Adventists send highest number of doctors overseas

A recently published listing of U.S. organizations that sponsor doctors overseas (Medical World News, December 24, 1979) reveals that the Seventh-day Adventist Church currently has more physicians employed in more overseas countries than the next thirteen highest Protestant and Catholic denominations combined (see chart below). In fact, of the 1,021 doctors sent overseas in 1979 by fifty-nine different denominations, nearly 43 percent (or 438) came from the Seventh-day Adventist denomination alone.

These statistics help to emphasize the importance that Seventh-day Adventists place on helping the poor, the needy, and the dying in all parts of the world—physically, mentally, and spiritually.

However, if you are going to use the slap shot, let's try and do it properly.

1. Have a firm grip on the stick. When you bring your stick down you are hitting a solid surface so the firm grip is necessary.

2. The bottom hand is lower on the shaft than with a wrist shot.

3. The puck is in front of you.

4. Don't lift the stick over your head. Keep it as level to the ice as possible.

5. When you hit the puck all your weight should be thrown forward into the shot.

Lynx Lose In Close Game

Although the Lynx lost to the Perryton Rangers in a hard fought battle, the Lynx still respect the Rangers and if the Lynx played the Rangers again, which they will in the District 1-AAA Tourney which will be held February 19-21 at the Lynx Varsity Gym, they will try harder and use newer tactics to beat their foes. Why did I put that in? Well, a lot of people that read the February 5 paper where I had put what I saw into the story, would probably think that the Perryton Rangers—mainly—were "too hot to handle", but the truth of the matter is, that I'm not suppose to put down what I see, but what other folks tell me to put. Now the Lynx are very competitive schools and they might want to beat each other real bad on the court, trackfield, or football field, but when not in competitive competition, there are lots of Lynx that are very close friends to some Rangers. So don't let the article give you a "Jeckel and Hyde" impression, it's more like two close friends competing and the loser not being a "sorry" loser and losing his temper and beating up his pal. Now, talking about the game at hand or that happened recently, the Lynx traveled to Boys Ranch to play the tough of Rough Rider boys. The game was played this past Tuesday, February 3. The Lynx were 12-13 for the year and 1-4 in District Competition. Coach Morris wanted to get the Lynx into the "500" mark—13-13—for the season. The Rough Riders are a lot tougher to beat at the Ranch, so Coach Morris and his

Lynx knew that this would be another hard, tough fought battle. Could the Lynx beat the Rough Riders at home? They tried!!

The Rough Riders started off fast, and caught the Lynx by "surprise". Before the Lynx knew it, they were behind by 6 at the end of the first quarter—6-12. The 2nd quarter was more like the Lynx, but they could still not outscore the Rough Riders. The Lynx did a super job, in this quarter, to put up lots of points on the board. The Rough Riders took a 28-18 lead into halftime. The Lynx put 12 points on the board, but the Rough Riders put 16 points on the board—outscored the Lynx for the 2nd time that night. The Lynx had been behind by 6 points at the end of the 1st quarter, and now, the Lynx were behind by 10 points—the Lynx have come back before by being behind by 10 or less at halftime in the past games they'd won. The Rough Riders knew that the Lynx could come back, especially in the 3rd quarter, so they had to be a little cautious, but not too much to where they would lose their concentration in the game.

The 3rd quarter had been the quarter the Lynx used to come back in the 2nd half and really play harder and smarter than the other team—this case the Boys Ranch Rough Riders—and maybe disturb their opponent enough to where the Lynx could get their momentum going and win the game. Boy, the Lynx came out shooting and just about put more points in the 3rd quarter than they did in the first 2 quarters put together, but

the Lynx Defense could not stop the Rough Rider Offense from scoring 12 points. When the 3rd quarter expired, the Lynx were trailing 40-33, but had outscored the Boys Ranch Rough Riders 15-12. So, instead of being down by 10 points, the Lynx were now down by 7 going into the 4th quarter with new life, as well as momentum. The Boys Ranch Roughriders saw this "new life" the Lynx had encountered and they would do all they had been taught to do to win this game! Jimmy Ladd and Wayne Meek helped the Lynx get 15 points in the final quarter but the Defense just could not handle the hot hand of Mark Landers or Darwin Hudson who helped the Boys Ranch Rough Riders get 16 points and win the game by the score of 56-48. Jimmy Ladd and Wayne Meek both had 10 points a piece while the rest of the Lynx, Steve Shields, Mike Blanton, Karey Bodey, David Hall, Jamie Bulls, Monte George, Steven Tindell, Kyle Brack, Jay Pack, and Buddy Pool, helped out with the scoring and the Defensive plays.

