VOLUME XIV — DUBLIN, ERATH COUNTY, TEXAS, FRIDAY, DECEMBER 13, 1901. — NUMBER 30.

GRAND UNLOADING SALE AT

MISTROT BROTHERS & CO'S.

Commencing MONDAY, DECEMBER 2, we open the Grandest Cut Price Unloading Sale ever witnessed in this section of the state on Seasonable Merchandise at less than wholesale figures. Former prices or values not considered in this sale. We must unload this stock! Time and conditions demand it! The "edict" from our Galveston wholesale headquarters commands it! The copy of a letter just received from our Galveston headquarters herein reproduced explains the situation.

The Greatest opportunity ever offered to the public to buy seasonable merchandise at a time when they need to make their money go the farthest.

Sale Will Commence

Monday, Dec. 2, 9 A. M. Sharp!

Entire stock will be marked down to move the goods as quick and as fast as possible. Don't delay to make your purchases until the stock and assortments are broken.—Come while you have the chance to make your selection from the largest

Dry Goods, Clothing and Shoe

stock in Dublin at less than wholesale figures. Such an opportunity seldom returns.

Office of...

Wholesale and Importers

Dry Goods and Notions,

Boots and Shoes.

GALVESTON, Nov. 25, 1901

Mistrot Bros & Co, Dublin, Tex.:

Gentlemen: After a meeting of the firm of Mistrot Bros. & Co, we have decided with the coming year to devote our attention more to the exclusive wholesale business in this state. We have concluded and agreed further to close up some of our retail branch stores, so as to better concentrate more of our capital in the wholesale business exclusively at Galveston.

To do this we are also compelled to reduce the heavy stocks in our retail stores and to realize the cash on the goods as quick as possible. We will ask you to commence at once or as soon as possible a Rigid "Unloading Sale."

Mark down the entire stock at prices that will move the goods even at a sacrifice or a loss to ourselves.

Place prices on the goods that will force them to move quick and fast. You will of course try to come out with as little loss as possible on the stock.

Yours truly

Dict S. P. Mistrot. MISTROT BROS & CO.

ATTEMPT TO RELEASE.

Howard's Friends Fail in an Effort to Take Him from the Sheriff.

Corbin, Ky., Dec. 10.—Friends of Berry Howard, the mountain feud leader, made an attempt to rescue him as he was being taken to Frankfort to answer an indictment charging him with complicity in the murder of William Goebel, for which he had been arrested by Sheriff Broughton and his deputy, who got the drop on Howard and his body-guard after luring them into Pineville.

As soon as Howard was arrested, his friends, who had protected him for nearly two years, swore he should never be taken to Frankfort. A guard of 25 armed men was maintained over the prisoner while here and ten men accompanied Sheriff Broughton and the prisoner to Frankfort.

When the train reached Pineville Sheriff Broughton and his posse boarded it with the prisoner and were given one of the coaches which was locked at both ends. At the same time, three men, friends of Howard, boarded the engine. They covered Engineer John Langan with pistols and commanded him to back the train to Middlesboro, the intention being to rescue Howard where his friends are greatest and where the mountains afford the quickest escape.

The engineer induced the men left to guard him to go to the assistance of Howard's friends and then pulled the throttle. Meantime, as Sheriff Broughton and deputies had an exciting time with the rescuers but succeeded in getting his prisoner aboard the train, the the train pulled out for Frankfort.

GIFT FROM CARNEGIE.

He Is to Donate $10,000,000 to Cause of University Extension.

Washington, Dec. 10.—Andrew Carnegies is to give $10,000,000 to the cause of university extension in the United States. Announcement of this great gift to education will be made at the white house tomorrow. Mr. Carnegies was in Washington a few days ago and took luncheon with President Roosevelt and details of the plan were fully discussed.

Mr. Carnegies has thought best to create a national board to handle this munificent benefaction. President Roosevelt probably will name such a board for Mr. Carnegie, or at least set in motion the machinery which shall lead to a national organization.

According to the plans prepared by Mr. Carnegie and his advisers, the national organization is to have its headquarters in Washington, but its operations are to extend throughout the United States, the work to be carried on in co-operation with universities everywhere.

Western Jockey Club Meeting.

Chicago, Dec. 10.—What promises to be one of the most interesting of western Jockey club meetings is in session here. The board of stewards met and elected officers and to arrange dates for next year, but besides this a general adjustment of trouble and rivalries among "outlawed" tracks will take place. Local horsemen believe after the meeting western turf matters will pass under the exclusive control of this organization. It is announced that opposition to St. Louis tracks at the fair grounds and the Delmar, which heretofore have been a thorn in Jockey club's side, will become strong allies.

In a Dance at 100 Years.

Chicago, Dec. 10.—Mrs. Wilhelmina Eichenberg, living at the German old people's home at Altenheim, danced and sung on the morning of her 100th birthday. None of the eighty-six old people at the home was as happy as she. She placed her arm about the waist of Miss Schmitthusen, the matron, and led her a two-step. Her first words when she awoke were: "I am so happy." Mrs. Eichenberg was born in Lauenstein, Hanover, Germany, Dec. 7, 1801. Her maiden name was Linnemann. In 1825 she was married to Conrad Eichenberg, a miner.

Snow in Scotland.

London, Dec. 10.—Severe snowstorms have swept over Scotland and many parts of England. Railroad traffic in the highlands is much interfered with by the storm. King Edward left Sandringham for London in the midst of a blinding snowfall.

Oklahoma Bank Robbed.

Peckham, O. T., Dec. 10.—The Citizens State bank of this place was blown open by crackmen early Monday. The burglars worked the combination of the vault and used nitroglycerin on the safe, securing $2,900.

Accidental Poisoning.

New York, Dec. 10.—The coroner's inquiry into the death of Emmeline Dale, the child of Elizabeth Howe Dale, was held in Hoboken and resulted in a verdict of accidental death from poisoning.

Charged With Murder.

Birmingham, Dec. 10.—R. D. Coffman, the justice of the peace who shot and killed Rev. J. W. Bradford at Brookside, has been brought to this city and placed in jail, charged with murder.

Colonel Doniphan Dead.

St. Joseph, Mo., Dec. 10.—Col. John Doniphan, a hero of the Mexican and civil wars, and for 50 years prominent in the affairs of Missouri, died at his home in this city. Colonel Doniphan was born in Ohio in 1826. He was an Odd Fellow of national prominence, and was the first president of the Kansas City, St. Joseph and Council Bluff railroad.

CATHOLIC FEDERATION.

Prospects Good for All Catholic Societies to Become United.

Cincinnati, Dec. 10.—Much interest is taken here among the officers and such delegates as have arrived for the convention today of the American Federation of Catholic societies. Permanent organization of a central combination of all Catholic societies is regarded as one of the most important steps ever taken for the church in America. Although federation has the approval of distinguished prelates, it was thought there would be strong opposition to such organization, but so far the indications are to the contrary.

The leaders say is it not proposed to interfere with the autonomy of the Hibernians, Knights of St. John, American Catholic Union, German Catholic Verein, Catholic Knights of America or any other Catholic society, but to form a federation in which they all will be represented for a common purpose without changing the old organization in any manner.

The objects of federation are the cementing of the bonds of fraternal union among Catholic laity and Catholic societies of the United States; fostering of Catholic interests and works of religion, and especially educational and charitable; study of the conditions in social life, dissemination of truth and encouragement of the spread of Catholic literature and circulation of the Catholic press.

BRITISH COAL TRADE.

Situation Causing Apprehension and an Outcry Against Export Tax.

New York, Dec. 10.—The situation in the British coal trade is causing a great deal of apprehension on the part of owners and merchants, and there is a resumption of the outcry against the export tax which formed so prominent a feature of Sir Michael-Beach's last budget. Coal exports have decreased by 158,000 tons during the first 10 months of the present year, and the average days worked by the collieries has gradually fallen off, while in most of the principal districts the supply is in excess of the demand.

The iron industry, which usually accounts for from 35,000,000 to 40,000,000 tons a year, has greatly reduced its consumption, owing to the reduction in the number of furnaces in blast. In the face of all this, new collieries which were begun and old ones which were reopened during the boom last year are increasing their capacity, and there is every probability of a considerably larger quantity of coal being put on the market.

Prices have not yet fallen to anything like the level of three years ago, but the decline that has already taken place leaves them five shillings below the high water mark of last year, and the tendency is to drop still lower.

Says Mars Is Inhabited.

Indianapolis, Ind., Dec. 10.—Prof. Harker of the University of Indiana, occupying the chair of mathematics and astronomy, made the assertion before his classes that Mars is inhabited. "The Martians," he said, "are a people of stupendous power and wonderful engineering skill. Were it possible to signal to them they would undoubtedly understand and reply."

Prof. Harker bases his deduction largely on the fact that the "canals" on the planet show the handiwork of thinking beings. "In all the thousands of years of our history," he said, "we have not succeeded in changing the face of our planet to any such extent as the people of Mars have changed theirs. The inference, therefore, that they are highly intelligent beings follows as a necessity. It is also probable that they exceed us in physical stature and strength to such a degree that we would be no greater than liliputians in comparison."

Austin Baldwin Dead.

New York, Dec. 10.—Austin Parker Baldwin is dead at his home in this city from an attack of acute bronchitis lasting only a few days. Mr. Baldwin, who was born in 1834, had lived in New York nearly half a century. He was well known in steamship circles as head of Austin Baldwin & Co., agents for Baldwin Brothers' American and European Express company and of the Alban State Steamship line.

Clergyman Dies of Cancer.

New York, Dec. 10.—Rev. Arthur Hughes, canon of the Church of England cathedral in Hamilton, Bermuda, is dead in St. Lukes's hospital. He was 44 years old. He had been ill for several months from cancer. An operation was performed, but he grew gradually weaker, finally succumbing to the shock of the operation. He had not realized on leaving Bermuda the serious nature of his illness, for he left his wife and three children there.

May Lease Land in Iceland.

Copenhagen, Dec. 10.—American capitalists are examining pyriteferous lands in Iceland with a view of purchasing or leasing them from the government. These properties were formerly leased by an English syndicate, whose concessions were revoked because the rent was not paid.

