Berlin Air-Lift Crash

A U. S. Air Force C-54, carrying coal for Berlin, burns on the edge of Tempelhof Airfield. The plane is one of two which crashed while coming in for a landing. The crew escaped injury, but the plane was destroyed.

Meet May Cook Political Stew Tough For Jester To Swallow

AUSTIN—(P)—If Sunday's meeting of "Loyal" Democrats here turns out to be a rallying point for the liberal element of the party in Texas, it could cook up some political stew hard for Gov. Beauford H. Jester to swallow.

There has been considerable speculation lately that the Liberals—badly outvoted in the gubernatorial race two years ago—may offer to help Jester beat the Dixiecrats in the September convention in return for some very definite concessions.

They might ask, for example, for some relaxation of Jester's firm new tax policy, especially in regard to a natural resources tax. Or they could ask backing for a demand on the convention that an attempt be made to unseat Wright Morrow of Houston as Democratic national committeeman from Texas. The Liberals opposed him in May.

Advances notices of the meeting, called by Mayor Tom Miller of Austin, gave no hint of any such drastic purpose. Miller's announcement merely said it was called "in an effort to further solidify sentiment for Truman and Barkley."

The Dixiecrats this week declared open war on Jester and as matters stand now, it does not appear likely Jester can trade with anybody but the Liberals.

He aroused the fury of the Dixiecrats by staying with the party at Philadelphia, and because politics is politics, he is now a Trumanite in Texas.

Jester said he had not been invited to the Sunday meeting at Austin, but that he appreciated the "kind things" said by Mayor Miller about his efforts to hold the Democratic Party together in Texas.

Whether Sunday's meeting produces any trading material or not, it is not reasonable that any group holding the balance of power at the crucial Fort Worth convention September 14 would not take full advantage of its situation.

Posse Captures Pair Sought In McCamey Killings

RANKIN—(P)—Two Latin Americans wanted in the slaying of two negroes and the wounding of another near McCamey were captured by a posse Saturday after the pair had hiked 60 miles and spent 60 hours in West Texas' bone-dry landscape.

Gene Johnson of Guthrie, Okla., and Ben Johnson of Odessa, were found shot to death in an automobile on the Crane-McCamey highway Wednesday morning. Leon Hooper of Odessa was wounded.

Twenty-three West Texas officers and deputized citizens ran down the pair on the Claude Ralls ranch, six miles north of Best in Reagan County.

Officers said the Latin Americans had hired Hooper to drive them from Odessa to McCamey.

Sheriff Gene Eklund of Rankin took the men to Odessa, where one of them was identified as a man wanted in the wounding of three persons there on August 7.

The Latin Americans signed a statement about that case in the office of District Attorney Martell McDonald of Ector County.

However, Ector County officials waived charges, and Sheriff Eklund brought the men back here to be held for the Upton County Grand Jury. No charges had been filed Saturday night.

Explosion And Fire Destroy Stucco Duplex

A violent explosion, followed by roaring fire, destroyed a stucco duplex at the Northwest corner of Kansas and Carizzo Streets Friday afternoon.

The blast occurred, witnesses said, as city employees finished spraying around and under the house with the DDT fog machine. However, neither City Fire Marshal W. E. Klatt nor others investigating the case had reached any conclusion late Saturday regarding the cause of the explosion.

No occupant of either apartment of the duplex was in the building at the time of the blast. One apartment was occupied by Mr. and Mrs. H. H. Hamilton and their children, Tony, 3, and Susan, 5. Mr. and Mrs. J. F. Mitchell and their children, Richard, 2, and Johnny, 5, resided in the other apartment. Henry Butler owned the building.

Little Richard Mitchell had been left sleeping in the Mitchell apartment, but when city employees arrived to spray the property a neighbor removed the child at their request.

Investigation Launched
Firemen were called at 3:18 p. m., but were unable to cope with the blaze. They sprayed more than 12,000 gallons of water on the duplex and on an adjoining house and garage which were threatened.

City Manager H. A. Thomson said Saturday every effort is being made to determine what caused the explosion. When asked if he thought the DDT fog under the house might have exploded, he said he could not answer. However, he added, more than 100 homes in Midland and the buildings at the Midland Air Terminal had been treated in a similar manner without an explosion of any kind. A representative of the company which makes the fog machine was called here to conduct tests to see if the fog can be made to explode, and state health and other safety officials were asked to assist in a thorough investigation.

Three Mine Foremen Are Victims Of Blast

LONACONING, MD.—(P)—Three mine foremen who got up early on a morning off to make a drift mine safer for their men were victims of a shattering blast Saturday.

The men died in the tunnel of Waynesburg Mine No. 5 of the George's Creek Coal Company at nearby Knap Meadow.

State Mine Inspector Frank T. Powers of Prossburg said he had not yet determined the cause of the explosion.

FAILURE OF WATER SUPPLY THREATENS DALLAS

DALLAS—(P)—City officials said an unprecedented use of water Saturday had drained Dallas supplies to a dangerously low point.

"This is the worst situation yet," Karl Hoeffel, Dallas water superintendent, said.

He said he feared if the high consumption continued, the reservoir might be emptied Saturday night.

PAIDOLA POOL WILL BE CLOSED AFTER SUNDAY

PAIDOLA—(P)—The pool will be closed late Sunday afternoon for the season, City Manager H. A. Thomson announced Saturday.

The pool is being closed two weeks early in order to conserve the city water supply, he said. It requires 10,000 gallons of water to drain the pool each day. The pool was not closed Friday or Saturday, but extra chemical treatment was given the water to make it safe for swimmers.

GEORGIA WOMAN FOUND BOUND, BEATEN TO DEATH

CADWELL, GA.—(P)—Mrs. Kinch Smith, 72, who lived alone in her large country home, was found beaten to death Saturday, her hands tied behind her back.

First reports said a blood-stained wooden club was near the body, discovered by negro children living in the community.

FIVE ABSENTEE VOTES

Five absentee votes in the second Democratic primary election had been cast Saturday, County Clerk Lucille Johnson announced.

Spy Hunters Seek Missing Servants, Want Lie Detector

WASHINGTON—(P)—Missing servants and lie detector machines entered into the Congressional spy hunt Saturday as investigators sought backing for testimony of a key witness.

Members of the House Committee on Un-American Activities, convinced that one or another of the witnesses already questioned has committed perjury, devoted a weekend recess in the hearings to trying to run down the culprit.

None of the committee-men would talk for publication but most of them expressed concern over the likelihood somebody has lied to them under oath.

Whittaker Chambers, an editor of Time magazine who said he used to be a Communist courier, has testified that a Communist underground operated in wartime Washington dealing with some important government figures. Among those he named under oath were Donald Hiss and Alger Hiss. Both of them, he said were leaders of small cells in the underground movement.

Of those named by Chambers, the Hiss brothers asked for a prompt hearing, waived their constitutional rights, and denied the charges categorically. They testified they didn't even know Chambers.

Donald Hiss, a former State Department official now a Washington attorney, told the committee either he or Chambers should be put in jail for lying under oath.

Alger Hiss, now president of the Carnegie Endowment for International Peace, said he had "never laid eyes" on Chambers.

Since Chambers has been one of the star witnesses for the committee, members said privately that "half our case rests on the integrity of his testimony."

Several members think a lie detector test might help.

Since the case hangs largely on Chambers' testimony, as far as the committee is concerned, members and investigators are seeking additional backing for it. They have sought, without success, to locate servants employed in the Alger Hiss home at the time Chambers claimed Hiss was working for the Communists.

They still are looking for the domestics who might be able to tell them whether Chambers ever visited Hiss or whether Hiss ever talked to or about Chambers in his home.

They plan, also, to bring the two men together soon and have called a closed door meeting for Monday afternoon without saying who will testify.

Florida Officials Deny Charges Of Fugitive

TALLAHASSEE, FLA.—(P)—State officials Saturday denied charges by a fugitive from a Florida prison camp that "they treat their bloodhounds better there than prisoners."

Frederick Fox, 21, escaped last June from a prison road gang near Live Oak while serving a 10-year term for robbery. He was captured by FBI agents at Cleveland, Ohio.

Attorneys for Fox asked Ohio Governor Thomas J. Herbert to prevent the fugitive's return to what they called "the atrocious and unbearably inhuman chain gang methods used in x x x Florida."

Water Situation Improves Slightly

Midland's water situation improved somewhat Friday afternoon and Saturday morning, City Manager H. A. Thomson announced, but continued cooperation of residents in conserving the supply was urged.

If citizens will refrain from watering lawns and gardens except between 6 and 11 p. m., reservoirs this week should once more contain adequate water, he said.

Presents Locomotive Bells To Church

D. Davis, agent here for the Texas and Pacific Railway Company, presents three locomotive bells to the First Baptist Church. The bells will be mounted atop the church's educational building and will be used to signal the end of study periods and beginning of worship services. The railway company brought the bells from its Marshall yards, where they were removed from Class 500 locomotives, small engines not widely used. Shown behind the bells are G. D. Fuller, Associate Pastor Raymond G. Hall, D. Davis, Pastor Vernon Yearby, and L. L. Beyll.

PAIDOLA POOL WILL BE CLOSED AFTER SUNDAY

PAIDOLA—(P)—The pool will be closed late Sunday afternoon for the season, City Manager H. A. Thomson announced Saturday.

The pool is being closed two weeks early in order to conserve the city water supply, he said. It requires 10,000 gallons of water to drain the pool each day. The pool was not closed Friday or Saturday, but extra chemical treatment was given the water to make it safe for swimmers.

GEORGIA WOMAN FOUND BOUND, BEATEN TO DEATH

CADWELL, GA.—(P)—Mrs. Kinch Smith, 72, who lived alone in her large country home, was found beaten to death Saturday, her hands tied behind her back.

Would Rather Die

(NEA Telephoto)

Frederick Fox, 21, arrested in Cleveland, Ohio, after two months of freedom says, "I'd rather be killed than go back to that road gang." Fox used an unloaded souvenir pistol to rob a Florida tourist court of \$25 in 1946. He fled in a stolen car and was captured three days later. Despite the fact it was his first offense and he had a favorable war record, Fox was sentenced to Florida penitentiary for 10 years. He escaped and went to Cleveland, where he worked as a laborer in a box factory.

Red Teacher Accepts U.S. Protection

NEW YORK—(P)—Mrs. Oksana Stepanovna Kosenkina, Russian school teacher, accepted a subpoena from the House Un-American Activities Committee Saturday, thereby coming under the protection of the federal government.

The 52-year-old woman accepted the subpoena from Robert E. Stripling, the committee's chief investigator, in her Roosevelt Hospital room at about the same time Russia demanded full control over her custody and the United States, in effect, flatly rejected the demand.

Mrs. Kosenkina is recovering from serious injuries she suffered when she leaped from the third floor of the Soviet consulate here Thursday. She claimed she had been held a prisoner there.

Roosevelt Hospital authorities Saturday night said Mrs. Kosenkina (Continued on Page 8)

1947 Construction Record Certain To Topple Next Week

Midland building permits for the week ending Saturday amounted to \$385,225 and brought the 1948 construction figure to \$4,275,260, which is close to the all-time yearly record of \$4,291,700 set in 1947.

With only \$16,540 in permits between a fast-growing Midland and a record high in construction, the record is expected to fall with next week's permit total. The weekly average here is much more than \$16,540.

Largest permit of the week went to the First Presbyterian Church for \$200,000 to enlarge its present structure and make additions. Location is 800 West Texas Street. The church structure will be made two stories high and will be 175 by 130 feet. Materials are brick, tile, concrete and steel.

Stanley and Fowler received permits for six frame residences, totaling \$47,000. Locations are 200-202-204-206-208-210 West Parker Street. One of the residences will cost \$8,500, two will cost \$8,000 each, and three will cost \$7,500 each. Sizes vary from 42 by 28 feet to 48 by 32 feet.

J. C. Hall was issued permits for four frame residences on North Dallas Street, total \$20,000, each to cost \$5,000. Locations are 921-923-927-929 North Dallas Street. Size of each residence will be 30 by 34 feet.

Brick Veneer Residence
Gregory Brothers took a \$14,000 permit to build a brick veneer residence with garage attached at 1608 West Kansas Street. Size will be 30 by 65 feet.

Bob Kincaid received a \$12,000 permit to build a frame residence at 702 Nobles Avenue. Size will be 34 by 56 feet.

An \$11,000 permit went to Newell Ellis to build a frame residence and store room at 411 North Main Street. Size will be 24 by 60 feet.

C. R. Ervin was issued permits for two frame residences at 2408-2410 West Washington Street, total \$10,000, each \$5,000. Size of each will be 26 by 40 feet.

Ted Thompson received a \$6,000 permit to build a frame residence with attached garage at 2807 West College Street. Size will be 24 by 58 feet.

Alvin receiving \$8,000 permits were C. A. Richardson, Jr. and P. D. Taylor. Richardson will build a frame residence with attached garage at 310 West Estes Street, size 24 by 36 feet. Taylor will build a frame residence at 716 Nobles Avenue, size 35 by 58 feet.

J. Roy Jones was issued a permit for a \$9,500 brick veneer residence at 1212 West Louisiana Street, size 30 by 40 feet, garage attached.

Other Permits
Other permits of the week include: Marion Hayes, \$7,425, frame residence at 301 West Cowden Street, 34 by 44 feet; G. C. Fonder, \$6,500, frame residence with attached garage at 207 West Nobles Avenue, 28 by 50 feet; J. B. Hankins, \$6,000, frame residence, with attached garage at 2401 West Kentucky Street, 25 by 50 feet; Fleming Corporation, \$6,000, frame residence with asbestos siding at 1905 West Louisiana Street, 27 by 38 feet; James E. Smith, \$4,700, frame residence with attached garage at 2306 West Kentucky Street, 32 by 40 feet.

Edward Falston, \$1,700, color frame residence at 1010 North Colorado Street, 16 by 24 feet; Mrs. Basil Hudspeth, \$800, alter tile and frame residence at 410 West Watson Street, 14 by 24 feet; Chris Lopez, \$800, frame residence at 1005 North Lee Street, 16 by 24 feet; C. W. Black, \$400, frame frame residence out of city, 14 by 28 feet; Berido Padillo, \$300, repair frame residence at 1000 Walnut Lane, 10 by 12 feet.

CHRYSLER CORPORATION BOOSTS PRICES AGAIN

DETROIT—(P)—For the second time in three months, Chrysler Corporation Saturday boosted prices on its four lines of cars.

The new increases, effective Monday, range from \$58 on the lowest priced Plymouth cars to \$68 on the most expensive Chryslers.

TeePee Makes New Discovery In Lea

Texas Pacific Coal & Oil Company has discovered a new pay, and a new field, in Southwest Lea County at its No. 39-A-2 State.

That wildcat flowed 14.6 barrels of 40-gravity oil in one hour during a drillstem test at 10,895-944 feet in a sand zone in the Pennsylvanian.

Gas-oil ratio was 935-1. The oil was cut with 10 per cent drilling mud. There was no formation water.

Ten Miles South of Eunice.

The new discovery is about ten miles southwest of Eunice, and on the southwest side of the old, shallow South Eunice field, where the production has been from the Grayburg-Permian above 4,000 feet.

The Texas Pacific well is 990 feet from north and 1,650 feet from west lines of section 9-22-36.

Operator had been withholding official reports on this project for several weeks. However, that condition was changed Saturday, and

an official statement was issued on the shows made so far.

A Pennsylvanian sand was topped at 10,915 feet. A core at 10,934-944 feet recovered 10 feet of sand, with the upper three feet being saturated with oil.

A drillstem test was run at 10,895-944 feet. The tool was open two and one half hours. Gas showed at the surface in six minutes. Mud came to the top in one hour and 15 minutes. Oil started flowing in one hour and 19 minutes.

Flowed For One Hour
The flow was turned to tanks at the end of one hour and 30 minutes, and the well produced 14.6 barrels of oil in 60 minutes, flowing through a five-eighths inch bottom hole choke on a one-inch top opening.

There was no fluid recovered when the tool was pulled, as the drill pipe unloaded fluid all the way out. The prospector is coming ahead.

This is the first show for commercial production so far made in Southeast New Mexico from the Pennsylvanian.

Three Wildcats Spotted In SE New Mexico Areas

HOBBS, N. M.—Within the past week, Southeast New Mexico gained three new wildcats, two in Chaves County, and one in West-Central Eddy County.

About 30 miles southwest of Roswell, Magnolia Petroleum Company has filed application to explore to 7,500 feet, or to granite at a lesser depth, at its No. 1 Turner-Federal, in Southwest Chaves County. Starting at once, it is to move in a rotary outfit.

Location is 660 feet from the north and west lines of section 23-14-22.

East And North Of Artesia

Also to venture in Chaves County, in the southern portion, Martin Yates, Jr., et al. No. 1 Kime, 660 feet from the north and east lines of section 28-15-29e, is to make 3,500 feet of hole with a string of rotary tools. Operations are to start immediately.

It is approximately 20 miles east and slightly north of Artesia. Magnolia Petroleum Company is to drill the Eddy County prospect, No. 1 Golden, (BHU), sited 1,980 feet from the north and east lines of section 29-21-36e. Using rotary tools, it is to start at once on a 3,500-foot venture west of Carlsbad some 35 miles.

Magnolia is also to drill a semi-wildcat, No. 1 Byler-Federal, in North-Central Lea County. This project, 660 feet from the north and west lines of section 7-9-38e, is an extension try for the Sawyer pool. Operator has begun building roads.

Discovery Indicated
Skealy Oil Company plugged back its No. 7 Sims, East-Central Lea County prospecting exploration, and has cemented 5 1/2-inch casing at 6,650 feet, the plugged-back total depth.

That casing was then perforated with 300 holes at 6,420-9 feet, in the Drinkard section of the lower Permian. Operator swabbed the venture, and it kicked off and flowed oil at the rate of 5 1/2 barrels per hour, natural.

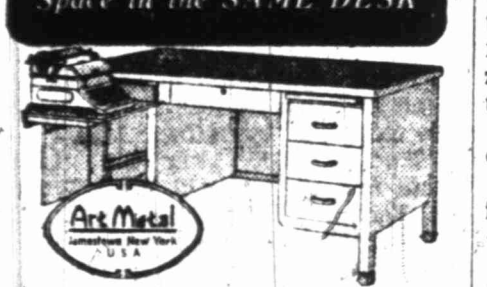

At the end of 10 hours, the well was still flowing. It will probably discharge petroleum naturally for a little longer, then be acidized through the perforations.

This is a new discovery from production from the Drinkard pay in the shallow Pennine-Skealy field. It is situated 2,200 feet from the south and west lines of section 3-23-37e. In Crossroads Region.

Atomic-Powered Airplanes Are Their Goal

Scientists at Oak Ridge, Tenn., are working on the problem of harnessing atomic power to propel aircraft. If it can be done, planes will have a virtually "limitless" range—they'll be able to fly around the world at high speeds, powered by fuel weighing almost nothing. Andrew Kallitinsky, wearing glasses, 34, is chief engineer of the project, assisted by, left to right, Edward S. Bettis, 38; Asa N. Kitchen, 27; and Jerome B. Ruble, 36.

British Ministry Fights To Keep England From Being Grazing Country

LONDON — (AP) — British farm authorities are applying pressure, under the authority of their agricultural act, to prevent Great Britain from becoming once more a "grazing country."

The "return to grass," as the tendency is called at the ministry of agriculture, is regarded as an agricultural luxury Britain cannot afford.

In prewar years Britain had some of the best grassland on earth.

Now, with world economy taking a derelict shape, Britain must get more nourishment from an acre. It has been getting more nourishment by putting emphasis on milk, wheat, potatoes and sugar beets.

It has been buying and building farm machinery. The ministry now call the British farmer the most highly mechanized in the world.

There are about 200,000 farm tractors in England, compared with 55,000 in 1939.

Mechanization and improvement of methods has produced encouraging results. Now authorities are anxious not to lose the advantages gained by "going back to grass."

Britain can not, by any stretch of

foreseeable possibilities, produce the food it needs, but the pressure of the wartime blockade proved that it can do much to help itself.

Prospects for this year's harvest are unusually good. If the calculations of the planners go right every fifth sack of wheat and barley will be set aside for feed to help overcome the ever-acute shortage of pork, beef, eggs and poultry.

Apply Machinery
To preserve what has been gained authorities are beginning to apply the machinery of the new agricultural act which sets up a plan for agriculture of the whole country.

Under it farmers are subject to a good deal of regulation, and there is still a great deal of debate as to whether it imposes more regimentation than a class of individualists such as farmers can tolerate.

Under provisions of the act a farmer might, in aggravated circumstances, be removed from his land for bad husbandry. If he is an owner, the land can not be taken away from him, but the state may work it, or employ competent tenants.

The British farmer is subject to the general control of the Agricultural Committees, one of which functions in every county of England and Wales. Production quotas are set for each county, production being geared to the nation's general economic and financial situation. It is up to the committees to see that farmers produce the kind and quantities of crops needed.

There are a dozen committees in each county, five chosen by the organizations of agriculture and the rest appointed by him on nomination by organizations of land owners, farmers including tenants and farm laborers. They serve without pay, and in all instances are local men.

The committees apply the pressure—if necessary. The ministry insists it will rarely be necessary to resort to "police methods."

First, persuasion is tried. If the farmer is dubious, the committee is authorized to use other inducements, such as finding the correct fertilizer, producing the proper machinery, arranging for seeds or a loan, or providing extra workers if labor is the farmer's bottleneck.

