WICHITA FALLS, TEXAS, TUESDAY, MAY 28, 1918.

NUMBER 13

GERMANS CROSS AISNE RIVER, GAINING FIVE MILES

COMMERCIAL CLUB NAMES COMMITTEE ON PHONE MATTER

MANY MATTERS ARE TO BE TAKEN UP WITH SOUTHWESTERN TELEPHONE CO.

TO ENTERTAIN LAWYERS

Cows Are To Be Kept Out of Lake Bed in Future. It is Announced By Chamber of Commerce.

Appointment of a committee to confer with the Southwestern Telephone management in this city and agreement to provide entertainment for the Texas Bar Association, convening in Wichita Falls July 2, 3 and 4, were features of the morning's rather important meeting of the Chamber of Commerce. The body also gave unanimous endorsement to the Wichita County War Board, creation of which has just been announced and there were several visitors present to hear the proposition for the war board.

E. O. Harvey, T. B. Noble and Roy Jones were appointed on the committee to present several matters to the telephone company. Various phases of the local situation were discussed and the committee instructed to report on their conference at the next meeting.

Entertain Members. A. H. Brittain presented the matter of entertainment for the Texas Bar Association to the Chamber of Commerce, saying that the meeting was ordinarily attended by between 100 and 150 of the leading lawyers of the state and that the best entertainment was none too good for them. He was assured that the body would be entertained in keeping with their importance. The convention dates are July 2, 3 and 4.

Cows are to be kept from the lake bed and Holiday Creek is to be cleared out, the committee appointed on this matter at the meeting last week reported that an investigation had shown matters to be as the government representative had presented it. The committee was authorized to take whatever steps were found necessary to remedy the existing unsanitary conditions at Lake Wichita and Holiday Creek.

Committee Approval. The committee appointed to secure action on making a permanent road to Call Field, the aviation camp, reported the committee approved of the specifications of the road before going ahead with the work. Government aid has been secured for this road, the Lake drive, and the Federal approval must be placed on the specifications before the money is available and work can be begun. In this same connection a committee composed of A. L. Huey, J. W. Stringer and Marvin Smith was appointed to see the property owners on Grant Avenue and if possible secure the paving of that street as far as possible, making it a part of the road.

J. M. McFall reporting he would be unable to attend the meeting of the War Board to be held soon in Miami, N. O. Monroe was appointed to head the delegation from Wichita Falls. A proposition for advertising Wichita Falls as an oil center presented by Secretary R. F. Johnson was referred to the advertising committee for action.

War Board Discussion. The discussion of the War Board, authorized at an informal meeting of business men a short time ago, brought out many expressions of approval, the directors and visitors being unanimous in their endorsement. The visitors at the meeting were: A. H. Brittain, C. H. Clark, M. J. Bashara, J. W. Stringer and J. P. Taylor. The officers and directors present: R. E. Huff, president; B. F. Johnson, secretary; R. O. Harvey, W. S. Curlee, N. Henderson, J. N. Lawton, W. D. Cline, E. Leopold, J. S. Bridwell, J. A. Kemp, A. L. Huey, Roy Jones, Myles O'Reilly, Hines, Ward, Smith, McCutcheon.

Three Are Killed By Long Range Gun; Paris Is Shelled

By Associated Press. PARIS, Monday, May 27.—Three persons were killed and fourteen injured in the bombardment of Paris today by the German long range gun. One shell burst in a crowded street in front of a tramway station. Three women were getting into a car. One was killed and the others injured. Several persons within the car; one a child, were injured.

AMERICAN PLANES ASSIST FRENCH IN GREATEST BATTLE

By Associated Press. WITH THE AMERICAN ARMY IN France, Monday, May 27.—A number of American airplanes late this evening assisted the French infantry in fighting near Pont-A-Mousson. Swooping down over the German lines the Americans poured an avalanche of bullets into the enemy's trenches.

CHEER UP, MR. PRESIDENT!

It Is Not Congress Which Shows Lack of Confidence!

GRACE LUSK HEARS PROSECUTOR GIVE GRAPHIC ACCOUNT

DEPICTS SHOOTING OF MRS. MARY ROBERTS IN FIN. ARGUMENT.

By Associated Press. WAUKESHA, WIS., May 28.—The shooting of Mrs. Mary Newman Roberts was pictured to the jury today at the trial of Grace Lusk by D. S. Tullar who made his opening argument for the prosecution.

In demanding the extreme penalty of the law for defendant, Mr. Tullar declared that the evidence presented by the state proved that Miss Lusk was sane at the time of the tragedy and quoted her own testimony as proof of her ability to distinguish between right and wrong.

Mr. Tullar asserted that at the interview on June 21 last between Miss Lusk and Mrs. Roberts, the school teacher, after being assembled for her relations with Dr. Roberts, went upstairs, obtained a pistol and on her return "calmly and deliberately" fired a bullet through Mrs. Roberts' body.

Mrs. Roberts died from the wound, pursued by her assailant, but was finally forced to turn in a corner when the last shot was fired, Mr. Tullar claimed. Miss Lusk then fled upstairs, he said, and realizing what she had done, attempted to end her own life, "in an effort to cheat the law."

Terrific Explosion Kills One Wrecking Buildings In Ft. Worth

By Associated Press. FORT WORTH, TEX., May 28.—Following a terrific explosion at midnight last night in the business district of Midland, west of here, the body of a man, believed to be Tom Carr, was found in the debris. Four buildings were wrecked either by the explosion or by fires which followed. Automobile garages and a pool hall occupied the destroyed building. Carr's body was found in a pool hall. The cause of the explosion has not been determined.

RED CROSS QUOTA OVER-SUBSCRIBED ALMOST ONE-HALF

By Associated Press. WASHINGTON, May 28.—With many eleventh hour subscriptions yet to be tabulated, the great outpouring of American dollars to the second war fund of the Red Cross early today totaled \$144,000,000, an over-subscription of \$44,000,000 in the week's campaign which ended last night. Officials today have made predictions that the total might approach the \$150,000,000 mark.

OVER DOUBLE QUOTA IS GIVEN BY DIVISION. ST. LOUIS, May 28.—Unofficial figures available here today indicate that the southwestern division will contribute more than \$16,000,000 to the second war fund of the American Red Cross, according to Chairman John L. Johnston. The division's quota is \$2,250,000.

L. E. Phillips, chairman of the Oklahoma campaign, who had expressed a fear that his state would not reach its quota of \$2,000,000, reported today that \$2,067,977 had been subscribed, with many chapters not heard from. Greater Kansas City has contributed \$1,500,000 and Dallas, Texas, with a quota of \$225,000 already has pledges of \$300,000. St. Louis has greatly exceeded its quota of \$1,850,000 and has subscribed more than \$3,000,000.

CLOSING ARGUMENTS BEGIN IN LUSK CASE

By Associated Press. WAUKESHA, WIS., May 28.—Closing arguments in the trial of Grace Lusk, who is charged with the murder of Mrs. Mary Newman Roberts, began today and it is hoped that the case will be in the hands of the jury by tomorrow night.

HEAVY RAINS ARE REPORTED FALLEN OVER PANHANDLE

STREAMS IN PLAINS COUNTRY ARE REPORTED NOW RAGING TORRENTS.

HEAVY RAIN FALLS ALL OVER PANHANDLE. By Associated Press. MAY 28.—The rain last night throughout the Panhandle of Texas amounted to some places to four inches. The rain reports here say. There were washouts reported on the Fort Worth and Denver road near Clarendon. Train officials say it may be three days before traffic can pass. Several houses were washed away at Clarendon and business houses were damaged by water running into them. All trains to this city over the Fort Worth and Denver were cancelled today. The rain at Miami, Pampa and other points east of here on the A.P. & T. was heavy. Santa Fe road was heavy. West of here it was lighter.

Three inches of rain fell over most of the Panhandle Monday night and Tuesday morning. From Clarendon to Cary the rainfall reached the proportions of a cloudburst and all the streams are raging torrents.

Among the points reporting heavy rainfall were Dalhart, Amarillo, Canadian, Clarendon and points south on the Fort Worth and Denver as far as Cary, seven miles north of Childress. Not a drop of rain fell south of Childress.

The Fort Worth and Denver's tracks were washed out in many places and traffic is tied up. At the Denver office here this afternoon it was stated that it might be several days before any through trains came down from the north.

Train No. 4 due here this afternoon has been annulled and a stub train was being made up here this afternoon to run to Fort Worth. No. 1, detained at Chillicothe over the Orient, Northwestern and Rock Island via Elk City and Amarillo.

WEDGE IS PUSHED FORWARD ON FRONT OF TWENTY MILES; BATTLE CONTINUES

GAS ATTACK MADE UPON AMERICANS BUT IS REPULSED

MUCH RAIDING IS REPORTED UPON THE FRONT.

By Associated Press. WASHINGTON, May 28.—Another score of General Pershing's communique yesterday made public today by the war department, said that an enemy bombardment and a gas attack on American advance posts in Picardy before daylight yesterday was repulsed by counter attacks. Two places in the American lines were penetrated. An attempted raid against the American line near the town of Woivreux also was repulsed. There were gas attacks in Lorraine yesterday.

Text of Communique. The text of the communique follows: "Section B: In Picardy before daylight this morning the enemy after a violent bombardment with high explosives and gas attacked our advanced positions in three detachments. In two places he penetrated small portions of our front lines. Shortly afterward our troops counter attacked, expelled the Germans at all points and occupied part of the German trenches. Heavy losses were inflicted on the enemy and some prisoners were taken. Our casualties were light. In one case an American was taken prisoner but was rescued by counter attacks and all of his captors were killed. Our troops displayed a fine offensive spirit at all times and have achieved a notable success.

Raid Is Attempted. "During the early hours of the morning in the Woivreux a hostile force supported by violent artillery fire attempted a raid upon our lines. This force, which was composed of three officers and about 100 men, well equipped with light machine guns, blew up our wires and attempted to capture portions of our trenches. They were completely repulsed by our infantry and our artillery, leaving one officer and four men dead in our trenches, and one wounded prisoner in our hands. Fifteen or twenty dead were observed near our wire and stretchers were seen being carried from this point. Here also our losses appear to have been relatively slight. "Yesterday in Lorraine the enemy was unusually active in bombarding our trenches with gas and in patrolling. On one occasion a patroling party approached our lines with cries of 'Kamerads'. Our troops replied with rifle fire. One of the hostile detachment was killed and his body secured.