Negroes Get a Hearing.

Andalusia, Ala., Dec. 10.—Preliminary hearing of the negroes ,charged with participating in the riot last week in which two white men were killed, has begun here. The court room was crowded and on the outside the Greenville company of militia was on guard.

Three Persons Killed.

Newton, Miss., Dec. 10.—Manager Johnson of the Postal Telegraph company, his son and a negro driver were killed three miles from town by a falling tree. They had gone to repair the line when a tree fell across the road crushing all to death.

EMPEROR IS BLAMED.

Kept European Nations from Interfering in Boer War.

AN ARTICLE OF REID

It Says The Kaiser Controlled the Action of European Powers When the United States Offered its Good Offices for Peace.

New York, Nov. 28.—Concerning the recent statements of Sir Wemyss Reid, regarding the possibilities of intervention in the Boer war, the Tribune's London correspondent cables:

The high character of Sir Wemyss Reid lends importance to the article in the December Nineteenth Century, in which he refers to the pressure brought to bear by continental nations on the United States to favor intervention in the Boer war. Nothing has been known in diplomatic circles about any pressure of this kind, and Lord Salisbury was ignorant on the question, or he would not have referred in his Guild Hall speech to the correct attitude of the European powers during this South African war. The diplomatic theory has been that the German emperor had controlled the action of the European powers, and that the United States government at the outset had gone as far as possible in courteously offering its services as a peacemaker, if these were required.

Sir Wemyss Reid's article is eagerly taken up by the opponents of the war, whose ammunition has been running low, and is drawn chiefly from the concentration camps.

He is a sincere, progressive Liberal and a leading spirit of the Reform club.

Bulgaria Denies Responsibility.

Sofia, Nov. 28.—The government has forwarded to C. M. Dickinson, the United States diplomatic agent here, who recently left for Constantinople, a reply to his note of November 12, concerning Miss Ellen M. Stone, the American missionary. The note repudiates the responsibility of Bulgaral, and alleging officials had given every assistance possible.

Mr. Tsilka Uneasy.

New York, Nov. 28.—"I have no idea where my wife and Miss Stone are now," said Gregory M. Tsilka. The husband of the American missionary's companion in captivity by the brigands is in a state of wretched nervousness and apprehension. "I have not heard from my wife since October 27. I believe that she and Miss Stone are well, but they are suffering acutely from the great cold and the storms in the mountains. I do not expect under the present circumstances that they will be released for many weeks."

Mr. Tsilka has made a passionate appeal to the state department to do something definite with either the Turkish or the Bulgarian governments for the rescue of the captives.

Colombians Still Fighting.

Washington, Nov. 28.— Secretary Long has received the following cablegram from Captain Perry, of the Iowa: "Panama, Nov. 27.—Stubborn fighting between the contending forces Monday near San Pablo; delayed the trains, requiring prudence and patience. There will probably be fighting to-day near Gatun. I have secured the assurances that firing shall cease while the trains are passing. Forty were wounded. The wounded were brought in trains last night. All cared for by Dr. Kindleberger."

Government Forces Successful.

Washington, Nov. 28.—A cablegram received at the state department from United States Consul General Guder, at Panama, says: There was a good deal of fighting Tuesday along the line in which the government forces were generally successful. Trains were delayed.

Diplomatic Relations Ceased.

New York, Nov. 28.—According to the Bogota, Colombia, correspondent of the Herald, the Colombian government has issued a decree declaring that diplomatic relations with Venezuela have ceased, and that the Colombian legation in Caracas has been withdrawn. Senor Concha, minister of war, says that the government has 80,000 men armed for action.

Jumped Overboard.

London, Nov. 28.—Lawrie Marks, well known in London sporting circles, as American bookmaker, jumped overboard from a channel steamer here and was drowned. It is said detectives wanted to interview Marks in connection with the Liverpool bank frauds. An injunction was granted in the high court here to prevent the withdrawal of large sums of money standing in a London bank in the name of Marks.

Lawrie Marks was a New Yorker. He had been in London for two years past, and was associated for years with "Barney" Michaels of New York.

Suicided in a Tree Top.

Luverne, Ala., Nov. 28.—W. J. Vann, 50 years old and married, was found dead in a tree top by possum hunters Tuesday night. He bought morphine and strychnine on Monday, saying he had family troubles and was going away, so no one would ever hear from him.

Hay's Daughter to Marry.

Washington, Nov. 28.—The engagement is announced of Miss Helen Hay, elder daughter of the secretary of state, to Mr. Payne Whitney, second son of the Hon. Wm. C. Whitney, formerly secretary of the navy.

STILL SEARCHING.

The Number Increasing at Detroit and the Injured Are Improving.

Detroit, Nov. 28.—When day broke here a great force of men were still delving in the ruins of the Penberthy Injector company's plant, which was wrecked Tuesday by a boiler explosion, causing the loss of 28 lives. By morning the laborers had searched through the greater portion of the debris and were rapidly going through that part which had not been inspected. Of the injured at the Emergency hospital Ignatius Brock and William Eggers died, making the total number of deaths 28. The officers of the company, after a careful search, announced that 18 of the men were still unaccounted for. Two unidentified bodies at the morgue account for two of the missing, and it is confidently believed the majority of the others will be located during the day. At the hospitals it was reported the injured were making excellent progress.

Big Cotton Gin Shop.

Dallas, Nov. 28.—The Murray company has purchased 11 acres of land fronting on the Texas and New Orleans railroad and lying between Commerce and Williams streets, as the site for the ne wcotton gin shops which the company intends erecting. The title to the property is now undergoing examination. J. H. McDonough, president of the company, says that at least $150,000 will be expended in erecting modern and thoroughly equipped shops, the plans for which are now being prepared. The new works will double the capacity of the plant which the company is now using and will employ 500 men.

Requiem for Count Hatzfeldt.

London, Nov. 28.—Requiem service for the repose of the soul of Count Von Hatzfeldt-Wildenburg, late German ambassador to the court of St. James, was celebrated at the Roman Catholic church here, and was attended by most of the diplomatic corps and high court and foreign officials. King Edward was represented by Lord Chamberlain, earl of Clarendon. Lord Salisbury was not present owing to a slight indisposition.

Violation of Game Law.

Ardmore, I. T., Nov. 28.—Deputy marshal J. A. Tucker has arrested A. S. Gray, a well-known citizen, charging him with violating the game laws. The game warden of Chicago has during the past few months seized several hundred pounds of game shipped to that city from this Territory. Gray brought suit against the officials before the Illinois court and the department of justice officials at Washington ordered Gray's prosecution in the Indian Territory.

Nation Granted a Divorce.

Medicine Lodge, Kas., Nov. 28.—David Nation has been granted a divorce from his wife, Mrs. Carrie Nation, the "joint smasher." The court exonerated Mrs. Nation from the charge of cruelty to her husband and divided the property. Judge Gillette granted the divorce on the ground of gross neglect of duty.

Randall Respited.

Austin, Nov. 28.—The governor has respited until Dec. 20 the death sentence of Henry Randall, who is under sentence to hang in Houston to-morrow. The respite is granted in order to permit the governor to examine carefully the papers requesting a commutation of the sentence to life imprisonment.

Court House at El Reno.

El Reno, O. T., Nov. 28.—At a specitl county election held Tuesday for the purpose of voting $65,000 bonds for the erection of a courthouse at this place, the county seat of Canadian county, the proposition carried by a majority of 444. The county has donated a block in the center of town as a site for a proposed building.

Consul General at Apia.

Washington, Nov. 28.—The appointment of George E. Heimrod of Nebraska, to be consul general at Apia, Samoa, is announced.

Directum Sold.

New York, Nov. 28.—Directum was sold here to the International Stock farm of Minneapolis, Minn., for $12,100.

NEWS IN BRIEF.

At Sioux City, Ia., Ben McKnight, convicted of murdering his wife by beating her to death, was denied a new trial and sentenced to 25 years in prison.

At Sheridan, Wyo., Lew Hartsaugh shot and instantly killed J. F. McLaughlin. They were pioneer business men of Sheridan and partners.

At Galipolis, O., Jack Richardson was perhaps fatally cut by Myrtle Mayes, a 14-year-old girl, because Richardson was beating her mother.

Joseph M. Burke, former cashier of the water department of Queensborough, N. Y., who pleaded guilty to having stolen $600 of the city's funds, was sentenced to three years and six months in the penitentiary.

H. N. Davis, of Auburn, Tex., general merchandise, has assigned without preference. Liabilities, $2500.

W. P. Dorsin, one of the famous war correspondents of the Confederacy, is dead at his home at Hempstead, Tex., at an advanced age. He had considerable fame under the nom de plume of "Sioux."

At Burlington, Ia., Peter Jackson, a patient at Marcy hospital, climbed into a bath tub and cut his throat from ear to ear.

Dr. James Woodward, a pioneer physician of central Illinois, is dead at his home, at Bloomington, aged 89.

Election Notice.

Whereas, the county commissioners' court has adopted and accepted the law passed by the 27th legislature of the state of Texas at its regular session, in April last, 1901, known as the "Erath County Road System" (which law fully appears on pp. 191-2-3-4-5 of the acts of the regular session of the 27th legislature, which is here referred to and made a part of.)

And whereas said law provides among other things as follows: "As soon as practicable after the commissioners' court accepts the provisions of this act, as above provided, said court shall order an election to be held in said county of Erath by the qualified property tax paying voters of said county to determine whether or not an additional annual ad valorem tax not to exceed fifteen cents on the One Hundred Dollars valuation shall be levied upon all the property in said county subject to taxation, for road and bridge purposes, in addition to the amount now authorized to be levied by general law. The officers holding said election shall receive no recompensation for their service in holding the same. At said election each ballot shall have written or printed on it the following: "For Additional Road and Bridge Tax," or "Against Additional Road and Bridge Tax," as the case may be. At said election no person shall be permitted to vote unless he be a qualified property tax paying voter of Erath county.