The next game for the Lynx will be tonight, Friday—February 6, at River Road. The Lynx will begin play at 8:00 p.m. or after the Lynxettes/Wildcats game. If you can't make it to River Road to see the game, then try and listen to the game in the radio, because being their "spiritually" is just as good as being there "physically"! And then the Lynx will be at home for another big game on Tuesday, February 10.—THIS GAME WILL BE, BY THE WAY, THE 1981 LYNX AND LYNXETTES HOMECOMING GAME!! So try and attend this game—the biggest game of the week. The game between the Dalhart Wolves and the Spearman Lynx will begin at 7:30 p.m. or a little later. Go on out to SEE the Lynx in action, lots of those players are "rookies" not Freshman, but just started playing basketball this season, and they all are GREAT, so are the ones that have played before!!

Lynxettes Get 'Scalped'?

The Lynxettes had just come off of a GREAT victory over the Perryton Rangerettes and traveled to Miami to play the Miami girls this past Tuesday, February 3. The Lynxettes season record was 14-10 and their District record was 4-0—perfect!! Now, the Lynxettes and the Miami Indian girls had met before and the Lynxettes had lost, and now, the Lady Lynx just wanted to even out the series!! Tuesday nite would not be the night the Lynxettes would square off the series!

The Lynxettes and Miami had found the range in the 1st quarter. One team would shoot and the other would retaliate—score also. After one quarter, the Lynxettes and Miami were tied at 13. The 2nd quarter was not exactly a good quarter scoring wise for the Lynxettes, although they did get 8 points, but the Miami girls got 14 and took the halftime lead—27-21—into their locker room. The Lynxettes were behind by 6 points and would come back in the 3rd quarter and try to straighten out the "crooked" score on the board.

The 3rd quarter was more the Lynxettes kind of quarter, more Defense than Offense. The Lynxettes outscored the Miami girls 8-5 at the end of the 3rd quarter, but the Miami Indian girls still had the lead 32-29—now only by 3 points. The Lynxettes were back with all the muscle they could muster. The 4th quarter would determine the winner of this game, for sure!! Well, the Lynxettes did get 9 points on the board, but Miami put 10 points on the board and when the final buzzer "buzzed", the Miami Indian girls had come out on top once again—42-38. Miami won by 4 points.

Susan Davis had 13 points while Kenda Burke had 12 points. The other Lynxettes, Nancy Wilson, Bonnie McCloy, Tammi Maize, Margaret Reed, Kamala Ford, Lea Ann Gibner, Mary Ann Martin, Johnnie Eaton, Mary McIntyre, and Cindy Young—did a great job on DEFENSE and on OFFENSE also!!

The next game for the Lynxettes is tonight, Friday—February 6, at River Road. The game will begin at 6:00 p.m. On Tuesday, February 10, will be the HOMECOMING game for the Lynx and Lynxettes in the year 1981. Go on out and see the HOMECOMING QUEEN AND KING GET CROWNED. It's going to be a GREAT game, so go on out to Lynx Varsity Gym.

Last Game for 9th & 8th Teams!

Monday, February 9, is the day the 8th grade Spearman Lynx and Lynxettes will play their final basketball game of the season on this schedule. The game will be against the River Road Wildcats. The Lynx will host the River Road Wildcats and play about 6:00 p.m. The Lynxettes, on the other hand, will travel to River Road to meet up with the River Road Wildcats. The 8th Lynxettes will begin play at approximately 6:00 p.m.

The 8th Lynx and Lynxettes have a GREAT chance to win their last 8th grade game!! Let's all go out to the Little Gym and watch the 8th grade Lynx win their final game of the year and/or go to River Road to "witness" the 8th Lynxettes cut the Wildcats "ears off"! The 7th grade Lynx and Lynxettes will also be competing.

The Freshman Lynx and Lynxettes will, also, meet up with the River Road Wildcats. The Freshman Lynxettes will travel to River Road to meet up with the Wildcats and begin play at about 7:30 p.m. The Freshman Lynx will host the River Road Wildcats in a triple-header and just could get the Lynx teams a 3-0 favor in the winning department.

LIQUID FIRE

Hot liquids can inflict burns as serious as any flame burn. A recent study of burn injuries in Boston found that scalds represented 44 per cent of all burns reported and that 24 per cent of the scald injuries required hospitalization. Flame burns accounted for only 27 per cent of the reported burns.

The key factors determining the seriousness of a scald are water temperature and the duration of exposure. A less hot liquid in contact with the skin for a longer time results in as severe a burn as a very hot liquid in contact with the skin for a shorter time. That is why scalds from hot water systems,

Insurance Corner

where the temperature may range up to 175 degrees can be as serious as scalds from hot grease at 400 degrees.

