

THE JUNCTION EAGLE

ALL ABOARD FOR JUNCTION'S BIG STOCK SHOW AND BARBECUE, JULY 3d and 4th

CEDAR CREEK COMMUNITY HAS BIG BARBECUE.

One of the best arranged and most enjoyable community barbecues and general get together meetings witnessed in this or any other country, was attended by a large crowd of local citizens and visitors, on the T. T. Randle ranch a few miles from Junction Wednesday of this week. The young and old gathered early and stayed late. Both dinner and supper were eaten on the ground. Barbecued goat, good hot coffee, ice tea, pickles, salads, pie and cake, were served on a long row of table cloths placed on wagon sheets spread on the ground. Mr. Knox prepared the barbecued meat, that was cooked to a queen's taste, and the good ladies of the community supplied the other eats. Frank L. Wilson was master of ceremonies, and introduced the speakers. County Attorney Fred Knetsch, H. G. Perry and Rev. S. F. Marsh made short talks.

Misses Knox, Wilson, Smith, Mrs. Ragsdill, Mr. Knox and Mr. Wilson rendered several snappy songs that were appreciated by all present.

This is the second annual affair given by the Cedar Creek people and their community spirit is certainly commendable.

Everything is Set For
The Third and Fourth.

With every prospect of a complete arrangement for the Celebration being carried out in proper time, with the lumber on the ground for the dance platform, tables, and men at work on the weeds cut from both Schreiner Park and the Free Artists' Camp Ground, the house in first class condition, all the livestock pens spoken for by breeders of high class stock, the cattle and goats in readiness, and every one still boosting and co-operating to the limit, and the people all over this section of the State getting ready to be here, the outlook for two great days in the history of Kimble County is very bright indeed.

From every neighboring town comes news that many of the people there are planning to be here on one or both days. Circulars, posters, windshield stickers, and catalogs have been sent and shown all over this part of West Texas.

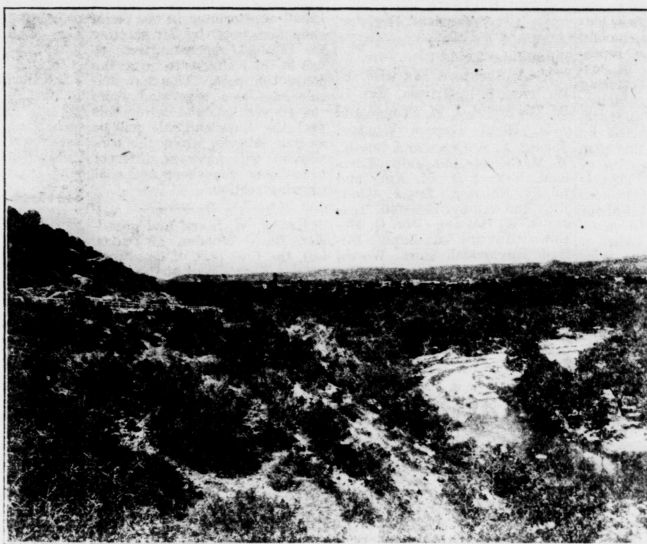

Kimble County Livestock men are taking a hearty interest in the Stock Show, which is expected to become an annual affair in connection with an annual July celebration. Several days before the time was up, all available pens for showing stock had been spoken for. What is shown here will go a long way towards increasing interest in a better grade of sheep, goats and cattle for Kimble County.

Hundreds of visitors, many of whom are already camped in the country, will attend on these two days and will feel the real Western Spirit of hospitality evidenced on every hand.

Turn the cows and calves together, tie the dogs, turn out the hogs, lock the gates, get in your tin Lizzie or the old wagon or buggy, and come on down for two great days with your friends that will be here.

Lois and Blix Hankins are having a house party. Miss Amanda Eastland of Sonora arrived yesterday; Mabel and Ethel Mears are expected Friday. The rest of the party will be Phyllis Loos, San Antonio, Johnny McArdle, San Antonio, Geo. H. Neil, Sonora, Albert Berchof, Menard; Brown Kng, Segovia; and Mrs. Hankins' brother, Lee J. Corkill. These young folks will be at the Barn-Home until after the barbecue.

Judge Randolph, Bob Ragland and H. G. Perry were in Menard for the Big Barbecue Friday, going over in Mr. Ragland's car.

JUNCTION ON THE LLANOS AND O. S. T.