And whereas said' commissioners court did at its November term, 1901, towit on November 15, 1901, order an election under said above cited law, to be held throughout Erath county, Texas, at each and all of the voting precincts and places in said county on Saturday, Jan. 4, 1902, between the hours of 8 o'clock a. m. and 6 o'clock p. m. on said day, that the qualified property tax paying voters of said county may determine by ballot whether or not an additional annual ad valorem tax not to exceed 15 cents on the $100 valuation shall be levied upon all the property in said county subject to taxation, for road and bridge purposes in addition to the amount now authorized to be levied by general law.

And whereas said commissioners' court did authorize and direct me as county judge of said county to give notice of said election.

Now, therefore, I, L. N. Frank, County Judge of Erath county, Texas, by virture of the authority of said Commissioners' court, do hereby give notice that an election will be held throughout Erath county at all the voting boxes, and precinct in said county, on Saturday, January the 4th, 1902, between the hours of 8 o'clock a.m., and 6 o'clock p. m. of said day, that the qualified property tax paying voters of said county may determine by ballot whether or not an additional annual ad valorem tax not to exceed fifteen cents on the one hundred dollars. Valuation shall be levied upon all the property in said county, subject to taxation for road and bridge purposes in addition to the amount now authorized to be levied by general law.

Those voting for said road and bridge tax shall have written or printed on their ballot, "For additional road and bridge tax," and those voting against said road and bridge tax shall have written or printed on their ballot: "Against additional road and bridge tax."

The presiding officers of the various election precincts in said Erath county will hold said election, and make due return of same to me within five days after said election—election shall be held and returns made under the general election laws of the state.

Given under my hand and office seal at office in Stephenville, Texas, this the 30th day of November, 1901.

[L. S.]

30-2. L. N. Frank,
County Judge, Erath County Texas.

Rev. T. O'Connell's Condition.

Rev. T. O'Connell, who was formerly pastor of the Christian church here, is still confined in the asylum at San Antonio. The following regarding his mental condition will be of interest to our readers. The letter was addressed to C. H. Jenkins, of Brownwood, and signed by the superintendent of the asylum, Marion L. Graves:

San Antonio, Tex., Nov 26th.—Dear Sir:—Replying to your ininquiry about Rev. T. O'Connell, I beg to advise you that his physical health is quite good, but mentally, he is in a bad way. He has had an attack of mania for some two years and is still excited, noisy and destructive to his clothing.

Deafness Canhot be Cured

By local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. Nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucus surfaces.

We will give One Hundred Dollars for any case of Deafness, caused by Catarrh, that cannot be cured by Hall's Catarrh Cure. Send for particulars, free.

Postmaster Marshall Smith informs us that his electric cancelling machine will be here about Saturday. Mr. Elliott, of Syracuse, N. Y., arrived this week to install it, but finding that it had not yet arrived, left for Laredo to install a canceller there. He will return to Brownwood tomorrow. When Brownwood gets her canceller in operation she will have the distinction of being the smallest city in Texas to have one. One has just been installed in Corsicana, a city twice the size of Brownwood.—Brownwood News.

The city school board in a body went before the city council of Stephenville Tuesday night of last week with a proposition for a new school building, to which the latter agreed. The plan is to ask the city to vote an issue of bonds for about $12,000, to be used in this way as soon as practicable, the design of the building to be such that an addition of $10,000 or more can be made to it whenever the board may find such action within its power, and advisable.

The report that there were several cases of small pox at Thurber is said to be false; that the disease was something else not yet decided upon and which is not epidemic. The county officials however and the people of Huckabay are to be congratulated upon the precaution taken to prevent spreading of the disease in case it had been small pox.

Within a year a tide of immigration may be looked to turn towards Erath from the west. With regret we have seen family after family pass through this county, moving to the west in expectation of there reaping a fortune in a brief time. These expectations will in nearly every case be blasted and the result will be to turn the tide backward.

Benjamin Bishop, one of the Western Union line men, employed in stretching the new telegraph wire from here to Stamford, met with quite a severe accident Monday morning. He was climbing a pole in the western part of town using a lineman's climbers to make the ascent, when the spurs broke through the crust of the decayed pole. The sudden giving way of the wood caused him to lose his balance and he fell to the ground, a distance of about eighteen feet, striking on his head and shoulders. He was picked up by his fellow workmen and taken to Tidwell's hotel, and a doctor was summoned, who after a close examination, found that he had sustained no serious injury, but the shock to his nervous system will doubtless lay him up for some time to come.

The Progress is in a position to know almost to a certainty that the time is ripe for Dublin to at last secure the location of the Texas Central machine shops if the proper effort is put forth by proper persons to do it. There are several good reasons that are not generally known why Dublin has now a better opportunity to secure the shops than at any time in the past. The possibility of securing the Girl's Industrial school may operate at the present time against a concerted movement by all the citizens for the shops, but it should not do so; in fact, this prospect should be an incentive to a still stronger, more vigorous effort for the shops. If we are not successful in getting the school, the bonus pledged for it will not be called for. If we are successful, the fact is apparent that every subscriber to the school bonus is at once more able to take hold of the machine shop question in earnest and with an encouraged determination to have the shops and have them at once. With these two valuable institutions added to those Dublin already has, the town will forge to the front even faster than the most enthusiastic believer in Dublin's future has ever contemplated. Both are within the bounds of possibility and, in fact, probability, and with the assurance of their location a permanent and substantial foundation is laid for Dublin to thribble in population within one-third the time she has been growing to her present proportions.

Miss Louella Mason was the guest of Brownwood friends last week.

John T. Risien is in receipt of another letter from his brother, Miller, dated at New York, Tuesday, December 3rd. In it he states that his trip had necessitated a layover of a week at New York to await the departure of the Philadelphia, a vessel bound direct for Liverpool. After he and his cousin had arrived at New York they found that the vessel upon which they had intended shipping from there did not carry passengers, hence his stay in New York was at the expense of the steamship company which had sold the ticket for shipment on that boat. He said that they would leave New York on the following day and that they had enjoyed their stay in New York, particularly because they were in company of a gentleman they had met in Galveston, who was going the same route to London as they, and who had kindly consented to help them along.

Wm. J. Bryan was recently taking out an insurance policy and in making the application was of course required to answer a list of sicknesses from which he might have suffered. "Yes," he wrote, "I had two severe attacks of presidential fever, followed by severe chills, but I have fully recovered from both.

Attorney General Bell is taking the most vigorous steps in all cases where it is suspected that the anti-trust law is being violated. The cases recently lodged against the breweries, the compresses, the railroads and other corporations are in many cases being submitted to by the defendants without contest, and large sums in penalties are being paid into the state treasurer.

Young Joseph W. Bailey, son of Senator Bailey of Texas, and Archibald Roosevelt, son of the president, engaged in a fist fight at Washington a few days since. The boys are each about eleven years old and are schoolmates in the public schools at Washington. Not long since young Roosevelt developed a strong partisan opposition to young Bailey, whose father is a prominent member of the party in opposition to the administration, hence their fight.

Statistics compiled by Dun's agency show that the cost of living at the present time is greater than it has been in many years, in fact since 1860 when it was slightly higher than the present. The facts from which this information is deduced is not from a standpoint of the people becoming more extravagant but that the cost of the actual necessaries of life are now greater than before. Of these necessaries needed by an ordinary family now at a cost of $101.37 could have been purchased in 1897 for 72.45, but Jan. 1st, 1860, the cost would have been $121.75. This showing is surprising considering the large amount of labor saving machinery invented in the past forty years.

Mrs. Jane L. Stanford, of Palo Alto, California, has donated to the Leland Stamford, Jr., university at that place, property valued at from twenty-eight to thirty million dollars. This was the crowning act of a benevolent idea of the late Senator Stanford, of California, who in memory of his deceased son, built and endowed the institution, and with his influences, and a liberal use of wealth, secured for it a faculty second to none in the educational circles of the country. This action on the part of Mrs. Stanford was in compliance with the wishes of the late Senator, and at her death the entire Stanford estate, with the exception of a few bequests, will revert to the university.

HIGH ALTITUDES.

Food Cannot be Boiled as Quickly as in Low.

The curious experiences people have with coffee drinking are worth pondering over if anyone is ailing and does not know the exact reason thereof.

Coffee is a secretive worker, and through the nervous system effects different parts of the body in different people.

A young married woman, Mrs. T. L. Blackmon, Oswego, Montana, had a conclusive experience in the effects of coffee on her eyes. She says, "I have used coffee since a child, but a short time ago my eyes began to grow weak and the least exertion, such as reading and sewing, would cause shooting pains and wavy lines of light so that I could see but little else for minutes at a time.

This alarmed me and I earnestly sought the cause of the trouble. Someone told me that coffee sometimes affected the eyes. I at once decided to quit it and see if I would be benefited, but I must have something to take the place of coffee for I wanted to modify, as much as possible, the sacrifice of giving it up.

So I decided to try Postum for myself. When it came I made it strictly according to directions and was wonderfully surprised and pleased with it. Husband says that my Postum is very different, indeed, from that he once drank at a friend's table.

I frankly own that I like Postum better than I ever liked coffee. It has a rich body to it that coffee lacks. I boil it longer than twenty minutes and it improves it. Perhaps it requires longer boiling in the high attitudes. I think it does.

For three months now I have been wonderfully benefited. My eyes no longer pain me, and are strong as they ever were. My complexion, instead of being sallow as formerly, is clear and rosy. I know to a certainty that my improvement has been caused by leaving off coffee and using Postum, for that is absolutely the only change I have made, and I have taken no medicine.

A Mr. Randall, a friend of ours, has obtained relief from his stomach trouble and headaches by leaving off coffee and taking Postum. We think we know something of the facts about coffee and about Postum.

THE DUBLIN PROGRESS

A. DALEY,... PUBLISHER AND FOUNDER.

DUBLIN, TEXAS, FRIDAY, DEC. 13, 1901.

The Knights of Pythias at Whitney will soon organize a uniform rank of lodge there.

The U. S. senate has confirmed the appointment of Nathan Leavitt as postmaster at Stamford.

