamber must be kept filled.

Actually, no senatorial hand has been seen pinching snuff out of that box for 20 years or more.

Uranium Strike Report Brings Quick Action

DENVER (AP)—News of a uranium strike on property belonging to the Denver Water Board brought quick action yesterday.

After hearing a report that some assays of the ore run up to $1,850 a ton, the board instructed Water Department Manager E. L. Mosley to negotiate for development of the strike with a royalty payment to the city of Denver.

The reported strike is in South Platte River Canyon near Waterton. Mosley said its extent has not been determined. Many uranium mines produce ore worth less than $50 a ton.

New Drug Helps To Stop Worst Pain

By ALTON L. BLAKESLEE
Associated Press Science Writer

ATLANTIC CITY, N.J. (AP)—The "worst pain in the world" is being stopped by curious new drug described today to the American College of Surgeons.

The pain comes from a nerve ailment in the face—tic douloureux—fairly common after 40. Attacks can last steadily for two to three weeks. Victims can't eat, or even shave. Some commit suicide from the agony. Many doctors agree with victims that it's the worst pain in the world.

Surgery cutting the face nerve has been the best remedy. But that causes loss of all sensation in one side of the face, sometimes leads to eye complications and loss of an eye.

A fairly new drug, stilbamidine, seems to paralyze or somehow strike at the face nerve causing all the pain. And it apparently acts only on that nerve.

The clue that stilbamidine might be good came after it had been given to people suffering from internal fungus diseases. These patients after a time said their cheeks felt numb.

That gave Dr. George W. Smith, neurosurgeon of Johns Hopkins Hospital, Baltimore, and Dr. Joseph M. Miller, Veterans Administration Hospital, Fort Howard, Md., the idea of trying it against tic douloureux.

The drug has completely banished pain in 15 of the first 16 patients treated, Smith said. The first patient so far has been free of pain for 25 months. One of the 16 has had 80 per cent relief of pain, but he may have some other condition besides the nerve trouble.

How permanent the pain-killing is remains to be seen. The attacks usually come every five or six months at least. Other medical treatments haven't extended that freedom period much more than six months.

Stilbamidine works in a curious way. Daily doses are given only for the first 14 days. After a week, the pain starts to go away, but it comes back after about two weeks. Then — with no more drug given —the pain disappears one to four months after treatment had started.

Why the drug behaves this way is not clear, Smith said.

The drug can be taken by mouth.

FOA May Stay In Operation

WASHINGTON (AP)—The Foreign Operations Administration may—or may not—go out of business by next June 30 as Congress has ruled it should.

Officials of the foreign aid agency, headed by Harold E. Stassen, disclosed last night they are working on budget plans for the fiscal year starting next July 1.

Such advance programming is required by law, they said, and besides the new 84th Congress could repeal the 83rd Congress' rare (for Washington) death verdict on a federal agency. It will be up to President Eisenhower to decide whether to ask for an FOA life extension.

In any event, the foreign aid pipeline is not expected to be snapped shut. Programs would be split up among other agencies if FOA is disbanded.

U.S. fountain pen sales were about a million in 1920, but grew to about 42 million in 1953, plus about 122 million ball-point pens.

Hiss Will Learn Soon Whether He Has Finished Paying Debt

By JAMES MARLOW

WASHINGTON (AP)—Alger Hiss, the ex-diplomat whose name has been used as a synonym for treason, must have thought many times as the years slid past his prison cell:

"What's in store for me? Will I be questioned again? Will I be in the headlines again? And perhaps, for something else I say or deny, will I wind up in jail again?"

He may not have to wait long for the answer. Yesterday two congressional groups—the House Un-American Activities Committee and the Senate Internal Security subcommittee—said they're thinking of calling him after he gets out of jail Nov. 27.

Hiss' career crashed to a halt when Whittaker Chambers, confessed onetime courier for a Soviet spy ring, told of secret papers he said Hiss gave him.

For denying Chambers' charges, Hiss was convicted of perjury in 1950 and started serving his five-year sentence March 22, 1951. The liar and traitor. He is getting out after serving 3½ years. The law provides time off for good behavior.

Hiss, a lawyer, will probably [illegible] to practice again. He's been disbarred in New York and before the Supreme Court. He has lost his citizenship rights. He can't get a passport to leave the country.

