4 Ozona Players Named To 8-A All District Teams

Carnes, Long, Baggett, Raspberry On Mythical Eleven

By Ernie Boyd

The district 8-A all star team chosen by the district coaches in a district meeting held in Sonora last week, named four Ozona Lions to the 19-man offensive and defensive squad with one Lion, Philip Carnes, and three other district players making the squad both ways.

On the offensive team Lions Hal Long, Penn Baggett, and Phil Carnes were named to the first eleven while the defensive platoon included Darrell Raspberry and Carnes.

The district champion Sonora Broncos had the leading number of boys on the team closely followed by Eldorado.

A number of other Lions were named as honorable mention on either the offensive team or the defensive eleven with Lion Penn Baggett narrowly missing being named to the squad both ways.

Honorable mention went to back Carl Montgomery as well as tackles Penn Baggett and Darrell Raspberry who were named on the first team offensively or defensively.

Following the disclosure of the all-district team, Coach Fred Hickman made known the 1962 Ozona football schedule. The new schedule shows three new teams for the up coming season with Coahoma, Stanton, and Junction, all of whom have been on the Lion schedule for a number of years, dropped.

Junction was dropped from the schedule due to their wish not to schedule Ozona while Ozona chose to drop Stanton and Coahoma whose contracts ended this season.

The 1962 Lions will open their schedule next season with 2-A McCamey on Sept. 7 then will travel to Bronte to play that class B power before taking an open date on the 21st of September.

On Sept. 28 the Lions will entertain Rocksprings then on Oct. 5 travel to Sonora for a non district tilt with that 2-A school before traveling to Robert Lee for their last non district game.

The Lions will open play in the new district 8-A on Oct. 19 when they entertained the Iraan Braves then on the 26th they will go to Big Lake, returning on Nov. 2 for Rankin here then getting Eldorado here and finishing the season with Sanderson in Sanderson.

Girls Cagers Open New Season With Pair of Victories

Christoval, Sterling City Bowled Over In Succession

The Ozona High School girls basketball team opened its 1961 season in Christoval last Friday night as they walloped the Christoval girls 60 to 26.

Don Nell Carnes poured in 27 points to lead the Ozona attack but got lots of help from Beverly Alford who hit for 18 points and Janie Lara who had a total of 15.

Ozona jumped into an early commanding lead and the home club was never able to cope with the Ozona attack or to break through the steady Ozona defense.

In the B game the Ozona girls won 14 to 8 as Shirley Wagoner tallied all but two of Ozona's points in leading both teams with 12 points.

Coach Roger Gatchers team continued on its winning way Tuesday night when they swamped a scrappy Sterling City team 52 to 21.

Don Nell Carnes was the big gun for the Ozona team once again as she hit for 21 points. Janie Lara had 16 and Beverly Alford 14.

Ozona jumped into a commanding 14 to 3 to lead in the first quarter and used all of its reserves throughout the balance of the contest, even though regulars were present in the lineup at all times.

In a B game played before the feature contest the Sterling City reserves downed the Ozona reserves 35 to 25 in a game that saw the visitors lead all the way. A determined second half rally by the local team was led by Janie Gillam and Shirley Wagoner but could not overtake the winners.

New Contributions To Screwworm Fund Swell Total To Near \$30,000

Contributions from Crockett County ranchmen to the screwworm control fund from this county continue to dribble in and a check on late contributions this week showed a total of \$29,838.20 in the fund to date, with 143 ranchmen in the county having contributed.

The solicitation committee, headed by Wayne West as chairman and Joe Tom Davidson as vice chairman, is still at work in an effort to get a 100 percent response from Crockett county ranchmen on the call for a producer-contributed fund based on 50 cents a head for cattle and horses and 10 cents a head for sheep and goats.

The county by county drive for funds is getting into high gear throughout the state and with the successes being reported, indications are that the \$3 million fund from growers, which it is hoped will be matched by state and federal funds to wipe out the screwworm fly from the southwest, will soon be raised and the next move will be up to the government agencies to rid the nation entirely of this costly livestock pest.

The list of contributors who have made up the latest additions to the Crockett county fund and who have not previously been listed in this newspaper are Frank Newman, Aubrey DeLong, George DeLong, Bill and Lee Pfeleger, Batts Friend, John Childress, R. C. Ward, Christine Bean and Frank McMullan, Jr.

In June of this year, young Bryan was a member of the Boy's State group which took over the state government for a day at Austin. Nick was editor of the Boy's State newspaper.

Lions Open Cage Season With Win Over Garden City

Squad Sets Fast Pace For Early Season; Next Game Tues.

