Company Traps Near And Fur

By PEGGY WILLIAMS

Judging from the outside appearance of Northwestern Fur Company, located at 241 Walnut Street, not much activity takes place.

A step inside the door indicates the contrary.

From November until March, Northwestern Fur Company operates in Colorado City, purchasing furs from trappers and fur buyers and preparing the pelts for market.

Trappers from towns near and far travel to Colorado City to sell the furs to Northwestern Fur Company.

Owners and operators of the business are Mike Ivy and his wife, Sug.

Along with their 11-year-old daughter, Riki, the Ivys live in Colorado City during the trapping season and then return to their home in Midland until the next fur season gets underway.

Riki attends school in Midland until November when she transfers to Colorado Middle School. Then, when the fur company closes down for the season in March, she returns to finish the school year in Midland.

The Ivys have not always led the transient life of a family engaged in the fur business.

For many years, Ivy was a petroleum engineer with Exxon in Midland.

But, six years ago, he turned in the suit and tie to become a fur buyer on a large scale.

As a sport, Ivy has been interested in trapping for a long time. In 1972 he decided to make it his business.

He began the operation by purchasing furs from trappers in six towns. He would advertise in the newspaper which day he would be in town to collect the furs. As the number of towns began to grow, Ivy decided to establish a permanent outlet where he could collect the furs.

First, Ivy operated the business in Midland. Then, as he began to search for a building, he decided on Colorado City because of the location of the town and the cost of the building was only about $5,000, in comparison to $80,000 he might have had to spend to locate the business elsewhere. He has operated in Colorado City five years.

All space in the building is put to use. The Ivys live in the upstairs part of the building and the downstairs portion is used to skin the animals and prepare the furs to sell.

There are about 12 employees at the fur company and they live at the business during the fur season.

In addition to the employees Ivy has working in the shop, he also has several buyers who travel to areas extending from Paris, Tex., to the California border.

Many trappers, however, take their furs to the shop personally. Ivy or his wife will examine the fur, measure the length and pay accordingly. Raccoons and coyotes are mainly what are brought to the business.

Most of the furs which the trappers bring to sell are already skinned. The company does skin some animals, but because of volume of furs, there is not enough time to skin so that aspect of the business is limited.

Ivy noted that in the past, the company would accept live animals and the employees would skin them. However, because of increased business and a limited labor force, time no longer permits this.

Last year, Ivy said a trapper brought in several live ringtails. Two of them escaped before they could be killed. One of the animals was found but the other one wasn't. In March, the Northwestern Fur Company closed the doors to business during the off-season.

Don Banta, owner and operator of CC Printing, mentioned to Ivy when he returned to Colorado City this year for another season that there had been a ringtail climbing across the inside window of the shop during the summer.

When Northwestern Fur Company re-opened this year, the ringtail was inside the building, alive and well.

Employees at the Northwestern Fur Company learn the skill on the job. Many of the employees return each year to put in another's season's work.

After the animal is skinned, the fur is stretched on a metal rack to prepare the fur for tanning, which is done by operations in New York and overseas.

Once a week, a semi truck from New York collects the furs.

A big factor in the fur business, Ivy explained, is the weather.

The colder the weather, the better the business.

Although trapping is more difficult in extremely cold weather, the animal's fur is heavier and the skin is thicker thereby collecting a bigger price.

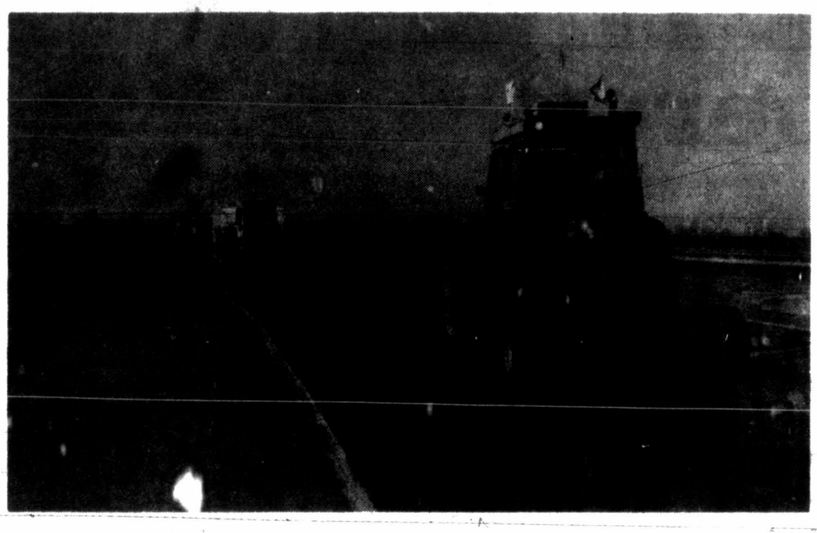

Ivy noted that trap-

–Sweetwater, January net payment, $13,020.13; January 1978 net payment, $15,471.05; 15 per cent decrease for year.

Answer To Tax Dilemma

The beginning of the new year also signals the beginning of income tax season and the local H&R Block office has opened in the Retail Merchants Association Office at 116 W. 2nd Street.

Office hours will be from 9 a.m. to 6 p.m. on Monday through Friday and from 9 a.m. to 5 p.m. on Saturdays, according to Katy Byrd who is opening the office along with Neva Turner.

Mrs. Byrd stated that to learn the procedures and information needed to assist local local taxpayers, she and Mrs. Turner attended a three month course in Abilene which met twice a week for three hour sessions this past fall.

They were then required to pass an examination before they received a certificate enabling them to prepare taxpayer's income tax returns.

H&R Block is approved by the internal revenue service.

