## Cong. Mahon Tells Of Grant

Congressman George Mahon's Midland office called the Enterprise Tuesday to announce a Community Services Administration General Programing grant in the amount of $8,913.

Effective March 1, the grant to South Plains Community Action Association Incorporated of Levelland is for the administration of central facilities and equipment and program development.

Areas served will include Lamb County.

## Eye Screening Tests Slated

Vision screening tests for pre-school age children of Olton will be held Monday and Tuesday according to Mrs. Floyd Prentice, member of the screening project. Other trained volunteers who will help with the testing are Mmes. Vernon Britton, Travis Walters, Bob Coen, Joe Harrell and Randall Roper.

Trained by the Texas Society for the Prevention of Blindness, the volunteers will screen youngsters for signs of visual problems between the hours of 9 and 11 a.m.

The program is sponsored by Olton Parent Teacher Association. Mrs. Prentice reports that last year's screening of 129 youngsters led to the referral of seven to doctors for further diagnosis. One case of ambylopia was confirmed.

Last semester kindergarten students should be brought to the school for the screening. There is no charge.

## Heart Fund Drive Begins

Carole Faver, Lamb County Chairman of the American Heart Association, met Thursday morning with local volunteers to finalize plans for the local fund campaign.

Mrs. Margaret Burrus is local Heart Fund chairman. A group of 24 volunteers will be working with the campaign to help meet Olton's goal of $900.

Locally, the drive will begin Sunday, Feb. 1 and volunteers would like to have contributions in by Feb. 14. Door to door calls will be made within the city proper and in rural areas. Persons who are missed by the volunteer workers may leave their contributions with Sharon Spain at Olton State Bank.

Contributions may be made during the campaign or at any time during the year as memorials. Families of persons honored in this manner will receive notification of the contribution.

GOLDEN EAGLE met his death atop a transformer near Hill Feed Yards in Hart. Alva J. Spain and a game warden are shown with the beautiful bird.

# Murder Charges Filed Against Former Resident

Murder charges have been filed against Daniel Arroyas of Lubbock, former Olton resident, for the shooting death of Ralph Saldivar, 43, Sunday night.

Arroyas was arrested about 10:30 p.m. Sunday at his home in Lubbock after officers there received a teletype message from the Littlefield Sheriff's department describing the suspect. Lamb County officers were in Lubbock shortly afterwards to transfer the 27-year-old to the Littlefield jail. He was charged with homicide and bond set at $25,000.

Saldivar was pronounced dead on arrival at Central Plains Hospital in Plainview where he was driven by his wife. The shooting incident occurred about 7 or 7:30 at Clara's Cafe following an argument which developed after Saldivar sat down at a table with Arroyas and his brothers. He was shot one time in the right chest.

## CCA Banquet Tuesday

Annual Chamber of Commerce and Agriculture Banquet will be held Monday evening in the school cafeteria. The affair is slated for 7:30 p.m.

Banquet speaker will be Bob Murphey of Nacogdoches, a widely sought after-dinner speaker who is noted for witty observations and down-to-earth philosophy.

Tickets are $6.50 and should be purchased from local merchants prior to Monday evening. Tickets will be available at the door.

## Driver Course Scheduled Here

Defensive Driver Training Course, to be taught by Bert Sinclair of Lubbock Department of Safety, will be held Monday, Tuesday and Thursday, Feb. 9, 10, and 12. Cost for enrollment is $2 per person.

Classes are slated to be held in Community Room of Olton State Bank building. Hours assigned are 7 to 10 p.m.

Anyone in the area is eligible for enrollment. Drivers are urged to attend to learn new aproaches to safety in driving. Skills learned in the course could be the means of saving lives.

An added benefit for completion of the course will be a ten percent reduction on automobile insurance premium. The credit will be given for a three year period.

Persons who took the course three years ago will need to qualify through this new teaching for premium reductions. "The reductions are the same no matter what company holds an automobile insurance policy and no matter who the local agent is. All companies, all agents honor the discount offered," Basil Sherman stated in explaining the benefits involved.

Registrations are being accepted by The Sherman Agency and Olton State Bank, joint sponsors of the Driver's Course.

"More enrollees will be welcome," Sherman stated, "We are all interested in developing better and safer driving on streets and highways. The driver training is being offered as a service to the community."

## Protesting Farmers Set Washington Trip

'Farmers concerned about their future and their families' held a publicized meeting Monday night in City Hall, Hale Center. The largest group thus far in the movement attended according to Kenneth Sjogren. Farmers from as far away as Brownfield were in attendance.

A charter flight to Washington D.C. is being planned by interested representatives. The move is being made primarily to contact agricultural officials on the national level.

