FLOODS, STORMS DO VAST DAMAGE

STATE LEGISLATURE ADJOURNS TODAY AT NOON

MONEY BILLS TO BE HEARD MONTH LATER

SPECIAL SESSION WILL BE CALLED APRIL 15, GOVERNOR SAYS

(By Associated Press)
AUSTIN, Mar. 14.—The regular session of the 41st Legislature adjourned sine die at 1:50 p. m. When 12 o'clock, accepted quitting time, came, the clock was turned back to permit the enrolling room to complete the bills it was working on. The Senate was ready to adjourn at 11:30 o'clock and so notified the House.

Governor Dan Moody spoke to both houses on invitation and told the members he would reassemble the Legislature in special session about April 15, when the appropriation bills covering government expenses for the next biennium will be considered.

It is anticipated also that he will submit a number of subjects, including civil service for state employees, defeated at this session. To the special session goes over the laying of a gasoline tax and the revision of registration fees for automobiles. The four-cent tax on automobiles was one of the approximately 450 bills which died at the session's expiration. The House is proposing a reduction of 50 per cent in registration fees was lost by action of the senate in attaching an amendment reducing the maximum amount to be retained by any county from \$300,000 to \$200,000. Absence of a quorum precluded house concurrence in the amendment.

Prison Legislation Fails
Legislation bearing on the concentration of the relocation of the penitentiary system failed to materialize, when a second free conference committee, appointed after the house refused to concur in senate amendments could not reach an agreement on the differences.

GIRL SUFFERS SERIOUS BURNS

FLAMES OF BLAZING CLOTHING EFFECT BAD INJURIES

Miss Odel Ford, 12 year old daughter of J. O. Ford, 1921 Avenue N, is in the Lubbock sanitarium, reported resting fairly well, as the result of serious burns about her body, received Wednesday night when her clothing caught fire.

The accident occurred at the family home when Miss Odel's dress was ignited from a gas heater. As she ran about the house screaming and frantic, her older sister, Leda, grabbed her and extinguished the flames by wrapping a quilt around her.

The young lady's burns are more serious on her back, under her arms, on her arms and hands, the flesh having been burned considerably before the flames of her blazing clothing could be extinguished.

Blaze Destroys Large Feed Stock

Fire which broke out at 6 o'clock this morning on the old Joe Dick Slaughter place, two and one-half miles north of the city, completely destroyed a large stock of feed. The Lubbock fire department answered an alarm to the fire, but due to lack of available water was helpless in combating the blaze. The feed stock was still burning when the firemen returned to town. Fire Chief W. E. Twitty said today that it was useless to call the fire department if there was no available water connections and supply.

PARIS, March 14 (AP)—The Chamber of Deputies today voted confidence in the Poincaré government 232 to 234 on immediate discussion of bills authorizing religious missionaries to return to France.

PLAYS TONIGHT

Silvio Scionti, New York pianist, will play at the Music Festival here tonight. He is the featured artist of the year's program.

FESTIVAL OF MUSIC OPENS IN THIS CITY

SCIONTI, PIANIST, WILL APPEAR IN CONCERT HERE TONIGHT

Contests in the annual spring Music Festival sponsored by the South Plains Music Teachers Association are in progress at the high school auditorium today and will continue through Saturday. The principal program of the festival, which opened this morning, is to be given this evening at the high school auditorium when Silvio Scionti, pianist of New York and Chicago, plays at the auditorium.

Mr. Scionti has been in Lubbock since yesterday and has played before several organizations. This is his second appearance here as he was one of the first artists to visit this country. He is judging events in the festival.

Music pupils and teachers are here from various points on the South Plains for the three-day event. The high school band is to play tomorrow evening. All events are at the high school.

Lindbergh Leaves His Fiance Behind

MEXICO CITY, March 14 (AP)—Colonel Charles A. Lindbergh, ending his three weeks' visit to his fiancée, Miss Anne Morrow, hopped off for Brownsville at 9:31 a. m. today.

The colonel, whose visit was marked by a "mishap" when he lost a wheel of his plane and turned over on landing at Valbuena Flying Field Feb. 27, was delayed an hour this morning by engine trouble.

He used the regular air mail plane of the new service which he recently inaugurated between Mexico City and Brownsville.

Miss Myrtle Murray, district home demonstration agent, is spending today in Lubbock and is visiting clubs with Miss Louise Baird, county home demonstration agent. She expects to leave tonight.

COLORFUL DAYTONA BEACH DESERTED AFTER TRAGIC RACING AUTO ACCIDENT

(By Associated Press)
DAYTONA BEACH, Fla., Mar. 14.—The nine mile stretch of beach where the American Automobile association holds its yearly speed trials was deserted today and Daytona beach had entered a two day mourning period following the tragic culmination of Lee Bible's effort yesterday to break the 231 mile an hour record established by Major H. O. D. Segrave of England two days previously. The death of Bible and Charles Traub, a news reel

REBEL RANKS IN NORTHERN AREA FALTER

THREE COLUMNS CLOSE IN ON STRONGHOLD AT TORREON

(By Associated Press)
As powerful Federal armies continued to close in on the Rebel stronghold at Torreon, the revolutionary ranks along the northern border today gave signs of beginning to falter.

Coming closely on the heels of the action on Naco in returning to government allegiance, a breach between the authorities took place in

Agua Prieta and it was uncertain whether the town had returned to government fold.

General Olachea, who took Naco in the name of the government with 1,200 Mayo and Yaqui Indians, is firmly entrenched and has been in touch with General Calles, the federal commander-in-chief. He is expecting reinforcements.

The rebels claimed the capture of 700 federal soldiers in an encounter at Artega yesterday, but this was offset by reports from General Almazan, who is leading one of the main federal armies against Torreon, that he had captured 4,000 revolutionists on four troop trains.

Continues Drive Westward
General Almazan is continuing his drive westward from Monterey and Saltillo on Torreon. At the same time, General Calles is pressing northward through the state of Zacatecas and has shifted his headquarters from Rio Grande to Frio bringing him more closely in touch with events in Durango. Desultory fighting between federal and rebel outposts was reported. In one skirmish fourteen rebels were reported killed, many wounded and some captured. Of these seven were court martialed and executed. The insurgents on the west coast were standing still. The government reported them demoralized and ready to bolt northward at the

(Turn to Page 14, Col. 1)

AMARILLO CRASH TAKES TWO LIVES

AMARILLO, March 14 (AP)—A miscalculation in an attempt to make a landing yesterday cost Robert C. Pool, prominent Amarillo business man, and his friend, Harold C. Dunwoody, captain of the Amarillo police department, their lives.

Pool, who has been flying his own plane for some time, and so was considered a good pilot had taken Dunwoody, a student flyer up for a ride and apparently tried to make a landing. When the plane neared the airport here, however, it suddenly nosed upward and stalled at 300 feet, going into a nose dive. Both men were killed instantly.

A wife and two children survive Pool. Dunwoody was single.

FLOW OF INCOME TAXES COMING

WASHINGTON, March 14 (AP)—Income taxes pouring into the treasury vaults from all sections of the country are exceeding estimates made by treasury officials. Secretary Mellon said today he felt there not only would be no deficit for the fiscal year 1929, but there would be a comfortable surplus. First payments of the income tax on March 15 of last year totaled \$597,137,752 and officials have expected that this amount would be exceeded this year. The corporation taxes this year are one and one-half per cent lower than they were in 1927 when that tax was 13.1-2 per cent.

Floydada's Record Of Growth Places City In Front Rank On South Plains

SHE MAY BE FIRST LADY OF MEXICO

Senora Jesus Maria Aguirre de Vera Cruz is the wife of General Jesus M. Aguirre, leader of part of the revolutionary forces opposing President Portes Gil in Mexico. Should the revolt be successful, there is a chance of Senora Aguirre becoming Mexico's first lady.

TAX RETURNS LIMIT NEARS

MARCH 15 IS DEADLINE FOR FILING OF REPORTS

John Toensmeier, deputy collector of internal revenue, will be in the county court room all day today and tomorrow to assist taxpayers in making out their income tax returns. Mr. Toensmeier points out that it will be necessary to have returns in by March 15 if penalties are avoided. No charge is made for his services and he has the required blanks to be filled out.

His work here culminated a tour of the South Plains where he has assisted virtually every town in the section in making the tax returns.

PUBLICITY FOR TAX RETURNS

WASHINGTON, March 14 (AP)—Publicity for refunds, credits or abatement of income, war profits, excess profits, estate or gift taxes, in excess of \$30,000 is provided in an executive order issued today by President Hoover.

Machine gun bullets filtered through the advertising room of the El Paso Herald and Times during the recent battle at Juarez, according to Dorrance D. Roderick, publisher of the El Paso papers and the Avalanche-Journal of this city, who was in Lubbock today.

STATISTICS IN EVERY LINE SHOW ADVANCE OVER YEARS

By ED BISHOP
Journal Correspondent

FLOYDADA, March 14.—Conspicuous among the growing towns of the South Plains of Texas as a result of a growth and expansion that exceeded the greatest expectations of even its own citizens, Floydada, the county seat town of Floyd county, has had a development that has brought its citizens to the realization that their town is one of the leading communities of the Panhandle and that indications point to a greater expansion the next twelve months than has ever been experienced before.

In addition to pointing to a substantial increase in postoffice receipts, building permits, water and electric light meters, bank deposits and scholastic enrollment, Chamber of Commerce officials at Floydada explain that they are not the only ones who are expecting the city to enjoy an unprecedented growth. Large companies are investing in Floydada with the expectation of reaping a part of the harvest that comes with the development of a city.

In 1923 the Floydada postoffice receipts were \$10,786.13. During the past year the receipts amounted to \$16,536 and the first two months of this year displayed a growth that if continued will mean a larger increase than ever before. Building permits were first issued in Floydada in 1927 and the last six months of the year they amounted to a total of \$225,000. 1928 saw an increase to \$340,000 and the first two months of this year permits have been issued for a \$40,000.00 theatre building, a \$3,000 creamery, a \$7,000 garage, and a number of residences that total approximately \$50,000.

The scholastic enrollment of the Floydada Independent School district for the year 1927-28 was 644. At that time there were two school buildings and seventeen teachers. The 1928 enrollment was 1050 and the students were housed in three modern school buildings, representing a total cost of \$225,000. There are twenty-seven teachers employed with a superintendent and the

Attempted Holdup Has Echo In Court

HOUSTON, March 14 (AP)—Trial of Thomas Lipscomb Little and J. C. Brunett in connection with the attempted holdup March 5 of a cafe, opened here today. Little is charged with robbery by assault, assault to murder and conspiracy to rob, and Brunett is jointly charged with conspiracy to rob in connection with the case.

In the attempted holdup Leonard Hight, a customer, was shot and killed by A. Rudie, cook, while Hight was the command of a masked bandit, tried to open the cash register.

'After The Battle' Comes The Court

Trial of a local man and his wife on a charge of fighting will be held in the city corporation court next Monday morning.

The husband was arraigned before the court this morning and released under bond. His wife was said to be unable to come to court due to bruises from the fight.

What is expected to have a large bearing on the Tech College appropriations for the next two years will be the inspection

NINE DEAD, MANY INJURED IN TORNADO SWEEPING CAROLINA TOWN; FLOODS COVER BIG AREA

(By Associated Press)
GREENVILLE, S. C., Mar. 14.—Nine persons are dead, two are thought to be dying, and five or ten others are injured, the victims of a tornado which bored swiftly last night into the Six Mile community, a small settlement 27 miles from here.

Although the community has a population of only 200, the tornado was confined to such a narrow zone and came and went so suddenly that nearby residents took the roar for thunder, and were not aware of its true nature until they heard the cries of the injured and dying.

Four homes, a cotton gin, a church and a building of six mile academy, a Baptist preparatory school, were in the zone of destruction. Medical aid was rushed to the community from Pickens and Liberty, nearby, to care for the injured.

All of the deaths reported here were caused by the collapse of two of the four homes which were struck. They included G. Nelson Garrett, a deputy sheriff, his wife and three children, and Mrs. Tillman Garrett and three daughters. An infant of the Tillman Garrett family was blown 300 yards by the wind, but was not seriously injured.

SET GOAL FOR TWO ROADS TO WEST OF CITY

Two proposed highways one from Lubbock west through Levelland to Bledsoe and the other branching off at Whiteface and extending northwest to Morton were highly endorsed by Cochran county commissioners and judge at a meeting with representatives from Lubbock, Morton and Levelland held at Bledsoe yesterday.

The commission agreed to do everything possible to secure designation of the routes, according to the Lubbock representatives at the meeting. The delegation from here included R. J. Murray, M. G. Abernathy, and A. B. Davis, manager of the local Chamber of Commerce. A meeting was held at 3 o'clock yesterday afternoon and a banquet was held last night. It is the hope of the good road advocates to secure designation of a highway from here through Levelland, Whiteface, and Bledsoe to Roswell, N. M., shortening the present route by the way of the old road and a highway branching off at Whiteface and extending through Morton to Portales, N. M.

The highways would be of untold value to Lubbock, both from the

(Turn to Page 14, Column 3, Please)

PRO CHARGES ARE FILED HERE TODAY

Charges of violation of the prohibition laws today were filed against W. L. Seymour, who is in the county jail as a result of a liquor raid on a residence in the 1700 block on Avenue G last night.

The raid was conducted by Chief of Police John Lemond, Deputy Sheriff Will E. Barnes, and Assistant District Attorney Burton S. Burks. A small quantity of liquor, a number of "empties," beer making apparatus, and a quantity of mash was confiscated.

No bond had been set this morning. According to officers, he was caught in the act of making two liquor sales. Officers said that the alleged bootlegger mistook Burks for a customer and told him not to become excited that the raid wouldn't amount to much.

OKLAHOMA BOUNDARY COMMITTEE OF LEGISLATURE TO MEET IN LUBBOCK

(By Associated Press)
AUSTIN, Mar. 14.—The Oklahoma boundary committee of the Texas legislature will assemble at Lubbock on April 2 instead of at Quanah, Senator Parrish of Lubbock said today. Parrish said that the finance and revenue and taxation committees of the two houses would meet at Lubbock the same day to begin their tour of inspection of state schools.

What is expected to have a large bearing on the Tech College appropriations for the next two years will be the inspection

KIWANIS CLUB HOLDS SESSION

SCIONTI GIVES PIANO NUMBERS; RODERICK TELLS OF REVOLT

Silvio Scionti, New York and Chicago pianist, presented two numbers at noon today when members of the Lubbock Kiwanis club held their regular weekly luncheon session at Hotel Lubbock. Mr. Scionti was introduced by Miss Margaret Huff, president of the South Plains Music Teachers association, and is here as the featured artist and judge at the annual Spring Music festival, now in progress.

The program was in charge of Hub Jones and H. A. Davidson and included a description of the recent "Battle of Juarez" by Dorrance D. Roderick, Lubbock and El Paso newspaperman.

M. H. Duncan, superintendent of schools, placed before the club a plan of offering a prize plaque to the winning band at each festival of the music teachers association and C. J. Meyers, head of the club's agriculture committee, reported upon plans to furnish pure-bred gilts to Lubbock county farm club boys.

W. C. Rylander, member of the local club and lieutenant-governor of the Texas-Oklahoma district, Kiwanis International, made a few remarks.

Lambert Hooker Is Hurt In Accident

Lambert Hooker, 19, employee of the Meier Music company, was slightly injured this morning when the motorcycle he was riding collided with a truck at the intersection of Avenue Q and 10th street. He was taken to a local hospital but was released after his injuries had been treated.

SEEK LIFTING OF MEXICAN EMBARGO

(By Associated Press)
WASHINGTON, Mar. 14.—American business interests in Mexico have begun to feel the pinch of the revolution and have called on the state department to ask the Mexican government to loosen the strict embargo preventing shipments of needed supplies.

