Farmers Of County Called In Electrification Meeting

Discussion For Local Projects To Feature Meet

District Court Room Be Scene of Meeting

A meeting of all rural home owners in Dawson County has been called for next Monday night at 8 p. m. at the District Court room in Lamesa, for the purpose of discussing plans for Rural Electrification in this county.

Garland Pennington, with the Lyntegar Electric Co., with headquarters in Tahoka, was in Lamesa Wednesday making plans for the meeting and talking with citizens of the county about electrification.

This company now has two sections of line under construction in Hockley and Terry County, and have several miles already in operation.

It is explained that the government finances the construction of these lines, where as many as three homeowners to the mile are selected along the route.

Many counties over the United States have taken advantage of the opportunity afforded by the Federal Government in financing this construction, and several rural homeowners in Dawson County have been working on this project for some time.

"We want every rural homeowner in the County to come to this meeting and let us explain in detail just how the plan works and how we have worked it in other sections," Mr. Pennington said Wednesday. "There is no obligation to anyone who attends the meeting and we feel that everyone is interested to know just what it will cost him as an individual to bring electricity to his home."

New Water Pump For City Water Plant Delayed

Will Be in Operation Within Next Few Days

The additional water pump ordered last week by the Lamesa City Commission to supplement the output of the water system, was due to arrive this week, but an unavoidable delay in shipment, held up the proposed installation this week, but information has been received that the pump will be here next Monday and should be installed Tuesday.

Mayor Marr has asked the cooperation of the water users in Lamesa to be as conservative as possible.

Jud Watson Wins Trip to Colorado

Agents of the Southwestern Life Insurance Company will meet for the first time in the Company's history beyond the borders of Texas when the 35th annual convention of the Southwestern Life Club is held in Colorado Springs, Colorado, June 16, 16 and 17. President C. F. O'Donnell announced today.

More than 300 agents and their wives, bringing the anticipated attendance to approximately 500, will attend. Southwestern Life Representatives, by producing a specified volume of business during the previous year, win the right for themselves and their wives to attend the Company's annual conventions with all expenses paid. The Broadmoor Hotel, resort mecca of Colorado, will be convention headquarters.

Jud Watson, Lamesa representative of the Southwestern Life, and Mrs. Watson will go to Colorado Springs for the convention.

Classified Getting Results

There is hardly a week passes that the Courier does not hear from its classified advertisers of the phenomenal pulling power of these little salesmen.

If you have a spare bedroom to rent, a washing machine for sale, a mule to trade, or countless other things which these little workers can assist you in, then drop in the Courier office and place a classified in the paper.

The average cost of these classifieds is only a quarter and the results obtained are almost unbelievable.

Take advantage of this column. Read it for profit—use it for results!

CLEAN-UP CAMPAIGN

Citizens of the City of Lamesa will be offered the opportunity beginning next Tuesday to participate in one of the finest moves for the betterment of living conditions imaginable. That is the opening day of the mammoth Clean-up and Paint-up Campaign, being jointly sponsored by the Chamber of Commerce and the City of Lamesa.

Here is an opportunity for each of us, as citizens of this community, to do something for our community. It will take small effort on the part of each of us as individuals and collectively we will have accomplished a feat of which we will be justly proud.

Lubbock, our neighboring city on the north, has won the cup in the State of Texas for the cleanest city for nine consecutive years and they are going after the laurels this year in a big way, and what can, and has been accomplished there, can also be done in Lamesa.

From purely a selfish standpoint, every citizen in the town should lend his wholehearted support to this worthy undertaking, for a clean city is a healthy city.

When visitors come to your home from other sections, can you drive them over your home town with pride, or do you have to apologize for the untidy condition which prevails in many cities? It is a matter for you as a citizen to decide, whether this will be a successful campaign, or one that will fail, simply because each individual didn't feel his responsibility as a citizen.

The leaders of this movement are devoting a great deal of their own time, the city has put up quite a bit of money, every cooperation is being offered you, with only your help and cooperation asked in return. What do you say, Lamesa? Let's back this campaign with our time, effort and cooperation, to the extent that Lamesa will be the cleanest city in all West Texas!

Publicity Campaign For Tornado Club Rodeo Gets Under Way; Opens July 20

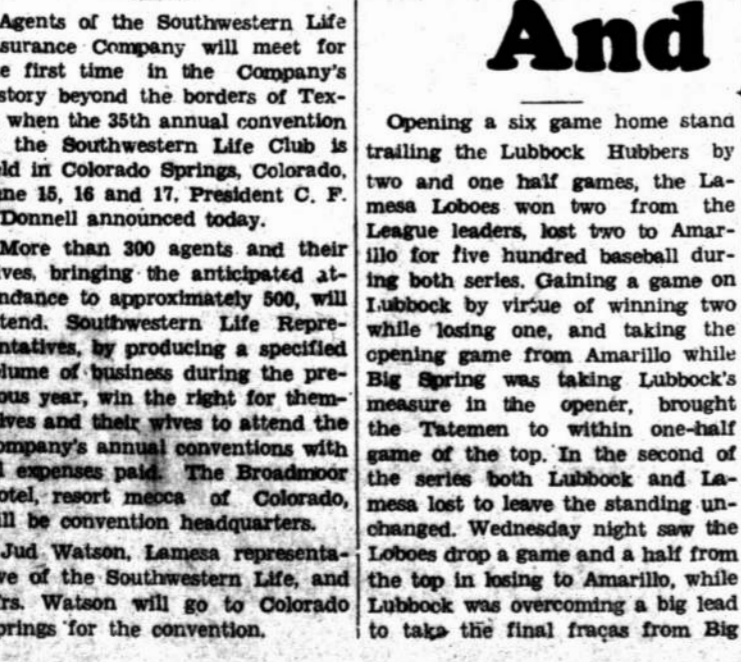

With the arrival of a large number of highly illustrated window cards, posters, street streamers, billboard displays, and automobile advertising, the first literature heralding the approach of the Tornado Club Big Annual Rodeo, was distributed in Lamesa this week.