Also discussed at the Hale Center meeting was the "possibility of filing a damage suit of $50 billion against several well known political and national leaders," charged with bringing about the embargo which, in the farmers thinking, resulted in unwarranted low grain prices. Named were Secretary of Agriculture, Earl Butz, the longshoremen, President Ford, AFL-CIO and George Meany.

A Plainview meeting for 'Concerned Farmers' has been announced for Friday, Feb. 13 at 10 a.m. in Hale County Agriculture Center.

Featured speaker for the event will be Congressman George Mahon. Following his address, a question and answer period will be conducted.

All persons interested in knowing more about the situation are urged to be present.

## Better Weather, Inc. Meeting Set Feb. 2

A general membership meeting of Better Weather, Incorporated will be held at 7:30 p.m. Monday, Feb. 2 in the cafeteria of Springlake-Earth Schools.

Tom Henderson of Atmospherics, Incorporated will be guest speaker. He will review the results of the 1975 program and discuss the outlook for 1976.

Officers of Better Weather, Incorporated are James Welch, president; Les Watson, first vice-president; Don Bryant, second vice-president; Dale Stanley, secretary and Bryan Hamilton, treasurer.

Board of directors, meeting Jan. 12, approved March 15 as the target date for the completion of the fund raising drive for 1976. Support and interest of all persons is needed to have a successful weather modification program.

Reviewing the results of the 1975 hail control program indicated very good results, directors said. Preliminary figures indicate much better control than the expected 60 percent hail reduction. Rain fall during the seeding months was also noted to be well above average.

Cost of the 1976 program was set at $1.25 per cultivated acre with the recommendation that the land owner and tenant share in the cost in accordance with the crop share.

A policy was also adopted which sets the minimum cost for new areas coming into the program at $15,000. The minimum rate is to apply also to fringe areas of the target area. In past programs, directors said, the central area of the target area has carried the major part of the financial load.

Statistics of past programs support a 60 percent hail reduction capability and a 15 percent increase in rain fall.

Checks may be mailed to Stanley at Route 1, Littlefield, 79339 or left in any of the following banks: Olton, Amherst, Anton, Dimmitt, Earth or Security State Bank in Littlefield. In the Muleshoe area, persons may contact Bobby Free or Don Bryant.

ALL REGION BAND from Olton Junior High band are Becky Boyd and Scott Parker. They will perform with the band in a concert at Monterey High School auditorium at 6:30 p.m. Saturday. Olton high school band students will perform with the high school all-region band at 7:30 p.m. Fred Stockdale, band director, said that the event has been a sellout for the past six years.

# Hall Brothers Purchase Lumber, Concrete Business

Well known brothers, Dub and Joe Hall, assumed management Jan. 16, of two business establishments in the city. Formerly operated as Jeffrey Lumber and Holland Redi-Mix, the two are now consolidated under the name Hall's Lumber, Inc.

Handling lumber at this location is not new to Joe Hall, president of the firm, since he started to work at this yard before his graduation from Olton High School in 1951. He has worked in and out of the yard in the intervening years as a carpenter and more recently as a contractor.

With somewhat less experience in the handling of lumber is W.T. (Dubb) Hall, vice-president of the firm, who has been farming in the area for many years.

Hall's Lumber Inc., plans to feature home building and home remodeling "from the blue print to the housewarming" according to Dub. He continued, "We have a dirt-moving service, can do trenching for foundations, gas lines and water lines; and our building supplies make it possible for us to complete the project from the foundation through floor covering and decorating."

Joe Hall Construction Company will continue as before. In the building crew, Joe names Bill Scribner, Paul Almanza, J.R. Powell, Joe Bob Smith, Bobby Salinas and Kim Parker a recent addition Jim (Hot Dog) Walters. Randall Carty is electrician.

In the lumber yard proper Jerry Casares has been named manager. Casares has been employed at this location since his 1969 graduation from Olton High School. He and his wife, the former Lucy Guzman of Hart, are parents of one son, Robert Wayne, now five years old.

Continuing as bookkeeper will be D'Lynne Lee who has been at this post since July. David Kersh, part time student at Wayland Baptist College, and Rickey Lee will be working "wherever they are needed most at the moment."

The Hall brothers point out that their full line of hardware, building supplies, paint, floor covering, carpet and appliances will be upgraded as time permits. They invite friends, prospective builders and do-it-yourselfers to come by for a visit . . . "if we don't have what you want, we'll try to get it for you."

"We want to continue to offer people of the Olton area the fine service that Jeff and B.J. have established here. We really look forward to serving in these varied capacities," the brothers concluded.

A.B. Jeffrey had operated the lumber yard almost 28 years, having converted a feed mill operation over to lumber and paint handling.

