

## DRILLING

Driller Joel Wells handles the controls of a Crawford Drilling Co. rig working at a depth of 500 feet Tuesday west of Quail in Collingsworth County. Wells said he expected drilling on the 6,000 foot well to take about two weeks.

## Jack F. Grimm Drills Wildcat In West Edge of Collingsworth

Jack F. Grimm, one of the oil industry's most colorful and successful men, has moved into the Collingsworth drilling picture with

a test spudded during the weekend in the west edge of the county.

Grimm, who heads Grimm Oil Company, Abilene, is creating excitement here not only for his search for oil or gas in a new area, but for his ventures and adventures that lead him to believe he has located the Biblical Ark on Mt. Ararat, and the location of the Titanic, 12,000 feet down in the north Atlantic.

Grimm is dead serious on this venture.

This is a wildcat designated as the Jack F. Grimm No. 1 Martinez, located on section 18, block 21, approximately two and one half miles south of Highway 203 at the point where it veers southwest.

It is on land which Dr. Henry Martinez of Amarillo acquired from the Earl Allen family and is located

2220' from the north section line and 1037' from the west line. It is approximately 9 miles southwest of Quail.

Late Tuesday afternoon, the well was at 400 and drilling. Crawford Drilling Co. of Quanah is the driller. Grimm could not be reached at his Abilene office, but Phil Page, geologist with the company, emphasized the wildcat nature of the well when he said:

"This being such a wildcat, so to speak, it goes right along with Grimm's personality in exploring the unknown."

The closest wells ever drilled in this part of the county are from 6 to 8 miles distant, one directly east of this location, the other southeast at approximately the same distance.

The test is located in the Palo Duro Basin, Page said, on the west

## Wauer Issues Tax Race Statement

Democratic nominee for County Tax Assessor-Collector Ann Wauer issued a statement this week after Patsy Barnett announced that she will run in the general election as a write-in candidate for the Tax Assessor's job.

Mrs. Wauer's statement is as follows:

"I have held the office of County Tax Assessor-Collector for the past 6 years and would once again ask for your vote and support in the upcoming Nov. 6 General Election

I feel each of you know me and I hope my past experience will persuade you to vote for me again.

"I graduated from Quail High School in 1961, since then I have worked in the public most all of the time. I am married to Benton Wauer, and have one son, Mark, who is presently attending Amarillo College.

"I have recently completed the last course for a total of 12 courses that will enable me to become certified in the field of assessing

and collecting. The State has made it mandatory in the last few years that to be in the Tax Office you must register with the Board of Tax Professional Examiners and become certified to stay in the office. In November I will take the exam to become certified.

"I will be busy collecting taxes during the month of October and will therefore not have as much time to be out of the office in order to see everyone. However, I will try to see as many as I can in the amount of time I have."

## Dodson Gets Water Grant

Dodson is one of 6 Panhandle communities which will share \$1.27 million federal community development grant funds, administered by the Texas Department of Community Affairs of the Governor's office.

Dodson's share of the money, \$142,900 will be used to upgrade its water system.

Announcement of the grants was made by Linda Allen of the Panhandle Regional Planning Commission Thursday, Sept. 14., however the official notice from the governor's office has not been received in Dodson.

Dodson's present water system has been condemned by the State Department of Health, due to the high nitrate content, which amounts to 14 milligrams per liter. 10 milligrams is the maximum acceptable nitrate content.

The application for the funds was worked up by Ober J. Engineering, Inc., and drawn up by Jamie Johnson, P.E. of the firm.

In general, the plans call for a new deeper water well in the same vicinity as the present well, some

new water lines in Dodson, replacement of some of the fire hydrants and service connect replacements.

The proposed well should be from 350 to 400 feet in depth, deep enough to eliminate the nitrate content said Johnson.

This is a 100 percent grant.

Of all projects in the Panhandle submitted requesting grant money, Dodson was rated No. 2 project. No. 1 project was Quitaque, also for a water system on plans also worked up by Ober J. Engineering, Inc.

Although an Oct. 1 start-up date was originally proposed for the Dodson project, procedures that must be followed before work can begin makes that date unlikely. This work will not begin until after official notification is received from the office of Governor Mark White.

It is expected the finish date will come after the first of 1985.

Dodson City Council, headed by Mayor Thurman Crownover, has worked on the project.

Dodson has no problem with the amount of water its well is able to supply, which is pumped into a nearby 50,000 gallon concrete ground reservoir and from there into town.

The new well will be dug below 350 to 400 feet, which should be below the level of nitrate contamination.

The present well and other wells of similar depth in the area, pump sand and the deeper well should eliminate this problem also.

The water lease, on which Dodson wells and others no longer in use are located was secured in 1966 from the late Leon and Winnie Mae White and is a strip about 60 feet wide along on the east side of the northwest quarter of section 60, block 10, totaling approximately 3.5 acres. This location is north of Dodson.

Upgrading of lines, connections and fire hydrants in Dodson, included in this project, will give added convenience to Dodson users, as well as greater fire protection for the town.

## Childress at Powell Field Friday

Wellington Skyrockets will host Childress Bobcats at Powell Field Friday, Sept. 21, with an 8 p.m. game time.

This will be the last home game for the Rockets before they go on the road to meet Panhandle and Hale Center, and that rounds out Wellington's non-conference schedule.

Childress is coming with 2-0 undefeated record. The Bobcats opened the season with Quanah and won 28-18. The following week they defeated Memphis 12-0.

They are not as large as in the past, but the Bobcats have a lot of quickness. They have a quarterback, Chris Castleberry, 179 pounds, who operates with Wing-T offense real well," said Wellington head coach James Williams.

"He also is a fine passer. The Bobcats can throw the ball well when they need to."

Probably the running back with the most speed is Kenneth Sims, 154 and a senior.

The power runner, whom the Bobcats depend for inside running is Scott Long, 165, and also a senior. (Childress' 19 seniors and 10 juniors on this team.) At wingback position is one of their favorite receivers Terry Smith, 165 and a senior.

Up front, their blockers are guard Parrish Ticer, 167 and a junior. Rodney Murphy, center, 197 and a senior.

At one tackle is Kirby Lambert, 165 senior, and another guard is

Lance McCoy, 163 senior. The other tackle is Curtis McGee, 180 junior and at end position is Travis Anglin, 165, senior.

Williams again emphasized that the Childress team is not as large as in the past, but this is offset by their quickness.

They will run the same formation as in the past, a Wing-T on offense and also on defense they will stay in the 4-3, which they have run for years.

"They are coming in undefeated-we are coming in without a win, and it's going to be one tough game, especially with the 19 seniors," said Williams.

"We're looking forward to it. I feel that last week we had improved in spots, but we still had some let-downs where we needed to play harder. I feel that in the Mangum game last week, we faced a team with more speed in the backfield than we will face again

this year.

Our kids are gaining some experience and I feel by the time we get to district play, we will have a chance to play with our opponents.

At this time, White Deer is 2-0, having defeated Spearman 7-6 the first week and this past week they defeated Claude 35-10.

Clarendon is 1-1, defeated by Canadian 28-6 the first week and this past week they defeated Floydada 6-0.

Memphis is also 1-1. The first week they defeated Phillips 32-0 and last week they lost to Childress 12-0.

Quanah is 0-2, having lost to Childress 28-18 and this last week to Archer City 9-7.

