Truck Driver Hurt Slightly In Train Crash

Joe Holcomb, 39, owner of Holcomb Oil Well Service, 1904 Coleman, was only very slightly injured when the tank-truck he was driving was in a grinding collision with a Santa Fe freight train locomotive here.

The accident occurred about 7:15 a.m. today at the Clairemont Road-Santa Fe track crossing in north Snyder.

Holcomb's 1956 International truck tractor was demolished in the collision, and the water tank trailer was badly damaged.

"The train engine's cow-catcher and the truck must have both arrived at the crossing at the same time," T. L. Steele, police chief, said.

Impact of the two heavy vehicles twisted the frame of the truck tractor so that its rear wheels were still sitting on the pavement, but the front wheels were turned upside down.

After the accident Holcomb said, "I just rode it out, and crawled out of the cab of the truck after the train stopped," Holcomb said.

The train engine was moving slowly on a siding at the time of the accident and only about two cars passed the crossing after the impact before trainmen could get it stopped.

The truck was traveling north and the train was going southeast.

The Santa Freight train, No. 199, was driven by the engineer, W. D. Thompson of Slaton.

DRIVER GETS SCRATCHED KNEE—Joe Holcomb, 39, owner-driver of the 1956 International truck-trailer above, received a scratched knee and a bruised elbow when his truck and a Santa Fe freight locomotive collided at the Clairemont Road crossing about 7:15 o'clock this morning. Impact demolished the tractor as shown above. The trailer was loaded with water. (Lee Watson photograph)

SPOT MUSE

A 39-YEAR-OLD man who rode a bicycle from Dallas to this area a couple of days ago was picked up as a vagrant near Ira last night by the sheriff's department after a complaint had been called in by a citizen who said the man was sitting on his porch, and wouldn't say anything.

WHEN OFFICERS picked him up, he said, "Who are you?" Since that time, he hasn't opened his mouth to say anything, or hadn't by late this morning. He was taken to Dr. R. B. Pierce, county health officer, just before noon for a checkup.

THE JUNIOR COLLEGE steering committee hopes to have all of its petitions in by Dec. 20. In a brief meeting yesterday afternoon, the committee made plans to get more of the petitions out during the next few days. By Dec. 20, they hope more than the required number of signatures will be on hand. Approxiately 500 tax-paying voters must sign the petitions before they can be carried before the State Board of Education.

Dave Harlin Hurt In Fire

Dave Harlin, 3003 Thirty-eighth Street, received second degree burns on both legs when a can of gasoline exploded at his drilling company headquarters on the Lubbock highway about 5:30 o'clock yesterday afternoon.

The legs were burned off Harlin's pants in the fire which resulted from the explosion.

D. A. Porter, fire chief, said that firemen arrived soon enough to prevent the fire from causing serious damage to the building and equipment. A few paint brushes were burned, but otherwise there was only slight damage.

Harlin was taken to Cogdell Memorial Hospital where his burns were treated and he was released.

3 Children Die In Fire

SOUTH SHORE, Ky. (AP)—Three children burned to death last night when fire destroyed their home in a remote section near this eastern Kentucky community.

The parents, Mr. and Mrs. Charles Sowards, led three other children to safety.

State Trooper Estil Coleman said the fire apparently started from an overhead stove. He said flames spread so swiftly firemen couldn't reach the scene in time to save the three - room frame house.

The victims were identified as Terry Allen Soward, 5, and his sisters Rita Gail, 8, and Minnie Maxine, 7.

Ike Faces Big NATO Task

WASHINGTON (AP)—Sen. Mansfield (D-Mont) said today President Eisenhower faces the job in Paris of making NATO into a "going concern" instead of "a symbol of defense."

Mansfield, assistant Democratic leader and a member of the Senate Foreign Relations Committee, returned from a European survey with the stated conviction that the North Atlantic Treaty Organization is disintegrating.

Sen. Green (D-RI), chairman of the Senate Foreign Relations Committee, said his observations in Europe indicated to him that NATO is not falling apart. But he said Eisenhower ought to provide some dramatic demonstration of leadership at the Paris conference to give the alliance new life.

Mansfield said he thinks Eisenhower's presence is likely to spur the forthcoming NATO summit conference to greater efforts toward unifying and expanding the West's defenses. But Mansfield said in an interview the job of making NATO effective is going to be difficult.

"The President still has a great amount of prestige in Europe," he said. "But he is going to have to get down to bedrock with our allies. NATO can't continue to exist as a symbol of defense and not a shield.

"The President has got to see that it is made a going concern. He has got to see that it becomes a really mutual defense organization."

Eisnhower will fly to Paris tomorrow for the three-day NATO meeting opening Monday.

Sen. Mansfield expressed the hope that at that conference Eisenhower "will insist on the establishment of a NATO scientific pool which will bring together the collective talents of the Western nations as the first step in remaking the organization."

Before Eisenhower can promise to give other NATO nations information on the actual fabrication of nuclear weapons, Congress will have to change restrictions in the present law.

Congress apparently is going to demand some secrecy safeguards the administration and U. S. allies may find irksome.

However, Eisenhower has a free hand to pledge an exchange of information on the size, firepower and handling of nuclear weapons. He also can apprise U. S. allies of any missile development he desires them to know.

Dulles says the administration will act by executive agreement —not requiring congressional approval—in acquiring missile firing sites in Europe.

Sen. Kuchel (R-Calif) said he favored making available parts of the U. S. nuclear stockpile for the defense of NATO countries. He said he would want this material kept under American jurisdiction.

Sen. Kefauver (D-Tenn) agreed with Kuchel that American officials would want the United States to have the final say on actual combat use of weapons in such a stockpile. The two senators appeared together on a radio program.

Air Force Creates Office For Study Of Space Warfare

WASHINGTON (AP) — The Air Force has created a special office to look into the futuristic problems of warfare waged in the empty regions of space.

It had in operation today the beginning of a small "Directorate of Astronautics," with officers drawn from the USAF's research and development branch. The new office is assigned the specific job of managing development programs which do not relate to ordinary aircraft operations and missile programs.

A directive signed by Lt. Gen. Donald L. Putt, chief of research and development, said, "The function of this new directorate will be to plan, organize and manage the Air Force programs in astronautics."

It was reported, meanwhile, that President Eisenhower may be urged soon to speed up work in another area of research—that dealing with development of weather control as a defense measure.

Staff representatives of the Advisory Committee on Weather Control said the committee may make such a recommendation in its final report to the President at the end of this month.

The order setting up the new Air Force directorate listed a half dozen projects which are being transferred to that office initially. The list indicated the programs to be transferred included projects such as the proposed "Big Brother" satellite or space platform which would scan the earth from an orbit high up transmitting data on what was happening around the world.

One project listed was the "ballistic missile defense"—apparently referring to the USAF's anti-missile project called "Wizard." This is an attempt to devise a system utilizing ultra long range radar and ballistic missiles to intercept and destroy enemy intercontinental ballistic missiles. It is similar to the "Zeus" project of the Army.