Gets Compensation
In the background, of course, is the committee's power to start a long and rather complicated disposition action. It does not make the final decisions. Another commission makes the ultimate judgement. There is machinery for an appeal to the minister—but not to the usual courts.

While he is obliged to accept controls, the British farmer gets compensations. He gets price fixing, guaranteed markets and long range planning to that, on paper at least, his farm must be profitable if it is worked industriously.

Grain prices are fixed as much as 18 months in advance. Livestock prices are fixed two to four years in advance. The farmer thus is able to make some pretty sharp estimates of his prospects.

Some of the agricultural administration goes a long way along the road of Socialism, but the profit motive is not neglected. Boosting grain, dairy, sugar and fruit prices is one of the methods by which the return to grass may be prevented.

Livestock Roundup
FORT WORTH — (AP) — Cattle—compared last Friday's steady, some cows 50 lower. Week's tops: beef steers and yearlings 33.50, beef cows 23.00, sausage bulls 22.50, feeder yearlings 30.00. Week's bulks: good slaughter steers and yearlings 30.00 and up, common and medium 18.00-28.00. Common and medium cows 18.00-20.50, good grade 21.00-22.00, sausage bulls 16.00-22.00. Medium and good stocker and feeder steers and yearlings 21.00-27.00, medium and good stocker cows 17.00-19.00.

Calves—compared last Friday: good and choice 50 higher; others about steady; good and choice slaughter offerings 24.00-28.00, common and medium 16.50-23.50, medium and good stocker calves 22.00-28.00.

Hogs—compared last Friday: butchers and sows 50 higher, feeder p's steady. Week's tops: butchers 26.00, sows 24.00, feeder pigs 26.00. Closing bulks: good and choice 190-240-pounds 29.00, the top 150-180 pounds and 250-325 pounds 26.00-28.75, sows 20.00-24.00, feeder pigs 26.00 down.

Sheep—compared last Friday: slaughter Spring lambs steady, other classes 50-1.00 lower. Week's tops: slaughter Spring lambs 27.50, yearlings 21.00, feeder lambs 25.00, feeder yearlings 18.50. Closing bulks: medium and good slaughter Spring lambs 24.50-26.50, medium and good short yearlings 19.00-21.00; common and medium stocker Spring lambs 18.00-22.00, fleshy feeders 23.50-24.50, stocker yearlings 16.00-18.00.

Notified Relatives Killed In Accident
Mrs. R. L. Wright of Midland has been notified of the death of her brother, Homer Allison, in a train-car collision at Cheyenne, Wyoming.

Also killed in the crash were Allison's wife, Bertha, his son, Charles. His daughter, Erma Jean was seriously injured and is in a hospital. The accident occurred last Wednesday.

Funeral services for the three are scheduled at 10 a. m. Monday in Rex Funeral Home at Lubbock.

U. S. To Need Million Men By June, 1949

WASHINGTON — (AP) — The government needs a million new soldiers and military supply workers by June, 1949.

That's the estimate made Saturday by Robert C. Goodwin, the nation's top employment specialist, in a survey of draft and military supply manpower requirements due to the expanding defense program.

The increase, Goodwin said, will represent additions to the Armed Forces, civilian employees of the Armed Forces and workers in civilian plants for producing military equipment.

MAN, THROWN FROM BUCKING HORSE, DROWNS

DALLAS — (AP) — C. R. Henderson was thrown from a wildly bucking horse Saturday into a stock pond where he drowned.

The unusual accident happened on Henderson's farm at nearby Seagoville.

Chancellor To Dig Wildcat To Ellenburger In Crockett

C. W. Chancellor, of Midland, is to start operations at once on his No. 1 Shannon estate, as a 7,500-foot wildcat in Northwest Crockett County, near the shallow Noelle field.

It will be 600 feet from south and west lines of lot 2, league 3, Archer County School Land survey.

The prospect is on a checker-boarded spread of more than 1,000 acres, which Chancellor secured in a farmout deal from Phillips Petroleum Company.

Phillips originally had a block of approximately 3,500 acres in that area. That concern retains the remaining 1,500 acres of the block.

RNGC No. 1-E-A Barnett Finds Ellenburger Zone

Republic Natural Gas Company No. 1-E-A Barnett, East-Central Upton County wildcat, 23 and three-quarter miles north and west of the initial producer in the Benedictum-Ellenburger field, topped the Ellenburger at 11,580 feet, on an elevation of 2,893 feet.

The venture drilled ahead to 11,597 feet, and ran a Schlumberger survey. Operator is now running a string of 7-inch casing. That pipe will be cemented on bottom, and the project will then drill ahead to explore further into the current formation.

The development is 1,980 feet from north and west lines of section 40, block Y, TCRS survey.

Stander Develops Salty Water In DST

Slick-Urschel Oil Company and Plymouth Oil Company No. 1 Stander, diagonal southwest flanker to the Benedictum field opener, and 660 feet from north and east lines of lot 3, section 50 1/2, P. B. Scott survey, took a two-hour drillstem test at 12,305-456 feet, in the lower Ellenburger.

A 10-stand water blanket was used. Recovery was the water blanket, three stands of drilling mud, six stands of gas cut mud, and 54 stands of black, salty water. There were no signs of oil. The venture is drilling ahead and had reached 12,487 feet in dolomite, at last report. It is slated to continue until it encounters granite.

This development had shown water from the section below the top 500 feet of the Ellenburger. That formation was entered at 11,064 feet. The top 500 feet of the formation has not yet been tested.

N-C Andrews Wildcat Tests In Wolfcamp

Cities Service Oil Company No. 1-Y University, wildcat in North-Central Andrews County, one mile north of the nearest completed oil well from the Wolfcamp, and the Devonian on the Shafter Lake field, ran a one-hour drillstem test in the Wolfcamp at 8,450-8,500 feet.

Recovery was 250 feet of slightly gas cut drilling mud. There was a steady blow of air throughout the investigation.

The prospect is drilling ahead below 8,536 feet in the lime and will probably run another drillstem test during the next two to three days.

Only 20 feet low. It topped the Wolfcamp section of the Permian at 8,440 feet. According to some geologists that puts it only 20 feet low to Sinclair Prairie Oil Company No. 1-154 University, a dual producer from the Wolfcamp and the Devonian, one mile to the south.

That well is the highest, structurally, in the Shafter Lake field. The Cities Service wildcat is 1,993 feet from north and east lines of section 13, block 13, University survey. It will go on down to explore into the Devonian.

Try For Test Fails At Humble 1-A Barnett

Humble Oil & Refining Company No. 1-A Barnett, deep prospect, three miles northwest of the Benedictum field, and 1,980 feet from north and 660 feet from east lines of section 4, block Y, GC&SF survey, had reached 12,221 feet, in Ellenburger dolomite, and was continuing to dig. Operator tried a drillstem test when total depth was at 12,206 feet. The tool opened while going in the hole, and there was no test. Another attempt for a test probably will be tried within the next 24 hours.

SW Crane Prospector Checks High On Yates

Jergins Oil Company No. 1 Self, Southwest Crane County wildcat to 6,000 feet, to test into the Ordovician, seven miles southeast of Grandfalls, had reached 2,170 feet in anhydrite and lime, and was making more hole.

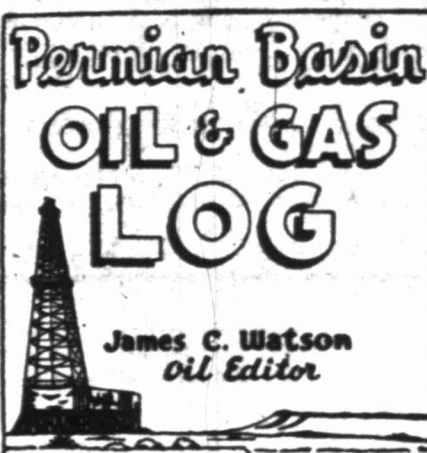

This venture picked the top of the anhydrite at 230 feet, and the top of the Yates sand at 1,340 feet. Elevation is 2,465 feet. That makes this project just 1,125 feet on the top of the Yates. The highest well in the McKee field, nearest proven area to the Jergins exploration, had a plus of 1,118 feet on the top of the Yates. That was Magnolia Petroleum Company No. 2 State-Flood.

SW Andrews Discovery Pumps Oil And Water

Picard Oil Company No. 1 E. C. Nix, Central-Southwest Andrews County discovery from the Fullerton zone of the lower Permian, 12 miles southwest of the town of Andrews, pumped 107 barrels of oil and 107 barrels of water in the latest 24-hour period of testing reported. This new field opener is continuing to pump to test.

It is two and three-quarter miles south of the nearest well in the Fullerton field, and 1,980 feet from south and west lines of section 12, block A-47, psi survey.

The well is bottomed at 7,455

SE Sterling Wildcat Develops Oil Tract

Cole-Darden Oil Company, and Westland & Johnson, Inc., No. 1 SE Sterling, Southeast Sterling County wildcat, three and one-half miles northwest of the discovery well for production from the Wichita-Albany section of the lower Permian, located 1,834 feet from north and 1,980 feet from east lines of section 16, block 54, psi survey, was drilling ahead below 4,350 feet in the Wichita-Albany horizon.

It ran a drillstem test at 4,223-88 feet. The tool was open two and one-half hours. Recovery was 1,620 feet of slightly gas cut drilling mud, with a trace of oil, and with a possible slight show of unidentified water.

E-C Culberson Deep Venture Is Plugged

Gulf Oil Corporation and M. A. and T. F. Grisham, No. 1-F Grisham-Hunter Corporation, East-Central Culberson County deep wildcat, located 1,834 feet from north and 1,980 feet from east lines of section 16, block 54, psi survey, has been plugged and abandoned as a dry hole, on a total depth of 12,103 feet in a dolomite, said by unofficial observers to be Ellenburger. This project made salty water in the bottom horizon, and did not develop any signs of commercial oil or gas production in any section penetrated.

Gulf Abandons Wildcat In NE Andrews Area

Gulf No. 1-X University, about 20 miles northeast of the town of Andrews, in Northeast Andrews County, and 660 feet from south and west lines of the northwest quarter of section 2, block 5, University survey, has also been written off as a dry hole.

It reached a bottom of 5,763 feet in the San Andres-Permian line. That horizon showed only sulphur water.

Honolulu Sets Casing In Cochran Venture

Honolulu Oil Corporation No. 11-B Dean, Southeast Cochran County wildcat, about two miles west of the closest producers from the San Andres-Permian, on the southwest side of the Slaughter field, had reached 5,050 feet in lime, and was to run 5 1/2-inch casing before drilling deeper.

Operator has not reported having found any free oil, but it is presumed that the expectations are for encountering some petroleum soon after drilling is resumed. The prospect is 660 feet from north and west lines of the west 47 1/2 acres of the east three-quarters of league 89, Lipscomb County School Land survey.

NE Hockley Project Runs Drillstem Test

H. L. Hunt No. 1 Schwab, in Northeast Hockley County, and 660 feet from south and west lines of labor 17, league 735, State Capital Lands, had progressed to 7,046 feet in an unidentified dolomite, and was running a drillstem test.

This project found the top of the Tubo sand at 6,790 feet, and the base of that formation at 6,880 feet. Operator has not reported having developed any shows of oil or gas in any horizon so far drilled through.

Hunt Drills Ahead At Mitchell Prospector

Hunt No. 1 Elliott, in Southeast Mitchell County, and 660 feet from north and 1,980 feet from east lines of section 31, J. P. Smith survey, had reached 5,948 feet in sandy shale, and was continuing.

It marked the top of the Cisco section of the Pennsylvanian, at 4,150 feet, on an elevation of 2,003 feet. Up to now this venture has not logged any possibilities of oil or gas production.

It is six and one-half miles northwest of the Jameson field, in Northwest Coke County, and is due to continue into the Ellenburger.

Cargile Gets Sulphur Water In Ellenburger

Sun Oil Company No. 1 Cargile, Ellenburger wildcat in North-Central Coke County, five-eighths of a mile southeast of the Aledge-Marble Falls field, and 660 feet from north and 3,185 feet from west lines of section 30, block 1, H&TC survey, is bottomed at 6,882 feet in Ellenburger dolomite, and was shuttin, waiting for orders.

This project ran a one-hour drillstem test at 6,854-82 feet. Recovery was 60 feet of gas cut drilling mud showing some sulphur water, and 1,200 feet of slightly gas cut sulphur water.

The Ellenburger was entered at 6,868 feet, which gave it a datum of minus 4,615 feet. That formation showed no oil. There were no appreciable indications of petroleum in any of the other formations which were penetrated by this prospect.

Outpost To Benedictum Again Flowing Oil

Slick-Urschel Oil Company and Shell Oil Company, Inc., No. 1 Gordon, northwest outpost to the initial Ellenburger producer in the Benedictum field in East-Central Upton County, and 660 feet from south and east lines of the southwest quarter of section 47, block Y, TCRS survey, and the second well in that region to show for commercial production from the deep pay, was flowing to test after installing a 2,500-barrel tank battery.

In one hour of testing early Saturday, the well made 63.6 barrels of 56-gravity oil, through a one-half inch tubing choke. The flow-

ing was continuing at last report. The production is coming from open hole between 11,410 feet and the corrected total depth of 11,465 feet, in the Ellenburger, and is natural.

This development had flowed a total of 244 barrels of oil in five hours, having kicked off by swabbing, after the plug on the 7-inch casing cemented at 11,410 feet, had been drilled out. Gas-oil ratio was reported at around 4,400-1.

Operators have not yet revealed whether they will complete the well as it is, or drill deeper to explore more of the Ellenburger, which was topped at 11,170 feet.

Two Midland Wildcats Continuing To Drill

About 14 miles south of the City of Midland, in Central Midland County, Gulf Oil Corporation had taken its No. 1-E Wilson, Bryant past 12,435 feet in Devonian lime, and was going on down in that strat.

This wildcat is 660 feet from the north and 1,980 feet from the west lines of section 36, block 30, TP survey, T-3-S.

Projected to test the Ellenburger at an estimated 12,500 feet in West Texas, it was drilling ahead through lime.

It is about one mile south of the Midland Air Terminal, and 660 feet from the south and west lines of section 20, block 40, TP survey, T-2-S.

Line dressing for the soil can be traced to the earliest records of British agriculture.

Carve Pipeline Path In Desert

A new pipeline—designed to carry between 300,000 and 450,000 barrels of oil daily—is being pushed across the Saudi Arabian desert. It will run through 1,000 miles of sand dunes. Bulldozers carve a path for the 30-inch pipeline in the desert near Ras Tanura.

TEXAS OIL ROUNDUP—Middle East Transportation Problems May Cause Ration

By MAX B. SKELTON
HOUSTON—(P)—Gasoline rationing will be an accepted fact throughout the United States by 1951 if Middle East oil field transportation problems are not solved, a veteran oilman has warned.

B. E. Hull, vice president of The Texas Company, said that without solutions to the problem, rationing can be expected by 1950 "and certainly by 1951."

Hull is alarmed over trends which he says show the nation this year has become an importer instead of an exporter of oil.

"For 22 years, the United States was the net oil exporting country," he said. "Now it is the net oil importing country and it looks like the condition will continue for years."

What puzzles Hull, who also is president of the Trans-Arabia Pipeline Company, is why the United States and South America must send oil to Europe when the world's greatest oil reserves are in the Middle East.

Has Proved Reserves The Middle East Burghian Oil Field has proved reserves amounting to 10,000,000,000 barrels, he said, and five other fields there probably boost the area's reserves to a total that equals all remaining proved sources throughout the world.

"There is no oil famine in the world now," Hull commented. "It is a matter of how to get the oil to market."

Four companies, including Hull's Trans-Arabian company, are constructing Middle East pipeline or have them planned.

"Give these companies the pipe they require and the United States, the world for that matter, need not fear an oil famine in our time or in our children's time," Hull said.

Daily crude oil production averages for the week ended August 7 passed the 5,500,000 mark for the first time in history.

American Petroleum Institute places the nation's daily average for the week at 5,504,550 barrels, 49,100 daily over the previous week, and 10,650 barrels above the previous record established the week ending June 26.

The latest crude mark marked the sixteenth week during 1948 that new production records were established.

Gasoline processing showed an increase of 23,000 barrels during the week ended August 7 and climbed to 17,669,000 barrels.

Gasoline stocks, however, continued a small but steady decline, dropping to 97,838,000 barrels as compared with 99,116,000 the previous week.

Humble Oil and Refining Company's \$1,200,000 drilling platform eight miles off Grand Isle, La., has oil in commercial quantity flowing from a directional well from the original hole.

Company reports said the well flowed 840 barrels in 12 hours and that tests are continuing. Production is at 8,400-85 feet. The initial hole was drilled to 8,600.

Meanwhile, the Louisiana state conservation commissioner is to conduct a hearing August 24 during which the question of offshore well allowances will be discussed.

Oilmen contend heavy expenditures necessitated by such operations require more generous allowances than dry land wells.

State Notes Oklahoma—faced with the industry-wide steel shortage, Carter Oil Company has recovered approximately 200,000 feet of well pipe from wells 20 to 30 years old in two Oklahoma fields.

Texas—The State Railroad Commission, in requesting a budget increase, made these comments to the State Board of Control: "It is well-known fact that our oil reserves have been decreasing. Reserves of the state as a whole are being depleted. Fields which were flush four or five years ago now are reaching a stage where careful supervision under engineering principles is necessary."

DUNCAN IS NEW DISTRICT LANDMAN FOR MAGNOLIA

W. P. (Pat) Duncan, Jr., is the new district landman for Magnolia Petroleum Company for the West Texas district, which has its headquarters in Midland.

He succeeds John T. Jones, who has been transferred to Oklahoma City, as district landman for the company in that area. Jones will take over from C. L. Lanier, who has resigned. Lanier at one time was a scout for the company in the Permian Basin, having worked out of the district office at Colorado City.

Duncan has been assistant district landman in Midland for Magnolia for about two and one-half years. He came to that job after serving almost four years in the U. S. Navy during the war.

Prior to the war he worked as a scout for the company in New Mexico, being located at Roswell and associated with S. P. (Steve) Hannifin, district landman for the concern in the Sunshine state.

Started in 1935 Duncan started with Magnolia in 1935, in the headquarters office in Dallas.

Jones held the district landman's job in Midland approximately two years. He also came here after service in the U. S. Army during the war. The changes are effective as of August 15.

Fred G. Goodman, who has been scout in West Texas for Magnolia for almost four years was recently promoted to assistant district landman.

Leroy J. Gibson is the new scout for Magnolia for West Texas.

"BILL" CHANCELLOR, JR., JOINS DAD IN OIL BUSINESS

C. W. (Bill) Chancellor, Jr., has joined his father, C. W. Chancellor, independent operator, and will work with him in the oil business, and other activities.

TEXAS GULF PRODUCING ADDS TWO NEW EMPLOYEES

Wade Smith is a new man in the Midland division office of Texas Gulf Producing Company. He is to be a general assistant to H. Winston Hull, TGPC division manager.

He will do land and leasing work and handle other assignments.

Smith has previously been doing scouting and land work for Magnolia Petroleum Company in New Mexico.

Mrs. LaVada Halbrook is a new log plotter and clerical assistant in the geological department of the Midland office of Texas Gulf. She will succeed Mrs. Doyle Fitzgerald, who has resigned.

Charles C. Green, is division geologist for the company.

SO&G EXECUTIVES TO GO TO MEETING IN FORT WORTH

Executives of Stanolind Oil & Gas Company's Midland district setup will be in Fort Worth Monday and Tuesday for a special conference of all the top men of the

concern in the North Texas-New Mexico division.

Those from Midland who will attend are: B. L. (Ed) Reed, district geologist; W. H. (Bill) Ground, district landman; T. B. Campbell, district superintendent, production department; J. J. Fletcher, Jr., district clerk, production department; T. M. Curtis, district engineer, production department; and F. A. Crockett, tax representative.

Other Stanolind officials from the Permian Basin who will go to the Fort Worth meeting will be: J. E. Wooten, district superintendent; R. G. Tucker, district clerk, and G. E. Crosby, district engineer, all of Lubbock.

R. V. Mathews, Levelland; L. L. Bethel, Amarillo; R. L. Hendrickson, Hobbs; N. M. L. W. Reynolds, Andrews; F. L. Gehr, Wink; A. J. Knopp, Odessa, and E. J. Harmon, Iran, all field superintendents.

MAGNOLIA COMPANIES MAKE ADJUSTMENT IN PENSIONS

An increase in benefit payments for retired and retiring employees has been announced by Magnolia Petroleum Company and Magnolia Pipeline Company, through a "Temporary Pension Adjustment Plan," the objective being to help retired employees offset, partially at least, the effects of increased prices. The payments are effective as of July 1, 1948. About 630 employees will receive benefits under the plan.

T&P FREIGHT CARS DERAIL NEAR WHITESBORO

WHITESBORO, TEXAS—(P)—Eight cars of a Texas and Pacific freight train enroute from Denison to Fort Worth were derailed about three miles east of here Saturday afternoon.

No one was injured.

County Lane Grading

"Do something besides grade county lanes." That was the advice given recently by a Midland taxpayer to another citizen who is slated to become a Midland County commissioner next January 1.

And the statement well might be an admonition to the Commissioners Court as a whole, since there is much more to be done by the members of the Commissioners Court than to grade county lanes.