The rodeo, to be held here July 20th and 21st, promises from advance information to be among the best ever attempted in this city. As has been explained before, this will be strictly an amateur affair, with professional performers barred from competition. This is being done with the idea that local cowboys, as well as a large number of amateur performers from this section will be attracted to the affair in view of the fact that they have a better chance to win against competition of their own class, whereas if professionals were admitted, amateurs would have no chance of winning.

Ollie Cox, owner of the Double Heart Ranch near Sweetwater, will furnish the stock and put on the show. They have directed some of the largest shows in this section of the country. They will bring a large number of cattle and other livestock for the local show.

The scene of the event will be Lobo field, where comfortable seats, already constructed, will be available for patrons. It comes at an opportune time, as the Lobos will be away from the city on a road trip covering a nine-day period.

Courier Bargain Rate Continues To Attract Scores Of Subscribers

Once again many people of this trade territory are availing themselves of the opportunity of securing the Courier at half price, during the special Summer Bargain Days, which are now in effect.

With the subscription price cut to exactly half its regular price, it is an opportunity to either renew your subscription, or if you are not already receiving it, to become a subscriber. If you live in Dawson or adjoining counties you may receive the paper one full year for only fifty cents. If you are already getting the paper, and your time is not yet out, for fifty cents you can set your date one full year ahead of the expiration time.

With each fifty cents paid on subscription, you are entitled to a coupon, which will enable you to secure a beautiful hand-colored photograph enlargement, in a leatherette folder, of your favorite snapshot, for only 39c. These enlargements sell regularly for \$3.00. This you have an opportunity to save many times the cost of a year's subscription on the enlargement alone.

Each week the Courier endeavors to better the appearance, readability, news coverage, etc., to the extent that it will continually prove a bigger bargain as each week passes. Only two weeks ago the Courier enlarged the paper to a full eight column-standard sized page.

Granville Wyatt Victim Of Heart Attack At Game Succumbs Before Aid Could Be Given

Granville Wyatt, 47, Public Weigher of Precinct One, was the victim of a heart attack while attending the baseball game between Lubbock and Lamesa last Friday night.

Mr. Wyatt had been subject to such attacks, but there had never been a serious attack before. He was feeling all right Friday night and from witnesses who sat beside him at the park, it is understood that he made no complaint of feeling badly, but suddenly slumped down in his seat and when a physician was summoned, he was already dead.

An ambulance arrived shortly thereafter, taking his body to the Higginbotham Funeral Home. Only those immediately surrounding him at the park were aware of his death until after the game was ended.

Mr. Wyatt had been a resident of this county for many years. He was elected Public Weigher last summer over two opponents. It is understood that Mrs. Wyatt has been appointed by the Commissioner's Court to serve out the unexpired term.

Besides his widow he is survived by two sons, Clyde and Howard, and three daughters, Inez, Mrs. Gladys Douthitt, and Mrs. Anna Lou Myers, two grandchildren, his father W. G. Wyatt of Arkadelphia, Ark. and three sisters, Mrs. R. E. Hatcher, Arkadelphia, Ark., Mrs. Ernest Brent, Uuachita, Ark., Mrs. Palmer Pinkstone, Crossett, Ark., and one brother, O. L. Hyatt of Hope, Ark.

Funeral services were held at the First Baptist Church in Lamesa Sunday afternoon at 3 o'clock, with Rev. Ernest Phillips in charge. Interment was in the Lamesa cemetery.

Plan Ordinance On Regulation Trunk Parking

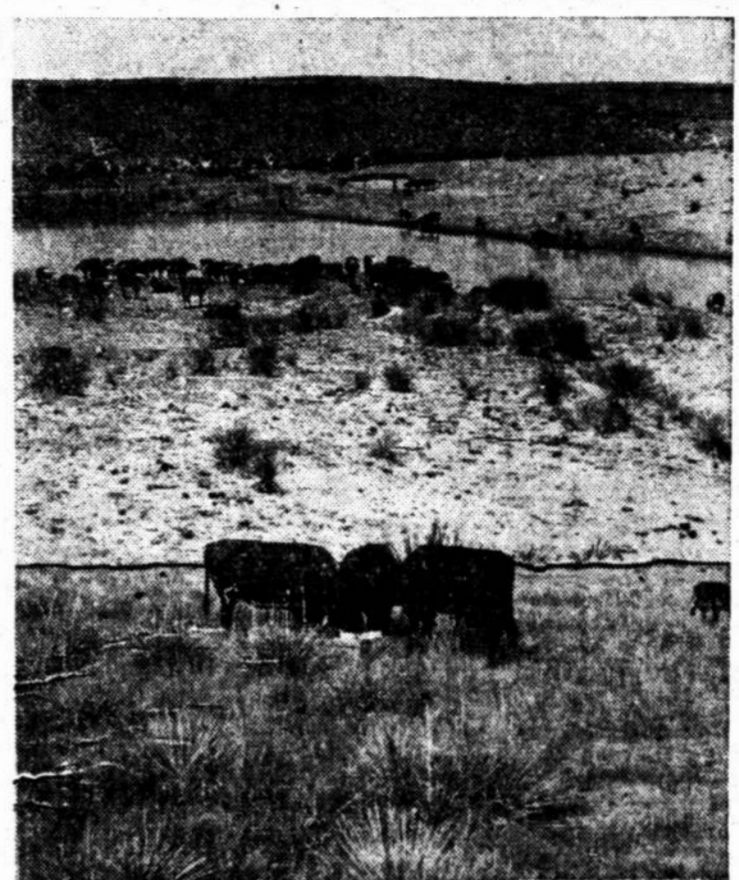

At the regular meeting of the City Commission this week, the question of a suitable arrangement for the parking of long trucks was taken up. There has been many complaints received by the city about these, and plans were taken up to try to work out an ordinance which would adequately serve the motorists, as well as the truckers.

