THREE WEEKS TO GO

Legislature Still Is Lost In Woods

AUSTIN, April 18. (U)—The 51st Legislature was still looking for a way out of the woods as it went into its 15 week today.

Wednesday is the 100th day of the session if the legislature follows the constitutional suggestion of 120 days for duration, that means it has a long way to go in just a little more than 20 days.

The Senate was called back into session from its Easter recess this morning, but House members voted not to resume work until this afternoon.

Some leaders in both House and Senate were still confident the session could work itself clear before or soon after the expiration of the 120 days. Others were just as sure this session may drag on for weeks trying to solve the problems of what to do about public school legislation and what to do about spending and taxation.

There are the key questions in the legislative log-jam. The legislature faced another heavy schedule of committee work, despite the lateness of the hour in the session. The session's third proposal to tax natural gas was before the House Revenue and Taxation Committee for hearing tonight.

By Rep. Jimmy Horan of Archer City, it proposes a sliding scale of taxation based on market value of the gas. The tax would start at one and one-half cents per thousand cubic feet, with a maximum of two and one-half cents.

He is still unable to walk, his mother said yesterday.

Big Springers Off To Galveston Meet

Several Big Spring people left Monday for Galveston to participate in the annual meeting of the Texas Hospital association.

Mr. and Mrs. Schley Riley and Mrs. Nellie Weaver of Malone & Hoggan clinic hospital, Mr. and Mrs. Don Burke, Jessie Ryan and Mrs. Gwendolyn Smith of Cowper clinic were among those leaving for the three day meet starting Tuesday. The association deals with hospital operational matters.

Dr. Preston R. Sanders, Medical Arts hospital, left during the weekend for Houston where he will do post-graduate studies.

Held In Theft

Wilson R. Hilburn is being held in the county jail on a charge of car theft. Hilburn allegedly stole the automobile from a Latin American man here.

Malmedy Massacre Probe Is Launched By Senate Group

WASHINGTON, April 18. (U)—Secretary of the Army Kenneth Royall asked Congress today to recommend what the Army should do with six German storm troopers sentenced to die for the Malmedy massacre of 160 American soldiers.

WASHINGTON, April 18. (U)—One of the most shocking episodes of the last war—the massacre by Germans of some 160 captured American soldiers near Malmedy, Belgium—came before a Senate investigating group today.

Secretary of Army Royall and Lt. Col. Burton F. Ellis, chief prosecutor of Germans for the massacre, were called to testify about the massacre. These trials have caused international arguments and propaganda.

Results of the congressional hearing may have some influence upon death sentences imposed—but not

yet carried out—against six former Nazi storm troopers convicted of the outrage.

Sen. Baldwin (R-Conn.), who will preside at the armed services subcommittee inquiry, said it is the first time that Army prosecutors have had a chance to explain and defend their actions.

The story reaches back to December 1944 when desperate Germans were making their last frantic drive to stave off defeat in the "Battle of the Bulge."

One German group now known as "Task Force Peiper," because of its commander, Col. Joachim Peiper, surrounded a group of United States soldiers who surrendered their arms.

This prisoner group then was lined up in the snow at a crossroads near Malmedy and literally mowed down with machine guns.

Germans then walked among the dead and wounded to shoot again any appearing alive.

Army officials say that eventually

Irish Celebrate Birth Of Their Republic Today

DUBLIN, Ireland, April 18. (U)—Stalwart Irishmen shed unashamed tears of joy today as they watched soldiers of Erin march proudly—and legally—in honor of the birth of the Republic of Ireland.

Among the marchers were many members of the old IRA—the Irish Republican Army—survivors of that handful of desperate men who struck against the British on Easter Monday 33 years ago.

Ambassadors and ministers of the world's nations stood on a green and white reviewing stand to watch the parade marking the formal change for Ireland from a British dominion to the "sovereign and independent nation" it declared itself to be in 1916.

Conspicuously absent was Eamon de Valera, whom most Irishmen call the elder statesman of the republic. The former premier, veteran of the Easter Monday uprising and an indefatigable fighter for independence, now leads a minority political group. He and his followers refused to take part in today's celebration. They claimed no celebration should be held until all of Ireland is in the republic.

The republic as it is now embraces the 26 counties. Six counties in northeastern Ulster Province have voted to remain a part of the United Kingdom.

At one minute past midnight the British dominion of Eire became

the sovereign Republic of Ireland. Even King George VI, who has relinquished all claim to be Ireland's ruler, sent a telegram of congratulations.

All over this staunchly Catholic republic, the free citizens flocked to solemn high Masses of thanksgiving. President Sean T. O'Kelly and Prime Minister John A. Costello set the example, worshipping at Dublin's pro-cathedral.

At the sunrise rites, Dr. P. D. O'Brien, First Baptist minister, told the amphitheatre congregation that "we do have the assurance that death has a conqueror; and that He is risen." Through the resurrection of Christ, he said, mankind has the hope of eternal life far more beautiful than any can imagine.

Rev. James Parks, East Fourth Baptist pastor and president of the sponsoring Big Spring Pastors association, presided. Invocation was by Rev. J. E. Kolar, Main Street Church of God pastor; Scripture reading by the Rev. Aubrey White, Wesley Methodist minister; and benediction by Rev. Lewis Patterson, minister of the Church of the Nazarene. A men's quartet composed by H. G. Keaton, Bernard Lamun, Arnold Marshall and J. B. Langston sang, and Mrs. B. E. Freeman and Mrs. Noble Kenner sang the "Holy City." The offering for charity purposes amounted to approximately \$158. Members of the Knights Templar order attended in a body.

Church school attendance reached 3,874 on 19 reporting churches. Estimated church attendance was 7,654.

Church school and morning congregation figures were reported as follows: First Methodist Sunday school, 471, church, 900; Wesley Methodist Sunday school, 145, church, 250; First Baptist Sunday school, 613, church, 1,200; East Fourth Sunday School, 646, church, 800; Northside Baptist Sunday school, 180, church, 225; Westside Baptist Sunday school, 156, church, 175.

Airport Baptist, 118, church, 120; Trinity Baptist, 188, church, 240; First Presbyterian, 120, church, 450; First Christian, 198, church, 400; Church of Christ, 228, church, 500; Church of God, church attendance, 125; Assembly of God, 186, church, 225; St. Thomas Catholic, 60, church, 400; Sacred Heart Catholic church, 470, church, 900; Salvation Army, 57, church, 38; State Street Baptist church, 51, church, 40; Church of Nazarene, 62, church, 65.

DOG CATCHER'S POOCH IN CAN

LONG BEACH, Calif., April 18. (U)—It was Dog Pound Employee William Gilbert's big chance.

Dog Catcher Lisle Wright got sick yesterday. Gilbert took over.

He got a report on a stray dog, bagged it and brought it back to the pound.

The dog was Wright's. It'll cost the dog catcher \$2 to redeem the pooch.

DEATHLESS DAYS 493

In Big Spring Traffic

By The Associated Press

The Easter holiday week end brought violent death to at least 21 people in Texas.

Easter outings accounted directly for some of the deaths. A San Antonio priest took five girls on a boat ride. The boat upset. The priest drowned attempting to rescue his young charges. One of the girls drowned.

But, as usual, automobile accidents took the heaviest toll.

Two Men Overcome On Drilling Rig

O. L. Dupey and F. B. Griffith were brought to a hospital in an Eberley ambulance shortly after noon today after they were overcome while working on a drilling rig near Vealmoor.

Although details were not learned immediately, Griffith reportedly was overcome while working in a rig cellar, and Dupey was similarly affected when he went to Griffith's assistance.

FATHER HANGED, TRIPLETS BORN

MONTREAL, April 18. (U)—Triplets were born yesterday to Mrs. Noel Courty, widow of a gunman hanged March 11 for the murder of two policemen. Courty was executed despite pleas for a stay of execution because of his wife's pregnancy.

The war victims included S-Sgt. Richard Ray, Jr., Palacios, Tex., and S-Sgt. Curtis A. Reynolds, Houston.

REPORT REDS SEEKING DIPLOMATIC WAY TO LIFT BLOCKADE OF BERLIN

BERLIN, April 18. (U)—Are the Russians seeking a diplomatic way to lift the blockade of Berlin and still "save face?"

For several weeks, there have been reports of new Soviet efforts to find a way out of what has become a boomeranging situation.

Navy Starts Work On Super Flat-Top

REPORT REDS SEEKING DIPLOMATIC WAY TO LIFT BLOCKADE OF BERLIN

BERLIN, April 18. (U)—Are the Russians seeking a diplomatic way to lift the blockade of Berlin and still "save face?"

For several weeks, there have been reports of new Soviet efforts to find a way out of what has become a boomeranging situation.

The allied counter-blockade has deprived the Soviet occupation zone of Germany and many of the Soviet satellite countries of materials necessary to their economic wellbeing.

There were reports from authoritative sources in Germany yesterday that Germans of the eastern zones are pressuring the Russians to lift the blockade.

Die Welt, official British army newspaper at Hamburg, said the Germans of the Russian zone want to resume trade with eastern Germany.

Die Welt said Vladimir Dekanosov, Russian ambassador to Hitler Germany, "has been in Berlin for

several days to advise the Soviet military administration on these proposals about resuming international trade and traffic, which have now reached a decisive stage."

The story was supported in part by Lawrence Wilkinson, economics adviser to Gen. Lucius D. Clay, American military governor. He said the Communist-dominated German Economic Commission of the eastern zone had sent informal communications to German officials in Frankfurt asking a common effort to get trade started again between eastern and western Germany.

Wilkinson said the American answer was "nothing doing. No trade until the blockade of Berlin is fully lifted."

Several London newspapers meanwhile printed Berlin dispatches saying a special Soviet envoy is en route to Washington with a new proposal to solve the blockade issue.

DATE FIXED MONDAY

Courthouse Bond Election May 28

Date of election on a proposed courthouse bond issue was fixed by Howard County Commissioners court Monday as May 28.

The election was called in response to petitions which specified that the amount should not exceed \$600,000, the rate not to exceed four per cent, and the period of repayment not to exceed 35 years.

The court indicated, however, that in event of approval of the issue at the polls, the shortest practical period for retirement on the lowest interest rate would be sought. The call will specify a 10 year option for call.

At the same time, the court officially entered into a contingent contract with the First of Texas Corp. of San Antonio to handle the legal work in connection with calling and supplies for holding the election, preparation of the issue for attorney general and final approving opinions (by Gibson and Gibson, Austin), and notice to bidders.

The fee was set at \$17.50 and would be paid only in event of passage of the bonds. Otherwise, the county would have no liability. The bonds would be sold on a sealed bid basis.

Harry Ratliff, Abilene, representing the First of Texas, met with the court and went over details of the election. Commissioner R. L. Nall moved and G. E. Gilliam seconded that the date be set at May 28. Commissioner Gilliam moved and Earl Hull seconded that the preliminary contract be awarded First of Texas on a contingent basis.

