Pastors Attending Methodist Meet

Seven Lynn county Methodist pastors and several laymen this week are attending the 55th annual session of the Northwest Texas Conference Monday through Friday at Folk Street Methodist Church in Amarillo.

The pastors are: Rev. Aubrey White, Tahoka; Rev. David Hamlin, O'Donnell; Rev. W. O. Rucker, Wilson; Rev. E. H. Cole, New Home; Rev. Roscoe Trostle, Lakeview-Petty; Rev. J. E. Yeatts, Grassland; and Rev. C. R. Smelser, Draw.

Appointments for the coming year will be announced at the closing session today, Friday. Anything can happen, local members state, but not many changes are anticipated this year.

Bishop Paul V. Galloway of San Antonio is presiding over the sessions which opened Monday at 4:00 p. m.

Among the outstanding speakers at the annual meeting are Bishop Whan Shin Lee of Korea, Dr. W. Richey Hogg, Dr. Douglas Jackson, and Dr. H. Grady Hardin, all professors in Perkins School of Theology, Southern Methodist University.

Rev. White expected to make what he considers a good report from the Tahoka Church, particularly in regard to the new church building now under construction here.

City Taking In New Addition

What will be known as the Owens Addition, located west of Tahoka south of Highway 386, is being taken into the City limits of Tahoka, according to City Manager J. M. Uzie, and will be sold for lots to home builders.

The land, adjacent on each side to the J. W. Owens home includes 14 lots, on which three homes are now currently located, those of J. D. Carter, Fred Pendleton and Owens.

Platted into 11 lots measuring 100 feet front by 150 feet deep, the land west of the Owens home. The addition to City limits covers more than two blocks along the highway, and includes three 80-foot streets to continue those of Ave. Q, R and S, if and when the streets are needed. A 20-foot alley will extend beyond the 100 foot depth of the addition.

Mr. Uzie said that the City will run water and sewer lines to the property as soon as it is needed.

The addition begins two lots east of the Owens home and continues to the west even with southwest corner of the Fred McGinty block north of the highway.

Jno. Schuknecht Buried Monday

John W. Schuknecht, 56, of Route 4, Lubbock, long-time citizen of Lynn county, died of self-inflicted gunshot wounds Friday night. He formerly owned a farm southeast of Petty, and at the time of his death was working for L. K. (Heavy) Nelson, Precinct 4 Lynn county Commissioner.

Funeral services were held Monday at 10:00 a. m. in Ascension Lutheran Church in Lubbock with the pastor, Rev. Richard Carfare, officiating. Burial followed at Wilson in Green Memorial Park.

Mr. Schuknecht had lived in this area since 1925. He sold his Petty farm and went to Fredrickburg several years ago, but came to the Plains about six months ago and was living on the S. south of Lubbock. He had been working part-time for Lynn county.

When he failed to return home on time Friday night, Mrs. Schuknecht came to Mr. Nelson's to see about him, a search was instituted, and Highway patrolmen and a Lubbock citizen found him sitting upright in his pickup (Cont'd. on Back Page)

Rain Tuesday Is Some Help

Cotton showers fell over Lynn county Tuesday afternoon and night which were of great benefit in many areas.

Tahoka received 34 inch Tuesday night, and .02 the day before to bring the total to 2.56, about three and a half inches below normal.

Showers up to an inch or more were reported across the western half of the county and in spots over the eastern half.

Much cotton is up in the northern and eastern section, some in the south, but a good general rain is still needed over most of the country. Some farmers who planted said the showers would help a lot.

Most of the irrigated land has cotton up to a good stand, as do some of the dryland farmers. Some estimate at least fifty percent of the county is in fair shape.

Mr. D. H. Koeninger, Wilson High School principal for the past three years, has resigned his post to accept a similar position at Spring Lake. Mr. Koeninger has a B. S. degree and M.E.D. from Texas Tech. He was with the Post school system before coming to Wilson.

Tahoka Is Closing For Memorial Day

Much of Tahoka will be closed all day Saturday, Memorial Day, one of the five holidays the local business houses take during the year.

A few businesses say they will have to stay open to take care of farmers' needs, but all offices and most business houses will be closed.

