VOLUME 14

TALCO, TITUS COUNTY, TEXAS, FRIDAY, AUGUST 26, 1949

NUMBER 29

Announce Dates Play-off Series League Games

Following is the East Texas Amateur Baseball League play-off schedule. Each series will be the best 3 out of 5 games. The two top teams will get the first game at home. The games will continue home and home until the fifth game which will be decided by the flip of a coin.

Teams No. 1 and No. 4 — 1st game Tuesday, Aug. 23, 2nd game Thursday, Aug. 25, 3rd game Saturday, Aug. 27, 4th game Tuesday, Aug. 30, 5th game Thursday, Sept. 1.

Teams No. 2 and No. 3 — 1st game Wednesday, Aug. 24, 2nd game Friday, Aug. 26, 3rd game Sunday, Aug. 28, 4th game Wednesday, Aug. 31, 5th game, Friday, Sept. 2.

George W. Barrow Offered Membership In Alpha Chi

George W. Barrow of Talco, a student at East Texas State Teachers College, has been extended an invitation for membership in Alpha Chi, honorary academic fraternity. The announcement was made by Miss Mary Nelson, sponsor of the organization.

Only students with very high scholastic records are eligible for membership in Alpha Chi and an invitation for membership is considered one of the highest honors that can come to a student at East Texas State Teachers College.

Members must have grades in the upper ten percent of their class and an average of at least 88 in all grades. Only junior, senior and graduate students are eligible for membership in Alpha Chi.

Little Mary Elaine, 5-year-old daughter of Mr. and Mrs. Dured Hall, who live west of Talco, who was a polio victim in a Dallas hospital, has recovered sufficiently to be moved to Scottish Rite Hospital for crippled children, where she is again learning to walk.

Billy Ray Dickerson has entered a business school in Dallas. He spent the week end with his parents, Mr. and Mrs. J. H. Dickerson.

Murchison Sells His Oil Interests To Toddie Wynne

The pay-off point had been reached Wednesday in the \$8,000,000 deal involving two Dallas oilmen.

In the trade Toddie L. Wynne and children acquired the full half interest of C. W. Murchison and children in the American Liberty Oil Company and its subsidiaries. The sale dissolved a partnership of long standing and left Wynne and his children sole owners of the company.

Wynne, who has been chairman of the board, will continue as company president, a position formerly filled by Murchison. D. R. Zachry continues as executive vice-president and general manager.

Wholly owned subsidiaries are American Liberty Drilling Company, American Liberty Marketing Company and Talco Pipeline Company. Companies in which a substantial interest is owned are Southland Oils, Inc., which operates two refineries in Mississippi; Paluxy Asphalt Company and Texas Canadian Oil Company.

American Liberty operates a refinery at Mt. Pleasant and a cycling plant in the Blessing field, Matagorda County. American Liberty's producing and non-producing properties are scattered over Texas, Louisiana, Mississippi, New Mexico, Utah and Wyoming.

The company was organized in 1931 with Wynne as one of the incorporators. His early association was that of general counsel.

Changes Made in School Faculty

At a meeting of the Talco school board Monday evening, Mrs. F. C. Barnwell's resignation as manager of the school cafeteria was accepted and Mrs. Andrews of Mt. Pleasant was elected to that position.

Miss Clarice Mable Kennedy of Cunningham, has been selected to teach Home Economics for the coming year. Guy McGill, Saltillo, will be assistant coach and work in the grades and Miss Frances Cox of Kilgore, was added to the elementary staff.

Talco-Winnsboro Split Two Games

By JACK WINN
Talco Oilers and Winnsboro finished the regular East Texas Amateur League season in Winnsboro on Thursday night of last week, Talco winning by a score of 3-2. It was a well played game, with good pitching on the part of Busby and Brice in the pinches.

By virtue of the win and Pittsburg's 6-2 win over Daingerfield in their final game on the same night, Talco and Pittsburg finished the season tied for third place in the final standing in league play.

Winnsboro and Talco blew the lid off the playoff between the four top teams in Winnsboro Tuesday night, with Winnsboro coming out on the long end of a 7-3 score to take the lead in the 3 out of 5 series to see who will meet the winner of the Sulphur Springs-Pittsburg series.

Fitzpatrick was the difference in the victory for the winners. He was stingy with hits when they meant runs, except in the eighth inning when McDuffy singled, Crain singled, Carter walked and J. P. Jones came through with his second hit of the night, a double, to clear the bases. That was the end of the scoring.

The two teams met again last night (Thursday at Talco), but the results were unknown at press time. They play the third game in Winnsboro Saturday night, and resume play in Talco Tuesday night if the series is not decided by then.

House No. 1 Pumps 147 Barrels Daily

Second completion for the Lakeview pool southwest of Talco is listed in Byars & Peveto No. 1 House, SP survey. It pumped 147 barrels of oil daily from 4,417-20 feet. Talco Pipeline is taking the oil. Same operators are drilling under surface casing at No. 2 Tulley, SP survey. Location is in the northwest corner of a 43-acre tract. The No. 1 Tulley failed to effect a water pumpout.

Seven Lettermen Back; Schedule Is Announced

Twenty-six Talco Trojans are busy with two workouts daily. Seven lettermen are returning and with larger boys, Coach Wright expects these factors to help offset the loss of the complete backfield of 1948.

The 1949 schedule:
Sept. 9—Jefferson—there.
Sept. 16—Avinger—there.
Sept. 23—Winnsboro—here.
Sept. 30—Hughes Sp'gs—there.
Oct. 7—Mt. Pleasant—here.

Titus County Fair Opened Tuesday

Titus County Fair and Dairy Show opened Tuesday with its traditional school children's day. Thousands of school children crowded the grounds and packed the midway. The exhibit buildings and barns began to fill up with the finest exhibits and livestock of the fair's history. The main judging started Wednesday and will continue through Friday.

Tuesday, the educational exhibits of the veterans' agricultural classes of Titus County were judged. The Winfield, Titus County, veterans agricultural class won first place with an exhibit on "the proper care of farm implements and tools." Second and third-place winners were Monticello and Cookville, Texas veterans agricultural classes.

Mt. Pleasant drug store cowboys staged a parade through the city Wednesday. High school bands were on hand along with rodeo stars and other performers. The women's exhibits, the poultry division and the swine division and Sears foundation show were judged Wednesday.