The court also gave the green light to Bill Couch, county engineer, for handling of the county road system. Couch, who has been on duty for the past nine weeks, had functioned with direct consultation on routine matters with the court until he became familiar with the set up. Commissioner Nall said that Couch was now grounded in the county's system and policies and that it was time for him to take over, and Commissioner Gilliam concurred. Judge J. E. Brown told Couch that "it's your baby now."

Couch expressed thanks for the help of the court. He will, of course, continue to consult with the court regularly on matters of policy concerning the administration of the county's road system.

Approval of the deputization of S. E. Johnson as a third deputy in the office of Sheriff R. L. Wolf was approved on application of the sheriff.

Estimates on cost of repair to a caterpillar tractor were ordered; signs for posting warnings against trash dumping and dirt removal from public roads under \$200 fine penalty were approved; one-week vacations for the county road force were sanctioned. The court also checked with Mary Cantrell, case worker, on an indigent matter.

CREMATED REMAINS OF NINE AMERICAN FLIERS BACK HOME

NASHVILLE, Tenn., April 18. (U)—The cremated remains of nine American fliers who died in the crash of their bomber in England in 1944 will be lowered into a common grave at National Cemetery here Thursday.

Although none of the airman was a Tennessean, families chose Nashville from a list of "logical" burial places submitted by the adjutant general's grave registration division.

The war victims included S-Sgt. Richard Ray, Jr., Palacios, Tex., and S-Sgt. Curtis A. Reynolds, Houston.

Wednesday's earthquake is blamed. Old Fort Nisqually (upper right) is close to the edge of the slide. Trees protrude from what was 100-foot deep water. (AP Wirephoto).

65,000-Ton Ship To Be World's Biggest

NEWPORT NEWS, Va., April 18. (U)—The keel of the world's largest aircraft carrier—big enough to handle bombers capable of carrying atom bombs—was laid today.

No ceremony attended start of work on the 65,000-ton super flat-top, which has been the center of a hot controversy between the Navy and the Air Force.

65,000-Ton Ship To Be World's Biggest

NEWPORT NEWS, Va., April 18. (U)—The keel of the world's largest aircraft carrier—big enough to handle bombers capable of carrying atom bombs—was laid today.

No ceremony attended start of work on the 65,000-ton super flat-top, which has been the center of a hot controversy between the Navy and the Air Force.

The Air Force regards the \$185 million carrier, which will be named the "United States," as an invasion of the field of long-range strategic bombing, a field to which the Air Force claims exclusive rights.

The Navy denies this and contends its planes of 1952 should have correspondingly up-to-the-minute seagoing airstrips to operate from.

Laying of the keel today ended a week of uncertainty as to whether the ship would be built. President Truman and Secretary of Defense Louis Johnson both declined last week to answer questions.

The President, the Defense Secretary, the Navy and the shipyard all kept mum on the decision in advance.

Johnson had invoked secrecy—although plans for the 65,000 ton carrier, long since had been announced officially. Orders to say nothing about the decision to go ahead or stop construction were imposed.

But earlier the Navy had let it be known that the keel-laying for the carrier might occur today at the Virginia yards of the Newport News Shipbuilding and Drydock Corp.

Therefore, all but the few officials who really knew the answer had watched to see whether some shipyard workers would swing some metal into place, drive home a few rivets and start construction of a hull for "CVA No. 58"—named by Mr. Truman himself the carrier "United States."

There was no question that the idea of constructing a giant carrier had initial approval in the highest quarters. Congress authorized funds for starting it. About \$1 million is being spent in the current fiscal year (which ends June 30). The request for the next fiscal year, beginning July 1, is \$45 million.

Fighting may burst out regardless of what answer the Nanking government gives the Communists, who want their armies to cross the Yangtze in about a dozen places and take over national troops.

The Communists are dealing with Acting President Li Tsung-Jen. Li, at best, controls only 200,000 troops, mostly in the Hankow area. Shanghai and Nanking defense troops are under the control of Gen. Tang En-po, whose loyalty to Chiang Kai-shek has never been questioned.

Many observers here feel that Tang will retire to Shanghai and below rather than fight along the river. Some of his troops likely would go to Formosa, where the bulk of the Chinese navy and air force is still under the domination of Chiang Kai-shek. Others might try to reach South China points.

Return From Rites For Grandchild In Abilene Friday

Mr. and Mrs. J. H. Stiff have returned from Abilene where they attended funeral services for their infant grandson, John Sterling Stiff, son of Mr. and Mrs. John Stiff, 1126 Mulberry, Abilene.

Services were held at 4 p. m. Friday at the Elliott Chapel of Memories. The Rev. Earl G. Hamlet, pastor of St. Paul's Methodist Church, officiated. Burial was in Babyland at Elwood Memorial park.

Sees Pact Signing

HAIFA, Israel, April 18. (U)—Brig. Gen. William F. Riley, United Nations representative, said today he thinks an Israeli-Syrian armistice will be signed next month.

Other survivors include the maternal grandparents, Mr. and Mrs. Harry Raschig of Chicago.

West Texas Banker Dies In Abilene

ABILENE, April 18. (U)—Henry James, 77, associated with three West Texas banks, died last night. His death followed hospitalization yesterday afternoon.

James was president of the Farmers and Merchants National Bank of Abilene, vice-president of the First National Bank of Baird and president of the Tuscola State Bank.

He had been associated with the Abilene bank 39 years.

QUAKE-CAUSED SLIDE SCENE—This air photo shows where a cliff 400 feet high roared into Puget sound, barely missing the edge of Salmon Beach community (foreground) near Tacoma, Wash. Wednesday's earthquake is blamed. Old Fort Nisqually (upper right) is close to the edge of the slide. Trees protrude from what was 100-foot deep water. (AP Wirephoto).

Proposed Advances In Postal Rates Pose Dire Consequences

Recently Editor Jim Kelly of the Stanton Reporter professed to be disturbed by proposed increases in second class mail rates. He has every right to be, for he, like a generous portion of small weekly and daily publishers, performs heroic service in keeping constituents informed on public affairs.

People served by rural mail delivery also have a right to be disturbed, for their ability to subscribe to newspapers and periodicals is involved. The increases proposed by the postal department range from 125 to 300 per cent, and in one case it would reach a fantastic 600 per cent.

Obviously, something would have to be changed under such a schedule. In many areas, and in the wide open spaces of West Texas with its widely scattered population in particular, employment of other and cheaper means of distribution would be practically out of the question.

The alternative would be to pass on to subscribers the rate increase, and few publishers relish this thought any more than that they might be separated from friends of long standing.

The post office says that the current rates are losing money, hence constitute a subsidy. It is a subsidy to the rank and file who read newspapers and periodicals and not to the publications themselves. Actually, the cost of newsprint, performing of exceptional dispatch (in which newspapers facilitate handling of mail), and postal rates not infrequently exceeds return from RFD revenue. This is emphasized by annual bargain rates, which cut to the bone the possible margin.

Publishers do not resist any sensible approach to a study of postal rate structure, but they do submit to readers, who will be those to suffer, that the present proposals are without precedent.

Contrast Between Systems Is So Marked As To Remove Doubt

Some interesting studies have been made in terms of time required to earn certain commodities in the United States and in the Soviet realm. The disparity is so tremendous that it ought to raise serious doubts against embracing ideology of countries where best efforts can produce meagre subsistence, let alone opportunity for creative leisure.

Dr. George S. Benson has made some interesting comparisons in other fields. He notes that the U. S. L. S. about one-fifth of the world's population. Yet it sends more students to high schools and colleges than the rest of the world combined. That one-fifth of the world's population also drives four-fifths of the automobiles.

Wages paid American workers exceed

those paid Russian laborers by five times, although there are 10 to 20 times as many laborers in Russia.

To get back to the original comparison. Three hours, on an average, earns daily rations; in Russia it takes nine hours. Three hours of labor earns a cotton shirt; in Russia the figure is nearer 320 hours. A wrist watch costs the American worker 30 hours; the Russian 1,600 hours. For beverage, the American worker toils 10 minutes or less; the Russian 48 times as long.

Leave fundamental freedom out of it, if you like, and there is still a prima facie case against tossing overboard the capitalist system, which admittedly has its faults, in favor of something that appears to be less than nothing.

Broadway-Mark Barron

Orchestra Leader Is Longing To Appear As Individual Performer

NEW YORK—Cab Calloway, the long, thin orchestra leader—so long and thin he can almost twist himself into a sign as he weaves his body in front of his orchestra—says he wants to leave his orchestra for a while and appear as an individual performer.

Cab has been going a long time now as the tops in high-de-ho scat. He thinks it's time for a change.

"I want to do something as an individual performer," he says, "but I keep going with my orchestra because I have been doing it such a long time and because I find that my audiences are constantly changing."

"You know something I realized the other day? I've been singing and playing 'Minnie, The Moocher' so much that it is more or less, a theme song for myself. It is still a big hit wherever I play, and it is a number in every program where we appear."

"But I've been doing 'Minnie, The Moocher' since 1930. We'll be getting up to a silver wedding anniversary, Minnie and me, almost before I realize it."

Calloway, who is an able technician as well as an imaginative performer, says that he will have some regrets about breaking away from the boys in his orchestra if he decides to do so. Most of his players have been with him for at least ten years and some have been with him

even longer.

He has directed them so long that they are almost an automatic read and brass and drum choir, his harmony with proper tone color and his technical tricks which fit in with his be-bo interludes are a type of music which can be associated only with an orchestra leader who is as much an individual as Calloway.

There is no reason why Calloway cannot break away from his accepted career as an orchestra leader and perform as an individual. Jose Iturbi was established as a concert pianist when he decided to take up a half dozen other careers including those of film actor, aviator, orchestra conductor and several others. He was equally successful in all the extra ones, although he comes back now and then for another session as a concert pianist.

Calloway still has a question in his mind about making the change.

"It is a new generation I am playing to now," he says, "and they are a hep generation. They not only want the new type of playing, but along with it they want to hear examples now and then of the music we played back in the 1920's. They want to make a comparison of what they like now with what their fathers and mothers used to like. That's the reason I still do 'Minnie, The Moocher,' and I'll probably keep on doing her for keeks."

Nation Today-James Marlow

Puzzle: Who Altered Cannon's Talk For Congressional Record?

WASHINGTON, APRIL 16.—THIS story has a moral: you have to keep your eyes and ears open or you'll miss something.

The House was debating—later approved—a defense program of about \$16 billion.

Up stood Rep. Clarence Cannon, Missouri Democrat, to tell the House he thought a big wad of the dough ought to be spent on long-range planes. This is where ears and eyes became important. For the next day the New York Times reported Cannon as saying, among other things, that if we started:

"Moscow and every other center in Russia, we must hit within one week after the war starts, and it can be done only by land-based planes such as we now have."

"We will not necessarily have to send our land army over there. In the next war, as in the last war, let us equip soldiers from other nations and let them send their boys into the holocausts instead

of sending our own boys. That is what long-range planes mean."

