HOGAN TO DRILL WILDCAT IN CENTRAL-SOUTH WINKLER

Fred T. Hogan of Midland has filed application with the Railroad Commission to drill a 3,500-foot wildcat in Central-South Winkler County, about six and one-half miles south of Wink.

It will be his No. 1 T. G. Hendrick estate, and is 330 feet from north and west lines of southeast quarter of section 22, block B-12, 1st survey. Drilling with cable tools will start at once.

The prospector is south of the Emperor field and west of the Haley pool.

CORE HOLE REPORTED TO HAVE DISCOVERED ZONE FOR SHALLOW PRODUCTION

According to unconfirmed reports Gulf Oil Corporation has apparently discovered a new source of shallow oil production in West Crockett County in a hole started as a core test.

That concern, according to unofficial reports was drilling a core test in the north side of section 14, block 29, University survey, about six miles southeast of the Clara Couch field.

When the bit reached 1,685 feet in the Grayburg lime the well headed off three times in five hours and then the flow was reported to have stopped on account of a bridge.

That obstruction was cleaned out, and it is understood that a pump was installed and the project had tested for around 75 barrels of 32-gravity oil per day, pumping.

No official information on the development has been released and Gulf representatives would make no comment on the reported discovery.

It is understood, however, that there is a possibility the company may file an application with the Railroad Commission to run pipe and complete the hole as an oil producer.

COKE STEPOUT FLOWS OIL FROM 20-FOOT SECTION

Sun Oil Company No. 1 Jameson, Coke County prospector, one-quarter of a mile south of the discovery well in the Silver area, and 660 feet from north and 1,980 feet from west lines of section 315, block A-1, H-T-C survey, ran a 61-minute drill-stem test at 6,260-80 feet, in the Strawn line.

Gas showed at the surface in seven minutes. Oil started flowing at the top in 60 minutes and was allowed to flow for one minute before the tool was closed.

The drill pipe unloaded oil for one hour, after the tester was closed. It unloaded oil several times while being pulled and broken down. Final recovery was 790 feet of clean oil and 1,320 feet of oil and gas cut drilling mud, estimated to have been 25 per cent oil.

Flowing pressure, during the test, varied between 1,000 pounds and 1,175 pounds. Shut-in bottom hole pressure, after 15 minutes, was 2,700 pounds. No estimate was made on the amount of oil which was flowed out during the test. Operator was to core ahead from 6,260 feet.

DEVONIAN'S WILDCAT IN N-E LEA FLOWS OIL

Devonian Oil Company No. 1 Federal, extreme Northeast Lea County, New Mexico wildcat, which has shown for a new discovery, is 660 feet from north and 560 feet from west lines of section 19-8S-38E, flowed approximately 250 barrels of fluid in 48 hours, with an average cut of around 14 per cent sediment and water, and filled all available storage on the lease. At last report it was shut until more storage is provided.

The pay is at 4,945-5,012 feet, in the San Andres-Permian. It had been treated with a total of 14,000 gallons of acid.

The nearest production is about 20 miles south and west in the Landon field, in South-Central Cochran County, Texas.

PLYMOUTH COMPLETES ANDECTOR PRODUCER

The Plymouth Oil Company No. 1-12 R. B. Cowden, stepout from production from the Ellenburger in the Andector field in Northwest Ector County, and 1,980 feet from south and 660 feet from west lines of section 12, block 45, T-2 survey, T-2-N, completed for a 24-hour flowing potential of 1,396 barrels of oil from pay at 8,451-8,530 feet, natural.

Plymouth has staked locations for immediate drilling, of two more Ellenburger tests on the same quarter of a section, and Humble has made location for another prospector on its lease in the southwest quarter of section 1, block 45, TP survey, T-1-N.

Truman Asks End To Emergency

Banner Continues Service; Damage Lower In Estimate

Estimate of the damage from an explosive fire which Tuesday destroyed the roof of the engine room of Banner Creamery in Midland will not be as high as first believed.

Carl Peay, district superintendent of Banner Creameries, said Wednesday the main damage was to the roof of the concrete and tile building and that equipment escaped severe damage. Smoke did some damage in the milk department. Damage estimate is several thousands of dollars.

The stubborn fire broke out when an ammonia pipe was broken by a tool dropped by workmen, who were installing a cooling system in the engine room. The ammonia sprayed the engine room and caught fire. Workmen were working on the roof with asphalt and it is believed the ammonia caught from a fire there and spread.

Smoke Billowed From Fire

Intense black smoke billowed up from the fire and attracted thousands of people. A unit of the fire department from Midland Municipal Airport helped fight the blaze in addition to the Midland department.

Banner Creamery was in business as usual Wednesday morning and it was reported there would be no disruption of service. Workmen were on duty all night Tuesday so service could continue.

One employee was slightly injured by flying glass when a door blew out from the ammonia explosion.

Pioneer Air Lines Inaugurates New Route Extensions

Inaugurating service on Pioneer Air Lines' new route extensions, the "James Bowie," a 24-passenger DC-3, took off from Midland Army Air Field for Dallas at 9:38 a. m. Wednesday.