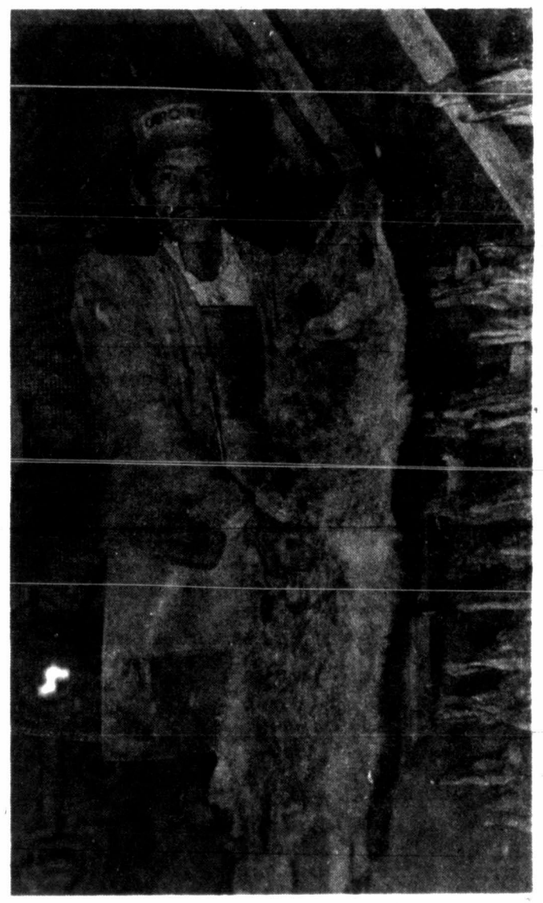

Red Barron Is Grand Champion

Colorado High School Sophomore Marjori Maddox took her second Grand Champion Steer award in a little over a week Monday as she showed the Grand Champion Steer at the Abilene Regional Livestock Show.

Miss Maddox, daughter of Mr. and Mrs. Joe Maddox of Colorado City, showed a seven-eighth Limousine crossbred steer named "Red Barron" which bested the 159 other animals in the show.

The steer weighed 1,160 pounds and was sold at the Abilene Livestock Auction Tuesday morning for $1,900.

The Colorado High student took the Grand Champion award in the steer division at the Mitchell County Show on Jan. 5 and also won the Reserve Grand Champion award at the Nolan County Show in Sweetwater last week.

Police Tally 42% Clearance Figure

In a report released by Colorado City Assistant Police Chief Jerry Cowin this week, it was revealed that major crimes against persons and property in Colorado City rose by eight per cent in 1978 over the previous year and that the Colorado City Police Department had a clearance rate of solving these crimes of 42 per cent, about 20 per cent above the national average.

The report stated that last year there were 34 crimes against persons reported here and that these crimes included the following–one attempted murder, one rape, 29 assaults, one sex offense and two robberies.

These crimes against persons only were down 17 per cent from 1977 and of the 34 offenses reported, 33 were solved, giving the police department a 97 per cent clearance rate in this area.

Crimes against property in Colorado City in 1978 totaled 144, up 15 per cent from the year before. The 144 offenses included the following–33 burglaries, 16 auto burglaries, 10 thefts of over $200, 76 thefts of less than $200 and nine auto thefts.

The Colorado City Police Department had a 37 per cent clearance rate against property crimes.

In addition to this, there were 30 cases of vandalism reported in the city this past year. This figure was down 36 per cent from the previous year and 20 per cent of these cases were solved.

The police report further stated that the property damage suffered by local residents because of burglaries here last year totaled to about $17,500.

Value of the property taken in thefts here in 1978 amounted to $38,000 and of this figure, $15,000 was recovered.

Misdemeanors in Colorado City in 1978 also rose somewhat as there was an increase of 12 per cent reported over 1977.

Of the 306 misdemeanors reported here in 1978, there were the following offenses, broken down–driving while intoxicated, 26; drugs, 16; public intoxication, 105; disorderly conduct, 16; traffic charges, 24; city ordinance violations, 13 and other miscellaneous charges, 106.

In all, the police report revealed that during 1978 the department handled 298 investigations, made 306 arrests, handled 196 accidents and issued 1,310 citations.

The 196 accidents represented an 11 per cent decrease from the year before and the 1,310 citations represented a 15 per cent increase.

Total damage to the cars and other property in the accidents handled here this year amounted to about $45,000.

Finally, the report stated that in nine months of last year in which the city employed an animal control officer, he rounded up 256 dogs.

Big Spring Woman Arrested

About 9 a.m. Tuesday morning, Mitchell County Sheriff Bill McGuire and Deputy Jim Reynaud arrested, at a Colorado City residence, a Big Spring woman wanted in connection with a shooting incident in a Big Spring lounge last Friday night.

After receiving information from the Big Spring Police Department, the Mitchell County officers arrested Fayrine Green, 44, at 140 Division Street. She was wanted in connection with the shooting incident at the 20-20 Lounge in Big Spring Friday in which two men were killed, one of whom was Elmer Green, 47, of Colorado City.

According to witnesses Green and another man pulled guns and began firing at one another after becoming involved in an argument between their wives.

The woman posted $50,000 bond and was released from Howard County Jail Tuesday.

Local Exhibitors Sweep Stock Show

Allan Dockrey, Jana Bruce and Marjori Maddox came home from the Nolan County Livestock Show this past weekend with four top honors.

Dockrey, who belongs to the Westbrook FFA, showed a 99 pound fine wool crossbred lamb and it came out of the judging with 165 other animals as the Grand Champion.

It was the third time within a week that Dockrey, who was assisted by his brother, Kelley with his lamb project, had taken Grand Champion honors at a stock show.

On Jan. 5, he had showed the Grand Champion Lamb at the Mitchell County Show and on Jan. 11 he had showed the Grand Champion animal at the Westbrook Show.

Jana Bruce of the Colorado City FFA also repeated an award she had taken at the Mitchell County Show.

At the Nolan County Show, Miss Bruce showed a 110 pound fine wool lamb and took the Grand Champion award which she had also won at the show in Colorado City. It was the first Grand Champion she has had in the five years she has competed in the Nolan County Show.

