Jail Break Here Saturday

Post Office Closed Thanksgiving

The Spearman Post Office will be closed Thursday, November 22, in observance of Thanksgiving Day.

To afford all employees of this office the opportunity to spend Thanksgiving Day with their families, there will be no boxing of mail and no deliveries will be made on City or Rural Routes.

Those desiring out-going mail service should deposit their mail in the outside collection box in front of the Post Office.

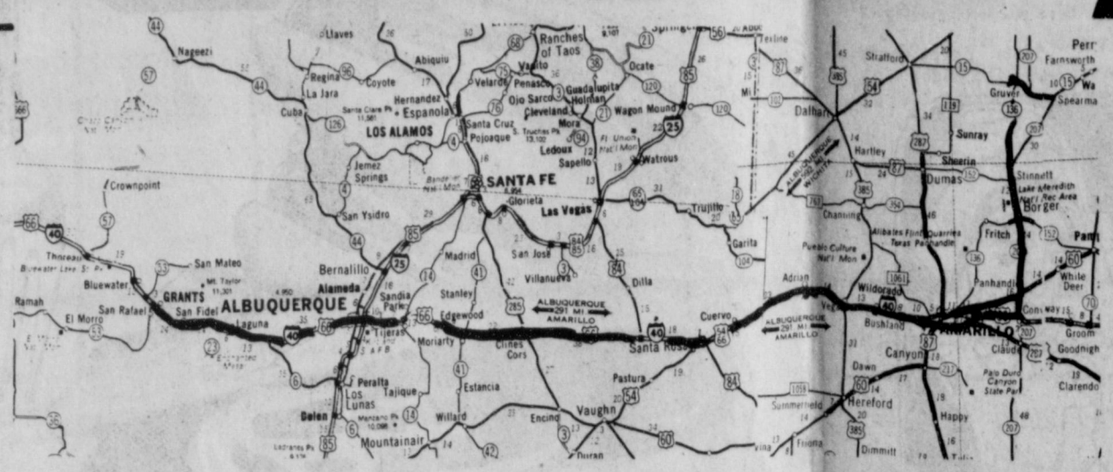

William Pettitt Receives Degree

William Pettitt of Spearman will complete his work for his Bachelor of Science Degree at the end of the 1979 fall term at Oklahoma State University. He is among 1,821 candidates for degrees for this term.

He is the son of Reta Pettitt of Spearman and the late Clarence

WEATHER BULLETIN

As we go to press, one day early this week, the weather forecasters are predicting possibility of lite snow for Wed.