Action on the matter was deferred, pending a study by the commission of the best procedure to adopt.

BUILDS NEW HOME

The new rock veneer home of Austin Merrick, located on the Brownfield road, about two miles north of Lamesa, is rapidly nearing completion. This will be among the better rural homes in the county.

WATER PONDS - SALT LICKS

Proper location of stock water ponds and salt licks is doing much to improve grass land in the Southern Great Plains. Livestock will travel as far to reach a salt supply as they will for water. Distribution of water holes over the range and location of salting places in remote spots result in better utilization of grass and guard against overgrazing. In carrying out the program of better range management in the plains region the Soil Conservation Service has aided ranchers and farmers in constructing more than 1,200 ponds similar to that shown. The Dean Ranch since cooperating with the Lamesa Camp have built 9 new dams, repaired 5 old dams and put up several new windmills to better distribute grazing. In addition to this they have built 60 miles of fence dividing the large pastures into one to two section pastures. This makes it possible to give the pastures a rest period and allow them to reseed at regular intervals.

Classification Is Given Three County Schools

Certificates of approval were received this week at the County Superintendent's office from the State Department of Education, signifying that three of the rural schools of the county have met all requirements and shall thereby have the honor of being classed as standardized schools during the coming term.

To be classed as a standardized school is a distinction accorded those rural schools which meet the requirements which correspond to full affiliation for the larger high schools.

McCarty is the only school in the county which has received standardization for two years in succession. Fivemile and Woody have met the requirements for the first time but all three schools are looking forward to maintaining their reputation for three years in succession so that they can be classed as permanently standardized.

From all indications more schools will try for a similar rating in the county next year.

Stanley Wilkes Buys Interest Gene Newsome

Announcement is made this week by Stanley Wilkes of the purchase of the interest of his partner, Gene Newsome, in the firm of Wilkes & Newsome Dry Cleaners.

Under the new ownership, the firm will be known as Wilkes Dry Cleaners. Mr. Wilkes announces that he has secured the services of an expert cleaner and dyer and invites the public to visit them.

They have just completed the installation of their new equipment, which enables them to offer the last word in this line. See their ad in this issue.

Committees Are Set For Opening Of Big Campaign

Cooperation of Every Citizen Is Asked

At a called meeting Monday afternoon, the executive committee, met with other committees, to discuss plans of operation in the gigantic Clean-Up-Paint-Up Campaign in Lamesa.

With J. E. Barron, general manager of the drive, in charge of the meeting, the duties of the different committees was outlined, and boundaries of the different district committees explained.

Mr. Barron explained the relationship between general committees and district committees, pointing out that they would have to work in close harmony to produce the best results. For instance, it was explained, that the Health Committee would cooperate with any district committee, who had a health problem in their district which they could not handle. Also, if they saw a condition in the dis-

SCOUTS TO WORK

Boy and Girl Scouts of Lamesa have agreed to assist in the big Clean-up drive in this distribution of advertising literature before the drive opens, and to distribute pledge cards and insignias over the city when the campaign opens.

The citizens of Lamesa are urged to lend these young folks all the help and courtesy possible, as they are giving this service gratis and will receive no remuneration whatsoever for their time and effort.

OSCAR ALLEN, 51, SUCCUMBS TO ILLNESS

Funeral services for Oscar Allen, 51, former citizen of Lamesa, were held Monday at the First Baptist Church in Plainview. Mr. Allen died Saturday morning.

He is well known among the older settlers of this section, having lived here a number of years. At the time of his death he was Supervisor of Government Loan Insurance for Floyd County.

Mr. Allen was a long time member of the Baptist Church and Knight Templars.

He is survived by his widow, Mrs. Pearl Allen, one daughter, Mrs. Hubert Rutherford and two grandchildren of Tulsa, his father, J. P. Allen of Lamesa, two sisters, Mrs. S. P. White of Lamesa and Mrs. Eddie Lowe, Carlsbad, New Mexico, and a brother, Elbert Allen of Lamesa.

Lamesa people who attended the funeral in Plainview were Mr. and Mrs. S. P. White, Elwanda Oliver, Elbert Allen, Mrs. John T. Allen Sr., Mrs. Walter Barfoot, Mrs. W. M. Yates, Hattie Emma Yates, and Mrs. Ernie Bailey.

Establishment Of Trunk Truck Line Is Sought

Johnson Line Makes Application This Week

Campbell Motor Freight Lines have made an application with the I. C. C. asking to have their restrictions removed on their operations from El Paso, to Lamesa, Texas, via Carlsbad, Hobbs, New Mexico and Seminole, Texas.

It is their intention to connect with Johnson Motor Freight Lines in Lamesa and give through daily service to all points between Dallas, Ft. Worth, Lamesa, and El Paso, via Snyder from Lamesa. Upon completion of Highway 80N which will be almost a direct line from Dallas to El Paso, via Lamesa, the applicant will be able to offer a much faster service than is now being offered shippers, and this should result in a very large movement of freight through Lamesa for all points on the route.

Campbell Motor Freight Lines contemplate a terminal in Lamesa. The Van Semi-trailers will operate all the way from Dallas to El Paso but the tractor trucks will be changed in Lamesa for the run each way.

Collins Opens Big Sale Friday

Attention of the readers of the Courier is called to the large ad of Collins Dry Goods Company in this issue.

Beginning Friday morning they will open a mammoth Mid-Summer Clearance Sale on all summer merchandise.

They are offering some rare values in every department and bargain seekers should read their ad in this paper.

A card was received this week from Mr. and Mrs. Arthur Tread and little son from Havana, Cuba, where they are vacationing. They are staying at the Havana Hotel while there.

