The two major political parties have completed their national conventions and neither found a place for the Hippy-Yippy forces.

Thus, a segment that had been making much of the noise in pre-convention compaigning found itself still on the outside when the votes had been cast. Despite the interruptions and the side issues of racial disturbances in Miami Beach and Hippy-Yippy clashes with police in Chicago, the happenings on the convention floors reaffirmed a simple fact of American political life — you can't win without the votes.

The two conventions had some similarities. Backers of Nelson Rockefeller at the Republican convention harped on the theme that Rockefeller would make a better race nation-wide than the ukimate nominee, Richard Nixon.

The same song was sung several times at the Democratic convention by supporters of Eugene McCarthy. They said their man would run stronger than Hubert Humphrey.

Delegates, who had been selected by the folks back home, apparently paid little attention to this argument however, and Nixon won a rather easy victory on the first ballot, with Vice President Humphrey following up with a veritable landslide on the first roll-call at the Democratic convention.

The first Negro ever nominated for the office of president by a major political party, the Rev. Channing Phillips, got a sprinkling of votes outside his home District of Columbia delegation. It undoubtedly was a great temptation for Negro delegates to vote for him if for no other reason that they would go down in history as casting a vote for the first Negro ever to be presented in such a role at a national convention.

A huge outcry deploring violence in Chicago during the Democratic National Convention apparently has virtually covered the nation. Yet a peaceful observance just ahead undoubtedly will bring on much more serious and widespread loss to man and property. Col. Wilson (Pat) Speir, who heads the Texas Department of Public Safety and who was a visitor Tuesday in Snyder, has predicted that at least 46 persons will lose their lives in Texas traffic over the Labor Day weekend, unless drivers are more cautious than they usually are. Other states face the same peril. — WACIL McNAIR.

'68 Confirmed Year Of Political Oddity

By JEAN HELLER
Associated Press Writer

CHICAGO (AP) — What went on at the National Democratic Convention this week fits in with the unpredictable and unusual character that has set down 1968 as the year of the political oddity.

Little has been normal about political '68. Nothing has been predictable except unpredictability—and coincidence. And from the bitter fights over delegate credentials and a Vietnam plank to the naming of a little known Maine senator as its vice presidential candidate, the Democratic convention joined in opposing Republicans in straying from the usual.

When the Republicans nominated Richard M. Nixon as its presidential candidate, some party members said he had a loser's image, that he couldn't win.

When the Democrats nominated Hubert H. Humphrey, again some party members said it was a mistake, that he couldn't win.

They said, too, that Humphrey's foreign policies were inconsistent with the feelings of American voters.

What the nay-sayers neglected to take into account, however, was that in political '68, the will of the voters has been a dubious force so far.

The polls said New York Gov. Nelson A. Rockefeller was the man who could pull in votes most successfully for the Republicans. The polls said Sen. Eugene J. McCarthy was the man most likely to get elected for the Democrats. Yet neither could get elected by his own party.

Within each party, there was bitter dissention. The Republicans had a miniwar over their vice presidential choice. The Democrats fought a bitter battle over a real war in Vietnam.

While Democratic delegates fought each other verbally in the convention amphitheatre, demonstrators knocked heads with Chicago police and Illinois National Guardsmen downtown.

There were other ironies and oddities to political '68.

Eight years ago, John F. Kennedy's Catholicism became a major issue that dogged him down the campaign trail. If Eugene McCarthy or the late Sen. Robert F. Kennedy encountered similar religious prejudice, they did not mention it.

The two principal contenders for the Democratic nomination, Humphrey and McCarthy, both are from Minnesota. The third candidate, Sen. George McGovern, is from South Dakota where Humphrey was born. And while he was in the Senate, Humphrey lived next door to McGovern. Both challengers owed Humphrey a great deal politically.

The two top Republican candidates, Nixon and Rockefeller, are from New York and, in fact, both have apartments in the same big grey stone building on fashionable upper Fifth Avenue.

The two men who finally won the nominations don't live anywhere near each other, but they have worked in the same place. Both have held the office of vice president of the United States.

And both, of course, want to go higher.

SERIOUS INJURIES — Sharman 5, and Paula 8, daughters of Mr. and Mrs. Hubert Hight, Route 2, sustained serious injuries when this 1966 Model Chevrolet operated by their mother was in collision with a 1966 Model Chevrolelt pickup about a mile east of town on rain slick U.S. 180 at 4:30 p.m. yesterday. They were transferred to a hospital in Lubbock after receiving emergency treatment at Cogdell Memorial Hospital where they were taken by Snyder Ambulance Service. Driver of the pickup, R. C. May, also of Route 2, was to be transferred to Lubbock this morning. Mrs. Hight and a son, Royce Wayne, were treated for lesser injuries.

AS RUNNING MATE

Humphrey Tags Senator Muskie

By JACK BELL
AP Political Writer

CHICAGO (AP) — With a little-known senator from a small state as his handpicked running-mate, Democratic presidential candidate Hubert H. Humphrey starts a campaign that will first require plugging the gaping holes of party unity.

At Humphrey's request, the Democratic National Convention Thursday night dutifully delivered the vice presidential nomination to Sen. Edmund S. Muskie, a former Maine governor who has acquired the reputation of a capable senator, but not national popularity.

The convention closed after a week of discord, sometimes vitrioloc, on a night marked again in downtown Chicago by police and National Guard troops firing tear gas and swinging clubs to break up demonstrations by anti-Vietnam war protesters.

After going through the motions of selecting Muskie, delegates cheered and waved banners to the tune of "Happy Days Are Here Again" as Humphrey took the podium to accept the presidential nomination and plead for national unity and justice.

Signalling his promotion from President Johnson's team to his now sovereign position as his party's nominee, the vice president told the delegates that their areas of agreement are much greater than those of division.

On the sorest issue of all, he said:

"Let those who believe our cause in Vietnam has been right—and those who believe it has been wrong—agree here and now: Neither yindication nor repudiation will bring peace or be worthy of our country...

"If there is one lesson we should have learned, it is that the policies of tomorrow need not be limited by the policies of yesterday.

"If I am president, I shall apply that lesson to the search for peace in Vietnam as to all other areas of national politics..."

He told the convention that the "trouble in America ... comes not from lack of faith but from a killing of hope." He said new aspirations have been awakened but have been accompanied by impatience for solutions of the problems of race, poverty, crime, hunger and despair. But he added:

"Violence breeds counterviolence. Disorder destroys. Only order can build. Riot makes for ruin, reason makes for solution." He said any president must assume responsibility to "guarantee to every American the right to personal security."

J. Anderson Service Set For Saturday

Jalette Henry Anderson, 62, who lived at 2606 Avenue I, died at 2:55 a.m. today in Cogdell Memorial Hospital.

Funeral service will be held at 2:30 p.m. Sunday at the Trinity Methodist Church. The Rev. Bobby J. McMillan, pastor, will officiate. He will be assisted by the Rev. R. C. Nixon of Hermleigh. Burial will be in Hillside Memorial Gardens, under direction of Bolger Funeral Home.

