Texans to celebrate Independence Day on Mar 2

On March 2, 1936, Texas' Declaration of Independence from Mexico was adopted at Washington-on-the-Brazos. Richard Ellis served as president of the 59th delegate convention, but George C. Childress is known as the author of the declaraton.

Sam Houston, the "Hero of San Jacinto," was elected president of the new Republic.

President Houston appointed an able cabinet. Heading his cabin was Stephen F. Austin as Secretary of State, Thomas J. Rusk as Secretary of War and Henry Smith as Secretary of the Treasury. Austin is called, "The Father of Texas" and was a great colonizer.

Texas is often called the Lone Star State because of its State flag with a single star. This also was the flag of the Republic of Texas.

Six different flags have flown over Texas during eight changes of sovereignty. A pledge to the Texas flag was adopted by the 43rd Legislature.

The seal of the State of Texas consists of "a star of five points, encircled by olive and live oak branches, and the words, "The State of Texas."

The state motto of Texas is "Friendship."

The word Texas, or Tejas, was the Spanish pronunciation of a Caddo Indian work meaning "friends."

Texans are indeed friendly. From their first warm hand-

Muleshoe schools plan busy schedule of events

Spring is always a busy time for student activities, but this spring will be special in Muleshoe. This year our schools will serve as the host for all University Interscholastic League (U.I.L.) activities and competitions. Throughout the spring, students from Tulia, Friona, Floydada, Littlefield, and Dimmitt will be coming together to participate in a wide variety of academic and athletic events.

The first competition took place on Saturday, February 19. High school Cross-Examination Team Debate teams met at Muleshoe High School for the first level of that competition. The high school district academic competition resumes on March 25 when One Act Play competition is held in the MHS auditorium. All speech, literary, mathematics, science, journalism, and other academic evens will be held at Muleshoe High School.

A couple of weeks later, on April 5, the junior high and elementary students will swing into action with ready writing, science, and calculator events being held at Watson Junior High School and DeShazo Elementary School. April 9, the remaining junior high and elementary events will be hosted by these schools. School will be dismissed one hour early on Friday, April 8 to prepare for Saturday's competition. The Area One Act Play competition will once again be held at the high school auditorium for high school plays hoping to advance to Regionals.

QUILT DISPLAY — The Muleshoe Public Library now displays a collage of one of the oldest and most beautiful crafts possessed by women today. Ruby Green, a Muleshoe resident, proudly shows off one of her quilts, a "Fanciful Fan" design. Among the array of quilts displayed is a Tulip quilt, made by her grandmother, Mattie Shelton, made in 1937. It was given to Ruby by her grandmother on her wedding day. Other designs include "Starry Night" and "Winner's Circle."

Around Muleshoe

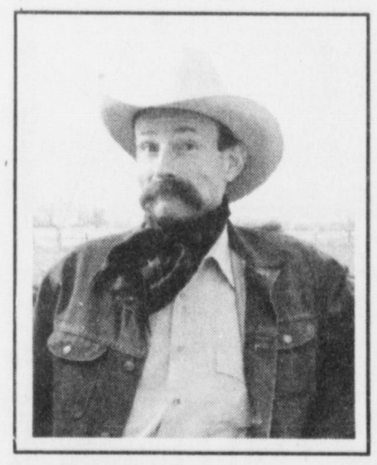

McMurry University recently announced the Dean's list for the 1993 Fall semester. To be selected to the Dean's List, a student must have completed 12 or more credit hours with a grade point average of 3.5 or above.

Clayton Patrick Bulls of Earth is a recipient of this honor. He is a junior at McMurry and the son of Mr. and Mrs. Glen Bulls of Earth.

The Advisory Committee for the Special Education Department of Muleshoe I.S.D. will meet March 2, 1994 at 9:30 a.m. at the board room in the Administration Building. The purpose of the Advisory Committee is to advise on matters relative to the existing services, specific service needs, and service priorities for students with disabilities. It is a vital communication link between the community and the school.

Baxter Black

Black to be new featured columnist

The Bailey County and Muleshoe Journals will feature a weekly column by renowned cowboy poet and humorist Baxter Black.

As America's best-selling cowboy poet, Black has taken the art of rhyme one step further, using his lunatic wit and animated delivery to create a whole new field of entertainment.