Flying Cadet Killed Near San Antonio By Fall, Is Announcement

By Associated Press. BULLETIN—SAN ANTONIO, TEX., May 28.—Flying Cadet Paul M. Currie of Minneapolis was killed in a fall in an airplane at 8 o'clock Monday night near San Antonio. William A. Currie of Minneapolis is his father.

More Steel Vessels Are Completed and Ready For Voyages

By Associated Press. BULLETIN—WASHINGTON, May 28.—Ten steel vessels, totaling 63,386 tons, were completed for the shipping board in the week ending May 25. There were eighteen launchings during the week of a total tonnage of 109,700.

MAJ. GEN. WOOD IS TO SEE PRESIDENT SOME TIME TODAY

By Associated Press. WASHINGTON, May 28.—Major General Leonard Wood's request that he be given more active duty than as commander of the western department, it was understood today, will be granted by the war department, and the general will be assigned to train another division of troops, probably at Camp Funston.

By Associated Press. WASHINGTON, May 28.—Major General Leonard Wood, who has been detached as commander of the 89th division and ordered to command the western division with headquarters at San Francisco, was to see President Wilson late today. It was not known whether he sought the engagement or whether the President sent for him. General Wood, it became known only yesterday, will not go to France with the 89th, although it generally has been understood that after passing the required physical tests he would lead his division to France.

By Associated Press. PARIS, May 28.—The results of the first day of the long expected German offensive are considered in competent French quarters as satisfactory. By paying the price, it is contended it was inevitable that the enemy could gain ground. After the terrific struggle throughout the day of yesterday the Germans at a ruinous cost advanced at the farthest point three and a half miles.

Military officials say the enemy has won enough ground to bury his dead and that is all. At no point has the Entente Allied line been pierced. In close contact it has moved back step by step according to schedule giving General Foch all the time he needed to place his reserves—those reserves whose whereabouts is an anxiety to the Germans—just where he wants them.

The war situation of today is summarized by the Associated Press as follows:

The Germans striking south from the Chemin-Des-Dames, after carrying that important ridge in the opening of their new offensive yesterday, have pushed on rapidly and effected a crossing of the Aisne river between Vailly and Berry-Au-Bac.

This represents a front of nearly twenty miles along which the armies of the crown prince engaged in this great drive have crossed the Aisne. In addition they have apparently pushed at points some south of the river and are striking the river Vesle, which parallels the Aisne along the greater part of this front at an average distance of about five miles.

Press Toward Vesle. The Vesle, at its most southerly point in this section, is approximately ten miles from the German point of departure, but the German gain is apparently considerably short of this depth.

The battle is continuing fiercely along the whole Aisne front today, the brunt of it being borne by the French, before whose lines there was seemingly the greatest concentration of the enemy effort.

The French communications are excellent in this sector, however, and the probability is that reserves are speedily being sent up to the threatened places to place before the German force that can stop them.

The British, when the battle started, apparently were holding a line approximately 12 miles long between Beremcourt, seven miles northwest, the line straddling the Aisne at about midway this distance near Berry-Au-Bac.

British Right Flank. There is no indication that the British right flank was materially affected by the shock. The left flank, however, felt the effect of the impact upon the French front further west, where a crossing of the Aisne was forced, and the British left was obliged to fall back in conformity.

The British line to the west of Berry-Au-Bac is now wholly south of Aisne, according to the indications in today's official statements.

The German attack in Flanders was evidently a subsidiary affair although there was an extremely heavy concentration of forces for the limited front attacked.

The French bore the brunt of this blow and repulsed it, the Germans succeeding only in pushing in something like half a mile south of Dickebusch Lake, about four miles southwest of Ypres.

This morning the British and French made a counter attack in this sector which at latest advices promised to turn the whole effort on the northern front into a costly failure.

Fail In Effort. In gaining the heights north of the Aisne, the famous Chemin-Des-Dames suffered most heavily. The region over which the Germans have advanced thus far is one of the most battle-scarred in France. If the Crown Prince hoped to crush the French and separate them from the British at Berry-Au-Bac, he failed, as contact between the Allied forces has been maintained throughout the fighting. How far the Germans advanced on the extreme ends of the new fighting front is not defined clearly but in the center they reached the region north of Pontancy, on the Aisne, four miles advance.

Along the six mile front, from Loos to Voormezele on the Flanders battle-field the French hurled the enemy back with great losses and still held tenaciously to the positions protecting the ridge running westward from the Koppel. Near Voormezele, where the French have taken over the line from the British heavy fighting continues around Dickebusch Lake, where the Germans penetrated the Allied line. Meanwhile there is very intense artillery fire from north of the Somme to the Aisne in Picardy. The Germans have made no attacks here, except for strong raids against the Allied lines, especially the American sector west of Montdidier. The Americans threw back the Germans in a counter attack after fighting in which the enemy suffered severe losses and prisoners were taken by the Americans.

Fighting in Italy. Renewal of heavy fighting in northern Italy is coincident with a successful Italian thrust against the Austro-Hungarian positions in the mountains of western Trentino. In addition to gaining important positions the Italians captured nearly 900 prisoners and much war material. Australian attacks south of Asiago have been repulsed by the Italians. Elsewhere on the front from St. Elvio to the Adriatic there has been little action over the line from the British heavy fighting.

COUNTER ATTACK IN FLANDERS REPORTED TO BE GOING WELL

By Associated Press. WITH THE BRITISH ARMY IN France, May 28.—British and French troops on the northern side of the "Hundred Days" salient since Von Hindenburg launched the offensive of March 21. At the beginning of this terrific campaign it looked as though the Germans would succeed in their great effort. From one o'clock yesterday morning until dark a great concentration of hostile artillery maintained a bombardment of drum fire intensity which was opposed furiously. More gas shells than usual were employed by the Germans especially in the back areas, in an effort to catch concentrations of Allied troops.

Met Effective Barrage. When the Germans advanced they met such an effective barrage on the French right flank that the attackers never got to close quarters. They sustained severe punishment from concentrated shell fire and French machine guns. In the center and on the left flank however the enemy was more successful in the initial rush. Pomper south of La Clytte was captured and the enemy pushed back the defending line (Continued on page five.)

TOTAL ECLIPSE OF SUN WILL BE VISIBLE JUNE 8

OLD TIMER IN THIS SECTION
POINT TO YEAR OF WET
WEATHER.

FIRST IN MANY YEARS

Parts of Many States Will Find Sun
Going Out Early in the
Afternoon.

A total eclipse of the sun will be visible in parts of North and East Texas on June 8. The area of totality will extend in a band across the country from the state of Washington in a curve southward and eastward through parts of Oregon, Idaho, Wyoming, Colorado, Kansas, Oklahoma, Texas, Louisiana, Mississippi, Alabama, Georgia and Florida.

The Outlook last week had the following interesting information concerning this eclipse and eclipses in general:

The shadow of the coming eclipse will first appear at sunrise on June 3 (it will be June 3 in the United States) on the little island of Borodino off the coast of Japan. It will then sweep eastward, and arriving by this time attained a speed of thirty-three miles a minute, will arrive at 2:55 p. m., Pacific time, at the mouth of the Columbia River, in the State of Washington. (The Daylight Saving Law will make this time, as well as that noted in the next paragraph but one, and in the almanacs generally for this year, one hour later by the clock.)

During the next few hours people in every part of the United States—in those sections, of course, favored with clear skies—will be privileged to witness, in whole or in part, an eclipse more imposing than any that has been seen in this country in a great many years.

From the Columbia River the path of the total eclipse will sweep south-east, leaving the coast of Florida at 4:43 p. m. and ending at the Gulf of Mexico. The total eclipse will be one hundred and sixty-seven miles wide. In other sections of the country the percentage of totality will range from ninety-nine to sixty-three per cent, the latter being in Massachusetts.

What an Eclipse Is
In an eclipse of the sun the moon's shadow passes over the earth. At the equator it passes over the observer at the rate of eighteen miles a minute, but for higher latitudes the speed is much greater, and when the shadow falls very obliquely this speed may amount to eighty miles per minute. The length of the moon's shadow varies between 80 and 100 miles. The longest duration of a solar eclipse is seven minutes and fifty seconds. In our latitude, however, the duration of a total solar eclipse can barely exceed six minutes.

A total eclipse of the sun, while comparatively a rare phenomenon, is as a purely natural one, and though to all beholders the spectacle is interesting in the extreme, it occasions no dreadful forebodings, as was always the case before a knowledge of astronomy became known. To the superstitious, indeed, the phenomenon is still regarded as filled with evil portents. The more ignorant Chinese until recently imagined eclipses to be caused by great dragons trying to devour the sun or moon, and they beat drums and brass kettles to terrify the monster into a bad omen and discontinue his depredations.

On the other hand, Chinese annals antedate even those of Chaldea in recording eclipses and these means of trying to prevent them. Records of the twenty-second century B. C. state that, on the occasion of a solar eclipse, the state astronomers, Hsi and Ho, became intoxicated and incapable of performing the prescribed rites, and were accordingly put to death.

A Nineveh tablet preserved in the British Museum gives perhaps the earliest authentic record of a total eclipse of the sun on June 15, 763 B. C. A famous eclipse of antiquity was that predicted by Thales of Miletus, May 28, 608 B. C., which so impressed the warring forces of the Medes and the Lydians that the Battle of the Halys was interrupted and peace declared. On the other hand, eclipses have sometimes been predicted and announced to armies by their leaders, so that the phenomenon might not be regarded as a bad omen and discourage the fighters. Odd names for the days when eclipses occurred have come down to us. "Mick Monday" was long applied to the day of April, 1652, in Scotland, when a total eclipse occurred, and another eclipse was termed the "Black Hour." An old chronicle says that on May 3, 1710, "stars shone and birds roosted at noon."

Photography has been of much assistance in increasing our knowledge of eclipses. The first photograph of a solar eclipse was obtained at the eclipse of 1851. In 1860 photographs were secured which established the existence of the corona, or the cadescens gas envelope, as a solar

appendage. In 1868 the spectroscopic was added to the instrumental resources of the eclipse observer, and in 1869 the use resulted in the discovery of an element unknown to terrestrial chemistry, to which the name "coronium" has been given.

