

Relief Projects Afford Work For Many

'Old Man Winter' Stages First Show

COLD WEATHER SWEEPS PLAINS

Drouth Breaking Rains Reported Over Much Of State; Light Showers Here

Old Man Winter is here again! The hoary old man made a belated visit to this section Wednesday, blowing a cool, damp breath down from the north, banishing a Summer-like sun and sending the mortals scurrying for our winter clothes.

Wednesday dawned with heavy clouds blowing down from the north and soon a cold mist was falling, registering .08 of an inch in The News government gauge. Though this first winter blast seemed severe, the thermometer had registered only 35 degrees above zero at 6:30 p. m. Wednesday night the skies cleared and the temperature further declined, reaching a low of 30 degrees during the night. Much frost and a thin skim of ice were in evidence this morning, the first of the fall.

Some sections of Lynn county received more moisture than did Tahoka, however, which will be some aid to wheat.

Over most of Texas rains of the past few days have broken the long drouth. In fact, the South Plains seems to be the only large farming section not visited by rains. But considerable optimism is expressed locally in the fact that the drouth seems to be broken over a large area and that our part of the moisture will be forthcoming later.

Wednesday Plainview had a half inch of rain, with snow falling there during mid-morning. Lockney had a half inch of rain. Quitaque light showers. Floydada an inch or more greatly benefitting wheat. Abernathy a third of an inch with light snow.

Snows of from one to four inches were reported in the Plains section, with Levelland and Bledsoe reporting the maximum. From Muldoon to Littlefield the snowfall was recorded at from one to three inches and from Canyon to Abernathy reports of light snow were made.

Mother of Editor Dies At Age Of 88

Mrs. Rachael Hill, 88, mother of the News editor, died at her home in Hamilton Wednesday morning after a lingering illness of several weeks. Burial will be at Moody today. It is presumed, where her husband, P. P. Hill, a veteran of the Civil War, was buried about eighteen years ago.

"Grandma" was born eighty-eight years ago Nov. 5—1846. November 2 was her sixty-ninth wedding anniversary. She had lived most of this time in Texas and probably sixty-five years just over the line in Bell county, south of Moody, McLennan county. She is survived by nine children.

The editor, wife and Billie were called to her bedside two weeks ago, when doctors said she could not live long. They were called to her bedside again last Sunday.

Miss Ward Attends State Convention

Miss Bill Ward, assistant to Tax Collector A. M. Cade, left Wednesday at noon for Temple to attend the annual Texas tax assessors and collectors convention in session Wednesday, Thursday and Friday. She expects to pick up many pointers of benefit in handling work of the office here.

Alfred P. Sloane, president, General Motors: "The buyers of our products are our real bosses."

Government Men Buy More Cattle

Government cattle buyers accepted 460 head of an allotted, 500 in Lynn county this week, County Agent V. F. Jones states.

The buyers went to work here Monday morning and were through by Wednesday.

Agent Receives More Certificates

"Lynn county received an extra allotment of tax exemption certificates of 5,603 bales Monday evening," C. A. Lawrence, assistant county agent, stated Wednesday.

"This brings the total number bales of certificates received by the county from the state allotment board to 32,282 bales," he said.

"In order to give every farmer a chance to pool his surplus certificates, the closing time for pooling was extended until Saturday, Nov. 24. Because of the anticipated rush toward the close, we are urging the farmers to pool as soon as possible as we will not be able to receive certificates for pooling after 5 o'clock Saturday afternoon."

Hunters Of Deer Meeting Success

Though some of the deer hunters have come in, others are still unreported, and still others have left within the past few days.

A. M. Cade and T. I. Tippit returned Tuesday from Jeff Davis county in the Davis mountains, where Mr. Cade got the head on a beautiful little blacktail buck. Mr. Tippit was not so lucky.

Fred Bucy brought back a four-point blacktail buck Monday night from the Alpine country, where he had been since Thursday as a guest of Trinity Life Insurance Co., which he represents in Tahoka. Fred won the deer hunt as a prize for being among the six highest insurance-selling agents in Texas. However, he said, there were 41 hunters in the deer camp on Henderson ranch, where they hunted, and he got one of the 16 animals killed.

Claude Thomas and party from Grassland have returned from the New Mexico mountain region with probably the best kill reported by local hunters—a 11-point blacktail buck.

Dr. E. E. Callaway and Grover Stewart returned Tuesday night from the Mason country with a deer killed by Grover. Dr. Callaway says he didn't even see one to shoot at. This is the first time in seven years he has failed to bring at least one back, but he declares he is going back and get a buck yet.

B. L. Parker, W. O. and A. I. Thomas, and Bob Finley had hard luck. They returned early in the week from away down in Dimmit county, southwest Texas, without getting but one small deer, which the Sheriff killed the first morning out.