Marjori Maddox won the Reserve Grand Champion Steer Award at the Nolan County Show with her 1,245 pound Simmental-Chianina cross. She had taken the Grand Champion Steer Award at the Mitchell County Show.

In addition to her Grand Champion Award, she also took the Steer Showmanship Award. She belongs to the Mitchell County 4-H Club.

Bale Count Passes 35,000

The area cotton bale count edged past 35,000 Tuesday although most Mitchell County gins still reported relatively little activity. A spokesperson at the Producer's Co-op Gin reported that they hadn't been able to accomplish much in the last week but that surely the harvest would be finished in a month.

Another spokesman at the Agricultural Stabilization and Conservation Office reported seeing a few farmers stripping cotton along Interstate 20 on the drier spots on the hills.

As of Tuesday afternoon, the eight gins reported 35,707 bales ginned and on the yard, 33,268 of these bales being brought in by Mitchell County farmers.

The count revealed that there had been 33,746 bales completed and 31,585 of these were from Mitchell County.

There were 1,961 bales on the yard with 1,683 of these being from Mitchell County fields.

The individual count for each gin is as follows:

–Buford Co-op Gin, 2,845 bales ginned, none on the yard.

–China Grove Gin, 4,322 bales ginned with 2,161 being from Mitchell County and 556 on the yard, 278 from Mitchell County.

–Colorado Gin, 1,832 bales ginned, 20 on the yard.

–Farmers Gin, 2,972 bales ginned, none on the yard.

–Loraine Co-op, 8,000 bales ginned, 850 on the yard.

–Mitchell County Gin, 4,030 bales ginned, 30 on the yard.

–Westbrook Gin, 3,230 bales ginned, 55 on the yard.

–Producers Co-op, 6,515 bales ginned, 450 on the yard.

Jacksons To Be Honored Sunday

Mr. and Mrs. W. A. Jackson will celebrate their 50th wedding anniversary Sunday in the home of Mr. and Mrs. Darrell Jackson, 1300 N. W. 14th, in Andrews from 2 to 4 p.m.

The couple's children, grandchildren and their families will serve as hosts and hostesses for the event. Children of the couple are Darrell Jackson of Andrews; Mrs. John Jones of Knott; Mrs. Leonard Earl Smith of Big Spring; Mrs. Jack Walls of Grandbury and Mrs. Ronald Green of Seneca, Illinois.

Amon Jackson was born in Toxey, Alabama on February 15, 1906 and moved to Cuthbert around 1919.

Myrtle Bonner Jackson was born in Clarke County, Mississippi on November 26, 1910. She moved with her parents to Cuthbert in 1927.

They married in Colorado City on January 17, 1929. The ceremony was performed by A. E. Ewell, pastor of the First Christian Church in the parsonage.

They retired in November of 1974 and now reside in Andrews.

They are members of the First Baptist Church in Andrews.

The children and grandchildren request the help of friends and relatives of the Jacksons in compiling a book recalling memories from their parents and grandparents first 50 years of marriage. One memory or event shared with Mr. and Mrs. W. A. Jackson should be written and returned to the children or grandchildren.

Those planning to attend the celebration from Colorado City are Mr. and Mrs. Dave Jackson, Mr. and Mrs. Cecil Schafer and Mr. and Mrs. C. P. Wiggins.

Friends and relatives are invited to attend.

HEALTH AND CHIROPRACTIC

CHIROPRACTIC AND TRACTOR BACK

Tractor back is a relatively new, yet common, ailment among our farmers causing much discomfort, pain, and many lost working hours. It is an occupational disorder, and, naturally, is confined mostly to the agricultural population.

Most farmers have experienced or may experience, the painful results of this disabling condition caused by high-speed mechanized farming. The symptoms are: lower-back pain, sacroiliac strain, severe pains between the shoulder blades, stiff neck and headaches. These handicapping disorders generally strike during the busiest farm seasons.

Sixty years ago, the farmers who suffered this ailment were rare, and a few who did, could definitely trace their trouble to a specific strain or injury.

Let us analyze the situation. Sixty years ago, there were few tractors. The work was done by horsepower at a slow speed. Two good horses could practically guide themselves. The driver could relax, look straight ahead, and not concentrate as much on his work as a tractor operator must do. A good days work in the field was 9 to 10 hours. Modern mechanized farming has changed all of this. Now farming is a high speed, highly specialized business.

Today's farmer isn't satisfied to work 10 hours. He has lights on his tractor and works 14 to 16 hours. He wouldn't work his horses more than 9 hours, yet he will work himself twice as long. The tractor is tireless. The farmer thinks he can take it, and drives his body beyond human endurance. The muscular system becomes fatigued from the bouncing, jolting, and tension. The machinery behind and the tractor in front requires continued alertness. The body posture required to manipulate all the machinery is so different from the horse-drawn equipment, puts the entire human mechanism at a disadvantage.

There is no relaxation. High speed, long hours, and stressed nerves result in tiring muscles to such an extent that the whole skeletal framework may sag, causing nerve disorders and the usual train of results – lower - back pain, shoulder pains, neckaches and headaches.

The tractor is one of the best friends farmers have. The farmer cultivates more land in less time, thereby increasing production. But every farmer using a tractor should check with his doctor of chiropractic periodically for his own comfort and well-being, thereby obtaining relief from pain and distress; as well as to avoid many chronic ailments in later life.

Chiropractic care concerns itself with the total individual. It is based on the observation that the relationship between structure and function in the human body is a significant health factor and that such relationships between the systems are the most significant since normal transmission and expression of nerve energy are essential to restoring and maintaining health.

INFLATION FIGHTING ideas

Next week, #1 in this on-going series "NO FRILLS — LOWER BILLS"

Join with your Safeway Store in the *FIGHT AGAINST INFLATION . . .*

President Carter has asked his Cabinet officers to take aggressive action to slow the rise in consumer prices. They were asked for specific suggestions on what consumers themselves can do to cope with the problem of inflation.

