## Saturday Election Holds Spotlight

### Next Tuesday Registration Time For Youths

O'Daniel, Mann, Johnson, Dies, Are Strongest

Boys Who Have Become 21 Since Oct. 16 Eligible

Assistants Are Named To Help Register Youths At Local Draft Offices

Next Tuesday, July 1, is R day for all youths who have attained their 21st birthday since last October 16.

In other words, all those who were not 21 on last registration day and who have since become twenty-one, are required to register Tuesday, as their older brothers did last October.

The place of registration will be the local draft offices at 210 North Austin, and the hours are between 7 a. m. and 9 p. m.

Registrars who have been appointed and who will serve during the day were announced Wednesday by the local board. They are Elmer Barron, Doug Hill, Walter Taylor and Homer St. Clair.

All youths who fall in this age bracket are warned that unless they register on this day they are subject to severe penalty.

Jim Neill Joins Coaching Staff Of Lamesa High

Jim H. Neill, of Lubbock, a graduate of Texas Technological College has accepted a teaching position in the Lamesa High School and will be assigned to teach history and assist Coach Lester Gregg with football for 1941-42 session. Mr. Neill's acceptance was received this week.

Mr. Neill taught in this field at Peoria after graduation from college and played a few years in professional football with the New York Giants as a backfield man. He was rated as one of the best players in the Southwest while a member of the Tech Matadors.

He has a good record as a student and this coupled with the athletic experience is calculated to enable him to be of valuable assistance in training athletic teams.

Rogers Attends Committee Meet In Austin Friday

V. Z. Rogers attended the annual meeting of the State Committee on Classified and Accredited Schools in Austin Friday, as a member of the committee. He reported that there are now 91 accredited two year schools and 1230 accredited four year high schools in this state.

The numbers being added now are much lower in number than in former years. Ten new two year schools and 12 four year schools were added to the lists this year to bring the total of accredited schools to the total of 1321. No report was made by the elementary division for accredited schools added this year. The high schools have just about all reached the accredited stage but there is a large number of elementary schools yet to be classified and accredited and improvements are being made in accredited schools for negroes. Inspections of schools is done by the Deputy State Superintendents in their respective districts.

Singing School To Start At Bryan St. Church

If you are interested in knowing more about singing, then don't fail to attend the singing school that will be taught at the Bryan Street Baptist Church, beginning June 30. The school will run for three weeks, five nights a week. The price will be \$2.00 for one student, or \$4.00 for the entire family.

Abilene College Quartet To Appear Here

Abilene Christian College's male quartet will present a program at the Lamesa Church of Christ on Tuesday evening, July 1. Personnel of the quartet is (left to right) Eric T. Moore, of New Market, Alabama, first tenor; Leon Locke of Columbia, Tenn., second tenor; Wayland James of Friendship, Tenn., baritone, and James Black, Denver City, Texas, bass. W. R. Smith, vice-president of ACC, will accompany the group on this two month's tour into seven different states. The quartet is recognized as one of the best in the institution's history and as one of the most outstanding collegiate groups in the Southwest. During the past year it has been unusually popular for civic programs, radio broadcasts, religious singing, and all kinds of campus programs.

Each Week Sees Courier Subscription List Grow

Eight More Dawson County Men Called For Induction In Army On Tuesday, July 8

Additional Questionnaires Are Sent To Men Covering Order Numbers Up To 1,350

The Dawson County Draft Board this week announced that eight more Dawson County Selectees have been called for induction notices.

The following men have been called on Tuesday, July 8. Order No. 58 Roy Frank Powell, 721 Robert Louis Carter, No. 736 No. 689 Joel Franklin Crow, No.

Magnolia Offices Moved To Shook Tire Co. Bldg.

Attention is called to the ad of Bernie Holt in this issue of the Courier, announcing the removal of his Magnolia Wholesale offices to the Shook Tire Company across the street from the City Hall.

The Shook Tire Company is also announcing the enlargement of their quarters which takes in the building adjoining them on the east. This is also owned and operated by Mr. Holt.

In the new set-up they will be able to handle a much larger and more complete stock of tires. They will also have a complete stock of oils and greases at the offices for the convenience of their customers.

Look up their ads in this issue and call around and see their newly enlarged and remodeled quarters.

Lamesa Lobos To Return Home Saturday; To Play Double Header Sunday

Saturday Night Will Be Ladies Night; Team Will Leave Monday For Series Of Games At Big Spring

The Lamesa Lobos will return to Lamesa Saturday night for a three game series with the Lubbock Hubbers.

The two teams will play a single game on Saturday night and a double-header Sunday afternoon. The team will then journey to Big Spring for a three game series, opening Monday night, returning to Lamesa, Thursday night for a single game and then to Big Spring Friday, July 4, for a double header with the Bombers.

With the season practically half gone, the Lobos are still in the first division and with the pitching they have received during the past

Special Rate Of \$1.00 Per Year In Effect In Dawson And Adjoining Counties

Check the expiration date on your Courier this week and if it says 7-41, then your time expires with this issue. If it reads 8-41, then your time will be out the first of August. If it reads anytime within the next few months, then it is your cue to get busy and take advantage of the Subscription Bargain Offer which the Courier is now making.

During this special event, if you live in Dawson or adjoining counties, you can get your paper renewed for only One Dollar, or if you are not only taking the paper, you can get it a year for the same price.