The departure was held up about 50 minutes because of weather conditions. A brief ceremony was held at the airport prior to the take off. Stops were scheduled at Big Spring, Sweetwater, Abilene, Mineral Wells, Fort Worth and Dallas.

Ten passengers from Midland-Odessa boarded the plane for the inaugural flight. The plane also carried 17 sacks of mail weighing 60 pounds, L. Mack Tittle, station manager, said.

Tittle said the airline's other flights to and from Midland were running behind schedule due to freezing weather over most of the state.

Plumber Forgot Way To Get Out

Here's one to top the painter, who painted himself into the corner and couldn't get out.

In Midland Tuesday a plumber installed a floor furnace over the entry he made under the floor of a residence.

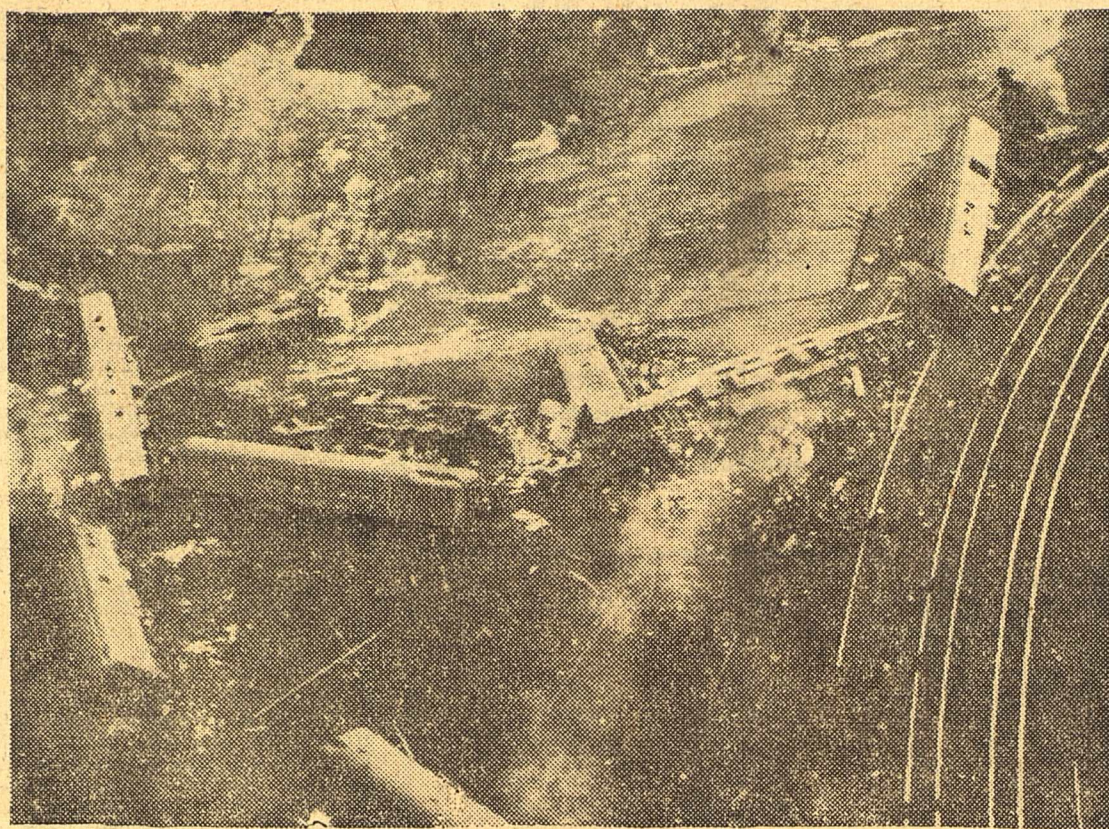

He then couldn't get out. The contractor was called to free the plumber. This was done by cutting a hole in the floor of a closet.

Tears of Happiness

With his wife, Dorothy, and brother, Mickey, crying on his shoulders, Jack Westover sits in Los Angeles court after hearing inquest jury exonerate him from blame in the death of John Brewer. Westover said that he and Brewer fought after the latter had insulted a barroom waitress.

Twenty-Five Killed In Pennsylvania Train Wreck

Twenty-five persons were killed and 141 injured near Altoona, Pa., when the Pennsylvania Railroad's "Red Arrow Express" jumped the tracks at Horse Shoe Curve. The train was en route from Detroit to New York and was running one hour and six minutes late. Two locomotives and five cars plunged down an embankment. Cars can be seen hanging over the embankment.

First Flight Cachet UNITED STATES AIR MAIL

The first flight cachet being used on all air mail leaving Midland Wednesday on the flight inaugurating service on the route extensions of Pioneer Air Lines. More than 2,500 pieces of air mail, mostly from stamp collectors, were handled by the Midland Post Office.

Smoot Will Speak At Dallas Convention

Graham Smoot, sanitarian of the Howard-Midland-Ector County Health Unit, will speak on "The Role of the Sanitarian As Health Educator In Areas Where No Full-Time Educational Director Is Employed" at a convention of the Texas Public Health Association in Dallas February 23-26.