Lobos Remain Only Game And Half Behind Lubbock

Opening a six game home stand trailing the Lubbock Hubbers by two and one half games, the Lamesa Lobos won two from the League leaders, lost two to Amarillo for five hundred baseball during both series. Gaining a game on Lubbock by virtue of winning two while losing one, and taking the opening game from Amarillo while Big Spring was taking Lubbock's measure in the opener, brought the Tatemens to within one-half game of the top. In the second of the series both Lubbock and Lamesa lost to leave the standing unchanged. Wednesday night saw the Lobos drop a game and a half from the top in losing to Amarillo, while Lubbock was overcoming a big lead to take the final fraças from Big Spring.

The Lobos left this morning for an extended road trip, although only five days away from home, they are due to play seven games. They open tonight with the Pampa Oilers in that city for three days and four games. They will return to Lubbock Sunday for a double-header and another game Monday night, before returning to Lobo Field Tuesday night to open a three game home stand with Pampa. They will also open a three game home stand with Big Spring on the 23rd, and wind up the first half at home with Clovis.

Friday

Friday night saw one of the most thrilling and exciting baseball games ever played on Lobo Field, when the Lubbock Hubbers lost to the Lobos 2 to 1. The game was highlighted by fast pitching, fast playing and plenty of excitement when the umpires banished three Hubbers from the park.

Saturday

In the second game of the series the Hubbers came back to tie the count in a big way overcoming a six run first inning lead by the Lobos, by blasting out sixteen hits off Needham and Falls, while the Lobos were collecting ten off Kramer and Amthor. The final result in Lubbock 16 hits and 16 runs. Lamesa 10 hits and 7 runs.

Sunday

Sunday saw one of the largest crowds of the current season see the Lobos come back to win the third game of the series off Lubbock 11 to 6. Although Stud Raines, Lobo pitcher was touched for 13 safeties while his mates collected sufficiently scattered that the Lobos were ahead all the way. The high wind which prevailed throughout the game robbed players on both sides of hits and frequently delayed the game by gusts of wind which deluged the stands and batters with sand.

CHAMPION TIRES

FIRESTONE WINS 20th Consecutive Victory In Indianapolis 500-Mile Race

WILBUR SHAW, the 1939 winner,

On May 30th, Wilbur Shaw drove to his second victory in the 500-mile Indianapolis Race on Firestone Champion Tires at an average speed of 115.03 miles an hour. Champion race drivers, whose very lives and chances of victory depend on tire safety, know tire construction. That is why they select and buy Firestone Tires for their racing cars.

A merciless sun beat down upon the speedway as Wilbur Shaw drove to victory on Firestone Champion Tires. The blistering brick of the main stretch and the granite-hard surface of the turns and the back stretch put tire safety to the test supreme! Record after record was shattered. Speeds reached as high as 160 miles an hour on the straightaways, as 33 of the fastest drivers in the world waged a breathtaking battle for gold and glory.

Never before in all the history of the motor car have tires been put to such a torturous test. And never before has any tire so firmly established itself as a Champion in construction and performance, as well as in name. Here is dramatic proof of the extra strength which the revolutionary new Safety-Lock cord body provides in Firestone Champion Tires—of the extra protection against blowouts assured by the new and advanced Firestone patented Gum-Dipping process—of the extra mileage resulting from the tougher, wear-resisting rubber compounds in the sensational new Gear-Grip tread.

No longer can there be any question of which tire is safest. One tire—and only one—provides these exclusive safety construction features. One tire—and only one—has been on the winning cars at Indianapolis for 20 consecutive years. Motor car manufacturers enthusiastically adopted the Firestone Champion Tire for their 1939 models. Order your new car equipped with this amazing tire. Or drive in and let us equip your present car with a set of new Firestone Champion Tires, the one tire—and only one that is safety-proved on the speedway for your protection on the highway.

Wedding Of Miss Marr And Mr. Forbis Is Social Highlight Of Week

Rev. Willett Read Pretty Home Ceremony

Focal point of the week's social calendar in Lamesa was the beautiful home wedding of Miss Ethelyn Marr, daughter of Mayor and Mrs. W. L. Marr, and Allen Forbis, son of Mr. and Mrs. O. J. Forbis of Lubbock. The affair was of wide spread interest because the wedding united two pioneer families and had as its principals two young people prominent and well liked among many groups.

The wedding took place Wednesday morning at nine o'clock at the home of the bride's parents on South Second Street.

Miss Crystelle Marr, sister of the bride sang "I Love You Truly" and was accompanied by Mrs. J. R. Flaniken. Mrs. Flaniken played the "Lohengrin Wedding March" which she played some twenty-nine years ago this month at the wedding of the bride's parents. Rev. T. C. Willett, pastor of the First Methodist church, read the beautiful ring ceremony before an improvised altar of woodwardia fern and lilies entwined and flanked with tall slender tapers in candelabra. On each side of the altar two tall wrought iron stands of fern and lilies of the valley were placed.

The bride given in marriage by her father, wore navy blue sheer suit with white accessories. She wore a corsage of pink rosebuds. For her something old she wore a bracelet of her mother's.

The bride is a graduate of Lamesa High School and has attended Texas Tech for one year. Mrs. Forbis has been studying music for the past three years under a supervisor at Tech.

Mr. Forbis has attended Tech for the past three years and is studying to be a Methodist minister.

Immediately after the wedding a reception was had for the wedding guests. The table was laid with a beautiful lace cloth and centered with a beautiful two-tiered wed-

Ethelyn Marr Honored With Sunset Gift Tea Tuesday Afternoon

A quartet of hostesses entertained with a sunset gift tea Wednesday afternoon honoring Miss Ethelyn Marr, bride-elect of Allen Forbis. Hostesses were Mrs. V. O. Key, Mrs. E. R. Tinsley, Mrs. Carl Rountree, and Mrs. W. K. Crawley.

The lawn at the Crawley home was arranged to resemble that of an old fashioned Methodist meeting ground. To aid in carrying out the idea an arbor was erected and benches were placed on the lawn.

As the guests arrived they registered at the brides book which resembled that of a Hymn book. The brides book was placed on the altar which was under the arbor. On one side of the altar an old fashioned organ was placed and Mrs. Weldon Lindsey gave several beautiful musical selections which brought back many old memories.