Tuesday the big beef division show held the spotlight. This is one of the major efforts of the fair.

The dairy show will be judged Friday by E. R. Eudaly of Universal Mills, Fort Worth.

Saturday will see the final night of the rodeo.

Mr. and Mrs. Milton Pearson and Mr. and Mrs. Marlon Trimble went to College Station Friday of last week to rent apartments for the coming school year.

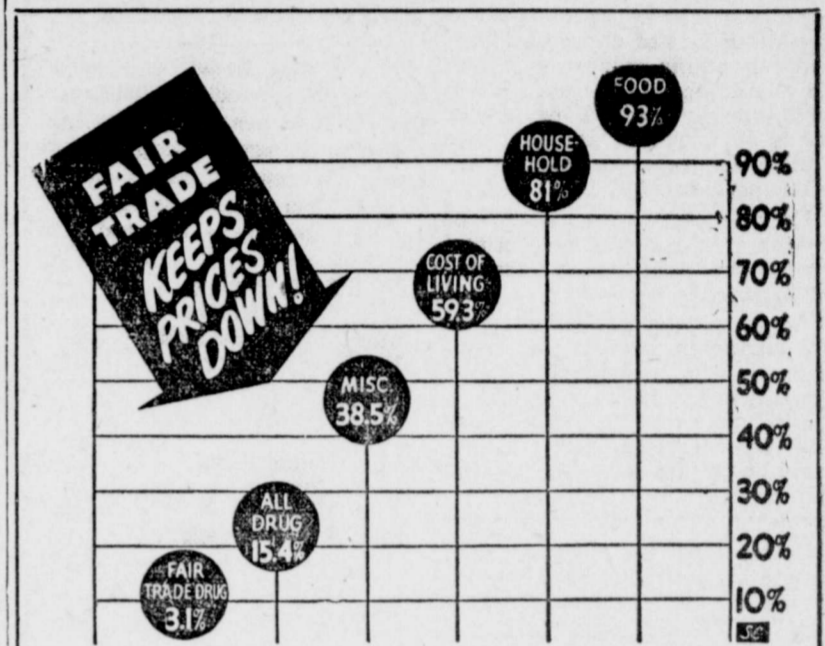

AUNT OF TALCO LADY DIES AT 81 YEARS

Mr. and Mrs. H. J. Trimble and Miss Katie Trimble went to Bossier City, La., Saturday to visit Mrs. Trimble's aunt, Mrs. Lila Sellers, who was ill at the home of her son. Mrs. Sellers passed away Sunday and Mr. and Mrs. Trimble and Mrs. Milton Pearson attended the funeral Sunday at

CONDITION OF J. R. LEE REPORTED UNIMPROVED

Condition of J. R. Lee, who was taken to Sanitarium of Paris last week, is unimproved. His son, J. B. Lee of New Orleans and his daughter, Mrs. C. L. Seward and Mr. Seward of Abilene, are here to attend him.

Plain Dealing, La. Mrs. Sellers was 81 years old.

How Fair Trade held the line against inflation is shown by the above chart compiled from statistics of the National Association of Chain Drug Stores and the Bureau of Labor Statistics. Fair Trade prices of 7,334 drug products rose only 3.1 per cent between 1939 and 1947 while food, cost-of-living and other prices sky-rocketed.

\$1.50 a Year
When Sent Elsewhere the Subscription Price is **\$2.00 a Year**
INVARIABLY IN ADVANCE

Entered as Second Class Matter March 20, 1936, at the postoffice at Talco, Texas.

No charge is made for publication of notices of church services or other public gatherings where no admission is charged. When admission is charged or where goods or wares of any kind are offered for sale the regular advertising rates will be applied.

Formal obituaries, cards of thanks, resolutions of respect and poems are published at regular advertising rates.

An erroneous reflection upon the character, standing or reputation of any individual, firm or corporation which may appear in the columns of The Talco Times will be corrected upon being brought to the attention of the Publisher.

Dallas-born Tom Clark won Senate approval for appointment to the Supreme Court. Truman pays a political debt with the nomination to the highest judgeship, regardless of the capability and experience. That great tribunal has been a political football since Roosevelt attempted to "pack" it, and it doesn't have the respect and confidence of the people that was outstanding prior thereto.

Voters with intelligence enough to realize this nation cannot continue to spend a third of its

yearly earnings for wild-eyed schemes of regimentation and socialistic ventures without going bankrupt, and who are definitely against deficit spending, which means spending more than is now being collected in taxes, are urging the nomination of Senator Harry F. Byrd of Virginia for the presidency in 1952. It will require a man with Senator Byrd's vision to get this nation out of the financial embarrassment it is now in, due to the idealistic, and we are almost tempted to say, communitistic, isms that have piled up a national debt that even a third and fourth generation will not be able to liquidate. Byrd is decidedly the wisest, safest and best informed man on economics now in public life.

Life consists chiefly of wishing for the things we can't get.

Unless things change, the coming generation will be a going one.

EDITORIALLY SPEAKING

BURT LOCKHART
in Pittsburg Gazette

Anyway, our government was not troubled with five percenters in the horse and buggy days.

Things are looking brighter. Two weeks have gone by without a divorce in the Roosevelt family.

In the old fashioned days there were not so many newspapers to carry the news, but we did have quilting bees.

A Pennsylvania town provides a heavy fine for burying people within the city limits. They want only live people there.

The President's aid is reported to have received a deepfreeze for certain favors rendered, and now he is in hot water.

A Chicago woman is suing for divorce because he beat her 400 times since 1941. Some women are so easy to get their feelings hurt.

Someone has observed that half the world's troubles can be traced to saying Yes too quickly, and half to saying NO not quickly enough.

In the old days of the West no community's social calendar was complete without a necktie party. The "honoree" was usually a man who rode away on a forty-dollar pony that didn't belong to him.

Washington investigations have their uses. Deep freeze units are getting some good advertising and those who got them some bad advertising. Moral: When you receive a gift nowadays you'd better not be a public official.

The reason the old-fashioned mother didn't have half the trouble 'keeping up with her ten children as the modern mother has keeping track of one may be due to the fact that the old-fashioned kids didn't have anywhere to go but to home.