Dr. F. E. Sadler, director of the unit, also will attend the convention. More than 400 Texas health officers, sanitarians, nurses, and laboratory technicians are expected to attend the sessions in the Baker Hotel.

Candidates For Mayor, Council Must File Soon

Candidates for offices of mayor and three councilmen of Midland, to be elected April 1, must file before March 1, which is 30 days prior to the election.

This is called to the attention of all Midlanders in the interest of good government and to bring attention to the fact that the previous law required filing only 20 days prior to the election.

Recent Texas court decisions recite that filing of candidates must be done 30 days before the election.

Terms expire for councilmen of places one, two and three and the mayor.

Railroad Accident Death Toll Mounts

ALTOONA, Pa. — (P) — A heap of twisted metal scattered over a desolate mountainside was all that remained Wednesday of the Pennsylvania Railroad's flier, the "Red Arrow," which Tuesday plunged over a 150-foot embankment, killing 25 persons and injuring 141 others.

An investigation of the wreck, one of the worst in railroad history, was started by the Interstate Commerce Commission, the Pennsylvania Public Utility Commission and the railroad.

Five of the dead were still unidentified, two of the bodies mangled beyond recognition.

Many Injured Critically

The dead included 16 passengers, six railway mail clerks and three members of the crew—an engineer and two firemen—which mangled the twin locomotives in the train's tortuous climb over the Allegheny Mountains.

Many of the injured lay in critical condition at Altoona's two hospitals, some expected to die.

British Will Recall Wavell From India

LONDON — (P) — Authoritative sources said Wednesday that the British government had decided to recall Lord Wavell from his post as viceroy of India.

The decision—said to be the result of a new constitutional crisis in India—will be announced in the House of Commons Thursday by Prime Minister Attlee, these sources declared.

They would give no indication whether Lord Wavell was being called home permanently or only for consultations, as he was last year.

In the light of the present constitutional crisis and possible British evacuation of India, there was speculation here that the viceroy might not return.

Odessa Woman Faints Beside Highway 80

Grace Crow of Odessa was found lying beside Highway 80 near the Ranch House Tuesday. She was carried to a Midland hospital by an ambulance and revived.

Police reported the woman fainted. She caught a bus to Odessa following the accident.

Reds Admit Difficulty In Destroying Ships

WASHINGTON — (P) — State Department officials disclosed Wednesday that Russia has acknowledged "difficulties" in carrying out a Big Three agreement to destroy her share of damaged German warships.

Responding to American and British inquiries, Moscow voiced assurances, however, that steps were being taken to carry out her part of the bargain reached at the 1945 Potsdam Conference.

The department officials said both the United States and Britain have carried out their commitments to sink or otherwise destroy the damaged Nazi vessels allotted to them for the purpose.

Topping the list of the captured vessels the Russians were to destroy was Germany's single aircraft carrier, the Graf Zeppelin. Whether this flatop was among the craft whose destruction has met with "difficulties" was not revealed.

The Soviet acknowledgment of delay was received last December 6, but was made public Wednesday only in response to inquiries. It was a memorandum to the Tripartite Naval Commission of the Allied Control Council for Germany.

Midland Braces For Bad Weather

Midland braced for predicted light snows mixed with cold rain Wednesday.

The temperature tumbled Wednesday morning to 36 degrees and was going on down.

Bad weather over the area was reported by air lines. There was snow and freezing rain in Abilene Wednesday morning. Runways were covered with ice at Sweetwater.

Air traffic was delayed out of Midland Wednesday but was not stifled. The ceiling was low in the city. A very low ceiling was reported at Houston by Pioneer Air Lines, indicating conditions were bad over Texas.

TRUMAN WILL LAY WREATH

WASHINGTON — (P) — President Truman will lay a wreath on George Washington's tomb at Mount Vernon February 22, but plans no Washington birthday speech, the White House said Wednesday.

• LATE NEWS FLASHES •

AUSTIN — (AP) — Rep. Charles A. Murphy of Houston Wednesday introduced a bill to establish a "Texas state university for Negroes" and to provide a temporary "school of law of the state university for negroes."

WASHINGTON — (AP) — A Senate Finance Subcommittee voted Wednesday to recall from the Senate floor the nomination of Herbert E. Arnold to be collector of internal revenue for Northern Texas.

NEW YORK — (AP) — Coast Guard headquarters said Wednesday the Army Air Forces in the Azores reported an Air France Constellation plane was believed down in the water about 340 miles southwest of Lisbon, Portugal.

Attorney General Rules Senate Bill As Constitutional

AUSTIN — (P) — Attorney General Price Daniel ruled Wednesday that a Senate bill providing for establishment of a separate state university for negroes is constitutional, and does not violate the 14th Amendment to the federal constitution.

This development in the negro education situation followed Tuesday's testimony of W. R. Banks, president of Prairie View University for negroes, who told a Senate Finance Subcommittee that if Texas is to avoid embarrassment it must provide equal education for negroes.

Attorney General Daniel's opinion was requested last week by the Senate State Affairs Committee, which had favorably reported a bill appropriating \$3,000,000 for higher education for negroes.

