AN URGENT APPEAL FOR AID

People Asked to Go Down in Their Pockets and Do Something for the Suffering Citizens of Zapata County, Tex.

Zapata county has appealed to Fort Worth for relief. For the last two years a continuous drought has prevailed in some of the lower Rio Grande districts. Zapata county in particular, and many of the poorer ones are almost within sight of starvation.

From time to time the counties in East as well as West Texas have responded with money and provisions and the same have been disseminated through County Judge Spohn of Zapata, Tex., the county seat.

The state government has granted relief within the scope of its constitutional authority, and the succeeding legislature will be asked to do more. Immediately, however, County Judge Spohn asks the people of Fort Worth to contribute. He writes the Mail-Telegram as follows:

"I would take it as a favor if you would kindly publish in your paper this appeal for help for the starving poor of Zapata county.

"This county has been suffering from a protracted drought for the past two years. In this time no crops whatever have been raised. Of live stock there is virtually none left and no work of

any description is here for the poor. The county authorities have been issuing rations to over 1500 people for the past two months, but our supply is now exhausted and the situation in this county at present is terrible in the extreme.

"Actual starvation now confronts hundreds of families and we can not meet the situation without outside assistance.

"It is hard for us to be continually appealing for help, but necessity compels us to do so."

The Mail-Telegram will receive at its business office on Houston street, subscriptions which will be speedily transmitted to Gov. J. D. Sayers who in turn will forward them to the proper authorities of Zapata county.

N. J. McGinnis, agent for Wells, Fargo & Co's Express, and T. N. Edgell, agent for the Pacific Express company, have asked their general offices for authority to handle monies for relief free of charge.

GEORGIA DEMOCRATS.

State Convention in Session at Atlanta Today—Terrell Nominated for Governor.

Atlanta, July 2.—The Democrats of Georgia will meet in state convention here today at noon. A full state ticket will be nominated, headed by Jos. M. Terrell of Greenville for governor. The platform will deal mainly with state issues. There is considerable doubt as to whether Wm. J. Bryan and the Kansas City platform will be endorsed, the chances being against such action.

A Later Report.
Atlanta, Ga., July 2.—Georgia Democratic state convention nominated the following ticket:
For governor, Jos. M. Terrell, Secretary of state, Phil Cook, Treasurer, Robt. E. Park, Comptroller, Gen. Wm. A. Wright, Attorney-general, Jno. C. Hart, Fusion commissioner, Thos. Eason, Commissioner agriculture, O. B. Stevens.
State School commissioner, W. B. Merritt.
Associate justices of the supreme court, A. J. Cobb, and Samuel Lumpkin.
U. S. senator, A. S. Clay.

SHOT BY A BURGLAR.

A Wealthy New York Stationer Fatally Wounded in His Brooklyn Home by Burglar.

New York, July 2.—Albert C. Latimer, a wealthy stationer of this city who lives in Brooklyn, was fatally shot today at his home in a struggle with a burglar. The burglar escaped, leaving his shoes and cap behind.

Latimer was taken to the hospital, where the doctors after an examination said he could not live.

A NAME FOUND FOR IT.

The Marine Freak on Exhibition in New York Has Been Classified.

New York, July 2.—It has been decided that the strange fish just received at Battery Park aquarium from Bermuda is a specimen of the Channomuraena vitata or striped channomuraena, first discovered in 1844 and part snake and part a fish.

IN HARD LINES.

Prisoners of War of Foreign Nationalities Must Pay Their Own Passage or Wait.

The Hague, July 2.—The foreign office here has received notification from the British government to the effect that prisoners of war of foreign nationalities will not be liberated until all Boers are repatriated, with the exception of those who defray their own passage. The latter can secure their release forthwith but they must not go back to South Africa.

AN AMERICAN INVASION.

Citizens of the United States Are Supplying England With Electric Railways—An Undeveloped Industry.

New York, July 2.—Thomas A. Nevins of East Orange, N. J., will sail on Saturday to take up the work of constructing 147 miles of trolley lines between Liverpool and Manchester and arrange side lines touching many popular towns. The work will entail an expenditure of \$20,000,000, all of which will be furnished by American financiers.

Mr. Nevins is prominent among the traction constructors of the East. He said: "The English do not seem to have awakened to the possibilities in

electric roads. We look upon England as containing our principal interests nowaday, because the field there is so largely undeveloped. We have done a great deal of work in this country but it is pretty well supplied now and the field of operations is consequently restricted. In England it is practically unlimited."

LEFT IT TO HIS CHILDREN.

The New York Copper Magnate Made No Charitable Bequests.

New York, July 2.—Having during my life given largely of my means to deserving charities, I make no charitable bequests, leaving to my children to make such gifts out of the estate they receive under my will as they shall deem proper.

In this paragraph of his will Leonard Lewisohn, the copper magnate of this city, who died in London on March 5 last, left it to the direction of his nine children as to what should be set aside from his estate for charity.

Following the suggestion contained in their father's will, the nine children have agreed, it is announced, to contribute \$100,000 each to charity as a memorial to their father, making a total of \$900,000 to be devoted to charitable purposes. The details of the distribution of this sum are now being considered.

It is estimated that the value of Mr. Lewisohn's estate is between \$20,000,000 and \$30,000,000.

STOWAWAY BOER RELEASED.

He Had Lived in This Country Before the War.

New York, July 2.—Louis Albrecht, the stowaway Boer prisoner, brought here from Bermuda on the steamer Trinidad, has been released from custody by the Board of Special Inquiry on Ellis island. Albrecht testified that he formerly lived in this country but left in 1896 to fight the English, he being a Boer.

LINES FROM LONDON.

The Coronation Visitors Have Vamoose and it is Dull Now in the Old Town—News of King.

London, July 2.—The end of the present week will witness the exit of a great many Americans from London. The boats that sail next Saturday have, it is understood, large passenger lists.

Of those who came here especially for the coronation, many already have left for Paris and other parts of the continent. A sort of dullness seems to have settled over everything.

PROPER FOOD. Better Than Ocean Breeze.

It makes a lot of difference in hot weather, the kind of food one eats.

You can keep the body cool if you breakfast on Grape-Nuts, for in its pre-digested form, it presents the least resistance to the digestive organs and contains as much nutriment as heavy body heating food such as meat, potatoes, etc.

Grape-Nuts is probably entitled to the claim to be the most perfectly adapted food for human needs now extant. The meat eater and vegetarian are alike charmed with its crisp taste, the delicate flavor of the grape-sugar and the nourishment to body and brain, while the housewife is attracted by its being thoroughly cooked at the factory and obtained from the grocer ready for instant use with the addition of cream, making it a cool, delicious dish, requiring no hot stove and cross cook on a hot morning.

When Grape-Nuts and Postum Food Coffee constitute the summer breakfast with the addition of a little fruit, it is not necessary to seek the ocean breezes for comfort, for external heat is unnoticed when internal coolness from proper food is felt. The recipe book in each package of Grape-Nuts gives dozens of delicious dishes.

A DYNAMITER DEAD.

