The SDN Column

Keeping tab on our neighbors:

Frank X. Tolbert, the Dallas Morning News' roving columnist, got folks to buzzing up at Post recently, reports Jim Cornish of the Post Dispatch. It seems that on a recent stop in Post, the Dallas columnist noticed that the bronze statue of C.W. Post on the Garza County Courthouse lawn stood in need of a cleaning. He even suggested that a Boy Scout troop at Post might take on such a project if others could not be recruited.

Then, someone recalled that there had been reports that the Post family didn't "want the townspeople to mess with Mr. Post's Statue."

"Which is just about right," Cornish observed.

However, after reading Tolbert's column, Cornish said he conferred with Garza County Judge Giles W. Dalby, who, in turn, contacted Fred Korth, former Secretary of the Navy in Washington, D.C., who is an attorney now involved in handling the Post estate. It would take several days to find out what the family wanted to do about cleaning and polishing the Post statue, if anything, Korth advised.

The Vernon Regional Junior College is going to have to do some belt-tightening as a result of funding by the 64th Texas Legislature, according to the Vernon Record. The college there got about $70,000 less than it expected for the coming school year, with a total of $530,401. The funding was based on the earned enrollment of the school during its third year of operation.

Western Texas College, which has been in operation a year longer than the Vernon School, came out much better, with its earned enrollment giving it a total of nearly $900,000 for the coming year.

The Farmland News says, "The brown bag lunch isn't *always* cheaper."

It refers to a survey by the American School Food Service Association which indicates that on the average, a school lunch costs 10 to 15 cents less than the same lunch brought from home. They compared what was described as the typical lunch—bologna sandwich, orange, celery, carrots, cookies and milk—prepared at home using the least expensive items available. Only in one state, Arkansas, was the home-prepared lunch cheaper than that in the school lunchroom—WACIL McNAIR.

Today In History

By The Associated Press

Today is Friday, June 13, the 164th day of 1975. There are 201 days left in the year.

Today's highlight in history:

On this date in 1956, Britain turned the Suez Canal over to Egypt after having operated the waterway for 74 years.

On this date—

In 1502, Christopher Columbus sighted the West Indian island of Martinique.

In 1861, the first Canadian parliament opened in Ottawa.

In 1917, Gen. John Pershing and his headquarters arrived in Paris in World War One.

In 1940, Paris was declared an open city in World War II.

In 1942, the U.S. Office of War Information was created, with broadcaster and writer Elmer Davis director.

In 1967, Thurgood Marshal was named as the first black on the U.S. Supreme Court.

Ten years ago: A new military government was being formed in South Vietnam after removal of Premier Phanh Huy Quat.

Five years ago: The government of Brazil agreed to ransom the kidnaped West German ambassador by freeing 40 political prisoners.

One year ago: The army in the Republic of Yemen seized power in a bloodless coup.

Ford Tells Plans To Spur Utility Plant Projects

WASHINGTON (AP) — President Ford unveiled today proposals designed to spur the building of new power plants through liberalized tax writeoffs and tax-deferred treatment of utility dividends that are reinvested.

Ford, in a statement, said he accepted and endorsed all recommendations on the subject presented to him by his labor-management committee that studied ways to hasten utility plant construction and the conversion of oil and gas-fired plants to use of coal as a power source.

Secretary of Labor John Dunlop told reporters the proposals would result in a tax break for utilities in fiscal year 1976 of between $500 million and $1 billion. He said members of the labor-management committee would carry the proposals to Congress personally.

At a briefing, Federal Energy Administrator Frank Zarb said the amount of energy the nation generates from nuclear power could increase from 2 per cent to about 20 per cent by the late 1980s "if we can get this program and solve other problems such as safeguards and disposal of nuclear wastes."

In a report to Ford dated May 23, the committee lamented the deferral or cancellation of utility construction projects and said this "may be expected to result in future energy shortages and serious restrictions to economic expansion."

Key committee recommendations endorsed by Ford included:

—Granting of a 12 per cent investment tax credit to utilities for an indefinite period, with application of the credit to work already in progress. Congress recently boosted the tax credit for utilities to 10 per cent from 4 per cent for a two-year period, but the committee said this did not go far enough.

—"The urgent need for equity capital in the electric utility industry," said the panel, "should be met by a legislative provision that dividends which are reinvested in new issue common stock of the company have tax deferred."

—Extention beyond the scheduled Dec. 31 expiration of a program for five-year fast tax writeoffs of pollution control facilities. In addition, Ford and the committee recommended the same favored tax treatment be granted for the expense of converting power plants to the use of coal.

—"Stretch out, as necessary, present environmental restrictions on energy production and use to reduce energy consumption and facilitate expansion of domestic energy output."

House Panel Gets Sketchy Details Of CIA Plots

WASHINGTON (AP) — Members of the House intelligence committee say they were told sketchy details of CIA involvement in an assassination plot against the late Dominican Republic President Rafael Trujillo, but some members were uncertain whether that was the plot that ultimately led to the dictator's murder.

Only one of five members interviewed said Thursday that a very brief report to the panel last week would support a statement by Rep. James V. Stanton, D-Ohio, that the CIA was involved in the successful assassination of a foreign leader.

Rep. Ronald V. Dellums, D-Calif., contending that what the panel was told about the 1961 Trujillo assassination would support Stanton's statement, said Trujillo's killing "could be traced to actions that were taken by the CIA."

He declined to give details, and Stanton refused to say whether he knows more than the committee was told in a secret session last week or whether he in fact is referring to the Trujillo assassination.

Trujillo, a long-time dictator of the Dominican Republic, was shot down by assassins as he drove outside Santo Domingo. Former CIA agent Philip B. Agee, in his book "Inside the Company," quotes a former CIA official as saying the agency was "deeply involved in planning the assassination, which was done by Cuban exiles from Miami using weapons we sent through a diplomatic pouch."

But another member of the House panel, Rep. Michael Harrington, D-Mass., said that if Stanton's statement is based on what the committee was told last week "it cannot be supported."

Without giving details, Harrington said the committee was told of a litany of past misdeeds uncovered by the CIA itself in a housecleaning investigation in 1973.

Harrington said the account to the committee was so sketchy that "no conclusions could be drawn from any of it."

One member said the briefing lasted about three minutes and was given by a committee attorney on the basis of information he had seen at CIA headquarters.

He said it was not a prepared briefing but was given during a heated session in response to a question of what Chairman Lucien N. Nedzi, D-Mich., had been told a year before and had not passed on to other congressmen.

Nedzi has confirmed that he and chairmen of other committees were briefed on misdeeds uncovered by the CIA in 1973 and has tacitly confirmed they included unspecified involvement in assassination plots.

Friday 13th Not So Bad

MIAMI, Fla. (AP) — Today is the day that all acute triskaidekaphobiacs fear the most. But one psychologist says Friday the 13th will turn out unlucky only if you think it will.

"We call it 'selective perception,'" says Dr. Charles Verschoor, a psychologist at Miami-Dade Community College. "Every single day of your life, something pretty adversive happens. On Friday the 13th, you get your mind tuned up to notice."

According to a recent article in Psychology Today magazine, American business loses half a billion dollars a year in business losses each year because many people stay home from work on Friday the 13th.

Authorities say triskaidekaphobia — fear of the number 13 — has been around since the days of early Greece. There were 13 persons seated at Christ's Last Supper, and Friday the 13th is the traditional day for witches to hold black masses.

Numerologist Vincent Lopez says 13 is generally disliked because it includes the numbers one and three, which add up to four. He said four "is a factual, realistic number. It's a tough number. People don't like to face facts."

Most apartment houses and hotels don't have floors or apartments numbered 13, and many airplanes don't have seats with that unfortunate designation.

But all that isn't stopping Robert Spedding, 20, of Miami and Carol Capp, 18, of Tampa from getting married today.

"We wanted a day that sounded unusual, and we didn't want to wait until July 4th," said the prospective bride, who apparently is a careful sort. "According to my horoscope, it's good luck today."

Kissinger May Resume 'Shuttle'

WASHINGTON (AP) — Secretary of State Henry A. Kissinger is likely to resume his Middle East shuttle diplomacy next month if differences between Israel and Egypt on a Sinai settlement can be narrowed further.