One Dead, Another Missing In Blast

GREENVILLE, Tex. (AP)—A shattering explosion thudded through the three-story Beckham Hotel last night and was followed by raging, stubborn fire.

One body was found in the ruins and one of the 32 registered guests was still missing early today.

The body of Joshua B. Carter of Celeste, Tex., a guest at the hotel, was found in the wreckage on the third floor. He was 72.

Three persons were hospitalized and others were treated for cuts, bruises and shock. Fifteen elderly men lived at the hotel, which also was popular with traveling men. All the elderly were among those accounted for.

Damage was estimated at $300,000 to $400,000 by Herman Scott, editor of the Greenville Herald-Banner.

In the hotel building and badly damaged were a barber shop, the Western Union office, an insurance office, a men's shop, a cafeteria and a news stand.

William Shippey, a permanent guest, was missing.

A notation on the police blotter said officers were informed at 3 p.m. yesterday of an odor of gas in the neighborhood, and that the gas company was informed. A similar report was made at 7:50 p.m. The gas company was working on a leak when the blast occurred.

Fire Chief Harve Peyton said, "we know there was a gas leak and that some gas possibly had accumulated in the hotel. We won't know for sure until we study the ruins more thoroughly."

Many guests fled shivering and half dressed into the 26-degree weather. Several had to be routed from beds and sent down ladders and fire escapes.

This morning, the street in front of the hotel was littered with a dangerous mixture of broken glass frozen hard into ice from water used to extinguish the fire.

The glass came from hotel windows and from showwindows along and across the street.

Sitter, Boy Die Of Poison

CHICAGO (AP) — A 54-year-old baby sitter and a 2-year-old boy died, police said, poisoned by cockroach powder that threatened the lives of the boy's two young sisters.

The girls were reported critically ill in a Chicago hospital.

Police said the cockroach powder was mistakenly used for flour in preparing a chicken dinner last night.

The baby sitter, Finis Kittinger, and the boy, Roger Van Horne, both died four hours after eating.

Van Horne's two sisters, Deborah, 3 and Susan, 1, were taken to a hospital.

A hospital official said the children had only slim chances of pulling through.

Kittinger was taking care of the children while their mother Darlene, 24, was at work. Police said the father, Duane, 28, does not live with the family.

Largest Yule Tree

TALLAHASSEE, Fla. (AP) — With its formal opening planned for Dec. 19, the Galt Ocean Mile Hotel just north of Fort Lauderdale ordered a Christmas tree 55 feet tall and weighing three tons — largest ever brought to Florida.

Post Office Here Assured New Record

A new record for November was set in postal receipts at the Snyder post office, and a new annual record was assured.

Receipts at the post office during November totaled $10,885.67, which exceeded last November's figure of $9,602.39 by about $1,200. And last November's total had been a record until this year.

That put the total receipts for the year so far at $112,762.88, which is more than $2,500 above any postal receipts figure for the same period here in the past.

To reach last year's annual postal receipts figure, the post office must run only slightly above $15,000 during December. That is almost sure to happen, since the December run has been about $18,000 for the past four years.

By this time last year, postal receipts amounted to $110,062.17, while they were $106,822.62 for the 11 months in 1955, $94,446.39 in 1954, $92,677.90 in 1953, $100,026.44 in 1952, $96,031.63 in 1951, and $95,893.19 in 1950.

The 11-month total this year has already exceeded totals for the entire 12 months in 1953, 1951, and 1950, as well as all preceding years.

So far this year, three months have set new monthly records in postal receipts. They were April, October, and November.

Floyd Joins City Force

E. L. Floyd, 61-year-old Scurry Countian for the past 43 years, has been employed as the city's new humane officer.

Floyd replaces E. D. Allen, humane officer for several years, who died several weeks ago.

T. L. Steele, police chief, said Floyd will handle duties of the humane officer, picking up of animals and impounding of animals much as the job has been done in the past.

"Floyd will work directly out of the police department, but will attempt to give service on all animal calls," Steele added.

Floyd is married and the father of five children. He has lived in or near Snyder in Scurry County since 1913. His address is 2711 Thirty-second Street.

Indonesian Army Goes On Alert; Crisis Deepens

JAKARTA, Indonesia (AP) — The Indonesian Army was ordered to its barracks today and men on leave were summoned back to their posts as the national crisis with Holland grew deeper.

There was no explanation of the army order. Military headquarters bristled with activity. Officers were in battle dress.

Premier Djuanda called in all three of his military service chiefs for talks.

Isa Anshary, a leading member of Masjumi, Indonesia's largest Moslem party, charged that subversive agents from Communist countries were active here in an effort to topple the Indonesian republic.

Communists, he charged, were trying to turn Indonesia into another Korea.

If their activities are not checked, he added, "a big calamity will befall the Indonesian people." Anshary is a member of the Constituent Assembly.

Communist-led workers have been in the forefront of the anti-Dutch campaign in occupying Dutch business houses and estates.

Masjumi has opposed President Sukarno's amiable flirtation with the Communists and his concept of a sort of dictatorship called a "guided democracy." The army has been reported abroad to be divided, but in large part opposed to Sukarno's political leanings.

Sukarno was heavily guarded by 20 armed motorcyclists, eight jeep loads of shock troops and two weapons carriers with troops when he drove to the presidential palace today in a bullet proof car.

Assassins attempted to kill him with four grenades on Nov. 30.

Palace sources said Sukarno is tired physically and mentally and may leave the country for a rest within a week. He earlier canceled a tour of South America.

The campaign went on to take over the 1½ billion dollars of Dutch investments and oust the 46,000 Dutch citizens in reprisal for the Netherlands refusal to surrender West New Guinea.

The army spokesman, Maj. Harsone, refused to give any explanation for the orders. But all officers at army headquarters were wearing battle dress.

Meanwhile, a member of Indonesia's largest Moslem party, the Masjumi, accused the Communist party of trying to make Indonesia "another Korea."

"If the foreign subversion movement is left unchecked, a big calamity will befall the Indonesian people," said Isa Anshary, a Masjumi member of the Constituent Assembly.

Business circles said that British, French and Belgian estates and some American holdings — although so far not threatened by the government seizure which has befallen Dutch interests — face paralysis because of the threatened mass exodus of Dutch citizens from Indonesia.

The estates, growing rubber, tea, copra, coffee, sugar and spices, are operated mostly by Dutch managers who were described as "irreplaceable" at short notice. Business sources said it takes more than 20 years to train estate managers.

The majority of the Dutch are obviously leaving. Shipping companies, travel agencies and airlines are heavily booked. The Dutch Chamber of Commerce said it would like to get all the estimated 46,000 Dutch out within three months but it more likely would take six months.

American holdings are largely in oil or in rubber estates and generally are concentrated on Sumatra.

Valley Area Crops Hit By New Freeze

By The Associated Press

Freezing weather chilled Texas all the way to the Mexican border at Laredo Thursday and further damage to Lower Rio Grande Valley crops was feared.

Overnight low temperatures ranged from 13 degrees at Nacogdoches to 36 at Corpus Christi.