A Conspiracy Against the Life of the President of Uruguay Discovered in a Curious Manner.

Buenos Ayres, July 4.—A conspiracy against the life of the president of Uruguay, Dr. Cuestas, has been discovered here in a curious manner.

Carlos Pagini was found dead in a street of this city. The police were investigating the case when they received a communication saying that Pagini was the chief conspirator against the life of the president. The communication said that the police would find in Pagini's dwelling 24 kilos of dynamite. This statement proved true.

It is understood that Pagini backed out at the last moment in the conspiracy to assassinate President Cuestas and that one of his fellow-conspirators killed him to prevent a disclosure of the plot.

A FEW FOOT NOTES.

An Agreement Reached Between President Shaffer and the American Tin Plate People.

New York, July 2.—President Shaffer of the Amalgamated Association of Iron and Steel Workers has held another conference with the officers of the American Tin Plate company. After the meeting President Shaffer said: "My object in coming here merely is to agree upon what we call the 'foot notes' to the new agreement between the tin plate workers and the company as to wages, which is now in effect. These foot notes refer to matters which were left out when the wage scale was signed last April."

THE NOTE TO THE VATICAN.

Terms Agreed Upon and Contents Cabled to Washington.

Rome, July 2.—Civil governor of the Philippine islands, Judge Wm. H. Taft, has cabled to Washington the terms of the note to the vatican on the subject of the disposition of the Friars lands in the islands, which was compiled here yesterday at a conference held between Governor Taft, Major Porter of the office of judge advocate general of the army, Judge James P. Smith of the supreme court of the Philippines, and Bishop O'Gorman of Sioux Falls. If the terms are approved, the note will be delivered tonight.

SENSATIONAL SUICIDE.

A Prominent Chicagoan Takes His Own Life Without Apparent Cause.

Chicago, July 2.—Siegmond Guthmann, vice-president of the wholesale shoe firm of Guthmann, Carpenter & Telling and a well known club man shot and killed himself at his home today. Other members of the family could not explain the cause.

CHANGE OF VENUE GRANTED.

A Michigan State Senator Accused of Bribery.

Grand Rapids, Mich., July 2.—In the Superior court yesterday, Judge Newham granted the motion for a change of venue in the case of State Senator George E. Nichols of Ionia, charged with offering a money bribe to one of the people's witness in the Salisbury water bribery case. The court will not decide on the place of trial until his return from England in September.

LOSS BY THE AUSTIN BANK FAILURE MADE GOOD.

THE FINAL INSTALLMENT

THE STATE TREASURER IS NATURALLY MUCH ELATED.

First National Bank of Austin has Returned to the State the Last Penny Due—Governor Sayers Coming Home.

Austin, Tex., July 2.—(Special.) The First National bank of Austin this morning paid into the state treasury the sum of \$49,798.98, being the final installment on the total amount of \$397,724.28 due the state by the bank when it suspended August 3, 1901. Out of that amount \$39,500 was due to the secret amount \$39,500 was due to the secretary of state. According to contract entered into between the state and a bank the latter paid \$97,724.28 cash immediately upon resuming business and the balance was to be paid in six equal monthly installments which was done.

The state treasurer feels highly elated that the state has recovered every dollar which was in the bank at the time of its failure.

Judge N. A. Cravens, the governor's private secretary, was advised this morning from San Antonio that the governor who has been there about 10 days will be back to Austin next Saturday. He is, however, not much improved.

THE PERFECT LIVER MEDICINE.

Mrs. M. A. Jolley, Noble, O. T., writes: "I have used Herbine for a number of years, and can cheerfully recommend it as the most perfect liver medicine, and the greatest blood purifier. It is a medicine of positive merit, and fully accomplishes all that is claimed for it." Malaria cannot find a lodgment in the system while the liver is in perfect order, for one of its functions is to prevent the absorption of fever producing poisons. Herbine is a most efficient liver regulator. 50c at H. T. Pangburn & Co.'s.

ANOTHER COMBINE.

Plans Being Pushed Forward in Chicago for the Formation of an Association to Fight Labor's Demands.

Chicago, July 2.—It is reported today that plans for the formation of an association of merchants for the purpose of protection against unreasonable demands of labor are nearing completion, and within another week it is expected to have every store owner of prominence in the city enlisted in the movement.

The demands made upon merchants in the past, especially in the course of the recent strike of department store wagon drivers are said to be the chief force that has caused the business men to get together for mutual protection.

Organized labor threatens to retaliate with a general boycott of all the stores that may become members of the new organization.

NEW BANK OFFICERS NAMED.

A Big Deal in Financial Circles in Baltimore.

Baltimore, July 2.—James T. Woodward, president of the Hanover National bank of New York, and James H. Eckles, president of the Commercial National bank, Chicago, and Chas. R. Spence, second vice president of the Mercantile Trust and Deposit company of Baltimore, have been elected directors of the First National bank of Baltimore. The capital stock of the bank was increased from \$500,000 to \$1,000,000.

Of the new issue the Mercantile Trust and Deposit company will take one-half and the other one-half will be taken by Mr. Woodward, who is said to represent interests in New York, Philadelphia, Chicago and Boston. It is supposed that Mr. Eckles represents the Chicago holdings of the new stock.

A MOST REMARKABLE FEAT.

Two Big Ocean Liners Built in Cleveland Successfully Launched. Rochester, July 2.—Westbound lake captains, who have just come from the St. Lawrence and put into Charlotte for coaling, report that the art-section of the big ocean liner Minnewaska has

been warped off the rocks in the St. Lawrence river, where it struck two weeks ago. The two halves of a sister ship, the Minnetonka, were conducted through the perilous waters of lower Lake Ontario and the St. Lawrence in safety and reached Quebec without mishap.

This news marks the practical completion of one of the most remarkable feats of ship building ever known on the Great Lakes. These two huge ocean-going freighters were built at Cleveland. Each of them is 500 feet in length. Close calculation showed that the length of the completed vessels would not admit of their passing the locks in the Welland and St. Lawrence canals by several feet. Consequently it was decided to tow them down the lakes in sections, two to each ship.

The Same Old Story.

J. A. Kelly relates an experience similar to that which has happened in almost every neighborhood in the United States and has been told and retold by thousands of others. He says: "Last summer I had an attack of dysentery and purchased a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, which I used according to directions and with entirely satisfactory results. The trouble was controlled much quicker than former attacks when I used other remedies." Mr. Kelly is a well known citizen of Henderson, N. C. For sale by N. E. Grammer, druggist.

MOBBED THE TEACHER.

Polish Boys Give a German Instructor a Warm Time in the Old Town While Their Parents Applaud.

Berlin, July 2.—A symptom of the bitterness of Polish feeling against the Germans has been exhibited in the village of Juschken near Graudenz, western Prussia. All the boys in the school, at a signal from the largest boy, mobbed the school teacher, a man named Borchert, and mauled him severely with sticks. The teacher grabbed a stick and used it so effectively that he beat off his young assailants, who ran home, where they were warmly welcomed. The school administration, of course, regards the attack as having been instigated by the parents, who, at Juschken and in other localities have been intimidating German teachers.

