LYNCH LOSES ON RURAL RETURNS; HALF OF VOTE IN

Woman's Race Is Surprise to State; Robertson Holds Lead Over All.

Houston, Texas, July 28.—In gains that at times were sensational, Mrs. Miriam M. Ferguson, wife of the impeached former governor, late Sunday was winning steadily toward that coveted place in the second democratic primary, August 23.

The vote in Saturday's primary that had been counted at 6 p. m. gave her a lead of 3917 over Lynch Davidson for second place. Felix Robertson, Ku Klux Klan candidate, in first place, was leading her by 19,736 votes.

Whit Davidson was so far behind the leaders that it seemed impossible that he would ever gain sufficient strength to be a contender even for second place.

The standing of the candidates resulted from the tabulating of 337,269 votes from 215 counties. This is believed to be a trifle over half the votes polled. But a large majority of the counties had made a report of some nature, there being but 37 yet to hear from. Many of these are sparsely settled West Texas Counties.

As the race now stands it will be a neck and neck affair between Mrs. Ferguson and Lynch Davidson for second place, with either having a bare chance to nose Judge Robertson out of the treasured first position.

In the lieutenant governor's race Barry Miller is leading W. C. Edwards for first place and it is certain that these two will be in the August run off.

Morris Sheppard for United States senator has a large majority over both his opponents and this race is settled.

The returns at 6 p. m., as provided by the Texas Election bureau, showed the following totals:

Governor — Barton, 15,607; Burkett, 9850; Collins, 12,194; Lynch Davidson, 68,502; Whit Davidson, 56,792; Dixon, 2327; Ferguson, 72,419; Pope, 8423; Robertson, 91,155.

Lieutenant Governor — Edwards, 96,203; Malone, 30,892; McCall, 49,954; Miller, 100,274.

Attorney General — Melson, 42,740; Moody, 131,879; Wall, 49,558; Ward, 51,266.

Comptroller — Baker 51,791; Bell, 39,077; Moulden, 43,862; A. J. Smith, 31,349; Don F. Smith, 26,681; Terrell, 74,542.

Commissioner of Agriculture—Sparkman, 112,390; Terrell, 140,359.

Land Commissioner—Binkley, 47,731; Robison, 145,363; Sargent, 60,131.

Railroad Commissioner—Regular six-year term—Gilmore, 116,159; Mason 59,,353; Weaver, 72,351.

Railroad Commissioner—Four-year unexpired term—Nabors, 80,328; Smith, 95,874; Speer, 40,794; West, 34,682.

Chief Justice Supreme Court—Buck, 65,930; Cureton, 101,368; Wear, 77,705.

During the counting of votes Saturday night and until 2 p. m. Sunday Lynch had led Mrs. Ferguson consistently. Then she leaped ahead by 200 votes. Two hours later when another total had been tabulated she had a lead of 3762 votes and after another two hours her lead had increased to 3917. But with the announcement of each total Judge Robertson slowly increased his total over the field.

At 4 p. m. he was leading Mrs. Ferguson by 16,988 votes which had increased to 19,736 at 6 p. m.

But despite this the standing of the candidates is thought not to be more than an indication of the manner in which the remainder of the vote will go.

Mrs. Ferguson's gain evidently came when remote rural boxes began to come in, and these were coming slowly it was announced by the bureau.

And as they continue to give their total vote her lead over Lynch is expected to mount unless Davidson's stronghold in West Texas and the Panhandle can offset or overcome it. This is considered not impossible; in fact, it is predicted by many political observers.

Judge Robertson's strength thus far has came largely from the larger towns and cities. These, for the most part, have reported and a large majority of them are strongly klan.

And the klan vote has been delivered. The returns that are in leave little doubt of this.

PLANS FOR BRIDGE AT CLAPP'S FERRY

Mr. Jas. T. Gates, who has been cooperating with Mr. Von Zuben in drawing up plans for the Clapp's Ferry bridge, gives the Courier the following plans which have been tentatively adopted by the highway commission:

The bridge is to be a steel structure 400 feet in length. This part of the river has practically all the bottom land on the Houston county side. There will be a 300 foot wooden trestle on the Madison county side and a trestle of 4000 feet on the Houston county side, this reaching to the levee.