Other lows included: Lufkin 16, San Antonio 18, Texarkana 22, Dalhart, Amarillo, Houston and Lubbock 23, El Paso 24, Beaumont 25, Wichita Falls, Dallas and Del Rio 27, Abilene 30, Laredo 31, Brownsville 33 and Galveston 35.

The Nacogdoches county agent, O. B. Clifton, said the cold damaged the oat crop but gave no estimate.

Damage could not be assessed immediately, but the fall vegetable crop in the Lower Valley was expected to suffer further. A heavy frost and freeze in the Valley 10 days ago killed most of the tender vegetables, damaged some young cabbage and hurt new growth on citrus trees.

Farmers who had fruit or vegetables that could be damaged by the freeze tried to beat the weather by burning old truck tires as a form of smudge pot. Others irrigated.

Skies were clear Thursday.

Small craft warnings were hoisted along the Texas coast Wednesday. The cold air pushed into Texas from an arctic air mass hovering over most of the nation.

Highs Wednesday ran from 33 at Sherman to 85 at Laredo and Presidio.

The frozen body of Ben Williams, 42, was found in a ravine near his farm home near Bonham Wednesday. A peace justice said Williams apparently fell while walking home from a neighbor's house.

Cold Spreads To Southeast

By The Associated Press

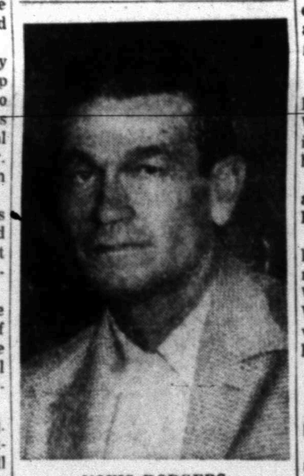

Record cold spread over large areas of the Southeast today, damaging crops and crimping winter vacation sports.

The belt of subzero cold dipped as far south as Tennessee. Ice was a common sight in the central and northern sectors of the Florida citrus belt.

The Arctic weather was blamed for at least 16 deaths.

The Florida freeze was the worst in a decade, and another freeze was forecast for tonight. The remaining winter vegetable crop in the truck growing section around Plant City, Fla., appeared to be wiped out. Strawberries were hard hit.

Readings of 22 degrees were recorded in some rural areas. Crestview, Fla., had a low of 18. Miami 35, and West Palm Beach 31, the lowest ever recorded there.

NOVIS RODGERS
. . .horse show judge

Novis Rodgers Is Show Judge

Novis N. Rodgers of Snyder has been named as a horse show judge for the 1958 Southwestern Exposition and Fat Stock Show in Fort Worth Jan. 24 through Feb. 2.

Rodgers, along with Robert H. Corbett of Breckenridge and Springer, New Mexico, will judge all cutting horses and Quarter horse roping and reining classes. The Snyder man has judged at the Fort Worth horse show several times in the past.

He raises Hereford cattle and cutting horses on his ranch in Garza County.

Jan. 1 is the deadline for entering horses in the Southwestern Exposition. Douglas Mitchell is superintendent of the horse show.

10 Snyder Band Members To Try For All-Regional Honors

Ten Snyder High School band members will go to Abilene Saturday for tryouts for the all-regional band.

The sessions will be held at McMurry College and will end with a concert by the all-region band at 7:30 p.m. Saturday in Radford Auditorium at McMurry.

Those from Snyder who will try out are Larry Williams, clarinet; Bob Fields, cornet; Delbert Lloyd, clarinet; Philip Smartt, alto sax; Jo Ann Hamblen, clarinet; J. T. Myers, bass; Mary Deffebach, flute; Wilda Livingston, tenor sax; Ronald Miller, trombone; and Sharon Morgan, piccolo.

Auditions will be held throughout the morning Saturday for students. There will be between 400 and 500 students from the region at the tryouts. From those a 103-piece all-region band will be chosen.

From the 103, a total of eight will be certified as all-state band members. The all-state band will attend a clinic in Galveston next Feb. 19-22, in connection with the annual meeting of the Texas Music Educators Association, and they will play a concert there.

While the eight chosen will be the minimum number from the region in the all-state band, another nine students will be chosen as candidates. Their applications will be sent to the all-state band organizer, who may choose some above the minimum number for the band.

After the all-region band is chosen Saturday, the group will rehearse for three hours that afternoon prior to the night concert. There will be one conductor from each class. They include Homer Anderson, San Angelo High School band director, Class AAAA; Melvin Montgomery, Snyder High School band director, Class AAA; Robert Gann, Winters High School band director, Class AA; and Corbett Smith, Ozona High School band director, Class A.

In the past five years, the Snyder High School band has placed 17 students on the all-state band, including five last year. During the same period, about 35 have been on the all-region band.

Of those going to Abilene Saturday, Smartt and Miss Livingston have been all-regional before.

Condition Of Wreck Victims Satisfactory

ROBY — Three persons who were at first believed critically injured in an accident near here early yesterday were listed in satisfactory condition at Abilene hospitals today.

Two persons were killed in the collision. They were Mrs. Lona Earnest, 58, of Route 3, Snyder, and Mrs. Elvira G. Flowers, 30, of Gainesville.

Funeral services will be set in Cushing, Okla., for Mrs. Earnest, whose body was transferred there yesterday from Weathersbee Funeral Home in Rotan. Arrangements were pending at Foster Funeral Home in Hamlin for Mrs. Flowers.

Elvis Gale Earnest, 20, of Snyder, son of Mrs. Earnest, was listed in satisfactory condition at last report at Hendrick Memorial Hospital in Abilene. He had facial fractures.

Also at Hendrick is Anthony B. Flowers, 27-month-old son of Mrs. Flowers, who was also satisfactory after suffering a skull fracture.

His father, Sfc. Floyd Arthur Flowers, just returned from Germany, was at Dyess Air Force Base Hospital at Abilene. He had a fractured left leg, two fracture vertebra, a fractured right ankle, and possible fractured ribs. He is to be taken by air to Brook Army Hospital at San Antonio.

Unhurt in the accident were Fleita Faye Greenfield, 10, granddaughter of Mrs. Earnest, and Ted Rea of Fort Worth.

New Russian Blast Expected In U. N.

UNITED NATIONS, N. Y. (AP)—Russia is expected to unleash another blast at the United States today as the U. N. takes up the Soviet call for peaceful coexistence.

Western diplomats predicted the Russians would take full propaganda advantage of the issue in the Political Committee debate opening four days before the NATO summit meeting in Paris.

With the general assembly nearing adjournment, the Russians were expected to use the occasion to sum up various charges they have leveled throughout the session.

Under the broad wording of the item, Russia could revive its claim that the United States is interfering in the internal affairs of the Arab states and trying to sow dissension in the Middle East.

When he called for inclusion of the item at the start of the Assembly, Soviet Foreign Minister Andrei Gromyko accused the United States and its allies of trying to dominate the Middle East by military means. He charged the West was stepping up the war threat with a policy of "negotiation from strength."

The debate also would give the United States a chance to renew its charge that Russian supply of arms to Syria is threatening a Middle East explosion.