Our future allies, reading that in the Times, might get the impression that we were thinking of doing the blasting while our allies did the dying on the battlefield.

BUT WHEN THE CONGRESSIONAL Record of Cannon's speech came out the next day, this particular part didn't read the same way. It sounded milder in the record. It said:

"Of course, a war could not be won by air power alone. There must be troops for occupation and Navy ships for transportation. But under the Marshall Plan and the Atlantic Pact we will have allies with troops and ships who should also be given an opportunity to discharge their obligations as contracting powers."

"Why not let them contribute some of the boys needed to occupy enemy territory after we have demoralized and annihilated the enemy territory from the air?"

WHICH VERSION IS CORRECT THE one in the New York Times, noted for its accuracy, which is the same version our own Associated Press reporters had? Or the version which appeared in the Congressional Record?

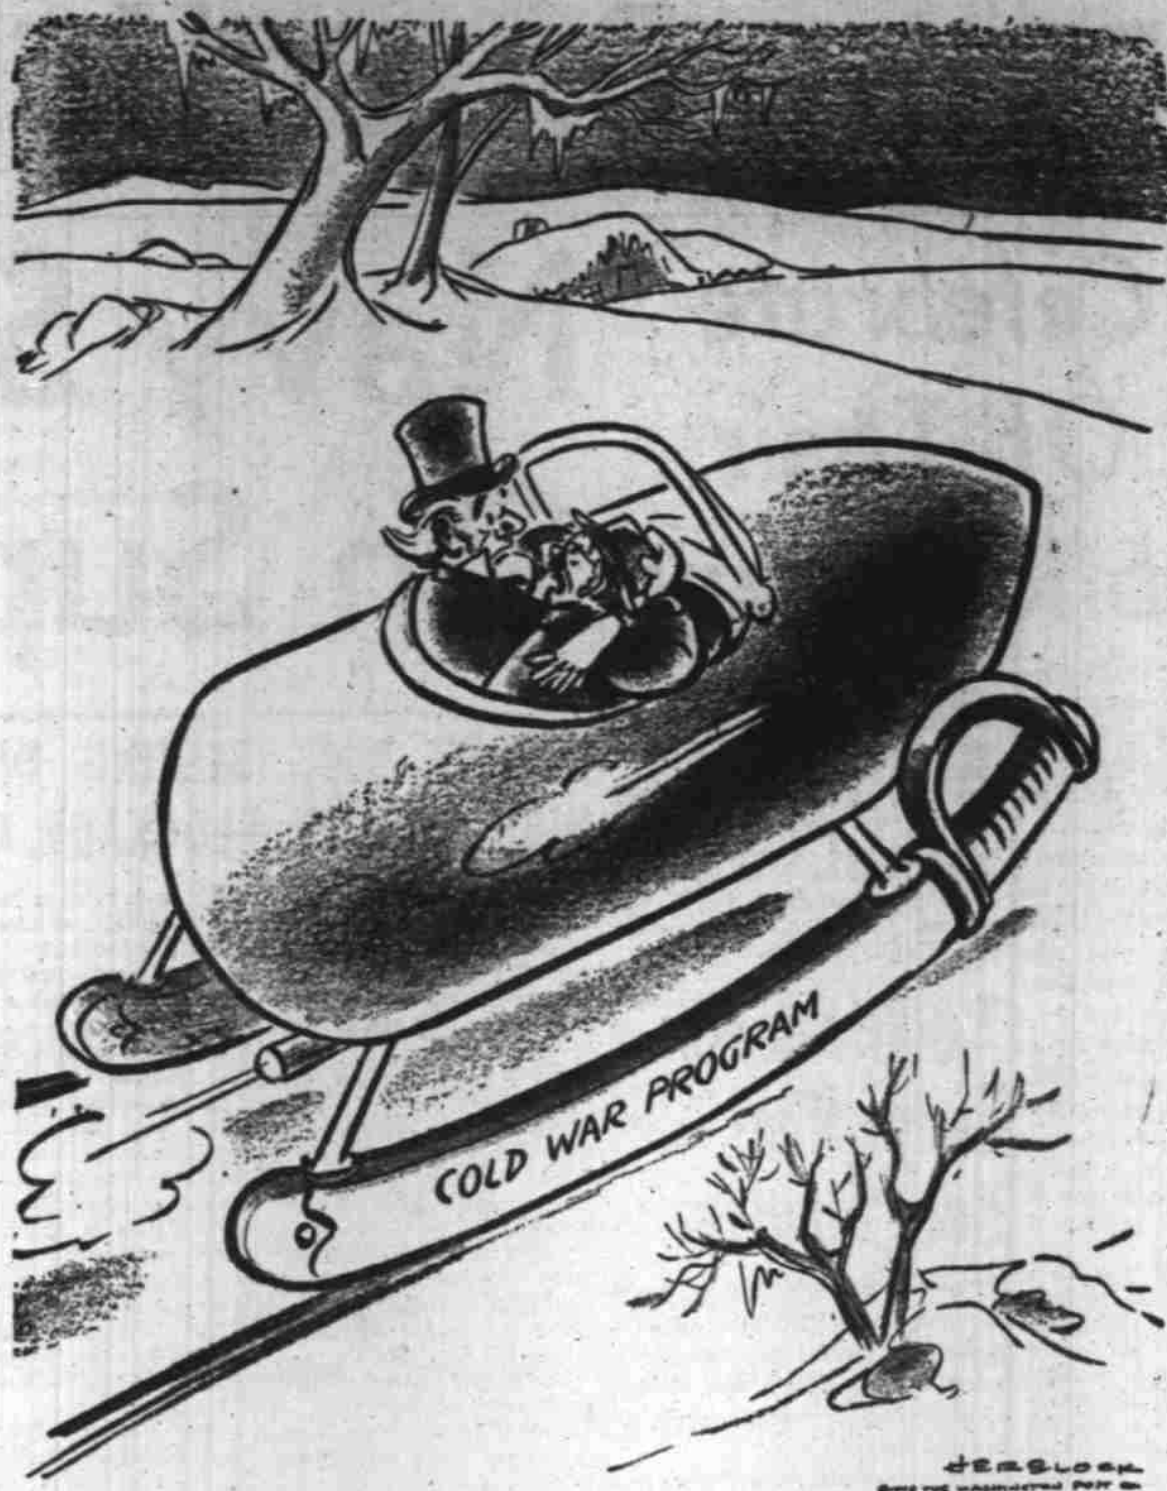

I called Cannon and asked him. He said he hadn't read the published account quoted above. But he also said he did not know whether that's what he said on the floor.

Why? He said he was excited at the time. He said he had gone on the floor with a prepared text. And it's his prepared text which appears in the Congressional Record.

Then I asked him if he—as many congressmen do—altered what the stenographer had taken down on the floor of the House before it could be printed in the Congressional Record.

No, he hadn't touched the Congressional Record after his speech, he said.

"GOT SOMETHING WE CAN SWITCH TO IN CASE OF A THAW?"

Merry-Go-Round-Drew Pearson

Demos' Plans For Special Session Inadvertently Disclosed By Lucas

WASHINGTON—A tip-off that the Democrats are definitely planning a special session of Congress this summer was let out of the bag the other day by Senate Majority Leader Scott Lucas. He tipped his hand in a recent private conversation with Sen. James Eastland, Mississippi Democrat.

Eastland stopped Lucas in the Senate cloakroom and with a shrug toward the Senate floor, remarked:

"What are the Republicans doing, trying a slow filibuster to wreck the President's program?" "Yeah," snorted Lucas, looking both ways to make sure no Republicans caused a sidown strike. "But they're just cutting their own throats. We're going to get the President's program through."

"We're going to let them go on like they are until we adjourn," he continued. "Then we'll call a special session this summer and come back and pass the President's program. After that, we'll go to the people and tell them the reason we had to call a special session was because the Republicans caused a sidown strike in the United States Senate."

"There isn't a man on the Republican side who has any idea of politics," Lucas added. "As long as they have men like Wherry (Minority Leader Kenneth Wherry of Neb.) they're not going to get anywhere."

TIDELANDS OIL Salt Lake City's dignified, white-haired postmaster, I. A. Smoot, called on President Truman the other day to plead for a strong hand in crushing the oil lobby. The lobby is now pushing another bill through Congress to restore the rich tidelands oil to the States.

There was no hedging in Truman's reply.

"As long as I am President," he declared, "I will never permit the submerged oil lands to go back to the States."

TAFT AND NEW DEAL Probably more than anyone else, Sen. Robert Taft of Ohio is the personification of the Republican Party. Therefore, when he called for a broader social program in an off-the-cuff speech the other day, it had the effect of shifting the GOP cornerstone a few points to the left.

Taft's statement was delivered behind closed doors and was meant only for the ears of Republican senators. Part of what he said has already leaked to the press, but for the first time here is the full story of what happened.

The stage was set for Taft's remarks by his Ohio colleague, Sen. John Bricker, who called for a tightening of the economic belt and a return to the standards of Republican thrift.

Bricker's preaching was chiefly aimed against public housing, and in favor of his neat strategy to kill public housing by tacking an anti-segregation amendment on the bill. This would drag civil rights into the housing fight and split the Democratic Party right down the Mason-Dixon line. Bricker suggested limiting debate on the anti-segregation amendment to two-thirds cloture and, for political reasons, divorcing the arguments from the public-housing issue.

TAFT GETS TENSE After more of this kind of talk from Mundt of South Dakota and Malone of Nevada, Taft jumped to his feet and tensely took the arch-conservatives to task. It was

time, he declared, to draw the line between the Democratic and Republican Parties. The difference, he said, was not in ideals but in methods.

"The Republicans stand for improved standards of living," he cracked. "But we believe in welfare without regimentation."

He contended that federal aid for housing, health and education "do not depart from the basic principles" of the constitution. Republicans are already supporting welfare programs in the cities—including slum clearance, free medical service and free education, he pointed out. Federal aid was just an extension of this program, he said.

"Of course Republicans must support the free-enterprise system," Taft warned. "But we had better take care of those in the lowest income brackets or we will lose the free-enterprise system."

He then invited Senators Bricker, Mundt and Malone to "come down and take a look at our slum conditions."

"If we follow the Mundt-Malone line," he warned, "there won't be any Republican Party."

BRICKER'S BACKGROUND Taft got a big hand from his colleagues, after which Bricker broke in sharply.

"I don't want to be placed in the category of someone who is against people," he snapped. "All my life I have given 10 to 15 per cent of my income to charity. For several years I have served on the community chest. I am as deeply concerned about the common man as anyone else."

Bricker didn't mention, of

course, the fact that he is a director of the Buckeye State Building and Loan Association, affiliated with the powerful U. S. Savings and Loan League, and a part of the real estate and anti-housing lobby. At one time the league bulletin gleefully boasted how Bricker had obligingly introduced four Senate bills to help the lobby.