Factory Production In Heart Of England May Resume Monday

LONDON — (P) — Prime Minister Attlee said Wednesday that factory production in the Midlands, industrial heart of England, probably could be resumed Monday after a two-week shutdown caused by the unprecedented coal shortage.

Attlee announced, however, that the island-wide restrictions on the use of electricity by domestic and other non-industrial consumers would have to be continued for an unstated period. Five-hour switch-offs of electricity are currently enforced under wartime regulations providing for fines and prison sentences.

Area Has 36-Minute Electric Blackout

Midland, Stanton, Big Spring and other West Texas cities East of Midland on the Texas Electric Company power line experienced a 36-minute electric blackout from 11:11 to 11:47 a. m. Wednesday.

Robert L. Miller of Midland, district manager of the company, said he had received no official report on the cause of the blackout, but that the power stoppage covered a wide area east of Midland.

JayCee Vice-President Urges End To 'Selfish Commercialization'

DALLAS — (P) — Frederico Leer of San Jose, Costa Rica, vice-president of Junior Chamber of Commerce International of Central America, opened Wednesday's session of the JayCee world convention with an address urging an end to nationalism and "selfish commercialization."

He urged "enthusiasm and faith" among JayCee members, and said: "Remember that your nation will depend on you and your sons in the future."

He spoke in place of Victor C. Boucas of Brazil who was absent.

Strike Is Postponed

SAN FRANCISCO — (P) — A U. S. Conciliation Service commissioner announced Wednesday a strike of approximately 20,000 CIO oil workers in five western states, scheduled to begin Wednesday morning, had been postponed for another 24 hours.

Weather

Partly cloudy to cloudy with widely scattered light snow mixed with rain Wednesday afternoon. Warmer Thursday. Lowest expected temperatures Wednesday night, 23 to 32 degrees in Panhandle and South Plains. Maximum temperature Tuesday was 60 degrees, minimum 38 degrees.

Proposes Extension Of Only 12 Acts By Permanent Measures

WASHINGTON — (P) — President Truman Wednesday asked Congress for legislation to make possible "an early ending" of the state of national emergency under which the country has lived since 1939.

Truman asked outright repeal of 24 laws, proposed that 36 other emergency statutes be allowed to lapse upon a declaration of the end of the emergency, and recommended that most of 20 defense appropriation measures be wiped out.

Truman proposed that only 12 of "more than 100" emergency acts still on the books be extended by permanent legislation.

Ten others would remain in force for six months after the actual proclamation ending the emergency, whenever it may come, or for some other stated period.

High White House advisers have indicated to newsmen that if Congress acts with reasonable dispatch, the emergency may be terminated by July.

The proclamation would cover both the "limited" emergency proclaimed Sept. 8, 1939, and the "full" emergency declared May 27, 1941.

Proposes Immediate Repeal

Truman proposes immediate repeal laws authorizing employment of men from industry as dollar-a-year-men in government; the leasing of merchant ships to other nations; the tax-free withdrawal of alcohol for industrial use; the lease of public lands for munitions manufacture; and the appointment of enlisted men to the naval academy.

Among the major statutes which would be allowed to lapse upon an end-of-emergency proclamation would be:

The Army's "streamlined" procurement power under which supplies can be purchased without advertising for bids; the power to transfer the Coast Guard to the Navy; to increase the authorized strength of the Navy and to initiate measures to increase the market quotas of corn, wheat, cotton, rice, tobacco, or peanuts.

Statutes To Be Extended

Truman said the following statutes should be extended until June 30, 1949:

Authorization for an undersecretary of the Navy; the authority to maintain war housing, much of it now in emergency use for veterans, but which would have to be disposed of within two years unless extension were voted; provisions for the discharge of certain Army officers; authority to make temporary appointments of officers in the Army without regard to any particular branch or arm of the service; the right to arm American merchant vessels; the suspension of import duties on scrap iron, steel and rails.

The free importation of goods for members of the armed forces of the United Nations in the United States; the use of public buildings administration employees as special policemen for the protection of federal property; the requirement that each department head report the weight of mail sent free of postage; the act of establishing reemployment rights for merchant seamen.

Opposition To Lillenthal Shows Signs Of Weakening

WASHINGTON — (P) — Senator McKellar (D-Tenn.) mustered new ammunition Wednesday against David Lillenthal's nomination as atomic commission chairman but some of his colleagues showed signs of losing patience with his tactics.

The Tennessean has been hammering at Lillenthal's qualifications for weeks during the Senate Atomic Committee's hearing. McKellar isn't a member of the committee but he holds a longtime grudge against the former Tennessee Valley Authority chief.

Western mine owners protested that the controversy over the nomination is choking off domestic production of uranium—chief source of atomic energy.

A group of Colorado and Utah uranium producers said 800 mines in those states are idle for lack of answers to two questions:

When will the government start buying uranium from the mines, and what price will it pay?

Lamesa Man Found Dead At Houston

HOUSTON — (P) — A verdict of accidental death was given Tuesday by Justice of the Peace W. C. Ragan after Samuel Lee Thuman, 58, of Lamesa, was found dead at a construction site about 25 miles from here on the Hempstead Highway.

Club members sent postcards to James Noland, a member, who is in a hospital at Temple.