Here's Where the Big Junction Stock Show and Barbecue will be Held The Above Shows the O. S. T. (on left) as it Enters Junction, and the Big Pecan Grove (center) in the junction of the Llanos, Where the Big Celebration Will Take Place. If You Have Not Made Your Plans to be Here on Those Days, Get in Line Now to Attend Kimble County's Biggest and Best Celebration.

YOU'LL MISS IT, IF YOU MISS IT!

Here's the Way They All Feel About Junction.

Brownwood, June 24.
Mr. Alex J. Hamer,
Junction, Texas.
Dear Alex:

This acknowledges receipt of your advertising literature that you are sending out at this time and we want to compliment you on same.

In this connection, beg to advise that Brownwood and this territory is furnishing quite a few sightseers for your section of the country. We heard one resident of this place remark a few days ago that he went to Colorado two years ago, stayed a few days, and came back and spent the balance of his vacation near Junction. He says that he thinks the scenery is more to be admired in the Junction section than it is in Colorado. We feel sure that you will get quite a lot of good out of this advertising.

There is one thing, however, that is badly needed, and that is a good road from Junction to Menard. Yours very truly,

J. R. Stone,
Gen. Mgr. Walker-Smith Co.

Little Jack Denman Has Birthday Party.

On the 26th of this month, Little Jack Denman, son of Mr. and Mrs. H. O. Denman, celebrated his first birthday anniversary.

The house was decorated with pink and white. A birthday cake, with pink ice cream was served to the following little friends:

Wilbur Atchison, Jim Beddingfield, Jr., Creighton Reid, B. L. Smith, Max Riley, Susan Grace Boyle, Arleen Livingston, Joshanna Hey, Sybil Hey, Lenore and Fehagene Riley, and the mothers of the children.

Jack received many pretty gifts, which he will greatly appreciate when he is a little older.

Fletcher Gardner, wife and little daughter, returned from San Antonio where the baby underwent an operation. She is doing nicely, having stood the operation alright and has about recovered from the bad burn received some weeks ago.

GOOD NIGHT.

Little boy sweetheart, with eyes that shine,
Blue as the sky on a summer morn,
Lips that are wreathed with a smile divine,
Velvety cheek that is pressed to mine,
Life has seemed fairer since you were born,
Fold o'er your petals, my rosebud white.
Good-night, my baby, good-night,
Good-night.

Little boy sweetheart, I love you so!
How deep that love you will never know,
Night after night, when my work is through,
Worn out and weary, I come to you,
Bend o'er your couch till upon my ear
Falls a faint music I yearn to hear,
Made by your breathing so soft and light—
Good-night, my baby, good-night,
Good-night.

Then by your side I nightly kneel,
To the All-Father I make appeal,
That He will guide you and guard and bless,
Touch you with love and unselfishness,
Mold you and lead you life's path along,
That you grow manly and true and strong,
That He may grant you a future bright—
Good-night, my baby, Good-night,
Good-night.

Sometime in days that are yet to be,
In the last hours you shall come to me,
You who shall stand at your life's proud prime,
I whose head shall be touched with rime,
Then shall we part for the last, sad time,
Then, as the world recedes from view,
On your dear face I will turn my sight,
And out of death I will call to you,
"Good-night, my baby, good-night,
Good-night."

2ND DIVISION BAND WILL ARRIVE SUNDAY.

Post Commander Lewis F. Boyle is in receipt of a telephone message this week to the effect that the Commanding General had approved an order for the Military Band of the Engineers of that famous fighting 2nd Division, to play for Junction during the two days celebration.

The Second Division was one of the most famous fighting organizations that took part in the World War, and lost as heavily as any division on the front. During the fighting period they had more than 150 per cent casualties.

This Band of 23 pieces will be one of the many interesting features of the Junction Celebration. There are many others, that will entertain and instruct the thousands of visitors that will be here.

The Band will arrive in Junction Sunday afternoon and a concert will be given Monday morning and at intervals during the two days.

Menard Has Two Days Picnic and Big Barbecue.

The people in and around Menard showed the world what they could do in the way of putting over a big celebration on short notice, when on last Thursday and Friday, they had a very large crowd at the picnic ground on the river just above town. The first day was given over to horse racing, ball games, goat roping, and other similar entertainment. The second day, a barbecue dinner was given all present, with plenty of amusements as well.

Hon. Clarence Ousley, candidate for United States Senator, spoke in the forenoon to a large crowd, having made the trip there from central Texas at the request of the committee in charge.

Mich Johnson, candidate for District Attorney, and H. G. Perry, candidate for Representative, made short talks in the afternoon, announcing their candidacy to the people of that county.