The man who got Bricker his job with Buckeye is his staunch political supporter, John Galbreath, a power among Ohio real estate-financial circles. Ohio politicians sometimes say that Bricker does not even shave in the morning without consulting Galbreath.

Senate colleagues recall that William L. Kaiser, an ex-capitol policeman, once fired two wild shots at Bricker in the Senate subway. Kaiser claimed he lost money in the building and loan association run by Galbreath and closed by Bricker when attorney general of Ohio.

Note—The business end of the GOP meeting was devoted chiefly to public housing. Taft outlined his program, which included \$500 grants to farmers for building outhouses. At this Wisconsin's Sen. Joe McCarthy jumped up.

"Would the senator consider an amendment," he asked innocently, "to provide a \$500 grant for similar facilities for lady members of the Senate?"

McCarthy referred to the fact that Maine's Margaret Chase Smith has been pressing for a ladies' room near the Senate chamber ever since she took office.

Hollywood-Bob Thomas

Sunset Boulevard Will Figure In New Movie

HOLLYWOOD D.—Let's take a drive out Sunset Boulevard.

This long and erratic artery is soon to have a big movie named after it, so you should know about it. In many ways it is more glamorous and legendary than its more famous brother, Hollywood Boulevard. But let's find out for ourselves.

Sunset Boulevard begins where Los Angeles was born, near the old Plaza church founded by the Spanish missionaries. It's the first street many visitors to L. A. travel, since it runs into the bustling Union Station.

We'll hasten out the first few miles through one of the older and drier districts of Los Angeles. The film town begins where Sunset joins Hollywood Boulevard. Or a moonlight night, you might find this area rich with ghosts.

Here D. W. Griffith built the biggest set of all time for "Intolerance." Charley Ray bumbled boyishly, and William S. Hart galloped through a nearby canyon. John Barrymore once hunted Moby Dick on the old vitagraph lot, with a television studio.

We pass the old Fox lot, which Tom Mix and Will Rogers once supported, and the old Warners studio, now a bowling alley. There is the present Columbia studios, a curious collection of the old and new.

We come to radio row—the CBS and NBC citadels where comedies grind out corn for listening millions. Sandwiched between the two networks are the Palladium, home of the rug-cutters, and Earl Carroll's restaurant, through whose portals pass "the most beautiful girls in the world."

Hills Around Big Spring, Haunts Of Boyhood, Are Being Levelled

They're pulling down many of the hills around Big Spring which served as the outer boundaries of our civilization when we were stripplings.

As youngsters, we tirelessly explored those illimitable wilds, then remote and little traveled, first tagging at the heels of our bigger brothers and ultimately setting the pace for those of our lineage who followed us.

We drank of a thousand legends concerning those recesses, and created some of our own, all the time broadening our education of wild things that kept getting pushed further and further from the settlement.

We borrowed a page from Kit Carson or Davey Crockett to cook our own meals in the open and, though Mother had the much more professional approach, when it came to food, our appetites became enormous and we wolfed down the food as if the King's own chef had prepared it. Oftimes, we fixed beans, bacon and potatoes for breakfast, garnished it with onion and washed the whole thing down with coffee that had not been separated from the grounds.

Regularly, we weighed ourselves down with enormous amounts of bed clothes and would spend nights in places far removed from town but there would rarely be any sleep among our ranks. Nocturnal wrestling matches were common and, when your strength was spent from such physical endeavor, you'd lay there reminiscing of other days. Silence was closely allied to loneliness and none of us cared to admit we missed the hearth of home.

We'd start back early the next morning, dog-tired, the bed clothes in wild array, the sooted, half clean skittles dangling from our belts—beating a steady tattoo against our legs. Oftimes, we would arrive before the neighborhood had awakened and would slip away for a bit of rest before the maternal parent would awaken us for another breakfast.

We built club houses in the hills, usually locating them in some arroyo some that might have the advantage of a natural, earthen wall. But they never seem to last very long. Some rival band of kids would see to it that our foothold on the frontier wasn't too enduring or else the elements would set about to wreck our work.

Now, our old haunts are being cleared for homesteads. Water pipes are being laid and streets are being put in where once our burros couldn't even navigate. What changes time has wrought—TOMMY HART

Notebook-Hal Boyle

Easter Story Deeply Impressed Doughboys Of World War Two

NEW YORK.—THIS IS A NICE Easter tide, because men don't have to talk to God alone in a foxhole.

This hasn't been necessary for some four years. In a crowded small church or tall cathedral of Christian lands families can worship Jesus in peace.

But many an ex-soldier, looking at the young son kneeling beside him, will wonder:

"Will my boy some day have to—as I did—pray alone at this time in some place of war?"

And he will offer up a small silent prayer of his own that this won't happen. And the prayers will be said in many languages—English, French, Dutch, Russian, German, Italian.

EASTER HAS A PECULIAR NICHE IN the heart of men in combat. At Christmas thoughts of religion aren't in their minds so much as the memories of their families. The broken packages full of small gifts come, and they are homesick to the bone.

But at Easter the story of Christ, his death and rebirth, stirred the doughboy of the second world war deeply. Part of it, perhaps, was tied up also with the rebirth of the particular land he was fighting across. He could lie in his muddy foxhole and see the green spears of grass springing from the winter-locked earth.

I don't know how the fighter pilot felt at Easter, climbing a tranquil sky. Probably he felt like the poet-airman who wrote he had the sensation of being almost able to reach out and touch the hand of God.

Affairs Of The World-DeWitt MacKenzie

Threat Of Another World War Is Pushed Back By ERP, West Pact

THIS BEING THE SEASON OF FRESH hopes and new life, one's thoughts naturally turn to the prospects of peace. Is our battered old world making any real progress toward the tranquility and good-will which mankind as a whole so eagerly desires?

These are perilous times in which misplaced optimism is a dangerous thing. The world is beset with quarrels out of which, without any doubt, another major war could develop. Even barring a violent upheaval in the "cold-war" in Europe could—and probably will—continue indefinitely to cast its malignant curse on many nations. We should indeed be encouraging foolish dreams if we refused to acknowledge these facts.

Still, I believe that conditions have improved substantially in recent weeks. The chances of increasing peace (if not amity) are better.

Now of course when we say the chances of peace have improved somewhat we aren't talking about a gathering of the nations for a love-feast. We mean that the threat of another world war has been pushed back a bit.

THE DEGREE OF MENACE FROM war must be the gauge by which we measure.

Beyond that there is one hard fact which

we must face. Our world is undergoing a terrific ideological upheaval which is affecting many nations. That will continue until time has ironed it out—probably in the distant future—in the minds of the various peoples.

Meanwhile there's only one thing peace-minded folk can do, and that is keep this politico-social development from producing violence. One of the ideologies works by strang-arm methods. That is Bolshevism, which makes the use of force a part of its creed. The present danger of war revolves about that point.

However, the great Bolshevik offensive which was sweeping across Europe toward the English channel has been halted by the resistance of revitalized western nations. The Marshall Plan really is working. It is creating new strength. The new Atlantic Pact has provided a military defense against aggression from any quarter.

Elephant Has Best Mind, Experts Say

BANGKOK.—The four sat around a table, sipping lime squashes and rating animals according to intelligence.

They had 100 years or more of work with animals behind them. Here is the order, as presented by George Emerson, Metro-Goldwyn-Mayer wild animal trainer who came to Bangkok to take home a host of animals:

1. The elephant.
2. The great ape family (gorilla, chimpanzee, orang-utang and gibbon).
3. The dog.
4. The horse.

With Emerson were David L. Mobley, who would rather talk about his birds at California's Catalina Island; Noel Rose-felt, Far East collector for the Catalina Wild Life Expedition; and Mahout Sawart, a Siamese elephant boy and the only real youngster in the group.

Poor Fish Get Married

HANOVER, Germany.—In a registry office wedding here Fraulein Aal married Herr Hecht. Their witnesses were Herr Zander and Herr Welschfisch. The ceremony was performed by Herr Angler.

What's unusual about that?

Here are the English translations of their names—eel, pike, perch, whitebait and fisherman.

First Practical Atom Power Use May Be In Submarine

PITTSBURGH — The first practical use of atomic power probably will be in a submarine.

The Navy would like to believe that a nuclear reactor, or atomic furnace, suitable for such use can be designed and put together in two years. Scientists and engineers believe that it will require nearer

six years, and some feel that even this is over-optimistic.

There are many difficult problems to be solved before the vast energy released by nuclear fission can be harnessed efficiently for any purpose. But the experts have little doubt that those problems will be solved, eventually.

Kentucky Police Chief Shot To Death In Easter Sunday Gunplay

SHIELDS, Ky., April 18. (U. S. P. I.)

Easter Sunday gunplay in this Harlan County coal mining camp yesterday ended the stormy career of Capt. Ambrose Metcalfe, chief of the county's police force.

Metcalfe, 29, died en route to a Harlan hospital after being shot five times when he got out of his automobile in front of the Shields Cafe. His wife, Kathleen, witnessed the shooting.

Two men were arrested by state police several hours after the shooting and were charged with murder. Warrants, issued by County Judge W. J. R. Howard, named Arthur Jackson, the cafe operator, and Ford Sizemore.

The men were placed in the county jail at Harlan.

Metcalfe's career as county chief was sprinkled with incidents of strife and violence. Since his appointment by Judge Howard in August, 1946, Metcalfe had numerous run-ins with both the lawless and with other law enforcement officers.

The special police force which he headed was set up at the insistence of a citizens league which demanded more rigorous law enforcement in this legally dry county.

Metcalfe's assistant, Patrolman E. J. Baumgardner, resigned to accept appointment as police chief at nearby Evans, coal mining town five miles west of here. Evans now has its sixth chief since last August.

Baumgardner was shot to death last September and the man accused of his slaying was in turn killed by a later chief at Evans. Isachar Combs, Chief No. 5, is awaiting trial on a murder charge in the slaying of Bryan Middleton, the man who was accused of killing Baumgardner.

Combs and his assistant, Lewis Deaton, were convicted of voluntary manslaughter but won new trials on a plea they had new evidence. Metcalfe at one time arrested Albert Smith, another former chief at Evans, on a charge of illegal possession of liquor. At another time Metcalfe was wounded by an unknown party in a road on a moonshine still.

Reporting yesterday's shooting Constable Ab Cottrell said Metcalfe had raided Jackson's place several times. Jackson recently was acquitted by a circuit court jury at Harlan on a charge of illegal possession of whisky. Sizemore testified he was the owner of whisky which had been seized in a raid.

More Greek Clashes

ATHENS, Greece, April 18. (U. S. P. I.) — Bloody clashes between government troops and communist guerrillas marked the Easter week end in this troubled country.

In some ways it will be harder to create an efficient power plant for a ship or submarine than one for generating commercial power for factories, offices, homes.

But there is considerable question whether nuclear power can be produced at a cost that would justify its use commercially. There is no question that such power would be of enormous value—out of proportion to any increase in cost—to submarines in war time.

