Dope Is Stolen From Firm Here

DRUG ADDICT SOUGHT FOLLOWING THEFT OF MORPHINE

Theft of 419 quarter-grain tablets of morphine sulphate from Bowen's Drug store, 1021 Broadway, was reported to police late Monday. An employe there said the drugs, having a retail value of about $40, were missed Monday afternoon, and could have been stolen any time in the last eight days. Policemen were instructed to be on the lookout for drug addicts.

A hand-embroidered bed-spread which had won first place at the Panhandle-South Plains fair was in a bag of laundry stolen from an automobile late Monday afternoon at Merrill park, where a baseball tourney is in progress. Several Mexicans were arrested this morning as suspects. The laundry, that of Mr. and Mrs. J. R. (Dutch) Leunenberger, included another bedspread, 12 shirts, 15 boy's wash suits, three wash-dresses, two suits of pajamas, about 25 assorted towels and some linen napkins and table-tops. The fancy spread was a wedding gift.

Theft Charges Filed

Theft charges were filed in corporation court this morning against Sidney Knowles, 28, 2000-block of Ninth street, Howard Bane, 17, 1300-block of Avenue N, and Odell Blackwell, 17, 1400-block of Avenue N, in theft of gasoline from an automobile parking-lot at Avenue K and Main street. The trio was arrested by police at about 3:10 o'clock this morning. Knowles is a former Texas Technological college athlete and is a high school coach at El Paso.

Catherine Griffin, 18, a negro woman, 1000 block of Avenue N, pleaded guilty in corporation court this morning of theft of two pairs of hose and two suits of pajamas. Amount of her fine had not been set this morning.

Anglo-Irish Trade War Is Under Way

DUBLIN, Irish Free State, July 26 (AP)—The Anglo-Irish trade war began officially today, but there were rumors of another attempt to reopen negotiations to settle it.

The free state government levied its prohibitive schedule of duties against British imports last night by publishing the list embraced in the special tariff bill passed by the dail eireann last week.

THUGS KIDNAP FIVE PEOPLE

VICTIMS RELEASED BY GUNMEN AFTER BEING HELD EIGHT HOURS

(By The Associated Press)

GRAND SALINE, July 26—Five Grand Saline people, kidnaped on the Dixie highway by a trio of unidentified gunmen were released last night after being held captive for eight hours.

Their captors, who seemed to be fugitives from the law, evidently kidnaped them to prevent officers learning their whereabouts. From things the gunmen said, the Grand Saline people gained the impression they were members of a bank robbing gang and were ex-convicts.

Those kidnaped were Mr. and Mrs. Otho Dickson, Mays Walters, Tillman Walters and Tom Kelly. The gunmen made no attempt to rob or harm them in any way.

Mays Walters was deputized last Sunday to aid officers in their efforts to capture three men who had abandoned a stolen car at Grand Saline.

Tilson To Resign Post In Congress

WASHINGTON, July 26 (AP)—Representative Tilson of Connecticut, former Republican house leader, said today in a statement printed in the Congressional Record that he would resign soon from congress and would not run for re-election.

Tilson, who had served in the house 22 years, was defeated by Representative Snell of New York as the Republican nominee for speaker at the beginning of the present congress.

THE WEATHER

WEST TEXAS—Partly cloudy, local thundershowers in west portion tonight and Wednesday.

EAST TEXAS—Generally fair, continued warm in interior, partly cloudy near the coast tonight and Wednesday; scattered thundershowers near the coast Wednesday. Light to fresh southerly winds on the coast.

OKLAHOMA—Partly cloudy tonight and Wednesday.

Man Denies That He Took Poison, Then Drops Dead

LOS ANGELES, Calif., July 26 (AP)—Mrs. Roscoe Griffith telephoned a hospital that her husband, a veterinarian, had swallowed an ounce of poison.

Police and hospital attendants found Griffith calmly eating dinner, while his wife fluttered about the table, wringing her hands.

"He's dying," she implored. "He said he was tired of living."

Griffith smiled easily and had a deprecatory shrug for his wife's alarm.

"She is mistaken, gentlemen," he said between bites. "I have taken no poison. I am a busy man. I have an appointment in a little while, and I won't go with you."

But they took him away. He walked from the ambulance to the hospital entrance.

There he fell dead.

RAIL PROBE IS DEMANDED BY LABOR HEAD

QUICK ACTION TO CUT WORKING DAY TO SIX HOURS IS SOUGHT

(By The Associated Press)

CLEVELAND, July 26—David B. Robertson, president of the Brotherhood of Locomotive Firemen and Enginemen, today charged engineers in many cases were working overtime at the expense of firemen and called for a congressional investigation.

Robertson, who as president of the Railroad Labor Executives association, is spokesman for 22 railway labor organizations, also urged speedy action by congress on a bill to shorten the railway working day to six hours and to limit the amount of work an individual employe is permitted to perform.

Merger Opposed

Robertson, deeply engrossed in organizing a labor fight on the proposed merger of eastern railroads into four systems, explained that railroad labor is opposed to the merger because "it will throw thousands of working men on the streets to be fed by the public or given other means of employment."

Contrary to the railroad management's claim, Robertson said, "we believe it is against public interest at least at the present time, when 500,000 railroad workers already are unemployed and hundreds of thousands of others working but part time."

Robertson's battle plans against unemployment include also an attack on the policy of various of the railroad brotherhoods, particularly the engineers and conductors. He charged those groups with allowing their members to work overtime—from thirty to sixty days a month, while thousands of firemen walk the streets.

World Conference May Please Borah

WASHINGTON, July 26 (AP)—Predictions that the world conference on which the United States already has been sounded out might meet at least some of Senator Borah's ideas emerged today from talk about his plan for a round-table discussion of economics.

At the same time, though, Borah indicated impatience over delay in a formal invitation for the United States to join the meeting sponsored by the League of Nations, expressing a hope that the United States would take the initiative.

BANK IS ROBBED

CONCORDIA, Kas., July 26 (AP)—The Cloud County bank was robbed of an undetermined amount of currency today by four men who shielded their escape by forcing three girls to ride on the running boards of their automobile until it reached the city limits.

TO REVISE REPLY

ALBANY, N. Y., July 26 (AP)—Mayor James J. Walker of New York today informed Governor Roosevelt that he was revising his reply to charges that he should be ousted and would send it to Albany "immediately."

DIVIDEND DECLARED

NEW YORK, July 26 (AP)—The regular quarterly dividend of $1.75 a share on preferred stock of the United States Steel corporation was declared by the board of directors today. The common stock was removed from a dividend basis three months ago.

ROBBERY REPORTED

AUSTIN, July 26 (AP)—R. A. McComb of San Angelo reported to Travis county officers today that he had been robbed by two men of $97, a suit of clothes and a hat in a holdup on the highway near Austin.

Crazed Dallas Negro Runs Amuck Today

ONE MAN SHOT TO DEATH IN WILD ORGY

OTHERS HAVE NARROW ESCAPE FROM FIRE; POSSE FORMED

(By The Associated Press)

DALLAS, July 25.—A crazed negro ran amuck in southeast Dallas today, shooting one man to death and firing at several others he passed in flight to nearby creek bottoms. He was armed with a shotgun. The shooting opened with an unsuccessful attempt to kill his brother.

J. N. Alcorn, 63, a white man, was killed by a charge from the negro's shotgun as he drove a wagon loaded with cottonseed hulls down the street where the shooting took place.

Fires At Another

The negro, Johnnie Harris, 30, shot Alcorn after he had failed in attempt to kill his brother, Will Harris, operator of a grocery store. After shooting Alcorn, the negro fired at another white man but missed. As he ran toward the creek bottoms he fired several more times.

Deputy Sheriff Bob Alcorn, a nephew of the slain man, joined other officers in pursuit of the negro. A posse of about 200 officers and residents of the neighborhood where the shooting occurred joined in the chase.

Will Harris told police that his brother, who had lived on a farm at Oakwood all of his life, walked into the back of his store carrying a shotgun and said: "I'm going to kill you."

The storekeeper ducked behind a counter as his brother raised the gun and fired. The charge went through the front of the building. Johnnie Harris then ran out of the store and his brother called police. He was at the telephone when the shot which killed Alcorn was fired.

GERMAN FLIER RESUMES HOP

CAPTAIN GRONAU OFF FOR MONTREAL ON CHICAGO FLIGHT

(By The Associated Press)

CARTWRIGHT, Labrador, July 26—Capt. Wolfgang Von Gronau, German aviator, and the three members of his crew today took off for Montreal on their way to Chicago after completing Capt. Von Gronau's third trans-Atlantic flight to North America in as many years.

The veteran of three westward crossings by the northern route brought his flying boat down in Independence harbor at 4:45 p. m. Central Standard time yesterday after a 600-mile water hop from Ivigtut, Greenland.

The ship covered the 600 miles in easy fashion, taking eight hours and twenty minutes. The distance from here to Montreal is 1,000 miles.

Captain Von Gronau is demonstrating, as he was in his previous flights in 1930 and 1931, the feasibility of a trans-Atlantic air route from Europe to the United States by way of Iceland, Greenland and Labrador.

Hungry Hitch-Hiker Found On Highway

A famished hitch-hiker, so weak he could not walk, was found by highway department employes about a quarter of a mile west of Wolfforth this morning, the sheriff's department reported.

The unidentified man was lying in the roadway when a grading machine approached him. He was taken to a filling station at Wolfforth, where he was given food and drink. A bystander reported the hitch-hiker indicated he had not had food for several days.

The filling station operator agreed on the hitch-hiker's suggestion that the latter could work there for food and lodging. The famished man, about 25 years old, had a heavy growth of beard.

Mellon Denies He Will Resign Post

NEW YORK, July 26, (AP)—Andrew W. Mellon, returning today on the liner Majestic, denied reports that he intended to resign as ambassador to Great Britain.

"That's news to me—midsummer news," said Mr. Mellon.

The ambassador declined to discuss the reason for his trip home, saying only: "There was a lull over there for the time, and I took advantage of it."

DUESENBERG DIES

JOHNSTOWN, Pa., July 26 (AP)—Fred Duesenberg, 55, Indianapolis automobile manufacturer, died today of pneumonia which developed from injuries he suffered in an automobile accident July 2.

FERGUSON LEAD MOUNTS

PRIMARY VOTE IS CAST IN OKLAHOMA

RUN-OFF ELECTION IS HELD TODAY; WALTON SEEKS COMEBACK

(By The Associated Press)

OKLAHOMA CITY, July 26.—Run-off primary contests in Oklahoma's 1932 political derby were settled in the voting booths today. The winning candidates will make up the party tickets for congressional, state and county offices in the November election.

Personalities focused interest on two races, with J. C. (Jack) Walton, deposed governor, and Will Rogers, a country school teacher whose household name carried him to fame in the first primary three weeks ago, as two of the contenders.

Attempts Comeback

Walton, attempting a political comeback for the fourth time since he was removed as governor in 1923, is opposing A. S. J. Shaw, former state auditor and treasurer, for Democratic nomination to the corporation commission.

Rogers, whose vote in the first primary was not even counted by unofficial tabulators until someone discovered he had an amazing total, is pitted against Mrs. Mabel Bassett, state commissioner of charities, for Democratic nomination for congressman-at-large.

Elmer Thomas, Oklahoma's senior United States senator, is opposed by Gomer Smith, Oklahoma City lawyer, in his bid for Democratic renomination.

Wirt Franklin, Ardmore oil man and leader of the oil tariff campaign, and James A. (Big Jim) Harris, Republican leader of a few years ago, are rivals for the Republican senatorial nomination.

HUNTER DECLINES TO TAKE SIDES

WICHITA FALLS, July 26 (AP)—Replying to a telegram from Gov. Ross Sterling congratulating him on his race and inviting his support in the second primary, Tom Hunter of Wichita Falls replied late Monday that for the present he "would take no action." His message to Sterling follows:

"I appreciate your telegram. Until my tired mind may relax I will take no action. Whatever I do, if anything, will be in the interest of the great plain people. I made a statement to the press which is all I care to say at this time. My supporters were independent thinkers."

Roosevelt's Plans Are Told By Farley

WASHINGTON, July 26 (AP)—James A. Farley, new chairman of the Democratic national committee, today presented the Roosevelt campaign plans to congressional Democratic leaders.

The chairman also at a lengthy conference on Capitol hill listened to the suggestions of the party leaders here.

CHILD FOUND SAFE

MADISON, Conn., July 26 (AP)—Robert Driscoll, 8-year-old son of a Middletown, Ohio, paper manufacturer, who disappeared in the dense woodland here, was found unharmed today after an all night search by 500 volunteers.

Duggan Takes Lead Over G. E. Lockhart

Revised figures from Cottle county shortly before noon today cut down G. E. Lockhart's vote in the 30th district senatorial race to below that of Arthur P. Duggan, Littlefield, giving the former W. T. C. C. leader a majority of 144. Duggan leads with 9,449 to Lockhart's 9,305.

Figures are complete for 20 counties, with two incomplete and two unreported. It is said that one of the incomplete counties will not be complete until Saturday when the official count is made.

Motley county reports two small boxes out, the reported vote representing 90 per cent of the total. In Lamb county no figures are available for a final count as yet.