Fancy suspenders, one pair in a box, just the thing for Xmas presents, at Tom Miller's.

R. B. Spencer & Co. offer to pay good premium on cotton to parties who wish to buy lumber. 28-tf.

A Frisco brakeman, whose name could not be learned, had his foot crushed between two drawheads while switching in the yards Monday night.

Swisher county has voted itself "dry." In this it has followed the lead of other plains counties, and was the last to take action, Patter county preceeding it two days.

The board of directors of the Agricultural and Mechanical college met Tuesday at Bryan and elected Prof. R. H. Whitlock to act as president until Col. Foster's successor is appointed.

The amount due the Progress is sufficient to build us a first class brick home for the paper. The sums are all comparatively small and there are but few who could not easily pay.

A recent letter from J. E. Wansley conveys the information that Wansley Bros. have entered the grocery business at Canyon City, Texas. These gentlemen recently moved to that place from Lingleville, this county.

The Houston fruit, flower and vegetable fiesta, opened Monday last with a huge crowd in attendance. The displays are very fine and attract a great deal of attention and the show is certain of success.

By an order of the United States court the stock of R. S. Walker & Co. at Hico was sold at bankrupt sale to Utterback & Harris and Kendrick & Co. for $5,875. The amount paid is about sixty-one per cent of the invoice price.

The storm of Sunday last was general throughout the entire southwest, rain, sleet and snow, accompanied by heavy wind, being reported as far west as the New Mexico line and northward into Oklahoma and Indian territory.

Part of the Western Union line gang, which has been engaged in stretching an additional telegraph wire from here to Stamford, have been recalled to Waco. The line has reached a point about three miles west of De Leon, and the crew will move on to Gorman today.

MEMORY FOOD.

A Case where Memory was Strengthened by Grape-Nuts.

"A food that will actually help the memory as well as agree perfectly with a delicate stomach is worth knowing of.

A good wife out in Alta, Ia., who did not know which way to turn to get food that would agree with her husband who was left in a weakened condition after a serious illness and could scarcely retain any food in his stomach, was one day induced to try Grape-Nuts, the famous ready-cooked breakfast food, and from the first he began to improve rapidly. In three months he had gained thirty pounds.

She says that his stomach has recovered so completely that he can now eat any kind of food.

She mentions the boy of an intimate acquaintance, who was so delicate and thin that his appearance was pitiable and he had no appetite for any ordinary food. He was put on Grape-Nuts and liked the crispness and sweetish taste of the new food and took to it. His improvement began at once and he is now a healthy, plump boy.

"I know that Grape-Nuts will do more for weak stomachs than any medicine. The claim that it will build up and strengthen the brain has been proven to my certain knowledge. Sister, who writes for the press, and is compelled to memorize a great deal, has been using Grape-Nuts and says she is surprised at the result. There is a marked improvement in her memory and the brain works more perfectly and with better results.

"Please do not publish my name." Name can be given by the Postum Cereal Co., Ltd., Battle Creek, Michigan.

Prominent among those who are mentioned as probable aspirants for the democratic nomination for the office of tax collector is A. E. Oates, of Dublin, better known by his many friends in Dublin and throughout the county as Bud Oates. A reporter of the Progress called on him one day this week to know if he did entertain such aspirations, and we were informed that he had fully decided to enter the race and at the proper time would announce. While the Progress is not a democratic paper, in fact at the present time is somewhat of a political orphan as far as partisanship goes, yet we do not hesitate to say, from a personal standpoint, if a democrat is to fill the office, we do not know of any who would give more general satisfaction in this section than Bud Oates.

Chief Deaton, speaking with a reporter of the Progress on the status of morality and the prevalence of crime in the state, had a few words to say for Dublin Wednesday. He said: "I don't believe there is a city in Texas, of our population, that can boast of as quiet and orderly a citizenship as can Dublin. As a matter of course, we have to contend with an undesirable element that infests every town, and we know it; and knowing it, when we get them they are handled with a discipline which, in future, demands a wholesome respect of the law. On the whole, I think we are to be congratulated on the freedom from crime in our midst."

The invitations for the New Year's ball and banquet of the Shamrock club, which will take place New Year's night, are in the hands of the committee for distribution. This function, socially speaking, is the event of the season, and is looked forward to by the socially inclined public as the Utopia of their desires in that line. The club managers intend that the coming party shall eclipse in pleasure and after effect any that has yet been given, and the several committees are busily engaged in perfecting, to the minutest detail, the arrangements incident to their allotment.

A number of Dublin boys, who during the late "unpleasantness" with Spain, were members of Company M, Fourth Texas infantry, have received back pay in sums ranging from $7.00 to $12.50. The pay is due for service from the date of the assembly of the company at the rendezvous to the date it was mustered into service for the war. The money comes in the nature of a pleasant surprise, as the boys supposed they had been paid in full when mustered out. Verily, your Uncle Samuel, although a little slow at times, gets there with both feet when he does land.

Cards are out announcing the wedding on the nineteenth inst., at the residence of the bride's parents, of Cecil J. East and Miss Washburn M. L. Cline, of this city. The prospective bride is a daughter of J. K. P. Cline, the well-known farmer, whose place is about two miles north of town, and the groom is a young farmer, who has long been a resident of this county. Both of the contracting parties have hosts of friends in the young set. The best wishes of all are extended to the happy pair. The Progress extends felicitations.

The Burleson House, long recognized as one of the leading first-class hotels of Dublin, has changed hands, Mrs. Burleson retiring, and T. W. O'Neil assuming the management. The improvements made by the latter are on an elaborate scale, and one is at once impressed that the house is none the loser by the change, and that Mr. O'Neil will not only follow, but endeavor to improve upon lines laid down by his predecessor.

Jesse B. Brewer, of West county, Virginia, accompanied by his wife, is here visiting his brother, H. K. Brewer, and family. Mr. Brewer represents the Baltimore branch of the National Enamelling Stamp Co., which also has houses at St. Louis, Milwaukee and New York. The visit here, however, is in the nature of a pleasure trip, and his charming wife will remain here until after the holidays, the guests of his brother and family.

A dispute which resulted in the fatal shooting of Clay Hudgins at the hands of Gaston Cogdell occurred Tuesday night at the latter's ranch near Granbury. Cogdell gave bond in the sum of $5,000. No particulars of the affair are obtainable, but our informant says that it is not believed Cogdell was the aggressor.

We are this week authorized to announce J. F. Robinson for re-election to the office of city assessor and collector at the city election to be held Tuesday, April 1st, next. Mr. Robinson has held this position for one term and it is universally admitted that he has made an exceptionally careful and efficient official.

Two students at the A. and M. college are down with mild cases of varioloid. They are isolated about a quarter of a mile from the college, and physicians say there is no danger of a spread of the disease.

Object Lesson in Irrigation.

An Associated Press dispatch to the Dallas News, dated Dec. 7, gives the following story of successful irrigating, and cites it as an object lesson to farmers and owners of small acreages:

Lometa, Tex., Dec. 7.—Z. T. Maxwell and son W. E. Maxwell, who own a little irrigable farm of thirty acres about twelve miles from here, on Rough creek, in San Saba county, have this year sold $4,530 worth of onions, potatoes, cabbage, tomatoes, peas, turnips, etc., to say nothing of corn and hay sufficient for their own use, and not included in the above figures.

The above figures are those of Mr. Horn, the merchant, and Mr. Maxwell, and are at patch prices for the products, plus use of their team and services. On the same ten acres they raised 1,800 bushels of onions, they also raised 1,500 bushels of potatoes; that is, they raised the onions and potatoes on the same ten acres the same year.

In some other places in San Saba county where they irrigated this year, they made two bales of cotton per acre.

Maxwell's postoffice address is Chapell, San Saba county, Texas.

An Old-Fashioned Free-for-all Christmas Tree.

The Christmas tree at the Baptist church Christmas eve (night) will be free to all who wish to participate. Gifts properly labeled and delivered to the committee at the church before five o'clock on that date will be properly arranged and cared for. The occasion is designed especially for the children, not of the Baptist Sunday school alone, but any and all children, and others who wish to take part in it. A suitable musical program will be rendered. J. C. WINGO, Pastor.

Misses' jackets, capes, fascinators, etc., at Tom Miller's at one-third off.

Mr. and Mrs. J. J. McElroy, of Waco, visited last week in Dublin, the guests of their daughter, Mrs. Charley Long. They returned home Friday.

The Cotton Belt railroad is soon to be built from Gatesville to Hamilton. After reaching Hamilton, as a natural consequence Brownwood, Blanket, Comanche and Dublin will bid for it.—Blanket Gazette.

We are not saying much but when the Cotton Belt extends, proper efforts will be put forth to see that the extension will reach Brownwood. Dublin and Comanche must don their hustling clothes to beat us.—Brownwood News.

The democratic executive committee of Bosque county met at Meridian last Saturday and decided to hold the primaries for that county on March 29th. Negroes are to be absolutely excluded from participating in the primaries and the following pledge was agreed upon, viz: "I am a democrat, and hereby pledge myself to support the nominees of this primary."

KICK A DOG

Kick a dog and he bites you. He bites you and you kick him. The more you kick the more he bites and the more he bites the more you kick. Each makes the other worse.

A thin body makes thin blood. Thin blood makes a thin body. Each makes the other worse. If there is going to be a change the help must come from outside.

Scott's Emulsion is the right help. It breaks up such a combination. First it sets the stomach right. Then it enriches the blood. That strengthens the body and it begins to grow new flesh.

A strong body makes rich blood and rich blood makes a strong body. Each makes the other better. This is the way Scott's Emulsion puts the thin body on its feet. Now it can get along by itself. No need of medicine.

This picture represents the Trade Mark of Scott's Emulsion and is on the wrapper of every bottle.

New Grocery Store!

We have purchased the entire stock of the late Harris Grocer Co. and after greatly replenishing and adding a fine lot of fresh goods, have opened store in the same building formerly occupied by them. We have located among you to do business, and to incidentally do our part toward the upbuilding of the town and country. We solicit your trade on strictly business principles and propose to do as well, if not any better, by you than any one else.

