## around Muleshoe

Eugene Prevo, Jr. arrived Tuesday night at the Lubbock Airport to stay with his parents, Rev. and Mrs. Eugene Prevo, Sr. for three months. Prevo was discharged from the U.S. Navy where he had been on the U.S.S. Independence an aircraft carrier. He has served in the U.S. Navy for six years. His father is the pastor of the Trinity Baptist Church of Muleshoe.

Mrs. Willis Wood, who had surgery in Lubbock Monday to repair injuries received in a recent vehicle accident near Muleshoe, has returned to her home to recuperate.

According to reports from family members late Friday afternoon, seventeen year old Aleck Shafer continued to hold his own in the intensive care unit of Methodist Hospital in Lubbock.

Although still unconscious following a wreck on Saturday, August 12, he shows some response to doctors, nurses and family members, said Mrs. Ron Shafer.

Four year old Danny Barrett was treated for minor injuries and released from West Plains Medical Center, around noon Wednesday following a three-vehicle wreck three miles north of Muleshoe on Highway 214.

He was a passenger in a pickup driven by his father, Ricky Barrett.

## Watson, Brown Nab Golf Tourney Honor

Last weekend, it took seven holes in a sudden death playoff at the Muleshoe Country Club to break a tie between the team of Steve Long and Randy Hines and Chris Brown and Montie Watson.

They were in first place playoffs in the annual Muleshoe Partnership Golf Tournament which drew a large group of players from throughout the area.

In the playoff, the team of Brown and Watson took the first place with a score for the two day tournament of 129. In second place, was the Long, Hines team, also with 129.

Tournament results were as follows:

**CHAMPIONSHIP FLIGHT**  
Chris Brown, Montie Watson, 129; Steve Long, Randy Hines, 129; Chapman, Balloy, 132; Long-

## 3-Way School Will Start On August 28

Three Way School Superintendent Bert Grimes announced that school will begin on August 28.

He said that in order to serve breakfast from 8 to 8:20, the buses will be running ten minutes earlier than last year.

The superintendent said breakfast and lunch prices will be 35 cents for regular student breakfast; 10 cents for reduced price breakfast for students; 50 cents for faculty and 75 cents for visitors.

Lunch prices will be 60 cents for regular students; 20 cents for reduced price students; 90 cents for faculty and \$1.75 for visitors. Milk will cost five cents for students and 10 cents for faculty.

Grimes said classes will begin each day at 8:25 and will dismiss at 3:36 p.m. Three Way teachers are to report to work August 23 at 9 a.m. for three days of in-service training.

**DESTROYING THE EVIDENCE...** Deputy Sheriff James Williams, left, watches as Deputy Sheriff Monty Phipps pours gasoline over a gunny sack full of marijuana which had been confiscated by local law enforcement officers. By the time they got through with the substance, it was no longer useable in any form. At the same time, they destroyed several cases of beer and bottles of liquor which had been confiscated and ordered destroyed.

## Punt, Pass & Kick Registration Starts

On Friday, August 18, registration began for the 1978 Punt, Pass And Kick competition in the showroom of Muleshoe Motor

Company. In making the announcement, Robert Hooten, president of the dealership, said, "We're looking forward to a big local PP&K competition in Muleshoe on September 30. We hope all the youngsters, eight through 13 years of age, in this area will come in to register and take part."

Hooten pointed out that PP&K--throughout its six levels of competition--is free of any charge, and that youngsters need only to have a parent or guardian accompany them to the showroom to register. "Our competition here will have first, second and third place trophies for contestants in each of the six age groups, or 18 trophies in all," said Hooten. "Increasing each entrant's chances of winning is the fact that youngsters compete only against others in their own age group," said the Ford dealer.

"Of course, there is no body contact in PP&K. It's putting, passing and place-kicking for distance and points, just as the name

## 3-Way Football Practice Starts; Team Young

Three Way football coach Pat Risinger said Friday morning, "We're a little lean this year, since we graduated too many starters for the Three Way Eagles."

With two starters back from last year, the coach was still optimistic however, and emphasized that Three Way would definitely be competing.

"We won't be as strong early in the season as last year, but as soon as we let our boys play and get a little experience behind them, we will be contending for a good season," he said.

Coach Risinger expects Whitharral to be the choice in the district but expects to give the strongly rated team a real good 'run for the money when they play them in the final game of the season."

"We won't be as big, and we won't be as strong," said the coach, "but don't ever count us out of the competition. Our boys may be small, but they will be fighting hard."

says. First place winners in each age group in our competition will go on to the Zone competition. And, from there, top winners go on up the ladder through District, Area, Division and National Finals," he said.

"This year, the National Finals will be held at the NFC Championship game in January. Naturally, we hope some of our Muleshoe PP&K winners will make it all the way to the finals," the dealer said. He explained that each entrant, upon registering, cont. page 3, col 2

## Fine Arts Club First Fall Meet Set August 28

Muleshoe School Fine Arts Boosters will hold their first fall meeting at 8 p.m. on Monday, August 28 in the Muleshoe High School cafeteria.

Important items on the agenda include election of officers, appointment of committees and planning opening the concession stands for the 1978 football season which gets underway on September 8.

Mrs. Walter Shain said all parents of junior and senior high school band and speech students are encouraged to attend the meeting.

## Local Police Report Junk Cars Removed

Thursday afternoon, Acting Police Chief J.R. Carpenter reported that the recent drive on removal of junk vehicles from Muleshoe's streets and driveways seems to be working very well.

In the first push, some 29 vehicles were cited to be removed. Letters were sent to the registered owners of the junk vehicles.

Carpenter said that following the 10 day-removal period, 22 of the cars were removed. The chief also said that warrants for the arrest of the other seven vehicle owners would be processed and served sometime Monday.

Carpenter praised the actions of the 22 persons who removed the vehicles for their actions to avoid further law enforcement action.

# Huge Caravan Planned For Amarillo SPS Plant

## FMHA Emergency Loans Available

A new Economic Emergency loan service for farmers and ranchers who have financial problems caused by credit shortage or cost-price squeeze is now in effect through the U.S. Farmers Home Administration (FmHA).

John C. Kennedy, the agency's County Supervisor for Bailey County, reports that FmHA is prepared to take applications

## Kiwanis Club Will Sponsor Tourney Players

At the Friday meeting of the Muleshoe Kiwanis Club, it was voted to sponsor two teams from the Muleshoe Nursing Home in the upcoming '42' tournament. Team entry is \$15 per couple and the teams will be designated to compete in the '42' tournament to be sponsored by the Bailey County Unit of the American Cancer Society.

It was announced that Kiwanian Melvin Griffin, who presently has the friendship coin, is still on vacation. It was the consensus of the Kiwanis club that he is trying to cash in the friendship coin so he can make it back home. R.A. Bradley, Kiwanis reporter said, "Maybe he will make it back and someone will be good to him between now and next Friday. If not, he may keep the coin."

Kiwanis President Gary Dale told the group he would be required to leave early as he had to work for a change. His employees are presently on vacation.

Guests at the meeting included Laura Leal, daughter of Mr. and Mrs. Jesse Leal; Bobby Boyd, Howard Birdwell, Lt. Gov. of Division 33 and Rex Easterwood, Lt. Governor-elect for District 33, all from Hereford.

## Local Team In Tournament At Clovis

The Muleshoe Royals, a local baseball team, are competing this weekend in a baseball tournament at Clovis. Playing at Mickey Mantle Park in Clovis on North Sycamore, the team was to play the winner of the Hereford Outlaws-Clovis Pioneers at 8:30 p.m. Saturday night.

The team will also be competing in the double elimination tournament today (Sunday). Admission for the games is \$1.50 for adults and 75 cents for children.

Manager of the Royals, who are sponsored by several local merchants and businessmen, is Jacinto S. Bara. Coaches are Jose Bara, Don Leak and Evaristo Sanchez.

Team members include Derrell Embry, Billy Vinson, Jearrell Bara, Hector Bara, Sammy Gonzales, Loy Dominguez, Ernest Bara, Fred Bara, Danny Rodriguez, Ray Bara, Nacho Martinez, Alonso Ontiveros, Jose Triana, Mike Henderson, Danny Ramirez, Donny Long, Terry Mick and Jose Reyes.

## 200 People Expected To 'Boost' Muleshoe

Following several discussions by a special committee formed to boost Muleshoe, plans were completed Friday morning for a large car caravan to a Southwestern Public Service Company plant in Amarillo on September 19.

Harmon Elliott, coordinator of the committee, said, "The first phase of a long-range plan for a local team to work toward selling Muleshoe to Southwestern Public Service Co. is well underway now."