Bathing scalds more often require hospitalization than scalds from hot liquids in the kitchen because the whole body is involved. The surest way to prevent bath scalding is to adjust the water-heater temperature to between 135-140 degrees--hot enough to wash, but not hot enough to burn.

Men's Prayer Breakfast

Kent DePee, active Baptist layman, spoke to the men's interdenominational prayer breakfast Wednesday morning, February 4, in the garden room of the Cattleman's Restaurant.

He said that he and his wife, Donna, had surrendered to the ministry in August. He said that he had been toying with the idea for at least five years. He has been a Christian for ten years. From babe in Christ to total commitment of one's life has been a long process, and yet in many ways it has been a short time. The entire family are committed to this step and are realizing the commitment more and more each day.

The Southern Baptist Convention has commissioned 122 new missionaries this last year. They lost 120, so they have only gained two. He said that we Baptists are not as bold in our witness for Jesus Christ as we should be.

God wanted Kent to commit his whole life to Him. The family have also now committed their lives, too, to this ministry. Donna had committed herself to the mission field as a child. She thought it was all off when she married Kent. But God had His way, and now that early commitment is being fulfilled.

Going to the mission field involves extensive physicals for the whole family. They have been given psychological examinations and they passed that. This is the critical year, one more year and they could not have gone. Last week at Richmond, Virginia, they met with the Southern Baptist mission board and have been accepted. There will be three school moves for their children next year. The turmoil and the changes are great.

When Kent first became a Christian, he committed his family to the Lord and God gave him peace. He said that God is concerned about everything about me and my family. Some people in Spearman and even some Christians think that he is a fool. But he said, "I have a peace about the commitment that I have never had about anything else."

anything else."

The personnel committee will submit their name to the full board and they will know on February 23 if they have had final acceptance. If they do, he will have to pick up twenty hours of seminary in Kansas City and then three months of orientation at Pine Mountain, Georgia. Then to San Jose, Costa Rica for language study, and then to Uruguay as an agricultural missionary.

Kent said that he made this commitment strictly on faith. He knows the Lord will lead them step by step. He knew God was leading him. He wanted to do what God wanted him to do, even if it meant being a pastor of a church. But God made it clear that that was not the ministry He had for him. In July, Uruguay was asking for an agricultural missionary. The British have a school that his children will attend in Montevideo.

Kent is going to Costa Rica next week with a witness team from Gruver. It will help him to get some land marks. The people in Costa Rica are hungry for the gospel.

God has given him II Corinthians 5:18-19. "All this is from God. Who through Christ reconciled us to Himself and gave us the ministry of reconciliation; that is, in Christ God was reconciling the world to Himself, not counting their trespasses against them, and entrusting to us the message of reconciliation." God's purpose in Christ is to reconcile humanity to Himself. There is a world that is hungry to know the peace of God. Each of us who are committed to His will know that peace. If we are faithful to God's leading we have that peace.

Benny Goodman began his career at the age of 14 as a clarinetist on an excursion boat out of Chicago.

Town & Country Club Met

The Town & Country Extension Homemakers Club met Feb. 3rd in the home of Kay Crocker. President Pennye Ralston called the meeting to order. The devotional was given by Kay Crocker. Roll Call was answered with "The cosmic I consider most important." The minutes of the previous meeting were read and approved and the treasurer's report was given.

Judy Hergert then gave the finance committee report. Delinda McLaughlin followed with reading the council delegates report.

Pennye Ralston reported that we needed to elect a delegate for the District TEHA meeting. Nominees were Lynna Renner and Lisa Pipkin. A motion was then made and 2nd that the nominations cease. Lynna Renner was elected to be the delegate.

A motion was made to elect Dixie Smith by acclamation to be our new Secretary. The motion was 2nd and carried.

Pennye read over the recommendations for council. A motion was made and 2nd to accept these recommendations for 1981.

The leaders training program will be Feb. 9th, those who need to attend were reminded.

Cindy Holton reported that the Blood Drive will be Feb. 19th, members will be told at the next meeting what to bring.

The program was then given by Lynna Renner and Pennye Ralston on "Look Like Yourself and Love It", which was very good.

The raffle was won by Judy Hergert.

The next meeting will be Feb. 17th in the home of Delinda McLaughlin.

Members present were: Cheryl Blankenship, Linda Close, Kay Crocker, Judy Hergert, Cindy Holton, Janie Kunselman, Delinda McLaughlin & Brian, Lisa Pipkin, Cora Queener, Pennye Ralston, Lynna Renner, Dixie Smith, Connie Steger and guest Francis Pipkin.

