Fake 'Priest' Charged in Theft Cases

Theft charges were filed April 10 in Corpus Christi against John D. Ephrem, 25, of Rockport who listed "priest" as his occupation on an arrest sheet at the city jail.

A store owner told officers that a man identifying himself as a priest told her he needed furniture to fix up a place for five nuns to stay while his church was being built in Rockport. He told the proprietor that \$50,000 was on its way to the church, so he was given credit.

Authorities said that a sleeper sofa, two tables and two lamps were loaded by the "priest" on a U-Haul trailer being pulled by a car that was obtained with a down payment check that bounced. Authorities said the car later was returned.

The store owner became suspicious when she tried to contact the priest and he could not be found. She contacted a priest in Rockport and he told her that there was no priest by the name she mentioned, nor was anyone building a new church.

Telephone checks at other local furniture stores revealed that the "priest" had been by. One store tried to deliver furniture at the church but couldn't find it. Another allowed the "priest" to take a sewing machine on credit, according to police reports.

City Votes to Boost Water Rates to Offset Higher Costs

The City Council Monday night voted to increase water rates, beginning with the May billings, to offset the higher cost which the city is now paying for water.

The city now pays Aransas County Conservation and Reclamation District 34 cents per thousand gallons whereas the former cost was 31 cents. The Reclamation District had to

raise the price because of an increase in the cost it pays to purchase the water from San Patricio Municipal Water District which in turn is now paying the City of Corpus Christi a higher rate for the treated Nueces River water.

The increase to City of Rockport water users will start with a boost from \$4 to \$4.15, the minimum rate for 3,000 gallons, and also will include a revamped schedule for users of larger amounts of water.

Coupled with the water rate increase was a hike in the charge for tap fees for new customers to connect with city water lines to cover the increase in the cost of materials.

As one city official explained, "We needed increased revenue of about \$12,000 per year to cover the increased costs, and the actions taken should accomplish this."

The vote was three to one, with Aldermen Charlie Garrett, N.F. Jackson and Seth Steele voting yes and Alderman Joe "Pepe" Zambrano voting no. Zambrano said he voted no because he thought the City of Rockport should have been notified earlier about the increases in the cost of water that were passed on to Rockport. He said he objected to the report that San Patricio District increased the charge Mar. 1, but Aransas Reclamation and City of Rockport were not notified until late in March.

Other actions included: --Garrett and Jackson, who were re-elected aldermen April 5, were sworn into office by Mayor Walter S. Falk, Jr.

--Council voted to renew hospitalization insurance coverage for city employees with Hartford Insurance Company. Other bidders were Blue Cross-Blue Shield and Travelers Insurance Company.

--Falk reported that the amount of tax revenues affected by Homestead Exemptions signed for was: 100 per cent, \$7,521; 97 per cent (less 3 per cent discount allowed), \$7,295.

--Council passed an ordinance establishing a \$250 fee for occupational license/mixed drinks.

--Passed a resolution requested by the Chamber of Commerce offering the city's assistance in planning Bicentennial programs.

--Received the draft of a personnel policy manual prepared by Mike Meek, student at Texas A&I University and voted to thank Meek and write a letter to the president of his university expressing appreciation for an outstanding job.

--Set May 12 to open bids for a new bookkeeping machine.

--Accepted the resignation of Noah Taylor from the Board of Adjustments.

--Granted a permit and agreed to waive fees for the sale of tickets here for the Navy Relief Festival to be held June 7-8.

NEW HANGAR at Aransas County Airport will look very much like this clear span jet aircraft hangar at Dallas Love Field (only smaller). The

District Judge John Miller Sets Criminal Trial Dates

William A. Hayes, an 18-year old itinerant, will go on trial for his life in 36th district Court here April 28.

Hayes who told Judge John Miller that his parents in Tucson, Arizona, have said they "hope it comes out good," entered a plea of not guilty to the charge.

David Connery was appointed to represent Hayes who said he is unable to pay a lawyer. Statutes provide that Connery will be paid a minimum of \$250 a day for his work of defending in a capital murder case.

Assistant Dist. Atty. Tom

Bridges told Judge Miller at the arraignment that the state will seek a death penalty.

Hayes is charged in two counts with the killing of Lee Golibart, an elderly Rockport resident.

In other business at the call of the criminal docket in Aransas County, 36th District Court, Judge Miller:

Ordered the re-arrest of Richard Arispe on a charge of possession of heroin and the setting of a new bond of \$10,000. The trial was set for April 21.

Ordered re-arrest of Stephen Brown who is charged with burglary. His trial was set down for April 21.

Reported the \$500 bond of Robert Fisher, who was charged with burglary, has been forfeited.

Passed the untried case of Taylor Blocker, who is on probation at present and still is charged with delivery of marijuana to another time.

Directed the assistant district attorney to proceed with extradition from Georgia of Robert Michael Arnett who is charged with theft.

Set April 21 trials for Tomas Garcia and Armando Rodriguez who are charged together with burglary of a habitation and who entered pleas of not guilty upon their arraignment Thursday; for Lex Newton Braudrick, who is charged with murder, and also for Tana Renee Murillo who is charged with attempt to commit murder and aggravated assault.

Addition to Airport Hangar

On April 14 there was a regular meeting of the Commissioners Court with the following members present: John D. Wendell, County Judge; Erie Eller, Commissioner Precinct No. 1; Ray Longino, Commissioner Precinct No. 2; Raymond Owens, Commissioner Precinct No. 3 and Charlie Hale, Commissioner Precinct No. 4.

Came on for consideration an addition to Airport Hangar. After due discussion it was voted to have concrete aprons constructed at a cost of \$8,875. It was also decided to have mercury vapor lights installed at a cost of \$1640.

Reports of D.P. Pawlik, County Extension Agent, and Karen Vaughn, Home Demonstration Agent, were presented to the Court.

An affidavit was submitted by Tax Assessor-Collector Margaret Weber stating Tax Certificate No. 392 was issued in error on Lot 31, Block 1, Copano Cove Unit #6. It was voted to accept affidavit of error and cancellation certificate.

Dan Pawlik, County Extension Agent, introduced Mrs. Marcie Brown, Home Demonstration Agent, to the Court. She will start her position as Home Demonstration Agent on May 1 for Aransas and San Patricio Counties. Pawlik also reported on some of the activities of the extension service in Aransas County.

NOTICE

Members of the Stateman's Club and their guests are invited to attend a program presented by a representative from C.P. & L. titled "Energy and You" at 7:30 p.m., April 17, at the Stateman's Club located in United Savings Building in Rockport.

Seek Funds for Feasibility Study for Countywide Sewers

Possible ways of obtaining money -- \$5,000 to \$10,000 -- to pay for an engineering feasibility study on a possible countywide sanitary sewage system were discussed at length at a meeting of Aransas County Conservation and Reclamation District board of directors April 8 at the courthouse.

It was explained that such a study is necessary before formal application for federal and state funds for such a project can be made. Further, the

Conservation and Reclamation District, created by an act of the state legislature has no authority to raise money by taxation.

This problem has been under active consideration since federal funds, which would be expected to pay about 75 per cent of the cost of the sewer project, were again made available recently.

At a previous meeting of the board it was decided to ask the Coastal Bend Council of Governments to refine and localize its existing survey of sanitary sewage needs in the Coastal Bend area so as to provide Aransas County with the material required for a request for federal funds.

Board President Jack McDavid reported that such a request had been made but the Council said it has no funds available to meet the Aransas County request.

San Patricio Municipal Water District has a similar problem but was able to get appropriations from three of its four cities to pay for the feasibility study. Aransas County has no similar source of funds, McDavid said. He added that any money available from the Aransas County Conservation and Reclamation District water operations cannot be used on the sewer proposal.

It was suggested that as a last alternative the state legislature might be asked to grant Aransas County Reclamation and Conservation District limited taxing power with which to raise enough money for a feasibility study. However, it was decided that this was not a very promising prospect.

McDavid reported on a recent conversation with Gene Urban of Urban Engineering Co., which serves the city of Rockport as consulting engineers, about other possible sources of funds.

Urban pointed out that it might be possible for some small group in this area which represents interests with a pressing sewage problem to raise money for a county feasibility study.

The board will investigate this possibility and also explore other possible sources of funds, although it was admitted that prospects were not promising for positive action on a countywide sewage system at this time.

Following notification from San Patricio Municipal Water District that it is raising water rates charged Aransas County Conservation and Reclamation District by three cents per million gallons effective with the March bill, the local board, by resolution, increased its rate for water sold to the city of Rockport by the same amount.

The San Patricio water district explained that the rate increase was caused by the city of Corpus Christi upping its rates for treated water sold to the San Patricio district and in turn to the Aransas County board and the city of Rockport.

It was pointed out that this was the first water price increase since 1969.

NOTICE

For all interested people who would like to play in the Rockport Softball League and not already a member of any team, there will be a meeting on Monday, April 21 at 7 p.m. at the First Baptist Church Fellowship hall. If unable to attend call 729-5883 after 7:00 p.m.

Award Contract for New Hangar At Aransas County Airport

County commissioners have awarded a contract to Metal Building Sales of Ingleside on its low bid of \$98,572 to build a new hangar at Aransas County Airport.

Other bidders were Canterbury Construction Company, Rockport, \$106,122; Marshall Company, Corpus Christi, \$132,000; Don E. Hansen, Rockport and Ft. Worth,

\$108,600; and D & R Sales, Corpus Christi, \$120,900.

County Judge John D. Wendell said construction work on the new hangar was scheduled to begin this week. The metal structure will be 120 feet by 117 feet and will be the pull-through type hangar with doors on each side, providing extra convenience for moving planes from the hangar.

Judge Wendell emphasized that no airport tax will be necessary to pay for the hangar. "Monies are available," he said, "and no bond issue will be required. The available funds are derived from oil leases, oil revenue, pipeline easements and airport rentals."

He went on to say that the hangar will pay for itself since there already are enough requests for space to assure a rental income of from \$1,000 to \$1,200 a month.

Other actions at the Commissioners Court meeting April 9 included:

A letter was read from Mrs. Peggy O. Bloch complaining about drainage in front of her property. Commissioner Charley Hale asked the county surveyor to make a study of the problem to see what can be done to correct same.

Sheriff Bob Hewes requested permission for E.A. Stautzenberger, Chief Deputy, to attend the Sheriff's Conference in lieu of the sheriff. After due discussion it was moved by Commissioner Raymond Owens to grant permission.

Motion was seconded by Commissioner Ray Longino.

Motion carried unanimously.

A letter was read from District Attorney John H. Flinn requesting approval of salaries of personnel fixed by the District Attorney under Grant No. AC-75-D02-2796 for a period of March 1, 1975 to February 29, 1976. It was moved by Commissioner Effe Eller to approve same.

Motion seconded by Commissioner Hale.

Motion carried unanimously. The following letter was read from Rockport Yacht and Supply Company:

Dear Judge Wendell:

Please be advised that Rockport Yacht & Supply Company, Inc. intends to exercise its option to renew and extend the lease for the property on which the airport houses are located. A check for \$750.00 as called for under the lease agreement will be sent to you annually for ten (10) years on or before the 30th day of April of each year. The first check will be sent to you on or before April 30th of 1976.

Sincerely yours, Thomas N. Smith, III Vice President

It was moved by Commissioner Hale that the court acknowledge receipt of notice to extend and renew the lease for an additional ten years.

Motion seconded by Commissioner Longino.

Motion carried unanimously.

Agnes Harden, District Clerk, met with the court and requested a raise in salary. Matter left pending until the Court can go over the 1975 budget.

The Commissioners Court canvassed the returns of the County School Trustee election held on April 5th as follows:

Blas Ramirez, County Trustee at Large, 415 votes; Gilbert Hill Sr., Precinct No. 2, 132 votes; and Dennis Jenkins, Precinct No. 3, 245 votes.