Yes, there is a great deal more to be done by the court—much of it in the City of Midland.

The same taxpayer pointed out in his statement to the public that since 90 per cent of the population and 90 per cent of the taxable valuations in Midland County are within the city limits of Midland, the county should co-operate more closely with the city in certain matters of mutual interest. We are in perfect accord with this belief.

He mentioned specifically that county equipment should be used, when available, in improving street conditions on the South Side. This would be of definite benefit on the South Side and in other city sectors. It is understood that county equipment has been used to a good advantage within the city on several occasions.

Additional improvements at the cemetery, including beautification and better care, also were mentioned. The Commissioners Court is to be commended for the improvements it already has made at Fairview Cemetery, and it is hoped the program will be continued.

The taxpayer also urged the court to give prompt attention to the re-districting of the county, another most important matter.

But he hit the nail on the head when he suggested closer cooperation between the county and city governments. Such cooperation would work to the benefit of both, and would go far in easing many problems and in making of the county and the city better places in which to live. Regular conferences between city and county officials would do much to improve the situation in general. After all the county and city tax dollars mostly come out of the same pockets.

And there are many other things in which the county could and should engage, such as sponsoring and pushing to completion the widening of U. S. 80 Highway between Midland and Odessa; erecting a building for county fairs and stock shows; starting negotiations for a through highway to Crane; providing more recreation facilities; co-operating with city fire department, etc., etc., etc.

And yet the popular belief is that all a county commissioner has to do is grade county lanes. At least a half dozen commissioner candidates at a recent political rally stressed the fact that they know how to grade or to supervise the grading of county lanes.

The field is wide open for alert and aggressive commissioners who recognize their responsibilities and who do something about them.

"Do something besides grade county lanes."

Monument To Heroes

Indignant Arthur Bliss Lane has started a fund to pay for an appropriate monument to the five American flyers shot down by Tito's Yugoslavs in 1946 when their plane accidentally used some of his air. Their bodies now share a common grave in Arlington National Cemetery. It is marked by a plain headstone bearing only names, ranks and date of death. That is government regulation; but Lane, who was ambassador to Yugoslavia, considers it shabby treatment. Others agree and want to have the grave marked properly. Lane has agreed to act as treasurer. His address is 2442 Massachusetts Avenue, N. W., Washington.

The average barber takes 250 strokes to shave a man, says a trade paper. And how many words?

Lobby-Led Bosses In Congress Killed Adequate Housing Bill

By PETER EDSON
NEA Washington Correspondent

WASHINGTON—If you want to know who's boss around here, the answer is easy. It's the House of Representatives Republican leadership. That was proved conclusively by the housing legislation passed during the special session of Congress.

The supposedly potent Senate leadership of Vandenberg, Taft, Wherry and company knuckled under completely to the House dictatorship. Instead of the Senate handing down the ultimatum and saying, "Pass this bill the way we want it—with slum clearance, low-rent public housing, aid to farm housing and veterans' homesteads—it was the House leadership that called the turn with the mandate of, "Pass the housing bill the way we want it—without these features—or you'll get no new housing legislation at all this session."

Specifically, the House leadership that was able to defy not only the Senate but also the Republican platform and the housing policy of GOP candidate Thomas E. Dewey as well consisted of: Speaker Joe Martin of Massachusetts, majority floor leader Charlie Halleck of Indiana, Rules Committee chairman Leo Allen of Illinois.

This little group was aided by busy Wisconsin Senator Joe McCarthy, who floor-managed the fight for the House leaders on the Senate side. You have to give him credit for having done a job. Out For Revenge

When the Taft-Ellender-Wagner bill was passed by the Senate last April, McCarthy took the lead in trying to knock out the slum clearance and public housing provisions. Senator Taft was then championing the T-E-W bill and he gave McCarthy a terrible licking in forcing its passage by the Senate.

But the GOP leadership simply refused to allow the House members a chance to vote on this bill as it passed the Senate. It was finally approved by the House Banking and Currency Committee, but Leo Allen's Rules Committee bottled it up. All the House members were allowed to consider was an extremely feeble substitute housing bill whipped up by chairman Jesse Wolcott of the Banking and Currency Committee.

This was passed by the House, but Senator J. Ellender of Louisiana, co-author of the T-E-W bill, blocked a move for a conference between the two houses to iron out differences.

WE'RE LOOKING FOR TROUBLE

We've had a lot of experience heading off tractor trouble. Whether your tractor needs a simple adjustment, reconditioning or a major repair, bring it in. All repair parts are made in the same factory and to the same specifications as the original parts.

Why not schedule your tractor and All-Crop Harvester for a complete check-up. Often it prevents trouble later on.

Questions and Answers

Q—What do some historians consider to have been the first Congress in the world?
A—A recently translated Sumnerian epic poem, inscribed on clay tablets about 1750 B. C. tells of a political Congress held about 5,000 years ago in Erech, a city in ancient Sumner.

Q—Are there white blackbirds?
A—The word blackbird is the name of a species of bird. White blackbirds, which are albino, are occasionally found.

Q—What is meant by the Great Law in history?
A—The Magna Charta, the charter of English liberty, is often called the Great Law.

Q—How many presidents, who were elevated to the presidency by the death of a president, were re-nominated by their parties?
A—Theodore Roosevelt, who succeeded "Big" Taft in 1901 and was nominated and elected in 1904, and Calvin Coolidge, who succeeded in 1923 and was nominated and elected in 1924.

Q—Who appoints the chief justice of the United States and for how long a term?
A—The chief justice of the United States Supreme Court is appointed for life by the President of the United States.

When Streets are Smooth as the Stratosphere

EVER fly in a modern airliner, way upstairs where the clear, blue air is bumpless as a vacuum? Want to try something smooth and easy and lighthearted as that — and still stay on solid terra firma? Well, slip into this strikingly smart Buick and strike out on a stretch of plain, ordinary pavement. You'll hardly be away from the curb before you notice that something seems very different.

The usual hum, drum and motor throb are gone. Somehow, somewhere — actually it's in our new Hi-Poised engine mountings! — even the little shudders seem to have been lost.

Then—move out to a piece of back-country blacktop, where the road writhes with curves and dips. Just see how this Buick's generous inches iron out the hollows — how its low-swung weight and two-ton heft handle like a feather, without a bit of struggle or wheel fight.

Finally, find something that's really rugged. A dirt road ridged like a washboard, or old macadam filled with patches and chuck holes.

You can go right ahead without sparing the horsepower — because on each wheel rim there's an extra-soft pillow of air, and at each corner of your car a super-gentle spring of coiled steel.

You ride level and jar-free all the way — on big, soft tires mounted on the widest rims of the industry, and coil springs that cushion each wheel against shock.

So the sky's the limit for comfort when you travel in this '48 fashion plate. Your ride is free from engine sensation, steady as only ample roadweight can make it, pillowed on air and pillowed on steel.

Yet you're down to earth always, with the good solid feel of two tons beneath you, and a husky Fireball straight-eight power plant reeling off the miles.

Does that sound good? Then why not do something about it — such as seeing your Buick dealer now to get a firm order in? He'll take it with or without a car to trade.

Scout Swim Meet Held At VFW Pool

Approximately 180 Scouts from four districts of the Buffalo Trail Council, Boy Scouts of America, attended a council-wide swimming meet Saturday at the VFW pool at Midland Air Terminal.

The meet included divisions for Scouts, 12 to 15 years old, and for Senior Scouts, 16 to 18. Troop 54 of Midland racked up the most total points in the Scout division and won the Midland Rotary Club award. Troop 3 of Big Spring was second in competition for the award. Senior Scout Unit 3 of Big Spring took a Midland JayCee award for winning most points in the senior division. Explorer Post 84 of Midland and Troop 54 of Midland took second and third places, respectively, in this bracket.

On a district basis, Midland won the most points, with Big Spring, Odessa and Kermit following in that order.

Following are results of competition in the Scout division: Medley relay—Troop 31, Big Spring, first; Troop 72, Odessa, second; Troop 54, Odessa, third. 40-yard free style—Troop 85, Midland, first; Troop 3, Big Spring, second; Troop 54, Midland, third. Diving—Troop 54, Midland, first; Troop 72, Odessa, second; Troop 3, Odessa, third. 100-yard free style—Troop 2, Big Spring, first; Troop 3, Big Spring, second; Troop 72, Odessa, third.

Barbecue was served at noon by the Midland Lions Club. Contributors to the meal were Midland troop sponsors. Judges were Ted Thorson, Claydon Thorson, and Rev. Clyde Lindley, Midland; and Sterling Eggleston, Odessa, and Charles Davlin, Kermit. Stanley I. Skine and Jack Sheffield of Midland were starters.

Al Rosen, who was touted last spring as a possible successor to Ken Keltner as Cleveland's third baseman, is leading the Kansas City hitters.

MEN! GET PEP..

Do you want to feel young again? Why feel old at 40, 50 or 60? Older years have slowed down your vim and vitality, but go to your drugstore and ask for Cultureton stimulating tablets. Many men are obtaining remarkable results with this "viving formula."

Bloomin' Nice

The Queen of the Long Beach, Calif., Flower Show naturally chooses to deck herself out in a few blossoms, as she begins her queenly duties. She's pretty Joan Wagner. Her costume consists of a few well-placed orchids.

Fourteen of the 62 touchdowns in Miami's 14-game Orange Bowl series have been scored on plays covering 50 yards or more.

THE REPORTER-TELEGRAM, MIDLAND, TEXAS, AUG. 15, 1948-4

Midland Gets Lobo Slugger

Adding strength for the "play-off," Harold Webb of the Midland Indians announced Saturday he had purchased the contract of Tony Flarito, hard-hitting Lamesa Lobo from the West Texas-New Mexico League.

Flarito was due to report to the Indians at Sweetwater in time for Sunday's ball game. The new Indian hit 386 in the WT-NM loop last season with Lamesa. He was slugging at a rate of .412 this season with that club. In 328 times at bat this season, Flarito has the following record: 98 runs, 135 hits, 213 total bases, 29 two-base hits, 15 home runs, six sacrifices, 18 strikeouts, 26 runs batted in, 83 bases on balls, two hit by pitched ball. He has played in 100 games.

Flarito is a utility player and is equally at home in the outfield or infield.

Brecheen Hurls As Cardinals Defeat Pittsburgh 6-3

PITTSBURGH — (AP) — Harry (The Cat) Brecheen, Cardinal southpaw ace, Saturday ended the Pittsburgh Pirate jinx which had extended to seven games, as St. Louis defeated the Buccos 6 to 3. It was Brecheen's 14th win of the year against four losses and snapped a five-game Pirate win streak. The Cards had lost seven of their last eight games with the Pirates.

The Pirates outthit the Redbirds 12 to 7 but Brecheen showed his best in the clutch as the Buccos left 13 runners stranded on the base paths. The score: St. Louis 000 510 000—6 7 1. Pittsburgh 100 000 101—3 12 0. Brecheen and Rice; Singleton, Higbe, Ostermiller, Queen and Klutts, Pittsburgh.

Oilers Sweep Series

By TANNER LAINE Errors cost the Midland Indians a ball game Friday night 4-3 which went to the Odessa Oilers as the Tribe continued to play in its prolonged slump.

The victory gave Odessa a clean sweep of the two-game series, the visitors having copped the first battle 6-4. It was the last appearance here in regular league play this season for the Oilers of Odessa.

No fault for the loss can be hung on Ernie Nelson, Midland pitcher. He hurled six-hit ball at the Oilers, struck out seven and walked only one.

It shouldn't happen to a dog but it did to Midland in the last of the ninth inning when at least a tie seemed so close. Pinch-hitters Leonard Sheppard and Ralph Blair both hit doubles and still the Indians didn't score. Well that didn't look too bad at the moment but look what happened. With Sheppard on third and Blair on second, Rip Collins was intentionally walked, then Harvel Jakes, usually a long-ball knocker, came up and popped out.

Midland still had a chance. The bases still were loaded, as Eddie Mellillo came up. Mellillo hit into a double-play as the Oilers took a daring gamble and won. With Sheppard streaking across the plate, Collins fairly unjoined Phil Wells at second base for the Oilers, but Wells somehow managed to throw to first and nip Mellillo there. That was the end.

We say the Oilers gambled because normally they would have tried to force out Sheppard at the plate with only one out. But no, that Odessa will-to-win prompted Brinkopf to take Mellillo's grounder, wheel and throw out Collins at second and then Wells threw out Mellillo from an unjoined position. As that, the throw was high and wide but Pardue gobbled it in. There went Midland down again.

Untimely Relaxation It looked very much as if the Indians thought one run would be enough as they relaxed after gaining a 3-2 advantage. The Indians should have known better playing Odessa.

The Tribe got one run in the first frame as Mellillo hit scoring Jakes (walk). It added two tallies in the third as Pressley hit scoring Collins (triple) and Jakes (walk). That was all for the Webbs.

Odessa tabbed two runs in the fourth with two hits and an error on Midland and then an I-er hit. The Oilers sewed up the battle in the eighth on two Midland errors and a timely hit that was later errored.

The box score:

1948 Bulldogs To Train At Alpine; Departing Sunday

"We are going to live, eat and sleep football," Coach Barnes Milam said Saturday as he announced the 1948 Midland Bulldogs would embark for a training camp at 1 p. m. Sunday.

The 43 high school gridders and their five coaches and two student managers will travel by bus to Alpine, the training site. They will be quartered at the Holland Hotel in that city and will use the Sul Ross College gridiron for practice. They will return to Midland August 28.

Yankees Blast Athletics 14-3

NEW YORK (AP)—Scoring eight runs in one inning for the second consecutive game, the New York Yankees rolled to a 14-3 triumph over the Philadelphia Athletics Saturday.

The Yanks, who scored eight times in the eighth inning to beat the A's 8-5 Friday night, exploded for eight runs in the second inning Saturday to enable Athletics-Killer Vic Raschi to coast to his 15th victory of the season.

Yankee Manager Bucky Harris shook up his lineup, inserting catcher Yogi Berra in right field, Bobby Brown at third and shifting right-fielder Tom Henrich to first base. The move paid dividends.

The score: R. H. E. Philadelphia 000 110 010—3 6 2 New York 080 410 10X—14 17 0

Harris, Fowler, Kellner and Roser; Raschi and Niarhos.

Odessa Stars Named For Oil Bowl Contest

WICHITA FALLS (AP)—Fifteen schools furnish the all-star Texas High School squad that will meet a similar squad from Oklahoma here August 27 in the eleventh annual Oil Bowl football game.

The Texas roster includes Gordon Headlee, guard, and Byron Townsend, back, of Odessa.

Rex Bell, Las Vegas rancher and Hollywood star, to treat himself to a Caxton hat. No wonder he is known as a gent who knows a good thing when he sees it. That Caxton he's picked is packed with quality.

Made of the finest fur felt, Caxton hats are the handiwork of hat craftsmen who rate with the world's best. Ten dollars to one hundred dollars. Sold in good stores throughout the southwest.

"I don't make much money, Mr. Smith, but I'm smart! ACE MOTORS does my car work."

Down SPORTS Lane

with TANNER LAINE

King Football is stirring. King Baseball will soon be stepping down. Now is the season of the changeover and sports fans are caught in between touchdowns and base hits, fumbles and errors.

It's not entirely the heat now when sports casters and sports writers mix up a little of the vernacular of the two. There is a definite overlap-

ping. The Longhorn League playoff will not be over when Midland High plays its first football game here September 10, a night affair. But Harold Webb, manager of the Indians, is in a cooperative mood. If his Indians are in the playoff he will make some agreement should a baseball game be booked on the football night.

Midland fans soon will be turning their attention to football. The 1948 Bulldogs will be operating in a nice new plant this fall and interest is high. The loyal fans of the baseball Indians will soon be moving their cushions over from Indian Park to this said stadium.

A true sports fan loves them all—baseball, football and everything down to a foot race.

We will be glad to welcome old King Football. When he left us last year he hadn't paroled out too many Midland victories. We hope his bag is full this time.

Jim is back. Big Jim Prince, hard-hitting first baseman of the Midland Indians, is back in town after a period of injury suspension.

Prince looks fit. He has gained 10 pounds and is rarin' to go. He will join the team Monday and will be swinging his big bat out there in Indian Park against the San Angelo Colts.

Puss Ervin, baseball scout for the Chicago Cubs and who writes a column in the Fort Worth Press, recently visited Harold Webb and the Midland Indians.

We thought you fans might be interested in reading a letter Puss wrote back to the boys.

Here it is: "Greetings to the personnel of the Midland Baseball Club:

"Allow me to express my appreciation for the privilege of being one of you for a number of days. Every minute of the time spent with you was enjoyed very much. You are a grand bunch of kids and your manager is tops in my book. Although at times, he acts tough, but really he has the biggest heart of any man in baseball."

"Men who make baseball a profession live in a world by themselves yet they automatically shoulder a deep responsibility, to the public first, then to their respective managers, themselves and the players who took time to be pleasant to the fans. If it were not for those 'crazy fans,' who ask you so many foolish questions, your job would not be able to make baseball a profession."

"Remember you can't beat the hours but the hours can beat you if you fail to improve yourself on the field or with the fans in your loafing time."

"As I leave now on my last long

Black Indians To Play Black Oilers

All the rivalry of Midland-Odessa will boil up at 3:30 p. m. Sunday in Indian Park here when the Midland Black Indians play the Odessa Black Oilers.

It will be baseball at its hottest as the two negro teams vie. The Indians will be out for their 28th win of the season.

Sports Take Indians 6-1

The Midland Indians and the Sweetwater Sports are scheduled in the second game of a two-till series at 3 p. m. Sunday in Sports Park at Sweetwater.

Harold Webb is due to start Dicky Willenberg on the mound for the Indians.

In 17 games this season between Midland and Sweetwater, the Indians have won seven and the Sports 10.

SWEETWATER — The luckless Midland Indians lost their eighth ball game out of the last nine starts here Saturday night going down 6-1 to the Sweetwater Sports and Pitcher Bill Gann.

The only consolation the Indians got was a home run by Leonard Sheppard, rookie outfielder and native Mid-

lander, to open the seventh inning.

Gann notched his 17th victory of the season as he limited the Indians to six hits. He was never in danger.

Midland started strong with a hit by Collins and he worked around to third on an error. But Jakes grounded out with Collins out at the plate. Melillo got on by fielder's choice but was caught in a hot box at the plate after Pressley errored on and Nipp got an infield hit.

Three would-be Midland runs were cut off at the plate in the course of the game.

Peacock Boys Hit Sweetwater scored two runs in the first stanza with Jackson doubling to score Reynolds (walk) and Dunlap (fielder's choice). The Sports added one in the third with Jackson hitting to score Wiebel (single). Three Sweetwater runs came in the last of the fifth. Kenny Peacock doubled scoring Reynolds (hit) and Dunlap (hit). Ed-Kenny.

Midland tried three hurlers trying to quiet the Sports. None succeeded. Crissman started. Clay relieved. Guy relieved.

1948 Olympic Games Come To Official End

OLYMPIC STADIUM, WEM-BLEY—(AP)—The Olympic games ended late Saturday, 16 days and 1,500,000 spectators after they were opened by Britain's king.

The Olympic torch which has blazed symbolically through the days and nights of a great sports spectacle was extinguished. The flags of competing nations were paraded as a vast throng of 80,000 stood with bared heads and sang to the tune of the "Londonderry Air."

Proudest of all, standing there, seemed to be the Americans. For them it had been a glorious two weeks. They were carrying away the most gold medals—38—and the unofficial team championship with 562 points compared with 353 for second-place Sweden.

Just before the red Olympic flame died out, J. Sigfrid Edstrom, a fine old Swede who walks assisted by a cane climbed to a white rostrum and invited the youth of the world to attend the next games at Helsinki, Finland, in 1952.

Mexico Wins Final Event Prior to the closing ceremony, the crowd for nearly four hours had watched the finest jumping horses in the world and their riders, almost equally skilled, fight it out in the final Olympics event—the Prix des Nations.

Mexico's superb horse and horsemen swept the event—for their first championship in the Olympics.

The complete list of national first places follows:

U. S. A. 38, Sweden 17, Hungary 10, France 9, Italy 8, Turkey 6, Czechoslovakia 6, Holland 5, Switzerland 5, Finland 4, Denmark 4, Great Britain 3, Argentina 3, South Africa 2, Mexico 2, Australia 2, Belgium 2, Egypt 2, Peru 1, Jamaica 1, Austria 1, Norway 1, India 1.

Gen. Moore Will Speak At Reserve Meeting Sunday

Brig. Gen. Aubrey L. Moore, commanding officer of Goodfellow Field, San Angelo, will deliver the principal address during the training period for reservists at Midland Airport Sunday.

Gen. Aubrey L. Moore

sections of the Permian Basin are expected to be here for the instruction period, officers at headquarters of the First Logistical Division said.

General Moore's subject will be "70 Groups and National Defense." He has been an Army flier since 1927, when he enlisted as a cadet at Brooks Field. He served in the European and China-Burma-India theaters during the last war and holds many decorations, including the Distinguished Flying Cross and the Legion of Merit.

Other instructors scheduled to speak Sunday include Lt. Col. Walter H. Walne, Midland, who will discuss combat intelligence and intelligence agencies, and Major Ben Thomason of Midland, who will discuss terrain study and analysis.