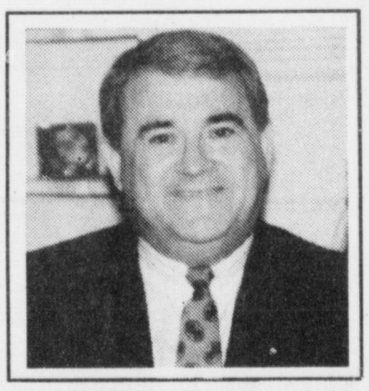

Black's talents have been enjoyed by millions — from banquet and concert appearances to network television, as a commentator on national Public Radio, a nationally syndicated columnist and a regular guest on the Tonight Show.

Black's off-center cowboy poetry has been preserved (without chemical additives) in 10 books and six cassette tapes. He has also released two videos, including his newest project, "Baxter Black on Public TV."

In March of 1993, he launched "Baxter Black on Monday," a weekly commentary heard on more than 100 major radio markets in the U.S. and Canada.

Raised near Las Cruces, NM Black grew up in and around the livestock business. He be-

Jim Mattox

Jim Mattox committee is formed

Supporters of the Jim Mattox for U.S. Senate campaign have formed a steering committee in Bailey County.

Mattox, a Democrat, is a former U.S. Congressman from the 5th District and former Texas Attorney General.

Mattox is one of three candidates seeking the Democratic nomination to run for the seat now occupied by Sen. Kay Bailey Hutchison. Mattox is opposed in the Democratic primary by Richard Fisher and Mike Andrews.

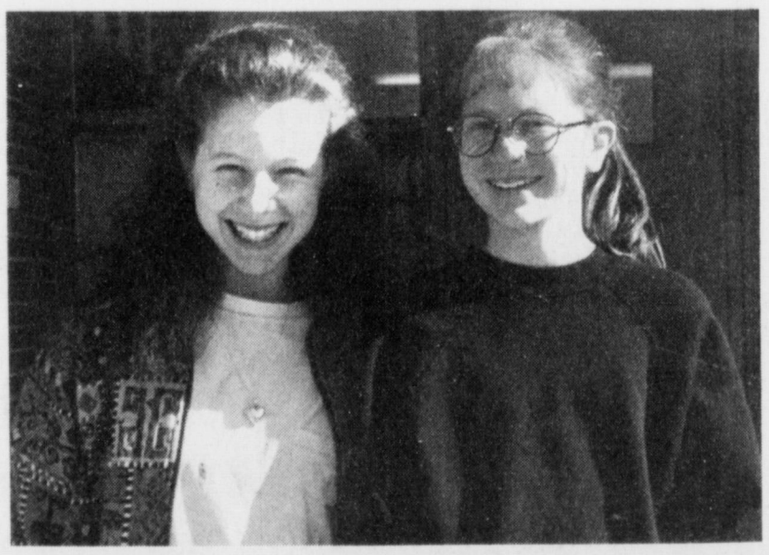

Churck Smith and Mary Helen Perez of Muleshoe will serve as co-chairmen of the Mattox for Senate Steering Committee. Anyone wishing further information on the Mattox campaign should contact Smith at 272-5648 or Perez at 272-3344, both after 5 p.m.

ASCS plans 3 meetings about farm programs

Bailey County ASCS representatives will be holding three separate meetings concerning 1994 program signup information.

Dates for the meetings are Monday, February 28, 1994 at the Muleshoe State Bank at 9:00 a.m.; Tuesday, March 1 at Maple Coop Gin office at 8:00 a.m. and Thursday, March 3, 1994 at the Bula School at 7:00 a.m. This meeting will be in conjunction with the Lions Club Breakfast.

This will be a great opportunity to ask any questions you may have concerning signup for the 1994 farm program.

Jennifer Walls and Robin Cowart

Two Watson Junior High girls get crack at college

By Annette Bottelman

Jennifer Walls and Robin Cowart, two seventh grade students at Watson Junior High, took their ACT tests in Dimmitt on February 5, 1994

ACT is a test usually intended for high school students, but through the TIP (Talent Identification Program) Program, some junior high students qualify to participate. The TIP Program is sponsored by Duke University.

The two girls qualified to take the ACT test by scoring 97 percentile or above on one of the major areas of last years ACT tests.

Annual Farm/City banquet to be held in Portales

The annual Farm/City/ UniversityBanquet sponsored by the Roosevelt County Farm Bureau, the Roosevelt County Chamber of Commerce and Eastern New Mexico University, will be held Wednesday, March 2 at 7 p.m. in the Campus Union Ballroom at ENMU.

The featured speaker for the banquet is motivational speaker and Portales native Ed Foreman.