As the Special Bargain Days are for a limited time only, you are urged to get your dollar in now, lest you miss a copy of the paper. All subscriptions will be dropped from the list as they expire, a custom which has been followed for many years by the Courier. It is impossible to send personal notices to all, when their time expires, and you are asked to take this as a personal message, if your paper has expired. You can tell by checking the figures after your name on the address, when your paper expires.

Can you afford to take a chance on missing a copy of the twice a week Courier, when it costs you less than one penny per copy? Bringing you the news of the country, city and your own individual community, as well as Associated Press news and features. And, too, the many values which are listed in every issue of the paper, have proven one of the most popular features of the paper and many subscribers report that they save enough by shopping one issue of the paper to pay a year's subscription.

But, whatever you do, don't put it off too long, for these Bargain Days are positively limited and when they are over, the regular price will be charged for the paper.

DEFENSE SCHOOL STAYS OPEN The National Defense School, which has been conducted in Lamesa for the past several months, was scheduled to close on June 30, but word was received from Washington Wednesday that the school will remain open until August 30, provided the sufficient interest continues to be shown.

few games, they are likely to be in the top division when the season ends, although there are three other clubs in the lower half who are staging a desperate battle to oust the Lobos from the coveted spot.

The Big Spring Bombers continue their phenomenal winning, much to the chagrin of those early season prognosticators, who prophesied that mid-season would find the Bombers going into a tailspin. They may do it yet, but up until now they have shown such a fine pitching staff that they look good to continue. It will be recalled that

Kids Under 15 To Attend Home Ball Games Free

Well, the kids of Lamesa and the surrounding territory must have done a swell job on Friday night, June 20, when they were guests of the Lamesa Ball Club, for it was officially announced Wednesday, that until further notice all boys and girls who have not yet reached their fifteenth birthday will be admitted absolutely free to home games at Lobo Field.

But in doing this the officials are going to ask a favor of the children, and that is that they sit in a group on the south bleacher section. This is located right behind third base and is one of the best spots in the stands to see the games.

And kids, here's a secret, if you sit in the place provided for you, it will really cooperate in this and it is more than likely that you will continue to be admitted free all through the remainder of the season, but if you don't—well it might mean that the officials will change their minds about continuing to let you in free. So, won't you be sure and sit in the place set aside for you?

The Courier Will Print Day Early On Account Of July 4th Holiday

The Courier will be published on Wednesday night instead of Thursday next week, on account of the Fourth of July coming on Friday.

As there will be no mail delivery on the Fourth, and the paper would not reach the subscribers until Saturday, it was decided to advance the publication day.

It has been suggested by several grocers that the week-end specials could be run for Thursday and Saturday, with all the stores remaining closed throughout the day Friday. This would give the shoppers of the area

time to take advantage of these specials in the usual manner.

The co-operation of all advertisers and contributors of news and other articles is asked in this earlier publication, next week.

Although no definite announcement has been made, it is understood that all stores will be closed Friday. In past years the Fourth has been observed in Lamesa, unless it fell on Saturday.

Shoppers are asked to remember this and to do your shopping Thursday and Saturday, instead of Friday and Saturday.

Local Red Cross Makes A Total Of 377 Garments In Legion Sewing Room

The Dawson Chapter of the American Red Cross, Sewing Division, under the supervision of Mrs. Louis B. Reed, have completed their first quota of garments and these have been shipped. The new quota was received this week. Garments made and shipped by the local chapter include the following:

Hopper Seige Is Due; Agent Tells How To Poison

Each day it appears more evident that Dawson County farmers are likely to experience some difficulties in 1941 from grasshoppers. The present grasshopper population is relatively high as compared to 1940 and even 1939. Once pastures start to mature or "firing off" the grasshoppers will likely begin to move into croplands.

Farmers can control grasshoppers with the old time "poison bran mash." This mash is made up of 25 pounds of bran, 1 pound of white arsenic, 1 ounce of acyl acetate, 2 quarts of molasses, and sufficient water to moisten the mixture. This mash can be hand sown at the rate of about 10 to 12 pounds of the "wet mixture" per acre.

Farmers should remember that the time of broadcasting the poison determines the kind of control that will be secured. Grasshoppers seldom feed when temperatures are under 70 degrees or over 85 degrees. Best time for broadcasting the mash is from daylight until about 8:30 in the morning. Do not pile the poison mash in mounds or piles. Be sure to sow it broadcast into the wind. When broadcasting the poison be sure to work both sides of the fence row.

MOVE TO BIG SPRING

Mr. and Mrs. Ike Houston and family will leave this week for Big Spring where Mr. Houston will engage in the grocery business. He will be located on the Lamesa-Big Spring highway, between the Caprock Service Station and Big Spring. He is former owner and operator of the One-Stop Grocery and Market in Lamesa.

28 children's cotton dresses size 2; 59 boys' shirts, size 6 to 14; 46 hospital pajamas, 36 to 40; 22 women's cotton dresses, 36 to 44; 5 pair cotton pants; 7 women's knitted sweaters; 5 men's knitted sweaters; 44 children's knitted sweaters, size 4 to 12; 10 black crocheted shawls; 7 afghans; 100 children's woolen dresses, sizes 4 to 14; and 44 layettes.

This makes a total of 377 garments finished and completed and already shipped.

The new quota is much larger than the previous one, calling for a total of 708 garments, and Mrs. Reed states that if the quota is completed they must have the co-operation of as many women as possible. It was stated that there was plenty for every woman to do, regardless of whether she can sew or not. Every woman who can possibly do so, is urged to report to the sewing room in the American Legion Hall, which is open all day each Tuesday and Saturday, as well as Friday afternoons.