Mexican authorities already have deferred to representations by Ambassador Morrow and have permitted some shipments to come through at Naco, for the Cananea mines, and the Oil government has indicated that because it regards the revolutionary situation less serious it hopes to regulate shipments in such a way as to work a minimum of hardship on the civilian population.

Imports of coal and explosives are needed by American mining interests.

Throughout Mexico there are vast American mining, oil and other interests, estimated to be worth approximately two billion dollars.

May Detain Rebels Who Cross Border

WASHINGTON, March 14 (AP).—Detention by American authorities of any additional rebels who cross the boundary line from Mexico, is considered likely by the state department in view of the Pan-American treaty which provides for the internment of individuals who rebel against the constituted government.

This treaty has not yet been ratified by the Senate and while the United States government would endeavor to carry out the spirit of the treaty wherever possible and advisable.

ENTER OIL PRODUCTION

NEW YORK, March 14 (AP).—United Gas Company, Houston, Texas, has actively entered oil production with the purchase of 651 acres of leases, including a producing well in the Refugio, Texas, field from the Mission Drilling Company.

Many of these have been forced to curtail their activities.

BEAUTIFUL ACTRESS IS SUICIDE

UNREQUITED LOVE BELIEVED CAUSE OF TRIPLE TRAGEDY IN VIENNA YESTERDAY

VIENNA, Mar. 13 (AP).—All Austria was moved by the triple tragedy of the beautiful Helen Resch, her two year old son and her mother, all of whom were found dead today from asphyxiation. Unrequited love for Prince Ernest Windisch-Grater, grandson of the late Emperor Franz Josef, was the apparent cause.

"Bury me with the photographs of my two great treasures my lover Ernest and my baby son Franz Josef," said a note left by the 29 year old actress whose beauty made her the toast of the city when she starred recently in an American opera.

Prince Ernest is 24 years old.

and is a son of the Arch Duke, Elizabeth Maria only daughter of the late emperor.

It was stated that the couple had been living together for three years. A few days ago, however, it was reported that the prince had become betrothed to a wealthy aristocratic heiress.

"I gave you my soul, my honor and my life," said the message. "Now you appear to love another. So I am leaving life's stage forever. I have danced my last dance and sung my last song."

"I bid you an affectionate farewell. Bury me with your photograph and that of our beloved child."

THE OLD HOME TOWN

Stanley

Alderman Pleads Innocent Of Bribe

MINNEAPOLIS, March 14 (AP).—Frank E. Giebelmann, alderman from the tenth ward, late today pleaded guilty to a charge of bribery, the third alderman to face prison as a result of investigations into the graft in the city council.

Celebrities May Face Fraud Charge

LOS ANGELES, Calif., March 14 (AP).—Anxiety prevailed today among motion picture firmament in Hollywood today as many film celebrities wondered how much they will owe Uncle Sam after the investigation of their earnings and whether they will be held responsible for any improper acts attributed by federal income tax officials to J. Marjorie Berger.

Miss Berger, an income tax coun-

sellor of Hollywood, was indicted by a federal grand jury here yesterday on 24 counts of alleged criminal aid in preparing fraudulent income tax returns for many prominent film personages. Government officials declared she assisted in defrauding the treasury out of more than a million dollars in recent years.

CLEANERS CHOOSE AUSTIN

BEAUMONT, Mar. 14 (AP).—Austin was selected as the next convention city of the Texas Association of Dryers and Dry Cleaners and A. R. Milligan of El Paso was elected president of the convention here today.

DAIRY ENTRIES BEING LISTED

WIDE AREA WILL HAVE
STOCK ON DISPLAY
AT PLAINVIEW

(Special to The Journal)
PLAINVIEW, March 14—Entries
for the second annual Texas Pan-
handle-Plains Dairy Show at Plain-
view, April 2-5 are beginning to be
received by Mr. Jager Maury Hop-
kins.

E. W. Hester of O'Donnell, promi-
nent Dawson County Jersey breeder,
was among the first to send in his
entries. Hester is a director of the
Texas Panhandle-Plains Dairy Show
association. He will have five head
of stock, but says that they will be
and stuff to beat.

W. W. Evans, Dawson County
gent writes in that his county will
have twenty-five head of registered
Jersey cattle, the pick of three hun-
dred and twenty animals of that
breed in his county. In addition
to the animals he will have a
judging team made up from
county 4-H agricultural club
boys. His breeders who will have
entries include besides Hester men-
tioned above: J. M. Peterson, Ed
J. W. Braxwell, Fred Hughes,
J. E. Eubank, R. R. White and J.
Dobman of Lamessa. He estimates
that a large crowd of dairy enthusi-
asts from that county will be in
attendance at the show, and that
local interest is running high.

Mrs. Sam Sealing of Hale Center
and her neighbors, M. P. Routhahn
were the first to send in their en-
tries from Hale county. R. M. Mil-
lin, county agent of Hale county,
will have over seventy-five head
of cattle in the show.

Bob Anglin, secretary of the Tulsa
chapter of Commerce, says that
wisher county will have seventy-
five head of pure bred Jerseys in
the show, and that a big delegation
headed by their band will make a
day of it in Plainview during the
show. R. C. Nichol, S. J. Payne, Joe
Fugahan and other planner breeders
of Swisher county will all have en-
tries among others.

Amarillo will have a big delega-
tion at the show. The Manufactur-
ers and Jobbers Association indi-
cated several months ago their in-
tention of running a special train
from Amarillo to Plainview. A
vocational agricultural judging
team is promised from Seminole un-
der the leadership of R. F. McFad-
den, Caines county agent.

BUILDING IS BEING PUT IN CONDITION

PLAINVIEW, March 14—Con-
tractors are putting the finishing
touches of carpenter work on the
large building which will house the
Texas Panhandle-Plains Dairy Show
at Plainview.

The big building, which is really
the buildings joined together, will
be absolutely ready in early train-
ing for the show on April 2nd when the
doors are open. Harrison and Smyth, the
contractors, started the work on the
building about March first, and by
employing as many as forty-eight
carpenters at a time are going to
be ready to turn the building over to
the residents the time allotted for its con-
struction.

All that remains to be done to it
is to stucco the entrances of the
building and finish up the plaster
work in the commercial exhibit
room.

LEGISLATURE

(Continued From Page 1)

Defeat of the proposed highway
bond issue was one of the high spots
of the session. Proponents of the
resolution, which would have sub-
mitted a constitutional amendment
to the people to make issuance of
bonds for highway construction
possible, fought doggedly and did
not give up the ship until yesterday
when they failed on points of order
to have the resolution certified as
passed back to the senate.

Voting twice on final passage of
the resolution the house lacked only
two votes the first time and three
the second time of the necessary
100 votes to submit it.

Negro Porters Sing
Waiting for the enrolling room to
complete its work, the two houses
stood at ease most of the morning.
Negro porters contributed a pro-
gram of songs. Representative P. L.
Anderson of San Antonio brought
laughter when he requested that
the darkies sing "The Road Bond
Blues."

In expressing good will to the law-
makers who go back to their homes
after 66 days at the state house, the
governor said that a constitutional
amendment adopted more than 50
years ago giving members of both
houses \$5 daily for compensation
was, as he said, an injustice to both
the members and the state.

"I realize that many of you have
served at both a personal and fi-
nancial sacrifice," Governor Moody
said, "and some have attended the
session at a monetary sacrifice
which you could ill afford."
Turning his remarks to the major
administration measures which were
defeated the state's chief executive
declared that "We don't always agree
on things, but that's what makes
the world go round."

'Pineapple' Wrecks
'Little Italy' Area
MADISON, Wis., March 14 (AP).—
An explosion rocked Madison's Ital-
ian section today, wrecked a two
story building, and started a fire in
which Natalie Troia, was seriously
burned.

Police believed the blast was
caused by a bomb and were work-
ing on the theory that a liquor war
was responsible.

Hits Flask-Toters

passed a bill making a jail sen-
tence and a fine mandatory for
anyone found with liquor any
place other than at home. It is
aimed especially at flask toters.

FLASHES OF LIFE

As Brought Over
Associated Press
Wires Today

Congratulations!

NEW YORK—Would Sir Hu-
bert Wilkins, back from the
Antarctic, pose in an affection-
ate scene with Suzanne Ben-
nett, actress, his fiancée? "No,
I feel like Lindbergh about that
sort of thing."

Royalty To Wed

STOCKHOLM—One of roy-
alty's loveliest is to be a bride
if rumor be true. Princess In-
grid of Sweden, 19, is reported
affianced to Crown Prince
Frederick of Denmark, 30.

\$400 Alimony

NEW YORK—Leonard Kip
Rhinelander is now paying his
wife more than \$400 a month.
Her attorney so announced in
revealing that a separation suit
had been postponed. The
amount has been increased \$100.

The Big Three

BOLOGNA, Italy—Plus, Vic-
tor Emmanuel and Benito Ca-
vazza are the latest arrivals in
town. They are the triplets of
Mariano Cavazza, railroad em-
ployee, who is enthusiastic about
the solution of the Roman ques-
tion.

Keep In Trim

NEW YORK—Gene Punney
is only two pounds above the
weight he carried to the floor
with the Chicago long count.
The information comes from
returning tourists who met him
on a Mediterranean cruise.
They found him very affable.
He patronized the gym con-
stantly.

Inconsistent

CHICAGO—Harry Moir, Jr.,
son of the owner of the Hotel
Morrison, makes \$15 a week as
an assistant banquet manager,
but has an airplane and an au-
tomobile. It has been testified.
Mrs. Martha Grief Moir makes
\$125 a week in vaudeville, and
is suing for alimony. Evidence
was given that the airplane and
auto were gifts from mother.
The court reversed decision.

Wears Hoover Rose

NEW YORK—Hoover wears
no jewels, but the Lou Henry
Orchid, which made its first
appearance in a flower show
here, is here to adorn milady's
shoulder. It is a large pink
blossom shading of magenta. The
Hoover orchid is a cream color-
ed affair with a yellow center
shading into crimson.

Brother-Sis Tourney

NEW YORK—Howitzer Helen
of Hewlett and Marjorie Mau-
reen are to show up some boys
who think they can hit a golf
ball. Miss Hicks and Miss Or-
cutt will be among the stars in
a brother and sister metropol-
itan tournament next summer.

There should be quite an At-
lanta brother and sister team
in a few years by the name of
Jones.

Political Godiva

LONDON—Lady Astor was
jeering at the labor members
during a debate in the house of
commons. H. J. Blinston, labor,
interrupted: "The noble lady is
a political Godiva. She rides
along the benches nude of po-
litical ideas."

Taft In Error

WALDEN, N. Y.—Chief Jus-
tice Taft has confessed error in
a letter to Helen Terwilliger, 13,
who on the radio heard him ad-
minister the oath of office to
Mr. Hoover. The words in the
constitution are "preserve,
maintain and protect," and
added: "you may attribute the
variation to the defect of an old
man's memory." In view of
the radio, the incident, he
thinks, "shows how much more
carefully one who is exercising
a public duty must now conduct
himself."

Has Good Eyesight

WHEELING, W. Va.—Deputy
Sheriff Thomas Daugherty has
good eyesight. He was search-
ing Carl Bertschy's home for
Carl to arrest him on a non-
suspicious charge. Finally
Daugherty took a good look at
a life-size wall portrait. There
was Carl. He had removed the
face from the painting and was
watching Daugherty.

Eskimoos Spoiled

OTTAWA—It is a pity that
they have acquired so many of
our tastes," writes Sergeant O.
G. Patis of the Royal Canadian
mounted police in the annual
specifies that Eskimo children
who have been to school lose
much of their parents' frank-
ness and honor.

Scout Executives To Meet In Terry

Area executives of the Boy Scouts
will go to Brownfield to aid in the
monthly Scout Court of Honor to be
held in that city tonight.
About ten Scouts of Troop No. 19
of Brownfield will be up for ad-
vancement tonight, and an interest-
ing program has been arranged. E.
V. May is Scoutmaster of the troop.

ARMORED CAR READY

Masked behind a camouflage of
brush, this U. S. Army armored
car from Fort Bliss, New Mexico,
stood at the American end of the
international bridge between Juar-
ez and El Paso throughout the
bloody fighting in the Mexican
city, ready to protect American
lives and property. By order of
Brig. Gen. George Van Horn Mos-
ley, commanding officer at Fort
Bliss, its masked machine guns
were kept trained on the Mexican
city, ready for instant action in
case the fighters should attempt
to cross the border to United States
soil. This picture was taken by a
cameraman for The Avalanche-
Journal and NEA Service, flown

from El Paso to Los Angeles by
airplane and rushed thence by tel-
ephoto.

SOLONS COMING

(Continued From Page 1)

with the Oklahoma legislators
regarding disputed territory in
the North Panhandle.
Dr. Horn said last night that
a special convocation would be
held and that the visiting dele-
gation would be accorded en-
tertainment both at the college

and in the city.
From here the delegation will
go to Canyon, making an inspec-
tion of West Texas State Teach-
ers' College.

A FALSE ALARM

LONDON—An apparent distress
signal from the flagpole of Ushant
Island lighthouse caused a life sav-
ing crew on the mainland to in-
vestigate. They reached their objective
despite a furious gale, and found
that the keeper had been out in
the rain and hung his clothes on
the flagpole to dry.

DAYTONA BEACH

(Continued from page 1)

after the crash, officially clos-
ing the meet, expressing re-
gret at its tragic climax and ex-
pressing ignorance of the cause
of Bible's crash.

Major Segrave, who before
the Triplex crash had indicated
he might try another run in an
effort to force 240 miles an
hour out of his "Golden Arrow"
announced he would make no
effort to break his record, in
respect to Bible's widow and
J. M. White, Philadelphia man-
ufacturer and owner of the
wrecked racing car.

Stakes Life for Fanie
Bible, 42 year old Daytona
Beach garage mechanic, father
of two children and unknown
as a racing driver, was chosen
by White as the driver of the
Triplex, which last year set a
world's mark of 207 miles an
hour, for sentimental reasons.

Bible was one of the chief con-
ditioners of the car at its last
year's trials when it was driv-
en by Ray Keech, and White
this year decided to give the
garage man a chance for fame.

Family Reunited After 53 Years

Members of the same family who
had not seen each other for fifty-
three years and other members who
had been separated for twenty-three
years were united in Lubbock coun-
ty this week. They are L. H. Stev-
enson, of Whit in Parker county; J.
W. Stevenson and sister, Mrs. A. R.
Merrill, of Niles county, Tenn.; who
are guests of their brother, G. W.
Stevenson, farmer living fourteen
miles from Lubbock.
Mrs. Merrill is the youngest of a
family of fifteen children. They are
children and grandchildren of Meth-
odist pastors and have four uncles
who are in the same profession.
L. H. and J. W. Stevenson had
not been together for the past fifty-
three years.

SHAPE AND SIZE OF HANDS REVEAL PERSONALITY, SCULPTOR SAYS

Which hands are yours? Simon Moschis, sculptor and student of hands, analyzed some of the photographs of hands from the Froter and Gamble competition as follows: (Left, upper) The careerist's hands that bespeak a purposeful character, almost inevitably bound to succeed but, if success fails, one that might become erotic; (Lower) Childish hands of a woman who wins through charm rather than through intelligent effort; (Center) A woman whose beautifully shaped hands prove her capable, understanding and of fine, strong character; (Right, upper) The hands of a lovely woman who is charmingly affected; (Center) The hands of one who likes home and all it means but who is just a trifle too artistic for permanent domesticity; (Lower) The hands of a woman of determination who can concentrate on her ideals and drive through to success.

BY JULIA BLANSHARD

NFA Service Writer
NEW YORK, March 14.—Some folks just can't be good. Others just must almost kill themselves with kindnesses.

Some women are born to rock the cradle. Others are pre-destined to be happiest piloting an airplane or heaving out other careers for themselves.

Some women will find the world of men at their feet with no effort on their part. Others are slated to go the long way.