BAD DIGESTION

Imperfect digestion is more serious and far-reaching in its effect than is generally understood. This state of health is like an open gateway to disease, because germs that may be in the air we breathe at once seize such an opportunity to attack the vital organs. They slowly undermine the strength and energy, and a collapse comes—usually at a time when a strong healthy body is most needed.

PRICKLY ASH BITTERS

Is a fine regulating tonic which filters through the body, casting out injurious matter, stimulating the digestion and nourishing and strengthening every weakened part. It also purifies the blood, sharpens the appetite and creates energy. In this way it restores the system to perfect order.

For irregular bowel movements, chronic constipation, flatulence, belching, foul breath, and other troubles due to indigestion or obstruction in the bowels, Prickly Ash Bitters is a speedy cure.

STABBED NEAR THE HEART.

Shamrock Saloon the Scene of Another Bloody Affair.

The Shamrock saloon has, so far as the police records show, been in a state of innocuous desuetude since the shooting affray between Minnie Strauss and Jack Snow. However, the old-time record is developing, for on Monday night another difficulty occurred there which came near costing the life of a negro named John Moore.

It was first reported to the county attorney's office today and the information given was to the effect that another negro named Newman Gill used a knife on Moore, inflicting a wound near the heart.

Moore, it was reported, is in a bad condition, and the wound may result seriously. No arrests so far.

Summer Terrors

Acne, Tetter, Eczema, Salt Rheum, Psoriasis, Nettle Rash

An itching, burning skin disease during the hot, sultry summer weather, is a positive terror and a veritable demon of discomfort. The intolerable itching and stinging are tantalizing almost beyond endurance, and the unsightly eruption and rough, red skin keep one thoroughly uncomfortable and miserable night and day. Eczema, Tetter, and diseases of this type are caused by acid poisons in the blood, which the heat of summer seems to warm into life and renewed activity. These fiery acids keep the blood in a riotous and sour condition, and the skin unhealthy and feverish—they inflame the pores and retard perspiration, when the whole body feels like an over-heated furnace, and the escaping poison burns and blisters like liquid fire.

TORMENTING ECZEMA.

KANSAS CITY, MO., May, 1898.

In 1896 I experienced at times patches on the inside of my hands that itched and burned, causing much discomfort. As time went by it grew worse. I had read medicine in my early twenties (now 50 years of age) and was convinced that I was afflicted with a type of Eczema. I consulted several physicians and a number of specialists, and used several external applications, one of which was claimed to be a certain specific. I confess, however, I had but little faith in external applications, yet I used them, receiving but slight temporary relief. In February I decided to try S. S. S., and in less than a month I experienced a change for the better, and by May of that year all symptoms had disappeared, and I found myself entirely cured, and have had no return of the disease since.

W. P. BRUSH,
Station A, Kansas City, Mo.

or check the outflow of the burning fluids through the skin. Only persistent and faithful constitutional treatment can do this. The acid poison in the blood, which is the real cause of the eruption, must be attacked, and when the blood has been cleared of all accumulated impurities and restored to a healthy condition, then, and only then, will a thorough and lasting cure be effected, and for the accomplishment of all this, no remedy equals S. S. S., which contains all requirements for cleansing and building up the acid blood, and invigorating and toning up the system. S. S. S. completely and permanently eradicates every vestige of poison, thus effectually preventing a fresh outbreak of the disease.

Cases that have resisted ordinary treatment for years, yield to the purifying, cooling effects of S. S. S. upon the blood, and when rich, pure blood is again circulating through the system, the itching and stinging cease, the eruption disappears, and the red, rough skin becomes soft and smooth again.

Skin diseases appear in various forms—sometimes in pustules or blisters, sores, rashes, or red, disfiguring bumps and pimples—but all are caused by a bad condition of the blood, and for which S. S. S. is a safe and effectual cure. No bad effects can come from its use, because it contains no Arsenic, Potash or other harmful drugs, but is guaranteed a strictly vegetable remedy.

If you are a sufferer from some summer terror like Eczema, Tetter, Acne, Psoriasis, Salt Rheum, Nettle Rash or kindred disease, write us about it, and medical advice or any special information wanted will be given without charge.

Our Book on Skin Diseases will be sent free to all desiring it.

THE SWIFT SPECIFIC COMPANY, ATLANTA, GA.

JULY 4 AT TOWN OF THURBER

THE 5,000 INHABITANTS WILL JOIN IN CELEBRATING.

The Coal, Mercantile and Brick Companies Give Employees a Day Off and Set 'em Up Ten Times Around.

No people on earth enjoy themselves more thoroughly when an occasion presents than do the 5000 inhabitants of the mercantile and manufacturing town of Thurber, Erath county, 80 miles west on the Texas and Pacific railway.

Of these 5000 people, nearly 2000 are on the pay rolls of the coal, mercantile and brick companies, and the other part of the population going to make up this 5000 are members of the families of these employees. It is the custom of the companies to give the Fourth of July as a holiday to its people, and on Thanksgiving, Christmas and New Year's day a half holiday is given, and the entire people enjoy themselves in one grand day together or separately as their inclination suggests. This year, as in former years, the Fourth of July will be appropriately observed, and the Thurber Journal speaking of the day, says:

"Commencing next Thursday morning there will be handed out to the 1800 employees of the coal, mercantile and brick companies 10 tickets each, good for either one glass of beer, glass of soda water or dish of ice cream. Had you thought what a really stupendous treat this is?—18,000 'smiles' at 5c per 'smile.' Ten of either are as much as anyone wants or would ask. What a treat for the children—ice cream and soda galore! Those who prefer the more ardent commodity may, if they choose, 'pool' in crowds of eight and get a keg. This is a most satisfactory manner of dispensing the company's annual treat, so universally appreciated."

The Journal further says: "At a called meeting of the Hunter Fishing and Boating club last Monday night the members present unanimously decided to entertain their families and a few friends at the club house on July 4. An excellent barbecued dinner will be served, music will be furnished during the afternoon so that those who wish may spend an hour or two in the dance; a Gypsy tent will be pitched on the grounds nearby, where the thirsty may refresh themselves, besides soda water, lemonade and ice

water will be supplied in plenty. A supper will also be served at about 6 o'clock, after which everyone will probably come back to town and attend one of the big balls at the opera house or pavilion. The affair will be an informal one, where members and their families may spend the day lounging about the club house, under the shade of the trees or on the banks of the lake, as best suits them. The 'commissary department' will be ably looked after by Messrs. Ed S. Britton, J. J. Foster and A. B. Marston, who will see that there is plenty of good things to eat on the ground."

Need More Help.

Often the over-taxed organs of digestion cry out for help by Dyspepsia's pains, Nausea, Dizziness, Headaches, liver complaints, bowel disorders. Such troubles call for prompt use of Dr. King's New Life Pills. They are gentle, thorough and guaranteed to cure. 25c at Guthrie & Guthrie's drug store, 502 Main street.

THE ITCHING WAS TERRIBLE.