James Tumlinson met with the court and requested a sign be placed at the Transfer Station.

After due discussion it was moved by Commissioner Hale that a sign be placed at the station advising haulers and others bringing garbage and debris to the station they must comply with Article 6674-2, Sec. 2, Part B and Article 6701d-11 Section 3, Texas Motor Vehicle Laws of the State of Texas.

Motion seconded by Commissioner Eller.

Motion carried unanimously.

Bond Sales Total \$12,729

Fred Bracht, Aransas County chairman for U.S. Savings Bond sales, reports that so far this year, U.S. Savings Bond sales in this county total \$12,729, or 21 per cent of the annual goal of \$60,000. The February sales total was \$10,151.

Child Abuse Film April 17

This Thursday evening a film on child abuse will be shown. Admission is free and the public is invited. It will be shown at the Rockport-Fulton High School Auditorium.

The Young Homemakers of Texas are sponsoring the viewing that will be coordinated by the County Welfare Department.

Mrs. Virginia Shaw and Grady Rhoads, both public workers, will be in charge of the fourteen-minute film, "Wednesday's Children." A brief lecture will be given before the film and a question and answer period will follow.

A Texas study in 1973 confirmed 2,509 cases of child abuse out of 4,000 suspected cases. Of these, 104 deaths occurred. Abused children range in age from infants to adolescents. Fifty percent are six years or younger.

The State Department of Public Welfare maintains a child abuse report system at its central office in Austin. It is called CANRIS (for Child Abuse and Neglect Report and Inquiry System). Texas law now makes it a misdemeanor not to report child abuse. The law provides immunity from prosecution to those making reports, unless the report was made in malice.

To report child abuse, contact the local office of the Department of Public Welfare, or local law enforcement authorities, or call this toll-free number, day or night: 1-800-292-5400.

All local citizens are invited to attend this informative film at 7:30 p.m., April 17, at the auditorium of the High School.

Immunization Clinic April 22

The monthly immunization clinic will be held Tuesday, April 22 from 1:00 p.m. to 4:30 p.m. at the Public Health Office, 814 E. Market (where Family Planning is also housed).

Immunization shots available will be DPT, TD, polio, measles and rubella. TB skin tests will also be available.

All records of previous immunization or skin tests should be brought to the clinic with the child.

Community Leaders Planning October Seafood Festival

What is expected to be the biggest community event since the Aransas County-Rockport Centennial celebration of five years ago is being planned for the first week in October by a group of local business and civic leaders. It is planned to make the festival an annual affair coming at the end of the summer season and before the winter tourist season starts.

The celebration, probably to be known as the Seafood Festival of Aransas County, would be designed to provide a focal point for a united community effort and to help sell the attractions of this area to visitors from south Texas.

Although a definite program for the event has not yet been developed, tentative plans indi-

cate that it would be somewhat similar to the Centennial program but on a smaller scale and would be limited to one week-end of two or three days.

Activities would be centered in the Navigation District park adjacent to the ski basin with a variety of booths for displays and for sale of merchandise with emphasis on sea food products typical of this area.

Other suggested activities include a fishing tournament, sailboat regatta, tennis tournament, skiing show, boat parade, street parade, rodeo and horse show, art show and antique exhibit, square dance, street dance and band concerts.

It is anticipated that cost of the celebration would largely be paid from booth rentals on a percentage of sales. However, it will be necessary to raise some funds in advance to pay initial costs.

Booths would be operated by area organizations or individuals. Some of the booths suggested would feature shrimp boiling and peeling, crab boiling and cracking, oysters, fish frying, sea food gumbo, tamales, tacos, pizza, trout or catfish tank, oyster opening contest and beer and soft drinks.

It also is hoped to have exhibits by Texas Department of Parks and Wildlife, Coast Guard, boat dealers, antique and sea shell collectors, as well as arts and crafts.

The festival organization will be incorporated for protection of participants and the community. A small steering committee of which Bill Christian is chairman, has been organized and has started a series of meetings at which a more specific program will be developed. Soon other committees will be formed to involve a representative cross section of the community, according to Christian.

"We feel there is a need for an annual community-wide celebration such as this which will involve all residents of Aransas county. We hope the spirit and atmosphere of this festival will be similar to that which made the Centennial celebration so successful," Christian said. "Also, October provides some of our finest weather - a good time to entertain and impress our neighbors from surrounding cities," he added.

Members of the steering committee, in addition to Christian, include Joe Lister, Jim Fowler, Mayor Walter S. Falk, Jr., Don Milks, Mick Ladner, Dr. Jerry Shaw, Bill Janeeck, Gordon Stanley, Pete Sanders, Joe Hugenberg, Dusty Smith and Dave Crooks.

Police Report For March

Chief of Police James Craig-mille presented the following police report for March to the City Council:

Accidents: 1974, 9; 1975, 11.

Traffic citations: Disobeyed Stop Sign - 3, Exceeding Speed - 2, Excessive Noise (Tires & Mufflers) - 3, Failure to Control Vehicle (Accident) - 1, Failure to Yield Right of Way - 3, Following Too Closely - 2, Improper Start - 1, No Driver's License - 2, Speeding - 18, No Tail Lights - 1.

Criminal Charges: D.W.I. - 1, Disorderly Conduct - 2, D.I.P. - 12, Murder (Capital) - 1, Possession of Narcotics - 1, Resisting Arrest - 1, Warrants Served - 3.

Calls Received and Answered, No Legal Action Taken: Ambulance - 8, Assist County - 18, Animals - 2, Emergency Messages - 7, Family Disturbances - 6, Fire - 7, Funeral Escort - 6, Miscellaneous - 47, Prowler Calls - 6, Junked Cars - 1.

Wynne Armstrong

Tomasita Pena

tion and Tomasita Pena won a third place in typing competition.

Other students who participated in the spring literary meet held in Calallen last Saturday were:

Bonnie Evans, Donna Franklin and Tomasita Pena in poetry interpretation.

Teresa Milks, Bobby Close and Annette Ledbetter in prose reading.

Lisa Fain, Mary Grace Flores and Clarissa Ramirez in spelling.

Russell Little, Jean Picarazzi and Wynne Armstrong in number sense.

Wade Evans, Jean Picarazzi and Steven Williams in science.

Fred Kleine, Wynne Armstrong and Melinda Hearn in slide rule.

Marla Rowan and Sammy Odums in shorthand. Sammy Odums' name was placed on the alternate list as having received a ranking of fourth place in dictation.

Patsy Bateman, Barbara King, Jena Miller, Tomasita Pena and Alan Stafford participated in the typing contest.

Tina Wallich and Rhonda Smith in debate.

Nancy Goodin, Kerry Mosier and Becky Werhan participated in the ready writing competition in Bishop on April 8.

A happy woman, Joyce Close, has accepted her victory award—a silver plaque—announcing to all that she has won the Bowl Your Way to Europe Tournament.

John Blair, right, received a beautiful silver plaque from Chuck Kirkpatrick, center, manager, after winning the Bowl Your Way to Europe Tournament.

Local Bowlers Win Tourney

John L. Blair and Joyce Close of Rockport won the local roll-off Saturday, April 12, in Brunswick Coastal Bend Lanes "Bowl Your Way to Europe" Tournament.

Chuck Kirkpatrick, manager

of Brunswick Coastal Bend Lanes in Aransas Pass, announced the results. He added, "Our two local champions will now represent this center in the 10th Annual International Tournament Finals scheduled for Washington, D.C. May 23, 24 and 25."

Blair, who lives in Rockport, topped 35 other male bowlers

to capture the title. He rolled 207 in his third game, 41 pins over his 166 average.

Close, who also lives in Rockport, won the women's title on a 204 game, 46 pins over her average.

Finishing second in the men's division was Al Untermyer of Ingleside and Charles Peters of Aransas Pass with a tie of 40 pins over their average for a single game.

Sue James of Rockport was the second place woman with a game 41 pins over her average. Third place man in the tournament was Abe Bedre of Aransas Pass with 35 pins over his average.

Shirley Rathburn of Aransas Pass also finished 35 pins over average in her second game to place third for the women.

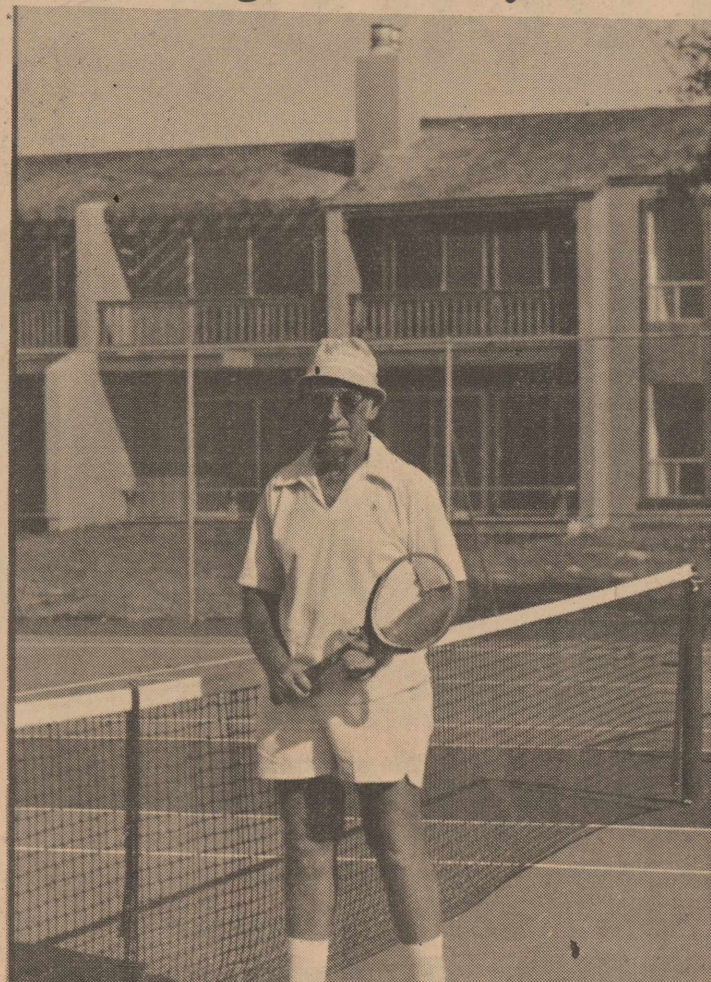

Alonzo Evans To be Honored

Alonzo Wade Evans, student at Rockport-Fulton High School, will be one of the graduating seniors from 150 Texas high schools to be honored this spring by the Texas Chemical Council with a science award for excellence in chemistry, science and math.

Those receiving the awards were selected as the "outstanding seniors" from their schools in the science-chemistry-math field. Selections were made by principals and science department heads on the basis of scholarship, imagination and scientific aptitude. Only one student per school could be nominated.

In addition to receiving the science awards, the winners have been invited by the Texas Chemical Council to participate in an essay contest, with the winning writer and his school to split equally \$1,000 in cash awards by the Council. The ten runners-up in the essay contest will receive good quality calculators. The Council is an association of 64 chemical companies which have manufacturing facilities in Texas, with offices at 1411 West Ave., Suite 103, Austin, Texas.

Jim White Fine Photographer, Outstanding Tennis Player

By David H. Crooks

One of the unsung proponents and promoters of tennis in the Rockport area is Jim White, skilled amateur photographer who is a retired attorney and one-time F.B.I. agent.

Almost all of the good photographs of tennis players and tennis action published here in the past year or more have been the product of White's skill.

White and his wife, Mae, live in a Rockport Racquet and Yacht Club condominium, although his friends think it would be more accurate to say that he lives on the courts of the Racquet Club where he can be found playing or practicing for hours almost every day.