Corene Izard was a medical patient Friday and Saturday in Tahoka Hospital.

40th Year Of H. D. Club Work Is Observed Here

The Lynn County Home Demonstration Association celebrated its 40th anniversary Thursday, May 21 according to Billie Carr, Home Demonstration Agent. A special program depicting the development and progress of the local association was given. This year marks the 50th anniversary of Extension Service in the state.

A roster of the charter members is not available so verbal and informal invitations were issued. About ten of the charter Home Demonstration and 4-H club members attended.

Lynn County has had thirteen Home Demonstration Agents since May 1, 1924. Mrs. G. B. Sherrod succeeded the late Miss Millie M. Halsey (Mrs. E. I. Hill), who was the first Agent.

Mrs. Sherrod was the first speaker on the program. She related some of her experiences and the facts that were held as well as the physical changes that have been made in the county.

Mrs. Wilmer Smith, New Home, gave a resume of the history of the organization. Mrs. Smith is a past president and the current treasurer of the National Home-Makers Organization.

Mrs. Lonnie Lumsden, Wilson, was one of the four women who was instrumental in getting an Agent. She told how they visited Lubbock County numerous times then decided that if Lubbock could have a program of this sort then so could Lynn County.

A great deal of campaigning was done by the women and an (Cont'd. on Back Page)

Mrs. A. M. Bray and Maria returned home Monday from several weeks' tour of Europe and were accompanied from Dallas by Mr. Bray and Andy, a student at S.M.U.

All men are given a cordial invitation to attend.

Mrs. Hattie Yates' condition remains about the same, according to reports at Tahoka Hospital, where she is a patient.

No Weevils Found In Survey Tuesday

Absentee Voting Closes Tuesday

Absentee voting in the June 6 primary elections will end next Tuesday, June 2, states S. M. Clayton Jr., county Democratic chairman.

Ballots, both Democratic and Republican, may be voted at the office of County Clerk C. W. Roberts. Those who have had ballots mailed to them, must have them in the mail and postmarked June 2 to be counted.

Absentee voting in the run-off became possible Wednesday of this week. Due to the abbreviated time in the run-off election for absentee voting, those requesting ballots from a distance will have to rush them back.

In the Democratic run-off, Joe Pool and Robert W. Baker are candidates for Congressman-at-large; Carl C. Spears and Earl Calhoun for sheriff; Clarence Church and Curtis Morgan for commissioner of Precinct 1; and Beatrice McLaurin and Paul M. Sherrill for commissioner of Precinct 3.

In the Republican run-off primary, there's only one contest, George Bush and Jack Cox, candidates for U. S. Senator.

Voting places for the Republican run-off primary will be at the same places in Tahoka, O'Donnell, and Wilson, County Chairman Larry Hagood announces.

Free Circus Is Coming June 5-6

Tahoka merchants' free circus will show in Tahoka next week end, Friday and Saturday, June 5 and 6, under sponsorship of the Chamber of Commerce.

Free performances of Miller Bros. circus will be presented on both days, at 2:30 and 7:00 p. m. on Friday and at 10:30 a. m. and 2:30 p. m. on Saturday.

The show will feature elephant, pony, dog, and clown acts of interest to both kiddies and adults, and there will also be 20 cages of animals on display.

Several rides will be available for the kiddies, including an elephant safari ride, and four other rides.

Tickets for the rides are being given away at places of business belonging to the Chamber of Commerce, where the circus posters are on display.

The rides are not free, but any child may ride on presentation of one of these tickets and 15 cents.

Awards Presented To Wilson Students

Valton Maeker, valedictorian, received a state scholarship to any state supported institution, to South Plains Junior College, Levelland, and to North Texas State University.

Other awards presented at the commencement exercises, Friday night were: Janet Gindorf, salutatorian; Lonnie Stabeno, Agriculture; Science, Delbert McCleskey; English, Joannie Sue Hewlett; Commercial, Ray Ehlers; Band, Rodney Crews; Mathematics, Sandra Koslan; Homemaking, Ruth Ann Rucker.

The Farm Bureau presented Joannie Hewlett with a trip, with Miss Wanda Wuensche as alternate.