Thomas Is Third

Other candidates besides the leaders are: Clyde Thomas, Big Spring, 7,564; Jess Levens, Lubbock, 6,863; James Goodman, Lubbock, 5,560.

Returns are as follows:

DAMAGE SUITS IN CLEVELAND CLINIC DISASTER IN WHICH 125 LIVES LOST SETTLED TODAY FOR $167,000 TOTAL

(By The Associated Press)

CLEVELAND, July 26.—Damage suits in the Cleveland clinic disaster—one of the worst in this country's peace-time history—were settled today for $167,000.

The clinic, operated by the famous Dr. George W. Crile, was struck by fire May 15, 1929, and within the space of hardly more than an hour, 125 persons were stricken fatally by deadly poisonous gases or by burns. Many died at once but others lingered several weeks before they succumbed.

Gas Caused Deaths

Most of the deaths were caused by the poisonous gas generated by the burning of X-ray films in the clinic laboratory. It was a particularly insidious kind of gas because many of the victims, who in following weeks thought they had recovered, suddenly were struck with the realization that they were dying.

As the information spread among other "recovered" victims that possible death still lurked in their lungs, suffering was increased by terror.

In addition to the loss the clinic sustained from the fire itself and from the interruption of business while it moved to a new building, it was made defendant in more than $1,500,000 in damage suits filed by victims who survived and by relatives of those who died.

For the clinic, with only $30,000 in liability insurance, to pay the full amount of the claims was impossible. It therefore negotiated with the claimants for many months until the amount was scaled down within the limit of ability to pay.

Sixty-nine victims or their heirs will participate in the $167,000 settlement, which was approved in common pleas court late yesterday. The payments will range from $750 to $9,000.

When Bill Starts, He Goes Places

DES MOINES, Ia., July 26 (AP)—When Bill Roberts starts out he goes places. A tire was missing from his car Monday, but he kept on going.

Then the rim fell off, but he continued on his way.

When the wheel broke off he attempted to drive the machine on the hub.

By this time the police concluded there was something wrong. So they arrested him. The charge was operating an automobile while intoxicated and without a permit.

Prospect Of Negro Vote Fight Fades

HOUSTON, July 26 (AP)—The prospect for attempted court action against election officials who denied negroes the right to vote in Saturday's Democratic primary apparently had vanished today.

Through their spokesmen a number of negroes had appealed to the United States commissioner for arrest of the election judges in question.

The commissioner referred them to U. S. Attorney Henry Holden. Mr. Holden revealed today a negro delegation had appeared before him and had discussed the situation. They sought no action against the officials, however, he added.

German Ship Sinks Today; Forty Saved

KIEL, Germany, July 26. (AP)—The German naval training ship Niobe sank today in a hurricane off Fehmarn Belt lightship. Forty were saved. Other naval craft went to the rescue.

Fehmarn Belt is a shoal off Fehmarn island which lies in the Baltic not far off the coast of Holstein.

PERHAPS GARBO FRIGHTENED BY CITY

NEW YORK, July 26 (AP)—Perhaps the big town frightened her, perhaps she feared the attentions of her public. Anyway—

Greta Garbo is in hiding.

Not since she arrived yesterday from Hollywood and immediately fled into seclusion has even the most zealous film fan been able to catch a glimpse of the talkie heroine.

Dark glasses hid her eyes and the collar of a long tan coat screened her face as she streaked in a taxicab from the railroad station to a Bronxville hotel. She wasn't seen again.

A delegation of railroad officials waited in Grand Central in vain to greet her for she got off the train at an uptown station.

She is expected to sail Saturday for her home in Sweden, perhaps to abandon film work for good. But she may change her mind.

POSITIONS OF CANDIDATES UNCHANGED

SCATTERING RETURNS PUT "MA" 83,772 VOTES IN FRONT

(By The Associated Press)

DALLAS, July 26—Mrs. Miriam A. (Ma) Ferguson's lead over R. S. Sterling, the incumbent, in the gubernatorial race, continued to mount today as a tabulation furnished by the Texas Election bureau at 11 o'clock showed her 83,772 votes ahead in 242 out of 254 counties, of which 79 were complete.

The totals at that hour were Ferguson 326,435, Sterling 242,663, Hunter 172,952 and all others, 32,395. A total of 774,445 votes had been cast for the various gubernatorial candidates.

Positions Unchanged

The relative positions of other candidates in major state races remained unchanged.

The vote on proposed submission of the question of repeal or retention of the Eighteenth amendment was 285,867 for submission and 110,975 against. A total of 396,842 votes had been tabulated on this issue.

Other returns were reported as follows:

Superintendent of instruction: Shaver 329,275; Woods 308,097.

Railroad commissioner (six years): Satterwhite 166,502, Tennant 118,166, Terrell 271,978.

Railroad commissioner (four years): Culberson 125,289, Hatcher 174,460, Thompson 179,947.

Supreme court: Hickman 194,292, Pierson 236,684, Speer 135,762.

Congress Place 1: Parrish 65,871, Terrell 89,558, Williams 56,607.

Congress, Place 2—Bailey 131,471, Davis 78,652.

Congress, Place 3—Burkett 61,027, Hyer 45,467, McGregor 63,997, Strong 104,744.

MARTIAL LAW IN GERMANY ENDED

BERLIN, July 26 (AP)—Chancellor Franz Von Papen securely installed as federal commissioner for Prussia, today ended the state of martial law established in Berlin and the province of Brandenburg six days ago.

Franz Bracht, former mayor of Essen, remains as the chancellor's deputy, however, with the authority of a dictator. The Prussian coalition ministry has been ousted and most observers agreed that the reichstag election next Sunday is not likely to put them back in office.

In an emergency decree, President Von Hindenburg ended martial law at noon.

Banks Are Asking About New Currency

WASHINGTON, July 26 (AP)—A stream of inquiries from national banks concerning the possibility of their issuing currency with government bonds as security as permitted under the Glass-Borah amendment to the home loan bill continued today to flow into the office of the comptroller of the currency.

The act permits national banks to issue the currency by depositing with the treasurer of the United States government bonds bearing not more than 3 3-8 per cent interest and paying a charge of one half per cent a year, together with the expense of turning out the money.

Note Of Optimism Sounded By Shrine

SAN FRANCISCO, July 26. (AP)—Red-fezzed Shrinedom of North America today hailed the opening of imperial council sessions with an announced keynote of "national optimism."

Bands, drum corps and drill teams, dressed in gala colors, marched the streets, invaded hotel lobbies and tied up traffic in impromptu celebrations. Plain citizens jammed the streets and cheered the Shrine's "Crusade for Prosperity."

REDUCED LEVY MADE PUBLIC BY BOARD

69 CENTS IS SET AS RATE FOR 1932 ON $100 VALUATIONS

(By The Associated Press)

AUSTIN, July 26.—The state automatic tax board announced today it had set the state tax rate at 69 cents per $100 valuation for 1932.

That is a decrease of five cents under the tax collected on 1931 valuations.

The tax rate for school purposes was set at the constitutional maximum of 35 cents; for confederate pensions at seven cents and for general revenue purposes at 27 cents. The tax rate last year was 74 cents.

A decrease of $261,000,000 in property valuations was estimated by the tax board. Valuations on which the tax was levied last year totalled $4,181,000,000 while for this year the estimated valuation totalled $3,920,247,156. The school tax and the tax for confederate pensions was figured on this valuation while the general revenue tax was figured on valuations of $3,572,615,376 because of the tax remissions granted various counties by the legislature.

The total valuations exempted from the general revenue tax because of tax remissions was listed at $347,631,800.

The legislature last summer enacted a statute fixing the maximum tax rate for state purposes at 69 cents per $100 valuation. Normally the automatic tax board figures up the amount that will be needed and fixes the rate to meet the anticipated demands, within the constitutional limit of 77 cents.

It was estimated by the tax board by the school fund would require $34,563,637, this figure including a scholastic apportionment of $17.50 per student. School fund receipts from sources other than ad valorem taxes were estimated at $16,468,417 leaving the amount to be raised by the tax levy at $21,714,264.

It was estimated the 35 cent tax would yield revenues of $13,720,900.

May Cut Apportionment

It was believed likely, however, the per capita apportionment would be set at $16. In calculating the needs of the school fund the board figured in $690,229 set aside for the purchase of textbooks during the present fiscal year although that amount may not be needed, tax board officials said they had been advised.

The per capita apportionment of $17.50 would require $27,405,000 based on an enrollment of 1,566,000 students. The allotment for textbooks for the next fiscal year was set at $1,643,000 while the obligations of the school fund on August 31, 1932, were estimated at $5,515,637.

The 27 cent tax rate for general fund purposes was estimated to yield $9,646,061. Appropriations made by the 42nd legislature, plus $509,000 estimated as needed to defray the expenses of the 43rd legislature and $3,914,734 listed as obligations of the general revenue fund that would be outstanding Aug. 31, 1932, brought the total needed for this fund to $27,418,676.

VETERANS DELAY LEAVING CAPITAL

WASHINGTON, July 26 (AP)—Whether some of their shelters would fall about their heads depended today on the ability of bonus seekers to agree with the treasury as to when they will get out of government buildings.

One group of veterans had a plan ready for the treasury, which indicated it would order the already half-wrecked buildings torn down whether their occupants evacuated or not.

Police were ready, too, for a possible demonstration when nine men arrested yesterday in a general melee after an attempt to picket the White House were arraigned in police court. Exhorters of the radical wing in soap box speeches last night urged the demonstration as a protest against the arrests.

Byrd Delays Trip For Vets Campaign

NEW YORK, July 26. (AP)—Re[illegible] Admiral Richard Evelyn Byrd asserted today the campaign against heavy government payments to non-disabled veterans was like a war and said he would postpone his next Antarctic expedition until some action in that campaign has been obtained.

Presbyterian Girls Report On Summer Conferences; Church Auxiliaries Meet

Some New Members Are Received As Missionary Societies Meet Monday

Reports from summer conferences of Presbyterians were among the unusual happenings at church women's society meetings Monday afternoon. An encampment at Ceta Canyon and the Kerrville summer assembly were discussed by young women and girls who attended these conferences.

Other church societies had routine programs in circles or general sessions.

Mrs. R. T. Campbell presided for a business session attended by the First Methodist W. M. S. at the church chapel. Reports were given by officers and circle leaders.

Mrs. Eugene Payne led a devotional period and the dismissal prayer was said by Mrs. A. W. Evans.

Women in the Church of the Nazarene missionary society quilted a quilt which will be sent to the church Mexican home in Juarez, Mexico, at a meeting at the church Monday afternoon.

Miss Blanche Garner led a devotional lesson. There were 9 in attendance.

Women of the First Presbyterian auxiliary met at the church. Reports of two conferences for young people which have been held this summer were heard and Mrs. N. L. Peters conducted a devotional lesson.

Ruth Lewis and Lois Adair told of the conference at Kerrville and Betty Alice Gordon, Jean Ory Eaton and Annette Wulfman reported on the conference conducted recently at Ceta Canyon. Miss Virginia McLean directed the program.

Members of Circle 4 were hostesses during a social hour which followed.

Officer Is Speaker

Mrs. J. Frank Potts, officer in the Northwest Texas Methodist conference, talked on Scarritt college, Nashville, Tenn., at a meeting of the First Methodist Mary Helm auxiliary at the church. Circle 6 met with the general society.

Mrs. Pascal Peek, president presided for a business session. There was a good attendance.

Mrs. J. E. Alexander, 706 Avenue W, was hostess to Circle 9 of the First Baptist W. M. S. at her home Monday afternoon. Mrs. W. A. Stahl presided for a business hour and Mrs. William Lowrimore taught a Bible study lesson. Eleven women were present. This unit will meet next with Mrs. W. H. Porter.

Six women attended a meeting of Circle 5 in the First Baptist W. M. S. with Mrs. J. B. Jackson, 2024 9th street, for Bible study. They will meet next with Mrs. I. S. Doak.

Mrs. R. S. Mays conducted a devotional lesson when members of Circle 3 in the First Christian Aid society met at the home of Mrs. Fred Childress, 2216 15th street.

Those present were Mesdames J. H. Ashmore, S. B. Haynes, M. E. Heard, S. S. McKay, H. W. Moore, Paul Morgan, E. L. Williams, Mays, G. W. Sears, A. O. Thomas, O. A. Terry, Waldo Trotter, G. O. Walker, jr., and Mary Conner of Coleman. A social hour followed the study.

Members of Circle 2 of the First Baptist W. M. S. met with Mrs. G. E. Knight, 1913 Avenue O, for a Bible study lesson taught by Mrs. J. R. Weiss. Mrs. Mary McComb led the devotional lesson and Mrs. J. E. Hamilton gave a reading. The circle will meet next with Mrs. J. W. Grady, 1711 27th street.

Mrs. E. G. Sewell, chairman, presided at a gathering of Circle 8 of the First Baptist W. M. S. with Mrs. Roy McCravey, 1637 8th street. Mrs. L. J. Akers taught a Bible study lesson and there were 7 present. Mrs. Q. S. Howard, 808 Avenue S, will be hostess at the next meeting.