Surviving are his wife; six daughters, Mrs. Shirley Giddens, Mrs. Lora Heard, Mrs. Mary Browning and Nelda Anderson, all of Snyder; Mrs. Barbara Hulme of Canadian and Mrs. Sue Redwine of Waco; two sisters, Miss Donie Anderson of Hermleigh and Mrs. Mattie Browder of Big Spring; two brothers, Fleet Anderson and Peyton Anderson, both of Hermleigh; and eight grandchildren.

Pallbearers will be J. L. Browning, Theston Withers, W. A. McGlaun, Leo Heath, W. R. Bowlin and Donald Ryan.

Gunfire Kills Sailor

HOUSTON (AP) — Gunfire from a passing car killed a Norwegian sailor near the Houston Ship Channel early today.

Police identified him as Arne Olsen, about 23, a radio operator off the motorship Hilwi whose home was in Bergen, Norway.

Officers said Olsen and a shipmate were walking back to their docked vessel shortly after midnight when a car slowed beside them and the fatal shots were fired.

Five Hurt In Road Mishaps

Five persons were injured, at least two seriously, in a two-vehicle collision about one mile east of the City Limits on U. S. 180 at 4:30 p.m. Thursday.

Taken to Cogdell Memorial Hospital by Snyder Ambulance Service were Mrs. Linda Nixon Hight, 26, and her three children, Royce Wayne 3, Sharman 5, and Paula 8; and R. C. May, 55, all of Route 2, Snyder.

The two girls were transferred to Methodist Hospital in Lubbock, and May was to be transferred there this morning. Hospital authorities here said Sharman sustained multiple fractures and her sister, Paula, apparently had glass in an eye. May had head and chest injuries and a deep laceration on the left leg.

Mrs. Hight and her son, Royce, were treated for lesser injuries. They remained in Cogdell.

Investigating Highway Patrolmen said Mrs. Hight told them she stepped on the brake to avoid hitting a car that slowed in front of her. Her 1966 Model Chevrolet skidded around on the wet pavement into the oncoming lane of traffic, they said, and was in collision with a 1966 Model Chevrolet pickup operated by May.

Damage to Mrs. Hight's car was total with the right side smashed in. There was considerable damage to the left side of the pickup. Officers said Mrs. Hight was traveling west on U. S. 180 with the other motorist going east at the time of the mishap.

A horse was killed in another mishap about 1.4 miles north of the city limits on SH 208 about 4 p.m. The horse that died and another one were being towed in a horse trailer by William Arthur Seago, foreman of Furr's Ranch at Clairemont, according to officers.

They said his pickup went out of control while he was traveling south, skidded on the slick pavement and overturned. He and his wife went in a private car to their physician for a checkup, but there were no visible injuries. The other horse had minor injuries.

Highway Patrolmen said that possibly a flat tire on the trailer contributed to the mishap.

Board Okays Final Figures

Snyder School trustees met this morning for an annual "year-end" session to complete final action on the budget for 1968-69.

The state requires that complete year-end figures be submitted by Aug. 31. This, of course, affects the new budget to the extent of balances carried forward. The new school budget year begins Sept. 1.

The Snyder district wound up with a surplus of about $101,000 in the 1967-68 budget, about normal for such an operation. This morning at a breakfast session at the Steak House, trustees approved transfers required to balance various accounts and clear the way for the required report to the Texas Education Agency.

Senator Deaf To Unity Plea

CHICAGO (AP) — Vice President Hubert Humphrey's plea for party unity has fallen on the deaf ears of Sen. Eugene McCarthy, his chief rival for the Democratic presidential nomination.

Indications were that Humphrey will get only lukewarm backing from another former challenger, Sen. George McGovern.

McCarthy refused again Thursday to endorse Humphrey, citing their differences over policy in Vietnam.

McGovern, the South Dakotan who was a rally point for forces of the late Sen. Robert Kennedy, said he would support Humphrey, but only second to his own efforts at re-election to the Senate.

Both sealed their positions by failing to make the traditional loser's speech at Thursday night's final convention session pledging their best efforts to the victor.

This must have been particularly disappointing to the vice president since both McCarthy and McGovern long had been close political associates.

McGovern also has been one of his warmest personal friends. For many years they lived next door to each other in Chevy Chase, Md.

Humphrey associates said the vice president also felt he had given important assistance to both men in their earlier political careers.

But the bitterly devisive issue of Vietnam proved to be a more important factor in the decisions of McCarthy and McGovern than old associations.

McCarthy received a direct bid to appear on the platform with Humphrey Thursday night and make a unity speech, but he flatly declined.

McGovern said that he would go to the session—which McCarthy did not do—but not address the convention.

CAPITULATION TO MOSCOW

Prague Ponders Next Moves

PRAGUE (AP) — Communist leaders gathered in Prague today for a party congress as debate continued over the capitulation to Moscow's demands for severe limits on the Czechoslovak liberalization.

The local party leaders have to decide whether to reject the Moscow accord or work out ways to live with it in hopes they can convince the Kremlin that the bulk of the estimated 350,000 occupation troops can leave the country soon.

The liberal leaders who went to Moscow already have cautioned: "You cannot beat your head against a wall."

Another issue facing the party congress is whether to reaffirm its decision at a secret session last week to purge hard-line members from the party central committee. The Kremlin called the session illegal and the Moscow agreement appears to repudiate the purge.

The National Assembly on Wednesday rejected the Moscow accord, but as in all Communist countries, assembly action is of small importance compared with what the Communist party does.

The Soviet press has made no

Texas Democrats See Tough Race

By GARTH JONES

CHICAGO (AP) — The political battles of Chicago in August will bring hard times to Texas Democrats in November, say leaders of the state party.

"I'd say we are behind nationally," Gov. John Connally said Thursday night at the close of the tumultuous Democratic National Convention.

"It will be a real tough race, but if Vice President (Hubert H.) Humphrey comes down and campaigns, we've got a chance to capture the state," said Robert S. Strauss of Dallas, Texas' new national committeeman.

On the plus side, the Lone Star delegation can point to success in backing Humphrey's presidential nomination, its support of President Johnson's Vietnam policy, and to survival of a credentials challenge that in ef-

AF Pilot Avoids Potential Disaster

CAPE KENNEDY, Fla. (AP) —"I was trying for the ocean and almost made it," said the pilot of an Air Force B52 bomber that skimmed over populated areas and a nuclear submarine before crashing Thursday night in a remote area of Cape Kennedy.

The fuel-loaded Stratofortress exploded as it smashed into an Atlantic beach about two miles from missile row at 8:50 p.m., plowing a deep furrow in the ground and scattering charred wreckage over a wide area.

All seven crewmen bailed out. The Air Force said they received only minor injuries.

There was no damage to facilities at Cape Kennedy where several rockets are poised on multimillion-dollar launch pads, including the Saturn 1B which is to launch the first three-man Apollo astronaut team into orbit in October. There also were several thousand workmen at the cape at the time of the crash.