These and other potent characteristics of people are revealed not by word of mouth nor by glance of eye but by the unconscious

movement, shape and character of their hands.

Has Heart in Hands
That is the opinion of a noted sculptor and hand student, Simon Moschis. For nearly 23 years now Moschis has been studying hands. In his Berlin studio he has one of the most varied, unusual and noted world collections of sculptured hands. In his gallery there are 250 different types of hands, hands from such famous people as Chopin, Isadora Duncan, and many famous actors and physicians. Also some fascinating criminal hands.

"Hands are the most tell-tale indicator of character that humans have," Moschis stated, slowly thoughtfully. "A woman can shut her eyes. She can seal her lips. Her hands will tell the truth about her character. In fact, her hands may tell more about herself than she herself knows."

He Isn't a Palmist
It is not the lines in the palms that count, according to Moschis. It is the general shape, the width across at various intervals, the length of fingers, shape and proportion to the palm, the thickness and modeling in general and the traceries of blood vessels. Moreover, the movement of hands is fully as important as shape.

"One's little fingers and thumbs are tell-tale digits," Moschis said. "Take the thumb for instance. If there is a short distance between the end of the thumb and the top joint it indicates a narrow mind, ignorance, sentimentalism. This is the thumb of a hard-headed business man who is totally devoted to one person, his wife, maybe. He is apt to overwhelm her with interest but be brutal to everyone else. Or it may be a daughter who concentrates her affections on."

"The distance and shape of the second joint of the thumb is important. The balanced person has a thumb that is slightly narrower between the joints than above the first joint. It must slope in a little or it indicates ignorance. But if it slopes too much, if the space is too thin, it indicates an egoist."

"As the thumb tells strength or character, determination and intelligence, so the little finger is the crooked little finger shows arrested development and lack of cultivation. This is just one reason why it is important to an expert to see an affected person just as the little finger when she lifts her tea cup. The more cultured a person is, the finer and straighter the little finger."

"First and third fingers give an indication of artistic sense. If they have pads of flesh on the underside like little drops of flesh, they show an artistic appreciation, even if the rest of the hand shows no creative genius. The center finger is the fully."

Temperamental Hands
The general shape of hands tell the tale when fingers are considered also. The round, sweet, full feminine hand, for instance, may belong to the temperamental that is exceedingly hard. She may love one day and hate the next and she slays her whole heartedly."

"The mother hand, the hand of the home-lover, is the one that is broad at the base, sloping gently until the width just below the fingers is much narrower than at the base of the hand."

"Her careerist sister, however, is apt to have a hand that is much wider across just at the base of the fingers than near the wrist. Her fingers may be long but not so gently tapering and they are apt to be light on the ends. Sometimes her fingers are quite long and capable looking. There are apt to be many blue veins on the back of her hand."

"The genius hand may also have many veins but its shape can not be described very exactly for it may sometimes seem somewhat undeveloped, like a child's, or it may verge on the very sloping-hand-like mother's."

Living and Loving

BY MRS. VIRGINIA LEE

When a person marries just to escape an unpleasant situation at home it is very much like the proverbial jumping from the frying pan into the fire. One can leave home if necessary, and sometimes from the experience thus gained one can see that after all it was not such a bad place as it seemed.

But it is not so easy to escape matrimony. One takes certain responsibilities or should—and divorce is not so easy after all, and is attended usually by a good deal of undesirable publicity and unhappiness.

And marriage without love is a pretty doubtful proposition too. After the honeymoon life resolves itself into pretty much of a humdrum. There are continual meals to be gotten, dishes to be washed, laundry to be taken care of, floors and furniture to be cleaned, and if one is not present to make of these prosaic tasks a delightfully romantic pastime, the going is hard and monotonous for the wife. And for the husband it means hard work at his job, which he dares not risk for a change with a home and wife dependent on him.

"Dear Virginia Lee: I am a young girl just 17. My home life is very unhappy because of my step-mother who, for some reason, dislikes me intensely and does all she can to make me miserable. It is necessary for my father to go away for a year. I cannot bear the thought of living with my step-mother, so when a dear friend asked me to marry him I accepted without my parents' consent, knowing they would never give it while I am so young. I am not in love with him, but anything seems better than what I will have to endure if I stay at home. Shall I risk it, hoping love will come later? Please answer soon, for I am in great trouble."

JENNY D.
Just as I said in the first part of the column today, Jenny, it looks to me as if you were jumping from the frying pan into the fire. Why not try to stand it at home until you are 18, and then you will be old enough to leave home and make a place for yourself? Get as much education as you can so as to fit yourself for business or teaching or what you would like to make your vocation, and then you will be free, and if love for your friend grows in your heart you may marry him. It is hardly fair to him that you should marry him now, feeling as you do.

"Dear Virginia Lee: I am 21 and, until four months ago, have been keeping company with a young man of 22. We did not go steady, although I know he did not go to any other girls. Every time I went out with another certain fellow he would get mad at me. He is going with another girl now and I hear they are to be married. He just stopped going with me all of a sudden, and I don't know why, unless it was on account of the other fellow. The girl that he is going with now has also been going out with the other fellow, but he doesn't seem to care. Mrs. Lee, do you know of any way I could possibly win him back? I love him."

"GIGGLES"
I am afraid he was not really in love with you. He was just using you as a plaything. He is going with another girl now, and I don't know why, unless it was on account of the other fellow. The girl that he is going with now has also been going out with the other fellow, but he doesn't seem to care. Mrs. Lee, do you know of any way I could possibly win him back? I love him."

Big Hands—Big Leaders
Born leaders, like Napoleons of the world, whether feminine or masculine, have big hands. They are much wider across the palm than the artistic hands or the home hands. They may be much, much wider across the top of the palms than across near the wrist."

Hand's shape, texture and gesture all seem to be inherited. And according to Moschis, a curious fact about this inheritance is that one has far greater chance of inheriting the father's hands than the mother's.

love in the first place, Giggles, although he must have liked you to be jealous of the other chap. He's a person who sticks to his point, isn't he, as he still asks you about this other chap, whom you have told him time and again did not interest you. I suppose he met the other girl and was attracted to her and that is the reason he dropped you. His seeming indifference to the fact that she goes with others is odd, but men are odd creatures. Giggles. It takes more than a mere woman like myself to understand them. Crystal clear as they appear to many women writers, I expect they don't often understand themselves any more than we do ourselves.

"Dear Virginia Lee: I am 17, must be in at 10:30 and forbidden to go out with boys. Now, Mrs. Lee, I met a fellow I thought I loved, and I find that I was only infatuated with him and I don't care for him any more. My girl friend is not allowed to go with boys, so I've decided that as long as I have her I can wait for boys, as I have time."

"Mrs. Lee, this is the hardest part. This young man loves me and will not give me up. In plain words, I want him to see that I do not love him. Won't you please help me? You simply have to tell him so, then, Sue, and refuse to go anywhere with him. He won't really break his heart, although he may try to make you think he will and think so himself. It's kindest to be definite."

A. Marry your friend and never mind what others say. Your love for one another is enough.

Radio Party Is Given For Women's Club

Members of the Business and Professional Women's club attended a radio party last evening in the home of Mrs. and Mrs. C. E. Moreman, 2421 15th street. The state president of Business and Professional Women's clubs made an address and members of the Fort Worth chapter gave a program which was heard.

After the program the group practiced club songs at the home of Mrs. J. W. Baze.

Those attending were Mesdames E. B. Holland, V. M. Fraser, J. J. Smelser, J. W. Baze, C. L. Hale, Misses Novella, Richmond, Ethel Lawson, Ruth Ford, Mattie Randolph, Ruth McCormick, Beniah Cole, Roby Marie Douthitt and Vada Belle Baze.

Loyal Sisters Club Is Entertained

Mrs. J. G. Biffle entertained the Loyal Sisters Needle club in her home at 1213 Avenue O, having as her guests Mesdames P. K. Mitchell, Frazier McCrummen, E. L. Lemons, W. H. Trice, J. J. Boszell, Minnie Nicholas, J. R. Barrier, John R. Hall, D. H. Mansell, Fred Owens, C. A. Paulger, W. E. Holder, George Duval, R. V. Mills, W. A. Childers, Ed Allen.

Booze, sweetpeas and ferns were used in decorations for the affair and refreshments of salad, pickles and pecan pies were served.

Hi-Lo Club Meets In V. E. Wilson Home

Mr. and Mrs. Vaughn E. Wilson, 2804 22nd street, entertained the Hi-Lo Bridge club last evening in their home and prizes in games went to Dr. and Mrs. C. H. Ater and Dr. and Mrs. D. C. Cross.

Others playing were Dr. and Mrs. W. A. Jackson, Mr. and Mrs. F. L. McRee, Dr. and Mrs. W. M. Young, Mr. and Mrs. E. Y. Freedland. Delicious refreshments were passed. Appearances for the party were in the Saint Patrick parade.

Bridge Club Meets With Mrs. Edwards

Mrs. Leo Edwards, 2317 14th street, was hostess yesterday afternoon to the 928 Bridge club in her home, having several guests along with the club members.

Featuring pink and green as colors, sweetpea plate favors were given the guests. Mrs. Louis Winn received high score among the guests and Mrs. J. A. Phipps, Jr., made club high score. Club members playing bridge were Mesdames: R. W. Crowder, Jr., J. B. Edwards, J. C. Powell, M. N. Hale, J. A. Phipps, Jr., R. E. Nabors, O. A. Terry, F. L. Lindsey, W. B. Hearrell, J. L. Holt, Robert Bean, E. E. Bailey, Dick Skelton. Guests playing were Mesdames: Don Mitchell, Harry Meyers, A. M. Johnson, Louis Winn, R. J. Porter, Misses Gussie Suggs and Jane Vaughn. Mrs. Fred Childress was a tea guest.

Lindy Needle Club Is Entertained
The Lindy Needle club met yesterday afternoon with Mrs. Allen T. Stewart in her home at 1801 16th street. After a pleasant hour of needlework and conversation, a salad plate was passed to Mesdames Harry E. Blocker, George Stephens, Herbert L. Allen, W. H. Abbott, D. D. Cross, J. H. Murdough, A. Lesoky, W. L. Bradshaw, S. B. Haynes, Paul Jones and W. M. Craig.

Mrs. Connor Invited To Be Speaker

Mrs. J. V. Connor, state advertising director for the Texas Federation of Women's clubs, was invited to speak to two district meetings of the Texas Federation of Women's clubs. The sixth district, which meets in Brownwood April 29 and 30, and the first district, which meets in Arlington, have sent these requests to Mrs. Connor.

NEWS BRIEFS

J. W. Westerfelt, Tech student, has gone to Cisco and Fort Worth for a visit.

C. L. Thomas, cattle and sheep man of Marfa, is transacting business in Lubbock and while in the city he is the guest of Mr. and Mrs. Fred Spikes, 1612 Broadway.

Joe Scott of O'Donnell underwent a major operation Thursday at the Lubbock sanitarium.

James Morgan, Tech student, has gone to Cisco to spend the week end with relatives.

Mr. and Mrs. C. McAdams, 1907 Fifteenth street, announce the birth of a son Thursday at the West Texas hospital.

N. E. Baker, manager of the Baker Furniture company, left Wednesday for a business visit to points in Oklahoma and Arkansas.

Mrs. J. D. Hinson is convalescing at her home on Eighth street, after an illness of several days.

John Toensmire, income, tax man of Dallas, is a business visitor in Lubbock.

Guy McClouthin, 1412 Avenue M, was released Thursday from the Lubbock sanitarium.

Miss Ethel Cadenhead is reported ill at her home at 2009 Eighth street.

J. N. Harrington was a business visitor Thursday from Snyder.

Mr. and Mrs. O. F. Sensabaugh, 1016 Avenue N, announce the arrival of a daughter, Carolyn, Thursday at the West Texas hospital.

Fred Caylor, with the Reliance Brick company, is attending a salesman's conference in Amarillo.

Milton Hinson, 1907 Sixth street, underwent a major operation Thursday at the Lubbock sanitarium.

A. E. Miller of the Charles C. Hornsby Hardware company, is transacting business for the week in Big Spring.

Mr. and Mrs. D. V. Thompson, 1918 Avenue O, announce the birth of a son Tuesday, who has been christened D. V. Jr.

Miss Corrine Overstreet, daughter of Mr. and Mrs. E. Overstreet, 2104 Fifteenth street, underwent a minor operation Thursday at a local hospital.

Mr. and Mrs. Chester Shepard and little daughters, Virginia and Mary Sue, of Big Spring, are the guests of Mr. and Mrs. E. M. Smith and Mr. and Mrs. J. W. Roberts.

Mr. and Mrs. O. W. Summers left Wednesday for Fort Worth to attend the Pat Stock show, after which they will make a several days business visit in Dallas.

Mrs. H. C. Scott of Lubbock route 1, underwent a major operation in Lubbock hospital Thursday.

FLOYDADA'S RECORD OF GROWTH PUTS CITY IN SOUTH PLAINS' FRONT RANK

(Continued from Page 1)

FAME SPREADS

They Know About Tech, Even In Far Germany

Proof that Tech College has gained widespread attention was given this week when Prof. H. C. Henninger of the foreign language department of the college received a letter from Otto Rupp, of Stuttgart, Germany concerning the college.

Mr. Rupp told of receiving a Tech College bulletin which he plans to have translated and placed in the college for the benefit of the students there.

Scout Clean-Up Drive Tomorrow

The final clean-up drive of the annual financial campaign of the local Boy Scout organization will be held tomorrow.

Workers will meet for a short session in the city hall at 9 o'clock. All of the remaining cards, containing the names of the local citizens not yet solicited in the drive, will be distributed among the workers.

Scout officials urge that the entire citizenship cooperate in the campaign so that the matter can be completed tomorrow.

Two Are Injured In Big Spring Blast

BIG SPRING, March 14.—J. J. Barlow and son, Oliver, were painfully burned about the face and arms when a farm lighting plant exploded on the Lee Castle farm at Knott, 20 miles north of Big Spring.

Barlow and son, mechanics, were making repairs on the carbide plant and struck a match to see into the work when the explosion occurred. Barlow was blown 20 feet from the spot when the explosion occurred.

Five Released On Gambling Charges

Five Mexicans were released under \$100 bond yesterday following examining trial in Justice of the Peace court.

The Mexicans were arrested Sunday night by county officers in a raid on a gambling game in "Little Juarez," Lubbock's Mexican district. They will come to trial in the near future.

Contests Diversions At Club Party

Some contests were introduced as diversions yesterday afternoon when the 1916 Needle club was entertained by Mrs. O. H. Cline and Mrs. F. V. Brown in the home of the first hostess at 2113 Broadway.

A salad plate was served after a pleasant afternoon to Mesdames J. M. Gordon, J. W. Gamel, R. Martin, Rabb V. Kimmel, R. F. Hule, W. E. Bourland, R. S. Rodgers, W. D. Benson, W. C. Bryan, W. E. Ballew, Joe Baldrige, R. I. Tubbs, and Miss Ferguson.

Mrs. Atkins Hostess To Needle Club

Mrs. W. B. Atkins was hostess yesterday afternoon to the Wednesday Needle club in her home at 2223 Broadway.

Guests for the afternoon were Mesdames Gus L. Ford, S. C. Wilson, Joe Symth, F. M. Maddox, C. A. Davidson, W. B. Rushing, C. H. Ballenger, E. L. Klett, L. B. Wright, J. H. Goodman and A. L. Williams of Waco, Texas. A salad course was served after the afternoon had been spent with needlework and conversation.

Recitation Given For Noted Pianist

Silvio Scionti, who is to give a piano recital this evening at the high school auditorium, was honor guest at an informal reception given last evening in the home of Mr. and Mrs. Richard L. Douglas, 2123 16th street. About thirty guests called during the evening.

