Summer vacation ends for the students in the Talco-Bogata Consolidated Independent School District on September 2, as registration for the 1966-67 school term will begin at 8:30 a. m. Buses will run regular routes on the above date and will return students to their homes at noon. Lunches will not be served on this date. Tuesday, Sept. 6 will be the first day of instruction.

It is with regret that we must announce that the new high school building will not be ready for use on the above date. Therefore, all high school students will use the same facilities as last year until completion of the new building.

The schools will be completely integrated beginning with the 1966-67 school term. The South Talco Elementary and the South Bogata Elementary schools have been closed and the pupils that attended these schools will attend the Talco Elementary or Bogata Elementary Schools.

Improvements made in the Bogata Elementary School during the summer include painting the interior, removing the old wooden floor from the library and replacing with concrete floor, removing partition in study hall and painting interior, painting interior of gym and installation of an electric food warmer in the cafeteria.

The former Johtown School building has been prepared for the Vocational Agriculture and Industrial Education Departments. Shops have been constructed in the gym and classrooms have been painted and floors repaired.

A BOOST FOR HOME BUILDING. The House of Representatives, recognizing the growing crisis of high interest, this week voted to give the Federal National Mortgage Association (often referred to as "Fannie Mae") new and broader authority to purchase mortgages insured by the Federal Housing Administration and the Veterans Administration. This legislation, which was sponsored by me as Chairman of the Banking and Currency Committee, will pump about \$3.76 billion into home mortgages and will allow thousands of people to purchase homes through the FHA and VA programs. This will provide some relief for the home building industry which has been hit a heavy blow by the high interest, tight money policies of the Federal Reserve Board. But this is really just the beginning. We must do more if we are to stop the disastrous toll of high interest rates on the American citizen. It is my plan to continue to push hard for legislation which will force a rollback in the high interest rates adopted by the Federal Reserve last December.

HEADSTONES OR MARKERS FOR VETERANS. Some of you may not know that the government will furnish, free of cost, a headstone or marker for the unmarked grave of veterans of the Confederate States of America and the Armed Forces of the United States, who died in service or whose last discharge was honorable. An applicant for a headstone or marker must be a close relative of the deceased veteran (such as widow, child, parent, grandparent, brother or sister.) Pictures and descriptions of the various types of headstones and markers available are contained on the application, which is usually available at the County Veterans Service Offices or the VA Regional Offices. If you are unable to obtain one locally, you may write directly to the Chief of Support Services, Headquarters, Department of the Army, ATTN: Memorial Division, Washington, D. C. 20315, or if you wish, let me know and I will be glad to obtain an application for you.

AIR POLLUTION IN WASHINGTON IN 1879? Each year visitors are puzzled by the purpose of two 20-foot high masonry round-towers that stand on the west lawn of the Capitol grounds, without inscription or visible means of entrance, and almost completely obscured by heavy foliage. The answer is that in the 1870's, being bothered by "gas and smoke," Congress had the two towers built to serve as inlets for 164-foot long underground tunnels through which air was brought into the Senate and House Chambers. It is alleged that the air was cooled by ice packed in the towers, or by running water, but the record on this is not clear. Interesting fact is that the "gas and smoke" complained of did not result from pollution of the outside air as we might imagine today, but rather from the heavy atmosphere inside the Chambers caused by the smoke and fumes that were a by-product of gas jets and the wood and coal fires that were in general use for heating and illuminating the Capitol a century ago.

\$102 BILLION, or 1/3 of the National Debt can be directly traced to the policies of the Federal Reserve System. \$60 billion would have been saved the U. S. taxpayers during the last 13 years if the Federal Reserve System had held interest rates at the levels which existed more than 15 years prior to 1953. Another \$42 billion could have been wiped off the National Debt simply by cancelling the U. S. government securities held by the Federal Reserve in the New York Federal Reserve bank, securities that have been paid for once.

"HANDBOOK OF FEDERAL AIDS TO COMMUNITIES." The 1966 edition of this 111-page booklet is an essential aid to all those interested in helping communities or local groups develop and strengthen their economies. Copies will be sent free upon request to my office as long as the supply lasts.

Mr. and Mrs. Drue Matlock of Mt. Pleasant, former Talco residents, had their children home for a family reunion during the week end. They were: Mr. and Mrs. Jimmy Matlock and children of Austin, Mr. and Mrs. Clyde Perry and family of California and Mr. and Mrs. Billy Thomas and Sheri of Lake Jackson.