Shamrock is also 0-2, having lost the first week to Sundown 8-6 and this past week they were defeated by Wheeler 32-0.

Wellington lost to Hollis 27-0 and to Mangum 22-12.

## New Hours for High School Pep Rallies

New hours have been set for pep rallies held in conjunction with Skyrocket football games.

Pep rallies for all home games will be held in the gymnasium just after school, at 3:50 p.m.

Rallies for all out-of-town games will be at 8 a.m., according to Eddie Hankins high school principal.

Linda Johnson, homemaking instructor is cheerleader sponsor, and varsity cheerleaders are Lori Lacy, Vanda Wood, Karen Mote, Debbie Benton, Ashley Williams, and Margo Duncan.

## Official Historic Marker Placed at Nicholson School

An official Texas Historical marker with medallion was set up on the site of the Nicholson School Monday, August 20, first of the official markers to designate a school site in Collingsworth County.

The marker is located on Highway US 83 right-of-way three miles north of Lutie. It was erected by the Wellington office of the Texas Department of Highways and Public Transportation.

The marker reads:

"Nicholson School. Once the center of a thriving agricultural community, Nicholson School was named for County Judge Arthur Clyde Nicholson, during whose term the school was opened in 1914. As Nicholson School increased in enrollment reaching a peak of 150 students in 1929,

additional teachers and classrooms were added.

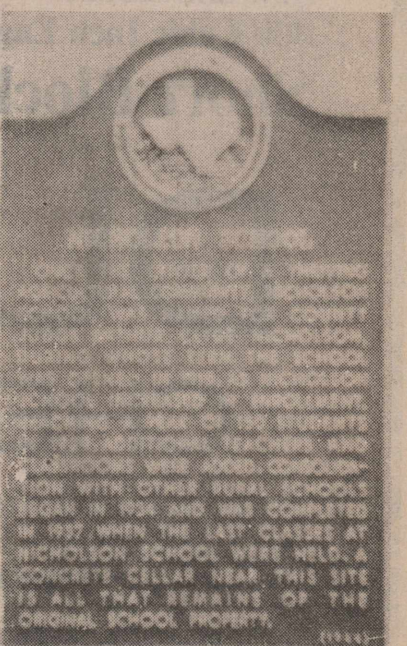

"Consolidation with other rural schools began in 1934 and was completed in 1937, when the last classes at Nicholson School were held.

"A concrete cellar near this site is all that remains of the original school property."

The school was on land donated by the late Edgar Wischkaemper. The land is presently owned by his son, Oliver Wischkaemper.

Among the first to urge that the site be marked was Willie Knoll, whose father, the late Frank Knoll brought his family to the community in 1915.

The concrete cellar was constructed in 1919, now observing

# Baptists Call Rev. Keith Bruce

The congregation of First Baptist Church has called the Rev. Keith Bruce of Duke, Oklahoma, as their new pastor.

The 31-year-old minister will begin his work here on Sunday, October 21.

He succeeds the Rev. Stanley Hughes in this pastorate.

Rev. Bruce holds a B.A. degree from Baylor University and master

of divinity degree from Southwest Baptist Theological Seminary, where he is working on his doctorate at this time.

Rev. Bruce is married and he and his wife, Janet, have two sons, Preston, age 3, and Jonathan, 6 months. She is a Baylor graduate.

He is active in religious and community activities in the towns where he has worked as a pastor, and additionally is active in the Southern Baptist Association activities in Oklahoma.

Before going to Duke, where he now pastors, he was with First Baptist Church, Grand Prairie; Connally Heights Baptist Church in Waco and Paramount Baptist Church, Amarillo.

He serves as consultant for the American Christian Television System and Baptist Telnet. He is an active member and chaplain of

the Duke Chamber of Commerce and was named to Outstanding Young Men of America in 1980. He served as associational Clerk of the Southwestern Baptist Association and was on the nominating committee at the Baptist General Convention of Oklahoma.

Additionally, he works with seminary extension instruction at Western Oklahoma State College, Altus.

In Grand Prairie, he was president of the Church Athletic Association.

He is a native of Memphis.

Before beginning his pastoral work here, Rev. Bruce will be in Wellington for the Panfork Associational Meeting, which First Baptist Church will host on October 4. Baptist churches from throughout the association will be represented.

## Church of Christ Gospel Meeting Set

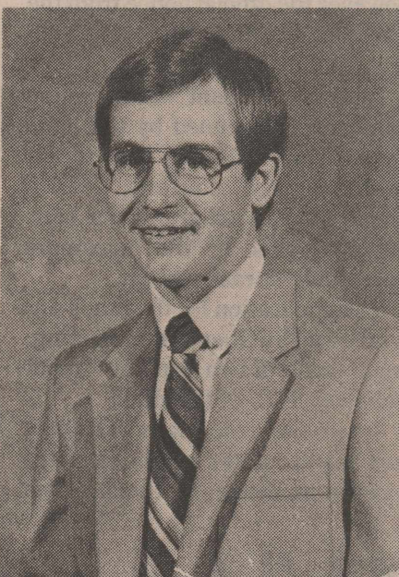

The Church of Christ will open a gospel meeting Sunday, Sept. 30, to continue through Friday, Oct. 5.

The evangelist will be Garell Forehand, former minister of the church, now at Granberry Street Church of Christ in Cleburne.

Music will be under the direction of Haun Kite, minister of the church, and with Paul Williams, minister of youth, assisting.

Hours of services will be: Sunday morning 10:55 a.m.; Sunday evening 6 p.m.; daily Monday through Friday morning, 10 a.m., and Monday through Friday evening 7:30.

"This is an invitation for you to attend our gospel meeting and hear

GARELL FOREHAND  
the Bible preached," Min Kite said.

## Taxpayers Seminar Slated on Sept. 26

Carolyn Bostick, a representative of the office of Bob Bullock, State Comptroller, will be in Wellington Wednesday, Sept. 26, to conduct a Taxpayer's Awareness Seminar. This will be held in the county-district court room of the

court house, beginning at 10 a.m.

Ms. Bostick will cover recent changes in tax laws that went into effect August 1, and those that will become effective on October 2.

Among the topics to be discussed are fuel tax changes,

slope of the ancient Amarillo Mountain Range. (On the east side lies the Anadarko basin.)

Whether oil producing formations exist will be determined only when the distance is reached.

Some of the formations the well will penetrate are the brown dolomite, Wolfcamp, Tubb. "But we actually believe the pay zone is in the Mississippi," said Page.

The well is located on a block of approximately 10,000 acres leased 9½ years ago.

Page indicated that if results in this test are favorable, other wells may be drilled in the area. Grimm discussed some of his other ventures when he spoke before the Young Executive Business League in Wichita Falls recently. One was his hope to raise the Titanic, a luxury liner which sank in April 1912 after it struck an iceberg, took the lives of 1500 passengers, and crew members, and a vast amount of gold and jewels.

Grimm has made three expeditions to find it and hope to return next year. The ship still sits upright, and Grimm believes he has a picture of the propeller.

He goes about this in the same manner that he hunts for oil. "It's like a drilling project, he said, referring to the risk of no returns. "We have scientists and engineers (on the expeditions.)