The Electric News has the following interesting reminiscences concerning former eclipses:

Old timers say that a total eclipse is usually followed by a very wet year or two in this part of the south-west. It is stated that immediately preceding the last total or near total eclipse visible in this part of Texas, the atmospheric conditions were very similar to those which we have been having for the past two weeks, and which are prevailing right now. Clouds formed and scattered across the sky. The air was noticeably humid, particularly in the early mornings. Frequent rains fell, the Wichita river overflowed and covered the farmlands from Wichita Falls west or miles, and so soaked the ground that it took as many as eighteen yokes of oxen to haul a loaded wagon, and then the wheel hubs were buried in the mud. There are old time freighters living here who recall that wet year. There are men living here who remember the eclipse and who say that cowboys raced their ponies to the corral and hurriedly unsaddled and rushed into improvised dugouts to get away from the cataclysm which they feared impending.

It is stated that at the time of the big overcast that the fields in this section were very dry and were impossible for the farmers in some parts to get in them and plough until long after planting time had gone by, and in consequence the only crops made were thousands of acres of good grass.

McHugh Talks
C. H. McHugh, who is one of the pioneers in this section, was living at the Red River station below Gainesville in 1874. He gives some reminiscences of several seasons which he passed through and which to some extent were duplicated in this country. In 1874 in June it rained every day for twelve days, and there were times when the rain would let up for a half day. The Wichita river overflowed, boats were washed away, houses drifted down stream, and cattle by dozens were swept away by the muddy torrent of water which washed the soil from the low lands.

The year 1875 was a good crop year, but in the fall a severe winter followed. In 1876 it rained in all July. Wheat sprouted in the shock. The fall and winter were very wet and the winter was a severe one.

Corn in 1887.
The corn crop in 1887 was a large one. Henry Heaton, a freighter, bought the crop in the Henrietta section and west, wherever he could get it at 50 cents a bushel on the stalk in the fields. He gathered hands and picked the corn, piling it at convenient points, in some instances the corn piles being as tall as two-story buildings. Mr. McHugh says.

In 1878 there was not much rain in the spring. Crops did not sprout until around until after the rains. April 19, Mr. McHugh says he planted strawberries on his farm in the valley at Red River station. From the ears of it he shelled a bushel and one peck. The ears were enormous size, many of them being twelve inches and longer.

In 1883 Mr. McHugh moved to a farm about six miles southeast of Burk Burnett. He and his brother planted 150 acres of corn in eleven and a half days, which made an average of thirty bushels per acre. In that year he moved to Vernon, which had three saloons, four stores and less than thirty houses. On November 3, that year, a inches of snow fell at Vernon. There were about fifty people living there at that time. Mr. McHugh was freighting from Henrietta west. He says that the late rains fell in such volume that the water gushed from prairie dog holes on the hillside, between Electra and Burk Burnett, stream as large through as a telephone pole.

In 1884 a little cotton was raised in this section, the next year was very dry, and in 1886 the drought stricken west required government assistance and flour and meal and salt meat were issued to thousands of settlers.

EFFORT TO WRECK U. S. HOSPITALS AT FRONT IS FAILURE

BOMBARDMENT IS IN PROGRESS
WHILE FUNERALS ARE
BEING HELD.

By Associated Press
WITH THE AMERICAN ARMY IN France, Monday, May 27.—What was apparently a deliberate attempt to wreck American hospitals in the rear of the American lines in Picardy occurred Sunday afternoon when the Germans hurled high explosive gas shells within a few hundred yards of two hospitals. Fortunately no damage was done.

By a coincidence the bombardment was going on while American funerals were being held. Several shells fell a short distance from one funeral party but the ceremony was not disturbed.

German attempts to carry the warfare to American sick and wounded began about ten days ago when, with the advent of a new moon, enemy planes circled over the little villages where it has long been known hospitals were located, and dropped bombs. Several civilians were injured in a recent air raid well not far from the American hospitals. They were asleep when the attack began, feeling secure in their proximity to the hospitals.

The stoppage of the attempts is believed to have resulted from the circular sent by Secretary Hill of the Boilermakers Society to branches declaring that riveting contests must be stopped and that members taking part in them would be dealt with by the society.

Vote In Arkansas Is Expected To Be Large In Primaries

By Associated Press
LITTLE ROCK, ARK., May 28.—With clear weather prevailing throughout the state party leaders anticipated the biggest primary vote in the history of the state in today's democratic primaries. Democrats will select a nominee for United States senator and for governor. In addition, other state nominees, congressmen and county nominees will be selected throughout the state.

Interest centers on the senatorial race. Senator Joe T. Robinson, the unqualified support of President Wilson and has put that forward as his chief for reelection. He is opposed by former Congressman Stephen Brundridge of Searcy. Senator Robinson has made no active campaign returning from Washington only in time to vote. Mr. Brundridge has toured the state.

Thirty thousand women are expected to vote in today's primary. It will be the first state primary in which women have had the ballot. They cannot vote in general elections.

Notice.
I have purchased the American Shoe Shop, located at 711 Seventh st., and invite the citizens of Wichita Falls to bring their shoes to my shop when they need repairing. I have been at the business for over fifty years and guarantee you satisfaction. J. M. Starr, 711 Seventh st. 11-4c

NOTICE TO THE PUBLIC

Patton and Gullhorn is a new firm recently organized, have opened offices at 712 1/2 Ohio Avenue in the city of Wichita Falls, for the purpose of handling oil leases, ranch property, farm lands, and Wichita Falls city property. We will buy and sell everything and desire to enlist all kinds of city and country property for sale on a legitimate commission basis. We have an extensive acquaintance over West Texas, have a number of clients who are anxious for investments in oil lands. If you want to buy, sell, lease or trade anything come in and talk it over with us. We are just starting, give us a little push. There is not a county in Texas that has enjoyed more real prosperity in the last five years than Wichita, the banks are full of money, loans, strangers are coming here every day with money to invest in a live city like Wichita Falls, there is not a chance to loose on any investment you make here, every piece of property in the city or county will sell for more money today than it ever would at any time before. We have a number of places for exchange in the city and country. Enlist your property with us and we will find what you want. We are not strangers in this country, our homes have been established in Wichita for years. We hope to be identified with every enterprise for the making of Wichita Falls, the greatest city in Texas. Come to our office and get acquainted. If you haven't time to come call us up, tell us what you want, it is no trouble to show property, that is, our business, tour touring cars are at your command. We solicit a share of your business.

Sincerely yours to serve,
J. H. PATTON,
W. S. GULLHORN.

Death of Aviator Causes Woman To Lose Her Memory

By Associated Press
CHICAGO, May 28.—Previously identified as Mrs. H. L. Smith of Los Angeles, Calif., the real identity of a young woman who apparently had suffered a lapse of memory was established in a hospital today. She is Mrs. Peggy Smith, 19 years old, resident of Chicago, who two months ago saw her husband, a student aviator, killed at the aviation field at Dallas, Texas. At the hospital physician said her lapse of memory probably was due to the shock of her husband's death and the fact that she is soon to become a mother.

MAKING RIVETING RECORDS IS STOPPED BY UNION

By Associated Press
LONDON, May 28.—An attempt to establish a record for hand riveting at shipyard of J. Christen and Company at Saltney, near Chester was stopped by officials of the Boilermakers Society, according to the Daily Mail. This section was taken after a riveting squad had driven 2,125 five eighths inch steel rivets into frames for ships in six and a half hours.

The stoppage of the attempts is believed to have resulted from the circular sent by Secretary Hill of the Boilermakers Society to branches declaring that riveting contests must be stopped and that members taking part in them would be dealt with by the society.

WAR SAVINGS BANK SITE IS SELECTED ON EIGHTH STREET

Eight Street, just in front of the Western Union office, has been selected as the site of Wichita Falls War Savings Bank which is to be opened June 1, according to the announcement of R. E. Shepherd, the county campaign manager for the War Savings and Thrift Stamps. The building will be a frame structure, about eight by eight feet and will be half on the sidewalk and half in the street according to the present plan. "The women are to have charge of the bank," Mr. Shepherd said. "Mrs. Lee and her committee having made such a good showing at the work that we are going to put this feature in their hands and are sure that it will be a success. The plan is to have some member of the woman's committee at the bank at all times during business hours. The bank will be in a place that is passed by practically every business man in town at least once a day and all shoppers pass by and children will find it convenient to bring their savings to change for the little green thrift stamps. We are sure that the people of Wichita Falls are going to come forward on the War Savings Campaign now and bring up their quota in a way that will be a credit to the city's record in things patriotic."

Fifty years repairing boots and shoes. I know how your work should be done. J. M. Starr, 711 Seventh street. 11-4c

HIGH SCHOOL GRADUATES RECEIVE DIPLOMAS AFTER ADDRESS BY W.F. DOUGHTY

With W. F. Doughty, state superintendent of public instruction, as the principal speaker, the final commencement exercises of this school year were brought to a close at the Wichita theatre on Monday evening with the presentation of diplomas to the forty-seven graduates from the high school and the awarding of scholarships to the three honor students.

Miss Goldie Maricle was named as first honor student, Miss Kate Eubank as second, and Graeme Atkinson as third. Miss Eubank was awarded a scholarship in the Texas Christian University and Graeme Atkinson a scholarship in the State University.

The Senior Glee Club opened the exercises Monday evening with Doughty's "When the Sun in Splendor Rises" and after the invocation by J. E. Brown of the Brown evangelistic party, the club gave Wilson's "Rocking the Moon to Sleep."

The speaker of the evening was introduced by J. A. Kemp, regent of the State University and Mr. Doughty opened his address with a tribute to Wichita Falls and its industries, pointing to the graduates of the high school as the greatest product, a product which was to carry the name and fame of the city throughout the land.

Doughty's speech was a masterpiece in speaking. The graduates Mr. Doughty said: "System, or the lack of system, is a mighty factor in the development or lack of development in everything and every body. How rapidly and how certainly we are moving toward success largely depends on the degree of system with which we work toward our goal. We must have a goal and for that goal with a definite system—a well defined plan.

"And perseverance is also necessary for success—without perseverance—without singleness of purpose—unless the whole soul is devoted to reaching the ultimate goal, success is impossible. Success is a jealous mistress and demands all.

"Must Make Own Life.
"Young people, if I might, I would give you tonight happiness, success, everything good that life offers. But success and happiness must come of yourselves—you must make your own life. Your parents cannot give success to you; your teachers are an equal to the task. It is for you to do. "All success is largely the same—whether great or small. Your success in obtaining your life's goal is the same as the success of the man whose fame will live forever. It is not given all of us to attain to greatness but in so far as we are successful in obtaining that which we wish for ourselves—our success is the same. Set for yourself a goal and work toward obtaining that aim. Do your work as well as it can possibly be done. If you cultivate a ten-acre patch, cultivate it so that passersby will stop and admire the success of your endeavors. If you become a housekeeper, as many of the young ladies will become in the due course of time, attain your work the highest success in any way possible. Set a goal, work toward it, and you will be for you as great as the brilliant successes of the men of history."