The Ozona Lions began their 1961 basketball season on a good note last Friday night when they walloped the Garden City Bearcats 64 to 29 at the High School gym.

Eight of Coach Brooks Dozier's strong crew broke into the scoring as Ozona used all eleven of its A squad with only the injured Robert Cox failing to see action.

Van Miller and Garry Studdard led the Ozona attack with 12 points each with Rodney Stewart just behind with 10. Donnie Cyper of the Bearcats was the game's top point producer with 13 but that was about all the attack the visitors could muster.

The Lions started the same five that finished the season last year and it was not until the last minute of the first quarter that the visitors could break through the tough Lion defense to get a basket, even though they had gotten a free throw earlier.

The Lions, working rather smoothly considering their recent stint on the football field, poured in 14 points in the first quarter before reserves took over for the second period.

The Lions hit for 16, 14, and 20 points in the last three quarters to steadily add to their margin.

The Lions dominated the backboards throughout the contest with Hal Long getting 11 rebounds to lead the Lions in that department even though Van Miller had 8 and Carl Montgomery 7 during their periods in the contest.

Aside from the play of last year's starters Gary Studdard, and Rodney Stewart both looked good.

The Lion's next contest will also be in Ozona when they meet the Menard Yellow Jackets next Tuesday.

Statistics Show Lions, Although Far Out From Championship Contention, Nevertheless Turned In Creditable Performance In League Contests

By Ernie Boyd

The completion of the 1961 football statistics Monday revealed that this year's edition of the Lions did not set any records either for good or bad play and that it will just a little more than Lions might have broken even for the 1961 season.

Coaches Fred Hickman and Sonny Cleere, faced with a group of young and inexperienced players this season, may have turned in their best job of coaching since taking over the Lions in 1954 as they put together a team composed at times of boys who had never played football at all and came up with a unit that won two and lost two in district play and lost to the district champ by only a single score in the final quarter.

Figures show that the Lions surrendered more yardage to the opposition than has any team recently but the combined scoring totals for the season found the Lions with 138 as compared to the opposition's 144.

Carl Montgomery led all the Lions in yardage gained rushing with 667 on 136 carries and also posted an outstanding punting record with an average of 36.28 yards per kick during the season. In the last eight years only Bobby Sutton and Mike Clayton have exceeded this figure.

Phil Carnes, who sparked the Lions all season with his fine play, picked up 497 yards rushing, completed 54 of 134 passes for 675 yards and eight touchdowns and kicked 4 times for a 36-yard average in addition to being named to the all-district team both offensively and defensively.

Relative Of Late Judge Smith Shot Dead In Hold Up

Charles Smith Slain In His Drug Store By Hold-Up Man

Charles D. Smith, 52, a nephew of the late Judge Houston S. Smith Crockett county judge for 18 years who died Nov. 10, was shot to death in his drug store at Farmington, N. M., Saturday, according to information received by friends here.

Although details of the incident were meager, it was understood that the shot was fired by an intruder either bent on robbery or seeking a supply of narcotics.

Information about the shooting was contained in a letter received here by Claude Russell from members of the family who had just reached the home in Farmington after attending the funeral here and attending to details of the judge's estate settlement.

Mr. Smith was a son of the late J. B. Smith, brother of the Ozona judge. He was a brother of Curtis Smith, who was here for the funeral and who was a co-owner with him in the drug business, established by their father several years ago. Charles Smith was not able to attend the funeral for his uncle, staying in Farmington to keep the store open.

Ozona Student SAE Pledge At N. M. State

University Park, N. M. — Pleas Childress of Ozona, Texas, has pledged Sigma Alpha Epsilon, national social fraternity on the campus of New Mexico State University.

He is the son of Mr. and Mrs. P. L. Childress, Ozona. A 1961 graduate of Ozona High School, he participated in Future Farmers of America, Four H and was on the track team.

He is now a freshman at New Mexico State majoring in range management.

Childress will remain a pledge for one semester before he will be eligible for active status in Sigma Alpha Epsilon.

strongly during the latter stages of the season, grabbed off several "most" departments as he led the pass receivers with 18 and four touchdowns, led in scoring with 38 points and intercepted one enemy aerial to tie for the lead in that department.

Hal Long, who was also named to the all district team, took in 17 passes scored three times and led in amount of yardage gained while scoring 24 points during the season.

On the dark side of the picture, the Lions did not show a great deal of aptitude for pass defense as not a single player picked off more than one pass while giving up 555 yards to the opposition.