Here is the list of the new quota: 32 men's sweaters; 64 women's sweaters; 128 children's sweaters; 30 children's knitted shirts; 72 bed shirts; 100 layettes; 192 girls' cotton dresses and 150 woolen shirts for boys.

Six Schools Of County Are Granted Classification Increases During Term

This Addition Brings To Twelve The Number Of Accredited Public Schools In Dawson County

Word was received today from the State Superintendent that six rural schools of Dawson County have been placed on the accredited list for the school year 1941-42.

McCarty and Woody were both granted permanent elementary accreditation. This is Woody's first year as a permanently accredited school and McCartney's second. Key, Munger, Mt. Olive, and O. K., are classed as temporary accredited schools and will remain such for three years before being granted permanent rating. These six schools, together with

"I Wanted Wings" Coming To Palace Sunday-Monday

"I Wanted Wings", the picture that has brought new thrills, new understanding of the Air Corps, as well as the most breath-taking excitement you could imagine, is coming to the Palace Sunday and Monday.

"I Wanted Wings" is up in the stratosphere as genuine motion picture entertainment. The audience will share the emotions of Ray Milland, William Holden and Wayne Morris, three young Air Corps Cadets at Randolph Field as they go through the flying course, the first time up, the thrill of soloing, dive bombing and the terror of the crashes. However they have their fun too and there are moments of hilarious comedy in the picture.

Veronica Lake, a blonde bomber, is the gold digging night club singer who almost ruins the careers of the cadets as she hides in a bomber and causes it to crash.

There can be no doubt that "I Wanted Wings" has captured the spirit of those who want to fly and that hundreds of young men will want to join the Army Air Corps in these times of defense needs.

Here is truly a "must" picture on your theatre list. Remember it will be at the Palace Sunday and Monday.

Morris Pharmacy Installs Air Cooling System

Attention is called to the announcement of Morris Pharmacy in this issue of the Courier calling attention to the recent installation of a modern air conditioning unit in their store.

Their building is now comfortably cool on the hottest days. "We feel that this additional service will add greatly to the convenience and comfort of our customers," B. F. Morris, owner and manager of the store stated.

The new unit is mounted in the north end of the building and brings an abundance of fresh, cool air, from the outside.

Air Waves Have Been Filled With Charges and Counter Charges By Candidates

With the special election Saturday only two days away, candidates and their friends have shifted into high gear in their campaigning.

The radio waves have been filled with charges and counter charges throughout the past several nights, and the candidates themselves have made wide swings which have seen them in every corner of the state.

Lamesa has been visited by all the leading contenders, including Dies, O'Daniel, Mann, Johnson and Morris, among whom it is considered will be the high man when the votes are counted.

The election, as has been stated, is for the purpose of electing a successor to the late Morris Sheppard, to the United States Senate.

There are twenty candidates, including one Republican, in the race for this office. It is considered a sure bet, however, that a Senator will be chosen from the first four names mentioned above.

Pre-election estimates on the size of the vote vary considerably. As this is an "off-election" year, there are countless thousands throughout the state who have not paid their poll taxes and who will therefore have no vote Saturday.

It is estimated that the state will poll between five and six hundred thousand votes. No estimate has been made as to the number this county will poll.

An appeal is being made by all the candidates and their friends, for everyone who has a vote coming to make every effort to cast that vote Saturday.

There will be no run-off, as the candidate who receives a plurality, will be declared the winner.

No Lawn Services Saturday Due To Election

The Dawson County Ministerial Alliance announces that because of election laws, there will not be any services on the court house lawn this Saturday afternoon, June 28.

Saturday afternoon services will be resumed next Saturday, July 5, and everyone is urged to be present.

Secretary of Dawson County Ministerial Alliance.

IS SECOND LIEUTENANT Audrey Boswell reported to Fort Sam Houston, at San Antonio, on June 16. He goes in as a Second Lieutenant.

Wants Pullets; Advertises; Gets Pullets

The pulling power of Courier Classified Ads was again forcibly demonstrated this week, when a customer ran a small classified in the Monday issue for White Leghorn pullets.

The ad ran Monday afternoon and Tuesday the customer got the chickens.

When it is considered that White Leghorn pullets are a scarce commodity in this section, and dealers in chickens report a scarcity, then it really means something that this customer could find what he wanted merely by spending a few pennies.

Maybe you don't want to buy any chickens, but it is highly possible that there is something you would like to tell a whole lot of people about. Maybe you have something to sell, rent, or want to buy something else. Whatever it is, you will find, like the above customer, that the easiest and cheapest way to let the most people know about it, is to run an ad in the Courier Classified Section.

Write buyers and sellers up and read the Courier Classified Ads for profit.

If the boundary between states not change when the channel is in the middle of a stream, it does shifted by the works of man.

Still less engine wear—still more oil Economy —from this proved New oil that still brings OIL-PLATING

Single 5-quart fill defies Death Valley for 13,398 miles...Certified

The celebrated Conoco Germ Processed oil patent first made it possible for Conoco to bring your engine OIL-PLATING—lasting lubricant with magnet-like attraction for inner engine surfaces. Thus OIL-PLATING can't all quickly drain down—fry up—"rub out" fast. And this same Germ Processed oil patent still assures an OIL-PLATED engine, after you change to the sensational new oil by Conoco . . .