Sources close to the Americans said, however, that the United States does not plan any counter-offensive other than a brief speech.

On the eve of the debate India, Sweden and Yugoslavia submitted a substitute for the Russian co-existence resolution. The new proposal would have the Assembly call on all countries "to develop friendly and cooperative relations and settle disputes by peaceful means."

Johnson Warns Of Missile Blackmail

FORT WORTH (AP)—Sen. Lyndon Johnson said last night Russian missile threats have posed problems which could shake the NATO framework.

Johnson said the Russian achievements make "even the most primitive of intercontinental ballistics missiles . . . an instrument of blackmail on an international scale."

He said Russia could force our European allies to leave the NATO organization if their strategy was successful. President Eisenhower will attend next week's summit NATO conference in Paris.

Johnson spoke to the Fort Worth Chamber of Commerce.

"The pattern is clear already," Johnson said. "Nikita Krushchev has issued ominous warnings that our European allies are within the range of his missiles.

"He has also implied that our overseas bases can be destroyed in a matter of minutes.

"This is a difficult strategy to counter. From Krushchev's standpoint, it does not matter whether his statements are true or not. There will always be the thought in the back of his victim's mind that it might be true."

Johnson said that such an eventual breakup of NATO was conceivable "under certain circumstances." He spoke of strain within the organization in recent months.

"Some of the NATO countries have done things we don't like and we have done things they don't like," he said. But he said families living under one roof must "in adversity, however, stick together against the common enemy."

Soles Of Shoes Don't Need Polish

FT. DIX, N.J. (AP)—The Army is investigating reports that some spit 'n' polish enlisted men are going so far as to shine the bottoms of their shoes.

A statement issued here emphasized that this was not Army policy.

The situation stems from a letter published in the New York Daily News and signed "Mad Mom." The letter writer said her son had been ordered to shine the soles of his shoes at this Army post.

Col. Albert Gange, Ft. Dix public information officer, said the Army had noted the letter and was trying to get to the bottom of the matter.

Five Persons Perish In Fire

BARDSTOWN, Ky. (AP) — Five persons burned to death today when a fire destroyed the Nelson County Infirmary five miles outside this whisky distilling center.

Three other occupants of the building were carried to safety by the superintendent, Parkland Hibbs.

Firemen, fighting the blaze in 10-degree temperatures, were hindered by lack of water and by hoses stiffened by the cold.

The superintendent's wife explained the fire apparently started from a defective furnace. Workmen had been called out twice this week to repair it.

The blaze also destroyed a meat house and a wash house adjoining the main two-story building where the patients lived. The eight were the only occupants of the infirmary, used mainly to house elderly people.

The dead were identified as Mary Ellen Ethridge, 82; Alice Weaver, about 65; Mary Ellen Waters, 32, and her mother Ella Waters, about 55; and Thomas Bray, about 65.

The island of Madagascar, off the coast of east Africa, was once called La France Orientale.

Church Group Hold Progressive Dinner Tuesday

The Int. 2 Sunday School Department of the First Baptist Church held their annual Christmas dinner Tuesday evening Dec. 10.

The group met in the home of Mr. and Mrs. Curtis Hays, Clairemont Road at 6 p.m. for the first course. Admission to the dinner was a pair of socks, to be sent to the Orphans Home. The group then went to the home of Mr. and Mrs. Fickas Bell for the salad course. The home was gaily decorated and highlighted by an attractively decorated tree.

The main course was held in the Amon Weaver home, 3106 Hill Avenue with Mr. and Mrs. I. L. Bradley as hosts. The tables were laid in white linen, centered with red candles and holly.

Mr. and Mrs. Bill Eiland, 2503 Thirty-second Street were hosts for the dessert course. Tables were laid in green with individual red stockings, holding the silver.

Mrs. Renal Rosson gave "Let's Keep Christmas" by Peter Marshall and the group was dismissed with prayer.

Forty-two persons attended the affair.

BUCKIN' THE LINE

By BUCK FRANCIS
News Sports Editor

THERE'LL BE A lot of basketball in store for local cage fans the next three days.

Tonight the Tigers take on San Angelo in a non-district contest here and then the annual Canyon Reef Invitational Tournament will get underway tomorrow at Tiger Gym and will extend through Saturday night.

Making up the tournament field will be two Class 4A schools, Abilene and Tom S. of Lubbock; three 3A schools, Brownwood, Lake View and the Tigers; and one 2A school, Tulia.

All have the ingredients for good, sound basketball teams and the tournament should prove quite interesting.

It's up to the fans to make the tournament a success. There's quite an expense involved in running off a tournament and the fans, of course, are being counted upon to put the tourney over.

From an artistical standpoint, the tournament is in good shape. We hope it turns out to be a financial success, too.

Tourney Tested

Three teams coming here have already had tournament experience this season. Abilene and Brownwood took part in the Hardin-Simmons tournament while Tulia participated in the Plainview Invitational, all last week.

Of the three, Abilene bagged the lone trophy, winning the H-SU consolation prize. Both Brownwood and Tulia, however, didn't do badly, each winning a game in the tournaments.

We were speaking of Lake View having the tallest squad in the tournament in this corner yesterday. Since then, though, we have learned that Tulia has the tallest player in 6-8 Tom Garrison.

Lake View, however, still boasts the tallest average height but a boy like Garrison can certainly make it rough on a team without height. Tom S. has Bill Spitzer, 6-6, back in the fold, second tallest player in the tournament.

Lake View's William Keel at 6-5 is next and then comes 6-4 Rex Wilson of the Chiefs and 6-4 Kenneth Cook of Abilene.

Some Aren't Strangers

Some of the tournament teams have already met each other this season.

Tom S. holds two wins over Tulia, 55-46 and 71-54.

Brownwood and Abilene have met once with Abilene winning, 53-28, in the Hardin-Simmons tournament.

Then some have met common foes. The Tigers and Brownwood have both met San Angelo with both losing to the Bobcats, the Tigers by 49-32, and Brownwood by 44-51.

Abilene and Lake View have each met Winters twice with Abilene faring a little better against the Blizzards. Abilene split with Winters, winning 52-33 and losing 52-47. Lake View lost both times to the Blizzards, 41-56 and 54-50.

After studying the prospects over, we'll say Abilene and Tom S. Lubbock will battle it out in the finals with Tom S. taking the title.

COACH IS HOPEFUL—Tiger Coach J. P. Ward is shown looking over the trophies that will be awarded the winners in the Canyon Reef Invitational Tournament that starts here tomorrow, hoping that his own charges may make it two straight championships in the tourney. Trophies for the tournament are shown on the lower shelf. The 5th annual tournament, co-sponsored by the Quarterback Club and the schools, will have six teams in this year's field. (Lee Watson photograph)

Tigers Host Cats Tonight; Tourney Starts Tomorrow

The Tiger basketeers will be gunning for revenge tonight when they take on the San Angelo Bobcats at Tiger Gym.

San Angelo handed the Tigers their only defeat of the season, 49-32, at San Angelo last week.

Tonight's game will give the Tigers their last warmup before the Canyon Reef Tournament that starts tomorrow morning at Tiger Gym.