There is a slight irony. The land on which Grimm's well is going down this week was once owned by a Collingsworth Rancher who lost his life on the Titanic. Alfred Rowe, with his brothers, owned all the land lying west of a line from Dozier south to the Childress County line, as well as more ranch land in Donley County.

motor vehicle taxes, including vehicle registrations, sales taxes that change on October 2, which will be up from 4% to 4-1/8%. For cities collecting the one percent sales tax, this will be from 5% to 5-1/8%.

There will be a period for questions and answers.

All merchants and all others interested in these new changes are urged to attend the meeting.

MARKER—continued from page 1

its 65th year.

It was several years before his goal was realized, and discussions at the annual Nicholson reunion kept the project alive and brought the slowly growing fund that was the community's part of the cost.

A believe-it-or-not incident occurred during a lightning and rain storm in the 1919-20 school year.

The building was lighted by kerosene lamps that hung on the wall. As rain fell "in torrents" when a bolt of lightning struck. Several of the lamps ignited as if some unseen hand had struck a match to the wicks. For the most part, the school's history was quiet.

The school was also used for preaching services, for at that time, and no one gave a thought to separation of "Church and State" applied literally within the community.

Mrs. Loretta Barnett Wright, who heads county historical work, assisted the community.

The Nicholson marker is one of 8,000 that dot the state, the results of a joint local-state program. Markers are initiated, researched, and funded by the county historical commission, or a community working through the commission, and are approved and written at

the Texas Historical Commission in Austin.

A systematic program of historical marker began in 1936 in conjunction with the state's Centennial. One of these is three miles north of town. More recent markers are located at Pioneer Park.

The marking of historic buildings worth of preservation began in 1962, and a few years later the marker program was expanded to include interpretive plats with medallions, such as the one at Nicholson.

The markers are another of the projects of the Texas Historical Commission, formerly the Texas State Historical Survey Committee.

## School Board Raises Substitute Teacher Pay

Wellington School Board raised substitute teacher pay from \$25 to \$30 per day at regular board meeting Monday, Sept. 10.

The board also heard a report that enrollment is down slightly from last year to 673 students: 310 in elementary, 168 in junior high, 195 in high school.

Attendance figures on which the school's state funding is based will be taken during four weeks in October and four weeks in the spring, rather than average daily attendance as in the past, high school principal Eddie Hankins said.

The board also approved new cheerleader guidelines that change the makeup of the cheerleading groups. Under the new plan, six varsity cheerleaders will be elected at large from all of the sophomores, juniors and seniors who try out. Previously the rule called for two sophomores, two freshmen now will be elected as junior varsity cheerleaders. Previously there had been 2 freshmen and 3 sophomore cheerleaders.

On another cheerleading item, the board disapproved use of one

new cheerleading uniform top whose primary color was black. The school's colors are red and white, although football and basketball uniforms during the past several years have displayed black accent stripes.

The board also turned down a request for additional girls basketball suits in order to suit up more team members for the playing squad.

Board members voiced questions they had received from the community on why the high school band did not use its uniforms during the first halftime show, but took no action on the matter.

The board also discussed, but took no action, on questions regarding moving girls high school athletics to the last period of the day. Some board members expressed concern over overcrowding of gym facilities during basketball season, but Supt. Kenneth McKay told the board that new scheduling requirements from the state prevented splitting athletic schedules. McKay also said that in the past girls, who had worked out during the first period, often were required to come back to school for more practice after boys finished in the gym. McKay said he expects boys and girls to alternate practice times during basketball season.

Present were board members Bill Spillman, Frances Schmidt, Reed Souder, John Barton, Kirby Campbell, Carroll Nunnelley and Dan Langford.

## Greenbelt TV Announces New Collection Date

Greenbelt TV Translator is changing its yearly collection date to coincide with the collection dates of Memphis and Childress, which is March 1.

To achieve this, Collingsworth users are being billed \$18 for the 6-months period September 1, 1984 to March 1, 1985, Marshall Peters explained.

Users of the Greenbelt TV Translator are asked to make payment of \$18 as soon as possible.

(21) ROBERT POWELL, (13) RAND JOHNSON, (11) CODY ALLISON

## Wellington Standouts Starting for Cameron

A pair of Wellington, Texas, prep standouts have earned starting berths in the defensive secondary for the Cameron (Okla.) football Aggies.

Robert Powell, a 6-1, 190-pound senior, earned a starting spot at cornerback, while Rand Johnson, a 5-11, 190-pound junior starts at strong safety. Both players had a major role in CU's stunning 33-22 upset of highly-regarded NCAA Div. 2 opponent East Texas State last Saturday (Sept. 8).

Powell had four solo tackles and three assists, as well as grabbing one of four CU interceptions. Johnson finished with four solos, one assist and one pass broken up.

Another area player listed on the CU roster is quarterback Cody Allison of LeFors, Texas, currently listed as the No. 3 signal caller.

Cameron hosts Angelo State University this Saturday (Sept. 15) and the Aggies will be looking for their second straight upset of Lone Star Conference foes.

Johnson is one of just two returning starters in the secondary. He holds the school record with 81 yard interception return against Northwestern Oklahoma in 1983 and collected 41 tackles last year.

Powell earned the No. 1 spot at left cornerback in spring drills. He lettered his junior season. Coaches say his experience will help the

young secondary.

Allison, a transfer from West Texas State University, will provide depth at the all-important quarterback position. His first year will be a learning one for him.

## Resolutions Committee named for Farm Bureau

Collingsworth County Farm Bureau has set the date of its annual barbecue and county convention for Saturday, Oct. 13.

Leading up to this, a resolutions committee has been named to meet Monday, Sept. 24, at 7:30 p.m. at the FB building for a resolution work session.

Members are Albert Fulcher, Danny Davis, Mike Williams and Gary Wright.

Anyone who is interested in the resolutions to be presented at the annual convention, or who has resolutions they would like to have presented, should meet with the committee, said Viva Davis, office secretary.

Benton Wauer, president, has announced other committees:

Wood hauling: Ronnie Hartman, Earl Patterson, Wauer, Lynn Emmert, Jerry Lewis, Richard Fourmentin, Tommy Coleman and Mike Williams.

Barbecue pit committee: Fulcher, Davis and Dee Coleman.

Table committee: Davis, Wright and Fulcher.

## THE Electric heat pump.

It's part of "the plan" — the Energy Saving Plan

Here's how it works:

THE ELECTRIC HEAT PUMP: It can save you money on your home energy bills. And when it's used along with other WTU-recommended energy conservation measures according to the ENERGY SAVING PLAN, you can save even more. WTU will pay YOU money when you install an electric heat pump to meet the E.S.P. requirements that add to your home's comfort and energy efficiency. That's where the ELECTRIC HEAT PUMP comes in — it's part of "the plan" because it's the most efficient system for heating and cooling. During the winter it removes heat from the outside air and pumps it into your home. In the summer it reverses the process and becomes an air conditioner, so you get even comfort year-round. CALL YOUR LOCAL WTU OFFICE OR A FACTORY-TRAINED ELECTRIC HEAT PUMP DEALER TODAY TO FIND OUT MORE ABOUT SAVING ENERGY AND MONEY ON YOUR HOME ELECTRIC BILLS.

## Lydia Group of UMW Hears of Methodist Missionaries

Lydia Group of United Methodist Women met in the home of Mrs. Chester Fires Monday, Sept. 17, with Mrs. Bob Hightower presenting the program, "What is a Christian?"