Our stock will at all times be found up-to-date, fresh and clean, and courteous treatment and prompt delivery of goods will be a feature upon which we hope to still further merit your trade. We will, in the near future, put on the finest delivery wagon in the city, with top, and our driver will be reliable. This insures the delivery of your goods to any part of the town in exactly the same shape as when they leave the store. Besides, you are not charged five cents extra on every bill of goods.

You may send your Children to our store. We treat all alike.

A fine collection of the delicacies of the season and everything obtainable that's good for the festal board will be always on hand in our store. We will especially be prepared to supply your wants for dinners during the approaching holidays. Don't fail to give us a trial and remember that we guarantee to satisfy you in quality and price. Farmers having country produce to sell can always get the highest market price for it at our store. Especially do we want to buy Chickens and Eggs.

AN ADDRESS.

An Appeal to the Tax Payers for Better Roads, and to Vote the Special Tax January 4.

To the property tax paying voters of Erath County, Texas:

The 27th legislature of the state of Texas did, at its regular session in April, 1901, pass a law known as the "Erath County-Road System," (which fully appears on pages 191-2-3-4-5 of the acts of the regular session of the 27th legislature, which is here referred to and made a part hereof,) which law only becomes operative after it has been adopted and accepted by the commissioners' court of Erath county.

Said law has been adopted and accepted by the commissioners' court of said county, and provides among other things, as follows: "As soon as practicable after the commissioners' court accepts the provisions of this act, as above provided, said court shall order an election to be held in said county of Erath by the qualified property taxpaying voters of said county, to determine whether or not an additional annual ad valorem tax, not to exceed fifteen cents on the One Hundred Dollars valuation, shall be levied upon all the property in said county subject to taxation, for road and bridge purposes, in addition to the amount now authorized to be levied by general law. The officers holding said election shall receive no compensation for their services in holding the same; at said election each ballot shall have written or printed on it the following: 'For Additional Road and Bridge Tax,' or 'Against Additional Road and Bridge Tax,' as the case may be. At said election no person shall be permitted to vote unless he be a qualified property tax paying voter of Erath county."

The tax provided for in this law and election shall be used for road and bridge purposes only.

With the increased district court service in this county and a system of largely paying the jury service out of the road bridge fund, and with the limited tax levied and collected annually for road and bridge purposes we find we are unable to build, construct and maintain the number, class and system of roads and bridges the public demands and requires and are entitled to in this county.

This court will give the public the best roads possible with the money at its command, and in order to have good roads—the sand beds graveled, the hills dug down and ditched and graded, and bridges built where they are needed—we must have more money for this purpose than is now provided by law. We have therefore ordered an election under the above cited law to be held throughout Erath county at all the voting precincts in said county on Saturday, January 4th, 1902, that the property tax paying voters of said county may determine by ballot whether or not they will tax themselves annually not exceeding fifteen cents on the one hundred dollars valuation of property for road and bridge purposes only, in addition to the tax now levied.

In this connection the court will state that should this tax carry, taxes will not be increased above what they now are, as the court house tax will be reduced as much as will be levied under this law for road and bridge purposes.

This court is of the opinion that the best interests of the public will be served by the adoption of this additional road and bridge tax, and with additional funds that it will put at the disposal of the court for the construction of roads and bridges, this court will be able to make and maintain good roads throughout the county and build all necessary bridges within a reasonable time.

This court, therefore, respectfully requests the property tax paying voters of said county to turn out at the election on January 4th next and to adopt said tax and thereby insure at an early date good roads and needed bridges throughout the county.

This court hereby appoints the regular election officers of the different voting precincts to hold this election and request them to call to their assistance such help as may be necessary to enable them to hold said election. Said presiding officers will make due return of said election within the time and under the general election laws of this state.

L. N. Frank, county judge of Erath county, is requested to give the necessary, proper and legal notice of said election for at least twenty days before said election by having a notice of same published in the county papers of Erath county. All of which is respectfully submitted this 16th day of November, 1901.

County Judge.

A. J. Snell wanted to attend a party, but was afraid to do so on account of pains in his stomach, which he feared would grow worse. He says, "I was telling my troubles to a lady friend, who said: 'Chamberlin's Colic, Cholera and Diarrhoea Remedy will put you in condition for the party.' I bought a bottle and take pleasure in stating that two doses cured me and enabled me to have a good time at the party." Mr. Snell is a resident of Summer Hill, N. Y. Mason and Dixon's Line.

Mason and Dixon's line, the famous old historic boundary of the South, is being resurveyed and will not be permitted to drop from existence. The old stone markers or posts which marked the line are being reset in solid cement bases and iron posts are being substituted in places where the old posts have disappeared. The old line is too closely associated with the country's history to be allowed to vanish from the earth and the states are having it surveyed.—New York World.

Chamberlain's Stomach and Liver Tablets.

Try them
When you feel dull after eating.
When you have no appetite.
When you have a bad taste in the mouth.
When your liver is torpid.
When your bowels are constipated.
When you have a headache.
When you feel bilious.
They will improve your appetite, cleanse and invigorate your stomach and regulate your liver and bowels. For sale by Overton Drug Co.

A Ballinger stockman has demonstrated to his satisfaction that kerosene mixed with salt given to cattle on the range will cause them to shed every tick in a few days and he says also that the kerosene does not deter the cattle from taking the salt. His method was to place a sack of salt on the ground rip one side of the sack open, pour the oil in the slit and over the sack. He tried this scheme two or three times during the past year and found it worked to profection every time. This is certainly a cheap and easily applied remedy, and its importance is too great to estimate if it is a success in every instance, as it was in his experiments.

Food Changed to Poison.

Putrefying food in the intestines produce effects like those of arsenic, but Dr. King's New Life Pills expel the poisons from clogged bowels, gently, easily but surely, curing constipation, billiousness, sick headache, fevers, all liver, kidney and bowel troubles. Only 25c at Overton Drug Co.

Free Chair Car.

Between Waco and Memphis, via M. K. & T. and C. O. & G. Railways. This new through chair car service enables passengers to leave Waco on the "Katy" at 7:18 p. m. and reach Memphis the next evening at 7:40 p. m., without change of cars. In opposite direction passengers leave Memphis at 9 a. m. and arrive Waco at 10:54 a.m. The seats in those chair cars are easy and comfortable and absolutely free. A porter is in charge of the chair car to look after the comfort of the patrons. For further information see "Katy" agents, or write W. G. Crush, G. P. & T. A., Dallas, Tex.

Big Suit Against the Central.

Suit has been instituted in the district court of Bosque county against the Texas Central railroad for an aggregate of over one and a half million dollars in fines for the alleged violation of the separate coach law by the defendant company. It is understood that similar action will be taken in all the counties through which the Texas Central passes.

The suit referred to is brought in the name of the state of Texas, acting through H. S. Dillard, county attorney of Bosque county, and the petition sets forth the following statement of alleged facts:

"Plaintiff further represents that on or about August 15th, 1899, defendant put on its road daily trains, one running from Dublin to Waco, and the other from Waco to Dublin on the the same day, and called by defendant train No. 3, and train No. 4, both passing through said Bosque county each and every day, making two trips through said county each and every day since August 15th, 1899, up to and including the present time; that both of said trains are passenger trains and have been such during said time, carrying passengers for hire, and are not and never were such trains as are exempt from the operation of said separate coach law, and though being bound to observe and obey the requirements of said separate law, the defendant in utter disregard of said law never provided on either of said trains separate coaches for the accomodation of negro and white passengers, nor has the defendant divided the coaches on said trains or either of them with good and substantial wooden partitions with door or doors therein as required by law, but have each and every day since August 15, 1899, run and operated said passenger trains without separate coaches.

That said trains have been run two trips daily for 825 days and defendant had during said time made 1650 trips with said trains through said county so operated in violation of the letter of the law to the damage of the state of Texas to the use of the common school fund of said Bosque county in the sum of $1,625,000.

County Attorney Dillard in regard to the suit said:

"The state contends that these violations of the separate coach law as set out in the petition are true, and my department with such other counsel as will be employed by the commissioners' court of this county will fight the suit to a finish. We think we can get witnesses too numerous to mention to substantiate our charges."

A Woman's Awful Peril.

"There is only one chance to save your life and that is through an operation," were the startling words heard by Mrs. I. B. Hunt of Lime Ridge, Wis., from her doctor after he had vainly tried to cure her of a frightful case of stomach trouble and yellow jaundice. Gall stones had formed and she constantly grew worse. Then she began to use Electric Bitters, which wholly cured her. It's a wonderful stomach, liver and kidney remedy. Cures dyspepsia, loss of appetite. Try it. Only 50c. Guaranteed. His Last Letter.

The suicide of William Burroughs at Morgan Mill, ex-postmaster, has been given some local prominence because of the fact that he committed suicide on the day before he was to have appeared before the United States court in Ft. Worth to answer a charge of embezzlement of postoffice funds. Mr. Burroughs, who was an aged man, wrote a letter before committing the desperate act of suicide, the following extracts from which are of public interest:

"As reckless and bad as my life has been I have, during my retirement and seclusion the last summer and fall months, repented of all sins, and prayed often and earnestly to God for forgiveness and salvation through the merits of Christ, who suffered and died for all. I believe in this as the only salvation, and I believe that God, through His infinite mercy and grace, will accept me, and that the ransom paid by the Savior will cover this, my last act.

"With charity for all, with malice toward none, with kindly remembrance for the patrons of the Morgan Mill postoffice, whom I served for nearly nine years.

"Good-bye, all, relatives and friends everywhere, and especially an affectionate good-bye to my dear, good, loyal wife—Lucinda, good-bye!"

Hundreds of pounds of honey have been discovered in the great equestrian statue of General Robert E. Lee at Richmond, Va. Both the horse and the rider are hollow, and it appears that ever since last summer bees have been going in and out at the parted lips and nostrils of General Lee and his steed. The bees are almost numberless, and they have been making honey constantly. There is no way of getting into the statue without damaging it, and the bees will be left alone in their iron home.