Socialized medicine in England has provided bald heads with 300,000 wigs. It also has provided a million pairs of eye glasses. How many billions of aspirin tablets the taxpayers will have to take to pay for the socialized farce is not stated.

One of the major broadcasting companies is putting on a \$50,000 quiz show. Now that a million dollars in prizes are given away every month, there is little wonder that the something-for-nothing craze is growing. Already there is talk of a national lottery.

Our reader up the street sums up the situation this way: "Socialized medicine, plus social security, plus pensions for everyone, plus government control of crops and industry—all this adds up to national socialism, the same political evil that has brought England to her knees."

"Old age has its disadvantages," said an old-timer the other day, "but it has also compensations, such as a taste for simple foods, simple recreations, and simple activities of various kinds." He went on to say that in his younger days it took a heaping plate of delicacies to round out his meal while now a slice of bacon and bowl of flakes does the job. Then, social affairs that kept him up to the wee sma' hours were his delight, while now he is happy in wooing Morpheus at 8 p. m. and gets up in the morning without a headache.

Dallas Expressway Reminds Editor

Over in Dallas there has been opened to traffic two miles of an elevated Expressway along Central Avenue, which was formerly the H. & T. C. Railroad right-of-way. Eight more miles will be built and when completed it will have cost the City of Dallas \$1,700,000, State of Texas \$5,800,000 and the Federal Government \$5,000,000. If you are a taxpayer, reader, you have a right big hunk of interest in that "Expressway."

It was along that railroad right-of-way at Flora street and Central Avenue that a negro boy threw a rock which struck this writer in the back of the head and knocked him unconscious. The editor was about 16 years old at that time and with him was his younger brother, Bill.

The negro ran, after throwing the rock, with Bill at his heels, cutting at him with a small pocket knife at every jump. The knife wasn't cutting any deeper than the black's ribs, but he literally carved his back into ribbons.

Running back to his unconscious brother he helped revive him and got him to a doctor's office where his scalp was sewed

up, and he was at work the next morning.

Two evenings later the black boys decided to renew the fight. Armed with sticks and half bricks, they started closing in as we came along, enroute home from our work in a printing plant. They were warned, but kept coming, and the writer pulled out a big Colts revolver that had been in the Holloway home for many years.

A sweep of that ugly gun in a semi-circle and those negroes started falling like oats or prairie grass under a cycle, each trying to get on the bottom. There we stood with a dozen prone negroes piled up around us. After promising to let daylight into the next one who started something, we proceeded up the railroad track, now the costly "Central Expressway," and were not molested again.

Then there was a fellow who asked how kids ever lived to reach mature manhood.

MT. PLEASANT

Marshall Man Gives an Account of Conditions He Found in Europe

Sam Wood, automobile dealer from Marshall, was the speaker at a recent Rotary Club meeting in Mt. Pleasant and gave an account of a recent trip to Europe, where he made observations on conditions in the countries receiving Marshall Plan aid, says the Mt. Pleasant Times.

Mr. Wood said that the Europeans are smarter than the Americans who are administering the aid and are taking advantage of the opportunity to get something for nothing. Our sending dollars to Europe has deflated currency in some countries, while others are discounting our money. France has done nothing toward rebuilding or restoring devastated areas, but the Italians and British are removing all traces of destruction.

Switzerland and Belgium are showing evidence of wealth, but are still receiving American aid, said Mr. Wood. The Dutch are the sturdiest and most industrious people in Western Europe, he said, and are getting things done in their country.

The British are faced with a most pitiable situation because of their socialistic government and are doing their best to improve their conditions. Although America has sent more money to Britain than to any other country, our politicians have not yet learned that the Labor government is incompetent and is making a mess of things, he said.

The attitude in Europe is that as long as the United States wants to give away money over there, they will take it, although most of the people are resentful of America's attitude.

This country is being robbed both abroad and at home, said Mr. Wood, and the constitution has been set aside because Congress has not declared the war over and every emergency clause is being used to prevent a return to normal conditions. We are rapidly spending ourselves into bankruptcy, said Mr. Wood, and need to wake up to the dangers facing us, which are rapidly driving the country into socialism and make us an easy prey to communism.

JOHNTOWN

Mrs. B. G. Peacock and daughter, Estell of Shreveport, La., arrived Sunday for a two days' visit with her brother, Mr. and Mrs. W. J. Hawkins.

Mr. and Mrs. E. C. Watts and daughters, Dorothy, Barbara and Patricia of Henderson, spent the week end in the home of his mother, Mrs. J. A. Watts.

Mrs. N. C. Hinson visited last week in the home of Mr. and Mrs. Frank Petty in the Mauldin community. Her niece and a sister of Mrs. Petty, Ruby Phillips of Durant, Ok., also spent the week there.

Cotton picking season opened in this vicinity Monday, giving local people employment.

Mr. and Mrs. G. A. Vaughan and daughters, Eleanor and Mary Ann, and Mrs. J. C. Vaughan of Bogata, enjoyed a fish dinner at Albion Ferry on Red River Tuesday in observance of Mr. Vaughan's birthday.

M. J. Dodd of Longview, spent the week end with his wife and children here.

G. A. Vaughan started work Wednesday morning as bookkeeper at the gin in Bogata.

Word has been received by relatives that Mr. and Mrs. Billy Hood of Lorenzo, had been in an automobile accident and were slightly injured and both cars involved were greatly damaged. Billy is a grandson of Mr. and Mrs. W. J. Hawkins.

Regular third Sunday services at the Methodist Church were held Sunday, conducted by Rev. Greenhow of Cuthand. The revival scheduled to begin at that time was indefinitely postponed.

Mr. and Mrs. Bill Ward of Bogata, visited Sunday afternoon in the W. J. Hawkins home.

Service hours at the Church of Christ have been changed from Sunday afternoon to Sunday morning. Bible study at 10 a. m. and preaching service on Thursday night, conducted by W. K. Novak of Clarksville.

Mr. and Mrs. Elbert Westbrook moved from an apartment with her mother, Mrs. T. W. Smith on Thursday into their new home in Bogata. Friends here regret losing this fine couple and wish them happiness in their new home.

Mrs. Eugene Harper of Omaha, visited Mrs. Katie Pirtle Tuesday. The Harpers are former residents.

Mrs. Jim Pirtle and daughter, Fredrika, who visited with her sister, Mr. and Mrs. Claud Kennedy at Cunningham last week, returned home Thursday.