Mr. Cecil Wied received a five year award, for serving on the Board of Education, and Mrs. Winnie Bartley received the same award for faculty.

Mrs. Oscar Roberts continued to improve at Tahoka Hospital where she has been a patient since suffering a heart attack about two weeks ago.

No signs of boll weevils wintering over in eastern Lynn county were found in the survey made Tuesday by Don Rummel, Extension Service entomologist; Max Meisch, assistant entomologist from College Station; and County Agent Bill Griffin.

No boll weevils were found at the check plot on the Jeff Huddleston farm, nor were any found in cotton fields of Sam Edwards, Leroy Davis, and Vic Lauderdale, all in the Grassland-Redwine area.

Mr. Griffin says entomologists now think most of the boll weevils found last year in eastern Lynn migrated from below the Caprock.

Another survey will be made when cotton starts squaring.

However, some time ago five weevils out of 300 had emerged in the test traps in Garza county above the cap in the Close City vicinity. A few were also found in Crosby county.

Below the Caprock in Garza county in trash checks made on March 15, about 30 percent winter-over was found in Garza county and about 28 percent in Crosby county.

New School Head Is Moving Here

Harold C. Reynolds, superintendent-elect of the Tahoka schools, expects to move here next week from Iowa Park to the Jesse Dorman residence at 1712 North Fourth.

He will succeed Supt. Otis Spears, head of the local school system for 13 years, who has accepted a similar position at Bovina, where he and his family will move in a few weeks.

Mr. Reynolds has been here several weeks working with Mr. Spears and school personnel to become acquainted with the local situation.

A native of Petrolia, Mr. Reynolds holds B. A. and M. E. degrees in public school administration from North Texas State University, Denton, has had 12 years experience in teaching and school administration. He was superintendent at Bellevue 1958-'59, high school principal at Childress 1959-'60, superintendent at Paducah 1960-'61 and at Vernon 1961-'62, and has been in the insurance business the past year.

Forsythe Speaks At Rotary Club

L. A. Forsythe, active in Scouting here for 33 years and currently member-at-large of the Quannah Parker District, was the speaker at Tahoka Rotary Club Thursday noon and presented the charter to the sponsoring agency for Troop 721 Boy Scouts and Post 721 Explorer Scouts.

In his talk, Forsythe pointed out many people, including the sponsors, probably never stop to think the worth of Scout training for boys in this day when parents try to give them everything.

He declared Scout work helps boys develop leadership qualities, learn to take orders, do things for themselves, and gives them a sense of responsibility, all important in the life ahead.

Wilton Payne, in charge of the program, said Forsythe has been a member of the district committee five years, has been in Scouting 33 years, and during this time has filled just about every position in Scout leadership. He is one of two Tahoka men who have received the Silver Beaver Award, the highest honor that can be bestowed on men working with Scouts. The other is E. B. Gaither, long a local worker with Boy Scouts.

Also recognized at the program

were the following men who are helping make the Boy Scout program go in Tahoka:

Lynn Seale, Rotary institutional representative, and Rotary committee members Granvel Ayer, Clifton Clark and Tom Hale.

Patricia Hammonds "Big Sister" At LCC

Lubbock (Spl)—Patricia Hammonds is among the 32 young women chosen to serve as "Big Sisters" at Lubbock Christian College, Lubbock, Texas, for the 1964-65 school year.

The "Big Sisters," a service organization, was formed two years ago to help orient freshmen girls to college life.

At the close of the spring semester, outstanding sophomora girls are chosen as "Big Sisters" and assigned the names of freshmen girls who are to enter LCC in the fall. They exchange pictures with their "little sisters" and correspond with them throughout the summer, telling them what to expect at college.

The "Big Sisters" are on campus a few days before the beginning of the fall semester to welcome the new girls, introduce them to their other classmates, acquaint them with the college campus and routines, and offer them information and assistance in planning schedules and registration. Each "Big Sister" is also available to help her "little sister" with any problems she might have. She remembers having faced the same problem of adaptation the year before and is able to offer her year's experience in a manner that no paid counselor would be able to do.

Mrs. Andean Baldwin, dormitory hostess and Dean of Women, states that she is very pleased with the way the system has worked during the past school year, and that she anticipates the same co-operation and service from the new group of "Big Sisters." She was assisted in the selection of the new members by those who served as "Big Sisters" during the past school year.