With a nuclear power plant a modern submarine could cruise indefinitely without need to refuel. And because no oxygen would have to be carried for the reactor, the craft could stay under water for periods now almost unimagined.

Reliable estimates are that modern submarines have a cruising range of about 15,000 miles on one fueling of 95,000 gallons of oil.

We are told that not less than 44 pounds or more than 220 pounds of U-235 is required to maintain a chain reaction. The first atomic pile had the equivalent of 82 pounds of U-235, plus some uranium oxide.

The very minimum of U-235 given by this deliberately vague formula — 4.4 pounds—would be the equivalent of enough oil to drive a submarine around 175,000 miles. Not all of this energy can be used—but, on the other hand, the minimum of U-235 probably is well above 4.4 pounds.

So it seems probable that a nuclear powered submarine would start out with enough fuel to hundreds of thousands of miles cruising.

One-Day Tractor Clinic To Be Held Here On April 30

Arrangements have been completed for a one-day tractor clinic to be held at the 4-H building on April 30.

Hours for the clinic have been announced as 9 a. m. to 3 p. m. Eight local tractor dealers will participate, being responsible for various demonstrations. All will stress farm tractor safety.

W. L. Ulrich, College Station, agricultural engineering specialist for Texas A&M college extension service, will be on hand, and he will make selection of a Howard county 4-H team to participate in demonstrations June 13 at College Station.

Assignments for the tractor maintenance school are as follows: Air cleaner system, George Oldham; spark plug, wiring and battery service, Shirley Walker; cooling system service, Howard County Implement; fuel intake and carburetion, Gray Tractor; engine lubrication system, Grantham Bros.; transmission and final drive lubrication, Big Spring Tractor; general lubrication, Covington-Posey; winterizing farm tractors, John Walker.

Plans call for division of adults and boys into small groups for progress from one to another of the continuous demonstrations.

British Poet Ill

OXFORD, Eng., April 18. (U. S. P. I.) — The condition of John Masefield 70, British poet laureate, who is seriously ill at a nursing home here, was reported to be "unchanged" this morning. He is suffering from complications.

WEDDED — Miss Helen King Kleberg (above), daughter of the manager of the famous King Ranch, married Dr. John Alexander, of Philadelphia, Pa., in Kingsville, Texas Saturday. Miss Kleberg is the daughter of Robert Justin Kleberg, Jr., who operates the King Ranch, and Mrs. Kleberg, Dr. Alexander is the son of Mrs. Emory Graham Alexander and the late Dr. Alexander of Philadelphia. (AP Wirephoto).

Daughter Of Famed King Ranch Head Married Saturday

KINGSVILLE, April 18. (U. S. P. I.) — In a candle-lit church here Saturday night Miss Helen King Kleberg, daughter of the manager of the famous King Ranch, became the bride of Dr. John Deaver Alexander of Philadelphia.

The ceremony was held at 7 p. m. at the Church of the Epiphany and a reception was held afterwards at the King Ranch's big guest house near Kingsville. Mrs. Alexander was the daughter of Mr. and Mrs. Robert Justin Kleberg, Jr. and the great-granddaughter of Capt. Richard King, who founded the ranch almost 100 years ago. The 976,000-acre ranch is now operated by Robert J. Kleberg, Jr. After a wedding trip to Mexico, the couple will make their home in New York.

Stalin Will Live For Long Time, Smith Believes

NEW YORK, April 18. (U. S. P. I.) — Gen. Walter Bedell Smith says he believes Russian Premier Joseph Stalin "will live for a long time."

The former U. S. Ambassador to Moscow was questioned about Stalin's health during a "meet the press" interview over the Mutual Broadcasting System.

"I don't think Stalin is a very sick man," he said. "He is rugged. He looks well. Georgians are notoriously long-lived."

Smith, now commander of the First Army, discounted predictions that Russia could take over the European continent in two or three weeks.

He said he doubted if Russia has an atomic bomb in "quantity production," but that "Soviet science is as good as any science in the world."

Paris Hospital Fire Quickly Extinguished

PARIS, Tex., April 18. (U. S. P. I.) — Firemen controlled a hospital blaze swiftly here, possibly saving 65 patients.

All Paris fire fighting equipment was called to St. Joseph's Hospital last night. Paper in a chute leading to the basement was blazing. Only minor damage resulted.

Millions Observe The Resurrection

By the Associated Press

The Resurrection was celebrated yesterday throughout the Christian world, and prayers for peace in many places blended with the glad tidings of Christ arisen.

In crossroads church and great cathedral, Americans of many denominations worshipped at Easter services. Sunday was a day of hope in most of the nation. Hope for an end of religious persecution in Red-dominated countries was a theme repeated in many sermons.

President and Mrs. Truman and their daughter, Margaret, attended two church services in Washington—Baptist for the President and Episcopal for his wife and daughter. The family spent the remainder of the chilly but sunny day at home.

The annual fashion parade in N. Y. drew a record crowd, estimated by police at 1,500,000 to Fifth Ave. and adjacent streets. A solemn high pontifical Mass celebrated at St. Patrick's Cathedral by Francis Cardinal Spellman was among services in New York drawing thousands.

Radio networks carried special Easter programs.

Rome was jammed with tourists, and record postwar crowds were seen in other Italian cities.

Franciscan monks and Russian nuns celebrated Easter rites on hill-sides in Jerusalem. Protestants there had services at the YMCA the traditional Mass was celebrated at the Holy Sepulchre. Thousands of Christian Arabs worshipped in Nazareth, Israel, while other Arabs held demonstrations with Communist flags.

At Holy City, Okla., the Wichita Mountains midnight-to-sunrise celebration drew as estimated 100,000 persons. A pageant, "Prince of Peace," enacted by more than 2,000 persons, featured a six-hour program. This year's program was dedicated to the memory of its founder, the late Rev. Anthony Mark Wallock.

Married Women Plan Families With New Pregnancy Prediction Chart

Cleveland, O.—An ingenious new automatic calculator which simplifies "natural birth control" has been developed to aid married couples plan a family.

Thousands of test cases of "natural birth control" for "planned parenthood" were translated into a simple system of menstrual calculation and pregnancy prediction. This is automatically computed according to each woman's individual "period" condition by simply turning the dial of the chart.

The Accurate Prediction Chart thus makes it possible to plan a family in accordance with your physical, emotional and financial condition. "Natural birth control" for "planned parenthood" is approved by doctors and church officials.

Married women may obtain the new Accurate Prediction Chart and a copy of "Planned Parenthood," a plainly written booklet, by sending \$1.00 to the A.P.C. Company, 3200 East 93rd Street, Dept. 5, Cleveland, Ohio. —Advertisement

Can Black-Draught Help You When You Feel Lousy?

Yes, Black-Draught may help that lousy feeling if the only reason you feel lousy is because of constipation. Black-Draught, the friendly laxative, is usually prompt and thorough when taken as directed. It costs only a penny or less a dose. That's why it has been a best-seller with four generations. If you are troubled with such symptoms as loss of appetite, headache, upset stomach, flatulence, physical fatigue, sleeplessness, mental harassment, bad breath—and if these symptoms are due only to constipation—then use what Black-Draught may do for you. Get a package today.

CAMELS for Mildness!

WITH SMOKERS WHO KNOW...IT'S

I MADE THE CAMEL 30-DAY TEST, BETTY—AND I AGREE. CAMELS ARE THE MILDST CIGARETTE I'VE EVER SMOKED!

Vikki Dougan
Chosen as 1948 Beauty Queen of the Figure Skaters, lovely Vikki combines grace and showmanship to qualify as one of the nation's prettiest "finds" in the skating world.

Betty Lytle
Brightest Star on Wheels—One of America's top-ranking women roller skaters. Voted the bronze, silver and gold medals for achievement by the National Roller Skating Rink Association. Betty is the idol of over 10,000,000 fans who make roller skating their No. 1 sport.

WHEN YOU'VE SMOKED CAMELS AS LONG AS I HAVE, VIKKI—YOU'LL KNOW! THEY'RE SO MILD, SO FULL OF FLAVOR!

In a recent test of hundreds of people who smoked only Camels for 30 days, noted throat specialists, making weekly examinations, reported

NOT ONE SINGLE CASE OF THROAT IRRITATION due to smoking CAMELS

• You've read what the doctors reported on Camel Mildness. If you're already a Camel smoker... you know how mild Camels are. But if you haven't yet tried Camels... start your own Camel 30-Day Test today. Join hundreds upon hundreds of smokers who are proving for them-

selves just how mild a cigarette can be. Smoke Camels in your "T-Zone". See if your taste doesn't say that Camels are the most flavorful cigarette you've ever smoked! See if your throat doesn't agree that Camels are the mildest cigarette you've ever tried.

Money-Back Guarantee!

Try Camels and test them as you smoke them. If, at any time, you are not convinced that Camels are the best cigarette you ever smoked, return the package with the unused Camels and we will refund its full purchase price, plus postage. Cayuses Host Abilene Sox In 8:15 Battle Tonight

It's Homecoming For Greer et al

The Big Spring Broncs play their first home game of the 1949 baseball season starting at 8:15 o'clock this evening, at which time they entertain the Abilene Blue Sox of the WT-NM league.

The fracas will constitute a sort of 'homecoming' for a number of the Abilene players, those who sported Big Spring livery last year. Among the ex-Big Springers now playing for Abilene are Victor Hugo, Orville Bosch, George Lopez, and Jerry Rodriguez.

Greer, now the manager of the Abilene club, is one of the most popular players ever to play here. Business manager of the Abilene team is Joe Langston, still another ex-Big Spring. He'll no doubt be a visitor here tonight.

The Hosses have a full program lined up for the week. They play the House of David team here Tuesday, the Cuban All-Stars of Washington, D. C., on Wednesday and Midland Thursday.

Gil Guerra, Nester Labrada and Joe Carballo may see mound service for the Hosses tonight.

In the fiercest match yet of the series, the U. S. quartet beat the Latins 14-12 yesterday at Riviera Polo Field. The brilliant ten goal ace, Cecil Smith, scored six goals to lead the U. S. team. George Oliver and Alden Roark each scored four goals to complete the scoring.

The NCAA gymnastics championship will be decided at the University of California this year.

Americans Win Polo Tilt, 14-12

LOS ANGELES, April 18. (U. S. Argentine and United States polo teams go into the final match of the International Championship Series next Sunday all even with one win apiece.

In the fiercest match yet of the series, the U. S. quartet beat the Latins 14-12 yesterday at Riviera Polo Field. The brilliant ten goal ace, Cecil Smith, scored six goals to lead the U. S. team. George Oliver and Alden Roark each scored four goals to complete the scoring.

Looking 'Em Over

by Tommy Hart

Officials of the local professional baseball club are expecting the arrival any day now of one "Potato" Pasquel, a Cuban who can do about everything on the field and do it well. He's a pitcher-infielder-outfielder, may take a fling at all positions sooner or later. They say he can hit, too.