This remedy is sold by Overton Drug Co.

It is painful to read in the Kansas newspapers that sheriff so and so is going to empty so and so many bottles of beer into such and such a creek on such and such a day. Is there no better destination for the confiscated stock of the joint keeper? From the points of view of the public health and of temperance, it must be wrong to pollute a stream, and surely the jamaica ginger drinker might be coaxed from the error of his ways by means of beer. First beer, then water. Reform must be gradual. Besides, beer is good to clean rugs with.—New York Sun.

The weather of last Sunday was the most varied as well as the most disagreeable we have had within a twelve-month. During the day there was snow, hail, sleet, rain and sunshine and all the while a stiff norther blowing. Early Monday morning was the coldest spell of the season when the thermometer registered four degrees below freezing and a thin skim of ice covered small bodies of water.

Saw Death Near.

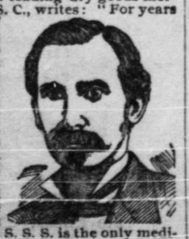

"It often made my heart ache," writes L. C. Overstreet, of Elgin, Tenn., "to hear my wife cough until it seemed her weak and sore lungs would collapse. Good doctors said she was so far gone with consumption that no medicine or earthly help could save her, but a friend recommended Dr. King's New Discovery and persistent use of this excellent medicine saved her life." It's absolutely guaranteed for coughs, colds, bronchitis, asthma and all throat and lung diseases. 50c and $1.00 at Overton Drug Co. Trial bottle free.

CATARRH

Catarrh has become such a common disease that a person entirely free from this disgusting complaint is seldom met with. It is customary to speak of Catarrh as nothing more serious than a bad cold, a simple inflammation of the nose and throat. It is, in fact, a complicated and very dangerous disease; if not at first, it very soon becomes so.

The blood is quickly contaminated by the foul secretions, and the poison through the general circulation is carried to all parts of the system.

Salves, washes and sprays are unsatisfactory and disappointing, because they do not reach the seat of the trouble. S. S. S. does. It cleanses the blood of the poison and eliminates from the system all catarrhal secretions, and thus cures thoroughly and permanently the worst cases.

Mr. T. A. Williams, a leading dry-goods merchant of Spartanburg, S. C., writes: "For years I had a severe case of nasal Catarrh, with all the disagreeable effects which belong to that disease, and which make life painful and unendurable. I used medicines prescribed by leading physicians and suggested by numbers of friends, but without getting any better. I then began to take S. S. S. It had the desired effect, and cured me after taking eighteen bottles. In my opinion S. S. S. is the only medicine now in use that will effect a permanent cure of Catarrh."

SSS is the only purely vegetable blood purifier known, and the greatest of all blood medicines and tonics.

If you have Catarrh don't wait until it becomes deep-seated and chronic, but begin at once the use of S. S. S., and send for our book on Blood and Skin Diseases and write our physicians about your case.

THE PHILIPPINE TARIFF

Chairman Payne Presents His Bill to His Committee.

TWO NEW FEATURES

The Measure Is Drawn to Meet the Conditions of the Recent Decision of the Supreme Court—Mr. Choate to Succeed Hay.

Washington, Dec. 10.—Chairman Payne of the ways and means committee presented to his republican colleagues of the committee on the revenue tariff bill for the Philippines, which he had drawn to meet the conditions of the recent supreme court decision. Republican members of the committee met and discussed the subject. This meeting was executive and preliminary to a full meeting of the committee tomorrow morning, when the Philippine tariff measure will be submitted to the Democratic members and then voted upon.

The Payne bill is quite brief, with its main features, viz., applying the Dingley law as against Philippines except to this country and applying the Philippine commission's tariff schedule to goods entering the Philippines. A further section grants a rebate of customs tax on goods which have paid internal revenue tax in this country. There is no provision in the measure that it shall be temporary, so that the rates, if imposed, will be applicable until congress otherwise acts.

Choate May Succeed Hay.

New York, Dec. 10.—Many Republicans in New York state have not been able to understand why Ambassador Joseph H. Choate has prolonged his vacation in this country. It has been said in Washington that if Mr. Hay had been defeated on election day President Roosevelt was to have appointed Mr. Low ambassador to Great Britain.

Another story is out today from Republicans who have talked with President Roosevelt within the last few days. They said they believed that President Roosevelt is to appoint Mr. Choate to be secretary of State in place of Secretary Hay, who may possibly take Mr. Choate's place as ambassador.

Presidential Appointments.

Washington, Dec. 10.—The following appointments were sent to the senate:

Richard Pearson, North Carolina, consul at Genoa.

Henry D. Saylor, Pennsylvania, consul at Dawson City, Yukon Territory, Canada.

Cornelius Vancott to be postmaster at New York.

Surgeon general and chief of bureau of medicine and surgery—Capt. Royal S. Bradford.

The following were appointed postmasters:

American Federation of Labor.

Scranton, Pa., Dec. 10.—The committee on resolutions engaged the attention of the American Federation of Labor at this morning's session. The committee reported a number of resolutions and delegates immediately proceeded to consider them. The first resolution considered was one pledging the assistance of the Federation to the Journeymen Tailors' Union of America in contests for free shops. The resolution was adopted.

SERIOUS AFFRAY.

Attempted Arrests at Scranton Cause Fights and Several Wounded.

Sranton, Pa., Dec. 10.—The most serious of the many riots which have occurred here during the street car strike happened late Monday. Special Officer Frank Schoffield, accompanied by Detective Cosgrove, whose head was cut in Sunday night's riot, went to the scene to comprehend any one the detective might be able to identify as having been among his assailants. They attempted to arrest a man in a salooon, but no sooner was the warrant shown than a crowd of miners attacked them with drills, clubs and bottles. They retreated backwards, protecting themselves with drawn revolvers, when some one fired two shots. The officers and a non-union motorman who accompanied them emptied their revolvers at the mob and then ran. The mob kept up a steady fire from places of concealment.

Three members of the mob were shot, but their wounds are not serious.

Schoffield is a striking conductor. He is serving as a special officer in Magistrate Millar's court to fill in time until the strike shall be settled.

THEY ARE STILL ALIVE.

Miss Stone and Her Companion Heard from Once More.

Sofia, Bulgaria, Dec. 10.—According to information received from Salonica, Miss Ellen Stone and Mme. Tsilka, her companion, are concealed in the vicinity of Rilo, about five miles south of Dubnitza, in Bulgarian territory. The news was brought by a Macedonian, who left there Dec. 1 and who furnished precise information regarding the hiding places and the names of the agents supplying food for the brigands and their captives.

It is understood that the information is considered reliable enough to justify the American officials in Turkey dispatching emissaries to treat with the bandits and that application has already been made to the Turkish government for the free passage of the emissaries across the Turkish frontier which is vigilantly guarded by troops stationed at every thousand yards.

PATRICK'S CASE.

Attempt Made to Release Him on Being Illegally Detained.

New York, Dec. 10.—A writ of habeas corpus for the production of Albert T. Patrick, in the supreme court had been issued. The petition on which the writ was granted recites that Patrick, who is accused of the murder of Wm. Marsh Rice, formerly of Texas, on Sept. 19, 1900, is illegally detained, not by virtue of the final judgment of any competent tribunal and that he has been in jail now for four months in defiance of his constitutional rights to a speedy trial.

It is stated in the petition that the original charge against him was forgery and bail was fixed at a very high figure, that Patrick offered the security required and that then the district attorney had the charge changed to murder.

Special Guards at the Jail.

Frankfort, Ky., Dec. 10.—County Judge Moore has issued orders placing guards on duty at the county jail here for the better protection of the prisoners, Caleb Powers and Berry and Jim Howard. The order was the result of a controversy between the judge and County Jailer Lawrence over the taking of two of these prisoners from the jail recently to the jailer's residence to take dinner and meet some friends. The jail will be constantly guarded until after the January term of the Frankling circuit court, at which time Jim Howard is to be tried.

Nine Held for Murder.

Montgomery, Ala., Dec. 10.—Nine of the negroes charged with the shooting of J. W. Dorsey and Town Marshal Atkinson at Opp, Wednesday were committed to jail without bail at Andulisia on preliminary hearings. Sixteen other negroes were discharged. The troops have been withdrawn from Andulusia and the situation there is quiet.

Cotton Cloth for China.

Tupelo, Miss., Dec. 10.—The Tupelo cotton mills, recently established, has received an order for 100,000 yards of cotton cloth, to be shipped to China and the order will be turned out within the next 30 days. So far as known this is the first order for China market that has ever been received by a cotton mill in Mississippi.

Attorney Carter Ordered Removed.

Pauls Valley, I. T., Dec. 10.—Dorset Carter, the attorney and president of the Red Fork Oil company, will be removed from the Indian Territory by order of Judge Townsend having held in an opinion delivered here, that the court has no right to interefere with the acts of the interior department in this matter.

Railway Workman Hurt.

Peru, Ind., Dec. 10.—A box car loaded with workmen ahead of an engine of a construction train on the Cincinnati Richmond and Munice railway jumped the track two miles east of this city Monday and rolled down a fifteen foot embankment, resulting in the fatal injury to one man, serious injuries to two and minor injuries to 20.

Ferguson Assumes Office.

Guthrie, O. T., Dec. 10.—Thomas B. Ferguson of Watonga has assumed the office of governor of Oklahoma. Gov. Ferguson made no speech and vouchsafed no promises. It is said all the officials of the Jenkins administration will be removed at once.

SENSATION IN SENATE

South Carolina Senators Bring Their Trunks Before That Body.

LIVELY TIMES HAD.

McLaurin Scored What He Calls the New Democratic Party and Tillman Challenged Him to Resign With Him Now.

Washington, Dec. 10.—The senate chamber was the scene of a highly dramatic episode Monday afternoon when Senator Tillman of South Carolina challenged his colleague, Senator McLaurin, to resign with him on the spot in order, to use his own language, that they might be able "to wash their linen at home." Mr. McLaurin did not take up the gauge. The incident was the sequel of the very bitter controversy which arose between the senators in South Carolina last spring.