Meet In Hankins Home

Mrs. J. H. Hankins, 2403 Broadway, was hostess to members of Circle 7 in the First Baptist W. M. S. at her home. Mrs. D. J. Wilhelm conducted a devotional lesson. There were six women present.

The South Side Baptist W. M. S. met at the church Monday afternoon. Mrs. C. A. Lovett taught a Bible lesson and Mrs. J. D. Welch had charge of the devotional period. Mrs. Harvey Downing presided for a business session. There were 9 members and 2 visitors present.

Circles 1 and 2 of the Cumberland Presbyterian Women's Missionary society met in separate gatherings at the church Monday afternoon.

Garner Able To Explain Relief

UVALDE, July 26 (P) — Speaker John N. Garner is both able and willing to explain farm relief to A. J. Livingston of Spencer, Iowa, whom Vice-President Curtis considered "too damned dumb" to understand the subject.

Mrs. Garner, who acts as secretary to the Democratic vice-presidential nominee, so notified Livingston in a letter written yesterday. She answered for the speaker, she said, because he was resting out in the woods.

Arrangements for Garner to speak at Spencer depend, however, on the wishes of Governor Franklin D. Roosevelt and the national campaign committee. Mrs. Garner said the speaker would let them make out his schedule.

Meet The Doctor!

Completing 19 years of elementary, high school and university work in 12 years, Miss Frances Guthrie Emberson, of Columbia, Mo., has topped off her wonderful record by winning her degree of Doctor of Philosophy, at the University of Missouri, though she is but 19 years old. This degree is the highest obtainable. Miss Emberson was a Bachelor of Music at the age of 13.

There were 8 women present. Mrs. G. W. Scott taught a Bible lesson.

Offices Are Closed For Clark Services

Offices in the Lubbock county courthouse were closed Monday afternoon while funeral services for Mrs. W. S. Clark, 63, a native of Georgia and a resident of Lubbock the last 44 years, were conducted at Broadway Church of Christ. Elder Liff Sanders officiated, and was assisted by Elder John T. Smith. Burial in Lubbock cemetery was directed by Sanders Funeral home.

Mrs. Clark, who died about midnight Saturday at the home at 2408 Fifteenth street, was the wife of Justice of the Peace, "Uncle Billy" Clark. She also is survived by three sons, three daughters, three brothers, and a sister.

Two Youths Charged With Burglary Here

Jack Jamison, 19, and Paul Roadenizer, 18, who confessed to County Attorney Vaughn E. Wilson that they burglarized three railroad boxcars at Slaton July 20, were charged with burglary Monday afternoon. Two knives, a coat, and 13 pennies were included in the loot. L. M. Ares, Santa Fe special officer, arrested the pair. Jamison said his home was in Spokane, Washington. Justice of the Peace J. S. Connell set bond of each at $1,000.

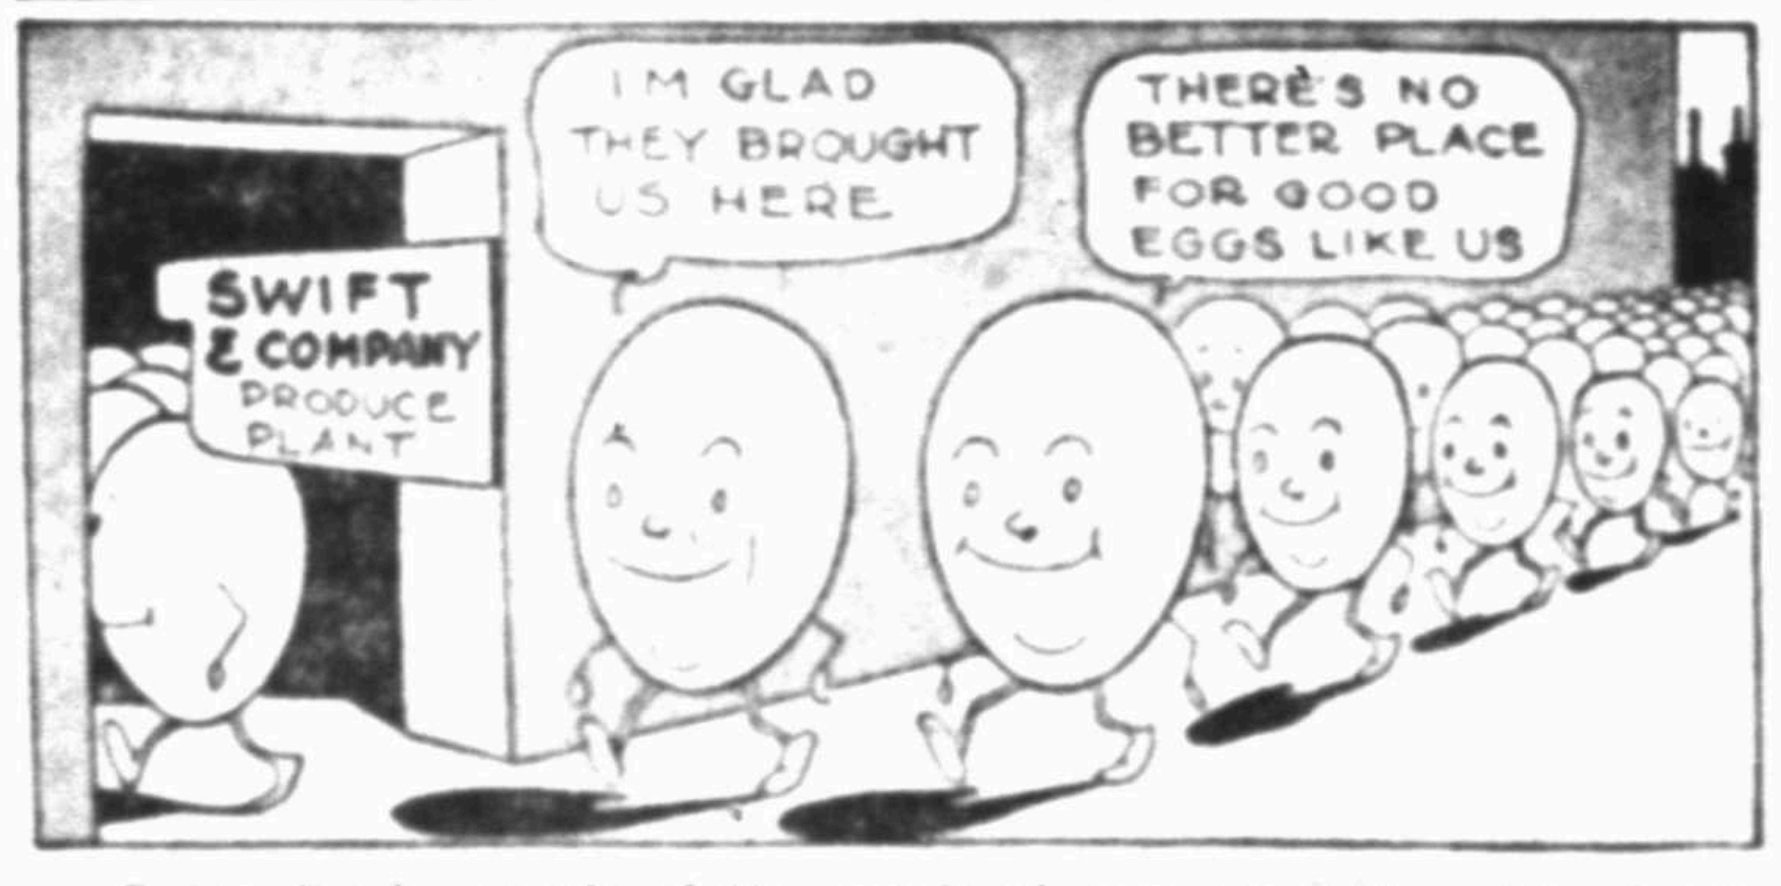
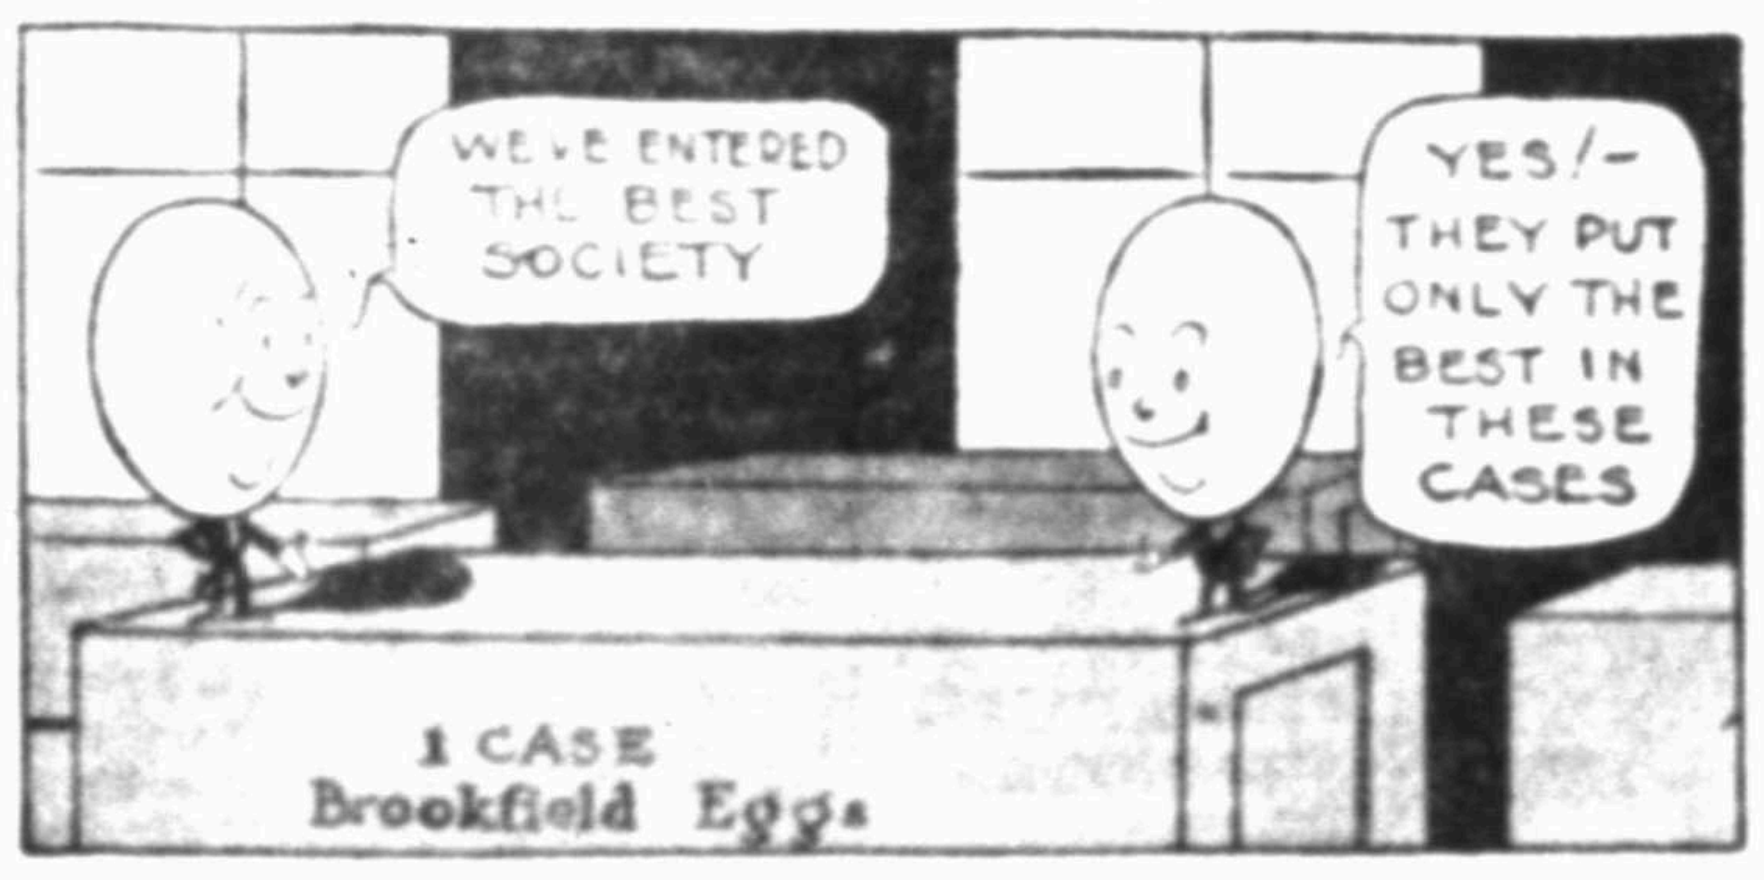
WHERE GOOD EGGS GET WHAT THEY DESERVE