Foreman was a self-made millionaire by the time he was 26 and he was elected to Congress at age 28.

He is the only person in this century to have been elected to the U.S. Congress from two different states ((Texas in 1962 and New Mexico in 1968).

Foreman has built a financially successful business career in construction., transportation and petroleum development. He has been the subject of a variety of national magazine articles, news media specials and was recently positively featured in the nationwide TV program "CBS News 60 Minutes."

Tickets will be available for $12 at the Roosevelt County Chamber of Commerce, Eastern New Mexico University Information Center in the Administration Building, Roosevelt County Farm Bureau Office or from any Farm-Bureau member.

Composing pig poetry is not an easy task

ON THE EDGE OF COMMON SENSE Baxter Black D.V.M.

By Baxter Black, DVM

Pigs are funny. Nobody would argue about that. There are people that collect them. Pictures of them, memorabilia, statuettes, door stops, curtains, pig clocks, wallpaper, pig tails, piggy banks, pigweed, pig stickers, piglets, pig-eyed piebalds and pygmies. In the home of a pig collector, you are surrounded by pig nik naks.

But due to my lack of experience, I have never been able to write pig poetry. When I attended veterinary school, there were only three pigs west of Scott City, Kan., and they were in the Salt Lake City Zoo. In the world of cowboy music, no one has risen to claim the title, Ghost Riders in the Sty.

I have held the contention that most cowboy poetry is funny due to that close relationship between humor and tragedy. Workin' livestock is dangerous and those of us who do it get hurt — a lot! So the only way to deal with the pain is to laugh about it. And you quadruple the chance of injury (and therefore humor) by adding a horse to the equation. Well, most people don't work pigs a'horseback, so you don't have as many wrecks. But where there's a will, there's a way.

Ol' Mr. Schneider had a hog operation in central Missouri. He was one of the few in the country to employ dogs on the farm. Specifically, blue heelers.

One afternoon he had gathered two sows to take to the sale. Big ones, in the 500-pound range. He backed his pickup to the loading chute and pulled the tail gate up.

Climbing down in the loading pen, he set the gates and began tickling and tormenting the sows up the loading ramp. He thrashed and cursed them, but they wouldn't go more than halfway. It was then he happened to look up and see his blue heeler, Bruno, sitting in the pickup bed peering down the loading chute.

He shouted commands at the dog, who promptly leaped into action! The two sows started backing down the ramp and into Mr. Schneider who was wedged in place. He went down in the chute and one of the sows sat in his lap! The dog scaled the pile-up and exited stage left.

Gasping for air and grasping for straws, Mr. Schneider did what any good cowboy would do. He called the dogs!

Bruno tore back around the corner, stormed up the chute and bit Mr. Schneider on the ham! They loaded in the chute alright, slick as you please. All three of 'em!

Bruno is now sausage.

came a veterinarian, dispensing medicine and practicing humorous songs and poems on countless cowboys who worked with him on ranches and feedlots around the mountain West. Before long, Black was spending as much time entertaining as he was doctoring livestock.

Choosing the cleaner of two options, Black hung up his plastic sleeve and jumped headfirst into show business. He hasn't treated a case of foot rot since.

Although his subject matter is strongly agricultural, Black's humor and insight carries universal appeal. *People* magazine called him "an American original," and the *Denver Post* referred to him as "Will Rogers weird grandson."

In constant demand as a speaker and performer, Black averages 100 shows each year in the U.S. and Canada, keeping his popularity growing like a pile of disposable diapers at a sanitary landfill.

shake and friendly "Howdy!" to their parting, "Y'all come back," they mean it.

Texans take great pride in their state and will tell you..."Texas has everything!"

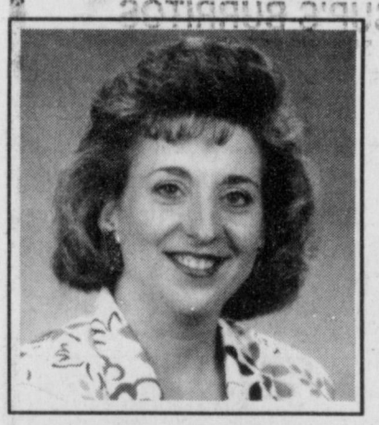

As quoted from "Texas Highways," on March 2, Texans worldwide offer a toast to Texas independence. In honor of the battles at the Alamo, at San Jacinto, at Goliad and numerous nameless battles of will and integrity, we propose a toast to the land and the people who have forged the Lone Star State. Long may her banner wave!"