Sources said the visit of Israeli Prime Minister Yitzhak Rabin has improved chances of reviving negotiations, but a final decision by President Ford awaits post-summit deliberations in Jerusalem and Cairo.

Kissinger is said to be reluctant to board the shuttle again unless he is 90 per cent certain it would produce an agreement. His last effort collapsed three months ago.

Ford expects to know within the next two weeks whether terms for an Israeli withdrawal in Sinai can be arranged.

A key factor in plotting administration strategy is Syrian Foreign Minister Abdel Halim Khaddam's visit here next Friday. Egypt and Syria are pressing for a prompt withdrawal of Israeli forces on the Golan Heights, but Israel doubts that a deal can be struck with Damascus.

"Especially between Egypt and Israel there is a possibility of gradual change," Rabin told a news conference on Thursday.

The prime minister also emphasized that there will be no agreement with Egypt until Israeli cargo is permitted to pass through the Suez Canal. A text of last year's secret understanding on passage of Israeli cargo is expected within the next few weeks.

Rabin said he believes "there is a basis for negotiations" over Sinai again.

Parties Denounce Gandhi Rule

NEW DELHI, India (AP) — Non-Communist opposition parties declared today they no longer recognize Prime Minister Indira Gandhi as head of the Indian government following her conviction of corrupt political practices in winning her parliamentary seat.

The leaders of the four parties — the Socialists, the Hindu nationalist Jana Sangh, the opposition Congress and the Bhartia Lok Dal (People's Party) — renounced their recognition of Mrs. Gandhi as prime minister in a cable sent to President Fakhruddin Ali Ahmed.

The leaders urged Ahmed, the constitutional head of state, to return immediately from a vacation in Kashmir and deal with the constitutional crisis that erupted following Mrs. Gandhi's conviction Thursday.

The same non-Communist parties had successfully formed an alliance for this week's key elections in central Gujarat State and dealt Mrs. Gandhi's Congress party severe reverses.

Nation's Inventories Decline

WASHINGTON (AP) — The nation's businesses unloaded a record $1.9 billion in inventories from their store shelves and warehouses in April, the second record monthly decline in inventories in a row, the Commerce Department reported today.

The big reduction in inventories, which has been under way throughout most of the economy all spring, is considered by government economists to be a necessary requirement before the nation's business recession ends and the economy can grow again.

Inventories declined at virtually all levels of the economy in April, with manufacturing inventories down $1.2 billion, retail inventories down $220 million and wholesale inventories down $697 million.

But the Commerce Department said automobile inventories at the retail level did not follow the trend, rising $95 million during the month. However, this increase was more than offset by decreases in inventories of furniture, appliances and other durable goods.

The Commerce Department said the over-all decline in inventories in April was a record, topping the previous record of a $1.87 billion inventory decline in March. The February decline in inventories was $983 million.

Hathaway Sworn In

WASHINGTON (AP) — Stanley K. Hathaway, former governor of Wyoming, was sworn in today as secretary of the Interior, ending a 43-day stretch in which the department lacked a Cabinet-level leader.

President Ford attended the ceremony at the Interior Department and pledged that "I will give him total support ... we're going to work together for the preservation of (the nation's) amazing natural resources."

Hathaway, who was opposed by environment groups and got a prolonged grilling in his Senate confirmation hearings, outlined his view of the department's role.

"We cannot rely on conservation alone to provide the energy security we need to sustain our economy and our way of life," he said.

"We must develop, in a prudent and rational manner, more of our domestic energy resources."

US Will Admit Chile Refugees

By MIKE SHANAHAN
Associated Press Writer

WASHINGTON (AP) — The United States will soon begin admitting hundreds of political refugees from Chile, according to State Department testimony made public today.

Asst. Secretary of State William D. Rogers told a closed meeting of the Senate Judiciary Committee Thursday that Chileans would be admitted "on a case by case basis."

There was no official estimate how many might be resettled, but committee aide Dale S. deHaan said there are about 1,200 Chileans and their families now in Argentina and Peru who want to come to the United States.

In addition, Chilean Chief of State Augusto Pinochet has said he would release some political prisoners under the auspices of the Red Cross and the Intergovernmental Committee for European Migration, a private group which aids refugees worldwide.

DeHaan said there are up to 6,000 known political prisoners now jailed in Chile, some of them since the overthrow of Socialist President Salvador Allende in a right-wing coup in 1973.

Based on Rogers testimony, deHaan said, "Presumably they (the Chileans) could start coming here in a number of days."

The plans to admit Chileans was first reported by the Boston Globe which quoted Rogers as saying known Communists would be screened out.

Because of their relatively small number, the Chileans will not be sent to camps or be required to undergo lengthy administrative processing like the 130,000 Vietnamese refugees now on U.S. soil.

"It is inconsistent to seek cooperation from international organizations and other countries on the Vietnamese refugee problem if we refuse to lift a finger to help the Chileans," the Globe quoted Rogers as telling the Senate panel.

New Food Stamp Plan Ordered

WASHINGTON (AP) — The Agriculture Department is under court order to draw up a new food stamp plan that will allow all recipients to obtain a nutritionally adequate diet.

The U.S. Court of Appeals ruled Thursday that the present formula for food-stamp payments to 19.6-million participants is invalid because it fails to provide such a diet to all recipients. It gave the Agriculture Department 120 days to draw up a new plan.

However, the court allowed the present rules to remain in effect pending department action because of "the critical importance of the allotment regulations to the functioning of the entire food stamp system.

"For a family that needs a loaf of bread, the offer of a slice is poor comfort," the three-judge court said in an opinion written by Judge J. Skelly Wright.

The ruling is "the most far-reaching legal decision ever rendered in the antihunger area," said Ron Pollock, an attorney and director of the Food Research and Action Committee, which brought the suit.

"For the first time it signals that poor people will have an opportunity to obtain nutritionally adequate diets as a matter of entitlement."

The department has not decided whether to appeal the decision further, said Edward J. Hickman, administrator of the Food and Nutrition Service in the Agriculture Department.

The court said that 1971 amendments to the Food Stamp Act marked a major shift in the policy of the law, a shift from supplementing the diets of low-income households to guaranteeing those households an opportunity for an adequate diet.

Ford Sales Down 25% AMC Up 6%

DETROIT (AP) — Ford Motor Co. reported today its sales for the first 10 days of June were off 25 per cent from a year ago, but American Motors Corp. said its deliveries rose 6 per cent.

Industry analysts predicted total sales by the four major U.S. auto companies would trail year-ago levels by 11 to 14 per cent to remain at a 14-year low for the period.

General Motors and Chrysler Corp. were to report their sales later today.

Ford, the nation's No. 2 auto company, said it sold 36,879 cars in the period, compared with 49,282 a year ago.

For the year to date, Ford deliveries of 700,019 are off 22 per cent from last year.

AMC reported sales of 8,508, compared with 8,000 during June 1-10, 1974. For the year to date, AMC sales of 140,315 are down 22 per cent from last year.

The analysts estimate the four companies sold a total of 145,000 to 150,000 cars in the period, down 11 to 14 per cent from 169,261 during the same span in 1974.

SOMEONES PET?—This white weasel turned up in the yard of the Tony Peralez residence, 2807 Avenue E, Wednesday and now is in custody of the city animal warden. Apparently someone's pet, the animal seemed a bit frightened, but friendly. If no one claims him, Peralez said he hoped to keep the weasel as a pet.

Decision Due Soon On $2 Bill

WASHINGTON (AP) — With inflation having eroded the dollar, a decision will be made within a month or two on whether to bring back the $2 bill in 1976, says Deputy Treasury Secretary Stephen S. Gardner.

"Personally I favor the idea, and I think the secretary favors the idea," said Gardner. Treasury Secretary William E. Simon recently said he tends to support it.

Gardner said the $2 bill may be more useful to people now because of changes in price levels in recent years. The bill was removed from circulation in 1963 on the ground that it was not being used.

A recent survey conducted for the Federal Reserve Board by students at the Harvard Graduate School of Business concluded there still is not much public support for a $2 bill, a board spokesman said.