It might be said that White "pictures what he preaches." He has taken literally hundreds of photographs, all in color, of tennis players and tennis matches, most of the pictures of highly professional quality.

Associates believe that his pictures and his personal participation in the game have had a marked influence on the growing popularity of tennis in the Rockport area.

It all started about a year and a half ago when White moved to this area on a permanent basis after retiring from an active law practice in Albuquerque, N.M. Because he had always been active in sports, White felt the need for a retirement sports hobby to supplement his

strong interest in photography. He decided that tennis was the most promising and the most convenient because there were courts at his very doorstep.

White had played football and baseball in college followed by a brief career in professional baseball. He had never played a game of tennis.

So in his sixties, an age when many retired men take to a rocking chair in front of a television set as their main form of recreation, White embraced tennis with enthusiasm and determination.

His first lessons were with Jim Langham, formerly the professional at Key Allegro Tennis Club, and later with John Gutzke, Racquet Club professional. At first progress was slow, but his sense of coordination, developed in other sports, helped. In the beginning youngsters and oldsters alike beat him with ease.

Not so today. He has become an excellent club player, one of the best in his age group. And he regularly beats players as much as 20 years his junior. Almost from the first he participated in club tournaments, not just to win but to help sharpen his game and to demonstrate his support of tennis as a popular game.

Tournament success eluded him until last month when he won his first tennis trophy -- a can of tennis balls -- as a member of the winning Green team in the Racquet Club's first team tournament. He has the can of balls displayed above his fireplace and says he is considering having it suitably engraved.

He won his first honest-to-goodness tennis trophy, complete with engraving, in the Racquet Club's second annual Spring tournament late in March. He was a member of the runner-up team in Division B, men's doubles.

Not only have Jim White's tennis photographs helped popularize tennis for all ages, but by his personal example he has demonstrated that age is no barrier to participation in and enjoyment of America's most rapidly growing sport.

Some might think Mrs. White is a tennis widow. Not so. She plays tennis, too.

John Mitchell Is Honored

John P. Mitchell, Jr., (right) president of Rockport Rotary Club, was honored for 35 years of perfect attendance at the weekly meeting of the local civic club April 9 at Ramada Inn. Rotarian Bill Janacek presented Mitchell with a pin emblematic of his service with the club.

Mitchell joined the Corpus Christi Rotary Club April 9, 1940 and transferred his membership to the Rockport Rotary Club in 1972. He is president of Ocean Bounty, Inc., co-owner of a fleet of shrimp boats and a director of First National Bank.

Until his recent retirement, he was vice-president and general manager of Rockport Yacht and Supply.

At the meeting, James W. Hunt, Aransas County veterans' service officer, discussed benefits available to veterans and pointed out that many are not taking advantage of them, largely because they do not know about them.

He said that benefits paid local veterans have grown from approximately \$15,000 to about \$300,000 a year in the past 10 years. He added that there are now about 1,000 active veterans' files in the county.

Anyone who was on active duty for 90 days or more during conflicts from World War I to Vietnam is entitled to some type of benefits, he said.

Hunt discussed the difference between service-connected disability and non-service connected disability with reference to benefits available.

For veterans without service connected disability there is a death benefit payment of \$250 with possible additional money to pay for a burial lot. Death benefits for a veteran with a service connected disability may amount to as much as \$850, Hunt said.

He stressed the importance of safeguarding service records, especially discharge papers, to facilitate processing claims. He said these papers can be made a permanent record by filing them without cost at the county clerk's office. He added that thousands of service records were lost in a recent fire in the St. Louis veterans' record center.

Hunt explained that veterans' home loans up to \$17,000 are guaranteed by the federal government and are available at 8 1/2 per cent interest.

Hunt also described the Texas veterans' land program under which a Texas veteran can borrow up to \$10,000 to purchase 10 or more acres of land at 5 1/2 per cent interest over 40 years. A 5 per cent down payment is required plus \$70 for appraisal and contract fee and a \$130 closing fee. A move is underway to increase the loan total to \$15,000, he said.

Hunt, who is employed on a

Circle Meets

Mrs. E.W. Brant was hostess at her home April 10 when thirteen members of Circle 1, Women of Presbyterian Church, met for the monthly meeting. Coffee and fruit juice were enjoyed with cookies during the social hour.

Mrs. Melvin Rheinlander, chairman, opened the meeting with prayer and presided. Several service projects were discussed and approved.

Mrs. Johnnie Schleider will serve as chairman for the next Women of the Church year, beginning in October.

Mrs. L.V. Clark read a prayer by Tulia Koro of Fiji Islands as Least Coin offering was received. Mrs. W.L. Reasor moderated the Bible lesson from Book of Matthew.

Mrs. Schleider will be hostess for the May meeting, with Mrs. Ted Little as Bible lesson leader.

TORNADO SEASON AT HAND

College Station -- Texas had the dubious honor of leading the nation in the number of tornadoes last year with 116. And another tornado season is at hand.

"Most tornadoes occur during April, May and June during the late afternoon although they can occur at any time of the year or any time during the day," points out Wayne Keese, agricultural engineer with the Texas Agricultural Extension Service.

Most tornadoes occur in the South and between the Rockies and the Appalachians.

"With a total of 944 reported tornadoes in the United States last year and 361 resulting deaths, 1974 was the worst year for tornadoes since 1925," points out the Texas A & M University System specialist.

Although the average annual number of tornadoes reported has quadrupled in the past three decades, the number of tornado fatalities has been decreasing. This is probably due to better methods of sighting tornadoes, warning systems and advance preparation for tornadoes, notes Keese.

Tornadoes usually travel southwest to northeast and stay on the ground about 10 minutes. Their forward speed is about 30 miles per hour but wind speeds in the funnel of a tornado get up to 300 miles per hour.

"Because tornadoes are so erratic, it's hard to tell just where or when they will occur," points out the engineer.

He stresses the importance of having a well rehearsed plan for quick action if a tornado is sighted.

The National Weather Service issues a "tornado watch" when atmospheric conditions are favorable for tornadoes. A "tornado warning" is issued when a tornado has actually been sighted or detected by radar.

"If a tornado watch is announced, stay turned to a radio or television for weather advisories. A tornado warning demands action, so you should quickly move to a basement, cellar or civil defense shelter," advises Keese. "Keep a battery powered radio handy in case power is lost."

If your home doesn't have a basement or cellar, go to the lowest level in the center of the home or get in a closet or small room or under heavy furniture, suggests the engineer. Open a few windows to allow for sudden air pressure changes.

"Stay away from windows and buildings such as gymnasiums and auditoriums with wide free-span roofs. If you live in a mobile home, move to a shelter area. If you are caught in open country, move away from the tornado at a right angle to its path or lie flat in a ditch or ravine," he adds. "Do not stay in your car if you cannot safely evade the tornado by driving away from it or at right angles to its path."

If you sight a tornado, report it promptly to the nearest law enforcement officer, but do not tie up the phone with unnecessary calls.

"After a tornado, always wear thick-soled shoes and gloves in cleanup work and watch for broken gas pipes and downed electrical wires," warns Keese. "Don't light matches or smoke in or near a building that has been hit by a tornado until you are sure there are no gas leaks."

"Furthermore, stay away from disaster areas unless you are helping with rescue and cleanup operations."

Seafood -- Sumptuous And Satisfying

College Station -- Seafoods can be a delicious way to satisfy the family appetites. Mrs. Mary Sweeten, foods and nutrition specialist noted this week.

"Fish and shellfish also provide nutrients such as protein, minerals--iodine, iron and calcium-- and Vitamins A and D," the specialist with the Texas Agricultural Extension Service, The Texas A & M University System, said.

Seafoods are easy to prepare and substitute readily for red meat or poultry in casseroles, soups or stews.

"Herbs, spices, onion and butter or margarine are favorite additions to any seafood dish."

"Red snapper is in season now and can be baked or broiled in lemon and butter. Served on a bed of rice, it adds interest and flavor to any tired menu," the specialist noted.

It's never too late to start driving carefully--especially on your vacation trip.

Fire Dept. Ladies Aux.

The Ladies Auxiliary of the Rockport Fire Department met April 8 for their regular business meeting. Vice-president Gwyne Howland called the meeting to order with twelve members answering roll call.

Secretary Frances Redden read the minutes of the March meetings and they were approved. The treasurer's report was then given by Joan Truelove.

Frances Redden and Ivala Hinz will furnish cakes for the firemen's May business meeting.

The date of the annual auxiliary dance was discussed and changed from May 10 to May 31, and Johnny McBee will supply the music.

The winners selected in the fire prevention poster contest were as follows:

Primary - 1st place, Martin McNutt, Fulton Elementary; 2nd place, Darren Gurley, Rockport Elementary; 3rd place, Robbie Graham, Live Oak Elementary.

Intermediate - 1st place, Roy

Boudoin, Fulton Elementary; 2nd place, Susan Woody, Fulton Elementary; 3rd place, Eric Commander, Fulton Elementary.

The delegates appointed to represent the auxiliary at the South Central District Firemen's convention to be held in Gregory on April 20 will be Frances Redden and Judy Kelly.

Lois Gurley was elected captain of a Pumper Racing Team and Joan Truelove was elected co-captain. The team will race at the Gregory convention.

Members present were Judy Kelly, Mona McNutt, Joan Truelove, Frances Redden, Gwyne Howland, Cleo Truelove, Teet Mullinax, Lois Gurley, Cathy Borey, Terry Roberts, Teresa Howland and Kathy Ratliff.

P.E.O. NEWS

Chapter EO, P.E.O. will meet at the home of Mrs. R.L. Eckman, 1605 Bay Shores Dr., at 1:00 p.m. on April 22nd. Program on "Enjoying the P.E.O. Record" will be presented by Mrs. W.K. Stou-dinger.

Best Sellers At Library

The following best sellers are available at Aransas County Public Library:

FICTION

Lady Bowlers Meet Apr. 23

The Coastal Bend Women's Bowling Association will meet at 1 p.m. on April 23 at Coastal Bend Lanes in Aransas Pass.

Items on the agenda: 1. Election of officers - president, treasurer and 4th vice-president. 2. Budget for 1975-76. 3. Year book for the Association. 4. All other business properly to come before the meeting.

Bowling party after business meeting. Prizes donated by local merchants.

Rules:
1. Entries are open only to 1974-75 members of Coastal Bend W.B.A.

2. Time of entry is from 12:30 to 1:30 p.m. 23 April 1975. Bowlers must attend the Coastal Bend W.B.A. business meeting.

3. Bowlers must pay cost of their bowling. A bowler may enter only one game or two games; however to be eligible for series prizes a bowler must enter all three games before bowling starts.

4. Highest league average will be used - averages will be taken from current league standing sheets posted in the bowling lanes.

5. 75% of 200 will be used for handicapping.

6. The same bowler cannot win both the scratch and handicap prize in the same game. The same bowler cannot win both the scratch and handicap series prizes.

7. Prizes will be given for: 1. Highest scratch games - one for each of the three games. 2. Highest hcp. games - one each for the three games. 3. Highest scratch series. 4. Highest hcp. series. 5. All 200 and over games.

Prizes donated by: Brunswick Coastal Bend Lanes, Dairy Queen, Duck Inn, Encina Plaza True Value Hardware, In Beauty Shop, Johnson's Drugs, Kim's Bar-B-Que, Pearson's, Sea Gun and Winn's.

Woman's Club Installation

The annual luncheon of the Woman's Club of Aransas County was held at the Ramada Inn on April 8. The tables were beautifully decorated; red tablecloths were used and many different seashells placed down the center. Floral centerpieces were composed of mums, gladiolus and hydrangea. At each place was a clever what-not favor made of gold sprayed styrofoam block decorated with a sand dollar mushroom, tiny plastic flowers and a gold sprayed miniature twig tree with seashell butterflies. Decorations and favors were planned and made by the social committee, composed of Mrs. W.R. Schocke, Mrs. Willard O. Young and Mrs. Roy Burke. Outgoing and incoming officers were presented with white carnation corsages.