The Air Force said the pilot, Maj. Bobby L. Ward of Universal City, Tex., avoided a potentially disastrous situation by staying with the disabled plane until the last moment as it passed over the cities of Cocoa, Cocoa Beach and Titusville and Port Canaveral.

The $10-million B52 had engine trouble soon after takeoff from Orlando's McCoy Air Force Base, about 50 miles west of here.

The Air Force said Ward ordered the crewmen to bail out then stayed with the plane until it lost all electrical power and began plunging to earth.

Anchored in Port Canaveral was the nuclear submarine Daniel Webster, which earlier in the day had fired two successful Polaris A3 missiles while submerged offshore.

A member of the Webster crew, Communications Specialist Terry Castle of Glenborne, S.C., said: "We were sitting in the bus near the submarine, waiting to go to town. We saw the plane come 200 to 250 feet over the submarine with one wing pointed toward the ground. . . The plane glided by the water tower. When it hit we felt the heat and shock waves. The explosion was so big we couldn't look at it."

The B52 crew members bailed out over a wide area between Orlando and Cape Kennedy. Most were picked up by helicopter. All were returned to McCoy airbase.

Burglary Case Is Cleared At Hobbs

Sheriff's Authorities here, and in Fisher County have cleared a burglary at the Hobbs' General Store across the street from the Hobbs School with the arrest of several juveniles.

They said assorted merchandise was taken from the store in a recent burglary. The arrest also cleared the theft of radiators from Bill Baldwin's wrecking yard on the East Highway and the theft of batteries from Key Implement Co.

The youth, four in all, were turned over to Juvenile Authorities.

Peaceniks Still Plague Policemen

By JOSEPH R. TYBOR

CHICAGO (AP) — Youths throwing bottles and glasses down on Illinois National Guardsmen patrolling the street in front of the Conrad Hilton Hotel today brought police to the 15th floor where they quickly ordered 50 of the young people to the lobby.

The guardsmen were stationed on Michigan Avenue guarding the Democratic National Convention headquarters hotel against singing, chanting antiwar demonstrators across the street.

Thursday night they fired tear gas on some 3,000 antiwar demonstrators and a number of convention delegates, and 79 persons, including eight convention delegates or alternates and two newsmen, were arrested several blocks south of the Conrad Hilton.

Today helmeted police swept through Hilton rooms facing Michigan Avenue — many adorned with the blue and white flower symbol of Sen. Eugene J. McCarthy—and ordered about 50 youthful occupants downstairs to the main lobby.

The youths filed into elevators, some pushed by police, and the hallway of the 15th floor was cleared within minutes.

Down in the lobby area, some 30 of the youths sat on the floor in an elevator area singing, varied backgrounds — protests "We Shall Overcome."

There were no arrests.

Police said the majority of those ordered to the lobby were not hotel occupants.

In the confrontation Thursday night, the demonstrators—from administration war policies, the conduct of the convention and alleged police brutality.

Water Strands Campers At Palo Duro

BY THE ASSOCIATED PRESS

An estimated 45 persons remained trapped by floodwaters in fabled Palo Duro Canyon today after helicopters rescued 13 of the most threatened during the night.

None of those still in the 1,300-foot-deep slash in the Panhandle terrain were in danger.

The water rushing down Palo Duro Creek reached a height of 14 feet at one time but shortly after dawn had fallen to about eight feet.

Food was flown by choppers to those remaining in the canyon.

Rains measuring up to 7.87 inches fell at Canyon, 10 miles to the northwest and upstream, to send the torrent into the canyon.

Palo Duro Canyon once was the impregnable stronghold of the Comancheros, a band of hard-bitten outlaws operating during the days when the West was wild.

It also was the scene of what is considered the last Indian battle in the United States, in the early 1880s, when a group of redskins fled the Ft. Sill Reservation.

The marooned persons largely are campers. They are expected to be freed by Saturday or Sunday unless more rain falls.

Pioneer Oilman Dies

FORT WORTH, Tex. (AP) Kenneth W. Davis Sr., who developed the Mid-Continent Supply Co. from a four-man operation to a six-continent giant, died Thursday at his home after a lengthy illness. He was 72.

He bought controlling interest within a year and built the firm into a leading oil supply house.

Davis was board chairman of Kendavis Industries International, Inc., at the time of his death. It is a management coordinating firm for more than 40 companies operating throughout the world.

Funeral services were pending. Survivors include three sons, a sister and seven grandchildren.

On the minus side, the Texans had to swallow bitter defeat of the unit rule that in coming years is expected to widen the differences between liberal and conservative factions of the state party.

The selection of Maine's Sen. Edward S. Muskie as Humphrey's running mate did little to help the standing of the national ticket in Texas.

"I don't think anybody knows him in Texas," Connally said. "I don't think it will affect us one way or the other."

Strauss sees the big job in the general election campaign as convincing Texas voters, who in the past voted conservatively most of the time, that Humphrey and Muskie are at least moderates.

DEAR ABBY: I recently attended a beautiful wedding ceremony that was marred by a "practical joke" perpetrated on the bridegroom by a "close friend." This idiot had painted "SAVE ME" on the soles of the bridegroom's shoes, so when the couple knelt for prayer, it could be seen by everyone.

I felt this was very poor taste, and would appreciate your comments.

M. D.

DEAR M. D.: I agree with you. And I'm printing your letter knowing full well that it may give some other "idiots" ideas, but hoping that ALL bridegrooms will look to their soles for the work of heels.

• • •

DEAR ABBY: I'm nearly 13 years old and have a brother who is 16. This is my problem.

I have my own room with twin beds. My brother has his own room, too, but he has only a fan in his room and I have an air-conditioner in mine. With the warm weather here, my brother complains that the fan doesn't help much, so he wants to sleep in my room because of the air-conditioner.

I don't want him in with me because I think I'm too old to be sleeping with an older brother, and I want my privacy.

My folks say I'm silly, and I should let him use the other twin bed, I would like your opinion.

BOILING

DEAR BOILING: It would help to know whether you are a boy or a girl. If you are a girl, I don't blame you. If you are a boy, and your "privacy" is that important to you, be a man and trade rooms (for the hot spell) with your brother. (Or would you rather fight than switch?)

• • •

DEAR ABBY: I was shocked and disgusted today when I took my 2½-year-old daughter shopping with me. As we approached a certain toothpaste display she pointed to it and shouted, "Oh look, Mommy, SEX appeal!" I nearly fainted. This is just one example of how TV commercials influence young children. Another thing with regard to the boob tube:

What good does it do for parents to try to teach their children not to make personal, insulting remarks to people when they see it done day after day in television commercials?

I have a friend whose little 4-year-old boy tells people that they have "baaaad breath, body odor and dandruff." Everyone laughs and thinks it's cute.

Well, I don't, so please print my letter with the following statement: I will NOT buy products whose commercials offend me, and I hope other mothers who feel the same will follow suit.

BOBBY'S MOM

DEAR ABBY: What do you think of parents who go off on a vacation and leave their children with relatives, and they return on a later date than scheduled without notifying the relatives?

TAKEN ADVANTAGE OF

DEAR TAKEN: Not much. And if you are ever again taken advantage of in this manner, remember, you asked for it.