ESCONDIDO, San Diego Co., Cal., Oct. 1900. Dear Sirs—My body broke out with a rash or eruption. The itching, especially at night, was simply terrible; it would almost disappear at times, only to return worse than ever. I had tried many preparations without benefit, and hearing of S. S. S. determined to give it a fair trial; a few bottles cured me entirely, removing every blemish and pimple from my body. L. MARNO.

BAD FORM OF TETTER.

For three years I had Tetter on my hands, which caused them to swell to twice their natural size. Part of the time the disease was in the form of running sores, very painful, and causing me much discomfort. For doctors said the Tetter had progressed too far to be cured, and they could do nothing for me. I took only three bottles of S. S. S. and was completely cured. This was fifteen years ago, and I have never since seen any sign of my old trouble.

MRS. L. B. JACKSON,
837 St. Paul St., Kansas City, Kan.

Only persistent and faithful constitutional treatment can do this. The acid poison in the blood, which is the real cause of the eruption, must be attacked, and when the blood has been cleared of all accumulated impurities and restored to a healthy condition, then, and only then, will a thorough and lasting cure be effected, and for the accomplishment of all this, no remedy equals S. S. S., which contains all requirements for cleansing and building up the acid blood, and invigorating and toning up the system. S. S. S. completely and permanently eradicates every vestige of poison, thus effectually preventing a fresh outbreak of the disease.

Cases that have resisted ordinary treatment for years, yield to the purifying, cooling effects of S. S. S. upon the blood, and when rich, pure blood is again circulating through the system, the itching and stinging cease, the eruption disappears, and the red, rough skin becomes soft and smooth again.

Skin diseases appear in various forms—sometimes in pustules or blisters, sores, rashes, or red, disfiguring bumps and pimples—but all are caused by a bad condition of the blood, and for which S. S. S. is a safe and effectual cure. No bad effects can come from its use, because it contains no Arsenic, Potash or other harmful drugs, but is guaranteed a strictly vegetable remedy.

If you are a sufferer from some summer terror like Eczema, Tetter, Acne, Psoriasis, Salt Rheum, Nettle Rash or kindred disease, write us about it, and medical advice or any special information wanted will be given without charge.

Our Book on Skin Diseases will be sent free to all desiring it.

BROTHERLY LOVE IN QUEST

A Colored Member of the Order Masons in Court.

A negro man named Randle was rained in the corporation court, morning on complaint preferred by brother Masons, charging him with "breaking up their meeting," and two instances wherein he had passed upon their deliberations, out their consent, causing some trouble at one time as to necessitate a call for the police.

It appears that Randle was at time a member but for some violation of the Masonic rules and regulations was expelled. He had his own lawyer, however, about the expulsion, and insisted on continuing his attendance. A jury was asked for, but could arrive at a satisfactory verdict was discharged.

NEW TRAIN GETS GOOD BUSINESS

THE DENVER'S ADDITIONAL PASSENGER SERVICE STARTS WELL.

Sleeper Was Filled to Its Capacity With Tourists for Colorado—Local Travel Up.

The second daily train of the Fort Worth and Denver, inaugurating new and increased service between Fort Worth and Colorado points, pulled out of the Texas and Pacific passenger terminal station at 11:10 o'clock last night with business that far exceeded the management's expectation. The new service gives Fort Worth two more exclusive trains, increasing the Denver's schedule to six trains daily in and out.

The night train to Colorado arrives in Denver early on the morning of the second day, and the corresponding return service which also leaves Denver at night will arrive here 6 o'clock a. m. daily using the same running time.

The sleeper on last night's train was filled to capacity with Colorado tourists, while the remainder of the cars were comfortably occupied by travelers for near by points. During today there were a large number of callers at the Denver's city office for berth and ticket reservations, and while the travel will be kept free from congestion by the provision of ample facilities, the indications are good business will attend the service throughout the summer months.

TRANSFER OF A RAILROAD.

Te Chicago, Indianapolis and Louisville Sale Completed.

New York, July 2.—J. P. Morgan & Co., as depositors for the Louisville and Nashville Railroad company and the Southern Railway company, have announced, according to the Tribune, that the holders of more than 50 per cent of the capital stock of the Chicago, Indianapolis and Louisville Railway company have accepted the offer made them on May 20 by the two companies first named. The deposit constitutes a final acceptance of the offer of purchase.

COERCION CLAIMED IN MARRIAGE VOW

YOUNG WIFE SEEKS LEGAL SEPARATION FROM HUSBAND.

Grand Jury Investigating the Azle Killing—District Courts Clearing Dockets—Transfers.

In the Forty-eighth district court the jury went out at noon today for consideration of the case of Mollie Wetherly vs. Will Wetherly, suit for annulment of marriage contract. The case was taken up yesterday, and quite a little interest was taken in it, from the fact that the plaintiff left her husband on the third day after their marriage, claiming to have been coerced into the marriage contract by threats made against her character and other threats and actions of a violent nature. Both plaintiff and defendant testified in their own behalf, as did also the parents of the woman. The latter claimed to have seriously opposed the union. Both the families of plaintiff and defendant are well connected in Tarrant county. The wife's maiden name was Mattie Trigg, and her husband was at one time employed in the comptroller's office at Austin. The husband claims that the testimony of his wife that coercion was employed and that threats of a violent nature or abuse were used is false.

After this jury went out a number of other cases on the docket were called, but for reasons accepted by the court were not entered into, but may be taken up tomorrow or at any time during the week that the attorneys announce ready.

The next case taken up was the ex parte one of H. D. Morgan to secure the custody of two minor children now in the possession of his former wife, Mollie Collins Pool.

Judge Smith of the Seventeenth district court is still engaged in hearing motions, and yet has some previously argued under advisement, among them that of W. I. Mayles, convicted of robbery by use of fire arms and receiving a verdict of five years.

Charged With Burglary. Detective Thomason today transferred the negro bell boy, Henry Logan, to the county authorities and filed complaint against him charging burglary. Logan is the negro charged with entering Mrs. Overstreet's room at the Delaware hotel, Monday night.

Fined \$50 and Costs. Judge Stewart of the corporation

court has set the pace for pistol toting. He this morning fined a negro boy, Jim Smith, \$50 and costs on conviction of a charge of this kind, and announced his determination to deal with all comers in a similar manner. Jim will put in the summer working out the price of his folly.

Grand Jury Investigation.

The grand jury is investigating the killing of John Wilson by Bud Dent at Azle on Monday night. Quite a number of those who were present at the difficulty were in town today and others are being summoned. It develops that young Dent on Monday night was reprimanded in the hall upon the charge made by Wilson or having given out the password, and was also excluded from the meeting of that night. He failed to state this yesterday to Assistant County Attorney Buck.

FRANCHISE IS NOT SHAKY.

Fort Worth's Team Will be in New League.

President Ward of the Texas base ball league returned from Paris last night where he attended a league meeting. The story that Fort Worth's franchise is in jeopardy was not warranted by the season held Monday, although it was practically decided to reduce the club memberships from six to four. Of these Dallas, Fort Worth and Corsicana will be three,

and either Waco or Paris the fourth.