After the luncheon, a business meeting was held. Mrs. James Garrison presided over the installation of the following new officers: Mrs. H.C. Bristow, president; Mrs. B.M. Taylor, 1st vice-president; Mrs. C.E. Ohrling, 2nd vice-president; Mrs. W.E. Blackshare, 3rd vice-president; Mrs. Fred Bracht, 4th vice-president; Mrs. John S. Tennent, associate house chairman; Mrs. Charles Watts, secretary, and Mrs. Henry Camehl, treasurer.

Mrs. Paul Morris, the retiring president, was presented with a pendant watch by the members of the club and a crystal relish dish by the officers.

She presented to each retiring officer and chairman of her various committees a beautiful handcrafted beaded pendant necklace from Turkey.

Bridge and canasta were then played and door prizes given. Door prizes were won by Mrs. J.A. Cox, Fulton; Mrs. Theil Sharp, Rockport; Mrs. Fred Hunt, Rockport; and Mrs. Mildred LeMaire, Rockport.

In bridge the 1st prize was won by Mr. J.D. Houston of Rockport and second prize by Mrs. R.T. King, Rockport. In canasta, 1st prize was won by Mrs. Chris Kofod of Rockport and second prize by Mrs. Mildred LeMaire of Rockport. The finale prize was awarded to Mrs. Henry Camehl.

A.A.R.P. News

As this goes to press, the first A.A.R.P. sponsored dance at the Recreation Building at the Airport has been held, according to Mrs. Irene Hopper, chairman of the entertainment committee.

Mrs. Dorothy Kaptur, program chairman, has advised that complete plans have been made for 50 people (booked solid) who are going to tour the Welder Ranch Wildlife Preserve on April 24. She urges all those booked to be present at the VFW Hall at 7 a.m. with a sack lunch on Thursday morning and prepared to enjoy a 2½ hour guided tour of this facility.

An inspection of the community garden, sponsored by A.A.R.P., reveals that a good crop of vegetables is under way. Mr. BeeHee, guardian of the garden, was observed spraying for the bugs that tend to bother a good garden. A good stand of corn, potatoes, tomatoes, green beans, cabbage, okra and many other things meets the eye on inspection of this plot on the corner of Highway 35 S. and #2165. Volunteers are still needed to keep the weeds down.

On April 9 70 members and 13 visitors assembled at the Airport meeting place for a regular business and fellowship meeting. Ed Gerchak, retiring president, presided and introduced Mrs. Pat Blackwell and Mrs. Mary Lueders from the First National Bank who explained the SOS Program sponsored by the bank and urged

that all the members present to be sure that they had a will and a proper record of their household items as well as their financial holdings.

The meeting was opened by prayer by Paul Hoover and the Pledge of Allegiance was given. After this, Mrs. Esther Decker volunteered to give A.A.R.P. a flag - a keepsake from her husband's funeral, a World War veteran.

After a report from the various committee chairmen, Paul Hoover, a member of the nominating committee, proposed the name of Don Stone as president to serve out the unexpired term of Ed Gerchak who had resigned. He was unanimously elected and all present pledged him their support.

At a meeting of the Concern Center executive committee, May 16 and 17 were set aside for an arts and craft display at the Concern Center and May 17 be designated as "Ruth Langham Day" honoring her for her untiring effort in the organization of the Concern Center. She will be present both days. Refreshments will be served by A.A.R.P. members.

Inadvertently, an article in the newspapers last week stated that the meetings were held on second and fourth Wednesday evenings of each month. This is incorrect as the meetings are held in the morning - the first meeting being held at 9:30 a.m., a business meeting, and the fourth Wednesday is at 11:30, a covered dish affair.

FAMILY REUNION

Mrs. Charles Redipennind, Panama Canal Zone Mr. and Mrs. Wilford Wildman and children, Mr. and Mrs. John Colson and children, Mr. and Mrs. Clarence Baughman & children, Mr. and Mrs. Jerome

Baerwald & children, Mr. and Mrs. Mike Pantuso & children, Mr. and Mrs. Robert Pepper, San Antonio, daughters of Mr. and Mrs. Henry Sievers were to gether for a family reunion at the Baerwald home in San Antonio over the Easter holidays.

7th Grade Track News

The 7th grade track team journeyed to Tuloso-Midway April 4 and placed sixth out of ten teams. Gregory-Portland won the meet.

The Bucs were paced by Esquivel Hernandez with 8 pts, placing second in the 1320 yard run, Miguel Contreras 7 pts, 3rd in the 660 yard dash, and running on the 440 yard relay which finished 5th, David Smith 5 pts, 4th in the 330 yard dash, and running a leg on the relay, James Stevens and James Cleine 1 pt. each, by running on the 440 yard relay.

A.A.R.P. Card Party

Hosts and hostesses for the A.A.R.P. card party at the Recreation Building of the airport on April 10 were Mrs. Mamie Whitaker, Mrs. Sybil Bone, Bill Kelso and T.H. Edmiston. There were 5 tables of bridge and one table of canasta.

Mrs. Marcella Hoffman took high prize in bridge with Ken Stickney getting the second prize. Mrs. George Marlow of Oklahoma City took first prize in canasta with Mrs. Hazel Glenn of South Fork, Colo., getting second. In beginner's bridge Mrs. Helen McCougue won high with Lou Mays getting second. Mrs. Helen Stickney got the bingo prize.

Next party will be on April 17th at 1:30 p.m., same place.

Fifth Grade Spring Concert

The Fifth Grade Choir of Rockport Elementary will present a Spring Concert Tuesday, April 22 at 7:30 p.m. in the auditorium. The choir will perform fifteen various selections. The public is invited to attend.

The choir members are: Cynthia Arthur, Maria Barrientes, Patrice Borey, Julie Coggins, Anna Dietrich, Gloria Dominguez, Roger Dominguez, Rebecca Flores, Deanna Garcia, Holly Garrison, Gay Harper, Michael Henderson, Lorrie Horton, Travis Huff, Kimberly Hunter, Dana James, Melody James, Bill Jennings, Denise Johnson, Brenda Lewis, Christine Maley, Kerrie Manceaux, Andrea Martinez, Clinton McElveen, Jr., Regina Sue Miller, Regina Kay Miller, Cheryl Moreley, Kathryn Morgan, Theresa Owens, Ruby

Pena, John Phelps, Samuel Porterfield, Sundi Price, Claudia Reiter, Diana Rieter, Guy Riley, Jane Saucedo, Cynthia Schexnider, Kathryn Smith, Tammy Stephens, Elma Valdez, Susan Walston, William Washko, Laurie West, Jeffrey Woodman, Debra Woods and Teresa Worthey.

USING HERBICIDES, FERTILIZERS ON LAWN

Using a combination fertilizer and weed killer on your lawn can create more work than it saves, says D.P. Pawlik, County agent for the Texas Agricultural Extension Service.

"Applying a fertilizer-herbicide mixture to the lawn can endanger desirable plants such as trees, shrubs and vines in the area. Many trees such as oak, mulberry and sycamore are highly susceptible to weed killers," points out Pawlik.

There is always danger of applying too much herbicide. While an overdose of fertilizer is not necessarily harmful, too much herbicide can ruin vegetation.

Another drawback of using a combination fertilizer-herbicide is that the most effective time to apply fertilizer is not always the most effective time to apply herbicide. Each type of herbicide must be used at a certain rate and time to be effective.

There is also the chance that a leftover mixture of fertilizer and herbicide may be mistaken for fertilizer and used for that purpose. This can do irreparable damage to the landscape.

By mowing your yard regularly and fertilizing, watering and providing good drainage, weeds will be less of a problem and you probably will not have to use a herbicide. If you do decide to use a combination fertilizer and herbicide, be sure to read all the precautions on the label.

PROMOTED

Oklahoma City -- An official at Tinker AFB, Okla., has announced the promotion of John C. Hamm to airman first class in the U.S. Air Force.

Airman Hamm, son of Mr. and Mrs. C.W. Hamm of Rockport, is a vehicle body repair specialist with a unit of the Air Force Communications Service. The airman attended Rockport Fulton High School.

OUTDOORS

'n things

by L. D. NUCKLES

Well - I have found out that somebody reads these little notes on the outdoors. Harry Foehner, an old friend of mine and an outdoor editor in the Valley, wrote me after reading last week's column about the chachalaca.

Harry says that the chachalaca is becoming a "city bird" in the Valley. They are leaving the dense, jungle-like growth of the deep brush and moving into the real jungles of the city alleys. He knows that they are living in the heavily populated portions of Harlingen, Brownsville, San Benito and Rio Hondo, and he suspects that they are probably making themselves at home in some of the other valley towns. He said that, although he lives in town, he can hear chachalaca calling along the nearby Arroyo Colorado.

Harry went on to point out, and he is so right, that many forms of wildlife not only learn to live in close proximity to man, but some actually profit from the concentrations of people. As an example he mentioned a birder friend of his who doesn't go to the semi-tropical vegetation along the river to look for green jays. He goes around looking in the trees and shrubs in town. He feels that he is more likely to find the jays

there. The green jay is a semi-tropical bird that doesn't come very far north of the Rio Grande, and could normally be found in the dense brush such as houses the chachalaca.

The white-tailed deer seems to do better around people. Ride down any road in the Hill Country of Texas and you'll pass a house every few hundred yards - and you'll see lots of deer. On the other hand, ride down a South Texas road and it may be 20 or 30 miles between houses, and you'll rarely see deer. There just are not that many deer where the human population is sparse.

Skunks do well in town, too. Many of them find out that area lights, street lights and the like that burn all night do a good job of gathering their food for them. The insects that are drawn to the lights had better stay in flight or do their resting up in the trees. If they sit on the ground they are liable to wind up as part of Mr. Skunk's late supper.

Bears in Yellowstone National Park, the squirrels on the lawn of our state capitol, and raccoons around just about any home that is near the water and not too far from some brush should convince anyone that most wildlife can live with man - if we'll just let him.

Bowling News

At the Coastal Bend Bowling Lanes the Monday Nite Go Getters league had several split conversions: Dave Cann 4-5 and 5-9-10, Kathy Cann 5-8-10, Jim Karow 5-10, Lee Cobb 2-10, Don Gibson 1-3-6-7, Jerry Scott 5-10 and 3-10, Bill Petrofsky led the Club 55 league with a 234 game and 549 series, Clay Lamberton 187-521, Ed Gerchak bowled a 213 game. Sybil Bone rolled a 147 game 26 pins over her average, Evelyn Gedeon 142 game 30 pins over average, Scott Temple 153 game 27 pins over average, Margaret Floyd 136 game 35 pins over average, Vivian York 147 game 45 pins over average. Chris Chrisman picked up the 3-10 and 5-7 splits, Olivia Gerchak the 5-6-7.

Coffee Time league had the following split conversions: Golden Yardley 3-10, Dolly Crawford 5-10, Margaret Floyd 4-7-10, Vivian Tate 3-8-10, Billie Driver 3-6-7, 5-8-10 and 4-5.

In the Wednesday Nite Mixers league Bob Turnbull converted the 5-10 split and Jack Blanchard 5-6.

In the Sundown league the Wardens Marine team holds first place and also high game and high series. Jack Millen led the league this week with a 210 game and 548 series, Bob Close 197-542, Gene Havelka 220-535, John Blair 186-534, Joe Marshall 208-529, Abe Bedre 187-527, Robbie Barker 176-525, Eddie Reissig 203-521, Sherri Hagy 200-520, Leroy Walk 187-516, Earl Hopper 188-514, Dorris Hanke 201-510, Ida Armstrong 175-509, Theo

Graumann 192-509, Elsie Marshall 182-501. Mary Kurtz bowled a 156 game 38 pins over her average. Johnny Casall converted the 4-5 and 3-10 splits, Jody Havelka 4-10, Mary Kurtz 9-10, Thelma Potter 5-8-10, Johnny Meredith 3-7, Robbie Barker 3-10 and 4-7-10, Sandy Page 5-7, Al Barker 3-10.