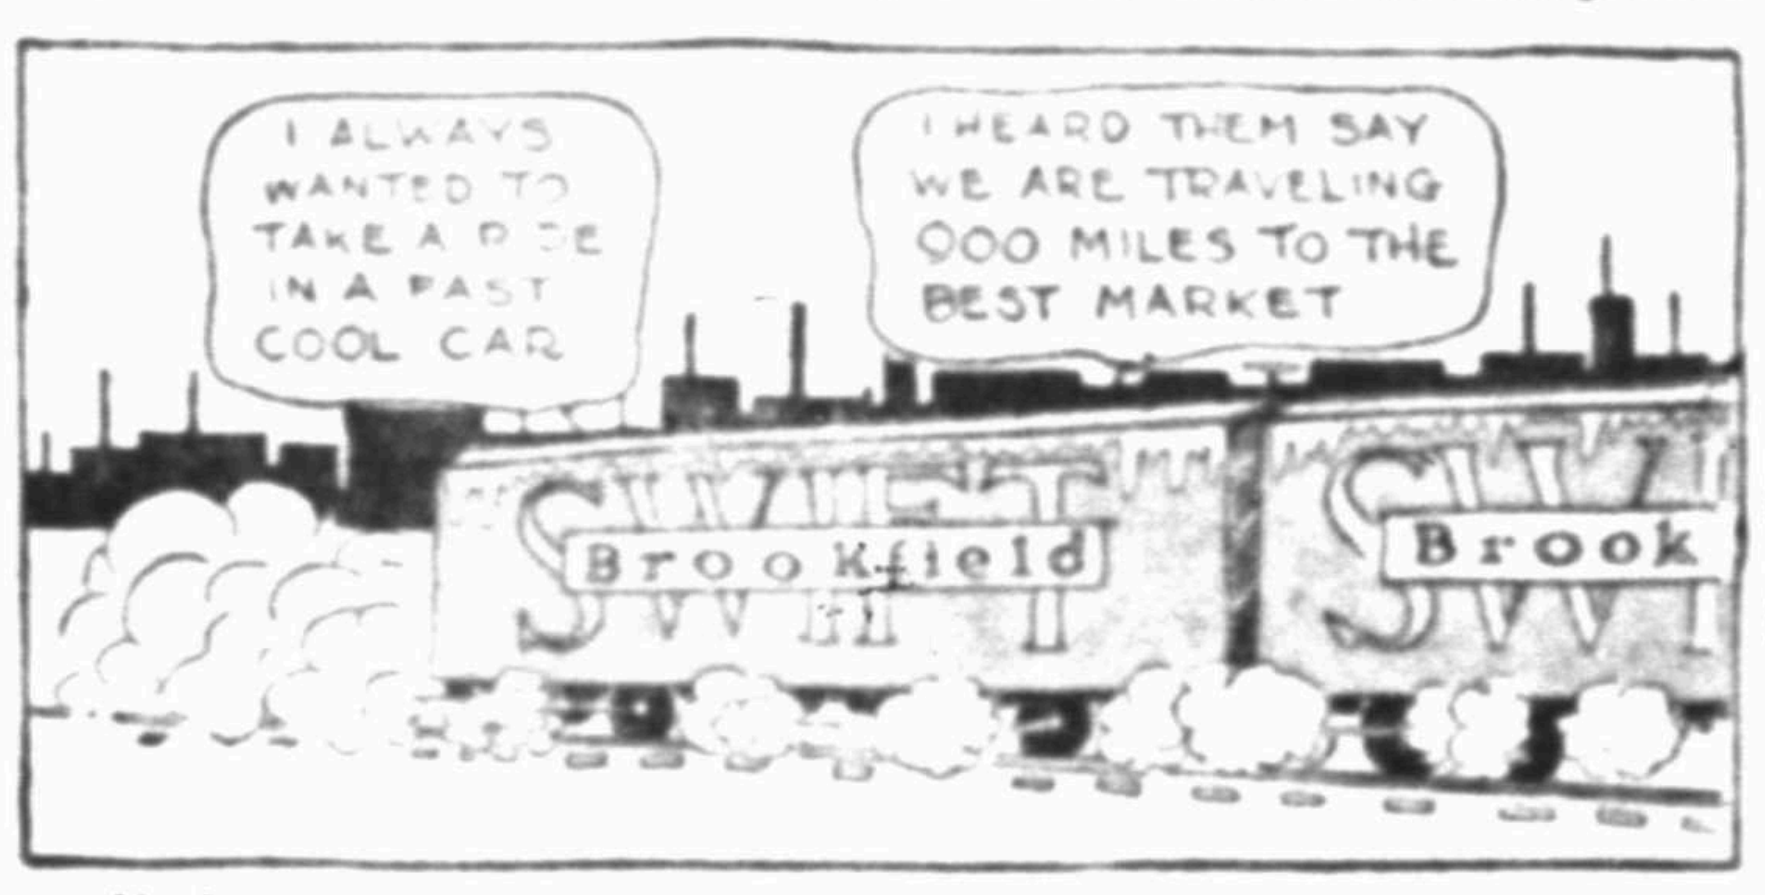
SWIFT & COMPANY PRODUCE PLANT
I'M GLAD THEY BROUGHT US HERE
THERE'S NO BETTER PLACE FOR GOOD EGGS LIKE US

Every day hundreds of thousands of eggs are delivered by farm patrons to more than 100 Swift & Company produce plants over the United States. Producers are paid cash for all they offer.



WE'VE ENTERED THE BEST SOCIETY
YES!—THEY PUT ONLY THE BEST IN THESE CASES
1 CASE Brookfield Eggs

In these plants all eggs are carefully graded and packed in cases. Only the best, in size and quality, are destined eventually to go into cartons and be sold under the Brookfield label. Others, perhaps not so large or so even in color, are sorted to get the highest price for their grades.



I ALWAYS WANTED TO TAKE A RIDE IN A FAST COOL CAR
I HEARD THEM SAY WE ARE TRAVELING 900 MILES TO THE BEST MARKET
SWIFT Brookfield
Brook

Under refrigeration and in carload lots Swift & Company ships the eggs to more than 400 branch houses, each the distributing center for a great population. Every retailer customer of every branch house is a possible customer for any eggs that arrive at a produce plant.

IT LOOKS LIKE WE ARE THROUGH! —IT'S A SHORT LIFE AND A MERRY ONE
ANYHOW WE MADE THE BEST OF OURSELVES
Swift's Premium Quality

In these branch houses the best eggs are packed in cartons with the Brookfield label. Thousands of salesmen daily make their rounds, selling eggs, poultry and butter as they sell meat. That means economy in sales cost. Deliveries are so frequent the eggs reach the consumer in perfect condition just as they were when Swift & Company selected them.

With Swift & Company as a guide, every egg has the chance to make the most of itself. Demand is dug up by the sales force and fostered by product advertising. Costs of service are as low as long experience and great volume can make them. Profits are low — over a period of years our profits from all sources have averaged only a fraction of a cent per pound.

REFUND WOULD AID LUBBOCK

STERLING PLAN WILL GIVE COUNTY OVER HALF MILLION

If Governor Ross Sterling's plan to divert one cent of the gasoline tax is executed, Lubbock county will receive more than half a million dollars from the state in refunding of road bonds, it is estimated at Austin.

Under the Sterling plan, more than $77,000,000 in bonds would be retired. The first year $7,000,000 would be paid back to counties, with a gradually decreasing amount each year until all are paid off.

Would Have Enough Funds

The highway department would have enough money to go on to meet and match $5,000,000 in federal aid and also to continue the necessary road building program.

Lubbock county's probable refund under the announced schedule would be $533,354. Hale county would receive $623,590 while Motley county would receive $177,396. These amounts have been paid by these counties into the state highway building funds.

Other West Texas counties to benefit from the governor's plan and the amount paid in include: Carson, $783,208; Childress, $248,092; Cottle, $351,566; Hall, $443,160; Hemphill, $227,113; Hutchinson $14-221; Howard, $157,592; Jones, $942-446; Kent, $198,844; Nolan, $385,322; Potter $504,694; Randall, $340,502.

NELSON WINNER OVER TOM PRICE

The next district attorney of the 106th district will be G. H. Nelson, youthful county attorney of Lynn county, complete unofficial returns indicated Monday.

Nelson's total vote was 5051 or 1,158 more than that of Tom L. Price, Post, serving his third term in that post.

Returns show Nelson carried every county. The totals were:

County—	Price	Nelson
Dawson	[illegible]	1260
Gaines	[illegible]	405
Garza	[illegible]	642
Lynn	[illegible]	1569

INTERESTING BITS OF NEWS GROUND FROM THE GRIST OF THE DAY'S HAPPENINGS

(By The Associated Press)

Crop Wonderful

COLBY, Kas.—Marion Talley, farmerette, says the wheat crop is "wonderful" but the wheat price "disgusting." Miss Talley, who really is Mrs. Michael Baucheisen, besides farming, is also quite a singer.

Welcome, Horses

NEW ORLEANS—The gasoline stations have hung out the "welcome" sign to the old grey mare and her brothers and sisters. Horse drivers are invited to drive in and let their thirsty animals fill up. It is a gesture of hospitality. Besides, horses don't live forever and their owners may be buying automobiles some day.

Likes The Movies

LOS ANGELES—Sir Harold Bowden, chairman of the English Olympics committee, has a good word to say for Hollywood movies. They are so popular with Britishers, he said, that they have substantially reduced the consumption of liquor.

Needy On Wheels

BONNER SPRINGS, Kas.—Jason Penrod is a regular guy. He figured his 900-bushel potato crop wouldn't bring enough money to pay for harvesting it, so he ploughed out the crop and invited the needy to come and get them. They came—the needy—in "swell" [illegible] motorcars.

Has Odd Job

NEW YORK—Miss Emilia Steinacher has an odd job. She specializes in canaries' diseases. She says they have gout just like elderly gentlemen. And it is surprising how susceptible the birds are to pneumonia.

Connell Appointed Justice Of Peace

J. S. Connell, for more than 20 years an office holder in Fisher county, who was named a nominee for justice of the peace in precinct 1, place 1, Saturday, was appointed to fill the unexpired term of H. K. Porter by commissioners court Monday. Porter resigned.

The new peace justice opened an office in the northeast corner of the courthouse first floor and received first cases yesterday.

Women are sometimes hired to weep or even faint at funerals in South American cities as a compliment to the importance of the deceased.

BAXTER HONEY IS DEPUTY SHERIFF

Sheriff Wade Hardy Monday named Baxter Honey, former Lubbock city policeman, who polled 779 votes in Saturday's election for third place in the sheriff's race, as a deputy sheriff.

The department has been "shorthanded for some time," it was said at the sheriff's office. Mr. Hardy and Chief Deputy Will Earnest left Monday for Bakersfield, Calif., to return Herman (Bub) Robinson, a negro, to Lubbock county for trial on a murder charge. Had an additional deputy not been named Deputy Sheriff Joe Rieger would have been only member of the department here.

GOING TO HOSPITAL

CROSBYTON, July 26 (Special)—Oscar Moyer, war veteran, is going to the U. S. Veterans hospital at Dallas for treatment. He may have to undergo an operation.

TWO BROTHERS ARE JAILED

YOUTHS ARRESTED IN CONNECTION WITH BANK ROBBERY

LEESVILLE, La., July 26 (AP)—Two brothers, 23, and 21, of Henderson, Tex., were arrested here late Monday in connection with the robbery of the First Natonal bank of Newton, Tex., shortly after noon.

All but $297 of $2,000 reported stolen from the bank was recovered from the two youths who were unarmed when arrested. Forced to abandon their car when hard pressed by officers, they took to the woods afoot and later obtained a ride to Leesville.

The elder Leach was arrested in the attic of the home of Tom Bullard, clerk of court, where he fled after officers had cornered him in a hotel here. The younger of the two suspects was found hiding in the Sunday school annex of the Baptist church.

Neither of the suspects had anything to say about the charges against them. They neither admitted nor denied participating in the robbery. They were returned to Newton.

Two youthful bandits entered the Newton bank at noon Monday and gathered up all cash in the cages after locking J. Roy Lawson, vice president and cashier, in the vault. Lawson was the only person on duty at the bank at the time of the robbery.

PRIMARY RETURNS TO BE CANVASSED

Returns of Saturday's primary election will be canvassed by the Lubbock county Democratic executive committee, beginning at 10 o'clock Saturday morning, at the courthouse.

Complete unofficial returns were of more than 6,600 votes in the county's 32 precincts. Nine run-offs are scheduled for the August primary balloting.

TO HONOR JOHNSTON

A dance to honor H. L. (Bud) Johnston, former Lubbock county sheriff, and now a state ranger, is planned by Jim Johnston at the Johnston ranch tonight.

Wales' Wager

The sum of 25 pounds (about $90) hangs in the balance, pending the fate of the straw hat which the Prince of Wales, heir to the British throne, is shown wearing here. Wales made a bet with his sister, Princess Mary, that he could not popularize the hat by just wearing it. But his royal sister insists that he can. The winner is to donate the amount of the wager to charity.

FEWER ENROLLED AT SHORT COURSE

COLLEGE STATION, July 26 (AP)—Opening day registration at the twenty-third annual Texas A. & M. college farm short course Monday was 2,571. This figure was slightly under that of last year.

Sectional programs occupied most of Monday. Men attended classes in livestock, farm crops, farm engineering, poultry, truck and orchard. Women were interested mainly in lectures dealing with household problems.