Mr. and Mrs. Bud Hanks and Mike of Dallas, visited Mr. and Mrs. Fletcher Hanks and Mrs. W. H. Cogburn during the week end. Mrs. Cogburn, who is a patient in Titus County Memorial Hospital, is reported improving.

Austin. — Department of Public Safety estimates that 41 persons will die in traffic accidents on Texas highways during the upcoming three-day Labor Day week end.

"The current traffic trend indicates that Texas is headed for its third straight record high in terms of fatal accidents," says Col. Homer Garrison Jr., DPS director.

"At the present time, we are approximately 15 per cent ahead of the same time in 1965, and we are still faced with the four months of the year which generally produce the most deaths."

Garrison points out that: "More people are killed in Texas each year in traffic than are killed in all the United States by murder, and the deaths are just as senseless, as needless and as tragic, but not nearly as well publicized."

He analyzed the reasons citizens have failed to take positive action in traffic safety: "Psychologists say that one reason... is a lack of personal identification with the problem. It might behoove each driver in our state to stop and consider that he has less than a 50-50 chance to go through his driving career without being involved in a traffic mishap."

In an attempt to cut back on the number of accidents and deaths during the Labor Day week end, the DPS will conduct its "Operation Motorcade." Approximately 150 uniformed officers from other DPS services will be on the road to supplement the Highway Patrol. To call public attention to the problem, each traffic death will be tabulated and the totals will be announced three times daily in Austin.

Texas Highway Department, Texas Safety Association, Texas Council of Safety Supervisors and Texas Motor Transportation Association are joining forces to help the DBS.

ELECTION SYSTEM UPHELD —Seventh Court of Civil Appeals at Amarillo upheld the Texas "closed primary" election system, holding that members of one party cannot vote in the primary of another.

Court reversed the district court ruling that would have permitted to stand 71 votes of Republicans in the second Democratic primary for a Pampa judge.

State Democratic Executive Committee had filed a brief urging the court to uphold the closed primary system.

AG OPINIONS — State higher education student loan funds not immediately needed to meet loan applications can be invested in direct obligations of U. S. agencies which are not unconditionally guaranteed by the government, Atty. Gen. Waggoner Carr has held. Investment is within discretion of Coordinating Board, Texas College and University system.

In other opinions, Carr has concluded that:

Westbrook Rites Held Friday

Funeral services were held last Friday at 10 a. m. in Gross Mortuary Chapel, Hot Springs, Ark., for Alvin E. Westbrook. The Rev. William T. Demker officiated. Burial was in Greenwood Cemetery. He died Wednesday in St. Joseph's Hospital after a lengthy illness.

Born Aug. 13, 1901 in Delight, Ark., he was a member of Tigert Memorial Methodist Church, a 32nd degree Mason, and a Shriner. He was a brother-in-law of T. P. Pierce and Mrs. O. F. Stevenson of Talco.

Other survivors include his wife, Mrs. Lena Westbrook of Hot Springs, two step-sons, John Blackwell of Vivian, La. and J. P. Blackwell of El Paso; two stepdaughters, Mrs. Jack Barnes of Temple and Mrs. Lowell Mulkins of Pauling, N. Y.; a brother, B. A. Westbrook of Arkadelphia, Ark., and two sisters, Mrs. C. C. Stawling and Mrs. Jack Russell, both of Dallas.

FUTURE PARKS —State Parks and Wildlife Commission next month will officially review proposals to purchase more than 100,000 acres of land by the year 200.

Preference reportedly would be shown to parks connected with water recreation, those near big city areas, and sites of statewide significance, including historic sites.

Gov. John Connally has given his strong backing to a massive parks-acquisition program. At one time, he indicated he was thinking in terms of recommending a \$25-\$50,000,000 expenditure.

Plan evolving undoubtedly will be the largest in history — to provide more room to romp for recreation-minded Texans.

COLLEGE BONDS — Texas colleges slowly are selling their building bonds authorized by the constitutional amendment raising the ad valorem tax to 10 cents-per-\$100-valuation. But there's still \$18,710,000 worth to go.

Issue started at \$33,420,000. At end of the regular bid-taking, Texas Tech and the University of Houston sold their \$7,000,000 worth. Then, as a result of an exclusive option given a New York syndicate, four more schools — Texas Southern, Texas Woman's, Lamar State and Pan American — sold their bonds, a total of \$7,710,000.

College officials now are going out on their own to sell the remaining \$18,710,000 worth of bonds. It's hoped that local backers will buy them, so the colleges can proceed with construction to meet the mounting demands of college enrollments. Problem is that interest is held to 4 per cent, which is below present market.