Miss Margaret Huff, president of the South Plains Music Teachers association which brought Mr. Scionti here for the annual Spring Festival, was assisted by Mrs. Hub Jones, Mrs. Wesley Read, Mrs. W. B. Price and Mrs. Jones in entertaining last evening.

The pianist played a number of selections and ice punch was served to the guests.

Disturbed Sleep

Believed for Wisconsin Lady, Wants To Tell Others, Bladder Irritation The Cause

Mrs. Ellen Johnson, Hillsboro, Wis., says she will tell or write any one how she was relieved by simple Kieffer's (Kieffer's Formula).

She says: "I had to get up nights so much. The irritation was so bad, I had to go to the hospital for 11 weeks. I improved some but was not at all well. I began to take Kieffer's. I feel fine today. Haven't taken medicine for two months. Am still well. Gained 30 pounds."

Kieffer Laboratory, Mechanicsburg, Ohio. Sold by all druggists. Locally at Bowen Drug Store.—adv.

work offered includes vocational agriculture, commercial course, home economics, twenty-three and one-half credits of affiliation with State and Southern colleges and universities are offered by the school here.

Population is 4,500. Although population estimate is based usually on the scholastic enrollment, a conservative estimate of the number of inhabitants in Floydada at this time is 4,500. In 1910 there were approximately 1,600 people residing in the city limits of Floydada and this had increased to 2,300 in 1920 and 3,350 in 1925.

Light meters are a good indication of the growth of any city. The Texas Utilities company, serving Floydada, reported a twenty per cent increase in its business every year since it has been in operation here. In 1923 there were 375 light meters serving Floydada citizens. In 1928 the number had jumped to 788 and there is a continued growth. Gas meters were first installed in 1927 and there were 350 consumers in Floydada and in 1928 the company served 538 meters.

Other Figures in Line
All other figures of business in Floydada show a decided increase and are sure indications of the growth and development of this city.

Cream and poultry products have brought a nice business to Floydada and have amounted to approximately \$80,000 the past year. This development can not all be attributed to the loyal citizens of Floydada for there are a number of large concerns interested in the future of this city and are investing their money in the belief that this is destined to be a leading city on the South Plains. The Quannah, Acme and Pacific Railroad company built its road into Floydada, and began operation last year. The company's investment included a \$40,000 railroad station, the best on the South Plains line, and track rights in the industrial section of the city. C. E. Stone company recently opened a new store in Floydada and the West Texas Gas company invested several hundred

thousand dollars in Floydada order to take care of the company's operations in this section. The Texas Utilities company extended its line out of Floydada and the State Telephone company invested enough money to build its line through the city.

The city of Floydada spent seven thousand dollars in improvement the "as" year. This included twenty-five blocks of paving, the extension of sewer and water mains a \$12,000 city hall and a \$10,000 fire truck.

TOURS JAILS

Suspect Held At Galveston Says Ship Irons Best

HOUSTON, March 14 (AP).—John B. Pikes, 26, seaman, was held without bond in the Galveston county jail today following his indictment by a federal grand jury here yesterday on a charge of murder on the high seas growing out of the death from knife wounds of George A. Leppard, chief steward on the steamship Endicott, while the ship was docked at Havre, France, February 1.

"I seem to be on a prison inspection tour," said Pikes as he left for Galveston. "First it was the jail in Havre, the iron aboard the ship; then jail at Antwerp when the boat docked there; then the city jail here and now it's Galveston. So far the best I've found was on the boat."

Too Much 'Whoopie' Six Carried To Jail

Too much "whoopie" at a party in a local residence last night resulted in the arrest of six persons on a charge of disturbing the peace. They were each released under bond and the trials scheduled for 9 o'clock this afternoon. The corporation court before Sergeant J. T. Mon.

COLDS MAY DEVELOP INTO PNEUMONIA

Coughs from colds may lead to serious trouble. You can stop them now with Creomulsion, an emulsified croscote that is pleasant to take. Creomulsion is a medical discovery with two-fold action: it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs croscote is recognized by high medical authorities as one of the greatest healing agencies for coughs from colds and bronchial irritations. Creomulsion contains, in addition to croscote, other healing elements which soothe and heal the inflamed membranes and stop the irritation, while the croscote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble, and checks the growth of the germ.

Creomulsion is guaranteed satisfactory in the treatment of coughs from colds, bronchitis and minor forms of bronchial irritations, and is excellent for building up the system after cough or flu. Money refunded if not relieved after taking according to directions. Ask your druggist. (adv.)

Papa Barbuti said he wanted Ray to quit all his life... so he could study and work... instead of getting stones thrown at him from people in glass houses like the A. A. U. A track star at Colgate named Dinguid... and the name spells spells the same backward... Pete Jablonowski, the former Michigan athlete is with Columbus this year... but says he will be pitching for the Reds before the season is out... because he is gonna be that good this summer... Evan Swanson is a White Sox rookie who lives in De Kalb, Ill., and the day before he left for the low townsmen gave him a banquet... which many prominent educators and clergymen of the town attended... The Dodgers have a rookie named Paul Richards... who throws with both hands... He once pitched a double-header in high school and won the first game with his right hand... and the second game with his left.

Johnson and Golf

It is interesting to observe the stand Walter Johnson, manager of the Washington Senators, has taken on this matter of ball players going out for a round of golf in their off moments.

At the Tampa, Fla. training base of the Senators, the soft-spoken boss of the Washington entry in the American League race said he didn't object to his players playing golf, but that it had to be subordinated for baseball.

"This golf business is another problem for a manager but I don't think it is going to be one for me," he told the writer. "I play golf and I like the game and I want my players to play golf if they like it. But I will not let them subvert the game of baseball."

"In our training camp here we work only in the morning and I tell the players to do anything they wish in the afternoon. A lot of them play golf and I am for it because, I know, it keeps them in good exercise and it will do them more good than so-st around in a hot room, full of smoke, playing cards."

"Of course, there are limitations. They have to do their baseball."

"I noticed one morning a few days ago that there was a taxi out side the park with some golf bags in it and I noticed that a couple of my nobles ducked away about 15 minutes before time had been called. I put a stop to that at once."

"And I don't want them to be talking about what they were when they are in the dressing room getting ready for a game. Golf has to be a sideline with them."

Believes in Hume

One of the few rookies to be seen at the camp of the Philadelphia Athletics is Regman Hume, who may be remembered as the young Southern Methodist triple-threat back who proved such a worry to the Army eleven one Saturday last fall. Hume was an outstanding back of the year and was named on a number of All-America squads. In addition to playing football, he also was the outstanding pitcher in the Southwestern Conference and one of the most terrific batters, a track man and a basketball player.

Outside of his athletic ability, Hume was said to be one young man about the S. M. U. campus who believed firmly in Regman Hume. They say he never yet has seen the batter he didn't think he could strike out, nor the pitcher he thought he wouldn't get a homer off of, nor the football team he couldn't make it miserable for. A very confident young man, with results to back him up.

Wait for the Verdict

Hume is trying to make the grade as an outfielder with the A's. He received a \$5000 bonus for signing his contract and believes he has it in him to stick. Perhaps not this year, but eventually.

It is because of his terrific hitting power, his speed, foot, and his ability to snag fire that he prefers to play the outfield. He is not adverse, however, to taking a turn on the mound.

It will be interesting to get the final verdict on this young man.

Colorful Arbiter Dies Last Night

PHILADELPHIA, March 14 (AP)—The death of Sherwood Magee, an umpire in the National League and for many years a big league player, marks the passing of one of baseball's most colorful figures.

He was stricken with pneumonia at his home a week ago. Death occurred last night. He was 44 and survived by Mrs. Magee and three children. The funeral will be held Saturday.

Baseball fans of 26 years ago will recall Sherry Magee, then an outfielder with the Phillies, as one of the greatest natural batmen in the game. He led the National league in batting in 1910, with an average of .331.

BOSTON TEAM DUE TO HAVE BETTER YEAR

CARRIGAN ENVY OF ALL COLLEAGUES THROUGH TRADE TO SOLONS

BY BRIAN BELL

Associated Press Sports Writer
BRADENTON, Fla., March 14 (AP)—The Boston Red Sox, last in the American League but trying to do better, have blasted one baseball pundit because the rich become superstitious—that the rich become richer and the poor get poorer. The Red Sox have more players in camp than any club in Florida.

President Bob Quinn or Manager Bill Carrigan, or both must have aroused a touch of jealousy in the ranks of the horde trading fraternity when they sent Buddy Myer to play third base for Washington and took five players in exchange.

Bob Teeves, one of the quietest, seems certain to become regular third baseman for the Sox. Grant Gillis, a shortstop while he may not be able to displace the veteran Walter Gerber altogether probably will share the assignment with the former Brown and Elliott and Bigelow who can hit only to demonstrate an ability to throw to get an outfield assignment.

Pitchers May Come Through

The two pitchers in the transaction, Milton Gaston and Horace Lisenbee have not had sufficient opportunity to qualify but both have shown indications of returning to form, which was lost last season. At first base, Phil Todd, an able performer will again serve but Jerry Standaert, from Memphis, has shown something. Bill Reagan should have an advantage at second but another Bill, Narky, from Mobile has done well. A pair of Bobs, Brown and Barrett, another former major leaguer are battling and in addition to Gerber and Gillis at short, Hal Rhyne, who seems a much better player than when he was with Pittsburgh, is showing as much ambition as any man in the camp.

Eleven Fielders Out

With eleven outfielders roaming for fly balls and grabbing a bat as soon as one is dropped by a hitter, the problem of getting five or six permanent fixtures promises to be vexing. Ira Plagstead, sale from attack Jack Rothrock, former infielder and one of the fastest men in the league, Ken Williams, a 300 hitter in any company and Douglas Tait, who missed the select 300 class by a hair, are back from the 1928 team. Bigelow, who hit nearly 400 in the Southern Association, Russell Scar, St. Paul graduate, Otto Dumas and George Lopez, tried last spring and fared to Pittsburgh, have been impressive at times.

Perry Leading Backstop

Charlie Berry, who did well in 1928, leads the race for the first string catching assignment but Alex Gaston, former Giant and once with these same Sox has shown great spirit in the training period and may remain to make up a brother battery with Milton going the pitching. A sensational prospect is Robert Asbjornson, not yet 20 years of age, but displaying a convincing ability to hit.

Before it is over, Manager Carrigan may be drawing names of pitchers out of his cap. In addition to Gaston, Lisenbee and Bayne, Big Ed Morris, a great pitcher last year, Dan MacFadyen, the bespectacled youth, Charlie Ruffing, Jack Russell and Pat Simmons, were exempted from the house cleaning at the close of the 1928 season. There are as many more bidding for places.

East Texas Baseball Circuit Organized

LONGVIEW, Mar. 14—The schedule for the East Texas high school league was released here Wednesday. It calls for games on Tuesday and Friday of each week, beginning Tuesday, March 19, and extending through May 7.

None of the games will be longer than seven innings. They will be started at 4 o'clock so as not to conflict with scholastic activities. A split season was voted at a meeting of school officials here last Saturday. The first half will terminate April 9.

Eight teams are entered in the loop.