His lawyer, Chester Lane, of New York, says Hiss will try to vindicate himself.

The most Hiss could have hoped for was that he might not again have to face congressional committees or federal grand juries unless he could vindicate himself convincingly.

But there has been a fundamental change in the law—which the government may now want to use for further investigation of Hiss—since he went to jail. This year Congress passed the immunity law as a weapon against subversion.

It lets the government—Congress and federal and grand juries—grant immunity to a witness to force testimony against others.

At the time Hiss was jailed juries or committees investigating spying before, during or after the war could be blocked right and left by witnesses who refused to testify and escaped punishment by saying:

"I refuse to testify under the Fifth Amendment, which says a man can't be compelled to give testimony which might incriminate him."

Now if committees, or grand juries working with the Justice Department, want to investigate spying, they can single out one individual, perhaps a minor suspect in a spy ring, and tell him:

"We want you to tell us about this spy ring. We'll grant you immunity to punishment for anything you did. We want to use your testimony against the big shots."

A witness who refused to talk after being offered immunity could be cited for contempt and, if convicted, jailed. Before the immunity law, if he refused to answer questions under the Fifth Amendment, he couldn't be jailed for contempt.

Hiss neither refused to answer questions nor pleaded the Fifth Amendment; he couldn't be jailed for contempt.

He denied he gave secret papers to Chambers and was convicted of lying. But the government was never able to prosecute him for spying.

Chambers said Hiss gave him the papers before the war, which was peacetime. Unless a man is tried for peacetime spying within a limited time after the offense, he can't be tried for it at all. Hiss wasn't brought to trial until five years after the war. The charge was perjury, not spying.

But there is no time limit on when a man can be tried for espionage committed in wartime. Chambers' part in the spy ring ended before the war. Hiss continued in the State Department through the war. He did not leave until 1947.

With the help of the new immunity law Congress or grand juries could reopen investigations of peacetime and wartime spying. If they do, they may want to question Hiss or grant immunity to others to learn more about him. The penalty for wartime spying is death.

If through the immunity law the government got evidence which Hiss denied under oath, although wartime spying was not involved, he might find himself confronted with a brand new perjury charge.

Jury Unable To Agree In Robinson Case

SANTA MONICA, Calif. (AP)—Unable to agree in the robbery trial of Edward G. Robinson Jr., a jury has been discharged. The son of the movie actor will appear Feb. 14 for retrial.

The 21-year-old defendant was accused of robbing two taxi drivers of $38. They identified him as the man who took their money in separate holdups, but Robinson claimed it was a case of mistaken identity.

Jury foreman John Bresnick, reporting to Superior Judge Allen T. Lynch that "we are hopelessly deadlocked," said the balloting remained at 11-1. Judge Lynch warned him against disclosing whether the preponderance was for or against Robinson. The jury deliberated six hours and was discharged last night. Robinson remains at liberty on $10,000 bond.

Prosecutor Simon Rose, summarizing the testimony, told the jury: "Perhaps the boy should have been allowed to go out and earn his own living as thousands of other young Americans have had to do."

Jerry Geisler, noted criminal lawyer who defended Robinson, argued that the taxi drivers could have been mistaken in their identification and pointed out that they did not detect a scar on the defendant's face nor a large ring which was a gift from his father.

Young Robinson maintained he was with his wife when one taxi driver was robbed and with friends on the other occasion. He produced witnesses to substantiate his claims.

Cab driver Harry Chernack pointed out young Robinson in court Tuesday as the man who pointed a gun at his head and took $11 from him last July 1. Driver Michael Piascik identified him as the passenger who robbed him of $27 June 25.

West Germans Plan Nuclear Reactor

LONDON (AP)—Although barred under the Paris accords from making atomic weapons, West Germany plans to build its first nuclear reactor within the next two years.

The Bonn government's schedule for an atomic energy program devoted to civilian purposes was outlined by Chancellor Konrad Adenauer in a recent letter to the Allied Powers. Details were reported to the House of Commons yesterday by Foreign Secretary Anthony Eden.

Adenauer promised that West Germany's annual production and import of nuclear fuels will be held down to 3,500 grams (about 7¾ pounds). Bonn regards this amount as necessary for an adequate civilian program.

Queen Mother Sails Today On Return Trip

NEW YORK (AP)—Queen Mother Elizabeth of England sails today for home after a 22-day visit to the United States and Canada.