The Harvard survey said a "considerable marketing effort" would be required to gain public acceptance for the $2 bill.

But Gardner said in an interview that he doesn't have much faith in such surveys — "To go out and ask people if they would use something they are not now using, in part encourages negative answers."

The Treasury Department will probably make the final decision by midsummer, but the Federal Reserve Board's opinion is considered important because the board would be responsible for putting the bills into circulation.

If a decision is made to go ahead with it, Gardner said one reason for printing the bill in 1976 is to overcome past public resistance by tying the bill to the nation's bicentennial observance.

A controversy would be almost certain to develop over whose portrait the bill should carry. There is some sentiment in Congress for a woman, such as the late suffragette, Susan B. Anthony.

However, Gardner said there also will be support for using the portrait of Thomas Jefferson, the third president, whose portrait was useß on the old $2 bill. Proponents of Jefferson argue he would fit the Bicentennial theme.

County Court Pleas Heard

Several pleas were entered in county court yesterday.

Wesley Jewel Floyd pleaded innocent to a charge of driving while intoxicated. Pre-trial hearing was set for June 26, and a jury trial was set for July 8. He was arrested June 9 by City Police.

Roy Villaneuva, Jr. pleaded guilty to driving while intoxicated. He received a $100 fine plus court costs and a 30-day jail term, probated for six months. He was arrested June 7 by Highway Patrolmen.

John H. Hardin pleaded guilty to fleeing from a police officer. He received a $250 fine plus court costs. He was arrested June 8 by City Police.

Leslie Wayne Vantine pleaded guilty to driving while his license was suspended. He received a $50 fine plus court costs and a 10-day jail term. He was arrested June 7 by City Police.

Alabama Well Rate Confirmed

HOUSTON (AP) — A production test rate of 1,546 barrels of liquid hydrocarbons for the second formation of a confirmation well drilled in Alabama has been announced by Getty Oil Co.

The well was drilled one mile west of a discovery well completed in January about 20 miles north of Mobile, Ala.

Getty said Thursday, the No. 1 E Lyles Hatter Estate 4-10 well also tested in the Smackover geologic formation at a rate of four million cubic feet of natural gas a day through a 22-64th-inch choke. Flowing tubing pressure was 2,250 pounds per square inch.

The Hatter well is a mile west of the No. 1 Peter Klein gas condensate discovery.

Mitchell Energy Corp. of Houston also announced Thursday the completion of a $1.5 million offshore installation to produce natural gas and condensate in the Gulf of Mexico.

The firm said three wells will be connected to the installation, about 10 miles southwest of Sabine Pass, and initial production is estimated at nine million cubic feet per day with total capacity set a 25 million.

DFW Airport Don't Need Cities Money

DALLAS (AP) — The cities of Dallas and Fort Worth will not have to pay any money to the Dallas-Fort Worth Regional Airport in the coming fiscal year, the airport's board says.

The announcement concerning the fiscal year that begins Oct. 1 was made following the board's meeting earlier this week.

The airport's operating budget for the coming year will be submitted to the board in August, a board spokesman said.

Summer Power Ample In Texas

WASHINGTON (AP) — The Federal Power Commission says electric power should be adequate this summer in Texas and the rest of the country as long as there is no disruption in the availability of fuel to run generators.

In a report released earlier this week, the FPC specifically mentioned the Texas situation in saying there should be enough electric power even if the summer is somewhat hotter than usual.

The FPC said the Electric Reliability Council of Texas, which serves only that state and is interconnected with the Southwest Power Pool area, supplied the commission with data about the summer outlook.

The council said its systems have an estimated reserve margin of net dependable capacity resources over noncoincident peak demand of 6,250 megawatts, or 24 per cent of the estimated 1975 summer peak loan of 25,992 megawatts.

Also it said an additional 225 megatts of new steam capacity and 400 megawatts of combustible turbine capacity are scheduled for service between June 1 and Aug. 31.

The FPC said it was learned that the Texas council utilities have lowered their 1975 estimated summer peak loads by 1 to 2 per cent from their projections of a year ago.

"This is due in part to voluntary energy conservation, reduced customer usage due to higher costs and general economic conditions in the area," the FPC said.

It added that in the Texas area about 88 per cent of the energy generation will be fueled by natural gas, 3 per cent will be fueled by oil, 8 per cent by coal and 1 per cent will have hydroelectric energy as a source. There are no nuclear generating stations in the area, the report said.

"Major utilities may not have as much natural gas curtailment this summer as they did in 1974," the FPC said. "It was learned during recent visits to the utilities that they are making spot purchases of natural gas from intrastate supplies and that industrial users of natural gas have cut their requirements because of the economy — thus increasing the supply of natural gas available to utilities this summer.

"Supplies of fuel oil for generation appear adequate at this time."

Last Of Rebates In Mail Today

WASHINGTON (AP) — The last of the federal government's tax rebates were in the mail today, but the effect of the rebates on the economy may not be known for some time.

The Treasury Department said 63,221,161 tax rebates with a total value of $7,896,737,163 were sent to taxpayers.

Some straggler rebates — where there is doubt as to the amount to be returned or who is to receive it — may still be mailed in weeks ahead, but the last of the routine rebates have been mailed, a treasury spokesman said.

The treasury said it is ready to mail out about 34 million Social Security and railroad retirement bonus checks of $50 each as soon as the special appropriation has cleared Congress and is approved by the President.

The tax rebates were voted by Congress and approved by the President as part of a program to stimulate the economy by putting extra purchasing power in the hands of consumers.

The hope was that consumers would use the money to buy autos, appliances and other so-called big-ticket items and help push the nation's economy out of a deep recession.

Early results of the rebates in the first weeks after the government started mailing them were inconclusive.

For example, the Commerce Department reported Thursday that retail sales were down nearly 1 per cent in the week ended June 7, the second weekly decline in a row. But prior to the two weeks ending June 7, retail sales were showing gains.

Some economists predicted that many taxpayers would use their rebates to pay off past debts or put them in savings accounts, which would result in less benefit to the economy.

Another part of the government's tax program to get the economy moving appeared to be having an impact. The Commerce Department said sales of single-family homes increased 25 per cent in April, the biggest monthly jump in 12 years.

Rosson On Commission

Renal B. Rosson, who served 16 years in the Texas Legislature, has been apointed to the Texas Health Facilities Commission.

Rosson, a Snyder attorney, served as legislative analyst for Gov. Dolph Briscoe the past session of the legislature after retiring last year as State Representative.

Briscoe announced Rosson's appointment to the new commission Thursday. He will serve a term which will expire on Feb. 1, 1970. The Health Facilities Commission will administer the Texas Certificate of Need Program in the state, which regulates new construction and modification of state health care facilities.

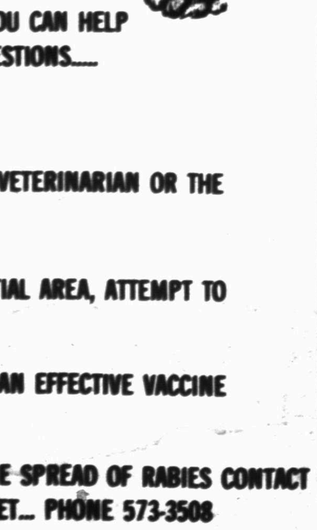

Others appointed by Briscoe to serve on the commission are Melvin Rowland of Uvalde and Bolin Mahaffey of Corpus Christi.

GIRL OF THE WEEK—Wendy Lunsford has been selected "Girl of the Week" at Scurry County Summer Recreation. The instructors commented that Wendy is a very enthusiastic member and has learned quickly in the gymnastics class. She is the daughter of Mr. and Mrs. David Lunsford.

New Records In County Library

New records have been added to the collection at Scurry County Library. Included in this group are several albums pertaining to the Bicentennial. If you are planning a program along this line or just interested in American History, you may find the following records helpful:

Fifes & Drums: The band of music performing on authentic instruments. In this album is a tune "The world turned upside down" which is linked by tradition to the battle of Yorktown where it was supposedly played by the British musicians as they marched out to surrender.

Spirit of '76: The traditional marching tunes portions of this record utilizes popular tunes for fifes and drums from the period of the Revolution through the Civil War.