SHORT SNORTS Governor Connally approved applications for \$893,881 in grants under Federal Elementary and Secondary Education Act of 1965 for pilot programs relating to supplementary learning centers for talented elementary and secondary pupils.

A three-year U. S. Public Health Service grant of \$267,734 has been presented to the Texas Department of Health for the control of leprosy — which is on the increase in the state.

Forty-one cases of paralytic polio among pre-school and infant children (none of whom were fully immunized) have been reported to the Department of Health to date.

Mrs. Eula Plum Dies Saturday

A former Talco resident, Mrs. Eula Mae (Sullivan) Plum, 65, of Mt. Pleasant, died there Saturday at 8:30 a. m. in Titus County Memorial Hospital, after long illness.

The funeral Sunday at 2 p. m., was in Mt. Pleasant at Smith-Bates Chapel, and interment made in the Masonic Cemetery there, the Rev. L. E. Lamb officiating.

Born July 10, 1901, at Mt. Vernon, Mrs. Plum was a daughter of Mr. and Mrs. Will Sullivan. She was graduated in 1923 from Talco High School, and had lived in Mt. Pleasant since her marriage in 1927 to Vance Plum, who died in 1963.

Mrs. Plum has been a member of the First Baptist Church since 1927. She was president of Sunday School class and president of the World War I Auxiliary.

Survivors include one sister, Mrs. J. S. Gilbreath of Orange and three nephews, Robert Gilbreath, Charles Sullivan and Ray Sullivan and three nieces, Mrs. Dan Matthews, Mrs. Richard Burns and Mrs. John Burke; two sisters-in-law, Mrs. Cleone Sullivan, Talco and Mrs. George Sullivan of Mt. Pleasant.

THE ONLY WAY to make a live town and keep it alive is to advertise in the newspaper. And a town is lucky to have a newspaper of its own to advertise in. One way to advertise is with circulars, but circulars are selfish — they may help your business, but they do not help the town. Even home town people forget they have home town stores with merchandise to sell if they are not reminded regularly. The logical and proven way to build a progressive and successful town is for every merchant and business man to cooperate and have the name of his business put before the people regularly. This is the only way.

Wants To Know Where The Bankers Are Who Have Trouble Saying No

Editor's note: Achin Alcorn, philosopher on his Johnson grass farm on Sulphur seems a little excited this week, his letter reveals. Dear Editor: I don't know any more about economics than the average economics professor faced with an overdraft at the bank, but a headline in a newspaper I found out here on this Johnson grass farm yesterday has left me further in the dark than ever.

It reads: "President Urges Bankers To Say No."

I stopped in my tracks and sat down and read the entire article, and sure enough, the President, having been told by his advisors that a danger signal was showing up in the increased demands for bank loans, which in turn was driving the interest rate higher and higher, was advising bankers to discourage borrowing.

This is the first time I ever heard of any bankers having trouble say-

ing no and all I've got to say is, "Where are they? How do you get in touch with them?"

I've heard Washington accused of not putting out all the news, and here's an example. I want those bankers named, with their address and phone number.

Actually, the whole thing has me confused. As I understand it, the country is more prosperous than it's ever been before, there are more people employed, the gross national product is soaring to new heights, the average income is the highest in history, and never before have so many people wanted to borrow so much money.

I intend to devote some time to figuring out the answer to all this, and believe maybe I could if the bill collectors would stop hounding me.

Meanwhile, if you find out where those bankers are who're having trouble saying no, let me know at once. Yours faithfully, A. A.

Proposed CONSTITUTIONAL AMENDMENT NUMBER FOURTEEN ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 8, 1966. HOUSE JOINT RESOLUTION NO. 38 proposing an amendment to Section 2, Article VI, Constitution of the State of Texas, to omit the requirement that members of the armed services vote only in the county in which they resided at the time of entering the service.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. That Section 2, Article VI, Constitution of the State of Texas, be amended by deleting the following language:

"Any member of the Armed Forces of the United States or component branches thereof, or in the military service of the United States, may vote only in the county in which he or she resided at the time of entering such service so long as he or she is a member of the Armed Forces."