Mrs. Jeffrey remembers "We handled farm and ranch supplies which included fence posts and materials for corrals and trailers. To this we began to add house patterns of East Texas pine and Dupont paints.

"We are leaving this business that we have built with our own hands with many pleasant memories of 'beautiful people' we have dealt with through the years. We are wishing the Hall brothers every success in the new venture."

B.J. Holland purchased the concrete division of the plant from Jeffrey in June last year and has since managed the operation.

Enthusiastic about the possibilities of helping Olton grow, the new owners plan to try to meet the needs of area people. They have announced store hours of 7:30 a.m. to 5 p.m.

Hall's Lumber, Inc., is also negotiating for the purchase of a lumberyard in Hart, where Joe Hall Construction is already involved in building and maintains an additional crew of three builders.

## Ralph Saldivar Rites Conducted Tuesday

Last rites were conducted Tuesday afternoon in St. Peter's Catholic Church for Rafael Gonzales Saldivar, 43.

Officiating were Rev. Nicholas of Sacred Heart Catholic Church in Plainview and Rev. Clifton Corcoran of Sacred Heart Catholic Church in Petersburg. Interment was in Olton Cemetery under the direction of Parsons Funeral Home.

A resident of Olton 25 years, Saldivar was dead on arrival at Central Plains Hospital at 8 p.m. Sunday. He was born Oct. 23, 1932 in Melvin and was married to the former Aida Rodriquez Jan. 9, 1954 in Plainview.

Member of the Catholic Church, Saldivar was a farmer.

Survivors include his wife, Aida; two sons, Ruben and Rene, both of the home; two daughters, Sylvia and Brenda, both of the home; his father, Tranquilino Saldivar; a sister, Frances Romo of Ordway, Colo. and five brothers, Paul and Augustine, both of Garland, Daniel of Ordway, Colo. and Lupe and Tranquilino Jr., both of Olton.

Pallbearers were Pete Martinez, Raul Garibay, George Douglas, Antonio Nabarrete, Abel Tarin and Siro Bribiesca.

## Business Corner
## LET'S TALK ABOUT NEWSPAPER ADVERTISING

BY JANIS CHANEY

SHOULD AN ESTABLISHED BUSINESS ADVERTISE REGULARLY?

Newspaper advertising is probably one of the most misunderstood subjects in the world, with numerous misconceptions about it being passed down from father to son for generations. One such erroneous thought still prevailing, though it may have held a measure of truth at one time, is that there is no need to advertise in your newspaper if your company has been in business for several years. Nothing could be further from the truth today! The wisdom of saying, "everyone knows I'm in business because I've been here so long," has long passed.

To prove this point very emphatically, a businessman needs only to take the time to check with utility companies, to find what percentage of the population moves from place to place during just one twelve month period. Nationally the average is over 30%. This means, if you don't advertise in your newspaper regularly, almost one third of the population in your community may be a long time hearing about the benefits of buying from you, and an appreciable number of these will probably never set foot in your establishment.

Isn't word-of-mouth advertising the best kind? It surely is, and if you could buy word-of-mouth advertising you'd surely have it made business-wise. But, approaching this theory with all due regard for human nature, it is safe to say that for every 100 happy, satisfied customers you have, only one will ever open his mouth to tell another person about you! You could starve to death waiting for this type of advertising results!

But you're not starving? Of course you aren't if you've been in business for a long time, or bought out a going business when you started. However, do you want to stay at your present business volume level from now on? If 30% of the population is moving every year, don't you stand to lose some of your old customers? Wouldn't you like to replace those lost with new customers? A progressive businessman would surely want to increase business every year, if at all possible, or at least avoid sliding backward. No way can this be accomplished in today's fast changing market without newspaper advertising!

Some businessmen actually think that spending money for advertising is like gambling; you place your bet, throw the dice, and maybe you'll win, but mostly you lose. While this may be a humorous analogy it certainly is without basis in fact. Advertising, though not a science in the true meaning of the term, does have certain ingredients that must be applied to achieve the desired results. And, without a doubt, one of these ingredients is regularity! This fact is more important now than it has ever been due to the spiraling inflation, unemployment growth and the increased reluctance on the part of the consumer to buy at any price. Today people actually sit down to go through their newspaper for the definite purpose of reading the ads to find the best buys. If your advertising does not appear regularly in your newspaper you are missing a golden opportunity to bring in NEW customers, and remind your old patrons of the pleasant buying experience they have had with you in the past.

The businessman of modern times must recognize that buying habits are either non-existent or change rapidly, in this highly mobile society we live in. It is not unusual to drive many miles just to shop at a business establishment that is having a special sale event. Yet, the very same items that are on sale miles away may be just as good a buy at your place of business, but if the local buying public doesn't know this you will surely miss out on their business.