Its name is CONOCO N<sup>th</sup> MOTOR OIL —Brings new Economy aid, besides OIL-PLATING

This popular-priced new Conoco N<sup>th</sup> oil that OIL-PLATES, can protect itself against today's worst cause of rapid consumption. How? . . . Just consider one truth about latest oil refining methods. Ridding oil of bad things may sacrifice some of Nature's best life-givers! The same happens, you know, in processing some foods. But today that loss is often made up by vitamin synthetics . . . man-made. And today the vigor otherwise sacrificed in any proper refining is more than made

### IMPARTIAL

Latest available products of 5 leading competitors bought retail by Referee.

Identical new cars broken-in alike, after engines had been taken apart for Referee to check uniformity.

up by patented Conoco Thialkene inhibitor . . . man-made . . . in Conoco N<sup>th</sup> oil.

Lasted 74% to 161% longer than 5 other big-name oils in fierce fair test

Across the Death Valley desert Conoco N<sup>th</sup> wrote E-C-O-N-O-M-Y. Locked in the engines of 6 new everyday cars—all alike—were 6 prominent oils, including Conoco N<sup>th</sup>. One 5-quart fill per car. Never another drop. No mercy. 57 miles an hour under impartial observation—under sun that'd singe you—till each fill gave out and the engine was junk.

Conoco N<sup>th</sup> outlasted the next-best oil by 5,683 miles; outlasted the worst by 8,268 miles; outlasted the average of all 5 others by 7,057 miles. All certified. But you don't put your car through tor-

ture-tests. For authorities warn you to change oil at regular intervals. No quarreling with that! Now, however, as you change to Conoco N<sup>th</sup> . . . the greater new oil that OIL-PLATES . . . set your speedometer-trip at 000. Keep track—and certify Conoco N<sup>th</sup> economy for yourself. Continental Oil Co.—Pioneers in Bettering America's oil with Synthetics

**CERTIFIED** I hereby certify that the Death Valley Test and related work were thoroughly and fairly conducted. Engine Destruction occurred in each case at the mileage stated.

WOMAN'S PAGE

Wedding Of Bertha Adcock And Marse Anderson Takes Place Monday Evening

The marriage of Miss Bertha Adcock and Mr. Marse Anderson took place Monday evening at 8 o'clock at the home of the bride's brother, Mr. and Mrs. D. L. Adcock. The bride is the daughter of Mr. and Mrs. J. W. Adcock of Haskell.

The Rev. Almon D. Norris, a brother-in-law of the bride, pastor of the First Baptist Church, Lovington N. M., performed the ceremony before the mantel which was banked with Picardy Gladiolus. On either side of the mantel were large baskets of white peonies and smaller baskets of Bridal Wreath.

A tailored blue crepe suit was worn by the bride, with white accessories. She carried a colonial bouquet of Gardenias and Sweetheart rose buds, tied with a silver and white ribbon.

The bride is a former student of the Lamesa High School and has also attended NTSTC in Denton. Mr. Anderson, has also attended

NTSTC and is now employed with the Valley View Beacon, at Valley View, Texas.

After a short wedding trip, Mr. and Mrs. Anderson will make their home in Valley View.

Out of town guests were Mrs. A. B. Carver, Houston, Mr. and Mrs. James Adcock, Morton, Mr. and Mrs. A. D. Norris of Lovington, and Mr. and Mrs. J. W. Adcock, Haskell.

**HERE FOR CONFERENCE**  
W. H. Seale, SMA Area Cotton Stamp Representative, was in Lamesa, Thursday, June 26, for a conference with B. J. Baskin, County Agent.

Definite action plans were made so that eligible farmers could receive the benefits of the 1941 Cotton Stamp Plan as soon as they receive their Stamps.

Mr. and Mrs. H. C. Hornbeck and son spent the week end in Arkansas visiting with friends and relatives.

MRS. ROSCOE HOLTON HOSTESS TO TUESDAY BRIDGE CLUB

Mrs. Roscoe Holton was hostess to members and guests of the Tuesday Bridge Club Tuesday afternoon at her home.

In the games of the afternoon Mrs. Fred Reese was awarded high score and slam prizes went to Mrs. J. L. Sypert and Mrs. Elsie Burleson.

At the conclusion of the games a salad course was served to Mesdames Jack Phinizy, W. D. Arnett, J. L. Sypert, Gordon B. McGuire, Tom Burnside, Elsie Burleson, Fred Reese, Procter.

Wedding Of Nina Bennett And Howard Brown Is Announced This Week

Word was received in Lamesa this week, announcing the marriage of Miss Nina Bennett, daughter of the late Dr. and Mrs. W. H. Bennett, to Mr. Howard Brown of Los Angeles.

The wedding took place April 7 at New Braunfels, at the Baptist Parsonage, with the pastor of the First Baptist Church reading the impressive ring ceremony.

The bride was a member of one of Dawson County's pioneer families, and a former student of the Lamesa High School. Mrs. Brown has attended Baylor University at Waco for two years and this past year has attended the University of Texas.

Mr. Brown is a graduate of the University of Southern California and is teaching in the Department of Engineering at the University of Texas. He is a member of the Pi-Tau-Pi Fraternity.

BEGINNERS DEPT. ENTERTAINED WITH MORNING PARTY

Children in the Beginner Department of the First Baptist Sunday School were entertained with a morning party by the officers and teachers of the department, at the home of Mrs. H. B. McMullen Tuesday morning.

The shady back yard gave an ideal setting for such a merry group. The children enjoyed various games, also celebrating Audeth Lou Campbell's birthday, which happened to fall upon this special occasion.

The party was climaxed by an interesting story told by Mrs. Mildred Barron of a "rabbit who wanted red wings, and after he had secured them he became so unhappy the rabbit never again wished to be different to what God had made him."