Library News

The Aransas County Public Library will observe National Library Week, April 13 through 18. Coffee and cookies will be available and no fines will be charged for overdue books. The library staff has compiled an overdue list and is in the process of notifying patrons who have overdue books charged to them. Please help the staff by getting your books back to the library on or before the due date.

Mrs. H.A. Naquin entertained 23 children and 5 parents at Story Hour April 11. The children enjoyed the story, "How the Camel got his Hump" as told by a "Sheik Puppet." The Library thanks Mrs. Naquin for this service to the community.

The library gratefully acknowledges donations and memorials from the following patrons: Mrs. William Blanton, Mr. and Mrs. Maurice W. Cochran, Daphne Shelton, Mr. and Mrs. Wesley Mott, Mrs. C.R. Gibson, Lee Rasco, Mr. and Mrs. Joe Hasken, Mrs. Maggie Reyes and Mrs. Troy Garner.

Peninsula Oaks Garden Club

The Peninsula Oaks Garden Club met April 10.

The group enjoyed a tour of the lovely yard of Mr. and Mrs. J.H. Boney. Everyone marveled at the many and varied plants they have grown in a short time. Mr. Boney also showed interested members a compost pile.

After the tour, members returned to the Peninsula Oaks office for their meeting presided over by Frances Naquin.

Bernita Kinsey read an interesting article on gall (which is on many trees in yards) called "Lumps, Bumps, and Clumps" by Richard B. Fischer. It gave a better understanding of the "plague."

There are many kinds of gall which develop in many ways. It was also pointed out that not all gall are harmful; in fact some are useful to humans.

Members are looking forward to attending the Rockport Home and Garden Club's Flower Show on April 23. It was decided that after the flower show, dinner will be held at the Copano Causeway Restaurant.

Refreshments of chocolate cupcakes, ice cream and punch were served by Mrs. Bernita Kinsey and Mrs. Johnnie Callam to the following members present: Mrs. Betty Abt, Mrs. Inez Boney, Mrs. Lois Bohot, Mrs. Ruth Duncan, Mrs. Betty Kucera, Mrs. Frances Meriwether, Mrs. Frances Naquin, Mrs. Thelma Sours, Mrs. Joann West and Mrs. Judy Wilkerson.

Shrimporee Beauty Pageant

More contestants are being urged to enter the 1975 Aransas Pass Shrimporee Beauty Pageant scheduled for Friday, May 16, in Compton Hall.

Miss Shrimporee of 1974, Mary Ann Quiel, will crown the new Miss Shrimporee.

Three trophies will be awarded in each of the five age group divisions. These will be presented to the winners by Aransas Pass Mayor J.M. Attaway, First State Bank will display the 15 trophies prior to the contest.

The pageant is scheduled to begin at 7 p.m. with the crowning of King Shrimporee who will reign over the 24th annual Aransas Pass Shrimporee celebration.

Entertainment will be provided by Ann Pate's School of Dance. Jazz, ballet, gymnastics and tap dancing groups will perform between the judging of each category.

The deadline for entry in the contest has been set for Saturday, May 10. Information and application forms are available at the Chamber of Commerce office, 452 Cleveland Boulevard.

Only mailed entries will be accepted, according to Mrs. James Bauknight, pageant chairman. All contestant's applications are to be mailed to the Woman's Club, P.O. Box 501, Aransas Pass, Texas 78336. A registration fee of \$7 is payable to the Aransas Pass Chamber of Commerce and must accompany each application form.

Mrs. T-Mo Hill, parade marshal for the Shrimporee Parade scheduled for Saturday, May 17, announced this week that a queen's float is being provided for the five queens who will hold the titles of Miss Shrimp-Tot, Miss Shrimptette, Miss Shrimp-Petite, Miss Shrimpteen, and Miss Shrimporee. The parade will begin promptly at 10:30 a.m. in the downtown area. Units from all over the state of Texas have been invited to participate in the parade.

Official entry forms for the parade can be obtained from the Chamber of Commerce office or from T-Mo's Fashions. More area floats and marching units are being encouraged to enter. Registration deadline for the parade is Friday, May 2.

Deaths and Funerals

MRS. JESSIE CASSELS

Funeral services for Mrs. Jessie Mae Cassels were held last Friday in the Marshall Funeral Home Chapel in Aransas Pass, with burial in the Prairie View Cemetery.

Mrs. Cassels, 55, a native of Anglers, Oklahoma, had been a resident of the Rockport area for the past 8 years.

She is survived by three sons, Kenneth Dean Nixon of Garland, Don Loyd Nixon of Dallas, and Charles R. Nixon of Rockport; three daughters, Mrs. Lavern N. Griffin of Rockport, Mrs. Charleen Mayes of Port Lavaca, and Miss Lela Mae Cassels of Rockport; two sisters, Mrs. Faye Dendy and Mrs. Doris Townsend, both of Coos Bay, Oregon, and 11 grandchildren.

P.D. HUTCHINSON

Pope Dewey Hutchinson, 64, died in an Aransas Pass nursing home on April 7. Born in Port St. Joe, Florida, he had been a resident of the Aransas County area for the past 20 years. He was a member of the Baptist Church and a past member of the Odd Fellows Lodge.

Survivors include his mother, Mrs. T.G. Hutchinson of Altha, Florida; two sons, Sgt. Maj. John D. Hutchinson of Austin, and James F. Hutchinson of Rockport; three daughters, Mrs. Shirley Padgett of Perry, Florida, Mrs. Linda Graf of Aransas Pass, and Mrs. Judy Penick of Edinburg; four brothers, John of Pompano Beach, Florida, Frank of Belgrade, Florida, Roy of Nashville, Tenn., and Tom of Altha, Florida; three sisters, Mrs. Sue Hall of Altha, Florida, Mrs. Faye Gable of Grandridge, Florida, and Mrs. Gladys Woods of Pompano Beach, Florida, 21 grandchildren and one great-grandchild.

Funeral services were conducted April 10 in the Marshall Funeral Chapel of Rockport, with burial in the Rockport Cemetery.

MRS. EDITH JOHNSON

Edith C. Johnson, 71, died Friday in San Diego, California. Born in Green County, Arkansas, she had lived in Rockport since 1952, and was the former manager of Idlewild Motel in Rockport. She was a member of the First United Methodist Church of Rockport.

Survivors include her daughter, Mrs. Edith Christi of Oklahoma City, Oklahoma; a son, R.H. Johnson, Jr., of San Diego, California; two brothers, R.J. Clements of Oklahoma City, Oklahoma, and John L. Clements of San Diego, California, and three grandchildren.

Graveside services were conducted Tuesday in the Rockport Cemetery.

Marshall Funeral Home was in charge of arrangements.

I.E. ALLEMANG

Ira E. Allemang, 83, died in a Corpus Christi hospital on April 8.

Born in Kansas, he had lived in Rockport since 1938. He was a member of the First United Methodist Church of Rockport.

Survivors include his wife, Mrs. Gertrude Allemang of Rockport; two sons, Howard Kinsey of Corpus Christi and J.D. Kinsey of Farmington, New Mexico; two daughters, Mrs. Ernest Berryhill of Angleton, Texas, and Mrs. S.T. Coons of Liberty, Texas; two brothers, Emmitt Wallace of Alexandria, Louisiana, and Elvin Wallace of Fairday, Louisiana; 22 grandchildren and 21 great-grandchildren.

Funeral services were conducted at the First United Methodist Church in Rockport on April 10. Burial was in the Rockport Cemetery.

Marshall Funeral Home was in charge of funeral arrangements.

Unfortunately the world isn't interested in good excuses.

CARD OF THANKS

Dear Friends,
Our heartfelt thanks to each of you for your expressions of love and concern during these days of sorrow.

Mrs. I.E. (Trudie) Allemang and Family

Loyalty Day Editorial

Loyalty Day, observed May 1 of each year, was designated by an Act of Congress in 1958. Each year our President issues a Loyalty Day Proclamation in which he implores all of us to ponder the inalienable allegiance which each of us owes to America.

It is sponsored locally by Stewart-Wendell V.F.W. Post 3904.

Loyalty Day calls for vigorous action by all concerned citizens to insure that other countries are fully aware of the basic fact that we are united in our love for our way of life and in our determination to remain forever a strong, free and sovereign nation.

Loyalty Day was designed to encourage Americans to speak out about patriotism. Each year, this special day attracts millions of people who participate in parades and programs across the land and many millions more who view these activities.

Loyalty Day was originated by the Veterans of Foreign Wars of the United States to counteract the Communist movement in this country. The V.F.W. won a long battle to have Loyalty Day approved by Congress, in 1958. However, this day belongs to all Americans. Therefore, every citizen should eagerly participate in the festivities in an effort to make this Loyalty Day the greatest observance ever held.

We celebrate Loyalty Day to remind ourselves, other Americans and the rest of the world that nothing can take the place of loyalty to one's country.

We must pledge ourselves to maintain a free society in which loyalty is always respected and fully encouraged. For without loyalty, the United States cannot long survive and the flame of freedom, held so proudly aloft by "Miss Liberty," will diminish and fade forever.

PUBLIC NOTICES BECAUSE THE PEOPLE MUST KNOW

Editor's Note: Public Notice advertising plays a unique role both in American history and in the process by which this country's democracy is preserved. Its one premise is that people must be informed if they are to govern themselves competently. Public Notice advertising first came into being with the Congress of 1792. That body, recognizing its responsibility to the people, required the Postmaster General to advertise for bids for the construction of new post offices. From that auspicious beginning to the complex publication requirements of federal, state and local laws today, government officials have come more and more to understand their obligations to inform the public through Public Notice advertising. Newspapers over the years have been the vehicle by which these obligations have been fulfilled. They will continue to be as long as the public demands that it be informed frequently, and by the best means possible.

NOTICE
STATE OF TEXAS
COUNTY OF ARANSAS
NOTICE is hereby given that a hearing will be held on the 17th day of April, 1975 at 10:00 a.m. in the County Court at the County Courthouse of the above named county in Rockport, Texas on the application of the herein-after named owner—for a license to sell beer at retail at a location not heretofore licensed. The substance of said application is as follows:

Type of license or permit: Beer Retailer's Off Premises License.

Exact location of business: 1811 Raht St. (Hwy. 35 N.)

Name of owner: Patsy Ellen Mikeska.

Assumed or trade name: JP's Grocery.

Any person shall be permitted to contest the facts stated in said application and the applicant's right

to secure said license or permit upon giving security for costs as provided by law.

WITNESS MY HAND this the 2nd day of April, 1975.

Ruby Hart, County Clerk,
Aransas County, Texas
By Val Jean Eaton, Deputy.

NOTICE

Sealed bids will be received in the office of the State Board of Control, Purchasing Div., L.B.J. Building, 111 East 17th Street, Austin, Texas until 11:00 AM on May 7, 1975 covering the proposed lease of space located in the city of Rockport, Texas. Bid proposals and specifications may be obtained from the State Board of Control.

Lease Code: PW-8404-L - The State Dept. of Public Welfare proposes to lease approx. 1060 sq. ft. space for period 9/1/75 - 8/31/78.

SWEETIE PIE

"Look! The mailman can skate on one leg!"

B.J. Crowley's HOROSCOPE

Week of April 20, 1975

ARIES--The Arian has tremendous drive. He is almost always successful. He is often an over-achiever. Seldom is he a quiet person, talking so much he has few secrets. He likes people and wants them to like him. Best color is red, lucky numbers are 2 and 4 and lucky day is Sunday.