New officers were elected, with Mrs. Fred Covey, chairman, Mrs. C.R. DeArmond, co-chairman; Mrs. Fires, secretary-treasurer; Mrs. Hightower, reporter and Mrs. Raymond Ross Telephone chairman.

Mrs. Hightower conducted the opening section of her program as a round table discussion, with each member giving her thoughts on what a Christian is.

In her second section, Mrs. Hightower told of some of the Methodist missionaries who served their church in the 150 years of its mission endeavors.

"Missionaries have had an imaginative vision of the world," she noted.

One of these was Dr. Rebecca

Parrish, named to the Philippine Islands around the turn of the century. She helped to establish a Mary Johnson hospital in the slums of Manila. "To this day, it is still in operation and taking care of the unfortunates who need it," said the speaker.

Four who went to Cuba were Eulalie Cook, who worked in rural areas, Virginia Chapman, Lenora Shanks and Mary Woodward.

"Nearly half the total budget of the denomination is given by women, who make possible the work of these missionaries," said Mrs. Hightower.

Present were Mrs. Fires, Mrs. Ross, Mrs. J.A. Graham, Mrs. A.V. Lowrie, Mrs. DeArmond, Mrs. Cecil Lockhart, Mrs. A.L. Elliott, Mrs. E.F. Bartlett and Mrs. Hightower.

To make a one-pound comb of honey, bees must collect nectar from about 2 million flowers.

## Birthday Celebration Honors 5 Members of Stallings Family

Five members of the Troy Stallings family had birthdays during September, and to celebrate these, a birthday party and dinner was given Saturday, Sept. 15 and Sunday, Sept. 16.

Those honored were Troy Stallings and his children, Benny Stallings, Kenny Stallings, Debbie Stallings, and also Michelle Stallings.

Reminiscing, picture making, pitching horseshoes and dove hunting entertained the group.

A large birthday cake with the 5 names was served from a decorated table festive with

balloons. Gifts were exchanged.

Those attending were Benny and Kathy Stallings and Cleland Stallings of Amarillo; Kenny Stallings, Michelle Stallings and Amanda Stallings of Pampa; Debbie Stallings of Ft. Worth; Keith Walls, Troy Stallings and the hostess Mrs. Troy Stallings.

## 150 Carter Cousins Gather for Reunions Here This Week End

The Carter Cousins Reunion was held in Wellington Saturday and Sunday, Sept. 15 and 16, at Bura Handley Community Center with approximately 150 attending during the two days.

These are the descendants of Wiley Carter, who brought his family to Collingsworth County about 1900 and settled two miles north of Wellington, and of his brother Samuel Houston Carter, who came with his family to settle in Harmon County, north of Hollis about the same time. Although blinded when he was 40 years old, Sam Carter continued to farm.

Joining the Wellington and Hollis Carters and their families were others from Colorado, New Mexico, Oklahoma and from throughout Texas.

Registration started at 1:30 p.m. Saturday and continued until 9 p.m. Visiting and examining display tables of Carter history, pictures and artifacts were the order of the day.

Tony Carter of Lutie had prepared a map showing the settlements of Carters in Texas and Oklahoma. He had made lineage charts and pictures of older Carters as souvenirs.

The supper was served at 6 o'clock, with Elmer Feemster, husband of Kay Carter Feemster, providing watermelon, cantaloupes and honey dew melons. A program of music followed, given by the Light House Quartet of Wellington; a song by Bessie Carter Price of Hollis; and an encore by the twins from Hollis, Dorothy White and Norma Kirby.

The Sunday reunion began at 9 a.m. with coffee and tea served. Tony Carter, student at Wayland

College, Plainview, and son of Sam and Norma Carter of Samnorwood, was toastmaster. He had decorated the community center stage with farm and household relics, all belonging to Carter family members. A Perfection cook stove, oil lamp, sad irons, cooking utensils, horse collars, horse harness, shoe trees and other items that were so familiar to older Carters but were new to the younger Carters.

He had prepared a skit and map to give to the group. A puppet skit was presented by Chad Feemster and Wiley Fires.

Bertha Mae Carter Keller conducted a memorial service for the Carters who had died during the last year and a special tribute to the member from Wellington, Elmer (Buddy) Carter. His family was present.

He was recognized as a deacon in First Baptist Church, member of Collingsworth General Hospital Board, a civic leader and owner of a water well-drilling service, which his son, Billy Carter, now operates.

The oldest cousin present was Ellis Carter, 90, who still works every day on his farm.

Youngest Carter was Jamie Strickland, 17-months old daughter of Mark and Karen Strickland.

Cousins traveling great distances were Billy Frank Carter, 600 miles from New Mexico and Mr. and Mrs. Ferris Breedlove, 575 miles from Colorado.

Earl, Lynn Feemster and his children Chad and Christy sang.

Will Carter of Roswell, New Mexico, gave his testimony relating to his healing from an illness during the last year that enabled him to throw away his

### Ogletree Family Gathers For Labor Day Reunion

The Ogletree reunion was held on the Labor Day weekend at the Hilton Inn in Amarillo.

Eighty-five family members and visitors attended.

These were the children and grandchildren of Charles and Rosie Ogletree, longtime Quail area residents, who were the parents of 7 children. Only Christine Jolley and Trudie Peters are still living from this family.

Reunion visitors began arriving in Amarillo at noon Friday. By evening, there was a large group gathered in the suite of Mrs. Jolley and Mrs. Peters.

Picture albums had been brought and the family had a good time looking at "the way we were."

Visiting continued Saturday and in the evening they were entertained at the home of John and Cleta Nite in south Amarillo. The buffet dinner was served by Mrs. Nite and her sister, Joyce Jones.

There were many stories to be told and these were recorded to be made available to those who could not attend.

On Sunday morning, church services were held in the suite, Ronnie Ressel of Dickens led the singing and a Bible lesson was presented by Fred Peters of Collinsville, Okla.

The smorgasbord lunch was

walked. He said he now walks everywhere and drives his car.

Ellis Carter and Mrs. Keller sang a duet, The Hollis Twins followed with another duet, and Billy Frank Carter gave a devotional. "Love" is the theme stressed at these reunions.

Robert Carter led in silent prayer that all those present would be able to attend next year. He followed with the benediction.

The catered luncheon followed. The Carter Cousins will meet at Hollis Civic Center for their 1985 reunion, August 14 and 15.

Those who registered were Bessie Price, Eva Fulcher, Ruth Wilhem, Mabel Clement, Inez Clement, Glynn Carter, Kenny Carter, Harold Keller, Bertha Mae Keller, Harold Hulsey, Cecil Hulsey, Jake Maxwell, Jane Carter Maxwell, John Wesley Carter, Will Carter, Sam Carter, Norma Carter, Tony Carter, Jo Carter, Billy Carter, Mark and Sandra Carter Fires with Stacy, Wiley and Jeff Fires.

Billy Frank Carter, Wayne Carter, Elmer Feemster, Kay Carter Feemster, Robert Carter, Lucille Carter, Eric Carter, Roger Carter, Stacy Earnhart, Lowell Price, Dorothy Price, Donald Price, Bessie Price, Meredith Price, L.D. Price, Ellis Carter, Maude Carter, Ford Carter, Oleta Carter, Richard Carter and his entire family of Dallas, who came for the first time.