Dixie Cups of ice cream were served to 31 children and 12 workers. Colorful whistles were given as souvenirs.

GIRL SCOUTS PLAN SUNRISE BREAKFAST

The Girl Scouts of Troop No. 3 met Wednesday, June 25. Outdoor games of bean bag, toss, and quilts were played.

Following this a business meeting was held, and it was decided that we would have a sunrise breakfast on July 8. Committees were appointed and will report next meeting. Members are urged to be present next Tuesday at 4 o'clock, and complete plans for the breakfast.—Reporter.

Doris Ragsdale, Mary Ellen Tarter, Wilson Wright and Van Green spent Sunday in Seminole visiting with friends.

Miss Dorothy Bidwell spent the week end in Altus, Oklahoma, visiting with relatives and friends.

Dunlap-Buckalew Marriage Rites Read May 6 At Tahoka

HOMEMAKERS TENTH MONTH CLASSES PROVE INTERESTING

On the last day of the summer course, the Homemakers Girls made a tour to see what the various class members had done during the summer. First they went through the department to view class group projects. One girl from each group told what had been done.

The Year Book committee made in their talk that they had made the skeleton for the year book of next year and had chosen as their theme Friendship, and Blue and White as the colors. In the dining room, curtains were made and the chairs covered. In the bedroom, curtains and a bookshelf were made and a floor mirror painted. In the clothing department, three Red Cross dresses were constructed to be sent to England.

After the department tour, six cars were waiting to carry the girls to the homes of several students. They went to the home of Martha Terry to see an outdoor fire place. Second to Peggy Jane Ragan's to see a bedroom which she had redecorated very attractively. Next to Nadine Wilson's who had been working on Yard and Alley improvement. Reba Faye Dudley upholstered a chair and painted the kitchen cabinet. At Ellen Jean James they saw a combination bedroom and living room. In this she made curtains and two bedspreads covered two chairs, and painted several more pieces. Last on the list was Betty Renner. She had redecorated a bedroom, painted a lovely blue and white bedroom suite and made curtains. She had also planned for storage and rearranged her cabinet.

After this they went to the home of Helen Barron where all enjoyed a picnic.

In the afternoon of Thursday, Nadine Wilson, Helen Barron and Willie Belle Burkhardt helped decorate the window display at Collins.

KLONDIKE W. M. U. MEETS JUNE 24TH

The Klondike W. M. U. met Tuesday afternoon, June 24, at the usual time. An interesting lesson in Royal Service was enjoyed during the afternoon. The subject was "Night in Europe." After the lesson a song service was enjoyed.

There were eleven ladies present. Th W. M. U. meets each Tuesday afternoon at 3 o'clock.

Perry Land is spending the week in San Angelo transacting business.

Mrs. Butler McGee is this week announcing the marriage of her sister, Miss Willie Mae Dunlap of this city, daughter of Mr. and Mrs. M. W. Dunlap of Morton, to James Sewell Buckalew, son of Mr. and Mrs. F. L. Buckalew, on May 6 at Tahoka.

Rev. George A. Dale of Tahoka read the ring ceremony.

Mrs. Buckalew is a graduate of N. T. S. T. C. Denton, and has taught school for the past several years. She is now teaching in the Lamesa Elementary School.

Mr. Buckalew is a graduate of the Lamesa High School and is now holding a position in Houston.

Mr. and Mrs. Buckalew are making their home in Houston this summer.

WEDNESDAY 42 CLUB ENTERTAINED WITH LUNCHEON

Members and guests of the Wednesday 42 Club were entertained with a one o'clock luncheon at the Dal-Paso Drug Store Wednesday.

After the delicious luncheon the group went to the Lamesa Country Club where games of 42 were enjoyed during the afternoon.

Those attending were Mesdames Joe Whitlow, Nelson Williams, Durwin Echols, Joe English, Jap Baldwin, Blaine Wiggins, Elmer Cope, Barney McKinney, Oliver Cates, Carl Peterson, Boyd Echols, Ebbie Lee.

Mr. and Mrs. Ulyess Dalmont of Littlefield spent Monday here visiting in the home of Mr. and Mrs. Hardy Morgan.

Miss JoNell Flaniken of Odessa spent Sunday in Lamesa visiting with her parents, Mr. and Mrs. J. R. Flaniken.

Mrs. L. E. Robinson of Ft. Worth and Miss Schell Merrill of Colorado spent Sunday here visiting in the home of their sister, Mr. and Mrs. J. R. Flaniken.

Leading the Field!

**LYNDON JOHNSON**

for U. S. **SENATOR**

Lyndon Johnson now leads the field in the Senate race as shown by a well known and widely quoted State poll. Other candidates admit his lead by their vicious and underhanded attack on his stand for Roosevelt and Unity. But their attack has failed and Lyndon Johnson is still the man they are all trying to beat.

What has caused this tremendous swing to Lyndon Johnson? The explanation is now clear:

Texans want a Senator trained for the job, a Senator who has the friendship and confidence of our great President. Administration leaders and members of Congress. Texans now know that Lyndon Johnson is that man and that he can get the job done for Texas.

Texans want unity of action and unity of purpose in this hour of peril. They know that Lyndon Johnson stands for Roosevelt and unity and action now. They know that his record of achievement for the Nation and for his District proves that his stand is sincere and can be fulfilled.

Join with Lyndon Johnson in a state-wide pledge of unity and loyalty to President Roosevelt. Let the world know that Texans stand united with all Americans in our fight to preserve our Democracy.

(This ad paid for by West Texas friends of Lyndon Johnson.)

