

Illegal Trotlines Hauled From Lake

Mitchell County Game Warden Ronnie Aston, along with 15 other wardens from the area, confiscated about 200 illegal trotlines in Lake Colorado City during the day Thursday.

Aston said the men worked the entire Lake area, dragging out the illegal trot-

lines from areas all over the lake.

"Illegal" means that violations occur in any of the following requirements:

--Name and address of the trotline owner must be attached to the line.

--The line must be dated the day it is put out and

must be re-dated each 90 days.

--There must be no more than 50 hooks on each line and they must be spaced three feet apart.

Trucker Dies After Accident

Al Kenith Daily of Fontana, Calif., died en route to Root Memorial Hospital Thursday morning after he was freed from the wreckage of the Mt. Shasta Farm Line Trucking Co. truck he was driving eastbound and it ran off the highway and slammed into a culvert about 1 1/2 miles west of Loraine.

The accident took place shortly after 4 a.m. Thursday and investigating officer Jimmie Granato, highway patrolman, said the truck crossed the median and fell between two bridges.

The back part of the truck smashed into the cab, leaving Dailey pinned in the wreckage. Members of the Loraine Volunteer Fire Dept. and Mitchell County Sheriff's Dept. worked more than an hour to free Dailey.

He was dead on arrival at Root Memorial Hospital.

The 26-year old Dailey was born Feb. 14, 1950 and was driving the truck loaded with lettuce to Kentucky from California.

Dedication

Special dedication services at Oak Street Baptist Church are set for 7 p.m. tonight (Sunday) and all members, former members and friends of the church are invited to attend.

The dedication service is to celebrate and dedicate the recent expansion of the buildings at the church.

BEEKEEPER L. C. Morris relocated some bees which swarmed into the building behind Pond & Merritt Cleaners recently from a wild hive which has been located in the brick wall of White's Auto building for a long time. Morris said he thought it was the first time the bees have swarmed since a fire in the building about eight years ago. Morris, using gloves, swept the bees into a box and they went along docilely, making no attempt to sting him. "I've been stung so many times, I'm immune," he said. He has about eleven hives at his place and this bunch of bees will add to his collection.

'No Rain' Becomes 'Loraine'

A recent item in the Snyder Daily News made note of how the names of two Mitchell County communities received their names.

The article read as follows:

"Edgar Taylor came up with another story about a railroad telegrapher's mistake resulting in a name for an area community. We had mentioned in a recent column that the region in Mitchell County known as Iatan started out as 'Satan,' but a telegrapher in Fort Worth misinterpreted a message from the track-laying crew when the Texas and Pacific Railway was being built. He read the first letter an 'I' instead of an 'S' and to this day it remains Iatan.

"Taylor said there is a story among old-timers that the Mitchell County town of Loraine got its name in a similar manner. After receiving an inquiry from Fort Worth, a telegrapher sent a message and noted that there had been 'no rain' and the person on the other end of the line thought he was referring to the name of the new station and translated it as 'Loraine'."

The Record consulted J. Lee Jones Jr., local attorney, who has been doing an extensive amount of research on the history of Mitchell County.

Jones relates that what is now known as Iatan Flats was originally named Satan Flats by the railroad as tracks were put down through that community in a hot August. Jones said he believes the name became known as Iatan, which is not a word and is not derived from any country or language, due to a draftsman mistake.

He noted that the long hand I and S are similar and that it was simply misread by a draftsman.

Regarding the name of Loraine, Jones said he believed that the name came from a town in France.

"It took us most of the day to drag up the lines," Aston added, saying that the trotline regulation is enforced periodically in order to keep the lake waters free of the menace they pose to safety in use of the waters, both for recreation and fishing.

Town Talk

By MAC MCKINNON

"The Star Spangled Girl," now on stage at the Colorado City Opera House, is a typical Neil Simon comedy--outrageously funny.

In case you're not familiar with Simon's work, he is the author of such plays as "The Sunshine Boys," "The Odd Couple," "Barefoot In The Park" plus many other classical comedy favorites.

