

# White River water contract elections to be Aug. 20

## Spring start on project seen if pacts approved

Voters of Post, Spur, Rails and Crosbyton will go to the polls the same day—Saturday, Aug. 20—in separate special elections to approve or reject water contracts between their respective home towns and the White River Municipal Water District.

This will be the fourth time, and the final one, if successful, the White River proposal has been presented to voters of the four communities.

If the water contracts are approved Aug. 20, the White River Municipal Water district will be in line for \$4,000,000 in federal and state loans for the construction of the dam and water pipelines.

Construction of the dam and pipelines then should be well under way by spring.

If voters in just one of the four towns rejects the water contract, the whole project will be halted and the future of the White River dam will be problematical.

Indications are that the water contracts, though calling for stiff water rates, will carry in all four towns without much difficulty.

Each of the four towns is having its water troubles and the White River dam appears to be the only answer—after five years of hard work and study.

**CREATED IN 1956**

The White River water project was created with a confirmation election Oct. 27, 1956. The second step by the voters came Aug. 17, 1957, when they voted their approval in the four towns of the \$4,000,000 in bonds to build the new water system.

Voters went to the polls the third time in 1958 in the first water contract election, but federal agency officials have asked for a second election on the water contracts because the first one was held before the proposed water rates for the four towns were ironed out.

"We just got the cart before the horse the first time," Tom Boucher, chairman of the White River board of directors, explains.

**CONTRACTS ARE SAME**

The water contracts for the four towns are exactly the same except for the amount of water each community agrees to buy annually from the water district.

The rate on the water—filtered and delivered to the city limits of each of the four towns—is the same, 30 cents per thousand gallons.

That of course won't be the water rates in any of the four towns. The councils of the four towns have established their own rates, taking into consideration such things as the present city water debt, cost of operation of the city water department, and in some of the towns the amount needed to be raised by water revenue in lieu of taxes.

**POST'S RATE GIVEN**

Post's proposed water rate for White River water will be \$4.20 minimum (for the first 3,000 gallons), 75 cents per 1,000 gallons for the next 7,000 gallons, and 65 cents per 1,000 gallons for all over 10,000 gallons.

In its water contract, the City of Post will agree to purchase 241,999,992 gallons of water annually from the White River district at a cost of \$72,600.

This is the amount of water consumption here last year. Each of the four member towns agreed to purchase the amount of water annually as was pumped last year.

Spur will buy 114,999,996 gallons for \$34,500, Rails 99,999,996 at \$30,000, and Crosbyton 110,325,000 at \$33,000.

White River directors held another special meeting in the City (See WATER VOTE, page 8)

## Sept. 17 set as tentative date of 1960 county fair

Sept. 17 was set Tuesday night as the tentative date of the annual Garza County Fair, sponsored by the Post Lions Club.

The tentative date was set and other plans for the event made at a meeting of the club's fair committee, whose chairman is R. G. (Wilke) Wilkerson. The committee session was held following the club's regular weekly meeting.

Plans also call for this year's fair to be a 100 per cent home-operated event, which means that no outside carnival will be brought in, Wilkerson said.

There will be a midway with such attractions as a cake walk, doll throws, penny pitches, etc., but these concessions will be operated by the Lions. At previous fairs, the club has operated only the food and bingo concessions.

**BARBECUE PLANNED**

The fair chairman also said that a barbecue is being planned for the event.

Dr. John E. Carter, also a member of the club's fair committee, has been named to draw up a plan and schedule for the fair, Wilkerson said, with details to be announced later.

At the regular club meeting, Dr. James R. Matthews was guest speaker. He made a talk pointing out the opportunities and advantages of a public citizen.

Guests besides the speaker were Jimmy Rogers, Doyle Young and James Black.

The Rev. J. T. Crawford, pastor of the Church of the Nazarene, will be the speaker at next Tuesday night's meeting, with "Bo" Jackson as program chairman.

## Entries indicate big Horse Show

The 12th annual Garza County Quarter Horse Show here Saturday, Aug. 13, might be a record-breaker from the standpoint of number of entries, Mrs. Ruth Ann Young, secretary, said today.

A large number of entries have already been received and many more are expected before the entry deadline, Mrs. Young said.

The large number of entries this year is attributed to the show's affiliation with three Quarter Horse associations, including the AQHA, and with the National Cutting Horse Association.

Ralph Dye of Odessa will be announcer of the show for the first time. He is widely known in horse show circles and is secretary of the Quarter Horse Association of West Texas.

Novis N. Rodgers of Snyder will be the judge. During the last three years, Rodgers has judged some of the nation's top horse shows.

## Officers probing three break-ins

Officers this week are continuing investigations into weekend break-ins at a drive-in eating place and two residences.

An undetermined amount of money—believed to be between \$15 and \$20—was taken from a record machine and a cigarette machine at the Post Drive-in on South Broadway early Sunday morning.

Deputy Mac McGowen, one of the investigating officers, said owner O. E. (Orb) Montgomery also reported the loss of about 60 pounds of meat and some candy in the break-in.

Entrance was gained through a rear window after the screen was torn off.

McGowen and other officers are also working on a break-in at the George Mindieta home, in the northeast part of town, and one at 507 West Fourth Street.

At the Mindieta home, a bare-footed intruder jumped through an open window and fled after members of the family awoke to catch him prowling. Officers said a pair of shoes, presumably owned by the prowler, were found just outside the window.

(See BREAK-INS, page 8)

## Chest to name officers Monday

New 1960-61 officers and directors of Garza County's Community Chest will be named Monday night at a meeting of all those interested in the Chest.

The session has been called for 7:30 p. m. in the Community Room of the First National Bank by Chest President J. B. Potts.

Plans for the fall Chest drive also will be discussed.

All interested in the Chest are urged by Potts to be present Monday night.

A nominating committee has been named since the first Chest organizational meeting several weeks ago.

## Little Leaguers to receive pins

The Little League baseball season isn't over, after all.

League President Lee Ward said yesterday that the lone make-up game remaining to be played—between the champion Yankees and the last place Corvairs—will be played Friday, with individual pin awards to be presented all Little League players following the game.

Ward said there has been a delay in shipment of the Yankees' championship trophy, but that it, too, will be presented if it arrives in time.

The make-up game is scheduled to start about 5 o'clock, with the awards ceremony to follow.

## Rodeo opens Wednesday

The 13th annual Southwestern Championship Junior Rodeo will open Wednesday night at the Post Stampede Arena and continue through Saturday night, with approximately 200 cowboys and cowgirls competing for cash prizes, championship saddles and trophy buckles.

A street parade at 6 p. m. Wednesday will pry the lid off the rodeo days and nights of rodeo activity.

A booster trip to advertise the rodeo will be held Saturday. The caravan will head westward from Post, going to Tahoka and Brownburg, then Slaton and Lubbock, onward through Crosbyton and back to Post through Sunday.

Final plans for the rodeo will be made tonight at a meeting of officers and directors in the Community Room of the First National Bank.

**SEARCH FOR OFFICE**

The uncertainty yesterday was the location of the rodeo headquarters office, which is scheduled to open Monday morning and remain open until the rodeo is over. At least three sites are under consideration for the office location.

Out-of-town riding groups and numerous floats and decorated floats will be in the opening day parade, which will form on West Main Street, just west of the courthouse. The parade route will be around the courthouse and down Main Street to this side of the broad crossing and then back up Main.

There will be first, second and third place trophies for riding groups, and cash prizes totaling \$1,000 for floats, according to Mrs. Grace Wilson, parade chairman.

**RODEO RACE ON**

Adding interest this week to rodeo activities is the rodeo queen race, in which four young contestants are selling rodeo admission tickets in efforts to win the queen. The contestants are Charlotte Bland, daughter of Mr. and Mrs. Woodrow Bland; Susie Jo Schmidt, 13, daughter of Mr. and Mrs. Nathan Little; and Nita Wilson, 13, daughter of Mr. and Mrs. C. R. Wilson.—(Staff Photo.)

**ONE OF THESE FOUR WILL BE RODEO QUEEN**

One of these four young ladies will reign as queen of the 13th annual Southwestern Championship Junior Rodeo, which starts next Wednesday night at Post Stampede Arena, with the queen winner to be named just before the rodeo gets underway. Shown holding rolls of rodeo tickets they are selling to determine the winner, are, from left to right: Charlotte Bland, 17, daughter of Mr. and Mrs. Woodrow Bland; Susie Jo Schmidt, 13, daughter of Mr. and Mrs. Nathan Little; and Nita Wilson, 13, daughter of Mr. and Mrs. C. R. Wilson.—(Staff Photo.)

## J. I. Cook, 78, of Close City dies Wednesday

James Ira Cook, 78, former owner of the Close City Store and a resident of Garza County since 1937, died at 8:15 a. m. yesterday in Garza Memorial Hospital, where he had been admitted three days before.