The U.S. Office of Consumer Affairs has issued guidelines to help consumers minimize the impact of inflation on their daily lives.

Safeway pledges full cooperation with the U.S. Government in battling this number one domestic problem. As tangible evidence of that support, Safeway will publish weekly inflation-fighting ideas, suggesting ways in which you and your family can shop better for less money.

Some of the subjects to be covered are: Saving on "private labels" such as Safeway Brands; Making Unit Pricing work for you; Cooking from "scratch"; Seasonal produce bargains; Best use of your freezer; Advertised and unadvertised specials; Planning family meals; and many others.

together, we can be INFLATION FIGHTERS!

STATE CAPITAL HIGHLIGHTS

By Lyndell Williams
TEXAS PRESS ASSOCIATION

Austin - Historic inauguration ceremonies for Texas' first Republican governor in more than a century topped Austin's political and social calendar this week.

Bill Clements took the oath of office at noon Tuesday on the familiar flag and bunting-draped platform at the south steps of the capitol.

Lt. Gov. Bill Hobby, a Democrat launching his third term, shared the inaugural festivites with Clements, but there is no doubt who was in the spotlight.

Legislators launched their 66th biennial session here Jan. 9; and agendas of both House and Senate already are stacked high.

Clements put the finishing touches on his top level executive staff just before lawmakers began their own preliminary organization, which included re-election of House Speaker Bill Clayton by representatives.

Legislators usually mark time while awaiting recommendations of the incoming governor. They may be listening a little more attentively this time, since the overwhelmingly - Democratic House and Senate haven't looked to a Republican in the statehouse before.

Inaugural festivities for Clements opened with GOP fund-raising events Monday at Austin Municipal Auditorium.

A breakfast, prayer service, oath-taking ceremonies, a barbecue on the capitol grounds, parade, Young Texans celebration, inaugural symphony concert and five inaugural balls made up the Tuesday program.

Cuts Ordered

The State Insurance Board ordered cuts in workers compensation rates which may save businessmen $60 million a year.

Reductions effective Feb. 1 average 5.3 per cent statewide. They are the first in a decade for coverage insuring workers against injuries received on the job.

Contractors will receive a 7.6 per cent cut and oil companies 8.8 per cent. The premium decrease for manufacturing firms is only four per cent, however, and other category including commercial firms will average a 4.3 per cent cut.

Shipbuilders and ship repair yards are an exception. Due to accident eperience, their rates will jump 25 per cent, the maximum allowed.

Texas Trial Lawyers Association indicated they may appeal the board order, on grounds it allows too much for company expenses and taxes, and too little for claim payment.

White Takes Over

Mark White Jr. took the oath of office as Texas 44th attorney general Jan. 1, promising a tough but open and fair administration.

Gov. Dolph Briscoe was among a large group of officials who turned out for the New Year's Day ceremony. Briscoe predicted White "will make the best attorney general Texas ever had."

Other new officials moving into their offices included Supreme Court Associate Justice Franklin A. Spears and Court of Criminal Appeals Judge Sam Houston Clinton.

White said bulk of the attorney general's legal staff will be retained, although he stirred some unrest by handing dismissal slips to about 30 employees.

Courts Speak

Texas Court of Criminal Appeals upheld the involuntary manslaughter conviction of a Houston man although he did not actually kill anyone.

In other cases, the court:

–Overturned a Kleberg County marijuana conviction due to insuffiencent evidence.

–Reversed a Cameron County heroin conviction where a trace of the drug was found in a balloon held in a woman's mouth.

–Upheld three consecutive life sentences given a Dallas man for aggravated robbery and attempted murder.

–Affirmed an 80-year-sentence of a Corpus Christi man in a shooting death.

Southeast Texas health care agencies filed suit in Austin to prevent establishment of the first Texas hospital for terminally-ill cancer patients serving Jefferson, Orange, Hardin, Newton and Jasper counties.

AG Opinions

A sheriff's no-longer-active investigative report on a fatal fire is public, though the criminal history record of the deceased victim is not, former Attorney General John Hill held.

In other recent opinions before he left office, Hill concluded:

The preliminary work program for an audit of a state agency is excepted from public disclosure.

The state and political subdivisions are not prohibited from establishing a plan or system for sick leave payments to employees.

A county commissioners court may adopt through an administrative board rules and regulations regarding use of county parks. Fees may not be charged for use of county parks in absence of bonded debt.

A legislator may not be employed by the federal government, but is not prohibited from entering contracts with the federal government.

Short Snorts

Arson for profit is the fastest-growing crime in Texas. An increase is expected.

Gov. Briscoe requested Small Business Administration designation of Lee, Pecos, Stephens, Upshur and Wood counties as disaster areas for assistance due to drought.

Lower Rio Grande Valley citrus growers worked to salvage as much fruit as possible following a freeze in the area.

Fifty-five Texas refineries processed 154, 361,996 barrels of crude oil and hydrocarbon blends during October.

The Railroad Commission denied a motion by railroad attorneys to present oral arguments on a four per cent general rate increase request.

★ FUR, from page 1

ping is more prosperous in the northern states than in Texas because of the heavier furs.

Northwestern Fur Company is an independent business. In fact, Ivy noted that there are only about seven or eight established fur companys located in Texas.

But, heavy competition is offered from what Ivy calls "fly-by-nighters."

Ivy explained that a retail fur buyer's license in Texas costs $5 per year. Each person who has a license can buy and sell furs. Therefore, each year hundreds of people strike out to make it rich buying furs.

However, almost all of the business ventures fail for the individual fur buyer.

Ivy noted that although the individual fur operators "die" quickly, they are in abundance, and this causes the competition.

Ivy and other fur buying companies have attempted to have legislation passed by Congress to make retail fur buyers licenses cost $500 and wholesale fur buyers licenses cost $1,000, instead of the current $5 and $25, respectively.