L. C. Hailey and Truett Smith left Saturday afternoon on a deer hunting expedition to the Presidio country. Friends say they did not expect to return until they got a deer, a bear, and a wolf, and they—the friends—are predicting that will be about a year from now.

County Commissioner Jim Izard, Waymond Smith, and Ed McManis of the New Home country are this week looking for deer meat down in the Mason-Kerrville section.

EARLY COMER PASSES AWAY

H. T. Gooch, 76, Lynn County Pioneer, Died Sunday At O'Donnell Home

Once more Death has visited the rapidly thinning ranks of Lynn county pioneers.

H. T. Gooch, O'Donnell, a resident of this county since 1900, passed away at the family home last Sunday. Services were held at the O'Donnell Methodist Church Monday afternoon at 2 o'clock. Rev. W. K. Horn of Meadow conducting the services. Burial was in the Tahoka cemetery beside his wife, Harris and Appiewhite, undertakers, in charge.

Mr. Gooch was born in Mississippi February 10, 1867, and therefore lacked less than two months reaching the 77-year mark. At the age of ten he moved with his parents to Paris, Texas. Later he lived in Erath county, and there in 1883 he married Miss Ella Keller. To this union three children were born; Miss Marie Gooch, now of Lubbock, Paul Gooch of O'Donnell, and Miss Faye Gooch of Ray, Arizona, all of whom were present.

The Gooch family came to Lynn county when this was all grazing land. Arriving here in 1900, they formed a part of the population of 17 shown by the Government census for Lynn county that year. Mr. Gooch helped organize the county, and for many years was an active citizen. The organization and improvements we now have are due to efforts of such pioneers as Mr. Gooch who opened the way for development. In fact, he was one of the first men to stick a plow into Lynn county soil, and produced one of the very first bales of cotton raised. He was, until his death, perhaps the longest continuous subscriber to the Lynn County News.

Mrs. Gooch died September 10, 1926, and now her husband's body lies beside hers in the Tahoka cemetery.

Many old timers and later-comers alike are grieved to learn of this pioneer's death, and we join other friends in extending sympathy to surviving relatives.

Palbearers were Waldo and John McLaurin, Glenn Allen, Roy Ledbetter, Ray Miles, and Felix Jans, neighbors and friends of deceased.

Raymond Bulman Gets Radio License

Tahoka has another short wave radio operator. Raymond Bulman received a Federal license Saturday to operate amateur radio station W5EQS, both the sending and receiving sets being built by himself.

Raymond reports that he has carried on conversation through the ether with a "ham" in Vancouver, Canada, and with two private stations in Mexico. He picks up stations over many parts of the United States.

The only other amateur radio operator in Tahoka is G. A. Brasfield, who likewise built his own set.

BORDEN COUNTY MAN SAYS FLOWING PAYS

Call—"It pays to work your cotton crop whether it rains or not," A. N. Surratt, Borden county farmer, told Ralph Howe, farm demonstration agent. Mr. Surratt has produced 1540 pounds of net lint from 12 acres of cotton and will get about one-half bale more from the acreage. He summer fallowed his land and worked it four times before planting his certified Acala seed. He made the large yield in spite of the fact that less than 3/4 inch of rain was received on this crop from the time it was planted until it was harvested.

LEGION MEETS TONIGHT

A business meeting of the Marion G. Bradley post will be held tonight. Aubra M. Cade states. With exception of a few finishing touches, the Post's new building is about complete.

REV. H. C. SMITH RETURNS HERE

Methodist Pastor Back For Fourth Year At Head Of Tahoka Church

Rev. H. C. Smith, pastor of the Tahoka Methodist Church for the past three years, was returned to this charge for another year, Bishop Hiram Boaz announced Sunday night at Abilene in the closing session of the Northwest Texas Methodist Conference.

Bro. Smith's return to the church here meets the hearty approval of the church congregation and citizens of the community in general. His agreeable disposition, personality, preaching and pastoral work have won for him many life-long friends in Tahoka. Members of the church and the presiding elder felt that he could render efficient service for the church another year at the least, members of the board of stewards state.

Rev. W. M. Pearce returns as presiding elder of the Lubbock district. Rev. J. E. Eldridge, a former Tahoka pastor, but pastor of the Lamesa church lately, becomes presiding elder of the Vernon district.

Rev. J. T. Howell, also formerly of Tahoka, is pastor of the circuit east of Lubbock. Rev. C. F. Carmack was assigned the Lamesa circuit. Rev. R. T. Breedlove is at Chillicothe, and Rev. J. W. Shepherd moves from Tuscola to Albany.

Rev. G. W. Montgomery was returned to O'Donnell. Rev. C. R. Matthews is pastor at Wilson, and Rev. J. A. Wheeler at Draw and Grassland.