Its presentation on the stage at the local Opera House, presented by the local Play, use group, is very entertaining.

There are only three members of the cast, Leslie Schnaufer as Sophie Rauchmeyer, Terry Revis as Andy Hobart and Mark Brosam as Norman Cornell. All three do a terrific job.

The play involves two young writers who are attempting to put out a magazine that protests many of the things in American life.

The young lady moves into the apartment next door and immediately the young man played by Mark Brosam becomes enchanted with everything about her. He is so much in love that he can't do his work and his partner becomes infuriated because love is getting in the way of writing articles for the financially troubled magazine.

In addition, the young lady is not too pleased by the attention she is getting because she is engaged to marry a Marine. All of the action leads to a lot of laughs, especially the young lady's remarks about the lack of patriotism on the part of the young men. She lives, eats and breathes the "Red, White & Blue" and doesn't appreciate anyone who doesn't.

There are many classic lines in the play that put the audience almost rolling in the aisles.

Quite unfortunately, there hasn't been much of an audience to roll in the aisle.

I don't understand. Here is a fine evening of entertainment available for everyone. It doesn't cost much for tickets and you always hear people hollering about nothing to do.

The actors and everyone in the Playhouse group have worked hard to make such entertainment possible. Very few communities in the nation have such an opportunity and it is a shame that more people don't take advantage of this opportunity to see a Broadway play presented in a very professional manner.

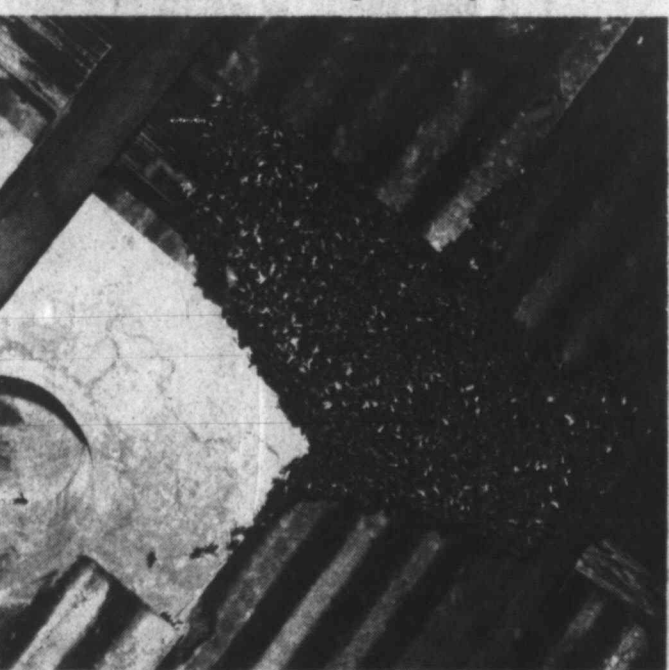

I hope that everyone will ring the phone off the wall at the Opera House this next week to make reservations for the final three performances Thursday, Friday and Saturday. Curtain time is 8 p.m. each evening. Tickets are only \$2 each and reservations can be made by phoning 728-3491 between 1 p.m. and 5 p.m. Monday thru Saturday.

Arrested Thursday

A 29-year old Santa Barbara, Calif. man, Dennis Lutrell, was arrested by Sheriff Bill McGuire and Deputy Wendell Bryant late Tuesday afternoon at Louie's Lakeside Lodge on Lake Colorado City.

Lutrell was wanted in Longview for a misdemeanor bail-jumping charge and by California authorities for assault with a deadly weapon on a California highway patrolman.

He was picked up by Longview authorities and will be extradited to California for prosecution on the more serious offense.

Little League Season Opens

The 1976 Little League season gets underway at 6 p.m. Monday with the Tigers and Dodgers facing off following opening ceremonies including a picture taking session.

The opening ceremonies and picture taking will begin shortly after 5 p.m.

The second game at 8 p.m. Monday will be between the Giants and Indians. Tuesday night, the Pirates and Yankees plays at 6 p.m. followed by a game between the Rangers and Astros at 8.