Mr. Cook was born in Grapevine March 6, 1882. He moved to Garza County from Jayton and farmed in the Barnum Springs community for four years until purchasing the store at Close City in 1941. He sold the store Jan. 1, and had been living at his home in Close City since that time.

Mr. Cook had been a member of the Baptist Church since boyhood and was a member of the Woodmen of the World order.

Funeral services will be conducted at 2 p. m. Friday at the First Baptist Church, with the Rev. Sidney Cox of Farwell officiating. Burial will be in Terrace Cemetery under direction of Mason Funeral Home. Grandsons will be pallbearers.

Mr. Cook is survived by his wife, four daughters, Mmes. Claudia Hill of Skellytown, Lucille Hall and Lorene Bybee, both of Phillips, and Miss Coda Lee Cook of Post; one sister, Mrs. Myrtle Lucas of Santa Ana, Calif.; seven grandchildren and 11 great-grandchildren.

## Team roping is Friday, Saturday

Thirty of Texas' top calf ropers, comprising 10 teams, will compete Friday and Saturday in a team roping event at Post Stampede Rodeo arena.

The event is being sponsored by the West Texas Team Roping Association.

There will be day and night roping both days, with the only admission charges to the arena being made at the night performances.

The 10 teams competing, with the team captain named first, will be as follows:

**TEAMS LISTED**

T. W. Flenniken, Crosbyton; Eli Wallace, Quanah; Buck Craft, Post.

Fred Dalby, Aspermont; Bill Flowers, Aspermont; James Taylor, Rotan.

Bill James, Lubbock; Lester Forster, Rotan.

## 25 new street lights erected

Installation of 25 new street lights has been completed here by Southwestern Public Service Co., City Supt. Henry Tate said today.

Nineteen of the new lights are 4,000 lumen and the other six are 10,000 lumen.

One of the big lights has been installed on U. S. Highway 390 at the east city limits. Another was erected at the front of the new Texas Highway Department building on U. S. Highway 84, and another just across the railroad tracks on East Main near the Planter's Gin.

Many of the lights were installed in the newly developed residential district in the northwest part of town.

There are also three new street lights in the immediate vicinity of Lincoln Elementary School in the northeast part of town.

The addition of the 25 new lights brings the city's street light total to 238, according to Ted R. Hibbs, local manager for Southwestern Public Service Co.

## Man fined, sentenced on DWI guilty plea

Davis A. Sinclair was fined \$50 and costs, sentenced to three days in jail and his driver's license suspended for six months Saturday after he pleaded guilty in county court to a charge of driving while intoxicated.

A DWI charge was filed in county court Monday against Edwards Champion Jr.

## Postings

By JIM CORNISH

Fay Claborn, unopposed Demo nominee for sheriff in the November general election, got off to a really good start "in the office" this week. He and his wife went to Dallas to attend the Texas Sheriffs convention. And Mrs. Claborn up and won the big prize of the conclave—a 1960 Buick sedan, according to word Jim Sexton relayed on to us when he got the news by phone from Fay.

The five-year White River dam effort is heading toward the finish line this week with the calling of the water contract elections in the four towns for Saturday, Aug. 20. The election comes when it should in the midst of the peak summer water-needed season. It will be late enough to catch most of the folks back from vacations. But it isn't a decision to take for granted. Boosters for the project, and there are many here, plan a real educational campaign in the next three weeks. After five years of work, those close to the project aren't going to be complacent and figure the election will carry on previous momentum.

Next week the Junior Rodeo rolls back into town with all the excitement and vigor which only youth can generate. The big four-night show will open next Wednesday with a 6 p. m. parade through the business district. With only one rodeo this year, instead of two as in past years, this will be Post's big entertainment promotion of the year. We hope merchants will show their support by as many as possible entering.

## Building takes \$89,000 leap with 6 home permits

Construction here took a healthy \$89,000 leap upwards Monday with the issuance of six building permits to Tex-Sun Homes, Inc., for construction of five brick residences in Post's new FHA-approved Westgate Terrace and one in Sunset Addition.

The \$89,000 worth of new construction sent the city's building permit total for the year to \$658,230.

Beginning of construction of the 47-home site Westgate Terrace may provide the impetus which will send Post's construction total soaring over the \$1,000,000 mark for the second year in a row.

**ONE SHOW HOME**

One of the five new home permits in Westgate Terrace will be for a show home as well as the home of Clyde Patterson, president of Tex-Sun Homes, Inc., and builder and developer of the new addition who move his family here last week.

Located at 1102 West 11th, the show home will contain seven rooms, two baths, 1,400 square feet of living space and will be of brick, slab floor and composition roof construction.

Other new homes in Westgate Terrace, according to the building permit information, are for:

Six-rooms, one bath, 1,000 square feet, brick, slab floor, composition roof.

Six-room, two-bath home with 1,300 square feet, brick with slab floor and composition roof, at 1102 Oaage Avenue, \$15,500.

**DUNBAR HOME**

## Funeral held Monday for drowning victim

Funeral services for Paul Anderson Nichols, 39, who was drowned early Sunday in a stock tank 20 miles northeast of here in Kent County, were held at 4 p. m. Monday in the First Baptist Church at Roaring Springs, of which he was a member.

Nichols was manager of the Roaring Springs swimming pool and hotel cafe.

Nichols was drowned shortly after midnight Saturday while he and two companions, Allen Maze and Jim McCowan of Roaring Springs, were hunting frogs.

Nichols' body was recovered about 3 a. m. Sunday after more than 20 persons took part in search efforts. The body was found by Wesley F. Coats of Lamesa, who dived to the bottom of the channel.

The tank, known as the Old K (See DROWNING, page 8)

## Open house

The public is invited to attend open house Sunday afternoon at the new office building of the Agricultural Stabilization and Conservation Committee and the Soil Conservation Service at 406 West 8th Street, across from the old high school building.

The open house will be held from 3 until 5 o'clock Sunday afternoon.

The ASC and SCS offices were moved into the new building July 6 from 113 West Main. Tom Williams is owner of the building.

The invitation to attend the open house comes from personnel of the Garza County ASC Committee and personnel of the SCS.

## New high school near completion

The offices of the superintendent, secretary and school tax collector have been moved to the new high school building, and the office of T. C. Clark, new high school principal, will be moved there Monday from the old building.

Except for odds and ends, work has been completed at the new high school building, according to Supt. R. T. Smith. He said architects will inspect the building Monday.

The regular August meeting of the board of trustees, scheduled for Monday, Aug. 8, will be held in the board meeting room in the new building, the superintendent said.

Work is also progressing on the new gymnasium, just south of the high school. Workmen this week were getting ready to lay the floor in the gym.

## Drive-in, two homes hit

Officers this week are continuing investigations into weekend break-ins at a drive-in eating place and two residences.

An undetermined amount of money—believed to be between \$15 and \$20—was taken from a record machine and a cigarette machine at the Post Drive-in on South Broadway early Sunday morning.

First attempt to extend the arena (Strawn - Ellenburger) northward in southeastern Garza County has been staked. The project is Continental Oil Co. No. 1 Cameron Justice, scheduled to 3,500 feet to test Ellenburger, the project is a half mile outpost to the Borcherds portion of the field. It is five miles south of Justice, 1/2 mile from 660 feet from the intersection of Section 687, Block 97, and the Garza County line.

Garza County pool extends to the Curry-Borden County line below the Garza County line.

## Let's go on water contract vote

The city's White River water contract election Aug. 20 should be the final major step to obtaining \$4,000,000 in federal and state loans for construction of the long sought dam by Post and its three neighbor cities.

Post folks know the score. They realize how badly the White River dam is needed for the future of this community.

The water situation was very critical here this summer until the biggest rainstorm in almost 30 years cracked the sweltering heat wave at exactly the right time. By mid-August the water situation may be critical again.

Rains and citizen cooperation are the only factors which can keep the water problem fairly well in check.

White River water will not be cheap. Nobody connected with the project has ever contended that. But it will be cheaper than obtaining water from any other known source. And the supply will be ample for the town's continued growth through the remainder of this

century and probably far beyond.

In the next few weeks, The Dispatch will present Post's water story in full detail, pointing out the problems and the costs and the future with and without the White River dam.

Post folks in past White River elections have overwhelmingly supported the project—and we are sure they will again. But it is vitally important if the \$4,000,000 in loans are to be obtained that the water contract elections carry in each and every one of the four towns.

Should the proposition fail in just one community, the White River project will have to start over again somehow.

Prospects appear good the water contracts will pile up heavy majorities in all four towns, but this is no time for complacency. It is essential for all town boosters to talk up and work for the White River project. And when Aug. 20 comes, then the vote must be gotten to the polls. Let's go!—J.C.

## Dirt track around new school?

With the opening of the 1960-61 school term only a little more than a month away, there still is a deadlock over the paving of four blocks of streets at the new high school building.

That these blocks need to be paved by the time the high school students move into their new building, or soon afterward, is admitted by city officials just as readily and emphatically as it is by school board members. The only hitch, at last reports, was the refusal of two property owners to sign up to pay their part of the paving's cost.