The Lions Club is contributing \$50 monthly to a charity case in the city and also furnishing milk to the needy family.

Women Golfers Have Business Meeting

Golfers of the Ladies Association of the Midland Country Club met Tuesday afternoon at the clubhouse to discuss plans for organization in order to play in golf tournaments.

A general discussion as to whether the golfers should become a separate organization from the Ladies Association or whether the Ladies Association should be renamed the Ladies Golf Association was held. The decision to change the name will be presented to the Ladies Association Friday for a vote.

Discuss Scotch Foursome

Also discussed was the Scotch Foursome which will be played at the club Sunday. Reservations are to be made for the supper Sunday by calling the Country Club.

The minutes of the last golfers' meeting were repealed and Mrs. Gordon Bird reinstated as golf chairman of the Ladies Association instead of president of the golf group.

Attending the meeting were Mrs. William Kerr, Mrs. Robert M. Turpin, Mrs. Arch Cleverger, Mrs. Leif Olson, Mrs. L. C. Ayres, Mrs. W. D. Cantrell, Mrs. A. R. Beale, Mrs. J. P. Gibbins, Mrs. Levi Shiplet, Mrs. W. I. West, Mrs. J. C. Velvin, Mrs. Payton Anderson, Mrs. E. M. Miller, Mrs. Roy Minear, and Mrs. Bird.

Also meeting with the group were Gordon Bird, Bill Barker, W. D. Cantrell and Lloyd Watkins.

Salt, iodine, bromine, magnesium chloride and magnesium hydroxide are now being taken from the ocean in commercial quantities.

"UNBLOCK" your DIGESTIVE TRACT

And Stop Dosing Your Stomach With Soda and Alkalizers

Don't expect to get real relief from headache, sour stomach, gas and bad breath by taking soda and other alkalizers if the true cause of your trouble is constipation.

In this case, your real trouble is not in the stomach at all. But in the intestinal tract where 80% of your food is digested. And when the lower part gets blocked food may fail to digest properly.

What you want for real relief is something to "unblock" your lower intestinal tract. Something to clean it out effectively—help Nature get back on her feet.

Get Carter's Pills right now. Take as directed. They gently and effectively "unblock" your digestive tract. This permits all 5 of Nature's own digestive juices to mix better with your food. You get genuine relief from indigestion so you can feel really good again.

Buy Carter's Pills today. "Unblock" your intestinal tract for real relief from indigestion.

First Baptist YWA Has Meeting Tuesday

Members of the Young Woman's Auxiliary of the First Baptist Church met Tuesday evening at the church.

Following the singing of "Oh Zion Haste", Nadine Clement led the group in prayer. The devotional was given by Rebecca Smoot, Dorothy Raines led the closing prayer.

After the meeting those who were members of the choir attended the annual choir banquet and the remainder of the group went to Calvary Baptist Church where they presented a program.

At the Calvary Church, Gwyn Simpson reviewed part of the book, "The Apostle of the Chilian Frontier" by Elizabeth Candell Pacheco, granddaughter of William Donald.

A playlet was given by Patsy Charleton, Margaret and Rebecca Smoot, Larline Ponder and Lorene Robey. Also attending the Calvary Church program with the group were Mrs. J. S. Griffith, the sponsor, and Barbara Bradshaw.

Wednesday evening Helen House and Dorothy Routh will continue the review of the book at the Calvary Church. Thursday evening Nellie Clark and LaMoine Tabor will complete the review.

Those attending the banquet were Edith Collings, Nadine Clement, La Moine Tabor, Nellie Clark, Helen House and Dorothy Raines.

Schedule Of Rubinoff Concerts Announced

A schedule of concerts to be played by Rubinoff, internationally famous concert violinist, in the Midland High School auditorium March 3, was announced Wednesday by Mrs. Thomas R. Parker, president of the Civic Music Club, sponsoring organization.

The famed musician will be presented at three free assemblies for students of the North, West and South elementary schools Monday morning, March 3. He will play several numbers, and will discuss his music and his fabulous violin. Students will be escorted to and from the high school by faculty members of their respective schools. A matinee concert for students of the junior and senior high schools will be presented that afternoon. Student tickets for the afternoon concert are 75 cents. The evening concert will be open to the public, with admission tickets priced at \$2.40, including tax.

It's Long - it's Low - and you'll love it!

YOUNG or old, you thrill to the sparkle of its massive grille, bright with the kiss of the morning sun.

Grandson or grandpa, you take in the flowing sweep of those follow-through fenders — and unerringly spot in them the style-note destined to key the whole trend of car design.

Lift the bonnet, and feel your heart do a nip-up at sight of a massive Fireball straight-eight that wakes with a purr, pulses with power, fairly pleads for the privilege of taking you places.

Now try on the seats, just for size.

Take in the great and gracious room so cunningly provided under sweeping roof lines.

Slip out on the road — and feel the down-to-earth sureness of low-sprung weight, the easy rippling stride of a car cradled all around on soft coil springs.

Handling? A dream. Controls? Light as a kite. Value? Appraise the metals, pry into the precisions, match them point by point against the field.