Miss Hammonds, a 1963 graduate of Tahoka High School, is the daughter of Mr. and Mrs. C. I. Hammonds of Tahoka.

A local lady says she was scared "in an inch of her life" one night recently. While backing her car she almost ran over two little girls on bicycles, with no lights. The little girls, wearing dark clothing, were weaving in and out along the highway in west Tahoka. She thinks not only should drivers take undue care, but she thinks parents should take more precaution in letting their children play on the streets under such conditions.

We're in the doghouse again—this time with the H. B. McCords and Jack Alley Robinson. When we start pulling boners, they come in bunches. Recently, you'll remember, we ran Wayne Waters' signature to an advertisement of a car that Jack sells. Last week we ran Jack's Lynn County Tractor Co. signature on H. B.'s Pontiac ad. We're running it right

this week—we hope. It's a rough old world. Our apologies to all concerned!

If you never make a mistake yourself, go ahead and laugh. If you do make em, laugh anyway.

"Doc Anklem" says in a trade journal we get: Some people keep you from being lonely, others make you wish you were... There is nothing like a dish towel for wiping that contented look off a husband's face... Mixed greens are good for you—especially the fives, tens, and twenties... Men are just the opposite of guns—the smaller the caliber, the larger the bore.

Vacation warning: Be careful at the watering places. Twenty-one people, two a year average, have drowned in Lake Thomas during the ten years of its existence.

A new 525-acre foot reservoir has been built at Gall on private property on a tributary of the Colorado River to furnish water to about sixty residents of the little county seat. Texas Water Commission begrudgingly gave approval to the project recently—after the dam had been built.

"Hill reports listening-in on the following conversation at a local coffee bar:

Charles Oliver popped off: "Tell me, why ain't kids these days as smart as they used to be? Kids now have to bring an armload of books home and study late at night. I never did have to study that way."

Roy Stevens: "Kids today are a lot smarter than you were. Fact is, they're learning a lot more than you ever did."

Charles: "I don't see how you figure that."

Roy: "Why seventh and eighth grade kids today know more than you do. If you're so smart, what makes a motor run?"

Charles: "Why, electricity, of course."

Roy: "Yeah, but you tell me what makes the motor run."

Charles: "You don't know your self."

From One President to Another

Lions International President Aubrey D. Green and Mrs. Green of York, Alabama, are shown reporting to President Lyndon Johnson at the White House on results of President Green's recently completed 200,000 mile good-will trip around the world. The growth and peace-seeking efforts of the world's largest service organization were discussed.

Lion President Green reported to President Johnson on the 400,000 service projects completed by some 14,000 Lions Clubs throughout the world last year. Projects ranged from sponsoring 5200 Boy Scout troops to a youth exchange program, under which youngsters live briefly in a foreign country. Lions International actively supports C.A.R.E. and the Peace Corps.

After the living President Johnson was presented with the Lions International Award of State Medal and an honorary membership in his home town Lions Club in Johnson City, Texas.

Kids do know a lot more today than we knew when we were growing up, due to a number of things such as television, better economic conditions at home, travel, a greater variety of newspapers, magazines and books, etc. Too, the school program has been stepped up to include a wider range of study. The kids may not spell as well, write as well, or diagram as well, but much more is being demanded of the school student in the stepped-up educational program over a broader range of subject matter. Don't sell the school kids short. Too many of them are proving we old fogies to be dumb clucks.

The second primary election is just a week away. Make your plans now to vote on June 6.

A Michigan editor says: "Once, just once before this old earth turns to ashes, we'd like to see a bureaucrat get a simple lesson through his head:

"The people and the taxpayers are the same; the government and the people are the same; the government and the taxpayers are the same."

"To listen to words from the Washington wind tunnel, you'd get the idea that these are three separate and distinct sets of bodies."

A Wisconsin newspaper says: "Not too many years ago, we actually had integrated audiences in Mississippi—and thought nothing of it. At many white athletic events, special sections were reserved for Negro spectators—and at many Negro events, special sections were reserved for white friends. We can personally recall local Negro groups presenting programs in our local churches, and this writer personally conducted worship services in several local Negro churches. But today these things are not done. And we humbly suggest that Negro citizens should ask themselves, 'Why?'"