The Tigers drew a first round bye in the tournament and will play the winner of tomorrow morning's Abilene-Tulia game in the semi-finals tomorrow night.

The other first round game in the tournament pits Brownwood and Tom S. Lubbock at 2 p.m. Lake View, the sixth team in the tournament, drew a first round bye.

Lake View will meet the winner of the Brownwood-Tom S. game in the semi-finals Saturday morning.

The tournament originally had eight teams entered but Colorado City and Weatherford withdrew.

In tonight's game with San Angelo, the Tigers will be gunning for their third win in four stars. Besides the loss to San Angelo, the Tigers have beaten Brownfield twice, 57-51 and 49-33.

San Angelo has won three of five starts. The Bobcats dropped a 42-38 decision to Colorado City Tuesday night. Earlier the Bobcats had bowed to Winters.

San Angelo is entered in a tournament this weekend, also. The Bobcats will take part in the Andrews tournament starting tomorrow night. The 'Cats will spend the night here before proceeding to Andrews.

Tom S. Lubbock has been established as the pre-tournament favorite in the Canyon Reef affair. The Westerners sport a 5-2 record and have three regulars back from last year's team that bowed to the Tigers in the tournament finals here, 67-66.

Among the Tom S. returnees is Dwayne Key who was named on last year's all-Canyon Reef Tournament team.

Abilene and Tulia are just under the .500 mark, each with a 3-4 record.

Tom S. has the best offensive mark among the tournament teams while the Tigers boast the best defensive.

The Westerners have averaged 59 points in their seven games to date with Tulia second in this category with 53.

The Tigers have yielded only 42 points per game in three starts as compared to Abilene's 46 average points yielded in seven games.

Following are the tournament teams' offensive and defensive averages to date: Tigers, 45-42; Brownwood, 42-59; Tom S., 59-47; Abilene, 55-46; Tulia, 49-53; and Lake View, 42-59.

Following are the probable starting lineups for the six tournament teams:

TIGERS

Forwards — Leon Reed, 6-3, and John Ward, 6-3; Center — Bill Phillips, 6-3; guards — Gary Vice, 5-10 and Israel Hinojos, 5-11.

TULIA

Forwards — Gary Sturges, 6-3, and Kenneth Littlefield, 6-0; center — Tom Garrison, 6-8; guards — Donald Gales, 5-9, and Chris Ward, 5-8.

LAKE VIEW

Forwards — Rex Wilson, 6-4, and Ken Winans, 6-0; center — William Keel, 6-5; guards — Jimmy Tomlinson, 5-10½, and Gary Waren, 5-8½, or Geral Martin, 6-0.

BROWNWOOD

Forwards — Gary Petross, 6-0, and Benny Plummer, 5-11, or Doug Pearce, 6-0; center — Garland Gilbreath, 6-3; guards — Tommy Butler, 5-10, and Fred Carpenter, 5-10.

TOM S.

Forwards — Jerry Cowan, 6-2, and Merlin Garrett, 6-0; center — Bill Spitzer, 6-6; guards — Dwayne Key, 5-10, and Geral Mahon, 5-8.

Duffy Shuns Offer; Ags Eye Sanders

COLLEGE STATION, Tex. (AP)—Texas A&M resumed its search for a new football coach today after Duffy Daugherty of Michigan State passed it up.

There were indications that Henry "Red" Sanders of UCLA had moved into the No. 1 position among the prospects for the job vacated by Paul Bryant, who resigned to go to Alabama.

Daugherty announced at Chicago yesterday that he wouldn't take it because "my roots are too deep at Michigan State."

Reportedly he had been offered more than twice as much money to come to Texas A&M but Jack Finney of Greenville, chairman of the selection committee of the Texas A&M board of directors, tempered this with the statement: "If it's going to pay that much I'd like to have the job myself."

Daugherty is making about $25,000 a year at Michigan State.

College officials would not reveal who was being sought for the job but Finney declared there were four or five under consideration. And he dodged a direct answer on whether Sanders was the No. 1 prospect with: "We're not working that way. But everyone knows there are five or six top men in football. We're going after one of them."

Sanders previously revealed that he had been contacted by Finney.

Others who are believed to be under strong consideration are Wade Walker of Mississippi State and Jim Tatum of North Carolina.

Raiders Stay Undefeated

By The Associated Press

Texas Tech was picked for last place in its first Southwest Conference basketball race but the Red Raiders must not have read about it. The campaign is pushing through its second week and Tech is one of four teams with unbeaten records.

The Raiders whipped West Texas State 95-73 Wednesday for their third straight triumph.

Texas A&M returned to the doldrums Wednesday with a 68-46 loss to Wake Forest.

Two games are scheduled Thursday with SMU trying Oklahoma at Norman and Texas A&M continuing its southern tour with a stop at Richmond, Va., to meet Richmond University.

Tech took the lead over West Texas after nine minutes of play and never relinquished it. It was a rough game which saw Tech's star center, Leon Hill, forced out with a dislocated finger in a mixup that resulted in the ejection of West Texas player Jim Read for flagrant fouls.

Hill was high man of the game with 20 points.

Wake Forest had little trouble with A&M, jumping to a lead after two minutes and pulling steadily away. The Aggies couldn't figure the Wake Forest zone defense. Dave Swisher was the most accurate Aggie shooter, flipping in 15 points.

Scots Out To Stop Abilene Streak

By HAROLD V. RATLIFF
Associated Press Sports Editor

Highland Park's Scots try to stop schoolboy football's all-time winning streak in a battle with Abilene's Eagles Saturday.

It headlines a schedule of eight games that will rush the Interscholastic League race into the finals.

Abilene, with 49 straight triumphs behind it, runs into a Highland Park team that appears to have everything it takes to cut down the Eagles' bid for their fourth consecutive Class AAAA championship. But so did Amarillo last week and the Eagles, riding the wave that has given them the national record in victories, were just too poised and confident.

This Abilene team is smart, full of fire and able to take advantage of any opening.

Abilene and Highland Park clash in the Cotton Bowl at 2 p.m. at the same time Port Arthur will try to halt the unbeaten surge of Austin's Maroons. Austin and Port Arthur clash at Port Arthur.

Abilene and Austin will be favored to push through to the finals although there is small indication that either will have it easy in its semi-final test.

Almost as glamorous as the Abilene-Highland Park game will be the Class AAA battle of Nederland and Edison at San Antonio. Edison's record is marred only by a tie. Nederland has a perfect record.

The Nederland-Edison winner meets the team that emerges from a collision of Cleburne and Sweetwater at Cleburne. Both games are Saturday afternoon.

Cleburne wouldn't be given much chance of handling Sweetwater were it not for the fact that the Yellow Jackets last week tumbled the defending state champion, Garland, by three touchdowns.

Nederland is a solid favorite but Sweetwater could have its hands full with Cleburne.

Games Friday and Saturday nights determine the finalists of Class AA, with the feature matching championship favorite Terrell with the undefeated, untied forces of Seymour. They play at Terrell Friday night.