Inside the levee there will be one and a half miles of concrete road. The bed for this concrete road will be thrown up with the levee machinery at a great saving of expense money. The bed will serve as a road for hauling other materials for building bridge and trestles. Although it is almost certain that this plan will be put in effect, it will be several months before work can be started. The cost of this project is estimated at $200,000 for the completion of all the necessary construction work. Houston county is to pay $10,000 on the cost of the bridge, Madison county $10,000 and the state highway department the remainder, if accepted by the highway department.

Make Home in Dallas.

Mr. John Henry Conley and Miss Essie Dell Parker were married at the residence of Rev. S. F. Tenney Sunday by Mr. Tenney. The bride formerly lived at Belott and Crockett, but has been a resident of Dallas for the last year or so. The groom, who lives in Dallas, met his bride in Crockett Sunday and the ceremony was performed at the residence of the Presbyterian pastor. The bride had been visiting her parents at Belott, east of Crockett. Mr. and Mrs. Conley will make their home in Dallas and take with them the best wishes of our people.

THE ELECTION IN HOUSTON COUNTY

For governor Mrs. Miriam A. Ferguson more than doubled her closest opponent in Houston county, her vote being 1505. Felix Robertson, who leads in the state, comes second with 698 votes and Lynch Davidson a close third with 673 votes.

Will C. Edwards of Denton leads the ticket in Houston county for lieutenant governor, receiving 1504 votes. He will be in the run-off with Barry Miller, who received 1036 votes.

Morris Sheppard for United States senator received considerably more votes than did both of his opponents and will not be in the run-off.

Claystone Briggs for congress defeated his opponent by a big majority.

The race between Justice and Morris for district attorney in Houston county was close, Justice receiving 98 more votes than Morris.

McLean for tax assessor defeated Brimberry and Butler for county treasurer also defeated Robison.

The closest race for county office was between Moore and Patton for county judge. Moore, the present incumbent, has a lead of 197 over Patton.

O. B. Hale for sheriff has a lead over both of his opponents and will not have to enter the second primary.

W. H. Holcomb Jr. and S. W. Duitch will be in the run-off for county commissioner in precinct No. 1 as will also H. W. McCelvey and John W. Shaw in commissioner's precinct No. 4.

The Courier has not received the vote on the justices of the peace, constables and public weighers.

SPLAWN TO TAKE CHARGE OF U. OF T.

Austin, Texas, July 25.—Dr. Walter Splawn, president-elect of the University of Texas, will assume the duties of that office August 1, it is authoritatively announced. Dr. W. S. Sutton, who for more than a year has filled the office as acting president, will resume his position as dean of the school of education of the university. During his administration Dr. Sutton added to his already high reputation as an executive and an educator, not only among the faculty of the university, but with the people of the State generally.

In connection with the early induction of Dr. Splawn into office as president, Lutcher Stark, chairman of the board of regents of the university, has called a meeting of that body here next Tuesday. At this meeting any business which may be pending will be acted upon so that the new president may start off with a clean slate.

It is started that no formality will attend Dr. Splawn's taking over the office, but that later on a formal inaugural program under direction of the board of regents and faculty may be carried out.

Popular School Boy Dies.

William Bell Self, 14 years old and the second and youngest son of Mr. and Mrs. Ben F. Self, died at the home of his parents in east Crockett Saturday night. Funeral services were held at the family residence Monday morning at 10 o'clock and interment followed in the Crockett cemetery. The services were conducted by Rev. A. S. Lee, pastor of the First Baptist church of Crockett.

William Bell Self had been a resident of Crockett about two years, coming here with his parents from Palestine. In the Crockett city schools he was a member of the eighth grade and was one of the most popular young boys in school. He was popular with all ages and classes and his death is deeply mourned by all. He was a member of the Baptist Sunday school and many floral tributes were received from his classmates.