## Committee Seeks Land For Complex

Applications are still being taken for people to live in the soon to be constructed senior citizen housing complex, announced Harmon Elliott, chairman of the Muleshoe Housing Authority. Although a large number have signed up, more names could be used, he added Friday afternoon.

"Interest is real good in the proposed complex," he added. "Since we returned from checking new facilities at Earth and Portales, we are actively working on a location for the complex."

He said that it will take a minimum of six acres of land all in one plot, and it will have to be adjacent to the city limits as local utilities, police and fire must be available. Elliott added that there is not sufficient acreage in one plot available within the city limits to construct the complex.

He also said work continues on the Agricultural Housing in the east part of Muleshoe although labor to work on the construction is creating a problem.

Elliott reminded that applications for a manager for the complex are still being accepted at this time.

Elliott said the car caravan is being coordinated through Dave Cavitt, manager of the local Southwestern Public Service Co. office, as well as SPS officials in Amarillo and Lubbock.

The coordinating chairman in Muleshoe said the group met with interest and enthusiasm to complete the plans. Included were Olan Burrows and Harvey Bass, Rotary; Robert Hooten and Gordon Wilson, Lions; R.A. Bradley and Jerry Hicks, Kiwanis; Curtis Walker and Jeff Smith, Jaycees and Corky Biggerstaff and Bill Wooley, Optimist.

Also, Terry Bouchelle, president of the Bailey County Ministerial Alliance, churches; Sandy Turner and Sandy Chitwood, women's organizations; Dr. Gary Redwine and Marshall Cook, doctors and hospitals and Neal B. Dillman, schools.

More than 200 people will be making the car caravan to Amarillo on Tuesday, September 19, with the caravan scheduled to leave Muleshoe at 8:30 a.m. Elliott said the caravan will be organized from start to finish and will be properly escorted to keep the caravan both safe and legal.

The caravan will go directly to the SPS plant where the visitors from Muleshoe will be greeted by SPS officials and brief greetings exchanged. Team captains will conduct tours through the plant.

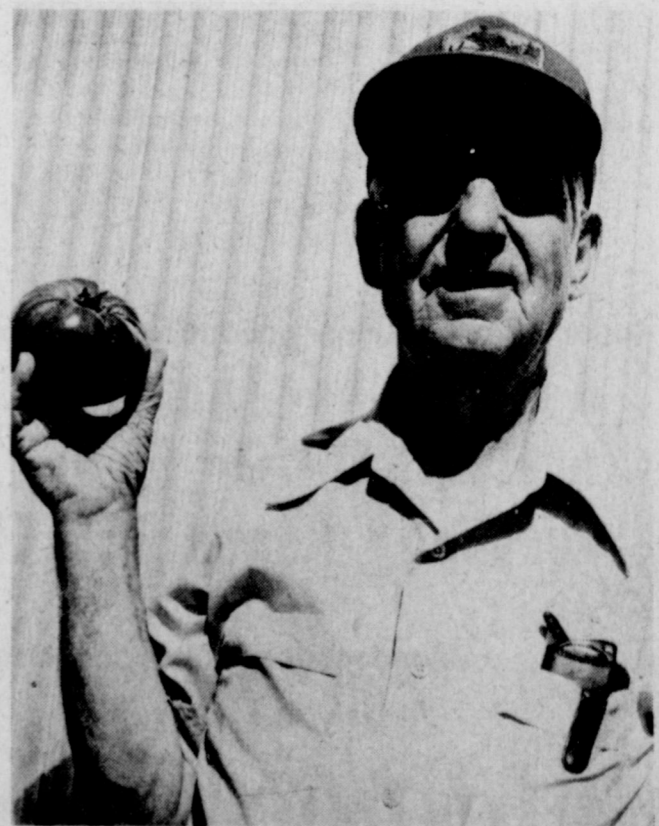

Cont'd page 3, col 1

## Booster Club Meets Tuesday At Cafeteria

All members and prospective members of the Muleshoe Athletic Booster Club will meet Tuesday, August 22, at 8 p.m. in the Muleshoe High School cafeteria, according to President Paul Poyner.

On the agenda will be plans for the year and plans for Meet the Muleshoe Night, tentatively scheduled for Thursday, August 31.

Poyner also said this will be an excellent opportunity to meet the new Muleshoe coaches and hear their plans for the year.

**LARGE TOMATOES...** A proud Frank Hunt, who lives in west Muleshoe, was showing off one of his large tomatoes this week. He grew the one and one-quarter pound tomato in yard. Hunt said he has 12 thriving tomato vines in his yard.

## Wooley-Hurst Slates Red Power Showdown

Wooley-Hurst Implement Co. will host a special "Red Power Showdown Days" field demonstration, featuring International Harvester's improved Series 86 tractors, 1 mile North Crossroads of FM145 and FM1731 at Oklahoma Lane, from 10 a.m. to 4 p.m., on August 24.

participate will be eligible for a national drawing, with a top-of-the-line 1586, 160 pto horsepower, two-wheel drive tractor as the grand prize.

Complete details about the Red Power Showdown Days sweepstakes may be obtained from the local dealer.

Including all Series 86 models over 100 pto hp, the field day will be "one of the biggest IH promotions ever," according to the dealer. He noted that farmers will have the opportunity to test drive IH's 986, 1086, 1486, 1586, and Hydro 186.

"They will be able to try out the new park-lock transmission and heavy-duty power shift TA, which makes shifting easier," the dealer continued. "Also, farmers will be able to judge for themselves just how quiet the Control Center is."

The dealer said the Control Center, a departure from the add-on cab of the

past, is an integral part of the Series 86 models located forward of the conventional design. This permits maximum visibility and improved riding quality. With resilient rubber isolators and other sound-deadening techniques, the Control Center has an officially-tested 78.5 dbA sound rating on the 1586. That rating is one of the lowest in the industry.

"We also will discuss the new and exclusive tractor warranty for the 86 line," the dealer said, "which guarantees tractors for two full years or 1500 hours of operation, whichever occurs first."

Other features to be highlighted are the wet power disk brakes designed for maximum heat dissipation and extended service life, wet differential lock that overcomes one-wheel spin-out, and increased fuel efficiency and easy service accessibility.

"We believe we have the best tractor line available. And we hope our farmers take advantage of our Red Power Showdown Days to see what we are talking about," the dealer concluded.

### Small Bore Rifle Shoot Slated

Ft. Bliss, near El Paso, Tex., will play host to the first national championship of a new sport Labor Day weekend, Sept. 2-4, as the National Smallbore Metallic Silhouette Championship is fired at the Ft. Bliss Rod and Gun Club.

The match will be the first national event of its kind for smallbore silhouette shooting, which was sanctioned for the first time this year by the National Rifle Association, which governs shooting competition in the United States.

Smallbore silhouette is an offshoot of the popular sport of high power silhouette shooting, which began in Mexico. Shooters fire at cutout figures of desert animals made of steel plate. The figures are balanced on a post, and if the shooter knocks the target off the post, he scores a point. Targets are placed at ranges from 40 to 100 meters in the smallbore event, which is fired from the standing position with cal. .22 rifles. Shooters interested in this should contact the Ft.

Bliss Rod and Gun Club, P.O. Box 6118, Ft. Bliss, Texas, 79916.

### GTE President Schedules Move To California

Robert W. Shaffer, president of General Telephone Company of the Southwest since June 1976, has been named president of General Telephone Company of California, the largest of the GTE telephone companies with over 3.6 million telephones in service. Rolland W. Britt, president of General Telephone Company of Pennsylvania in Erie, Pa., since March 1968, will replace Shaffer as president of the Southwest Company, the third largest of the GTE telephone companies with over 1.4 million telephones in service.

The Southwest Co. serves 403 exchanges in Arkansas, Oklahoma, New Mexico and Texas. Both men will assume their new positions Sept. 1.

SPS will host a barbecue luncheon for the tourist group at noon.  
Elliott added that at the Friday meeting, the clubs were issuing challenges to the other clubs with the women's organizations, vowing to "snow out the menfolk."  
"Many ideas were proposed by the group present Friday to be used both now and in the future to keep this team active and in action through the building and construction stage and after the SPS plant becomes operational," added Elliott.  
He stated that persons attending the Friday coordination meeting were given quotas to fill for persons to be in the caravan. He emphasized that any persons who wished to go, one or several, to please call any team member whose name is listed. Elliott said there is no

**Loans...**

Cont'd from page 1  
operation, according to Kennedy.  
He said loans made directly by FmHA will be at an interest rate equivalent to the cost of money secured by the government, through sale of its securities to the public, plus an administrative add-on of up to one percent. The rate initially will be eight and one half percent. Guaranteed loans will be made at rates negotiated between borrower and lender, with FmHA providing the lender up to a 90 percent guarantee against loss.  
Loans for operating expenses will be made for terms of up to seven years, with loan consolidations and rescheduling for another seven years permitted, and 20-year payment authorized under special conditions. Real estate loans may be made for up to 40 years. Loans for annually-recurring expenses will be repayable annually.  
Kennedy also said initial inquiries about Economic Emergency loans can be made either through a commercial agricultural lender or the county FmHA office serving the county where the farm is located. The act calls for a decision by FmHA on individual applications within 30 days.  
While introducing the new Economic Emergency farm loan, FmHA will continue all pre-existing servides. They include various programs of non-emergency real estate and production loans to family-size farms, terms of which will soon be broadened under the recent Credit Act; emergency loans to farms damaged by natural disaster, and loans or grants for housing, community facilities and business and industry in rural areas.