ARIES--March 21 to April 20--Make plans now for a very special summer vacation. Plan to go somewhere you have never been.

TAURUS--April 21 to May 20--Put idealistic daydreaming aside. Concentrate on being more realistic. Be a true friend to someone who has befriended you.

GEMINI--May 21 to June 20--Get off the wrong track and on to the right one. Don't permit yourself to indulge in self-pity. Count your blessings.

CANCER--June 21 to July 22--Make an effort to get away for an enjoyable weekend. Go with someone you truly enjoy. Forget worries and concentrate on enjoying yourself.

LEO--July 23 to Aug. 22--Get your spending habits under control. Don't feel as though you have to run out to spend every cent you get.

VIRGO--Aug. 23 to Sept. 22--You offend others if you throw your weight around. You can get others to cooperate more readily if you act in a friendly, but firm manner.

LIBRA--Sept. 23 to Oct. 22--Someone you consider undeserving may receive the promotion or reward you have your eye on. Accept the unfairness of the situation, even though it hurts.

SCORPIO--Oct. 23 to Nov. 22--Do your own thing. Trying to pattern your goals after someone else's could be a serious mistake. Sit down and think about it.

SAGITTARIUS--Nov. 23 to Dec. 21--Stop starting your day with so much hustle and bustle. Take an extra 30 minutes each morning to walk outside.

CAPRICORN--Dec. 22 to Jan. 19--Follow logic rather than emotions. You are partly to blame for a bad situation. Carefully follow the "do unto others" rule.

AQUARIUS--Jan. 20 to Feb. 18--Persistence pays off and pushes you past your competition. All goes well as long as you play honestly and fairly.

PISCES--Feb. 19 to March 20--Your imagination and innovative ideas put you into a new growth cycle. Hold the reins tight enough that you can keep up with it.

Fashion
Raglan sleeves are back in style this season. We see them in coats, blouses and dresses. But they are definitely not for short, plump women as they tend to exaggerate her weight problem.

Some of the new dresses have a yoke effect on the skirt--fitting snugly around the upper part and having gores around the lower.

Frosted hair continues to be popular, especially with those women who have been out in the sun a great deal of the time.

Fidelis Class Met Monday

The Fidelis Class of the First Baptist Church met Monday night in the home of Mrs. C.O. Lutz. Mrs. B.S. Lemma was co-hostess.

Mrs. Arthur Cox presided at the meeting.

Mrs. R.D. Scrivner presented the devotional.

Old and new business was discussed and reports given. A prayer closed the meeting.

Mrs. Cox was in charge of the social hour and the games were "brain-teasers," which promoted much gaiety.

A delicious dessert, tea and coffee were served to the following ladies:

Mesdames Tom Shults, Charles Chrisman, Steve Dunn, R.D. Scrivner, J.T. Gore, Oscar Brown, James Russell, Simon Sorenson, J.J. Alexander, Arthur Cox, C.O. Lutz, Ted McLester, Milton Munday, C.F. Lockhart, Ray Axton, R.H. Marshall, B.S. Lemma and Gene Shults.

"Pastoral Epistles"

The epistles in the New Testament known as the "pastoral epistles" are the first and second epistles to Timothy and the epistle to Titus. They contain the advice of a pastor concerning church government, church officials, teachings and Christian faithfulness and endurance.

COMPLETE PHYSICAL FITNESS TEST

The 4th and 5th grade students at Rockport Elementary School recently completed the President's Physical Fitness Test. The test was devised and the norms completed by AAHPER which is the American Alliance for Health, Physical Education and Recreation.

The test battery was changed this year and now consists of 6 test items instead of 7. The six items on the test are the flexed-arm hang for girls and pull-up for boys, the shuttle run, the 50-yard dash, sit-ups, standing broad jump, and the 600-yard run-walk.

The results are compared with national norms which were researched and computed by AAHPER. Three awards are given to the students. In order to receive an award, the student must score above the 50th percentile on all tests given for the elementary award. To receive the Elementary Merit Award, the student must score average over the 80th percentile. In order to receive the Presidential Award, the student must score above the 85th percentile on all tests.

The winners of the 50th percentile award were Joe Lara, Pat Nava, Danielle Adams, Gail Rutledge, Michael Hatley, Johnny Sanchez, David Ramirez, Paris Huff, David Kelly, David Theodore, Dana James, Darrell Caton, Michael Simmons, Gay Harper, Sudi Price, Charles Daniels, Andy Deason, Scott Meyer, Edward Ludka, Gabriel Benavidez, Jr., Shiela Frazier and Kim Hunter.

The 80th percentile winners were Daniel Garcia, Gloria Dominguez, Dicky Castillo and Michael VonHuevel.

The Presidential Award winners were Joe Cantu, Cindy Schexnider and Scott McMillan for the second year. All of these children are to be congratulated on a job well done.

Students With Special Needs

Educational services will be provided next school year by the Sea Gull Cooperative (which is beginning its second year as part of your local district) for students with special needs. Screening for the program will be held on Monday, April 21 from 12:30 to 3:30 at Rockport Elementary School.

Listed below are questions to ask yourself if you are interested in having your child or children considered for acceptance in a program for 3, 4, and 5 year old children next school year. If you answer yes to one or more of the following questions, your child may benefit from this program. Please call 729-6344 and set up an appointment for us to see your child on the 21st.

Do you have a 3, 4, or 5 year old child who:

Does not talk very much or points and makes noises to get what he wants?

Has a speech problem? Can you and others understand him/her when he talks?

Has trouble learning nursery rhymes, prayers or what you ask him to do?

Seems to have a hearing loss? Can your child hear you when you talk to him/her?

Cannot see well? Does he/she sit very close to the set when watching television?

Seem to be clumsy with his/her hands or tends to fall or stumble a great deal?

Who has been diagnosed as handicapped by a doctor as deaf, blind, mentally retarded, physically handicapped, emotionally disturbed or learning disabled?

Has trouble getting along with other children in the neighborhood his own age?

JOHNNY ON THE SPOT, umpire Jerry Neudecker calls Mets' John Milner out at second after Yankees' Eddie Leon made the tag during an exhibition game.

Pet Fair Results Given

Sunday, April 13, was cloudy but there was a lot of sunshine in the faces of all the children who came to the Pet Fair with their allowed pets.

1st place for the "biggest dog" was Stevie Stokes showing Pushkin, a Samoyed. 1st place for the "fattest dog" was Dee Anna White with Prissy. 1st place for the "most timid" dog, Danny Mosier with Trudy.

1st place for the "puppy" was Dana Mercer with Bambi. 1st place for "best groomed" was Jean Flanagan with Jan. 1st place for "ugliest dog" was Timothy Deason with Little Dog.

"Fluffiest ear" dog was Jean Flanagan with Jan. "longest dog" was Suzanne Ramirez with Jerome. Two tied for 1st place for the "shortest tail" - Suzanne Ramirez and Jerome and Jean Flanagan and Jan.

Andy Deason and his toad frog, Croak, took a 1st place. The "shortest-legged" dog, Janet Rhotenberry and Mow Mow. "Shaggiest dog" was Stevie Stokes and Pushkin.

The dog with the "shortest nose" was Baby and Melissa Pruitt. Tied for 1st for the "littlest dog" was Tracy Sorenson and Pinky and Timothy Deason and Little Boy. There was a three-legged dog, Nolt, brought by Danielle Adams.

A goat, Nanny, was shown by Dawn Dieson. Tied for 1st place in the rabbit division - Bret McClung and Hops and Sarilyn Taylor and Brown and White.

Karrie Von Heuvel with Toby and Suzanne Lincon with Lopsy tied for 1st in the cat division. Barbie Mosier and Brandy and Sarilyn Taylor and Tior tied for 1st in the "most beautiful" cat. Suzanne Lincoln with Hansel and Grettle and Sarilyn Taylor with Lance and Strawberry tied for 1st in the gerbils.

Alvin Miller won the bicycle race but Karrie White got a 1st place ribbon also. The three-legged race was won by Gill Oliver and Danell Adams.

The Aransas County Riding Ass'n wants to thank Bea Caulder, Howard McMenomy and Frank Miller for a good job judging. Mrs. Ricky McLester for donating the first for the washer toss and Cecil Carroll at Cecil's Feed Store for donating the feed. They want to thank all the boys and girls (and their parents, of course) for helping to make this a day of sunshine for Peggy Hunt and everyone who worked. See you next year!

Aransas Pass Adult Classes

Adult education classes will continue in Aransas Pass to help those people who wish to obtain their GED (High School Equivalency Diploma) or to further their education.

Classes will resume Thursday, April 17, from 7-10 p.m. and will be meeting every Tuesday and Thursday at the Walter Noble Building of the Aransas Pass Junior High School which is across from the old High School football field.

All those attending are asked to bring their Social Security number.

Home & Garden Club Meets

The Rockport Home and Garden Club met in the home of the hostess, Mrs. Richard Beck. Co-hostess was Mrs. Joe Meyer. The refreshment table was graced with a silver tea service, a dried bouquet arranged by the hostess and silver trays lent an elegant touch to the cream puffs and pineapple cheese cake served as the refreshment.

President Mrs. B.F. Street gave a report on the District #7 spring meeting of the Texas Garden Clubs Inc. held at Uvalde. Our club received a blue ribbon (1) award for the best yearbook cover, a certificate of Commendation with a cash award of \$110.00 from Sears' Environmental Improvement Corp., a certificate of Donation from the World Gardening and a second place award from the Sears' E.I.C. for a two year continuous beautification project.

Mrs. Michael Shellenberger was welcomed into the club as our newest member.

Mrs. Tom McClung read the changes in the by-laws and rules. The club moved to accept the changes as read.

The meeting was then turned over to Mrs. Alice Moore, coordinator of the club's show "Around the World with Flowers and Things" which is open to the public and will be held on April 23, 3 p.m. to 7 p.m., in the home of Mrs. Bob Evers, 1847 Bayshore Drive, Key Allegro.

The Rockport Pilot

Thursday, April 17, 1975

PAGE NINE

Miss Spencer Is Honored

Miss Mary Alicia Spencer, daughter of Mr. and Mrs. Emory M. Spencer, was one of the largest group of students at Rice University ever to be named to the President's Honor Roll listed for the first semester of the 1974-75 academic year, President Norman Hackerman announced.

A total of 1,149 outstanding students maintained the high grade averages required and were honored by being included in the Honor Roll, a distinction that becomes a part of each student's permanent record.

Geographically, the honor roll students include 230 graduates of Houston area high schools, 403 from Texas high schools outside the Houston area, 466 from out of state and 50 from high schools in foreign countries.

Taken by classes, there are 306 freshmen, 239 sophomores, 251 juniors, 310 seniors, and 43 fifth-year students on the Honor Roll.

School Food Service Ass'n

The Gulf Coast Chapter of Texas School Food Service Association met at the Sinton High School on April 8.

The group was welcomed by Mr. Carlisle, superintendent of schools, and the Sinton lunchroom personnel presented a skit which humorously depicted areas of needed improvements in some school lunchrooms.

Mike Counihan, consultant for Olson-Keasler Meat Company, and instructor of restaurant management at Del Mar Tech, presented an informative program on selection, preparation and serving of meats.

In the business meeting which followed, officers were elected and installed for the 1975-76 school year.

Mrs. Doris Moehrig, supervisor of food services at Miller High School in Corpus Christi, installed the following: Imogene Wingo of Gregory-Portland, president; Ozella Sweeney of Sinton, president-elect; Dora Aleman of Rockport, secretary; Roger Factor of Flour Bluff, treasurer; and Jean Scott of Taft, committee chairman.

And then there's the man who misses his wife's cooking—whenever he gets the opportunity.