230 Texas Reservists Return To Active Duty

AUSTIN — Since the announcement June 5 of the opportunity to re-enter the Army on extended active duty, 230 Texas reservists have made application to don their khaki for another three years. Col. Oscar B. Abbott, Senior Instructor for the Texas Organized Reserve Corps, announced here.

The result of the applications are beginning to be felt throughout the Army in the United States as each day a long list of reserve officers are being ordered to various camps, posts, and stations. It is too early though, for the effect to be felt in the overseas commands, as most reservists scheduled for embarkation are given time to get their personal affairs in order.

To obtain application blanks and further information, Organized Reserve Officers should see their local instructor in Bldg. No. 215, Midland, Airport.

Pilots Ask Removal Of Casket Plant

SANTA BARBARA, CALIF.—(P)—A casket factory looming up alongside the main ramp at the airport is a depressing sight to fliers, at least, the airport committee decided.

It instructed Manager Richard A. Harding to try to effect removal of the concern to a less conspicuous spot.

THIEVES TAKE NUDE PAINTINGS

SOUTH SHIELDS, ENGLAND — (P)—The lone nude study in the international exhibition of the South Shields Photographic Society attracted attention. She's been stolen, the society reported to police. Five years ago another nude study was stolen from the group's exhibition.

WHAT WAS BEHIND THE LOCKED DOOR?

Mr. Outside, Inside

Lt. Glenn Davis gets a look at himself in the mirror as he goes into training for Redline and Rams professional football game in Los Angeles, Sept. 2. The one-time Army great will play for Los Angeles Rams for this one game and then it's back to the life of a second lieutenant for Junior Davis.

Braves Rally In Ninth To Down Dodgers 4-3

BOSTON — (P) — After almost kicking it away in the early innings, the Boston Braves Saturday night rallied for three runs in the ninth inning and defeated the Dodgers 4-3, widening their lead over the St. Louis Cardinals and Brooklyn, virtually tied for second place, to four games.

The victory went to Nelson Potter, who received a tremendous ovation from the 32,457 paid fans as he has ninth inning single kept the rally alive.

The score: R H E
Brooklyn 000 001 110-3 7 1
Boston 010 000 003-4 8 3
Barney, Minner and Edwards; Potter and Salkeld.

Young Dallas Woman Escapes Torturer

DALLAS — (P) — A young Dallas woman fought her way to freedom Saturday after being tortured with cigarette stubs and slashed so often with a pocket knife doctors took more than 200 stitches to close wounds.

Mrs. Edna York, 22, called police and directed them to her apartment, where the officers arrested a 28-year-old Dallas man. He was standing in the doorway and did not resist arrest. A pocketknife was found on his person.

Red Teacher

(Continued from Page 1)

was "steadily improving but still on the critical list. Saturday she has not been eating much and has been in some pain."

Soviet Demands Refused

The Russian demand was made in Washington by Soviet Ambassador Alexander S. Panyushkin during an hour and 40 minute conference with Undersecretary of State Robert A. Lovett.

A State Department spokesman said the Soviet envoy insisted the Russian consulate be permitted to station a 24-hour guard over Mrs. Kosenkina, that Consul General Yakov Lomakin be permitted to visit her and that the injured woman be moved anywhere the consul general designated.

Lovett rejected the demands on the ground the United States does not have the right to require Mrs. Kosenkina to place herself unwillingly under the control of anyone.

Mrs. Kosenkina's dramatic "escape" from the consulate quickly catapulted the obscure teacher — sent here to instruct the children of Soviet diplomats — into the center of an international controversy in the midst of delicate international negotiations at Moscow.

BOWLING

Union Oil and Team Number One still are deadlocked in the top spot of the Men's Summer Bowling League after recent matches held in Flamingo Palace.

In the matches, the two top teams did not fare well. Team Number Four won two games from Union Oil and Blue Grill took three games from Team One.

Don Schuyler of Blue Grill rolled high individual game with 213. Jones of the same team took series honors with 531. The Blue Grillers team rolled high game with 827 and series with 2,440.

The standings:

Vico Bats Detroit To Win Over Browns

ST. LOUIS — (P) — George Vico drove in seven runs with a home run, triple and a double to pace the Detroit Tigers to a 10 to 3 victory over the St. Louis Browns Saturday night. Virg Trucks turned in a sparkling one-hit relief chore after starting pitcher Bill Pierce was batted out in the third inning.

The score: R H E
Detroit 133 000 003-10 12 1
St. Louis 003 000 000-3 4 2
Pierce, Trucks and Swift; Sanford, Drews, Kennedy and Moss.

Abilene Favorite In VFW Softball Tourney

AUSTIN — (P) — Toledo, Ohio, and Abilene, Texas Saturday remained as the only undefeated teams of the national Veterans of Foreign Wars softball tournament. The hustling Texans from Abilene loomed as slight favorites as the double elimination tournament neared its climax Sunday. The Pueblo, Colo., team was the long-shot choice because of its fine pitching corps and potent hitting.

STRIKE THREAT HOVERS OVER HARVESTER PLANTS

SPRINGFIELD, O. — (P) — Executive board members of CIO United Auto Workers Local 402 Saturday night announced the International Harvester plant will be struck at midnight Monday unless a contract agreement is reached. Board members also said there would be simultaneous walkouts at Harvester plants in Melrose Park, Ill., and Evansville and Fort Wayne, Ind.

PROSPECT OF VICTORY BRINGS CRISIS IN GREECE

ATHENS — (P) — The prospect of victory over the Rebel forces in Northern Greece precipitated Saturday a demand within the Liberal Party of Premier Themistokles Sophoulis for a new government to replace the present coalition cabinet. The demand was made by a group of dissatisfied Liberal members of Parliament headed by Deputy Party Leader Sophocles Venizelos, a former premier.

FORMER STAGE-SCREEN STAR DIES IN CRASH

TIJUANA, MEXICO — (P) — Five prominent Los Angeles residents, including the former Elaine Hammerstein of the stage and screen, her husband and a millionaire bachelor, died in a head-on automobile collision late Friday night on the Tijuana-Escondido Highway.

Five other persons, all Mexicans, were injured in the accident, which occurred on a curve 12 miles south of Tijuana.

Babe Zaharias Has Picnic In Pacing Women's Open Golf

NORTHFIELD, N. J. — (P) — Mrs. Mildred (Babe) Zaharias of Ferndale, N. Y., had the Women's National Open golf tournament in the palm of her hand Saturday after the first 34 holes of play at the Atlantic City Country Club.

She set a course record for women with a 72 in the morning round, scoring the tournament's only birdie with a three on the 18th hole. Wind slowed down her long ball in the afternoon round, but she finished with a 75 for a 54-hole total of 222.

That gave her an eight-stroke buge over her nearest rival, National Intercollegiate Champion Grace Lencysyk of Newington, Conn.

AMERICAN AIRLINES REPORTS BIG LOSS

DALLAS — A loss of \$5,067,579 for the six months ended June 30, 1948, was reported by American Airlines, Inc. A substantial portion of the loss was due to the voluntary withdrawal of the company's fleet of 50 DC-6 planes.

These planes were not in service during the first quarter of 1948. They were gradually placed in service during the second quarter and although all of them were not back in service until June, the company earned a small profit during that quarter. During the first six months of 1947 the loss was \$3,282,878 before tax credits and \$2,287,293 after those credits.

Revenues for the first half of 1948 were \$38,549,834 compared with \$37,772,795 for the first half of 1947.

GOES TO COLORADO

Jimmy Allison has gone to Colorado for a brief vacation.

104-YEAR-OLD BACHELOR CELEBRATES BIRTHDAY

ROSEBURG, ORE. — (P) — This country's champion bachelor, Tony Hogan, observed his birthday Saturday. He has been 104 years unmarried.

"Never wanted to be tied down," Hogan said, between sips of coffee and puffs on his pipe at the county-operated home where he has lived the last 11 years.

Born in Chicago, he came to Oregon via covered wagon 100 years ago.

DALLAS MAN DROWNS IN LAKE NEAR SHERMAN

SHERMAN, TEXAS. — (P) — Jack Gidcomb, 53, of Dallas drowned near Mill Creek resort in Lake Texoma Saturday.

Gidcomb, employee of the General Motors Buick Division, was on a fishing trip with W. C. Proctor of Dallas and Kenneth Mills of Farmerville.

Autopsy Ordered In Houston Women's Death

HOUSTON — (P) — Funeral arrangements are pending for Mrs. Evelyn Connors, 39, whose nude body was found early Saturday in her Houston apartment which had been swept by fire.

The badly burned body was found on the bathroom floor of the apartment. Justice of the Peace Thomas I. Decker ordered an autopsy after he had been requested to do by Fire Inspector Alcius Greet and H. A. Lacey, Jr.

IF MATERIALS ARE AVAILABLE, the Humble Company plans this year to spend about \$70,000,000 to drill oil wells as its part in the oil industry's effort to supply you with more oil. Some of these wells will be exploratory wells in unproved areas, others will be drilled to develop and to define the limits of discovered fields. The average cost of drilling an oil well was \$22,000 in 1937; in 1947, the average cost was \$86,000, nearly four times as much as the 1937 figure.

*You are asking
the oil industry
for more oil
than ever before...*

THE INDUSTRY IS EXPANDING ITS REFINING CAPACITY to meet your demand for finished petroleum products, and to increase the output of existing facilities. In 1947, Humble refineries increased their output by 12%. This picture shows the control panel at one of Baytown refinery's two catalytic cracking units; these units enable the refinery to get more finished products from each barrel of crude oil.

TYPICAL OF THE MORE EFFICIENT METHODS by which the oil industry is distributing products to you are the products pipe lines which have been recently completed or are now under construction. Products from the pipe lines are distributed by large transport trucks. This transport truck has delivered Esso Extra gasoline in Houston from the Humble Company's products pipe line terminal on U. S. Highway 75 north of the city.

Mr. and Mrs. Average American and family are using twice as much oil this year as they used in 1934. This increased need for oil has not caused the pinch in the oil country that it has up North, for we are close to the source of supply—of natural gas for heating our homes and gasoline for our cars. But in the North and East, the increased demand caused some homes to be chilly last winter, and sometimes a service station had to send a customer to another station in the next block.

But the fact is, the oil industry is delivering more oil than ever before in history. And every person in the industry—from the scientist who leads the search for oil to the tank-wagon driver who delivers finished products—is doing his part in this efficient effort to supply you.

That's why so much oil is now available. And the oil industry is exerting itself to the utmost to make more oil available to you. You can help this effort by making your personal demands for petroleum products reasonable, by cooperating with programs designed to conserve oil products for the uses to which they are best adapted, by the exercise of patience as the oil industry acts to meet the need.

Water Is On The Way

The project to bring additional water into Midland from the new Wadley tract north of the city is progressing on schedule, with completion scheduled by September 1. The water from the north eventually will double the city's present water supply which will be adequate to meet present and future needs. Funds for the project were voted in a special bond election last year.

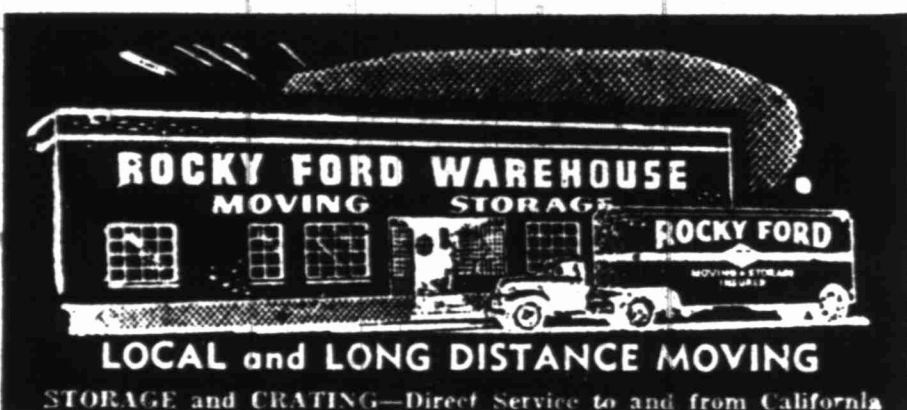

Picture No. 1—Twenty-inch transit pipe for the 9,000-foot water line is strung out along line's right-of-way.
No. 2—The huge ditch-digging machine is providing a ditch 36 inches wide and six feet in depth.
No. 3—A section of the pipe is being put in place by a pipe crew which follows the ditch-digging machine.
No. 4—Henry Nunn, city water superintendent, inspects the new booster pump which recently was installed at the Wadley tract.

Dirt, Squirt and Quirt

— FARM, DAIRY AND RANCH NEWS —

By STANLEY FRANK

Many of the country's top rodeo contestants have entered the Hobbs rodeo which will be held August 20, 21, 22. First performance is scheduled for Friday night and will be followed by afternoon and evening shows on Saturday and Sunday.

Among early entries are Toots Mansfield, Troy Fort, Zeno Fair, Everett Shaw, Jack Skipworth, Cotton Lee, Ike Rude, Red Whitley, Tom Powers and James Kenny. The Hobbs Lion's Club, sponsors of the show, have put up a \$3,100 added purse. Raymond Quigg of Marathon, Texas is furnishing the stock.

In addition to the regular rodeo events there will be a jerk-dog steer roping with a \$500 added purse, contest.

The market was on the slower and lower side Thursday at the Midland Livestock Auction, although only 300 head of cattle sold. No choice fat calves or yearlings showed up, but some medium-quality offerings went at \$22.50 to \$25. Fat cows topped at \$19 to \$21, medium ones at \$16.50 to \$19. Canners and cutters brought \$11 to \$16.50. Fat bulls sold at \$20 to \$21.50, medium kinds \$18.50 to \$20. Stocker steer calves and yearlings sold at \$25 to \$27, heifers \$21 to \$24.50. Cows and calves brought \$165 to \$190, with a few choice pairs higher.

Tom D. Hall of the Painter Hereford Ranch, Roggin, Colo., bought two bunches of cows and calves in this area last week.

He bought 100 head of cows and calves from Francis and Ray, and about the same number of Ritchie Byer, who ranches north of Goldsmith, it was reported here.

Marion Flynt says the cattle he has left on his ranch about 30 miles north of Midland are doing fine now, but his grass is "burning up" and will have to get more rain to

last through the fall. He sold a bunch of cattle a couple of weeks ago to give his pastures a chance to revive after last month's rains.

Mr. and Mrs. James Windham were here last week from their ranch between Midland and Rankin.

Williams Feed and Supply of Midland has received a certificate of mixing accuracy from the Ralston Purina Company of St. Louis, according to the company's public relations department. Samples taken from the Midland firm's mixing mill showed that protein content of feed mixed there varied only two-tenths per cent.

Texas has about the same total number of acres under cultivation this year as last, the USDA crop estimates office in Austin reports, but there's a big change in the acreage of certain crops.

The July report from the office indicates about 2,000,000 acres in the state were switched from wheat and oats to cotton and grain sorghums this year. Wheat acreage is down about 1,500,000 acres, while cotton acreage jumped 750,000 acres and sorghum acreage was up 1,250,000 acres. It is estimated about 9,000,000 acres are in cotton this year, which is a nine per cent increase over 1947 and the largest cotton acreage in 11 years.

Since 1910, the total population of the United States has increased about 85 per cent, while our farm population has fallen off 14 per cent. In other words, 35 per cent of the nation's total population lived on farms in 1910, as compared with only 19 per cent today.

Despite this movement of people from the country to town, the total agricultural output of the country has virtually doubled since 1910; it has risen 35 per cent since the period between 1935 and 1939.

Candidates Head For Big Cities In Stretch Drive

By The Associated Press

Senatorial candidates will make their stretch drive for votes in the big cities or other thickly-populated regions of the state.

Headquarters of both Coke R. Stevenson and Lyndon B. Johnson indicated heavy speaking and hand-shaking schedules are in prospect as the August 28 primary was just 13 vote-getting days away.

Johnson's schedule calls for major speeches in the larger cities during the next two weeks. Stevenson moves from East Texas to Houston Monday; Tuesday he will be in the heavily populated Sabine area and the rest of the week along the coast and in the lower Valley.

Johnson flies to Amarillo Monday, speaking in Denton Monday night. He has night engagements in Palestine, Paris, Fort Worth through the week and the last week of the campaign he will be in Houston, Dallas, Nacodoches, Beaumont and San Antonio.

Stevenson has a speaking engagement booked for Dallas August 26 and his headquarters said he would spend most of the week in the populated centers.

Both headquarters said their men had no particular last-minute stunts in mind, but planned lots of hard work. Both headquarters called on campaign workers not to let up for a minute.

Johnson was in New Braunfels Saturday. He said his run-off opponent "mis-calculated when he tried to ride the coat tails of both labor and business into office."

Stevenson was working in coun-

Oklahoma Dixiecrats Rally Behind South's Candidates For Office

OKLAHOMA CITY —(AP)—States Rights Democrats of Oklahoma Saturday renounced the National Democratic Party and cheered the candidacies of two Southern governors for president and vice-president.

Merritt Gibson of Longview, Texas, national campaign director for the Dixiecrats, was the principal speaker. Former Oklahoma Governor William H. (Alfalfa Bill) Murray opened the morning session and called for the defeat of the Democratic candidates for president and vice president, President Truman and Sen. Alben W. Barkley of Kentucky.

About 150 persons attended the convention to complete party organization and find a way of getting on the November ballot. Presidential electors and party officers were elected.

West Texas Press Elects Kermit Woman

DEL RIO —(AP)—Members of the West Texas Press Association, closing a two-day annual meeting Saturday adopted resolutions giving impetus to the good neighbor policy along the Rio Grande.

They named Wendell Bedichek of the Coleman Democrat Voice president for the coming year, succeeding George Baker of Fort Stockton.

Mrs. Charles Green of Kermit was elected secretary.

try that gave heavy support to George Pedy, who ran third in the first primary.

THE REPORTER-TELEGRAM, MIDLAND, TEXAS, AUG. 18, 1948—9

Texas-Bound Corporal Wants Wife To Go Home

SAN FRANCISCO —(AP)—Cpl. Tony J. Furio appealed indirectly Saturday night for his hitchhiking wife, Marjorie, and their 22-month-old son to return home—to Bangor, Maine.

He isn't going overseas as expected. He's going to Texas with his best four days, an unexpected transfer.

The 28-year-old matron and her son, Tony, Jr., took to the open road Friday to hitchhike to California.

"Hilary, Hilary, I'm afraid of living—if you're dead," Sabrina cried. "They'll always try to separate us..."

Here is the strange story of a girl who fell in love with a man she had dreamed about but never met, and a man who defied life itself to come to her.

Color Planning Is Important For Exteriors Of Modern Dwellings

Haphazard selection of colors for home exteriors is objected to by professional color consultants who say that many home owners could greatly enhance the attractiveness of their houses by choosing exterior color schemes with the same care as colors for the interior decoration.

Colors have psychological values which are useful in expressing the personalities of a home's occupants. Colors can create illusions about size and can be used to emphasize or subdue particular features of a dwelling.

Because the roof is the largest single expansive area of a house and because the roof color cannot be changed easily, it is the best place to establish a color theme. The roof is comparable to a rug which governs the choice of colors for walls, furniture and draperies in a room.

Solid And Blended Colors

Asphalt shingles offer the greatest variety of solid and blended colors available in roofing. They are considered to be dependable, lasting colors and have been

chosen for their adaptability to the widest range of conditions.

If a house is tall, a dark roof with matching shutters will make it seem lower. If a house is low and squat, a light-colored asphalt shingle roof will create the illusion of greater height.

Colors can be used to contrast or blend with each other and as accents. Contrasting colors are opposites, such as green and red. Blending colors are ones of neighboring values — light green and dark green, for example. Accents are striking color touches—a bright red door.

There are numerous opportunities for making full use of color on the outside of a house. Possibilities include floors, shutters, sidewalks, the roof, trim, window sash, outdoor furniture, flower boxes and flower, awnings, and doorsteps. Outdoor equipment and furnishings should be integrated into the color plan of the building itself.

In reference to the feelings colors create, color experts consider four primary colors in addition to white, black and gray, which are not colors in a scientific sense but which do cause strong human reactions. These primary colors are red, yellow, green and blue.

Red is a warm, intense color. A little bit of red is bright but if the shade of red is bright it will be dangerous to use in large quantities.

Yellow is active and pleasing, similar to the yellow in sunshine. Home owners are cautioned, however, that some orange-yellow mixtures can become tiresome.

Green is a quiet, restful color, the color of nature. It provides a steady background for splashier, eye-catching hues.

Blue is cold and dignified, though warm, light blues such as turquoise have some of the freshness of green. An over-abundance of blue is subduing.

America's Phone Bill Is Up And Will Go Higher

NEW YORK — (AP)—America's telephone bill has gone up with just about everything else since the war, and is due to go up still more.

The eight-billion-dollar Bell System, world's biggest utility, has been granted, since the war, rate increases totaling \$140,000,000 a year, it is shown in an Associated Press survey made across the country.

The Bell System, which operates four-fifths of the nation's 36,000,000 telephones, says its costs are up. It has been getting most of the increases it has asked, but not without a struggle in some cases.

The increases already granted affect 36 states. In addition, Bell companies have applications pending for some \$64,000,000 a year in rate boosts in 18 states, including seven in which no increases have yet been granted.

The country's 5,900 independent companies, most of them small, also have been getting increases and also have additional applications pending.

The boosts granted so far generally have been greater on business telephones and long distance calls within the states than on home service.