The 555 yards is by no means a record but was given up on only 70 attempted passes by the foe while in comparison the 1959 team surrendered 588 yards but on 131 enemy efforts nine of which were intercepted.

The 1958 team leads in pass interceptions with 22 as compared to only 4 this season.

The figures, however, reveal that the team played well except for two or three games in mid-season (Stanton, Rankin, and Sanderson) and perhaps played a great deal better than some of our teams the last few years who did not show the team spirit and drive this bunch of boys had.

Coach Hickman stated after the Eldorado game that he felt his learned the basic details of the team had done very well after they game. The records show this to be true as the Lions whipped a Junction team supposed to be about its equal in a decisive manner and then upset Eldorado 28 to 0 in the district's biggest shocker.

ARE YOU A BOOK DELINQUENT

By Leroy Drago

It has been said that books are one of the foremost possessions of the learned man (or woman). Students attend (or are forced to attend) school in order (supposedly) to become learned. Why, then, do some students insist on treating these valuable possessions, books, with so little apparent regard?

Take for example, the treatment of library books. Some of the library books checked out by these individuals look like something left from the Crimean War. These people usually make no apologies for damage to the books; they sneakingly leave them to be repaired and quickly forget them.

Are you guilty of mistreating the books so trustingly and graciously loaned to you? Stop and think. Is there a reason for such vandalistic behavior as the harsh treatment of good books? Don't be a book delinquent.

FRESHMAN WEEK KEEPS FRESHMEN BUSY

Beware of the fast morning students rushing to class. The majority of these are Freshmen. After carrying their master's books to class they must rush frantically to get to their class on time.

The Freshmen went on sale at 12:15 Friday at a price of 25c. They are to be slaves for this week.

The Freshman class will entertain the student body with an assembly Wednesday morning. For the assembly the boys will display their ability to put on commercials. Kathy Stiles will read a poem on her idea of school, the "vocalet" will sing and the entire freshman class will sing the school song.

THE LINES MAKE THE COLUMN

Have you noticed all the beanies worn lately, or the heavy loads of books carried about? This is Freshman Week! The freshmen have really been busy carrying books, singing songs and saluting their upperclassmen.

Herbie, Patty, Jayne and Charlotte went to San Angelo, Robin went to Del Rio today, Janet North went to Dallas and Peggy went to San Antonio.

Sewing was once more in order at the H. E. cottage last Saturday. The girls are finishing their projects for the wool contest.

The hunting bug has really gotten around. Those who went hunting were Jim Brock, Carl, Frank, Kathy D., Penn, Betty, Glenda and Tommy Kidd, Miss Powers, Bill B., Janet M. Brent, Pete, Becky, and Pam and Herschel.

MAKE-IT-YOURSELF-WITH-WOOL CONTEST TO BE HELD HERE MONDAY

The make - it - yourself - with-wool contest will be held the 27th of November. The style show starts at 7:30 Monday night in the High School Auditorium.

The girls have been working on their garments during their study halls and Mrs. Hull has been working with the girls after school and on Saturdays.

The judges will judge the garments in the Homemaking cottage on Monday morning, then they will judge them Monday night as the girls model them.

The winners of this contest will go to Sonora for district competition then to state in Lubbock.

The winners there will go to the National contest in Salt Lake City, Utah on January 20. January 21 will be devoted to a sight-seeing tour around the Salt Lake area. National winners will go to Hawaii by Pan-American Jet Clipper.

Nancy Lee Faulkner will be played by Jan Pridemore. Her father, Mr. Whitfield, Leroy Drago. Gracie Chandler will play Magda Suenson. Mrs. Hutchins, a Negro lady, will be played by Arlene Gotcher. These parts have not been cast: Elmer Sweeney, Jigurd Jungquist, the two policemen, the court attendant, Secretary to Flint, Secretary to Stevens, and Stenographer. Members of the audience will be asked to be members of the jury.

The setting is in a court room. It is a murder trial of Bjorn or just a plain thief. This question will be decided by the jury when they decide whether or not Karen Andre killed him. The final decision is up to the jury.

This year the play is different because members of the junior and

senior class make up the play cast. The proceeds from the play will be divided equally between the two classes.

STUDDARD, MILLER, PETE MONTGOMERY, TFI - CAPTAINS OF LION BASKETBALL TEAM

The O. H. S. basketball team this year chose three boys as co-captains.

Gary Studdard, Pete Montgomery and Van Miller were tied in the basketball captainship of the Ozona Lions. Studdard and Miller are seniors; Montgomery is a junior.

These boys proved their good leadership and the co-operation of the whole team by winning the Ozona - Garden City game here, Friday night by a score of 34-29. Studdard and Miller, each scored 12 points and Rodney Stewart scored 10.