Candlelight Concert at the Governor's Palace: The program for this concert recording is drawn from works of composers known to have been performed at Williamsburg in the eighteenth century.

Evening of Music at Carter's Grove Plantation: This record presents an evening of music as it might have occurred 200 years ago.

Wren Chapel Organ: You'll hear organ music of a type that would have been familiar to men like Washington, Jefferson, and the many patriots who played a part in the formation of this country.

Music Teacher: Traveling music masters visited plantations for days or weeks instructing families in musical arts.

Songs from a Colonial Tavern: The colonists, of necessity, self-reliant people, made their own music and as you would expect from a century so wild, gay and rich in adventure, there were tunes with words that even today can bring a blush to the cheek.

O Come Sweet Music: Part songs of the Colonial period, Catches, Glees, Madrigals and Rounds by the Williamsburg singers.

Homemade Bread Is Fun, Easy To Make

By Aileen Claire
NEA Food Editor

Just the aroma of homemade yeast bread baking in the kitchen makes the mouth water. More and more men and women enjoy baking bread and pull-apart loaves are perfect for family meals or outdoor barbecues. This is a recipe men will enjoy since many say they find working with bread dough a relaxing way to spend some weekend time.

PULL-APART LOAVES
5½ to 6½ cups unsifted flour
3 tablespoons sugar
2 tablespoons salt
1 package active dry yeast
1½ cups water
½ cup milk
3 tablespoons margarine melted margarine

In large bowl thoroughly mix 2 cups flour, sugar, salt, and undissolved active dry yeast. Combine water, milk and 3 tablespoons margarine in a saucepan. Heat over low heat until liquids are very warm (120-130 degrees). Margarine does not need to melt. Gradually add to dry ingredients and beat 2 minutes at medium speed of electric mixer, scraping bowl occasionally. Stir in enough additional flour to make a stiff dough. Turn out onto lightly floured board. Knead until smooth and elastic, about 8 to 10 minutes. Place in greased bowl, turning to grease top. Let rise in warm place free from draft, until doubled in bulk, about 1 hour.

Punch dough down; divide in half. Cover. Let rest on board 15 minutes. Roll one half to a 12 x 8-inch rectangle. Brush with melted margarine. Cut into 4 equal strips, 8 inches long. Stack strips. Cut into 4 equal peices, 2 inches wide. Place on edge in greased 8½ x 4½ x 2½-inch loaf pan so that layers form one long row down length of pan. Repeat with remaining dough. Cover; let rise in warm place, free from draft, until doubled in bulk, about 1 hour. Bake at 400 degrees about 20 minutes or until done. Remove from pans and cool on wire racks. Serve warm or cold. Makes 2 loaves.

YEAST BREAD—Handsome and tasty yeast pull-apart loaves are easier to make than it seems. After letting rise, punching down and kneading, cut into equal strips (top), fold and place in greased loaf pan.

Dear Abby

Hubby's Dirty Jokes Turn Guests Off

By Abigail Van Buren
© 1975 by Chicago Tribune-N.Y. News Synd., Inc.

DEAR ABBY: My husband was recently the master of ceremonies at a banquet that about 300 people attended. Many of the town's leading citizens were there.

Well, my husband stood up there and told one dirty joke after another. (He never told me those jokes at home.) Some in the audience laughed, but I noticed the looks on the faces of some of the others, and they seemed shocked and somewhat disgusted. I was embarrassed, to say the least, and could hardly hold up my head.

Afterward, when I went to the powder room, none of the women there even spoke to me.

Abby, why would an educated man like my husband get up before a group of men and women, and tell filthy jokes?

I can't have you sending your reply to the house since my husband gets the mail first and I don't want him to know I wrote to you.

ASHAMED

DEAR ASHAMED: Your husband probably thought he was being entertaining. It was simply a case of bad judgment. Let him know that you were disappointed in him. He may learn from it.

DEAR ABBY: My problem is my mother. She is usually a very sweet and considerate person, but when we take her to the movies, she hoots and howls and talks out loud. This is not only annoying to the other people in the theater, it is also very embarrassing for my husband and children.

We really love Mums and wouldn't hurt her feelings for the world, but taking her to a movie is a hassle.

Please give us any suggestions you might have since Mums is coming again soon and she loves to go to the movies.

HER DAUGHTER

DEAR DAUGHTER: Hooting and howling during the funny parts would normally distract no one, but if Mums is the only one who thinks a sequence is funny, her problem may be bigger than yours.

Talking out loud is unfair to others, so gently shush her when she gets carried away.

Or take her to drive-in movies. Only those in your car will be annoyed, which would eliminate the embarrassment.

DEAR ABBY: My mother has been dead for several years, but a friend of hers (now quite elderly) asked me if she could use my home to entertain 16 ladies at a birthday luncheon. She explained that her small apartment wasn't adequate.

I agreed gladly, but I did absolutely nothing for the party. The woman who gave the party provided the food and flowers, and even hired the help.

I later learned that one woman declined the invitation because she felt that since the party was being given at my home, the invitation should have come from ME!

This has bothered me. Should I have sent out the invitations?

A FRIEND

DEAR FRIEND: No. You were not the hostess. You only agreed to have the party in your home.

Everyone has a problem. What's yours? For a personal reply, write to ABBY: Box No. 69700, L.A., Calif. 90069. Enclose stamped, self-addressed envelope, please.

For Abby's booklet, "How to Have a Lovely Wedding," send $1 to Abigail Van Buren, 132 Lasky Dr., Beverly Hills, Calif. 90212. Please enclose a long, self-addressed, stamped (20¢) envelope.

TAFFY CREAM CAKE

We've revived a delicious sponge cake.

1¼ cups sifted cake flour
1 teaspoon baking power
⅛ teaspoon baking soda
¼ teaspoon salt
4 large eggs, separated
1 teaspoon vanilla
½ cup molasses
½ cup sugar

On paper sift together the flour, baking powder, baking soda and salt. In a small mixing bowl beat egg yolks until thick and pale color; beat in vanilla, then gradually the molasses. In a medium mixing bowl with a clean beater, beat the egg whites until stiff; gradually beat in the sugar; fold in molasses mixture, then gradually the flour mixture. Turn into two ungreased loose-bottom round (8 by 1½ inches) layer cake pans; be sure to use pans of this size and divide batter evenly to prevent mishap during the baking. Bake in a preheated 325-degree oven until a cake tester inserted in center comes out clean — about 20 minutes. Cool on wire racks; remove from pans. Cut each layer in half horizontally; fill and frost with a pint of heavy cream that has been whipped, sweetened with 2 tablespoons sugar and flavored with 1 teaspoon vanilla; chill, just before serving, sprinkle top of cake with coarsely crushed coffee crunch candy. Makes 8 to 12 servings.

Wolf Song Doesn't Soothe

A LEGEND OF WOLF SONG. By George Stone. Grosset & Dunlap. 223 Pages. $7.95.

First it was talking seagulls. Then, philosophical bunnies. Now, it's singing wolves.

It's not singing really. It's howling. But if the wolves in this largely inane novel want to think of it as singing that's their prerogative. The reader who doesn't especially cotton to anthropomorphic stories — unless, like Richard Adams's "Watership Down," they are beautifully brought off — doesn't much care one way or the other.

It seems that at one time, long ago, all wolves sang. But then there appeared in their midst a particularly grouchy wolf named Rufus who couldn't sing. Since he couldn't sing, he didn't want any other wolf to sing and since he was big, bad and mean, what Rufus wanted, Rufus got. Over the years, Rufus, with a little help from his friends, not only got the wolves to stop singing but also got them to look on this ability as shameful and degenerate.

Enter the protagonist of this novel, appropriately named Wolf. Wolf likes to sing and his insistence on doing so gets him tossed out of his pack. But, spurred by the visions he has of Dirus, the Great Dire Wolf, Wolf is determined to bring singing back to his fellows. Since the older wolves are prejudiced against singing, Wolf has to go out and find a sympathetic mate, raise lots of little wolves and teach them how to sing. This accomplished, the children are sent out into the wolf world to spread the word, or in this case, the song. They succeed.