No Interstate Increases
Business telephone rates generally went up 25 cents to \$2.50 a month over old rates, with \$2 increases fairly common.

No increases have been granted or asked in interstate long distance rates, controlled by the Federal Communications Commission.

In nine of the states in which increases were granted — including Texas and New Mexico — and in the District of Columbia, Bell companies got the full increases they asked.

The most common arguments against both Bell and independents have been that lesser increases would provide fair returns on company investments and that, in areas not yet converted to dial operation, improved service should be given in advance of rate increases.

VALLEY FARMER RAISES
1 1/2 POUND MUSKMELO

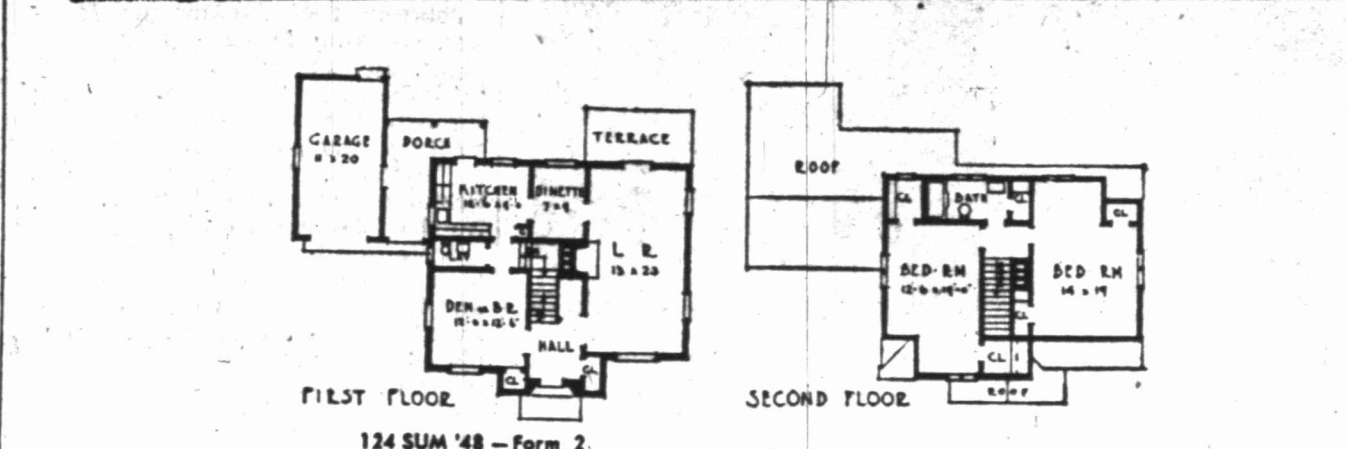

EL PASO — (AP)—J. E. Sims, Lower Rio Grande Valley farmer, grew a 1 1/2-pound muskmelon. "Just the large economy size," said Sims, but he conceded it was the biggest of its kind he's ever seen. It took four months to grow from the time the seed was planted. Was Sims surprised at the melon's size? No—simply—just good soil and a well-fertilized melon patch, he said.

Attractive English Cottage

This attractive English cottage of brick with metal casement sash has five well-proportioned rooms, with two bedrooms upstairs and a den that may become a bedroom downstairs. It also features a large living room and fireplace. A basement with heating system, wall cabinets, closets and cupboards are planned for utmost convenience. A Raymond Ellis of West Hartford, Conn., is the architect.

Record Volume Of Remodeling And Repair Seen In FHA Loan Campaign

With the Federal Housing Administration intensifying its campaign asking homeowners to make use of the FHA's liberal credit plan for repairs and remodeling, building contractors and building material suppliers predict a record volume of business during the late summer and early fall.

Some contractors believe the volume will be so great that all the wanted work cannot be finished by winter. They urge property owners to have as much work done this summer as possible.

The FHA is particularly interested in having houses insulated.

Stock Market Slumps
To Three-Month Low

NEW YORK — (AP)—Security traders cold-shouldered the stock market last week. The result was a decline in value of \$2,000,000,000 in the market value of all stocks listed on the exchange.

The volume of business dwindled to only 500,000 shares on Friday, the smallest since the same total was recorded last September. The general price level had been forced down to the lowest level since the start of May.

Illinois, Indiana, Iowa, Minnesota, and Wisconsin grow between 65 and 70 per cent of the sweet corn contracted by canneries.

QUALITY TIRES

Garage Can Be Recreation Room

In the modern home, every room and any shelter connected with the house is expected to do double duty. Many homeowners get extra service from their garages by converting them into recreation rooms or summer porches.

Most garages are ideally situated for such use, usually with a wall facing the yard. The first step is to open this wall and install removable screen panels extending from floor to roof line. Folding, or overhead-type doors will shut out summer rain, and in the winter when the screens are taken down will serve as a wall.

Attractive Color
The concrete floor should be painted in an attractive color. Furniture of light construction is best because minimum effort is required to move and store it in winter when the car goes back into the garage. Bright color should be used throughout the interior, and added summer comfort can be attained if the roof is insulated with mineral wool to keep excessive heat from entering the structure.

Without sacrificing space, built-in cupboards can usually be provided at small expense for storage of tools and equipment which has a place in the garage, and for books and articles used for summer living in this outdoor room.

BETTER WINDOW CONTROL

The annoyance of breaking window sash cords and sticking pulleys can be overcome by replacing such window controls with one of the various types of sash balances developed in recent years. Most of these are simple to install, are completely hidden, and eliminate the conventional pulley openings and bulky, drafty, sash-weight boxes which admit large amounts of cold air.

Idaho's state flower is the syringa.

America's Finest Window THE UTMOST IN STYLE, ECONOMY & DURABILITY

APCO'S new Aluminum Window brings you so much more beauty, economy and durability that it has completely revolutionized the window industry. Scientifically designed and manufactured to highest standards, APCO'S Aluminum window is America's Finest Window.

Built-in permanent protective weatherproofing... finger-tip, silent control... low initial costs... no maintenance costs... maximum light transmission... and lifetime beauty are all exclusive features of APCO'S Aluminum window.

Consult your architect or your Building Contractor. APCO Aluminum Windows are available in a wide selection of sizes. And every window is complete with glass, glazing, screen and hardware. It will pay you to know America's Finest Window! For descriptive information, phone or write us today!

*Windows available in single or multiple units or in corner windows as illustrated.

JOHN B. DAVIS

509 W. TEXAS — MIDLAND

Make these 4 comparisons before you buy any car

COMPARE THE VALUE

Yes, compare the features—compare the prices—compare what you get for what you pay—and you, too, will come to the conclusion that Chevrolet is first in value. It alone gives Big-Car feature after Big-Car feature for Big-Car motoring results—and gives them at prices which are lower than those of any other car in the field!

COMPARE THE POPULARITY

You can identify the biggest value in any list of products by picking out the one product which enjoys greatest popularity, year after year; and, of course, in the field of motor cars, that one product is Chevrolet! More people are buying Chevrolets, and more people are driving Chevrolets than any other make of car, this year as for the total 17-year period, 1931 to date!

COMPARE THE FEATURES

Only Chevrolet combines the Unitized Knee-Action Ride for gliding smoothness... the world's champion Valve-in-Head engine for performance and economy... Body by Fisher for tasteful beauty and luxury... and Fisher Unitized Construction plus Positive-Action Hydraulic Brakes for all-round safety protection!

COMPARE THE PRICES

You'll agree with millions of other car buyers that prices—like quality—are a major consideration in these times; and just as Chevrolet's Big-Car quality is unique in its price range, so Chevrolet's prices are the lowest in its field. Moreover, Chevrolet also saves you substantial sums on gas, oil and upkeep—just to help your budget all the more!

Only Chevrolet gives BIG-CAR QUALITY AT LOWEST PRICES... that's why

CHEVROLET — and Only CHEVROLET — IS FIRST!

MOULDED TRIM

**CLEAR, ALL-HEART
REDWOOD**

This beautiful trim, run to our special pattern, will make your home a place of beauty.

The simple, graceful lines will harmonize with either modernistic or traditional interiors.

Exceptionally lovely with clear finish, so it's ideal for use with paneled walls. It also takes paint or enamel finish with equal ease.

BUY ALL YOU WANT WHILE IT LASTS:

4-INCH **\$12.00** Per 100 Lin.Ft. 3-INCH **\$9.00** Per 100 Lin.Ft.

LABOR AND MATERIALS**

10% DOWN—36 MONTHS TO PAY!

Chambers furnishes service as well as supplies — Let us show you how small monthly payments will enable you to fix up your home at the lowest cost to you!

• RE-ROOF

Get a fine new roof—Red Cedar Shingles, Red Cedar Shakes, or nationally advertised Hexagon or Square-butt Composition Shingles, all expertly applied.

• REPAIR—

We do everything from foundation work to decoration—make your home one you're proud to live in.

• REMODEL—

Have comfortable and efficient living space for your family.

• INSULATE—

Beat the heat! Enjoy cool comfort at home.

• ADD ADDITIONAL ROOMS—

Payments for our service are so low that rent on an extra room or two would pay for your improvements.

• BUILD A NEW GARAGE—

If your car is new—protect that big investment!
If it's old, keep it running longer with proper housing.

• REDECORATE INSIDE AND OUT—

New paint and trim work magic on old or neglected homes—let us make yours look like new!

Wives Pay More For Bacon After Boycott

DALLAS —(AP)— Housewives paid more for bacon and pork in some markets in Dallas Saturday after a week of a housewives' no-meat campaign to bring prices down.

Record prices on the hog market last week were being felt by the housewife.

A national chain advanced its bacon, ham and fresh pork cuts from two cents to four cents a pound.

Another chain said pork prices will be up next week when present supplies are replaced.

Otis Bryant, president of the independent grocers, said that "as far as my store is concerned, you wouldn't know that the Women's Chamber of Commerce had a no-meat campaign on."

Differences Heighten In Danubiy Controversy

BELGRADE, YUGOSLAVIA —(AP)— Differences between Eastern Europe's Communist bloc and the Western Powers on the Danubiy River's future control heightened Saturday.

Diplomats from both factions traded accusations of imperialistic ambitions across the conference table and reached an accord on only one point—to recess until Monday.

Russia stuck to its no-compromise position. With the support of the Communist satellites, she all but completed the job of shoving through a new Danubian pact pledging free navigation but denying the Western Powers any say in its administration.

ILLICIT DRUG TRAFFIC ON UPSWING IN U. S.

WASHINGTON —(AP)— The illicit drug traffic is still growing although more and more persons are being arrested as violators, the Treasury reported Saturday.

Narcotics of the opium-cocaine-heroin types seized during the 12 months ended June 30 totaled 6,755 ounces, compared with 6,091 ounces the previous year.

Driver Of Strange Car Makes Getaway Afoot

Midland police have seized a 1948 Ford coupe with a Michigan license—but the driver got away.

Friday night, the police were notified by L. C. Link, 1411 West Texas Street, that a strange car had been parked in front of his house all day. Officers fixed the car so it couldn't be started and asked Link to call them when its driver returned for it.

A few hours later, officers caught a man, about 30 years old, trying to start the car. But he jerked loose from them and ran away in the night. He was wearing a blue T-shirt, blue jeans trousers and tennis shoes when last seen.

Meanwhile, officers here are checking with Michigan authorities to see if the car was stolen.

Let your local insurance man help you think of insurance worth in terms of LOSS

Anybody could write insurance policies if there were never to be any losses.

An insurance policy may cost you \$10 or \$20 or \$30, but—in case of loss—it may suddenly become worth \$10,000 or more to you.

You buy insurance, not for the many days you DON'T need it—but for the one day you DO.

So don't buy insurance sloppily. Buy it with care. Buy it of a local agent who cares and who can help you take care.

TEXANS IN WASHINGTON—

Texan Is Key Figure In Congressional Investigation Of Communist Spy Ring

By TEX EASLEY

WASHINGTON — (AP) — A Texan is one of the key figures in the Congressional investigation of alleged Communist spy rings.

Robert E. Stripling, 35, of San Augustine, is chief investigator of the House Committee on Un-American Activities.

He came here in 1931 as an aide to then Rep. Martin Dies, first chairman of the committee which became known as the Dies Committee.

It is the duty of "Strip," as he is popularly known on Capitol Hill, to gather information for the committee and then to guide the questioning of witnesses.

Of course, the committee chairman presides over the hearings and committee members take turns questioning witnesses, but Stripling is responsible for bringing out all possible information for the guidance of the committee.

The dapper, black-haired and personable Texan has been kept on by the committee despite the fact that it passed to Republican control when that party won a majority of the House in the 1946 elections.

"Strip" is the father of an 8-year-old daughter, Bunny. His father is former San Augustine County Judge R. N. Stripling. The younger Stripling attended Texas A & M and the University of Texas. He served for 18 months in the Army during the war.

Gregg County in East Texas is one of the leading areas in the nation in the development of a hospital program under the new federal hospital act.

The U. S. Public Health Service advises Rep. Lindley Beckworth of Gladeview, that it is in the final stages of approving plans and specifications prior to allocating funds for improvements in Gregg.

One project is a 60-bed addition to the Gregg County Memorial Hospital in Longview. Preliminary estimated cost is \$689,400, of which the government will put up \$229,900. The other is a 50-bed general hospital for Kilgore, estimated to cost \$842,500, of which the federal share is \$275,500.

A letter reached Washington addressed simply to "The Congress of the United States, Washington, D. C."

There are 435 members of the House and 96 Senators. The sealed letter was delivered to one of them. Who? Rep. Olin Teague, of College Station. How come? Because the postmark was that of a town in his district, Wortham. That's the way the postoffice here handles such mail.

The letter was signed by Mrs. Mary Tisdale, contemplating going into business for herself, she wrote: "I would like to know where I could purchase a broom threader, I guess that is what they are called, anyway a machine that you make household brooms with."

She asked also what kind of soil is best for growing broom corn, and information about broom markets in Texas. Rep. Teague attempted to provide the answers.

A recent guest of the Texas congressional delegation at luncheon in the speakers' ornate private dining room was Paul Hoffman, on leave as head of the Studebaker Company to direct the Economic Cooperation Administration.

The ECA administers the Marshall Plan and he told the Texans of a recent trip to Europe which convinced him, he said that progress is being made toward making the continent self-supporting.

A native Texan was another guest. Maurice T. Moore, partner in a New York law firm which handles matters for Studebaker, accompanied Hoffman. Moore now is a legal advisor to the ECA.

Bearing in mind the company he was in, Hoffman on being introduced said: "I must apologize. I've been in Texas, but I am not a Texan."

Moore went to New York to study law after finishing undergraduate work at old Trinity University in Waco. He said he still calls Texas home and returns for annual visits with his mother. She is Mrs. J. H. Moore of Deport, in northeast Texas, who is president of the Texas Congress of Parents and Teachers association. Moore was a guest at the luncheon of Rep. Wright Patman of Texarkana.

Another guest at the luncheon was Quin Baker of Quanah, vice president and general manager of the Quanah, Acme and Pacific Railway Company.

Oklahoma Seeks Cowboys In Jersey

TRENTON, N. J. — (AP) — Oklahoma is looking for cowboys — in New Jersey.

The New Jersey State Employment Service Saturday issued an urgent call for all unemployed cowpunchers from Hackensack to Cape May. And they don't want the drugstore variety.

The Service explained it was complying with a request for help from employment services in Oklahoma.

By EPSIE KINARD
NEA Fashion Editor
NEW YORK—(NEA)—Friend of tall girls who demand smart fashions that tally with their size is a designer whose height is five feet, 10 inches.
That's Peg Newton's height measured in her stocking feet, which

Still Kicking

Mrs. Alice King may be 94, but there's plenty of life in the old gal yet. The Chicago widow was haled into court, charged with beating on some youngsters with her purse, and otherwise creating a disturbance in a movie theater. Munching a plum, she told the judge, "Nobody has manners any more."

McCamey Club Names G. Neal President

McCAMEY—George Neal has been named president of the new Lazy H Square Dance Club organized Wednesday in McCamey.
Other officers are Jack Boltz, vice president; Bill Van Atta, secretary-treasurer; Thomas Warren, reporter; W. G. Ingram, dance director, and C. A. Skains, assistant dance director.

JIM MCGREW ATTENDS METHODIST YOUTH MEETING
FAYETTEVILLE, ARK.—Jim McGrew of Midland was among the 270 officers of the Methodist Youth Fellowship of the South Central Jurisdiction of the Methodist Church who attended the Young People's Conference at Mount Sequoyah, Ark., August 2-12.

Most of the surface of European Russia is less than 600 feet above sea level.

Tall Story

explains why she has become the designing friend of the tall gal.
Proof that her fashions fit and leave nothing to be desired in chic is the suit, left, which was designed for and is modeled by Rosalind Russell. This movie star's five feet, seven inches of glamor is draped in a brown velvet suit, inspired by costumes worn in her recent film, "The Velvet Touch." This suit demonstrates Peg Newton's skill in dressing the tall girl to glory height and at the same time to top off a few illusory inches.

The upstanding ruff which collars this suit makes sheer flattery for a long neckline. The puffs set on the tunic of the jacket are put there to create added width which cuts down apparent length. In this suit Rosalind Russell stands as tall as a goddess, knowing that any stretched-out inches are offset by design.

Encouragement to school girls who are inclined to stoop in apology for their height are suit designs for tall collegiates. The Fall fashion, inset right, which combines a tunic-length, plain-plaid jacket with a black woolen skirt, carries out Peg Newton's idea of cutting down height with color. What makes Natalie, five foot, eleven inch model who wears this suit, look less tall is the color division of her figure and the oversized pockets placed on the jacket. Pockets like these are a building-out device which Peg Newton discovered works well on her own suits.

Housecoat

By SUE BURNETT

For those precious moments of leisure—make this stunning housecoat—or wear it shorter as a brunch coat. You'll like the scalloped detail on sleeves and pocket, a belt ties neatly in front.
Pattern No. 8362 is designed for sizes 12, 14, 16, 18, 20, 40, and 42. Size 14, long coat, 4½ yards of 30-inch material; brunch coat 4½ yards.

For this pattern, send 25 cents, in coins, your name, address, size desired and the pattern number to Sue Burnett, 530 South Wells Street, Chicago 7, Ill.
It's ready for you now—the new Fall and Winter "Fashion" contains 60 pages of style, color, special features—plus a free doll pattern printed inside the book. Send 25 cents today.

Jane Peterson is visiting her aunt in Eastland.

To reheat mashed potatoes so they are fluffy and delicious add a well-beaten egg and pile lightly into a greased baking dish, brown in a hot oven.

Invincibles Bring Long Record Of Good Work To Midland Job

By DON MCGREGOR

Busily engaged in taking a religious survey of Midland for the First Baptist Church is a group of 10 students from six colleges in Texas.
And chances are that they will do a good job, for behind them is a record of six years of determined and competent work. From this determination and competency stems their name—the Invincibles.
When in 1940 there were 30 college students who had volunteered to do mission work but there was none for them to do, Dr. G. S. Hopkins, state Sunday School secretary, decided to let them conduct and promote vacation Bible schools in rural communities.
The first group of Invincibles began to do a work entirely foreign to the rural churches. There was, and is, no pay—only free will offerings. Transportation from one community to another was in one car and a "converted" trailer.
Soon they began to build up the

reputation that earned them their names.
During World War II their work was discontinued for three years. In 1945, it again was started under the supervision of the Rev. M. D. Redro, assistant state Sunday School secretary. This year there are 26 regular workers and 24 supply workers. They have conducted Bible schools in 10 associations and enrolled more than 10,000 children. There have been almost 700 conversions.
The Midland group agrees that this is the first place they have been where they were wanted. The Rev. Vernon Yearby, pastor of the First Baptist Church, added that they come here. But in each case the community has insisted that they stay longer.
One of the group tells how she went to a place where the church had voted against having a Bible school. But she and her partner decided to try to "talk them into it."

She says they were received by two women who gave them the "third degree." Finally one of the women volunteered to let them stay in her home.

Told they would have about 10 in the school, they enrolled 28 the first day. Six of the children were converted to make the first conversions for that church in eight years.
Two others tell of a school where one faction of the community had of Abilene, Bobby Whitworth of Munday, Gerald Pinkston of Levelland and Gwendolyn Griffiths of Wichita Falls. Miss Reeves attends Howard Payne College, Brownwood; Miss Kincaid and Miss Whitworth go to Hardin-Simmons University, Abilene; Pinkston attends Wayland College, Plainview; and Miss Griffiths will enroll in Hardin-Simmons this fall.

Claiming Dallas as their home are Margaret Wynn, Evelyn Coe and Marion Barrett. Miss Wynn goes to Mary Hardin-Baylor at

negro girls. Another tells of keeping four Bible schools and four revival meetings going at the same time.
Now the work and fame of the Invincibles have spread throughout the state, and they are in great demand.

The group working in Midland represents every section of Texas. West Texans are Elizabeth Reeves of Fort Stockton, Dorothy Kincaid of Abilene, Bobby Whitworth of Munday, Gerald Pinkston of Levelland and Gwendolyn Griffiths of Wichita Falls. Miss Reeves attends Howard Payne College, Brownwood; Miss Kincaid and Miss Whitworth go to Hardin-Simmons University, Abilene; Pinkston attends Wayland College, Plainview; and Miss Griffiths will enroll in Hardin-Simmons this fall.

Sub-Deb Club Meets, Elects New Officers

Officers were elected at the meeting of the Sub-Deb Club which was held Friday afternoon at the home of Pat Pryor, 302 Broadway.