Many visitors were in attendance from Mason, Kimble, Sutton, Concho, and Schleicher Counties.

A band from Fredericksburg furnished music during the day and a colored orchestra from Ft. Worth played for the dance Friday night. Aside from a few automobile collisions, which did very little damage, and one "crash" in which a Mexican is reported to have dashed a white resident of Menard with a knife, causing a rather serious wound, there was no undesirable excitement. Plenty of concessions and cold drink stands were on the ground to accommodate the crowds. All that attended expressed themselves as having been greatly entertained, and will look forward to the time when Menard will have the next celebration.

Martin Dies to Deliver Two Patriotic Addresses.

Hon. Martin Dies, for ten years a member of Congress from the Second Texas District, has accepted an invitation to deliver a patriotic address at Junction July 3, and at Fredericksburg July 4th.

Mr. Dies, as a member of Congress, voted against the 18th and 19th Amendments to the Constitution, that is, National Prohibition and National Woman suffrage. He also voted against the National child labor bill, recently declared unconstitutional by the Supreme Court.

Mr. Dies is unrepentant, and is still of the opinion that woman suffrage leads straight to socialism, and that National prohibition is producing a Nation of bootleggers with Uncle Sam at the head of the list.—Kerrville Mountain Sun.

NATIONAL DRIVE FOR NEW MEMBERS JULY 1.

American Legion will Conduct
Campaign Over Country
To Increase Roster

July 1 is going to be a whale of a day for Legionnaires and members of the Auxiliary. We have got to poke out our chests, foot our own horns and tell buddies who aren't wearing the badge what our outfit has been doing to make the world safe for fighting men. We've got to say how necessary it is to stick together, for the sake of our country and for old times' sake. And the little old dotted lines must be all slicked up, nice and new and ready for a hundred thousand signatures.

Behind the lines there are already rumblings of the coming offensive. Heavy artillery and tanks are being brought up and the area is packed high with 9.2's. Chow wagons line the highways and it looks like a big banquet all along the lines for the late evening following the victory. Old time mess sergeants have started training for the festivities.

The advance will be made under a creeping barrage of facts—what the American Legion has done for the disabled, for those fortunate enough not to have stopped anything, for the country as a whole. All fur-loughs fini. Every available man and woman and child will hop the bags and take part in the heaviest oral barrage put over since we broke camp and left for home.

Colums will halt at noon and all prisoners of peace will be allowed a goodly ration. In the p. m. the newcomers will also go forward, and reinforcements will be brought up from the ranks of chambers of commerce, Boy Scouts and other organizations anxious to see every service man become a Legionnaire.

Booths will be established along the lines of advance where membership tickets will be handed out. Every friend captured will be decorated with the Legion colors. La Societe des 40 Hommes et 8 Chevaux will be out looking for victims and beaucoup vets will do their stuff in this unit, the playground of the Legion.

Work will be indulged in by all. In twenty-four hours we must pack in the biggest day's labor the Legion has ever put in. Let's dust off the old o. d. on July 1, get into it and see if we can't do the heaviest job of selling since Noah talked 'em into getting aboard the ark.

Springfield Mo.—"My back was so weak I could hardly stand up, and I would have bearing-down pains and was not well at any time," says Mrs. D. V. Williams, wife of a well-known farmer on Route 6, this place. "I kept getting headaches and having to go to bed," continues Mrs. Williams describing the troubles from which she obtained relief through the use of Cardui. "My husband, having heard of Cardui, proposed getting it for me. I saw after taking some Cardui that I was improving. The result was surprising. I felt like a different person. Later I suffered from weakness and weak back, and felt all run-down. I did not rest well at night, I was so nervous and cross. My husband said he would get me some Cardui, which he did. It strengthened me. My doctor said I got along fine. I was in good healthy condition. I cannot say too much for it."

Well Known Edwards County Citizen Dies.

C. E. Franks, one of the earliest and best known citizens of Edwards County, died at his home in Rock Springs Tuesday, June 20th, from paralysis, and was buried in the Rock Springs Cemetery at 11 o'clock Wednesday morning. The Masons had charge of the funeral ceremony and Judge Coke R. Stevenson of Junction delivered the funeral oration.

Mr. Franks was born near Seguin, March 31, 1860; married in 1880 and shortly afterwards moved to Edwards County. He was first elected Tax Assessor of that county in 1892 and has been serving the county in that capacity since first elected, except for a few years during which time he was deputy sheriff.