The text of this Section is shown below, with a broken line through the sentence which is to be deleted:

"Section 2. Every person subject to none of the foregoing disqualifications who shall have attained the age of twenty-one (21) years and who shall be a citizen of the United States and who shall have resided in this State one (1) year next preceding an election and the last six (6) months within the district or county in which such person offers to vote, shall be deemed a qualified elector; and provided further, that any voter who is subject to pay a poll tax under the laws of the State of Texas shall have paid said tax before offering to vote at any election in this State and hold a receipt showing that said poll tax was paid before the first day of February next preceding such election. Or if said voter shall have lost or misplaced said tax receipt, he or she, as the case may be, shall be entitled to vote upon making affidavit before any officer authorized to administer oaths that such tax receipt has been lost. Such affidavit shall be made in writing and left with the judge of the election. The husband may pay the poll tax of his wife and receive the receipt therefor. In like man-

ner, the wife may pay the poll tax of her husband and receive the receipt therefor. The Legislature may authorize absentee voting. And this provision of the Constitution shall be self-enacting without the necessity of further legislation. Any member of the Armed Forces of the United States or component branches thereof, or in the military service of the United States, may vote only in the county in which he or she resided at the time of entering such service so long as he or she is a member of the Armed Forces."

Sec. 2. The only purpose of the amendment proposed in this Resolution is to make the aforesaid deletion. The adoption of this amendment shall not be deemed to have the effect of redrafting the remainder of the Section, and if any other amendment to this Section, being for a different purpose, is adopted at an earlier election or at the same election, the adoption of this amendment shall not be construed as nullifying the change made by such other amendment.

Sec. 3. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the first Tuesday after the first Monday in November, 1966, at which election all ballots shall have printed on them the following:

"FOR the Constitutional Amendment to allow members of the Armed Forces who are residents of Texas to vote."

"AGAINST the Constitutional Amendment to allow members of the Armed Forces who are residents of Texas to vote."

Sec. 4. The Governor of the State of Texas shall issue the necessary proclamation for the election and this amendment shall be published in the manner and for the length of time required by the Constitution and laws of this State.

Sec. 5. If the foregoing amendment is adopted, the proclamation of the Governor declaring the adoption of the amendment shall set forth the full text of the amended Section, as amended herein and by any other proposed amendment which is submitted by the 59th Legislature and which has been duly adopted prior to such proclamation.

Proposed CONSTITUTIONAL AMENDMENT NUMBER NINE ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 8, 1966. SENATE JOINT RESOLUTION NO. 26 proposing an Amendment to Sections 4 and 5 of Article V of the Constitution of the State of Texas to provide for a Court of Criminal Appeals of five members; prescribing their qualifications; elections, appointments, tenure of office and compensation; and prescribing the term of court of said court.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 4 of Article V of the Constitution of the State of Texas be amended so as to hereafter read as follows:

"Section 4. The Court of Criminal Appeals shall consist of five Judges, one of whom shall be Presiding Judge, a majority of whom shall constitute a quorum, and the concurrence of three Judges shall be necessary to a decision of said court. Said Judges shall have the same qualifications and receive the same salaries as the Associate Justices of the Supreme Court. They shall be elected by the qualified voters of the state at a general election and shall hold their offices for a term of six years. In case of a vacancy in the office of a Judge of the Court of Criminal Appeals, the Governor shall, with the advice and consent of the Senate, fill said vacancy by appointment until the next succeeding general election.

"The Judges of the Court of Criminal Appeals who may be in office at the time when this Amendment takes effect shall become Judges of the Court of Criminal Appeals and continue in office until the expiration of the term of office for which each has

been elected or appointed under the present Constitution and laws of this state, and until his successor shall have been elected and qualified.

"The two members of the Commission of Appeals in aid of the Court of Criminal Appeals who may be in office at the time when this Amendment takes effect shall become Judges of the Court of Criminal Appeals and shall hold their offices, one for a term of two years and the other for a term of four years, beginning the first day of January following the adoption of this Amendment and until their successors are elected and qualified. Said Judges shall by agreement or otherwise designate the incumbent for each of the terms mentioned.

"The Governor shall designate one of the five Judges as Presiding Judge and at the expiration of his term and each six years thereafter a Presiding Judge shall be elected."

Sec. 2. That Section 5 of the Article V of the Constitution of the State of Texas be amended so as to hereafter read as follows:

"Section 5. The Court of Criminal Appeals shall have appellate jurisdiction coextensive with the limits of the state in all criminal cases of whatever grade, with such exceptions and under such regulations as may be prescribed by law.