And before Wolf dies — in a completely unnecessary battle with a giant bear — he is able to hear the wolves singing again as they did long before.

London Heads Opera Society

George London, 55, Canadian bass-baritone, has been named general director of the Opera Society of Washington. He succeeds Ian Strafogel who will develop varied operatic projects in Europe and America.

After appearing in musical comedy and touring in concerts, London made his debut at the Vienna Opera in 1949 and at the Metropolitan Opera in 1951. From 1988 to '71 he was artistic administrator of the John F. Kennedy Center for the Performing Arts here. In 1971 he did his first operatic stage directing at the American Opera Center of the Juilliard School in New York, with "The Magic Flute." He has since directed for other American opera companies.

The Weeders Guide

By EARL ARONSON
AP Newsfeatures

How much of a bargain is a packet of vegetable seeds? One of the biggest, says Purdue horticulturist John A. Wott. On what basis?

A two-ounce carton of Tendergreen beans could produce 120 plants. At six inches apart, you'd have 60 feet of bean row, with each plant producing at least a handful of beans.

You'll get about 450 radish plants, or about 40 bunches of radishes, from a package of seed, says Wott.

One popular tomato variety has about 200 seeds per package and if only 75 per cent of the seeds germinate you'll still get 225 plants. With proper food and attention each plant could produce eight to 10 pounds of tomatoes.

Some packets of lettuce and carrots have more than 1,000 seeds. One plant per four inches would give you 200 feet of lettuce or carrot row, or lots of the vegetables.

There are about 140 seeds in a packet of Straight Eight cucumber seeds that would provide bushels from plants set 12 inches apart.

Now take early yellow onion. From 500 mature plants, set four inches apart, you'd have 100 or more feet of onions in your garden.

You could expect bountiful harvests also from summer and winter squash — winter is better because they keep long in a cool dry place — beets, parsley, endive and pepper for little money.

But a word of caution: don't plant more than you need or can tend.

National Flower

Did you vote your choice for a national flower? The voting isn't over yet but the rose (especially the red one) is leading. If you didn't favor the rose, you had company. There were 142 selections.

The choices covered flowers, trees, house plants and vegetables, zinnia back to apple blossom.

The leaders included the marigold, the daisy, dogwood, carnation, the violet, lilac, lily of the valley and geranium.

"My vote is for the apple blossom because it is as American as apple pie," said one voter.

One voted for the dogwood because of the legend that its wood was used to make the cross of Christ. Another for the carnation because it was associated with motherhood.

You can still vote. Write to Bill Meachem at P.O. Box 3788, Grand Central Station, New York, N.Y. 10017.

New Garden Book

Tuck these predictions away and some day check how well Derek Fell's views on vegetables of the future fared. Fell's predictions, including a sweet corn with no cob, bush watermelons and bush cucumbers, mushrooms that grow in a dish of sawdust, are contained in a new book on vegetable gardening titled, "How To Plant a Vegetable Garden" (Countryside Books, Barrington, Ill.).

Fell is the widely traveled executive director of All-America Selections, the national seed trials. He visualizes new kinds of vegetables that will make home gardening easier and more productive. He claims that in five to 10 years America will have a new watermelon that takes up less space than a tomato plant, capable of yielding up to three fruit weighing 12 pounds each.

Instead of a center cob, sweet corn will have a narrow stem shaped like a candle, eaten like a candy stick.

A three-in-one vegetable Fell described — from mainland China — is a heat-resistant item that matures in 50-60 days from seed and can be eaten three ways: it has a crown of tender green leaves that may be cooked like spinach while its succulent central stem can be peeled and eaten raw like celery, or cooked like asparagus.

There are chapters on home gardening, fruits, nut trees and berry fruits.

Concert Starts Scholarship Fund

NEW ORLEANS (AP) — A concert in memory of the late bass-baritone, Norman Treigle, of this city, was presented by the New Orleans Philharmonic-Symphony in May. Proceeds go toward establishing a scholarship in the singer's honor at Loyola University in New Orleans, Treigle's alma mater.

Elvis Buys Jet

MEMPHIS, Tenn. (AP) — Elvis Presley's shopping tour for a big jet has apparently ended with the purchase of a 100-passenger Convair 880 that formerly belonged to Delta Air Lines.

Presley earlier had attempted to acquire a plushly furnished Boeing 707 which once belonged to fugitive financier Robert Vesco.

Presley had bid on the Vesco plane, but the singer ran into legal snags because of the ownership status of the aircraft was clouded.

Orville Hancock, aviation writer for the Memphis Press-Scimitar, said Presley's purchase of the Convair was such a closely guarded secret that only his relatives and a few people in local aviation circles knew about the deal.

Hancock said the plane is being remodeled at a secret location in Ft. Worth, Tex., and should be finished about Aug. 1.

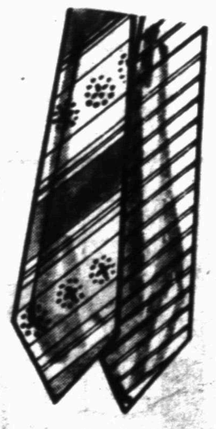

Ft. Worth is the home of General Dynamics, which produced the Convair 880s in the mid-1960s.

As outfitted for the airlines, Convair 880s seat about 100 passengers and can fly at more than 650 miles an hour.

All-Star Balloting Underway

NEW YORK (AP) — Johnny Bench is among four Cincinnati Reds dominating the early balloting for the National League All-Star team, released Friday by Baseball Commissioner Bowie Kuhn's office.

Bench, who has been on the NL team the last seven years and started the last six, has a huge lead for the catching spot — 327,894 votes to 60,713 for runner-up Manny Sanguillen of Pittsburgh.

The other Reds topping early returns are Joe Morgan at second base, Dave Concepcion at shortstop and Pete Rose in the outfield.

Morgan has drawn 249,174 votes thus far, nearly five times as many as Pittsburgh's Rennie Stennett, presently second in the tally with 56,778.

Concepcion, seeking his first starting role, has attracted 182,836 votes, followed by Larry Bowa of Philadelphia with 136,121. Rose has 215,612 in the outfielder's race, followed close behind by the Mets' Rusty Staub with 151,322 and Del Unser with 147,563. Neither Staub nor Unser have started previously, though Staub was a reserve five consecutive times (1967-71) and played in three games.

Base-stealing ace Lou Brock of St. Louis is also an outfield contender with 108,086 votes, as is Los Angeles' Jimmy Wynn with 98,347.

Two Los Angeles Dodgers have an early advantage in the infield. The Dodgers leaders are first baseman Steve Garvey, a write-in selection in 1974 who ended up most valuable player in the midseason classic, with 191,197 ballots and third baseman Ron Cey with 208,815.

New York's Mike Phillips has drawn the most votes of any write-in candidate this year, polling 28,489 to place him No. 5 among shortstops.

Current American League leaders include second baseman Ron Carew of Minnesota and outfielder-designated hitter Hank Aaron of Milwaukee, both of whom have been chosen as starters every year since fan balloting began in 1970. Other AL leaders, announced last Monday, are Yankee catcher Thurman Munson, first baseman George Scott of Milwaukee, third baseman Aurelio Rodriguez of Detroit, shortstop Bert Campaneris of Oakland and A's outfielders Reggie Jackson and Joe Rudi.

Pitchers and the remainder of the squad will be chosen by the All-Star coaches.

30-1 Longshot

LOS ALAMATOS, Calif. (AP) — Man O'Glow, a 30-1 longshot, captured the ninth race on the Los Alamitos quarter horse card Thursday night, paying $67 for a $2 ticket and setting up a big Exacta.

With Man O'Glow first and favored Brudedale second, $5 Exacta players were paid $1,002.

Aaron Smashes 739th Home Run

By HERSCHEL NISSENSON
AP Sports Writer

Hank Aaron finally came home to Milwaukee Thursday night ... with a home run.

It was Aaron's sixth of the season and 739th of his career, but his first regular-season homer in Milwaukee since Sept. 20, 1965. "I knew eventually it would come," said Aaron, who spent the first 12 years of his career in Milwaukee with the Braves and walloped 398 homers, 185 of them in County Stadium. But since the Braves moved to Atlanta in 1966, Aaron's only Milwaukee homer came in an exhibition game two years ago.