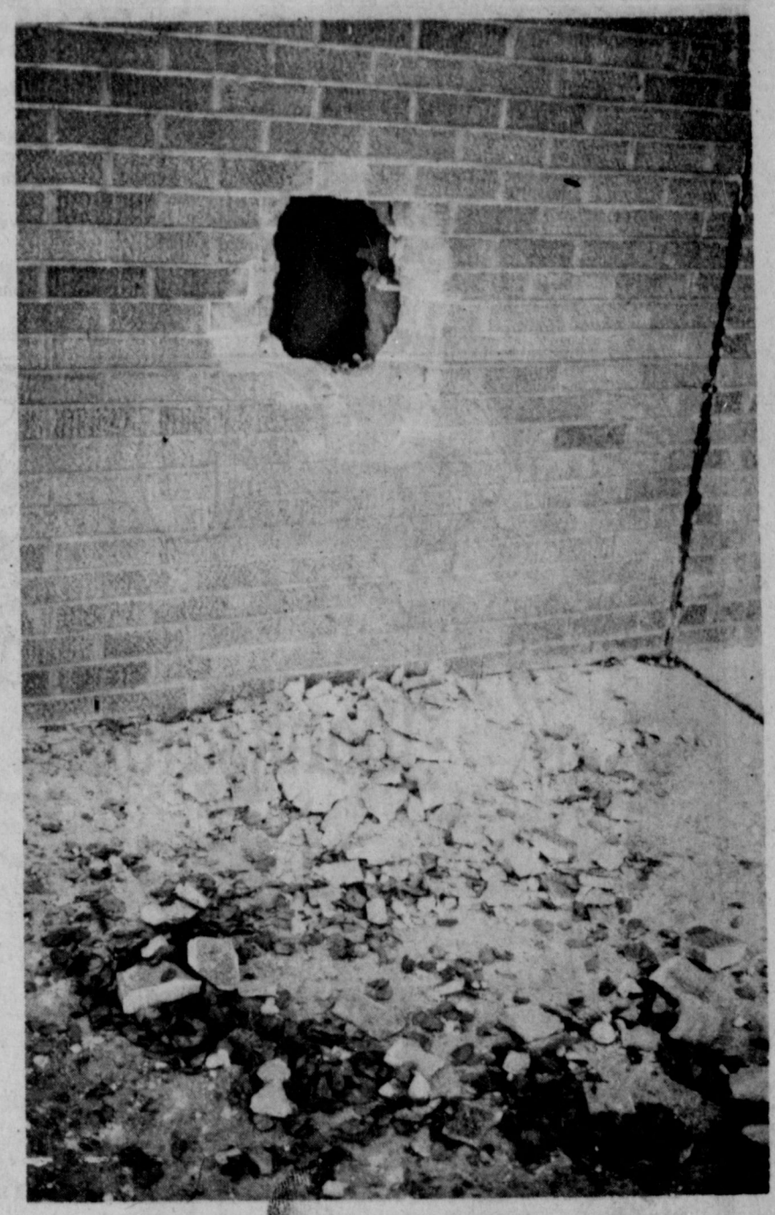

Sheriff R. L. McFarlin announced Monday that the two jail escapees from Hansford County were in custory in Grants, N.M. They were arrested about noon Monday at a coffee shop about 3 miles outside of Grants, N.M. by a New Mexico official who going in the shop and saw the two washing windows. They were taken into custody 36 hours after their jail-break.

The two inmates had broken through the side of the jail, apparently escaping at 11:30 p.m. Saturday night. They were John Michael Evans, age 18 and Lin Mark Crooks, age 24, being held on probation revocation. Evans was being held on probation revocation for auto theft; Crooks on probation revocation for burglary.

The two used a bar, off of a weight lifting bar-bell unit, to smash through the cement tile-brick wall. They then walked down the alley and stole a pickup belonging to Oscar Donnell and drove to Gruver. At Gruver the two parked the pickup behind a pile of maize belonging to Hootie Cline and stole his 1975 International grain truck and drove to Grants, N.M. where the truck was found abandoned. Lin Crooks formerly worked for Hootie Cline, so the get-away was apparently well planned by the two.

Sheriff McFarlin stated that this is the first jailbreak that he has had since he has been here for 12 years and it will be the last. He informed the paper that from now on he will have a deputy on duty at the minimum security area at all times when the prisoners are allowed in the area to exercise. Sheriff McFarlin, like all of us, was glad that the inmates did not "jump" one of his deputies in their escape.

HOLE IN THE WALL! This hole in the wall of the jail in Spearman, was made by two inmates who used the bar off of a weight lifting rig, to knock the hole in the wall and escape from the Hansford County jail in Spearman.

****

This green pickup, belonging to [illegible] Donnell was used by inmates to drive to Gruver, where they allegedly stole a farm truck from Hootie Cline.

Smoke Detectors Make Great Christmas Gifts

Members of the Spearman Volunteer Fire Department would like to remind the public that smoke detectors make excellent Christmas gifts. Not only is it a nice gift but it says you "really care." The department still has plenty if you care to purchase them from us. No matter where you get them, they are still excellent gifts.

The department also is having a raffle on a Model 1100 Remington automatic shotgun. The tickets may be purchased from any firefighter at $1.00 apiece or 6 for $5.00. The gun is being displayed at T. G. & Y. in the mall if you care to drop by and take a look at it. The drawing for the winner will be December 15 and you need not be present to win.

Also for anyone so interested; the department will be giving a series of training programs for the next several months in which members of the department give the presentations themselves. We will be posting these in the paper for those of you who would like to attend. It is all a part of the training and we would like to cordially invite anyone who would like to attend.

The training roster through January 1980 is as follows:

November 29th: Breathing Apparatus by Jim Murray & Ronnie Burke

December 6th: Ventilation by Rickie Dowdy & Stan Hudson

December 13th: Business meeting

December 20th: Ventilation continued

January 3rd: Salvage by Don Maize & Robbie Schaeffer

January 10th: Business meeting

January 17th: Salvage continued

January 24th: Forcible Entry by Stan Hudson & John Trimmel

January 31st: Forcible Entry continued

Don R. Hendricks
Secretary, SVFD

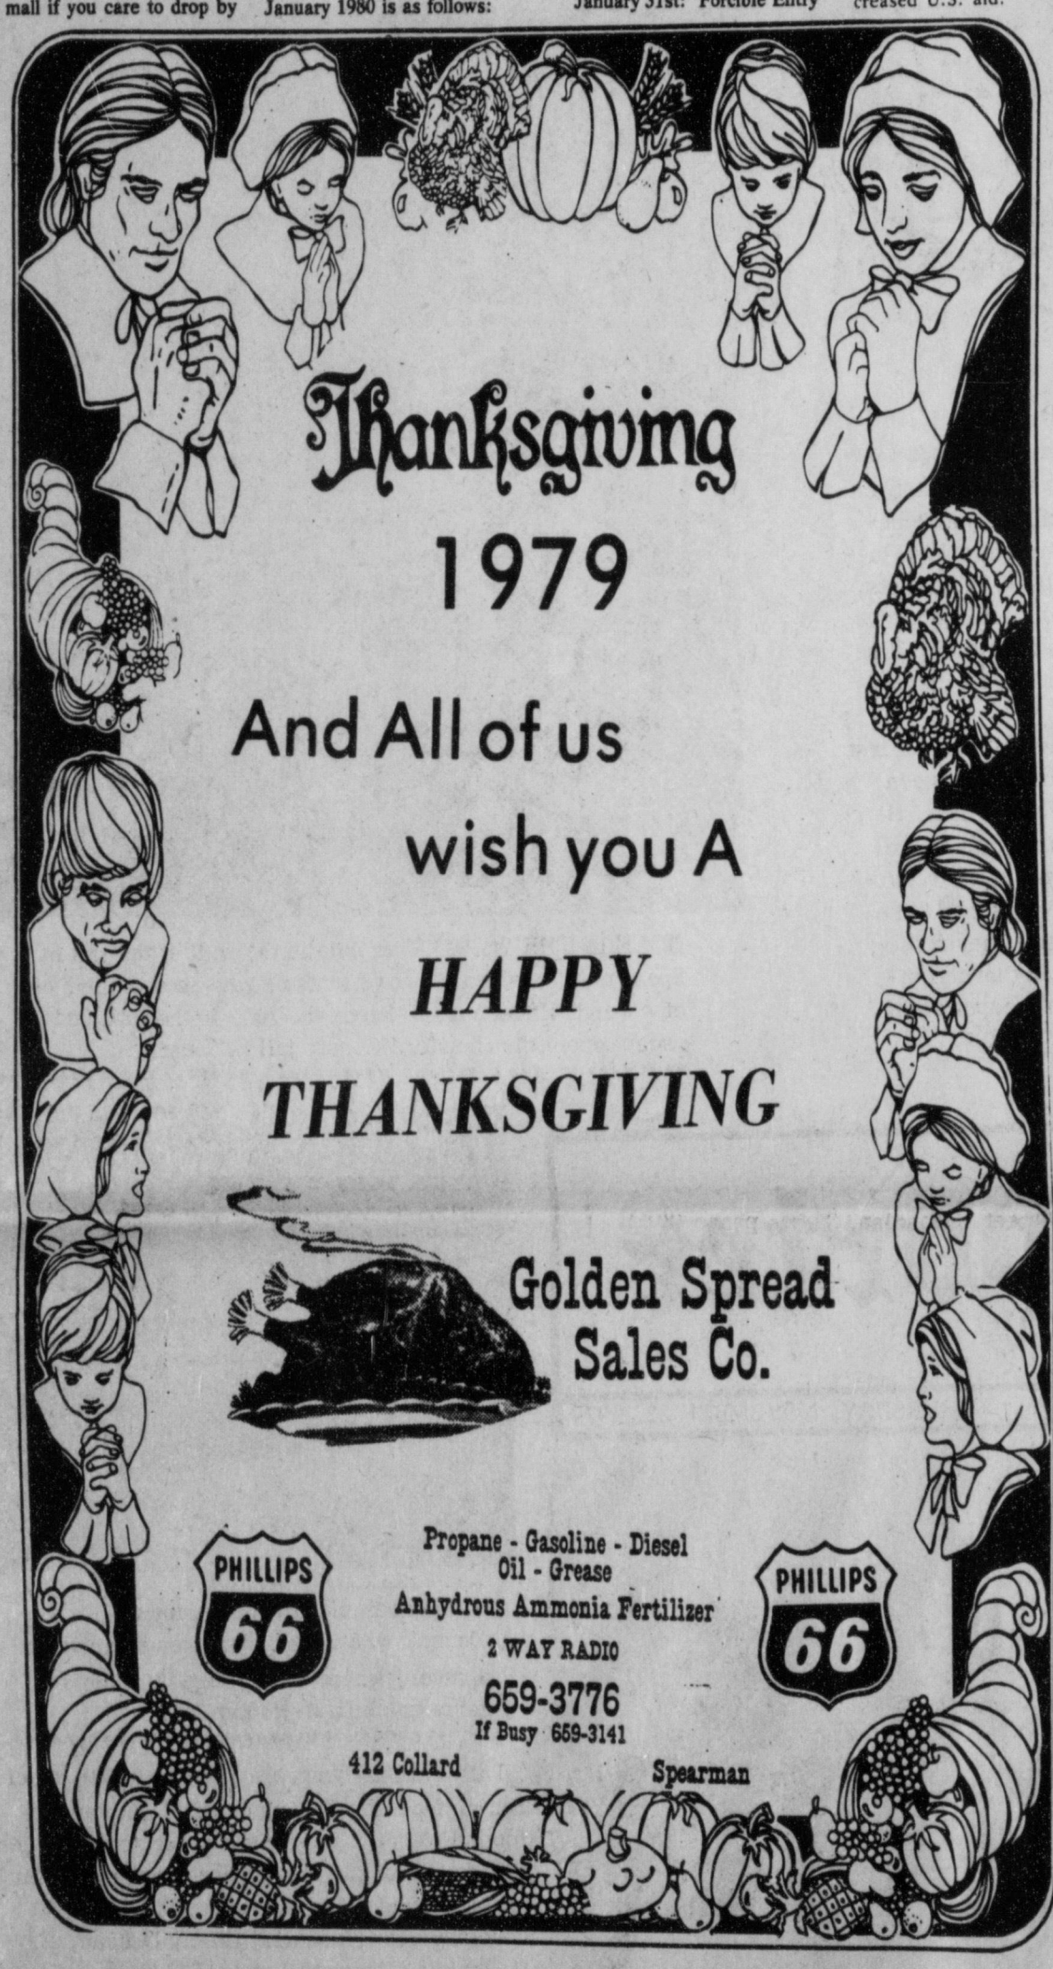

Active Reminder

A lady ran away from her husband and went to live in a hotel.

After several days she went back to him. She said she could not stand looking at the sign on the hotel door every time she went out: it troubled her conscience.

The sign was: "Think, have you left anything?"

Sadat: Egypt needs increased U.S. aid.

PUBLIC NOTICE

NOTICE IS HEREBY GIVEN THAT NORTH PLAINS ELECTRIC COOPERATIVE, (THE "UTILITY") INTENDS TO CHANGE RATES FOR ELECTRIC UTILITY SERVICE EFFECTIVE DECEMBER 24, 1979, OR AS SOON THEREAFTER AS PERMITTED BY LAW. MAILBOX VANDALISM IS A FEDERAL CRIME

Postmaster Ray Robertson advised today that mail box vandalism is a Federal crime and the penalty for this crime is imprisonment in a Federal prison up to three years and a fine of up to $1,000.00. The postmaster said juveniles are most often involved in these offenses. Usually, these youngsters do not understand the seriousness of their actions, but