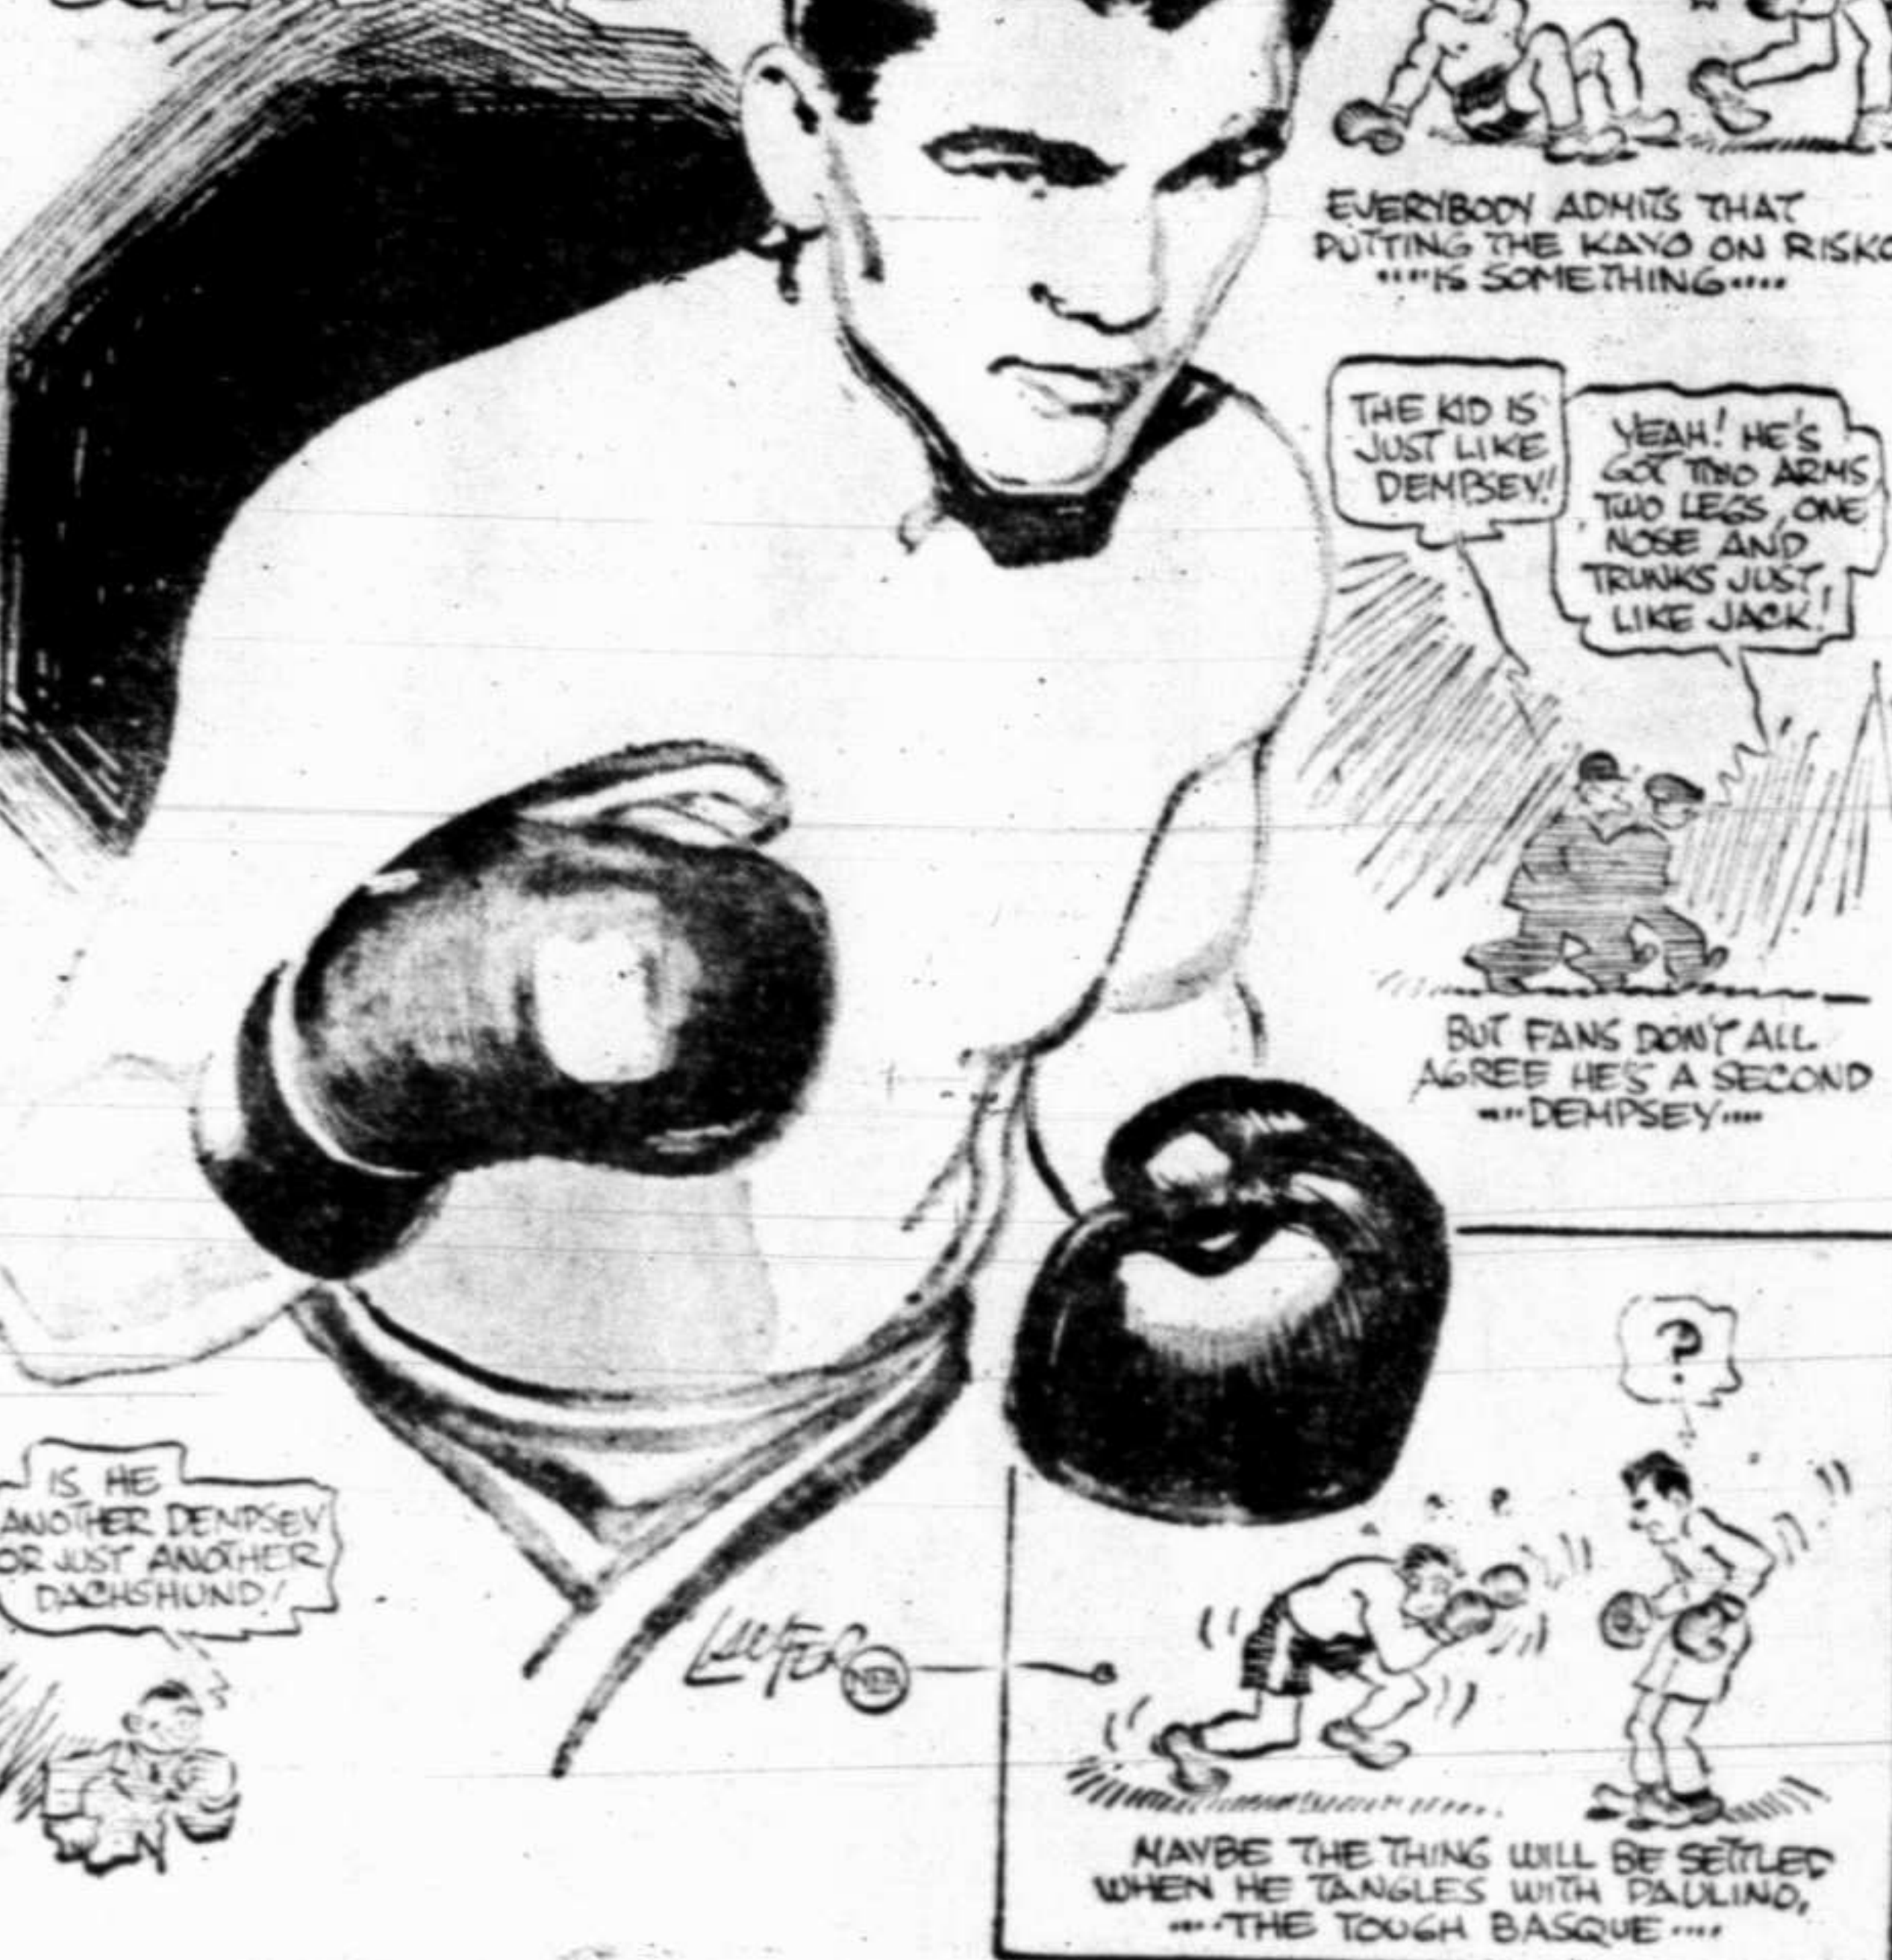

Flood Warning In Sulphur River Area

SHREVEPORT, La., March 14 (AP)—A flood warning for Sulphur river residents in the vicinity of Rineo Crossing and Finley, La., was issued here today by J. W. Camp, leader meteorologist of the Shreveport weather bureau, who forecast a flood stage at Rineo crossing by March 15 and at Finley by March 19.

An advisory warning was also issued for the Cypress River which is expected to attain a depth of 18 feet at Jefferson by March 19. Flood stage at Rineo Crossing is 20 feet and at Finley it is 24 feet.

GERMAN HEAVY MAY SETTLE TITULAR QUESTION

MAX SCHMELING

Within a few weeks interest in the heavyweight fighters should be renewed.

As soon as Max Schmeling, German sensation, returns from the K. O. in New York not so long ago. Being the first fighter ever to put the Cleveland away for the count, Schmeling leaped right into the first rank of heavyweight contenders. Many boxing critics went into ecstasies over the German's ring work and claimed the title for him right off.

But since first passions cooled a bit they have been hedging more or less in their talk of the German's greatness.

When Schmeling returns, he will be paired with Paulino Uzcudun, the winner to meet Jack Sharkey in the finals for the crown. Just how the German Dempsey will make out with the rough and tough Uscudun will be interesting to see. If he should duplicate the form he displayed against Risko and knock out the Basque, they'll have to make the best stein larger in the Rhineland. Also they'll have to polish up the crown for heavy-weight coronation ceremonies.

TRACK MEET ON SATURDAY

462 INDIVIDUALS ARE ENTERED FOR FORT WORTH EVENTS

(Special To The Journal)

FORT WORTH, Mar. 14—Forty-four high schools, 18 colleges and nine municipalities, comprising 462 individuals, have placed entries for the seventh annual Southwestern Exposition track and field meet here Saturday. Several other high schools and colleges have given notice that they will enter, but have not yet turned in their list of entries.

Texas university, 1928 champion, is included among the list of entries with a 16 man team. Other college entries are being received with each mail.

For the first time in the history of the event, Rice institute of Houston is competing. But due to the short time in which the Orelis have had to practice, only two men are being brought here, Claude Bracey, the "Dixie Flyer," and sensation of 1928, will be unable to compete in the fast dash field expected.

Cy Leland, the T. C. U. one-man sprint team, is expected to be strong contenders in the dashes. The former Lubbock high school lad is in condition to show his heels to the field.

Abilene Christian college is bringing back its record breaking broad jumper, Roy Stevens.

Two Killed When Plane Is Smashed

BALTIMORE, March 14 (AP)—Lieutenant Jack W. Albright of Philadelphia was killed and Lieutenant W. D. Ligenfritz of Upper Derby, Pa., was injured last night as a plane piloted by Albright crashed in making a forced landing near Belair, Md.

They were flying a plane reported to belong to the Pennsylvania National Guard air units, and were returning to Philadelphia after flying during the day to visit Maryland Guard aviators at Logan Field here.

Caught in the fog and rain they sought a landing place as the motor began to fail, and according to Lieutenant Ligenfritz the plane was banking in a sharp turn about 400 feet from the ground when the motor went dead. Victor H. Bowers, living near the scene, heard the plane circling before the crash and found the plane nose down in a field, with Wheeling caught around a tree and the motor driven back into the fuselage where it had pinned Lieutenant Albright.

GIANT PILOT STARTS PLAN FOR BATTING

YANKEES SEEM TO HAVE SAME TROUBLE THEY HIT TOO MUCH

(By Associated Press)

SAN ANTONIO, Texas, March 14—John McGraw has seen enough of the training activities of the New York Giants to start deciding how they will bat during the regular season. Although a large part of the batting order still is undecided.

McGraw has assigned Fred Leach, his new outfielder from the Phillies, to the sixth position, with Fred Lindstrom and Bill Terry just ahead of him. McGraw believes Leach will hit around the 300 mark this season.

The New York Yankees haven't made any changes since last season in the strategy they use to win ball games. In their exhibition game against the Boston Braves yesterday at St. Petersburg, Fla., they used the same system that won the final game of the World's Series last fall—to hit hard and often. Coming up to the eighth inning with a tie score, Lou Gehrig blasted out a triple and Byrd, Lazzeri and Lary followed with singles for three runs and a 6 to 3 victory.

Robbie All Worried

Determined Darry Vance and Wrong-Guess-Wright are causing grief in the camp of the Brooklyn Robins. Robbie accepts the statement of a physician that Wright will be able to get into action in a few weeks but he is opposed to the club officials' stand on not giving Vance more than \$2,500.

The Boston Red Sox were victims of a St. Louis Cardinal tie-party at Bradenton, Fla., yesterday and the Red Birds, led by Chuck Haley, rapped out a 3 to 1 victory.

Blankenship Is Released

At Paso Robles, Calif., the ax has been swung again in the Pittsburgh Pirates camp. Homer Blankenship, Dallas, Texas, recruit pitcher being cut loose. Much had been expected of the burly twirler but his salary has been his last year and he has refused to respond to treatment. He goes back to Dallas.

Nick Borrelli, former Muhlenberg College star, drew the assignment at third base in the Athletics exhibition tilt with the Philadelphia Nationals at Fort Myers, Fla., today. Manager Mack said the former college player would be given a thorough workout at the infield post.

Death of Hurlers

A dearth of pitchers was worrying Manager Johnson of the Washington Nationals as he took his squad from its Tampa, Fla., training camp to Avon for games today and tomorrow with St. Louis, National League champions. McCullough's failure to report because of illness and Sam Jones' holdout tactics have left the Nats with only ten hurlers for batting practice and exhibition games and the new manager is finding difficulty in keeping tired arms out of the camp. Catcher Cliff Bolton, who batted 468 in the Piedmont League last year, reported yesterday and took his first workout. President Griffith is understood to have told Sam Jones to sign at the \$11,000 figure offered him at once or take a suspension.

Funeral services will be at Mulheise this afternoon for J. E. Dawson, 67, of Lovington, who died there Tuesday night as a result of heart failure. Mr. Dawson had been playing a game of forty-two and fell as he started to leave the room. His widow, three daughters, and four sons survive. The body was prepared by Bynum Brothers.

Jersey Shipment Being Distributed

Fourteen of the thirty-three head in the carload of pure-bred Jersey cattle from the Taft Ranches and King Ranches were distributed yesterday by Lubbock County Agent D. P. Eaton. Nineteen of the number were sent on to Brownfield and will be distributed to their new owners in Terry county by County Agent Roy B. Davis of that place.

Of the fourteen distributed here, County Agent R. M. Mulhollin took six to Hale county, and three to Hall. The ones to stay in this county are owned by T. J. Gilbert, H. O. Pettit, J. A. Russell and Homer D. Grant.

NEW MEXICO RAIL SURVEY

ENGINEERS AT WORK IN TERRITORY NEAR LOVINGTON

(Special To The Journal)

LOVINGTON, March 14—Citizens of this place feel that this section of New Mexico will have rail connections in the near future and are anxiously awaiting word from the Interstate Commerce Commission as to when a hearing will be held on applications of the Santa Fe and the Texas and Pacific to extend their lines on to Lovington.

Considerable enthusiasm has resulted from a survey by a crew of Frisco engineers between El Paso and Lovington, and it is the opinion of some that the Frisco plans to extend the Quanah, Acme and Pacific from Floydada to El Paso by way of Lubbock, Lovington and other cities. The present survey is being made from Lovington west to Artesia, Hope and Alamogordo.

It has been hinted that the Frisco contemplated building from Floydada to Ralls, then using the Santa Fe lines from there to Seagraves and to Lovington in the event the Santa Fe's permit is granted, taking a new Frisco line from Lovington to El Paso.

The difference in the sprinting styles of Charley Paddock and Charley Bohls is that Paddock is a sprinter and Bohls is a stride sprinter.

SEEK 6TH TEAM FOR NEW LOOP

(Special To The Journal)

VERNON, Mar. 14—Grady Shipp, president of the recently organized Red River valley class D baseball league, has been negotiating with Duncan, Wellington and Mangum relative to placing the sixth franchise in the loop which was perfected here last week.

Meanwhile reports are that activities are being started toward the organization of clubs in Vernon, Childress, Altus, Mangum and Anadarko, the five cities represented here when the organization of the league was perfected.

Harry Wanderling, president of the Childress club, announces that Nick Carter will manage that club.

SIX CLUB LOOP IS ASSURED BY ENTRIES MADE

(By Associated Press)

Following a call for baseball enthusiasts, a large number gathered at the Chamber of Commerce offices last night and laid tentative plans for the organization of a city baseball league in Lubbock. Representative from three teams was present and the entrance of three additional clubs was confirmed to complete a six club loop.

Teams booked as the likely entries in the league are: Auto-Barbers, Wholesalers, Hardware dealers, Painters, Carpenters and Ford Motor company.

Because of the fact that several teams were not represented, no definite plans were adopted for the operation of the league. March 22 was voted as the next meeting time for team representatives and at next meeting final plans will be worked out and a permanent organization perfected.