President Ward says the organization of a new league depends upon the clubs' action during the next few days as the present season ends Sunday. A new schedule which is now in the course of preparation becomes effective Monday.

The University of Texas catalogue is a volume of 342 pages, full of information concerning the work and equipment of the state's great educational enterprise. With a system starting with the primary grades and extending through the intermediate, grammar and high schools, with the university as the crowning step, Texas has an educational edifice in line with the best thought of the times and of which any state might feel proud. The generous endowment provided for the system, if properly supplemented by appropriations from the general revenue, will ultimately put Texas to the forefront in educational affairs. Keep the boys and girls at a home school where they will not be educated out of harmony with the spirit and traditions of their fathers. A catalogue may be had by addressing Registrar Lomax, Austin, Tex.

Elsewhere in this issue will be found the announcement of the University of Texas for the session of 1902-1903. This institution is becoming a growing power in the educational field of the country. It has more than 1200 alumni, many of whom occupy high places of public trust and honor. Its graduates are members of the faculties of the University of Utah, Western Reserve university, Bryn Mawr college, the University of Chicago, Cornell university, Yale university and Harvard university. In every department of the public and civil life of the state, will be found the influence of this institution exerted by men and women who have studied in its halls. The students today number more than 1100; the equipment and instruction is modern and progressive; the available resources increase year by year. The value of a home education is unquestioned. No tuition fees are charged and the boy or girl of limited means may here find a chance to secure the best training at the lowest cost.

The June apple crop in the country around Denison is practically gathered. The crop this year was not as large as anticipated. The long drouth of last fall and winter rather stunted the trees and prevented as large a yield as usual, but altogether the yield has been very satisfactory to the orchardists. The June apples have been in fine flavor, and in great demand, the most of the shipments of apples being made to Southern Texas. The apple growers realized from \$1 to \$1.50 per bushel for the apples delivered in Denison, and this brought in a revenue of an average of \$150 per acre. Many of those having new orchards are preparing to dig wells and put in tanks and pumps to irrigate, so that drouth will not affect the crop in future. The apple growers say that without interference from drouth the crop will produce over \$200 worth of fruit per acre. The Denison Herald has sent to the leading papers of the state samples of this year's apple crop as a word of advertising for the "apple belt" around Denison.

Among the 162 graduates from the University of Texas this year was a young man who made his way through the institution as a barber. In the afternoon, during the early morning and at night, he worked at his trade to earn money for his expenses and between these periods he snatched enough time for preparing his lessons and for recitations. Despite this drawback, his record for scholarship and efficient work was so pronounced that during his senior year a fellowship was awarded to him, carrying salary enough to defray his college expenses. He graduated with distinction and with the profound esteem of his classmates and instructors. During the past year more than 100 students have either partly or entirely supported themselves by some sort of labor, while in the university. Among this number was a young man who secured his master's degree, and who for the past five years has earned the money spent on his education and yet stood at the head of his class. Now a friend is to furnish funds and he will go to Harvard in the fall and continue his studies in that great institution.

tution for two or three years. With such examples of courage and resourcefulness, no ambitious young man, however poor, need despair of getting an education. Texas has provided its system of free schools and a university with free tuition largely for the benefit of this class, who otherwise would be deprived of the beneficial influence of an education. In an institution where all classes mingle on equal terms, where character and mental powers alone receive distinction, democracy and its principles flourish, and the spirit thus awakened and fostered is the surest indication of the perpetuity of our form of government.

AN URGENT APPEAL FOR AID.

County Judge A. P. Spohn of Zapata county has written to the Mail-Telegram a description of the sufferings of the poor people of that drouth-stricken section of the state. He makes an earnest appeal for aid. The people of Zapata county are deserving of assistance. Committees should take the matter up in every town in the state. While Providence has frowned upon the good people of that section of the universe he has smiled and not only smiled, but has fairly "snickered" right out on other more favored portions of the footstool. This appeal should not go unheeded. Something should be done in the matter. Texas is big enough and strong enough and should be charitable enough to see that no suffering that can be avoided is permitted within her borders. The Mail-Telegram gladly gives space to the appeal and hopes that the response will be in keeping with the condition of the needy.

GOOD ADVICE.

If there were a few more negroes in the country like Booker T. Washington, using their influence to wean their race from folly and inculcate in it some little commonsense, the race would be many hundreds of times better off and there would be fewer negroes in the penitentiaries, jails and chain-gangs.

The trouble about the average negro is that he is fond of glitter and gaiety and would rather work on a pier or in a ditch in a city than own his own home in the country.

In an address before the graduating class of the colored school in Baltimore, Booker Washington said: "I would ten times over rather see a young colored man graduated from college go and start a farm than to become a parasite, living upon the wealth of another person, or seek an uncertain livelihood in temporary and questionable positions. The young man who leaves college and goes to his father's farm and teaches him how to raise fifty bushels of corn with less labor on an acre where only twenty-five were growing before has added something to the community."

He urged those who disliked farming for an avocation to learn a trade. "Go into the North or South and ask to have pointed out to you the most prosperous and reliable colored man in that community, and I believe you will have pointed out to you a negro who has learned a trade, and in many cases you will find that this trade was learned during the days of slavery."

Booker Washington ought to come to Fort Worth on a Saturday night and make the rounds and see how so many of the Fort Worth negroes throw away the money they earn so hardly during the week.

The best thing for the negroes to do is to stop trying to be politicians and try to make men of themselves.

THE POLICE CHIEFS.

The police chiefs and marshals of Texas cities in session at Fort Worth Thursday called attention to an evil that has been known to all men who frequent the courts for years. It is the laxity of juries and courts in fixing punishment for crime.

Month after month and year after year chronic lawbreakers are regularly arraigned at the bar of justice, where they repeat the stereotyped "guilty," and hear the stereotyped phrase, "\$10 and costs." This over, they go to engage in the very act or acts for which they have been punished. Indeed, it is not infrequent that they arrange in the court room while awaiting trial to go forth again and commit the very crime for which they have been arrested. Educated for years in the courts, they know exactly what to expect and are prepared for it.

It is a rare thing for the extreme penalty of the law to be inflicted, yet the law contemplates that it be enforced against chronic and incorrigible offenders, and if it were rigidly applied a change in conditions for the better would be brought about that would astonish the people.

Much of this laxity in suppressing crime is due to the fee system. An

astute and observing lawyer has said that the fee system makes the courts partners with crime. Under the fee system the pay of most officers is regulated by the amount of crime committed. The more crime, the greater their pay and this being true, the average officer finds no incentive to prevent the minor offenses that usually call for "\$10 and costs." The very moment the fee system is abolished and officers are paid proper salaries, that very moment will the misdemeanor laws be enforced.

The chiefs of police and the marshals appeal to good citizens to aid the officers in enforcing the law. The best aid they can give is to demand the repeal of the laws giving peace officers fees in criminal cases.—Austin Tribune.

Arlington in a few years will be known as the pleasure resort of Dallas and Tarrant counties. Paste this prediction in your hat.