The school district has announced that it has its money ready to pay for the school's part of the paving. The City of Post is ready to have its contractor go on the paving, if the two reluctant property owners out there will pay their share of the costs. That is where things stand. Meanwhile, time isn't standing still.

City officials have said they don't want to go ahead with the paving over the two property owners' refusal to agree to pay their share, because that would entail the city having the paving done and taking a lien on the property of the two who won't pay. Such a lien would mean that the city would be out the cost, with no chance of getting its money back until such a time as the property changed hands and the paving liens could be collected on.

There is an alternative. The city could go ahead and take paving liens on the property and then sell the liens to the school district. That, of course, would risk one side becoming just as adamant as the other on not wanting to

go the lien route.

Public opinion may have to force a solution of the knotty problem.

As we understand it, negotiations between the school board and the city council over the school paving request have been at long range. If these two bodies of local government—school and city—have sat down together and tried to work it out, we've failed to hear about it.

Practically the same people elected the members of the city council and the school board. The public funds to be spent by both branches of government on the paving came from the same sources, and the school paving problem itself certainly is of vital importance to every city resident and every resident of the school district.

Perhaps one way to resolve the problem would be for the school board and the city council to get closer together in trying to work it out . . . sit down together in one big meeting, instead of writing letters to each other or instead of members of the respective bodies contacting each other outside the meetings.

Public opinion has helped work out much more complicated problems than this school paving deal. If the average citizen will give some thought to it and let members of the city council and the school board know how they feel on it within the next week or two, perhaps the two groups can work out something on a "give-and-take" basis. Otherwise, the new school term will bring us a brand-new high school building surrounded by a dirt track.—C.D.

## Are Russian kids spinning ops?

In a town somewhere to the south and east of us, but still in Texas, they have an annual top-spinning contest, in which men, women and children compete. We hadn't thought of it for years, but we wonder: Where are the tops? Or, for that matter, where are the marbles? Or mumbledy-peg? Or the dozen other things that made a long, lazy summer a heaven for boys?

And, suddenly, we think we know. The boys are busy being entertained by adults in "supervised recreation." And we're inclined to be a bit curious why the term "juvenile delinquency" had never been thought of when the kids were so neglected that they went to the devil playing run-sheep-run and shiny and one-eyed cat.

Some of the more venturesome among them hunted wild berries or persimmons or walnuts, came home with their pans or sacks full and a sense of accomplishment. A lot of them picked berries on shares and brought home their share for mom to eat. Widow ladies never needed to worry about their lawn-mowing. There were a

dozen boys in the neighborhood ready to do the job for a quarter—or two-bits, as a quarter was called in those days. And it had better be done right or some other kid would do the job next time.

But we suppose it was not good. There were no child-labor laws which said a kid couldn't work without getting permission from the school authorities. The Government had not yet decreed that everybody should be paid a dollar an hour. There was no social security. No forty-hour week. No time-and-a-half. No income taxes.

In short, there had been no social progress. But, somehow, all the kids grew up to be self-reliant citizens. And they built a great nation. And they now read that the Russians are working harder than we are and their leader has promised them they can bury us.

The thing we don't know, and we'd like very much to know, is whether the Russian kids are spinning tops.

## Ag department is on its way

Post High School's vocational agriculture department and its advisor, D. H. Koeninger, are deserving of high praise for the splendid gains the department has made during the two years Mr. Koeninger has been at its head.

Last week, six vocational ag students, who are also members of the department's Future Farmers of America chapter, and their instructor and advisor attended the annual state FFA convention in Houston.

Not only was it the best representation the Post chapter has had at a state FFA convention in several years, but one of the boys, Jimmy Hodges, received the Lone Star Farmer degree. Young Hodges was only the seventh Post boy ever to receive this coveted award and the first one to receive it in several years.

In his first year here as vocational agriculture teacher and FFA chapter advisor, Mr. Koeninger energetically began rebuilding the ag department, not only academically, but also in participation in district and area contests. Naturally, not a great deal of headway was made that first year, but last year the department and FFA chapter began to come into its own. The boys participated in and won a number of banners in district and area contests.

Mr. Koeninger would be the first to tell you that much remains to be done in building the school's ag department up to what it should be, but there is none of us but what would agree that he and the boys have been going in the right direction these past two years.—C.D.

## What our contemporaries are saying

City Attorney Bill Street won't believe this, but I've found something worse than the telephone service . . . that's the city mosquito killing service.

I haven't made a count of mosquitoes lately, but I'm convinced after trying some yard work that there are entirely too many.

If the city is spraying once a day, then they should be spraying twice a day.

Needless to say, the many rains have created much stagnant water, breeding places for mosquitoes. These should all be treated.

Vacant lots all over town should be mowed. Fluorid health officials have found a ratio of 1 to 4 disease carrying mosquitoes and the

city is acting accordingly.—Wendell Tooley in Lamb County Leader.

Before you criticize the old folks, remember that even though a clock is run down, it's right twice a day.—James Roberts in The Andrews County News.

Now that the Democratic presidential nomination is over, TV viewers can sit back and enjoy their favorite TV programs . . . that is, until the Republicans have their mock nominations. Few people were surprised at the outcome of the proceedings.—James Hill in The Knox County Herald.

## THURSDAY to THURSDAY

By CHARLES DIDWAY

WITH LOS ANGELES still staggering from the effects of the Democratic convention, the Republicans opened up in Chicago Monday. But the Windy City, much more used to political conventions than is Los Angeles, will recover quicker than did the California metropolis.

If the convention in Los Angeles disrupted your television viewing, you got the same deal the first three days of this week—with equal time given to the Republicans. Thank goodness, most of the TV shows this time of the year are re-runs, so you missed a little bit less than you would have if the political conventions had been held in the dead of winter.

ANYWAY, WE'VE got a rodeo coming up here next week, so I can stand most anything while I'm waiting on the big four-day western event.

And to help put all of us in the right mood for the rodeo, there is a two-day calf roping event Friday and Saturday at Post Stampede Rodeo arena.

IT LOOKS LIKE big doings all this week and most of next.

In other words, very few dull moments.

MY FRIEND UP the street wants to know, if you can't lick them and they won't let you join them, what then?

At a time when students in countries over the world are demonstrating against the principles of freedom, Texans could take heart at a demonstration of vocational agriculture students in Houston last week.

At a special Freedom Pageant, presented by boys of the Lampasas Future Farmers chapter at the 32nd annual FFA convention, eight points were hailed as part of their heritage.

These were the points:  
1. To trust in God as we understand Him.  
2. Importance of the individual.  
3. Freedom of the individual.  
4. Dignity of work.  
5. Private ownership of property.  
6. The profit motive.  
7. Free competition.  
8. Government as a protector, not as a provider.

LAST WEEK'S "Talk in Print" column, written by Buford F. Davenport in the Abernathy Weekly Review, was the shortest newspaper column I've ever seen. It consisted of this single line: Kennedy-Johnson?

In a release from the Israel Press Service, we learn that two Post women, Mrs. E. S. Stewart and Mrs. Lee W. Davis, have been extremely impressed by the progress they have seen in Israel . . . that the country has more than lived up to their expectations.

The Post women have been touring the Holy Land as part of a visit to Europe and the Middle East. Prior to their arrival in Israel, Mrs. Stewart and Mrs. Davis visited Belgium, Italy, Egypt, Syria and Jordan.

In Israel, the Post ladies viewed the major cities—Jerusalem, Tel Aviv and Haifa—and also toured the Galilee where Israel has settled many of the one million immigrants who have reached her shores since the establishment of the State in 1948.

After leaving Israel, Mrs. Stewart and Mrs. Davis were to visit the European continent, England and Scotland, and are scheduled to return home on Aug. 10.

IT WOULDN'T BE so bad if civilization were at the crossroads, but this is one of those clever-leaf jobs.

## Vet's Forum

Q. I am now getting compensation for a service-connected disability rated 10 per cent. Am I entitled to any more compensation for dependents?

A. No. The law does not authorize payments for dependents of veterans whose service-connected disabilities are found to be less than 30 per cent in degree.

Q. A friend of ours who formerly was not eligible for VA pension because of his income will now be qualified under the new pension law. He is in need of regular aid and attendance. Can he be paid more because of that?

A. Yes. A veteran rated in need of regular aid and attendance may be paid \$70 a month over and above pension payments determined according to his income.

Q. I am the widow of a Korea veteran and want to write VA about my eligibility for a pension. What kind of identifying information about my husband should I include in my letter?

A. Give your husband's full name and his VA claim number, if he had one, his serial number, date of birth, enlistment and discharge dates, and anything you think helpful.

## T-Bar club house contract is let

TAHOCA — Contract for construction of a new T-Bar Country Club house has been let to Higginbotham-Bartlett Co. here, with the cost to total approximately \$14,000.

Located 20 feet north of the present club house, the new building will be 30 by 60 feet in size and will be connected to the old club house walls. The new building will include a complete kitchen, rest rooms, a storage room and the large main room.