HURRICANE SHOALS BRIDGE COMPLETED

The Hurricane Shoals Bridge Company has completed its bridge across the Trinity river, 14 miles west of Crockett, and the bridge is now open for travel. This bridge is one of the best in the United States and opens up a vast section of country that has heretofore been inaccessable. Good roads are now being constructed on this side as well as on the Leon county side, and the distance to points west of Crockett—to Corsicana and Waco—will be shortened about 50 miles.

The Hurricane Shoals bridge has been built by local capital and will be operated as a toll bridge. The published scale of charges are reasonable, ranging from 10 cents for foot passengers to 75 cents for autos, which is much cheaper than ordinary ferry charges and this will be of advantage to local people who desire to come to Crockett as well as to tourists who will follow the shortest line east and west across the state. Fishermen and other sportsmen from this county who used to go to Stanmire and Tubb lakes in Leon county, as well as to Beaver Dam marshes, will find the Hurricane Shoals bridge of great convenience in crossing Trinity river.

It is reported that fishing is fine in the two lakes across the river and local sportsmen are getting ready to take advantage of the bridge in getting across to the other side.

Japanese Use American Rams to Improve Sheep.

Salt Lake City, Utah.—The Japanese government is looking to Utah for its supply of pure-bred Rambouillet and Merino rams with which to cross-breed the sheep of Southern Manchuria, according to H. Komatsu, agricultural expert of the South Manchuria railroad.

Mr. Komatsu spent several weeks in Southern Utah recently seeking the type of ram desirable. He said that some of the Utah merinos already had been exported to China and had bred sheep with a much superior grade of wool than that of the native Manchurian sheep.

Choice Imported Liquor Taken By Beach Dwellers.

New York, July 25.—About 1,800 cases of imported whisky, deposited on Rockaway Beach last night, presumably by bootleggers from rum row, were appropriated and carried off by bungalow dwellers along the beach.

LYNCH BATTLES MRS. FERGUSON

Robertson Well Ahead; Question Is Whom Will He Face in the Runoff?

Dallas, Texas, July 27.—Only 128 votes separate Lynch Davidson and Mrs. Miriam Ferguson for second place in the democratic race for governor. Returns tonight at midnight showed the Houstonian with 94,896 votes to Mrs. Ferguson's 94,768. These returns are from 231 counties, sixteen being complete.

Felix Robertson of Dallas will go in the run-off as high man in Saturday's primary, but his opponent will likley not be decided until every last county in the state is heard from.

It has been a pretty race all day between Lynch Davidson and the former governor's wife.

For a time tonight Mrs. Ferguson was in second place with a lead of more than 8,000 over Lynch Davidson. Then heavy Davidson returns from El Paso, McLennan, Harris and Wilbarger counties gave him a lead of 604 votes. Around 11 o'clock tonight returns from Comal County put Mrs. Ferguson in the lead by a margin of 12 votes. Then further reports gave Davidson his lead of 128.

More than 450,000 votes have been tabulated, giving returns from 230 counties out of 252 counties. Indications are that the total vote will be around 650,000.

The governor's race and that for attorney general are the only ones apparently not disposed of in one way or another by the returns so far in hand. For Attorney General Moody is in first place and Wall and Ward close contenders for second place.

Results are apparently definite in the other races. The following seem certain to go into the run-off in August:

For lieutenant governor, Will C. Edwards and Barry Miller.

For controller, O. D. Baker and S. H. Terrell.

For railroad commissioner, Clarence Gilmore and Ed E. Weaver.

For railroad commissioner four-year term, W. A. Nabors and Lon A. Smith.

For chief justice of supreme court, C. M. Cureton and W. C. Wear.

Morris Sheppard has a clear majority over both opponents.

For land commissioner, J. T. Robison has a clear majority over both opponents, with little prospect of having to enter the run-off.

George B. Terrell has defeated Robert A. Sparkman for commissioner of agriculture, and is certain of nomination. Scattering returns from the contested races for congress show all incumbents are leading.

YOUNG WOMAN IS TAR VICTIM

West Virginian Maltreated and Ordered to Leave Myersville.