"The Court of Criminal Appeals and the Judges thereof shall have the power to issue the writ of habeas corpus, and under such regulations as may be prescribed by law, issue writs to enforce its own jurisdiction. The Court of Criminal Appeals shall have power upon affidavit or otherwise to ascertain such matters of fact as may be necessary to the exercise of its jurisdiction. The Court of Criminal Ap-

peals may sit for the transaction of business at any time from the first Monday in October to the last Saturday in September in each year, at the State Capitol. The Court of Criminal Appeals shall appoint a clerk of the court who shall give bond in such manner as is now or may hereafter be required by law, and who shall hold his office for a term of four years unless sooner removed by the court for good cause entered of record on the minutes of said court.

"The Clerk of the Court of Criminal Appeals who may be in office at the time when this Amendment takes effect shall continue in office for the term of his appointment."

Sec. 3. Said proposed Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at an election to be held throughout the state on the first Tuesday after the first Monday in November, A.D. 1966, at which election each voter opposing said proposed Amendment shall scratch off the ballot with a pen or pencil the following words printed on said ballot:

"FOR the Amendment to the State Constitution providing for a Court of Criminal Appeals of five members, and prescribing the term of said court."

Each voter favoring said proposed Amendment shall scratch off the ballot in the same manner the following words printed on said ballot: "AGAINST the Amendment to the State Constitution providing for a Court of Criminal Appeals of five members, and prescribing the term of said court."

If it appears from the returns of said election that a majority of the votes cast are in favor of said Amendment the same shall become a part of the Constitution of this state.

Sec. 4. The Governor shall issue the necessary proclamation for said election and have same published and said election shall be held as provided by the Constitution and laws of this state.

Proposed CONSTITUTIONAL AMENDMENT NUMBER ELEVEN ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 8, 1966. SENATE JOINT RESOLUTION NO. 19 proposing an Amendment to Section 49-d, Article III of the Constitution of the State of Texas, declaring state policy regarding optimum development of water resources; providing for the use of the Texas Water Development Fund under such conditions as the Legislature may prescribe by General Law in the acquisition and development of storage facilities and any system of works properly appurtenant thereto; providing for the sale, lease or transfer of such facilities under General Laws; providing for long-term contracts for water storage facilities; authorizing the issuance of an additional \$200,000,000 in bonds by the Texas Water Development Board upon a two-thirds (2/3) vote of the elected members of each house; providing that anticipatory legislation shall not be invalid because of its anticipatory character; providing for the necessary election, form of ballot; and proclamation.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. That Section 49-d of Article III of the Constitution of the State of Texas be amended to read as follows:

"Section 49-d. It is hereby declared to be the policy of the State of Texas to encourage the optimum development of the limited number of feasible sites available for the construction or enlargement of dams and reservoirs for conservation of the public waters of the state, which waters are held in trust for the use and benefit of the public. The proceeds from the sale of the additional bonds authorized hereunder deposited in the Texas Water Development Fund and the proceeds of bonds previously authorized by Article III, Section 49-c of this Constitution, may be used by the Texas Water Development Board, under such provisions as the Legislature may prescribe by General

Law, including the requirement of a permit for storage or beneficial use, for the additional purposes of acquiring and developing storage facilities, and any system or works necessary for the filtration, treatment and transportation of water from storage to points of treatment, filtration and/or distribution, including facilities for transporting water therefrom to wholesale purchasers, or for any one or more of such purposes or methods; provided, however, the Texas Water Development Fund or any other state fund provided for water development, transmission, transfer or filtration shall not be used to finance any project which contemplates or results in the removal from the basin of origin of any surface water necessary to supply the reasonably foreseeable future water requirements for the next ensuing fifty-year period within the river basin of origin, except on a temporary, interim basis.

"Under such provisions as the Legislature may prescribe by General Law the Texas Water Development Fund may be used for the conservation and development of water for useful purposes by construction or reconstruction or enlargement of reservoirs constructed or to be constructed or enlarged within the State of Texas or on any stream constituting a boundary of the State of Texas, together with any system or works necessary for the filtration, treatment and/or transportation of water, by any one or more of the following governmental agencies: by the United States of America or any agency, department or instrumentality thereof; by the State of Texas or any agency, department or instrumentality thereof; by political subdivisions or bodies politic and corporate of the state; by interstate compact commissions to which the State of Texas is a party; and by municipal corporations. The Legislature shall provide terms and conditions under which the Texas Water Development Board may sell, transfer or lease, in whole or in part, any reservoir and associated system or works

which the Texas Water Development Board has financed in whole or in part.