**NEW HUNTING LICENSES AVAILABLE**  
The new 1978-79 Texas hunting licenses valid Sept. 1, 1978, are available at license vendors and Texas Parks and Wildlife Department offices across the state.

The licenses which are good for one year ending Aug. 31, 1979, are \$5.25 for a resident hunting license and \$8.75 for the combination hunting/fishing license.

Non-resident/small game licenses are \$37.75 and are required of out-of-state hunters after quail, prairie chicken, pheasant, dove and other small game species. Out-of-state sportsmen after bigger game such as turkey and deer will be required to purchase the \$100.75 license. This \$100.75 license will enable these hunters to hunt all legal Texas species during the regular open seasons.

All licenses will be printed on waterproof, tear-resistant paper and each license will contain buck, antlerless deer and turkey tags. The date and month of kill on all these tags must be marked out in ink or cut out and tags attached securely to the carcass prior to transporting or moving the carcass. The place and county of kill must also be filled in at this time.

There is also a space on the back of the hunting license to affix white-winged dove, archery and federal waterfowl stamps if required by the holder.

A resident hunting license is required of every Texas citizen hunting outside of the county of residence between the ages of 17-65 years old. Persons hunting on land where they reside or persons hunting deer and turkey in county of residence must have an exempt hunting license available for \$1.25. Certain disabled veterans may hunt deer or turkey while in possession of a valid exempt hunting license.

A legal citizen of Texas is any person except an alien who has been a bona fide resident of Texas for more than six months immediately preceding application for a license. Members of the Armed Forces with proof of assignment on active duty at any Federal installation within the state for a period of more than thirty days may purchase a resident hunting license.

A special archery stamp for \$3.25 will be required of all persons who hunt wild deer, turkey and jav-

lina during any open archery season in which only long bows and arrows are used. This archery stamp will be in addition to the regular hunting license for both the resident and non-resident hunters.

More license information is available in the new 1978-79 TEXAS HUNTING AND SPORT FISHING GUIDE which can be obtained at all license vendors and P&WD offices.

**MEREDITH TOP FISH PRODUCER**

Analysis of data collected by personnel of the fishery division from March and through May indicates that Lake Meredith in the Texas Panhandle is one of the top fish producers in the state and rates among the top lakes in the United States for walleye.

Meredith fishermen were contacted at various access points about the lake where their catch was recorded and interviews with these sportsmen helped determine the total fishing pressure on the lake. By expanding these figures, estimates were obtained. The average angler fish about 4.75 hours each trip with over 38,000 fishermen utilizing the Texas lake while catching over 63,700 fish in the process.

Walleye anglers caught 20,453 walleye weighing a total of 34,753 pounds for an average of 1.7 pounds per fish.

White crappie catches came in second only to walleye with white bass close behind with over 11,000 pounds accounted for during the period.

Over 1,000 smallmouth bass averaging 1.8 pounds each were caught during the same period. The present creel survey will be continued throughout the summer and into the fall. At the completion of the survey, a second analysis of the data will yield an estimate of yearly pressure on Lake Meredith by anglers along with their estimated fish harvest.

**ONE INJURY RECORDED...**One person who was a passenger in this pickup was treated at West Plains Medical Center for injuries received at noon Wednesday north of Muleshoe. The pickup was driven by Ricky Barrett. The pickup and a car were involved in the collision and a truck jumped a large, deep ditch and wrecked while swerving to avoid the initial collision.

**Current Fisherman Report**

**GREENBELT LAKE**

Fishing has improved with cooler weather. Fishing good for white bass, largemouth bass with a few northern pike caught up to 13 1/4 pounds. Crappie fishing has been slow. Water temperature is 76 degrees.

**LAKE MEREDITH**

Channel catfishing has continued to be good. Sand bass are being caught at night. A few walleye are still being caught at depths around 40 feet on natural bait. Water temperature at five feet is 78 degrees and lake level is 83.91 feet.

**McCLELLAN LAKE**

Fishing has improved with cooler weather in daytime. A few largemouth bass have been caught and several channel catfish up to eight pounds have been caught also. Crappie fishing is slow. Water temp. is 82 degrees.

**RITA BLANCA LAKE**

Several channel catfish with a few near the 10 pound mark have been caught. A few nice largemouth bass up to four

pounds have also been caught. Lake level is up on foot from recent rains. Water temp. is near 80 degrees.

**MACKENZIE LAKE**

The main boat ramp has been closed as an extension is being added. This P&WD project should be completed soon. Fishing has improved on sunfish and channel catfish. A few bass have been caught. The lake level is 101 feet and the water temp. at six feet is 77 degrees.

**BAYLOR LAKE**

Some big channel catfish are being caught at night. A few largemouth bass ranging up to six pounds

are being caught along with sunfish. All boats can be launched at the lake. Channel catfish are being caught in the four to six pound class. Water temp. unknown.

**LAKE MARVIN**

Lake level is still up. Several largemouth bass are being caught on plastic worms. Billy Keith, LeFors, Tx. caught a limit of bass from 3 1/2 to 5 pounds during the daytime. Channel catfish are being caught up to 7 1/4 pounds with most biting cut bait.

Instinct is untaught ability.  
-Alexander Bain.

**ATTENTION HORSE PEOPLE**

Your cooperation is needed. Am in the process of trying to get a County Horse Show organized. It will be for Bailey County residents. All types of horses, from shetland ponies to draft horses, broodmares to using horses will be eligible. Halter classes and performance classes. Trophies will be awarded and the secretary has already been hired. All we need is the high sign from you the horse minded public. If you would like to see this in our County, or if you don't think it would go, please take a minute to clip this ad and return it to the Muleshoe Journal, Box 449, Muleshoe, Texas 79347. You may mark the convenient box below and if you have any remarks they would be greatly appreciated. Please mark the outside of the envelope "jo".

## Auxiliary Furnishes Hospital Landscaping

The Muleshoe Hospital, Nursing Home and Auxiliary furnished the landscaping for the new West Plains Hospital.

The landscaping was done by "Decorators Nursery and Florist" of Muleshoe.

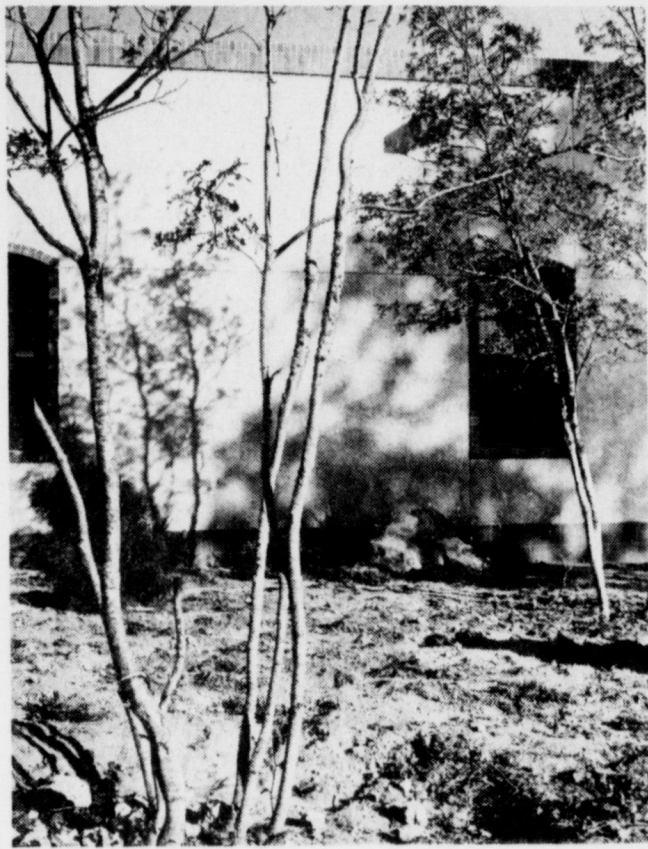

The various trees and shrubs cost approximately \$4,000.