Frederick, Md., July 25.—A young woman whose name was said to be Dorothy Grandon, of Martinsburg, W. Va., was tarred and feathered near Myersville, Frederick county, last night by an unmasked mob, said to have been led by a young married woman who had objected to alleged attentions paid by her husband to Miss Grandon.

According to details of the affair received here the mob met the woman on the street and took her to the edge of the village where she was stripped of her attire and a coat of tar and feathers was applied. When freed the woman fled to the home at Myersville where she has been staying and was still there today although she had been ordered to leave the town.

A squad of State police has been sent to the Myersville district with instructions to identify members of the mob and make arrests.

Miss Grandon also is said to have had warrants issued for a number of those said to have been in the party.

A woman companion of Miss Grandon also had been ordered to leave Myersville but she was not molested.

Sheriff Albaugh of Frederick county, after questioning Miss Grandon today announced that warrants would be sworn out this afternoon.

The girl was rescued from the mob, it was learned later, by James Whip, a farmer whose home is near the scene of the assault, and J. O. Whelpley, a Myersville merchant. Today the doctor found her body covered with bruises from the beating she had received by the mob.

The girl was not sure, she told Whip and the doctor, whether a woman or several men applied the tar. The mob was said to have been composed of about 50 business men and citizens of Myersville.

Coolidge Favorably Impressed With Wild Pampas Bull.

Washington, July 25.—Luis Angel Firpo was received today by President Coolidge, who greeted him cordially in a brief interview.

No formal appointment had been made, but when the big Argentine fighter reached the White House on a flying tour of Washington, Mr. Coolidge received him almost immediately.

The president smiled broadly as he shook the brawny hand of the boxer and looked him over from head to foot.

"Well," he exclaimed, "you certainly look all that your records have made us imagine. I am very glad to see you, indeed."

Firpo shifted from one foot to the other, but apparently did not trust his English sufficiently to reply.

The heavyweight was in Washington at the invitation of the Argentine ambassador, with whom he had luncheon. He left afterward for New York.

Card of Thanks.

Again thanking you for all kindnesses which you may have extended to me, I am yours full of gratitude,

SHOOTING FOLLOWS ELECTION DISPUTE

Uvalde, Tex., July 27.—Levi Old, 45 years old, lawyer, was shot and instantly killed about 7 o'clock this morning. Fred McKenzie, 38 years old, was arrested and lodged in the county jail.

The killing occurred in the offices of the Mahaffey Abstract Company. According to Sheriff G. A. Johnson of Uvalde County, four bullet holes were found in Old's body. A 45-caliber automatic pistol was used. Sheriff Johnson said that Old was unarmed when his deputies reached the scene of the killing and took McKenzie into custody, and that eight or nine men were at the office at the time of the shooting.

The sheriff said he was not informed as to what had passed between Old and McKenzie before the shooting. The trouble is said to have grown out of matters connected with the primary election yesterday. Old was an officer of the Uvalde County Ku Klux Klan, according to the sheriff, and a leader in county politics for several years. He was district attorney of Uvalde County some years ago. The sheriff informed the San Antonio Express that bad feeling between Old and McKenzie was of long standing.

Old was a lifelong resident of Uvalde. His wife and a 7-year-old son survive him. Funeral arrangements have not yet been completed.

McKenzie is a stock farmer on the outskirts of Uvalde City. He has a wife and seven children and is a member of a well-known family in Floresville, Wilson County.

Central Texas Pecan Crop About Half Normal.

Brownwood, Texas, July 25.—The general belief among pecan growers of this section is that about half a crop of pecans will be raised this year in the Brownwood-San Saba area, which includes the counties of Brown, Burnet, Coleman, Colorado, Comanche, Eastland, Kerr, Kimble, Llano, Mason, Menard, San Saba, Tom Green, Stephens and Callahan. This area last year produced more than 5,000,000 pounds of pecans.

Considerable attention is being given to putting out young pecan orchards and in grafting, budding and top working in various parts of the area mentioned.

CONVICT'S BRAVERY SAVES HUNTSVILLE

YOUNG TRUSTY CONQUERS FIRE; LOSS MORE THAN $100,000.