Rev. Claude Lemond, who was reared near Draw, becomes pastor of the Peacock circuit.

Gather Funds For Beauty Program

A fine interest is being shown in planting the triangle at the Court House according to the Committee having this work in hand. As announced before a list of donations given for this beautification work is to be published from time to time.

The following donations have been received since the last report: H. P. Caveness, \$.50; Calvery Hatchery, \$.50; Co-Ed Beauty Shop, \$.50; Carl Griffing, \$.50; J. S. Wells & Sons, \$1.00; Wyatt Bros. Grain Co., \$1.00; Texas Cotton Cooperative Association, \$1.00; H. B. Howell, \$1.00; E. A. Park, \$1.50; Consumer's Fuel Association, \$1.50; Burleson Grain Co., \$2.00; Co-op Gin Co., \$2.00; Higginbotham-Bartlett Co., \$2.00; John Heck (trees), \$.50; Don Bradley, \$1.00; W. S. Taylor, \$1.00; Handley Gin No. 1, \$1.00.

The committee states that it has until about December 1 to send off an order for roses.

MORGAN'S FATHER DIES

J. E. Morgan and two sons, Curtis and J. P., returned Monday from the funeral at Rule, Haskell county, Sunday of the former's father, J. J. "Uncle Jack" Morgan, 82. Six children survive and were all present at the burial. "Uncle Jack" had visited Mr. Morgan out at his Magnolia home and was well known to a number of Lynn county people. Mr. Morgan says a rain ranging from two to four inches fell all the way from Haskell to the east Garza county line.

MRS. DRENNON'S BROTHER DIES

Mrs. R. P. Drennon was called to Denison Tuesday by the death of her brother, John Wertz, 55. A paralytic stroke was the cause. Burial was to be Wednesday. Mrs. Drennon was accompanied by her daughter, Martha. Bro. Drennon did not make the trip and will fill the pulpit at the Church of Christ Sunday.

SPEAKS AT LUBBOCK

County Attorney Truett Smith attended the Texas Technological College ex-student banquet in that city Friday night and made a brief talk as a part of the program.

144 Members To Red Cross Signed

One hundred and forty-four members have been signed in Tahoka by American Red Cross as a result of the annual roll call which started Armistice Day and which will continue until Thanksgiving Day. A. L. Lockwood, roll call chairman, states.

No reports has been made from any of the various committees of other towns and communities of Lynn county.

Lynn county's quota was set at 400 members and every effort will be made to secure that many signers.

The Red Cross has aided Lynn county people when they were in need as it has in all other sections of the county. The worthy organization deserves liberal support.

Farm Housing Program Revived

Several weeks ago a rural rehabilitation program was started by the Government which would move a number of families now on the relief rolls to the farm. This program has been taken up again in Lynn county. Judge W. E. Smith states, with W. H. Gore, formerly of Comanche county, in charge.

Monday night Mr. Gore held a meeting of farmers at New Lynn to acquaint them with the plan, however only a few attended due to the fact that the meeting had not been advertised. Tonight, Thursday, he meets with the farmers of T-Bar.

The plan is to make improvements on farms for landowners, in return for which the landowner will furnish house rent in an unrented tenant house and five to fifteen acres rent free for one to three years, depending on the extent of improvements, to some needy family now unemployed.

Work in improving farm places is expected to give work to unemployed laborers of the county as well as aiding the property owners and the needy families.

Music, Expression Pupils In Recital

Music pupils of Mrs. J. K. Applewhite and expression pupils of Miss Anna Ray Bishop appeared in recital before a good-sized crowd at the High School auditorium last Friday night.

The first division of the program, "In Toyland", featured the smaller children in the roles of dolls doing songs, dances and solos. Others appeared later in special numbers. A feature was the music rhythm band, an organization of little tots under Mrs. Applewhite's direction. Those in attendance pronounced the program very entertaining.

Improvements Being Made On Campus

More improvements are being made this week on the Tahoka High School campus, relief workers being used on the work. Dr. L. E. Turrentine of the school board states.

The work consists of claying tennis courts, improving a basketball court, and further leveling up the school grounds. The board hopes to be able to set out some more trees on the campus soon.

LYNN COUNTY BABY HONORED

Little Dannie Lockaby, the 13 months old son of Mr. and Mrs. T. M. Lockaby living in the South Ward community, has been given honorable mention in a nation wide baby contest held at the Century of Progress in Chicago. The child has been awarded a gold medal.

MEN GET WORK ON HIGHWAY 9

Other Projects Increase Number Of Available Jobs; Help Stimulate Business

With highway work well under way on both the north and south sectors of Highway No. 9 and other relief projects started, many men who have been unemployed for months are being given work in Lynn county. Funds received from this work, though the allotment to each man is small, are a great help and to some extent are alleviating the distressed condition caused by the short crops.