Discussion of rules for the league indicated that player rules regarding newcomers and transfers will be unusually strict this season. Fourteen was agreed upon as the required player limit for each club. A reasonable forfeit will be required of each club at the beginning of the season to insure a place in the league.

The name of J. A. Phipps was offered for the president's chair and unanimously accepted. His name, as well as others, will be brought up at the meeting next Wednesday night. A secretary and treasurer will also be elected.

Five innings Dick Whitworth, veteran from Houston, probably will follow Devaney on the mound. There was every indication this morning with the sun out at intervals and the field in playing condition, that the San Antonio Bears would make their first appearance before the home fans. This appearance was scheduled for Wednesday, but wet grounds prevented. Manager Alexander intended to start Neal Baker against the Giants today, while Fred Fitzsimmons was a good bet as starting pitcher for the Giants, Manager McGraw said.

Vincent Devaney will probably be the Fort Worth Cats starting pitcher against the Chicago White Sox tomorrow when the first game of a three-game series will be played in Fort Worth. The former bat boy and sandlotter who graduated to the Texas League via the East Texas and Lone Star Leagues is expected by Manager Atz to travel four or five times.

Blankenship Will Return To Lone Star

DALLAS, TROUNCED BY WHITE SOX, HEARS GOOD NEWS

(By Associated Press)

DALLAS, Texas, March 14—To offset a defeat administered yesterday by the Chicago White Sox here, the Dallas Steers today had the cheering knowledge that Homer Blankenship, high-powered right-handed hurler, would be returned to them by the Pittsburgh Pirates. Blankenship, a mainstay on the Steer pitching staff last season, has shown indications this year that while he might not have sufficient stuff to stick with the Pirates he should have what is needed to give the Steers one of the strongest crews of moundmen in the Texas League.

Blankenship is expected to travel four or five times.

LINDY WAITS FOR PLANE FROM U. S.

MEXICO CITY, March 14 (AP)—Colonel Carlos A. Lindbergh was believed today to be awaiting arrival of a plane from the United States to make his departure from this city.

An effort to gain something as to his plans drew from him only the comment, "I have nothing to say." In usually well informed circles however, it was said he would return to the United States shortly after arrival of the plane, which dispatches said, reached Brownsville, Texas, yesterday.

Colonel Lindbergh has been in Mexico City more than a fortnight, most of the time being spent here and at Cuernavaca in the company of his fiancée, Miss Anne Morrow.

"Absence Makes The Heart Grow Fonder"

HOLLYWOOD, Calif., March 14 (AP)—After proving the truth of the almost forgotten song of other days, "Absence Makes the Heart Grow Fonder," George (Big Boy) Gillespie, singing cowboy of an Arizona "Dance" Ranch, and his wife, formerly Katharine Thorne, Chicago actress, were together again today.

A two weeks' "love test" prescribed by the girl's parents, Mr. and Mrs. Robert J. Thorne, ended yesterday when the third daughter of the former president of the Montgomery-Ward Company declared that "for two weeks I listened to my parents' arguments, but found that my love had increased during the separation."

There is nothing to add to the fact that my wife and I are very happy and expect to make our home here while I am completing a picture," commented the groom as the couple settled down in an apartment and began real housekeeping.

(READ THE STORY, THEN COLOR THE PICTURE)

While Clowny slept below the "It goes way down and gee, it's dark, and no place I would care ing 'round the funny little wooden shaft they'd found upon the hill. Who'er goes down might be lost or injured. Who can Wee Carpy gazed down in the shaft all? The cave where Clowny chance- and then jumped back. The others laughed. "Why, even looking down to crawl may not lead up to this said he, "gives anyone a chill. As far as we know this place

may be nothing but a well."

Then Scouty grabbed hold of a rope, that hung way down and said "I hope that something's on the end of this to help us solve this mess. In pulling it there'll be no harm. Come on, somebody, lend an arm. It's rather heavy, but we all can pull it up, I guess."

"No! Wait a minute," Clowny cried. "A crank is right there by your side. All we need do is turn it and the rope will quickly rise."

"You're right," cried Scouty. "This is great. There is no need to hesitate." And, as they pulled a bucket rose. A treat for all their eyes.

"Ah, ha!" cried Scouty. "Here's a plan. You two jump in as best you can, and I will slowly let you down till you come to a stop. Then, after you are safe and sound I'll also leave this outside ground. I'll

slide right down this little rope, and trust that I won't flop.

The two did just as they were told and down they went, into the cold, cold ground that lay below them. Then they shouted, "We're all right." So Scouty tied the rope up good, and slid right down, as best he could. My goodness, what's to happen now that they're all out of sight?

(Clowny finds a little coal car in the next story.)

Houston To Offer Million For School

HOUSTON, March 14 (AP)—Houston's bid for location of the new Presbyterian university here will be

a tract of 1,000 acres of land and \$1,000,000 in money.

Decision to place this offer before the Synod at the proper time and to call upon the entire citizenship to work for the securing of the University was reached at a meeting of influential citizens Tuesday. Support of the incoming city administration was pledged to the project by Mayor-Elect Walter Monteth.

STOCKS OPEN VERY STRONG

COPPER, RADIO, WARD STOCKS SOAR ON FIRST TRADES

(By Associated Press)
NEW YORK, Mar. 14 (AP)—The stock market opened with an outburst of strength. The first sale of Radio Corporation stock was a block of 25,000 shares at \$51-1/2, up 11-1/2, and Anaconda Copper opened with a block of 12,000 shares at 154-3/4, up 3-8. Montgomery Ward showed an initial gain of 35-8. Chrysler 23-8 and U. S. Steel common 2, while gains of a point or more were recorded by a flock of others including American Can, Packard Motors, Bethlehem Steel and National Cash Register.

Retention of the 5 per cent discount rate by the Federal Reserve Bank, coupled with a rather widespread speculative belief that no change would be made in the New York rate after the close of today's market, stimulated bullish activity.

Radio issues were again the spectacular features. The old stock, which sold as low as \$5-1/4 last year, soared 213-4 points to a new high record at 489, and the new stock moved up 31-2 points to a new top at \$71-2.

Johns Manville, in which J. P. Morgan & Co. are reported to have a large interest, ran up nearly 3 points and Goodyear Rubber and National Cash Register each sold 3 points higher.

President Hoover's decision not to sanction any more leases of government oil lands without congressional approval was construed as an indication of a broad conservation policy on the part of the new administration, and brought fresh buying into the oil shares. A block of 10,000 Barnsdall A changed hands at 44-7/8, up 1-1/8. Texas Co. advanced more than a point. Copper also continued to respond to the recent advances in the prices of the red metal.

Foreign exchanges opened easier, with cables down 3-3/4 of a cent to \$143-3/4.

JUDGE A. M. GRAY OF TEXAS HIGHLY ENDORSES SARGON

"Only a remarkable medicine could do what Sargon has done for me.

"For ten years I have been in failing health. I was badly run-down, nervous and had severe pains in my side. I couldn't sleep well, and would arise mornings feeling worn-out.

"I suffered intolerable pains from indigestion.

"I had to take powerful laxatives very often. I am thoroughly convinced that a badly disordered liver was responsible for my troubles.

"Sargon proved to be far superior to any medicine I ever took. My color is better, my appetite splendid and I have gained weight. I sleep well, and awaken refreshed and invigorated. I am stronger and my general health much better than for many years.

"Sargon Soft Mass Pills I believe aided materially in my restoration to health. They cause no griping or cramping.

"I make this statement in the hope that other sufferers may profit by my experience."

The above statement was made recently by Judge A. M. Gray, widely-known lawyer who lives at the Houston Hotel, San Antonio.

Sargon may be obtained in Lubbock at the City Drug Store and in El Paso at the City Drug Store.

AN EASY WAY TO LOSE FAT

Instead of abnormal exercise or diet, they combat a cause of excess fat. They supply an element Nature employs to turn food into fuel and energy. This method was discovered by research men some two decades ago. It has for 20 years been embodied in Marmola prescription tablets. Millions of boxes have been taken, and almost every circle shows the results in new beauty, new health and vitality.

COTTON FIRM, SHOWS GAINS

MARKET RESPONDS TO BETTER LIVERPOOL CABLE NEWS

NEW ORLEANS, March 14 (AP)—The cotton market opened firm in response to more favorable Liverpool cables than due. First trades showed gains of 11 to 13 points and prices advanced a point or two after the start on a demand stimulated by the bullish census bureau's consumption total and the weather map's showing more rain in the belt.

May sold up to 20.57; July 20.52 and October 20.30, or 12 to 14 points above yesterday's close.

OPENING STEADY AT NEW YORK

NEW YORK, March 14 (AP)—Cotton opened steady at an advance of 10 to 19 points on renewal of the recent buying movement, which appeared to be stimulated by relatively firm cables, reports of rains in the Eastern belt and large domestic consumption figures.

The advance of 21-3/4 for May and 20-1/4 for October met a good deal of realizing while there also was some New Orleans and Liverpool selling, causing reactions of several points right after the call. But there was continued good demand and the market was steady at the end of the first half hour. Prices were about 10 to 12 points net higher.

Reactions from the opening advance carried old crop months back to about yesterday's closing quotations later.

New October contracts sold up to 20.52 late in the morning on a spurt of covering, or about 20 points net higher. Old crop months also rallied slightly but met increased selling and May later declined to 21.05.

At midday the market was rather nervous and irregular. Prices ruled 7 to 8 points net lower on the old crop and about 1 to 4 points net higher on the new.

NEW ORLEANS COTTON

NEW ORLEANS, Mar. 14 (AP)—Cotton opened steady. March 20.27; May 20.54; July 20.61; Oct. 20.28; Dec. 20.32 bid.

NEW YORK COTTON

NEW YORK, Mar. 14 (AP)—Cotton opened steady. March 21.20; May 21.30; July 20.80; Oct. 20.50; Dec. 20.48.

WHEAT MARKET IS LESS AGGRESSIVE

CHICAGO, March 14 (AP)—Steadiness characterized the wheat market early today, although buying appeared less aggressive than of late. Some of the buying today was based on reports of strong winds in Kansas and Nebraska, as well as on Nebraska advices of extensive flood damage.

Opening at 1-4 decline to 1-4c advance, wheat later held near to initial figures. Corn, oats and provisions were also easy, with corn starting unchanged to 1-4c down, and afterward sagging a little more.

SWEEPING CHANGES LOOM IN THE AMERICAN DIPLOMATIC CORPS

CHANGES WAIT RETURN OF STIMSON TO WASHINGTON

By JAMES L. WEST
Associated Press Staff Writer
WASHINGTON, Mar. 14—Sweeping changes in the diplomatic corps and a slight shakeup of state department officials are to follow the arrival here of Henry L. Stimson, newly appointed secretary of state, who is due home from the Philippines the last part of this month.

President Hoover now holds the resignations of all of the American diplomatic representatives and the high officers of the department, but he is withholding action upon them until after conferences with his secretary of state.

A new ambassador is to be sent to the most important of all the posts, that at the court of St. James. Anson B. Houghton of New York, soon to retire as ambassador to Great Britain and while his successor has not yet been selected, it is known that President Hoover is hopeful that he can obtain the services of former Vice President Charles G. Dawes.

May See New Faces
There also are likely to be new faces at a number of European posts, but the present representatives to the larger countries on the continent may be retained. Hugh S. Gibson, who is to head the American delegation to the preliminary arms conference at Geneva, desires to return to his post as ambassador to Belgium after his special assignment at Geneva has been concluded.