Remember these old-time sayings: Come an git it or I'll throw it out... Smoke follows beauty... He bellers like a dying calf... It's larrapin'... Come and smack with us... Snoring like a sawmill.

Some of the old-timers may remember this square dance call: One foot up and the other foot down,

Grab your little heifers and swing 'em around. Let's allemande and a right hand grand.

And promenade, all promenade.

And here's another one we clipped:

Watch your honey and watch her close,

Treat your honey to a double dose!

Swing 'em high and swing 'em low,

Keep on swinging that calico!

Right foot up and right foot down,

Whirligig, Whirligig, Whirligig 'round,

Rope your cow and brand your calf,

Swing your honey an hour and a half!

Here I come with the old mess wagon,

Hind wheel broke and the axle draggin'.

Meet your honey and pat 'er on the head,

If she don't like biscuit, give 'er cornbread.

Promenade, boys, promenade!

...

We'd like to acknowledge a real nice letter from Mrs. Clarence Williams, president of Tahoka Garden Club the last two years, thanking us for publicity of the flower show, club meetings, and for help with the yearbook. This is another fine club which helps make this a wonderful place to live, and this newspaper is pleased to know the publicity has been appreciated.

...

The visit of Mrs. Viva McIntosh of Wichita, Kansas, here this week recalled a bit of sad Lynn county history. Back in July, 1924, Mike Humphreys and Noah Singleton drowned in a lake down at Midland. Noah lost his life trying to rescue Mike, and the Carnegie Hero Medal was awarded Noah Singleton posthumously for his heroic but fatal efforts. Mr. Humphreys was Viva's first husband.

...

Usually, we don't print anonymous letters, but here's one maybe we should:

"Please print this: Parents, are you DEAD CERTAIN you know where your teen-ager is at night? Do you THINK you KNOW? A few prominent families may get a rude awakening—a terrible shock—just any day. The police can't check every parked car, T-Bar pasture, and the beer joints. — Worried Mother Who Found Out the Hard Way."

Notice To Cotton Farmers

FARMERS COOP. ASS'N. NO. 1 OF TAHOKA

OFFERS EXPORT PLAN

The new Agricultural law permits farmers who wish to plant 5% above their allotted acres of cotton for export. Details of the plan may be obtained at your Farmers gin office.

High points of the plan are: farmers must sign up at the County ASC office prior to June 1, declaring their intention to over plant. They must arrange a bond to guarantee that the poundage grown on the excess acres will be exported.

Through the cooperative gins and the Plains Cotton Cooperative Association, the bond can easily be arranged. The Marketing Association is engaged in exporting cotton and can see that this is properly done.

The program is flexible permitting farmers to wait as late as August to decide which way they will go. If the crop is promising, it can be left and harvested. If not, he can plow back to his allotted acres or even to his domestic allotment.

Prometryne sprays control weeds in growing cotton

New Prometryne® 80W herbicide not only controls most annual broadleaf weeds and grasses when applied as a preemergence spray, it does the same job when applied after weeds and cotton are up.

Postemergence applications
 Put Prometryne to work any time after cotton is six inches in height... and before weeds are about two inches high. Direct the spray at the base of the cotton plant so that weeds are thoroughly sprayed... while at the same time minimizing contact of the spray with cotton foliage. At the low rates used in postemergence applications before layby, Prometryne kills on direct contact with the weeds.

Layby spray works all season
 Keep Prometryne working for your crop all summer with a spray at layby. In this application, the rates of Prometryne go up... to extend weed control right on through the growing season.

At these higher rates, Prometryne kills existing weeds and remains to pick off later germinating ones as well. Carried down to the weed root zone by rainfall or overhead irrigation, Prometryne is absorbed by the roots of germinating weeds. Soon after the weeds break ground, they yellow and die.

Controls weeds and grasses
 Three years of research by State and Federal experiment stations proved the effectiveness of Prometryne in controlling most annual broadleaf weeds and grasses. Among the problem species

handled by Prometryne are: pigweed or carelessweed, annual morning glory, crabgrass and goosegrass.