once the penalties are called to their attention, these ordinarily 'Good" kids rarely do it again. The postmaster is asking all parents in our community to stress the seriousness of mailbox vandalism to their children.

MINIBRUTE®

World's first 12-volt battery-powered chain saw

$149.95

WHAT IS MINIBRUTE

MINIBRUTE IS THE WORLD'S FIRST 12 VOLT BATTERY POWERED CHAIN SAW. It gets its power by connecting to a vehicle battery. It is a versatile chain saw with dozens of applications. MINIBRUTE is compact, lightweight, easy to tote and to use.

MINIBRUTE is ideal for the outdoor sportsman, off-road vehicle owner, camper, recreational vehicle owner, suburban home owner, and light professional user. It is ruggedly built with few moving parts and will give long and trouble free service.

HOW DO I USE MINIBRUTE

JUST CLIP THE POWER LEADS ON THE SAW TO THE TERMINALS OF A 12 VOLT BATTERY, PRESS THE SWITCH AND MAKE YOUR CUT. The saw starts instantly and the chain can be oiled automatically every time you press the switch.

MINIBRUTE will not operate from 110 volt power. It must be operated on 12 volt DC power.

HOW DOES MINIBRUTE COMPARE TO OTHER SAWS

MINIBRUTE IS THE ONLY 12 VOLT CHAIN SAW ON THE MARKET.

MINIBRUTE's advantages as compared with a gasoline saw are:

STARTS EASILY WITH THE PUSH OF A BUTTON. Store the saw for three or four months; then just pull it out, push the button and start cutting.