The businessman who stays abreast of changing attitudes and buying trends, through the use of logical, well written and regular newspaper advertising, will be many sales ahead of the die-hard who keeps telling himself he has been around long enough that everyone knows where he is and what he sells. Obviously this kind of thinking belongs in the attic with grandma's picture album!

## *Everything But The Kitchen Sink*

BY MOZELLE TROTTER

"All things come to he -- or she -- who waits." That oft-quoted phrase needs to go a little further! It needs to include "whether one's ready or not!"

I'm not!

In this bicentennial year when one should be loyal and patriotic and willing to do all, be all and give all for one's country, I'm rebelling! I got another jury summons!

'Twon't do any good to rebel, of course, I gotta go. It's better than the alternative!

Other things come, too, besides jury summons. With regularity there are such things as window envelopes in the mail, dirty dishes, dead lines, ringing alarm clocks, April 15ths and a whole host of "druther nots."

Such trivial little things when seen in the eyes of the rest of the world! Complaints from one who has wealth untold!

I wake each day in a land that's still free, in a nation not without it's problems and its ills, but one in which I can think and speak and act in freedom.

The day has not yet dawned for me when I knew that my hunger, and even my greed, would not be satisfied. In my frequent indulgence of good foods I have not really known the meaning of hunger.

Night time does not find me without the comfort of a warm bed in the shelter of a home. Yet for countless thousands that taken-for-granted-blessing is something they've never known.

Ah, yes, I'll fuss and I'll fret over the little mole hills of my life. That's a truth as inescapable as death and taxes. Hopefully, though, I'll stop and remember along the way. I'm rich!

# Mr., Mrs. J.L. Carson Return From Costa Rica

Mr. and Mrs. J.L. Carson Jr. have recently returned from a thirty day vacation in San Jose, Costa Rica, where they visited with their daughter, Jan, an employee of the American Embassy in that city.

Flying time for the trip, via Dallas and Miami, Fla., was seven hours. The couple report the city of half a million as being quite beautiful. Completely surrounded by high mountains, the entire metropolitan complex has the air of a rural city. Coffee and bananas grow everywhere, between houses and along the roadside.

The Carsons found the climate delightful. The temperature hovers around the 71 degree mark with about four degrees variance during the year. The rainy season, May through Mid-November brings rain every afternoon. Mornings are always sunny. December until May sees no rain. Air conditioners and heating devices are unnecessary.

Flowers grow in profusion. The national flower is the Guaria Morada orchid.

Many side trips throughout the countryside were made by the Carsons. One such was a trip to view the crater of the Irazu volcano, which erupted last in March of 1963. It stands 11,260 feet above sea level.

Passing over the mountain range to the north of the city they visited very progressive ranching country. Cattle is one of the leading industries in Costa Rica.

Also to the north and west they visited beautiful beaches, some of which are completely unspoiled and unlittered.

The trio flew south to Panama City where they spent several days. A train ride of fifty miles, from Panama City on the Pacific exposure to Colon, on the shore of the Atlantic Ocean paralleled the Panama Canal. The scenery was reported as beautiful.

The Carsons found the Costa Ricans to be very clean, gentle people, with great pride in themselves and in their country. A traveling companion from Miami, a young Costa Rican teacher in San Jose, turned to them upon arriving at their destination to say very graciously in her broken English, "Welcome, to my country."

The touring couple report the vacation as one never to be forgotten but they add "It is so good to have the privilege to be an American and to return to the United States."

## Recipe Of The Week

Cook of the Week honors are shared this week by three little misses who are participating with counterparts all over the nation in the annual Girl Scout cookie sale.

Cookie sales began Friday and will continue through Feb. 15. Girls will be selling the ever popular mint cookies as well as lemon creme, oxford cremes, scottea and Savannahs (peanut butter creme cookies). They will again offer sesame crisp crackers.

Angie, a fourth grader, is the daughter of Mr. and Mrs. Daniel Rey. She is a member of Junior Girl Scout Troop #60 and her favorite school subject is science.

A third grader, Kelli also likes science. She is the daughter of Mr. and Mrs. Billy Smith and is a Brownie Scout in Troop 113. Her mother is serving as this year's local cookie chairwoman.

Kim is the daughter of Mr. and Mrs. Bob Coen and a member of Junior Scout Troop 309 of which her mother is the leader. She is a fifth grader whose favorite subject is math.

The trio of Scouts have sampled three of the recipes recommended this year by the Girl Scouts of America. The Frozen Strawberry Tarts are a delicious treat which would make good party treats or that special dessert which is simple to make but an unbeatable "goodie."