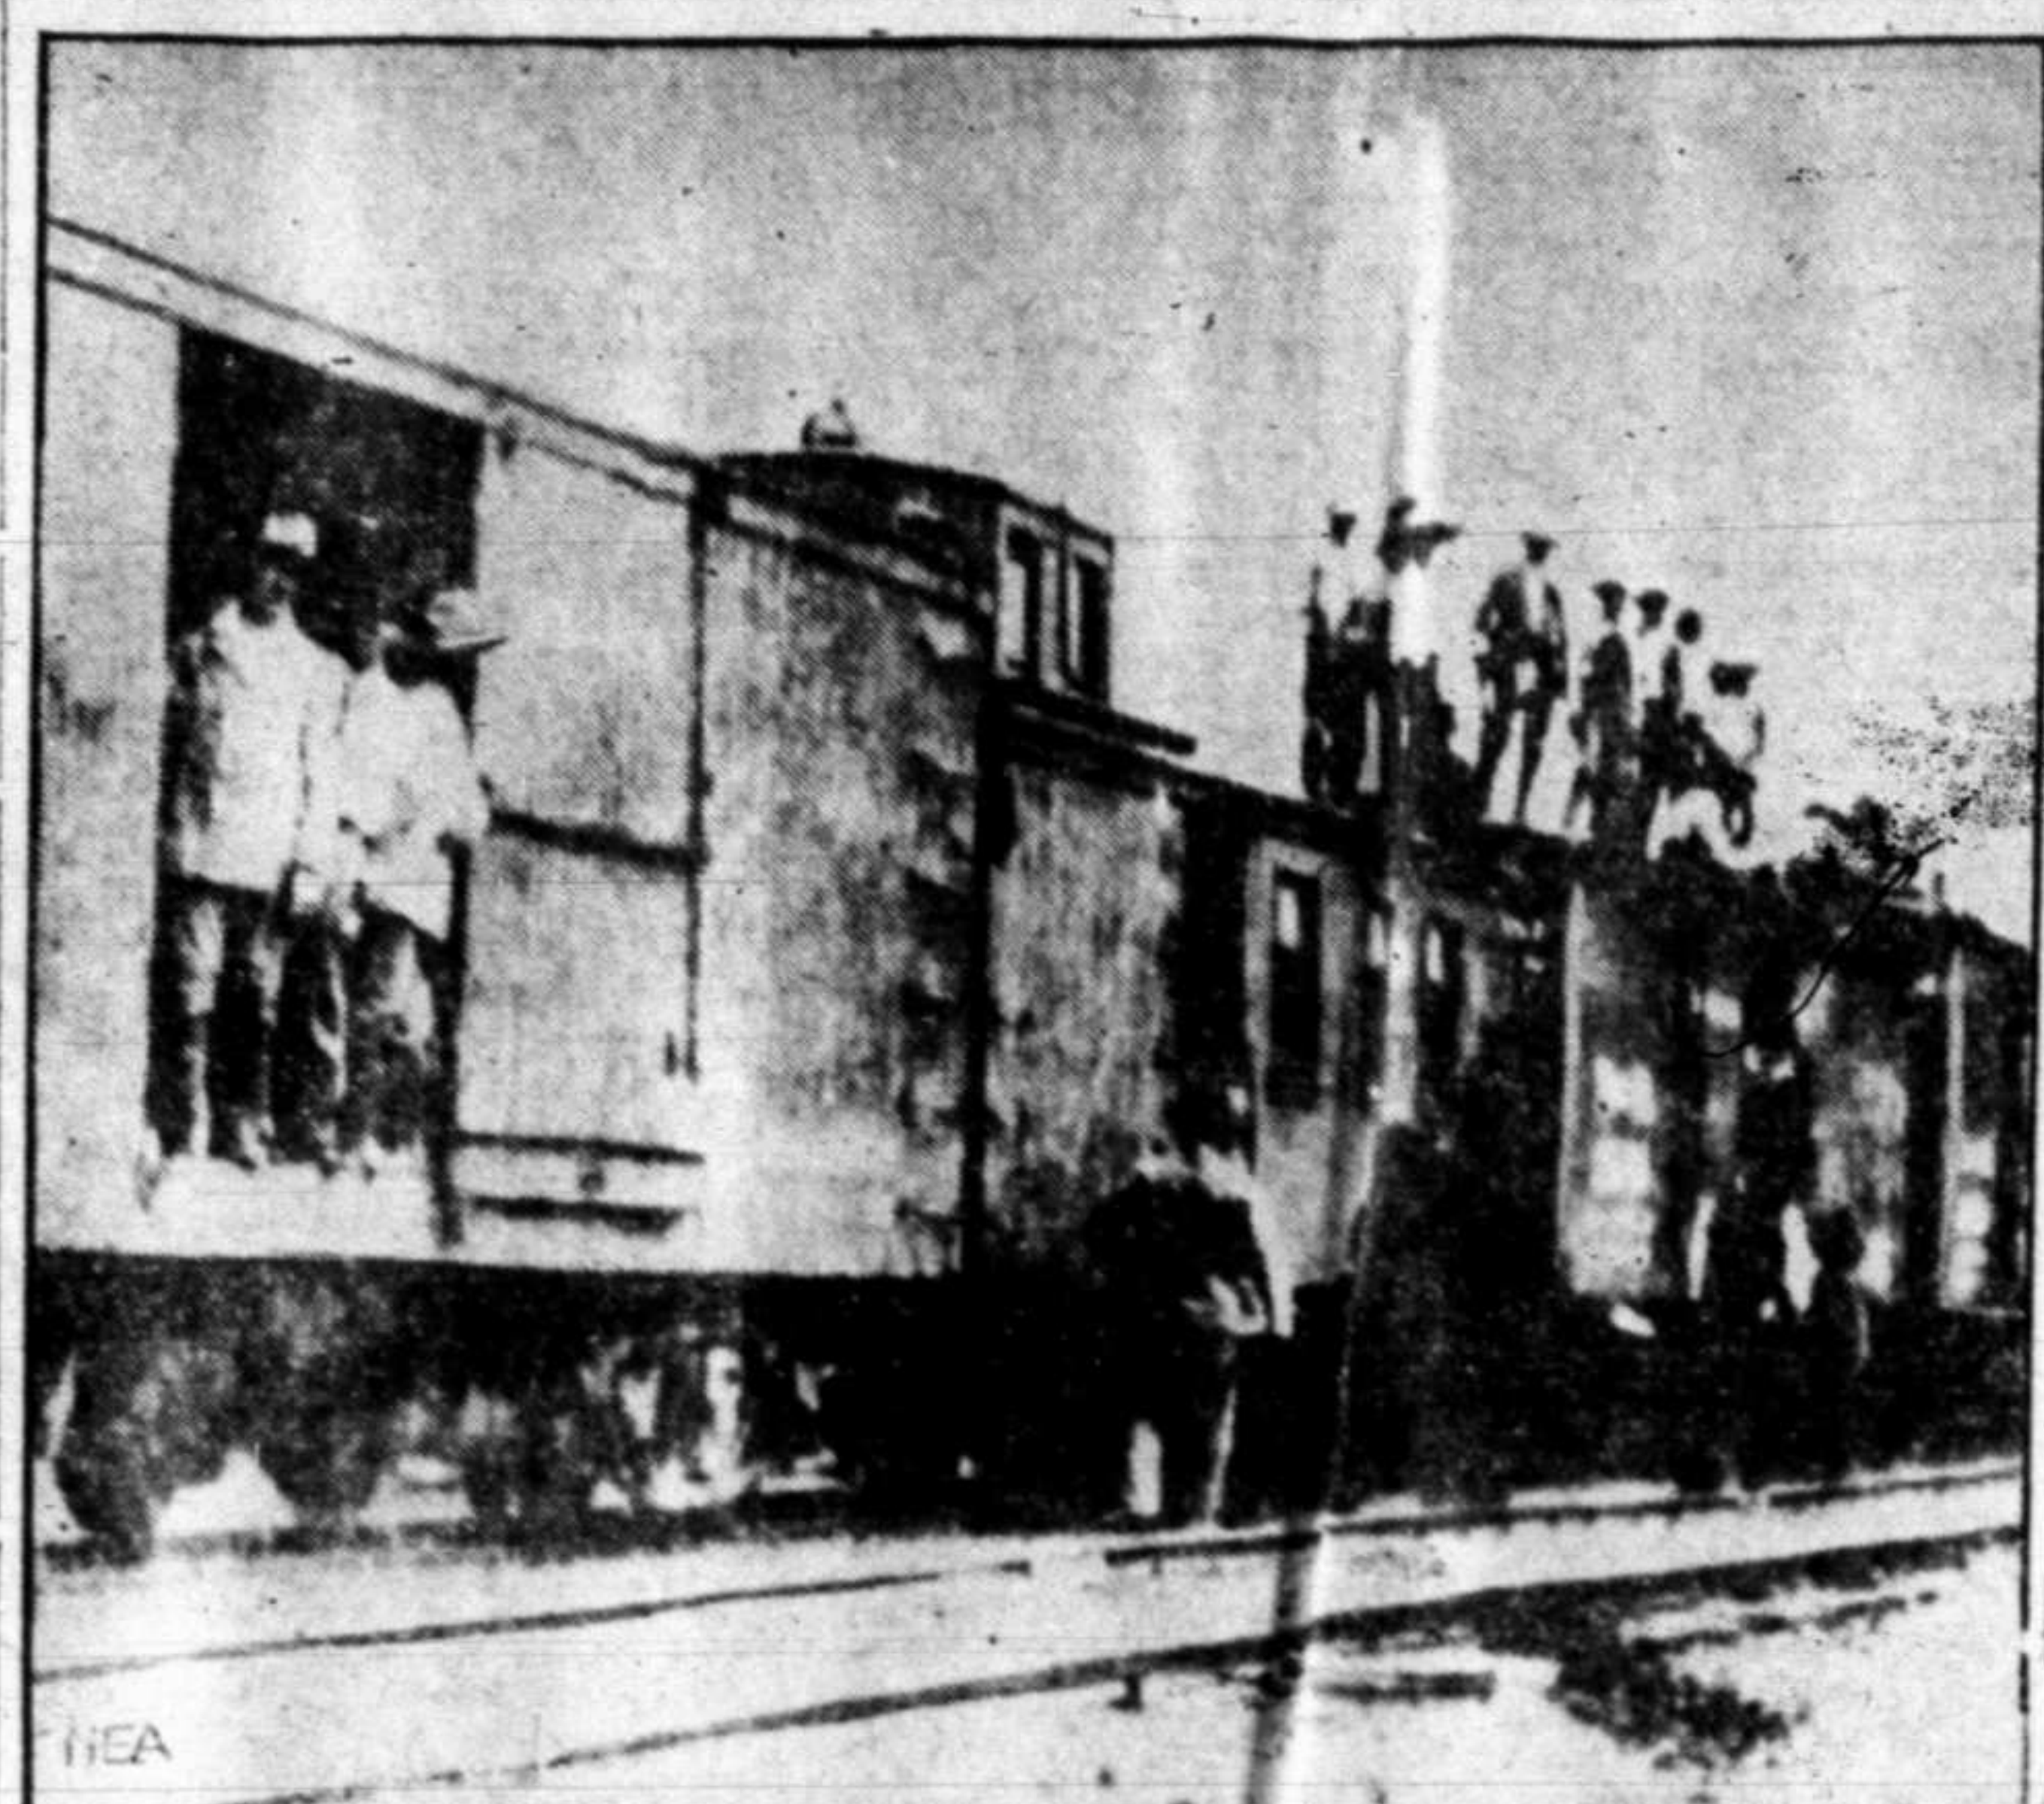

Myron T. Herrick, veteran diplomat from Ohio, probably will remain at Paris despite his advancing years. In common with the other diplomats he has tendered his resignation, but information in high official circles is that he desires to remain at the French capital and the administration would like to have him continue in his present work.

Fletcher May Resign
There is speculation, but no official information, as to whether Henry P. Fletcher will remain as ambassador to Rome or be transferred to some other country. He accompanied Mr. Hoover on the Latin-American mission and perhaps is better versed in Latin-American affairs than any other of the diplomats, having served as ambassador to Mexico and Chile and also as American representative at practically all of the Pan-American conferences.

One suggested change in the Far East—and a number are expected in that section—is the transfer of John Van A. McMurtry, now minister to China, to Tokyo, with the rank of ambassador, succeeding Charles McVagh, who is expected to retire.

While there are some fixtures in the Latin-American service, many of the representatives in the southern republics are expected to go with their places taken by career men so far as that may be practicable. Dwight W. Morrow is to remain at Mexico City at his own request.

REBELS MOVE ON CITY

Mexican revolutionists from the interior are shown arriving on a troop train for their successful attack on Juarez, Mexico, just across the border from El Paso, Tex., which was surrendered by the federalists after a bloody battle. Defenders of the city raised the white flag after heavy losses. This picture was taken by a cameraman for The Associated Press.

Worries Of Unhappy Marriage Blamed

PANAMA CITY, Panama, March 14 (AP)—Worries of an unhappy married life are believed to have motivated the suicide of Lieutenant Henry L. McCord of Fort Clayton, near here. He shot himself through the head Monday.

Mrs. McCord sometime ago filed suit for divorce against Lieutenant McCord charging extreme cruelty. He had been summoned to appear in court March 29th to answer his wife's charges.

His body accompanied by his widow is being shipped aboard the U. S. S. Chateau Thierry for burial at Arlington cemetery.

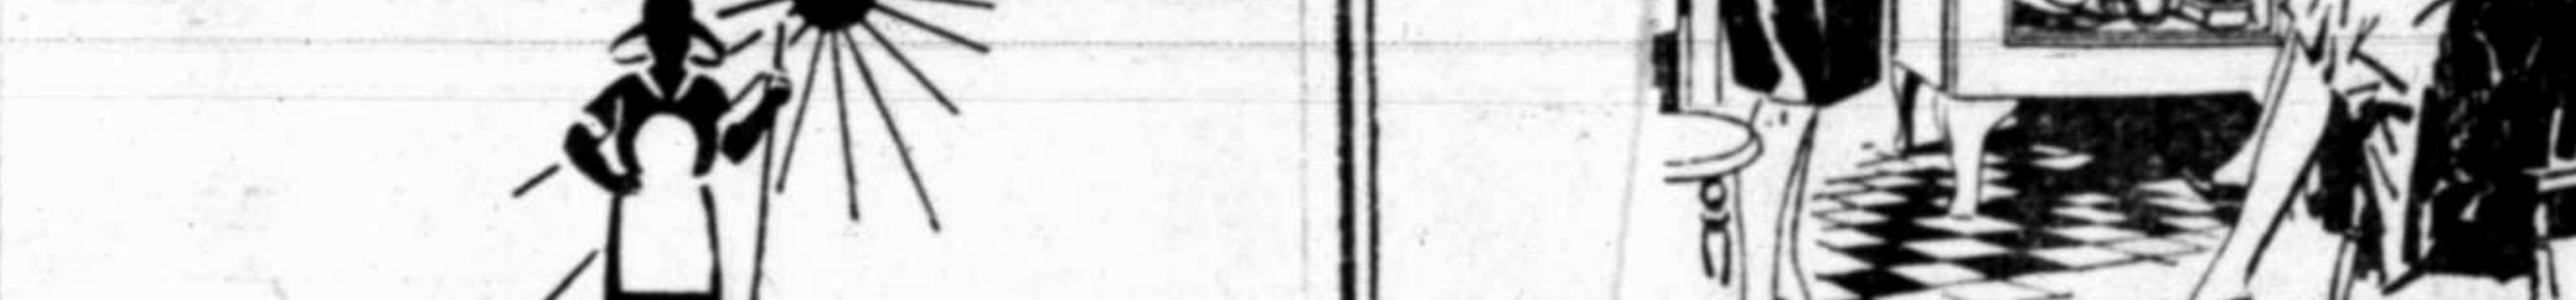

Goodspeed To Go On Stand Thursday

HENRIETTA, March 14 (AP)—Carl Goodspeed, on trial here for the slaying last January of A. R. Gooch, of Nocona, as the latter was attempting to search the Goodspeed premises for liquor, was expected to take the stand in his own defense today.

The state closed its case yesterday after the defense lost its efforts to exclude testimony of a minister who swore he smelled liquor in a garage at the rear of the Goodspeed home on the night of the shooting. The defense maintained the testimony should not be admitted until the minister had qualified as a "Whiskey Smeller," but was overruled.

A physician testified Gooch was shot from behind with a shotgun.

TROOPS MOVE TO THE NORTH

CONCENTRATION NEAR BORDER CONTINUES UNABATED TODAY

BY JOHN LLOYD
Associated Press Staff Writer

AGUAS CALIENTES, Mexico (Associated Press)—March 14 (AP)—The movement of troops toward Rio Grande in the State of Zacatecas, where General Plutarco Calles is marshaling his forces for an assault on the rebel stronghold at Torreon, continued unabated today. Aguas Calientes has been used as a preliminary concentration point and there is great activity in this city.

Regular passenger trains from Mexico City operate as far as the city of Zacatecas, capital of the state of that name and three hours north of her by rail. From there on north only troop trains are running except for a single caboose hitched to a locomotive which carries a few civilian passengers who have business as far north as Cuernavaca, where Calles had his headquarters until a few days ago when he moved up to his present location.

The first group of American war correspondents and cameramen to join the federal forces at the front, left Mexico City Tuesday evening. They reached Irapuato, State of Guanajuato, an important junction point, at 3 a. m. Wednesday. There they were transferred to a train for Aguas Calientes, arriving here at noon yesterday.

From this point on the party will proceed to the Calles headquarters on troop trains.

Two More Equity Cases Filed Here

Two additional equity cases, Nos. 8 and 9, have been filed in the Lubbock division of the federal court, district of Texas, court records here reveal.

The first is that of W. Witmar and Sons against Oscar Korn, of Slaton, operator of a chain of moving picture theaters, complaining of an infringement of a copyright on "That's My Girl," alleged to have been played without permission in the Rex Theater at Plainview. The plaintiff is joined by the American Society of Composers, Authors and Publishers.

The second is that of Frank Brown, of Holbrook, Ark., versus John S. McMurry and E. L. Thompson, owners and First National Bank of Fort Springs, Ark. The plaintiff charges that he was swindled out of more than \$13,000 by the defendants in a cattle deal.

HEADS MILK GOAT BREEDERS
FORT WORTH, March 14 (AP)—P. W. Hunt was elected president of the Texas Milk Goat Breeders Association to succeed Brown Harwood last night.

Hunt recently resigned as secretary-treasurer of the association.

HE IS WILLING TO MAKE AFFIDAVIT

Lubbock Brick-Mason Says He Feels Better Than In The Past 20 Years Since Taking Orgatone

"Yes, Sir, I would go before a notary any time and testify to the wonderful benefits I have received from Orgatone," said James E. Riddle of 1629 Fifteenth St., Lubbock, Texas, a few days ago. Mr. Riddle is one of the best known stone cutters and brick mason in this section.

"My health has been badly broken up for the past twenty years," Mr. Riddle continued. "I was in a general run-down condition and suffered from some ailment or other all the time. I had headaches continually, my stomach was out of order and I was nervous, weak and dizzy. Sometimes I was bothered with indigestion, so bad that I could hardly stand it. Gas formed on my stomach and pained me so bad that I felt that I would die. I had awful pains in my sides and back and was so nervous I just couldn't get a good night's rest."

"I reckon I took fifty different kinds of medicines trying to get relief but nothing did me any good and no one can realize what terrible feelings I had unless they had the same troubles. I read an advertisement for Orgatone and a friend advised me to try it and I am certainly very grateful for the results I have received. I feel better than I have for the past twenty years and am enjoying about as good health as anybody. My suffering is gone, my appetite is splendid, and my stomach trouble seems to be a thing of the past. Before taking Orgatone I wasn't able to work but two or three days a week but now I work every day and feel fine. Things are quite different with me now and I feel that I wouldn't be doing the right thing not to tell others about the medicine I have reaped so much benefit from."

Genuine Orgatone is not a so-called patent medicine remedy but a new scientific treatment containing no alcohol or other false stimulating drugs and is sold in Lubbock exclusively by the Bowen's Drug Store under the personal direction of the special Orgatone representative. Out of town customers are being supplied by mail upon receipt of price one bottle \$1.25 or six bottles for \$6.25.