Mrs. J. B. Roberts is visiting relatives in Nashville, Tenn.

Word has been received by Mr. and Mrs. G. A. Vaughan that their son, Mr. and Mrs. J. H. Vaughan of College Station, would arrive Tuesday for a between term holiday from A. & M. College, where Mr. Vaughan is a senior student.

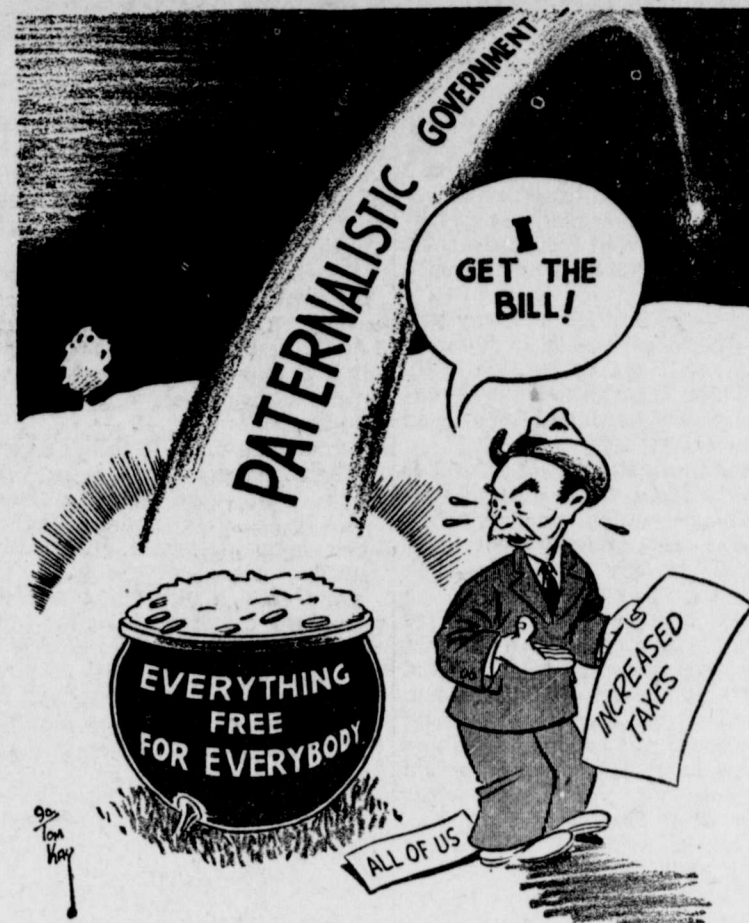

Graveling of the new Fulbright-Clarksville F. M. road has been completed from Fulbright to beyond Cuthand Creek, hauling being done from Bogata. A little later, hauling from Clarksville on the northeastern part of the road will be in progress. When gravelled it will then be ready for an asphalt sealing coat.

ASSEMBLY OF GOD CHURCH

REV. I. T. HARPER, Pastor
 Sunday services:
 Sunday School—9:45 a. m.
 Morning worship—11:00 a. m.
 Evangelistic services—7:45 p. m.
 Mid-Week Services:
 Tuesday—7:45 p. m.
 Young people—Thursday, 7:45 p. m.
 Saturday, 7:45 p. m.
 A hearty welcome to all.

It Pays to Advertise.

THE AMERICAN WAY

Following The Rainbow to The Poorhouse

Dr. L. D. Lawler Now Associate of Dr. J. B. Ferrell

Dr. J. B. Ferrell of Mt. Pleasant, announces the association of Dr. L. D. Lawler in the practice of optometry. Dr. Lawler was born and reared in Titus County and is a graduate of Mt. Pleasant High School. He was a teller in the First National Bank in Mt. Pleasant before entering the Army in May, 1943. He attended the University of Alabama while in the Army and saw service with the infantry in the European theatre before being taken prisoner by the Germans.

Upon his discharge from the Army he took a pre-optometry course at East Texas State Teachers College and then attended the Southern College of Optometry at Memphis, Tenn. He was a member of Sigma Alpha Sigma, national optometric honor society for those with high scholastic standing, and was vice-president of his graduating class.

Dr. L. D. Lawler is a graduate of the University of Alabama while in the Army and saw service with the infantry in the European theatre before being taken prisoner by the Germans.

WOULDN'T FIT

Tramp: "Has the doctor any old pants he could let me have?"
 Lady: "No, they wouldn't fit you."
 Tramp: "Are you sure?"
 Lady: "Quite sure—I'm the doctor."

NO BIKE

An elderly gentleman was walking past a drug store when, without warning, a young man dashed out, took a flying leap in the air with his legs astride, and fell in a heap in the gutter. The older man hurried over to him. "Dear, dear!" he said sympathetically. "Are you hurt?" "No," was the reply. "But I'd like to meet that so and so who moved my bicycle!"

We will appreciate your printing orders, large or small.

Bogata School to Open Sept. 8th

Bogata Public School will open for the 1949-50 term on Thursday, Sept. 8. Students in high and grammar school will register on Thursday and Friday, with buses making the usual routes for children in the rural districts.

Teachers named are: Superintendent, F. L. Branson. Principal, W. S. Cody. Agriculture, Morris Trimm. Math., Mervin Childers. Coach of athletics, Edwin E. Miller. Home Economics, Mrs. Fitzgerald.

Mrs. Sam Holder. Miss Patricia Felts. Miss Virginia Branson. Grammar school teachers are: Principal, G. W. Seay. Mrs. Newt Bryson. Mrs. Archie Lowry. Mrs. Tom Watkins. Miss Jodie Craddock. Mrs. Edwin E. Miller. Mrs. John Lee Bell. Mrs. Tucker Quinton. Mrs. Gilbert Huddleston will be visiting teacher for the Bogata and Fulbright schools and one more teacher and a supervisor for the Bogata and Clarksville districts are to be selected.

Bogata's colored school will also open for the fall term on Sept. 8 with Emma Dinwiddie and an assistant as teachers.

Talco Students to Receive Degrees

Twenty-one Titus County students will be graduated from East Texas State Teachers College at commencement exercises Sunday, Aug. 28.