**United Mine Workers of America**

WELLY K. HOPKINS  
SENIOR COUNSEL

UNITED MINE WORKERS' BUILDING  
Washington, D.C.

April 30, 1941.

Mr. Lyndon Johnson,  
Attorney at Law,  
Austin, Texas.

Dear Mr. Johnson:

My friend, Lyndon Johnson, having announced his candidacy for the United States Senate, I am writing to you about his.

No more capable, loyal and honorable man ever lived. He is young enough to be energetic and experienced enough to be mature in judgment. His record is a brilliant one, studied with innumerable instances of successful accomplishments. I believe in him without reservation and most deeply and sincerely commend him to you. His record in the Senate will reflect not only honor upon our State but time will, in my opinion, find him ranking among the great figures of Texas political history.

As my friend of long standing, let me urge upon you with all the sincerity at my command actively to support Lyndon. I have known him intimately for many years and I know that you will never have occasion to regret any assistance you may be able to render him.

Even though I have been most derelict in letting the years go by without writing or being in touch with you more frequently, I do hope you will write me, giving me your ideas on this race and at the same time telling me something about yourself.

Your friend,

Welly Hopkins  
Welly K. Hopkins

WCH:MR

Gerald Mann, who has consistently fought John L. Lewis and the C.I.O. in Texas, read the above letter in Abilene with the following comment: "I read this letter simply because during the past week some of the young Congressman's own workers have circulated the report that the C.I.O. as an organization is backing my candidacy. I am not the candidate of any organization or its attorneys. We have no right to object to the C.I.O. Mine Workers' senior attorney backing Congressman Johnson's campaign, but we do have the right to know that he is backing that campaign... and why."

There will be church next Sunday. Let's have a good crowd.

**TEXAS OUT-O-DOORS**

Catches "Prehistoric monster"

Catching of a twenty-five pound paddle fish, commonly, but erroneously called a shovelbill catfish, by H. F. Sims, an interior decorator of Electra, Texas, in Diversion Lake near Wichita Falls, not only created much comment in that part of the state, but caused considerable interesting data to be unearthed concerning this strange-looking fish.

The paddle, or snout, of the paddlefish is shaped exactly like a duck's bill. The snout of the fish caught by Mr. Sims was fourteen inches long. The mouth was about six inches in diameter and the hooked gills made the head appear almost a foot wide.

Paddlefish formerly were common, but due to the fact that their eggs are used as domestic caviar and that their flesh brings the highest premium on the eastern markets the species is becoming more rare each year, the executive secretary of the Texas Game, Fish, and Oyster Commission points out. The flesh of the paddlefish, when smoked, tastes much like sturgeon. Too, the fish have no bones in their bodies, cartilage replacing bones.

Paddlefish, along with gar, sturgeon, and grindle, have survived all stages of evolution. Each is still shaped exactly as it was during prehistoric days when mastodons and saber-toothed tigers roamed the world.

The unusual-appearing fish have been recorded as weighing as much as 162 pounds. One that size was caught in Indiana. It was six feet, two inches long and had a circumference of 4 feet.

Unusual Nest Site  
A pair of ruby-throated hummingbirds picked an unusual place in which to nest, according to the Dallas Morning News. The nest is suspended upon a loop of wire three floors above a concrete patio between The News office and an adjoining building. Workers in the surrounding offices are gravely concerned over the birds.

Apparently oblivious to their surroundings, the birds are going about their business of hatching babies in a nest the size of a golf ball. No mistakes must be made by the tiny birds when they try their first flights. Under them is a drop of three stories to hard concrete. Hummingbirds, especially brave

**Drivers Warned To Be Careful Over Holidays**

The Fourth of July will bring the biggest traffic jam in the state's history, the Texas Safety Association predicted today.

More important, it also will bring the biggest holiday traffic toll of the year, the Association warned — unless the extra hazard is met by extra caution.

More than 1,726,200 vehicles will pack the highways over the three-day holiday period, the Association said. They will travel 130,000,000 miles — the greatest total ever rolled up on the state's speedometers in any one week-end.

An estimated 30 persons will be killed and 360 suffer injuries in the annual jamboree of carelessness which marks Texas' observance of Independence Day.

This all-time high will result from the fact that defense production means full pocketbooks and full gas tanks. More people are driving more cars more miles. And over the Fourth thousands of soldiers will be going home on leave.

The vacation season will be in full swing. Traffic will be rolling in high gear.

To meet the threat of a record-breaking traffic toll, the Texas Safety Association called on every driver and every pedestrian to enlist in a state-wide effort to avoid accidents. City officials and civic organizations were asked to join in the campaign to cut the holiday toll.

About ten quarts of milk are required for a pound of butter.

**THE SPIRIT OF '41**

Right out on the other side of town—you know the turn at the first crossroads, up a little ways and you're there. What is there? Why it's Farmer Brown's wide rolling "north forty" of wheat. Nice crop he's got coming, too. There's brown himself, just coming in for dinner as the sun disappears. Farmer Brown's been working hard. Up before dawn, work through his chores then out to the fields to defend his country. He defends America with plough and cultivator, with seeds and sweat. You know that Farmer Brown's wheat will be flour and bread in army camps and in the stores and pantries of millions of people in this country and abroad.

Part of Farmer Brown's wheat will go into bread that will go on the breakfast table of Frank Smith, Smith's a businessman . . . runs a factory . . . has \$5,000,000 in defense orders. Smith eats his toast at breakfast and rushes off to his office. His plant makes farm machinery and tanks, tractors for hauling ploughs and guns. His plant is on a 24-hour schedule now, seven days a week, so Smith puts in lots of hours at his desk, and he's studying plans for an additional space to the plant. He's defending his country at an office desk, applying brain power to production problems, investing money that will increase national security.