After the rendering of a third number by the Glee Club, W. J. Bullock, president of the school board presented diplomas to the following: Graeme Atkinson, Chester Bales, Gordon Bales, Edwin H. Bell, Herbert Brown, Harry Bunnell, Jasper Ferguson, Robert Ferguson, Paul Pond, Luther Nelson, Paul Rutledge, Julius Thomas, Leslie Turner, Andrew Urban, T. J. Waggoner Jr., Edward Wilson, Jim Brown, Yessier, Herbert Zeigler, Margaret Ackerman, Ruth Barnard, Louise Bentley, Ione Bivings, Blanche Clark, Kate Eubank, Dot Foster, Nettie Friberg, Dorothy Garrison, Della Hinkle, Estherlea Heath, Sybil James, Leta James, Lucille Johnston, Annie Lea, Ola Lee, Ruby Lee Martin, Marjorie Mathis, Goldie Maricle, Kate Morrison, Lois Morgan, Ruth Musgrave, Jessie Nelson, Annie Patton, Gussie Pitchford, Velma Sansom, Eva Schultz, Zula Stokes, Sada Willis.

H. E. Bell, principal of the high school, awarded scholarships to the honor students. Following the official closing of the school term by Lee Clark, superintendent of the city school, J. A. Kemp asked to be allowed to congratulate the city and the school officials for the success of the free public schools and stated that thirty-four years ago he was a member of the school board of Wichita Falls when the number of students in the schools did not equal the number of graduates that year.

The exercises were closed by the pronouncing of the benediction by W. J. Bullock.

MORTUARY

Fred Morris.
The following account of the death of Fred Morris is reprinted from the Denton Record-Chronicle:

Fred Morris, son-in-law of Mr. and Mrs. G. P. Davis of Denton, died at his home in Greenville at 3:30 o'clock Saturday morning after a ten days' serious illness from acute indigestion. He was 37 years, 6 months and 2 days old and was a former well known resident of Denton. He was a native of Tennessee. He was employed as a cotton buyer here for about ten years, but several years ago moved away and had been buying cotton in Greenville for the past two years.

Fred Morris was a member of the famous D. A. C. baseball team. He came here from Dallas with a team and made such an impression on Denton fans that they got him to come here for the season. He in turn was so well pleased with Denton that he moved here, married here and, up to a year or two ago, counted Denton as his home. He was a pitcher and outfielder, his remarkable fielding ability being of almost as much aid to him in the pitcher's box as his curves, speed and control. He afterwards managed the Wichita Falls club in the Texas-Oklahoma league for several seasons. In the old D. A. C. days he and Syl Wray were the winning pitchers who helped the famous old amateur team win a procession of victories in the fastest amateur and semi-professional company in the state. He was very popular among all of those who were associated with him in baseball as well as in private life.

December 26, 1905, he was married to Miss Frankie Davis, daughter of Mr. and Mrs. G. P. Davis of Denton. His wife and three children, Frederick, Robert Leslie and Frankie, survive. The remains are expected to reach Denton tonight on the Flyer and will be taken to the home of G. P. Davis 4 East McKinney street, where funeral services will be conducted Sunday afternoon at 3 o'clock by Dr. H. G. Fleming, who performed the marriage ceremony for Mr. and Mrs. Morris. Denton Lodge No. 807, B. P. O. E., will have charge of the services. Deceased was a member of the Elks lodge at Weatherford and a number of members from there are expected to attend the funeral. Interment will be made in the I. O. O. F. cemetery.

The pall bearers are as follows: Active—G. Campbell, Oakley Skiles, Hugh Skiles, Ed Bird, John Scott, W. H. Mahan, R. Finley Hare, Robt. Caldwell. Honorary—J. W. Sullivan, R. J. Edwards, Dick Naylor, H. H. Schwab, Bela Williams, W. C. Edwards, Dr. F. E. Piner.

SOCIETY

OAT AND CORN FLOUR BREAD.

Ground rolled oats.

CHRISTIAN LADIES HELP LOCAL RED CROSS WORK

Mrs. L. E. McConnell's division of the Ladies Aid of the First Christian church entertained the aid at the home of Mrs. H. C. McConnell on Monday, Mesdames Bacon, Bullock, Stewart and Miss Coons acting as joint hostesses.

The meeting was opened by devotionals read by Mrs. L. B. Gray, then a short business meeting was held. A splendid report of Red Cross work was read and an unusually liberal free will offering taken.

During the social hour, a number of new members were welcomed, several musical numbers by Mrs. P. G. Cross and reads by Harold McConnell enjoyed. Punch was served the guests.

MRS. SWARTS ENTERTAINS FIRST METHODIST LADIES

Mrs. W. W. Swarts entertained the members of both circles of the Ladies Aid of the First Methodist church in the regular monthly social meeting at her home on Monday afternoon. In a short business session, the members decided to discontinue the circle meetings during the summer months, only the monthly social meeting being held.

During the delightful social hour which followed, a number of the guests were busy with Red Cross knitting. A light refreshment course was served late in the afternoon.

BAPTIST WOMAN'S ALLIANCE HOLDS REGULAR MEETING

The Baptist Woman's Alliance met in regular missionary session at the church on Monday afternoon. With Mrs. Ralph Hines as leader a discussion of the W. M. U. training school at Louisville was taken up.

Mrs. Jack Taylor read the scripture lesson after which Mrs. J. J. Lory discussed the "House Beautiful." Mrs. W. W. Anderson told some facts about the training school.

MRS. M. M. WALKER IS HOME FROM TRIP TO EAST

Mrs. M. M. Walker has returned from the east where she spent some time with her husband, Captain M. M. Walker of the medical corps. Captain Walker is scheduled for service

in the base hospital at London before going to the front and has already a company of twenty-five lieutenants. The majority of them young southern doctors, whom he will take to London for training. Mrs. Walker says he is very much pleased with the service and is finding the work very interesting.

MANY COMPRESSES ARE COMPLETED BY MRS. WALKER

Mrs. Jason Walker made an unusual record in completing one hundred and fifty-five compresses in the Red Cross work done at the unit at the First Methodist church south on Monday. The report for Monday's work at the unit shows the following results:

Forty-eight workers completed twenty-six Belgian chemise, four pairs of pajamas and seven hundred compresses.

RECITAL TO BE GIVEN AT ACADEMY TONIGHT

Tonight the sisters of Saint Mary will present Miss Ann Wilson in "An Evening with Charles Dickens" at the auditorium of the Academy. The readings which Miss Wilson will present have been arranged and cut by herself. Miss Ruth Simpson will assist with vocal numbers. The public is cordially invited to attend the program to begin promptly at 8:30.

The program follows:
An Episode in Dora's House-keeping—David Copperfield.
Soprano Solo—Scenes That Are Brightest—Wallace.

The Call of the River—Dombey and Son.
Mr. Weller's Will—Pickwick Papers.

Soprano Solo—An Irish Lullaby—Alice Needham.
Scene from the "Tale of Two Cities"—Prologue: The Story of the Guillotine—Epilogue.

The vocal number, "What Are the Wild Waves Saying?" introduced in the second scene, words by Dickens and music by Glover.

AID AND MISSIONARY SOCIETY AIDS RED CROSS

Members of the Ladies Aid and Missionary Society of the Central Presbyterian church met for work at the Red Cross work rooms on Monday afternoon. Work was done in both departments. Those working were Mesdames Gaines, Baker, Fleming, Dobson, White, Ross, Fuller, G. B. Gaines and Miss Lillian Fain.

M'KEAN-STEWART.

Miss Bee Stewart and Alford C. McKean were married by Rev. S. A. Barnes at the parsonage of the First Methodist church, South, on Monday evening.

The bride was formerly employed by Lloyd Weaver Automobile company.

RED CROSS

While their elders are busy with Red Cross auctions, benefits and similar work Jeanette Walker and Richard and Mary Delaney have been working for the Red Cross too. The other day they made mud pies and peddled them around the neighborhood, proceeds from the sale amounting to 12 cents, which has been put in the Red Cross treasury.

A typewriter desk made by T. M. Conrey, head of the manual training department at the high school, has been presented the Red Cross office.

The school board furnished the material for the desk, which time is very pressing need is the headquarters office.

Mrs. R. L. Galtner has donated a quilt which will be sold at auction for the benefit of the Red Cross treasury.

J. H. Parker and J. H. Osborn went to Gainesville and Denton today on business, expecting to be gone several days.

Banished

Those old-fashioned flatirons of yours—they are a tiresome pair. It's bad enough to have only one of them around, but you have to have two—one heating while the other is cooling off, otherwise you would never get through with your ironing.

When our great grand-mothers called them sad irons—they were rightly named. They are the cast-iron symbol of many generations of sad ironing days, and are entirely out of place in our comfortable modern households. So throw them away and get a

G-E Electric Flatiron

which will enable you to do a week's ironing for fifteen cents worth of electricity. No wasting of heat, no wear and tear of clothes, no tiring of the body and no worrying of the mind. We handle the Guaranteed Iron.

The Nation's Courier

With the whole Nation an armed camp whose outposts extend from ocean to ocean, the toll lines of the Bell System are the message bearers of the Nation's vast war organization.

Even at the fighting front the telephone has replaced the hard-riding courier of other days.

The Bell telephone message traverses the continent at its widest girth in one-fifteenth of a second.

Important military points and industrial centers hundreds of miles apart are in close contact with each other and with Washington.

More than three million miles of toll wire in the Bell System are the highways over which pass a million messages a day, by which the vast activities of the Nation are systematized and controlled.

CALL FOR DOCTORS.

The call has gone out for fifteen thousand more doctors and surgeons for army service. These men are wanted immediately. Unless there is a quick response much needless suffering and probable loss of life and certainly loss of efficiency will result later on. In the face of such conditions the duty of doctors who are fitted and who can respond is plain and impelling.

MEN FOR Y. M. C. A. WORK.

Men of the proper character and qualifications are badly needed for Y. M. C. A. work with the American Army both at home and overseas. Men between the ages of 31 and 50 are wanted. As all know by this time the Y. M. C. A. is a powerful aid to the army. There are doubtless men in Wichita county fitted for this service. The Times will be glad to submit the names of such men to the proper authorities.