Nutty Cheese Ball is another of the tasty recommendations. The original recipe calls for "liver sausage" but the girls' trial preparation was made with liverwurst. It makes a tasty snack treat which would be enjoyed by family or guests.

A third recipe taste approved by the girls is "Crunchy Peanut Butter Balls," a toothsome goodie made with crushed Savannahs, the Girls Scout peanut butter cookie.

Cookies sold by girls of the Caprock Council will be helping "at home." Profits of the sale will be used to support troop activities and maintain and improve Camp Rio Blanco, the year-round camp site east of Crosbyton.

FROZEN STRAWBERRY TARTS

1 qt vanilla ice cream
1 10 oz pkg frozen strawberries, thawed and drained
12 Lemon Cremes, crushed

Line 12 muffin cups with paper baking cups. Soften ice cream; fold in strawberries. Sprinkle a layer of crumbs in bottom of each paper cup. Fill each cup with ice cream mixture and top with remaining crumbs; freeze until firm. Makes 12 servings.

NUTTY CHEESE BALL

1 8 oz pkg cream cheese, softened
1 8 oz pkg liver sausage
2 T sweet pickle relish, drained
2 T chopped onion
½ c chopped walnuts

Combine cheese, liver sausage, pickle relish and onion; cover and chill thoroughly. Shape cheese mixture into a large ball, roll in chopped walnuts. Place on serving plate; cover and chill several hours or until firm. Arrange Sesame Crisps around ball and serve as a spread.