Safe to use
 Prometryne is safe to cotton when used according to label directions. It leaves no residue in cotton seed. It can be applied safely and is non-irritating to humans and animals. Do not, however, plant a fall seeded crop the year you use Prometryne.

Fits your conditions
 Prometryne works with you... whatever your cultural practices and weed conditions may be. Use it as a post-emergence spray after both weeds and cotton are up. Use it at layby to give protection through the season. Use it both ways if the weed situation so dictates.

Plan to use Prometryne for post-emergence and/or layby weed control on at least a portion of your cotton acreage this year. See for yourself what outstanding, economical weed control it can provide.

GRASSLAND NEWS

(Mrs. O. H. Hoover)

The cotton farmers in our community are sure busy. Nearly all of them have some cotton up, and as near as I can find out every one is about two-thirds done planting, and quite a number have finished planting cotton.

Mr. and Mrs. C. A. Walker went to Littlefield Sunday and brought Mrs. Lucian Walker home with them. She will stay until she is better then she plans to live in her home in Grassland.

Mr. and Mrs. C. M. Greer and Mr. and Mrs. M. O. Townsend spent part of the week at their cabin on Colorado City Lake. They caught enough fish to eat and had a nice outing.

Mrs. C. C. Jones' sister-in-law, Mrs. C. B. Hardin, of Coleman, is visiting here for several days. They drove to Lovington New Mexico on Sunday to see the "Son" Jones family. Mr. Jones is not any better from his injury and will go to Mayo Hospital at the end of this week.

Dennis Odon of Post spent the week-end with Bobby Dean.

Mr. and Mrs. L. S. Turner visited on Sunday with Mr. and Mrs. H. B. Crosby of Wilson.

Mrs. Hoover visited Mrs. Walls, Monday evening.

Mrs. James Murray and children, Mr. and Mrs. J. F. Moore and Arlie have gone to Rock Island, Ill. to get Lavonia Moore. She has been a student of music there since January. They plan to stop in Harrison, Arkansas and spend some time visiting there.

Mrs. Sue Melton and children of Slide, visited her parents, the Jim Pattersons Sunday.

Mrs. VVie Dillard and children visited with Dean and Mary Lou Laws Sunday. Mary Lou's parents, Mr. and Mrs. Robert Witherly, of Hobbs, spent the first part of the week with them.

Mr. and Mrs. Leon Walls of Lubbock spent Sunday afternoon with his mother, Mrs. Carrie Walls.

Mr. and Mrs. Leroy Davis have returned home from San Augustine. Mrs. Davis' mother is some improved.

Mrs. W. A. Oden spent the morning Thursday in the C. W. Morris home. Mrs. Edd Ray of Sudan came to visit Mrs. Oden, her sister, and brought a quilt top to work on. So Mrs. Oden helped on the quilt.

The Thursday Club met in the home of Mrs. Will Wright, May 21. Mrs. Wright served refreshments of congealed salad, cake and punch to members, Iris McMahon, Sue Maxey, Ada Oden, Bernice Propst, and visitor, Mrs. Lela Gilly. The next meeting will be with Sue Maxey, the first Thursday, June 4th.

Mrs. A. Z. Sewell is visiting her son, the Rev. John Sewell family, in Morgan City, La. Her grandson Johnny Sewell, will receive his college degree in June.

Mr. J. H. Huddleston had a small fire in his grocery store in Grassland last Thursday afternoon about 3:30. He gives a big thanks to his neighbors and patrons for their help in keeping it from being a big fire.

Mrs. C. A. Walker spent Friday and Saturday in Lamesa, helping her niece who is ill.

Mr. Huston Hoover visited his mother, Mrs. O. H. Hoover, Thursday afternoon. He and his wife, Lura, were on the first leg of their vacation trip. They will stop in Chattanooga, Tennessee, and Kings Port to visit with their sons and families, Joe and Pat Hoover, and Bob and Donna. From there they will go to the World's Fair in New York City for a week, then to Toronto and Ontario, Canada to a Rotary convention and a week of sight seeing.

Now if you're saying to yourself "That's a swell looking car, but I couldn't afford it," we'd like a quiet word with you.