Sarah Lou Link was elected president; Lois Black, vice president; Pat Pryor, secretary; Sue Johnson, treasurer; Toya Chapple, reporter; Melva Clarke, sergeant at arms.
Present were Jo Ann Nelson, Suzanne Young, Jean Blackwell, Jo Anne Boykins, Lois Black, Lynna Del Moore, Melba Clarke, Joyce Howell, Gloria Anguish, Adele Blackman, Peggy Charlton, Patsy Bray, Pat Pryor, Toya Chapple, Peggy Lou Whitson and Royce Ray McKee.

Belton and Miss Coe and Miss Barrett attend Wayland in Houston and attends East Texas Baptist College in Marshall. Wimpy Smith goes to the Texas College of Arts and Industries, Kingsville. His home is Portland, Texas.

What's New And Where To Find It

BY BARBARA

Holloware From Kruger's

The Sterling silver extra pieces at KRUGER'S are table tempters to enhance the bride's loveliest linens and china—add glamour to first dinners-at-home. From a value right you'll be able to select candlestick holders, goblets and pitchers, covered vegetable dishes and many more pieces in Sterling or silver plate. Use the time payment plan to add to your set or purchase a piece as a gift.

All Types Of Light Fixtures

With light an important factor in our daily living, light fixtures should be taken into consideration in the decorative scheme. They can be decorative as well as practical. At MID-WEST ELECTRIC COMPANY, 219 S. Lorraine, you'll find any type of light fixtures you want, in period, colonial or modern styles by Gill, Litolter and Hartman. There are also yard lights, porch lights and swinging lantern-type lights for halls, breezeways and kitchens.

An Asset To Modern Living

No home is up-to-date, now, without a few built-ins. Mr. Gates, at GATES CABINET SHOP, illustrated how he built a table to fit between "twin beds. This table was a sort of "hold-everything" nook that was very attractive as well as built-in furniture.
bedrooms is the latest architectural achievement. With building on the conservative side, the use of built-in furniture is an asset to modern living.

For Teen-Age Beauty

For teen-age girls, hair is an invaluable asset to be cared for and coaxed into a major expression of the decorative scheme. For hair that has been frequently exposed to harsh weather conditions, special care is required. Before you go back to school get a new permanent at MOZELLE'S BEAUTY SHOP, Call 1324 for information regarding the special on back-to-school permanents for the month of August.

Bargains In Air Conditioners

There will be many more hot days, yet, this summer. If you need an air conditioner, you'll be interested to know that COX APPLIANCE, 613 W. Wall, has a limited supply of fan-type room coolers going at \$35 up. You'll have plenty of time to enjoy an air conditioner this season and it would be wonderful to have one to begin next summer. Call 454 for information on these marvelous bargains.

A New Type Service

Rust is an expensive result of neglect. So, let BURL'S SUPER SERVICE STATION give your car a protective rubberized undercoating. Burl's has all the latest equipment for this type service. This is a comparatively new service in Midland and Burl's is conveniently located at 601 West Wall and prepared to serve you. Drive in today and talk it over. Rust is more prevalent during summer.

Behind Every Successful Man

They say—that women buy the men's clothes. This is probably true, since they also select the dry cleaner. No woman is going to send her hubby's best bib and tucker to an unknown dry cleaner. HABIT CLEANERS has a reputation of reliability. Their's is the ultra-modern and scientific method of dry cleaning and pressing. Safe cleaning solvents leave clothes fresh and color-bright. Skillful pressing restores shape and leaves no shine.

Straight From The Reservation

Heap pretty—Indian jewelry! It's the real McCoy, too. Hand-made right on the reservation. You'll find this beautiful jewelry at SWANSON'S, 415 West Texas. Swanson also does expert watch repair. He has the equipment and experience for any kind of job on your watch. He can repair them inside and out, replace crystals. Watch repair is an intricate procedure that requires great skill. This is Swanson's specialty.

Tiny Tot Art School

The boys and girls who are to become men and women who "count" in this world get started in that direction during their pre-school years. That is why psychologists say that kindergarten is the tap root of education. Did you think it was luxury, a decorative frill? Your child will learn to live happily with others, to judge values, when he attends the TINY TOT ART SCHOOL at 1008½ West Indiana. Call 798-W for information concerning enrollment.

Don't Be An Outcast!

Are you an "outcast" from your own family? Do household duties, such as the family wash, claim all your time and energy until you never have any time to spend with them? Be sensible—take that family wash to the LAUNDERETTE, 413 West Texas. All you do is place your clothes in the machine. During the 40 minutes they are being thoroughly washed, rinsed and damp-dried, you can do a week's supply of marketing.

Plastic Luggage Tags

For those many small, personal items you'll want to assemble to take back to school, there are things at THE BOOK STALL, you'll find indispensable. Clear plastic luggage tags with your name and address in gold letters and key rings to match—personalized post cards printed with your name and address in blue, brown, red or green are some of the items you'll find. Visit The Book Stall before you go back to school.

For Every Beauty Need

Get a new complexion to go with new fall clothes. Dorothy Gray's Beauty Products, at DUNLAP'S, are a superb preparation. Salon Cold Cream is a gentle lubricating cleanser for medium dry skin. Orange Flower Skin Lotion is a non-drying skin freshener. Cologen Cream, a hormone cream, leaves skin fresher and younger looking. Look on another page of this paper for Dorothy Gray's "Three Cheers" lipstick special.

A Continued Story

The Servel Gas Refrigerator, featured at WESTERN APPLIANCE, INC., 210 North Colorado, has many advantages. Its freezing system—with no moving, wearing parts—stays permanently noise free. Low operating cost makes it a good investment. Constant temperature is a dependable Servel feature which increases storage space and adds to convenience. The sliding shelves—watch this column next week for more about Servel, see it at Western Appliance, Inc.

The Knitting Needles Are Clicking

It's knitting time again. Thrifty high school and college girls learn to knit their own sweaters, gloves, scarves, etc. for winter sports. THE LITTLE YARN HOUSE, 210 North Big Spring, is now open. Morning classes begin at 10 o'clock. Expert instructions are given on the art of knitting. Advice on your difficulties will help straighten them out. Every one is welcome to bring their knitting and come along. Knitting is a pleasant and profitable hobby.

"The Spot" For Good Food

Nobody but Butler Hurley would have named a highly attractive restaurant "THE SPOT." But then, nobody but Butler would do a lot of things he does. Such as serving delicious sandwiches, steaks tender and full of flavor, and home-made pies you wouldn't dream could be bought over a counter or found anywhere except in a good housewife's kitchen. All this and the most cheerful service you ever saw, you'll find at The Spot in the Midland Tower Building, where things are always "looking better" to Butler and his customers.

Gaiety, Glamour, Music

You have a date at the BLUE GRILL for a whirl of fun. Dine and dance in an atmosphere of gaiety and glamour. Make this your night spot for fun, relaxation, good times. There's good music, fine food, sparkling entertainment, plenty of icy cold drinks. Meet all your friends at the Blue Grill on East Highway, for the gay time of your life. You can dance every night.

Come As You Are

If you have unexpected company and haven't time to prepare a meal, take them out to EAST DRIVE INN on East Highway. You'll enjoy the service and hospitality. The food is lavishly prepared and expertly served. Just drive up, and a waitress takes your order. You'll be served right in your car. You can dine out without the trouble of dressing up, just come as you are.

A New Eating Place

First class steaks are a specialty at the COZY CAFE, on West Highway, expertly served in all their mouth-watering, sizzling goodness. Plump, tender chicken, fried to perfection is another feature, also, king-sized hamburgers with all the fixings. Bring the whole family! They'll enjoy it immensely. There are plenty of frosty cold drinks to quench your thirst these hot days. It's a new place to dine.

Polio!

This is not intended to cause alarm! But, during polio season, it is a good thing to be prepared. If you can give your child the best medical care available, he has a chance! THE RESERVE LOAN LIFE INSURANCE OF TEXAS offers a policy that covers any financial loss incurred, should polio strike your home. C. E. (Bud) Bissell is agent for this particular insurance. Contact him at 492-W.

School Girl Permanents

Frequent exposure to summer sun and wind tends to dull the beauty of your hair. HAZEL'S BEAUTY SHOP, 511 West New Jersey, gives a Life Cream Shampoo that brings out the "lure lights" of your hair, leaves it soft and easy to manage. If swimming and other exposure has dulled your hair, Life Cream Shampoo will restore its luster. Also, the shop offers a complete line of exclusive Relling Permanents—that is, machine, machineless and cold wave. Get your back-to-school permanent, now.

Exciting New Suits At Dunlap's

For a suit that is exciting and a compliment to you when you wear it, DUNLAP'S READY-TO-WEAR offers a two-toned number in gunmetal and brown needle point. The gunmetal jacket is double-breasted, the brown skirt is gored with front kick pleat. There are costume suits by Dawneigh in black, wine, continental green, burnt sugar. Adele, of California, offers a gabardine suit in elephant grey, also shown at Dunlap's.

"The Key To Color Harmony"

If you are thinking of decorating your home and need a color hint, ask the WESTEX GLIDDEN PAINT STORE for their free booklet "The Key To Color Harmony." In it you will find 47 pages of helpful suggestions as to color matching and contrasting for your walls, windows, furnishings and floors. In addition to this service, Westex Paints will find and recommend reliable painters for any decorating job.

American Folk Dance

Square dancing has historic values, says MORRIS BOOKS, who is teaching classes in square dancing at the American Legion Hall at 8 o'clock every Thursday evening. It is the folk dance of America. At any festivity you'll probably find a square dance in progress. It is clean, wholesome fun for everyone who cares to dance. Interest for certain dances soon wanes but the square dance has been popular since the settling of America.

Special At Cameron's

Every woman fears the loss of her charm. Bonne Bell Plus 30 Lotion is featured at CAMERON'S for a limited time as a special \$1.50 size sells for \$1.00. This lotion contains 10,000 I. U. of natural Estrogenic Hormone. Just apply a few drops in palm of hand, spread evenly over face and throat. Use as a powder base, also. Ten-O-Six Lotion, an antiseptic cleanser, removes heavy makeup, leaves the skin fresh and clear.

Ice Cream With "More" Appeal

Your whole family is sure to savor more of the banana nut ice cream from BANNER CREAMERY. So give them all they want. It's made from finest ingredients, frozen bananas and fresh pecans! It's rich, wholesome, healthful and always a favorite with young and old. Order it from your Banner Milk Man. It's the ice cream with "more" appeal. You can get any amount, any time you want it. It's as pure as when you make it in your own kitchen.

"Crepe Suzette"

Altogether new and charming are the crepe dresses at THE FASHION SALON, with their flutter of back-fulness and lovely smooth lines. There are sleeveless, draped front and back dresses in all the fashion's newest colors. These dresses are designed with unusual detail and are elegant backgrounds for new fall hats and other accessories. Wear them this winter with your fur coat. They're sophisticated assets to any wardrobe.

Everybody's Has The Answer

How to sleep at college is answered in two forms at EVERYBODY'S READY-TO-WEAR. Tailored broadcloth pajamas are cut for comfort and durability. They can be had in assorted stripes and are the last word in fashionable sleeping clothes. Pajamas in Texton, a smooth rayon, can be had in assorted colors. You'll also want a number of the dainty nylon slips with embroidered nylon ruffles around hem. They're available in assorted pastels.

Your First Fall Hat

The new fall hats featured at EVERYBODY'S HAT SALON are designed to pay flattering tribute to your new "short cut." Charmingly elegant trims accentuate but never dominate the romantic silhouette. There are glamorous toques and demure bonnets, plateaus and picture hats, jutting forward brims compliment the back-interest dresses. There are "occasion" hats in luxurious taffeta and velvet hats that key in with fashion's note of magnificence. The felt casuals come in assorted colors at "level headed" prices.

Beauty And Utility By The Yard

Saran—something basically different in shimmering woven textiles—brings you a combination of colorful beauty and plant strength never available before. You'll marvel at the way Saran fabrics stay new through years of hard use. The fibers can't absorb grime or moisture. Their smooth surfaces can't scuff or grow threadbare. Colors are brilliant—they're built in. That's why you're seeing Saran featured at MILLER BROTHERS TRIM SHOP—in automobile seat covers.

Every Day Is Moving Day

When you call ROCKY FORD for that long-distance move, your irreplaceable possessions are in the hands of experts. Whether you're moving a few blocks, a few miles or across the country, Rocky Ford movers are as careful of your things as they'd be of their own. Every precaution is taken against scars and scratches. Experienced men are at your service to insure prompt and efficient service. When it's "your move" call 400.

Your Car Is Worth It

If it's worth driving at all, your car deserves the kind of check-up and repair service MURRAY-YOUNG MOTORS, LTD. is equipped and staffed to give it. A shabby car can do you as little credit as shabby clothes! Small damages car's value. Murray-Young Motors' Body Repair Department can make that old chassis look like new by straightening fenders and applying paint.

Stork Club Attractions

Babes should be well brought up—from their first cry to their first walk. FRANKLIN'S has dainty apparel easy for keeping fresh and ironing—pretty, practical and wearable to keep him warm, comfortable and well dressed. There are sweaters, caps and booties sets and darling little nainsook dresses hand-embroidered with slips to match from the Philippines. Gertrudes trimmed with real taffeta, little boy and girl rompers, soft woolly shawls in pastel shades.

Strutting Like A Peacock

Peacock feathers will be strutting on the campus this fall. The hats at WILSON'S are in gay assorted colors with youthful plumage. Plumes that make them so different. There are pill boxes that can be tilted intriguingly for profile drama—smart casuals and delightful veiled hats that are effective for luncheons through dinner. Charming baby bags in suede or colored leather are perfect accompaniments.

For The College Crowd

Start your curriculum with sturdy luggage from CARL'S large assortment of fine, quality stock. You can have your choice of leather or novelty fabrics—all colors and combinations with four dependable lines to choose from—Winslip, Maximilian, Mark Allen and Luce. Beautiful matching sets are designed for men and women. If you have a boy or girl entering college this term, you can be sure he or she will be proud of this smart luggage.

Enhance Her Personality

Do people say, "Mary has always liked gardenias," or "Elizabeth is an orchid girl"? How nice to send her the flower of her choice, to add grace to her personality. Give your order to BUDDY'S FLOWERS, who is always prepared to serve any floral need. If you want to thrill a nice person, going away on a trip, send her a corsage to wear on the train or plane. It's the nicest way to say, "Bon Voyage."

Japanese Tea Sets

They're exquisite! The Japanese tea sets displayed at MIDLAND HARDWARE GIFT DEPARTMENT are of pure hand painted china, made in occupied Japan. There is one with a rose pattern and a dainty gold band that anyone would treasure for its fragile beauty. The Noritake set also comes from occupied Japan and has a dainty floral pattern. It is of Sango china and is hand-painted. It's worth a trip to Midland Hardware, just to view these treasures.

New Kind Of Venetian Blinds

Now you can eliminate the hard task of cleaning Venetian blinds! SIMMONS PAINT AND PAPER COMPANY has them. They are of specially treated fabric that is resistant to soil and are perfect for kitchens and nurseries or any room in the house. They are plain or with kitchen motif. Simmons also have in stock, metal or wood Venetian blinds.

Quaint Cottage Sets

Curtains "make" a house. The cottage sets at MIDLAND HARDWARE LINEN DEPARTMENT are quality charming with Dutch boy and girl design in assorted colors. Other sets are of cretonne in colorful floral design. The checked marquette in blue, red or green are very pleasing and airy looking. You'll find any style or color to match the color scheme of your kitchen. They are easily laundered and of fast colors.

When A Strike Is A Score

What fun it is to watch your score go up—and each time you bowl a PEAMOR PALACE—your game gets better and better! Make bowling a healthful, fun habit. It's a sport that keeps you fit. Be one of the crowd at Peamor and bowl your way to health and happiness. "Jonesie" will be on hand to teach you the sport of bowling—how to improve your score.

Give Her A Watch From Kruger's

If she's your heart's desire—the apple of your eye—your only plan is to give her a watch from Kruger's. It's a watch to express your sentiment than with an exquisite watch from KRUGER'S. She'll keep and love it forever and a day. A small deposit holds your purchase. Make your selection now from such famous makes as Hamilton, Elgin, Gruen, Waltham, Bulova, Longines and many others.

Excellent Food At Colin's

It's a fine reflection on your own good taste when you invite your friends to luncheon or dinner at COLIN'S CAFE. The excellence of the food plus the graciousness of the service and charm of the atmosphere is most inviting. Colin's is a quiet place to take the family on Sunday. They'll enjoy the delicious food that is so expertly served. Treat Mom to lunch down town today. She deserves a day off.

Why Not Sew For Your Children?

Join the hundreds of women in Midland who are making school wardrobes for their children and find it a major economy. The secret of the professional look lies in a few simple and inexpensive tricks. Let SINGER SEWING CENTER do all button holes, make belts, do hemstitching, cover buckles and buttons and your home sewing takes on a finish it never had before.

Cooper Hospital Gets Staff Addition

McCAMEY — Announcement was made recently that Dr. W. W. Plasek has been added to the staff at Cooper Hospital.

Doctor Plasek comes to McCamey from Rule, Texas, where he has been located since his release from the Navy in May, 1946. He is originally from West, Texas, and his father, Joe Plasek, still resides there.

This young doctor took his bachelor of science degree at Trinity University at Waco, Texas, and holds a medical degree from Southwestern Medical Foundation in Dallas. He served his internship in a United States Naval hospital in California, then was with the Marines 12 months during the war.

Doctor Plasek is married to the former Tharon Hawe of Dennison, who is a graduate of Baylor Nurses' School of Dallas. They have two daughters, Suzanne, aged three years, and Jennifer, who is one year old.

AMAZED AT QUICK ACTION OF MERTOX

"For the past ten years I have been troubled with severe gas pains which seemed to press against my heart and made it difficult to breathe. I had a pain under my heart that was almost unbearable at times," writes Mrs. Alma Cummings of Waco.

"My food would not digest and soured on my stomach. I had had dizzy spells and when these attacks occurred I felt all puffed up. My appetite has greatly improved and I can now eat lots of things that I couldn't eat before taking this wonderful medicine.

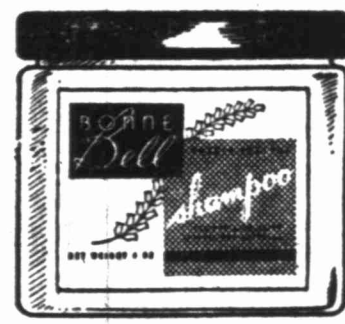

"Since taking MERTOX I feel like a different person. It certainly is wonderful to get up in the morning and do a day's work without that tired, worn-out feeling. I certainly was amazed at the quick action of this medicine."

You can get MERTOX from any Texas Druggist at the new REDUCED price.

Bonnie Bell
double-feature SHAMPOO

Games were played, and the guests roasted hot dogs. Ice cream and cake were also served.

Present were Janna Murrey, Wanda Murrey, Charlotte Frazier, Ann Graham, Marilyn Dunagan, Betty Sivella, Donna Howard, Sandra Shaw, Virginia Kroenlin, Rinda Regent, Glenca McNeil, Bobby Howard, Gaylon Howard, Harold Merritt, Bill Crenshaw, Lindon Cope, Bill Mims, Edward Carroll, Sammy Parker, Paxton Howard, Jr., Paul Davis, Philip Peasner and Charles Crites.

Youth Center Advisors To Meet Monday Night

The Adult Advisory Council of the Midland Youth Center will meet at 7:30 p. m. Monday on the second floor of the courthouse. It was announced Saturday.

A major item of business at the session will be the election of a new chairman to serve the rest of the fiscal year. Dr. H. A. Ireland, present chairman, will leave soon to take a position on the faculty of the University of Kansas.

BOOK ADDED TO MEMORIAL COLLECTION
Mrs. C. M. LaLonde of Odessa has presented a book to the Memorial Collection of the Midland County Library in honor of John Thawley. The book is "10,000 Garden Questions," by Frederick Rockwell.

Togs Adjust To Child's Size

New togs for the kindergarten set boast snappy styling and add-a-year hems, sleeves and leggings. Two-toned tweed coat, left, is ensembled with matching leggings and a sailor hat which has a velveteen-faced brim to match coat collar. Perky epaulettes dress up the wool suede coat, center, which is teamed with matching leggings and a tall-crowned hat. Wool cover ensemble, right, sports a detachable hood lined with velveteen. Coat is double-breasted with neatly stitched collar.

By EPSIE KINARD
NEA Fashion Editor

NEW YORK (NEA)—Add-a-year hems, sleeves and leggings which keep little beanstalks from growing out of their coats should win the palm-smacking applause from mothers.

All that Mom has to do to make this Fall's coat a size larger next Fall—the feature of one line's smartly styled coats for children—is to pull out threads. These release length tucked up in the hem, lining and sleeves of coats. The same trick works with accessorized leggings, which are used to turn

coats into ensembles that wrap up the apple of Mom's eye from chin to toes.

There are detachable hoods on many of these Brambury-designed coats which do a more cocoon-like job of wrapping up a tot. One wool cover style which little fashion plates, size 7 to 14, go for sports double-breasted buttons, a small club collar, matching leggings and a hood faced with contrasting velveteen.

Hoiles Family Buys Odessa Newspaper

ODESSA (AP)—Purchase of the Odessa American from Ridder Publications, Inc., by the R. C. Hoiles family, V. L. Debolt and associated employees of the Hoiles newspaper group was announced Friday.