Talks May Bring Aid To Biafra

BONN (AP) — Nigerian Red Cross officials agreed today to confer with their Biafran counterparts on ways to speed food and medicine to the isolated breakaway state, an intermediary announced.

"The proposal for a meeting of both sides within the next few days in Geneva was advanced by West German Red Cross chief Walther Bargatzky, who has been conferring with Sir Adetokunbo Ademola, president of the federal Nigerian Red Cross.

"We are still awaiting word from the Biafrans but we feel sure they will not turn down the proposal," Bargatzky said through a spokesman.

The Nigerians and Biafrans, negotiating in Addis Ababa Ethiopia, agreed over the weekend on the idea of creating air and land corridors to transport relief supplies to starving Biafrans. But the talks stalled when they came down to possible sites.

Nigeria had previously opposed opening an air corridor to Biafra on the ground that it could be used to smuggle arms and ammunition to the rebels. Biafra, in turn, rejected Nigeria's proposal for a land corridor, claiming incoming food might be poisoned by the federal government and give federal troops easy access to the Biafrans.

Biafra needs at least 300 tons of food and medicine daily to stave off mass starvation, Red Cross officials said. About eight tons daily now are reported getting through.

Governor's Daughter Dies

VIRGINIA BEACH, Va. (AP) — Internal burns inflicted when she was struck by lightning on the beach Sunday have killed Becky Godwin, the daughter of Gov. and Mrs. Mills Godwin Jr.

After four days in which she never fully emerged from a coma, brown-haired Becky died Thursday, less than a month before she was to become 13.

Services will be held at 3 p.m. Saturday at the governor's mansion in Richmond, where Becky—an adopted only child—had lived since she was 12.

Godwin whose wife is at the governor's summer cottage here recuperating from an abdominal operation, had maintained an almost uninterrupted vigil at Becky's bedside.

Physicians said the girl's death was caused by complications "arising from severe electrical burns of the lungs."

Defends Mayor Daley

CHICAGO (AP) — Jack Clarke of Shreveport, a [illegible] and Democratic delegate, defended Chicago Mayor Richard J. Daley's use of force against antiwar demonstrators at the Democratic National Convention.

Clarke said if Daley had used a lesser force, he would have been severely criticized if the situation had been worse.

"I've admired Mayor Daley's position tremendously," he said. "I think he's a much maligned man."

The Louisiana delegation agreed unanimously adopted a resolution commending the mayor for his tactics.

BAKED FISH with a delectable stuffing. Brush the fish with melted butter plus liquid gravy seasoning and browning sauce before baking.

How To Treat Your Husband's Catch Right

By CECILY BROWNSTONE
Associated Press Food Editor

Whether that great big fish is the result of your husband's yen for fishing or comes from the market, do stuff and bake it. You'll never regret this decision if you use the following recipe.

This way of stuffing fish is so utterly delicious we wish we had originated it. But in all honesty, and although this rule is presented here for the first time, we can't stake it out as our own development. That claim belongs to a friend of ours who's both inventive and a marvelous cook.

The stuffing features crabmeat plus liquid gravy seasoning and browning sauce. Both give fine flavor to it.

While the fish is in the oven, bake some potatoes. Then serve sweet green aspraagus as the vegetable. Follow with a compote of fresh fruit and some really delicious cookies and your family and guests will bless you.

Baked Fish with Crab Stuffing

5-pound fish, split and prepared for stuffing
2 eggs
1 can (6½ ounces) crabmeat, drained and flaked and any tendons removed
½ cup diced celery
¼ cup minced parsley
1 small white onion, minced
2 teaspoons liquid gravy seasoning and browning sauce
3 tablespoons butter, melted
1½ cups fine soft white bread crumbs
Salt and pepper to taste

Grease a large shallow baking and serving dish or use a shallow roasting pan (17 by 11½ by 2 inches) and line it with greased foil. Wash fish and wipe dry; place it in the pan.

In a medium mixing bowl, beat the eggs just enough to combine yolks and whites; add the remaining ingredients; with a fork, mix lightly but thoroughly. If stuffing seems dry, sprinkle with 1 or 2 tablespoons hot water and mix.

Stuff cavity of fish with mixture, close opening with skewers and, if you like, lace with a string; or loosely sew up opening with darning needle and heavy white thread.

Melt a little extra butter and add a little extra liquid gravy seasoning and brown sauce to it; brush mixture over top of fish.

Virgo people (August 24 - September 23) will have to work hard during this month to maintain their equelibrium among a number of minor but troublesome problems. If you keep long-range goals in mind and deal patiently and tactfully with opposition, mid - September should begin a more settled period. Try not to let your tendency to quick criticisms aggravate strains.

Manufacturers of repair materials sold in small tubes are turning them out in such great variety that it is almost impossible to keep track of them.

A recent check of the inventory of a well-stocked hardware store made it evident that no matter what the repair or the nature of the substance, there is a product designed to correct the trouble. Among the items turned up, all in tubes, were:

—Real rubber in semipaste form. Originally developed for industrial use in the repair of worn conveyor belting, rubber hoses in chemical plants and similar factory objects, it is recommended for mending tents, canvas, rubber footwear, plastic swimming pools, raincoats, beach balls, inflatables, toys, garden hoses, loose handles and even leaks in water pipes.

—Steel also of semipaste consistency. Seals, mends and caulks pipes, radiators, furniture, etc. Has the unusual quality, when hardened, of turning the color of copper, silver, brass or bronze when rubbed with one of those metals. For example, it is said to turn copper-color when rubbed with a penny.

—A glass caulk that adheres to glass, metal, rubber, masonry and wood. Can be applied to storm and casement windows, flashing, roof vents, electrical insulation, windshields, vehicle headlights and taillights, etc.

—A bathtub caulk that provides a flexible silicone seal that is waterproof when used around showers, bathtubs, sinks and other plumbing fixtures.

—A fabric mender for making repairs to cottons, woolens, felt, canvas, nylon, corduroy, leather, auto upholstery appliques etc.

—A marine sealant that adheres to fiber glass regular glass, metals, wood and plastic with the quality of being waterproof in either salt or fresh water.

—A plastic adhesive for mending vinyl, acrylic, phenolic and other styrene plastics. Recommended by the manufacturer for plastic rainwear, appliances, swimming pools, inflatable toys, eyeglasses, footwear, shower curtains, auto seat covers and model toys.

—A waterproof, nonshrinking epoxy glue for use on porcelain and enamel bathtubs, sinks, refrigerators, stoves, lamps, toilet bowls, pot handles, etc. Dries to a white shiny, porcelain-like finish.

—And many varieties of plastic steel, plastic aluminum and plastic almost everything else.

QUESTION: I have been making and fixing things for years in a kind of haphazard fashion and without any special place in which to work. In fact, I guess I have used our living room as a workshop as much as any other room in the house.

My wife says it can't go on any longer, so I have undertaken to clear our basement of all the junk that has been accumulating over the years to make room for a regular, honest-to-goodness workshop. I have a moderate amount of money to spend. What suggestions do you have?