John Ben Sheppard, Gladewater attorney, will deliver the commencement address at 3 p. m. At 11 a. m. the baccalaureate sermon will be given by Rev. Franz Alford, pastor of the First Christian Church, Commerce.

Titus County students receiving degrees are Gloy Hurt, Betty Jean Barrow, Warren Barrow, Joe C. Jones, Corrie Bell Barrow, George Warren Barrow, Eddie G. Lum Jr., Clyde W. Holder, Jewell Davidson and Georgia H. Easterling, all of Talco; George Swor Kendrick, Winfred Lou Stanley, Helen G. Young, Osa Velma Page, Duncan Thompson, Margaret Galt Moore, Vivienne Combs Justiss, Dorothy Ponder Boyer, Mildred Lamb Perkins and Jack B. Gunn, all of Mt. Pleasant; and Kyle Holder, Winfield.

A vendetta is a feud.

SAVED THE TURKEY

Actor James Mason and his wife are very fond of cats, and have a number of them in their home. One evening, the Masons had a group of friends over for a turkey dinner. Mason was standing at the head of the table, carving. As usual, the cats were present.

Suddenly the actor's knife slipped. The bird slid off the platform and landed on the floor. "Watch out!" cried one of the horrified guests. "Here come the cats!"

"Don't worry," said Mason calmly. "I've got my foot on the turkey."

You know, you'll never get that dizzy feeling from doing too many turns.

County Agent Bill Grisham Hurt

Bill Grisham, county agent, was badly hurt Wednesday in an accident at the Titus County Fair and Dairy Show.

A fight broke out between two large boars. In an attempt to separate the animals, Grisham was struck on the right thigh by a tusk, which inflicted a deep gash eight inches long.

The county agent was rushed to a hospital for emergency treatment and was later taken to his home, where it is expected he will be confined for several days.

H. E. TROUTT

Drilling Stopped At Fulbright Wildcat Test

Drilling at the W. W. Bradley No. 1 Adams, John Land survey, two miles southeast of Fulbright was discontinued last Friday in the neighborhood of 4,500 feet.

Drillers encountered a hard rock formation that wore out their bits in only a few feet of drilling.

This is probably the same rock strata encountered by Magnolia when it drilled a wildcat on the John Henry land, about four miles northwest of the Adams well several years ago.

Land owners had assembled a 5,000 acre block of leases which they gave to Mr. Bradley for the test to 4,000 feet. This was not a promotion deal in any way. None of the leases were sold. They are good until next March, and there is a report that Mr. Bradley is considering another test on some of this acreage.

A stream of fresh artesian water with strong flow was encountered at 3,000 feet in the Adams well, and salt water further down.

The derrick and drilling machinery were moved to another location the first of the week.

Plugging orders are expected for Coats & Jackson No. 1 Pevitt, Dundas survey, southeast of Talco. The well topped the Paluxy at 4,660, found no shows in drilling in and was to finish contract around 4,860 feet.

At the east end of Talco, W. B. Hinton No. 1 Belcher, Bowen survey, an old well being deepened to the Smackover, is making hole past 5,297 with assive anhydrite topped at 5,120 feet.

In the Lakeview area of Franklin County, Byars & Peveto No. 1 House had started pumping test at 4,517-20 in the Paluxy.

Six miles east of Clarksville, L. R. Skidmore No. 1 Cobb, has resumed drilling below 700 feet.

Stephen Rumore of Electra was reported to have signed a contract with an operator and geologist at Electra for a test to be drilled on the 100-acre tract in the John Robbins survey, formerly owned by Ward & Strickland. This tract is about a mile and a half west and slightly south of the Stratton Drilling Company No. 1 Allen.

Joe Strahan, Shreveport operator, was reported to be rigging for another exploration in the Red River County area twelve miles north of Clarksville. His new test, a 1,900-foot project, would be just east of an earlier test he drilled in the Witt survey.

R. R. Co. 4-H Clubs Receive 50 Dollars

For the third consecutive year, the Red River County 4-H Club organization has received a \$50 check from Southwestern Gas and Electric Co., it was announced by County Agent Herman Lynch, and Home Demonstration Agent Aline Fodge Allen.

"Our rural development department is prepared to give any assistance it can in helping promote better farm practices in this area. We cooperate with county and home demonstration agents in conducting demonstrations on adequate wiring, proper home lighting and other subjects," said Russell Gray, head of the company's rural development department.

Gray said the company makes this presentation to 18 4-H Club county organizations in Texas in which the company operates. He pointed out that the money was to be used in any way the 4-H Club organization decides.

Alcorn Wants Conference Called for Him, Too, as He's Short of Dollars

Editor's note: Achin Alcorn, philosopher on his Johnson grass farm on Sulphur, doesn't understand much about international finance, his letter this week reveals.

Dear Editor: I was out here yesterday afternoon tryin to locate three trees lined up at the right angles between me and the sun so I could sleep in one place without havin to follow the shade around the tree as the afternoon wears on, a man who can't use his head ought to get sun-burned anyway or tire himself out movin, and when I got situated I pulled out a copy of The Mt. Pleasant Times which I borrowed out of my neighbor's mail box while he was out in his field tryin to get sunstroke and which is the best paper I have ever seen for lullin you into a afternoon nap, although I want you to know your paper is still at the head of the list or puttin me to sleep at night, and I read where officials in England and the United States are callin an international conference to discuss the dollar crisis in England which ruined my nap for several minutes.

As I understand it, England has run out of dollars and everybody is alarmed, but I can't see

any reason for callin an international conference.

Thunder, I've had a dollar crisis out here on Sulphur ever since I can remember, but haven't ever thought of calling the Secretary of the Treasurer, the Secretary of State, and the entire British cabinet into a conference over it.

However, if that's the way you end such a crisis, I'm in favor of it, and will appreciate you tellin President Truman to send his experts down here and let's open the meeting.

As I understand it, England is sufferin from what she calls an imbalance, which means she's short of cash, and the same thing applies in my case. In fact, while I ain't as old as the British Empire and her dollar shortage may out-date mine, I can say this, at her shortest moments England wasn't no shorter on money than I been all the time and am right now, and I got several neighbors in the same shape and have a idea some of you town birds know what I'm talkin about too. In fact, if everybody who has a dollar crisis is comin to this international conference, I can see right now it'll be an open-air meeting. Ain't no building big enough to hold that crowd.