Management of the paper will be under Debolt, who will act as co-publisher with R. C. Hoiles.

The Hoiles interest at present own the Pampa (Texas) Daily News, the Bucyrus (Ohio) Telegram-Forum, the Clovis (New Mexico) News Journal, the Colorado Springs (Colorado) Gazette-Telegraph, the Marysville (California) Appeal-Democrat and the Santa Ana (California) Register.

Buttered crumbs may be made by grating stale bread until you have a cupful; then melt two tablespoons of butter or margarine in a skillet, add one-eighth teaspoon of salt, a dash of pepper, and the crumbs and stir well with a fork. Use the crumbs as a topping for creamed vegetables or some other casserole dish.

THE REPORTER-TELEGRAM, MIDLAND, TEXAS, AUG. 15, 1948—3

To make cinnamon toast prepare a mixture of two tablespoons of butter or margarine, four tablespoons of brown sugar and four teaspoons of cinnamon. Spread this on thin slices of toasted bread and place in a hot oven or under the broiler until the sugar melts.

To prepare Shepherd's pie mix two cups of minced leftover cooked meat with a half cup of gravy, a tablespoon of grated onion and salt and pepper to taste. Put a layer of the meat in a casserole, top with mashed potatoes and heat thoroughly in the oven.

Homespun Humor Best Truman Asset

By ALEXANDER R. GEORGE
WASHINGTON —(P)—Harry S. Truman is now fighting to hold the presidency he didn't want when it came to him suddenly three years ago.

The one-time Missouri plowboy was plumb scared as he talked to reporters on Friday, the 13th of April, 1948. President Roosevelt had died the day before, and in the evening Vice President Truman had taken the Presidential oath at the White House.

"I don't know if any of you fellows ever had a load of hay or a bull fall on you, but last night the whole weight of the moon and all the stars fell on me," he said. "I feel a tremendous responsibility."

Please pray for me. I mean that." Within three months the former Kansas City haberdasher had to deal with a rapid succession of world-shaking events. In less than 30 days Germany's great military machine collapsed.

Two months later the "plain man from Missouri" sailed for Europe to meet Stalin and Churchill in peace talks at Berlin. There he also had the responsibility of deciding whether the atomic bomb should be dropped on Japan to shorten the war.

Announces War's End
Four days after he announced the dropping of the bomb, Japan offered to surrender. Within another four days President Truman an-

nounced that Japan had accepted Allied surrender terms. Jubilant crowds greeted him and Mrs. Truman that day as they appeared on the White House lawn.

He then was probably at the height of his popularity as President. Polls showed him running ahead of Roosevelt's highest standing.

The political honeymoon lasted a few months. Then foreign and domestic trouble beset his administration.

A record number of strikes and skyrocketing prices in this country . . . increasing disputes between the United States and Russia . . . the people in a large part of the world facing starvation.

Before he was nominated for the vice presidency four years ago, Harry Truman had no idea he might be President some day. Friends had urged him to enter the vice presidential race, but it was reported he told them he wanted to remain a senator.

He went to the Democratic National Convention planning to support James F. Byrnes as President Roosevelt's running mate. At the convention, party leaders decided to back Truman as a compromise candidate between Byrnes and Henry Wallace.

After he became vice president, friends asked Truman how he liked his new job. He said he preferred being a senator. It was suggested he might become President. His friends reported he said, with a frightened look:

"Don't say that; I don't let myself think of it."

Truman long has been a practical politician and makes no bones about it. However, the pleasure he shows

at meeting people and talking with them is no political pose. He is a natural mixer who asks friends to call him "Harry" and means it.

When he became President, he told an Associated Press reporter: "I just want the folks I love to know that if we can't get together in the old informal way, it is not of my choosing."

On the other hand, he has seemed to enjoy being President. Friends have noticed that his face lights up with pleasure when the Marine Band strikes up "Hail to the Chief."

He has described the White House as the finest prison in the world. Presidents, he said, are prisoners of the public but most of them have liked it. He told about going to a Washington bank soon after he became chief executive.

As senator he had gone there without causing any commotion. But when he went there as President, the found traffic blocked in four directions as he came out of the bank.

Truman has observed that a President needed "a good sense of humor." He has made trade replies to political critics but he has had the humor to take good-naturedly such jabs as: "Don't shoot the piano player. He's doing the best he can."

He told a Kansas City luncheon club that his antidote for going high-hat was found in the Bible. "Whenever I am threatened with going high hat," he said, "I turn to the Gospel of St. Luke, sixth chapter, 26th verse. I recommend it highly to you. That's where I go when I am in danger."

The verse, which he told members to go home and look up for themselves, is: "Woe unto you when all men shall speak well of you. For so did their fathers to the false prophets."

When he was in the Senate, he remarked: "A fellow doesn't have to be so big to be a senator. You just have to work at it."

During his Senate career of 10 years, Mrs. Truman did her own housework. He frequently helped her by drying the supper dishes she had washed. She in turn helped edit his speeches.

The Democrats are planning to make the most of Truman's home-spun qualities and flair for down-to-earth speech in the coming campaign. His impromptu talks to people that he can see usually carry more punch than his radio addresses.

He never attended college. He had to go to work upon graduation from Independence, Mo., high school. He studied law at a Kansas City night school while serving on a county court but wasn't graduated. (Duties of a Missouri county court are administrative, not judicial.)

Bank Clerk To Farmer
After leaving high school, he held various jobs as errand boy and window washer in a drug store and as a wrapper of newspapers for mailing. He was a \$100-a-month bank clerk when his parents moved back to Grandview from Independence to help his grandmother and uncle run a 600-acre farm.

For 11 years young Harry Truman was a farmer. Years later when he received many congratulatory messages for his work as the head of a Senate committee investigating war spending, he said he liked best the tribute his mother paid him:

"That boy could plow the straightest row of corn in the county. He was a farmer who could do everything just a little better than anyone else."

He was greatly pleased when his mother, 93, visited him in the White House, coming to Washington from Missouri in his personal plane. When the plane landed, she looked with disgust at the gathering of bigwigs and camera men to greet her and said "Oh, fiddlesticks."

Truman got his political start with the aid of Tom Pendergast's Kansas City and Jackson County political machine.

President Truman swims occasionally in the White House pool, but his favorite form of exercise is walking. He enjoys a friendly game of poker, whether for pennies or higher stakes, and seldom takes more than a couple of drinks at a gathering. He doesn't smoke.

He gets a big bounce out of marching in parades with his buddies of World War I.

Likes Jokes
The President joined in the laughter when a group of friends helping celebrate his birthday gave him an alley cat concealed in an imitation layer-cake made of cardboard. He himself has played similar jokes on White House reporters.

He loves music and plays the piano for relaxation. While attending the Potsdam conference, he played Beethoven's minuet in G at the joint request of Stalin and Churchill at a state dinner he gave for the Russian and British leaders.

There Can Be No Substitute for Experience

Whittle Down Vacation Spread

In this semi-sitting position, Marilyn ("Ladies of the Chorus") Monroe raises legs from the floor and grasps ankles with hands in an exercise that tones abdominal muscles.

By ALICIA HART
NEA Staff Writer

Don't expect to hide a vacation spread under new fashions. Skirts styled for young things which flatten out below the waist before they swing out at the hemline will not hide a bulging tummy.

If those few extra pounds you've acquired seem to have settled around the abdomen, now is the time to get your exercise mat. That done, add this two-in-one exercise to your daily set-ups.

Lie down on a mat on your back with arms held straight beside you. For the first exercise that gives the muscles of the abdomen a good workout, fold arms over chest and pull up to a sitting position, keeping your heels glued to the floor. Go down and come up again without moving your leg position.

For the second exercise of this routine, pull your back up from the floor, raise legs and grasp them as close to the feet as you can with your hands. Holding this position, lower legs to the floor and then rock back to your semi-sitting position. Raise and lower legs alternately as many times as you can without strain.

Bachelors No More; Treasury To Chest

OXNARD, CALIF. —(P)—The Community Chest is \$9.91 richer. With the check from the treasury came a letter from the Oxnard Bachelors Club of 1940. It read in part: "This club has been disbanded by reason of all its members getting married. . . ."

Stibnite, Idaho, is named after an antimony ore.

You'll Have To Learn To Cook, Lady. If You Want Hubby To Be President

By CYNTHIA LOWRY
AP Newsfeatures Writer
If there's the slightest chance your husband might be a candidate for a political job—a big one, that is—get out the cook book, madame, and study hard.
It is positively un-American for the wife of a candidate to be ignorant of, or to scorn the business of, bending over a hot stove. The little woman of the big politician who can't whip up a nine-course dinner before you can say "electoral college" is courting defeat at the polls.
The recent frenetic Republican

activity in Philadelphia, where there were more favorite sons than states, was conclusive proof. The ladies of the hopefuls had more recipes on the tips of their tongues at press conferences than the boys had planks for the platform.

Mrs. Thomas E. Dewey—and remember who came armed with two old faithfuls: Berkshire soup and Mexican macaroni. Mrs. Arthur Vandenberg gave chapter and verse on her favorite "Vandenbergers"—doughnuts—described a special sauce for corned beef hash and told how to shuck oysters. Mrs. Robert Taft pulled a switch. She was accused of being a gourmet, denied the accusation and talked about dieting, a subject close to the heart of voting masses. Mrs. Stassen privately confessed favoring lamb chops and salads.

At the end of the week, the notebook of a reporter who attended the ladies' news conferences looked like the log of a home economist.

My notes on Mrs. Dewey's questions—and answers indicate that Berkshire soup was the first thing she learned to cook. It consists of tomatoes, onions, corn and seasoning whipped together with a cream foundation and "is a filling meal in itself." Mexican macaroni is served "with a highly seasoned tomato sauce" and baked in a casserole.

"Vandenbergers" have nothing to do with beef, but are doughnuts made with a cup of mashed potatoes instead of a like amount of flour and the dough cut in the shape of spades, hearts, clubs and diamonds. Corned beef hash should be served with a highly seasoned tomato sauce (maybe the same as Mrs. Dewey's) and, if supper is buffet, a sign saying "this sauce is for the corned beef hash" adds a gay note. Oysters should be shucked with a special knife and it's best to hire an expert oyster shucker to do the job.

Mrs. Taft is forever going on a diet, but the trouble is, she says, she doesn't stick to it long enough. She believes in lots of proteins.

There's precedent and sense in this kind of news conference talk. It's safe and sane. It keeps the ladies out of the dangerous name fields of politics. It sets comfortably with the folks back home.

Remember what Mrs. Roosevelt—a lady who could hardly be called dedicated entirely to housekeeping chores—did for the simple scrambled egg and the frankfurter? She made a bottle of scrambled eggs (double boiler-made) for Sunday night suppers, and she gave a hot-dog picnic for the king and queen of England. Purveyors of those two food products undoubtedly had to pay higher income taxes the next year.

Mrs. Wendell Willkie, a forthright woman, never was able to understand the public's interest in her kitchen skills.

"Everybody wants to know how to make lemon meringue pie and fry chicken," she complained during her husband's campaign eight years ago. "Why do they care?"

Mrs. Willkie had no special recipes and no interest whatsoever in preparing either dishes. And Wendell Willkie lost the election to the husband of the lady who scrambled eggs and roasted hot-dogs.

The human brain continually shrinks after the age of about 20 years.

Precautions

This bath steps from her tub onto a non-skid bath mat as a precaution against falling.

By ALICIA HART
NEA Staff Writer

Ever slip in a bathtub? Or skid past your destination on a slippery floor?

Because these are daily hazards confronting the bathing beauty, we list some safety precautions which if observed can avert frightening skids or nasty falls.

Before you take the stopper out of the drain, put the cake of soap used back in its bathtub niche. Any tag ends of soap on the loose should be pressed into the full cake of soap so as to rid your tub of slippery traps. Be sure to rinse soapy water out of the tub before you climb out.

See that there is a water-absorbing mat on the bathroom floor within reach of your feet when you step out of the tub. There are bathroom rugs with permanent anti-skid backs of rubber which provide non-skid moorings for slippery feet.

After showering or even washing your hands, dry skin thoroughly before plugging in an electric appliance so as to avoid any risk of painful shock.

EAT PLENTY AND TAKE OFF UGLY FAT

Many people have reported amazing results with this home recipe. It's easy—no trouble at all and costs little. Just go to your drug store and ask for 4 ounces of liquid Barcozine. Pour this into a pint bottle and add enough grapefruit juice to fill bottle. Then take two tablespoonfuls twice a day. That's all there is to it. If the very first bottle doesn't show the simple, easy way to lose bulky fat and help regain slender, more graceful curves; if reducible pounds and inches of excess fat don't seem to disappear almost like magic, from neck, chin, arms, bust, abdomen, hips, calves and ankles, just return the empty bottle for your money back.

Lost 47 Pounds

"When I commenced to take Barcozine, I weighed 215 pounds. I now weigh 168. I feel so much better after losing that weight. I think it is a wonderful medicine and thanks to Barcozine."—Mrs. George Greig, Chalmers Courts 4, Apt. 1, Austin, Texas.

Lost 20 Pounds

"I lost 20 pounds taking four bottles of Barcozine and I feel fine."—H. M. Gates, 912 25th Street, Corpus Christi, Texas.

Texas Boom Continues With Only Slight Pause In 1948

By DR. JOHN E. STOCTON
University of Texas

(Written for the Associated Press)

The boom in Texas business continued, with only one slight pause through the first six months of 1948.

When commodity and security prices slumped sharply in early February, it looked for a while as if the downturn of the present prosperity had been reached. But the reversal of this dip was swift and decisive, so that June found practically all the important indexes of the Bureau of Business Research at new highs for the postwar period.

For the nation as a whole the same story prevailed. More people were working than ever before, at the highest rate of pay on record. This has resulted in record breaking personal incomes and has sustained high level consumer expenditures for all types of goods. The accumulated deficit of durable consumer goods has kept the volume of production at the maximum "valuable" possible with available resources. The goods have found buyers at ever increasing prices.

At the same time capital formation has been going on at an unprecedented rate as business con-

structed new buildings and installed new machines and equipment. Only the supply of labor, materials, and manufacturing capacity has limited the level of industrial production. The pressure of the large volume of purchasing power on an inadequate supply of goods has forced prices up until in June the Bureau of Labor Statistics Wholesale Price Index passed the former all-time high of May 1920. The cost of living has continued to rise, with food prices exceeding all other items in the family budget.

Business Activity Up
The bureau's index of Texas business activity was three per cent higher in June 1948 than it was six months earlier. The June level was slightly below the postwar peak of 217, reached in May 1948, and since this index is based on 1935-36 it means that the present level of business is more than double the prewar rate. For the first six months of 1948 the composite index was 13 per cent above the first six months of 1947. Business activity has risen remarkably steadily since the Fall of 1945, when reconversion was largely completed.

Five of the six components of the index of business activity have shown an increase in the last six months. The greatest increase was registered by pay rolls, up nine per cent in June over December 1947. Electric power consumption was up seven per cent during the same period. Crude runs to stills rose four per cent; employment, one per cent; and department store sales, one per cent. Only miscellaneous freight carloadings declined (nine per cent). In comparison with the first six months of last year, all six of the component indexes showed increases: employment, three per cent; pay rolls, fifteen per cent; freight carloadings, seven per cent; crude runs to stills, 22 per cent; department store sales, 19 per cent; and electric power consumption, 18 per cent.

For the first six months of 1948 retail sales were 16 per cent higher than for the same period in 1947. The greatest part of this advance in sales was from durable goods, rather than from nondurables. The sales of durable goods stores increased 25 per cent over the first six months of last year, while sales of nondurable goods stores increased only 12 per cent. The sales of eating and drinking places were lower by one per cent in the first half of 1948 than in the same period of 1947. Some of this increase in dollar sales is due to the rising prices of the past year, but even after allowing for increasing prices there has been a considerable increase in the total volume of goods sold.

Continues To Expand
Industrial activity in Texas continued to expand its output during the first half of 1948; the bureau's index of industrial power consumption increased four per cent between December 1947 and June 1948. For the first six months of 1948 industrial power consumption in Texas increased 13 per cent over the first half of last year.

The building industry continued to represent the most spectacular element in the building business picture. The total value of building permits issued in Texas cities was 68 per cent greater in the first half of 1948 than in the first half of 1947. The total value of construction contracts awarded increased 51 per cent for the same period. Residential construction contracts were up 31 per cent.

Good News For Folks Who Suffer From

- ✓ STOMACH GAS
- ✓ SOUR FOOD TASTE
- ✓ ACID INDIGESTION

Do you feel bloated and miserable after every meal, taste sour, bitter food? If so, here is how you may find blessed relief from this nervous distress.

Everytime food enters the stomach a vital gastric juice must flow normally to break up certain food particles; else the food may ferment. Sour food, acid indigestion and gas frequently cause a morbid, touchy, fretful, peevish, nervous condition, loss of appetite, underweight, restless sleep, weakness.

To get real relief you must increase the flow of this vital gastric juice. Medical authorities, in independent laboratory tests on human stomachs, have by positive proof shown that SSS Tonic is amazingly effective in increasing this flow when it is too little or scanty due to a non-organic stomach disturbance. This is due to the SSS Tonic formula which contains special and potent activating ingredients.

Also, SSS Tonic helps build-up non-organic, weak, nervous food in nutritional anemia—so with a good flow of this gastric digestive juice, plus rich red-blood you should eat better, sleep better, feel better, work better, play better.

Avoid punishing yourself with over-doses of soda and other alkalizers to counteract gas and bloating when what you so dearly need is SSS Tonic to help you digest food for body strength and repair. Don't wait! Join the host of happy people SSS Tonic has helped. Millions of bottles sold. Get a bottle of SSS Tonic from your drug store today. SSS Tonic helps build sturdy health.

Boy Scouts Pay For Ranch

Jim Waddell of Kermit, left, finance chairman of the Buffalo Trail Council, Boy Scouts of America, presents a \$64,981.25 check to C. Hunter Strain of San Angelo at a ceremony here. The check represented the final payment on the Buffalo Trail Scout Ranch in the Davis Mountains near Fort Davis. The 6,000-acre ranch was purchased from Strain with funds raised in a council-wide financial campaign conducted early this year. The Buffalo Trail Council includes 15 West Texas counties, with headquarters in Midland.

OKLAHOMA CITY —(AP)—Common Pleas Judge Glenn O. Morris glanced out of a window and saw a fluttering piece of paper. It landed on a third floor office of the courthouse—just outside the judge's office.

Curious, the judge squeezed through the casement windows and retrieved the paper.

He read a plea from a county jail inmate on the eighth floor for back saw blades. It was addressed to "Dear Cousin" and signed "Brother."

African palm oil, used in processing steel plates, costs about five times what it did before World War II.

Casting Committee For New Community Theater Play Named

Mrs. John T. Butler and Lee Flood have been named by Joe Kogler as the casting committee for the Community Theater's next production, Kogler is chairman of the committee.

Tryouts for the play, "The Man Who Came to Dinner," by Moss Hart and George Kaufman, will be held at 8 p. m. August 18-19 at the City-County Auditorium. The play will open September 23 for a three-day run.

Copies of the script are available at the Midland Floral Company. The air is cloudless above 40,000 feet.

MIDLANDERS RETURN FROM EXTENDED VACATION TRIP

Mr. and Mrs. J. W. Pace and grandchildren, Aitrell Pace and Cecil Kelly, have returned from an extended vacation trip. They stopped in Nashville, Tenn., and Niagara Falls, N. Y., and visited their son, Earl C. Pace, and family in Glenville, N. Y. They also visited Montreal, Canada, New York City and Washington, D. C., before returning home through the southern states.

RETURNS FROM CALIFORNIA
Mrs. Maud Leonard has returned from a 10-week visit in California and will resume her music classes in the Fall.

The newborn young of a large kangaroo is about the size of a peanut, yet may grow to be more than six feet tall and weigh 200 pounds.

Coming Events

MONDAY

Post 19 of the Ladies Auxiliary of the American Legion will meet at 7:30 p. m. at the American Legion Hall in order to nominate and elect new officers.

The WSCS of the First Methodist Church will have a yearbook program at 3:15 p. m. at the church. The Laura Haygood Circle will be hostess.

Those who plan to attend the sub-district meeting of the MYF at the First Methodist Church in Big Spring are to meet at 6:30 p. m. at the First Methodist Church of Midland.

The Women of the Presbyterian Church will spend the afternoon visiting newcomers, new members and members who are ill.

WEDNESDAY

The Adult Choir of the First Methodist Church will rehearse at 7:15 p. m.

Boy Scout Troop No. 152 will meet at 7:30 p. m.

The Adult Choir of the First Presbyterian Church will rehearse at 7:30 p. m. at the West Elementary School.

THURSDAY

The Youth Choir of the First Methodist Church will rehearse at 7 p. m.

FRIDAY

The Young Adult Fellowship of the First Methodist Church will have a business meeting at 7:30 p. m. in the Scharbauer Educational Building.

The Iota Beta Chapter of Beta Sigma Phi sorority will sponsor a western dance from 9 p. m. to 12 p. m. at the American Legion Hall. Tickets may be purchased from members of the sorority or at the door. The public is invited.

The Ladies Golf Association will have its regular weekly luncheon at 1 p. m., preceded by golf at 9 a. m. Mrs. A. N. Griffith and Mrs. J. H. Conline will be hostesses.