Our next game in here with Menard, Nov. 28.

SOPHOMORES MAKE \$95.50 FROM TICKET SALES

Thanksgiving Transition

The very first Thanksgiving Day was celebrated in Plymouth Colony for quite a simple reason. Colonists and friendly Indians shared that first feast in gratitude for a bountiful harvest after a winter of great hardship.

Now, three centuries and forty years later, we are thankful for the growth of our Nation. We are thankful for its great strength which stands as a fortress of protection for free people in a world filled with tyranny and oppression.

Let us, as good Americans, express these thanks and rededicate ourselves to preserve and maintain this spirit of freedom.

Phil Schneemann was the daughter of Phillip Harry Perner and his wife Mary Louise Ross Perner, who came from Medina near Bandera to Crockett County in 1893, becoming one of Ozona's first merchants and later he became interested in ranching. She is a native of Ozona and was educated in the Ozona public school system. She was married to Max Schneemann, the son of another early pioneer to this section, in the home of her mother and late father, on June 9, 1915. They lived a number of years on the old Schneemann headquarters ranch in northwestern Crockett County near Big Lake. Later, they moved to Ozona, building a lovely home, and educated their children here. They are the parents of six children, three sons, Max, Jr., and Bill who are ranchmen of Big Lake, and Phillip of Grants, New Mexico. Three daughters, Eda now Mrs. Miller Robison, of Marfa, Susie, now Mrs. W. E. Reynolds, Jr., of Pampa; and Lillian, the late Mrs. Clyde Sikes.

Mrs. Schneemann has always been a responsive and a responsible citizen of her community, working hard for the school and many civic projects. The streets are now marked and the houses are numbered which was initiated in her presidency. She has since its beginning been interested in the local hospital, and served on the board of directors for many years, and during the construction of the present building was tireless in her efforts for its success.

She is a member of the Methodist Church. Her first interest is her home and family, her children and grandchildren. For several

Notes From The County Agent's Office

By Pete W. Jacoby

Frost can be expected in this area anytime now and it can mean trouble for livestock producers if they are not careful. Johnsongrass and sorghum sometimes develop a high prussic acid content after a frost, and if grazed by livestock, can cause a lot of trouble, warns Dr. C. M. Patterson, extension veterinarian.

Certain chemical changes occur in the frost-wilted plants, and are responsible for the development of the prussic acid, Patterson explains. The poison acts quickly and can kill an animal within a very short time after the damaged plant is eaten. Whether a poisoned animal can be saved depends upon how quickly a veterinarian can get to it, Patterson says.

Frosted Johnsongrass or Sorghum should be grazed until it is completely dry, warn the veterinarian. If it is ready to cut for hay before a frost, it may be cut the first day after frost if care is taken to see that it is completely cured before baling.

There must be something to these outdoor sports of hunting and fishing, says Ed Cooper, extension wildlife specialist. According to a survey conducted recently by the U. S. Fish and Wildlife Service, he says some 30 million people in the United States hunt and fish, and that fishermen outnumber the hunters by about 2 to 1.

About \$4 billion are poured into the American economy each year by these outdoorsmen, says Cooper. This money is spent mainly for equipment, transportation, food and lodging, lease fees and licenses. American fishermen spent about \$3 billion in 1960, while hunters spent \$1 billion. Combined, they traveled 13.2 billion automobile miles.

The number of women hunters increased from 418,000 in 1955 to 860,000 in 1960, Cooper continues.

Considering these impressive increases in the amount of time, money and effort on hunting and fishing, Americans should look to

the future and give serious thought to the conservation of our wildlife and fishing resources.

If future generations are to enjoy these great outdoor sports, can be done through respect for hunting and fishing regulations, management of wildlife on farms and ranches and general support of conservation activities everywhere, points out Cooper.

Now that hunting season is getting underway, it might be well to think over these safety measures before taking to the woods:

1. Be sure your ammunition is the correct type and size for your gun
2. Never point your gun at anything you don't intend to shoot.
3. Consider the direction you are to shoot, watching out for livestock, houses and highways.
4. Be sure of your target before you shoot.
5. Unload your gun when crossing fences and climbing trees.
6. Never hunt with a shell in the barrel.

7. Never bring a loaded firearm into camp or houses.

8. Know where you are hunting and be sure that everyone else knows where you are hunting.

Experienced sportsmen know the safety precautions, but every year many young, inexperienced hunters enter the field for game — and, after all, a reminder is good for all of us. So for a good hunt and a safe one — be careful.