ANSWER: If for no other reason, a workshop is a good idea because it provides a place for your tools and your project materials. Its mere existence will save you countless hours of searching for misland tools and other equipment necessary to get down to work. But, as long as you are starting from scratch (many workshops are not planned; they just grow), make up your mind to two things: that you will purchase quality tools and that you will keep your shop in order.

Good tools make your tasks easier and, consequently, more fun. And a well-organized shop — or even nothing more than an area in which to work — will keep you interested in whatever project you happen to be engaged in. Nothing discourages you more from starting a job than the prospect of working in a messy atmosphere. The more space you have for your shop, the better. But space is never unlimited, so you have to make the best of whatever is available. Therefore, plan ahead of time where everything will be, especially the workbench and any large, standing power tools.

Be sure the area is well lighted and, since you will be using wood finishing chemicals from time to time, well-ventilated. If the noise of power tools will annoy those on the floor above, consider the use of acoustical ceiling tile and other soundproofing materials. Just as important, try to locate the workshop below a room where noise will not be a problem.

Is your home adequately wired to handle the needs of large power tools? One or more extra circuits of the proper voltage may be necessary. Be sure there are sufficient electrical outlets to avoid the use of extension cords except in special cases.

And one other fundamental, which nevertheless is often overlooked: when planning the construction of a large piece of furniture or whatever, be certain that it can be moved upstairs without knocking down a stair rail and that it will fit through the doorway.

Cucumber Salad

1 container (8 ounces) cream-style cottage cheese
2 tablespoons cold water
1 tablespoon lemon juice
2 medium or large cucumbers
Salad greens
Salt and paprika

Into an electric blender turn cottage cheese, water and lemon juice. Whirl until smooth. Chill, covered. At serving time, pare cucumbers; run the sharp tines of a fork lengthwise down each to score; slice thin. Arrance cucumbers on salad greens; sprinkle lightly with salt. Top with blended mixture — really an ersatz sour cream — and sprinkle with paprika. Makes 4 to 6 servings.

Education Costs Going Up

By JOHN CUNNIFF
AP Business Analyst

NEW YORK (AP) — The price of a college education, like the tab for real estate and taxes and a suit of clothes, is going up again this year. Four out of five schools queried in an impartial survey confirm this.

Increases for fall tuition will average from a low of 5 per cent in state colleges to 7 per cent in private men's schools, the survey showed, meaning an average minimum increase in tuition-fees-room-board of $56 to $466.

These figures come from perhaps an unusual source, the Life Insurance Agency Management Association, but they represent a poll of more than 1,000 colleges. Insurance agents like to have such figures in talking up total security plans.

Some hope, however, is offered by another study, this one by the Bureau of Census, whose figures suggest that the investment in education still is one of the best. The young college grad, the bureau figures, will earn $167,000 more than the high school grad before retirement.

The problem for parents who view the expenditure solely as an investment, however, is that they aren't likely to be around to count up the total payoff. Better to consider it a responsibility or a gift.

Here are the results of the insurance agents' study of the costs of tuition, fees and room-board for colleges throughout the country:

Private men's schools, $1,530 tuition fees, $958 room-board, total $2,488, an increase of $166 or 7 per cent from last year.

Private women's colleges, $1,331 tuition fees, $1,019 room-board, $2,350 total, an increase of $136 or 6 per cent.

Private coeducational colleges $1,284 plus $850 for a total of $2,134, an increase of $131 or 7 per cent.

Public colleges, for resident of the state, $332 plus $770, total $1,102, an increase of $56 or 4 per cent. For nonresidents the tuition rises to $769, while other costs remain the same, for a $100 or 7 per cent increase.

Wide variations were found for different parts of the country. In the Northeast the median for men's private colleges will be $2,894 this fall, meaning that one-half the totals will be above and one-half below that figure.

Now this $10,000 or so for four years doesn't cover nearly all the expenses. It is a basic figure, and has nothing to do with transportation, clothing, books, football game tickets, dates and whatever else a student is likely to need money for.

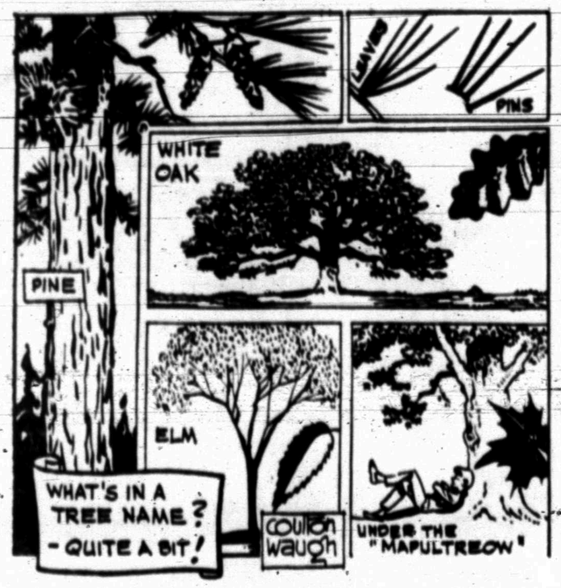

But here's the brighter side. The Bureau of Census released this month the following expected lifetime incomes for young men:

Less than eight years of education, $189,000; elementary school diploma, $247,000; one to three years of high school, $284,000; high school diploma, $341,000; one to three years college, $394,000; college degree, $508,000; and college degree plus a year of postgraduate work, $587,000.

The disparity in incomes between the better educated and the less educated is also growing larger and is likely to continue to do so in the immediate future.

As any good investor knows, there are variables in any situation, many pitfalls that cannot be foreseen. The lifetime incomes, it goes without saying, aren't assured. Junior, after all, could waste everything.

Junior Editors Quiz on TREE NAMES

QUESTION: *How did the trees get their names?*

ANSWER: Trees came to be named in many ways, some of which are very quaint and interesting. We illustrate a few examples. The name of the pine tree comes from the Anglo-Saxon word pin. You might think the last word was just Anglo-Saxon for pine, but when you check on our English word pin, you find it comes from another Anglo-Saxon word, pinn. Now you see the connection, for a pine leaf looks very much like a pin. The word oak also comes from Anglo-Saxon, ac. This suggests our word acorn, and we find this comes from the Anglo-Saxon aecer, meaning field, or acre. When you realize that big oaks often grow by themselves in fields (possibly an acre in size) you see how the words oak, acorn and acre all originated. Elm, as a word, came more simply, from the Latin ulmus. The word maple had a quaint beginning, the original Anglo-Saxon word being mapultreow, or maple tree. Get a dictionary in which the origins of words are given and look up some more tree names. You'll find it fascinating.

Widespread Suffering Caused By Floods

A spokesman said Red Cross teams are distributing relief goods to the victims.

White Collar Romeos Categorized

By HAL BOYLE

NEW YORK (AP) — The American business office is firmly believed by many jealous wives to be a place where innocent husbands are led astray by conniving secretaries and voluptuous receptionists.

If this were only true, of course, every U.S. farm and store and factory would be deserted. Every man in the nation would want an office job.