The auxiliary raised the money through the "Hospital Auxiliary Thrift Shop", the refreshment room at the hospital and

their booth at the Fourth of July activities on the courthouse lawn.

The trees that were planted were red oaks, purple leaf plums, Japanese black pines and shademaster honey locusts.

The shrubs that were set out were wilton juniper, barharbor juniper, purple honeysuckle, Halls honeysuckle, rock cotoneaster, grey cotoneaster, arcadia juniper, green aucuba, green sedum and red sedum.

**HOSPITAL LANDSCAPING...**These red oaks and Japanese black pine trees are just a part of the trees at the West Plains Hospital.

**SHRUBS AT HOSPITAL...**These green and red sedums were set out on the hospital lawn through the Muleshoe Hospital, Nursing Home and Auxiliary.

### Hobby Club Meeting Held

The Muleshoe Hobby Club met Thursday, Aug. 17 with 16 members and one visitor, Frances Brunstad, and one new member, Gertie Kirk, present.

Members present were the hostess Opal Robison, Ruth Bass, Ruth Williams, Myrtle Chambless, Dora Phipps, Ola Epperly, Ethel Julien, Mabel Caldwell, LeVina Pitts, Fiddle Shaffer, Hallie Briscoe, Mae Loyd, Allie Barbour, Bernice Amerson, and Tina Davis.

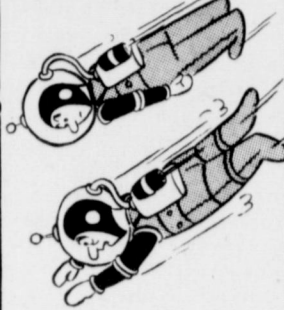

Articles on display were a crocheted rose afghan, Navajo crocheted afghan, miniature bottle collections, kleenex corsage, mica rocks, spoon collection, shell wind chimes, corn shuck doll, crocheted kewpie dolls and pot holders, cross tie railroad dated nails, depression glass, vase, candy dish, green place setting, farm house and scene on antique plate, antique cream pitcher, crocheted flowers, and carpet duck pillow.

Ola Epperly drew the hostess' gift of a box of soap.

The hostess served refreshments of coffee, punch, corn chips, sandwiches and cokes.

The next meeting will be all day beginning at 10 a.m., August 31. Bring a covered dish and something to work on.

### Out of Orbit

ASTRONAUTS  
I'M GETTING SEASICK—!

Every year in the United States, children die of diseases they should have never contracted. Others are disabled, even though the means for prevention is readily accessible.

Don't let this happen in your family. Check with the family doctor or local health department to make sure your children are fully protected.

When kids come home from school with the cramps, diarrhea, vomiting, fever—the tendency is to dismiss it as just "a bug that is going around." Or when you miss a couple of days work with the same symptoms, you figure you merely "caught something somewhere." But the bug you caught or that caught you may well have been food poisoning. And you might have sent the bug to school or work in that innocent brown bag lunch.

The key to packing a safe brown bag lunch is simply good sensible sanitation, personal hygiene and sound food care. Cook food thoroughly. If it is meant to be hot, keep it hot. If it is meant to be cool, keep it cool. Bacteria thrive between 45 degrees and 115 degrees F. Keep utensils and countertops used in preparing lunches clean. The same goes for your hands. If you have cuts or sores, use rubber gloves. Also wash vacuum bottles and rinse in boiling water after each use. Remember to keep hot foods hot and cold foods cold, and everything clean.

To keep foods hot, the sterile vacuum bottle is the best bet if the food was boiling hot when poured into the bottle. To keep things cold you can use a freezer gel device that can be purchased and reused or you can make your own by freezing water in a clean plastic margarine tub and placing it in the lunch bag. Sandwiches can be frozen and will thaw in time for lunch, and will also keep the rest of the lunch cool until then. Lunch boxes, especially insulated ones, are better to use than brown bags because they will hold the cold much better and are cleaner and more sanitary. Brown bags, if used, should be used only once.

Before sending the children back to school, check their immunization records. The Texas School Immunization Law requires immunization of children before they enter school.

However, preschoolers also need immunization. Younger children are sometimes left unprotected because parents wait until the child is ready for school before starting the immunization series.

Most doctors, however, recommend that infants of two months begin the basic series against DTP (Diphtheria-tetanus-per-tussis) and polio. These immunizations are given in a series and just one or two shots will not give the child full protection.

The Texas Department of Health recommends the following as a suggested immunization schedule:

\* Basic series: 2 months--DTP, polio; 4 months--DTP, polio; 6 months--DTP, polio; 12-18 months--DTP, polio; 15 months--measles, mumps, rubella.

\* Booster doses: 4-6 years--DTP, polio; 14-16 years--TD (tetanus-diphtheria); thereafter--TD every 10 years.

Every year in the United States, children die of diseases they should have never contracted. Others are disabled, even though the means for prevention is readily accessible.

Don't let this happen in your family. Check with the family doctor or local health department to make sure your children are fully protected.

Spread bread with mayonnaise. Place onions and a slice of cheese over mayonnaise. Slice tomato into 8 slices and place 2 slices over each sandwich. Place sandwich on a cookie sheet and brown under

preheated broiler for 5 minutes. Top each sandwich with a strip of bacon.

### RECIPES

By Sarah Ann Sheridan

Cheese has increased in popularity because it fits into modern menu planning and there are many wonderful cheeses you can buy in your super market.

#### Frozen Cheese Salad

3 oz. cream cheese  
1 c grated American cheese  
6 green minted cherries, chopped  
1 c cream whipped  
1 c mayonnaise

Mash cream cheese and work in American cheese. Add cherries. Combine whipped cream and mayonnaise. Fold into cheese mixture and freeze.

#### Hot Cheese Tuxedo Bacon Sandwich

4 slices bread  
2 T mayonnaise  
2 T chopped onion  
4 slices American cheese  
4 slices crisp, cooked bacon  
1 tomato

Spread bread with mayonnaise. Place onions and a slice of cheese over mayonnaise. Slice tomato into 8 slices and place 2 slices over each sandwich. Place sandwich on a cookie sheet and brown under

preheated broiler for 5 minutes. Top each sandwich with a strip of bacon.

#### Deviled Eggs

6 hard-cooked eggs  
1/4 c mayonnaise  
1/4 t salt  
dash pepper  
1/4 t prepared mustard  
1 t minced onion  
paprika

Cut eggs in half lengthwise. With teaspoon, carefully remove yolks to small bowl; set whites aside.

Mash yolks; then blend in mayonnaise, salt, pepper, mustard and onion.

Use yolk mixture to refill whites. Sprinkle with paprika; refrigerate. One teaspoon minced sweet pickle can be substituted for onion if desired.

#### EXPENSIVE FRUIT

WASHINGTON -- The price of strawberries has escalated to at least \$150 each for one Washington woman. A jury recently convicted Jacqueline Datcher, 33, of petty shoplifting. She had been charged with eating two strawberries in a supermarket.

#### CHINA & ALBANIA

TOKYO -- China has announced it was cutting off all economic and military assistance to Albania because of the tiny communist nation's "anti-China course."

### LOUISA'S LETTER

Dear Louisa,

I am the youngest girl in my family and I have always stayed at home and helped mother with the house keeping while the other girls had jobs. Both of them met men where they worked and now are happily married.

Now my problem is this. Mother never seems to like it if I have a date with a young man and finds fault with every one I go with. I believe this is so because she is afraid I will fall in love with some one and she will be left alone.

I feel guilty everytime I go out and enjoy myself but I am twenty one years old and do you think I should make up my mind to stay with mother until she dies? She is not sick.

Sara--Minn.

Answer:

Every person is entitled to lead a normal life and you certainly should be allowed to date young men. Then, if you find one suitable to be your husband and you love him, there is no reason for you not to be married.

A mother who is so possessive that she prevents her daughter from becoming happily married is doing her child a great deal of harm. She should ask herself what her daughter's life will be like after she, herself, passes away.

Louisa.

Address letters: Louisa, Box 532, Orangeburg, S.C. 29115

### ABOUT YOUR HOME

By April Rhodes

Raisins should be soaked in warm water and patted dry on paper towels before adding to bread or coffee cake.

Put a twist of lemon peel in each ice cube for added flavor to favorite beverages.

Never soak wood salad bowls in water. Wash them quickly and wipe dry to prevent cracking and warping.

Apply cream on your face before showering—the steam helps the cream to penetrate the pores.

Wooden furnishings with a glossy finish are best protected by commercial liquid polishes or paste waxes.

To keep a woven wicker handbag from shredding, apply a coating of polyurethane or shellac.