SATURDAY

The regular Children's Story Hour will be held at 9:30 a. m. in the Children's Room of the Midland County Library.

Day Camp Has Cook-Out With 125 Attending

A record attendance of 125 girls turned out for the Girl Scout Day Camp cook-out Friday morning in Cloverdale Park.

The girls were divided into four groups: the firebuilders, the cooks, the hostesses and the clean-up squad. They planned their own menus and shopped for the provisions Wednesday and Thursday. The menus ranged from the conventional bacon and eggs to fried potatoes, hot cakes and toasted doughnuts. All of the girls were served milk.

After the cook-out plastic lanyards were made. Seven Boy Scouts, under the direction of C. W. Dunham, assisted the girls in making the lanyards. They were Stewart Chancellor, Barry Cummings, James Barron, Hazen Woods, Danny Page, Arnold J. Hubbard and Edward Hill.

Archery lessons, under the direction of Herbert Buder, and supervised games also were participated in. The group returned shortly before noon.

At the meeting Monday, the Brownies will mount shells on plastic bracelets. The older girls will make lucite bracelets mounted with shells.

The bus for Cloverdale will leave Monday at 8 a. m. and 8:30 a. m. from the North Elementary school, stopping at the South Elementary school enroute to the campsite.

They're All Good Marines

Maj. Herbert H. Hawkins, of St. Albans, N. Y., properly returns the salute of Roger and Bobby Ehrler, of New York. The Ehrler twins, 6 years old, are the sons of a Marine killed on Iwo Jima. They were on hand to see 280 Brooklyn Marine reservists sail from New York for summer training at Camp Lejeune, N. C.

Australian Sheepmen See Prosperous Year

SYDNEY —(AP)—Australian wool-growers think they will continue to prosper in the new 1948-49 season. The season officially opened August 1. The first sale will begin in Sydney August 30.

Wool experts have expressed the view that the market will continue to be as strong as in the last two years. Some think the prices may even higher than in the last two seasons.

Greater competition from continental buyers is expected in the new season. The abolition of the Australian government subsidy on purchases by Australian buyers, however, may help to keep prices down. Nearly 400,000 bales of wartime

RETURN FROM CAMP

June and Retta Hazlip have returned from camp at Hill Terrace been attending the last six weeks. Angela Hazlip of Mayersville, Miss., who also attended the camp, came with them for a short visit here.

Add finely grated onion and crumbled bits of crisply cooked bacon to a green salad bowl. Another delicious tasting addition to a mixed green salad is chopped stuffed olives and tomato catsup.

IS YOUR CHILD READY TO READ?

Lewis M. Terman, by standardized tests, finds 40% of children from 4 to 6 are ready to read. Also that from 5 years and 6 months to 5 years and 11 months, 50% are ready to read. If your child of near 6 is average, the chance is 50-50 that he is ready to learn to read. If he is above average the chance is much greater.

Don't Trust To Luck . . .

PROGRESSIVE TINY TOT ART SCHOOL

will administer standardized Reading Readiness Tests compiled by Mr. Terman and his associates, during the week beginning August 30 and ending September 3. If your child is ready to learn to read and cannot enter public school this year because his birthday comes after September 1, we offer him first grade work separate and apart from our pre-school. The hours will be from 1:00 to 4:00 p. m. The fact has been well established that children completing the first grade in this school have an excellent foundation.

For INFORMATION call 798-W

Czech Unions Blame Tardy Workers

PRAQUE —(P)— Strenuous efforts are being made to reduce absenteeism and late arrival for work in Czechoslovakia's nationalized industries. Premier Antonin Zapotocky has denounced late-comers as "saboteurs" of the nation's economic efforts.

Propaganda is the chief weapon being used in an effort to cut down these figures. At some factories, loud speakers have been set up, with a union leader at the microphone. Late arrivals may hear something like this: "Well, Comrade Svoboda, we hope this will be the last time you are late to work" or "Oh, Miss Cerna, we cannot imagine what made you 15 minutes late today."

Native species of wild grapes in the United States have been widely used in developing new species and root stocks.

Russia Orders More Care For Children

MOSCOW —(P)— The Ministry of Education of the USSR has decreed that Soviet schools must provide for after-school activities of children in schools of working parents until their parents return from work.

Soviet schools before the war did provide such facilities, the ministry says. There is a high rate of failure among students who spend after school hours on the streets, and there have been cases of serious accidents among such children, the ministry says.

Kodogee is a combination of cooked flaked fish, cooked rice, parsley and salt and pepper; be sure that the parsley is finely chopped. Melted butter and an egg yolk may be added to the mixture to bind it together and then the whole thing reheated gently.

Photographer Plays Photographer

Seeking someone to play the part of a news photographer in a forthcoming movie, "The Lucky Stiff," casting director Dorothy Whitney, left, gave the role to, of all people, a news photographer. Roger Bath, right, Acme Newspictures cameraman in the Los Angeles bureau, looks over his part.

We the Women

A Hollywood director says an actress has to be at least 30 before she is convincing in her love scenes. He admits the young actresses in Hollywood have it over the 30-and-ups in looks, but says that while young girls are speaking tender words to the handsome heroes their eyes are about as impressive as they are when ordering an ice cream soda.

That is an observation that can be applied to women in general. At 18 or 20 a girl looks like a man's ideal woman. But she seldom talks or acts the part convincingly. Why?

Too Self-Centered
Because at 18 or 20 all she is interested in is herself. She is thinking about how she looks; how she is feeling; whether she is having a good time; what kind of an impression she is making.
The woman of 30 has lost a lot of that self-centeredness. She has learned that the way to really charm a man is to think not about herself but about him.
So she concentrates on making him feel happy and on giving him a build-up.
So women can be grateful for the fact that young girls are often self-centered.
Because if a girl of 20—with her natural good looks—had the poise and charm of a woman of 30, the mature woman wouldn't have a chance with a man. As it is, the charms of the young girl and those of the young woman are about evenly divided.

Inflation Hits Spanish Bull Ring

MADRID —(P)— The cost of staging a bullfight—Spain's "national fiesta"—has jumped from 7,500 to 1,000,000 pesetas (\$750 to \$100,000) in the last two hundred years, the Madrid sports weekly "Digame" reports.
The magazine said that in 1743 a star bullfighter received 950 pesetas (\$95) for an afternoon's performance. The late Manolete, "Champion" matador, received as high as 275,000 pesetas (\$27,500) for killing two bulls.

Pattern sales in 1948 are expected to exceed the 200,000,000 unit mark.

Committee Investigation Works For Committee

MANILA —(P)— You can't win department.
Manila newsman Malchor Aquino tells the story of a committee appointed by the government to investigate the affairs of a government owned corporation. Company employees had complained that a plywood intended for their use in home building was being illegally diverted to other hands. The committee investigated. The committee ended up getting the plywood for its own use.

Czech Movie Critics Praise American Film

PRAQUE —(P)— Czechoslovakian critics had nothing but praise for the American movie "Best Years of Our Lives"—the Academy Award winner in 1947.
The movie was shown during the International Film Festival at Mariánské Lázně (Marienbad). A previous American film shown there, "Blossoms in the Dust" was roundly criticized.

Asparagus is a perennial plant which, under proper cultivation, will produce profitable crops for 10 to 15 years.

returned the material to Mr. Sterling at the florist's?"

"Yes, I gave it to him. There was no comment."

"Thank you. Then what did you do for him?"

"Just a simple errand. He gave me a package to deliver and I was to pick up a roll of newspaper for him."

"To whom . . . and from whom?"

"I don't. . . oh! I delivered the package to a Mr. Davenport at the Crossstown Hotel, and he gave me a roll of newspapers."

"What was Mr. Sterling do with the roll of newspapers?"

"He put them in a drawer of his desk. I doubt that he ever looked at them."

"Do you know what was in the package you delivered?"

"Miss Wilson's brows gathered, "Certainly not, Lieutenant."

Talent smiled. "You must please try to be patient with me, Miss Wilson," he said. "Now, you remember the name Davenport and the Crossstown Hotel just from that one instance, do you?"

"No, that isn't correct, Lieutenant."

"Oh, you made other deliveries to Mr. Davenport?"

"Yes. I think he became an investment client."

"But you only think that. You don't know what you delivered to him for Mr. Sterling at any time?"

"No, I don't have an idea."

Talent rubbed his chin. "When did you make those other deliveries to Mr. Davenport?"

"Well, they began right after the end of 1940. That first occasion, you remember, was in May, 1940. I was in the north area 1941. . . yes, I'm sure of that, because Mr. Sterling went into the Marines in December, 1941. . . it was each month of 1941 that I took an envelope to Mr. Davenport."

"You were not being strongly bothered he followed with his next question. "Miss Wilson, would you recognize Mr. Davenport if

An excellent dish to serve for a party supper may be prepared from a cream sauce flavored with mustard and finely grated onion, cooked lobster and sauteed fresh mushrooms; turn into a casserole or individual baking shells and top with buttered crumbs.

"Control yourself, Dick. I wanted you to enjoy your weekend."

"Enjoy it? It's been a living hell. Can't you see, Chris, that I've got to have the truth?"

"There isn't any question that there is a great deal of truth," Talent said, "but suppose you wait until we know the whole truth. Now get home to Janet, Dick. Have dinner with her. Talk about something else. Think about something else. You may get a call from me tonight. I may ask you to come out . . . to bring Janet. Do it my way, or don't do it at all." Talent looked at Chris. "I guess I'm making a fool of myself."

Talent got up, walked to the door of his office with Trapgood, gave him a pat of encouragement he himself was trying to feel.

vid in hearts and clubs, and if the opponents bid either of those suits, Mrs. Hermistone's partner probably would be well fortified against them.

However, she bid four diamonds, and when North bid four hearts, she would have to be blamed for doubting. Now South bid four spades, which I do not think Mrs. Hermistone should have doubted. It was obvious that the whole hand was of a freshish pattern, and she had no reason to doubt that she would defeat four spades. If she had not doubted, the opponents undoubtedly would have played the contract at four spades.

After her double and North's redouble, she was confronted with a very difficult problem, with either

It was a disastrous hand for East and West, as the opponents cashed five spade tricks and two diamond tricks.

Freak hands are difficult to handle as well as to analyze. In such cases one can only ask, "What did you do with it?" rather than

WE the WOMEN

By RUTH MILLETT

Mama had to go to the hospital for a few days. While she was gone, Father had to take over all her duties and chores, despite the fact that the family's two children are 12 and 14 years old.

But because they had never helped out around the house or had any responsibilities at home, they were completely helpless while their mother was away.

Mama had done everything for them for so long that when she couldn't do for them, they couldn't do for themselves.

That is a rather foolish and short-sighted way to bring up children, but it is fairly common today. She Had The Time.

Simply because she doesn't have a large family, Mama has time to do everything herself, and usually does it.

And then comes along a family crisis and the children aren't able to assume any responsibility at all, because they've never been trained to assume any.

The wise mother — even though her family is small enough so that she can wait on her children hand and foot if she chooses — expects them to do things for themselves and to help her with her work. It's part of their growing up.

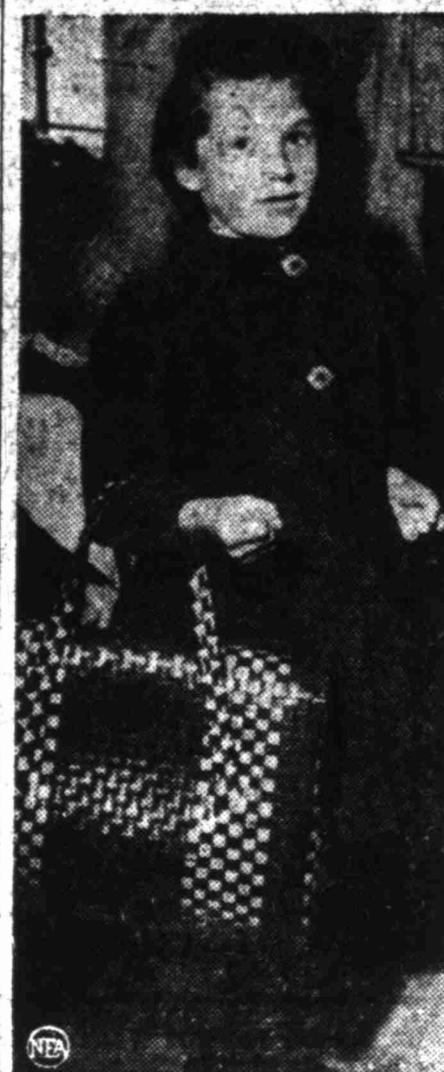

And then when an emergency comes along, her children are able to take hold and help out. They're not helpless without a mother around to tell them what to do and what not to do.

Quaker Group Typifies Private Relief Effort In Citizens' ERP

By CORBINNE HARDESTY

PHILADELPHIA — (NEA) — A serious-looking gentleman turned up at the old Meeting House in downtown Philadelphia one blistering hot Saturday afternoon and announced he had a gift for the American Friends Service Committee.

The only worker still on duty looked interested. Then she looked appalled when the gentleman explained that his gift was a ton of

At a Quaker clothing distribution center in Germany, this nine-year-old already wears her new coat; the big new basket contains the other clothes she was given.

the one bedraggled outfit they have with a sister or brother; one child stays home while the other wears the rags to school. When a Quaker worker in Austria, where the committee has sent nearly a million

This girl got a new dress from the Quakers, but the shoe allotment had to be saved for her father and brothers.

tons of clothing and shoes, asked a 10-year-old boy what he most wanted in life, the lad replied: "A second helping, and one whole suit of clothes — all my own."

horsemeat. But the worker was stumped for only a moment. Working fast, she got the gift into cold storage before the Saturday afternoon sun ruined it, and then got the donor directed to the proper agency.

"Like a lot of other people who want to give us things," the worker explained in relating the incident, "he was a little mixed up. He had misread instructions about food gifts and had come to the wrong agency."

The problem was not unique to the committee, which has spent some \$60,000,000 in relief and rehabilitation and sent abroad thousands of tons of food, clothing, medical supplies and other items in the past 31 years.

Although the Quakers' foreign relief programs are not organized

In shoe-hungry Ludwighaven, Germany, girl already wears a wooden shoe held on by strap.

to permit general participation in projects dealing with live stock, it occasionally inadvertently gets mixed up both here and abroad with animal life.

A beautiful, pedigreed Percheron stallion was given to the committee in Philadelphia and was the source of much attention and admiration from horse fanciers on the staff, and some intense thought and planning among shipping clerks before he was finally settled on a farm in Normandy.

In a little Hungarian town, a committee worker became temporary custodian of a drunken pig, a gift animal which had been fed whisky to quiet it down for the trip to Budapest.

A gift of dress suits isn't like anything bedraggled, ill-clothed Europe is waiting for. But clothing needs are universal, and there are also varied.

The Budapest symphony orchestra, shortly after the end of the war, reorganized itself and began rehearsing diligently. It could not give public performances and thus help support itself because members had nothing to wear but their patched and ragged clothes. The committee was able to dress this need with a surplus of dress suits from a wealthy American community. The orchestra gave its first concert for the benefit of the A. F. S. C. work in Hungary.

"If someone asked me what Germany needs most, I'd say shoes," a Quaker worker wrote after a clothing distribution in Ludwighaven. "Shoes, stockings, and trousers. Any kind of shoes for men, low-heeled, sturdy shoes for women, and children's shoes."

Many European children have never had the experience of wearing a new garment. Many share

Japanese War Trials One Of Biggest Experiments In International Justice

By DOUGLAS LARSEN

WASHINGTON — (NEA) — The Japanese war crimes trials have been one of the biggest experiments in international justice in history. They have had less publicity than the trials of the Germans and there were fewer defendants. But in most respects the show in the East has been on a much bigger scale.

The man-hunt for Japanese suspected of all sorts of fiendish atrocities and other war crimes started over thousands of square miles in more than a half dozen countries and all through the Pacific islands. Literally whole armies of U. S. troops at one time or another took part in the search.

One of the biggest jobs was the collection of evidence against the suspects. It involved finding the

graves of murdered U. S. airmen, interviewing thousands of Chinese, getting statements from freed American prisoners of war and then bringing them back to China or Japan for the trials as witnesses and tracking down the smallest clues.

In addition to the trials the United States conducted, Australia, Great Britain, and the Netherlands East Indies have prosecuted Japanese for war crimes against soldiers of those countries. Those countries meted out about 500 death sentences.

More than 100 of those given the death sentence have already been hanged. The two most notorious of these are Gen. Yamashita who directed the horrors inflicted on the civilian population of the

Philippines and on the U. S. soldiers there, and Gen. Hasegawa for his direction of the Bataan Death March.

Here are the U. S. totals to date: 223—Death sentences. 95—Life. 75—26 to 50 years. 213—11 to 25 years. 126—Six to 10 years. 196—Five years or less. 74—Acquitted.

The death sentence was asked for those Japs whose torturing or other mistreatment of U. S. soldiers and other victims resulted in death. Life sentences were given for inhuman treatment and tortures which couldn't be proved to have resulted in specific deaths of U. S. servicemen. In more than 20 cases to date death sentences have been commuted to life by review boards of the Army and Navy. There will probably be more sentences reduced.

California Governor's Rise Is Paced By Career As Family Man

One candidate's family: Back in Sacramento after winning the GOP vice presidential nomination, California's Gov. Earl Warren poses with wife and daughters (who were at the convention with him) and two of his sons for an almost complete family picture. Left to right: Dorothy, Virginia, Mrs. Warren, Jim, Bobby, Jim's wife, Nina, Governor Warren. Third son, Earl, Jr., is not in picture.

By SAM ARCHIBALD
SACRAMENTO, CALIF.—(NEA)—The boys who date 17-year-old Dorothy Warren, one of the daughters of California's Earl Warren, seldom forget the first time they go to the Governor's Mansion to take her out.
 First they are inspected carefully by the state policeman who is Governor Warren's chauffeur. Next a housekeeper escorts them into the old, high-ceilinged living room. There they are the center of at-

tention while the governor, Mrs. Warren and any of the five other children who are home "look over" Dorothy's new date.

"You wouldn't think a man who is governor of a whole state would have time to see every fellow his daughter goes out with," the high school boys say.

But Gov. Earl Warren snatches time from state functions whenever possible to participate in his family's activities, for he actually has two jobs. One is that of chief executive of one of the biggest states in the nation. The other is that of the head of a well-knit family of six lively sons and daughters ranging from 13 to 28 years old. And it is a toss-up which job is more important to him.

Pictures of Governor and Mrs. Warren with their three daughters, Virginia, Dorothy and Nina, at the Republican National Convention in Philadelphia where he became vice presidential candidate, have been called the best campaign posters the Republicans could ask for.

See The Sights
 But Earl Warren did not take his daughters to Philadelphia for political purposes. They went with him for the pleasure of the trip and to see the sights in the East. Similarly, the whole family accompanies him on every possible trip. Since he entered politics as a district attorney, his family has been inextricably mixed in his public life.

Earl Warren had graduated from the University of California with the idea of becoming a wealthy trial lawyer, but after ending World War I as a first lieutenant, the only job he could find was that of junior assistant in the Alameda County District Attorney's office. By the time he became a district attorney himself, he had learned to like the job, and as attorney general he had similar duties on a statewide basis.

As attorney general, Earl Warren had a first-hand look at juvenile delinquency. Possibly because of this, he and Mrs. Warren try to raise their children by encouragement, cooperation and praise rather than by driving them. They both feel they can keep their boys and girls out of trouble by keeping them

The number of officers in the U. S. reserve army was reduced from about 68,000 in 1920 to about 5,000 at the outbreak of World War II.

busy.
 All of the children have attended public schools, and after the family moved to the state capital when Earl Warren was elected to his first term as governor, they became a familiar sight at band concerts in the park on Sunday. They moved into the Governor's Mansion in Sacramento—a big, musty house built in the last century and a mansion in name only. The interior, including a marble fireplace, was painted a dingy grey, and Mrs. Warren's first job was to redecorate the house on a small budget. With bright wallpaper and comfortable furniture, the mansion was turned into a cherry home, filled to capacity by the large Warren family.

When Earl Warren was chosen for a second term as governor by winning the nominations of both major parties at the primary election, the family had become as much of a landmark in the capital city as the big white house.

On the way up: The Warren family really filled the California Governor's Mansion in Sacramento, after his election in 1942. Moving in here are (clockwise, from lower left) Nina, Virginia, Dorothy, Bobby, Earl, Jr., Mrs. Warren and the governor. Oldest son, James, was in the Army on moving day.

CZECHS TRADE BEER FOR FAT

PRAGUE—(AP)—The newspaper "Mlada Fronta" has publicly recognized—and denied—rumors that Czechoslovakia has suffered food shortages because of exports. The paper also explained why Czech beer has been weaker. "We have intentionally lowered the percentage of beer from seven to five and we export the saved malt," the paper said. "In exchange for what? Our fat. . . . We are drinking a weaker beer but our supply of fats has been insured. Now what is more important: A fat meal or a strong beer?"

STUDIES HARD FACTS ON PAVEMENT

MANILA—(AP)—Leonardo Manas is tired of living on a dusty street. Looking about Manila and noting which streets were being paved and which were not, he got an idea. He has offered any cabinet member or bureau chief of the government one of his apartments. Lights, water, rent will be on Manas.
 Already he reports, amid a flood of applications from lesser lights, a few from people who "may be productive of asphalt for our street."