Others were Robert Carter, Lowell Carter, J.P. Bland, Ruby Carter Bland, Jerrel Martin, Alice Martin, Ferris Breedlove, Billie Breedlove, Toots Breedlove, Peggy Johnson, Dorothy White, Norma Kirby, Ola Mae Carter, Floyd Carter, Pink Carter, Inez Car-

ter, Ruth Carter.

### The following is a unanimous decision by members present in the last regular meeting of the Collingsworth Co. Ministerial Alliance:

To whom it may concern:  
We as Collingsworth Co. Ministerial Alliance hereby go on record as being opposed to filing for petition to have election for "Liquor-by-the-drink" or alcohol sold in any town in this county. We will actively oppose such an election.

Also, we are opposed to displaying of beer as was demonstrated in the city park during our county fair. We have a clean town without liquor. We won't with it. Let's keep it that way.

With prayerful concern,

## Garden Club Hears Program On "Hazardous Waste Material"

Wellington Garden Club met Wednesday, Sept. 5, in the Heritage Room with Mrs. Annie Cason as hostess.

Mrs. H.L. Jenkins presented the program "Watch Your Waste."

This is a hazardous waste management program intended to help Americans learn the facts of hazardous waste by encouraging them to read their newspapers, write their legislators on the issues and to complete the Hazardous Waste questionnaire.

A checklist was given each member to help identify the home waste that has the greatest potential for possible hazard.

"Don't Bury It In My Back Yard," "Treating Waste," "Safeguards for the Future" were some of the issues Mrs. Jenkins discussed.

"Every time a new facility is proposed...an organized coalition of communities sound an instant call to arms," she said.

She urged that the women and others roll up their sleeves, assign project managers and go to work "Cleaning up the past for the future. She stressed industry and society have contributed to a two-sided problem with hazardous waste disposal, and that past practices, of dumping are no longer acceptable. "The waste disposal problems created yesterday are now today's headaches, she emphasized.

In another field, Mrs. Jenkins demonstrated safety spray, the non-lethal weapon for personal protection. "According to FBI

statics, there is a violent crime committed every 27 seconds in the U.S.; a murder every 24 minutes; a robbery every 68 seconds and an assault every 51 seconds; a rape every 7 minutes. One woman out of every 5 will be attacked at some time in her life," the speaker emphasized.

"However, FBI statistics don't tell the entire story, she pointed out. This is the emotional and physical trauma suffered by the victims.

Mrs. Jenkins explained in detail the safety spray as a crime deterrent, which surprises and upsets an attacker or intruder instantly, by causing great pain to mucus membrane areas and through exposure of nerve ends, and by its affects on eyes and breathing.

Mrs. Jenkins said this is a project of 1924 Study Club, and those wanting more information should contact her or other 1924 Club members.

Mrs. Mamie Terry opened the Sept. 5 meeting by reading a poem, "Especially In August." Mrs. Ann Fires read the collect; Mrs. Terry conducted the business meeting and plans were made for the Fair Show.

Shamrock Garden Club invited the Wellington Club to a luncheon which they will attend Sept. 11.

Present were Mrs. Jenkins, Mrs. Terry, Mrs. Florence DeArmond, Mrs. Ruth Wyrick, Mrs. Fires, Mrs. Bill Cason, Mrs. Dorothy McGuirk and the hostess, Mrs. Cason.

### Channing Woman Named Texas' Rural Minister of the Year

COLLEGE STATION-The Rev. Fay Brown, minister of the United Methodist Churches of the Midwell Community in Moore County, and the Channing Community of Hartley County, has been named Texas' "Rural Minister of the Year."

Mrs. Brown's recognition highlighted the 39th Annual Town and Country Church Conference at Texas A&M University, Sept. 10 and 11.

Participating in the annual church conference were more than 150 ministers and church officials from across Texas.

Brown was chosen from among 24 nominees for the rural minister award. She was presented a special plaque by Del Deterling, Southwest Editor of "Progressive Farmer" magazine, which arranges for and provides the annual award.

Established to honor ministers who have made "outstanding contributions to rural life," selection is based on participation of the pastor and church in overall community activities, explained

Dr. David C. Ruesink, sociologist with the Texas Agricultural Extension Service, Texas A&M University System. Ruesink is general chairman of the church conference.

Mrs. Brown has served the Channing and Midwell United Methodist Churches for about 14 years, and formerly was minister of Methodist Churches in the Fairview and Vigo Park Communities south of Amarillo. She is a leader and speaker for area revivals, youth retreats and family retreats. She has planned and conducted more than 200 church related retreats.

In addition, the minister writes weekly religious articles for the Moore County News and conducts a weekly radio series. She has provided guidance for three people who have entered the ministry, and has given assistance to a number of others who are serving the ministry on a part-time basis.

To serve her present churches, Mrs. Brown opens children's classes at the Channing Church each Sunday at 8:45 a.m., and church services follow from 9:30 to 10:30 a.m.

Then, in a 30-minute time span, Mrs. Brown drives the 15 miles to the Midwell Church to conduct Sunday services there starting at 11 a.m.

A historical marker, secured through the efforts of Mrs. Brown, now hangs in the Channing Church, making it a monument to cowboy worship, which is the heritage of the Channing Community, once a part of the XII Ranch. Built in 1898, the church was the oldest place of worship north of the Canadian River for ranchers and their families.

More than 2 million Texans have lawns to keep.

## Texas Extension Homemakers To Meet in San Antonio

Members of the Texas Extension Homemakers Association (TEHA) will gather in San Angelo for their 58th annual meeting September 18-20.

Attending from Collingsworth County as delegates will be: Deloyce Savage, Midway EH Club, and Pauline Bias, Samnorwood EH Club. Also attending will be Pauline Masten, Midway EH Club.

Dr. Arthur Hansen, Chancellor of the Texas A&M University System and Dr. Jennie C. Kitching, assistant director for Home Economics of the Texas Agricultural Extension Service, will address the conference opening ceremonies at the Civic Center, September 9.

Other keynote speakers will include Dr. Richard Flint, president of Potential Now of West Palm Beach, Fla., State Representative Bill Sims, and District Judge Roy Hart.

Conference participants will be invited to join the public in attending the State 4-H Fashion Show, Tuesday, September 18 at 7:00 p.m. before beginning their conference business meeting, workshops and learning sessions on Wednesday.

Conference workshops will be held on cultural arts; family law and legal rights; electrical safety; nutrition for the family; and planning activities for the TEHA 60th anniversary in 1986.

The Committee in Citizenship and Community Outreach, chaired by Ruth Taylor of Mederland, and the committee on Family Resource Management, chaired by Elsie Stewart of Woodville, will be honored for having received 3rd place awards at the National Extension Homemaker's Council annual meeting in Louisville, Ky., in August. The 32 Texas Extension Homemakers who attended the national conference workshops will also report on those activities to state members.

The Texas Extension Homemakers Association is a 23,000 member group, open to all interested homemakers in Texas regardless of socio-economic level, race, color, sex, religion, handicap or national origin. Over 1300 local clubs in 250 Texas counties conduct a variety of educational activities for their members.

## Scoopin'

L.C. Hill noticed in this column last week a projection that Austin's population would reach 1,000,000 by the year 2000. L.C. said that when he was in UT in the late 30's (when Austin's population was 60,000 and The University of Texas' enrollment was 8,000) he had to take a sociology class and that the professor, an expert in city growth, offered definite proof during his lectures that Austin would never grow past the 60,000 mark because it lacked transportation and industry. The prof didn't foresee the explosion in government, the appeal of Austin's "lifestyle," or the growth of Texas' largest university and the impact that growth had on the community.