The other semi-final has Brady and West Columbia, both two-game losers, getting together at San Marcos Saturday night. Brady, making a garrison finish, is favored.

Mart, unbeaten, untied and practically unextended, clashes with low-scoring Jourdanton at Luling Friday night in the first of the Class A semi-finals. Mart is an easy choice.

The second Class A game sends undefeated, untied Sundown against point-mad White Oak at Breckenridge Saturday afternoon. White Oak will be a mild favorite.

Additional Cotton Bowl Tickets Put On Sale

DALLAS (AP)—More tickets are available to the public for the Cotton Bowl football game but they better hurry.

Navy returned 2,000 tickets from its allotment yesterday.

Applications will be accepted by mail with orders filled as they are received. Tickets are $5.50 each and no one person can buy more than four. Each application must be accompanied by a 25-cent mailing fee and a stamped, self-adressed returned envelope. Mail applications to the Cotton Bowl Athletic Assn., National Building, Dallas 1, Texas.

Worst Is Over For Subway Passengers

NEW YORK (AP)—The worst is over for New York City's embattled subway straphangers, says the chairman of the Transit Authority.

But striking motormen, relentless in demands for representation in bargaining with the authority, today carried their walkout into its fourth day as a cold wave settled over the city.

Some commuters saw a ray of hope in a statement last night by Frank Zelano, the motormen's strike leader. Zelano declared there is a chance of a settlement of the entire issue but he did not elaborate.

The Motormen's Benevolent Assn., of which Zelano is executive secretary, is striking in a united front with other craft groups.

Forecasting a substantial improvement in subway service today, Authority Chairman Charles L. Patterson claimed a back-to-work trend has started among the strikers.

Asked whether he would sit down with MBA leaders and try to work out a settlement, Patterson declared: "I would not. If someone walked in the door and shot someone, would you stop and talk with them before you had them out in the electric chair?"

He quickly explained he didn't mean to liken the strikers to murderers but insisted he would not bargain with "lawbreakers" and discuss "lawbreaking."

A state law prescribes dismissal or severe penalties on civil service workers who strike municipal government agencies.

Patterson said none of the strikers have been suspended as yet and said that if the motormen "come in and admit that they were wrong, then we might take things under consideration."

On Tuesday the Transit Authority sent this telegram to 300 motormen: "This notifies you that if you do not report and take out your run this afternoon it will mean that you have terminated your employment and you will be replaced."

Nineteen motormen answered that they were returning to work. No accurate account is available on how many others went back without a report to the authority.

Twenty-one new motormen have been hired from civil service eligible lists to replace strikers.

Mississippi's Child Bride Era To End

By TIM PARKER

JACKSON, Miss. (AP)—The era of the child bride will end in Mississippi next July 1.

For decades, the nation has been shocked by the marriages in Mississippi of girls as young as 10 or 11, often to men old enough to be their grandfathers.

Like others escaping the strict laws of states as far away as Illinois or New York, they were married in the neon-lighted "marriage mills" just inside the Mississippi state line.

The Legislature yesterday replaced Mississippi's lax marriage law with one about as strict as any. It requires a blood test to prove the couple does not have syphilis, a three-day waiting period, and sets minimum ages of 15 for women and 17 for men.

Publicity about child brides this year probably helped pass the bill. Present laws set no minimum age for marrying.

Mary Lou Lawson, 14-year-old Zelma, Mo., schoolgirl, was married at Hernando last Oct. 3 to a 76-year-old great-grandfather, John G. Tatro of Sturdivant, Mo. "I'd rather be an old man's darling than a young man's slave," said Mary Lou.

The "marrying business" is a big thing in border counties, especially those on federal highways. Last year, Mississippi's 66,223 marriage licenses were topped only by Nevada. Of those 66,223, more than 64 per cent went to out-of-state residents and 46 per cent went to teen-agers.

Almost every important state organization, from the PTA, Farm Bureau and medical association to the League of Women Voters, supported the bill.

Limit Placed On Goodnight Kisses

LAFAYETTE, Ind. (AP)—Coeds at Purdue University's Shealy Hall had orders today to limit good night kisses on dates to one, keep it as short as possible and display "little or no emotion."

The "new college social order" announced by Shealy's head resident, Miss Valerie Heavey, put a limit on kissing and recommended will bring summons before the Board of Standards for Coeds.

Child Born On Refugee Plane

NEW YORK (AP) — Seventy-five Hungarian refugees took off Tuesday by plane from Belgrade, Yugoslavia, but they numbered 76 when they arrived here yesterday.

The increase was due to the birth of a seven-pound baby boy, born during a two-hour stopover at Shannon Airport, Ireland.

The infant is the son of Mr. and Mrs. Lajos Raics. Mother and son were taken from Idlewild Airport to a Brooklyn hospital, where both were reported doing well.

The mother, Erzebet (Elizabeth) 22, said that after the birth at Shannon she insisted on continuing the flight, saying: "We've been waiting 12 months for permission to go to America, and nothing is going to stop us now."

Miss Selman On Program For Kiwanis

Roberta Selman, Snyder High School student sang two selections on the program at the Snyder Kiwanis Club's regular luncheon meeting Wednesday at the Village.

Miss Selman was accompanied by Robert Clinton on the autoharp.

At the conclusion of the program, the Rev. Walter Lentz urged Kiwanians to remember the true meaning of Christmas.

Christmas is every day to those whose work is worship, but not to those whose worship is work, he asserted. Rev. Lentz reminded that Christmas still is not celebrated by two thirds of the people in the world. Part of the two thirds, he suggested, might well be in Snyder.

During a brief business session Kiwanians voted to have their annual installation banquet on the night of Jan. 9 in the Trinity Methodist Church.

Progress reports were heard on the Kiwanis program to aid underprivileged families during the Christmas season, and arrangements were discussed for setting up a headquarters for that activity.

Textbook Committee Appointed By Board

The Snyder school board this week appointed 12 members of the school staff to serve on a local textbook committee.

The group will screen books included in selections coming up for adoption and make recommendations to the school board.

Members of the committee are Pat Falls, director of instruction, Mrs. LaVerne Taylor, Mrs. Ruby Anderson, Mrs. Pearl Walker, Mrs. Vivian Hill, Alice Birdwell, Earl Horton, Ollie Peek, Curt Wise, Daniel Johnson, Velia Shifflett, and Dr. C. L. Yarbrough, superintendent, who will serve as chairman.

Couple Observes 79th Anniversary

FAIRVIEW, Utah (AP)—Peter and Celestia Peterson, childhood sweet hearts, observed ther 79th wedding anniversary in this central Utah town where both were born.

Peterson, 97, credits love for the enduring marriage. Seven of their 10 children still survive.

Enrollment 250 Above Last Year

School enrollment in Snyder stood at almost 250 more than it was a year ago, according to a report at the end of the 13th week of school.

Enrollment during the 13th week stood at 3,908 compared to 3,667 at the same time last year.

Enrollment figures stand at 837 in the high school, 545 in the junior high, 457 at East Elementary, 334 at North Elementary, 777 at West Elementary, 529 at Central Elementary, 326 at Northeast Elementary, and 105 at the Lincoln School.