Pat Stasey, foreman of the local spread, insists there's no comparison between the Julio Ramos working with the Broncs and the hurler who was here for a time in 1948. He's supposed to be that much better.

Dave Gude, one of the hurlers brought up from Orlando, has a nickname which will become almost as famous as that stuck onto Mario (T-Bone) Varona of the 1947 Hosses, that is, if he hangs around long enough. He's been tagged with the handle, "Pork Chop."

Bob Harvick, only other American on the local team besides the manager, will rate the local team if he can improve his batting eye. From all appearances, he fields with the best of them.

LOCALS SHOULD BOAST BETTER INFIELD THAN IN 1949

The Cayuses apparently are going to have a better infield an out-field equally as good as they had in 1948. The catching is apt to be as good or better. The question mark at the moment is the pitching staff.

MELENDEZ, GOMEZ TWO OF FASTEST MEN IN BASEBALL

If Felix Gomez nails down the left field spot in the local lineup, the Big Springers will have the two fastest outfielders in the Longhorn league and two of the fastest in all baseball. Ace Mendez is capable of running a hundred yards in 10 seconds and Club President Al Aton insists Gomez is as fast, if not faster, than Mendez, and he runs the bases better.

Gomez came here labeled as a hitter but doesn't own the throwing arm Mendez has. Pat Lorenzo, of course, is going to fit into the picture somewhere. He wields a very potent bat.

ABILENE NEEDED FERNANDEZ MORE THAN BIG SPRING

The Big Spring club sold Bobby Fernandez, who hit .346 here in '48, for several reasons. For one thing, it appears that Gomez or Lorenzo, or both, can do as well at the plate. For another, the club may be overstocked with "limited service" men and must depend on regulars like Gomez and Lorenzo to get them within the limit.

Too, Abilene, a sister club, apparently needed player help more than Big Spring does and repeatedly had asked for Fernandez.

The somewhat dubious distinction of being the first Bronc to be chased from a game this season went to the veteran Bert Baez, who got the umpire's thumb in Orlando, Fla., after protesting a decision. Baez could have censured the arbiter in Spanish and probably gotten away with it but he verbally abused the guesser in English "so he could understand" what it was Baez was telling him.

LOCAL BOY MAKING GREAT BID FOR ODESSA JOB

Out Odessa way, Huck Doe of Big Spring continues to get good press sendoffs.

Wrote Dick Snider recently in the Odessa American: "Older Manager Al Monchak was talking Thursday about the showing he made of late by catcher-outfielder Bob Doe, rookie from Big Spring. Doe has hit consistently all spring, and his dual abilities may land him a permanent berth with the Oilers."

"Doe is equally capable on defense in both the infield and out-field, and if his big bat continues to boom out hits, he's almost a cinch to stick out the whole season."

"Right now, it appears he will open the season in right field."

Abilene Eagles Again Vanquished By Big Spring Tigers 11 To 4

Abilene finally scored on the Big Spring Tigers but the locals made merry with Abilene pitching and rolled to a 11-4 victory in a baseball game played at Steer park Sunday afternoon.

The win was the second in a row for the local Latin-Americans who registered a shutout win over the Eagles the previous Sunday.

Tom Arista and Elias Gambla paced the 11-hit Big Spring attack each with two blows. Chavez clouted an eighth inning round tripper over the center field barrier, the blow coming with the bases empty.

Tom Fierro came in for a major share of Big Spring fireworks, too. He had three hits and stole three sacks.

T. G. Valencia of the Eagles hit a homer, also over the center field fence, in the third inning.

Lamesa Lobos Win Skirmish Of Home Runs

LAMESA, April 18.—The Lamesa Lobos of the West Texas-New Mexico league found the range and leveled their sights on the fences to smash out a 6-2 decision over the Big Spring Broncs in a baseball exhibition here Sunday afternoon.

First Baseman Glenn Coates, Shortstop Walter Buckle and Stan Grywacz, the Lobo starting pitcher, all contributed circuit blows the first two coming in the fourth inning which turned the game to the Lobos. Otherwise it was a closely fought contest.

The Broncs actually started the home run outbreak themselves when Manager Pat Stasey, playing his first game of the season, sauntered to the dish and poled one of Grywacz's slants over the palms in the first of the fourth.

Stasey's blow tied the score momentarily, but along came Coates and Buckle in the last of the same stanza to decide the issue.

The Broncs picked up another run in the seventh, but could not piece together a threatening rally. Ace Mendez, Bronc centerfielder, was the only Big Spring blow. He smashed a double and a single and sprang (3).

HANK H. JR. DOES IT

The world record for 440 yards was bettered and tied by two of eight horses here Sunday by two of eight horses qualifying for the first running of the \$1,000 added Big Spring Futurity.

Hank H. Jr., owned by Oscar Cox of Lawton, Okla., shattered the existing mark for the quarter when he negotiated the distance in 22.8 seconds after skimming over the first 110 yards in the excellent time of 12.1 seconds. Hank H. Jr. was running in the fourth and last race.

B. Queen's Battle Creek tied the world record in the second event of the day in the time of 22.7.

Neither mark will go into the books, however, since an electric starting gate was not used.

An estimated crowd of 2,500 racing enthusiasts saw seven colts and a filly become eligible for the big \$9,000 event, which comes off next Sunday at the local racing oval.

Smoko Smith, by Little Jazz out of Opal Smith, won the initial race in 23.3 seconds. He is owned by Orval Houston and Roy Brown of Throckmorton.

Also qualifying in that event was Lone D, a Mays-Vaughn horse, by King out of Dorothy D.

W. Bedford trained the winner. Smoko Smith was ridden by K. Brittain, Lone D. by Sonny Crowell. It was a photo finish.

Battle Creek daylighted Bo Jet as both those horses qualified in the second jaunt. Battle Creek, fathered by My Texas Dandy out of Ann's Daughter, was trained by W. Marrs and had Pete Castle up.

A. Holcombe, Odessa, owns Bo Jet. K. Gann is the trainer while R. D. Hay was in the saddle.

A photo picked out Double Eclipse as the winner over the filly High Falutin. In the afternoon's third race, Double Eclipse raced under the wire in 23.3 seconds, very good time for the comparatively slow track.

The winner, trained by P. Rose Del Rio, his owner, was ridden by D. King. In the iron on High Falutin was Bob Strauss. High Falutin is owned by Miss Anne Richardson of Carlsbad, N. M.

Double Eclipse was sired by T. J. Eclipse and mothered by Little Lily. High Falutin's old man was Salpan Kid Jr., his mom Princess Pat.

Hank H. Jr., was in by a two good lengths over his stable mate Badger's Boy. Both colts are owned by Oscar Cox and trained by Weldon Cox. B. Graham piloted Hank H. Jr. to victory. Kay Brittain was astride the place colt.

Hank H. Jr., is by Hank H. out of Gray Alice. Badger's Boy's dam was Mary Greenock, his sire Gray Badger III.

Regional Meets Set This Week

Regional meets in Classes AA, A and B this week will qualify some 700 boys for the Texas Interscholastic League three-way State Track and Field Meet in Austin May 6 and 7.

The cinder path carnivals will be held in nine cities from Lubbock to Kingsville.

The other division of schoolboy sports—the City Conferences—has four districts which will determine their representatives to the state meet in San Antonio with city meets the first week in May. The state meet will be May 13 and 14.

As district championships are determined and the regional meets shape up, Corpus Christi's Buccaneers are overwhelming favorites to capture the Class AA title. The Corpus Christi team has everything, including one of the finest runners and hurdlers, Bobby Dean.

Here are the sites of the regional meets scheduled next Saturday.

Region 1—At Lubbock: Districts 1, 2 and 3. Class AA; Districts 1, 2, 3, 4, and 5. Class A; Districts 1 to 10. Class B.

Region 2—At Abilene: Districts 4, 5 and 6. Class 11: Districts 6, 7, 8 and 9. Class AA; Districts 11 to 22. Class B.

Region 3—At Dallas: Districts 7, 8 and 9. Class AA; Districts 10, 11, 12, 13 and 14. Class A; Districts 15 to 23. Class B.

Region 4 (1)—At Kilgore: Districts 15, 16, 17, 18, and 19. Class A; Districts 40 to 44. Class B.

Region 4 (2)—At Naacogdoches: Districts 10, 11, 12 and 13. Class AA. Region 5—At Huntsville: Districts 20, 21, 22, 23, Class B; Districts 24 to 35. Class B.

District 4.—At San Marcos: Districts 24, 25, 26, 27 and 28. Class A; Districts 66 to 77. Class B.

Region 7—At Kingsville: Districts 14 and 15. Class AA; Districts 29, 30 and 32. Class A; Districts 78 to 84. Class B.

Region 8—At Odessa: Districts 85 to 91. Class B.

World Record Is Bettered, Tied In Futurity Trials

STEERS, MIDLAND CLASH TUESDAY

Wind Would Fan Title Hopes

Still hopeful of entering the throne room, despite the fact that they are two games off the pace the Big Spring high school Steers move to Midland Tuesday afternoon for a 2:30 o'clock baseball engagement with the Midland Bulldogs.

The Longhorns' title hopes are based on two things. They figure they've got all the bad baseball out of their systems after three below-

par performances. And they reason Lamesa's Tornados, current leaders, cannot maintain the pace at which they've been going during the first half of the campaign.

The schedule will be against Conn Isaacs' Big Springers. The locals play all but one of their six remaining games away from home. Big Spring chilled Midland, 10-3, in their initial game of the season but the Bulldogs have been playing much better ball since that time.

Floyd (Pepper) Martin will toe the slab for the Big Spring club while Frank Roberson is due to assume the pitching chores for the Canines.

CRITICIZES CID

Mrs. Wilma Ybarbo Reunited With Son

NEW BEDFORD, Mass., April 18. (U.P.)—Mrs. Wilma Ybarbo, freed from a prison sentence in the slaying of her husband, was reunited today with the son who still thinks she has been ill in a German hospital.

Mrs. Ybarbo, sentenced last December to 20 years in prison by a Frankfurt military court for the shooting of Army Sgt. John Ybarbo of Gollad, Tex., arrived home yesterday to join her six-year-old son Jimmy.

The 24-year-old mother, whose sentence was reduced to five years by an appeal court and then vacated by Gen. Lucius D. Clay last Friday, sharply criticized the military criminal investigation division in Germany after her arrival at Westover Air Force Base.

"I want to say the Army treated me perfectly, but I also want to say the criminal investigation division was pretty rough and lied from the beginning," she told newsmen.

"When I was arrested," she said, "they took me to the CID office and I was told I was going to stay there until I made a statement."

"The man told me 'if you want to go home and see your baby you must make a statement. You can't go until you do.'"

Mrs. Ybarbo said she made an unsworn statement and that she then was taken to her home to get some clothing. She said, however, that she was refused permission to see her son.