On the opposite side of the altar to complete the details was a three legged stool on which a basket of water and gourd were placed.

Mrs. E. J. Yates presented a painting on which a miniature bride and groom stood under an archway of roses and lilies of the valley. Tall slender tapers in crystal holders furnished light for the table.

Miss Crystelle Marr presided at the punch bowl and was assisted by Miss Lillian Mitchell.

Wedding guests included Mr. and Mrs. O. J. Forbis of Lubbock, Mr. and Mrs. W. L. Marr, Mr. and Mrs. Lloyd Marr of Washington, D. C., Mrs. J. R. Flaniken, Mary Louise Forbis of Lubbock, Lillian Mitchell, Mana Lee Forbis of Lubbock, S. M. Mitchell Jr., and Crystelle Marr.

Immediately after the reception the young couple left on a short wedding trip.

Homemaking Class Dismissed After Successful Month

Work of the tenth month Homemaking Class reached its termination Thursday, June 15, with a tour of the homes where work has been done. The girls gave summaries of their work during the class hour. Besides improvements at home the department is now in a much better condition as a result of class projects.

New pot plants, machine covers, bulletin boards, a reading center, and other new or straightened features are in evidence.

During the month the class heard a book review "The Patriot" by Mrs. J. H. Harp. They also attended a theatre party during the third week.

The sponsors, Mrs. R. H. Huddleston and Miss Florence Griffith, are kept busy visiting the girls and their projects.

An exhibit of the work will be shown in Bryant-Link's windows the early part of next week. Handwork, dresses, dressing tables, and canned goods will be included in the exhibit. Be sure and see this interesting display.

The Klondike 4-H Club met at 9:00 in the home of Mrs. G. F. Thorp, June 7, 1939. Some sewed on pajamas, eulottes, vanity sets and hot pan holders. Miss Mattie Phenix assisted the girls with their sewing. There were six members present.

When the weather gets sticky, the perspiration rolls off me just like a Summer shower. If I didn't wear a HANES Undershirt, my top-shirt would be sopping wet and flopping around like a dog's ears. But the soft, absorbent knit of a HANES Undershirt catches the perspiration like a windshield wiper! And that's a fact, gentlemen. A HANES Undershirt catches the perspiration at the pores... lets the air get at it... gives it a chance to evaporate. You feel cooler, you look cooler. And your top-shirt stays a lot neater!

See your HANES Dealer today, and lay in a stock of HANES Undershirts. They've got loads of tail-length... they can't creep up and wad at your waist! Why we feature . . .
Jayson Shirts

... because they are tailored in Troy, which is to shirts what Damascus is to fine swords; because they have satisfied the exacting requirements of millions of men for more than half a century; because they are as standard as sterling... never varying in quality and workmanship from the excellence on which their fame is built; because their styles are as sparkling and modern as their fabrics and construction are superior; because they embody such improvements as the Jaysized no-starch, no-wilt collar, as well as a wide variety of soft collar models; because they are popularly priced; because they are guaranteed without qualifications, not to shrink below marked size; because, in short, they meet completely all our conceptions, as retailers, as shirts we feel most confident in offering our customers.

BIG SPRING IS AGOG OVER HUGE RODEO

The citizens of Big Spring and surrounding territory are all agog over the approaching Rodeo, June 23-24-25th. This is Big Spring's outstanding annual event, at which time old time cowhands meet and reminisce. Already paserasy will notice here and there, individuals wearing cowboy regalia, and added means of publicizing the approaching event.

As an inducement to local citizens to wear cowboy regalia, an old fashioned calaboose has been constructed for this occasion, in which local people who are detected upon the streets not properly attired, e. i. cowboyish, will be confined a trial before a competent judge, for infraction of the local laws concerning this gala occasion, and there held for a short time and fined before their release. Requirements are to wear cowboy boots, neckerchiefs, ten gallon hats, and flaming shirts.

Goodwill tours are to be conducted through all the neighboring towns as a means of advertising and creating interest in the celebration. These tours will be under the direction of Jess Slaughter, the Howard County cowboy sheriff; Johnnie Nall, publicity director for the cowboy reunion, ably assisted by the Rodeo Widows, organized a short time ago to assist the officials of the association in their activities.

Members of this body are wives of the members of the association, Jess Slaughter, manager, has stated that the stock for this year is the toughest in the west and many of the nations outstanding performers have signified their intention of being there to try their skill in this contest. "In fact it is definite," says the manager, "that we are to have the toughest rodeo ever held in Big Spring."

One of the outstanding events of the show will be trick roping by Chester Byars of Ft. Worth, reputed to be the world's champion trickster with the rope. Also another of the added attractions will be the antics cut by the clown, Charlie Shultz, widely known throughout the Southwest. In addition to the regular events, Double Muggin' and the Mad Scramble will be some of the highlights and will replace wild cow milking.

Young ladies sponsored by neighboring cities will ride in the parade and also in the grand entry each day of the rodeo, the parade to be staged the opening day at one o'clock. The first prize to be awarded in the event is a \$135 saddle with other suitable prizes. Sponsors will participate in dances, chuckwagon breakfasts and other entertainment by the Rodeo Widows, with Mesdames Jess Slaughter and Marion Edwards as Co-chairmen in charge, assisted by other Rodeo Widows.

Towns and cities already accepting invitations and their sponsors are: Anson, Peggy Hagens; Abilene, Faye Marburger; Canadian, Sydna Yockey; Coahoma, Dorothy O'Daniel; Colorado, Mrs. J. E. Northcutt; Crane, Mrs. Jack Young; Roscoe, Anna Lee Spire; Post, Mary Catherine Bird; Ft. Worth, Elizabeth Miller; Cross Roads, N. M. Fern Sawyer.

Mrs. Modesta Good Simpson, daughter of T. J. Good, president of the Rodeo Association, will be official hostess to sponsors, and Mary Nell Edwards, winner of first prize at Midland Rodeo last year as Miss Big Spring.