The present club house will be converted into a pro shop.

## I Give You Texas . . .

### By BOYCE HOUSE

There is, or was, quite a few years ago, a railroad station bearing the sign, "Greenway, Ark.," in sight of the highway as you drive by. What is mention-worthy about that? Well, the town is a mile and a half away and the building is in a farmer's field!

No, it was not carried there by a flood or a tornado. How then did it get there? That is the tragic story of a town.

I was born in Piggott, which is the county seat of Clay County. Back in 1919, when I returned to my birth place to edit the Banner, if an out-of-towner referred to Piggott as Hoggott, a riled native would likely knock his hat off.

And yet a hog played a decisive part in the history of Piggott, according to tradition, which goes like this:

Greenway and Piggott were about the same size. They were three miles apart. Both were on the Cotton Belt railroad. They were rivals for the honor of being selected as county seat. Paved streets were unknown and the sidewalks were made of boards, what sidewalks there were, in either town.

One election day, reports indicated that the contest was proving close. In the afternoon, a man arrived in a third town, which held the balance of power. He had come through Greenway, he said, horseback. There had been a heavy rain there the night before, he continued. "In fact, he added, as a seeming afterthought, "a hog drowned on Main Street."

This news—implying that hogs roved freely through the town's business section—dealt a blow to the Greenway cause and the voting turned heavily in Piggott's favor. Consequently, that city was selected as the county seat. With the county offices (which represented a substantial payroll) and with citizens having to record deeds and pay their taxes there and court attracting big crowds several weeks a year—with all this, Piggott marched forward. Greenway, losing business to its neighbor, gradually declined until dwindling trade caused the railroad to sell the depot. The building was bought by a farmer who moved it to his place for use as a barn.

The day after the election, the citizens of Greenway learned of the report. They acknowledged there

### AT FORT HOOD

Army Pvt. James E. Sparks, 19, son of Mr. and Mrs. Donley Sparks, Post, Tex., recently completed advanced individual training with the 2d Armored Division's 51st Infantry at Fort Hood. He entered the Army last February and completed basic training at Fort Carson, Colo. Sparks attended Moore High School in Waco.—[U. S. Army Photo.]

had been a heavy rain but they indignantly denied the implication that hogs were accustomed to roam through the business district, much less that one had drowned. They clamored also for the identity of the bearer of this information. But no one seemed to know who he was and he must have been a modest man for he did not come forward and make himself known.

So the decline and fall of Greenway, climaxed by the hauling away of the once-busy depot to house the corn of a hill-farmer and the rise of Piggott—all of this was brought about by a hog, and probably a non-existent hog, at that.

## Texas 4-H girls learning to cook nowadays 'never had it so good'

Texas girls who are learning to cook nowadays "never had it so good." What with packaged, frozen, canned, pre-cooked and dehydrated foods aided and abetted by modern kitchen appliances, making a meal is considerably less of an ordeal than it was in grandmother's youth.

Last year nearly 41,000 4-H Club members in the state were enrolled in a food preparation program, reports the Extension office, Texas A&M College. The 1960 program is well under way and the young cooks are learning all about modern foods and ways to serve them.

As a matter of fact, eating habits of the American family are quite different than they were 50 years ago, according to the U. S. Department of Agriculture. People today are eating more meat and poultry, eggs, and milk products, and less grains and potatoes. Calories per day per person are down to 3200 from 3600 provided by foods in 1909, says the USDA.

Under the guidance of local volunteer club leaders and the county Extension agents, 4-H'ers plan balanced menus, figure food costs, and learn the importance of nutrition in the daily diet. Club members who live in rural areas are encouraged to grow the fruits, vegetables and other food products needed year round for the entire family.

Food preparation, like many other 4-H projects, offers annual awards for superior achievement. Betty Crocker of General Mills, Minneapolis, Minn., is the awards donor.

Six national \$400 scholarship winners will be selected from among 50 state winners next November by a committee of Extension personnel. The records will be judged at the National Committee on Boys and Girls headquarters in Chicago.

Last year's state and national winner was Miss Ada Lou Hartman, 18. Miss Hartman is the

daughter of Mr. and Mrs. R. F. Hartman, Corpus Christi, Nueces County.

Both state and county winners will be named locally. The state winner's award is a trip to the National 4-H Club Congress in Chicago.

## Bible Thoughts

### "SEEING GOD"

By RONNIE PARKER

In John 14:7 Jesus says, "If ye had known me, ye should have known my Father also; and from henceforth ye know him, and have seen him." Then, "Philip saith unto him, Lord shew us the Father, and it sufficeth us. Jesus saith unto him, Have I been so long time with you, and yet hast thou not known me, Philip? He that hath seen me hath seen the Father; and how sayest thou the, Shew us the Father?"

A mother and her son were looking at a picture of the boy's father. The father was overseas during the war. The boy said, "Mother, wouldn't it be wonderful if daddy could step out of this picture and be with us?"

When Jesus came to the earth, God stepped out of the picture and walked and talked among us. When, in the scriptures, we see Jesus working, we see God working. When we see the mercy of Jesus we see the mercy of God. The love that Jesus had for everybody is the love that God has for everybody. If you would know God, you must know Jesus who revealed God to us. When you have seen Jesus you have seen God. It is then that God can seem real, near and personal to you. You can be a friend of God. You can talk to him, he speaks to you, you praise him, he blesses you. This is the friendship that man receives when he sees God and without which man can not live.

**Miss Ann Taylor complimented Wednesday at bridal shower**

Decorations carried out the honoree's chosen colors of yellow and white when Miss Ann Taylor was complimented with a bridal shower Wednesday evening in the home

of Mrs. Donald Ammons, 905 West Fourth Street. Miss Taylor and Kenneth Bullard will be married tomorrow afternoon at the Calvary Baptist Church.

Guests, who called between 7 and 9 o'clock, were greeted by Mrs. Ammons, the honoree, her mother, Mrs. Fred Taylor, her grandmother, Mrs. Ethel King, and the prospective bridegroom's mother, Mrs. Wesley Bullard.

The 13 hostesses alternated in registering guests, displaying gifts and serving.

The bride-elect's chosen colors were carried out in table decorations. The table was laid in white lace over yellow and featured an arrangement of white orchids and yellow streamers. Punch and cookies were served.

Members of the house party and the honoree wore corsages of white orchids.

Hostesses for the occasion were: Mrs. Odean Cummings, Mrs. Raymond Perdue, Mrs. Jack Hair, Mrs. Billy McKamie of Duncan, Okla., Mrs. Otis Shepherd Jr., Mrs. Glenn Wheatley, Mrs. Audrey Miller, Mrs. W. N. Peacock, Mrs. G. L. Blodgett, Mrs. Thurman Maddox, Mrs. Leo Cobb, Mrs. Arnold Parrish, and Mrs. Ammons. Their gifts to the honoree were a steam and dry iron and a bedspread.

**ENGAGEMENT ANNOUNCED**

School hours have been set from 7 until 9:30 a. m., daily, Aug. 3 through Aug. 12. Commencement exercises will be held on Friday night, Aug. 12.

**740,000 GIRLS**

Twenty years of growth is the record claimed for the national 4-H clothing award program which today involves nearly three-quarters of a million girls between 10 and 21 years of age.

This report comes from the National 4-H Service Committee which developed the program over two decades ago in cooperation with the Extension Service. It has been supported ever since by Coats & Clark Inc. of New York.

Right now across the nation young seamstresses are putting the finishing touches on skirts, dresses and coats. The garments were carefully cut, stitched and sewn under the knowing eye of their local 4-H Club leader.

Many hopeful models also are rehearsing for a fashion show and exhibit of their handiwork in competition with other club members for county, state and national 4-H clothing awards provided by Coats & Clark.

An even dozen college scholarships worth \$50 each are awaiting the 12 top 4-H'ers to be selected from 50 state winners next fall. The state champion will be a delegate to the National 4-H Club Congress in Chicago with all expenses paid.

For more information about joining a 4-H Club contact the county Extension agent.

## About your health

At the end of June — July 2— there were only 19 cases of paralytic polio in Texas compared to 92 cases during the same period last year, State Health Department figures show.

Only two cases were registered in the week ending July 2. The five year median for the corresponding week has been 19 cases of paralytic polio.

Nonparalytic polio also shows a significant drop with a total of 14 cases compared to 39 cases last year at this time.

Despite the encouraging figures, polio continues to strike hard and too often—most often at children below four years of age.

The series of three Salk anti-polio shots has proven overwhelmingly successful. Parents are urged to have their children of preschool age polio protected.

A fourth "booster" shot is recommended for added protection.

During 1959 there were six documented deaths attributed to sports in Texas. Two of the deaths occurred from boxing injuries—the remaining four were caused from football, according to State Health Department figures.

Both boxing fatalities were in organized boxing. The two deaths were to persons 21 and 19 years of age.