### PAYMENTS IN FOOD

CHESAPEAKE, VA. -- A Chesapeake family is paying off part of a large doctor's bill by old-fashioned means--watermelons, cucumbers, corn, carrots, potatoes and other vegetables. Dr. Swan's wife said she's rather have edible payments from the Carters than no payments at all.

**UNUSUAL PET...**On July 5, Mrs. Jack Obenhaus found three newly hatched sparrows which had fallen out of a tree. One of them, "Tweety" survived and made herself right at home in the Obenhaus home. Tweety stays on Mrs. Obenhaus' shoulders or at her feet at all times and refuses to part from her. Tweety has learned to fly and Mrs. Obenhaus has made many attempts to send her out but Tweety doesn't want to leave.

### TOPS Has Weekly Meeting

The TOPS club met Thursday, August 17 at 6:30 p.m. in the REA building.

Mrs. Owen Jones, leader, called the meeting to order.

The members sang the TOPS song and recited the pledge.

There were 19 members weighing in.

The weekly queen was tied by Mrs. Myrtle Chambliss and Mrs. Nan Gatlin with first runner up, Mrs. Ronald Patton and second runner up, was tied by Mrs. Waylon Harris and Mrs. Lewis Shaffer.

Mrs. Waylon Harris drew the can can and she could accept.

Mrs. Glynn Stroud celebrated her birthday.

The meeting was dismissed with the members singing the Goodnight Song.

With wit for the day, Instinct is intelligence incapable of self-consciousness.

See you all lighter.

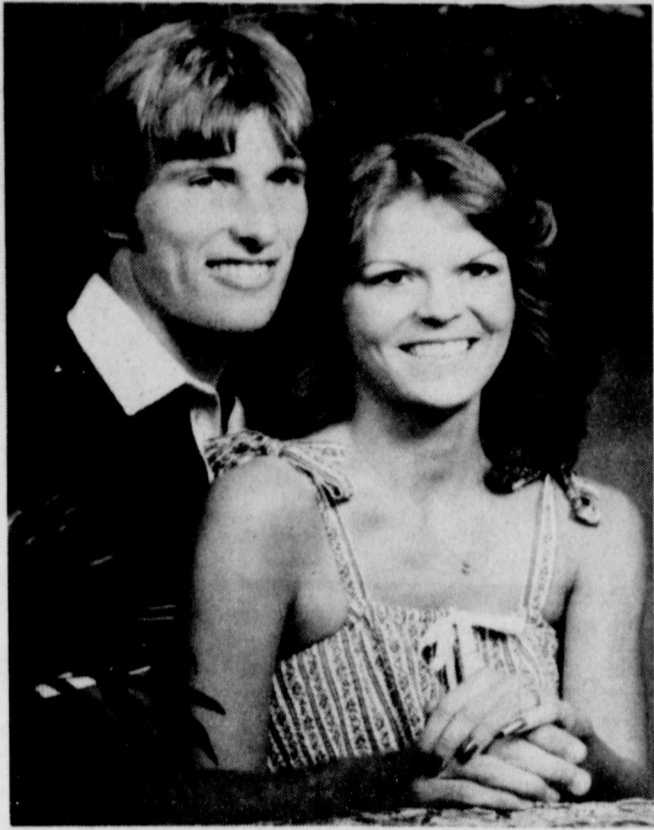

### Smiths Plan Anniversary

Mr. and Mrs. Joe J. Smith of Kingsland, Tx., formerly of Maple and Watson communities will be honored on their 50th Wedding Anniversary with a reception Saturday, Aug. 26, from 2 until 5 p.m. in the Fellowship Hall of the First Baptist Church, at Kingsland, Texas.

Hosting the event will be their children, Mrs. E.J. (Bill) Henderson, Amarillo; Mrs. Eldridge Tidwell, Austin; Charles Smith, Oxnard, California; their thirteen grandchildren and seven great-grandchildren.

Smith and the former Corine Huckabay were wed August 25, 1928 in Crosbyton, Texas.

The Smiths are expecting all their friends and relatives from the Muleshoe area to attend.

**SEPTEMBER WEDDING PLANS...** Mr. and Mrs. Albert Field of Lubbock wish to announce the engagement and approaching marriage of their daughter, Mary Lynn, to Royce Jean Howell, son of Mr. and Mrs. Clois D. Howell. The couple plan to be married Saturday, September 9, at 6 p.m. in the First Baptist Church with the Rev. Robert E. Field, Amarillo, uncle of the bride-elect, officiating for the double ring ceremony. The bride-elect is a 1978 graduate of Dalhart High School and is an employee of Gaskill, Pharis and Pharis. Howell is a 1975 graduate of Dalhart High School and is employed with the Texas Department of Highways and Public Transportation. Miss Field is the sister of Terry Field of Muleshoe.

### Brown, Little United Friday

Mrs. William Sidney Brown and Walter B. Little, both of Muleshoe were married on Friday evening, August 18 at the Chapel in the First Methodist Church of Muleshoe. The marriage was performed by the pastor, Rev. David Hamblin.

Special guests attending were their children and families, Mr. and Mrs. Scott Brown, Mr. and Mrs. Paul Kratz, Mr. and Mrs. Tom A. Little and Jarrod,

Walter B. Little, Jr., and Mrs. Steve Cain and Todd.

Other relatives attending were Mrs. W.W. Scott of Amarillo and Mr. and Mrs. Robert M. Sherley, Thad and Tasha of Fort Worth.

Following the ceremony, a garden reception for the couple was hosted by Mr. and Mrs. Joe Pat Wagoner in the backyard of their home.

Mr. and Mrs. Little will reside at their home on the Plainview Highway.

# Miss Linda Jordan, Nichols Repeat Vows

The First Baptist Church in Canyon, Texas was the site of the wedding of Linda Diane Jordan of Liberal, Kansas and Donald Lee Nichols of Enochs, Ariz., officiated by the double ring ceremony, August 19 at 4 p.m.

Parents of the couple are Mr. and Mrs. Charles W. Jordan of Liberal, Kansas and Mr. and Mrs. Dale Nichols of Enochs.

Musical arrangements were presented by Sammy Nichols, uncle of the groom, from Henrietta, Oklahoma and Joe Mack Hill of Abilene, Texas accompanied.

Nichols sang "He Has Chosen Me For You" and "The Lord's Prayer".

Escorted and given in marriage by her father, Miss Jordan wore a formal gown of white organza over taffeta. The dress was fashioned with a Queen Anne neckline, empire waistline, and short Venise lace sleeves. The entire bodice is made of Venise lace over English net and organza. The A-line skirt featured Venise lace appliques on the bottom of the skirt and along the hemline and chapel length train. The bridal veil was a fingertip length of white illusion, appliqued with Venise lace. She carried a bouquet of white roses and blue carnations accented with blue streamers and bows.

For the traditional something old, Miss Jordan wore her mother's pearls and carried pennies minted in her's and Nichols' birth year in her blue garter. Her dress was something new.

Attending the bride as matron of honor was her sister-in-law Mrs. Donna Jordan of Dumas, Texas. Bridesmaids were Miss Janet Carpenter of Stephenville, Texas; Miss Cindy Galloway of Floydada, Texas; and Miss Paula Nichols, sister of the groom of Enochs. They wore long light blue polyester dresses with empire waistlines and spaghetti straps. They featured blue floral voile waist length jackets. They carried a nosegay of blue and white carnations with white streamers and bows.

Mrs. Katie Jordan of Lubbock, sister-in-law of the bride attended the guestbook.

The altar was centered with a basket arrangement of blue carnations and white gladiolas flanked by candleabras on each side. The groom was attired in a black tuxedo with a white whirt and a white rose boutonniere.

The brother of the groom of Enochs, Jerry Nichols served as best man. Groomsmen were Clinton Henry of Pampa, Texas; Don Jordan, brother of the bride of Dumas, Texas; and Johnny Boyce of Enochs. They were attired in black tuxedos with white shirts trimmed in blue and they wore blue carnation boutonnières.

Steve Jordan, brother of the bride of Lubbock and John Taylor of Morton ushered the guests.

The mother of the bride

wore a long mauve pink gown which featured a long sleeved jacket. The mother of the groom wore a long light blue sleeveless gown accented with a cape. They were accented with white rose corsages with blue ribbons and bows.

A reception followed the wedding in the church fellowship room. Members of the house party were Mrs. Barbara Smith, Canyon; Mrs. Joyce, Hill, Abilene, Texas; Miss Jane Piersall, Perryton; and Miss Tonia Hogner, Hardesty, Oklahoma.

Mrs. Katie Jordan, Mrs. Suzanne Nichols, sister-in-law of the groom of Enochs and Miss Karen Cox of Kermit served the guests.