Joe March is a turret lathe operator—his foreman says you can't beat Joe for precision work on machine tools. And Joe March puts in a lot of work, too, for Frank Smith needs machine tools to turn out tanks for the army and tractors for Farmer Brown. Measurements in thousandths of an inch are important to Joe—and to the country. Joe works fast and well, and after his shift is over goes home to a little white house he's just built, and the wife and kids waiting there.

THE SPIRIT OF '41 is all around us. You can find it in the army and in the navy, and in the offices, factories, stores and farms of the country. There is no fanfare . . . no conscious conceit that here we're making history. There's simply a job to be done . . . and it's being done with traditional American energy and speed. Work for defense is the watchword, so armies are being assembled and civilian soldiers like Farmer Brown, Frank Smith and Joe March are rushing to equip them. Factories are running full blast to keep the navy afloat, tanks, guns and planes are pouring off assembly lines. The Spirit of '41 is the Spirit of '76, it's the Spirit of America and it's getting things done. We're working together to preserve the things we believe in.

**RAILWAY LABOR UNION DEMANDS WOULD COST 900 Million Dollars A YEAR**

**T**HE labor unions have made their demands upon the railways of the United States—and through the railways upon the PUBLIC. These demands are vastly larger in proportion than any they have ever made. The economical and efficient operation of the railways is vital to the nation's defense effort. Therefore, the Western Railways present to the public the following facts:

In addition, certain of these labor unions have demanded advances in their pay not included in the above figures, and more rules for the creation of unnecessary jobs.

The situation, then, is this: The total cost of complying with all the demands made would be approximately 900 million dollars a year!

The labor unions representing engineers, firemen, conductors, brakemen and switchmen are demanding a 30 per cent increase in wages, amounting to 190 million dollars a year—although their present rates of pay are the highest in history.

Other unions representing a greater number of railway employees are demanding wage increases ranging as high as 95 per cent—averaging 47 per cent—and amounting to 580 million dollars a year—although their present rates of pay also are the highest in history.

Thus the wage increases being demanded by the labor unions amount to 770 million dollars a year, an average increase in excess of 41 per cent.

The average weekly earnings of railway employees are now 15 per cent higher than in the peak year 1929, while the cost of living is 12 per cent less.

The demands of the railway labor unions are being made when the entire nation has just been asked to make a supreme effort for National Defense.

The railways cannot meet these demands without a great increase in the cost of transportation. They exceed by more than 700 million dollars the income that the railways had left after paying their annual expenses, taxes and charges in 1940.

The railways have a vitally important job before them. They need all their resources to continue adequately to serve you and contribute effectively toward the National Defense Program.

## Annual Report On Schools Of County Proves Highly Interesting Reading

Figures Reveal, Among Other Things, That There Are More Boys Than Girls Enrolled In Schools

The annual report concerning the common school districts of Dawson County which is made to the State Superintendent each year reveals some interesting facts. In the Mt. Olive, O. K. Mullins, Grandview, Woody, Bartlett, Liberty, McCarty, Munger, and Harmony school districts, the total assessed valuation has increased \$98,850, to a total of \$2,084,605.

The total enumeration of scholars show 801 for the coming year as compared with 808 last year. These children less the transfers out plus the transfers in, were taught with 23 teachers, while the past year 25 teachers were employed. The average length of term was increased from 160 1/2 days per school to 165 1/2 days.

The average daily attendance was increased from 328.3 to 341, with almost the same scholastic enumeration. This is a good indication that schools were able to hold the interest of parents and pupils more completely and were therefore of better quality.

The average tenure of teachers in the rural common schools is four years, while the average experience is five and one-half years. Only one teacher in the county has been in the same position longer than six years. Eight of the twenty eight has over 11 years teaching experience.

Eight hold bachelors degrees, 17 have three years college work, and three have only two years in college.

The average salary for the principals is \$909.00 and for the teachers is \$803.00. All teachers are paid according to the state salary schedule.

The top-heavy enumeration of boys this year is interesting. In the elementary schools 244 boys have been counted with only 186 girls. In High school there are 33 boys with 27 girls. The boys total is 277 with the girls 213. This gives a majority of 64 boys. In previous years the percentage of boys to girls has been fairly even.

The common school districts last year operated 8 school buses, seven of which were for the purpose of transporting high school pupils to the high school most accessible. Two of these buses carried high school pupils to O'Donnell, one served the Woody District alone, and five brought pupils to Lamesa.

Seven of these buses were owned by the schools and one by an individual. They traveled 384 miles per day or a total of 61,440 per year.

The total cost of transportation was \$7,083.00. This means that they operated at a cost of 11.3 cents per mile.

The plan of operation for years

## Canning-

(Continued from Page One)

Lamesa, July 2, Old Band Hall, 9:00 A. M.  
Klondike, July 2, School Building, 1:30 P. M.  
Harmony, July 3, Mrs. Willie Isaacs, 1:30 P. M.  
Munger, July 7, 1:30 P. M.  
McCarty, July 8, Mrs. Fred Roney, 1:30 P. M.  
Key, July 9, School Building, 1:30 P. M.  
Spartenberg, July 10, Five Mile School Building, 1:30 P. M.  
Welch, July 11, School Building, 1:30 P. M.