However, it's only a wifely delusion, created partly by sensation-seeking novelists, that business offices are oases of orgy inhabited by sultry Delilahs. The truth is that passion in the executive suite tends to be prim rather than primordial.

And as every working girl knows, it is not she who usually initiates any romantic overtures that may occur. The advances are made by the male swivel-chair daydreamers.

No office is without its quota of these would-be wolves, who are usually more clawless than lawless. If you glance around your own office the following Romeo types may be familiar:

The Junior Executive: He chucks the chins or kisses the fading cheeks of all the old biddies, hoping by flattery and charm to get them to tell him what skeletons are hidden in the closets of the top executives. He feels that this knowledge will sooner or later help him up the success ladder.

The Frankenstein Monster: For 364 days of the year, harmless Harold is as shy and timid as a gazelle. But after the second drink at the annual Christmas party, he begins beating his chest, a wild look comes into his eyes, and he runs from desk top to desk top after any and every girl who comes into view. He winds up alone with his arms around a coat hanger, pleading to it, "Don't go home, baby. Let's make a real night of it."

The Cunning Prude: At least once a week this hypocrite strolls through the secretarial pool pulling down a skirt here and there and exclaiming coldly: "It's far too short—this is a business office not a strip-tease show." This tactic wins him a reputation of a killjoy; it also enables him to brush his hands across a lot of lovely knees.

Calculating Charlie: He always brings in a cake and a dozen roses for his secretary and gives her a chaste kiss on her forehead. This convinces him that he has swept her off her feet, and she should be willing to work overtime for nothing.

The senior vice president: He likes to think of himself as the lovable old Mr. Chips of the office. The fatherly attitude—that's his gimmick. Whenever he sees one of the girls looking blue, he consoles her by puttig a fatherly arm around her and giving her fatherly pats. It generally takes him five fatherly pats to range from the shoulder to the hemline.

That's a fair sampling of white collar Romeos, isn't it girls? Most office wolves are really so dull they wouldn't know what to do if you gave them "yes" for an answer.

Amateurs Covet Open Net Crown

By WILL GRIMSLEY
Associated Press Sports Writer

FOREST HILLS, N.Y. (AP) — The first-round elimination of two old pros at the hands of a pair of hustling amateurs has buoyed the confidence of the play-for-fun boys in the first U.S. Open Tennis Championships.

"I think, with a couple of breaks, I can win this thing," Clark Graebner, one of the regulars on the American Davis Cup team, said today. "I think any one of four amateurs could do it—myself, Arthur Ashe, Charlie Pasarell or Tom Okker."

"There's a chance, of course, but you have to bet on the pros," added a more cautious Ashe, the new National Amateur champion. "The trouble is you have too many pros to beat."

South Africa's Ray Moore, who knocked off 10th seeded Andres Gimeno of Spain to grab one of the early pro scalps also was reserved but hopeful.

"An amateur could win but I'd have to pick Rod Laver or Ken Rosewall—they're the best tennis players in the world," said Moore.

Rosewall, seeded third, won over Jim Parker of St. Louis in his first match 6-3, 6-3, 6-4.

Moore crushed Gimeno, just as he did at Wimbledon, 4-6, 6-1, 6-2 6-1.

The other beaten pro was semiretired Barry MacKay who lost to 23-year-old Jim Osborne of Honolulu 8-6, 4-6, 7-5, 6-3.

Laver, winner at Wimbledon and recognized as the No. 1 player in the world, makes his debut against Tomas Koch of Brazil, in a battle of left-handers Sunday. Both drew opening byes.

Billie Jean King, the Wimbledon queen and favored to take the $6,000 women's first prize, made her debut Thursday by crushing Vija Vuskalns, a 29-year-old dentist from Port Washington, N.Y., 6-1, 6-0.

Two of her chief amateur foes, Margaret Smith Court of Australia No. 4, and Maria Bueno of Brazil, No. 5, also won handily. Mrs. Court trounced Emily Fisher of Hamtramck, Mich., 6-0, 6-1. Miss Bueno defeated Stephanie Grant of Beverly Hills, Calif., 6-1, 6-4.

Seeded men's players to advance Thursday included Dennis Ralston of Bakersfield, Cal No. 6, winner over Chauncey Steel III of Cambridge, Mass., 6-3, 6-0, 6-4 and Charlie Pasarell of Puerto Rico the No. 1 ranked U.S. amateur and No. 12 seed, who downed Australia's Karl Coombes 11-9, 8-6, 6-1.

OFFENSIVE MANEUVER — The Tiger junior varsity (in dark jersies) got in some valuable experience on offense last night during the scrimmage with Andrews. Here, Bill Branson (10) hands off to Bobby Thompson (11) while Bill Wilson (81) throws a block.

Nats Send Songbirds Into Reverse, 5-4

By MIKE RECHT
Associated Press Sports Writer

The Washington Senators have had their troubles moving forward, but they overcame them long enough to put the Baltimore Orioles in reverse.

The Senators entered Baltimore two days ago buried in last place in the American League while the Orioles had climbed within four games of leading Detroit.

Washington departed Thursday night still locked in the cellar, but left the Orioles moving backward, six games behind the Tigers after losing twice to the Senators.

Frank Howard's home run put the brakes on the Orioles Wednesday night and the king-sized slugger teamed with Ken McMullen and rookie Gary Holman to beat Baltimore 5-4 in 11 innings Thursday night.

That loss came after Detroit rode Mickey Lolich's three-hitter to a 2-0 triumph over California in the afternoon as the Tigers built momentum for their three-game weekend series against Baltimore starting tonight.

In other games, the Chicago White Sox slipped by the New York Yankees 1-0 and Minnesota tripped Cleveland 3-2 in night contests and Boston crumbled Oakland 11-2 in daylight.

In the National League, St. Louis crushed Pittsburgh 5-0, the New York Mets halted Cincinnati 2-0 and Atlanta stomped Philadelphia 6-0 at night, and Houston beat San Francisco 6-1 in the afternoon in the only games.

The Senators played their last place role for seven innings against rookie Roger Nelson, making his first start of the season. They had only four hits and trailed 3-0. Then came the start of the turnabout.

A walk and shortstop Mark Belanger's error on a potential double play sent McMullen up with two on and one out and he unloaded his 18th homer for a tie game. Howard followed with his 38th blast on the next pitch.

Baltimore got back on the beam temporarily when Brooks Robinson, who doubled in two earlier runs, singled home the tying run in the eighth. But Holman, who pinch hit unsuccessfully in the eighth and stayed in the game, followed Bernie Allen's one-out double off Eddie Watt, 4-5, with a two-out, game-winning single.

Lolich, 13-8, put the pressure on the Orioles earlier after a slow start in which he gave up three hits in the first two innings. But he retired the last 20 hitters he faced, and finished with 12 strike outs and one walk.

Willie Horton supplied the offense with his 31st home run in the fourth inning for the first of two hits given up by George Bruhet, 13-13, in his seven innings. Horton drove in the second run in the eighth with an infield hit.