SURGEON GENERAL GORGAS.

Surgeon General W. C. Gorgas, of the United States army, is nearing the age of retirement, and, under normal conditions would be relegated to the ranks of the inactive early in the summer.

But it is well to remember that conditions at present are not normal and that, first of all, the American people today are looking to those in positions of authority or power for definite results.

Surgeon General Gorgas has attained definite results. His work has been one of the most wonderful of the many wonderful achievements of the country within the last twelve months.

Compared, for instance, with the terrible plagues which swept an army during the Spanish-American war, claiming more victims than did the enemy's bullets, the robust health of an army and a nation, in spite of the great number of men who have been assembled together for work out of doors, from offices and carefully heated homes, has indeed proven a marvel.

American army camps are sanitary. Pure food is given to soldiers and nothing that could injure health is permitted in their mess halls.

Efficiency in every department is essential to the winning of the war.

Efficiency, as it touches the health of the men in the army or soon to be drafted, is of the highest importance.

General Gorgas has demonstrated that he is thorough and efficient.

Should he be permitted to retire, the nation will suffer a distinct loss.

It is to be hoped that an exception will be made in his case and that his wonderful talents will be employed by the government at a time when they are so sorely needed.

PARLIAMENT REASSEMBLES AND INTEREST IS KEEN

By Associated Press
LONDON, May 28.—Parliament reassembled today after a short Whit sunnide vacation. Although the business formally set for discussion was not exciting, the members met in keen anticipation of some official utterance regarding the alleged German Irish plot and the arrests of Sinn Feiners.

Irish nationalist members have not returned to London and it is understood they will not appear at Westminster until after an important party meeting at Dublin on Thursday when the question of the date for their return will be discussed among other matters. But in their absence, certain liberal members have decided to question the government, their desire being to ascertain especially whether the government proposed to bring the prisoners to trial and whether any evidence of the plot would be divulged.

During the week-end the government issued a call to its supporters indicating the execution of a motion for an adjournment of the house of commons to discuss the entire matter and it was taken for granted that Edward Shortt, chief secretary for Ireland, would make a statement on behalf of the government.

Interest was also manifest on the question of initiative negotiations for an exchange of British and German prisoners of war. Notices have been given to both houses of intentions to ask the government to amplify their bare of last Friday and the bulk of the members are prepared to support a demand that an agreement be made on the lines of those concluded by France and Italy.

FRANK KELL HEADS COUNTY WAR BOARD, OTHERS ARE NAMED

PERSONNEL OF BODY IS ANNOUNCED HERE BY W. D. CLINE.

Creation of a war board for Wichita county with Frank Kell as chairman, W. M. McGregor, vice chairman, and B. F. Johnson secretary and treasurer, is announced today. The personnel of the board was left to W. D. Cline, who announces the following appointments to membership: Mrs. C. R. Hartsook, J. A. Richolt, M. A. Bundy, W. D. Cline, all of Wichita Falls; W. Daniel of Burkburnett, Frank Boyd of Iowa Park and J. L. Parker of Electra.

This war board had its inception about a fortnight ago, when a number of business men met in informal session in the offices of Mr. Kell. The duties of the board will be to supervise all of the war activities for Wichita Falls and Wichita county and to be responsible for all war funds asked of the county, of what ever nature. It is the purpose of the board to create a surplus fund, so as to provide all times for any demands that may be made upon the county. A meeting of the board will be called soon to acquaint the members of their duties, and to begin upon the necessary work.

Aim of Germans Is Not Yet Definitely Known To Entente

By Associated Press
WITH THE FRENCH ARMY IN FRANCE, Monday, May 27.—Whether the German attack north of the Aisne is merely a demonstration force with the object of drawing the Allied reserves cannot be gathered from the opening stages of the fighting.

The length of the front between the flanks on the attacking line seems to imply a great effort on the part of the enemy to capture territory in order to claim victorious progress immediately starting and thus improve the morale of the German public.

But the French and British troops are fighting with the greatest unity and bravery, the officers and men working together in absolute harmony.

The Allied commanders have the situation well in hand and had no need to meet an attack in this region. The Allies hold a series of commanding hills and the western flank is very hilly with deep valleys.

WEBB AMMUNITION BELTS CARRY INCREASED SUPPLY

By Associated Press
WASHINGTON, May 28.—Through the use of light web, ammunition belts American and British infantrymen carry 100 more rounds of rifle ammunition than their German opponents with leather belts and this seemingly unimportant part of the equipment has resulted in the repulse of superior enemy forces on more than one occasion says a statement issued by the ordnance bureau.

With his web belt the American soldier carries 200 rounds of ammunition disposed so that every cartridge is easily accessible. The German soldier carries but 120 rounds.

Notice to Public.

I wish to announce by mutual agreement I have severed my connections with N. O. Monroe, and have opened a General Real Estate & Loan Office in Room No. 5 Friberg Bldg., over Maxwell Hardware Store. I have had a number of years experience in this line of work and am in position to handle your city and farm properties, also can make any good conservative farm or city loan at reasonable rates of interest. I have listed for sale a number of attractive homes in most any part of the city. I earnestly solicit your listings and assure you that you will receive prompt and courteous treatment.

ROY R. NANNY, Room No. 5, Friberg Bldg., Phone 635.

Reich, Bloomer, Wis.; Samuel Schwartz, Chicago; Jan Spalak, Detroit, Mich.; Michael T. Wilman, Ashland, Wis.Missing in Action.
Lieutenant Walter B. Schaefer, Ottumwa, Iowa; Privates Frank J. Allano, Bristol, Conn.; Raymond O. Knich, New Haven, Conn.; Anton Hart, Bee, Neb.; Charles M. McGovern, Charlestown, Mass.; Clarence Mitchell, St. Louis, Mo.

Peace Negotiations Fail To Stop Huns Over Russian Line

By Associated Press
MOSCOW, Saturday, May 25.—Although peace negotiations between Russia and Ukraine have begun at Kiev, the Germans have broken the armistice of the Voronezh, occupying the town of Valutsk after four days fighting, and making a further advance. The Izvestia, organ of the bolsheviks, explains the advance as being due to Germany's intentions to seize those portions of the Voronezh government which Ukraine desires. Meanwhile the Germans are making extensive preparations in the Caucasus and continuing their operations in the Don region where no armistice has been agreed to. Reports of the first session of the Kiev peace conference held on May 23 indicate that the Germans are in no hurry for peace between Russia and Ukraine. The Ukrainian delegates told the Russians their credentials were invalid because they did not specifically contain authorization for concluding peace or an armistice and also did not state what parts of Russia comprise the soviet republic. The Russians requested time to make a reply and a day was granted for this purpose.

There will be a lawn social Wednesday night 25th on the convent grounds for the benefit of Sacred Heart church.

Von Tirpitz Would Retain Belgium At Close of World War

By Associated Press
AMSTERDAM, May 28.—"We must retain Belgium economically, politically and militarily," said Von Tirpitz, former German minister of marine, in an address at Dusseldorf Sunday, as quoted in the Nachrichten of that city.

The admiral's address was delivered before the Dusseldorf branch of the reactionary fatherland party, of which he is one of the leading spirits. Speaking of Germany's requirements after the war he said:

"Neither central Europe, the Orient, or Northern Europe can supply us with the raw materials requisite to our industries. We need to have the sea free from Anglo-Saxon tyranny for that purpose."

Apparently the admiral did not mention the submarine warfare which was discussed at the same meeting in a highly optimistic manner by Herr Bachmeister, a deputy in the Landtag.

Let Us Be Your Ice Man!

Most of the folks in Wichita Falls are our customers and have been for years. There are still a few folks, however, who for some reason or another do not permit us to serve them. We wonder why?

We wonder why, because we certainly do sell Good Ice. We wonder why, because we have the most modern and sanitary ice plant that money and brains can erect. We wonder why, because our ice is as pure and healthful as ice can be. We wonder why, because our ice is frozen hard and solid and is more pure and economical than ice with soft, mushy places in it that render it unhealthy and make it melt fast. We wonder why, because our wagons and faithful drivers pass their homes every morning and offer perfect service.

Let us be your ice man. We're good, honest folks with a good, honest product. We solicit your patronage because we know we deserve it. We solicit your patronage because your family's health is in danger when the ice that you use in the home is less than 100% pure.

Start with us today. We want to serve you. A good way to start is to get a Coupon Book from the driver. It is the most convenient way to take ice, and you get MORE ice for your money.

GERMANS CROSS AISNE RIVER AND GAIN FIVE MILES

(Continued from Page 1.)

somewhat south and east of Dickey Lake. Fighting was still continuing at nightfall when the Germans again increased their artillery fire, which had

ENTENTE ALLIED TROOPS HAD EXPECTED TO GIVE SOME GROUND

By Associated Press. WITH THE FRENCH ARMY IN France, Monday night, May 27, as was foreseen the Entente Allied troops were compelled to concede ground in the Champagne before the massed German attacks but they retired in perfect order. The Germans, executing a repetition of their tactics of March 21, threw overwhelming forces which they had brought during the night on the lightly held position extending from the westward end of the Chemin-Des-Dames to Courcy near Brimont.

WICHITA COUNTY GOES WELL OVER FOR RED CROSS

TOTAL OF \$44,417 RAISED DURING THE DRIVE MADE HERE.

Wichita county over-subscribed its quota in the Second Red Cross War Fund by \$6,700, the final figures on the drive compiled this afternoon showing the total subscription to be \$44,417. In Wichita Falls alone the over-subscription amounted to \$1,600, while the greatest over-subscription came from Burkburnett, which raised \$5,000, while its quota was only \$3,500, an over-subscription of \$1,500.

There were 5,089 individual subscribers in Wichita Falls on this second Red Cross War Fund, an extremely good showing according to W. D. Cline, the county campaign manager. The city's subscription amounted to \$29,217.

"We are delighted with the showing that union labor made in this campaign," stated Mr. Cline this afternoon, "and we are most proud of the large number of subscribers. It shows that the town is heart and soul with the Red Cross and the war. The success of this drive is due to the untiring efforts of the business men who worked throughout the week, always putting the Red Cross ahead of all other considerations. Especially do we owe thanks to A. E. Murdoch, the expert accountant who served as secretary and treasurer. He has kept the accounts straight and made the daily balance in most business like manner, so that we have completed our work systematically and will make our report to headquarters and forward our fund without any of the usual closing middle."