Until last November when he was first stricken with paralysis, he had always enjoyed the best of health. Since then he has been ill most of the time, only occasionally was he able to go to his office, or to town. He is survived by his wife and eight children, C. Gardner, Ira, Huletta, Dan, Misses Linnie, Pearl and Watt, and Mrs. Mark Bean, all of whom are living.

James Parker of Noxville and Lon Parker of Roosevelt were in Junction last Thursday. James took his mother and Lon Parker to Barnhart Friday, where they took the train for New Mexico, where they will visit relatives.

The Improved Ford

The late Ford models embody 25 new mechanical changes and improvements in construction which make the new Ford car 100 per cent better than it was a year ago. For the past year, Henry Ford and his ablest assistants have devoted practically all their time and energies to improving the Ford car. As a result we are today offering the Best Ford Car that has ever been made in the history of the Ford Motor Company.

HERE ARE A FEW OF THE IMPROVEMENTS.

- Lighter pistons and connecting rods—resulting in smoother running, reduced vibration, snappier pick-up, decreased wear.
- Elimination of oil pumping by new piston and ring construction.
- Improved rear end parts reducing rear end trouble.
- Wiring system has been completely redesigned, making it practically proof against short circuit and fire.
- Pressed steel muffler.
- One piece running board brackets insuring exceptional rigidity with light weight and freedom from vibration.
- Crankshaft, perfectly balanced, made of as good material and as finely finished as those used on cars ten times the price of a Ford.
- Dash weather trough preventing trouble due to rain and moisture.
- Motor—higher cylinder head—more water circulation.
- Larger compression chamber—less carbon knock lessens strain on crank and bearing—less over-heating.
- New Ford Carburetor—more pep—more mileage.
- Demountable rim lugs fastened on rim, preventing slipping.
- Front spring—new design and new suspension making it practically unbreakable.

Baptist Church Notes

There were two good services at the Evergreen Sunday. The Sunday School there is doing fine; mud kept several away from the preaching at Paint. The Pastor enjoyed entertainment in several homes during his stay in the community.

Rev. E. F. Estes and family of Albany, Mo., are expected in Junction Saturday, July 1st. Brother Estes is a life-long friend of this pastor, and it is expected that he will preach for us next Sunday. Everybody is invited to hear this Missouri preacher.

Friday night the Girls' Auxiliary gave a party to the "teen age" on their church lawn. It was as fine a little social as we have had in a long time.

Mrs. Tom Jones is now leader of the Sunbeam Band. On account of so many coming and going we are having difficulty in keeping leaders and teachers for all our work. We appreciate those who are helping to meet the emergency.

We hear so much about sin and profligacy of the present age; much that is said is true; there is sin sufficient to break our hearts. It was the same when Jesus was here. In our little way, let us emulate His example of faith in God, a pure and noble life and service among our fellow men. We would do our best to help you in these times of temptation. Come and be with us. S. F. Marsh.

Old Spanish Trail Convention News.

Fish fries, barbecues, wild west rodeos and receptions, will greet the members of the good roads caravan leaving Alamo Plaza, San Antonio, at 8 a. m., Monday July 3rd, on their trip through Western Texas on the three-days good roads meet in the proposed new State Park in the Davis Mountains. D. E. Colp, manager of the Western department of the Old Spanish Trail Association, stated Thursday, before leaving for a trip to Houston and Orange.

Mr. Colp conferred with local counsellors in the towns between San Antonio and Orange and expects some fifty cars in line when the caravan leaves San Antonio July 3rd for the six-day camp trip.

The meeting in the Davis Mountains is to be a good roads convention fostered by the Old Spanish Trail Association to awaken interest in road building throughout the Western part of the State.

Judge W. W. McCrory, State Highway Commissioner of San Antonio, will represent the Highway Department of Texas and will make the entire trip, conferring with citizens of Western Texas in matters pertaining to the planning and building of permanent roads with State and Federal aid.

A large delegation from the O. S. T. south of San Antonio is expected to join the caravan at San Antonio, each car equipped with camping paraphernalia.

Good roads enthusiasts from El Paso and Westward will meet the San Antonio caravan in Limpia Canyon, eight miles from Fort Davis on the afternoon of July 6th, when the convention will be formally opened by Mr. Colp.

Dr. J. C. Hardy, president of Baylor College, Belton, a firm good roads booster, will join the party at San Antonio and make the entire trip. He is scheduled for a number of addresses in the

towns the caravan will pass through.