Most of the people who bank out on the fur buying business ventures are between 40 and 45 years old, said Ivy. Many of them take their life savings and invest it in purchasing the furs and within a matter of weeks, they have lost all they invested.

Volume is the key to success in the fur business, said Ivy, and an individual cannot handle the necessary business to keep going.

One problem with independent buyers is that they check the price lists of fur companies in northern states and see that the prices are much higher. Then, they buy first from Texas trappers–who obviously would trap animals with lighter furs due to the warmer weather–and try to sell them at higher prices in other states.

However, due to difference in thickness of the furs from states with warmer climates and the furs from states where the weather is colder, northern dealers do not buy the lighter furs, or if they do they generally pay less than a Texas dealer, and the independent buyer loses his investment.

Although wildlife protection groups present some resistance for fur trappers in many areas, Ivy notes that is not a problem in Texas. He explained that the people in Texas are more "realistic" and seem to understand a profitable need for trapping.

Ivy stated that the fur business is at a peak right now, but that popularity of furs runs in cycles. It's unpredictable how furs will sell next year, he said.

Westbrook Divides Contests

Westbrook's junior high boys and girls basketball squads split two contests with Hermleigh Monday night.

Led by Teresa Bacon with 21 points and Christi Vanderpool with 11, the Westbrook girls took their contest by a score of 46-18.

The junior high boys dropped their contest to Hermleigh, 28-15.

Westbrook also played two Pee Wee games with Hermleigh with the Westbrook girls winning by a score of 20-8 and the Westbrook boys losing, 22-14.

Broken Glass At Colorado Drug

The glass door at the west entrance of the Colorado Drug Co. at 102 East 2nd Street was broken sometime early Monday morning but apparently there was no merchandise taken and there is no proof that the person actually entered the store.

At about 3:30 a.m. Colorado City Police Officer Bobby Calloway, while on a routine check of the area, noticed the broken glass. He called for back-up officers and the building was secured but no person was found inside.

The owner of the store, Gene Douglas, was then called and an inventory was made which revealed no merchandise to be missing and no vandalism other than the broken door.

At about 4 a.m. that same morning, Officer Don Hamilton stopped three girls in a 1977 Chevrolet Suburban at the light at the 100 block of East 2nd Street.

An investigation revealed that the three girls, all 14 years old, were from the Lena Pope Children's Home in Fort Worth and that the car belonged to that home. The girls are being held here until authorities from the home in Fort Worth can come after them.

Also, at about 2:45 a.m. Monday morning, Colorado City police stopped two Florida residents who were charged with possession of a controlled substance.

Jeanette Deese, 21, and Glen Deese, 19, both of Walton, Florida are currently in Mitchell County Jail in lieu of $5,000 bond set by Justice of the Peace Henry Doss.

New Hours To Begin On Feb. 1

Westbrook Rural High School
Balance Sheet -- August 31, 1978

Board of Trustees
Westbrook Independent School District
Westbrook, Texas 79565

Members of the Board:

We have examined the balance sheet of the Westbrook Independent School District as of August 31, 1978, and the related analysis of changes in reserves and fund balances, comparisons of official budget with revenues and expenditures, and the bond schedule for the year then ended. Our examination was made in accordance with generally accepted auditing standards and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

Explanations and comments on accounting procedures are explained in the "Notes to Financial Statements."

In our opinion, the accompanying balance sheet, analysis in changes in reserves and fund balances, and comparisons of official budget with revenues and expenditures present fairly the financial position of the Westbrook Independent School District as of August 31, 1978, and the results of its operations for the year then ended and, with exception of areas of noncompliance as may be indicated on exhibits or schedules attached hereto, such operations were in accordance with applicable laws and regulations in conformity with generally accepted accounting principles for public local education agencies applied on a basis consistent with that of the preceding year.

Respectfully submitted,

Joe H. Morren

COLORADO MIDDLE SCHOOL CHATTER

CMS students are finishing up another six weeks. We are taking tests this week and will be looking forward to seeing our report cards next Wednesday the 24th. After our long Christmas vacation we are all enjoying being back in school. Some of us have made 1979 resolutions, others are working on solos for band contest, while several students are studying for the Spelling Bee.

In Middle School many of the students are in the Spelling Bee and Oratorical contest.

For the Spelling Bee everyone who joined must study their words for March 1st.

The Oratorical contest is sponsored by the Optimist Club. Only students under the age of 15 can enter. They must not have reached their 16th birthday by December 31, 1978. They will all speak on the official subject of "In My Youth I See." The speech cannot be under four minutes or above five minutes. The contestants can use notes. Good luck.

Last week in eighth grade history Mrs. Gierhart talked about the subject of loyalty. For homework the students were to write a short essay telling what loyalty meant to them and name several people they felt loyal to.

Patricia Holguin

***

In sixth grade girls PE. Mrs. Mathis has been teaching us about basketball. We have already played a couple of games, and we know the rules. Girls in sixth grade interested in playing basketball will need to see Mrs. Mathis.

Barbara Heredia

***

Seventh grade Science classes have been studying the Human Body. We studied the nervous system, the brain and its function, the eye and now we are studying the ear. All of this has been interesting and somewhat confusing at times. Mr. Welch is being very patient with us and hoping we will know all we need to know by test time.

Kerry Wright

***

Sixth grade math classes have taken up the subject of fractions. Mrs. Humphrey tells us that fractions are fun, but she is strange. We are working on getting fractions to their simplest form and will be multiplying them next week.

CMS band students are working toward the February 17th UIL solo and ensemble contest. Several students are entering this year and Mr. Newman tells us this makes for a better band. Good luck.

Last week the Stage Band performed for the Lions Club at the Civic Center. The group played "2001 Space Rock," "Daybreak," "Proud Mary" and "Soul Food." The band wore their black T-shirts. The band had an early lunch in the CMS cafeteria and traveled on the school bus to the center.