Work of Scouts. The Boy Scouts also did splendid work in their collections, receiving 257 subscriptions and \$59.85 in cash. The men who worked Sunday afternoon in the "Gleaners Campaign" added very materially to the total of subscribers, 1024 individuals contributing as a result of the afternoon's work. To all who subscribed and to those who worked the committee extends its sincere thanks.

The subscriptions by towns follow: Wichita Falls, \$29,217; over-subscription, \$1,600; Electra, \$6,300; over-subscription, \$1,300; Burkburnett, \$5,000; over-subscription, \$1,500; Iowa Park, \$3,300; over-subscription, \$1,200. Total, \$44,417; over-subscription, \$6,700.

Douglas Among Those Under Indictment In Deportation Cases

By Associated Press. TUCSON, ARIZ., May 28.—That Walter Douglas, of New York, president of the Phelps Dodge corporation, was among those indicted in the United States district court at Tucson for alleged participation in the deportations here today, when Douglas, through his attorney, entered voluntary appearance together with Blisbee and Douglas citizens indicted jointly on a charge of conspiracy to deprive citizens of the rights guaranteed them by the constitution and laws of the United States.

Red Cross Opposition Of J. W. Kelly Brings About Man's Arrest. By Associated Press. SAN ANGELO, TEX., May 28.—Charged with violation of the espionage act in an address in opposition to the Red Cross, J. W. Kelly of Richmond Springs, San Saba county, was held in jail after he had waived examination in the federal court in default of \$2500 bond. Kelly was arrested at Winters on a complaint alleged that he had urged people not to subscribe to the Red Cross.

PRIZE MONEY OFFERED IN SHIP BUILDING YARDS. By Associated Press. LONDON, May 28.—The Daily Mail offers 10,000 pounds as prize money for competition among workers in Great Britain and Ireland. The contest will be based on the percentage of time actually worked according to the total possible number of working hours.

MEMORIAL DAY IS PROCLAIMED BY HOBBY. By Associated Press. HOBBY today issued a proclamation proclaiming Thursday, May 30, as memorial day in Texas and urges that the day be observed "as a day of humiliation, prayer and fasting."

subsidized somewhat during the day. No infantry action was reported last night on any other part of the British front except for raiding operations.

HUNDRED BARREL WELL BROUGHT IN ELECTRA FIELD

Special to The Times. ELECTRA, TEX., May 28.—A hundred barrel well has been brought in on the Charles Allingham farm three miles southwest of Electra, opening up a completely new field, the nearest production in this section being two and one-half miles east of the location. About five years ago developments were carried on in this section and several dry holes resulted, leading to the abandonment of the field. The oil has been found now at the 1675 feet sand.

Drilling was done by the Producers Oil Company, for the lessee, The Producers Company has considerable acreage in this section and drilled in order to prove the utility otherwise of further developments.

Wheat Harvesting Around Dallas Is Now Well Under Way

By Associated Press. DALLAS, TEX., May 28.—Harvesting in some individual wheat fields in this section of the state began this week and by the first of next week the bulk of the grain cutting will be well started according to ranchmen reporting here.

J. W. Colt, one of the big wheat raisers near Richardson, north of here, estimated that wheat in that section would average from eighteen to twenty bushels per acre. In the western and northwestern portions of Dallas county some injury was done by the recent drought. There is some spring wheat about here for the first time and Mr. Colt says it bids fair to equal the winter variety. If the weather is dry and the wheat fully matured, harvesting may begin within two or three days after cutting and the grain may then be milled immediately, according to B. R. Neal, a Dallas miller. Dallas civic and commercial institutions are working on a plan to furnish men for aid in farm labor during harvest time. A central committee has been appointed to have charge of labor mobilization and enlist recruits. School boys, both white and negro, also are being enlisted for work in the fields.

Aged French Women Will Tend Graves Of U. S. Soldiers

By Associated Press. WITH THE AMERICAN ARMY IN France, Monday, May 27.—Aged French women in the villages in the rear of the American sector in Picardy have asked and received permission to take care of one or more graves of American soldiers. This tribute is all the more impressive because it comes from peasant women most of whom have been robbed of their husbands and sons by the war and have had a hard time to sustain themselves.

The affection with which the villagers regard the Americans is most pathetic at times. The difficulty of language is swept aside and the villagers share the American soldiers' sorrows and joys. In the villages where American troops are billeted and which are in constant danger from enemy shells the Americans share their gas masks with the peasants and teach them how to use them.

MUCH PROPERTY DAMAGED NEAR CLARENDON, TEXAS. CLARENDON, TEX., May 28.—Much property was damaged but no lives lost in a cloudburst and rain storm which flooded this section yesterday.

For Burning Eczema. Greasy salves and ointments should not be applied if good clear skin is wanted. From any drugstore for 35c, or \$1.00 for extra large size, get a bottle of Zemo. When applied as directed it effectively removes eczema, quickly stops itching, and heals skin troubles, also sores, burns, wounds and chafing. It penetrates, cleanses and soothes. Zemo is a clean, dependable and inexpensive, penetrating, antiseptic liquid. Try it, as we believe nothing you have ever used is as effective and satisfying.

The F. W. Rose Co., Cleveland, O.

Market Report

COTTON MARKET DECLINES EARLY DURING THE DAY

By Associated Press. NEW YORK, May 28.—The cotton market opened barely steady today at a decline of 8 to 10 points, with July selling off to 24.35 and October to 23.13, after the call, or about 17 to 20 points net lower; sellers found encouragement in the favorable weather map, bearish crop reports and lower Liverpool cables and it seemed to be generally expected that the weekly report of the weather bureau tomorrow would make a favorable showing. Offerings were well taken on this early decline however and the market soon firm up under renewed covering. July was again relatively firm on the reports of a spot demand selling up to 24.70 before the end of the first hour or 18 points net higher, while new crop deliveries showed net gains of 10 to 15 points, with October selling at 23.45. The advance extended to 24.85 for July and 23.70 for October before the end of the morning, or about 31 to 32 points net higher on continued covering and a moderate demand for trade sources. The later war news showed some encouragement and the disposition to cover shorts before the bureau report was probably increased by the failure of bearing private reports to promote more active or aggressive selling. A report issued by a southwestern authority placed the condition at 80.6, but was less favorable as to acreage which was estimated at 99.9 of last year's.

New Orleans Cotton. NEW ORLEANS, May 28.—No definite trend was shown by cotton in the early trading today. Around the opening the active months were 10 to 13 points off under moderate selling, but possibilities of rain in the belt stimulated a demand on which the market rose to a level one to 17 points over yesterday's close.

Cotton futures opened steady. July 24.70; October 22.34 asked; December 22.07 asked; January 21.93; March 21.83. Cotton futures opened steady. July 24.45; October 22.60; December 22.00; January 22.32; March 22.95. Short covering on a large scale became the chief influence in the trading up to noon and after that time the market was quiet under the last quotations of yesterday.

The market was quiet during the early afternoon with fluctuations narrow and with active trading around 21 to 25 points net higher, or around 23.61 for October. Cotton closed firm. Cotton closed ready at a net advance of 23 to 45 points.

Liverpool Spot Cotton. LIVERPOOL, May 28.—Cotton spot in fair demand, unchanged. Good middling 21.70; middling 21.18; low middling 20.65; good ordinary 19.96; ordinary 19.13. Sales 2,000, including 1700 American. Receipts 10,000, all American. Futures closed steady. New contracts May 21.69; June 21.09; July 20.85; August 19.40; September 19.77. Old contracts fixed prices. May 20.13; May 20.05; June 19.97.

New York Stocks. NEW YORK, May 28.—Pressure against war issues was resumed at the opening of today's stock market. Equipments, motors and affiliated specialties yielded 1 to 2 points. United States Steel rallied quickly from its depression. Rails were irregular although the market was more than neutralized by the strength of Reading, Union Pacific, New York Central and New Haven. Liberty Bonds again moved contrarily, the tax exempt 3 1/2's strengthening while the 4 1/2's repeated their minimum quotation of 97.38.

Substantial rallies were made on the general rebound of the noon hour, minor rails like New Haven and St. Paul preferred leading the rise. Among specialties Sumatra Tobacco's recovery of the greater part of its 11 points setback was the striking feature.

Further reactions in the last carried rails to best prices, industrials and specialties also extending mid-day rallies. The closing was steady. Liberty 3 1/2's sold at 99.60 to 99.65; first four 94.30 to 94.64; second four at 94.26 to 94.52; and 4 1/2's at 97.20 to 97.32.

Sinclair Oil & Refining, 27 1/4; Texas Co., 145.

HOSPITAL BOMBING PROVES SERIOUS

By Associated Press. LONDON, May 28.—Andrew Bonar Law today told the lower house of parliament that 300 casualties to hospital cases had been caused by the bombing of British hospitals in France by German aviators.

CORN UPTURNED BY COOLER WAVE STRIKING BELT

By Associated Press. CHICAGO, May 28.—Severe drops in the temperature brought upturns today in the value of corn. The sudden change of weather conditions was generally believed to be adverse to crop progress. On the advance in prices, however, selling increased, opening partly to official denial of reports that the government had placed large contracts for alcohol. Opening quotations which ranged from 1/2 to 1 1/2 higher with June 1.37 and July 1.38 1/2 to 1.38 3/4, were followed by a moderate reaction.

Outs hardened as a result of the corn strength. Shorts were the chief buyers. After opening 1/2 off to 1/2 up, the market scored slight further gains.

Rallies took place but in the late trading periods selling in small lots more than wiped out the gains. Warmer weather was in prospect. This close was heavy 1/2 to 1 1/2 net lower June 1.35 1/2 and July 1.36 1/2 to 1.36 3/4.

Provisions weakened with hogs. Lard, though, was relatively firm. Reports indicating ten per cent increase in brood sows on farms counted later against holders.

CORN—June 1.37 1/2, 1.37 1/2, 1.35 1/2, 1.35 1/2; July 1.38 1/2, 1.38 1/2, 1.36 1/2, 1.36 1/2.

OATS—June 74 1/2, 75 1/2, 74 1/2, 74 1/2; July 66 1/2, 66 1/2, 65 1/2, 65 1/2.

PORK—May 40.35, 40.40, 39.80, 40.10; June 40.35, 40.40, 39.80, 40.10.

LARD—May 24.00, 24.02, 24.00, 24.02; June 24.20, 24.20, 23.92, 23.92; July 24.45, 24.47, 24.20, 24.20.