"In my statement," she said, "I told the CID man I was sorry I shot my husband. Yet in the court-

MRS. WILMA YBARBO

room he deliberately quoted me as saying I was not sorry.

"This was perjury — pure and simple."

Gen. Clay, U. S. military Governor in Germany, set aside the woman's sentence, because of "extenuating circumstances."

Air Force Officer Candidate School To Begin July 7

The next Air Force Officer Candidate School begins July 7 at Lackland Air Force Base San Antonio, according to information reaching Capt. Harold Sanford, in charge of the local U. S. Army and Air Force recruiting station.

"This school is co-educational in that it has both men and women applicants. The women are candidates for a commission in the Women in the Air Force," said Capt. Sanford. "The eligibility requirements are the same for both."

Applicants must be between 20½ and 28½ years of age, have two years of college or be able to pass an equivalent examination, be of high moral character and possess such other general qualifications as prescribed by the Chief of Staff, United States Air Force.

Successful applicants receive six months of thorough training at the Air Force Officer Candidate school. Food, clothing, housing, athletic and recreational facilities and medical and dental care are provided.

In addition, candidates receive a minimum monthly pay of \$115, as they attend school in a grade corresponding to staff sergeant. Unsuccessful candidates return to civilian life.

"Graduates of OCS training receive a Reserve commission as a Second Lieutenant in the U. S. Air Force and are assigned to three years of active duty," continued Capt. Sanford. "During this period they have an excellent opportunity to earn a Regular commission. They are also eligible for advanced training in specialist schools open to Air Force Officer personnel."

Applications may be forwarded to any Aviation Cadet-Officer Candidate Examining Board or to the Chief of Staff, USAF, Washington, 25, D. C., and must reach the Examining Board not later than June 1, 1949.

County Judge J. E. Brown has a busy morning in court today, weighing the evidence and pronouncing sentence against three of four persons charged with driving while under the influence of intoxicants.

P. M. Merrill, Waco; Cecil Henry Austin, Slaton; and Weldon Birdwell, Snyder; all entered pleas of guilty on the DWI counts and each was fined \$100 plus costs.

The fourth individual so charged elected to fight the accusation and was to be tried later.

Judge Brown also fined J. C. Lenard \$100 plus expenses on a charge of transporting liquor in a wet area without a license. Lenard was picked up within the city limits by investigators of the Texas Liquor control board.

The venture is testing through perforations at 8,428-54 and 8,450-64. It is located in section 60-20 LaVaca.

Sun No. 1 Cosden, section 38-32-1n, T&P, immediately north of Cosden refinery, was past 7,964 feet in shale with streaks of lime.

Visitors in Coahoma

Mr. and Mrs. Roger Read and children of Las Vegas, N. M.; Mrs. W. W. Gunn and son of Dallas; and Mrs. Hezzie Read and Fannie Sue Read, the latter of Midland, were all visitors in the home of Mr. and Mrs. N. E. Hend, Coahoma, Sunday.

James L. Long Named President Of Baptist Class

James L. Long was named president of the Go-Getum Sunday School Class of the Northside Baptist Church at a business meeting held in the home of the teacher, Mrs. L. B. Moss, Saturday.

Other officers elected were: membership vice president, Mrs. J. E. Parker; group captain, Mrs. J. C. Tonn; fellowship vice president, Mrs. Burt Matthews; stewardship vice president, J. C. Tonn; class minister, Mrs. Row Carter; and secretary, Mrs. W. L. Richardson.

Games were played and refreshments served.

Preceding the business session, the group had an Easter egg hunt and picnic supper at the city park.

Those present were: Mr. and Mrs. J. C. Tonn, Patsy and Jimmy; Mr. and Mrs. Rowe Carter; Kenneth and Linda; Mr. and Mrs. Earl Hollis; Preston and Eston; Mr. and Mrs. Shirley Walker; Shirlene and Royce; James Long; Wayne Richardson and Pat; Mr. and Mrs. J. E. Parker and Sue and Jackie; the Rev. and Mrs. L. B. Moss; J. B. Jakie and Freddie.

L. B. Moss Home Is Wedding Scene

Mary Ellen Windham, daughter of Mr. W. T. Irby, 1028 South 12th and Louis Forest Allen, son of Mr. and Mrs. A. D. Cavin of Fort Worth, were married Saturday in the home of the Rev. L. B. Moss, pastor of the Northside Baptist Church, who officiated.

The couple will reside in Goldsmith.

News From Knott

KNOTT, April 18.—The IOOF Lodge met Tuesday night with the following members attending: P. P. Coker, J. S. Clay, Hardy Unger, Miller Nichols, Melton Gaskins, C. O. Jones and Tommy Weaver.

Mr. and Mrs. Don Rasberry visited Bud Graham in Ackerly Thursday evening.

Mrs. Elsie Smith and grandson, Lonnie Nichols, visited Mrs. J. H. Airheart Sunday evening.

Mr. and Mrs. Dee McArthur and children of Spur, visited Mrs. Airheart Saturday.

Mr. and Mrs. C. Clay, Springtown are visiting Mr. and Mrs. P. P. Coker, J. S. Clay, Mr. and Mrs. Dick Clay and Helen Ruth.

Mr. and Mrs. B. F. Airheart have returned from a fishing trip to San Angelo.

Rehearsals Move For Junior YMCA Play Program

Rehearsals for the Junior YMCA program of one-act plays are reported to be moving smoothly. The program has been set for Friday at 8 p. m. in the high school gym. Tickets went on sale today and may be purchased from junior members and their leaders.

Mrs. Ruth Burnam is the organization's sponsor.

Dorothy Sue Rowe is directing the play entitled "The Golden Key." Mrs. Jim Zack and Mrs. J. R. Farmer will be in charge of the production. "Who Gets The Car?" Leatrice Ross is the director of "Herby Gets The Mumps."

A number of specialty numbers will be presented between curtain calls for the three plays.

Damages Awarded

A jury verdict awarded the plaintiff \$120 damages plus \$40 medical expenses in the case styled W. S. Christie vs. F. W. White, heard here in 70th district court last weekend.

Christie was asking for personal damages as result of a fight which occurred between the two Feb. 14, 1948.

Five Killed In Easter Sunday Gunfight As Man Goes Berserk

PULLMAN, Wash., April 18. (U.P.)—A 24-year-old merchant killed three police officers and another posse member before he was shot dead in a two-hour Easter Sunday gunfight.

The man who went "berserk" when an officer tried to arrest him was George McIntyre. He was a Boy Scout troop leader and an "expert" marksman in the Army during the war.

Ricketts said McIntyre bit one man severely in a downtown fight yesterday. Then he shot an officer who tried to arrest him and clubbed the policeman as he lay dying.

When a posse closed in on McIntyre near his home, he opened fire with a German sharpshooter's rifle equipped with telescopic sights. He killed three men and wounded another with this and another rifle before the posse's bullets killed him.

The dead: McIntyre, owner of a Pullman electrical store; Sheriff L. M. (Pete) Parnell, 64; Deputy Sheriff Gilbert W. Gallagher, 27, of Port Angeles, Wash., who got his badge only a few weeks ago.

Officer Ross Claar, 56, who first tried to arrest McIntyre.

Ernest Duck, 41, owner of a Pull-

WEATHER

MARKETS

LIVESTOCK

FORT WORTH, April 18. (U.P.)—Cattle 2,300; calves 800; good and choice fed steers and yearlings strong to unevenly higher; other classes cattle and all calves steady; good and choice slaughter steers and yearlings 14.00-15.00; common to medium kinds 12.00-14.00; beef cows 12.00-15.00; canners and cutters 12.00-15.00; hogs 14.00-15.00; good and choice fat calves 14.00-15.00; common to medium calves 12.00-14.00; stocker calves 10.00-12.00; yearlings 12.00-14.00; stocker cows 10.00-12.00.

Hogs 1,500; butchers fully 25 cents lower; common steady; pigs 1.50 down; top 1.80; good and choice 1.50-1.80; butchers 1.75-1.80; lowest price on this market since Oct. 1946; good and choice 1.50 and 275-325 lb. 1.50-1.75; sows 1.25-1.50; pigs 1.25 down.

Sheep 1,000; sheep were slow and weak to lower on all classes; medium to choice spring lambs 15.00-20.00; common to choice short hams 21.00-24.00; cull to good short aged sheep 8.00-12.00.

TEL BY DORIS APRIL 18

NEW YORK, April 18. (U.P.)—Cotton futures at noon were 26 cents to \$1.00 a bale lower than the previous close. May 22.50, July 21.50 and Oct. 20.50.

WALL STREET

NEW YORK, April 18. (U.P.)—Wall Street returned to work today apparently tired out from the week end.

Business in the stock exchange was slow and price changes negligible. Gains and losses were about a stand-off. The general undertone was steady but traders were evidently in no mood to take an aggressive position.

First quarter earnings reports—many of them showing very favorable results—continued to reach the financial districts without causing much of a stir. For weeks without cause has been saying that good profit statements for the first three months would probably provide the motive power for a spring rise.

Valley View Notes

VALLEY VIEW, April 18.—Valley View school was dismissed Thursday afternoon for the Easter holidays.

Christine Cain entertained her room with a picnic and Easter egg hunt in the Stanton park Thursday.

Mr. and Mrs. Pal Yate visited in Abilene Sunday with relatives.

Demonstration Club Meets In Gaskin Home

KNOTT, April 18.—The Knott Home Demonstration Club met Tuesday in the home of Mrs. O. B. Gaskin.

Attending were: Mrs. L. C. Matthews, Mrs. J. B. Sample, Mrs. W. A. Burchell, Mrs. C. A. Burke, Mrs. E. G. Newcomer, Mrs. Joe Myers, Mrs. P. P. Coker, Mrs. Earl Newcomer, Mrs. Herschel Smith, Mrs. Dick Clay, Mrs. Oliver Nichols, Mrs. Elsie Smith, Mrs. Lawrence Wilson, Mrs. W. A. Jackson, Mrs. Fred Parker and the hostess.

Easter Egg Hunt Held

Teachers of the First Methodist Primary Department entertained the Primary children with an Easter egg hunt Sunday afternoon at the city park.

Cold drinks were served to the 47 persons present.

Doolittle Asserts Only Lack Of Bomb Stockpile Restrains Russia

GALVESTON, April 18. (U.P.)—Russia lacks a stockpile of atom bombs or the United States and Russia would be at war today, says Jimmie Doolittle. He led the first American bombing mission against Tokyo.

Doolittle, speaking at a press conference during a reunion of his Tokyo raiders here, said, "I am satisfied that they (Russia) do not have a stockpile (of atom bombs), or we would be at war today."

He also commented, "if and when Russia has the atom bomb we must have a better weapon and a better way of delivering it. My guess is that they have the know-how, but don't have the tools and plant to make it (the atom bomb)."

Doolittle added, "the only thing that deters Russia now is the fact that we have the atom bomb and the means of delivering it any place on earth with efficiency."

He was asked if the United States has a stockpile of atomic weapons. He said he didn't know.