If you were not at the basketball game last Thursday you missed an exciting game. The eighth grade Wolves got off to a bad start but were leading at the halftime. Late in the third quarter Coahoma took over the lead by the fourth quarter the Wolves were coming back. Then with 2 seconds of the clock the Wolves tied the game. It went into overtime. The Wolves won 29-27. Tom Rees was high point with 13 points, Stacy Tarter and Rodney Blankenship each had nine points.

On January 12 the sixth grade fifth period PE class played for halftime entertainment. The PE classes played for two minutes. Lupe Lopez scored the only two points that were scored. The fifth period class was divided into two teams, the Wolves and the Globetrotters. The members of the teams were Ruben Rivera, David Crow, Rudy Arispe, Chris Aguillon, Willie Sosa, Larry Martinez, Weldon Hartsfield, Armondo Rivera, Perry Conner, Lupe Lopez, Jay Piland, Leonard Rico and Troy Erwin.

The cheerleaders and jamborees went to the CMS seventh and eighth grade basketball games last Thursday. The girls did a good job, some of us yelled so much we got sore throats. The eighth grade went into overtime and with the support of the girls the boys finally won.

Pam Wilson

***

The eighth grade girls played Ballinger Monday night in Wolf Gym. In the last minute with the score Ballinger 18 Wolves 17 the ball was under the Wolves goal with everyone trying to rebound. Della went up with two and made it so the final score was C-City 19 Ballinger 18. High point was Della Ausbie. The girls picked their captains, Timika Randle and Pam Wilson and our sweetheart is Stacy Tarter.

Good day people of C-City or should I say cold day. Students of CMS were given a week and two days for their holidays but thanks to the weather we got three extra days for our safety. All of us enjoyed the ice and small snow. We stayed in and watched TV or stayed out and played on the ice. We are hoping for more snow but would like for it to come on weekends so as not to ruin our Spring Break.

Colorado City's boy's varsity basketball squad ran their district 6-AA mark to 4-1 Saturday afternoon with a 63-50 win over Abilene Wylie. The contest had originally been scheduled for Jan. 2 and had been postponed because of the weather.

Coach Mike Hart's cagers featured a well balanced scoring and rebounding attack against Wylie as Charles Jackson led the Wolves with 12 points and was followed by Rodney Wheeler with 10, Dwayne Staats with eight and David Rivera with seven.

Jackson also led the team in rebounds with seven and was followed by Jay Feaster with six and Rivera with five.

Hart said that because his first team had had a tough ballgame with Ballinger the night before, he felt that they needed the rest and he started his second five which consisted of Jackson, Wheeler, Russell Noel, Rivera and Ronald Proctor.

Hart said that his second five played well as the Wolves had a 14-10 lead after the first quarter and a six point, 28-22 lead at halftime.

Coach Debbie James' Colorado City varsity girls basketball squad dropped a 62-45 decision to Abilene Wylie Saturday afternoon in a contest that had been postponed from Jan. 2.

Anne Marcom led Colorado City with 18 points in the game and was followed by Vikki Uselton with nine.

Colorado City trailed 17-13 after the first quarter, 36-21 at halftime and 44-31 at the end of the third quarter buzzer.

Colorado City is now 0-3 in district play.

* * *

Della Ausbie pushed through the winning basket with seven seconds left Monday night to give Colorado City's eighth grade girls basketball team a 19-18 win over Ballinger. It was the second win of the season for Coach Linda Mathis' squad.

The eighth graders controlled the ball for much of the last three minutes of the contest before finally getting the winning goal.

Miss Ausbie had 12 points for Colorado City.

Loraine's boys and girls junior high basketball squads dropped two contests to Ira in Ira Monday night.

The Loraine boys lost their game by a score of 43-32. James Griffin had 18 points for the Bulldogs.

Loraine's girls lost to Ira by a score of 38-10. Leslie Rose and Pam Epperson had four points each for Loraine.

• • •

The Colorado City Wolves ran their first half District 6-AA record to 5-1 Tuesday night with a 67-51 road win over Stamford.

Coach Mike Hart's squad spread the scoring around evenly against the Bulldogs as Gene Carter and Charles Jackson had 10 points each and were followed by Jay Feaster with nine and Ronald Proctor and Dwayne Staats with eight each.

Colorado City led 21-12 after the first period. Stamford scored 29 points to the Wolves 20 in the second quarter to tie the score at 41-41 at halftime but Colorado City came back to take a 55-48 lead at the end of the third quarter and stretch their lead to 16 points at the final buzzer.

Ballinger, who defeated the Wolves by one point last Friday, wrapped up a tie for the first half 6-AA title Tuesday night with a 75-52 win over Abilene Wylie.

The Colorado City junior varsity boys basketball squad defeated Stamford by a score of 52-24 Friday night.

Colorado City's varsity girls squad dropped a 40-31 decision to Stamford Friday night. Vikki Uselton had 13 points for Colorado City.

• • •

Westbrook's varsity boys basketball squad ran their District 10-B record to a perfect 3-0 Tuesday night with an easy 60-26 trampling of Hobbs.

Mike Webb led Coach Gary Womack's squad with 19 points and was aided by Daryl Rich with 11 and Mike Petty with 10.

Westbrook shot out to a 12-6 lead at the end of the first quarter and then scored 23 points in a red hot second period to take a 35-14 advantage at halftime. The Wildcats still led 46-22 after the third period buzzer.

Westbrook's varsity girls also had an easy night against Hobbs as they pushed their district mark to 2-1 with a 44-30 victory.

Teresa Dorn had 16 points for Westbrook in the contest.

Coach Bill Mays' squad led after each quarter, 14-10 after the first, 22-16 at halftime and 30-20 after the third quarter.

Albus Honored With Shower

Mrs. Jan Mearse Albus of Midland was honored with a baby shower at the home of Mrs. Joe Terry from 2 to 4 p.m. Saturday.