In football, two deaths occurred among high school players in scrimmage contests. One death occurred to a 13-year-old in junior high school during football practice.

The fourth fatality was from injuries to a youth of 11, while playing football at home with friends.

Scholastic regulations demand stringent physical examination before students are allowed to participate in organized athletics within Texas' schools. Fatalities are usually the result of freak accidents or an unknown physical condition.

Organized athletics deaths are far below figures from other accidental causes—such as drowning. Each year thousands of Texas students engage in competitive athletics, indicating a small percentage of deaths resulting from athletic activity.

(A weekly feature of Public Health Education Division, Texas State Department of Health.)

## Fishermen persist in setting forth without licenses, data shows

AUSTIN—Despite warnings, fishermen still persist in going out without licenses. The June report of the director of law enforcement of the Game and Fish Commission showed 207 sports fishermen paid fines, and 34 in the commercial fishing industry went into court.

Game wardens also made it hard on "telephoners." They arrested 12 and charged them with illegal use of electrical devices on catching fish.

The game wardens during June made 319 arrests. The courts collected \$6621 in fines and costs.

New hunting and fishing licenses for the 1960-61 season will be mailed out of Austin Aug. 19, to license deputies throughout the State. They will go on sale shortly thereafter. New licenses are required after Sept. 1. In the meantime, a license is required of anyone who fishes outside his home county, or fishes with a rod and reel if he is between the ages of 17 and 65.

How times change! Nowadays when the doctor finds a patient in a run-down condition, he prescribes less golf and more time at the office.

## Cures All

To a child a band-aid is the quickest cure, and will heal and protect any wound. This is a wonderful trust . . . how wonderful it would be if we would place the same trust in the Lord. "Ye that fear the Lord, trust in the Lord: he is their help and their shield." Confidence and faith grows greater with practice. Attend church regularly, study God's word and . . . "they that know thy name will put their trust in thee: for thou, Lord, hast not forsaken them that seek thee."

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Dallas—The burning of Dallas and several farm houses in this county, has led to the discovery of a most diabolical plot to devastate the whole of Northern Texas. It was at first believed that the fire was accidental, but the successive burning of farm houses and the firing of many other towns and stores in this section, caused reflecting men to adopt means to ferret out, if possible, the cause of such wholesale destruction. It seemed almost impossible that so many places could be fired simultaneously, and that that should be accidental. The outhouses, graineries, oats and grain of Mr. Crill Miller were destroyed a few days after the destruction of Dallas. This led to the arrest of some white men, whose innocence, was proved beyond a doubt. Several negroes belonging to Mr. Miller, were taken up and examined, and developments of the most startling character elicited. A plot to destroy the country was revealed, and every circumstance even to minute, detailed. Nearly or quite a hundred negroes have been arrested, and upon a close examination separate and apart from each other, they deplored to the existence of a plot or conspiracy to lay waste the country by fire and land by the destruction of the provision, arms and ammunition, and then when in a state of helplessness, a general revolt of the negroes was to begin on the 1st Monday in August, the day of election for state officers. This conspiracy is aided and abetted by abolition emissaries from the North, and by those in our midst. The details of the plot and its modus operandi, are these: Each county in Northern Texas, has a supervisor in the person of a white man, whose name is not given; each county laid off into districts under the subagents of this villain, who control the action of the negroes in said districts, by whom the firing was to be done. Many of the most prominent citizens were singled out for assassination whenever they made their escape from their burning homes. Poisoning was to be added, and the old females to be slaughtered along with the men, and the young and handsome women to be parceled out amongst these infamous scoundrels. They had even gone so far as to designate their choice and certain ladies had already been selected as the victims of these misguided monsters. Fortunately, the country has been saved from the accomplishment of these horrors.

**Recreation plays major role in 4-H Club work**

"All work and no play makes Jack a dull (4-H) boy," explains why recreation is one of the official 4-H programs among the half hundred available to club members throughout the state. Naturally it's popular with 4-H'ers of all ages, and is one project that can be carried on in towns as well as in the country, the Cooperative Extension Service points out.

While the recreation program itself is not new in 4-H, the present national sponsor is. This marks the first year that John Deere of Moline, Ill., will be host to the top state and national winners during the National 4-H Club Congress in Chicago next fall.

Awards will include recognition certificates for four blue award clubs in each county plus gold-filled medals for four individual winners. On the state level, 10 blue award clubs will receive certificates, and the state champion will be a Chicago congress delegate with all expenses paid. In addition, each of six national winners will be presented with a \$400 John Deere college scholarship.

In summing up the year's participation, Bruce Lourie, vice president, says, "John Deere's sponsorship of the national 4-H recreation program is a most rewarding experience. Teaching boys and girls how to enjoy and constructively use their leisure time, and training them in leadership is important to us.

"Our contacts with the 4-H staff and with volunteer adult leaders throughout the country indicate that a splendid job is being done in guiding club members who are the future leaders of this nation," he adds.

The broad scope of activities include arts and crafts, sports, club and community social events, na-

**'Suddenly Last Summer' is to show at Tower Sunday, Monday, Tuesday**

A super star-laden cast topped by Elizabeth Taylor, Katharine Hepburn and Montgomery Clift has been assembled by Sam Spiegel for his powerful motion picture version of Tennessee Williams' play, "Suddenly Last Summer."

Opening at the Tower Theatre on Sunday and continuing through Monday, the new drama is a Columbia Pictures' release, one of the year's best, according to the National Board of Review.

Seldom has such star power been gathered of the calibre of Miss Taylor, who has twice been nominated for Academy laurels, for her work in "Cat on a Hot Tin Roof" and "Raintree County," and Miss Hepburn.

The film centers around the efforts of Clift, a brilliant neurosurgeon, to penetrate the miasma of terror and shock that has enshrouded the beautiful Miss Taylor and driven her to the precipice of insanity.

The triggering event, that all but unhinges Miss Taylor's reason, is the sudden and violent death of her young male cousin, Miss Hepburn's son, Miss Hepburn, in her turn, presses Clift to perform a delicate brain operation on Miss Taylor. Clift delays, uncertain that Miss Taylor is, indeed, insane.

I see by the papers where a woman filed suit for divorce because her husband was careless about his appearance. He hadn't shown up in nearly two years.

floats in the rodeo parade. Remember the youth theme. Over on page 12 and 13 of today's Dispatch, 50 merchants have given the rodeo a good send off with a two-page advertising spread on the event. You'll notice other rodeo ads in today's paper too.

Today it's Dick Nixon vs. Jack Kennedy for the U. S. presidency. The Republicans this week came up with a better organized TV show in Chicago than did the Democrats a couple of weeks back out in Los Angeles. The national political convention with the full coverage given it by television now has taken on a new meaning—its carefully "sales pitched" at the voters sitting in front of their TV screens across the nation—viewers who can't watch anything else on TV but the conventions during their duration. Despite the excellent TV coverage, there is no objection. Too much of it and no choice. Four years from now the politicians would be smarter to cut out a lot of the usual political hum and get right down to cases—that is, if they want to hold their audiences.

The political campaign this year is going to be mighty interesting here in Texas, basically a one party state which has voted the "wrong way" in the last two presidential elections. Texans are mighty conservative folks. They didn't like the very liberal Adlai in 1952 and 1956, and a lot of Democrats are guessing out loud they may not like Jack in 1960 for the very same reason. The GOP at its conclave talked up middle-of-the-road conservatism from start to finish. And that kind of campaigning may have a whole lot more to do with the way the vote goes in Texas this fall than either the Civil Rights or the religious issue, although both will figure. Just how much Senator Johnson's presence on the Demo ticket will do to "save it" in Texas and the South is the big question mark.

In the annual survey of buying power, just released by the authoritative Sales Management magazine, Garza County is listed with an effective buying income of \$11,588,000 and 1,500 households. The county is estimated to have an average per capita income of \$1,609 and an average household income per year of \$6,438. Retail sales for the county are listed at \$7,722,000 per year. In breaking down the income by households, 18.9 per cent of Garza's total households have incomes below \$2,500 annually, 23.3 per cent have annual incomes between \$2,500 and \$4,000, 23 per cent earn from \$4,000 to \$7,000 annually, 12 per cent rate in the \$7,000 to \$10,000 income bracket, and 12.8 per cent over \$10,000 annually. Lumped together the 20-county South Plains area has an effective buying income of over \$700 million. Lubbock ranks No. 2 behind San Diego, Calif., in the list of preferred cities outgaining the nation in business activity. For those who every once in a while inquire as to retail sales here or local buying income, Sales Management figures are about the most authoritative available.