"Under such provisions as the Legislature may prescribe by General Law, the Texas Water Development Board may also execute long-term contracts with the United States or any of its agencies for the acquisition and development of storage facilities in reservoirs constructed or to be constructed by the Federal Government. Such contracts when executed shall constitute general obligations of the State of Texas in the same manner and with the same effect as state bonds issued under the authority of the preceding Section 49-c of this Constitution, and the provisions in said Section 49-c with respect to payment of principal and interest required to be paid by such contracts. If storage facilities are acquired for a term of years, such contracts shall contain provisions for renewal that will protect the state's investment.

"The aggregate of the bonds authorized hereunder shall not exceed \$200,000,000 and shall be in addition to the aggregate of the bonds previously authorized by said Section 49-c of Article III of this Constitution. The Legislature upon two-thirds (2/3) vote of the elected members of each House, may authorize the Board to issue all or any portion of such \$200,000,000 in additional bonds herein authorized.

"The Legislature shall provide terms and conditions for the Texas Water Development Board to sell, transfer or lease, in whole or in part, any acquired storage facilities or the right to use such storage facilities together with any associated system or works necessary for the filtration, treatment or transportation of water at a price not less than the direct cost of the Board in acquiring same; and the Legislature may provide terms and conditions for the Board to sell any unappropriated public waters of the state that might be stored in such facilities. As a prerequisite to the purchase of the storage or water, the applicant therefor shall have secured a valid permit from the Texas Water Commission or its successor authorizing the

acquisition of such storage facilities or the water impounded therein. The money received from any sale, transfer or lease of storage facilities or associated system or works shall be used to pay principal and interest on state bonds issued or contractual obligations incurred by the Texas Water Development Board, provided when moneys are sufficient to pay the full amount of such bonds then outstanding and the full amount of interest to accrue thereon, any further sums received from the sale, transfer or lease of such storage facilities or associated system or works may be used for the acquisition of additional storage facilities or associated system or works or for providing financial assistance as authorized by said Section 49-c. Money received from the sale of water which shall include standby service, may be used for the operation and maintenance of acquired facilities, and for the payment of principal and interest on debt incurred.

"Should the Legislature enact enabling laws in anticipation of the adoption of this Amendment such Acts shall not be void by reason of their anticipatory character."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on the first Tuesday after the first Monday in November, 1966, at which election all ballots shall have printed thereon the following:

"FOR the Constitutional Amendment authorizing the issuance of an additional \$200,000,000 in Texas Water Development Bonds and providing for further investment of the Texas Water Development Fund in reservoirs and associated facilities."

"AGAINST the Constitutional Amendment authorizing the issuance of an additional \$200,000,000 in Texas Water Development Bonds and providing for further investment of the Texas Water Development Fund in reservoirs and associated facilities."

Sec. 3. The Governor of Texas shall issue the necessary proclamation for the election and this Amendment shall be published in the manner and for the length of time required by the Constitution and laws of this state.

Proposed CONSTITUTIONAL AMENDMENT
NUMBER THIRTEEN ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 8, 1966.

HOUSE JOINT RESOLUTION NO. 69 proposing an Amendment to the Constitution of the State of Texas by adding a new Section, Section 63, to Article III; authorizing the Legislature to provide by statute for the accomplishment of governmental functions within any county having one million, two hundred thousand (1,200,000) or more inhabitants by the consolidation of the functions of government or by contract between any political subdivision(s) located within the county and any other political subdivision(s) located within the county or with the county; providing for an election and the issuance of a proclamation therefor.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That the Constitution of the State of Texas be amended by adding a new Section in Article III, to be known as Section 63, reading as follows:

"Section 63
(1) The Legislature may by statute provide for the consolidation of some functions of government of any one or more political subdivisions comprising or located within any county in this State having one million, two hundred thousand (1,200,000) or more inhabitants. Any such statute shall require an election to be held within the political subdivisions affected thereby with approval by a majority of the voters in each of these political subdivisions, under such terms and conditions as the Legislature may require.

(2) The county government, or any political subdivision(s) comprising or located therein, may contract one with another for the performance of governmental functions re-

quired or authorized by this Constitution or the Laws of this State, under such terms and conditions as the Legislature may prescribe.

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held throughout the State on the first Tuesday after the first Monday in November, 1966, at which time the ballot shall have printed thereon the following:

"FOR the Amendment to the Constitution authorizing the Legislature to provide by statute for any county having one million, two hundred thousand (1,200,000) or more inhabitants to consolidate the functions of government and for such counties or any political subdivision(s) located therein to contract for the performance of functions of government."

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for the election and this Amendment shall be published in the manner and for the length of time as required by the Constitution and Laws of this State.