Due to the crisis which we are now facing it is imperative that people who have the opportunity conserve adequate supplies of food. Much spoilage in canned foods may be due to improper methods used in canning or defective pressure cooker gauges.

One does not only wish to can food to make it keep, but to make it safe for consumption with the greatest amount of food value retained. At the demonstrations one will have the opportunity of seeing pressure cooker gauges tested and the latest methods and principles in canning employed. Everyone is invited to attend one of these demonstrations.

Dorothy Caldwell and Billie Caldwell of Alpine are visiting with relatives and friends here this week.

has been the 7-4 plan, but by common consent, Dawson County joins all other counties of the state in adopting the 12 year plan or an 8-4 system. To the layman this means 8 years in the elementary school and four years in high school.

## Cotton Stamp Plan To Soon Be In Effect In County

The 1941 Cotton Stamp Plan will soon be in operation throughout the Cotton Belt. This Cotton Stamp Plan is an attempt on the part of the Surplus Marketing Administration to (1) put more cotton goods in the hands of the farmers, (2) reduce by voluntary action on the part of the farmers the 1941 production of cotton and (3) to prevent the further piling up of surplus cotton.

## Baseball-

(Continued from Page One)

Jodi Tate, manager of the Bombers, as skipper of the local squad for two years, started out with a winner, only to see them slump when the season waned. It was upon this record that predictions have been of the Bombers.

In second place is the Berger Cassers who have a hard hitting crew, likely to wreck the hopes of any opposing hurler at any time.

The third spot is held by the Pampa Oilers who have shown a steady brand of baseball, although on their part and a winning streak nothing sensational. A slight slump by the locals could change this picture.

Immediately behind the Lobos, in fifth place Wednesday, were Lubbock, Amarillo and Wichita Falls, all in a tie, with Clovis only slightly behind to hold the cellar spot.

You are assured of a good game Saturday and the results of who will be in the playoff in September, is still a matter to guess about.

Once the farmer receives his Cotton Stamps he may purchase cotton goods made of American cotton by American manufacturers.

Stamps must be used to pay for purchases when made. They can not be used to pay past due bills for cotton goods.

Once the farmer receives his Cotton Stamps he may purchase cotton goods made of American cotton by American manufacturers.

## Singing-

(Continued from Page One)

Mr. Wallace H. Combs of Mount Pleasant, Texas, will do the teaching. We will like you like Mr. Combs, and we also believe you will like his teaching. Mr. Combs is no new hand at the singing business, as he has been teaching and singing for a number of years.

In the absence of the pastor of the church, Mr. Combs will fill the pulpit on morning and night, Sunday, June 29th. Mr. Combs is not a preacher, but is a great singer and Christian worker and we feel sure you will enjoy hearing him speak as well as sing.

For further information about the singing school, call at Campbell's Grocery and Market or Covington's Laundry.

W. E. Lee, Pastor.

## Announcement...

At the request of the Treasury Department we announce a new feature of interest and service to many readers who are buying or will buy Defense Saving Bonds and Stamps. This will be called the Defense Bond Quiz, and will start in next week's issue.

The questions will be chosen from among those asked by most Bond and Stamp buyers. The answers will tell what the new Defense Savings Program means to the individual and to the Nation.

## Hospital News...

Mrs. Marvin Dees underwent minor surgery June 18.  
Mrs. W. O. Moore underwent major surgery June 19.  
Mr. and Mrs. W. Jack Dyess are the parents of a baby girl born June 20.

## Play Written By Lamesa Boy Is Staged At Austin

An article was printed in the Courier some time ago telling of the writing of a play by Dwight Morris and Theodore Aspteln, students in the University of Texas. Dwight is well known in Lamesa, having graduated from the Lamesa High School. He is the son of Mr. and Mrs. J. L. Morris, of this county.

The play, "Manana is Another Day," was first produced last August by the Pan-American Theatre in Mexico City, the Curtain Club produced it last fall and the Pasadena Playbox produced it last year.

The Department of Drama, College of Fine Arts of the University of Texas, produced the play in Austin on June 17 and 18 of this year.

Miss Marguerite Flanken, daughter of Mr. and Mrs. J. R. Flanken, of Lamesa and a member of the Lamesa School Faculty, was a member of the production staff in the production at Austin. She is attending the University there this summer. She was head of the Building and Paint crew.

"Manana is Another Day" was produced for the second time by the Pasadena Playbox on June 17, the same day as the University.

Those who had the opportunity of seeing the play in Austin, report that it is of the very highest type and interesting and entertaining.

**SGT. RIDGEWAY HERE**

Sgt. Pat Ridgeway, who has been stationed at a Naval Air Base in the Hawaii Islands, visited friends in Lamesa Wednesday. He is enroute to Fortress Monroe, Va., where he will attend a special Naval school.

**RECEIVES PAPERS ON HEIFER**

Earl Hatfield, 4-H Club Boy of the Munger community has received the transfer papers on his registered Jersey heifer. This five months old heifer is one of the three demonstrations that Earl is carrying in his 1941 club work.

This young heifer was sired by Progress Ming Toy Owl, sire of 14 daughters that have produced an average of 610 pounds of butter fat. Her dam is Masterman's Miss Hazel.

Mr. and Mrs. Dick Hart of Searcy, Arkansas, and Mr. and Mrs. Culver Hart of Carlsbad, N. M., spent Tuesday here visiting in the home of Mr. and Mrs. Lynn Parkinson.

Wright Grant Boyd has returned to Lamesa after spending several weeks in Hamlin visiting with his grandparents, Mr. and Mrs. W. L. Boyd.