Post's big new 12-lane bowling center will be ready to open in ten days to two weeks, Bill Miller, who is moving to Post with his wife to manage the quarter-million dollar sports enterprise, told us yesterday afternoon. Construction of the bowling center and all-weather parking lot is complete. The alleys are going in now and pin-setting equipment is due here Monday for installation. The Post Bowling Center, located on the Tahoka Highway, is a real beauty and will include lockers, nursery, snack bar, shoe rentals, automatic pin setting, free meeting room, and subway ball return system. Bill, who is a pretty nifty bowler, plans free instruction for all who want to learn just as soon as the alleys can be opened. A grand opening will come about a week after the opening for play to get the new equipment all in good operational order. Fall will soon be here and with it the organization of bowling leagues. As a real recreation center, the Post Bowling Center is going to be hard to beat—and certainly will be thoroughly enjoyed by both young and old in the months ahead.

**Requirements for beginners given**

School Supt. R. T. Smith in an enrollment announcement for first graders this week pointed out that youngsters to be eligible to enroll in school for the first time must be six years of age before Sept. 1. He said they must bring their birth certificate with them when parents bring them to register. Smith also emphasized that first grade enrollees must be inoculated for smallpox, tetanus, whooping cough, diphtheria, and polio. The school superintendent said this information had been given to parents of prospective first graders last spring, but that he wanted to reach parents of incoming first graders who did not attend the briefing session in the spring.

AUSTIN—In the 1959-60 school season University of Texas football players had a higher scholastic average than the average of all athletes and in the Spring semester—for the third in succession—no varsity player failed enough work to make him ineligible to maintain his scholarship. Further among football men, it was noted that none failed in tough engineering courses, none failed in some of the more "solid" courses such as government and history, and no freshman football player failed chemistry, normally one of the more "rugged" courses, in the Spring semester.

**Water vote--**

(Continued from page 1)  
Hall here last Thursday night at which time some minor changes in the water contracts were reported and approved. The district had sought federal okay of the proposed changes asked two weeks ago. The Aug. 29 date for the four elections—all to be held on the same day—was selected at that session. But the actual calling of the four special city elections for the vote came from the town councils this week.

The legal notice for the calling of the Post election appears on page 14 of this edition of The Dispatch.

The 11-page water contract is so bulky that White River directors decided against printing it in full, but copies of the contract are available at City Hall for any voters' inspection.

**BROCHURES READY**  
Six thousand brochures giving information on the special elections will be ready for distribution in the four towns this weekend. Based on questions and answer form, the brochures explain the many complicated financial details involved in the financing and operation of the water district.

Bouchier said today that distribution of the brochures here in Post probably will be by putting them on the counters of local stores where anyone who wants one may take one home for reading and study.

At the special city council meeting here Monday morning, Roy Baker, oldest councilman in length of service, made the motion to call the water contract election. His motion was seconded by Harold Lucas, youngest councilman in length of service. The council gave the motion its unanimous approval.

The city council has staunchly supported the White River Municipal Water district proposal from the beginning.

**40-YEAR CONTRACTS**  
Each of the water contracts with the cities will be for a period of 40 years from the date of the first water delivery.

Cost of water to the cities of water purchased above the minimum amount (\$41,999,999 gallons in Post's case) agreed to in the contract will be at a rate to be determined by the White River district directors, but not to exceed 30 cents per thousand gallons.

This means that it is possible for the district to sell at a cheaper rate for additional consumption.

**RETURNS HOME**

Mrs. Mary Owings accompanied her sons, M. L. Masters of Baytown and Hubert Masters of Abilene, to the latter's home Sunday for a brief visit. From there she returned to her home in Baytown. She had spent a week here visiting her mother, Mrs. H. N. Thompson, and other relatives and friends.

# Workers' suggestions to pay off at Postex; Sullivan first winner

John Sullivan has won the first cash award in Postex Mills' new program of rewarding employees who submit workable suggestions on safety, mill operations, etc.

Sullivan, an employe of the carding and spinning department, received \$5 for a suggestion he made on improving quality and cutting down waste in one of the mill's operations.

Lee Ward, mill superintendent, said the cash awards will range from \$5 to \$25, depending on their value and workability.

Employees may either write out and submit their suggestions or make them orally, Ward said.

# REUNION SCHEDULED

# Flowing discovery gauged in county

General American Crude Oil Co. has completed its south Garza County wildcat, No. 1-A-63 Koonsman, as a Strawn producer and has filed a discovery application for the venture.

It was completed flowing for a calculated 24-hour potential of 505 barrels of 49.6 gravity oil through a 1/4-inch choke, based on an actual eight-hour flow of 168.63 barrels of oil per day.

Gas-oil ratio was 975-1. Flowing tubing pressure was 850 pounds and casing pressure was 600 pounds.

Production was through Strawn perforations, 7,930-50 feet, after treating with 500 gallons of acid.

Operator has not indicated if the discovery will be dually completed from the Strawn section.

It is located one and one-half miles east of the Red Loflin Strawn, Ellenburger field, eight miles southwest of Justiceburg.

# Uncleared vacant lots under fire at Slaton

SLATON—An ordinance which would require vacant lots to be cleared of weeds regularly was before the Slaton City Commission last week.

The proposed ordinance also controls other nuisances, including cesspool violations, livestock kept within the city limits, etc.

The ordinance was originally drawn up, however, for the purpose of controlling weed growth on vacant lots. It would provide that failure of owners to control the growth of weeds, etc. on their property . . . would create a situation in which the City could have the weeds destroyed, charge the expense involved against the property owner and create a lien upon the lot and premises.

The owners of such lots could also be fined up to \$200.

The second and final readings on the ordinance was scheduled for this week by the City Commission.

If you want it to be a short summer, just sign a 90-day note.

## Edwards Appliances is winner of plaque for 'outstanding service'

Bill Edwards of Edwards Appliances was presented Monday with a Frigidaire Award of Merit for "outstanding customer service."

In making the presentation of the attractive wall plaque, Lloyd Long of Lubbock, Frigidaire's district service manager, told Edwards that his store was one of only three in all West Texas to receive the award this year.

The other two went to stores in Midland and Amarillo.

The award is made for fine service department operations to Frigidaire appliance customers during the year.

Edwards is Post's Frigidaire dealer and has spent considerable time and money during the last two years in organizing and equipping the best possible service department.

## Attends brother's rites at Graham

Mrs. T. L. Jones returned to Post this week after attending funeral services in Graham for her brother, Dr. H. E. Griffin, who died July 10 following a heart attack. Services were held at the Graham Baptist Church July 13.

Dr. Griffin, 78, was well known in medical circles. He had practiced medicine in Graham for 35 years and was vice president of the Texas Medical Association. He was also president of the Northwest Texas Medical Society and a permanent director of the American Medical Association.

Dr. Griffin was active in Graham community affairs. He was a charter member of the Rotary Club and was recently honored as one of three members living who helped to form the Graham club.

He is survived by his wife; one brother, Dr. B. B. Griffin of Graham; and five sisters, Mrs. Bertha Spinstor, Mrs. Lucille Neal, and Mrs. Blake Barnett of Dallas, Mrs. Monty McDavid of Weatherford, and Mrs. Maggie Mae Jones of Post.

## Levelland man is preacher in revival going on at Graham Church of Christ

By MRS. DILLARD THOMPSON

The gospel meeting is now going on at the Church of Christ. It began Monday, July 25, and will continue through Aug. 31, with Joe Barnett of Levelland doing the preaching. Harry Gipson of Spur is in charge of song services. Evening services are at 8 o'clock.

Along the crop situation—this week most everyone seems to be catching up on plowing, and hoeing has begun to slow up. Most farmers who are fortunate to have some irrigation have started it, or are getting ready to start.

Mr. and Mrs. O. H. Hoover recently spent the week at Stamford Lake fishing. Enjoying the week with them were J. W. Inklebarger, Mr. and Mrs. Herbert Hoover and sons of Shallowater, Capt. Coleman of Reese Air Force Base, Lubbock, Jess Hipp of Tampa, Fla., who was a former student of Herbert Hoover at Crustyton. Joining them on Tuesday were Hoover's sister and brother-in-law, Mr. and Mrs. Ed Love of Lovington, N. M., and grandson, Bobby.

Mr. and Mrs. Ray Young of Post were Sunday dinner guests of Mr. and Mrs. Lonnie Peel.

Bruce Boren of Justiceburg was a guest of his great aunt and uncle, Mr. and Mrs. W. C. Bush, from Friday through Sunday. Also visiting Sunday afternoon were Mr. and Mrs. Walter Boren of Post, Mrs. Jim Boren and Barbara of Justiceburg and Mrs. Gene Young.

Mr. and Mrs. Bobby Cowdrey and daughters of Post were Sunday dinner guests of his parents, Mr. and Mrs. Delmer Cowdrey.

Friday night guests of Mr. and Mrs. Ray McClellan were Mr. and Mrs. Jack Case and Johnny of Rocky, Okla., Mrs. E. A. King, Mr. and Mrs. Billy Ray Case and children of Post, and on Saturday evening they and Mr. and Mrs. Robbie King and children, Mr. and Mrs. E. A. King, Mrs. Charlie Lee and children, Mrs. Charles King and children, Mr. and Mrs. G. T. Mason and G. T., all enjoyed ice cream at the McClellan home.