Four-H club boys and girls heard lectures dealing with club work. Today club boys started contests in terracing and judging of beef cattle, sheep, poultry, dairy cattle crops and swine. The contests will continue through the week.

John T. Egan of Austin, senior agriculturist of the United States department of agriculture, paid high tribute to production and quality of Texas cotton.

England makes use of about 140,000,000 stamps every week.

CHILD IS TREATED

Bertie Chapman, 8, who suffered a fractured left arm when she fell from a horse, was treated at Lubbock sanitarium Monday night. The child is a daughter of Mr. and Mrs. F. M. Chapman of Hale Center.

Oraibi, Ariz., has shown signs of habitation for more than 500 years.

RETURN FROM TRIP

After a vacation trip in New Mexico, County Judge and Mrs. E. L. Pitts and daughters, Misses Lois and Virginia, returned late Monday. They had visited Roswell, Cloudcroft, Ruidoso, Santa Fe, and other New Mexico cities.

YES, MA'AM, WE DO TRY TO BE HELPFUL

Women who patronize Conoco Service Stations are delighted with the courtesy and helpfulness of Conoco salesmen. There is nothing forward or obtrusive about their service, but it has the little touches of respect and thoroughness that make it pleasing.

Conoco men always see that your windshield is polished clean, that your tires are checked accurately and that the radiator is filled . . . without splashing. They are glad to furnish battery water, if you desire.

Women are especially pleased with the spotless, plainly marked Conoco rest-rooms which are available for them.

Women who are traveling by car find Conoco service invaluable. At any Conoco station they can learn the condition of near-by roads, receive accurate mileage and route information, obtain dependable road maps and authentic details about local hotels, camps, sports and sources of supplies. The Conoco man will check packages and arrange to handle mail and telegrams.

All of these services are free, of course; not only free, but rendered with a spirit that leaves no doubt that the Conoco man is eager to be *helpful*.

LEVELLAND-LAMESA, HALE CENTER-WOLFFORTH GAMES TODAY

SPYING ON SPORTS

BY COLLIER PARRIS

Just because the expected number of teams failed to show up doesn't mean that the first Avalanche-Journal baseball tournament is not a big one. It promises to be as big as all get-out before it is over.

* * *

Before you read any further, glance at the clock and if it isn't 4 bells or 4:30 yet, take your paper out to Merrill Park and read it while Levelland and Lamesa get their infield practice for the game that is to follow immediately. You should have been out to see the Hale Center-Wolfforth game. Lamesa and Levelland have gathered together some of the best players on the Plains to represent their respective towns, and they should put on a good show.

* * *

There may not be but half a dozen teams, but look down the list and you'll find the best players of almost twice that number of towns who have been "recruited" to play in the tournament. That's why tournament games are more interesting than ordinary games. You can have any player you want—if you can get him before some other club—and you have more than one chance to win. In ordinary matched games, the participating teams are playing for one victory and a part of the gate receipts. In a tournament each team is fighting for every victory—hustling to keep from being eliminated—for the championship and for the prize money, which amounts to considerably more than the gate receipts.

* * *

Those games yesterday were the best we've seen all season. Both clubs in each contest were stretching every effort, fighting hard for base hits and putouts, taking long chances and muffing an unusually light number of them. As the tournament proceeds, they'll be fighting harder. Some big league stuff will be pulled before it's all over. It's already been pulled.

* * *

Nudie Moore pitched a fine game for Littlefield yesterday. Hale Center got ten hits off him, but they were scattered over the nine-inning route. That Littlefield clan is going to be a tough number in this tournament. They play again Wednesday, and old Nudie ought to be able to pitch again. But Littlefield has another pitcher, one Weaver who tossed a one-hit game for Lubbock not long ago.

* * *

The biggest part of the now defunct Akron club of the Central league was on hand yesterday. Red Gaither showed up in time to play for Chase's Texas Utilities team. Ed Hambright and Evo Marshall were already here. Hambright did some nice work around second base yesterday, playing the position for the first time this season. Red and Marshall showed signs of being out of practice, though Evo got a couple of bingles. Jim Ballard, who went north with the local boys, was with Hale Center, and Dick Ratliff was catching again for Littlefield. Now this Ratliff is somewhat of a somewhat when it comes to catching. Somebody made the mistake of trying to steal second—it was Hale Center's fastest man, they said—but Ratliff's peg was straight and true. He looks and acts like a big leaguer.

* * *

Wolfforth brought a good ball club to town yesterday, per advance warnings, and fought a tough battle against the Texas Utilities team. The latter team, by the way, is made up of the 1931 Hubber team, which swept across the Plains like a hurricane across a Kansas wheatfield, and it is likely to go far in the tournament if the pitching holds out. Greer Dickey pitched a good game yesterday. Herring and Hoyle pitched nice baseball for Wolfforth, too. But the star of that game was little Blackie Hilliard, who played for Lubbock some last year. Hilliard made a couple of plays that any big leaguer might have been proud to accomplish. Once he leaped high into the air to glove Hambright's whistling drive that would have gone to the boards, and again he stopped one of Gaither's hard ones that was plain base-hit robbery. He didn't let any of them get by, running back to catch them, hopping up and down and from side to side. If he keeps that up he's sure of all-star recognition.

* * *

Blue Eyes Graham will be in action this afternoon when Levelland and Lamesa tangle in their first round contest. Local baseball fans need no further introduction to Graham. The White boys, Bailey (Boots), T. and L., are with Lamesa this afternoon. Breedlove, Lubbock's second baseman part of the time last year, will work in that capacity for Levelland.

BALL TOURNEY OPENS HERE ON MONDAY

TEXAS UTILITIES TEAM AND LITTLEFIELD FIRST WINNERS

The first Lubbock Avalanche-Journal baseball tournament was off with a couple of bangs yesterday when four strong teams tangled in well-played games. Two other teams meet this afternoon at 4:30 o'clock in another first round battle, appearing for the first time in the tournament.

Littlefield and Hale Center fought for seven innings in as good a game as you'd care for, the Hale Center defense cracking in the seventh and eighth to let in seven quick runs and give the Lamb county lads a 11 to 1 victory. Hale Center, still very much in the running in spite of the defeat, met Wolfforth this afternoon in a second round game.

Utilities Team Wins

The Texas Utilities team, managed by A. D. Chase and composed largely of members of the regular Hubber club, fought valiantly to overcome a one-run lead and defeat Wolfforth, 6 to 3, in the second game of the first round.

If the entry field is small, the tournament makes up in quality what it lacks in quantity.

A glittering array of amateur, semi-pro and professional players faced a good crowd yesterday and got down to business in what promises to be one of the biggest baseball weeks in many seasons.

Familiar Forces Show Up

Yesterday's games saw the return to local lots of almost the entire delegation of baseballers who trekked hither and yon last spring to receive seasoning in professional uniforms. Dick Ratliff of Littlefield, one of the outstanding catchers of these regions, and Red Gaither of Lubbock, outfielder and slugger of modern type, returned from big league farms late last week and played at home yesterday. Jim Ballard of Hale Center, Ed Hambright and Ray Marshall of Lubbock who went north with Gaither and Ratliff last spring, were playing for their respective clubs yesterday.

TODAY'S SCHEDULE

Hale Center and Wolfforth play at 2:30 o'clock this afternoon in the first game. Both were defeated yesterday but neither are eliminated.

In the feature of today's program, Levelland and Lamesa will play their first games. Both clubs have drawn players from the leading teams of the Plains, and fireworks are expected. They play at 4:30, or as soon as the first game is over.

Tournament Manager Weldon Chapman announced yesterday that a three-game elimination process instead of the usual two-defeat elimination system would be the order of the tournament provided managers are willing.

Playing smart baseball all the way Manager Art Mueller's Littlefield clan took a four-run advantage in the third inning in the first game yesterday, added three in the seventh and four in the eighth to beat Hale Center, 11 to 1. Nudie Moore, gangly hurler who has shown great stuff on the Plains in previous years, got here in time to pitch a good game for Littlefield. He was nicked for ten bingles but kept them well scattered. A double by Ballard, a single by Scaling and a triple by Centerfielder May resulted in the one run gained by Hale Center in the ninth inning. It was Ballard's second double of the day.

Moore, Mickey Ratliff and Art Mueller filled the bases to start the third for Littlefield and a triple by Chief Hanks, veteran catcher and first baseman, brought in the tallies. A passed ball, two walks and a couple of singles brought in three runs in the seventh, and Littlefield went on a spree in the eighth to clinch the victory with a quartet of runs. Hale Center used three pitchers to stem the tide and except for the three bad innings the Hale county youth played good baseball.

Manager A. D. Chase's Texas Utilities team fought brilliantly against the hustling Wolfforth delegation composed of some of the best players on the South Plains, and broke through the tight pitching of Herring and Hoyle for a pair in the sixth and three in the seventh to add to the one gained in the fourth for a 6 to 3 victory.

Blackie Can Go!

The short stopping of Blackie Hilliard for Wolfforth featured the second encounter. Twice he made plays that would have done credit to big league baseball, leaping high for Hambright's liner in the third and choking off a blistering knock by Gaither to throw him out at first in the fourth. His playing was superb all the way except once when he made a perfect catch in an attempted double play but failed to stab second.

Big Herschel Galey did a usual good job at catching for the Lubbock team, and little Greer Dickey, recently returned after a spring of wandering, pitched 9-hit baseball, scattering them over the route, for the TUCO bunch, one of the favorites to come through for the money.

Harold Crites slashing single in the fourth brought in Evo Marshall who had singled, and a crashing three-base blow by Lefty Bettes in the sixth brought in two more. A series of hits by Dirth Waller, Gaither and Marshall, the latter a two-placer, let in three more runs. Blackie Hoyle set them down, one-two, three in the last two innings.

Wolfforth got its first run in the first frame, Hilliard scoring after singling on B. Surat's single. A three-base wallop by Ray Waller started the eighth for Wolfforth and G. Surat walked. Caveness cleared the sacks with a burning triple. Thereafter Dickey had them on his hip.

Even If Yankees Coast To Title, It Is Doubtful If They Can Hold Place

RUPPERT RIFLES NOT SAME TYPE OF CLUB AS FEW YEARS AGO

BY GAYLE TALBOT
Associated Press Sports Writer

Even if they coast on through to the American league title, it is doubtful the Yankees will stay up there longer than one term.

The Ruppert rifles are not the same type of club they were back in the halcyon days of Waite Hoyt, the "schoolboy wonder," and the old "murderers row."

No Longer Young

True, many of that famous crowd are still around and they are doing yeoman work in the Yanks current drive but they no longer make up a team that is young and full of fire and just reaching its peak.

Fellows like Ruth, Combs, Lazzeri and little Joe Sewell can not be expected to star much longer and Manager Joe McCarthy probably will have to do plenty of revamping next season.

With the Philadelphia Athletics getting no better fast, the Cleveland Indians, a young, courageous outfit that just are realizing their strength, look like the best bet at the moment, with Detroit a possibility.

Pirates Look Good

In the National league, where the Pittsburgh Pirates threaten to run away from the field, there is an entirely different situation. If George Gibson does drive his youngsters under the wire first, there is no good reason why they should not stay up there a couple more years.

One of the veterans of the Athletics' championship machine, George (Mule) Haas, came back to grasp the headlines in the only game played yesterday in either league. His home run in the last of the ninth off Lefty Gomez with only one on gave the Athletics an 8 to 7 victory over the Yankees.

ARIZONA-TEXAS BASEBALL LEAGUE IS SUSPENDED WHEN BIG DEFICIT FACED

GLOBE, Ariz., July 26 (AP)—The Arizona-Texas baseball league, which has been a sick patient some weeks, expired peacefully Monday.

President Fred A. Nathan, after a telephone conference with league directors, decided to suspend activities.

"Due to the unsatisfactory financial arrangement in the clubs," Nathan said, "the Arizona-Texas league will suspend today.

"Tucson and El Paso figured they could go on until August 1, but not after that without a big deficit. Albuquerque has not made satisfactory financial arrangements. Bisbee is the only club in a financial position to proceed.

"Bisbee offered any assistance possible but I thought that was not sufficient to carry the league in general. Under the circumstances I thought it was better to suspend at this time without a great financial loss and preserve the franchise of the league than to go on with the possibilities of greater financial losses to backers of baseball in the league.

"If economic conditions improve next year it will be easy to proceed with a reorganization as each franchise now held will be in good standing."

Secretary L. E. Saunders of El Paso told President Nathan he and President Barry Hagedon have had to make good deficits of the club because of low attendance for some time. They explained they did not feel like going on after August 1.

The Albuquerque Chamber of Commerce said reorganization for the Dons could be arranged but in view of the statement of the El Paso and Tucson officials Nathan thought best to suspend now.

Bisbee, scheduled to play in El Paso and Tucson in Albuquerque Monday, cancelled their trips. The expense involved in making these jaunts was estimated at $800. They said they had no chance of getting any part of it back.

STEERS LEAVE ON CRUCIAL ROAD TRIP

DALLAS HOLDS 5-GAME LEAD OVER SECOND PLACE BEAUMONT

BY BILL PARKER
Associated Press Sports Writer

Victorious in 11 of their 12 home games and winner in 13 of their last 14 games, the Dallas Steers left last night for Galveston on a 12-day road trip that is expected to have an important bearing on the second half pennant. Manager Morse's players have a five-game lead over Beaumont in second place.