TOPS No. 849

Queen of the week was Rachel Boyce with a 7 lb. loss. Runner-up was Cathy Gaskin with 5 3/4 lbs. loss.

Teen Queen of the week was Debbie Hutson with a 1 1/4 lb. loss. Princess of the week was Roxanne Hewes with a 1 lb. loss. Total club loss for the week was 26 lbs. Rachel Boyce received her 3rd 10 lb. loss star.

Twelve members of this chapter will be making the trip to Abilene for the State Recognition Day Convention, leaving Rockport on May 1 and returning May 4.

The hard work that members put into fund raising projects in the last twelve months was fully justified, and without doubt Rockport TOPS 849 will

be loudly and happily represented at the grand opening in Abilene.

Secretary, Betty McMeredith, 729-6213.

Jr. High Girls Volleyball

The Junior High girls volleyball team won the District Championship. The "A" and "B" teams both completed their season undefeated.

The "A" team players were Tamie Bush, Cindy Canchola, Azemy Chupe, Velina Dominguez, Mary Hinojosa, Julie Miller, Gail Smith and Jackie Walston.

The "B" team players were Jackie Arthur, Sandra Collins, Beverly Dickerson, Lucinda Hamon, Asencion Olivarez, Cynthia Sanchez, Lisa Smith and Brenda Solis.

342 SOUTH COMMERCIAL

ARANSAS PASS

Under the leadership of Joe Lister the Chamber of Commerce has gotten off to a rip roaring start for their new year. Plans and programs for the year have been outlined by committees, action by Red Carpet Committee has begun, new members have been added to

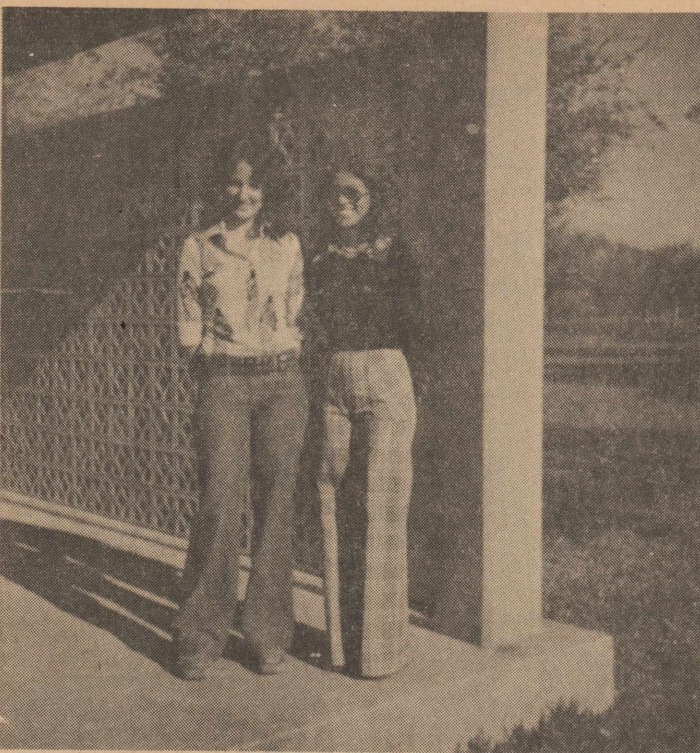

George's Photo Service, George Beatty. The Red Carpet Committee, headed by Bill Janeczek, greeted 175 ladies of Region 4 Desk and Derrick Club who were attending a 3 day convention in Corpus Christi. The group visited Rockport for a short tour and luncheon April 11.

The hospital committee met April 10 to discuss emergency ambulance service and an emergency care clinic. It was pointed out that the first step in acquiring a federal grant for an emergency ambulance had been approved.

Professional men and interested citizens discussed the renovation of the officers' barracks at the airport for a clinic; possibilities of manning the clinic; necessary requirements to become a qualified unit for handling medicare or medicare patients.

An emergency hospital foundation has been set up through the C of C. Some donations have already been received. This is an escrow foundation fund which will be refunded to each contributor if plans for clinic do not materialize. Checks should be made payable to Chamber of Commerce, Emergency Hospital Foundation, and mailed to Box 1055.

Bill Christian, chairman of the advertising committee, has met twice since April 1st with his committee members to discuss plans for a fall festival to be held the first weekend in October. The committee felt this would be a good time to have such a celebration to help boost the economy during our slow tourist season. Plans are

Pattie Collins (left) and Nellie Dominguez attended the state office of Education Association convention in Dallas.

also being made to participate in the July Art Festival which is arranged annually by the Rockport Art Association.

SENIOR FACULTY BASKETBALL GAME

The Letterman's Club of Rockport-Fulton High School will sponsor a basketball game between members of the senior class and the school faculty on Monday, April 21 at 7:30 p.m. at the high school gym.

Admission will be 25 cents for students and 50 cents for adults. Proceeds will go towards the purchase of a new camera for use of the local athletic department.

Attend O.E.A. Convention

The Office Education Association was represented in Dallas at the State Leadership Conference by Pattie Collins and Nellie Dominguez. The conference was held at the Statler Hilton Hotel, April 10, 11 and 12. Registration was on April 10 with the general sessions beginning at 9 a.m. on Friday, April 11. The featured speaker for the opening general session was Mr. Roger Staubach of the Dallas Cowboys, whose topic

was "Growing with a Positive Attitude."

The second general session was called to order and the O.E.A. members heard the national O.E.A. president, Kim White, from Clear Lake High School speak and her topic was "O.E.A. and Your Future." The members also heard speeches presented by the officer candidate nominees.

The students were allowed to view the state finals in Chapter Displays, Chapter Activities Manuals and Individual Student Job Manuals, which proved to be very interesting and informative. The state finalists who advanced from the Area Conferences were attending the conference and participating in the contest in which they had won the Area Contest. The O.E.A. winners will advance to the National Leadership Conference to be held in Chicago.

The local O.E.A. Chapter was represented by Pattie Collins who acted as the voting delegate from Rockport-Fulton High School. The state officers were elected and later installed at the third general session.

The conference was closed with the third general session which included the installation of officers, the Torch Ceremony and the presentation of awards to the state winners of the O.E.A. Conference. The students were accompanied by their sponsor, Mrs. Earline Flanagan.

Apple Test

Using electric vibrators to record sound waves passing through apples, researchers can measure their ripeness.

LUNCHEON MENU

Monday, April 21
Baked Macaroni with Cheese, Seasoned Green Beans, Tossed Vegetable Salad, Bread, Cake with Peanut Butter Icing.

Tuesday, April 22

Friday, April 25
Steak Fingers, Gravy, Steamed Rice, English Peas, Bread, Pineapple Upside-down Cake, Milk.

Note These menus are subject to change without notice, depending upon availability and delivery of foods.

Girls Advance To Regional

Last Friday, the girls track team competed in the district track meet and qualified for the regional meet in three events.

Regional qualifiers are Becky Bateman in the triple jump; Jena Miller in the 440-yd. dash; and the mile relay of Baldwin, Harwick, Lewis and Miller. These young ladies placed 2nd in these events.

The Lady Pirates also placed 3rd in the triple jump with Barbara Lewis and 4th in the broad jump with Bateman. The 440-yd. relay and the 880-yd. relay finished 4th.

The Lady Pirates finished 4th in the overall meet standing behind Gregory Portland, Tuloso-Midway and Sinton.

The regional meet will be held this coming Friday and Saturday, April 18-19 at Buc Stadium in Corpus Christi. Schedule of events for the Lady Pirates at the regional meet will be as follows: Friday, 5:30 - triple jump, Saturday, 2:40 - 440-yd. dash; 4:20 - mile relay.

Flower Event On April 23

The lovely home of Mrs. Bob Evers, Key Allegro, will be the setting for the Rockport Home and Garden Club's "Around the World with Flowers and Things." Come and enjoy and see the lovely and unusual items on display, the talents shown in the flower arrangements, the display of horticulture items and the many plants that will be on sale.

Refreshments will be served and a door prize will be given away. The plant sale will be in the carport on the north side of the house. The tour of the home will include the downstairs patio.

They invite the public to attend "Around the World with Flowers and Things" April 23, 3 p.m. to 7 p.m., 1847 Bayshore Drive, Key Allegro.

Buying Sales Items Cuts Cost of Living

College Station -- Families can cut the cost of living by planning sale purchases, Lynn Bourland, family resource management specialist, said this week.

"Retailers are conducting almost continuous clearance sales to keep their inventories moving and build up store traffic," the specialist with the Texas Agricultural Extension Service, The Texas A & M University System, said.

"It's vital today for families to plan spending. One way to do this is for each family member to list the clothes, school supplies, grooming aids, gifts and regular budget items he will need for the next few months, or even for the rest of the year," she suggested.

Then the family can discuss the things listed, making sure the style, size or quality necessary is included. It can be a loss instead of a gain if the wrong item is bought, the specialist said.

"One family member can be in charge of the lists by grouping like items together. Be sure to add family items like furniture and appliances if they're needed."

"Everyone can help keep a lookout for sale advertisements in newspapers and on television."

The specialist suggested keeping a record of each item's regular price and sale price. This way it's easy to see how much the cost of living has been cut, she said.

Consumer Market Report

College Station -- Beef will be plentiful for awhile--and that may hold other meat prices down, one authority said this week.

"Pork and broiler supplies are less, but it's likely that prices will not change substantially, as the plentiful beef supply will tend to keep other meat prices from rising very much during the coming weeks," Mrs. Gwendolyn Clyatt said.

Mrs. Clyatt is a consumer marketing information specialist with the Texas Agricultural Extension Service, The Texas A & M University System.

At produce counters, strawberries and asparagus signal the spring crops, but they are available currently at first-of-the-season prices, which are usually higher, the specialist added.

"Grapefruit and oranges are plentiful with excellent quality, while apples, bananas, pineapples and pears are other economical choices."

"Potatoes and dry yellow onions are real bargains, but other vegetables are only moderately priced. They include turnips, rutabagas, cabbage, carrots, celery and some squash," Mrs. Clyatt said.

CONSUMER WATCH-WORDS: Fish offers more edible meat per pound than many other meat cuts--and it provides the same complete protein as red meats.

WIETING'S CAPITOL REPORT

This Week In Austin:

State Representative Leroy Wieting has returned from the 25th annual Spring meeting of the Gulf Coast Marine Fisheries Commission, held last week in Mobile, Alabama. The 15-member commission, composed of members from Alabama, Florida, Louisiana, Mississippi, and Texas, was created 25 years ago by Congress to make recommendations on legislation dealing with the Gulf Coast.

The commission also studies legislation dealing with the second tier of states. This covers all types of water recreational safety regulations and conservation of natural resources, including such things as catfish fisheries on inland lakes.

Rep. Wieting, who spoke on proposed management legislation, says he is interested in seeing legislation passed that will make it easier for states to work together on conserving all natural resources. Other subjects discussed included legislation dealing with oil and gas supervision in the Gulf.

Rep. Wieting was appointed to the commission by Lt. Gov. Bill Hobby and Speaker of the House Bill Clayton to represent the Texas Legislature.

In previous reports, analyses were done on the Governor's and State Representative Dan Kubiak's education bills. Another bill, which is similar to the Kubiak bill, but which varies on certain points, is House Bill 420 by Rep. Dewitt Hale of Corpus Christi.

Regarding school transporta-

tion, Hale's bill is essentially the same as Kubiak's, except that the eligibility requirement is reduced from two miles to one mile. The formula provided by Hale increases the funds allocated each bus route by 75 per cent.

The Hale bill would provide a starting salary of \$1,000 a month, for a ten month year, with annual cost of living increases provided at the same per centage the Consumer Price Index increases.

