TWENTY-NINTH YEAR

TALCO, TITUS COUNTY, TEXAS, THURSDAY, FEBRUARY 3, 1966

ZIP CODE NO. 75487

NU

Austin. — Gov. John Connally is going along with forecasts that a "substantial amount" of new government spending in the next fiscal period is "almost inevitable."

However, Connally declined to join in predicting specific new taxes. He called such forecasts "premature," although the Committee on State and Local Tax Policy earlier had indicated it agrees with the predictors.

"It's almost inevitable that we are going to be looking at increased expenditures in a substantial amount," Connally told a press conference. "But I don't want to try to estimate the magnitude of a tax program, if any, or the expenditures."

Meanwhile the tax policy committee held its first meeting, ordered Texas Research League studies on impact of sales tax adjustment and an unusual appraisal of how to equalize the widely-varying state property tax.

Rep. Ben Atwell of Dallas, committee chairman, reported that all members of the panel seemed to feel that more revenue will be necessary when the Legislature writes the new budget for Texas government operations next year.

Atwell said the committee will be taking a reading on revenue which could be obtained from raising the sales tax rate (now two per cent) and removing various exemptions.

These exemptions apply to food, drugs, farm machinery, alcoholic beverages, industrial and agricultural fuel and power. Atwell doubts that the legislature will tamper with the food, medicine and farm implements. He expressed a personal preference for a rate hike if new money is mandatory.

Committee also is going to study the likely effect of income taxation and corporation tax formula adjustments.

As a possible method of equalizing the property tax, the committee will evaluate results of assigning each county its equitable share of the ad valorem loan on the basis of estimated fair market values. Voters would have to approve such a procedure by Constitutional amendment.

Citizens of some counties now are paying seven times as much tax on property with the same value as do citizens of other counties.

DRAFT RULES TIGHTENED—Young Texans served draft orders no longer can get them cancelled by joining reserve or national guard units, Col. Morris Schwartz, State Selective Service director, announces.

A man still can enlist in regular

active-duty forces after receiving his draft orders—if he can be signed up before induction date, Schwartz said.

New policy reached Texas draft boards from National Selective Service Headquarters where it was adopted on recommendation of the Assistant Secretary of Defense for manpower.

CANDIDATES ANNOUNCE—In a press conference at the Capitol, Stanley C. Woods, 43, of Houston and State Rep. Bill Hollowell, 37, of Grand Saline announced as team candidates for Governor and Lieutenant Governor respectively.

Judge Joe Greenhill announced his candidacy for re-election as Associate Justice of the Texas Supreme Court.

OIL AND GAS ARGUMENTS—Oil and gas operators in 15 West Texas counties have been given a chance to show why they shouldn't be ordered to stop using open unlined surface pits for salt water disposal.

Texas Railroad Commission set Feb. 24 for hearings on fields in Young and Archer Counties.

A March 10 hearing has been set on fields in Hemphill, Swisher, Andrews, Martin, Bailey, Hale, Cochran, Dawson, Gaines, Hockley, Lynn, Terry and Yoakum Counties.

Hearings are a part of the commission's activity in the water pollution control field. Chairman Ben Ramsey says such hearings now are consuming 40 per cent of the time of the commission's field inspectors.

SOME WIN, SOME LOSE—Some Texas cities have been adversely affected by the recent closing and reduction of 126 military bases in the nation. But this may turn out to benefit other communities in need of airport equipment.

Texas Aeronautics Commission will act as a go-between for communities seeking surplus property.

Austin and Abilene both had Nike facilities declared excess recently and Bellville and Huntsville lost Naval Reserve installations. Towns interested in securing the surplus equipment should contact the Aeronautics Commission.

INTEREST EARNINGS UP—Texas state government now has \$228,800,000 in time account deposits.

State Treasurer Jesse James estimated the money will earn \$9,100,000 this year at four per cent interest.

James said the interest will average at \$762,832 a month, or more than \$25,000 a day. Total exceeds that of recent years.

The Rivercrest girls had little trouble extending their District 15-AA record to 3-0 Monday night at Winnsboro when they humbled the Winnsboro Red Raiders, 71-12.

It was never a contest as the Rebelettes completely outclassed the conference foe. Rivercrest held a 23-1 lead at the end of the first period, and was in front 42-6 at halftime.

Katy Fry, Rivercrest's outstanding center, hit for 32 points, one of her season's highs. Cross was high for Winnsboro with three points.

Cold Blast Brings Low Temperature Sleet, Snow, Rain

Another cold front pushed into this area Monday night to keep the mercury below the freezing mark for over two weeks. The cold blast came following a hard rain shower accompanied by thunder and lightning. This rain totaled .31 of an inch, according to weatherman Jack Nixon, to bring the total precipitation to 1.81 inches for the week. A total of 1.50 inches fell the latter part of last week, in the form of rain, sleet and snow. Monday night's rain melted the snow and ice remaining from the week end.

With the frigid air, the mercury dropped to 3 degrees Sunday, followed by Saturday's low of 6 degrees.

After a hard rain Friday, as the mercury dropped the rains gave way to sleet and snow, making driving hazardous. Numerous frozen water pipes were reported during the extreme cold.

Overcast skies Tuesday kept the weather on the cold side. As skies cleared Wednesday morning thermometers began to climb upward above the freezing mark and the sunshine was welcomed by folks in this section.

The extreme cold weather has caused farmers and ranchers to put out additional feed for livestock.