The bride's table was covered with a white lace cloth. A four tiered, columned white wedding cake, decorated with blue flowers; punch, nuts and mints were served from the bride's mother's crystal appointments. A blue silk flower arrangement flanked by crystal candleholders centered the table.

Out of town guests were Mrs. C.E. Buckner, grandmother of the bride of Ottawa, Kansas; Mrs. L.E. Nichols, grandmother of the groom of Enochs; and Mrs. Myrlene Nichols, aunt of the groom of San Antonio, Texas.

As the couple left for a wedding trip to Colorado, Mrs. Nichols wore a sleeveless peach dress with an empire waistline and cowl neck.

The couple will make their home in Canyon where they will finish their education.

Mrs. Nichols is a 1975 graduate of Elkhart High School and a senior physical education major at West Texas State, Univer-

sity. She is a member of Delta Phi Kappa, the Recreation Club and she is listed on the Dean's Honor Roll. Nichols is a 1976 gradu-

ate of Three Way High School and a Junior business major at West Texas State University. He is a member of the Baptist

A rehearsal dinner was hosted by Mr. and Mrs. Dale Nichols on August 18 at 6 p.m. at the Railroad Crossing Steak House in Canyon.

MRS. DONALD LEE NICHOLS (nee) MISS LINDA DIANE JORDAN

## Dieting No Secret— Just Eat A Bit Less

Everyone needs proteins, carbohydrates, fats, vitamins and minerals in the daily diet. Without them, the body can't function efficiently and health may be endangered.

A pamphlet of the American Medical Association points out that the secret to a successful reducing diet is not a dramatic shake-up in your eating habits—it's just a little bit less of everything.

Of course, if you want to lose weight, there are some extravagances you can't afford, like whipped cream-topped chocolate double-dip sundaes. Discretion and common sense is the better part of dieting.

You're more likely to stick to your diet if you balance and vary the menus. Select foods from the four broad categories of (1) the milk group—milk, cheese, and ice cream (2) the meat group—beef, veal, lamb, pork, poultry, eggs and fish (3) the vegetable-fruit group—fruit and vegetables rich in Vitamins A and C (4) the bread-cereal group—whole grain, enriched or restored.

Special low calorie foods can be helpful. They will give a bit more food with fewer calories. Exercise is of value while dieting because it tones up your muscles and tissues and helps burn your stored calories. You can exercise in a reducing salon, at the Y or at home. Beware, however, of over exertion.

Crash diets usually are not recommended. You can and probably will lose weight, but you won't get all the nutrients you need to stay healthy. And you certainly cannot stay on a bizarre crash diet the rest of your life. When you resume normal eating patterns, the fat creeps back. An adjustment of the regular lifestyle of eating is the only effective weight control program in the long run.

### Plenty Time

"Do you think our daughter will ever get married, John?"

"Well, yes, dear, I do. But I wouldn't worry about it for at least twenty years darling. I never heard of a girl sixteen months being an old maid."

Corruption in government is no worse than corruption in the business world.

## mothers and babies

### LITTLE KNOWN FACTS

During the early weeks of life, many babies unwittingly scratch their own faces. Parents can either trim the baby's fingernails or wrap them in the sleeves of her shirt.

Growing babies need clothes that can grow with them such as this one-piece stretch terry creeper available from Mothercare, retailing specialists for mothers-to-be, babies, and children under 5. It offers children's clothing based on height, not size.

It's usually not a good idea to urge a baby to take more food than he wants. This can lead to feeding problems later.

It's often a good idea to give mothers-to-be and babies Mothercare gift certificates, available from Mothercare-by-Mail, P.O. Box 228, Parsippany, New Jersey 07054.

### Changed!

Rural Judge -- Ten dollar fine.

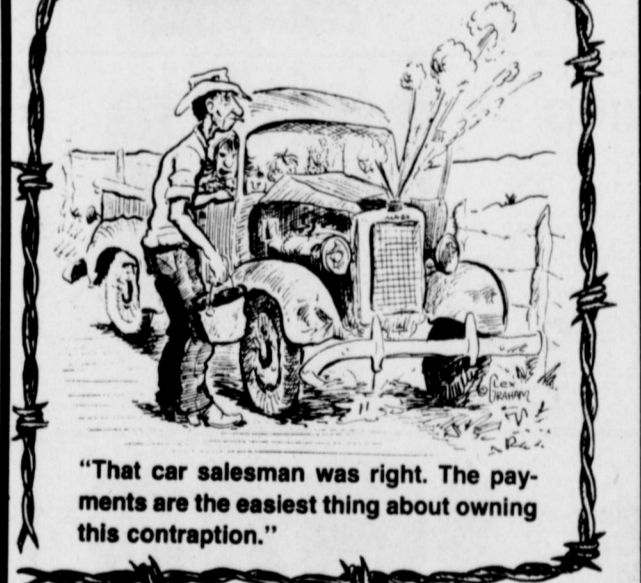

Motorist--Can you change a \$20 bill?

Judge--No; but I will change the fine and make it \$20.

## WHO CARES IF YOUR ELECTRIC BILL IS HIGHER THIS SUMMER? YOU DO AND...

**WE DO!**

If your electric bill has jumped this summer, take a good look up at that Texas sun. Sure, we all like sunny days, but our friend the sun can be a villain in disguise. On these Texas scorchers, you'll need your air conditioning to run more. Sometimes running day... and night... all night. Well, that runs up your electric bill. Just when vacation and school expenses are here.

We know you care about higher electric bills. And we want you to know that we care, too. We can't cool off the sun, but there are still time and ways to keep your bill from going much higher. Here are just a few:

- Turn the thermostat to at least 78, or until you find the highest possible setting that feels reasonably comfortable to you. If you have window air conditioning units, run them only as much as is absolutely necessary.
- Check your insulation.
- When you buy major appliances, including air conditioners, be sure to check the EER (Energy Efficiency Rating). The higher the EER, the more energy and money you'll save.
- Clean and replace the filters regularly.
- Keep your drapes closed to block out direct sunlight.
- Weatherstrip around doors and windows.

At Southwestern Public Service, we care about you getting the most for your energy dollar. Call us for suggestions to help you change the size of your electric bill for the better.

**Enochs News**  
By Mrs. J.D. Bayless

Mr. and Mrs. Dale Nichols and Paula visited in the home of his sister, Mrs. L.B. Davis and family, Sunday afternoon at Shallowater.

Carl Hall and his daughter, Mrs. J.E. Layton attended a McGennis family gathering at the home of Mr. and Mrs. J.F. McGennis at Lubbock, Saturday evening. They had a covered dish luncheon and visited with relatives from California, Wellman, Houston, Odessa, Seminole and Lubbock. There were 45 or 50 in attendance.

Claud Bass was a patient in the Morton hospital the past week.

Mr. and Mrs. Edd Autry had a cookout supper at their home Tuesday evening, with 40 relatives in attendance. Out of town guests were his sisters, Mrs. Grace Doyle and Vivian, Tocomo, Wash.; Mrs. Irene Whitker, Ind.; and Mrs. Oney Bryant, Hereford. Her sister, Mrs. Mamie Chambers, Burk Burnett, also attended. Other guests were Mrs. John Crockett and Mrs. Mary Ann Wilson, Morton; Mr. and Mrs. Marvin Short, Phoenix, Ariz.; Mrs. Agnes Spakespear, Levelland; Mr. and Mrs. George Autry and family, Pep, N.M.; Mr. and Mrs. Tom Newton and son, Three Way; Mrs. Jack Jackson, Clovis. Also those from Enochs were Mr. and Mrs. E.M. Autry and JoAnn, Mrs. Myrna Turney and Mr. and Mrs. Dennis Turney and children. Mr. and Mrs. Earnest Ellison of Comanche spent Friday til Saturday with Mr. and Mrs. J.W. Layton.

Mr. and Mrs. J.F. McGennis of Lubbock and Mrs. Viola Bick of Calif. were enroute to Clovis and Portales and stopped in Enochs to visit Carl Hall.

Mr. and Mrs. Bob Adams visited in the home of Mr. and Mrs. Chester Baird in Morton, Sunday afternoon.

Mr. and Mrs. J.D. Bayless drove to Slide Tuesday afternoon and spent til Wednesday afternoon with her sister, Rev. and Mrs. Ray Cunningham. They also visited in the home of another sister, Mrs. Gracy Swanner at Lubbock. Other guests were Mrs. Swanner's son, Jimmie, of Lubbock and a granddaughter, Mrs. Collette Shearer and family of Houston.