We, in Muleshoe Texas, lift a glass of clear Texas water to commemorate the signing of the Texas Declaration of Independence at Washington on-the-Brazos on March 2, 154 years ago.

The Jennyslippers want to remind everyone to come to the Bailey County Courthouse on March 2 at 1:45 p.m. to join in toasting Texas Independence Day.

Valerie Hagerman

Wayland Baptist University has recently released the Dean's list of students for the 1993 fall semester. To be eligible for this list, students must maintain a 3.5 grade-point average (GPA) on a 4.0 scale.

Valerie Hagerman, a sophomore nursing major is the only student from Muleshoe included in this list.

Also, Wayland Baptist University has recently announced it's fall 1993 recipients for the President's List. This list recognizes students carrying 12 semester hours or more and who achieved a grade point of 4.0.

Valerie Hagerman is the only student from Muleshoe included in this list. She is the daughter of Patricia Carter.

The following weekend, April 15 and 16, the district schools will gather at the high school stadium for the District 2-3A Track Meet. The junior high school district track meet will be held on April 23 at the stadium.

District golfers play rounds at three different courses. Muleshoe Country Club will host the boys' round on April 15. This year's district tennis match will be held on April 5 and 6 in Lubbock. Because of the number of courts needed for the district tennis match, the district has used the Lubbock Tennis Center for the last several years.

There will be hundreds of visitors to our schools and community this spring to participate in and watch students compete academically and athletically. These activities provide wonderful opportunities for our students, and they will also have a very positive economic impact for businesses in Muleshoe. You are encouraged to help welcome these visitors to Muleshoe and support our students as they represent our schools and community.

Chamber News

Your Chamber of Commerce Board is busy at work planning the Annual Banquet "Tail Gate Party". Exciting decorations are being planned, and the word is that the speaker will be quite entertaining. You will want to plan to attend.

The autographed football will be on display around town until the banquet date. It has several present Cowboys autographs along with some of the former greats like Roger Staubach. This football will be given away at the banquet to some lucky person in attendance.

All advertising during the year will have Muleshoe -The Reel Kick of West Texas" with a picture of a kicking mule. You will be seeing this on bill boards soon as well as on posters, etc.

All Muleshoe Chamber members will be visited soon by a board member who will be asking for input concerning activities that should be undertaken by the Chamber.

The Chamber Board has been asked to go to KENW TV in Portales to help with their telethon on March 14th. This will be Muleshoe night, and it will be a good opportunity to let a lot of people know of the dates for future activities in Muleshoe. Please plan to watch KENW TV on March 14th.

Mule-Days will be August 11, 12, and 13. Advertising is now going out to several mule magazines, etc. The Rotary Club plans to have their Mule-Days Roping on Saturday night the 13th. Make plans to invite your friends and relatives to visit Muleshoe during the second weekend of August.

July 4th was discussed and it was decided by the Board to have the activities on Monday, the 4th. There will be the usual games, mule pitching, races, and a big July 4th parade, etc. At this time the Board is expecting to have entertainment at the park during the evening before the fireworks.

Remember a Board member will be visiting with all Muleshoe Chamber of Commerce & Agriculture members soon regarding their expectations of the chamber. Your ideas will be of great benefit to the board in planning for future activities.

Minding Your Own Business

By Don Taylor

As I write this column our house is under attack. We're remodeling and sounds of work in progress echo throughout.

The electrician is shouting instructions to his assistant in the attic. The carpenter is using a miter saw to cut trim and the painter has a compressor running right outside my office door. Occasionally, the sounds of drills and cutoff saws add to this medley of noise. It is difficult to concentrate on my writing.

Concentration is the ability to focus our attention on the task at hand. Fixing our focus allows us to shut out external and internal interference and to center our power and effort on getting the job done.

The ability to concentrate is a skill you can develop. Once you learn to stay focused you will reap several benefits.

The key benefit of concentration is that you will accomplish more. High achievers stay focused and get more done. We all have the same number of hours each day, but most of us can learn to use those hours more effectively. We will accomplish more by focusing on one task until we finish it.

A second benefit of concentration is fewer mistakes. The quality of work completed increases when we're focused. We avoid those little mistakes we all make when a project doesn't have our undivided attention. It always requires less time to do it right the first time.

Another benefit is more available time. While concentration doesn't add any hours to your day, it will free up more of those hours for other tasks. Fixing your focus on one task until you get it done will allow you to tackle more projects. The time you gain, added to that saved by making fewer, mistakes, will stretch your day and make you more productive.