RAIN AND MELTING SNOWS FLOODING FOUR OF MID-WEST STATES

HOW TORRENTS SWEEP TOWNS AND COUNTRYSIDE

The vast scope of floods which swept mid-west cities and countryside is indicated by these striking pictures. Above is an aerial photo taken over Eastern Nebraska in the region where property damage from heavy rains and overflowing streams has mounted into millions of dollars. At the right is a street scene in Galena, Ill.

Boy Accuses Rancher Of Killing Granddad

SAN MARCOS, Mar. 14 (AP)—A 15 year old grandson of Robert Calhoun, who was shot to death while riding on a wagon loaded with cane, today accused Perry Garnet, Mount Sharp ranchman, of killing his grandfather and taking a shot at him. Carlyle Lock, the boy, held the witness stand in district court here three hours.

Carlyle said he was riding on the wagon with his grandfather near Mount Sharp, when his grandfather was shot. He said he looked back when he heard the first shot and saw Perry Garnet pointing a rifle at him. Carlyle jumped into the brush to escape injury, he told the jury.

Littlefield Schools Have High Standing

LITTLEFIELD, March 14.—The public schools of Littlefield with a scholastic enrollment of 1301, are the largest in Texas west of Amarillo, excepting only Amarillo, Plainview, Lubbock, and El Paso, according to a bulletin issued by the department of education. The Littlefield high school has twenty-nine units of affiliation, which ranks with the best in the State. The high school is badly crowded. Plans are being considered for the erection of a cottage to house the domestic science school, and possibly a gymnasium outside. Superintendent B. H. Harrison and Principals P. O. Boles and J. E. Christolm have been elected for another year.

Youths Acquitted Of Train Wrecking

TEXARKANA, Mar. 14.—Three youths, charged with attempting to wreck a Kansas City Southern passenger train near Ravenna, Ark., last May, were acquitted by a jury in Miller county, Ark., circuit court here today after the jury had been out 30 minutes.

Clarence and Hardy Terry and Wilmer Richards, the defendants, were accused of driving spikes between the rails and placing obstructions on the tracks which almost derailed the train.

The state sought to prove that the defendants were in the vicinity at the time the train passed, but failed to show a motive for the alleged crime.

WHY BALD AT 40?
LUCKY TIGER stops falling hair like Whyte-Fox No. 2 keeps you bald. Sold under Money-Back Guarantee. Barbers or druggists.

RIVERS SPREAD OVER WIDE AREA OF LANDSIDE

(By Associated Press)
CHICAGO, Mar. 14.—Two days of spring had created flood havoc in Illinois, Missouri, Iowa and Nebraska today.

Many hundred acres of farm land were flooded; streets and buildings in some places were filled with water; rail and highway traffic was disrupted, and bridges were torn away.

Rain and rising temperatures melting the winter's last snows and breaking up the ice, had turned the Mississippi's tributaries into ice-glutted torrents. The Mississippi itself was rising but gave no immediate cause for alarm.

Hundreds of men worked on dikes while others watched ice movements, prepared to use dynamite wherever bridges were threatened.

Virtually all streams in northwest Missouri and southern Iowa were out of their banks today. Several towns were partially isolated and many thousands of dollars damage had been done.

Ice Jams Batter Bridges
Eastern Nebraska faced a serious menace with rivers overflowing in several places and ice jams battering bridges. The Platte river was on a rampage, rising for a time at the rate of three feet an hour and threatening to change its channel.

The Galena river, in Illinois, had risen early today to its highest point in history and had flooded the town of Galena. Most of the business section could be reached only by boat.

Government officers at Memphis said the addition of heavy spring rains could bring about a perilous condition on the Mississippi river but the danger from the present

Message From Radio Set In Far South

NEW YORK, March 14 (AP)—A message from the most southerly radio station in the world, the first sub-base to be established by Commander Byrd between his main camp and the South Pole, has been relayed to New York and received by the New York Times Radio station.

The message was addressed to Mrs. Joris Peterson of Chicago and was sent by Carl Peterson, her husband, who is the radio operator with a dog sled party that carried provisions to the sub-base about 70 miles south of Byrd's main base at Little America. It said:

"Everything fine. Am traveling south on the dog teams."

Homicide Record Little Improved

NEW YORK, Mar. 14 (AP)—The Spectator, an insurance journal in its current issue says the homicide record for 136 American cities for 1928 presents much the same picture, except in certain details as the equally lamentable record for 1927.

Based on figures from local boards of health, an article by Frederick L. Hoffman, consulting statistician for the Prudential Insurance company, reports that among the cities the homicide death rate for 1928 was 10.2 per 100,000, against 10.3 for the preceding year.

Houston, Tex., with a population of 275,000 showed homicides, 26.1 per 100,000 inhabitants.

Spring freshets alone was cited.

A squadron of bomber planes was ordered from Fort W. Kan., to the tour the Mississippi river, which was also gorged with ice and threatening to overflow.

Women are Learning the Right Way

If you are unfortunate in having skin blemishes, pimples, boils, eczema, you owe it to yourself and friends to remove the cause. Nature will then provide the complexion which is so much desired.

Thousands have been enabled to free themselves of unsightly blemishes and painful skin annoyances by taking a course of S.S.S.

You owe it to yourself to try S.S.S. It helps Nature build up red corpuscles. It improves the processes by which the blood is nourished.

Red blood cells are Nature's way for building and sustaining the body.

Without plenty of rich, red blood, there can be no strong, sturdy, powerful men, or beautiful, healthy women.

You know a clear skin comes from within. Correct the cause—through the blood—and pimples, boils, eczema and that

sallow complexion will disappear.

S.S.S. is Nature's own tonic for restoring the appetite—building strength—and clearing the body of so-called skin troubles.

All drug stores sell S.S.S. in two sizes. Get the larger size. It is more economical.

ANALYZING PEORIA'S POISON RUM

Dr. C. C. Ashman, professor of chemistry at Bradley college, Peoria, Ill., photographed as he analyzed samples of the poison liquor that led to the death of 20 persons in Peoria and others in surrounding towns and cities in addition to many cases of serious illness. Four persons have been held in connection with the alcohol deaths.

HEAVY WINDS SWEEP WEST COAST

Much damage has been wrought in California by unusually heavy winds recently. Buildings have been razed, and scores of trees uprooted, but few injuries have been reported. Photo shows an uprooted tree that withstood winds for 40 years at Riverside.

FARM BUREAU MEMBERSHIP MEETING WILL BE HELD AT IDALOU TOMORROW

A membership meeting of the Lubbock County Farm Bureau will be held in the club house at Idalou at 2:30 o'clock tomorrow afternoon for the purpose of acquainting Idalou members of the organization with the new officers and board members.

This will be followed by all-day meeting of the Terry County Farm Bureau at Brownfield Saturday together with the 4-H club boys of the county. The program which begins at 10 o'clock in the morning and extends throughout the day is under the direction of the club boys. A basket lunch will be served at noon. A large delegation is expected to attend from this county.

Principal speakers at the Brownfield program will include W. F. Moore, of Levelland, president of the Hockley county bureau; Mrs. M. S. Hudson, Hale Center state director of the bureau; Prof. E. O. Ellsworth of Tech and R. E. Overstreet.

ADmits MURDER; VICTIM IS ALIVE

Grand Prairie Farmer Will Face Murder Charge

DALLAS, March 14 (AP)—Despite the fact that J. G. Harper has not murdered anyone, he is formally charged with murder in justice of the peace court here, today.

When Harper, 31-year-old farmer near Grand Prairie shot Tom Barrow, a neighbor today, he thought he had killed him. He jumped into his automobile and fled.

On his own word he was charged with murder.

Criminal attorneys here were retained to defend him, and arrangements were made for a bond on the murder charges.

And all the time, Barrow was alive—in fact not badly hurt. Physicians at a Dallas hospital say he will recover from slight wounds in the back.

The two men are reported to have quarreled over domestic affairs.

The murder charge against Harper will be dismissed.

WILL SAVE EYE

BOOTH TARKINGTON

INDIANAPOLIS, March 14 (AP)—Booth Tarkington, Indiana novelist who has lost the sight to his right eye and whose left eye was subjected to an operation at Baltimore yesterday, will retain sight in the left optic, his sister, Mrs. Ovid Butler Jameson, was advised here today.

HE VETO

VINCH DAVIDSON

AS, March 14 (AP)—Declaring Governor Moody fails to "Bolton Bill" the Hoover bill will be forged into a political machine in Tech Davidson, widely known yesterday wired the governor adverse action when the bill hit his desk.

JURY WITH A HEART

NDON, Ont.—A verdict of accidental death, returned by a coronal jury as the result of a fire that claimed the lives of Albert Vincent Luciano, was accompanied by instructions to turn the body over to the Luciano family.

was also recommended that the township council provide water mains and fire alarm in the Manor Park district.

OLD FAITHFUL

UDINE, Italy.—Antonio Valvasori, on his birthday, vowed that he never had loved any woman but his lawful spouse, whom he married when he was 25. He also vowed in remaining "on the wagon."

He hasn't taken a drink since his early youth, when one of two drunken carousals nearly cost him his life.

Traffic Paralyzed By Flood Condition

(By Associated Press)

Flood conditions in the South Central portion of Alabama and Georgia today resulted in two train wrecks; inundation of four communities and in a general tying up of traffic.

While the stricken communities were warned that the rain is likely to continue for another 24 hours, official predictions at Memphis were that the conditions along the Mississippi river, the south's most fearful foe in flood times, are not alarming. United States engineers, however, have ordered careful patrolling of levees.

The most spectacular river rise reported in the South was of the Black Warrior river at Tuscaloosa, Ala., which went up 31.6 feet in 24 hours. Thousands of acres were covered with back water while the town was without utility service and traffic was impossible.

A MODERN WONDER

MIDDLESEX BOROUGH, N. J.—Taxes mean nothing in the lives of some 2000 citizens of this commonwealth. It's because they don't have to pay 'em. No direct tax has been levied for several years and the administration has decided that receipts from other sources, totalling \$22,000 will more than cover operating expenses during the current year.

PARRISH

(Continued from Page One)

ter Woodward of Coleman, Senator C. C. Small, Wellington, and Senator Julien C. Hyer, Fort Worth, seconded Parrish's nomination, made by Senator Thomas B. Love of Dallas.

Though Senator Cousins was elected with 16 votes, Parrish received 12 votes, the largest ever given a senator at the expiration of an initial term, according to veteran members. Parrish was surprised by the nomination, one of the highest compliments paid a first term member.

Senator Love's nomination speech in full follows:

"Mr. President: A caucus of the Hoover Democrats who are members of the senate has been held, and I am requested on their behalf to nominate for president pro tem, a distinguished member of this body who stumped his senatorial district for Al Smith last fall.

"We wish to present the big-soul-

ed, big-bodied, big-brained, but not big-headed, senator from Lubbock. We wish to accord to him the unusual honor which we believe would be worthily bestowed, of being elected as president pro tem at the end of his first term of service in the senate.

"I have been coming to the Texas legislature for 28 years and I have heard many able speeches made, in both houses, but the speech of the senator from Lubbock, a real philistine against the Tammany force delivered on this floor, faultless in its logic as it was in its rhetoric and unanswerable in its power, was the best speech I have ever heard in the Texas legislature.

"He and I have differed on an important matter before this body, as widely as the poles. He has believed that I was wrong as sincerely as I have believed that he was wrong, but he has manifested a peculiar prescience to know the interest of the people and a peculiar determination, forgetting all other things, to serve the interest of the people, which stamps him as an invaluable member of this body, not only to his district but to all of Texas."

HIGHWAYS

(Continued from Page One)

standpoint of opening up new trade territories and affording direct connection with New Mexico points. Road enthusiasts feel that a Lubbock-Roswell highway could be developed into one of the most important in the southwest.

The Hockley county commissioners pledged the support of that county in working toward the state designation of the proposed highway, and it was agreed to do everything possible toward the designation.

The visitors were guests at the banquet, which was given by the Bledsoe Chamber of Commerce.

REVOLUTION

(Continued from Page One)

First sign of collapse of the rebel government.

AGUA PRIETA CHIEF FLEES

DOUGLAS, Ariz., Mar. 14 (AP)—Presidente Municipal Rogelio Loreto of Agua Prieta, who has been considered one of the leaders of the revolution in northern Sonora, and other Mexican rebel officers today sought refuge on the American side of the border, after a reported clash between rebel civil and military authorities at Agua Prieta, said to have placed that town in an uncertain status in the revolutionary movement.

First hint that there had been disagreement of the military and civil forces of the city came when Presidente Loreto and his companions appeared on the American side of the border and sent back an emissary to hold a conference with General Ramon Yrigoyen in command of several hundred Mayo and Yaqui Indians in Agua Prieta.

FEDERAL DRIVE GETS MOMENTUM

MEXICO CITY, Mar. 14 (AP)—The drive designed by the Mexican government to break the backbone of the revolution in the north gathered momentum today.

Three federal columns moved from eastern Coahuila relentlessly upon Torreon, held by the principal rebel army under General J. Gonzalo Escobar.

There were indications that if the rebels choose to defend their stronghold its capture may be more difficult than some of the more optimistic have anticipated. The city is in the center of a hilly re-

gion affording fine natural fortifications.

Forces of General Calles engaged in subjugation of Durango fought with a small rebel force about half way between Canitas and Durango city yesterday and killed 14 rebels and wounded about 49 others.

CANITAS, States of Zacatecas, Mexico (with General Calles' army) Mar. 14 (AP)—Little more than a railroad station, Canitas would be of practically no importance were it not for the fact that the line from Mexico City branches here, one arm stretching out to Durango City and the other to Torreon, both cities in rebel country. This circumstance has made of a few straggling huts surrounding a fork in a railroad a point of enormous strategic value, as has been proved in past Mexican wars. What in ordinary times is a sleepy hamlet has today been converted into a center of great hustle and bustle, with tracks cluttered with troop trains carrying contingents of the Calles army to the generalissimo's new headquarters at Rio Grande, north-east of Canitas and about one-third of the distance to Durango City.

General Calles' move in shifting his headquarters to Rio Grande rather than advancing them along the direct line from Canitas to Torreon seems to indicate he intends first to capture Durango City and then follow the railroad which connects it with Torreon. By thus clearing out any rebels who may still be lingering at Durango, General Calles will have eliminated the danger of a flank movement by the enemy cutting him off in the rear as he advances against Torreon.

The fate of Durango is taken for granted and there are even unfounded reports that the federal advance guard has already occupied it.

CANITAS BECOMES STRATEGIC POINT

WASHINGTON, Mar. 14 (AP)—Safety of Americans in various sec-

tions of Mexico, and restoration of telephone, telegraph and rail communication in disturbed areas, were reported today by American officials in Mexico.

Ambassador Morrow said telephone communications between Mexico City and Saltillo is now open and the consul at Eagle Pass reported railway passenger and freight traffic was restored from that place to Monterey by way of Paredon. The consul at Brownsville also reported that telegraphic and rail communication had been opened to Monterey. There, again, in Saltillo, the American consul there reported after the evacuation of that city by the rebels.

STORMS

(Continued from Page One)

that resulted in damage of a half million dollars. Streams in that vicinity were reported to be almost out of their banks again.

GORDON, Neb., March 14 (AP)—Five hundred men, riding horseback, had failed today to find trace of six year old Willie Reeves, lost in the blinding storm which has covered this section with between six and eight feet of snow. It is feared he has perished.

The boy went to a pasture yesterday to hunt a pair of mittens. It was missing. The mist turned to snow and soon into a raging storm. When the boy failed to return, the alarmed parents communicated with neighbors and a posse was formed. As the storm's intensity continued, a general alarm was sounded bringing recruits from miles around.

The country is rough. There are ravines and canyons into which the boy may have tumbled. There are sheltered nooks into which he may have crawled.