Mr. and Mrs. Johnny Cox returned home Sunday night after a vacation and sight seeing trip to Grand Canyon, Ariz., the Royal Gorge, Manitou Springs, Colo., Salt Lake City, Utah; Meteor Crater, Garden of the Gods, and Red River. They also visited her daughter, Mr. and Mrs. Dennis Gutwald and family at Las Vegas, Nev.

Mr. and Mrs. E.M. Autry and JoAnn and Mr. and Mrs. Edd Autry were guests in the home of Mr. and Mrs. W.T. Autry at Dimmitt Wednesday and had supper with them.

Mr. and Mrs. Harold Layton and Robert, and Mr. and Mrs. D.J. Cox and Evette spent the week at Red River. Mr. and Mrs. Jerry Nichols joined them Thursday and they all returned home Sunday night.

Mr. and Mrs. J.E. Layton, Jarrol and Keith did some fishing and skiing at Possum Kingdom Thursday through Monday.

Marthan George and her friend Brian Rendleman of Lubbock visited her grandparents, the E.N. McCalls, Sunday and attended church with them. After church they took them out to lunch at the XIT Steak House in Muleshoe.

Mr. and Mrs. Quinton Nichols, Richard and Mike spent their vacation at Colorado Springs, Pikes Peak and other places of interest.

Visiting in the E.M. Autry home recently were Mrs. Grace Doyle and Mrs. Vivian Doyle from Tocomo, Wash. and Mr. and Mrs. Marvin Short from Phoenix, Ariz.

Rain received in Enochs the past week was .3 inches.

Mr. A.P. Fred and family and Mr. and Mrs. Bob Newton and sons, attended the Fred family reunion at the County Activity Building in Morton, Sunday. There were 85 in attendance from Petersburg, Lubbock, Stanton, Morton, Ft. Worth, Levelland, Louisiana, Dallas, Eastland, Brownfield and Three Way.

**Bentsen Asks Increase In Set-Aside**

Senator Lloyd Bentsen on Friday asked Agriculture Secretary Bob Bergland to increase the wheat set-aside from 20 percent to 30 percent during the coming year. "Wheat farmers in Texas and elsewhere are faced with the prospect of trying to sell their product in a market which is overhung by a huge surplus of 1.13 billion bushels," Bentsen said in a letter to Bergland. "The severe economic

Teacher: "Why, Tommy, surely you know what the word mirror means. What do you look at after you've washed, to see if your face is clean?"  
Tommy: "The towel, Ma'am."

**Methodist Hospital Installs Body Scanner**

Methodist Hospital's total body scanner system has been installed, and patients are being examined on both inpatient and outpatient schedules.

"Images from the body scanner permit physicians to study any portion of the head and body with unparalleled detail and accuracy. The certainty of diagnosis of many illnesses has been tremendously improved with the addition of the total body scanner, a sophisticated X-ray system combined with advanced electronic data processing, known as computerized tomography," George M. Brewer, hospital president, announces.

Located in the lower level of the east building, in Lubbock, the scanner is adjacent to the EMI brain scanner, nuclear medicine diagnostic area and the Harlan Hodges Regional Cancer Treatment Center. The hospital's scanning system was manufactured by General Electric's Medical Systems Division.

Any physician may order a scan for a patient on an outpatient basis. The scan images will be interpreted by a radiologist on the medical staff of Methodist Hospital, and a report will be given to the patient's attending physician.

Patients may check their insurance programs for coverage for body scans. Medicare provisions include costs of scans of the brain, but do not cover costs of scans made of other areas of the body, at this time. Plans are pending for coverage by Medicare of body scans.

Methodist Hospital received approval to install the \$700,000 system in October of 1977. Approval

was granted by the Texas Health Facilities Commission in Austin. The Northwest Texas Conference of the United Methodist Church filed the application for certificate of need, and approval of the application was recommended by the South Plains Health Systems Agency.

"The total body scanner enables physicians to locate benign or malignant growths when they are small, at a stage when they can be treated most effectively and at a stage when they might not be detectable by previously used diagnostic methods," explains Dr. Charles Votava, radiation therapist on the hospital's medical staff.

Other diagnostic procedures include locating cysts, blood clots and aneurysms. Scans are made to evaluate some cases of trauma, particularly head injuries.

"Physicians can evaluate the extent of many diseases as well as the patient's response to treatment such as surgery, radiation therapy or chemotherapy by studying scan images before, during and after a series of treatments," Dr. Votava adds.

The high speed of scanner operation produces a

**Tri State Fair Slates Record Prize Money**

The 1978 Amarillo Tri State Fair, September 18-23, is proud to announce that prize money offered to exhibitors of the Tri-State Area will be the largest ever - a total of \$56,826.00.

A breakdown of the approximate amount of money offered in each division of the fair are as follows: Angus, Hereford, and Shorthorn Open Cattle Shows - \$20,385.00, Capon and Rabbit Shows - \$794.4-H & FFA Educational Exhibits - \$1605.00, Baby Animal Show - \$130.00, Art Show - \$1020.00, 4-H Better Bake Show - \$140, Culinary (Junior and Senior) - \$730.00, Textile (Junior and Senior)-\$1522, Appaloosa Horses-\$5,000, Arabian Horses - \$5,000, Paint Horses - \$4,000, Quarter Horses - \$7,000, Open and Non-Pro Cutting - \$9,500.

For additional information or entry forms, contact the offices of the Amarillo Tri State Fair.

clear picture, because it eliminates blur caused by natural biological movements such as breathing, heart beat and functions of the digestive system. If necessary, even very sick or very young patients can be still or hold their breath for these fast scans.

To obtain a cross-sectional view of the inside of the body in one thin "slice" approximately one half inch thick, multiple X-ray absorption measurements, requiring a very low amount of radiation, are made around the body. For a typical examination, the patient is positioned on an examination table and moved into a doughnut-like opening in the scanner's gantry unit. On one side, concealed within the machine, is the X-ray tube. Directly opposite are the detectors, also hidden from view.

During the scan, both the X-ray tube and detectors rotate simultaneously in a complete circle about the patient. As it turns, the X-ray tube emits a tiny stream of radiation which is collected by the detectors. One rotation is completed within a few seconds.

The enormous quantity of data required to produce pictures of body tissue is the reason a computer is required to process the information and reconstruct it into a useful image. The picture is a highly detailed view of a portion of the body with white representing bone, black for air and shades of gray for tissue density between these two extremes.

The image produced by the scanner can be compared to viewing a single slice of bread without removing it from the loaf. A complete scanning examination might include from 6 to 10 individual slices to cover all of the area the physician wants to study.

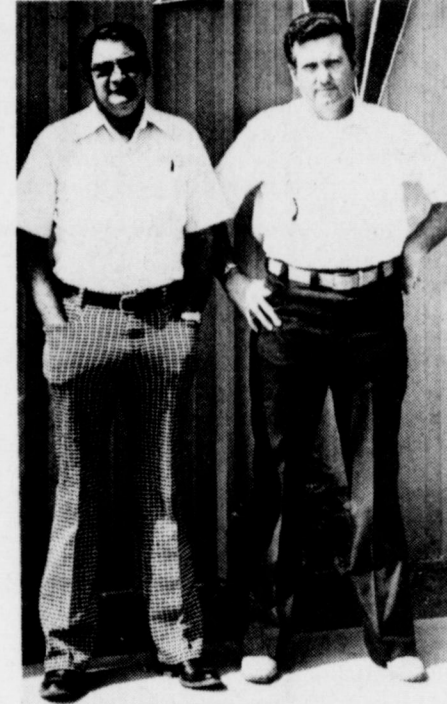

During a scan, pictures are reconstructed within seconds and can be displayed on a television-like monitoring screen for the physician to see. Images with patient identification are stored on magnetic tape and are recorded on X-ray film.

When it is time for the examination, the patient is positioned on the adjustable table. The area of the body to be viewed is properly aligned for the scan to begin. There is no discomfort and nothing, except positioning aids, touch the patient. As with other X-rays, no metal can be worn on the area being scanned.

In certain instances, it might be desirable to inject the patient with a contrast material to highlight structures and make them easier to identify. If required, this is usually performed before the patient is brought into the examination room. Instructions for the patient to follow prior to a scan, will be given by the physician. Space for Methodist Hospital's scanning system includes the room for the scanning gantry and patient positioning table. Another area contains the operator's console for controlling the scan procedure. The operator has visual contact with the patient through a window

and voice contact through an intercom system. The system's computer is located in an enclosed, temperature controlled room. The viewing console is conveniently located for physicians to study images on the monitoring screen. This area includes the multifram camera for recording images on X-ray film. A lighted viewing screen is provided for display of images on film. A new waiting room has been constructed near the total body scanner.