Each of the Little League games are played at 6 and 8

p.m. Monday, Tuesday, Thursday and Friday. Farm League teams play at 4, 6 and 8 p.m. each Saturday.

This year's competition is expected to be strong with the Indians the pre-season favorites. In the Farm League, there will also be strong competition with the Colts, league champions for the past two years, expected to successfully defend their league crown.

Little League officials have pointed out there are still openings on most teams for more players. Girls and boys between seven and nine are eligible to play in the Farm League and those between 10 and 12 are eligible to play in the Little League.

Anyone interested should contact League President Frank Marsh, vice president Larry Blasingame or player agent Leon Light.

The following is a list of players with teams.

Johnny Cash Film To Be Shown Today

The story is old, but the perspective is up-dated and brought into sharp focus by the film *The Gospel Road* to be shown on Sunday May 9, at First Baptist Church. The showing will begin at 7 p.m.

The Gospel Road, distributed by World Wide Pictures, was conceived and produced by Johnny Cash and his wife, June Carter Cash, whose desire was to tell the story of Jesus Christ in a realistic and meaningful way.

The film is a unique blend of scripture-based narrative, an abundant supply of specially written songs, and a series of in-depth character portrayals, with Israel itself as the mixing bowl.

You are there, walking beside the Jordan and the Sea of Galilee; you are there, seeing Him in many human situations that establish a practical and personal rapport with every viewer.

Adding to the effectiveness of *The Gospel Road* in its endeavor to convey reality for this day are: the

fascinating treatment of the Crucifixion, making this tragedy an event of significance that reaches from its own time across the years to take on meaning for all men of all ages; and the song and background music of Johnny Cash and other outstanding musicians, whose contemporary style is not out of keeping with the story...a story that reveals that His darkest day has become our brightest.

A LIFE OF LOVE AND SERVICE

Duane Roever

Pastor

First United Methodist Church

Loraine

Today, we celebrate one of the greatest days of all because the one for whom we celebrate is one of the greatest persons in the world. You can search everywhere, but aside from our Lord and Savior Jesus Christ, Mothers are the greatest things going. Poems, stories, and songs have been written about mothers over the years (some recent ones not so good), but Helen Steiner Rice has written a beautiful little poem about a mother's love. In fact, that is the title and I'd like to share it with you.

A Mother's Love

A mother's love is something that no one can explain,
It is made of deep devotion and of sacrifice and pain,
It is endless and unselfish and enduring come what may
For nothing can destroy it or take that love away...
It is patient and forgiving when all others are forsaking,
And it never fails or falters even though the heart is breaking...
It believes beyond believing when the world around condemns,
And it glows with all the beauty of the rarest, brightest gems...
It is far beyond defining, it defies all explanation,
And it still remains a secret like the mysteries of creation...
A many splendored miracle man cannot understand
And another wondrous evidence of God's tender guiding hand.

It certainly is God's hand that guides the mothers in their enormous mission of directing the family on its way in the world today. Of course, the father plays an important part in this endeavor as well, but mothers bury themselves in the obscurity of the task so that her offspring can blossom into fuller life.

One sad thing today is that many young women do not want to be obscure. They want to be in the limelight and there's nothing particularly wrong with that. But sometimes we have to take a back seat in life no matter if we are mothers, fathers, man or wife, single or whatever. We can not always have our own way about everything. Jesus did not try to place Himself in the spotlight of life. In fact, He tried to be obscure, to take a back seat in many ways. He said that He did not come into the world to be ministered to, but to minister. He did not come to make us His slaves, but to be a slave for us. He took it all upon Himself and He died for our sins and was raised from the grave and death so that ALL of us might have life. And as we give life to our children, let us not forget that whether we are mothers or fathers, we have a God-given responsibility to raise our children in the love of God through the example of Jesus Christ.

Hardcastle Refrigeration is celebrating its 30th anniversary this year. Members of the professional staff include Alan Anderson, Mrs. Hardcastle, Howard Hardcastle and Santos Reyes.

For Appliances & Service Work, See Hardcastle

In January 1946, Mr. and Mrs. Howard Hardcastle came to Colorado City and opened Hardcastle's Refrigeration.