Guests were welcomed by Mrs. Terry and asked to sign the guest book. An assortment of pink and blue baby gifts were displayed.

Pink, blue and white flowers made the floral centerpiece for the refreshment table which was laid in white cutwork cloth. Punch, cake, nuts and mints were served from the silver and crystal appointed table.

Co-hosting the party with Mrs. Terry were her daughters, Mrs. Harold Preston of Brownwood and Liz Terry of Abilene.

Approximately 20 guests were registered from Midland, Lubbock, Colorado City and Loraine.

Drivers Education To Begin

Superintendent L. R. Dunn announced this week that Drivers Education class room instruction will begin on Monday, January 29 and continue through Wednesday, March 14, at the Loraine High School.

This instruction will include 32 hours and approximately 23 students will be involved in the program this year.

The Drivers Education classes have been set for 7 a.m. each school day in the high school library. Students must be 15 years of age or older prior to beginning of class instruction.

The driving instruction will begin immediately after the class room instruction is concluded.

Ken Lightfoot is instructor for the program.

Henderson Hosts Atheneum Club

The Atheneum Study Club of Loraine met Tuesday, January 9 in the home of Mrs. Clifton Henderson.

Mrs. W. A. Taylor, club president, presided over the business meeting. Mrs. Woodrow Pratt was program leader and led the flag pledge, and conducted the roll call.

The two part program was brought by Mrs. Raymond Wheeler and Mrs. Hal Bennett.

"The Roads Not Taken" was the article given by Mrs. Wheeler. The program was on the famous "Oregon Trail." Only small wrinkles of the trail still remain visible. Most of it has been put into cultivation, covered with water reservoirs, or cities.

Mrs. Bennett discussed "You Can Beat City Hall." She mentioned many of the recent issues that had bypassed City Hall and brought back to the people's vote.

Refreshments were served by Mrs. Henderson to the following members: Mmes. W. A. Taylor, Woodrow Pratt, Glen Coon, Doyle Hester, Percy Bond, Harold Martin, Hal Bennett, Raymond Wheeler and one visitor, Mrs. Gus Armstrong.

BPW To Meet On Monday

The Loraine BPW Club will meet at 7 p.m. Monday in the Loraine Lions Club for their regular meeting.

Speaker for the evening will be Margaret Bishop, Home Economist for Texas Electric from Sweetwater. Her subject will be "Conserving Energy."

Speaker for the club expressed hope all members will be present for this the first meeting of the new year when plans for a project to clean up and beautify the downtown area of Loraine will be discussed.

Baldwin Services Sunday

Mrs. Thelma Baldwin, 63, died of an apparent heart attack at 6:45 a.m. Friday, January 12 in the Loraine Nursing Home. She had been a resident there since December 20. She was a sister of Jack Brewer of Loraine.

Funeral services were at 2 p.m. Sunday in Martin Chapel and burial in nearby Concord Cemetery. The Rev. D. L. Stewart, pastor of the Nazarene Church officiated.

Mrs. Baldwin was born February 12, 1915 in Troup, Texas, daughter of the late Mr. and Mrs. Frank Brewer. She married George Baldwin September 17, 1957 in Tyler, Texas. He preceded her in death in 1975.

She was a member of the Nazarene Church in Martin Chapel.

Survivors include four brothers, Jack of Loraine, Gene of Odessa, Elmo of Cheaspeake, Virginia and Howard of Troup and three nieces and two nephews.

Mr. and Mrs. Jack Brewer and their daughter, Mrs. Scott McKnight of Big Spring returned home Monday after attending the funeral.

Loraine Area Personals By Ida Baird

Mrs. S. E. Meadows returned home Friday after visiting three weeks in Haskell with a daughter and son-in-law, Mr. and Mrs. Ferrell Coston. While there she also visited her other daughter, Mr. and Mrs. Roger Cripliver in Fort Worth and with her sister, Mrs. Cary Reeder in Weatherford.

* * *

Mrs. Mildred Little arrived home Sunday from Houston where she had visited a son and daughter, Mr. and Mrs. David Little and Mr. and Mrs. Chip Cochran. She underwent extensive heart tests there which showed she would not have to undergo surgery and doctors there released her. Arriving home she checked with her home doctor, Dr. Joe Terry who treated her after she suffered a heart attack in November.

Mr. and Mrs. Doyle Hester entertained the Loraine Game Club Tuesday night, January 7.

Three tables of 42 were played. Candies, nuts, coconut cake topped with whipped cream and hot apple juice were served.

Present were Dr. and Mrs. Bruce Johnson, Messrs. and Mmes. Willie Taylor, J. M. Templeton, Jack Linam, K. L. Taylor and Mrs. Roy Baird.

* * *

Mrs. Elsa Freeman arrived home Thursday from Kerby, Oregon where she had visited since December 20 with a son and family, Mr. and Mrs. Edgar Baumann and Eddie.

Also there for the visit during the holidays were her other two grandsons, Mr. and Mrs. Roddy Baumann and children, 3 year old MiKendra and 2 month old Abraham from Portland, Oregon and Stephen Baumann and friend from Spokane, Washington.

She also visited with neighbors, Drs. Elton and Virginia Berkman and brings greeting to Mitchell County friends from them.

Women Have Meeting

Women of the First Baptist Church in Loraine met at the church at 2:30 p.m. Wednesday for a program on the subject, "Ethnics, USA: Ministering To All The People."

Mrs. T. L. Holman president, presided over the meeting and led the opening prayer.

In introducing the program Mrs. Holman said "Southern Baptist have been sending missionaries to foreign fields, but what do we do when foreign mission fields come to us? Who are these immigrants?"

This question and others were answered in the discussion which followed and given by Mmes. Holman, Luke Smith, Clifton Henderson and Lynne Compton.

Mrs. Pauline Smiley read the prayer calendar and gave the prayer for missionaries.