Nowhere today does a dollar buy a bigger measure of good Buick fineness and quality — or as great assurance of long and happy returns on your investment.

So why debate, why delay? This is the one you've dreamed about — and the first step toward making it a dream come true is to get your order in.

White sidewall tires, as illustrated, will be supplied at extra cost as soon as available.

FRECKLES AND HIS FRIENDS —By Merrill Blosser

Love Has Two Faces

CASSIE sat up and swung her feet to the floor and reached for her robe. "You may as well know it now, Mama," she said briskly. "Parker and I are going to call it quits."
"Parker and you—you don't mean you're going to get a divorce?" Mama dropped Leni's evening slippers and they clattered on the bare floor. Her faded eyes watered as she stared at Cassie.
"Certainly a divorce."
"Why Cassie Fletcher! Your Pa and I have stuck together for—let's see—29 years come June. A divorce! You ought to be ashamed of yourself. So that's what you were doing with Mike. And Parker's such a good man, and he's got a job he likes now and is doing so well again, and now you—"
"Let's not talk about it, Mama. Let's not go over the whole thing and rehash it. Everything's been settled and that's all there is to it. He was the one that wanted it. It wasn't my idea. You don't beg somebody to keep on being married to you when they want to get rid of you!" Cassie said fiercely. She flew into the bathroom and turned on the shower full blast.
Mama was still there when she came out.
"That Leni!" Mama said. "She's the one that causes all the trouble for everybody. I could see this was coming and it's a wonder you didn't too! Leni's crazy about Parker and she's always playin' up to him. She's so selfish—always has to have her own way about things. I never could do a thing with her when she was little even."
"Let's not talk about Leni!" Cassie began to brush her hair. "Parker's going to see that you and

Papa get this farm. It'll be all your own. And Sid—Sid will get to go to Purdue if he wants to."
"Why don't you and Parker wait while? He thought so much of you when you got married, Cassie. I can't figure out why—"
"There's no use thinking about that. Everything's all settled," Cassie said sharply.
"WELL, do you mean Parker's just going to give the farm to Papa and me?"
They'd never owned anything. Even in the house on Carson street they'd always been a month or two behind in the rent until Cassie had started earning money and running things.
"Yes, it'll be all yours," Cassie opened the door and started out. "Did Leni and Parker go riding as they planned?"
"Nope. Parker said he'd changed his mind about stayin'. He drove off to Indianapolis. Leni's eatin' breakfast. Sid and your Pa went down by the river."
It was a relief not to have to face Parker. Cassie thought as she went downstairs.
Leni looked up lazily from the funny paper she was reading as she sipped her coffee.
Cassie sat down and poured herself some fruit juice. Her hand shook a little. She'd felt so good right after the shower, but now in the room swung around in crazy circles. "Oh good heavens!" she thought, "I'm going to be sick."
Leni was looking at her. Leni's blue-eyed stare blurred and receded.
Mama always cried over everything. When Cassie opened her eyes, Mama was crying and wringing her hands. Leni had a newspaper and was fanning her with it. She was lying on the divan in the living room.
"I don't know what's the matter with me. I guess I've been sort of upset—my nerves or—something."

"Are you sure that's it?" Leni said shortly. There was a queer look on her face. "Maybe you think if you go to pieces and have a nervous breakdown, Parker'll come running home to you!"
"LENI! How can you say such awful things to your own sister? I'm going to tell Papa on you."
"He'll never come back to you!" Leni cried. "Never! You won't ever get him back! And I want you to know that you're only getting what's due you!"
"What's due me?" Cassie pushed the dreadful possibility which had possessed her only a moment before out of her mind and fastened her attention on what Leni was saying.
"For what you did to me!" Leni mocked. "Remember the night Leni and I were eloping? Remember it? How you got married, Cassie. I'd have been married to Leni. I'd have been Mrs. Leni Cavendish right this minute! Only I wouldn't be here. I'd be in New York—with him."
"But Leni—that's all so long ago, and you were just a kid in high school. And there'd have been an annulment."
"They wouldn't have had it annulled! He told me they wouldn't. He told me over and over he wished we'd gone ahead. After he was married to HER it was too late."
"Stop it, Leni. Stop it this minute," Mama cried. "Can't you see, Cassie don't feel well!"
Leni started to say something more, but Sid came banging in the back way and they could hear him coming along the hallway. He stood in the doorway, gangling and awkward.
"Hey, what's the matter with Cassie?"
"She fainted. That's all," Mama said. "Now Sid—you didn't wipe your feet. How many times do I have to tell you!"
Leni stomped out and Mama and Sid went too. Mama to get a cup of coffee for Cassie.
"I'm going to have a baby," Cassie thought. The sickening realization made the room start spinning again.