Arlington offers a most superb location for suburban homes. The Dallas and Fort Worth people should come out and see us.

Arlington is the best town between the two leading cities of Texas—Dallas and Fort Worth—and is the connecting link, as it were, between the two cities.

It's just like living in Dallas or Fort Worth to live in Arlington. The splendid service of the Texas and Pacific railway and the hourly schedule of the electric car line give us such easy access to the cities that we feel like we're living "in town."

Bright's Disease.

Bright's Disease is no respecter of persons; it attacks men and women, the strong and robust, the rich and poor, the active body and brain workers, the fathers of families, the bread winners in every sphere of life, seeming to choose for its victims those only who can least be spared. Smith's Sure Kidney Cure is the only guaranteed remedy for Bright's Disease.

Your money back if it fails to cure. Price 50 cents and \$1.00. For sale by Reeves' Pharmacy and Ward's Pharmacy.

GOOD WORD FOR TEXAS.

In the showing of increase in population and wealth made by their state during recent years the people of Texas have every reason for exceptional gratification. A section of the Union which makes a record in ten years of a growth of \$13,187 in population and of \$199,539,965 in wealth, as was done by Texas between 1890 and 1900, is certainly gaining at a ratio far above the average. When it is remembered, too, that in oil, cotton, lumber, rice, corn and market gardening the state is making especial strides, a greater growth in the near future is seen to be inevitable. The state of Texas commands the world's admiration, not unmixed with wonder.—St. Louis Republic.

Acts Immediately.

Colds are sometimes more troublesome in summer than in winter, it's so hard to keep from adding to them while cooling off after exercise. One Minute Cough Cure cures at once. Absolutely safe. Acts immediately. Sure cure for coughs, colds, croup, throat lung troubles. Smallwood & Anderson, and Anderson & Smallwood.

THAT'LL BE ALL RIGHT.

Well! Well! Has the millennium arrived? There has not been a "con" game worked in Fort Worth where the victim has squealed for a fortnight.—Fort Worth Mail-Telegram.

The Mail-Telegram is evidently the only paper that is allowed to exploit the "con" games of that city. A writer for the Drovers' Telegram caused a great disturbance during the cattle-men's convention early in the spring by saying that the town was suffering from a plethora of fakes and fakirs. The Mail-Telegram howled louder than anybody else. It seems to make little difference whose ox is being gored, but an almighty lot who does the goring.—Kansas City Drovers' Telegram.

AN INSURANCE TRUST.

Without a moment's warning the insurance companies doing business in Belton have raised their rates 25 per cent, that is, property which heretofore was paying \$1.95 per \$100 insurance now pays \$2.45. A number of reasons are assigned for this increase in premium, but none of them are valid. The real reason is that the companies have recently combined and agreed among themselves that they would levy this additional assessment upon the insured simply because there is no law in their way that they are bound to respect. Nor is there anything to prevent their adding another 25 per cent

in the course of a few months.—Journal-Reporter.

The companies have withdrawn from Fort Worth and are seemingly becoming very independent. That there is a strong insurance trust no one doubts for the leading companies always act in concert. Texas must encourage the organization of local companies as a mere matter of protection.—Brown-wood Bulletin.

Saves A Woman's Life.

To have given up would have meant death for Mrs. Lois Cragg, of Dorchester, Mass. For years she had endured untold misery from a severe lung trouble and obstinate cough. "Often," she writes, "I could scarcely breathe and sometimes could not speak. All doctors and remedies failed till I used Dr. King's New Discovery for Consumption and was completely cured." Sufferers from Coughs, Colds, Throat and Lung Trouble need this grand remedy, for it never disappoints. Cure is guaranteed by Guthrie & Guthrie, 502 Main street. Price 50c and \$1.00. Trial bottles free.

WHEAT'S ROOF GARDEN.

Pleasant breezes of the house-top variety were enjoyed by those who attended the Chick performance last night. Incidental to the three-act comedy enacted, Mr. Melnotte favored the audience with several double-voiced songs, rendered in his very artistic manner.

Straight vaudeville will be on the boards for the remainder of the week, beginning tonight, with a complete change each performance. Prices also will be reduced to 25c and 10c.

The best people of this city need not hesitate to patronize this pleasure resort. As has been repeatedly asserted there is not a single objectionable feature to be encountered at the roof garden, and, notwithstanding the reports maliciously and persistently circulated there is not, nor has there been a drop of intoxicating liquor sold there.

Treat Your Kidneys For Rheumatism.

When you are suffering from rheumatism, the kidneys must be attended to at once so that they will eliminate the uric acid from the blood. Foley's Kidney Cure is the most effective remedy for this purpose. R. T. Hopkins, of Polar, Wis., says, "After unsuccessfully doctoring three years for rheumatism with the best doctors, I tried Foley's Kidney Cure and it cured me. I cannot speak too highly of this great medicine." Sold by Reeves' Pharmacy, Ward's Pharmacy, Arlington Drug Co.

FOR YOUNG AMERICA.

The association of chiefs of police just closed their session at Fort Worth, is to be highly commended for the efforts made in the interests of the boys of the state. Too long have youthful offenders been penned up with hardened criminals and no effort made to reclaim them, and the consequence has been that we have been manufacturing criminals instead of checking crime. Every right minded man and woman in Texas will hope that the movement set on foot by the chiefs of the state will be carried to a successful termination.—Beaumont Journal.

CURES SCIATICA.

Rev. W. L. Riley, LL. D., Cuba, New York, writes: "After fifteen days of excruciating pain from sciatic rheumatism, under various treatments, I was induced to try Ballard's Snow Liniment, the first application giving me my first relief, and the second, entire relief. I can give it unqualified recommendation. 25c, 50c and \$1.00 at H. T. Pangburn & Co's."

FORT WORTH 3; TEXARKANA 2.

Panthers Win Out in an Eleven Inning Game.

Texarkana fell before the Panthers in the former place yesterday, the game being eleven innings, and well contested by both teams. Owing to an accident to one of Texarkana's players, the home team took a new man from the bench, and claims its batting as well as fielding work was badly impaired. The new man, Hargen, gave Fort Worth the game on errors. The score: Fort Worth, 3; Texarkana, 2.

Fort Worth and Waco are struggling for third place in the league standing. The Panthers' percentage is .422.

Among those who will start roadsters in Friday's event are G. H. Colvin, A. J. Sandegard, L. R. Ruessels, W. D. Davis, Oscar Lenglet, Jack Burk, W. T. Camp, Nick McGinnis, D. S. Wardlaw and Steve Murrin. It is the intention to have meetings weekly.

ANNUAL GOLF TOURNAMENT.

Shinnecock Hills Club Meet to be Held in August.

New York, July 2.—The annual golf tournament of Shinnecock Hills, one of the "best and most popular of the Long Island Golf clubs, will be held in August instead of July, as in other years. The change is made to avoid a conflict with the dates of the national championship. Many of the Eastern golfers will be late in returning from Glenview on account of the various side trips arranged for their benefit, and the Shinnecock Hills club prefers to wait until they are all back.