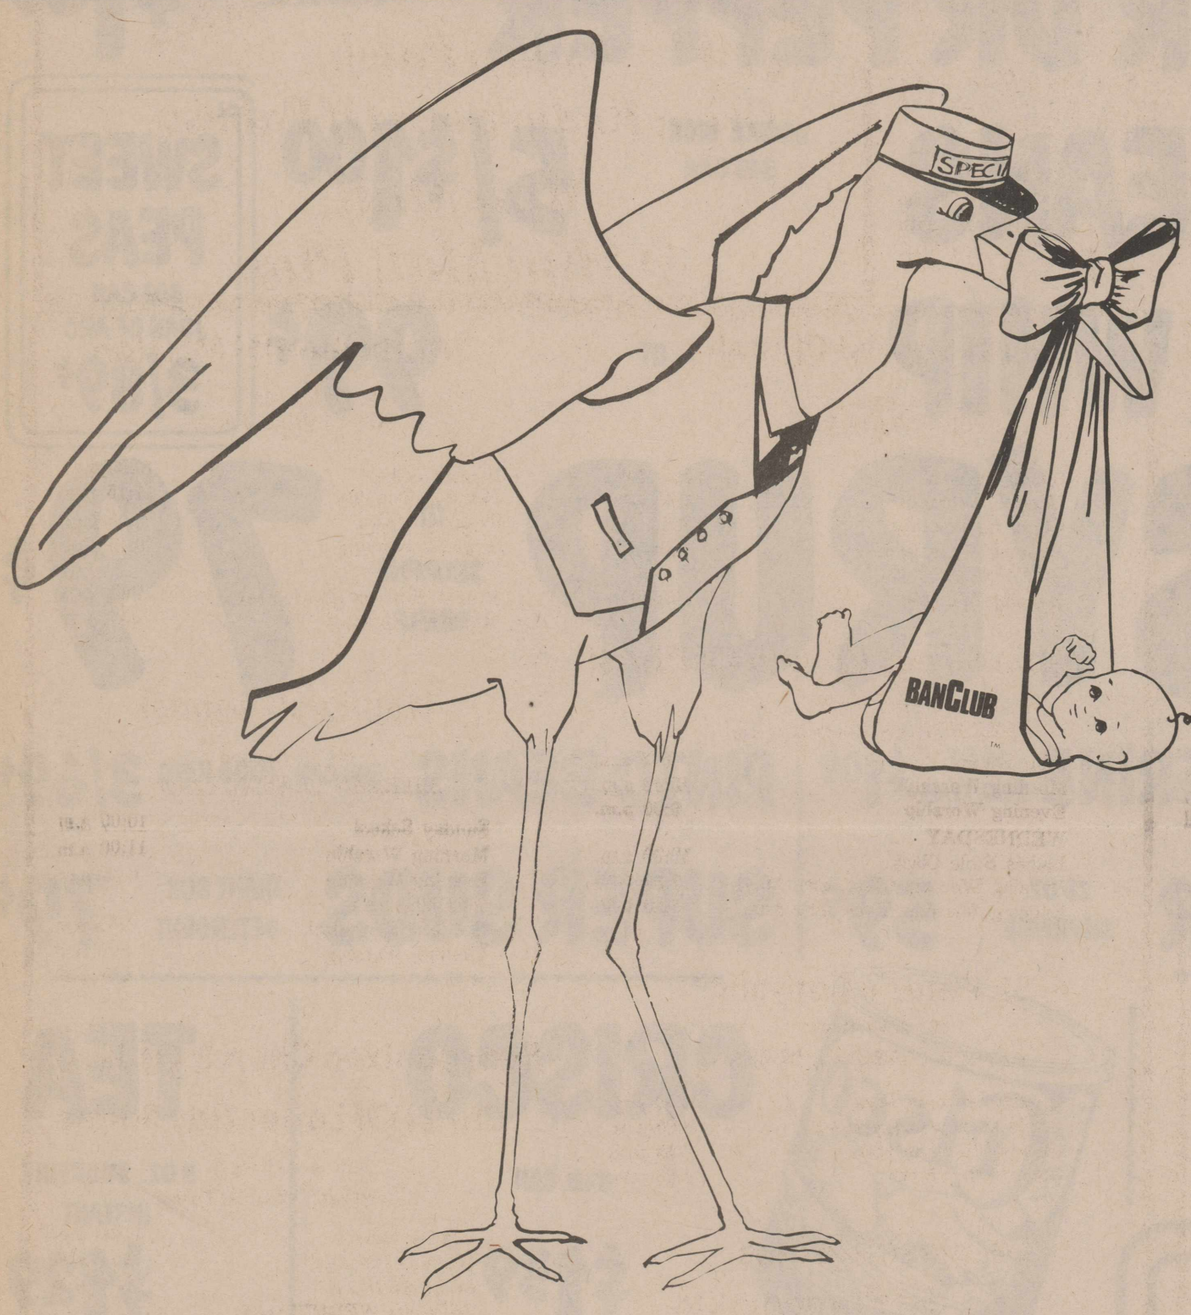

CRUNCHY PEANUT BUTTER BALLS

½ c chunk-style peanut butter
1 c sifted confectioners sugar
1 c flaked or shredded coconut
1 c raisins
1 to 2 T milk
6 Savannah Cookies, crushed

Thoroughly combine peanut butter, sugar, coconut, raisins and enough milk to form mixture into a ball. Divide mixture into twenty-four 1 inch balls. Roll each ball in cookie crumbs; chill.

The Most Revolutionary Thing In Sight!

The Electric Heat Pump

The heat pump is the most revolutionary thing in sight for providing complete comfort in the home.
The heat pump is a heating system and a cooling system both in one. Seasonal changes go unnoticed, one thermostat setting is all it takes.
The heat pump is a wise use of electricity. It provides more energy than it uses. Why? Because the heat pump squeezes warmth out of outside air, even at freezing temperatures and converts it to cozy warmth in the home.
The heat pump. A revolutionary heating system for today's modern, comfortable home. Of course, it's electric.

*You who were born of the spirit of '76, listen . . . and listen well. I am the voice of JAMES OTIS, said to have a tongue of fire that lashed out, in 1760, against British Writs of Assistance permitting forcible search of any citizen's home, which opposition first planted the seed of American independence. It was also my tongue that proposed a meeting of representatives of all the colonies . . . the first attempt at unification. And with these words, "Let Great Britain rescind HER measures, or the colonies are lost to her forever", that tongue first hinted at separation from Mother England. But that same fiery tongue of mine provoked the attack by British revenue officers that got me a broken head which resulted in a broken mind. But by then agitation against British tyranny had been started. I, James Otis, speak to you now and tell you that a broken pate is fair exchange for a broken Crown . . . and well worth it!*

## Clayton Seeks Re-Election

Rep. Bill Clayton, the Springlake farmer named to the high office of Speaker of the Texas House of Representatives a year ago, has filed for re-election as state representative of the 74th District.

Clayton, in making the announcement for re-election as representative of Bailey, Castro, Cochran, Deaf Smith, Lamb, Oldham and Parmer counties, said it is his desire to continue serving the people of the 74th legislative district.

"They have shown their faith in me during the past years and I have always attempted to be their voice in state government," Clayton said.

As House Speaker, Clayton is presiding officer of the 150-member lawmaking body and is chosen by his peers.

"The added duties as Speaker, I believe, have added immeasurably to my ability to serve the 74th legislative district. As Speaker, the welfare of the entire state must be considered, however, I will continue to maintain a solemn duty to the well being of my district," Clayton said.

The office of speaker, regarded as one of the three most important offices in state government, has gained influence under Clayton's leadership.

During the 1975 legislative session, Clayton distinguished himself as a speaker dedicated to fiscal responsibility. Since the end of the session he has continued his policies of attempting to reduce state spending.