So much for the experts.

It's bigger-in-Texas department:

Mrs. Roy Jeffrey, Sr. brought in a picture of her star cactus which is blooming this fall with the largest blossoms it has ever produced: more than a foot across.

There's going to be a clear choice between the Democrats and Republicans this fall. If you want to gripe about the government during the next four years, then you've got to vote. If you want to vote, then you've got to register. And to register, you've got to have a valid voter registration card. If you're not registered, all you have to do is fill out a form at the tax assessor's office on the first floor of the courthouse. You also need to notify the assessor's office if you've moved or changed addresses since the last election. The deadline to register to vote in the general election is Friday, October 5.

Samnorwood principal Kenneth Martindale says this is the most popular bumper sticker with Texas teachers this fall: "Will Rogers never met Ross Perot."

## Letters from The People

Dear Editor:

First, we would want to Praise God for letting each one of us live in a community where the selling of alcohol is illegal. We also want to thank Him for the victory that will be won in our community as was in Shamrock.

We have been fortunate enough and had parents who loved us enough to never live in a county where alcohol was legal. Our minds are not corrupt because of this fact and never will be. Please, if for no other reason than because you are an American, open your eyes to the horrors of what alcohol can do to this place.

We surely are not naive enough to think the problems of alcohol do not exist here already. Even we could indulge if we pleased. But somebody greater than you or I is watching and we fear is crying at this very moment.

We also would like to express our sadness at the show of alcohol in the park at Fun Fair. We can honestly say we have never been so disappointed in all our lives.

such officers, employees, and agents are already authorized by the Constitution.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing the legislature to provide for payment of assistance to the surviving dependent parents, brothers, and sisters of certain public servants killed while on duty."

### PROPOSITION NO. 4 ON THE BALLOT

Senate Joint Resolution 20 proposes a constitutional amendment which abolishes the office of county treasurer in Bexar and Collin counties if a majority of the voters in each of those counties vote in favor of abolishing the office of county treasurer in a local election to be held on the issue. All the powers, duties, and functions of the office of county treasurer in each of these counties would be transferred to the county clerk.

The proposed constitutional amendment will appear on the ballot as follows: "The constitutional amendment to abolish the office of county treasurer in Bexar and Collin counties."

### PROPOSITION NO. 5 ON THE BALLOT

Senate Joint Resolution 22 proposes a constitutional amendment which provides a new method of filling a vacancy in the office of Lieutenant Governor. The amendment requires the President pro tempore of the Senate to call together the committee of the whole Senate within 30 days after a vacancy occurs in the office of Lieutenant Governor. The committee would be required to elect one of its members to perform the duties of the Lieutenant Governor until the next general election. This individual would continue his duties as Senator at the same time that he performs the Lieutenant Governor's duties. If the Senator who is elected ceases to be a Senator before the next general election, another Senator must be elected according to the above procedure to perform the Lieutenant Governor's duties. The President pro tempore would be required to perform the Lieutenant Governor's duties pending the election of one of its members by the committee of the whole Senate.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing the state senate to fill a vacancy in the office of lieutenant governor."

### PROPOSITION NO. 6 ON THE BALLOT

House Joint Resolution 73 proposes a constitutional amendment that permits the use of public funds and credit for payment of premiums on non-assessable life, health, or accident insurance policies and annuity contracts issued by a mutual insurance company authorized to do business in this state. The constitutional prohibition against a grant of public money to an individual, association, or corporation or against becoming a stockholder in a corporation, association, or company has limited life and health group policies of political subdivisions to non-mutual insurance companies. The amendment would permit mutual insurance companies to bid for those policies.

The proposed constitutional amendment will appear on the ballot as follows: The constitutional amendment to permit use of public funds and credit for payment of premiums on certain insurance contracts of mutual insurance companies authorized to do business in Texas."

### PROPOSITION NO. 7 ON THE BALLOT

House Joint Resolution 4 proposes a constitutional amendment to change the membership of the State Commission on Judicial Conduct to include one Judge of a Municipal Court and one Judge of a County Court at Law, who shall be selected at large and appointed by the Supreme Court with the advice and consent of the Senate.

The amendment also provides additional grounds for removal from office of judges or justices of Texas courts, and provides additional disciplinary actions that could be taken in lieu of removal or censure. The amendment would extend the Commission's disciplinary authority to masters, magistrates, and retired or former judges who hear cases by designation. The amendment creates a tribunal to review recommendations of the State Commission on Judicial Conduct for removal or retirement of a judge or justice. The review tribunal would be composed of seven (7) Justices or Judges of the Courts of Appeals selected by lot by the Chief Justice of the Supreme Court. The amendment also provides for appeal of the review tribunal's decision to the Supreme Court of Texas and grants an accused judge the right to discovery of evidence.

The proposition will appear on the ballot as follows: The constitutional amendment relating to the membership of the State Commission on Judicial Conduct and the authority and procedure to discipline active judges, certain retired and former judges, and certain masters and magistrates of the courts."

### PROPOSITION NO. 8 ON THE BALLOT

House Joint Resolution 22 proposes a constitutional amendment which increases the per diem of members of the Legislature. The amount of per diem allowed during a calendar year would be equal to the maximum amount set in federal income tax statutes as of January 1 of that same year as a deduction for ordinary and necessary business expenses incurred by a state legislator. Current per diem is \$30; the maximum deduction is now \$75.

The proposed constitutional amendment will appear on the ballot as follows: "The constitutional amendment to provide a per diem for members of the legislature equal to the maximum daily amount allowed by federal law as a deduction for ordinary and necessary business expenses incurred by a state legislator."

Estos son los informes explana- torios sobre las enmiendas propu- estas a la constitucion que apar- ecen en la boleta el dia 6 de noviembre de 1984. Si usted no ha recibido una copia de los informes en español, podrá obtener una gratis por llamar al 1/800/252/9602 o por escribir al Secretario de Estado, P.O. Box 12887, Austin, Texas 78711.

## Lee C. O'Neil Pioneer Family Member, Dies

Lee C. O'Neil, 93, of 1714 - 31st Street, Lubbock, died Saturday, Sept. 8 at Methodist Hospital following a short illness. Services were at Rix Chapel in Lubbock at 11 a.m. Monday, Sept. 10. Interment was in Resthaven Cemetery, Lubbock.

Mr. O'Neil was a member of a pioneer Texas Panhandle family who established the town of Wellington, where he lived for 50 years before moving to Lubbock in 1943. He was educated at Clarendon College and Southwestern University at Georgetown, Texas.

He served with the Air Corps at Kelly Field during World War I, and had been an American Legion member for 67 years. He was Regional Manager of the Federal Land Bank in this area, and had maintained farming and ranching interest in several South Plains

counties and New Mexico since the early 1930s.

He married Beulah Jones at Gorman, Texas on September 6, 1917. She preceded him in death on May 25, 1984.

Mr. O'Neil was named Outstanding Non-Resident Conservationist of Hale County in 1972, and Absentee Conservation Farmer of Region One in 1973. He was in the real estate business for over 70 years, and was Lubbock Realtor of the Year in 1970.