There will be two performances daily at two and eight-thirty p. m., Friday, Saturday, and Sunday.

MORAN CAME UP THE "HARD WAY"

The story of the Continental Oil Company and its rise to prominence in the oil industry is told in the current issue of Fortune Magazine. A striking feature of the article is a thumb-nail sketch of Conoco's president, Dan Moran.

"Born at Oynett, Ohio, he had picked up cash as an office boy and as a telegraph operator, earned his way through the University of Dayton, and then had gone south, to Tulsa, where he saw the oil spout from the Glenn Pool strike, then to Port Arthur, where he signed up as an engineer for the Texas Co. From there he went sent down to Panama and to South America, and from South America he had trekked north again into Mexico and to the States. He had spent seventeen days in a hurricane on an oil barge. He had helped repair the ravages of another hurricane, which ripping through Port Arthur, had floated away the oil tanks of a refinery there like so many toy ships. He had built refineries, drilled for oil, and had put up ocean terminals at Charleston, at Savannah, Pensacola, Mobile, Key West, and in Cuba. And in the process he had learned something of men and something of the sweet-smelling stuff called crude."

Mr. and Mrs. W. V. P. Baker, Sid Duke and Mrs. C. W. Duke spent Friday in Big Spring visiting in the home of Mr. and Mrs. J. B. Pickle.

CARD OF THANKS

We wish to express our heartfelt thanks and appreciation to Mary Jo Priddy for her heroic bravery in saving perhaps the life of our little daughter, granddaughter and niece, when her clothing caught fire about ten weeks ago. We also thank our many friends and neighbors and especially Dr. Bennett and Dr. Loveless and the good nurses for their kind and loving attention while she was in the hospital, also for their many gifts and flowers. We are glad to say our little girl is much improved and we hope will soon be well again. May God's richest blessings rest on each of you is the wish of Mrs. Floyd Woods Mr. and Mrs. C. A. Air Conditioning Called Tool For Treating Disease

Buffalo, N. Y.—Air conditioning was described by Dr. Albert G. Young, medical director of Corey Hill Hospital, Brookline, Mass., as a "new tool" for the treatment of disease in an address before the Air Conditioning Council of Western New York, meeting in the University Club.

Air-conditioning, Dr. Young said, has been shown to be a valuable aid to sufferers from post-operative pneumonia, rheumatism, hay fever and heart disease. Research in his hospital, he said, of 2,110 surgical cases performed in the last two and a half years, only one quarter of one per cent were followed by post-operative pulmonary complications, compared with an average of from 6 to 7 per cent in non-air conditioned hospitals.

"Patients suffering from rheumatism", Dr. Young said, "have shown such remarkable improvement in the conditioned air that the time they are confined has been cut about 40 per cent."

"Hay fever cases, too, find welcome relief in the allergy ward. Practically all patients who suffer from the inhalant and contact-type

of allergy can be benefited. When the disease occurs among children, they frequently overcome the condition entirely, if they are kept free of it during their early years.

"Heart disease is another ailment for which air-conditioning is showing definite results. Patients brought to our hospital with acute cardiac conditions during a severe heat wave show improvement within two hours because the strain on the heart is eased by a cool, comfortable environment."

Since it is impossible to prevent pollution of air in industrial areas, the only alternative, Dr. Young holds, is to purify it before bringing it indoors. City noise, another factor now recognized as injurious to public health, the speaker said, is greatly reduced by air conditioning because windows can be closed and the noise minimized.

REMODELING HOME

W. B. McWhorter, who lives at the corner of North First and Bryan Streets, this week has a large crew of men at work on his home, completely remodeling and refinishing the interior, as well as having a new roof put on and the exterior remodeled.

Mrs. Leonard Breeding and children returned Friday from a visit with relatives in Cross Plains.

Negroes Plan Big Celebration for Lamesa, June 19

The negro population of Lamesa and surrounding territory are agog over the prospects of a gala June-tenth Celebration here, opening Sunday and lasting through Monday.

Present plans call for a ball game Sunday, with a triple-header scheduled for Monday, with the Lamesa Caprookers under the management of Rueben Jones, representing the local colored population, with the competition to be furnished by surrounding towns.

A big barbecue picnic, topped off by ice cold watermelons, is a feature expected to attract hundreds of the dusky population to Lamesa on these two days.

Besides baseball, foot races, wrestling, and other sporting events are scheduled for Monday.

The Caprookers, by soundly trouncing the Lubbock colored club 18 to 6 last Sunday, are definitely on the way to a successful season, says Manager Jones, and expect to win many ball games during the balance of the season.

Local Grocer To Construct New Building

Gus Ragsdale Grocery and Service Station this week had their old frame building, which has served the store for many years, moved out into Bryan Street, preparatory to the construction of a modern building on the old site.

The new structure will be 30x50 feet, with openings on the north and a large plate glass section and opening on the west side facing the high school. Frame construction, finished in white ornate stucco with modernistic trend is the architecture of the new building. The service station entrance will also be rebuilt and modernized.

Mr. Ragsdale has operated a store on the corner of North First and Bryan for many years and his business has grown to the extent that it became necessary that he have more room.

"We will be able to take care of our regular trade while construction is going on, due to setting our old building in the street," he stated Tuesday.

TAKES OVER STATION

Announcement is made this week by Paul Collier that he has taken over the Gulf Station at the corner of North First and Wasson, formerly operated by J. M. Medlin.

Mr. Collier was employed as parts man at the Lamesa Auto Company for three years, and has wide experience in service station work.

Your attention is called to their large ad in this issue of the Courier.

LARGER SHOE DEPARTMENT IN NEW STORE

Stuart-Sublett this week are completing the enlargement of their shoe department to accommodate their growing business.

A partition has been removed directly behind the old department, and the same modernistic shelving has been run along the walls and across the back to give them something like twice the space this department formerly had. Mr. Marlon Moseley is in charge of the shoe department for the store.