A side benefit, but still part of the pay off, is the peace of mind that comes from doing your job well. When you're doing quality work and accomplishing more every day, you become more relaxed. You no longer will lay awake at nights worrying about the tasks you weren't able to finish. They will be done and you'll enjoy the peace of mind.

1994 Mule baseball team
Competing for the MHS on the baseball diamond this season will be , first row L-R, Coach Hatfield, Americo Aguirre, Andy Perez, Robert Jaime, Robert Toscano, Jimmy Guana , Jose Mendoza, Mike Villareal and Coach Leps. Second Row, L-R, John Embry, Gabriel Mendoza, Alfonso Mendoza, Jeffrey Wheeler, Daniel Morris, Jarrod Redwine, Josh Otwell and Johnny Rodriquez. The Mules open the 1994 season Tuesday (March 1) when they host Lubbock Roosevelt at 6 p.m.

District Champions
Coach Steven Hatfield and his JV Mules finished the 1993-94 season with a 21-4 record and won the District 2-3A JV title with a 9-1 mark. Their largest margin of defeat all season was seven points. They also won the Muleshoe JV Tournament title and the Sudan JV Tournament. Team members are (from left) Jesus Flores, Bryan Field, Josh Slayden, Daniel Garbarino, Edward Rodriguez, Robert Jaime, Alfredo Gonzales and Mike Villarreal. It was the second-straight excellent season for Hatfield's JV which was 19-6 a year ago. Rodriguez, Jaime, Villarreal, Field and Flores were also members of that team.

MISD to administer academic skills test

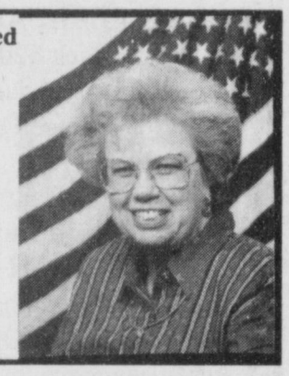

Muleshoe Independent School District will be administering the Texas Assessment of Academic Skills Test during the week of March 7, 1994. Students in grade 10 and those in grades 11 or 12 needing to retest in Writing, reading, or mathematics, will be involved in this test administration. In addition, students at the 4th and 8th grade levels will be taking the writing TAAS. Testing will begin on each campus at approximately 9:00 a.m.

The writing TASS will be administered on Tuesday, March 8, 1994, the reading TAAS on Wedneaday, March 9, and the mathematics TAAS on Thursday, March 10, 1994. Students that are absent on these days are not allowed because of Texas Education Agency regulations, to make-up any missed tests.

Students, if at all possible, need to be in school on the designated testing days. Students that are well rested and eat breakfast generally achieve better test results. Parents are encouraged to discuss the importance of this test with their children and help Muleshoe ISD teachers and administrators provide the students with optimum testing conditions.

If you have questions or concerns about the TAAS, please contact Linda Marr at Muleshoe High School (272-7571) or Connie Kenmore at DeShazo Elementary (272-7546).

"With Wings Like Eagles"

Picture yourself walking along the sandy, Mediterranean coast of Palestine. The breakers are rolling in as you march along to their roar. As you survey the windswept sky you see the soaring, gliding, majestic form of an eagle in flight

Focus On Faith
Curtis Shelburne

This way and that the mighty bird rolls with the wind, one moment plummeting downward; the next, chasing the clouds upward. The wind waves don't oppress him. They howl at him. They tumble over him. They direct all of their fury at his feathery form.

But you notice that he never shies away from the wind. No, he points himself into its fullest force. He spreads his big wings, catches the might wind, and uses its strength to soar, the unchallenged master of the air.

As you stand watching the flight of the eagle, you recall the words of Isaiah the prophet:". . . they who wait for the Lord / shall renew their strength, / they shall mount up with wings like eagles, / they shall run and not be weary, / they shall walk and not faint"
(Isaiah 40:31)

I wonder if the great prophet had stood on the same Palestinian coast and watched the eagle's flight? One thing is sure--like the eagle, Isaiah had felt the howling winds of trouble and pain. So have most of us.

We live in a windswept world, a world often swept by winds of sorrow and gusts of pain. This world is like West Texas--wind goes with the territory. Jesus made it no secret: "In this world," he said, "you will have trouble" (John 16:33a)

The good news is that God can handle the wind. It is precisely when the winds of trouble have blown the strongest that God has always lifted his people as if on eagles' wings not round, not *through,* the storm. Flying into the wind, they are borne up by God's power by what might have crushed them. That is the lesson of the eagle.