Yours faithfully, A. A.

Talco Happenings Ten Years Ago

Week of Sept. 1, 1939

Flesh-Hootkins Oil Corporation and B. B. Orr were preparing for a wildcat test near Bagwell.

Talco's new gin had turned out 43 bales of cotton.

Lightning had set fire to an oil storage tank on the Carr farm east of Talco. The explosion caused little damage.

Bogata had asked to join Talco in construction of a golf course and a bath house at the Talco lake near Johntown.

A baby colt owned by Roy Anderson had been adopted by a bereaved cow. Mr. Anderson was wondering how to break up the strange union when weening time came.

Boyd Griffin, Rugby 4-H Club boy, had been given the purebred steer calf which he won in the county-wide contest.

A dance studio was to open in the Talco High School with Miss Dorothy Van Dyke as instructor. Talco and Sulphur Bluff oil fields had opened again after 15 days shutdown.

The Paluxy Motorcycle Club sponsored a dance at their club room. Proceeds were to be used to finance the motorcycle races to be held Sept. 17.

Leases were being blocked in the Bogata area for an oil test.

A section of Highway 49 from Sulphur river to Mt. Pleasant was to be paved.

Dick Morris had killed a 4½ foot diamond back rattlesnake with five rattlers at his home at Morris Chapel.

Guests of Mr. and Mrs. Ellis Harris during the week were her sisters, Mmes. Robert Whitney and Bessie Mae Griffith and their families of Marshall; Mrs. Fred Campbell of Pittsburg and Mrs. Frank Williams and Mr. Williams of Daingerfield; her brothers, Julius and John Burkham of Marshall; Mr. Harris' brother, Walter Harris and his son-in-law of Rotan.

Harper and Kirk Family Reunion

Homecoming of the Harper and Kirk families was held at Dellwood Park in Mt. Pleasant Sunday with dinner. Attending were S. R. Harper and his children, Mrs. Maggie Barnard, Mr. and Mrs. Hughie Harper and Robert, Gilbert Harper and Mr. and Mrs. J. A. Davis and Janice, Mr. and Mrs. sister, Mrs. Mollie Carr, her daughter, Mrs. J. D. Berryman and her grandson, James Berryman and wife and Mrs. Grace Reed of Alto; another sister, Mrs. H. C. Arnold and Mr. Arnold of Mt. Vernon, and their son, Creston Arnold of Jefferson.

The descendants of another sister, Mrs. Sallie Thomas, deceased, were Mr. and Mrs. J. H. Thomas and their two sons, J. W. and J. H. Jr., Mr. and Mrs. R. L. Thomas and Miss Aletha Thomas, Mrs. J. T. Thomas, John, Joan and Dudley, Mr. and Mrs. N. M. Thomas, Mr. and Mrs. J. T. Kelley, Mr. and Mrs. Joe Kelley and daughter, Mr. and Mrs. L. A. Black and Charles, all in and near Mt. Pleasant; Mr. and Mrs. Wylie Roberts and Miss Dorothy Jean Harper, cousins in Mt. Vernon;

J. B. Kirk, his daughter, Mrs. Dewey Blackstone and family, Mrs. Virgil Hughes, Miss Virgie Beth Hughes, Miss Ann Hughes and Mr. and Mrs. Frank Hicks, Mr. and Mrs. Marvin Stanley and Ray, C. W. Fleming, his daughter, Mrs. Roy Hensley and family. Close friends of both families were Mrs. G. C. Hughes and Mrs. Mae Masters.

Mr. and Mrs. F. B. Haynes and their daughters, Jo Nell, Linda and Mrs. Jack Swope, returned Saturday from a visit with relatives and friends in Houston, Galveston and San Antonio.

BURGLAR OR MURDERER

Wife: "John, I am sure there is a burglar in the house; aren't you going to get up and see?" Husband: "Certainly not. Do you think I am going to deliberately run the risk of making a murdered out of a poor fellow now only a common burglar?"

MT. PLEASANT, TEXAS

All Hunting and Fishing Licenses Expire Sept. 1

Following a temperature of 103 degrees last Friday, showers fell in this area and Saturday morning there was a nice cool breeze from the north with the first tingle of fall weather.

Sportsmen are reminded that all hunting and fishing licenses expire on Sept. 1. New Game Law Digest of hunting and fishing laws passed by the last Legislature will not be available until late in September.

Dove season, if it hasn't been changed, opens Sept. 1 in the North Zone, thru Oct. 15. Bag limit 10 per day; shooting hours: half hour before sunrise to sunset.

On Oct. 5 a new trespass law goes into effect that really has teeth and will result in less hunting and fishing in the thickly settled portions of the state. It was sponsored by land owners in the ranch and deer country to keep out poachers.

Out there most ranches have several thousand acres. In North-east Texas the tracts are small and in one day's quail or squirrel hunt, many different tracts of land are traversed.

Unless one has permission to hunt on a tract of land, and is caught doing so, the fine for the first offense is \$200 and forfeiture of hunting license for a year. Arrest may be made by a game warden or peace officer without a warrant.

For the second offense the fine is \$500 and no hunting license for two years; third offense a fine of \$1,000 and no hunting license for three years.

This newspaper published a full digest of the law in its July 21 edition.

Frankly, this editor believes free hunting in Texas is on the way out and he doesn't like it. Some folks who like to hunt and fish cannot afford to pay lease fees.

Most owners of small tracts of land in this area have in the past permitted hunting when permission was asked. What their attitude will be under the new law remains to be learned.

BROTHER OF TALCO MAN IS DEAD

Mr. and Mrs. O. B. Walton Sr., Miss Anita Walton, Mr. and Mrs. O. B. Walton Jr., and baby and Mr. and Mrs. Ray F. Newman Tuesday attended the funeral of Mr. Walton's brother, Lewis Walton, at the West Side Church of Christ in Rodessa. Burial was made in the Walton Center Cemetery, near McLeod. Rev. F. H. Ogilvie and R. J. Rossion also attended the funeral.

Samuel Morse invented the electric telegraph.

Carlisle Begins Year Advertising In Talco Times

H. C. Carlisle, Talco jeweler, begins an advertising campaign this week that will be seen in each issue of The Talco Times for a year.