RIBS—May 21.52, 21.52, 21.52, 21.52; June 21.95, 22.00, 21.52, 21.55; Sept. 22.45, 22.45, 22.00, 22.00.

Kansas City Cash Grain. KANSAS CITY, MO., May 28.—Corn number 2 white 1.58 1/2; number 2 yellow 1.60 1/2; 1.63.

Oats number 2 white 76 1/2; number 2 mixed 75 1/2 to 75 3/4.

OFFICIAL

GREAT BRITAIN.

By Associated Press. LONDON, May 28.—The Germans yesterday forced a passage of the Aisne River west of the British sector, compelling the left of the line to fall back, the war offices announced.

The enemy maintained pressure all day yesterday against the British on the Aisne front. Severe fighting continued today.

In Flanders, on the Lys front, local fighting was resumed this morning. The Germans are developing attacks of great strength along the entire Aisne front.

The announcement follows: "Continuous pressure was maintained by the enemy all day yesterday against the British troops engaged on the Aisne front, and severe fighting is still taking place on the whole front of the British sector."

"Toward the end of the day the weight of the enemy's attack carried his troops across the Aisne to the west of the British sector and compelled the left of our line to fall back. The enemy is developing his attacks in great strength along the whole of the Aisne battle front."

"On the Lys front fighting was recommenced this morning in the area east of Dikiebusch Lake."

"On the remainder of the British front a number of prisoners have been taken by our troops in successful raids carried out at different points during the night and the artillery has been active on both sides."

COTTON MARKETS TO BE SUBJECTS OF AN INQUIRY. THOROUGH INVESTIGATION IS TO BE MADE DURING THE SUMMER.

By Associated Press. WASHINGTON, May 28.—An investigation of the cotton markets in New York and New Orleans will be made immediately by the department of agriculture, Senator Smith of South Carolina, was advised today by Secretary Houston. The investigation will be made under supervision of the bureau of markets. The South Carolina senator had requested the inquiry.

Senator Smith announced that if the department finds it has not sufficient power under the existing law to conduct a thorough investigation, he will at once introduce a resolution calling upon the senate agriculture committee to inquire into the situation surrounding the cotton market and authorizing the subpoenaing of witnesses and papers.

In requesting the investigation recently the South Carolina senator charged manipulation of the future markets.

Fort Worth Livestock. FORT WORTH, TEX., May 28.—Cattle receipts 3,000; steady. Beesves \$7.50; calves \$7.00; hogs \$7.00; cows \$6.00; 10.00; heifers \$7.00; 12.00; bulls \$1.50; 8.50; calves \$7.50; 12.50.

Hogs receipts 1,000; 15 to 25 lower. Heavy \$16.15; 17.00; light \$16.50; 16.75; medium \$16.50; 16.65; mixed \$16.00; 16.50; common \$15.50; 16.00; pigs \$9.00; 12.25.

Sheep receipts 3,000; steady. Lambs \$15.00; 16.00; yearlings \$14.00; 15.00; wethers \$13.00; 14.00; ewes \$12.00; 13.00; culls \$7.00; 9.00; goats \$6.00; 8.50.

WINN RESIGNS FROM SERVICE OF RAILROAD

A. F. Winn has resigned his position as general freight and passenger agent for the Wichita Falls and Northwestern to accept the position of traffic manager for the Midland Refining Company, Eldorado, Kansas, the resignation to be effective on June 5.

Mr. Winn has been in Wichita Falls for about eighteen months in his present position. He and Mrs. Winn will leave shortly for Eldorado. It is understood that W. H. Yeargin, present chief clerk, will be appointed acting freight and passenger agent to fill Mr. Winn's position.

Marriage Licenses. A. C. McKee Jr. and Lillian Stewart. M. Barrera and Gerarda Amada. John H. Burt, Plainview, and Mary McDonald, Burkburnett. John Cavanah and Ethel Daniel.

To Drive Out Malaria. Take the Old Standard GROVES TASTELESS CHILL TONIC. You know what you are taking, as the formula is printed on every label, showing it is Quinine and Iron in a tasteless form. The Quinine drives out the malaria, the Iron builds up the system. 60 cents.

MUCH EXPECTED OF REVIVAL IN ITS FINAL DAYS

CAMPAIGN HERE IS TO CLOSE
DEFINITELY ON SUNDAY IS
STATEMENT.

Tonight,
8 p. m. "The Great Quest,"
Mr. Brown.
Wednesday,
10 a. m. "Christian Science,"
Mr. Brown.
Second talk in "The Cult Kingdom,"
Mr. Brown.
4 p. m. Mr. Stover with boys
and girls.
8 p. m. "Five Deaths," Mr.
Brown.

With five more days to go the revival is expected to accomplish more in that time, so far as outside decisions are concerned, than any previous time. The campaign will positively close next Sunday night. Mr. Waterhouse, who stopped here one day enroute to Tyler, Texas, has that meeting set up and all preliminaries are ready for the advent of the party. On account of giving an extra week to Wichita the evangelistic party will run solid time with no intermission up to July 25th. It is likely that Mr. Stover will leave Tyler before that meeting closes a couple of days and open the Paris engagement, holding it till Mr. Brown can get on the ground.

It is sincerely hoped that the Wichita churches will make hay while the sun shines this week. Mr. Brown has bent to the wishes of the committee and given this week extra which means to the party a very hard closing of the years work, since there will be from now on no let down or rest. Tomorrow morning Mr. Brown will lecture on "Christian Science: Is It Christian?" This is one of the series of "In the Cult Kingdom" talks. It goes without saying that the evangelist treats this from the standpoint of long study and his intimate acquaintance with the doctrines, origin and workings of the subject makes him a marked man.

Every church member should hear this talk. It is a grounding and doctrinal exposition that is remarkable and those who attend will get a plain view of the cult proposition that will be worth all their sacrifice to attend.

REGIMENTAL BANDS ARE TO BE ENLARGED

WASHINGTON, May 28.—The army general staff has ordered on General Pershing's recommendation that all regimental bands be increased from 28 to 50 pieces, a war department announcement today says.

Besides enlarging the bands, the announcement says, the general staff has decided to create a bugle and drum corps for every infantry regiment.

QUARTERMASTER'S CORPS RECEIVING NUMBER RECRUITS

STATEMENT AS TO MECHANICAL
BRANCHES MADE BY MAJOR
IRELAND.

Already several applications for the quartermaster corps in the branches mentioned in yesterday's Times have been received at the local draft board's office and the board announces that speedy action should be taken by men desiring to take advantage of the offer. Blankets to be filled out and sent to San Antonio can be secured at the board's office and all men of draft age experienced mechanically will find it to their advantage to investigate this opening.

Major Mark L. Ireland, Q. M. C., makes the following statement regarding the enlistment in the mechanical branch of the quartermaster corps:

To Draft Age Men.—"If you are of the draft age, a recent ruling made by the War Department will enable you to enter the service with very little delay. You will be sent directly from your home to your regular station at San Antonio, Texas.

"If you can qualify under any of the needed mechanical trades, the government has an opening for you where you can serve your country. If you are an expert at your trade, knowing your work thoroughly, and knowing how to handle men, with a good general education, there is room for you as a commissioned officer. If you are an expert at your trade, there is rapid promotion to the higher non-commissioned grades. If you are not qualified as an expert, there are other non-commissioned grades open (depending upon your efficiency and aptitude) and schools of mechanical instruction in which you can become proficient.

"The quartermaster mechanical repair shop No. 304, Fort Sam Houston, Texas, has room for men of any of these types, and offers the greatest advantages to competent mechanics who wish to advance themselves and serve the country to the best of their capabilities.

Physical Defects.—"Certain physical defects which do not affect a man's ability or productiveness as a mechanic can be waived. Such as affections of the ear, nose and throat, of the feet (flat feet); of operable defects, such as small hernia.

"If you are of the draft age and desire to enter the service for duty in this shop, secure a blank form and fill it out, and with at least two letters of recommendation relative to character, aptitude and skill, return to the Commanding Officer, Mechanical Repair Shop No. 304, Fort Sam Houston, Texas, who will take the necessary action with the Quartermaster General. That office will then mail you authority for induction into this shop in triplicate to be presented to your local board, which will then complete papers and send you directly to duty in this shop."

COUNTY ORGANIZED FOR GOVERNOR AND SENTIMENT STRONG

WOMEN OF WICHITA DECLARED
TO BE UNANIMOUS FOR
GOVERNOR.

The organization of Wichita county for Governor Hobbs is now completed and sentiment in every precinct in the county is overwhelmingly in favor of the present governor, according to T. J. Taylor, county chairman for the Hobbs forces.

Women, who will vote for the first time in the primaries in Texas this year, are almost unanimous for Hobbs. Some of the women of Wichita Falls are planning the organization of a Hobbs Club. A call for a meeting for this purpose is expected soon.

The following precinct committeemen for the Hobbs organization in Wichita county are announced by Mr. Taylor:

Precinct Chairmen.
J. W. Stone, Box No. 1.
J. B. Marlow, Box No. 2.
J. T. Young, Box No. 11.
C. W. Bane, Box No. 12.
H. A. Martin, Box No. 13.
Martin Alday, Burk Burnett.
E. M. Friend, Electra.
A. A. Winn, R. F. D. No. 3, Alledale Box, Wichita Falls, Texas.
Aaron Brubaker, Iowa Park, Texas.
S. L. Denny, Denny Box, Iowa Park.
Geo. R. Ancell, Beaver Creek Precinct, Electra, Texas.
W. E. Hall, Clara Precinct, R. F. D. No. 1, Iowa Park.

American Troops Are Having Lively Time; Artillery Is Busy

By Associated Press.
AMERICAN HEADQUARTERS ON THE FRENCH FRONT, Monday, May 27.—After a full of several days the artillery bombardment in Picardy has become more intense on both sides. The Germans are throwing many gas shells into the American lines. The American gunners, however, are returning the enemy's fire two fold.

In the simultaneous attack of three German raiding parties against the American positions in Picardy today, the enemy penetrated the American first line to a depth of two hundred yards.

A brilliant counter attack threw the Germans out and the Americans kept on until they had entered the enemy first line where they remained until ordered back.

The Germans suffered heavily in the fighting which was of a hand-to-hand nature at times. Several prisoners were taken by the Americans. The American artillery did remarkable work in helping to turn the German raid into a victory for the defenders.

The bravery of the Americans may be illustrated by the case of a private whose arm was blown off. Dazed, he kept on fighting and did not know he had been injured until a comrade came to his aid.