A short business session followed the program.

Here's why it takes *fuel* to make electricity.

It takes fuel to make electricity.

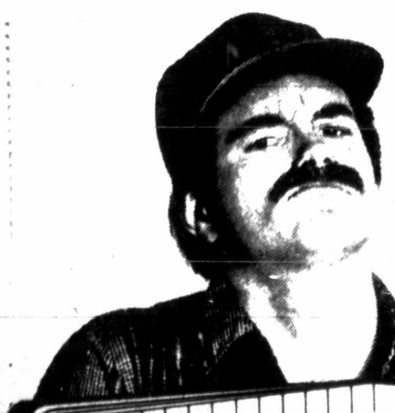

A lot of people don't understand that, but it's true.

Most of the power plants in this country require steam to generate electricity. To make steam you must boil water, and that requires a lot of heat.

That's why we have to buy and burn large amounts of fuel, such as lignite coal and natural gas, every month. The steam we make with it turns the generators that make your electricity, which we distribute to you right when you need it.

The fuel we use costs money, more all the time, which is why we show it separately on your bill. At Texas Electric, we want you to know what you're paying for. And to remember: it takes fuel to make electricity.

Public Notice

NOTICE AFFORDING OPPORTUNITY FOR PUBLIC HEARING

The State Department of Highways and Public Transportation is planning the construction of a new segment of Farm-to-Market Highway 2836 from State Highway 163 near the south end of Lake Colorado City to State Highway 208 near the north end of Champion Creek Reservoir.

The proposed highway will have a two-lane asphalt surface 20 feet wide on 5 inches of flexible base within a minimum 100 feet right-of-way. A bridge approximately 280 feet long with 26 feet of roadway width is planned for the Colorado River crossing. Although some farm and ranch land will be required for highway right-of-way, it is expected that no residence or business establishment will be displaced. Maps and other drawings showing the proposed location and design, environmental studies, and other information about the proposed project are on file and available for inspection and copying at the Resident Engineer's Office in the northwest quadrant of the intersection of Interstate Highway 20 and State Highway 350 in Big Spring. Also, the maps and drawings showing the proposed location and design have been placed on file with the Mitchell County Judge at the Mitchell County Courthouse, Colorado City, Texas.

Information about the State's Relocation Assistant Program, the benefits and services for displacees and information concerning the relocation assistance office as well as information about the tentative schedules for acquisition of right-of-way and construction can be obtained at the Resident Engineer's Office.

Any interested citizen may request that a public hearing be held covering the social, economic, and environmental effects of the proposed location and design for this highway project by delivering a written request to the Resident Engineer's Office on or before January 29, 1979. The address of the Resident Engineer's Office is P.O. Box 511, Big Spring, Texas 79721.

If such a request is received, a public hearing will be scheduled and adequate notice will be publicized about the date and location of the hearing.

Commissioners To Discuss Probation

The Mitchell County Commissioners will meet in a special session today (Thursday).

Meeting at 9 a.m., the special session will be in regard to the initiation of the adult probation program in Mitchell County.

The meeting will be held at the Mitchell County Courthouse.

Middle East Deadline Jan. 28

Deadline for registering and paying a deposit for a trip to the Middle East in the spring is Jan. 28, according to Rev. Bob Grayson, pastor of Calvary Baptist Church.

The tour--which is open to the public--will leave New York City March 23 and will return April 2.

Members of the tour group will visit the pyramids of Cairo, the Egyptian Museum and other sites. Jordan, Israel, Jerusalem and Athens will also be visited by the group.

Cost of the tour will be $1,099 plus the airfare to New York City and about $90 in extra expenses. Total cost, apart from personal shopping, will be about $1,400.

For more information regarding the tour, contact Rev. Grayson.

Lakeview Forfeits Varsity Games

Colorado City's varsity boys basketball team can transfer two games they played earlier in the year from the loss column to the win column thanks to a mistake by school officials at San Angelo LakeView.

On Saturday, Dec. 2, the Wolves dropped a consolation contest to LakeView in the LakeView Tournament by the score of 57-54. On Dec. 22 Colorado City again played LakeView, there and lost, 70-48.

These two games have been forfeited to the Wolves because LakeView had an ineligible player. Paul Williams, a senior, has been found to be ineligible because of an University Interscholastic League rule which limits the number of semesters that a player can compete in sports from the beginning of his eighth grade year through his senior year.

According to the rule, a player has five years to complete his athletic competition from the start of the eighth grade and LakeView Coach Paul Stein stated that Williams had just been in school too long.

LakeView was forced to forfeit four other wins because of the ineligibility. In addition to the Colorado City contests, they forfeited a win over Winters, a win over Rotan, a win over the Big Spring junior varsity and a win over Fort Stockton.

Williams, a 6-3 center, had played in 10 games and had averaged 7.3 points a game for the Chiefs.

Oratorical Contest This Month

An oratorical contest--sponsored by the Colorado City Optimist Club--will be held at the end of January.

The contest is open to boys and girls in Mitchell County who are under 16 years old.

Topic for the oratorical contest is "In My Youth I See..." and contestants have a time limitation of not less than four minutes and not more than five minutes.

Two separate divisions will be judged--one for boys and one for girls--and first place winners in each division will be eligible for further competition with a top prize of a $500 scholarship.

For more information, contact Rick Robinson or Raymond Zamarippa.

Belvin To Play For ENMU

Steve Belvin, former Colorado City Wolves grid standout, will play football for the Eastern New Mexico University Greyhounds at Portales this fall.

Belvin, who is a 1977 graduate of Colorado High School, has played for the last two years at Cisco Jr. College.

He was all-district and all-area at defensive tackle in high school and played noseguard in college.

Card Of Thanks

Our sincerest thanks for the numerous ways our friends helped us during our recent loss. We appreciate all the food, flowers, cards, visits and prayers. The kindness and genuine neighborliness meant so much to us.