Mr. and Mrs. F.L. Simmons visited their grandson and family, Mr. and Mrs. Lee Simmons in Levelland last Sunday. The Lee Simmons have recently moved from Littlefield.

John Henry Powell from Waco visited with Mr. and Mrs. Dale Middlebrooks and Brett last week.

Mrs. Sue Middlebrooks attended a workshop on Reading at the Lubbock Civic Center last week. It was conducted by the Educational Service Center.

Tootie Middlebrooks visited week before last with Mr. and Mrs. Dale Middlebrooks and family.

Mr. and Mrs. Danny Ogletree and Shawn from Lubbock visited last Sunday with her parents, Mr. and Mrs. Dale Middlebrooks and Brett.

The Bula area received some rainfall this past week. The rainfall ranged from two tenths to a little over an inch. In areas there was some hail with some damage.

The Baptist Young People went to a Youth Rally last Monday at the Lee Street Baptist Church in Dimmitt.

corn three way Mr. and Mrs. Nelson Carlisle visited Mr. L.W. Chapman in the Methodist Hospital in Lubbock, Sunday.

Rev. Harold Abney from Bynum preached at the Three Way Baptist Church Sunday. The church had a

fellowship lunch after the services.

Mr. and Mrs. John Flinn from Phoenix, Ariz. and Janet Fox from Clovis spent the past week with Mrs. H.W. Garvin. Mrs. Garvin took Janet home Saturday and spent Saturday night with her daughter, Mr. and Mrs. Kenneth Fox.

Morna and Toby Tyson from Levelland spent the weekend with their grandparents, Mr. and Mrs. George Tyson.

Mr. and Mrs. Carl Miller and Canyon were supper guests in the S.G. Long home, Sunday.

Several families from the community spent the past week in Colorado vacationing.

Mike Sowder, son of Mr. and Mrs. Joe Sowder left Thursday for Iran where he will work in the Baptist Mission fields.

Mrs. T.D. Davis and Tammy were in Lubbock Monday for business.

Mr. and Mrs. George Tyson went to Senior Citizens at Amherst, Tuesday night.

Farmers are still busy with their crops. Some are watering. The community needs rain.

Joe Wheeler and children spent Thursday and Friday in Lovington, N.M. attending the stock show.

Mr. and Mrs. Johnnie Wheeler from Comanche spent Friday night with the Joe Wheelers. Mrs. Joe Wheeler visited her father, Fred Carter who is a patient in Cook Memorial Hospital in Levelland the past week.

# Young Texans See Important Events

More than a million Texas young people now have seen the events which shaped the history of the Lone Star State brought to life through a four-part documentary originally developed for television.

Audience figures on "TEXAS," the documentary of the rich and colorful history of Texas, passed the one million mark during the spring '78 school term. Arco Inc., an underwriter and sponsor of the original telecast, makes the films available for schools and organized groups on a loan basis. Statistics show that almost 90 percent of the film's viewers have been students. Others include community groups, churches, business and professional groups.

George W. Hansen, president of Arco's Western Steel Division here, said there has been "a constant demand for the use of the film since its first appearance on TV." The number of film copies available for loan has been increased to meet the demand.

Requests for the film are continuing as each new

generation of students enters school systems across the state, Hansen says. He attributes this continuing demand to the series' timeless subject matter and to the exceptionally high quality of the documentaries.

The films are available at no charge to schools and other interested groups by writing Association Films, 8615 Directors Row, Dallas, Tx. 75247. A representative for the distribution company says that many of the "TEXAS" series films are already scheduled for showings next fall. Requests for bookings should be made as soon as possible, he says, in order to assure that the films are available at the requested times.

Educators in Harris, Brazoria, Chambers, Fort Bend, Galveston, Liberty and Wallace counties can order films directly from the Department of Education Region IV film library.

Each of the four films in the series is 50 minutes long to fit into an hour program format.

The four segments present Texas history from prehistoric times through

the discovery of oil at Spindletop in the early part of this century. It is the largest documentary filmed entirely in Texas and makes use of locations around the state for scenery and historical sites.

Early events are brought to life through special camera techniques with old paintings and drawings. Some events, such as the Battle of San Jacinto, were recreated in vivid detail with live actors.

The historical photographs and artwork were gathered from the Institute of Texan Cultures in San Antonio, The National Archives, the Library of Congress and many other state museums. Most of the parts in the famous play at San Jacinto were played by members of the Texas Army, a provisional body of business and professional men who are history buffs and collectors of antique firearms, artifacts and Republic of Texas documents.

The series was produced, written and narrated by Houston TV newsman Ron Stone. It has been acclaimed by television critics and educators throughout the state and was chosen for

the U.S./Japan Film Festival in Tokyo several years ago.

Part 1, "TEXAS, The Beginnings," covers the hundreds of years of Texas history from prehistoric peoples through exploration and the Spanish conquistadores to early Anglo inhabitants such as Stephen Austin.

Part 2, "TEXAS, The Runaway Scrape," deals with the events leading to independence and the founding of the Republic of Texas in 1836 -- from the advancement of the Mexican army at Anahuac, Gonzales, the Alamo and Goliad to the upset defeat of General Santa Ana by Sam Houston at the Battle

of San Jacinto. Biographical sketches highlight the "heroes" of the rebellion.

Part 3, "TEXAS, The Bonnie Blue Flag," goes from statehood in 1845 through secession, entrance into the Confederacy and the Civil War. Life in this period of Texas history is portrayed in accurate detail and per-

spective. Life and times, soldiers and battles highlight the film.

Part 4, "TEXAS, Spurs to Spindletop," follows the post Civil War period as Texas passes through the era of cowboys, Indians and cattle barons and enters the era of natural wealth with discovery of oil at Spindletop in 1901.

Hospital costs rise is slower this year.

## "YOU TOOK MY PICTURE... AND I WASN'T READY!"

How concerned we are with the image we present to others! And it is right that we should be. How mightily we influence others. It is so important that the self we present is one that will influence others for good.

With guidance from God we will be ready to present ourselves to the world in such a manner as to sway others toward God and all that is worthwhile and good.

"That ye might walk worthy of the Lord unto all pleasing, being fruitful in every good work, and increasing in the knowledge of God," come to His Church

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny, the truth which alone will set him free to live as a child of God.

## The Speaker Reports

by Bill Clayton

AUSTIN--The Legislative Commission on Public School Finance is making progress in its work to fulfill the mandates of the 1977 school finance bill.

The Commission has been charged with the duty of developing a revised method for financing state programs of education. Consideration is to be given to varying factors of wealth, inclusive

of a taxpayer's "ability to pay" and the pronounced diversity of monetary holdings and investments that exist throughout the State.

In preparing its report, the Commission has heard testimony from various education associations and received information from the Texas Education Agency concerning enrollment trends, funding needs and other issues. It also is awaiting data from the School Tax Assessment Practices Board concerning current property values--both tangible and intangible--in the State. From this information, consideration of the diversity of wealth can be made.

The Commission has determined that a definition of "basic education" should also be established so that funding needs can be more clearly outlined and concerns expressed in court decisions can be addressed. By making such a determination, State responsibility in education will be more distinct.

In order to prepare the final report, the Commission has been awarded a grant by the National Conference of State Legislatures to fund two studies.

### Legal Notice

**STATEMENT OF NONDISCRIMINATION**  
"Bailey County Electric Cooperative Association and Five Area Telephone Cooperative, Inc. have filed with the Federal Government a Compliance Assurance in which it assures the Rural Electrification Administration that it will comply fully with all requirements of Title VI of the Civil Rights Act of 1964 and the Rules and Regulations of the Department of Agriculture issued thereunder, to the end that no person in the United States shall, on the ground of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination in the conduct of its program and the operation of its facilities. Under this Assurance, this organization is committed not to discriminate against any person on the ground of race, color or national origin in its policies and practices relating to applications for service or any other policies and practices relating to treatment of beneficiaries and participants including rates, conditions and extension of service, use of any of its facilities, attendance at and participation in any meetings of beneficiaries and participants or the exercise of any rights of such beneficiaries and participants in the conduct of the operations of this organization."  
"Any person who believes himself, or any specific class of individuals, to be subjected by this organization to discrimination prohibited by Title VI of the Act and the Rules and Regulations issued thereunder may, be himself or a representative, file with the Secretary of Agriculture, Washington, D.C. 20250, or the Rural Electrification Administration, Washington, D.C. 20250, or this organization, or all, a written Complaint. Such complaint must be filed not later than 180 days after the alleged discrimination, or by such later date to which the Secretary of Agriculture or the Rural Electrification Administration extends the time for filing. Identity of complainants will be kept confidential except to the extent necessary to carry out the purposes of the Rules and Regulations."