"Advertising, to be successful, should be persistent and regular," said the good-natured Carlisle, who has a nice little jewelry store next door to the Trojan Cafe, and who also keeps watches running and jewelry repaired for folk in this area.

Carlisle is right about spasmodic advertising—consistent, persistent and regular ads will do a much better job. Watch for his ads—you'll get a smile, if not a chuckle, out of most of them.

Drilling Oil Wells Ninety Years Ago

The hole that Colonel Drake started has gone through the earth 60 times.

Back in 1859, Edwin Laurentine Drake, a retired railroader known as "Colonel," dug a 69-foot well and brought up oil. This historic oil well at Titusville, Pa., the world's first, started America's great petroleum industry.

The impetus gained from that visionary start in the Keystone State has led to the drilling of 1,250,000 wells to date.

According to the American Petroleum Institute, the total depth of these has exceeded 2,500,000,000 feet, which would amount to 60 trips for a drill stem through the axis of the earth.

Three of the "trips" were made during 1948 alone—a total drilled footage of 135,040,218.

Incidentally, it took Drake's drillers two and one-half months to put down a hole shy of 70 feet. Recently, an oil well was completed to a depth of 1,000 feet in only 29 hours.

Our reader up the street says it looks as if more people are wanting the government to support them than are wanting to support the government.

Gyroscopes are used to stabilize ships.

Tax Approved for Levee Districts

Application for tax levies on three levee improvement districts were approved Monday afternoon by Lamar County Commissioners Court.

Approval was given on the following requests:

Lamar-Delta County Levee Improvement District No. 2—\$2 on each \$100 of net benefits for bond purposes and 50 cents for maintenance;

Lamar County Levee District No. 1—one and three-eighths percent of net benefits for bond purposes.

Fannin-Lamar - Delta County Levee Improvement District No. 3—\$6 ad valorem on \$100 for bond purposes and \$1.50 on \$100 valuation for maintenance purposes.

The applications were presented the court by Attorney R. W. Wortham.

COME UP TOGETHER

The sad-eyed Oriental was scattering boiled rice on a grave when an American visitor with an armful of flowers beside him and looked on skeptically.

"What time do you expect your friend to come up and eat rice?" asked the American. The Oriental favored him with an inscrutable smile.

"Same time your friend come up to smell flowers."

Mr. and Mrs. Aubrey Harris and Barbara and Mr. and Mrs. W. B. Harris and Glen visited their sisters and daughters, Mrs. Vernon Blane and Mrs. Kenneth Whitley in Hobbs, N. M., for two weeks. During their visit in Hobbs they went to Carlsbad.

Marshall E. Jones is building a six-room home in North Talco. A. F. Stracener of Mt. Pleasant, is the contractor. It is being built to FHA specifications, and outside work is about completed.

Mr. and Mrs. J. Tidwell, Jeff and Paul, recently of Kilgore, visited Mr. and Mrs. T. C. Little and children the first of the week, en route to Duncan, Okla., where they have been transferred.

Guests of Mr. and Mrs. T. F. Parish Tuesday and Wednesday were his mother, Mrs. A. Parish, and his sister, Mrs. W. M. McNulty and three children of London.

Guests of Mr. and Mrs. H. F. Teague during the week were Mrs. Teague's brothers, Elbert and Albert Harris and Crawford Harris and wife of Biardstown and Mr. Teague's sister and her husband of Paris.

Ray Matherly of Burkburnett, spent the week end here. Mrs. Matherly and children, who had been with her parents, Mr. and Mrs. B. L. Gieger, for a week, accompanied him home.

Guests of Mrs. W. H. Crawford during the week were her cousins, Miss Ada Stephenson and Mrs. Abbie Wade of Mt. Pleasant and Mrs. Addie Meadows of Dallas and her sister, Mrs. Lottie McFerrin of Mt. Vernon.

Mrs. Willie Springer of Truman, Ark., has been visiting her sister, Mrs. R. A. Miller and Mr. Miller. Monday, Mrs. Springer accompanied Mrs. Miller to Shreveport, La., to visit her daughter, Mrs. Spengler. They will go from Shreveport to Truman.

Mrs. B. H. Maywold of Gilmer, has returned home after visiting her daughter, Mrs. J. H. Weatherall and family. Mrs. Weatherall's nephew, Phillip Maywold of Texarkana, and her niece, Dorothy Jo Moore of Gladewater, were also visitors during the week.

Dr. and Mrs. R. R. Patterson and baby of Barksdale Field, Shreveport, La., returned Wednesday after a visit with his sister, Mrs. G. M. Burnham and family. Dr. Patterson and Mr. and Mrs. Burnham spent the week end with their parents, Mr. and Mrs. L. E. Patterson and their three sisters in Gueydan, La.

Mr. and Mrs. J. A. Jennings Jr. of Shreveport, La., visited his sister, Mrs. M. J. Spruell and family from Sunday until Tuesday. Mr. and Mrs. Spruell accompanied them to Texarkana, where they visited their parents, Mr. and Mrs. J. A. Jennings Sr. On Wednesday they visited Mr. Spruell's parents, Mr. and Mrs. R. S. Spruell, in Dodridge, Ark.

Talco Students Receive Degrees

Sunday, Aug. 28, is commencement day at East Texas State Teachers College in Commerce. Clyde Wilkie Holder, son of Mr. and Mrs. Clyde Holder, will receive his Masters degree. Mrs. Jewell Davidson of the Talco school faculty will receive her Master of Science degree. She has majored in Education.

Joe Jones, son of Mr. and Mrs. Jesse Jones and nephew of O. E. Jones, will receive his Bachelor of Science. He has majored in Industrial Education.

Mr. Holder will be elementary principal of Emory school. Mrs. Davidson will teach in the elementary grades here and Mr. Jones plans to continue his course of study at Commerce.

Mr. and Mrs. Barrow of Wilkinson, will receive Masters degrees and their son and daughter will each receive Bachelor degrees. The son and daughter both graduated from Talco High School.

Mrs. Beulah Dillard of Corpus Christi, arrived Sunday to visit her daughter, Mrs. V. L. Taylor and Mr. Taylor.

Paris Jr. College Opens Sept. 13 For Fall Term

Paris Junior College announces Tuesday, Sept. 13, as the opening date for the regular fall term. Tuesday, Sept. 13 will be registration day for first year students, and Wednesday, Sept. 14 is registration day for all former students. The regular college bus from this area will begin on Tuesday, Sept. 13.