Opening—A K 19

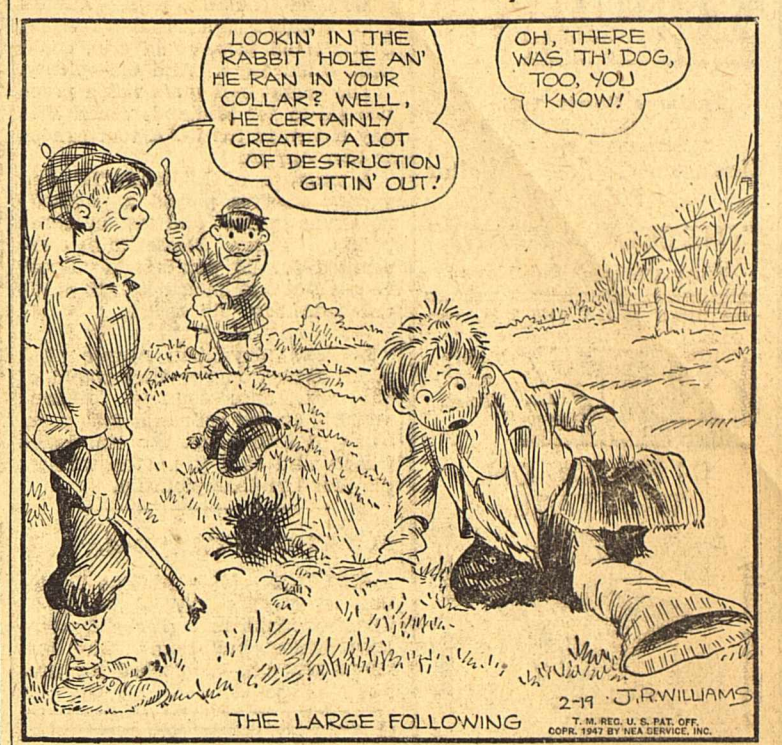

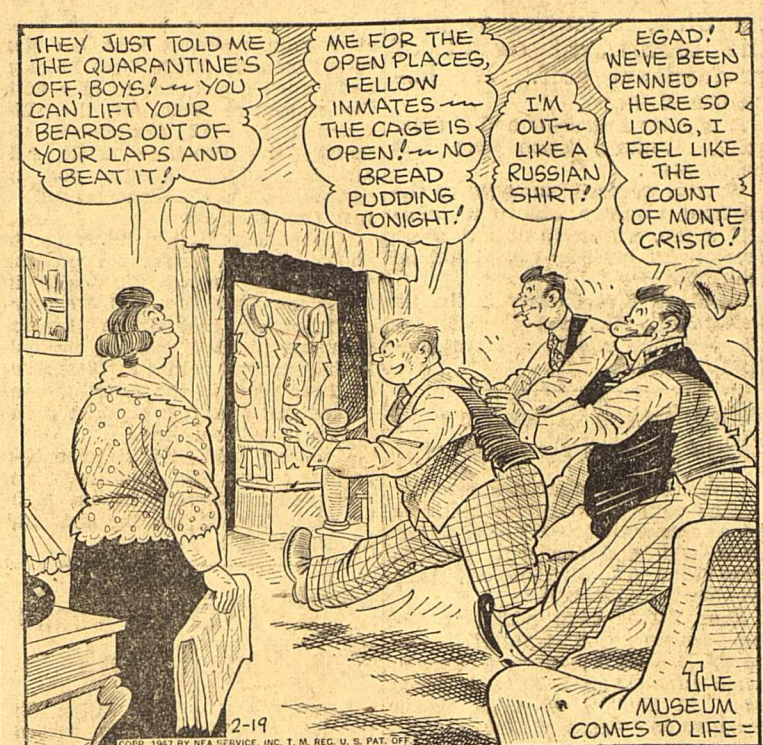

of four spades over four hearts was not justified, but it was a mistake that any player might make.
West doubled the opening bid of one heart, and North tried to make a shut-out bid with four hearts. The reason that Mrs. Griffin's four spade was wrong is that she did not have a chance to make four spades unless her partner's hand was strong enough to bid four spades over four hearts.
After the four spade bid, West's subsequent bidding could not be criticized.
Calamity might not have struck Mrs. Griffin as it did if South had opened with a two-bid. Many players would have done so with South's holding, although I do not favor it.
There is another school of thought that would not double with the West hand. They would try to get both suits in, first bidding two diamonds, then the spade suit on the next round. The reverse would show a very strong hand.
In the play of the hand South made seven-odd. He trumped the opening spade lead in dummy, led a trump to the king of hearts, ruffed another spade, came back to his hand with the ace of hearts and ruffed the last spade.
When the club suit broke, he took the balance of the tricks.

Golden Cranes Sock Midland Hard, 50 To 16

CRANE — The Crane Golden Cranes could do no wrong here Tuesday night and the Midland Bulldogs could do no good. The score was: Crane 50, Midland 16.

Midland couldn't pass, couldn't crisp, couldn't sink, couldn't score. Crane could pass, could crisp, could sink, could score. And did—plenty.

The basket ball game was a practice set-to for Midland, which Friday enters in the 3-AA tournament at San Angelo.

A mixture of Midland "B" and varsity reserves played a patched-up Crane quintet and lost by three points. Larry Messersmith accounted for 18 points and "Hoot" Harris was hot enough to get graduated to the "A" team.

Midland plays San Angelo at 1 p. m. Friday in the first round of the conference tourney. Abilene and Big Spring collide at 2:30 p. m. Then at 6:30 p. m. the two losers mingle and at 8 p. m. the winners play for the championship.