Doolittle was a lieutenant general when he left the Air Force three years ago.

Now a businessman and taxpayer, as he pointed out, Doolittle believes there should be economy in providing defense armament. He also believes there should be greater unification of services and more authority vested in the Secretary of Defense.

Doolittle said 60 of the 80 fliers who participated in the Tokyo raid are still alive today.

He counted the casualties this way: After the raid two men were found dead in their planes, one's parachute didn't open, one starved to death, three were executed by the Japanese and 12 died in other theaters later and one died last month.

The reunions ends today.

Knott News Notes

KNOTT, April 18.—Mr. and Mrs. E. L. Roman and Judy left Tuesday for Bryant to visit their son Maxie Roman, who is a student at A and M College.

Mr. and Mrs. Raymond Mize of Lubbock, spent Sunday with Mrs. Mize's brother and sister-in-law Mr. and Mrs. Don Rasberry.

Mrs. J. S. Walker is reported ill.

Mr. and Mrs. L. C. Matthews visited Mr. Matthews' brother, W. F. Matthews in Midland recently.

Mrs. Joe Myers and Sonny, visited Mrs. Myers' parents, Mr. and Mrs. G. Tunnell, in Valley View Sunday.

Tires Stolen From Implement Firm Here

Four tires were taken from Grantham Bros. Implement Co. by burglars over the weekend, city police reported this morning. The burglars entered the implement house through a window on the north side of the building, officers said.

It is believed that the burglary occurred early Sunday morning.

Mr. and Mrs. F. W. Ficklin and son, Tommy, spent the weekend in the home of Mrs. Ficklin's parents, Mr. and Mrs. T. J. Walker.

Mrs. E. A. Murray of Memphis, Tenn., mother of Mrs. J. A. Hanna, is visiting Big Spring relatives.

Mr. and Mrs. Tommy Hutto have had as their guest, Mrs. Hutto's brother, Kenneth Sawyer, who is a senior at Louisiana State University.

Teen Age Dallas Mother Shot In Head

DALLAS, April 18. (U.P.)—Shot in the head and possibly poisoned, a teen-age Dallas woman was in critical condition today after giving birth last night to a four-pound son.

The premature infant's condition today was "fairly good," hospital attendants said.

The mother, 18, was found in a bedroom of the residence where she and her husband lived, Police-

man J. W. Gallagher said. Physicians said her stomach was pumped out and showed evidence of poison. Birth of the child was normal, although premature.

Long-lasting Relief for Itchy Skin Irritation

Here's a tip! So many people depend on Reinal Ointment to relieve smarting, itching, dry eczema, chafing, common rash, it must be good. At all drug stores. The cost is small—relief is great. Try it!

CHANGE of LIFE?

Are you going through the functional "middle age" period peculiar to women (35 to 50 yrs.)? Does this make you suffer from hot flashes, feel so nervous, high-strung, tired? Then try Lydia E. Pinkham's Vegetable Compound to relieve such symptoms. Pinkham's Compound also has what doctors call a stomachic tonic effect!

LYDIA E. PINKHAM'S VEGETABLE COMPOUND

Knott 4-H's Meet For Demonstration

KNOTT, April 18—The 4-H club met Tuesday in the high school building for a demonstration on table setting by the sponsors, Mrs. J. B. Shockley and Mrs. Emmett Grantham.

Attending were: the president Ruby Roberts, Doris Dement, Geneva Jones, Mary Lou Rucker, Nila Shaw, Joyce Thornton, Wanda Ditto, Lupe Narbaiz, Jerry Nichols and Nila Shaw.

Is In Swing With The Season

RIBBON RAMBLINGS

By MILDRED YOUNG

Heard Bing Crosby and Bob Hope last night in a presentation called "Welcome Back Baseball." Looks like another one of those seasons has arrived when the women get kidded about their knowledge of sports. Well, at least, we can eat popcorn while the first baseman slides down to the fifty-yard line.

Perfect weather prevailed for the Easter Sunday services in Big Spring as it did in most of the nation, where all sorts of special sunrise services were held. Most of us are familiar with some of the special observances and some of us have seen some of the outstanding productions such as the one presented in Lawton, Okla. each year.

"A picture That Does Something To Your Soul" is the description of a new film entitled "The Lawton Story." Time magazine reports that the picture is produced by the same men, who made \$8,000,000 from 20 million movie goers with a sex education film entitled "Mom and Dad." The opinion of the Time writer is that the new religious movie is in the same class as the first film. He reports one of the producers as saying "It's no sin to make a profit." You might take a look at the criticism in this week's issue, if you're interested in movie entertainment.

There's a poem that brings out the idea that there is so much good in the worse of us and so much bad in the best of us that none of us have any ground to criticize each other. We're always agreed with this statement and have always felt that the most difficult assignment anyone could receive would be the fair judging of any group of people.

It looks like we're going in for comedies and westerns. Variety's March poll of movie box office in 22 key cities report the following leaders: "Whispering Smith," "Family Honeymoon," "A Letter To Three Wives," "Mother Is A Freshman" and "South of St. Louis."

Coahoma P-TA Program Held

COAHOMA, April 18—Film strips on "The History of Texas," shown by Mrs. K. G. Birkhead and three students, and "Life of Longfellow," shown by Mrs. O. C. James and five English students provided the program for the Coahoma Parent-Teacher Association at a meeting held Wednesday afternoon. The educational films were purchased for the school by the local unit.

Association members voted to serve food at the baseball tournament to be held in May. Mrs. C. D. Read, Mrs. J. F. McCann, Mrs. H. O. Reid, Mrs. Jimmy Brooks and Mrs. N. B. Hoover were appointed members of the food committee.

Mrs. Frank Loveless spoke concerning the subject, "Better Homes With The Help Of The School". Mrs. Mark Reeves gave the devotional.

Members present were: Mrs. Alvin Loy, Mrs. Bonnie Smith, Mrs. L. F. Anderson, Mrs. N. B. Hoover, Mrs. G. E. Thomas, Mrs. C. H. Deane, Mrs. Frank Loveless, Mrs. Troy Pierce, Mrs. C. R. Gregg, Mrs. Forrest Appleton, Mrs. Douglas Newman, Mrs. Tom Birkhead, Mrs. Myrtle Frazier, Christine Keeler, Mrs. Grady Acuff, Mrs. Ernest Garrett, Mrs. G. T. Guthrie, Mrs. J. F. McCann, Mrs. O. H. Reid, Mrs. Mark Reeves, Mrs. Bill Bostick, Mrs. Paul Camp, Mrs. Jimmy Brooks, Mrs. Bill White, Mrs. O. C. James, Mrs. K. G. Birkhead, Mrs. H. L. Stamps, Mrs. Gladys Nunnallee, Mrs. J. A. Westmoreland, Mrs. W. A. Wilson and W. A. Wilson.

Mrs. Neil Fryar Is Named Honoree

VALLEY VIEW, April 18—Mrs. Hoyt Britton entertained Mrs. Neil Fryar with a pink and blue shower in her home Wednesday afternoon. Co-hostesses for the affair were Mrs. Hattie Everitt, Mrs. J. T. Mims, Mrs. Mildred Matthews, Mrs. Wright and Mrs. Sewell Britton.

Others attending were: Mrs. W. J. Allred, Mrs. O. Wood, Mrs. O. Peterson, Mrs. Guy McClain, Mrs. Edna Marie Peterson, Mrs. Edward Pollock, Mrs. Clarence Fryar and the honoree, Mrs. Neil Fryar.

Music For Conference To Feature Singers

Mother singers of the Abilene Christian, College Demonstration School Parent-Teacher Association will sing at the spring conference to be held in Big Spring Friday.

Organized last year, the choir has already been rated as one of the best P-TA groups in the state.

Mrs. Adams is a former member of the ACC department of music. At present, she is a pupil of Edith Griffing White of New York City who was associated with the late Hubert Witherspoon. Mrs. Adams attended Ward-Belmont and Cincinnati Conservatories of Music.

Mrs. Kennamer is a graduate of the ACC department of music and a former pupil of Mrs. Carl Busch.

Engagement Of Lillian Hurt Is Announced By Mr. And Mrs. Hurt

Mr. and Mrs. John Clifford Hurt have announced the engagement and approaching marriage of their daughter, Lillian, to James Harold Rockwood, son of Mrs. Cora Rockwood, Beggs, Okla.

The wedding will take place May 7 at the First Baptist church with Dr. P. D. O'Brien officiating.

Mrs. Clyde Ross Serves As Hostess For Party

KNOTT, April 18—Mrs. Clyde Ross was hostess to a Stanley party Thursday. Mrs. C. B. Nunley of Big Spring, directed the games. Prizes were given.

Refreshments were served to the following: Mrs. C. A. Burke, Mrs. Lawrence Wilson, Mrs. L. M. Roberts, Mrs. H. F. Awalt, Mrs. J. C. Spalding, Mrs. Harvey Spalding, Mrs. J. B. Shockley, Mrs. Cecil Shockley, Mrs. E. G. Newcomer, Mrs. Morris Gay, Mrs. C. Meek, Mrs. J. Z. Gay, Evelyn Roberts, Mrs. J. W. Fryar, Jr., Mrs. Herschel Smith, Mrs. Nunley and the hostesses.

of Kansas City. The group sang last year at the P-TA conference at Midland and will sing at the final meeting of the Demonstration School P-TA in May.

A highlight of the conference, the Mother Singers are scheduled to appear at 10:45 a. m.

Other musical features of the conference will include assembly singing, a program by the local high school orchestra directed by J. W. King, Jr., and a presentation by the junior college choral club directed by Mary L. Hendricks.

Thursday afternoon there will be a pre-conference board meeting at 4 o'clock. Mrs. James T. Brooks is chairman of arrangements for the formal dinner, honoring district board, state board members and guests. The Chamber of Commerce is the dinner sponsor.

General sessions and a luncheon will be held in the First Baptist church on Friday.

Modern Women Seek 2-Way Help Like This

What to do for women's oldest problem, functional monthly pain? Many a girl and woman has found the answer in CARDUI 2-way help. You see, CARDUI may make things lots easier for you in either of two ways: (1) started 3 days before "your time" and taken as directed on the label, it should help relieve functional periodic pain; (2) taken throughout the month like a tonic, it should improve your appetite, aid digestion, and thus help build up resistance for the trying days to come. CARDUI is scientifically prepared and scientifically tested. If you suffer "at those certain times", get CARDUI today.

Even nice people perspire

Now—the nicest people use Dial

the new deodorant soap that keeps you fresh round the clock!

dial smells good!
and dial is mild!

Unlike other soaps, DIAL with odorless AT-7 removes the major cause of perspiration odor—the skin bacteria that thrive on perspiration. AT-7 is the only ingredient known to keep its full antiseptic power effective in soap.

Dial smells good! And Dial is so mild, so gentle—it's safe for every member of your family. 25¢ for the large, long-lasting bar.