Luis Aparicio followed Tom McCraw's leadoff bunt single and a sacrifice in the seventh with a run-scoring hit against Steve Barber, 6-5, for Chicago's victory.

First Joel Horlen, 9-11, and then Wilbur Wood, who relieved in the ninth, protected the run with a seven-hitter.

Bob Allison's 18th homer with one out in the eighth broke a tie and gave Minnesota its triumph behind Jim Kaat's six-hit pitching. He struck out 10 as he raised his record to 11-10.

Reggie Smith led Boston's bombardment with his first grand slam homer, his 10th of the season, and a run-scoring ground out. Joe Foy added two homers for three runs, making it easy for Dick Ellsworth, 12-6, who relieved injured starter Dave Morehead in the second inning.

Other SWC Schools Drill

DALLAS, Tex. (AP) — The pad popping began at Southern Methodist Thursday and the Mustangs suffered their second casualty of the fall football drills.

Sophomore guard Gerald Bowles, a former star at San Antonio Lee High School, suffered a mild concussion. He was confined to the school's infirmary for observation.

Coach Hayden Fry said he wasn't especially pleased with the performance of the Mustangs.

The other six Southwest Conference schools join SMU and Rice on the practice fields today.

Travelers Win In East

BY THE ASSOCIATED PRESS

Arkansas manager Vernon Rapp wasn't around to see his Travelers wrap up the Eastern Division title of the Texas League Thursday night.

Rapp was in the showers because of a free-for-all that erupted in Arkansas' 6-4 victory over Memphis. In other games Western Division Kingpin El Paso nipped Albuquerque 3-2, Amarillo knocked off San Antonio 5-3 and Shreveport blanked Dallas-Fort Worth 3-0.

The fist fight at Little Rock Rock was a dilly, involving both teams and the bullpen crews on each side. It started after three batters were hit by pitches in the game.

In the sixth inning, Gregg Goossen was brushed on the shirt by a pitch from Phil Knuckles, the eventual winner. When order was restored after flying fists and wrestling matches, Goossen and Rapp were given the heave-ho by the umpires.

A double by Bill Bethea knocked in the winning run for El Paso after Albuquerque tied the score 2-2 in the sixth inning on Buddy Hollowell's 11th homer.

The league campaign is in waning days with the regular season ending Sept. 2.

Arkansas and El Paso will meet in a best-of-five series for the title. The series opens Sept. 3 in the home park of the team with the best winning percentage.

Right now Arkansas has a .588 and El Paso a .556.

The same teams play again tonight at San Antonio, El Paso, Arkansas and Dallas-Fort Worth.

Jr. Varsity In Spirited Scrimmage

Snyder's junior varsity and Andrews' "B" team hooked up in a spirited scrimmage last night on the Junior High field. It originally had been scheduled for Tiger Stadium, but was moved to the Junior field due to the wet turf.

Coach Roy Carter of Snyder said he was pleased with the efforts of the local lads, especially on defense. The junior varsity hasn't worked much on offense yet, but the scrimmage provided the team with some valuable experience, Carter said. He and Jerry McLeod are coaching the younger high school unit again this season.

Andrews was never able to get beyond the 50 yard line while the Snyder boys had one sustained drive to the opponents' 15. Later, however, after the regular scrimmage ended, both teams put in all of the reserves who hadn't seen action. During this session Andrews was able to "score." Each reserve unit ran 10 plays.

The varsity hosts Stamford in another scrimmage tonight. It will begin at 8 p.m. in Tiger Stadium.

Golf Entries Being Received

Fourteen entries had been received by Thursday for the 3-day partnership golf tournament to be held beginning Saturday at the Snyder Country Club, according to an announcement by Lonnie Crosby, club pro. He said several more entries are expected.

Entry fee is $25 per team. Saturday's opening round will determine the flights and count towards the final score. There will be 18 holes of play each day.

Ladies will be included in a fish fry to be held Saturday night and a dance Monday night. Non-participants may attend the fish fry at $1.40 per plate or the dance for $5.

It's A Tough Row To Hoe For Bengal Pros

By MURRAY CHASS
Associated Press Sports Writer

WILMINGTON, Ohio (AP) — Paul Brown stepped onto the field at Cincinnati's Nippert Stadium prior to his first game in five years as a coach, looked around and said:

"This field looks short, but it'll probably get longer as the game goes."

Brown, coach of the American Football League's newest team, the Cincinnati Bengals, had taken steps to insure the season doesn't seem to get longer as it goes.

"I've prepared myself for this," said the former, highly successful coach of the Cleveland Browns of the National League. "I coached myself before I came.

"We're not misleading ourselves. We're an expansion team, and we know it. We have a tough nut to crack."

Brown, who will be 60 next Saturday, is going through the team building process for the second team. Twenty-two years ago he built the Cleveland Browns and soon turned them into a powerhouse that dominated first the All-America Conference and then the NFL for a while.

He's not laboring under any illusions that he can do the same within a short time in the AFL.

In fact, if he had any such thoughts, they were quickly disspelled in the Bengals' first exhibition game, a contest against Kansas City in which they didn't run a play from scrimmage for the entire first quarter.

Actually, though, the Bengals have progressed rapidly since that quarter. They dropped their first three exhibition games all to AFL foes, but then surprisingly beat the Pittsburgh Steelers of the NFL.

Dewey Warren, a rookie from Tennessee who powered that victory, could wind up as the starting quarterback after starting out behind John Stofa. Brown traded for Stofa soon after obtaining the franchise, but the former Miami Dolphin injured his leg and hasn't played lately.

Warren, meanwhile, has displayed a bold, confident kind of quarterbacking and could be the No. 1 man when the Bengals open the season at San Diego next Friday night.

As receivers, Cincinnati has a pair of rookies at the ends. Warren McVea from Houston and Bob Trumpy from Utah, and a second-year player, Bod Sherman, at flanker. Sherman was grabbed from Oakland in the expansion draft.

The running attack also features rookies, which further indicates Brown's confidence that youth is the shortest route to eventual and lasting success.

Tom Smiley of Lamar Tech has been running at fullback while Paul Robinson of Arizona State and Jesse Phillips of Michigan State share the halfback spot. Phillips, incidentally, is the fellow who was paroled from a Michigan prison a day before Cincinnati's first exhibition game.

The interior offensive line also has three rookies—guard Dave Middendorf of Washington State, All-America center Bob Johnson of Tennessee and tackle Howie Fest of Texas. Tackle Ernie Wright, on the other hand, is in his ninth pro year. The other guard is third-year pro Pat Matson.

Right now the defensive line has Jim Griffin and Harry Gunner at end and Bill Staley and Bill Kindricks at tackle.

Probably the best part of the defense is the linebacking where veterans Dan Brabham and Frank Buncom are stationed. Sherrill Headrick another veteran, started out at middle linebacker, but he's been injured so Mike Hibler has stepped in.

The secondary also is comprised of veterans—Fletcher Smith and Bobby Hunt, both of whom came from Kansas City, White Graves and Charlie King.