W. B. Bishop of the Lynn County Relief Office here states there are between 500 and 600 men, representing as many families, now on the relief rolls and eligible for work. Each person who works is allowed to work 8 hours a day at 33 cents an hour.

The relief project on Highway 9, Tahoka north, is affording a payroll this week for 190 men. Last week 114 received checks. Each man is allowed to work out his budgetary need according to the availability of funds.

It is expected that an average of possibly 200 men a week will be kept at work on the project, until laying of caliche is completed to the Lubbock county line.

The south sector of Highway 9, Tahoka to O'Donnell, is not a relief project, but County Judge W. E. Smith states that about 75 men are now at work on the road. The roughing-in work of building the highway dump is about one-third complete, and building of bridges and drainage structures is well along toward completion.

The Relief office, Mr. Bishop says, is furnishing an average of 10 workers a week to the county canning kitchen.

Beautifying the grounds at Tahoka high school requires six workers, and a similar project on the Wilson school campus affords six men work.

Though financed from a different set-up of the relief program sponsored by the Government, a drive is now under way to find farm homes for needy families in vacant rent houses of landlords who may wish to exchange house rent and a few acres of land in exchange for improvements on his farm.

An average of six men a day are being furnished the AAA cattle receiving in the cattle buying program which was resumed this week.

In addition to this work, five salaried administrative officers are employed in the local relief offices. The highway department also has a number of employees on the projects.

A certain Lynn county farmer
who has worked hard all year, like
many others, trying to make a crop
and failed, now has a good job
working on the highway south of
town. He gets up at 3:30 in the
morning, eats breakfast, milks and
feeds, straddles Old Dobbin and
rides the eight miles to work. Those
who have tried it know that a day's
work on the highway is no picnic.
Anyway, after the boss says it's
quitting time, he rid's the eight
miles back home getting there
about nine o'clock, does up the
chores, eats supper, takes a bath
and lays the old body down for a
long (?) night's rest. He says he
gets \$3.50 a day for the effort, and
is glad he has a job. The depres-
sion and a crop failure can't beat
a man like that.

Class News

This week is examination week
for the 7th, 8th and 9th grades.
This will complete the second six
weeks.

The current events club is going
to give a social Thursday night.
Those making the lowest grades are
going to entertain those making
the highest grades.

The 7th, 8th and 9th grades pre-
sented a chapel program Monday
morning, sponsored by Mr. Toombs.
The program consisted of several
songs by all rooms, "News of 1949"
by Edith Willingham, Piano solo by
Laudean Joins, Guessing Tunes by
Laudean Joins, Jessie Beard, Ruth
Garrison, Zelda Phillips, Edith Wil-
lingham.

All students in our room brought
a picture of themselves when they
were babies and we had a guessing
contest as to who they were.

We then chose the prettiest baby
and ugliest baby. Zelda Mae Phillips
won the pretty baby contest; and
was awarded a box of chocolates.
Ruth Garrison won the ugliest and
got a bar of soap. Boyce Evans got
the highest score in guessing and
a prize of a dime and a pin (diamond
pin) was given him.

The students of the 8th and 9th
grades are taking a course in short
stories. Mrs. Dyess is teaching the
course and it has proven to be very
interesting and liked by every one.
This course will enable the students
to write better stories.

First, Second and Third Grades

For the past week, all of the pup-
ils in the first, second and third
grades have been decorating our
room for Thanksgiving. We have
worked up an Indian and Pilgrim
project in our sand table that has
proven to be very interesting to the
entire school. In addition to our
drawing and cut work we have
learned many stories concerning
our forefathers.

Our room will have charge of the
chapel program Monday morning.
We have prepared an interesting
program and we wish to invite all
the parents to attend chapel.

This week is examination week
again with us. All of our pupils are
working hard to make the Honor
Roll.

Francis Patterson spent the day
with Bobby Star Grayson Sunday.

Sport News

The New Home teams journeyed
down to Redwine last Friday night
and gave three hard fought games.
The junior boys played an excellent
game, the scores at the end of the
game being 7-10 in our favor. The
girls then took the court and after
a hard fought battle lost by the
score of 6-7 the senior boys came
on. It proved to be a very interest-
ing game, the score being 11-22 al-
so in New Home's favor.

On Tuesday of this week three
teams, the junior boys, girls and
senior boys will go to Midway for
a game of ball.

The Rattlers will go to Graham
Chapel next Saturday night—with
four games and with a determina-
tion to win.

Efforts are being made to get
some games with O. K. for Friday.

**QUEEN'S LOVE STORY IN
NEW DEMILLE FILM**

The story of life—and loves—of
Egypt's most famous queen, Cleopa-
tra, is probably the most romantic
theme ever to be printed on the
pages of history or fiction.