He was a member of the First United Methodist Church and the Red Raider Club.

He and his wife established a large number of endowed scholarships at Texas Tech, including the first academic scholarship for a Black student, the first academic scholarship for a Hispanic student, and the first athletic scholarship for a woman.

He is survived by one daughter, Mrs. Joe (Beth) Atkins of the Hale Center, Texas community, and two grandchildren, Hugh Atkins of Roy, New Mexico, and Lenora Neil Atkins of Albuquerque, New Mexico.

The family suggests memorials to Lubbock Meals on Wheels or Women's Protective Services.

## Obituaries .....

### Kennard Smith, 63, Dies at Sweeney On September 8

Kennard Smith, 63, of Sweeney, a retired chemist from Phillips Petroleum Company, died unexpectedly Saturday evening, Sept. 8, at his home in Sweeney of an apparent heart attack. He had no previous history of heart ailments, in-so-far as his family knew.

Mr. Smith, was born and grew up in Wellington, and within the last year he had spent considerable time here, with his parents-in-law, Mr. and Mrs. Earl Alexander, during Mr. Alexander's illness. In this time he had renewed friendships with many school friends and others he had known.

His last visit was in early August when he attended the Wellington Ex-Students Reunion.

Funeral services were conducted at 4 p.m. Monday, Sept. 10, in First United Methodist Church, Sweeney, with the Rev. Jim McCullar, pastor, officiating. Burial was in Sweeney Cemetery.

He was born in Wellington Nov. 21, 1920, the son of A.B. Smith and Fay Porter Smith. He graduated from Wellington High School in 1938.

He received bachelors and Masters degrees in chemistry from West Texas State University and studied at the University of Birmingham in England.

He retired in 1983 as a chemist from Phillips, having worked for the company 31 years in Borger and Sweeney.

He taught in the White Deer, Wellington and Borger Schools.

Mr. Smith was an Air Force officer in Europe during World War II and he was recalled to active duty during the Korean War.

He was a charter member of Glynn Moore Post, Veterans of Foreign Wars in Wellington, a member of Disabled American Veterans, and was serving his third term as a member of the Sweeney School Board. He was a present member of the Administrative board of First United Methodist Church, Sweeney.

In the past he was a president of the administrative board, and the church finance committee, he taught adult and youth Sunday School classes and served in other capacities.

He was a Boy Scout leader and avid ham radio operator with an Amateur Extra license. He instructed groups of boys and adults, enabling them to pass their

tests and receive their licenses.

Mr. Smith was married to Edna Earl Alexander of Wellington Feb. 3, 1942.

His survivors are his wife; one son, S. Kennard Smith of Corpus Christi; three daughters, Betty Leach of El Campo, Alexa Sparkman of Austin and Frances Smith of Sam Marcos; one brother, A.B. Smith, Jr., of Wellington.

Attending the service from Wellington, were Mr. and Mrs. A.B. Smith, Jr., Mr. and Mrs. Hobart Smith, Eddie Orr and Mrs. Earl Alexander. They were joined by Mrs. Louise Craft of Earth and Lynda Orr Wagner of Amarillo.

Other relatives living here are Mr. Alexander, Wilson Porter and Rodney Porter.

He was preceded in death by his parents, A.B. Smith in 1953 and Mrs. Fay Smith in 1979, a sister, Frances Smith in 1973 and a brother, Dennis Smith in 1934.

The family suggests that memorials be to First United Methodist Church in Wellington or to the building fund of First United Methodist Church in Sweeney.

### Services Here for Lenore Jackson Of Lubbock

A former Wellington woman, Mrs. Lenore Jackson, 91, died Sunday, Sept. 16 in Highland Hospital, Lubbock, where she had been a patient 9 days.

Funeral services were conducted at 10:30 a.m. Wednesday, Sept. 19, at Schooler-Gordon Funeral Chapel, Wellington, with Haun Kite, minister of the Church of Christ, officiating.

Burial was in Memorial Gardens under the direction of Schooler-Gordon Funeral Directors.

Pall bearers were Clinton Dillard, Dean Johnson, Leo Teague, Gabe Wright, Bob Sessions and M.D. Lacy.

Mrs. Jackson was the widow of a veteran postal employee, Ernest Jackson. She was the former Lenore Sessions, daughter of Levi and Catherine Coffman Sessions, and was born March 12, 1893, in Arkansas.

She and Mr. Jackson were married Nov. 17, 1912 at Stamford, where they lived until they came to Wellington in 1919.

Mr. Jackson joined the postal service in 1920 and was route carrier and assistant postmaster here until 1937, when he transferred to Talmage, Neb. In

### GET LAWN IN SHAPE FOR SPRING

Homeowners can take steps to get their lawns in shape for next spring. Weed, disease and insect control along with fall fertilization can help get lawns off to a fast start next year.

Chinch bugs, white grubs and armyworms must be controlled during late summer and fall. Insect damage weakens turf and allows weeds to invade the lawn. Timely applications of insecticides such as diazinon or chlorpyrifos (Dursban) will control most lawn insect problems.

Fall fertilization maintains the lawn's green color and promotes early spring green-up. A dense, vigorous turf produced by proper fertilization also keeps winter weeds from invading lawns.

If winter weeds have been a problem in past years, apply a preemergency herbicide available in formulations with fertilizers, which simplifies application.

Homeowners are cautioned to follow label instructions in regard to grass species and rates of application when using herbicides. Materials containing atrazine should not be used around trees and shrubs.

Another fall task for homeowners is to remove excess accumulations of grass clippings or tree leaves from the lawn. The excess debris from these increases thatch accumulation and creates a favorable habitat for insects and disease organisms.

The Nile catfish swims upside down and therefore has developed a light back and dark belly, the reverse of the usual fish color scheme.

## Methodist Women Plan Retreat for Sept. 21-22

United Methodist Women are sponsoring their second women's spiritual life retreat, to be held Friday evening and Saturday, September 21 and 22. Plans were announced by Pat Barnett, UMW president. All activities relating to the retreat will be in the 1st United Methodist Church fellowship hall.

The theme of the retreat will be "Striving for Wholeness" with Dee Rucker of Tyler, a Bible study teacher and retreat leader as the speaker.

The purpose of the retreat is to spend an extended period of time apart from the demands and pressure of each woman's world in order to renew her personal relationship with the Lord, Mrs. Barnett explained.

All women in the community are invited to attend, she added.

Additionally, women of all ages are included, and a nursery will be provided for those with small children.

Registration will begin at 6 p.m.

DEE RUCKER

Friday, Sept. 21. A covered dish supper will be served at 6:30, and Mrs. Rucker will begin the evening study, "Striving for Wholeness" at 7:30. The Friday session will close at 10 p.m.

Saturday activities get under way at 8:30 a.m. with morning coffee.

Mrs. Rucker will continue her study, "Striving for Wholeness," from 8:45 until noon, when a salad luncheon will be served.

The final session, 1 to 3 p.m. will close with a communion service.

Mrs. Rucker is founder and director of Women Alive, an outreach Christian fellowship group in Tyler. With her husband, Carl, regional director of OMS, they represent hundreds of missionaries from many parts of the world. She is the mother of two grown children, David and Debbie, and was formerly an elementary school teacher.

The word idiot comes from the Greek word for private person, one not engaged in any public office and therefore, to the ancient Greeks, probably an ignorant, uneducated person.