Aaron's solo blast off Vida Blue helped his new team, the Milwaukee Brewers, defeat the Oakland A's 9-7. Elsewhere in the American League, the Chicago White Sox trounced the Boston Red Sox 9-2, the Kansas City Royals edged the Cleveland Indians 2-1 in 10 innings, the Baltimore Orioles whipped the Texas Rangers 7-1 and the California Angels trimmed Detroit 7-1 after the Tigers got the final three outs in the suspended second game of Wednesday's twi-night doubleheader to nail down a 5-3 triumph. The Minnesota Twins and the Yankees were rained out in New York.

Besides his homer, the 41-year-old Aaron singled and scored in a three-run first inning and doubled home a run in the second. George Scott also homered for the Brewers while Gene Tenace and Billy Williams connected for Oakland. It was the 400th of Williams' career.

White Sox 9, Red Sox 2

Home runs by Deron Johnson and Bob Coluccio helped Jim Kaat to his ninth victory, although the Red Sox reached him for 11 hits. By losing for the fourth time in the last five games, Boston's lead over the idle Yankees in the East Division was chopped to one-half game.

Royals 2, Indians 1

Jim Wohlford raced home from third base with the winning run on a passed ball by Cleveland catcher John Ellis in the 10th inning, giving Steve Busby the victory over Eric Raich, his former teammate on a College World Series winner at the University of Southern California.

Harmon Killebrew tied the score in the Kansas City seventh with his ninth homer and 569th of his career.

Orioles 7, Rangers 1

Jim Palmer notched his 10th victory with a seven-hitter and Mark Belanger knocked in three runs. Palmer's victory gave him a 10-3 record, best in the American League. He ran his scoreless streak to 20 innings — his last outing was a one-hitter against Kansas City — until the Rangers scored in the eighth on singles by Cesar Tovar and Mike Hargrove around a walk.

Angels 3-7, Tigers 5-1

Joe Lahoud drove in four runs with a pair of homers, including a three-run shot in a six-run third inning, as California beat Detroit.

Texas Rips Gamecocks

By DAN EVEN
AP Sports Writer

OMAHA, Neb. (AP) — There'll be no third-or fourth-place finish for Texas this time around in the College World Series.

The Longhorns have finished in those disappointing positions five of the last six years.

"We came here with the idea of winning the national championship and our job is not over," said Texas Coach Cliff Gustafson after his team crushed South Carolina 17-6 with an 18-hit attack Thursday night.

"We hope to complete our mission Saturday night."

South Carolina's initial defeat in the tournament left three teams once-beaten. The Gamecocks battle Arizona State tonight to decide Texas' title game opponent.

Arizona State, 61-12, used a masterful four-hitter by John Poloni and Bob Pate's 11th-inning run-scoring single to eliminate Oklahoma 1-0 in the night's other game.

Texas, making its seventh series bid in eight years, received a bye into the finals in a drawing among the three survivors after its battering of South Carolina.

Texas, 55-6, captured series titles in 1949 and 1950, but since it's been frustration — 14 series trips with a title game chance only in 1953.

Buffs, Rebels Win Junior Teen Tilts

The Buffs shut out the Braves, 6-0, and the Rebels outscored the Dodgers, 14-8, in Junior Teenage League action here Thursday night.

The Buffs' Richard Crayton fired a sparkling 2-hitter, giving up only one single each to Sid Everton and to Ronnie Wooldridge.

The Braves' Sid Everton and Kenneth Tate combined forces for a 4-hitter. Clay Peterson collected three of the Buffs' four hits, smashing a double and two singles. The other safety was a double by Ronny Glass.

The Rebs scored eight runs in the 1st frame and coasted to victory behind the 4-hit pitching of Tony and Bobby DeGrate. Meanwhile, the Rebels collected seven hits. Alvin Ollison and Fred Kesner each stroked a double and a single while Danny Ronquille, Hector Barbosa, and Tony DeGrate each hit a single. For the Dodgers, Jay Hammond doubled, John Hopkins hit two singles, and Joe Stewart hit one single.

Maroons, Giants Win

The Giants outscored the Astros, 28-20 and the Maroons bested the Greens, 10-9, in Miss Softball America action here last night.

the Giants collected 24 hits. Pam Gray socked a home run and four singles, Robin Kinney stroked a double and a single, Debra Combest hit four singles, Elizabeth Word hit three singles, Vickie Glainscock and Linda Garcia each hit two singles, and Becky Pylant, Shauna Jackson, Jana Heffernan, Jacqueline Pylant, Jana Combest and Lisa Waller each hit one single.

The Astros rapped nine safeties. Vickie Gill smashed a triple and a single, Kayla Weems hit a double and a single, Jerri Murphy hit four singles, and Terry Neely and Terri Murphy each hit one single.

The Maroons scored seven runs in the bottom of the 6th and retired the Green batters in 1-2-3 order in the top of the 7th to hand the Greens their first loss of the year. However, the Greens outhit them, 8-6.

For the Greens, Becky Costello socked a triple, Martha McAnelly stroked two singles, and Shari Cotton, Anne Beurlein, Connie Weber, Susan Light and Cheryl Ruminer each hit one single.

For the Maroons, JoAnn Alarcon socked a triple and a double while Tammy Ashworth, Tonja Banks, Tracy Banks and Suzanne Fisher each hit a single.

Flames Play Here Tonight

The Snyder Flames will be hosts in a doubleheader softball program tonight in Winston Park.

The first game, pitting the Flames against Rotan, will begin at 7:30 p.m. It will be followed by the second game with the Flames meeting Sweetwater Robert Frazier.

Cards, Braves Tie, 10-10

The Cardinals and Braves fought to a 10-10 tie, and the Giants topped the Cubs, 16-3, in Little League action here last night.

The Cardinal-Brave tilt was halted under the time limit rule with the score tied while the Giant-Cub affray was decided by the 10-run rule.

The Cardinals collected 10 hits. Steve Tate and Peter Valasquez each hit two singles while David Gee, James Ford, Billy Bounds, Bryan Limmer, Paul Ellis and Steve Gressett each hit one single.

The Braves got five hits, led by Mark Bartlett, who socked a double and two singles. Sammy Willis and Roger Powell each contributed a single.

The Giants' Mike Roesnisch twirled a one-hitter, giving up only a single to Trey Harlin.

The Giants collected eight hits. John Davis socked a home run, a double and a single. John Bloom hit a double and two singles. Mike Roesnisch and Neal Evans each hit one single.

Cards, Giants Win FL Tilts

The Cardinals tripped the Braves, 16-11, and the Giants flailed the Cubs, 16-2, in Farm League action here Thursday night.

The Cards got 13 of their runs in the 4th frame to grab the victory.

Chargers Trade Off Berry

SAN DIEGO (AP) — The San Diego Chargers sent Reggie Berry to the Denver Broncos Thursday for Maurice Tyler in a straight National Football League player deal involving defensive backs, the Chargers announced.

Both men are three-year veterans of the National Football League. Berry came to San Diego from Long Beach State. Tyler is from Morgan State.

Greenwood Girl Inks Duster Pact

Becki Cranford, 5-4 playmaker for Greenwood's outstanding high school basketball team, is the latest high school star to sign with the Western Texas College Dusters.

Miss Cranford scored 737 points in her senior year, hitting an even 50 per cent of field goal attempts and 69 per cent of her free throws. She averaged 22 points per game.

High school honors included being named Most Athletic in her sophomore, junior and senior years. She was named to the All-Tournament Teams at Slaton, Greenwood and Lakeview and was named Most Valuable Player at Lakeview in the past srason. She made several All-Tournament teams in both her sophomore and junior seasons also. She was free throw champion at this year's Slaton tournament.

The daughter of Mr. and Mrs. T.E. Cranford of Greenwood, she was valedictorian of her graduating class.

"Becki is perhaps the quickest player we have yet recruited," commented Dr. Sid Simpson, WTC Duster coach. "Her greatest asset lies in her ability to penetrate the defense and pass off to her teammates. She averaged over 15 assists per game last year in addition to scoring well. She should be a leading candidate for the playmaking guard position.