ACC UPSETS TWC, 63-61.

ABILENE —(P)— Abilene Christian upset Texas Wesleyan 63-61 Tuesday night in a Texas Conference basket ball game. The two teams now are deadlocked for first place.

WADKINS, PRO, WILL LEAVE MCC

Lloyd Wadkins, professional at the Midland Country Club, is leaving to play the tournament circuit of professional golf. He has resigned here.

A popular instructor and a great golfer, Wadkins came here last September.

Warren Cantrell, manager of the Midland Country Club and himself a pro, will serve as the club's professional until he can obtain an assistant.

Wadkins' first tourney is the St. Petersburg, Fla., contest February 27. Wadkins expects to leave Midland Thursday.

Nine Texas Schoolboy Cage Teams Are Champs

By The Associated Press

Nine district championships have been determined and the other seven will be decided this week in the Class AA division of Texas schoolboy basket ball.

Four titlists were added to the list Tuesday night as Amarillo sewed up District 1 honors, Greenville came through in District 5, Waco won in District 10 and Bryan emerged as kingpin of District 12.

Previously Denton had taken District 6 laurels, Paschal (Fort Worth) triumphed in District 7, Crozier Tech (Dallas) in District 8, Brownwood in District 9, and Harlingen in District 16.

MAY TAKE REGULAR TURN

SAN JUAN, P. R. —(P)— Marius Russo, the New York Yankees' one-time southpaw pitching ace, believes he will be able to take his regular turn when the season rolls around. Russo, virtually inactive last season because of an elbow operation the previous Winter, tested his arm Tuesday and reported it "feels like new."

H-SU Grid Coach Launches Attack On Pro Football

ABILENE —(P)— Warren B. Woodson, coach of Hardin-Simmons University, delivered a blast at professional football Wednesday for signing college players before they had completed their eligibility.

Declaring "if we let this type of bidding for college players continue before the student is through with his education, we might as well declare a moratorium on our football," Woodson charged that professional scouts had even interviewed members of his team on the days of important games.

Woodson's blast came two days after announcement that his star back, Rudolph (Little Doc) Mobley, had signed a contract to play with the Baltimore Colts of the All-America Football Conference although the two-time Little All-America had still another year of eligibility at the Abilene school.

Just One Incident

Mobley led Hardin-Simmons to an undefeated, untied season and victory over Denver University in the Alamo Bowl last Fall. He played freshman football at Hardin-Simmons in 1941, was the nation's leading ground gainer in 1942, served three years in the Army and returned last season to again top the nation in ball-carrying.

Woodson said his statement—a prepared one released—was not prompted particularly by the Mobley case. "This is just one incident," he explained.

TWC's McNeely Leads U. S. Cage Scorers

NEW YORK —(P)— Unless Jim Lacy, of Baltimore Loyola, goes on a scoring spree in the next few weeks, Cliff McNeely, of Texas Wesleyan, seems certain to capture this year's national collegiate basket ball individual high scoring race.

Lacy, who two weeks ago trailed McNeely by only 29 points, now is 89 points behind with 494 points compared to McNeely's 583. The Texas flash rimmed 74 points during the week to 32 for Lacy. McNeely still is the only player reported to have crossed the 500-point mark.

E. F. Parham, McNeely's teammate, retained third place at 449 points. A new player, Barrell Brown, of Humboldt (Calif) State, took over the fifth rung with 432.

Youth Falls From Car; Dragged, Hurt

W. B. Franklin, Midland junior high school student, who was injured when he fell from an automobile and was dragged Sunday, is recovering at his home in the city.

The youth fell from a car which had a door not closed securely. Clothing caught on the car when he fell and he was dragged. His back was injured and pelvic bones broken, another youth reported.

U. S. Olympics Group Head Questions Red Participation Rights

CHICAGO —(P)— Avery Brundage, president of the United States Olympic Association, Wednesday questioned whether Russia would participate in the 1948 Olympics at London and sharply criticized a European campaign to relax amateur athletic standards.

Commenting on a report that Britain's Amateur Athletic Board might permit cash re-imbursements to athletes for time lost from work as proposed by Russia, Scandinavian and Continental nations—Brundage declared his committee and the U. S. Amateur Athletic Union "will never tolerate it."

Failed To Join IAAF

As for Russia's Olympic status, Brundage asserted that country, "at last reading," had failed to join the International Amateur Athletic Federation and affiliated groups as required for Olympic competition.

Some 20 international federations, one for each Olympics competition, must be joined by a nation wishing full participation in the games, Brundage explained.

Unless I haven't heard about it, Russia doesn't belong to any federation and is not eligible for Olympic competition," he said.

Student Performance Scheduled For Play

A special performance of the Pennsylvania Dutch comedy, "Papa Is All", will be presented for school students at 7 p. m., March 26, Art Cole, director of the Community Theater, announced Wednesday.

Community Theater will stage the evening performance so the youngsters may get home early and to provide more seats for adults during the evening performances on March 27 and 28, Cole said.

A special price of 25 cents plus a 5-cent tax will be charged at the evening student performance.