T. S. Christopher, father of Mesdames Stuart and Sublett, is doing the work which will harmonize in finish and appearance with their other fixtures.

Lamesan's Father Dies at Slaton

W. E. Bain, father of Mrs. Luther Stephens died unexpectedly at his home in Slaton last Wednesday afternoon at 6:30. He had enjoyed good health, and his sudden passing came as a distinct shock to his family and friends.

Mr. and Mrs. Stephens and daughters left immediately upon receiving word of his death for Slaton. Funeral services will be held at the Slaton Baptist Church Friday afternoon at 3 o'clock.

CARD OF THANKS

We want to thank everyone for their kindness and all in every way shown when our home was destroyed by fire. Words can never express our appreciation for the many gifts. None were too small to be appreciated. Hoping we can lend a helping hand in such an hour of need is our prayer.

Mr. and Mrs. C. G. Painter and daughter. 1tc

CARD OF THANKS

We wish to take this method of thanking the fine people of the Hancock community who came in and planted our crop over after having been hauled out. We not only thank you people but thank God for the opportunity of living in the community.

Convention of Singers Slated In Lubbock Meet

Announcement was made this week of the annual meeting of the Panhandle-Plains Singing Convention next Saturday and Sunday in Lubbock.

W. W. Beeman of the Klondike community and County Commissioner of Precinct 4, is president of the association.

Plans are being made to care for the largest attendance in the history of the association, Beeman stated this week, and a special invitation is extended to every singer in this territory to attend.

The first meeting will be held in the First Baptist Church in Lubbock, beginning at 2 p. m. Saturday afternoon.

It will be recalled that this association met in Lamesa a few years

ago and singers and visitors were here from over most of West Texas. If you enjoy good singing or like to participate in good singing, you are urged to attend this meeting.

Baseball Stamps Go on Sale Here

Postmaster Owen C. Taylor, this week announced the opening of sales on the Baseball Centennial Stamps. The first stamps were sold on Monday and fans of this section are buying them in commemoration of the hundredth birthday of baseball.

The stamps are very attractive, showing the old-time baseball players, together with their funny caps, whisks and all.

The sale of these stamps opened simultaneously over the entire nation, and each post office of any size has them for the public.

ROTARY CLUB WEEKLY MEET HELD FRIDAY

Attendance at the regular meeting of the Lamesa Rotary Club, was off slightly last Friday, according to reports from that body.

A fine program was enjoyed by those attending, and an effort is being made on the part of Club officials to bring all members out to each meeting simply because they enjoy attending. It will be recalled that the penalty for not attending which has been in effect for the past several months has been discontinued.

Borden County New Courthouse Now Occupied

The Borden County Courthouse has been completed and was occupied for the first time this week. The structure is built along the modernistic lines and is a real asset to Gall and Borden County.

It replaces the old wooden structure which has served the county since 1892, or forty-seven years. There has been many changes since its construction. At that time Gall was a good sized village, and Lamesa was not even settled. Borden County was an organized county many years prior to the organization of Dawson County in 1906.

It is understood that the old building is to be sold to the highest bidder at a sale next Tuesday.

Arnold Bedwell made a business trip to Snyder Saturday.

Big Spring Rodeo Boosters Visit City This Week

A large delegation from Big Spring visited in Lamesa Wednesday morning advertising the big rodeo to be held there Friday, Saturday and Sunday, June 23, 24 and 25th.

Nearly one hundred automobiles, headed by a highway patrol escort, invaded the city early Wednesday, with sirens blowing and horns sounding.

They stopped on the east side of the court house where several musical numbers were rendered. They were all dressed in cowboy regalia, with big hats and loudly colored shirts.

After an invitation through the public address system which they carried along with them, they departed for a visit to Gall.

National Hotel Week Observed

In observance of National Hotel Week in Lamesa, Bill Wallace made a most interesting talk to the Lions Club Wednesday in their regular meeting at the Plaza Hotel. Mr. Wallace spoke along the line of how the hotels in a community served not only as a stopping place for visitors, but were a decided community asset. He said that the impression a visitor received at the hotel where he stayed, was his impression of the town he was visiting, and that no single business enterprise had the opportunity for building good will among visitors.

more than a hotel. Fred Pfeuffer, manager of the Somers Hotel, will speak before the Lamesa Rotary Club Friday in their regular meeting along the same line.

Gaines County Singing at Loop Sunday, June 25

Announcement is made this week of the Annual Gaines County Singing Convention to be held at Loop School the fourth Sunday in June.

The program will get under way at 10:00 a. m., and singers, as well as those who enjoy good singing, are cordially invited to attend.

Consolidation Voted by Schools

By a vote of more than six to one, Sparenberg, Fivemile, and Shumake communities voted to consolidate the three schools, in an election held last Monday.

The Dawson County Commissioner's Court canvassed the returns Tuesday, and the County School Board appointed a seven man board to serve until the next regular election. They will work out definite plans for the coming year.

The vote by communities was as follows:
 Sparenberg: For 38, against 3.
 Fivemile: For 32, against 2.
 Shumake: For 29, against 11.

Ila Rea Kennedy of Christoval spent the week end here visiting in the home of Mr. and Mrs. L. F. Kennedy.

REMODELING HOME
 Jack Phinizy, who lives in the Elwanda Heights, is this week having his home completely remodeled. He will add two rooms, refinish both the interior and exterior, and when completed will be among the more attractive homes in Lamesa.

LOCAL MAN WORKING HARD FOR PRIZE TRIP TO FAIR

Large numbers of people in this district are already making plans to attend the World's Fair in New York City sometime during the summer, but there is one, Jack McLaughlin, proprietor of the Lamesa Tire & Battery Co., who not only is counting on going, but figuring that the B. F. Goodrich Company, whom he represents will pay all expenses of the trip.