The Steers closed their long home stay here last night by beating San Antonio, 11 to 1. Ray Morehart, shortstop, and Zeke Bonura, first baseman, led Dallas' attack with four hits each.

Schoolboy Rowe, Beaumont's young mound sensation, turned in his 13th victory of the season by beating Fort Worth, 6 to 1. Manager Dick McCabe opposed Rowe for 7 innings and it was a beautiful duel between an old master and a youthful star, but McCabe retired for a pinch hitter in the seventh and Rowe pitched on, holding his foes to 5 hits. After McCabe retired, Beaumont hopped on Howard Tyler, his successor, for 4 runs in the ninth.

Playing 11 innings to reach a decision, Tyler beat Houston, 3 to 2. Ryba seemingly won the game for Houston in the first half of the 11-inning with a home run, but Tyler came back with consecutive singles by Cunningham and Washington and Fritz's triple to win the game after two men were out.

Longview and Galveston did not play yesterday, having played a doubleheader Sunday.

Cramer To Be Out Until September 1

PHILADELPHIA, July 26 (AP)—Roger (Doc) Cramer's only chance of getting back in a regular baseball game this season is for Connie Mack's Athletics to win the American league pennant, it appeared today.

Cramer broke his left shoulder bone yesterday when he fell heavily while trying to catch a Texas leaguer from the bat of Joey Sewell, New York third baseman.

Specialists explained that the crippled "Doc," second only to Jimmy Foxx in Athletic batting averages, will be able to leave the hospital in about three days for his home in Manahawkin, N. J., but his arm will not be removed from a sling until about Sept. 1.

Several more weeks after that will be required before the injured arm will be in shape to play again and by that time the regular playing season will be nearly ended.

BY ALAN GOULD
Associated Press Sports Editor

LOS ANGELES, July 26 (AP)—In the olympic field sports calling for more activity than sheer brawn, the United States still has a decided edge, although it is a curious development that now finds Japan and the little island of Haiti contributing two of the world's foremost long-jumpers to the international athletic party.

American coaches regard the pole vault and the running high jump as "cinches" for Uncle Samuel's entries. Japan figures to capture the hop, step and jump again, with probably three star contenders. Southern California's Dick Barber alone seems to have much chance to stop either or both of the men who have exceeded 26 feet in the board jump—Sylvio Cator of Haiti and Chuhei Nambu of Japan.

To Renew Rivalry

The olympic pole vault merely a vehicle for the renewal of the California rivalry between Bill Graber of U. S. C. and Bill Miller of Stanford. Miller broke the world record once and Graber twice in the final U. S. trials before hoisting himself over the bar at 14 feet, 4 3-4 inches.

All three of the American high jumpers bettered the olympic record of 6 feet, 6 inches in the final trials. The favorite is New York's George Spitz, holder of the world indoor record of 6 feet, 8 1-2 inches.

There is not a single foreign entry of note or conspicuous prowess in either the high jump or pole vault.

The Louisiana boys, Sidney (Snakey) Bowman and Rolland Romero, youngest athlete on the American track and field team, have a good chance to score in the hop, step and jump. Bowman is an experienced competitor, capable of bettering 49 feet, but the Japanese have an edge if they are up to form.

Besides the olympic champion Mikio Oda, who has been out of competition for some time with a pulled muscle, Japan relies on Nambu and Oshihn. The third American is Sol Furth of New York, who replaced Levy Casey of Los Angeles, 1928 olympic runner-up, on the U. S. team.

UZCUDUN BEATEN BY ERNIE SCHAAF

NEW YORK, July 26 (AP)—Ernie Schaaf, the man who would like to fight his part-owner and chief second, Jack Sharkey, for the heavyweight title, had taken one short faltering step today in that direction.

By belting out a 15-round decision over Paulino Uzcudun in Madison Square Garden's big bowl last night the Boston blonde survived the first round of the Garden's heralded elimination tournament.

But it was a subject of debate with the crowd of 6,000 whether Schaaf had proved anything except possibly that he is not a worse fighter than Paulino.

JANE ADDAMS, INTERNATIONALLY KNOWN LEADER, DEFENDS MODERN MARRIED WOMAN ENGAGED IN BUSINESS ACTIVITY

By E. M. CIPRIANI
Central Press Correspondent

CHICAGO.—Because a woman is married is no reason, if she is employed, that she should give up her job. This is the opinion of Miss Jane Addams, internationally famous woman leader and co-winner of last year's Nobel peace prize.

Briefly she discussed married women in jobs along with other subjects in an exclusive interview at Hull House. The so-called Red menace in America and the depression, all as part of world-wide problems, were included. She also mentioned the recent turn-about of John D. Rockefeller, Jr., on prohibition.

"Married women should not necessarily give up their jobs simply because they are married," said Miss Addams. "They have a right to participate in the business world. Of course, if a woman knew that by surrendering her job her place would be taken by someone who was actually worthy of it, and needed it, that would be a noble thing to do."

Red Outbreaks

As to Communistic demonstrations, Miss Addams believes they are sporadic, inconsequential and are being made at a time when agitators think their efforts are likely to achieve results. Some of the demonstrations have occurred during evictions—when families are put out of homes for non-payment of rent, she pointed out. The landlord has a problem in these matters, she said, because whether or not his rent is paid he must pay taxes. However, some landlords to avoid legal fees for evictions depend upon hoodlums to eject tenants and the manner of eviction as well as the eviction itself has caused resentment.

Miss Addams favors some federal aid to alleviate present conditions. The government should reduce expenditures, she maintained, the savings realized to be applied toward economic rehabilitation. Asked if she favored a reduction in the army and navy as a start toward federal retrenchment, she replied:

"Eighty per cent of the government's revenue goes to the support of the army and navy and for pensions, and things of that sort. I think the government could naturally start to economize on that end."

Favors Swope Plan

Miss Addams declared that she favored the Swope plan of limiting production to requirements. Overproduction was one of the causes of the depression, she said. She pointed out that the head of a lumber company told her that his organization could supply all the lumber required in the entire United States.

"And that is only one company out of many," she commented significantly.

World-wide conditions have not affected the social order, observed Miss Addams, but the social order has affected world wide conditions. At Hull House, she said, classes are full, many of the students being adults out of work. She admitted that many are educating themselves by studying as a result of being out of work.

"But there's nothing like a job," she said.

Shocking Reminder

Police records offer few things more shocking than the case of the New York suspect who died following an eight-hour grilling by police—died, according to physicians, of a broken larynx, which was incurred while he was in the police station.

It is quite beside the point to remark that this suspect was, all in all, an undesirable citizen, that he was accused of an atrocious crime and that the evidence conecting him with it was exceedingly strong. The only fact that counts is the fact that a man who, by law, was entitled to the presumption of innocence was beaten to death because he refused to confess.

As long as such things can happen, no man is entirely safe. And as long as brutality remains the chief card in the policeman's deck, our efforts at law enforcement will remain feeble, stupid and grossly incompetent.

FOR the first time in many years, possibly for the first time in the history of our country—a vice-presidential candidate is stealing the thunder of a campaign.

The Plainsman refers to the Hon. John Nance Garner, of Texas who is regarded as the arch enemy by Republican chieftains.

The Republicans are not worrying so much about Roosevelt.

It's Garner that they're worked up over, simply because the people of the United States have come to recognize in Garner the exact opposite of President Hoover.

* * *

John Garner's hard hitting ways are going to attract many neutral ballots to the Democratic ticket in November.

His straight-forward ways appeal to many people and his efficient method of running the House of Representatives has marked him as a real leader.

The Democratic party at Chicago's convention was wise in choosing Garner as a running-mate for Roosevelt.

His robust tactics are needed in the party.