Hundreds of thousands of words
have been written on this subject,
and now Cecil DeMille, pioneer mo-
tion picture director, has taken the
noted queen's last and most im-
portant love and with this as a ba-
sis for his screen story, has produc-
ed "Cleopatra," which is coming
Sunday, Monday and Tuesday at
the English Theatre.

Made at the Paramount studios
in Hollywood with Claudette Col-
bert, Warren William and Henry
Wilcoxon in the leading roles, the
film was in work more than eight
months. It is estimated that more
than 5000 people were employed
during the production. This in-
cludes, of course, important play-
ers, extra and bit people and tech-
nicians.

DeMille's "Cleopatra" is the
heart-touching romance of the
Siren of the Nile and Marc An-
tony, most gallant of all Romans.
Set against a background of un-
paralleled splendor, with Rome and
Egypt shown in all their beauty
and power, the world's greatest love
story is unfolded.

The film boasts of a splendid
supporting cast including Ian Keith,
Joseph Schildkraut, C. Audrey
Smith, Gertrude Michael, Irving
Pichel, Claudia Dell, Edwin Max-
well and Harry Beresford.

The screen play for "Cleopatra"
was written by Waldemar Young
and Vincent Lawrence and Bart-
lett Cormack did the adaptation.

**THE NEWER MANNER
IN KITCHEN REFINEMENTS**

The "Nesco" Roaster on display at
our local office embodies the most prac-
tical refinements for the kitchens of to-
day. The charm and magic of electricity
is built into the appliance itself.

The full, natural flavor of foods
cooked in their own juices is retained by
the "Nesco". Oven speed in baking is ob-
tained simply by the "high" and "low"
heats.

Average cost of operation is slight.
The heat generated within the appliance
itself is so insulated that the heat is con-
served.

We'll be glad to show you this newer
refinement.

Miss Evelyn Jeffreys Marries In Lubbock

Miss Evelyn Jeffreys, daughter of Mr. and Mrs. L. P. Jeffreys, now of Lubbock but former Tahoka citizen, was married Saturday evening in her parents' home in that city to Oliver Haag of Midland.

The vows were read by Rev. R. C. Campbell, pastor of the Lubbock First Baptist Church. Miss Estelene Jeffreys, twin sister of the bride, was maid of honor, and the groom's brother, H. L. Haag, Midland, was best man. After a honeymoon trip to Dallas and Fort Worth, the couple will live in Midland, where Mr. Haag is superintendent of the water works.

The bride is well known in Ta-

hoka and is a 1931 graduate of the local high school. She moved, with her family, to Lubbock about three years ago, and she has since been a student in Texas Technological College.

Mr. Haag is likewise a former Tech student. He is the son of Mrs. H. L. Haag, Midland.

Among those attending the ceremony were: Mrs. W. M. Harris, Tahoka; Mrs. O. J. Hull, Miss Clarice Hull, and R. E. Key, Lubbock; and Miss Doris Hull, Dallas.

Nola B. Tankersley Announces Marriage

Miss Nola B. Tankersley and Walter Denman Jr. surprised friends here late Sunday by announcement of their marriage earlier in the day at Lubbock. They left here to visit in San Angelo and other points before proceeding to Brownwood to make their home at 404½ West Lee street.

The bride is the daughter of Mr. and Mrs. C. T. Tankersley and was practically reared in Lynn county. She graduated from Tahoka High School in 1933 and last year attended Howard Payne College, Brownwood, and first became acquainted with Mr. Denman.

Mr. Denman is the son of Mr. and Mrs. W. G. Denman Sr., one of Brownwood's oldest and most highly respected families. The groom is a graduate of Brownwood High, spent two years following in Howard Payne, and later graduated from the University of Texas, where he was a member of Kappa Sig fraternity. He is now engaged in brokerage and oil business at Brownwood.

PREACHES AT BROWNFIELD

Elder R. P. Drennon was the preacher at a meeting of the Church of Christ in Brownfield Monday night. This was one of a series of meetings, which began Sunday morning and will close tonight, and at each service a visiting preacher from some nearby town preaches.

MINOR BATON HELD REGULAR MEETING NOVEMBER 1934

The Minor Baton held its regular meeting on Monday evening, November 19, at the home of its sponsor with Miss Ola Lee Stevens as hostess. At the conclusion of a short business session the evening was turned over to the program committee. There were several delightful numbers rendered, featuring Indian music. After the program, a contest and a mock football game followed in honor of the club members who are football players. At the end of an informal singing session, refreshments of coffee and doughnuts were enjoyed by the fourteen members and two guests.

The next meeting will be at the home of Miss Luda Strasser on the evening of December 3, with a program on Ethelbert Nevin.—Reporter.