Owen Miller will be the bus driver this year. A large number of Deport, Talco and Bogata students have indicated they will attend college regularly by riding these special school buses, yet live at home.

Junior College, which, in its silver anniversary session last year, enrolled 625 students from two foreign, eight states and thirty-five counties in Texas, attributes its success to two things: Small, well-supervised classes and its million-dollar plant.

The school's primary purpose is to give two years of college training to students who plan to continue their work for academic and professional degrees in institutions of high learning.

To this end the school offers courses in art, business administration, distributive education, education, engineering, home economics, English and other languages, mathematics, music, natural science, physical education and social sciences.

Its secondary purpose is accomplished by providing courses for those who want training in professional fields such as watch repair, jewelry craft, radio, upholstery and shop mechanics.

Agriculture Courses
Paris Junior College, centered in an agricultural section, emphasizes its agriculture program. It has its own experimental farm, dairy, chicken flocks, farm shops, and farm equipment.

Small classes make it possible for members of the faculty to give their students that close personal touch. This individualizes and humanizes the student's experience to a degree not possible in large classes.

The physical plant has grown steadily. It occupies a 193-acre campus, has fifty-five buildings, gymnasium, football stadium and experimental farm. The buildings include a large, modern administration building, twelve laboratories, auditorium, library, private music studios for choral and band, dormitories for boys, and dormitory for girls, well-equipped vocational and engineering shops, farm shops and dairy sheds.

Athletics Stressed
Paris Junior College is a member of the southwestern Junior College conference. Claude Gilstrap, football coach, was named coach of the year by the Texas Sports Writers Association last year. His team played in the annual junior college classic, the Oleander Bowl at Galveston.

One player made the junior college all-American team. In golf, Paris Junior College took every honor and cup in con-

Starting Monday Veterans to File Insurance Claims

Monday, Aug. 29, is the date when veterans of World War II start filling out applications for dividends on National Service Life Insurance.

Every veteran who took out National Service Insurance and kept it in force at least three months will be eligible. The policies need not now be in force to make the holder eligible for the dividend.

The dividend will not be paid on policies later than the anniversary date of the policy in 1948, and in cases where the policy holders have died the beneficiaries will receive the payment.

Average individual payments are estimated at around \$175, depending on the length of time the policy was held and the amount of the premium.

It will be around January 1950 before checks are expected to begin coming in to the veterans.

LOOK MOMMY

"Mommy, look at that funny man across the street," exclaimed the little girl.

"What is he doing?" asked her mother.

"He's sitting on the side walk talking to a banana peeling."

reference play. In basketball, Paris produced the conference high scorer and all-conference player.

Paris Junior College was the first to offer the bus service to its students. The school operates six modern buses over 180 miles daily transporting students.

The college is a member of the Texas Association of Colleges and has been admitted to the Southern Association of Secondary Schools and Colleges.

Can't Leave Seed At Gins and Get Gov't Loan

Farmers who anticipate using the Government Loan under the 1949 cotton seed Support Price Program are advised by Roy P. Mason, Administrative Officer, Lamar County ACA, not to leave their cotton seed at the gin.

Preliminary instructions on the cotton seed Support Price Program indicate that loans will be made on grade, provided moisture content is 10 per cent or less. Since cotton seed must be graded and tested for moisture content it would be impossible for the producer to identify his seed once they are stored in the gin seed house with other seed previously purchased by the gin.

The basic support price for cotton seed will be \$49.50 per ton and no loans will be made after Dec. 1, 1949.

Pending receipt of final in-

structions on how the loans will be processed, it is suggested that farmers take their cotton seed home if they desire not to sell at the time the bale is ginned, as it is understood that if they were left at the gin the loan would be impossible.

Indications are that farm storage loans will be available to those farmers having suitable storage. Farmers who do not have this suitable storage can borrow from the Commodity Credit Corporation an amount not to exceed 85 per cent of the construction cost to build this storage on their farm. This will be a five year loan at 4 per cent interest.

Farmers who do not expect to use this Support Price Program can handle their cotton seed in the usual manner. Both construction and cotton seed loans will be handled through the local ACA office.

Didja' hear about the little morn who cut off his fingers so he could write shorthand.

EIGHT ILLICIT STILLS TAKEN IN JULY

The Texas Liquor Control Board Inspectors in July reported the seizure of eight illicit stills. Two were taken in Harrison County, two in San Jacinto County, and one was taken in each of the counties of Anderson, Van Zandt, Angelina, and Comanche.

Neither Titus nor Red River had a show for July.

Wedgewood china is named after Josiah Wedgewood, celebrated English potter.

From where I sit... by Joe Marsh

If They're Wild, They Belong To Tik!

Saw Tik Anderson last week and was reminded of the first time I ever spoke to him. The missus had sent me out one Saturday afternoon to hunt for some blackberries.

I took a long hike and couldn't find any. Finally, I came to Tik's house along that low stretch east of the fork on River Road. "Hi there," I says, "any blackberries around here?"

Tik says, "There used to be—but I don't know much about things that grow wild." Later, I found how Tik supports his family by picking berries. Ever since, I've

been like the rest of folks in town—respectful of his right not to tell where "his" berries grow.

From where I sit, respecting other folks' rights comes natural in our town... in America for that matter! Whether it's a person's right to enjoy a temperate glass of beer or ale, or whether it's Tik Anderson's right to keep secret where his berries are, it's all a big part of a real democracy!

A few of the many advantages each student gets by attending
PARIS JUNIOR COLLEGE

1. More personal attention because of small classes, closer acquaintances with instructors.
2. Fully accredited courses in freshman and sophomore work.
3. Better instruction because every class is taught by qualified and experienced full-time instructors rather than by graduate students.
4. Far better opportunity in extracurricular activities both athletic and literary.
5. An outstanding Junior College offering a Two-Year Fully Accredited College Course in Freshman and Sophomore work plus many Vocational and Terminal Courses.
6. Attendance in the beautiful \$1,000,000,000 plant consisting of administration building; gymnasium, engineering building, stadium, boys' and girls' dormitories and many other college facilities on our 193-acre campus will inspire every Junior College student.
7. Secure all of the above advantages at a great saving over the usual cost of college education.