The firm is now celebrating its 30th anniversary.

The name of the firm, Hardcastle Refrigerations, does not indicate the full line of appliances and service work that is available through the Hardcastle's.

In addition to doing refrigeration work, they are the exclusive dealer here for

Frigidaire appliances, Lennox and Payne heating and air conditioning units, Arctic Circle evaporative coolers as well as doing sheet metal and electrical work.

Members of the staff are Mr. and Mrs. Hardcastle, Santos Reyes, who joined the firm seven years ago, and Alan Anderson, who is working through the high school's Industrial Cooperative Training Program (ICT). He joined the firm last fall.

Hardcastle Refrigeration

was first located where the Ben Franklin store is now at Second & Elm, later moved to the building across from the City National Bank and in December 1958 moved to the present location, 163 E. 3rd, 728-2252.

The Hardcastle's expressed their appreciation to everyone for their patronage during the years. They invite you to come by and let them talk with you about your appliance, heating, cooling and refrigeration needs.

Judy's Has A Staff Of Four Expert Beauticians

Judy's Beauty Shop is the place to go for the latest in hair fashions.

Located at 1721 Vine, in the building next to E-Z Way Superette, 728-5171, Judy's was first opened May 9, 1964.

Judy Winkle owns and operates the shop. She has been a beautician for 35 years.

Other members of her professional beautician staff are Dora Davila who has been a beautician for 10 years; Honey Rayburn, a

beautician for nine years and Delores Hull, a beautician with eight years experience.

That's a total of 62 years of beautician experience available to serve your hair grooming needs, for both men and women.

Judy's is open Tuesday through Friday, with Judy available for appointments any of those days. Dora and Honey are available for appointments Wednesday, Thursday and Friday, and Delores is available for ap-

pointments Tuesday, Thursday and Friday.

We'll Be Happy To Explain Value and Economy For Your Tire Dollars.

These days we all like to make sure we're getting the most for our money. That's why we'd like you to know the facts about why we believe the Michelin 'X' to be your best tire buy.

Every Michelin 'X' tire is backed by a 40,000 mile warranty for tread wear on domestic cars. That's just about twice the mileage you'd expect from a conventional tire under the same driving conditions. Also, because of its radial design the Michelin 'X' rolls with less road resistance than conventional tires, and that means you can save up to 10% on your present gas consumption (pretty good considering today's fuel crisis). Plus, every Michelin 'X' tire gives you all the distinctive radial tire advantages over conventional bias-ply tires: smoother ride, easier handling, better traction and firmer road holding. And, they add up to a lot of comfort and safety. Invest in better driving. Stop in and have a set of Michelin 'X' radials installed today.

Make things easier on yourself. Stop in and have Michelin 'X' steel-belted radials installed. Think radial... and look to the leader MICHELIN

National Nursing Week Starts May 9

Nursing homes need a mystery. They cause a special week to be set aside from May 9 to May 15, 1976, and designated National Nursing Home Week.

It's a chance to thank nursing home workers for what they do.

America's nursing homes are like a home, a place where a vital role in the health care of the nation is played.

They can be a link between hospital and home for a recuperating patient. For people with long term care, nursing homes provide many levels of care, from intensive round the clock nursing care to monitoring in a private environment.

The American Nurses Association, a non-profit organization, points out that you'll be able to obtain three types of care in a home: nursing care, administered by a nurse or practical nurse; care, which provides such as walking, and out of bed and residential care; supervision and a private environment, including board and social recreational programs.

Nursing homes enjoy visitors at any time of the year, say nursing officials.

In fact, visitors are a "wonder" to someone who is convalescent. The more you care, the more you show.

National Nursing Home Week Starts May 9

Nursing homes no longer need be a mystery. That's because a special week has been set aside from May 9 to 16, 1976, and designated as National Nursing Home Week.

It's a chance to visit a nursing home and see just what one of America's most important services is really like. Nursing homes are complex organizations that play a vital role in community health care for the convalescent and chronically ill of all ages.