Mr. McLaurin arose to a question of personal privilege and proceeded to explain what he charged was a conspiracy to discredit him in his own state for acts and views which did not meet the approval of certain Democratic leaders. He declared that he was being humiliated, and according to public prints was to be excluded from the Democratic caucus because

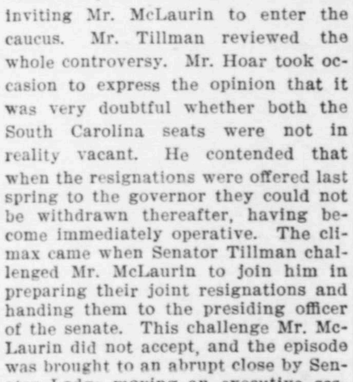

JOHN LOWNDES M'LAURIN.

he had acted upon certain public issues in a way which he considered for the best interests of the country and of the people of his state. He announced himself a believer in the old Democracy, and after denouncing the new Democracy leaders who, he said, had brought destruction upon the party, declared that he could not be driven from his old allegiance into a party with which he did not care to affiliate.

Senator Jones, chairman of the Democratic national committee, denied that he had any "ulterior motives" in not inviting Mr. McLaurin to enter the caucus. Mr. Tillman reviewed the whole controversy. Mr. Hoar took occasion to express the opinion that it was very doubtful whether both the South Carolina seats were not in reality vacant. He contended that when the resignations were offered last spring to the governor they could not be withdrawn thereafter, having become immediately operative. The climax came when Senator Tillman challenged Mr. McLaurin to join him in preparing their joint resignations and handing them to the presiding officer of the senate. This challenge Mr. McLaurin did not accept, and the episode was brought to an abrupt close by Senator Lodge moving an executive session.

Mr. Hoar of Massachusetts offered a resolution to authorize the president to enter into negotiations with other civilized countries for the selection of some island or other suitable territory to which might be transported and confined persons instigating or counseling the destruction of the government, or those attempting to take the lives of magistrates. The resolution was referred to the committee on foreign relations.

Mr. Stewart of Nevada, apropos of the president's recommedation on the subject of irrigation, called the atten

tion of the judiciary committee to what he said was a defect in the jurisdiction of the United States, and presented a joint resolution for a constitutional amendment to cure the defect.

The presentation of the resolution provoked some discussion, and Mr. Teller of Colorado expressed the opinion that no constitutional amendment was necessary.

A joint resolution was passed appropriating $75,000 in aid of the South Carolina Interstate and West Indian exposition at Charleston. The appropriation is required to be used for the transportation and installation of a government exhibit at Charleston.

New Ship Subsidy Bill.

Washington,, Dec. 10.—Senator Frye Monday introduced the new ship subsidy bill. It differs in from the subsidy bill of the past two sessions? it is divided into four titles and fifteen sections.

The sections under the title "ocean mail steamships" are devoted to amendments to the ocean mail act of 1891. The postmaster general is required to consider the rational defense and the maritime interests of the United States as well as postal interest in providing for the transportation of American ocean mails.

The present limit of ocean mail contracts 10 years, is increased to 15 years. The Frye bill provides seven distinct classes with a rate 6 to20 knot steamers increasing from 8000 to 10,000 tons, the minimum size; $3 for sixteen knot steamers provided the size is increased from 5,000 to the present minimum, to 8,000 tons. The proposed maximun mail rates per gross ton 600 nautical miles are:

Over 10,000 tons 20 knots 2.7 cents, 19 knots 2.5 cents, 16 knots 1.9 cents, 15 knots 1.7 cents. Over 2,000 tons 14 knots 1.5 cents.

Rates for mail steamers to the West Indies, Central America and Mexico cannot exceed 70 per cent of the maximum rates.

The second title, "general subsidy" contains the general subsidy for all the vessels, steam or sail which are not under mail contracts. This general subsidy is uniform, one cent per gross ton per 100 nautical miles for not exceeding 16 entries in one year.

To promote the building of new ocean vessels an amendment allowance of one fourth of a cent per gross ton is made for five years.

Any vessel to receive the general subsidy must carry mails if required and must train in seamanship for engineering one American youth for each 1,000 tons, the vessel to be at the service of the government if required for defense.

Any vessel to receive subsidy must be class A1, and at least one fourth of the crew must be American.

The bill provides for annual bounty of $2 a ton for deep sea fishing vessels and of $1 a month for American citizens when engaged in deep sea fisheries; that a vessel shall receive only one form of subsidy and that a vessel has received a subsidy shall not be sold to a foreigner except by consent of the secretary of the treasury. The bill does not provide American registry for foreign except by consent of the treasury. The bill does not provide American registry fo American ships owned by Americans.

Root's Philippine Bill.

Washington, Dec. 10. — Secretary Root, with his advisers in the war department is preparing a bill which he expects to submit to congress in a day or two fixing duties for the Philippines to meet the supreme court's decision. The latest phase requiring consideration is the application of the drawback laws to trade between the Philippines and the United tSates.

It is expected that any tariff arrangement made will include provision for the payment of the drawback on any goods imported into the United States and exported to the Philippines. It is also the purpose to provide for the remission of internal revenue taxes on goods otherwise liable to such tax but exported to the Philippines. The official opinion at the war department is strongly adverse to the proposition which has been broached by some Republican members of congress to frame a new tariff schedule for the Philippine Islands.

Canal Treaty Bill.

Washington, Dec. 10.—Senator Lodge Monday presented to the senate in executive session the report of the committee on foreign relations recommending favorable action upon the Hay-Pauncefote isthmian canal treaty and gave notice that he would ask the senate to go into execution of the consideration of the treaty, repeating the request each day until the senate should act upon it.

Special Chickasaw Legislature.

Ardmore, I. T., Dec. 10.—Governor Johnson of the Chickasaw Nation, has called a special session of the Indian legislature to meet December 10, to consider important matters affecting the tribe's interest. The legislature strongly favor a supplementary agreement with the United States government providing for immediate closing of the tribal rolls and allotment of lands.

The Creek council has adjourned. A supplementary agreement was passed which will enable the Creeks to rapidly wind up the tribal affairs.

Bronze Tablet Marks the Spot

Buffalo, Dec. 10.—A bronze tablet now marks the spot where the body of the late President McKinley lay in state in this city in the lower corridor of the city hall. The inscription on it is as follows::

"Here lay in state the body of William McKinley, president of the United States. September 15, 1901."

Forty-five stars form the border of the tablet, and the letters are cut into the bronze to the depth of an inch.

Landed Ceded for Canal Route.

Managua, Nicaragua, Dec. 10.—Dr. Fernando Sanchez, the Nicaraguan minister of foreign affairs, and William L. Merry, United States minister to Nicaragua, Salvador and Costa Rica, signed a treaty Monday by which Nicaragua agrees to lease a section of Nicaraguan territory six miles wide, which inciudes the route of the Nicaraguan canal, to the United States perpetually.

Will Appeal to Congress.

Washington, Dec. 10.—The William McKinley national memorial arch association has determined to change its plan of operation so as to appeal to congress instead of to the public for the erection of the proposed McKinley memorial at Washington.

The association will be reincorporated and contributions received by the association for the propsed memorial arch will be returned.

A LITERARY CURIOSITY.

FOUND DEAD AT FORT WORTH.

The Body of J. J. Hart of Dublin Was Found Yesterday Under Mysterious Circumstances.

Early yesterday morning the information was received here that the dead body of James J. Hart of Dublin was found in a storm sewer at the corner of seventh and Rush streets, in the heart of the city of Ft. Worth.

Mr. Hart had left Dublin Wednesday in the best of health for Pilot Point to take charge of a new mill there and the news of this fatality came as a severe blow to his many friends here as well as to his now grief stricken family. The Ft. Worth Mail Telegram of yesterday had a lengthy write-up of the matter from which we republish the following information:

"When discovered by a negro, who had been sent to bail the water out of the sewer to allow the men to go to work, the body was resting on it's back with only the head and shoulders protruding from the water apparently about one and a half feet deep. Just between the eyebrows was a hole, penetrating to the bone, a small cut on the bridge of the nose, an abrasion of the skin under the right ear. No other marks of violence appeared upon any other portion of the body. A clot of blood rested on the upper lip under the nostrils and mingled with the gray mustache.

The hands and face were wrinkled and drawn as a result of having been in the water for sometime—presenting a cooked or scaulded appearance.

The clerk at the Mansion hotel said that Mr. Hart came into the hotel about 5:50 Wednesday evening in an apparent hurry, paid for a nights lodging, left his overcoat, and asked the clerk to register for him as he was in a hurry. The clerk says in paying for his lodging he pulled out a roll of bills and was some seconds in finding a $5 bill among the others of a larger denomination. He returned about 6:30 and had supper. Shortly after supper he was seen walking about. Later he is said to have been seen by different ones on the street, walking about as any other citizen or stranger would do, and is said to have been seen by some one—just who was not learned—in the vicinity of the corner of Seventh and Rusk streets, where the corpse was found.

The theory of accidental drowning has been exploded, since no money other than a few pieces of silver was found on his person, and he is known to have had a "roll" at 6 o'clock. Another thing tending to dispel this theory is the fact that Drs. Chambers and McElroy, who examined the wounds at the morgue, say that the wound between the eyebrows was sufficient to stun to insensibility, and was made with an instrument, going straight into the bone, fracturing same, and was possibly made with such force as to kill. The wound is small but deep. Dr. Chambers said in answer to a direct question from the reporter, that had he fallen into the water in a wholly live condition and in possession of his every faculty, the lungs and chest would have been filled with water before life was extinct, whereas had he fallen in or been thrown in in a partially stunned or insensible condition, with life almost wholly or patially extinct, the very slight breathing or attempts at breathing before life was extinct would have admitted but little water into the lungs. This is the condition in which he was found.

The acceptable theory, then, is that Mr. Hart was sandbagged, or slugged robbed and thrown into the pool of water, which had accumulated there as a result of the rain.

The detectives and police force are working diligently on the case and the theory of foul play is generally believed."