BECKI CRANFORD

Becki plays with both enthusiasm and intelligence."

The signing of Miss Cranford complements what appears to be an outstanding recruiting year for the Dusters who have signed nine of the area's top women basketball stars.

"If we can find one more tall forward and a reliable back-up post player, we will have an excellent chance for Regional honors next year," predicted Simpson.

Snyder Well, Lee '66' Win In Men's Softball

Snyder Well tightened the league race for second place in Men's Softball action Thursday night by downing Kruse, 7-3. In the late game, Lee 66 clinched the first half championship by beating First Baptist, 7-0.

Snyder Well Service's seven runs came on four hits. Nine batters got on base through walks. The first two runs scored were unearned. A single, two errors, and a walk scored the next three. The last two runs were also unearned. Taylor hit a double and a single while York had two singles to account for all four hits by Snyder Well. There were four errors committed.

Kruse's runs came in the fifth inning. Four errors and one single accounted for all three runs. Sterling, Key and Kruse singled for Kruse. There were two errors made.

For Snyder Well, Bill Terry was the winning pitcher. Kruse's Sterling took his third loss in eight starts.

Lee 66 assured itself of the first half championship by pounding out eight hits and scoring seven runs. Stokes had three runs on two hits while Almond scored two runs on one hit. Grimmett and Powell made the other two runs on one hit each. Wall had two hits and Thompson accounted for the remaining ones.

The Baptists could penetrate Lee 66 pitching for only three hits. No runner ever got past second base. Lewis Loyd had a double and a single. Bob Doolittle beat out an infield single for the third hit. The Baptists played a lot better ball than the score reflects. They held the league leaders to only two runs until the sixth inning.

Arvil Underwood suffered the loss while Dub Myers took the win.

Penn State will open its 1975 football season at home against Stanford.

Snyderites Attend Swim Pool Operators Course

Interested Snyder residents completed instruction in swimming pool operation, Tuesday, at a "Swimming Pool Operators Short School," held in Sweetwater. Included in the day-long course was material on bacteriology, water disinfection, chemical-tests, filters and recirculation equipment and swimming pool safety. Completing the training session were, Priscilla and Paul Hammerdahl, Pal-O-Mar Motel; Helen Feinsod, Purple Sage Motel; Catherine Williams, Travelodge; and Louie Vaughn, Scurry County Health Dept.

Swimming pool water should be as sanitary as drinking water, stated Stanley W. Thompson, of the Public Health Region 4, Abilene, Texas. Otherwise many diseases can be transmitted such as dysentery, typhoid fever, and skin infections.

According to State Law 44-77-1, a public swimming pool is any swimming pool intended to be used collectively..regardless of whether a fee is charged for its use. Texas State Law required that such a pool be maintained in sanitary condition with a chlorine residual of at least .2 parts per million at all times, and that water should never be permitted to show an acid reaction. It is acid water, and not too much chlorine, that causes burning or reddening of eyes during swimming.

This was the first time in five years that the course had been offered in this area. More than fifty of the persons attending indicated they had never attended the school in the past. Ardis Gaither, Sweetwater-Nolan County Health Department, was host for the session.

Persons desiring to make sure their swimming pools are in sanitary condition may contact either the Scurry County Health Dept. or the Public Health Region 4 in Abilene. Bottles are available to take samples of the pool water, as well as guidance in maintaining proper chlorine residual.

All-Stars Win, 3-0

The Snyder All-Stars blanked Abilene Christian College, 3-0, here last night in a men's baseball game in Northeast Park.

It was a tight pitcher's duel for 11 innings. All-Star Terry Holt cracked a three-run home run in the bottom of the 11th. Wesley Bishop, who singled, and Ralph Lewis, who drew a walk, scored ahead of Holt.

The All-Stars collected six hits while Ronnie Lewis limited ACC to four hits. Lewis went the distance. Bishop got two hits for the All-Stars.

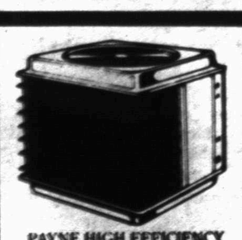

The Snyder team meets Abilene Cooper there at 3:30 p.m. Saturday, then takes on Hardin-Simmons University there at 6:30 p.m. Saturday. Robert Alderete will pitch the first game and Perry Turnbow will twirl the second one.

Baptists Do Not Refute Movement

MIAMI BEACH, Fla. (AP) — The 118th annual Southern Baptist Convention has ended with members of the nation's largest Protestant denomination refusing to condemn the neo-pentecostal movement among Baptists.

The 13,000 "messengers," representing more than 34,000 churches and 12.5 million members, were asked Thursday by the Rev. Tommy French of Baton Rouge, La., to refute "certain practices and teachings of neo-pentecostalism."

The movement, sometimes referred to as charismatic, stresses the part of the New Testament which describes the Holy Spirit's visit to Christ's disciples during which "they spoke in other tongues."

Movement believers have accepted such experiences as a sign of salvation.

The Rev. Mr. French's request was turned down in favor of a reaffirmation of the Holy Spirit as outlined in the Baptist faith.

Messengers also approved resolutions:

—Reaffirming the Baptist stand against alcoholism and its advertising.

—Opposing the introduction into some public schools of a federally-developed social studies course which they said presents uncritical accounts of such lifestyles as living together without marriages.

—Protesting efforts to limit the broadcasting of religious programs.

In Snyder Area Churches

Green Hill Bapt.

Vacation Bible School concluded today. Tonight will be "Family Night" at Green Hill. All parents of children who attended VBS are invited to the church at 7:30 p.m. The children will receive their certificates, there will be slides shown and refreshments will be served. Parents will also be able to visit their children's classrooms to see their VBS work.

A church-wide fellowship is set for Friday night, June 20, in Towle Memorial Park. It will begin at 6 p.m. and all church members and their families are being urged to attend.

A special program is set for the church training hour Sunday night. Detective Mike Elkins of the Snyder Police Dept. will show a film and speak on drugs. All parents and grandparents are invited to attend.

Family night for church members is set for Wednesday night. The WMU will not meet. Each family is invited to bring a covered dish of food to the fellowship hall at 7 p.m. for supper and fellowship.

Sunday School will begin at 9:45 a.m. Sunday, followed by morning worship at 11. Church training will begin at 6:30 p.m. and evening worship at 7:30. Classes are provided for all ages and nursery facilities are available.

Transportation will be provided those needing it if they call 573-8321, 573-3345 or 573-3672. Green Hill Baptist Church is located at 208 Clairemont Rd., one block north of the U.S. 84 underpass. The Rev. Roy Taylor is pastor.

Morningside Bapt.

Work is progressing in the west wing of the new building. Several of the men will be working again tonight getting the ceiling ready for the covering. Others, both men and women, are giving money to pay for finishing the kitchen cabinets.

Saturday will be a time of preparation for the Father's Day meeting. All children are being urged to make preparation so that they can have their fathers with them in church Sunday.

Sunday services begin with Sunday School at 10 a.m. with a class for every age group and a nursery for the little ones. A special class is being taught by the pastor for new church members and others who want to know more about the doctrines of the Bible.

Sunday evening services start at 6 p.m. with Training Service. The pastor, Vernon D. Parnell, will be preaching in both morning and evening services.

For spiritual help or counseling call 573-2738.

Calvary Bapt.

Sunday will be the last day of the 'Dump Mr. Slump' campaign and each member is urged to make every effort to attend. Sunday School begins at 9:45 a.m. with a class for each age group. Rev. Glenn Border, pastor of the church will bring both messages of the day.

Morning worship begins at 10:50 and evening worship is at 7. The choir will practice at 5:30 p.m. Sunday. A film, "Discipline in the Home," will be shown at the 6:15 p.m. training service. Keith Hunter is in charge of the music. Visitors are welcome at each service and a nursery is provided.

A Voice From Calvary, the weekly radio broadcast, will be heard over KSNY at 9:02 a.m. Saturday. Rev. Border will be the speaker. The visitation for the bus ministry is set for 2 p.m. Saturday. Men will meet at 7 p.m. Saturday for prayer.