They can be an essential link between hospital and home for a recuperating patient. For people who need long term care, nursing homes provide many levels of care, from intensive round-the-clock nursing care to health monitoring in a protective environment.

The American Health Care Association, a non-profit organization, points out that you'll be able to observe the three types of care a nursing home offers: Nursing care, administered by a registered or practical nurse; personal care, which provides services such as walking, getting in and out of bed and so on; and residential care, general supervision and a protective environment, including room and board and social and recreational programs.

Nursing home residents enjoy visitors at any time of the year, say nursing home officials.

In fact, visitors and volunteers can be a "wonder drug" that makes all the difference to someone who is elderly or convalescent.

Foster Homes Needed

Foster homes are needed in Mitchell and Scurry counties to provide care for aged, blind, or other disabled adults who can no longer continue living in their homes, but are not medically eligible for nursing home care, according to Stan Dieckmeier of Abilene, adult social services supervisor, Texas State Department of Public Welfare.

The foster family home program is one of the adult programs provided by the department as an alternative to institutional care.

"We are seeking warm hearted people who have room in their homes for one to three aged or disabled people who are not related to them," Dieckmeier said. "The foster family must be willing to help provide opportunities for social recreational and religious activities as appropriate. They would not need to provide health related services."

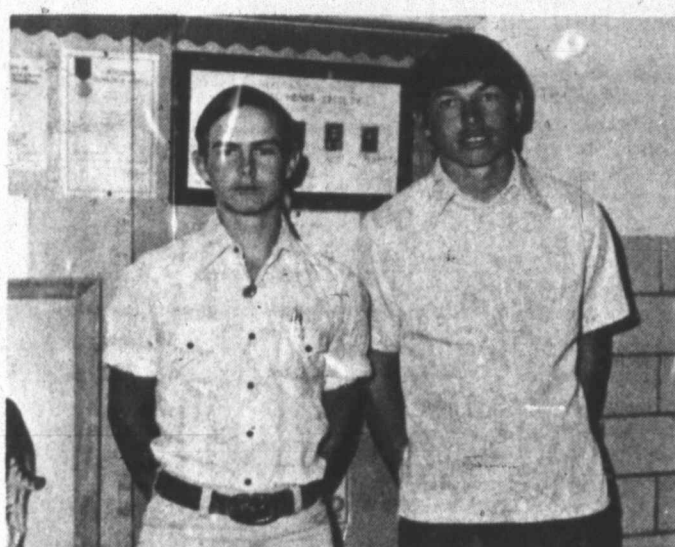

Upon notification, the social worker will interview prospective foster care providers and check to see that the home meets health and safety standards. They will also give ongoing consultation to approved providers on any problems that may arise, he said.

"We would help the persons seeking foster care and those wishing to give it to get acquainted before further arrangements are made," Dieckmeier stated. "This is, really, a family-sharing program where all concerned need to be congenial. We expect it to enrich the lives of all concerned."

Cost of the foster care is shared by each receiver and the welfare department, who together pay a total of \$220 per person per month to the provider, according to agency regulations.

Dieckmeier asked persons interested in learning more about providing this service to contact the local adult social services worker. Mitchell and Scurry county residents may write Teresa Johnson at P.O. Box 41, Colorado City, Texas 79512, or call her at (915) 728-2618.

THIRD IN STATE—Westbrook FFA chapter's Livestock Judging team won third in the state in a contest held at Texas A&M University April 24. Pictured here with the plaque they won are, from left, Bobby Matlock, Ronnie Miller, Glenn Rich and FFA advisor J. W. Schlee. Fifty-four teams from throughout the state competed in the statewide contest.

REGIONAL QUALIFIERS in track from Westbrook High School, Daryl Rich and Bobby Matlock, are pictured here. Matlock, right, entered the high jump event and with an effort of 5'10" placed fifth, not high enough to advance to the state meet as first place was a jump of 6'4". Matlock also entered the hurdles and long jump but did not get to the finals in those events. Rich qualified for regional in the pole vault.

Coaches are Ronnie Ashton, Jim Dockrey and Travis Turner.