By grades, the enrollments are 168 seniors, 170 juniors, 245 sophomores, 254 freshmen, 267 in the eighth grade, 278 in the seventh grade, 291 in the sixth grade, 389 in the fifth grade, 388 in the fourth grade, 393 in the third grade, 448 in the second grade, 513 in the first grade, and 11 in the school for exceptional children.

At the Lincoln School, there are 16 in the first grade, seven in the second, 11 in the third, 10 in the fourth, seven in the fifth, 13 in the sixth, nine in the seventh, 10 in the eighth, five freshmen, 10 sophomores, three juniors, and four seniors.

The so-called wolf-eel found off the Pacific Coast sometimes reaches a length of eight feet.

GETTING AHEAD OF RUSH—Mrs. Jess Everett, 2703 Twenty-sixth Street, is one of the many persons in Snyder who are attempting to avoid the last minute Christmas rush on their gift package mailings. J. C. Williamson, postal employe here, is shown stamping her package. Dawson Mooreland, postmaster, urges everyone to mail their Christmas cards and packages as early as possible to help lighten the last minute load of mail. (Lee Watson photograph)

Kiwanis Compiling Christmas Aid List

The Kiwanis Club of Snyder hopes to complete its lists of Snyder area families who will participate in the club's distribution of food and clothing at Christmas by the end of this week.

The Kiwanis Club heads up the community-wide activity here each year, and a special committee now is in the process of compiling the lists. Persons who know of underprivileged families who should be on the list should notify the Kiwanis club not later than Dec. 15.

For the benefit of those who wish to mail in applications, the following coupon may be filled out and mailed to the Kiwanis Club, care of the Daily News:

MIRAGES

QUESTION: What causes a mirage?

• • •

ANSWER: Sometimes when you're riding in a car in summer on a concrete road, you see what looks like a distant pool of water on the highway. On the desert, men often think they see a cool lake only to discover wastes of sand when they reach the spot. Sailors at sea sometimes see what appears to be a ship floating upside down in the sky.

These are mirages caused by reflections from a layer of hot air near the surface of the earth. When you are on a highway or the desert, for example, you see part of the sky reflected on the road or on the distant sand.

At sea, dense layers of hot air next to the surface of the water often focus light rays from a ship beyond the horizon into an image in the sky. Sometimes the image is upside down. Sailors call these mirages ghost ships.

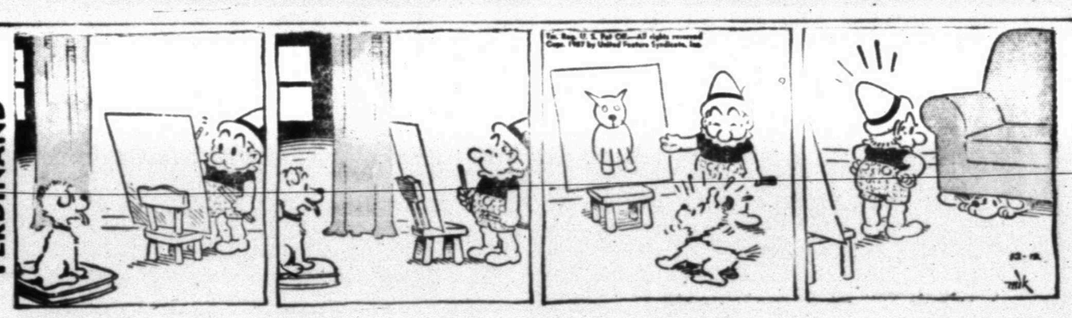

• • •

FOR YOU TO DO: Next time you are out riding watch for what seems to be a pool on the distant pavement. Such a mirage may even be apparent on a sunny day in winter.

FESTIVE FRUIT CAKE

1 cup shredded coconut
1 cup sliced citron
1 cup sultana raisins
1 cup chopped candied pineapple
1 cup sliced candied cherries
½ cup fruit syrup
2 cups blanched chopped almonds
3 cups sifted flour
1 tsp. baking powder
1 cup shortening
2 cups sugar
1 Tbs. vanilla
8 egg whites

Combine first 6 ingredients with 1 cup flour, sift remaining flour with baking powder. Cream shortening, sugar, vanilla until fluffy. Add sifted dry ingredients, fruit syrup alternately in small amounts, beating well after each addition. Add fruit mixture; beat egg whites until stiff and add to batter. Luscious Fruit Cakes May Be Dark, Light Or Golden

Fruit cake baking time again — and the sooner you get your holiday beauty made, the better flavor it will have, especially if the cakes is to be doused with a good wine, brandy or fruit juice from time to time to keep it moist.

This family of holiday fragrance and good flavor has many members. Cooks may choose from the Old English type (pound cake batter made with buter), glazed concord type, a light or dark fruit cake, or fruit cup cakes.

For those of the hurry-up school of cookery, there are the no-bake cakes.

A radical new type of cake is prepared by baking mix cake, then crumbling it up and combining it with icing mix fruit and nuts in a loaf pan. This cake is covered with foil and chilled at least 24 hours, then sliced and served cold.

SLICED BRAZIL NUTS FILL FRUIT CAKES

1¼ cups shelled Brazil nuts
3 ounces finely cut candied orange peel
6 ounces thinly sliced citron
1 8-ounce package pitted dates, finely cut
2 cups raisins
1 cup currants
½ cup well-drained maraschino cherries
2 cups sifted all-purpose flour
½ teaspoon baking soda
½ teaspoon salt
1 teaspoon cinnamon
½ teaspoon allspice
½ teaspoon ground cloves
½ cup shortening
1 tablespoon grated orange rind
1 cup firmly packed brown sugar
4 eggs
3 tablespoons unsulphured molasses
½ cup orange juice

Cover Brazil nuts with cold water and bring slowly to a boil. Boil 3 minutes, or until nuts can be sliced easily. Drain and cut in thin, lenghtwise slices. If desired, reserve perfect slices for decorating top of caks.

Combine remaining Brazil nuts in bowl wth orange peel, citron, dates, raisins, currants and cherries. Sift together flour, baking soda, salt and spices; mix ½ cup with fruit and nut mixture.

Cream shortening with orange rind in large mixing bowl; add brown sugar and cream well. Beat in eggs one at a time. Combine molasses with orange juice and add alternately with dry ingredients to shortening mixture. Mix in prepared Brazil nuts and fruit.

Turn into 4 loaf pans 6x3x2 inches, or 4 6-inch round pans or into a 10-inch tube pan, which have been greased and lined on the bottom with waxed paper. To decorate cakes, arrange Brazil nut slices to form flowers; press additional cherries in center.

Bake in 275 degree oven 1 hour, 30 minutes for loaf pans and round pans, and 2 hours for tube pan.

Remove from oven and brush with glaze. Yields 4½ pounds fruit cake.

FRUIT CAKE GLAZE GIVES GLOSSY EFFECT

1 tablespoon light corn syrup
2 tablespoons brown sugar
2 tablespoons water
2 tablespoons lemon juice

Combine corn syrup, brown sugar and water. Stir over low heat until sugar is dissolved; bring to full boil; add lemon juice.