THE BIG HENLEY REGATTA.

Interesting Gossip Concerning the Oarsmen—Late Arrivals. Henley, England, July 2.—S. S. Titus of the Union Boat club, New York, has

arrived here. He has not been feeling in the best of condition for some time. The Canadians, including Scholes, the sculler, are expected to arrive here July 3. Scholes made fast time over the Bourne End course. He is reported to have equalled the record for the diamond skulls.

A number of crews are arriving here daily. The river and town are gay day and night.

It is generally conceded that the race for the grand challenge cup lies between the Canadians and third Trinity.

To avoid the many annoyances found in handling machinery where belts are used for the transmitting of the power, it is advisable to use some kind of a dressing on the working surface of the belt, that will overcome the loss of the power by the slipping of the belt over the pulleys, and at the same time preserve the life of the belt.

These merits are found by the use of WHITMORE'S PLOMO BELT DRESSING which is carried in stock, for immediate shipment, at Dallas, Texas.

The gingers will please take notice that a saving of at least 50 per cent in running expenses and the turning out of one-third more cotton in a stated time, can be brought about by the use of our compound.

HOMES FOR THE HOMELESS.

Mrs. I. Z. T. Morris: Away On Commandable Mission.

Mrs. Morris, wife of Rev. I. Z. T. Morris, has gone to Houston, taking with her seven children to be placed in homes. The children's ages range from one year to eight, and homes have been provided for them among good people. All will have been placed, save one, by the time she reaches Houston. Mrs. Morris will spend several days on the trip, and will bring back with her six other waifs for whom homes are to be provided. Mrs. Morris is actively assisting her husband in this great work, and it often occurs that both are on the road placing children or gathering up children to be placed.

ORDINANCE NO. 845.

An ordinance establishing a stand at the new Texas and Pacific passenger station, for omnibuses, carriages, and other vehicles engaged in the carrying of goods and passengers for hire, and regulating the standing of such vehicles and of street cars at the said station, and regulating the use of the streets, foot-crossings, footways and sidewalks, by druggists, runners, solicitors, ticket-brokers and other persons engaged in, or offering to do business thereon. Be it ordained by the City Council of Fort Worth.

Section 1. That there is hereby established at the Texas and Pacific Railway company's new passenger station, in the City of Fort Worth, a stand for omnibuses, hacks, carriages and other vehicles engaged in carrying goods or passengers for hire in the said city, which said stand shall be on what is known as the At Hayne triangle, west of the street car track or tracks, which run along the west side of the said station, extending from the south line of Front street, in a southerly direction, west of and parallel to the said street railway track or tracks, to the north line of those tracks of the said Texas and Pacific Railway company, which pass just south of the said station. The east line of the said stand is hereby fixed at a distance of four feet west of the west rail of the said street railway track or tracks, and the said stand shall extend west from the said east line thereof a sufficient distance to admit of the standing therein of a single rank or row of such vehicles, each of which shall constantly face to the west, and away from the said passenger station.

Section 2. It shall be unlawful for any person to stop, stand, or detain any omnibus, hack, carriage, or other vehicle, engaged in carrying goods or passengers for hire in said city, while waiting for or soliciting employment at any place on Front or Seventeenth

streets, between the west line of Rusk street and the west line of Main street, or at any place on Main street, between the north line of Front street and the north line of the said railway company tracks, or at any place on the said At Hayne triangle, except at the said stand, as the same is bound and established in the preceding section of this ordinance, and all stands for such vehicles which have heretofore been established at other places within the limits fixed and prescribed in this section shall be and the same are hereby abolished.

Section 3. It shall be unlawful for any person to drive his omnibus, hack, carriage or other vehicle while soliciting employment in and upon any part of Front or Seventeenth street or streets, between the west line of Rusk street and the west line of Main street, or in and upon any part of Main street, or the At Hayne triangle, between the north line of Front street and the north line of the said Texas and Pacific railway tracks just south of the Texas and Pacific depot and between the street car track or tracks running in and upon Main street or the At Hayne triangle just west of said depot and the curbing to the sidewalk west of the Texas and Pacific depot.

Section 4. While waiting at the said stand it shall be the duty of every person in charge of any such omnibus, hack, carriage, or other vehicle, to place and constantly to keep the same entirely within the limits of the said stand as the same are fixed by this ordinance, and each such vehicle shall be kept at all times facing toward the west, with the rear of the same toward the east, and only a single row of such vehicles shall be permitted at said stand.

Section 5. Every person in charge, or having the control of any vehicle waiting at the said stand shall remain constantly within the same, and it shall be unlawful for any such person to leave his vehicle, either to assist passengers to or from the same, or to solicit employment.

Section 6. It shall be unlawful for anyone in control of a street car to stop, stand, or detain the same while waiting for or soliciting passengers at any other places within the limits fixed in the second section of this ordinance, except west of and opposite to the west door of the said station, or immediately north of and opposite to the north door thereof, and no person in control of any street car that is waiting at either of the said places shall leave his said car, either to solicit passengers or to assist them to or from the car, but each such person shall remain constantly within his car and only one car at a time shall be kept waiting for passengers at either of the said places.

Section 7. It shall be unlawful for any person, on any sidewalk adjoining the said station, or any footway, or foot-crossing, or any sidewalk within two blocks of the said depot, to solicit for any hotel, lodging house, or other public house, or resort of any character, or to solicit for any omnibus, carriage, hack, street car, or other vehicle engaged in carrying goods or passengers for hire, or to buy or sell, or to offer to buy or sell, any railroad ticket, or other commodity or thing, or to solicit, custom or patronage for any person, firm or corporation that is engaged in so buying or selling.

Section 8. It is hereby declared to be unlawful for any person to violate any of the provisions of this ordinance and every person guilty of violating the same shall, upon conviction, be fined in any sum not less than five nor more than one hundred dollars.

Section 9. This ordinance shall not be construed or held to repeal, alter, change, or in any way to effect the provision of existing ordinances, fixing stands for and regulating the standing of public vehicles at places in the said City of Fort Worth that are outside of the territory which is bound and defined in the second section hereof.

Section 10. This ordinance shall take effect and be in force from and after its passage and publication as required by law.

O. B. COMFORTABLE

We have already mailed copies of LETTERS FROM O. B. COMFORTABLE to about eleven thousand (11,000) individuals—a large number having taken up our offer to supply printed things to senders of 10c worth of unused stamps.

It is a pleasure to know that the people agree with us in regarding it as unique among railroad publications, also as actually of service to those who want to know where to go, what to see and the cost of it all.

We will continue to send this package of information to all who apply—sending some of the uncanceled kind with their names and addresses (we also try to locate those who fail to send addresses) while they last—after that you'll have to borrow your friend's copy.

Two Thru Trains To Kool Colorado Each Day

WATER CAR HITS VIADUCT SUPPORTS

TWO STEEL COLUMNS AND SPAN OF WORK DAMAGED.

Force of Blow Dislodges Masonry Pedestals—Third Accident in West Yards Since Structure Began.