Mr. and Mrs. Bill McMahon visited Sunday in Lubbock with Mr. and Mrs. Hugh Scott.

Visiting Sunday in the Carl Fluit home were Mr. and Mrs. Grover Mason and G. T., Mr. and Mrs. Homer Joe Mason and Joe, Mark Hutton, Mrs. Thebert McBride and David, Mr. and Mrs. Maurice Fluit and Mark, Mr. and Mrs. W. O. Fluit Jr. and Sherita, G. T. spent the night with Jackie.

Mr. and Mrs. Earl Gregg visited in the New Home community Friday night in the home of his brother and sister-in-law, Mr. and Mrs. Morris Gregg. Also visiting was the Morris Greggs' daughter, Mrs. Jack Frost of Germany.

Mr. and Mrs. Michie Robinson and Michie Sue spent the weekend

## Letters to the Editor . . .

Dear Editor:

On behalf of crippled Texans and the officers and board members of the Texas Society for Crippled Children and Adults, I want to thank you through this letter for the assistance given by your newspaper during the recent 1960 Easter Seal Appeal. I hope to be able to visit you in the near future to express our appreciation personally.

## 'Dog of Flanders' coming to Tower

The classic juvenile novel, "A Dog of Flanders," will be presented on the Tower Theatre screen by Twentieth Century-Fox on Friday and Saturday.

The news articles and pictures printed in your publication not only promoted the continuation of the Easter Seal Society's 29-year record of service for the physically handicapped, but also aided greatly to increase your able-bodied readers' understanding of the need for community services for anyone who is or who becomes crippled.

Sincerely,  
Arthur W. McKnight  
Director of Information

## Kalgary woman is posse queen

SPUR—Mrs. Boney Winkler of Kalgary has been elected as queen for the Dickens County Sheriff's Posse over five other candidates.

Mrs. Winkler will be featured in activities during the coming World's Championship Polo Tournament to be held in Spur, Sept. 2-4.

Mrs. Jack Condon was runner-up in the queen contest. Other candidates were Mrs. Doc Edwards of Post, Mrs. Edgar Witt of Kalgary, Mrs. Fat Smith and Mrs. J. C. Cornelius of Spur.

The queen and the other candidates will ride in the homecoming parade, which will be a joint feature of the Spur Ex-Students' homecoming and the polo meet.

## Pathologist says plow deep to cut cotton root rot

COLLEGE STATION — Drying out the soil for 2 weeks or more after deep plowing can reduce cotton root rot to as low as 2 per cent or less the following year, according to Dr. Harlan E. Smith, extension plant pathologist.

Deep plow 10 to 14 inches or more. It is best to use a moldboard or disc type plow. Bedding and listing are ineffective. Plow in the summer if possible. If not, plow as soon in the fall as possible, advises Smith.

Drying out the soil helps reduce the root rot by lowering the number of fungus seed bodies or sclerotia in the soil. It also kills old cotton roots and roots of susceptible weeds on which the fungus lives over-winter. The fungus has been found at depths of 8 feet; however, most of it is concentrated in the top 12 to 20 inches of the soil.

Deep plowing is most effective if no rain occurs for at least 2 weeks after plowing.

Check the long range weather forecast. Try to select a time when dry weather is expected. Do not irrigate after plowing for at least 2 weeks to allow soil to dry.

A combination of practices carried on for a number of years is necessary for best results.

Local county agents can supply additional information on recommended cotton root rot control practices, Smith says.

# Post swimmers take meet here Saturday

Aided by a thrilling photo-finish victory, the Post swimming team relay, the Post swimming team scored 123 points Saturday to easily outdistance teams representing Boy Scout Troop 16 and Slaton in a swim meet at the City-County pool here.

The Boy Scout team finished with a total of 67 points and the Slaton team with 56 points.

The free style relay in the afternoon was the highlight of the afternoon's competition. The Post team of Butch Wilson, Charles

Tabbs, Herbie Hays and Wayne Runkles was closely pressed by the Slaton team of Bill Barry, Pat Adamek, Jay McSween and Sammy Wilson.

After leading by less than a yard all the way in the 100-yard free style relay, the Post swimmers had to pull a photo-finish to fight off the determined Slaton tankmen.

Rosettes were awarded the first, second and third place teams.

Special ribbons for most points in the various age group went

to the following:

Adult: Sammy Wilson, Slaton, 25 points.

Senior: Bill Barry, Slaton, 25 points.

Intermediate: Curtis Hudman, Troop 16, 20 points; Nita Wilson, Post, 20 points.

Junior: Richard Scott, Troop 16, 19 points; Terry Power, Post, 17 points.

Ribbons also were awarded first, second and third place winners.

There was a total of 77 entries in the meet, with competition close in every event.

Following are the results by events:

**Adult Division**

# Darrell Jones to play in All-Star attraction

Darrell Jones, former Southland High School athlete, will play on the West team in an eight-man football contest to be played Friday at Abilene as a feature of the state six- and eight-man football coaches' school.

It will be the first all-star eight-man contest ever played in Texas.

Jones, son of Mr. and Mrs. Barrie Jones of Route 3, Post, is

a spring graduate of Southland High School, where he played football and basketball and was also a track and field standout. He will enter West Texas State College on a football scholarship this fall.

The 190-pound Jones attended the Post schools through his freshman year in high school and was a Post Antelope squad member while a freshman. He had played junior high football and basketball here.

He was one of the state's outstanding backs in last season's eight-man football campaign. He has been to the state track meet two times as a sprinter after winning both the 100- and 220-yard dashes in his district and placing in the regional meet.

Also playing on the West team in Friday's eight-man game will be two Jayton High School graduates, fullback Gary Hicks and guard Bill Prichard.

**LL stars lose to Slaton '9'**

It just wasn't the Post Little League All-Stars' day at O'Donnell Saturday.

The Post nine made six costly errors afield and got only one hit in losing to Slaton, 13 to 3, in the Area 4 playoffs.

The Post All-Stars' only hit was a two-run homer by second baseman Freddie Collazo, who also sparked on defense for his team. Collazo played with the Westerners during the regular season.

Slaton collected 12 hits off Post starter Filemon Vargas and relief pitcher Charles Landtroop.

The winners played errorless ball.

# Champion White Sox enjoy Mexican dinner courtesy of sponsor

Members of the White Sox team, champions of Post's first Babe Ruth League, were honored with a Mexican dinner Monday evening at Carlos' Little Mexico Cafe.

Host at the dinner was Bill Edwards of Edwards Appliances, which sponsored the White Sox team.

Honored along with the players was Manager Ben Howell, whose team staged an uphill fight to win the championship in a close race with the Cubs.

Also present at the dinner were Empire Bill Hall and Charles Didway, Post Dispatch editor.

Only two members of this season's White Sox team, David Lee and Ronnie Reed, will be lost because of age to next season's team, according to the manager.

Holding a place of prominence on the table during the meal was the league trophy the team won with its championship effort.

# Post Would-bes seeking games

The Post Would-be semi-pro baseball team needs tune-up games between now and the National Baseball Congress tournament opening in Lubbock Aug. 4.

A game scheduled for Sunday between the Post nine and the Lubbock Rebels was called off when the Lubbock team announced it was unable to secure a diamond on which to play the game.

The Would-bes, managed by Walter B. Holland and Emmett Goode, have played only two matched games this season, defeating Tahoka in one and losing to the Lubbock Rebels in the other.

The managers said efforts are being made to schedule a game for Sunday.

The tournament starting Aug. 4 in Lubbock will be for the northern division of the state-NBC tournament. Southern division play will be at Houston, starting Aug. 5.

The winners in both the north and south division tournaments will go to Wichita, Kan., Aug. 19 for the NBC tournament.

# New girls' coach present at clinic

Donald Watkins, newly-elected girls' basketball coach at Post High School, attended the annual Texas High School Girls Basketball Clinic held July 19-23 in Huntsville.

Watkins assisted in coaching the North team of girls, which played a South team to climax the clinic.

Three members of the Friona girls' team, for which Watkins was an assistant coach last year, played on the North team.

Watkins is back in Post this week and met Wednesday morning with high school girls who plan to play basketball during the 1960-61 season.

# Coaching staff at PHS is completed

Charles Clark, who is attending summer school at Southeastern State College, Durant, Okla., has been employed to replace John Blocker on the Post High School coaching staff.

Blocker resigned a few weeks ago to accept the head coaching job at Hart High School.

The employment of Clark, who will coach freshman football and basketball, completes the coaching staff, according to Supt. R. T. Smith.

The new coach, whose hometown is Lubbock, is married and has two children. He played football at Paris Junior College before transferring to Southeastern.

The position here will be his first coaching job.

# New coach for Stanton Buffs

The Stanton High School Buffs, new members of District 3-AA, have a new assistant football coach.

The new coach is Larry Lewis of Hawkins, who has just completed service with the U. S. Army. He is a graduate of Sam Houston State College, Huntsville, and this will be his first year to coach.