Curtis Shelburne is the minister of the 16th and Ave. D. Church of Christ in Muleshoe.

ACT

Continued from page 1

Upon taking the tests, if the girls scored above 18 in Math, 25 in English, 27 in Reading, or 24 in Science, they became eligible for recognition ceremonies in their state, along with certificates of achievement. Scores won't be available until sometime in March.

Both of the girls are in the Gifted and Talented program at Watson Junior High School in Muleshoe.

Jennifer is the daughter of Samuel and Dianne Walls and Robin is the daughter of Barry and Jo Ellen Cowart, all of Muleshoe.

After completion of the ACT, Tip sent the girls a copy of Educational Opportunity Guide. The guide lists academic programs offered by colleges, state departments of education, school districts, and independent schools. Although some of these programs operate during the school year, most are summer programs which allow the student to supplement her regular school work in a variety of ways. The choices include enrichment activities as well as accelerated courses in regular school subjects.

During the summer of 1994, the Duke university Talent Identification Program will sponsor two three-week residential programs on the Duke University Campus. Students whose Talent Search scores are high enough will be sent a TIP bulletin, describing these and other TIP programs, in the spring. Both Jennifer and Robin are good candidates for these advanced Placement High School classes for college credit.

Cardiovascular diseases still rank as the number one killer in the United States.

Hospital Board Meets

By Helena Rodriguez

A law firm in Amarillo will review a voting places reapportionment plan for the Muleshoe Area Hospital District Board of Directors.

The Board of Directors had a planning committee meet to discuss the plan and took a recommendation to a council. The hospital's attorney recommended the hospital have a firm review the plan, it was reported at a board of directors meeting Thursday night.

Five districts were created for the MuleshoeArea Hospital in 1989. The hospital is now realigning voting districts according to population, a process which is done every 10 years following a census.

"So far, we have taken all of the plans and looked at the statistics for the districts," said Richard Murphy, administrator for Muleshoe Area Hospital. "Some districts had a percentage of minorities smaller (then they should be)."

The board on Thursday night also approved a call for an election on May 7. The following board member seats will be up for election: Derrell Jennings, District #5; Joe King, District #1 and Raul Trevino, District #3.

Four physicians from Lubbock were appointed to the hospital's courtesy staff Thursday night. The physicians come from Lubbock at different times to work in the speciality clinic at Muleshoe Area Hospital.

Those appointed include: Stephen Ringall, an orthopedic surgeon; Bill Williams, a gastro enterologist; Preston D/ Shawn, an OB/GYN physician and Arnold Wallace, an anestheticologist.

Following an executive session, the hospital board approved a quality assurance report.

Also on Thursday, the board approved an insurance policy to cover hospital equipment that is not under warranty anymore.

The board also heard a financial and statistical report from Murphy.

Based on the financial report, which covers the period ending Jan. 31, the hospital total liabilities and a fund balance of $1,867,285.15. Total liabilities are $665,878.04. Total assets are $1,902,285.15.

Better Hearing Can Be Your Own Little Secret.

Chicago, IL—Many Beltone hearing aids are so tiny and hard to notice, your aid could be your own little secret.

A free offer of special interest to those who hear but do not understand words has been announced by Beltone. A non-operating model of the smallest hearing aid Beltone has ever developed will be given absolutely free to anyone requesting it.

It's yours for the asking, so send for it now. It is not a real hearing aid, but it will show you how tiny hearing help can be. The actual aid weighs less than an eighth of an ounce, and it fits inconspicuously into the ear canal.

These models are free, so we suggest you write for yours now. Again, there is no cost, and certainly no obligation. Although a hearing aid may not help everyone, more and more people with hearing losses are being helped. For your free sample, send your name, address, and phone number today to: Department **15230** Beltone Electronics Corporation, 4201 West Victoria Street, Chicago, Illinois 60646.

The Knowledge of the Lord

Habakkuk 2:14. "For the earth shall be filled with the knowledge of the glory of the Lord, as the waters cover the sea."

The Church is chosen of God to spread the good news that God has a plan to redeem men and reconcile them unto Himself through the vicarious sacrifice of Jesus Christ our Lord. The Church will be so successful in spreading this glorious knowledge in the world that God says the earth will be as full of it as the waters that fill the ocean. Attend church and become a part of this great undertaking.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.