P. J. Hart, a brother, and J. J. Hart, Jr., son of the deceased, left Dublin yesterday morning for the scene after telegraphing instructions to embalm the body and last night they returned on the midnight train with the corpse which will be buried at the new cemetery this afternoon. Mr. Hart's brother says that he is inclined to the opinion that there was no foul play and that his brother was walking along at the point indicated and fell in and was so stunned by the fall that he was drowned before regaining consciousness. He says the story of the hotel clerk as to the amount of money he had is a mistake for his brother could not have had more than $10 on his person when he left home and besides when found he still had on his watch and a small amount of silver in his pocket.

Girl's Industrial School.

Hon. O. B. Colquitt, of Terrell, who is chairman of the commission to locate the State Industrial school for girls, has given out a statement concerning the matter in which he says that the time limit for proposals for the location expired Dec. 1st, and that he had in his possession the sealed bids of Austin, San Antonio, Houston, Bryan, Huntsville, Hillsboro, Walnut Springs, Dublin, Denton, Greenville, Jefferson and Terrell. The committee, he said, would meet at Austin Jan. 7th and consider the bids and go from there to each town seeking the location and inspect the site offered and that it would probably be late in January before the site is finally decided upon. Mr. Colquit says that Bryan and Huntsville are asking for the location under a provision of the law providing that the commission consider the advisability of locating the school in connection with some other similar state institution already established.

CAUSED BY ARREST.

Sid Preacher Shoots to Death J. C. James and Herman Youngst and Is Shot by One of the Dying Officers.

Houston, Tex., Dec. 12.—There was a triple killing in Houston late Wednesday afternoon at the corner of Congress avenue and San Jacinto street. It resulted in the death of two officers, J. C. James and Herman Youngst, and of Sid Preacher, who shot them, and who by one of them was fatally shot.

The real cause of the shooting was the arrest of Preacher on Tuesday by another officer on the charge of gambling, and it is supposed the fatal ending was brought about by a discussion of his arrest, or an attempt to rearrest Preacher on other charges of gambling. The shooting attracted the attention of the people on the street.

Preacher used a shot gun and the officers their pistols. Preacher and Youngst had a hand-to-hand battle in the street.

James was shot down by Preacher and Youngst came to his rescue. In the fight Youngst was killed, and while Preacher was beating Youngst over the head James raised upon his elbows and killed Preacher.

Officer James leaves a widow and two children.

Herman Youngst had a good record as a Confederate soldier. He leaves a grown daughter, Mrs. Sam Hobbs.

The people are very much wrought up over this shooting and there may be a meeting of some kind to express the public sentiment in strong terms.

J. B. Brockman has been arrested on the charge of murder. The warrant was sworn out by Justice of the Peace Hill. The arrest was made by a policeman and he was turned over to the sheriff, who placed him in jail. The charge grew out of the killing of the two officers.

Anti-Scalpers Ordinance Void.

Houston, Dec. 12.—Judge A. C. Allen of the criminal district court rendered a decision in the misdemeanor case, wherein I. L. Wolf was charged with violating the scalpers' ordinace of the city. Three days ago the civil district court decided against Wolf et al., where they asked that the city be enjoined from interfering with them in the prosecution of their business. In other words, the injunction was refused. The effect of Judge Allen's decision is in their favor. He in substance holds that the city charter does not authorize legislation of the character that is in the ordinance, and that the court of criminal appeals has already rendered decisions that makes the ordinance illegal and void.

Quail Confiscated.

South McAlester, I. T., Dec. 12.—Capt J. H. Ellis, chief of the Indian police, confiscated 423 quail here, which were in charge of the Wells-Fargo Express company to Marlin, Howe & Co., Chicago. This is the largest shipment of quail ever confiscated in the Indian Territory. It being against the law to ship quail out of the territory, the quail have been turned over to the United States marshal for disposition.

Hanged Himself.

Guthrie, O. T., Dec. 12.—Samuel P. Patton, aged 57, formerly of Iowa Grove, Ia., committed suicide near Blackwell, Kay county. He had been despondent for some time over the loss of some property, and early Tuesday morning arose quietly, without disturbing any of the family, went to a little grove, climbed a tree and, putting a rope around his neck, tied it to a limb and jumped off.

Found Dead.

Paris, Tex., Dec. 12.—A blacksmith named Middleton was found dead in bed at Slate Shoals. He was living with four little children, his wife being dead. One of the children occupied the bed with him. When they awoke in the morning they were unable to arouse him and went after a neighbor to come and see if he could arouse him. He had been dead several hours.

Burned to Death.

Crandall, Tex., Dec. 12.—A 3-months-old baby of W. P. Hennessee, living one-half mile west of here, was burned to death. The father was away from home. The mother left the baby asleep in the house and stepped over to a neighbor's. While she was gone the house caught fire from the flue and before help arrived the house and everything, including the baby, was burned.

Pulled Out of Fire.

Denison, Dec. 12.—Mrs. N. Park, who lives about a mile northeast of Russett, fell into the fireplace. His screams aroused her two little sons who succeeded in pulling the mother out of the fire, but not until she had been seriously burned. Her condition at last accounts was pronounced critical.

Charged With Bank Robbery.

Chico, Tex., Dec. 12—The man who was arrested in Fort Worth charged with the bank robbery at this place Saturday night had an examining trial and was held in default of $5000 bail. He says his name is Davis.

Western Union Dividend.

New York, Dec. 12.—The directors of the Western Union Telegraph company have declared the regular quarterly dividend of 1¼ per cent.

NEW STEAMSHIP LINE.

Ships Being Built to Run Between La Porte and England.

LaPorte, Tex., Dec. 12.—A new line of steamers to carry export trade from LaPorte to Manchester, England, is in the course of construction, and a portion of the fleet will be completed and ready to put in commission by the time the channel, now under construction between here and Galveston, is finished.

A company of English capitalists has been formed to operate the line. The first of 10 vessels to be built is now in the course of construction, and will be ready to launch some time during January or February. It is to be named "The LaPorte." Other vessels will be built as rapidly as possible until the fleet is completed.

The general manager of the line is a former sea captain who sailed for years between Galveston and foreign ports and who is thoroughly posted as to the necessity for greater shipping facilities from this port, and who is convinced as to the success with which the new venture will be met.

WILL NOT DECIDE IT.

Compulsory Arbitration Blocks the Pan-American Congress.

Washington, Dec. 12.—The state department has declined to be drawn into the discussion of the projects for general arbitration, now pending before the congress of American republics in Mexico. The issue presented is compulsory arbitration versus voluntary arbitration, and Chili is bitterly opposed to the former, which is believed to have the support of a majority of the delegates. As this subject threatens to disrupt the congress, and the delegates seem unable to reach an agreement among themselves, several appeals have been made to the government here to cast the influence of the United States in a manner to determine the issue. This, however, the state department has declined to do, taking the ground that having fully and properly instructed its delegates to the congress it cannot interfere with them.

Senator Blackburn Married.

Washington, Dec. 12.—United States Senator J. C. S. Blackburn of Kentucky and Mrs. Mary E. Blackburn were married here Wednesday at the rectory of St. Paul's church. Only a few relatives

SENATOR BLACKBURN.

were present. The bride was the wife of Judge Blackburn, a distant relative to the senator. She has resided in this city most of her life.

Arrested for Lowenthal Robbery.

Omaha, Dec. 12.—W. H. Woods and a female companion, giving the name of True Johnson, both negroes, were arrested by the police here charged with having robbed Albert Lowenthal, traveling for a New York jewelry house, in a Portland, Or., hotel, of $15,000 worth of diamonds and jewelry. The jewelry was traced by a local pawnbroker who had received a printed circular. The couple had $3000 worth of diamonds in their possession.

Voluntarily Surrendered.

Corsicana, Tex., Dec. 12.—Dancy Ledbetter, who is charged with being implicated in the attempt to burn B. H. Allen's business house on East Collin street last Sunday night, returned to the city and surrendered to Sheriff Robinson. He states that he was in Dallas when he heard that he was suspected and came back when he found that he was wanted by the officers. He waived examination in the corporation court and was placed under a bond of $1000.

Choctaw to Enter Guthrie.

Guthrie, O. T., Dec. 11.—The Choctaw Railway company has signed a contract with the citizens of Guthrie to build to this city at once from Hartshorne, I. T. The distance is 114 miles. Work will beging at both ends of the line.

Land for National Park.

Atlanta, Ga., Dec. 12.—The Georgia legislature has passed a bill giving the sanction of the state to certain grants of land lying in northeast Georgia, to the United States for the purpose of providing a park to be known as the Apalachian National park.

Two Contracts Awarded.

Austin, Dec. 12.—The general contract for the construction of the new school building of the State Deaf and Dumb institute has been awarded to Fischer & Ramsey of Austin for $35,270 and the heating contract to H. A. Kennison of Dallas for $2900.

Cross Ties on the Track

Lima, O., Dec. 12.—An attempt was made to wreck a westbound passenger train on the Erie railroad west of this city. Two heavy ties were placed on the track. The engine was derailed, but no other damage was done.

Healthy Mothers

Few mothers are healthy, because their duties are so exacting. The anxiety of pregnancy, the shock of childbirth, and the care of young children, are severe trials on any woman. But with Wine of Cardui within her grasp, every mother—every woman in the land—can pay the debt of personal health she owes her loved ones. Do you want robust health with all its privileges and pleasures? Wine of Cardui will give it to you.

WINE of CARDUI

strengthens the female organs and invigorates weakened functions. For every female ill or weakness it is the best medicine made. Ask your druggist for a $1.00 bottle Wine of Cardui, and take no substitute under any circumstances.

Mrs. Edwin Cross, Gorner, Mich., "When I commenced using Wine of Cardui I was hardly able to walk across the house. Two weeks after I commenced ... half a mile and picked strawberries. When my other child was born I suffered with labor pains ... hours, and had to raise him on a bottle because I had no milk. After using the Wine during pregnancy this time, I gave birth last month to a baby boy and was in labor only two hours, with but little pain, and I have plenty of milk. For this great benefit ... ment in my health I thank God and Wine of Cardui."