PHEBE K. WARNER CLUB HAS STUDY OF FOLK MUSIC

The Phoebe K. Warner club met at the home of Mrs. E. E. Callaway on Friday afternoon, November 9. The following program on Folk Music was given:

Roll Call—Name of familiar Folk Song.

Paper—"Folk Music"—Mrs. C. M. Stewart.

Examples of Folk Music: England, "Oh No John"—Mrs. R. L. Moreland; Ireland, "Londonderry Air", Violin Solo—Charles Gagnat; Scotland, "Annie Laurie", vocal solo—Mrs. Skip Taylor; Wales, "All Through the Night", duet—Mesdames Moreland and Richards.

The hostess served a delicious chocolate ice box pudding and coffee to the club members and Mrs. J. B. Stokes and Charles Gagnat, Sunday as usual.

MRS. K. E. DUNHAM HOSTESS TO TAHOKA MUSIC CLUB

Mrs. K. E. Dunham, as hostess to the Tahoka Music Club, entertained Thursday afternoon in Mrs. H. C. Story's home. The concluding program of the List series followed the business session in which two new members were welcomed. Mrs. Story read a paper prepared by Mrs. J. D. Strickland and Mrs. W. S. Taylor gave an article entitled "From List to Einstein." A guest soloist, Miss Marjorie Wells, played the Vivace movement from Liszt's Hungarian Dance No. 13. A lovely dessert plate was served preceding the choral session. Mrs. H. M. Snowden was guest of the hostess.—Reporter.

CELEBRATE BIRTHDAY

Last Sunday Mrs. D. B. English honored her husband with a surprise birthday dinner, with the following guests helping celebrate the occasion: Mrs. Raymond Hatch and son, Raymond Bryson, Lamesa, Mr. and Mrs. C. M. Traylor and daughter Virginia Lee, Lubbock; Mrs. Maurice Small and two sons, George Maurice and Jimmie Dumas, Sudan; Mr. and Mrs. M. Hatch, Lamesa; and Mr. and Mrs. Lee King, Tahoka.

A party consisting of Elder and Mrs. R. P. Drennon, Mr. and Mrs. J. P. Stevens and daughter, Lois, Mr. and Mrs. Tobe Kennedy attended a lecture at Lubbock Sunday afternoon delivered by Evangelist Foy Wallace Jr., who gave his negative speech answering Rev. Frank Norris on the pre-Millennial subject. Bro. Drennon reports an attendance of 1500.

A specially prepared bed in which she systematically roots cuttings; the use of native shrubs; a definite plan for landscaping the farmstead; and the expenditure of \$3 together with some sure enough work has given Mrs. B. P. Curry, home demonstration club member of Matagorda county a lovely yard.

1935 Corn-Hog Program Planned By AAA Set-Up

College Station, Nov. 21.—"A corn-hog program for 1935 has been definitely decided upon by the Agricultural Adjustment Administration, and the contract and other forms are being prepared now," according to E. M. Regenbrecht, Extension swine husbandman. "Farmers will be invited to sign these contracts either late in December of this year or early in January 1935."

"The 1932-1933 base already established will be used again in carrying out both the programs. Farmers will be permitted to produce hogs up to 90% of the established base, and benefit payments will be figured at \$15 per head for the 10 per cent not produced. Another feature of the 1935 hog program is that it permits the unrestricted purchase of feeder pigs by contract signers from contract signers."

"An outstanding feature of the 1935 corn program lies in the fact that the exact amount produced is optional with the farmer within the limits of 70 per cent to 90 per cent of the established base. Benefit payments will be made at the rate of 35 cents per bushel on the appraised and adjusted yield."

"Regulations as to what contract signers may plant on all land kept out of corn production will be liberal. The only restriction in that they may not increase the amount of land planted to any other base commodity."

"Exact details of the corn and hog programs are not yet available, but it is hoped that they will be announced some time within the next thirty days," Mr. Regenbrecht said.

FIVE THOUSAND EXPECTED AT BAPTIST CONVENTION

Lubbock, Nov. 21.—"Vision for the New Day," will be the subject of the keynote address for the 44th annual Baptist Training Service convention here Nov. 29, 30, Dec. 1, by Rev. J. D. Gray, Denton.

Five thousand delegates are expected.

"We are convinced that no program will surpass this one," W. E. Young, Wichita Falls, president of the convention, said in a radio broadcast Saturday.

Local entertainment will be under the direction of J. D. Riddle and two dozen committees, including Dr. F. B. Malone and Committee who will provide an old time chuck wagon barbecue.

Among some hundred speakers who will appear on the three day convention program will be the following:

Dr. C. E. Maddry, secretary of

Jones Proposes Stronger Farm Credit Program

Washington, Nov. 12.—Creation of a permanent farm credit system as powerful as the Federal Reserve and stripped of private profit will be proposed to the Congress by Chairman Marvin Jones (Dem.), Texas, of the House Agriculture Committee program.