The Hale bill provides the same teacher/pupil ratio as the Kubiak bill. That is an average ratio of one teacher per twenty four pupils from kindergarten through the 12th grade. The Hale bill stipulates that by school year 1977-78, not more than ten per cent of classroom teachers may be designated as special duty teachers and that each four year accredited high school shall be allotted one special duty teacher.

The House Committee on Public Education had completed hearings on the public education bill. The bill will now go to a subcommittee for further study and is expected to be back before the full committee in about two weeks.

COOLER TEMPERATURES BETTER FOR HEALTH

Americans who have responded to energy conservation pleas and kept their home temperatures somewhat lower this winter likely are somewhat healthier than those who have continued to overheat their dwellings.

Temperatures in the mid-60s are healthier than temperatures in the mid-70s, the Texas Medical Association reminds.

Heating the interior of homes and offices during the winter removes moisture from the air. The higher the temperature, the dryer the air. Air with little moisture aggravates bronchial and other respiratory problems. It can contribute to dry throat and nose, coughs and dry, itchy skin.

The respiratory system doesn't cope well with sudden changes in temperature. Moving from an overly warm room into outside cold affects the body adversely, causing coughs and respiratory problems. The body adjusts to temperature changes gradually.

There are no major health advantages inherent in keeping inside temperature somewhat lower, but there are minor advantages that add to comfort and well being during the winter.

New and Renewal Subscriptions

HEB. BEST WAYS
TO CUT FOOD COST
WHILE SHOPPING

Compare the prices of similar foods that are packaged differently, or sold in a different form, as for example, canned, fresh, frozen and powdered orange juice. Make comparisons on a ready-to-serve basis. Do not be misled by the shape or size of containers in which the same food is packaged. Assuming that quality and other factors are equal, buy on the basis of price per ounce or cost per serving. Read labels carefully. Buy on the basis of experience, in terms of both quality and price as well as your family's preferences. When using cost-off coupons, compare the price you usually pay for such items to the cost-off price. Avoid impulse buying. Once you have compiled your shopping list, stick to it — unless, of course, you see something that you need that you forgot to note. Do not buy an item you do not need only because it is on sale or you have a money-saving coupon applicable to it. Shop during busy hours — usually Thursday, Friday and Saturday morning — to get the freshest and most varied selection of meats and produce.

Take Medicine With Care

Ever wake up, or at least about half awake, in the night with a splitting headache? Or a pain in the tummy? And stumble into the bathroom and reach for a bottle in the medicine cabinet? And gulp down a pill or two, or a spoonful of medicine?
Sure. All of us have. And we're risking serious trouble in taking medicines carelessly.
The medicine was prescribed by your physician, and he included specific orders for size and frequency of dose and how to take it. The Texas Medical Association reminds that there is a good, sound reason for these orders, and they're meant to be followed.

A few simple rules for taking medicine can help to avoid an accident that may make your minor discomfort a lot worse.
*Never take medicine in the dark. Be certain you can see the bottle or pill box, to make certain it's the right one. If you need glasses, put them on.
*Read the directions carefully before taking. Those directions are there for a reason - your health.
*Don't increase the dosage or take more often than directed without checking with your doctor.
*If the label says "Shake well before using," it means what it says. Shake it.
*Don't take medicine prescribed for someone else. Just because it helped your husband's cough doesn't mean it's right for you.
*Keep medicine out of reach of children. The small child who is rushed to the hospital after eating a whole bottle of sugar-coated tablets is an all too common occurrence.
*Put the cap back on the bottle. Some medicines change strength if exposed to air too long.
*Keep the medicine in its original box or bottle. Shifting sleeping pills to an aspirin bottle, for instance, could produce dire effects for someone else in the family.

VA Benefits For Widows Of Veterans

The Veterans Administration today reminded widows of veterans whose pension and compensation payments were terminated after their remarriage that a 1970 law allows

restoration of these benefits if they become widowed a second time.

A.A. Hunter, VA Regional Office Director, noted that prior to enactment of PL 91-376 VA benefits for a widow were permanently discontinued if she remarried.

This policy applied to VA pensions paid to needy widows

of veterans who died of non-service-connected disabilities and to dependency and indemnity compensation (DIC) paid to widows of those killed in military service or who died of service connected causes.

Widows interested in regaining these benefits should contact regional Veterans Administration offices or representatives of local veterans service organizations.

Accent on Health

J.E. PEAVY, M.D., Commissioner of Health

If you sneeze and sniffle during the ragweed season, if you have cramps, diarrhea, or rash after eating a particular food or drug, if you wheeze or itch when around a cat, a horse, chicken feathers, or some other substance—then you may be suffering from an allergy.

An allergy is an unusual reaction to a substance, an abnormal behavior of the body to it. Half of the people in the world sneeze or sniffle, wheeze or itch, suffer intestinal disturbances or other uncomfortable symptoms because of their allergies. Half of the adult population in Texas and one-third of our children are afflicted, say state health officials.

In some it occurs only at certain seasons of the year, in other at fairly long intervals, while in many it is a daily problem.

When the allergy-producing substance enters your system and comes in contact with the antibodies in the cell, that union produces dramatic effects. The best known of the results of these miniature explosions is the release of the chemical histamine from the cell. Normally, presence of histamine stimulates production of adequate amounts of antihistamine which would of course cause no symptoms to develop. Sometimes enough antihistamine is not produced to counter the levels of histamine.

Histamine is perfectly harmless when inside the cell, but once released outside the cell it produces undesirable changes. It dilates and congests blood vessels so that fluids from your blood stream leak out into the tissue, causing swelling.

If this change takes place in the skin the result is hives. If this reaction occurs in the nose, the membrane swells and you have a condition known as hay fever or "sinus". Another action of histamine is to contract or put into spasm involuntary muscle fibers—muscles not controlled by your own will, such as stomach, intestine,

urinary bladder, or the uterus. If this muscle effect takes place in the muscle fibers around the bronchial tubes, asthma is the result; if in the intestine, cramps and diarrhea may be the effect.

At least one in three Texans who have untreated hay fever will develop asthma, say state health officials. In many cases, seasonal asthma may fail to subside with the end of the season and may become chronic.

Among the most common forms of respiratory allergy is "pollinosis"—a respiratory reaction to pollens. Tree pollens cause trouble from about the middle of March to the middle of May, grass pollens from May to August, and ragweed pollen from approximately the middle of August to October. Because they come in direct contact with the tissues, only small amounts of pollen are required to produce symptoms.

The severity of hay fever varies in different parts of the country, from season to season and day to day. It is largely dependent on the weather condition during the growth of the plant, and the temperature, humidity, sunshine and wind velocity during pollination time.

Molds commonly grow on plant life, and the seeds (or spores) are microscopic in size, many of them being even smaller than pollen. The kinds of molds which produce hay fever and asthma are particularly prevalent on grains, such as wheat, oats, rye and corn. Next to pollen, molds are the most common causes of seasonal hay fever and asthma.

Then there is contact dermatitis. If you go for a hike in the woods you may suffer an inflammation of the upper layers of the skin, varying from redness to blisters and also accompanied by itching. It is an allergy caused by direct contact of the causative substance. Poison ivy is not a poisonous plant. No one is affected by it the first time he touches it. Only on subsequent exposure

does an allergy show up in about half or more of the persons. But many other plants and common substances in use in the house can produce this disease.

Three factors may play a part in the production of allergic illness. Susceptibility is one. Only certain people have the ability or the background to become allergic. Granting you have this background, you still must become sensitized to a special substance and then be re-exposed to it. If you avoid either of these steps, you will have no allergic illness. A third factor is what might be called contributing factors. Various conditions—temperature, chemical irritants, dust, emotional disturbances, etc.—may aggravate allergies or trigger their attacks. But by themselves they do not cause allergic symptoms.

If there is a family history of an allergy either on the father's or mother's side, then the disease frequently manifests itself in the offspring. But the allergy they develop will not necessarily be the same type as their parents'.

Specific allergy tests can be given by your local doctor to discover the substances to which you are reacting. Specific desensitizing treatments may be given to build up immunity gradually. Prevention and avoidance of the offending substance, if possible, is the most effective means of dealing with an allergy.

New Cars

The following new car purchases were recorded last month at the county tax assessor-collector's office:

Johnson Pumping Co., 1975 Chevrolet.
Wesley McCullough, 1975 Chevrolet.
San Jose Cattle Co., 1975 Ford.
Hardy Construction & Equipment Co., 1975 Chevrolet.
Rockport Auto Supply, 1975 Ford.
Hallie Miller, 1975 Ford.
Dr. G.M. Pattillo, 1975 Ford.

A certified statement also is acceptable regarding birth of a child of a veteran's marriage and as proof of age and relationship.

Wieting's Capitol Report

A number of legislators, including several committee chairmen, met with the South Texas Chamber of Commerce this week at the request of representative Leroy Wieting. Rep. Wieting requested the legislators attend the meeting to hear Herb Helbig of the Corpus Christi Chamber's Agriculture Committee. Helbig, along with Dr. Tom Longnecker, head of the Texas A & M Research and Extension Center, and John Bluntzer, area farmer, discussed the importance of research in the field of agriculture. A number of other area residents appeared at the meeting in support of the Center.

Helbig told the legislators and the Chamber that additional state aid is desperately needed to continue research at the Center. He told the Chamber that positions provided in the new budget will help continue the program, but even more positions are needed. Bluntzer told those present that farmers have benefited measurably from advancements made in the field of agriculture, primarily by the A & M system. He said this has helped the farmers but also is benefiting everyone.

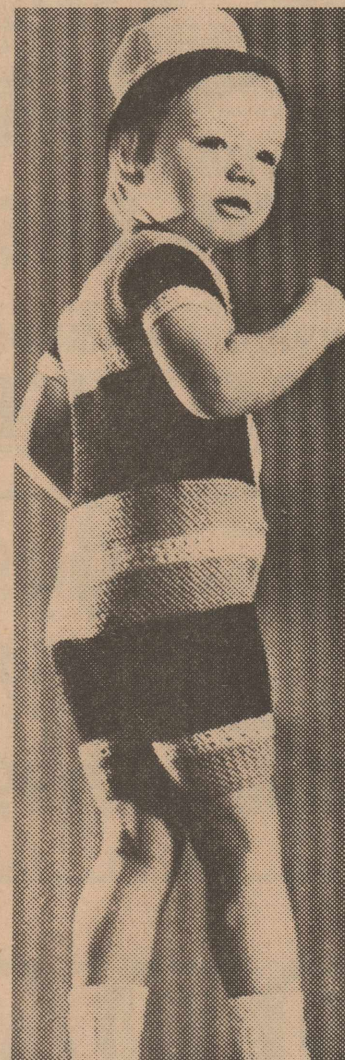

Legislators attending the meeting at the request of Rep. Wieting were Rep. Joe Hubinak, chairman of the House Agriculture Committee, and Rep. Bill Presnal, Chairman of the House Appropriations Committee. These two men and their committees will have much to do with the decision of whether or not to grant additional funds to the Center.

Rep. Wieting has been working with Rep. Hubinak and his Agriculture Committee to insure the Center receives the funding it needs. In the budget proposed for the Center by the Legislative Budget Board, funding for several research specialists was not recommended. Rep. Wieting is working with the Agriculture Committee to make sure these positions are written into the budget.

"As a member of the Appropriations Committee, I heard

witnesses for the Extension Center and realized these positions are needed. If the Agriculture Committee had presented their budget without including these positions, it would have been much more difficult to write them in, since it requires only a majority to cut budgets but a two-thirds vote to add funds. Rather than allow the Agriculture Committee to be placed in this position, I have been working with them to insure they request all they needed," Rep. Wieting says.

The added positions will increase the amount to be allocated the Research & Extension Center by approximately one hundred and eighty thousand dollars.

SOVIET flair for children's styles is captured in this multi-colored and striped knit one-piece playsuit displayed at the Folk Art Works in Tallinn, USSR.