Harlin Dauphin is head coach of the Buffs, who play the Post Antelopes on Oct. 14 in a conference game.

Stanton is moving up to Class AA from Class A.

Also a new member of District 3AA and favored to win the championship is Denver City. Other members of the district are Post, Slaton and Tahoka.

# Coaches will attend annual state school

Members of the Post schools' coaching staff will leave Sunday for Dallas to attend the annual school of the Texas High School Coaches' Association.

Those who will attend the one-week school from here will be head coach and athletic director Vern Alexander, Harold Teal, Gerald Loyd, Glynn Gregg and Richard Souter.

# RECENT VISITORS

Recent visitors in the M. S. Smith home were Mr. and Mrs. Dewey Thurman of Amarillo. Mrs. Thurman is a niece of Smith's.

# Long season and 15 limit is set for dove hunters

AUSTIN—Hunters seem to be well pleased at the bonus dove shooting they will get during the 1960 season, according to the executive secretary of the Game and Fish Commission.

The North Zone season this year will start at 12 noon, Sept. 1, and close Dec. 5, except in the counties where white-winged dove shooting will be permitted three days earlier.

The white-winged dove season will be for three days, Sept. 9, 10 and 11. This season will be from 2 p.m. until sunset.

There also will be an increase in bag limit on mourning doves for the upcoming season. The shooter will be permitted to take 15 per day and have 30 in possession.

Whitewing shooters, who may also kill mourning doves at the same time, will be permitted to have 10 whitewings and 5 mourners for the first day of hunting. They may have 20 mourning doves and 10 whitewings in possession after the second day.

Generally, the Texas quail season will begin Dec. 1, under the general laws. The Commission will set the quail season in regulatory authority counties at its meeting Oct. 7.

Another drastic change in the hunting laws will be legalizing spike bucks in counties under regulatory authority.

## Discarded iceboxes or refrigerators threat to children, says safety man

"One death a year in a discarded icebox or refrigerator is one too many."

With that thought in mind, J. O. Musick, general manager of the Texas Safety Association, warns against discarding cabinets—preservers of food when in the kitchen, but so often destroyers of young lives when put on the back porch, in the back yard or on junk heaps.

"The suffocation of children in discarded refrigerators and iceboxes, though declining because of the public's increased awareness of the problem, is an especially needless form of accidental death," Musick said.

Nearly 30 million refrigerators, iceboxes, freezers and other airtight cabinets are in use today. And they're being carted to junk piles—or, worse yet, kept in the basement as an extra cabinet, or left in the back yard—at a rate of about a million a year.

Typical of the tragedies was the suffocation of two boys 5 and 3

years of age. They crawled into a refrigerator and pulled the door shut, locking themselves inside. The cabinet's insulation probably muffled their cries for help, authorities said.

How can such mishaps be avoided?

1. Teach children to stay away from discarded cabinets.
2. Remove the door if you discard a cabinet.
3. Remove latch stops so the doors can't lock. This can be done usually by removing a few screws.
4. Drill holes in the cabinet and remove the rubber gasket around the door.

"Better yet," Musick said, "destroy the cabinet. A little foresight could save a child's life."

# Legal Notice

**NOTICE OF ELECTION**  
THE STATE OF TEXAS,  
COUNTY OF GARZA,  
CITY OF POST:  
TO THE RESIDENT, QUALIFIED ELECTORS OF THE CITY OF POST, TEXAS, WHO OWN TAXABLE PROPERTY IN SAID CITY AND WHO HAVE DULY RENDERED THE SAME FOR TAXATION:

TAKE NOTICE that an election will be held in the City of Post, Texas, on the 20th day of August, 1960, on the proposition and at the place more particularly set forth in the resolution adopted by the City Council on the 20th day of August, 1960, calling said election, which is substantially as follows:

**RESOLUTION**  
CALLING AN ELECTION FOR THE PURPOSE OF DETERMINING WHETHER THE CITY COUNCIL SHALL BE AUTHORIZED TO ENTER INTO A CONTRACT WITH WHITE RIVER MUNICIPAL WATER DISTRICT FOR THE PURPOSE OF SUPPLYING WATER TO SAID CITY.

WHEREAS, the City is in urgent need of an additional water supply which may be obtained by contract with White River Municipal Water District;

BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF POST, TEXAS:

1. That an election be held in said City on the 20th day of August, 1960, at which election the following proposition shall be submitted:

**PROPOSITION**  
"Shall the City Council of the City of Post, Texas, be authorized to enter into a contract with White River Municipal Water District for the purpose of supplying water to said City, as authorized by Chapter 342, Acts of the Fifty-First Legislature and other applicable laws?"

2. That said election shall be held at the City Hall, within said City, and the following named persons are hereby appointed directors of said election, to-wit:

Walter Crider, Presiding Judge; Irene Rodgers, Assistant Judge; Lucille Acker, Clerk.

3. That said election shall be held under the provisions of Chapter 342, Acts of the Fifty-First Legislature, and only qualified electors of the City who own taxable property therein and who have duly rendered the same for taxation shall be permitted to vote at said election.

4. The ballots for said election shall have written or printed thereon the following:

**PROPOSITION**  
"For the Water Contract"  
"Against the Water Contract"

Each voter shall draw a line through one of the above expressions, thus leaving the other as indicating his vote on the proposition.

5. If this election results favorably to the making of said contract, the City Council will pass an ordinance prescribing the form and substance of said contract and directing its execution. Such contract will provide that the city shall not be obligated to pay more than 30c per one thousand gallons of water delivered to the City. A copy of the draft of such contract is on file with the City Secretary for public inspection.

6. A substantial copy of this resolution signed by the Mayor of said City and attested by the City Secretary shall serve as proper notice of said election. Said notice shall be published on the same day in each of two successive weeks in a

newspaper of general circulation published within said City, the date of the first publication to be not less than fourteen days prior to the date set for said election. Except as otherwise provided in said Chapter 342, the manner of holding said election shall be governed by the general election laws.

ADOPTED AND APPROVED this 25th day of July, 1960.

POWELL SHYTTLES,  
Mayor.

The Rev. and Mrs. Elton Brian and two daughters were dinner guests Sunday of Mr. and Mrs. Spence Bevers and children.

**HOME FROM HOSPITAL**  
 Mrs. W. J. Kuykendall came home Friday from Mercy Hospital, Slaton, where she had spent two weeks. She is doing as well as can be expected. Mrs. Carrie Guest is helping care for Mrs. Kuykendall.

**4-H cooks stocking freezers with wide assortment of foods**

The increased use of commercially frozen foods in American homes today has not deterred Lone Star 4-H cooks from learning how to select and prepare foods for freezing. Last year more than 6,000 club members enrolled in the 4-H frozen foods program directed by the Cooperative Extension Service of Texas A&M College and arranged by the National 4-H Service Committee, Chicago.

Most 4-H'ers raise their own vegetables, fruits, poultry and meat that go into the freezer. Then they add home baked cakes, pies, bread and rolls. As a result the family eats better and cheaper, according to the youthful food experts. They also maintain that an appetizing assortment of foods conveniently at hand enables them to whip up a complete meal if "company" should arrive on short notice.

Miss Helen Feuge, 17, of Llano, was winner of the top state award for 1959, and attended the National 4-H Club Congress in Chicago. Up until that time she had frozen over a ton of home grown products.

The frozen foods program is supported by Whirlpool Corporation of St. Joseph, Mich. Besides the Chicago trip award, it provides six \$400 college scholarships on a national basis, and medals for county honors. Some 200 members throughout the state received medals last year.

One doesn't need a garage for the little foreign cars—just the box they came in.

Mr. and Mrs. Weldon McGehee and son, Dennis, made a weekend business trip to El Paso.

Mr. and Mrs. L. H. Schlueter and daughter, Roxanne, of Fort Worth visited recently with her sister and family, Mr. and Mrs. Don Edmunds and children. They also visited in Slaton with Mrs. Schlueter's parents, Mr. and Mrs. Gunkel, and family.

Mrs. Ray Balch and Frank Crawford of Lubbock visited their aunt and uncle, Mr. and Mrs. W. E. Edmunds, Sunday.

**HOSPITAL VISITOR**  
 Mrs. Agnes Rinker visited Mrs. L. A. Dunn in Slaton Mercy Hospital, Thursday afternoon.

Visiting Mr. and Mrs. Ed Milliken Wednesday afternoon were Mr. and Mrs. William Cato of Quanah and Louise Davidson. Sunday visitors were their son and daughter-in-law, Mr. and Mrs. Bryan Milliken of Lakeview, Mrs. D. H. Hatchett of Lubbock and the Davidson family.

Jerry Hitt and a friend whom he met while at Baptist camp at Glorieta, N. M., spent a few days with Jerry's parents, Mr. and Mrs. Elmer Hitt. They went to Abilene over the weekend.

Mr. and Mrs. Jerry Davidson of Plainview were Sunday visitors in the home of her parents, Mr. and Mrs. J. B. Robinson, and sons.