The Texan disclosed the plan in its general outlines Thursday, but said details remained to be worked out.

Essentially, the set-up would be broad enough to afford permanent credit facilities to agriculture in all its operations—credit to be given at cost, plus a fractional charge to build up a reserve and protect against losses.

The system would be operated through the existing Farm Credit Administration. It would be empowered to issue currency—farm credit notes similar to Federal Reserve notes—and thus save interest charges resulting in financing through bond.

It would make use of existing facilities of intermediate credit banks, the Production Credit Corporation and land banks.

The capital to start the farm reserve system, Jones said, would come either by earmarking gold now in the Treasury or by direct appropriation of Congress. He declined to estimate how much would be needed. The rate of interest to the farmer has not been determined, but it probably will not be more than 3 1-2 per cent.

Powerful backing for the plan already has been obtained. Actual drafting of the bill will not begin

RED CROSS AGENCIES SAFEGUARD HEALTH

First Aid, Life Saving, Nursing Care, Promote Health and Safety

Five outstanding services make up the health-conservation program of the American Red Cross, according to the annual report just issued in Washington. These services are first aid and life saving, which together have trained more than a million persons; nursing, with an active enrollment of 36,133 registered nurses; Public Health Nursing, conducted by 750 nurses in 424 chapters last year; and Home Hygiene, which has taught more than 700,000 men and women simple ways of caring for the sick at home.

"The achievements of the Red Cross in public health nursing place it among the leaders in this field," said James L. Fieser, vice chairman in charge of domestic operations. "This service was organized in 1919 to meet needs developed by the World War and the ravages of the flu epidemic which in 1918-1919 took so great a toll of life."

"Since that time Red Cross nursing services have been pioneers in more than one half of the counties in the United States. Many services we established were taken over later by civic, state and federal agencies, and the Red Cross continues to establish services in other new fields. Red Cross nurses made more than a million visits to patients last year, and 629,025 children in schools were inspected."

"Red Cross courses in home hygiene and care of the sick are especially important in times of depression, because they teach families to maintain hygienic conditions in their own homes early enough to prevent serious consequences."

"Our courses in first aid have been instrumental in saving lives of the injured; in safeguarding the accident victim until the physician arrives, and in reducing time lost by workers in factories, mines and other industries. We are also giving the course extensively to police and fire departments throughout the country, and to state highway patrols."

Everyone is invited to join the Red Cross during the annual membership roll call which continues from Armistice Day to Thanksgiving, to have a part in the health program and the other humanitarian services of the Red Cross.

An Army of Goodwill

When members of the Junior Red Cross learned that schoolbooks had been destroyed in the Kentucky floods last August they gave \$100 from the National Children's Fund to buy new textbooks for use in the schools. The maximum membership for the Junior Red Cross last year was 7,350,350 an increase over the previous year of more than 250,000. They carry on civic and service programs in their own communities which each year bring comfort and pleasure to thousands of needy and unfortunate people. An international friendship is built up through correspondence with Junior Red Cross members in foreign countries.

To Teach Water Safety

Life saving services offering training in first aid methods for swimmers have been carried on by the Red Cross for two decades. In 20 years, life saving certificates have been awarded to more than a half million people who are interested in water sports. Last year alone were issued 72,503 life saving certificates.

The Red Cross enrolled 1,502,334 members in last year's roll call. Join in the 1934 roll call—Armistice Day to Thanksgiving.

until further conferences with administration leaders.

Jones said he believed proponents of various efforts at liberalizing farm credit on a permanent basis would support the proposal, particularly since a Federal court has held the Frazier-Lemke act invalid and there is a disposition in some influential quarters not to attempt to go further in the direction of that measure.

FOOTBALL SEASON
CLOSED FRIDAY

Football season for the Tahoka Bulldogs is over. Friday's game with Ralls in which the Pups played a good game against a much stronger squad brought it to a close. In one sense of the word the season has been a success. Even though the percentage of victories is not large the Bulldogs have learned to play a new type of football. They have a new conception of the purpose of the game. They have made many errors but they have profited by them and will be better prepared to fight harder next year inasmuch as spring training now seems likely. It is possible that one more game, Bulldogs vs. an all-star team, may be staged Thanksgiving Day. The purpose of this game is to raise enough money to finish paying for sweaters for lettermen.

PEP SQUAD GIRLS TO
GIVE BULLDOGS BANQUET

According to announcement made early this week members of the Bulldog squad will be given an informal banquet by the pep squad. The date of the affair is Tuesday of next week.

"Plans have not as yet been approved by the office but it is probable that they will be," stated a leader of the pep squad.

The banquet will be on the third floor of the High School building and Home Economics classes will have charge of serving.