Mr. McLaughlin is now one of the most active competitors in the nation-wide sales organization of the company for the prize trips being offered for unusual sales accomplishments, he has been notified from the company's principal headquarters in Akron, Ohio.

"I certainly am bending every effort, and so is every one on my staff in an attempt to capture one of the all-expense prize trips to the New York World's Fair," says Mr. McLaughlin.

"Of course, we are up against some stiff rivalry, since every dealer of the Goodrich Company throughout the country is also eligible, and from what I have learned, hundreds are just as anxious as we are here to win one of the prize trips.

"This means that we are redoubling our efforts and calling on every one of our friends who deal with us, and new ones as well to swell our sales total during the months of the contest so there will be no stone unturned in our quest of victory. It will be quite a feather in the cap of this community, not to mention our own, if we can win in a national contest like this."

Mr. and Mrs. Newell Porter of Lovington, N. M., and Miss Katherine Porter of Jayton, Texas, were visiting friends in Lamesa Tuesday afternoon.

Mr. and Mrs. Otis Bryant of Abilene spent the week end here visiting in the home of Mr. and Mrs. Ed Hatch.

Edna Pounds spent Saturday night in the home of Mr. and Mrs. L. M. Baxter.

ble in the use of water until the pumping facilities can be brought up to meet the consumption. "There is no shortage of water, but the extra heavy consumption of water due to dry weather has overtaxed our present facilities and we are

asking that users bear with us until the trouble can be remedied," said the Mayor today.

The city is holding a large reserve of water at all times to meet the possibility of a fire, and the reason for the low pressure in the afternoon is to conserve this reserve supply.

Relief is assured within the next few days, according to Mayor Marr.

PARADE TO—
(Continued from Front Page)

predicted this as the most successful campaign of its kind ever staged in Lamesa.

There was quite a large crowd of committee heads present at the meeting, and each was enthusiastic about the outcome of the drive.

It was also announced that a large amount of advertising material, in the form of streamers, window cards, insignias, etc., had been received and distribution would begin shortly. Several large banners will be hung across principal streets of the town, to make the citizens as a whole clean-up conscious.

The drive is scheduled to open Tuesday morning with a mammoth parade, under the direction of Bill Boyd, manager of the Lamesa Auto Company. It was explained at the meeting that an enthusiastic beginning should result in a successful reception by the citizenship as a whole, and with the desire aroused among all the people of the city, to cooperate, the movement would naturally succeed.

It was decided at the meeting to have another meeting of all committee heads, before the campaign officially opens. Definite data for this meeting was not established.

but all will be notified of the time and place.

Among the literature received, are two thousand insignias, to be placed on every home in the city who cooperate in the movement. These will be placed in a window, prominently displayed, in each home where the owner signifies a desire to cooperate. It is felt that in this way, those who start first, will naturally encourage their neighbor to participate.

Weldon A. Lindsey, chief of the Lamesa Fire Department, pointed out in a short talk, the fire hazards which are prevalent in the city at all times. Stating that the pummies east of the tracks and north of the compress were a constant menace, and asked that the clean-up committees endeavor to correct this, in any way they deemed best. He also pointed out that because of previous cotton warehouse fires and the fact that a large number of these structures are located within the city limits, that citizens of Lamesa who pay fire insurance, are being heavily penalized as a result.

COURIER BARGAIN—

newspaper. This move was taken after due deliberation, as it is a great departure from the old size weekly, which has been used for more than fifty years as the standard for country weeklies. During the past few years, however, many of the better weeklies over the United States have joined the larger dailies in going to this full sized page. It now comes to you in the same size as your largest daily.

Besides the news of the city, county and the community in which you live, each week the Courier carries hundreds of special values which many subscribers report effects a saving each week many times the cost of a year's subscription to the paper. You will also find news from the stores of special features, special events, and the arrival of new merchandise.

These are a few of the things that have made the Courier grow in popularity until today an estimated four out of five homes in this area are visited each week by the paper. By reports in the office from regular subscribers, some single issues are read by four and five different families each week. The paper is handed from one family to another.

This bargain offer, however, is limited, and you are advised to take advantage of it at your earliest convenience.

LOBOS REMAIN—

Monday

Red Hay got his second shut-out of the season Monday night when he scattered seven hits over the nine innings to whitewash the Amarillo Gold Sox in the opener of a three game series in Lamesa. The Lobos collected 12 hits and 7 runs off the offerings of Hurler Parrish of the Sox. Hay was never in danger and hurled one of the best games seen at Lobo Field.

The Gold Sox came back Tuesday night to even the series 13 to 8 in a wild and reckless ball game. The Lobo infield cracked and a total of eight errors were charged against the Tatemens, while Lefty Lucas and Troy Needham were being touched for 13 safeties and 13 runs. Lucas gave way for a pinch hitter and Needham finished the game. The Lobos garnered 12 hits and 8 runs off the offerings of Margavio and Millsap, while the Gold Sox were guilty of only 2 miscues.

GRANVILLE WYATT

The people of our community and of the whole county were saddened last week by the death of our friend and certainly our hearts go out in sympathy to the bereaved family. We counted him and the members of his family among our very best friends. May God provide comfort and courage to their grief-stricken hearts, is our prayer. And in the words of the poet, let us take heart. Not now but in the coming years. It may be in the better land. We'll read the meaning of our tears. And there sometime, we'll understand. God knows the way, He holds the

key.
He guides us with unerring hand;
Sometimes with tearless eyes we'll see;
Yes, there, up there, we'll understand.
—Ernest Phillips.

IN MEMORY OF GRANVILLE WYATT

Jo Mabry

With a happy smile and cheery hello,
He'd always speak wherever he'd go.
He always had time to talk awhile,
And always had ready that cheerful smile.
A friend to all both old and young.

He left hundreds of friends when his life was done.
We all are left to mourn our loss,
But it's Heaven's gain—what we have lost.

So let us remember his golden deeds
And how he helped in everyone's needs.
Let us remember that God knows best,

And now he's in Heaven—with God at rest.