### PUBLIC NOTICE

#### NOTICE OF APPLICATION FOR FLUID INJECTION WELL PERMIT

Lear Petroleum Corporation, 6401 NW Grand, Suite 200, Okla. City, Okla. 73116 has applied to the Railroad Commission of Texas for a permit to inject fluid into a formation which is productive of oil or gas.

The applicant proposes to inject fluid into the Brown Dolomite Lee, Well Number 6. The proposed injection well is located 10 miles SE from Shamrock in the Panhandle Collingsworth Field, in Collingsworth County. Fluid will be injected into strata in the subsurface depth interval from 2100' to 2200'.

Legal Authority: Chapter 27 of the Texas Water Code, as amended, Title 3 of the Natural Resources Code, as amended, and the Statewide Rules of the Oil and Gas Division of the Railroad Commission of Texas.

Requests for a public hearing from persons who can show they are adversely affected, or requests for further information concerning any aspect of the application should be submitted in writing, within fifteen days of publication, to the Underground Injection Control Section, Oil and Gas Division, Railroad Commission of Texas, Drawer 12967, Capitol Station, Austin, Texas 78711 (Telephone 512/445-1373).

### A Land Bank loan... for more than just buying land

Many people think of the Federal Land Bank only when buying land. Truth is, there are many other ways to use long-term Land Bank loans.

You can:

- ✓ Refinance debts
- ✓ Improve land
- ✓ Build or remodel

Long-term Land Bank loans keep payments manageable so that these and other farm needs can be handled more easily. So stop by and see how the Land Bank can help.

## the Long Arm of God

There may be times when your church seems to be growing slowly, when you become discouraged because your work seems to bear no fruit. Don't be discouraged. The Lord would say to you in Deut. 1:21, "Fear not, neither be discouraged," for I am with you.

During the very time you are discouraged, the Lord may have good news for you. This period of time may be more spring than winter. It is an open secret that God's arm is not shortened that he cannot save; neither is his ear heavy that He cannot hear.

Therefore, let us keep on working and praying that we may in our hearts possess the land of rest and comfort and peace with God. "The glory of the Lord shall be thy reward." He tells us in Isaiah 58:9, "Then thou shalt call, and the Lord shall answer; thou shalt cry, and He shall say, Here I Am."

We pray that the church and its fellowship will be your dearest treasure. May the church be the place where your "heart interest" lies. We invite you to attend services this week.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

## CARD OF THANKS

We would like to say "Thank You" to everyone in Wellington for your prayers, visits, cards and food. They are so much appreciated.

We have both been very ill and had surgery, and people everywhere were so good to us.

Especially do we want to say "Thank You" to Bro. Tom Thomson, Bro. S.L. Yeilding, and Bro. Ron Long. You have stood by us so close.

May God bless everyone that had any part in helping us spiritually or otherwise.

Howard and Marie Jones

## CARD OF THANKS

We want to express our gratitude to the many people here in Wellington and surrounding areas for the love shown to us during the loss of our son.

The food, flowers, cards, prayers, visits and kind expressions have shown us how much you care. God bless you all.

Nick, Janelle, Ryan, Wyatt and Tara

# Mangum Comes Back to 22-12 Win Over Rockets

For the second week in a row a group of Oklahoma Tigers came to Powell Field to claw their way to a win over the Wellington Skyrockets on Friday, Sept. 14. This time it was Mangum, 22-12.

The contest got off to an exciting start when Skyrocket Neal Duncan recovered a Mangum fumble deep in Mangum's end of the field. The Skyrockets fumbled the ball right back but not for long. Before the Tigers could gain any momentum another strong Skyrocket defensive effort forced another fumble, this time recovered by Johnny Nash.

With excellent field position the Skyrockets mounted a drive spurred on by a pair of first down plunges by Michael Souder and Michael Mackey. An illegal procedure penalty nullified a Johnny Nash touchdown run but the Skyrockets got on the board by a Rodney Saldana field goal with 5:37 remaining in the opening period.

Mangum still could not get untracked and were stalled on their next possession by an impressive Skyrocket defensive line. The Skyrockets, again with excellent field position, moved down the field and capped off the drive with a touchdown run by Johnny Nash. The extra point attempt was wide to the left and the Skyrockets enjoyed a 9-0 lead.

The Tigers went to the air to test the Skyrocket secondary but again were shut down. Jamie McKay intercepted a pass attempt by Mangum's Jeff Taylor to set up the Skyrocket's next drive. The Skyrockets got close to pay dirt on a pass completion from Michael Souder to Jimmy Barber but had to settle for another field goal by Rodney Saldana with 0:59 remaining in the first quarter to make the score 12-0 in favor of the

Skyrockets.

Mangum came alive in the second period after a pass interception by Tiger Pershon Davis. With 10:25 remaining in the half, Tiger tailback William Ray burst through the line on a touchdown scamper to put Mangum on the board. Paul Epterson's extra point made the score 12-7 in favor of the Skyrockets.

The Tigers veer offense seemed to gain momentum and led by quarterback Leonard Smith and tailback William Ray. scored another touchdown in the second quarter. A two point conversion made the score 15-12 in favor of Mangum. Another Tiger drive late in the period was halted by another Jamie McKay pass interception and the halftime score stood at 15-12.

The second half started with the Tiger's Paul Epterson taking the kickoff the length of the field for a touchdown. The play was called back however because of an illegal block below the waist by one of the Tigers. This did not dampen the Tiger's fire, though. A 42 yard run by quarterback Leonard Smith put Mangum deep into Skyrocket territory. William Ray scored his third touchdown of the evening on a sweep around the right end with 7:14 left in the third quarter. Paul Epterson kicked the extra point and Mangum led 22-12.

The Skyrocket defense tightened up in the final period and forced three more Tiger turnovers. Kacy Davis and Michael Mackey each recovered a fumble and Jamie McKay intercepted his third pass of the evening. The Skyrocket offense could not get uncorked however and Mangum held on to a 22-12 victory.

13, scoring on two pass plays and two runs.

White Deer scored 20 points in the first half, and scored 8 more in the second.

"We just didn't put a drive together," coach Tom Johnson said. "We got to the 2 yard line once, but didn't score."

"This was White Deer's second game and all 11 starters for them were juniors," Johnson said. "We started nine freshmen, so they had quite a bit more experience than we did this first game."

## White Deer Slips By 8th Grade, 6-0

White Deer scored with four minutes left in the final quarter to win a 6-0 decision over Wellington 8th graders in the first game of the season Sept. 13.

The only score of the game came when White Deer completed a 15-yard pass play.

"Our eighth graders looked good and played a good defensive ball game," coach Gano Wilson said.

"We had one defensive breakdown on the pass play, but we played well. We're expecting a tough game this week against Memphis."

## 7th Grade Loses To White Deer, 22-6

White Deer 7th graders downed Wellington 22-6 in the season opener at White Deer Thursday, Sept. 13.

Wellington scored first after a 65 yard pass from Redgie Jones to Jesse Castillo moved Wellington to the 2 yard line. Redgie Jones scored on a 2-yard dive.

But White Deer came back with one touchdown in each of the second, third and fourth periods. They also completed two two-point conversions to make the final score 22-6.

"The team is looking better and hitting and tackling better after their first game," coach A.B. Smith, Jr. said. "We'll be playing better, but we're expecting a tough game with Memphis this week."