She came to New York by plane from Ottawa yesterday and went immediately to the liner Queen Mary.

The Queen Mother, who spent five days touring Canada, was greeted by a throng of admirers both at La Guardia Field and at the ship's pier.

To one and all she smiled graciously, waved and called "good-by."

Vaccine For Measles May Be Developed

WASHINGTON (AP) — A possible lead towards developing a preventive vaccine against measles has been reported by Dr. John F. Enders, of Harvard Medical School, who won a Nobel prize for his polio research.

He announced last night "very suggestive" evidence of the long-sought isolation of the elusive measles virus—and of possible means for its laboratory growth. The method described uses a "tissue culture" method like that which paved the way for development of the Salk vaccine for polio.

Enders told an audience of scientists at the National Institutes of Health that he and some coworkers had isolated from throat washings and blood of measles patients "an agent" which has passed certain tests indicating it may be the actual causative organism of measles.

It remains to be proved, he said, that it actually is the measles virus—and such proof must await production of measles in an experimental animal with the newfound agent.

He said that if proof is established, it might then be possible to:

1. Use the virus to test the potency of various preparations of gamma globulin, a blood derivative that can mitigate and sometimes even prevent measles if administered at the proper time.

2. Develop a skin test for determining immunity or susceptibility to measles.

3. Produce a vaccine that would give long lasting immunity to the disease. (Gamma globulin, even when it prevents the disease, provides relatively short lasting protection).

WOMEN OF 40 PAST
who find themselves looking and feeling years older than they really are, with stringy hair, poor complexion, brittle finger nails, no vitality, no "pep," feeling half dead all of the time should realize that often such symptoms are caused by simple iron deficiency so they should try pleasant tasting

POSTER GIRL PLAYS

Mary Kosloski, five-year-old Collierville, Tenn., polio victim chosen as the 1955 March of Dimes Poster Girl, plays ball with her three-year-old brother, Paul, and sister, Catherine, 8, hidden behind Paul, in the yard of their home. Mary, stricken by polio when she was five months old, has been receiving treatment since and now can get about with braces and crutches.

In 1900 nearly two-thirds of U. S. men over 65 were working or hunting jobs, but in 1950 less than half were doing so, says the Twentieth Century Fund.

When ripe apples are stored with potatoes, the potatoes, will not sprout, the effect being stronger when storage is in airtight containers.

We bring you
THE 1955 BUICK
New thriller in Style-Power-Performance

WHEN BETTER AUTOMOBILES ARE BUILT BUICK WILL BUILD THEM

A BRIGHT NEW FRESHNESS greets your eyes and tells you: *Buick's done it again.*

You see it in the bold distinction of that gleaming Wide-Screen Grille. You see it in the rakish sweep of the rear-end contours. You see it in the whole fore-and-aft newness of fleet-lined grace that marks Buick the beauty thrill of 1955.

New horsepower—up to 236

You learn more when you get the power story. Up to new peaks go the horsepowers of every Buick V8 engine—a walloping 188 hp in the low-price SPECIAL—a mighty 236 hp in the CENTURY, SUPER and ROADMASTER.

And it's new, more responsive, far abler power you can literally *feel* as you go.

But even bigger Buick news for 1955 is something more than style and power. *It's what the "variable pitch propeller" now has done for Dynaflow Drive.**

Up goes performance—and gas mileage too

When you find it necessary to push the pedal to the floor board, you do more than call on the greatest high-compression V8 power in Buick history.

You do what a pilot does when he heads his plane down a runway.

You do in oil what he does in air—*you cut down take-off time by using "variable pitch propellers."*

In this case, the propeller blades are inside the Dynaflow unit. But they're engineered to swivel or change their "pitch" just like plane propellers—and with the same result: one pitch for getaway, another pitch for gas-saving fuel efficiency.

And what you get in the way of instantaneous safety-surge with absolute smoothness, you can only believe when you feel it.

This you have to try

Of course, we want you to come and see the trend-setting new Buicks—look into the betterments in gasoline mileage that add new thrift to these spectacular cars.

But this year, "seeing" is only the beginning. So—while you join the crowds viewing the new Buicks this week end, make a date to get behind the wheel as soon as you possibly can. We promise you the thrill of the year.

*Standard on Roadmaster, optional at extra cost on other Series.