DRIED PEARS, FIGS ENLIVEN HOLLY CAKE

1½ cups light or drak raisins
1 cup dried figs
1 cup dried pears
1 cup diced preserved citron
1 cup diced candied pineapple
¾ cup quartered candied cherries
1 cup diced candied orange peel
1 cup chopped walnuts
¾ cup butter or margarine
½ cup powdered sugar
1 cup honey
2 teaspoons grated orange rind
¼ teaspoon salt
2 cups fine vanilla wafer crumbs

Rinse and drain raisins. Cover figs with boiling water and let stand 5 minutes. Drain, cool and dice. Rinse pears, remove cores and dice pears. Combine all fruit and nuts. Cream buter and sugar together thoroughly.

Blend in honey, rind and salt. Blend in crumbs, mixing thoroughly. Add fruit-nut mixture and mix with hands. Pack firmly into oiled pan. Cover and chill 2 or 3 days before cutting.

LEMONADE IMPARTS FLAVOR TO CAKE

2 pounds mixed candied fruit
1-3 cup frozen concentrate for lemonade.
1 cup butter or margarine
1 cup sugar
3 eggs, beaten
½ cup dark corn syrup
2½ cups sifted flour
1½ teaspoons baking powder
1 teaspoon cinnamon
1 teaspoon nutmeg
½ teaspoon cloves
¼ teaspoon allspice
½ cup milk
1 cup chopped nuts
1 pound raisins

Before starting to mx the cake, allow fruit to stand in concentrate for lemonade 1 hour. Then cream butter and sugar together add beaten eggs and mix well. Add corn syrup. Sift together flour, baking powder and spices and add alternately with milk, to creamed mixture.

Add fruit, nuts and raisins and fold into batter. Add any lemonade drained from he fruit.

For loaf cakes, pour batter into oiled loaf pans and bake in 300 degree oven 2 to 4 hours, depending on size of pans.

For bonbon cakes, pour batter into smallest sized paper baking cups or candy cups. Fill cups about 2-3 full. Bake on baking sheet for 40 minutes.

This recipe will make 2 one-pound fruit cakes, four ½-pound loaves or approximately 36 bonbon fruit cakes.

MYSTERY FRUIT CAKE IS MADE FROM MIX

1 package honey spice, yellow, white or devils food cake mix
4 cups candied mixed fruit (two 1-pound jars)
½ cup each whole red and green candied cherries (½ pound)
1½ cups seedless raisins (½ pound)
1 cup dates, cut up (6½-ounce package)
4¼ cups pecan halves (1 pound)
1 package fluffy white frosting mix.

Make cake as directed on package. Cool. Crumble cooled cake into large bowl and add rest of ingredients. Make fluffy white frosting mix according to package directions and add to fruit, nuts and cake mixture. Stir with spoon or toss together with hands until mixture is damp and blended together.

Pack tightly into two foil lined pans 8½x8½x2 or two 9x5x3 inch loaf pans. Pat down with butered hands until smooth. Cover cake with foil and chill in refrigerator at least 24 hours. Cake improves if stored longer. Cake should be refrigerated. Slice with sharp knife and serve cold. Makes 6½-pounds fruit cake.

For smaller fruit cake, follow receipe above, except use only 1 layer of cake and half of fruit and nuts and use only half prepared frosting mix. Pack tightly into one foil lined 8½x4½x3 inch loaf pan. Ice remaining layer with rest of icing.

VINTAGE FRUIT CAKE HAS WINE INGREDIENT

4 cups light or dark seedless raisins
1½ cups seeded raisins
1 cup diced candied orange peel
4 cups sliced citron
1 cup halved candied cherries
2 cups coarsely chopped walnuts
1 teaspoon cardamon
1 teaspoon cloves
2 teaspoon allspice
½ cup honey
½ cup dessert wine (Muscatel, Tokay or Port)
1½ cups butter or margarine
2 cups sugar
10 eggs
4½ cups sifted all-purpose flour
2 teaspoons salt
1 teaspoon soda
2 teaspoon baking powder

Rinse raisins and drain. Slice seeded raisins. Combine raisins, peel, citron, cherries, nuts, spices, honey and wine, blending thoroughly. Cover and let stand 2 hours or overnight. Cream butter, add sugar and cream thoughly. Add beaten eggs and beat well.

Mix in fruit. Sift flour with salt, soda and baking powder; add to fruit mixture and stir until well blended. Spoon into one 10 inch tube pan or 2 loaf pans lined with 2 thicknesses of greased brown paper.

Bake in 275 degree oven 3¼ to 3½ hours. Place shallow pan of water on bottom of oven during baking. Smaller cakes will require less baking time. Test with cake tester or pick before removing from oven. Weighs about 8 pounds, baked.

When property is placed in trust it is turned over to a trustee who will see to it that it is properly managed for the benefit of aperson or persons you name as beneficiaries. It is a method if disposing of your property and may be used in conjunction with a will.

Trusts have many advantages. A trust may be used to provide income for persons unable to support themselves, to provide funds for a child's education, as a means of establishing an annuity, or to provide a gift for a chairtable institution.

In these days of high taxes, a trust may be utilized to minimize the tax burden. If carefully planned, a trust may decrease income and inheritance taxes.

A trust arrangement works roughly in this manner. A person who desires to create a trust is call a grantor. The grantor chooses a trustee. The trustee may be a bank, an individual, or a trust company. The grantor through a trust instrument tells the trustee how to distribute the trust, property or income. The trustee will then manage and distribute the trust proceeds or property in whatever manner the grantor desires.

A very common arrangement is to place the property in trust with directions to pay the income from the property to a wife for her life, and on her death the trust is to end and the property is to be distributed to the grantor's children.

An interesting type of trust is that which is sometimes called a spendthrift trust. This is an arrangement whereby one sets up a certain sum of money to be given out to another at a definite rate per month or per year, or under definite restrictions.

This type of trust is generally used in wills where a person desired to leave money to an individual, but feels that the individual is not capable of properly caring for the money and that if left to them in full that the party receiving the money will spend and waste the money and not receive the maximum benefit from it.

Trust property quite often consists of securities. The law regulates the type of property in which trust funds may be invested. However, the grantor may designate the type of investments the trustee may make.

The effectiveness of a trust is dependent largely on its proper creation. To avoid the pitfalls and dangers of lawsuits and ineffective trust operations, a trust instrument should be properly prepared. A poorly planned or carelessly drawn trust instrument can not only defeat the objectives of its creator, but may prove costly as well.

Your lawyer can advise you whether a trust arrangement will be advantageous in your particular situation, and is qualified by education and experience to prepare properly the legal papers necessary to set up a trust. If you have in mind some bank or trust company to act as trustee, that firm's trust officer will be glad to discuss the matter in a conference with you and your attorney.

(This column, prepared by the State Bar of Texas, is written to inform — not to advise. No person should ever apply or interpret any law without the aid of an attorney who is fully advised concerning the facts involved, because a slight variance in facts may change the application of the law.)