"As Speaker it is my position to crimp the spending spiral which has seen cost of state government increase greatly in past years. We can realize substantial savings with long-range planning," Clayton said.

Clayton's years in state government have gained him the reputation as a strong supporter of water legislation. He has been actively involved in efforts to increase the South Plains water supply. He remains dedicated to seeking adequate water for his district.

Clayton and his wife, Delma, operate a farm near Springlake. Progressive Farmer magazine recently named him Texas Farmer of the Year. In addition to his farming activities he is a businessman in several area communities. Paid Pol. Ad.

## Ruth Kirby Files For Post

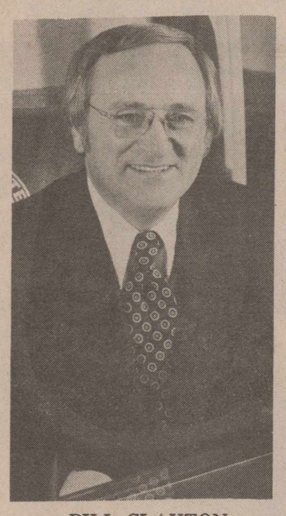

Ruth Forbis Kirby announced that she is candidate for the office of Lamb County Judge. She is seeking election in May to continue during 1977-1978 to serve in the office to which the Lamb County Commissioners appointed her for 1976 after the incumbent County Judge resigned.

Judge Kirby, a member of a pioneer Collingsworth County family, has resided in Littlefield since 1956. Her husband is attorney Jerome W. Kirby. The Kirbys have a teen-age daughter, Leigh, a junior in Littlefield High School, and also a married daughter, Linn, now living in Palo Alto, Calif.

Mrs. Kirby is an attorney, licensed to practice in Texas. She entered the Texas Tech Law School when it opened in 1967, and she graduated with the Doctor of Jurisprudence degree in 1970, with highest honors, ranking first in her class. She and a classmate tied in scoring the highest grade in the state on the state bar examinations in the summer of 1970. She joined the Texas Tech law faculty and taught there on a full-time basis for 5 years. In the summer of 1973 she was a visiting Professor at the University of Texas School of Law, in Austin. The courses she has taught are professional responsibility, real and personal property, torts, administrative law, legislations and legal writing. Before receiving a legal education, she had worked as an administrative secretary, a legal secretary and a public school teacher.

For recreation, she enjoys reading, golf, bridge, cooking, theater, and opera.

## Doyle Elliott Asks D.A. Job

W. Doyle Elliott, 49, Friona attorney, has filed for the position of District Attorney, subject to the action of the Democratic primary on May 1.

Elliott has lived virtually all of his life in the district he would represent if elected. Born in Wellington, he moved with his family to Lamb County in 1928, and graduated from Littlefield High School in 1944.

A veteran of World War II in the U.S. Navy, including a year in the South Pacific, Elliott received his BBA degree from Texas Tech in 1950 in business management.

He farmed in Parmer County for some ten years, before returning to school earning his master's degree in accounting, and his Doctor of Jurisprudence degree from Texas University.

In 1965, Elliott returned to Friona, to enter the legal profession, and has been practicing law here since that time.

Elliott has served on the board of trustees of Friona Independent School District, and is a former president of the Friona Chamber of Commerce.

"If elected, I would try to enforce the law as fairly and as impartially as possible," Elliott said.

The 154th judicial district includes the counties of Parmer, Bailey and Lamb. Jack Young of Muleshoe has served as district attorney since 1960.

## Nilah Rodgers Seeks Office

Dear Friends:

I am running FOR THE OFFICE of Lamb County tax assessor-collector, and NOT AGAINST any elected official. I've enjoyed a long, pleasant association with Mr. Herbert Dunn and respect his many years as a public servant.

I am fully aware of the importance of this office where all county taxes are assessed and paid, where all voters register, and all license plates are issued.

I keep my own business matters in good shape.

I enjoy a challenge and always try to do my best at every job I accept. I believe in personal involvement in county government. I do not believe in sitting on the sidelines criticizing and complaining.

I will handle county business in a fair, efficient, evenhanded manner. I have always enjoyed working in public.

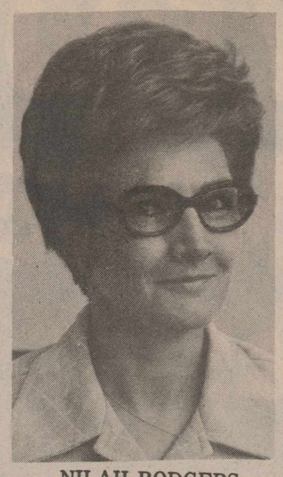

I have held my present editorial position with the Lamb County Leader-News for more than seven years. I was born in Littlefield, started to school here in the first grade, and graduated from Littlefield High. Lamb County always has been and always will be home.