Teachers and workers will meet at 7 p.m. Wednesday. Mid-week prayer service follows at 7:30 p.m.

Church-wide visitation is set for 7 p.m. Thursday.

The bus will leave at 5:30 p.m. today for those going to see the film in Odessa. Anyone needing transportation to the services should call 573-2191.

East Side C of C

Sam Kitching will be the speaker on the Saturday morning radio program on KSNY, at 8:15 a.m. "Love of Living." He will also speak on the Sunday morning radio program on KSNY at 8:15, "Give Me the Bible." His subject will be "Seeking the Kingdom of God." At the 10:25 a.m. worship service his sermon topic will be "The Fidelity of God." At the 6 p.m. worship service his sermon subject will be "Lord, I'll Try."

Bible classes for all ages are held each Sunday morning at 9:30. There is a supervised nursery and a class for all children up through age 3 during each worship service at East Side.

For a free bus ride to services, please call 573-7204, or 573-5666.

Tuesday morning at 9:30 the Baptist Women will have Bible study at the church. The nursery will be open.

There will be a Vacation Bible School at Mt. Olive Baptist Church next week. This is for children ages 4-12 years old. Monday and Thursday morning, they will have puppet shows. Each day they will have Bible stories, games and snow cones.

The 7th and 8th grade department has a scheduled time for mothers to have a "Day Out." They will be babysitting for anyone who would like to bring their children on Thursdays from 9 till 5. If you want them to keep them at the lunch hour, you are to bring them a sack lunch. The boys are doing odd jobs for the senior citizens. They will also be working on Thursdays.

Heroin Seized

FORT WORTH, Tex. (AP) — Heroin with an estimated street value of $10,000 was seized by Fort Worth police late Wednesday evening along with four suspects in a drug raid at an apartment complex.

A fifth suspect escaped in a car and narrowly missed hitting two of the officers. Police said he is still at large.

GIFT PRESENTED—The Rev. Miller F. Robinson, right, presents a gift from members of Colonial Hill Baptist church to Mr. and Mrs. Glen Thompson. The Thompsons have moved to Mill Valley, Calif., where they are enrolled in Golden Gate Baptist Theological Seminary. They will begin service as Southern Baptist Missionaries in the Philippines next January.

Couple To Serve As Missionaries

Mr. and Mrs. Glen Thompson have moved to Mill Valley, Calif., where they are enrolled in Golden Gate Baptist Theological Seminary prior to beginning work as Southern Baptist Missionaries to the Philippines.

A commissioning service for the Thompsons was held at Colonial Hill Baptist Church, where he was a deacon and she was serving as church organist. He also taught a Sunday School class and she served as president of the Women's Missionary Union at Colonial Hill.

Thompson served as band director at Travis Junior High School and Mrs. Thompson was a private music teacher.

A gift was presented Mr. and Mrs. Thompson by the Rev. Miller Robinson, pastor, on behalf of the members of Colonial Hill during a rception in their honor following trhe commissioning service at the church.

The Thompsons are scheduled to complete their study at the seminary in California next December. Their assignment by the Foreign Mission Board of the Southern Baptist Convention will include teaching music in a Baptist School in the Phillipines.

Man's search for peace of mind

By David Poling

"The apathy of urban man is one of disillusionment with the promises of yesterday's messiahs"

Dr. Jimmy Allen

This year the Southern Baptist Convention heard one of the great preachers of our day: Dr. Jimmy Allen of San Antonio, Tex. A special committee annually selects the preacher to the convention and we understand that it is the first time a pastor with such a powerful social ministry has been chosen for this honor. Allen's mulitple ministry in downtown San Antonio is a clear signal of what it means to care and serve the broken period of modern man.

In his message, Dr. Allen states: "The smug smile of secular man who thought he had 'come of age' and did not need God has been replaced by a worried frown. Spiritual hunger has broken out in unlikely places. Technological man is attending seances, looking for an exit to the East in mystical and meditation religions, reading his horoscope. He is an urban orphan looking for a father and a family. He is a systems' man whose systems are not working. Stagflation is sapping his economic strength. Skepticism has sapped his spiritual strength. Chemicals of drugs and sensations of sex have failed to satisfy. He is searching. Around the world this hunger is found."

This slow spiritual starvation has forced many to seek religious provisions from the far-out groups that leech on the edges of the Christian Church. At the cannibal level is Rev. Moon and his Unification Church and the Children of God, Inc. Moon trades on the vague religious training of thousands of young people, taking their early notions about the Bible and Jesus Christ and distorting it into an amazing heresy.

Were it not for the Baptist and Pentecostal groups in North America, the Moon religion would be twisting many more lives than it has—and that is already in the thousands. The Children of God, Inc. is a gathering of end of the world's crazies who have given their allegiance to a sordid pair—now cooling their heels in Europe in order to avoid prison in this country. Young people continue to hand out dumb-bell leaflets, full of bibical quotes and also full of baloney. But as Paul Tillich warned, "No fraud like a religious fraud."

Are there guidelines to help Western man in his religious pursuit? Are there signals to observe and caution signs to employ? Here are some conclusions—or at least, clues, to follow when selecting a spot in one of the "new religions." For some new expressions may be worthwhile, liberating, and of real benefit to the believer and mankind.

1. Does the "new" religion leech off the Christian Church? Is it constantly and aggressively pestering those who already have a religious preference? This is the first danger signal.
2. Does it charge big money for its "services?" Many of these new sects hit the cash register right off, with a nice long list of fixed charges (which the promoter splits with the "national" office).
3. Is the ultimate mood, style, attitude of this "new" religion one of love or hate, of reconciliation or anger. This is important and vital—unless you want to be a hostile, angry and agressive person. If so, you shouldn't have to pay for that privilege. That comes naturally.

Dr. Lamb

He kicks coffee now can relax

By Lawrence E. Lamb, M.D.

DEAR DR. LAMB—I am writing you to tell you of my experience and maybe help others. I have been a coffee drinker and have taken aspirins every night for the last three or four years for arthritis. I'm 60 years old, and I hadn't felt good for a long time. I've been to my doctor, but he could never find anything wrong, so I thought I was just getting old.

I would go to bed at 9:30 or 10 o'clock and wake up about 2 o'clock, and my head would throb, and I'd have wild dreams. I couldn't go back to sleep or relax.

Then I read in your column that aspirin and coffee could be harmful and I quit both. Now I feel like a new man. I sleep well. My head does not throb, and I can relax. I know coffee and aspirin were poisoning me. There must be other people like me so maybe you could tell them my story.

DEAR READER—Caffeine in coffee, tea and cola drinks, and in cocoa is a stimulant to the nervous system. This is useful for some people, but in our over stresed society often it is not. Too much caffeine can lead to an anxiety-like response. This can lead to sleeplessness and a sense of ill-ease.

Often a person doesn't know that he is as tense as he is until the situation calms down. I am always reminded of the many younger men who have survived heart attacks and changed their living habits. Commonly they noted they felt so much better they were glad they had this experience early in life.

Aspirin does not have the same effect as caffeine on the nervous system, although it has its good points and bad points. Aspirin and caffeine are often the basic ingredients in some medicines to relieve headaches, fever and muscular aches. APCs are used for headaches and colds are really just aspirin, phenacetin and caffeine.

The combination of aspirin and caffeine then may be useful in some people as a temporary relief of minor medical problems, but continued use of significant amounts can lead to undesirable reactions in some people. Apparently you were one of these individuals.

There is great individual susceptibility to caffeine. For more information about this write to me in care of this newspaper, P.O. Box 1551, Radio City Station, New York, NY 10019, and ask for The Health Letter number 1-1 on Coffee, Tea, Colas, Cocoa. Send a long, stamped, self-addressed envelope and 50 cents for mailing and costs.

Since caffeine stimulates the formation of acid digestive juice in the stomach and aspirin tends to erode the stomach lining and may cause bleeding, the combination should be particularly avoided in patients with any form of ulcer or acid indigestion history. To avoid the dangers of aspirin on the stomach lining, it is better to have less acid stomach contents, just the opposite of the effects of the combined caffeine aspirin medicine. Usually it is better to neutralize stomach acid when taking aspirin by taking it after a meal or along with a glass of milk or a snack.