IT IS QUIETER THAN GASOLINE POWERED SAWS. You can run it without disturbing other people or wearing ear protectors and use it where noisy gasoline saws are prohibited.

NO GASOLINE PROBLEMS. MINIBRUTE does not create any fumes or fire hazard. There is no need to mix oil and gasoline and no need to carry a can of gasoline in your vehicle.

MINIBRUTE REQUIRES VERY LITTLE SERVICE. There is no tinkering with the saw to get it started, no fooling with the engine to keep it running.

Unlike electric saws, MINIBRUTE is designed for long life. It *CAN BE USED AWAY FROM THE HOUSE* and 110 volt power. It *DOES NOT CREATE AN ELECTRIC SHOCK HAZARD* in wet weather of if the cord is cut. MINIBRUTE has *FASTER CHAIN SPEED* than most electric saws . . . 3,100 feet per minute versus approximately 2,000 feet per minute. The result is faster cutting.

HOW WELL DOES MINIBRUTE CUT

MINIBRUTE IS A GOOD CUTTING SAW. It is designed for light to medium cutting . . . *PERFECT FOR CUTTING FIREWOOD AND TRIMMING.*

MINIBRUTE can be used for heavy cutting in a shorter period of time. It will cut through logs up to 28 inches in two cuts with the optional fourteen inch sprocket nose bar.

MINIBRUTE is powered by a small but powerful permanent magnet motor, the type of motor used on electric winches and as starters on many small engines. The motor is built for long life and its rated *output is 985 watts.*

HOW LONG WILL MINIBRUTE RUN ON A BATTERY

LONG ENOUGH TO CUT ABOUT A PICKUP LOAD OF WOOD using a standard automobile battery. Most people find their battery is willing to cut wood a lot longer than they are. A heavy duty battery will cut longer and a small battery less. The saw draws about 600 wats (40-60 amps) when cutting.

MINIBRUTE will start to slow down and stall easily which is a signal that your battery is getting low. It will not drain your battery completely because the saw will simply stop cutting before that time.

HOW LONG CAN THE LEADS BE

THE DELUXE MODEL COMES WITH TWENTY FOOT LEADS which gives you the capability of cutting within a 40 foot circle around the battery and will allow you to clear an area of over *1,250 square feet* . . . enough for most cases.

The standard MINIBRUTE comes with a ten foot cord. For your convenience it is better to take your battery to your work area when you want to cut wood far from your vehicle. There are ten and twenty foot extensions available. *AUTOMOTIVE JUMPER CABLES MAKE GOOD EXTENSION CORDS FOR MINIBRUTE.*

IS MINIBRUTE GUARANTEED

FOR THE FIRST YEAR WE WILL REPAIR A MALFUNCTIONING MINIBRUTE chain saw and return it to you free of charge if our inspection shows that the problems were caused by defective material or workmanship. Guarantee service is available by returning the saw to our factory prepaid with proof of purchase.

MINIBRUTE is manufactured in the United States. MINIBRUTE is supplied with an OREGON brand ten inch hard tipped bar or fourteen inch sprocket nose bar and appropriate length of OREGON brand ⅜ inch pitch low profile semi-chisel chain. Replacement bars and chains are available from chain saw dealers throughout the world or may be ordered direct from the factory.

Christmas Bazaar Is Dec. 1

The Annual Bazaar is coming December 1 at 10 a.m. at the First Christian Church of Spearman. There is a variety of things that will be available at the church this year. The window display will be set up Nov. 19 with chances being sold on two items that time. The drawing will be held Dec. 1 at 2 p.m. at the church.

Baked goods will be orderec after Thanksgiving from Betty Davis at 3188. Baked items will be available at the church during the Bazaar, too.

Come early or you won't believe how fast things sell. Remember Dec. 1 from 10 a.m. to 2 p.m. at the First Christian Church.

Blizzard Forecast

As we go to press a day early this week due to Thanksgiving holidays, the sun is shining brightly and warm temperatures prevail. However, a blizzard is being forecast for later Tuesday night and Wednesday.

Some farmers were back in the fields Monday trying to harvest their milo crop that was severely damaged in the Oct. 30 blizzard that hit the Texas Panhandle, and certainly need some dry days to get that job accomplished.

Bake Sales Wednesday

The Sacred Heart Women's Altar Society will hold bake sales Wednesday, Nov. 21 at Thriftway and Gordon's Drug.

The sale at Gordon's Drug will open at 7:30 a.m. and the one at Thriftway at 8:30.

ON GAS RATIONING

House-Senate negotiators have reached agreement on a compromise formula to give the president authority to ration gasoline during a severe shortage.