During the past few years voter registration changes have taken place. Changes are occurring in vehicle registration. Evaluating property is very important. When you choose a tax assessor-collector, consider my interest in and understanding of this agricultural area and my knowledge of the problems of making a living and paying for property.

My husband and I are paying for farm land and residential property in Lamb County. My husband and two sons farm at Amherst, Sudan and Whitharral. We have lived at our present address in Littlefield for six years, moving to town after our farm home burned.

I am asking for your vote. I will do my best to serve this county in an effective, firm, efficient way.

## Roundup With The Cosmic Cowboys

Larry Kirk
J.D. Caudle

This is your local snuff dipping, bull riding reporters, with some news for a change.

To start this whole thing off, Melinda Blessing, or is it Johnson, is getting a knee job at Lubbock. She is doing fine and should be home by today. We sure do miss her in school because she is really crazy and alot of fun to be with. See Ya when you get back to school!

The person we have picked for the cowchip award this week is a very good old boy if your like nose jobs. He can get his nose in some of the strangest places. To announce the winner would be giving it away too easy so we are going to tell you who we call him. This old boy goes by the name of dubble bubble. He is also known as the fastest togel switcher in the west.

**TEACHER OF THE WEEK:** Mr. Williamson. Let's hear it for Mr. Friday.

**CLASS OF THE WEEK:** Civics.

**STUDENTS OF THE WEEK:**

Senior - Kent Pittillo
Junior - Debbie Peters.
Sophomore - Gary Smith.
Freshman - Janice Burgess.

**COUPLE OF THE WEEK:** Larry Murrell and Sherilyn McGill.

**JOKE OF THE WEEK:** Did you hear about the lady who got her whole left side cut off? She's all right now.

Last Sunday was a Sunday of all Sundays in the City of Olton. Some good old boy from out of town made a good mistake and hit the guy wire that held up the traffic light. When he hit this wire he caused both telephone posts to break at the base. As a result the traffic light was a total loss. The trouble is that we don't miss it a bit.

Speech Club would like to ask all the folks that use any Colgate Palmolive products to save the coupons and donate them to the Olton Speech Club so they can make a little money to help them out.

Comments:

M. Franks & S. Pinkerton ---You just can't get over the 8th grade, can you?

Mrs. Lewis---Same sweet person.

Coach Rich---Super job folks.

J. Hugley---Not Really???

T. Williams---Peep show?

Mr. Stockdale---Music to do what by?

Mrs. Walden---Sit down and get busy.

Love letter of the week goes to M. Blessing, or is it Johnson now? She has been a real pal when a guy needed one.

Dear Sugar:

I sure did enjoy taking you to the show last night. It sure was a good show to see if only you would have let me see it. Part of the time you smooched on me and the rest of the time you covered my eyes from the screen to keep me from seeing what a R rated movie is rated R about.

There's only about 4 months left in school to get our relationship settled out. I know you like to have fun and all but when I let you drive my pickup around you shouldn't have spun gravel all over old dubble bubble the way you did. Then on top of that you shouldn't have run from him either. That's about the first time ever that I was as scared as I was. Then to top that off, when we got to your house you got on that horse of yours and outrode me all over the country. I can see now why you are changing your name to Johnson. You sure are not a Blessing for sure!

Love ya,
D.

**SPORTS:**

The crowds at all the games this week were real good to start off with. They could be bigger though. It sure is good to tell the fans of Olton High School Super job on all the support they have given.

Until next week this is your local snuff dipping bull riding reporters saying you could be the lucky winner of the cowchip award. If by the end of the year no one does anything super we want to give a real cowchip but if they do watch out folks the stuff is going to be flying when that person finds out what is going on.

MONDAY VISIT

Mrs. Jo Bass of Hart and Mrs. Jewell Long visited Monday with Mrs. Ross Carty.

MONDAY - Mini-filet burger, buttered potatoes, broccoli, sliced pickles, apple crisp, bun and milk.
TUESDAY - Hot dogs and mustard, chili sauce, black-eyed peas, mashed potatoes, 1/3 grapefruit, bun and milk.
WEDNESDAY - Corn dogs, mustard, brown beans, chopped spinach, cherry cobbler, cornbread and milk.
THURSDAY - Tuna salad sandwich, vegetable-beef soup, peanut butter and crackers, pear Jello, cinnamon roll and milk.
FRIDAY - Chicken and dumplings, candied cured potatoes, confetti peas, apple ring, chocolate cake, rolls and milk.