A Fun Hobby

LUBBOCK--The reason Johnny can't read may be that his mother and father don't or won't.

Two Texas Tech University professors say both parents and schools are important in nurturing reading skills in children. If parents don't create some type of reading environment for the pre-schoolers, Johnny may reach his first classroom already needing help.

Barbara Simmons, chairperson of Early Childhood Elementary Education for the College of Education and Paula Smith Lawrence, education professor, say educators often imply consciously or unconsciously that reading instruction is solely the school's job.

"Beginning reading is not a restricted area," Simmons said. It is everyone's investment in the future.

She said parents identify and define the reading process for their children from the time they are born.

"Parents model behavior that either supports or denies the value of reading and children naturally imitate the behavior of their parents whom they love and want to be like," Simmons said.

She cited recent studies comparing Japanese and American children which indicate less reading disability among the Japanese children. The results can partly be attributed to the Japanese parents' active participation in reading and sharing many books with their children when they are very young and using educational toys with them.

Simmons said parents should not feel they must assume the total responsibility for their children's reading development, but they need to recognize their role in this process so they can fulfill it completely.

She said, however, that parents should not force reading help on their children but should use reading as a response to a child's questions.

In addition, parents should ask children questions that require more than literal, fact-

al answers to challenge them to think and evaluate what they have seen in pictures, books or on television.

Other suggestions Simmons and Lawrence have for helping a child read include listening and talking to the child imaginatively about various experiences. They said it is sometimes valuable to write down some of the special experiences in a few sentences and read the story with the child.

"This communicates to children that what is spoken can be written and also read. Therefore, the children learn to relate oral and written language," Simmons said.

"Then, let children see you reading for pleasure," she said. "And when you read something such as the newspaper, pause occasionally to share some interesting ideas with them from the reading."

Stocking the home with a variety of books to stimulate the child's imagination, to provide answers to questions and to offer quality reading materials is also helpful.

In addition, parents should turn television viewing into a positive learning experience by working with their children to select appropriate programs. In programs with definite story lines, the story development and outcomes can be discussed, Simmons said.

These ideas for involving parents in reading are set forth more fully in an article, "Beginning Reading: Welcome Parents," written by Simmons and Lawrence and published in the January/February issue of "Childhood Education, the Journal of the Association for Childhood Education International."

Mrs. Ruth Biffle to be Honored

The Moore County Arts Association will honor Mrs. Ruth Biffle of Amarillo with a reception at the opening of her one-man show of paintings at the Art Center Galleries, 100 West Seventh in Dumas, Texas, Sunday, February 8th, from 1 to 5 p.m. The public is invited to meet the artist, view her magnificent collection of paintings and register for her five-day painting workshop scheduled for February 16-20th at the Art Center School of Art.

Mrs. Biffle received her formal training at Stephens College, Columbia, Missouri; University of Texas, Austin, Texas; West Texas State University, Canyon, Texas; and Technological College of Monterrey in Monterrey, Mexico.

Private study has been with such well-known professional artists and teachers as: Jan Herring of Clint, Texas; Ben Konis, Amarillo, Texas; Daniel Greene, New York; and Tom Hill of Arizona.

Mrs. Biffle shows her work at the Pritchard Gallery, San Antonio, Texas; Legacies of Lubbock, Texas; and the Amarillo Art Center, Amarillo, Texas.

Her awards and participation in group shows include: Jurors Choice Award, Texas Fine Art Association, Lubbock Merit Invitational Winner, First Place at the Snyder Palette Club, and First and Second Place in the Best of the Southwest Art Show in Amarillo. Mrs. Biffle has also held seventeen one-man shows in Texas and Oklahoma, including Texas Western College and West Texas State University.

The Biffle painting workshop scheduled February 16th-20th, 9:30 a.m. - 3:30 p.m., will offer students an opportunity to learn the technique of combining oil glazes over other media such as acrylics and pastel underpaintings. Mrs. Biffle is a contemporary master and authority on the classic procedure of glazing handed down by the great Flemish Masters. Her technique produces a softness of focus by the use of veil-like luminous glazes over smooth,

light, colored grounds.

The total color effect of her poetic and elegant paintings is truly a sensuous experience in luminosity. The subjects of her paintings, always taken from her environment, express the language of tranquility, serenity, and empathy. They carry a universal communication not only for the present but for future generations.

Students unable to register during the reception on Sunday, February 8th, will have another opportunity Tuesday, February 10th, 10 a.m. - 12 noon, at the Art Center, or register by mail, or telephone by contacting Mildred Boyd, 111 Amherst, Dumas, Texas 79029, Phone: (806) 935-4531. Enrollment will be limited and must be complete by February 14th.

Thanks