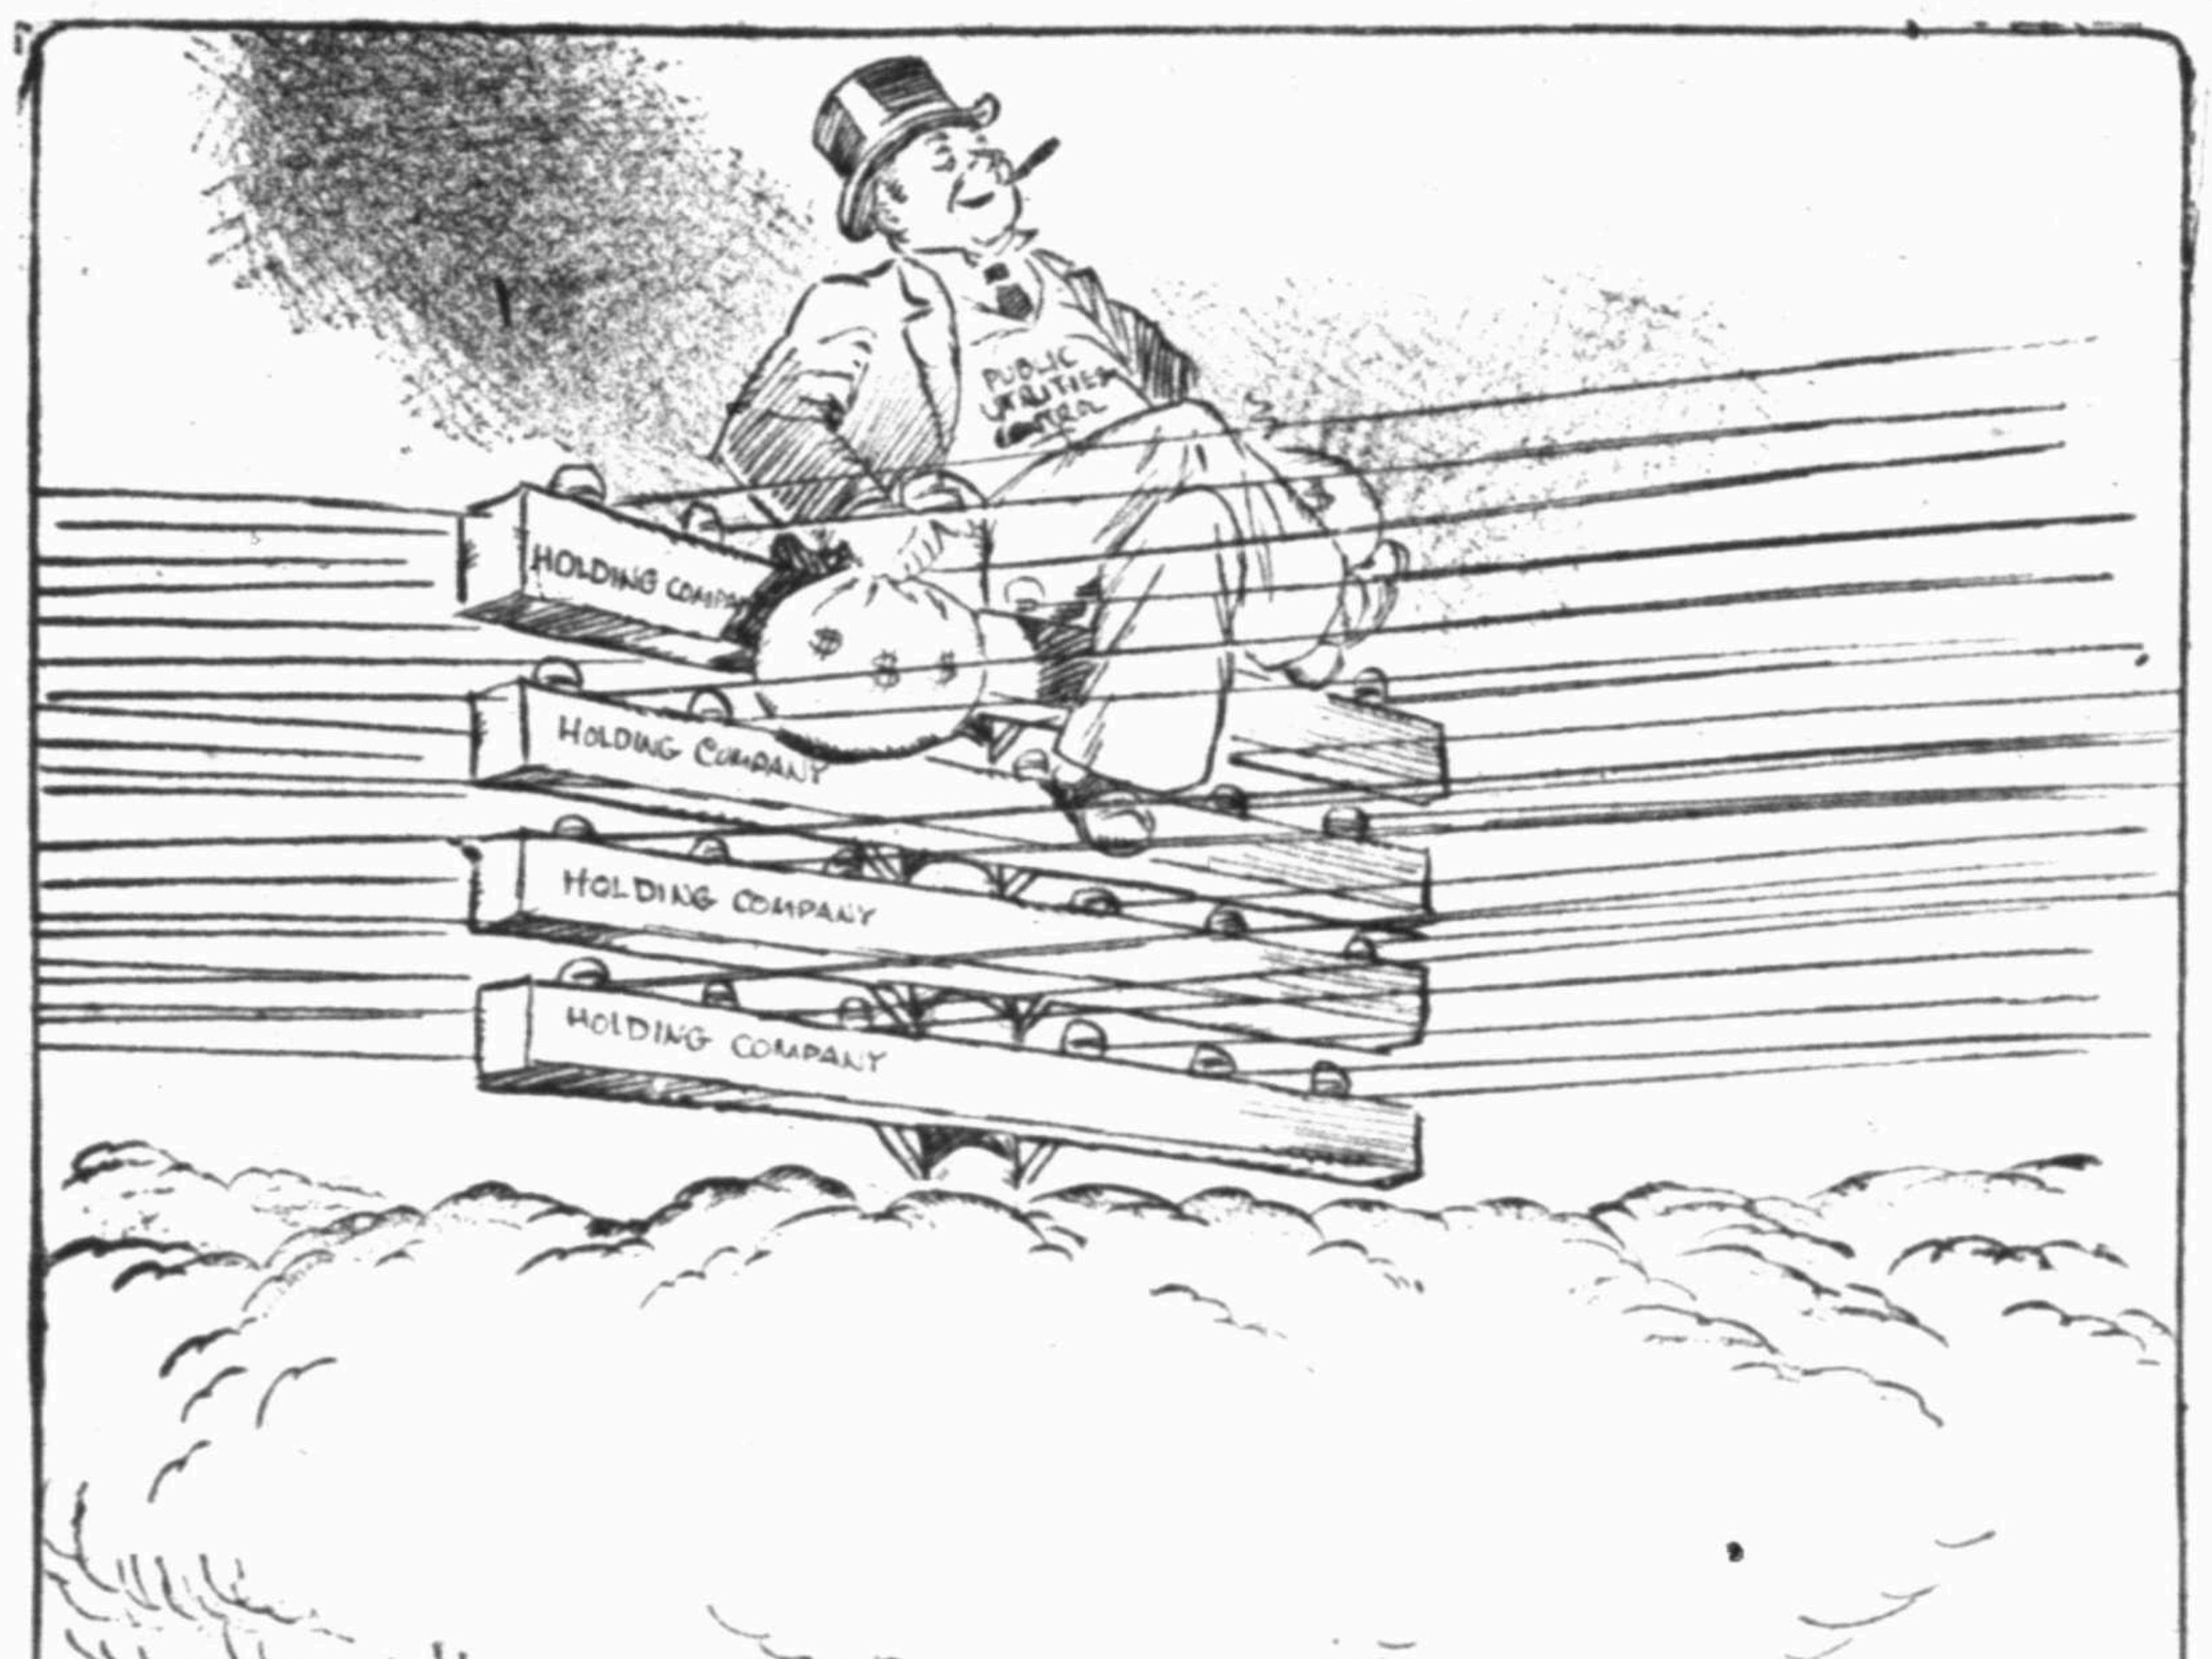
The Intangible Overhead!



John Garner Will Have Choice Of Two Positions If The Democratic Party Is Victorious In Presidential Vote

BY RODNEY DUTCHER
NEA Service Writer

WASHINGTON, July 26—It isn't as if the presidential and vice presidential candidates this year didn't already have good jobs. They all are employed. Three of them will be gainfully occupied for the next seven months and if the Republicans win only one of the four will subsequently be found in the ranks of the idle.

Dutcher

That cheerful thought is inspired by the fact that Speaker Jack Garner is being run for Congress again by his friends in Texas, apparently just as a matter of accident insurance, along with reports that Franklin D. Roosevelt of New York may resign to devote his time to the presidential campaign.

• • •

Garner Would Have Choice

If the Republicans win, Hoover and Charlie Curtis will be fixed for the next four years and Garner for the next two years—either as speaker or minority leader of the House. If the Democrats win Hoover and Curtis will join the millions of unemployed concerning whom they have heard so much. Roosevelt will have one job and Garner will have his choice of two. If Garner should then figure that it were better after all to be speaker than vice president it would be possible for him to continue in his present position.

That sounds rather too ridiculous to be likely, but it would be the first time any politician had the choice between those two high posts.

In any event, Garner will be speaker for the session which begins next December and if a Democratic victory has been won he can put in some good licks for the forthcoming administration in those three or four months. Otherwise he will just go right on battling President Hoover, perhaps with more bitterness than ever, if that be possible.

• • •

Precedents for Roosevelt

Roosevelt has precedent for either remaining or resigning as governor and reports as to which course he would take have been conflicting. After he returned to Albany from Chicago he said he was going to "settle down to being an humble governor," but recent rumors here say he may soon be only an ex-governor and a nominee.

Nominees have resigned from other jobs more frequently than from gubernatorial chairs or seats in Congress. Al Smith served out his term in 1928, which, as will Roosevelt's, ran to Jan. 1. Senator Robinson of Arkansas held onto his Senate seat. In 1924 Governor Charles W. Bryan of Nebraska, nominated by the Democrats for vice president, served out his term. So did Governor James M. Cox of Ohio, Democratic nominee for president in 1920. Governor Coolidge of Massachusetts, vice-president-elect that year, and Theodore Roosevelt, governor of New York when he was nominated and elected to the vice presidency in 1900.

Governor Woodrow Wilson of New Jersey resigned March 1, 1913, just in time for his inauguration as president.

• • •

The Case for Resignation

Those who resigned after recent nominations were Hoover, as secretary of commerce in 1928, apparently at the wish of President Coolidge; Warren G. Harding, who held his Senate seat until the January following election so that his successor would be appointed by a new Republican governor rather than by Cox; Franklin D. Roosevelt, who left his job as assistant secretary of the navy immediately after being notified of his vice presidential nomination; Charles Evans Hughes, who was on the Supreme Court when nominated for president in 1916; William Howard Taft as secretary of war in 1908, and Alton B. Parker as chief justice of the New York court of appeals when the Democrats nominated him for president in 1904.

John W. Davis and Charles G. Dawes in 1924 and William Jennings Bryan in 1900 and 1908 had no political jobs from which to resign.

Roosevelt and other New York Democratic leaders want Lieutenant Governor Herbert Lehman to be the state's next governor and if he becomes governor soon through Roosevelt's resignation he would have a running start which might help both state and national tickets.

The articles are: "Nor- "Indigestion and Constipation for Mothers," "Bed Wetting," "Diet of the Expectant Mother," "Ear Troubles" and "Tuberculosis."

MODERN METHOD OF DIAGNOSIS

IT WAS said yesterday in a general discussion of the blood that the normal number of red blood cells was a unit of 5,000,000. And that the white blood cells normally are 5,000.

Dr. Clendening

The lay reader may well wonder exactly how these determinations are made. It would be very easy to take him to a laboratory and demonstrate it to his satisfaction, but it is by no means easy to explain. Examination of the blood is indeed one of the most exact and scientific methods of diagnosis.

A routine blood examination consists of the following procedures:

(1) The count of the number of white blood cells.

(2) The red blood cell count.

(3) The amount of haemoglobin, the active chemical factor in the red cells.

(4) Microscopic examination of a stained smear of the blood to see the character (whether normal or diseased) of the blood cells.

In counting the cells an extremely delicately constructed slide is used. When put under the microscope this slide is seen to be etched into spaces of incredible minuteness and accuracy. So if a drop of blood is placed upon it, the number of cells in any one of the squares can be counted.

The cells in normal blood are so thickly packed together, however, that this is not practical without diluting the blood as it comes from the puncture. This is done with another very accurately calibrated pipette and a simple calculation determines what the concentration of the cells would be if undiluted.

After this examination (which is so reliable that 10 expert technicians could make 10 separate examinations on the same patient and come to conclusions that would not vary 5 per cent from each other) the physician can say that the patient either has too few red blood cells, or too many white blood cells, etc.

What do these things mean? Reduction in the number of red cells means some sort of anemia. They may be reduced to as much as three-quarter million, less than one-fifth the normal amount in severe cases. The progress of the patient under treatment, as for instance after transfusion, can be watched day by day to see whether progress is satisfactory.

The white cells may be increased as the result of infection. Such an increase is called a leucocytosis. Not only is this a normal and a protective procedure, it is a splendid guide in diagnosis. A patient may have fever—some infections produce a large increase in the white cells; others, such as typhoid fever, are characterized by an actual reduction. In this way a differential diagnosis can be established.

The blood can also be very accurately examined for chemical changes—retained poisons—and for immune reactions, but these are not useful in strictly blood diseases.

READER QUOTES AUTHORITY ON FLY MENACE

Dear Plainsman: At the present time when many people in our city have open garbage cans, tubs and other fly breeding places about their homes, the following quotation from Scientific American magazine should arouse everyone to a sense of responsibility in warfare against flies:

"Known for years as one of the filthiest things alive, the fly has been convicted as the carrier of at least 30 diseases. It contributes directly to the death of at least 75,000 persons annually by spreading disease. Flies are held responsible for 85 per cent of typhoid cases in cities and 95 per cent in rural districts. They multiply with terrifying rapidity. In one season, from May 1 to September 30 a female fly may produce 5,598,720,000,000 offspring. One fly may carry as many as 6,000,000 germs. Its body and even its wings, apparently smooth and shining, are covered with small hairs and bristles which offer excellent lodging places for germs as it crawls over filth.

"The fly's eating habits and, in fact, every phase of its conduct are dirty and disgusting in the extreme. To soften its food so that it can be swallowed, the fly vomits upon it, leaving hosts of dangerous germs upon unconsumed portions of its meal. Flies will travel from one to 30 miles for food. At one feeding they will eat half their weight in food and will gorge themselves in half a minute or less if not disturbed."

This quotation comes from a very highly qualified authority, and it should be a warning to all our people of their civic responsibility in an effort to rid their premises of breeding places for flies as well as using every means available to destroy flies now so prevalent.