Gomez Will Guide Padres

SAN DIEGO (AP) — Preston Gomez, is not depending on luck to pull him through his first baseball season as manager of the National League San Diego Padres.

Gomez, a coach for the Los Angeles Dodgers since 1965, was named Thursday to manage the new San Diego franchise. He indicated that youth, speed and the capacity for hard work are the attributes he'll look for in selecting his coaches and players.

"You can't gamble without speed and speed is something we'll need in San Diego Stadium's big ball park," Gomez said.

He's confident the National League expansion draft will provide the speed he seeks.

"I think there'll be some good players available in the draft—especially pitchers. But the main thing is to be strong up the middle of the field," Gomez said.

AFL Teams Hold 10-5 Edge

By ED SCHUYLER JR.
Associated Press Sports Writer

The Cleveland Browns encounter the Buffalo Bills tonight, their first American Football League opposition ever, and the National Football League sorely needs a Browns' victory.

The AFL holds a 10-5 edge over the NFL and needs only two more victories to clinch the interleague, preseason series with eight games remaining, six of them this weekend.

There also are two AFL games on tap tonight—Cincinnati vs. the New York Jets at Memphis, Tenn., and Denver against San Diego at San Antonio, Tex.

The Washington Redskins scored 16 points in the second period and held on for a 16-10 victory over the Detroit Lions in an NFL game at Washington Thursday night.

Jerry Allen ran three yards for the first touchdown and Jim Ninowski passed 25 yards to Jerry Smith. Both touchdowns were set up when the Lions were penalized on third down after Washington drives apparently had stalled.

The Redskins got a safety when linebacker Ed Breding blocked a Jerry DePoyster punt in the end zone.

Detroit, who scored on a 5-yard pass from Bill Munson to Earl McCullouch and DePoyster's 37-yard field goal, lost a chance to win when Munson's 39-yard scoring pass to McCullouch late in the final quarter was nullified by offensive holding.

Cleveland is expected to make its first appearance against an AFL team a victorious one as the Bills have serious problems at quarterback.

Buffalo's regular quarterback, veteran Jack Kemp, tore ligaments in his right knee in a scrimmage last Monday and will be lost for the season. No. 1 backup man Tom Flores also is on the injured list with a sore passing arm and is ineligible to play.

This means the Bills will go with rookie Dan Darragh and Kay Stephenson, obtained from San Diego Wednesday, at quarterback.

Frank Ryan and Bill Nelsen will be at quarterback for Cleveland, which will have Charley Harraway at halfback in place of the injured Ernie Green.

The Browns go into the game with a 2-1 record, Buffalo at 2-1-1.

San Diego, 2-2, meets Denver, 1-2, fresh from an upset over the NFL Los Angeles Rams. Denver will have to stop John Hadl, who passed for 300 yards and two touchdowns against the Rams.

With regular quarterback Steve Tensi sidelined with a broken collarbone, John McCormick, attempting a comeback at 31, is expected to start for Denver.

The Jets, who won their last two games after an opening loss, could get some unexpected trouble from a Cincinnati team that was perked up by an upset victory over the NFL Pittsburgh Steelers last weekend.

Cincinnati 1-3, was tough on rushing against Pittsburgh, allowing the Steelers only 29 yards, but the Bengals' main problem against New York will be stopping the passing of Joe Namath. Namath saw his first action last weekend and threw for two touchdowns in a triumph over the NFL Atlanta Falcons.

Saturday's schedule has three interleague games—Baltimore, NFL, at Miami, AFL; Kansas City, AFL, at Los Angeles and Dallas, NFL, at Houston, AFL. New Orleans is at Atlanta and Green Bay takes on Pittsburgh at Milwaukee, Wis., in NFL games Saturday.

Oakland of the AFL plays at NFL San Francisco and Minnesota is at St. Louis in an NFL game Sunday, while Philadelphia, NFL, plays Boston, AFL, at Cambridge, Mass., Monday.

The Minnesota-St. Louis game Sunday night will be televised nationally.

Computer Designs Instant Buildings

GRAPEVINE, Tex. (AP) — Need an ice hockey arena or a yacht club, an aircraft hanger or a manufacturing plant? Maybe a freight terminal?

If so, a Grapevine Metal Company will design it for you—with an IBM computer.

Mesco Metal Structures Corp. in this North Texas community makes prefabricated metal buildings and has hired an IBM 1130 computing system as its architect.

"The buildings weigh less and are less expensive to build than those designed manually," said Tracy Allen, Mesco vice president.

"What's more, our computer can design a building in less than a minute."

Though we frequently err and persistenly fall,
There still must be hidden within us all
A Spark of divinity that makes us kin
And destroys when afire our error and sin.
Oh help us seek as a constant aim
To kindle ever our inner flame!

Kidnaped Baby Left On Doorstep

PORT ARTHUR (AP) — A baby kidnaped two days ago from a hospital turned up apparently unharmed today on the doorstep of a Port Arthur home.

Police Inspector R. L. Lyons said a check of footprints at St. Mary's Hospital confirmed that he was five-day-old Drek Reese, the son of Mr. and Mrs. Darrell Reese of Port Neches.

Officers were notified by telephone at 4:40 a.m. that the baby was at the door of a 14th Street home on Port Arthur's east side.

Patrolman A. L. Whittredge answered the call and took the infant at once to the hospital, from which he disappeared.

"It looked to me like he was in good condition," said Inspector Tom L. McBride.

Reese and his wife received word of their son's recovery at their home.

"Our feeling was like a drainage of all our strength and utter elation," said the mother. "It's like awakening from a nightmare."

Her husband works at a chemical plant.

A nurse returning from her duty station across the hall at St. Mary's discovered the baby's disappearance soon after his 2 a.m. feeding Wednesday.

Police had been seeking an unidentified woman about 40 to 45 years old seen by employes at the hospital. From their description the Department of Public Safety had prepared a drawing of a woman with black, curly hair and olive complexion. Her weight was estimated at 110 to 140 pounds.

Swindle Try Blamed For Jetliner Crash

LONDON (AP) — Scotland Yard is reported convinced that the bomb which caused the crash of a British Comet jetliner enroute to Cyprus last October was planted for an attempted insurance swindle.

Detectives have discovered that $600,000 worth of insurance was taken out on one of the 66 persons killed in the disaster over the Mediterranean east of Rhodes.

It was believed at first that the bomb had been planted to kill a Greek Cypriot leader, Gen. George Grivas, who had planned to take the plane but changed his mind.

To The Work...

Here is a prayer for Labor Day. *"Establish thou the work of our hands upon us; yea, the work of our hands establish thou it,"* Psalms 90:17. Laborers are their country's nobility. A man's work is born with him. "If any man will not work, don't let him eat; everyone should work peaceably and eat his own bread," 2 Thess. 3:10-12. *"Six days shall you work but on the seventh day you shall rest,"* Ex. 34:21. Then from labor we do not ask respite but only for an intermission to recondition ourselves for the greater tasks ahead. God is with the working man and against the indolent, shiftless non-producers. Then let us labor together with God for Matthew said He promised rest to the heavy laden. He who works is the strength of his native land.