DEAL IS CLOSED BY T. J. TAYLOR FOR OIL LAND

ALMOST MILLION DOLLARS SAID
TO BE INVOLVED IN
MATTER.

T. J. Taylor of the Sanders-Taylor Oil Association, has closed a deal for the purchase of the Allies Oil Company's properties in the Burk Burnett field. The deal is said to involve nearly a million dollars.

The property includes 310 acres of leases and more than 350 barrels of production. Most of the production is from the J. B. Evans lease of 80 acres. Other tracts included in the deal are 50 acres of the Markowits, 100 acres of the Clark and 50 acres out of the Warren.

Rich sands are found at 440, 1400 and 1600 feet. Just as the deal was being closed up a new well came in on the Evans tract in the 1600 foot sand. The drill is only twelve feet in the sand and the well is flowing. It is now making about 300 barrels and is expected to settle down to better than 150 barrels. Another well

on the Evans tract is nearing the sand and drilling is progressing on several other wells. This lease adjoins the tract on which Fisher-Gilliland and others have been getting some of the best wells in North Texas.

The Allies Oil Company was organized by J. Fred Smith, Gilbert Irish, Edwin Hobby and others of Dallas. It has been one of the most successful companies in North Texas.

Piano tuning, L. V. Lawler. Phone 723.

Get New Kidneys.

The kidneys are the most overworked organs of the human body, and when they fail in their work of filtering out and throwing off the poisons developed in the system, things begin to happen.

One of the first warnings is pain or stiffness in the lower part of the back; highly colored urine; loss of appetite; indigestion; irritation, or even stone in the bladder. These symptoms indicate a condition that may lead to that dreaded and fatal malady, Bright's disease, for which there is said to be no cure.

You can almost certainly find immediate relief in Gold Medal Haarlem Oil Capsules. For more than 200 years this famous preparation has been an unfailing remedy for all kidney, bladder and urinary troubles. Get it at any drug store, and if it does not give you almost immediate relief your money will be refunded. Be sure you get the Gold Medal brand, the other genuine. In boxes, three sizes.

ONE BOTTLE WORKED WONDERS

Nujol receives this tribute from a Doctor

In this case constipation had continued for years, when

Dr. E. Z. Page prescribed the use of Nujol with most

pleasing results. His letter follows:—

NUJOL LABORATORIES,
STANDARD OIL CO. (New Jersey),
BAYONNE, N. J.

Dear Sirs:—

I gave Nujol to a patient who had been troubled

for years with intestinal trouble and constipation. The one

bottle worked wonders, and she now keeps Nujol on hand

and uses it at the least feeling of unrest. I have recom-

mended Nujol many times and results are always most

pleasing.

Queens, L. I., Sincerely,
Dec. 24, 1916. E. Z. Page, M. D.

It makes no difference how long you have suffered from

constipation, Nujol relieves stubborn as well as occasional

cases with equally sure and pleasant results. Start now to

use this safe and effective remedy which Dr. Page and other

eminent physicians so highly recommend, and prescribe.

Nujol restores healthy bowel habits in a gentle, natural way,

without the least griping or dangerous reaction. That's be-

cause Nujol contains no drug, and so causes no artificial

stimulation. Avoid harmful pills and salts that sap bowel-

strength with weakening reaction. Nujol is a pure, unmixed

remedy; and pleasant to take. Perfectly safe for all. Be

"regular as clockwork"—use Nujol.

ABSOLUTELY HARMLESS

There are no substitutes

—there is only Nujol.

At every drug store. Send 50c. and we will ship

new kit size to soldiers and sailors anywhere.

Nujol for constipation

Regular as
Clockwork

In bottles only, bearing the Nujol trademark—never in bulk. Write for free booklet.

OIL EXCHANGE

"INVEST"—MAKE YOUR OWN FORTUNE

Wealth is made not by saving but by investing. All great fortunes grew that way. One good investment may earn more than a lifetime of work. One small tract of oil land can make you rich. Even a small investment in a rapidly growing company often becomes the start on the road to fortune. We make a specialty of selling oil stocks and leases. Keeping posted on the oil business in this locality, we are in a position to serve you. Should you wish to buy or sell production, oil stocks, leases, rigs, pipe, casing or anything pertaining to the production of oil you can profit by seeing us.

WICHITA FALLS MAN IS ELECTED PRESIDENT BODY

Galveston, Tex., May 28.—Officers were elected today by the Texas Grain Dealers' Association as follows: W. M. Priddy, Wichita Falls, president; Ben Clements, Waco, and John E. Bishop, Houston, vice presidents; H. B. Dorsey, Fort Worth, secretary, re-elected.

The following were elected to membership on the executive committee: L. C. Belew, Pilot Point; R. I. Merrill, Fort Worth; and J. H. Peristone, Palestine.

W. M. Priddy, who was elected president of the Texas Grain Dealers' Association, at Galveston today, is head of the Priddy Grain company of this city. He has been a resident of Wichita Falls for about ten years and is one of the most prominent grain dealers in the district.

Dairy Expert Gives Demonstration Here; Number Are Present

Before a number of dairy men of the district and interested milk consumers, Miss Kate Lee Henley, dairy expert sent out over the state for the extension department at A. & M. this morning successfully demonstrated the manufacture and use of cottage cheese at the Chamber of Commerce.

The cheese is especially recommended as a meat substitute and Miss Henley offered a number of delicious products to her hearers this morning. Another similar demonstration will be held in Thornberry this evening.

B. D. Clements, of the Nisley Creamery company at Fort Worth is here also in the interest of the increase in milk production and consumption.

Porter Is Acquitted Of Soliciting; Women Are Fined For Theft

Benny King, negro porter formerly at the Westland, was acquitted by a jury in county court of soliciting. Another negro, by name of Allen, was on trial this afternoon on a similar charge.

Ethel Jones, negro woman, was found guilty of theft of property from Perkins-Timberlake department store and assessed a fine of \$50 with one day imprisonment in jail. Willie Swanson, arrested with the Jones woman, pleaded guilty and was fined \$5.

VETERAN OF CIVIL WAR DIES AT CHICAGO, ILL.

By Associated Press.—CHICAGO, May 28.—General A. G. P. Dodge, a veteran of the Civil War, died here today.

NOTICE TO PIANO TEACHERS AND ADVANCED PIANO STUDENTS.

Commencing June 1st, I will open a Piano Teachers' Normal school at my studio in the Harrison Everett Bldg., 714 Seventh street. The course as outlined will be of a four weeks' duration, with daily lectures on teaching from the earliest stages of piano study to the advanced according to the Leschetitzky method. Classes will be held every afternoon from 4:30 to 6:30, and the study will be carried on in a demonstrative fashion easily understood by musicians. For further information call Ernest Katz Harrison, Everett Bldg. Phone 2081, not later than Saturday, June 1st. 12-25c

PERSONALS

Miss Ila Gilpatrick and Mrs. E. A. Montgomery have been dismissed from the General Hospital following recovery from operations undergone several weeks ago.

Born to Lieutenant and Mrs. W. R. Heath, at the General Hospital, a boy.

Mrs. Guy Norris, who recently underwent an operation at the general hospital, is improving.

Miss Lucille Henderson returned Monday from Boston, Mass., where she has been attending the New England Conservatory of Music. She will spend the summer with her father, J. W. Henderson.

Lieutenant W. T. Noe, who headed the Wichita Falls Company of the National Guard when it went to Columbus, N. M., two years ago, is in the city on a 20 days leave for a visit with relatives and friends. Lieutenant Noe is now a member of the 115th Military Police and is stationed at San Diego, Cal.

The case of Ralph Hibbs and wife vs. the Wichita Falls Traction company, damages for personal injuries, went to the jury at 1:30 this afternoon. Trial was begun on this case in the 78th district court Monday morning. At two o'clock a damage suit, styled Holland vs. Engel was taken up.

Miss Ruth Ponder will arrive tonight from Decatur, where she has been attending the Decatur Baptist College, and spend the summer with her aunt and uncle, Mr. and Mrs. W. P. Ponder, who have just moved into their new home 2404 Ninth street.

IS YOUR BOY MISSING?

My son, W. Arthur Asbill Jr., 13 years old, has dark hair, brown eyes, dark complexion, has scar over right eye shape cat's hoof, scar in corner right eye, wore knee trousers (brown corduroy), lavender striped blouse, black stockings, English walking shoes. Disappeared on Saturday, May 25, 1918. Think perhaps he ran away with other boys. If your boy is missing please phone the undersigned immediately. Reward for information leading to recovery of my boy—W. A. ASBILL, care Motor Supply Co., phone 1081. 13-25c

Have You Heard the Call of the Out Doors, and How Has it Effected Your Eyes?

At this season of the year every one is called out to enjoy the open and if your eyes are not normal they will be offended by the light. If they water, or the lids itch or irritate, or if you have headaches, or have to squint the eyes to stand the light or have "sun grin", it is a sign of an abnormal condition of the eye, and our accurate and scientifically fitted glasses will relieve same and remove one of the most potent causes of functional disturbances. If you do not need glasses, we tell you so frankly.

Call of the
Out Doors,
and How Has It Effected
Your Eyes?

At this season of the year every one is called out to enjoy the open and if your eyes are not normal they will be offended by the light. If they water, or the lids itch or irritate, or if you have headaches, or have to squint the eyes to stand the light or have "sun grin", it is a sign of an abnormal condition of the eye, and our accurate and scientifically fitted glasses will relieve same and remove one of the most potent causes of functional disturbances. If you do not need glasses, we tell you so frankly.

GOOD ICED TEA!
Put the pot (earthenware preferred) on the back of the stove until hot.
Put in Tea—pour FRESH BOILING WATER over the leaves let it steep (not boil) from 5 to 8 minutes, strain out the grounds, fill glass with cracked ice and pour the tea over the ice and serve immediately—lemon if preferred, but NO SUGAR (to win the war)—you will find this to be a most refreshing, invigorating, palatable, and healthful beverage. For the very best results use our WHO CAN BEAT IT—India—Ceylon Blend.

**WHAT TO DO
And When To Do It!**
If you are sick, what do you do? You call a doctor. If your typewriter is sick why not take it to a typewriter doctor at a completely equipped typewriter hospital. Don't you think that they would be better prepared to remedy the defect for you?
We know how—and we are better prepared than any one to give you SERVICE. If your typewriter needs a thorough cleaning and adjusting, we will lend you a relief machine so that your stenographer need not lose one minute's time. Our Doctor knows his business. Give him a trial.