That car is a Pontiac Catalina, lowest priced of the big Pontiacs. Catalina has everything that makes a Pontiac a Pontiac—the superlative style, the extra-careful construction, the big-muscle Trophy V-8 performance, the road-velveted Wide-Track ride. Everything. And, the price is very, very right. It must be. After all, you don't get into third place in sales just by selling cars to rich people. Now, how about having a quiet word with your nearest Pontiac dealer. **Wide-Track Pontiac**

See your authorized Pontiac dealer for a wide choice of Wide-Tracks and good used cars, too.

CAROL JEAN ALLEN

Weldon Allen Will Play In Recital; Sister Wins Honors

A piano recital Saturday at 7:30 p. m. in Municipal Garden Arts Center at 4215 College in Lubbock will have special significance to Mr. and Mrs. Clyde F. Allen of Tahoka.

Their young son, Weldon, age 10, who has just finished the fourth grade is among the 10 highest ranking students in National Piano Auditions from the class of William A. Murphy, who will appear in the recital.

Their daughter, Miss Carol Jean, former Murphy student, a sophomore in Baylor University, and already recognized as one of the Southwest's leading young pianists, will be guest artist on the program.

Carol Jean, a graduate of Tahoka High School, will play the first movement of the Concerto in A minor by Schumann.

In June, she has been invited to play the entire concerto at the Texas Music Teachers Convention in Brownsville.

For six years, she was a "critic's circle" winner, the same honor won by her little brother, in National Piano Auditions. In 1961, she was alternate winner of the high school division of the Amarillo Concerto contest. In 1962, she won a similar contest of the Texas Music Teachers Association, and also the Van Cliburn Scholarship contest at Baylor.

Since entering Baylor University, she has given several performances at the University and in the Waco area.

Miss Allen arrived Friday to visit her parents, and will return to Baylor summer school on June 2. On completion of requirements for her B. M. degree, she hopes to do graduate work and eventually teach piano at the university level.

Levelland Rotary Honors Kaye Dean

Kaye Dean, daughter of Mr. and Mrs. H. D. Dean of New Home, was recently selected as the Levelland Rotary Club's Gift of the Year. The club selects four students each year, a girl and boy from high school, and a girl and boy from the college.

Selection for the honors is based on the Rotary's Four Way Test. The test consists of four headings: 1. Is it the truth? 2. Is it fair to all concerned? 3. Will it build good will and better friendships? 4. Will it be beneficial to all concerned?

Miss Dean, a journalism major, served as editor of the Plainsman Press, the college newspaper, this year. She also served as an officer of the Student Council, as reporter to the sophomore class and drama club, and was a wing advisor to the girls dorm. She was also named as a Texan of the Month.

In her freshman year, Kaye served on the student council, was a member of the paper staff, BSU, and WRA, as well as the Kappa Club. She received the "A" award for the WRA, as its outstanding member.

Kaye is a 1961 graduate of New Home High School, and will attend Texas Tech this fall. She graduated from South Plains College May 21.

BE PROTECTED AGAINST

HAIL

AN IMPORTANT MESSAGE TO THE FARMER FOR 1964
THE PANHANDLE MUTUAL HAIL ASSOCIATION IS NOT A RECIPROCAL and the farmers do not have to sign a "POWER OF ATTORNEY" to anyone when buying hail insurance.

REASONS WHY PANHANDLE MUTUAL HAIL ASSOCIATION IS ONE OF THE LARGEST CROP HAIL WRITERS ON TEXAS CROPS:

1. All Texas policies are reinsured by the LLOYD'S OF LONDON with billions of dollar assets.
2. Only PANHANDLE MUTUAL offers the complete "PACKAGE OF STEP LADDER" cotton coverage, the age of cotton STEP LADDER (PANHANDLE SPECIAL), the 10% STEP LADDER (FB-10), and the 5% STEP LADDER (FB-5). The whole package and combination of all the STEP LADDER policies are necessary to fit the West Texas farming conditions.
3. The PANHANDLE MUTUAL HAIL ASSOCIATION has paid back to the farmers an average of 84c of each premium dollar over the last 4 years for HAIL LOSSES. The loss benefits is the important and simple crux of any insurance policy, and much sweeter than any token dividend or deviation.
4. A-PLUS (EXCELLENT) RATING BY "DUNNE'S FIRE AND CASUALTY REPORT".
5. Required legal reserve (policy holders surplus) maintained at all times and deposits are kept in LOCAL BANKS throughout the West Texas area.
6. The PANHANDLE SPECIAL cotton policy DOES NOT have the REPLANT clause and we DO NOT use the PLANT POPULATION adjustment at any time.
7. The PANHANDLE Wheat Policy is the only policy with the "Extra Harvest Expense Award" benefits, also with the 10% credit on Tassos and beardless wheat, only 48 hour waiting period and a nice premium saving in most counties.
8. Free cancellation on crop failures (See Dates) ... arbitration clause.
9. Your PANHANDLE MUTUAL HAIL ASSOCIATION wants to serve you with "THE THINKING MAN'S HAIL INSURANCE".

Be sure and talk to your PANHANDLE MUTUAL AGENT now to compare and study the coverages and rates, because of the many coverages that are now being offered, you need to know about the complete "PANHANDLE STEP LADDER PACKAGE".

Vacation Travel Expense Estimated \$31 Each Day

(Special to The News)

New York—For the many Lynn county families who are planning to spend their vacations this summer taking motor trips to various parts of the country, the question of cost looms large.

Hotel and motel accommodations, food, gasoline and other items have gone up in certain areas.

Some guidance in figuring these travel costs is given by the American Automobile Association in its latest report on vacation expenditures.

On the basis of its findings, a Lynn county couple will need about \$31 a day to travel comfortably. This will take care of the necessities but not the frills. Thus, a two-week trip for two people will cost a minimum of \$434.

Assumed is that their car averages 15 miles to the gallon and that they do 300 miles a day.

The AAA arrived at the \$31 a day figure by allowing \$11 for overnight lodging, \$10.50 for food, including snacks, \$7 for oil and gas and \$2.50 for miscellaneous expenses and tips.

No allowance is made for tolls on turnpikes, for the cost of admission to places of interest or for amusements.

The AAA also provides an answer to the complicated question of what it costs to own and maintain a car. This question crops up, inevitably when the car is being checked over in preparation for a trip. Most car owners have no definite idea of how much they are spending in this direction.

The finding is that the average car in the popular-price range, operated at 10,000 miles a year, costs \$1,162 annually.

Applied to Lynn county and to the number of passenger cars in use, the annual cost of car ownership locally is approximately \$5,275,000.

The \$1,162 per car includes fixed charges—insurance, depreciation and license fees—that amount to \$2.17 a day, whether the car is used or not. For 365 days, the total is \$792. The largest part of it is depreciation, \$621.

Then come the variable costs—gas, oil, tires and maintenance. They depend on the amount of driving done. The AAA places them at 3.7 cents per mile, or \$370 for 10,000 miles.

The increase in the number of cars in use has been a boon to Lynn county's filling stations. Their receipts in the past fiscal year reached a healthy \$1,101,000, compared with the prior year's \$1,075,000.

Miss Carrie Dillard entered Tahoka Hospital Thursday as a medical patient and was released Friday.

on Ave. F near 82nd street, a 22-calibre pistol by his side and a wound on the left side of his head. An ambulance was called, and he died a few minutes after arrival at Methodist Hospital.

Wayne Price, who also worked for Mr. Nelson, said Mr. Schuknecht was in good spirits when he left for home and was laughing and joking, but said he was not feeling well and didn't know if he would work Saturday. Mr. Schuknecht was a diabetic, however, and some theorize he had a diabetic spell and possibly shot himself, not knowing what he was doing.

A Lubbock justice of the peace ruled the death wound self-inflicted.

Survivors include his wife; three sons, Jovan of Fremont, Nebraska, David and Wayne of the home; and two sisters, Mrs. Leonard Pickett and Mrs. George Hillen of Abilene.

★ TO HONOR THE BRAVE ★

Memorial Day is more than a time to pay tribute to our honored dead. It is a time of rededication... to our country, our ideals, our hopes for a future assured of peace. The men who died for our country upheld these ideals... it is up to us to draw full meaning from their sacrifices, so they will not have died in vain.