S. TRADE IS THREATENED

RITISH CONFERENCE DISCUSSES "UNFAIR TRADE PRACTICES"

BY FRANK I. WELLER, Associated Press Staff Writer

OTTAWA, Ont., July 26. (AP)—reats to the trade of United tes oil and coal interests in the tish empire arose in the parleys the British empire conference ay.

Referring to "unfair trade practs," the committee on trade hin the commonwealth heard intial references yesterday to ged price-cutting by American companies and the committee represented today as professing t for larger companies to force aller competitors out of business cutting prices was unfair.

The threat to United States coal ne in a declaration from the nadian delegation, placing anacite coal on the long list of ms from which the conference ght select articles for British ference.

Would Hurt Sale

f anthracite were to be selected would hit at the present sale United States anthracite in nada by opening that market to Welsh mines.

There have been informal dissions between the dominions cerning primary products, inding wheat, meat, lumber, fish fruits. It was said today the ry products group had made isfactory progress. The group nsidering cereals was still in a andary, however. Its problem trade standards and the promon of British wheat sales under auspices of an empire marketboard also was a concern of conference committee on ecomic co-operation.

Wheat is the most important nomic question for Canada, stralia, India and to a lesser de- for South Africa and odesia. The average annual ld crop, exclusive of Russia and na, now exceeds 3,700,000,000 shels compared with 3,000,000,000 ring the period 1909-12. Europn crops of wheat are now about al to those of pre-war days, but chief non-European countries, United States, Canada, Argentina and Australia, have pushed ir production up from 1,476,000,- bushels to 2,120,000,000.

Before the World war Russian ports of wheat were about 164,- ,000 bushels but from 1924 to 9 they dropped to 13,000,000 shels annually. A bumper crop 1929-30 gave Russia an exporte surplus of 108,000,000 bushels the 1930-31 season. Jumping m total production of 703,000,000 shels in 192- to 1,048,000,000 in 0, Russia increased her producn by an amount equal to en- Canadian crop.

During the war the United tes usurped Russia's place as world's greatest wheat exporter d in turn lost to Canada. Now gentina threatens the Canadian ition as result of Canadian eat pool which controlled 65 to per cent of the crop in 1929 tried to force higher prices on United Kingdom.

Demands at this conference for tish embargo on Russian wheat e said to be predicated on the that Russia can grow both d and soft wheat and underthe world market.

in-Can Matinee To Help Jobless Here

To help the Lubbock Unemployed uncil, a tin-can matinee was to gin at 1 o'clock this afternoon and continue until 6 o'clock at the rie theater, admission being a n of fruit or vegetables.

The canned foods thus received will be given the council for distribution to indigent families.

"Hotel Continental," a first-run picture, is the feature attraction.

Keen Blade—Keen Athlete

West Point's "best-around athlete" is Cadet R. J. Stecker (right). And at the ceremony pictured here, you see him receiving from Maj. Gen. W. D. Connor, superintendent of the U. S. Military Academy, a trophy symbolic of this distinction. It's the "Army Athletic Association Sabre," awarded each year during commencement week ceremonies.

DAILY MARKETS

Cotton Market

NEW YORK REPORT

NEW YORK, July 26 (AP)—Cotton futures opened steady 1-4 lower in response to lower Liverpool cables, continued favorable weather and under selling by houses with southern connections.

Houses with Liverpool connections were fairly active early buyers. Their purchases, combined with some trade buying and local covering readily absorbed the early selling through spot houses and the market displayed a steadier tone rallying from the initial decline. The weather map indicated good showers along the Atlantic coast but there was nothing in the weather news to revive fears of boll weevil. October sold down to 5.68, a decline of 3 points but rallied to 5.72, or 1 point above the previous close. Liverpool cabled that its market declined under Manchester liquidation and heavy tenders. Manchester operators were awaiting the results of the wage conference.

The market remained quiet later in the morning, prices fluctuating narrowly within a few points of the previous close. Moderate selling by spot interests in October caused that position to sell off from 5.72 to 5.70 but local and trade interests continued to support the market. Around midday prices were about net 1 to 2 points lower.

NEW ORLEANS REPORT

NEW ORLEANS, July 26 (AP)—Cotton had a quiet opening today. Liverpool cables were hardly as good as due and the prices here started one point down. December lost an additional point, trading down to 5.83 or two points under yesterday's close. Buying support was restricted by reports of continued good weather in the interior but selling was discouraged by a rather firm opening in stocks.

Near the end of the first hour the market was steady and at the opening figures, showing little change from yesterday's close.

The market continued rather quiet all morning. After declining somewhat further early in the second hour on a favorable weather map, October dropping to 5.67 and December to 5.82, or 3 points down from the previous close, prices rallied in sympathy with firmer stocks and wheat, coupled with some trade buying. Before mid-session, October advanced to 5.75 and December to 5.90, or 8 points above the early lows.

NEW ORLEANS SPOT

NEW ORLEANS, July 26 (AP)—Spot cotton closed quiet 5 points up. Sales 30; low middling 5.20; middling 5.65, good middling 6.00. Receipts none; stock 946,589.

Grain Market

CHICAGO REPORT

CHICAGO, July 26 (AP)—Wheat tended upward and corn down early today. Less favorable Canadian crop reports gave firmness to wheat. Rains eased the corn market. Opening unchanged to 1-4 higher, wheat afterward rose a little all around. Corn started unchanged to 1-2 off and subsequently sagged further.

Stock Market

WALL STREET REPORT

NEW YORK, July 26 (AP)—Speculators for the rise retained control of the stock market today, in face of a considerable flurry of profit-taking during the morning.

The market was able to do little better than recover from the effects of the morning selling, however, as traders turned cautious in advance of the U. S. Steel directors meeting after the close. Furthermore, there was a feeling in some quarters that the list was entitled to a corrective reaction after as vigorous and advance as yesterday's.

U. S. Steel preferred, American Can, American Telephone, Santa Fe and Standard of N. J., recovered after sagging about a point. Among the lower priced issues, General Electric and Consolidated Oil were active features, rising fractionally. Richfield shares, which have been selling for a few cents, more than doubled in value on the strength of Consolidated's latest offer. Tobaccos moved narrowly, with the exception of Reynolds B, which advanced about a point.

ALMOST TAXI RATES

SYDNEY—Airplanes for hire are about as cheap in New South Wales as taxicabs. The prevailing rates at present run about twenty cents a mile for a single person and about 23 cents a mile for two passengers.

WINSTON WILL FACE THOMAS

WALKER, PHARR WILL BE IN RUN-OFF FOR DISTRICT JUDGE

Revised figures on the returns in the district attorney, district judge and state representative races, made to the Journal Tuesday morning, show complete unofficial totals but make no changes in the standings.

John N. Thomas, Tahoka, with 5,063 votes, leads Homer Winston of Brownfield by 915 votes, while Tom Carter, Lubbock, is 456 votes behind Winston for third place.

Thomas carried two counties, Dawson and Lynn, his home county; Winston carried besides Terry, his home county, Gaines, Hockley and Yoakum. Carter carried Crosby, Cochran and Lubbock counties.

In the district judge race Walker carried Crosby, his home county, and Pharr the other three. Blair carried all four counties.

Final figures in the state representative race were:

Thomas: Cochran, 84; Crosby, 301; Dawson, 1374; Gaines, 132; Hockley, 325; Lubbock, 851; Lynn, 1950; Terry, 250; Yoakum, 96; total 5,063.

Winston: Cochran, 126; Crosby, 362; Dawson, 182; Gaines, 304; Hockley, 500; Lubbock, 862; Lynn, 243; Terry, 1340; Yoakum, 209; total, 4148.

Carter: Cochran, 132; Crosby, 473; Dawson, 358; Gaines, 56; Hockley, 369; Lubbock, 1935; Lynn, 140; Terry, 122; Yoakum, 37; total, 3692.

Hill: Crosby, 265; Cochran, 102; Dawson, 41; Gaines, 28; Hockley, 272; Lubbock, 1668; Lynn, 58; Terry, 52; Yoakum, 17; total, 2554.

Adams: Cochran, 55; Crosby 226; Dawson, 83; Gaines, 28; Hockley, 272; Lubbock, 906; Lynn, 114; Terry, 28; Yoakum, 4; total, 1714.

In the district attorney's race final figures were:

County	Brown	Berry	Blair
Cochran	109	125	326
Crosby	338	499	1423
Lubbock	1255	1572	3330
Hockley	389	480	887
Totals	2091	2676	5966

For district judge, final totals were:

County	Walker	Bean	Pharr
Cochran	141	107	283
Crosby	1723	157	430

OFF THE SCREEN ANTICS OF BUSTER KEATON CITED IN DIVORCE PETITION

HOLLYWOOD, Calif., July 26 (AP)—Off the screen antics of Buster Keaton, film comedian, are listed by Natalie Talmadge among reasons for the divorce she desires from her "frozen face" mate.

"I guess I'm a washout," was Buster's comment on the filing yesterday of a divorce complaint by Natalie after eleven years of married life.

In addition to the interlocutory decree of divorce sought, Mrs. Keaton asked the superior court to approve a property settlement whereby she is given custody of the couple's two sons, Joseph, 10, and Robert, 8, and $500 a month for their support.

Besides remaining away from home at night and returning without explaining his absence, Mrs. Keaton, who before her marriage played in films, said her husband's behavior in the presence of guests is another cause for censure.

Early this month, she alleged, Buster took her on a pleasure trip and "so conducted himself as to cause her to become humiliated."

The complaint recites Buster took his two sons on an airplane trip to San Diego last April, where she succeeded in having authorities intervene before the comedian and the boys could enter Mexico.

Under an agreement, Buster may see the boys "at such reasonable times and places as shall be agreed between the parties, but shall not interfere with their health or education."

BIG-BUSINESS BOOTLEGGERS LOSING GROUND TO THE SMALL COMPETITORS

WASHINGTON, July 26 (AP)—The acting federal prohibition director believes big-business bootleggers are losing ground to small-scale competitors.

That's the way Howard Jones, acting chief in the absence of Amos W. W. Woodcock, summarizes information obtained personally and from his men in every prohibition district.

No exact figures on this trend have been compiled, but Jones says his agents lay it in a large measure to keener competition crowding "big fellows" on whose activities the bureau concentrates.

Jones says agents report that "green corn liquor" is bringing low prices in sections of the southern corn belt that barely meet cost and eliminate margins of profit required by large scale bootleggers operating expensively equipped distilleries.

"There isn't the money in it there was," is the way Jones explains it.

"While no definite data has been compiled it would seem from reports that the depression is making our job easier," Jones says. "The violations are swinging around to the small still owner. Of course when the little fellow comes along we have taken him into the net but generally it's been our policy to concentrate on the big violator."

"POLAR YEAR" SEARCH BATTERS AT SECRETS OF EARTH; MYSTERIES AFFECTING EVERY PERSON TO BE ATTACKED

BY F. B. COLTON
(Associated Press Science Editor)

WASHINGTON (AP)—Mysteries affecting every person on earth will be attacked by 50 scientific expeditions that will spend the International Polar Year, starting August 1, in the Arctic and Antarctic.

Among questions whose answers will be sought in the polar regions are:

How do changes in the sun's radiation affect cold waves? Why do "magnetic storms" spoil radio reception on long wave circuits and improve it on short wave circuits? Can weather in the temperate zones be predicted months or whole seasons in advance on the basis of polar weather? Were the continents once connected across the Arctic and Antarctic, explaining distribution of animals and plants today?

Differences in temperature between the tropics and polar regions cause a continuous circulation of air. It has been estimated that ten billion tons of air shift from the northern to the southern hemisphere between winter and summer, driven by winds whose total energy is calculated at 20 billion horsepower-hours.

Air above the earth in general seems to be cooled over the poles, falls, flows toward the equator near the surface, is heated there, rises, and flows back toward the poles at a higher level.

Scientists during the polar year will note how the air actually behaves, try to learn what laws govern its behavior, later attempt better weather forecasts on this basis.

Many scientists believe cold waves come from high above the earth, not direct from the polar regions. The upper air, they think, is cooled by radiating its heat into space. The radiation may be affected by variations in the sun's radiation.

HEAVY ARROWS SHOW HOW AIR MOVES BETWEEN POLES AND EQUATOR

Diagram shows circulation of air between polar regions and tropics, affecting weather, and magnetic forces in earth and air affecting radio and wire transmission, that will form basis of problems to be studied during international Polar Year of 1932-1933.

The last pioneer lands of the world are on the northern borders of Canada, Manchuria and Siberia. Successful farming there depends upon exact knowledge of climate conditions and accurate weather forecasts.

Air routes across the North pole depend on weather, which seems to be most stable there between October and May.

Two-thirds of the radio messages between continents pass over the Arctic and many over the Antarctic. On the way they pass near the north and south magnetic poles, centers of electrical forces that make the earth a huge magnet. More knowledge is needed on how these forces affect radio waves. When the forces are distributed there are "magnetic storms" that disrupt telephones, telegraphs and radio.

The earth's negative electric charge constantly is being lost into space, but just as constantly replenished from some outside source. The polar year expeditions will seek a clue.