A derailed water car of the Texas and Pacific came in contact with two steel supports of the Jennings avenue viaduct in the west yards this morning, dislodging them from the masonry pedestals, and damaging a 20-foot section of the structure.

The car was being shoved through the yards at a lively rate, and left the rails at the roadway, 25 or 30 feet from where the columns stood. The force of the blow not only disengaged the supports, but broke them in two near the top, tearing out a section of the upper work, and threw out of line the masonry bases.

This is the third accident, L. S. Leversedge, contractor, says, which has occurred since the work began. Only a few days ago a car was derailed and landed against a pedestal, a new one. The masonry was finished yesterday. The trouble of this morning was caused by an accumulation of dirt at the driveway and which covered the rails. The rate of speed and light load caused the car to "climb" the track.

REPULSIVE FEATURES.

Blackheads, pimples, greasy faces and muddy complexions, which are so common among women, especially girls at a certain age, destroying beauty, disfiguring and making repulsive, features which would otherwise appear attractive and refined, indicate that the liver is out of order. An occasional dose of Herbine will cleanse the bowels, regulate the liver and so establish a clear, healthy complexion. 50c at H. T. Pangburn & Co.'s.

NEW JURY COMMISSION.

Judge Smith Has Announced His Appointments.

Judge Mike E. Smith of the Seventeenth district court appointed as a jury commission to select grand and petit jurors for the September term of this court, Messrs. W. G. Castleberry, J. A. Hovenkamp and X. Boaz. They were instructed to select 16 grand jurors for the term and 32 petit jurors for each week of the term, which will last from September to December. From the 16 grand jurors the court will select 12 who will care for the indictments, etc., and from the 32 petit jurors the regular panels of 12 will be chosen for the trial cases.

Don't Fail To Try This.

Whenever an honest trial is given to Electric Bitters for any trouble it is recommended for a permanent cure will surely be effected. It never fails to tone the stomach, regulate the kidneys and bowels, stimulate the liver, invigorate the nerves and purify the blood. It's a wonderful tonic for run-down systems. Electric Bitters positively cures Kidney and Liver Troubles, Stomach Disorders, Nervousness, Sleeplessness, Rheumatism, Neuralgia, and expels Malaria. Satisfaction guaranteed by Guthrie & Guthrie, 502 Main street. Only 50 cents.

MORE WATER METERS ORDERED.

The Water Works Committee Authorizes 250 Bought.

The water works committee has caused to be placed an order for 250 more various sized water meters. This

runs the total purchase up to 1000, there having been 750 purchased, all of which are in use. The city is under contract to buy 2200 by September 1, and since the first order for 750 was placed applications for meters have been stacking up in the water works office. There is a pronounced demand for meters, and the department will have its hands full placing them in service if all requests are complied with.

TO FILE FOR NEW HEARING.

A Fort Worth Attorney to Keep up Fight in Al Ray Case.

Attorney Jeff D. McLean has gone to Austin to try for a new hearing before the criminal court of appeals in the Al Ray pistol carrying case. It will be recalled that Ray, while in the detective service of Fort Worth last year attended the San Antonio fair. He was arrested by Sheriff Tobin on a charge of unlawfully carrying a pistol and was fined in the Bexar county court. He appealed the case to the criminal court of appeals, and the case was affirmed, the court holding, with the lower court, that defendant could not lawfully carry a pistol in a county other than that in which he was employed.

COST OF THE BOER WAR.

It has been generally conceded that England would eventually conquer the Boer forces in South Africa, but when the end comes, she will find the cost to have reached an enormous figure. There are many persons who also spend large sums of money in a vain search for health. They take all kind of medicines, which at the best only give temporary relief, and the patient is as far from recovery as at the start. The result is different with those who use Hostetter's Stomach Bitters for indigestion, dyspepsia, heartburn, constipation, biliousness, insomnia or malaria, fever and ague. It positively cures. Hundreds of persons have said so, and many prominent physicians and druggists always recommend it. Be sure to try it. Our Private Stamp is over the neck of the bottle.

ARE VISITING IN GALVESTON.

Police Chief Rea and Alderman Waggoner Are on a Trip.

Chief of Police, W. M. Rea, and Alderman Ben Waggoner have gone to Galveston ostensibly on a pleasure trip, but it is intimated that their visit has connected with it more or less business. They left yesterday morning and will return in time for the council meeting Friday night. Their trip is believed to be for the purpose of making an investigation of interest to Fort Worth.

ENJOYED A FAMILY OUTING.

An Evening Spent at Tyler's Lake—Luncheon and Dancing.

Several gentlemen and their wives, sisters and visiting young ladies spent a delightful few hours at Tyler's Lake last evening. It was just a family outing, and watermelons, ices and luncheon were provided in abundance, and between "eats" dancing was indulged in. Prof. Douglass' orchestra furnishing the music. Those present were: Mr. and Mrs. T. W. Wrenn, Mr. and Mrs. Ralph Purvis, Mr. and Mrs. Ed Parsley, Mr. and Mrs. Robert Rogers, Mr. and Mrs. John Jackson, Mr. and Mrs. Howard Mahabey, Mr. and Mrs. Eugene Brock and sister of each, Mr. and Mrs. Shehan and Miss Reed, Mr. and Mrs. Russell Babcock and Miss Grace Babcock, Mr. and Mrs. Frank Fogg.

The crowd humored a preference, and indulged in old-time dancing.

Poisoning the System.

It is through the bowels that the body is cleansed of impurities. Constipation keeps these poisons in the system, causing headache, dulness and melancholia at first, then unsightly eruptions and finally serious illness unless a remedy is applied. DeWitt's Little Early Risers prevent this trouble by stimulating the liver and promote easy, healthy action of the bowels. These little pills do not act violently but by strengthening the bowels enable them to perform their own work. Never gripe or distress. Smallwood & Anderson, and Anderson & Smallwood.

DEATH ROLL.

John Gorman Dead.

Last evening at 6 o'clock John Gorman died at the family home, Nineteenth and Elm streets. He was a victim of Bright's disease. The funeral was conducted from the residence at 3 p. m. today by Father Guyot, under the auspices of the Ancient Order Hebraians.

UP AGAINST IT AGAIN.

Police Are Guessing As to What Will Come Next.

Because of a recent action of the police committee the police force is up against a new proposition.

A few weeks since mounted officers Zimmerman and Peter Howard, while riding along south Main street, had their attention attracted to a white man and a negro, and had reason to believe their action warranted investigation. Both dismounted and questioned the men. The answers given by the white man were not satisfactory, and he was searched. No arrest was made. The white man protested in an indignant manner, and took the officers' names. He later reported the matter to the police committee of the city council, and this body went into an investigation, having two sittings. As a result Zimmerman was laid off for thirty days and Howard for fifteen.

The white man in question is a railway brakeman and the negro is a train porter. Zimmerman and Howard are among the nine men marked off Chief Rea's appointments recently by the chairman of the police committee, but who were afterward placed back and approved by the council.

As a result of this action on the part of the police committee the members of the force are pinching themselves