4-H CLUB GIRL PUTS
OUT PERMANENT PLANTS

Wheeler—Not only did Joy Bill Riley of the Briscoe 4-H club in Wheeler county plant a spring and fall garden, but she also canned 211 quarts of five varieties of foods this year and set out 20 trees, 100 berry vines, and 300 grape vines, according to Miss Viola Jones, home demonstration agent. Joy Bill did not sell any vegetables, but she sold 53 gallons of berries and made a profit of \$11. "Club work has meant so much to me. I have learned to can, to sew, to cook, and to do many other interesting things," Joy Bill says.

Col. Goodnight
Was West's Most
Colorful Figure

Goodnight, Nov. 21. (Special)—Visitors to Texas during the Centennial year of 1936 doubtless since childhood would have heard of the buffalo, which once roamed this State and others of the West, but today they will find that few of the former "lords of the plains" survive. In this connection, it might be well to recall that though Col. Charles Goodnight, plainsman and Texas Ranger, made many contributions to the colorful life of the Southwest, which will be memorialized by forthcoming celebrations at San Antonio, Houston, Galveston, Dallas and other cities, it is the fact that he preserved the buffalo from extinction that has brought to him the most renown among people of the present day. On the ranch, which he founded in 1887 at Goodnight, near the Palo Duro Canyon, there is at present the finest herd of buffalo in the world. The owners of the ranch are continuing, after Colonel Goodnight's death, to maintain the herd, and the place attracts many visitors.

The love of scouting and the technique of plainscraft were the breath of life to Colonel Goodnight, and so doughty and clever was he that his name had become a household word along with those of other great frontiersmen, who scouted the length and breadth of Texas and left accounts of bloody warfare with outlaws and Indians, hunger and thirst.

After the establishment of the Republic of Texas, the bloody attacks of Indians in the West caused outposts of white settlers to be driven back until they rested again in the shelter of the timbered zone. So in 1862 the State of Texas attempted to stem the backward movement of the frontier by the organization of the Frontier Regiment of Texas Rangers. Its scattered squads were stationed along the outside of the timbered settlements from the Red River to the Rio Grande.

A company of these under the command of Capt. J. J. Cureton was stationed at old Fort Belknap and one young member of it was Charles Goodnight. They protected the settlers from marauding Indians and outlaws coming from the vast and unexplored country.

From the Rio Grande north to the northern edge of the plains, the Rangers generally found water and game. But beyond that, to the north, only a scout who knew the land as only those with the uncanny instinct of the plains knew it could expect anything but death. Colonel Goodnight was one of those scouts who knew the plains to the grassroots.

The Indians were clever fighters, and no system of patrolling of the frontier could on all occasions save the settlers from their raids, so the Rangers, during the War between the States, decided not to wait for the Indians but to do battle themselves. Thus the border gradually was pushed to the West.

After his career as a scout and Ranger, Colonel Goodnight became a rancher. He lived at Goodnight until his death in 1929.

Expect Crowd At
State Music Meet

Lubbock, Nov. 21.—A record attendance is expected at the 21st annual convention of the Texas Music Teachers' association here Nov. 29, 30, Dec. 1. Miss Mary Dunn, Lubbock, vice-president and director of the program, has announced.

Roxy Grove of Baylor University, Waco, president of the Texas Music Teachers' Association, will preside and direct the convention.

The final contest for the Geo. B. Dealey prizes will be staged here for the winners in the 21 districts of the state. This contest takes place Nov. 29. The winners will broadcast on the afternoon of Nov. 30 and will be honored at the closing luncheon, Dec. 1.

Two banquets, a reception, a breakfast and a luncheon are planned for the convention delegates.

Among the speakers on the three day program are: Mrs. Allie Coleman Pierce, Baylor University, Waco; Mrs. Ralph McDougal, Jacksonville; Mrs. L. J. Ditzon, Wichita Falls; Nancy Craig Lasley, McMurry College, Abilene; Harry F. Taylor, New Mexico State College, Portales, N. M.; Wm. E. Jones, C. I. A., Denton; Isabel Hutcheson, Dallas; and Dr. Bradford Knapp, president, Texas Technological College, Lubbock.

Among those who will render musical interludes during the convention are: Mrs. J. W. Akin, organist, A. G. O. Wichita Falls; Horace A. Jones, violinist, R. A. N. University of Colorado, Boulder.

Colo.; J. Campbell Wray, Texas School of Fine Arts, Austin; Julien Paul Blitt and Trio, Texas Technological College, Lubbock; Marcus Gordon, distinguished American pianist; and Rollin Pease, baritone, University of Arizona, Tucson.

Richard E. Byrd, Admiral, who spent months in solitude in Little America: "I read the books I have always wanted to read and heard music I had never had time to enjoy."