An invitation has been extended to good roads boosters everywhere to join in the camping trip and every effort will be made to make the trip a pleasant as well as a profitable one.

Girls and Boys, are you Progressing in the World, or are You Moving Backward?

Are you chained to a small job and a small salary? Are you in a rut where you are just holding your own, where you are not improving yourself and have no future? Don't think you are standing still. You can't; you either move forward or backward. If you are not progressing, you are losing ground. You have ambition, you want a good position and prospects for success in the future. Don't allow yourself to stay on a small job and a small income, without making any progress in life. Get your feet on the ladder of success. How are going to do it?

There are several ways from here to there. You can travel the twenty-five thousand miles around the earth and arrive in the next street, or you can take a straight line across the block and reach your destination in two minutes. The world is full of people trying to cross the block by going around the world. The ones who get somewhere are the ones who know how to select a direct route.

The direct route to a good position is thru the Tyler Commercial College.

If you don't believe this, go out some day and make a dozen applications for positions. Approach the employer and say: "I would like to have some kind of position," and when you are asked what you can do, tell him you haven't any particular training, but that you can do most anything. Ninety-nine times out of a hundred he will tell you he wants a bookkeeper, stenographer, typist, or somebody that can do some one thing in a superior way.

There is a short cut to business success and there is a long route, and when you are young you have the opportunity to select the one or the other. Doubtless you can get some kind of a job in a business and work up; but don't underestimate the difficulty of the task of working up. Successful business men

are too busy to teach school in their office. Select the shorter, direct route, through the T. C. C., and you will reach your destination early enough to enjoy the fruits of the journey.

You do not have to be a sage to understand that these things are true, but you will be a wise young man or woman if you realize their significance, realize that they apply to you and not to some one else, and take advantage of the opportunities that the right sort of action will open up. Take a course with us and we will place you in a good paying position as soon as you finish. Fill in coupon below and mail to us for free catalogue, descriptive of our courses of bookkeeping, shorthand, business administration and finance, telegraphy, cotton classing, etc. and of the largest commercial training institution in America.

Don't Let Your Wife See This, She Imagines it Anyway

An employee of the Marathon Paper Mills company, tired of hearing men boast of their importance, dug up the fact that, according to scientific investigation, the ingredients of a man, plus water, are as follows:

Fat enough for seven bars of soap.

Iron enough for a medium-sized nail.

Sugar enough to fill a shaker.

Lime enough to whitewash a chicken coop.

Phosphorus enough to make 2,200 match tips.

Magnesium enough for a dose of magnesia.

Potassium enough to rid a dog of fleas.

This whole collection is worth 98 cents, and that in a day when things are three times as high as they used to be.—Collier's.

CATARRAL DEAFNESS is greatly relieved by constitutional treatment. HALL'S CATARRH MEDICINE is a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result. Unless the inflammation can be reduced, your hearing may be destroyed forever. HALL'S CATARRH MEDICINE acts through the blood on the mucous surfaces of the system, thus reducing the inflammation and assisting Nature in restoring normal conditions. Circulars free. All Druggists. Junction Electric Shoe Shop Has Put on New Front.

The owners of the building occupied by E. O. Lowgren, boot and shoe shop, have recently overhauled the building, adding much to the appearance of the building and making a more desirable business house for Mr. Lowgren's shop. This is in line with numerous recent improvements and additions in the town, which show that times are getting better and that Junction is continually on the up-grade.

The business of the Junction Boot and Shoe Shop is one of the best in its line in this part of the state. The shop is electrically equipped and the class of work done has brought customers from many other counties in this section.

MAKE HAY WHILE THE SUN SHINES

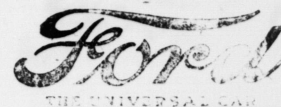

Don't get discouraged with the dry weather. The rains will come in due time. Don't overlook saving that small crop of hay or grain that is ready to harvest now. Put up what you have already made, then arrange to take care of the crops to come on later.

The apparent abundance of hay should not cause you to neglect to save it all. It will all be needed this winter.

A good feed supply will be your best friend when cold weather and feeding time comes on.

THE ONE-TON TRUCK.

The Ford One-Ton Truck first made its appeal to the farmer and the merchant because of the merits of Ford Cars. And it made its wonderful reputation and great sales record because it lived up to every claim made for it.

The reliable Ford Motor, the Special Ford Steel chassis the aluminum bronze worm-drive, all combine to produce a truck of unusual power, capacity and strength—a truck that lasts in service; a truck that solves the haulage problem at a very small operating and upkeep expense.