Huntsville, Texas, July 20.—Displaying real heroic courage, Bill Harris, 21-year-old convict trusty, through roaring flames and intense heat, climbed to the top of the King building here early Sunday morning with a hose and conquered a fire which was threatening to destroy the entire business section, and which already had consumed one-half of the business houses on the west side of the public square, entailing a loss of more than $100,000.

Young Harris, chauffeur to Prison Commissioner H. L. McKnight, sent up for five years on a manslaughter charge from Waxahachie, gave onlookers thrill after thrill as he balanced himself on the eight-inch ledge, blistering hot, and poured a stream of water into the heart of the flames below.

This, the most disasterous fire which has visited Huntsville in 30 years, started on the second floor of the Eastham building, and when discovered at 1:30 a. m., had spread to the roofs of adjoining buildings.

A strong south wind carried the blaze along until the Ball one-story department store building was reached, where the courage of Harris, with the assistance of the fire department, halted it.

GRADE TRAGEDY OVERTAKES CAR

Beaumont, Texas, July 20.—Three persons were killed and two others dangerously injured about 8 o'clock this morning when an auto driven by Kirby Price of Neederland was struck by a Kansas City Southern half way between Beaumont and Port Arthur. An infant daughter of Mr. Price was instantly killed, while Mrs. Price and George A. Junot, an employee of the Sun company, died a few hours later in a Beaumont hospital. Mr. Price, while dangerously hurt, is expected to recover.

Another daughter of the Price family is said to be in a critical condition at the hospital this afternoon. It was stated her recovery was doubtful. The crossing where the accident occurred has been looked upon as a safe grade as a train may be seen approaching for a half mile in either direction, it is believed the autoists saw the train approaching and made an effort to beat it to the crossing. The car was struck squarely by the speeding train and completely demolished.

TAXPAYERS CAN FILE APPEALS

U. S. TAX BOARD GIVES RULES FOR PRESENTING CLAIMS.

Washington, July 20.—The newly formed board of tax appeals today announced its regulations governing cases which the treasury has been unable to settle with the taxpayer. The regulations include a rigid code of rules for persons admitted to practice before the board.

Under the rules any taxpayer, dissatisfied with the determination of tax liability by the bureau of internal revenue, may initiate an appeal by filing with the board a petition of his claim. It must include the following general information:

"Clear and concise assignments of error, alleged by the taxpayer to have been committed by the commissioner of internal revenue in determining the tax liability of the petitioner.

"A clear and concise statement of the facts upon which the taxpayer relies as constituting the basis of his appeal.

"The petition shall, as far as possible, be complete in itself, so as to fully, but briefly, inform the board of the issues to be presented.

'Five clear copies, either typewritten or printed, shall be filed. The original shall be signed and duly verified by the taxpayer.

"The appeal is filed automatically upon receipt of the petition by the board, which will serve one copy on commissioner of internal revenue."

In regard to the admission of persons to practice before it, the board said, a registry of those admitted would be kept, although any individual taxpayer or any officer of a corporation may appear in his own or his corporation's behalf. Generally the board will admit to practice attorneys who are admitted to practice before the supreme court of the United States or the highest court of their State or territory, or certified public accountants duly qualified under the laws of any State or territory.

"The board," the regulations provide, "may in its discretion deny admission, suspend or disbar any attorney or certified public accountant.

"It shall be the right at any time to inquire, under oath, into the terms and circumstances of any contract of employment of any attorney or accountant by the taxpayer he represents."

Members of the board are confident they will be able to begin consideration of the first cases within two weeks.

Elkhart Wins Fast Game.

Elkhart defeated Runt Carroll's team in a hard-fought, exciting game Thursday afternoon by a score of 13 to 2. Carroll struggled through seven innings of box work without a semblance of support and then decided to catch, a lighter task. Lynum and Reynolds pitched for Elkhart and Runt Carroll was the only man who could hit them, he getting three singles in four times up. Elkhart presented the strongest line-up that has played in Crockett this year.

Boys Whipped Before Court For Stealing Melons.

Weimar, Texas, July 22.—It is evident that some parents still believe in the old adage about sparing the rod and spoiling the child.

When four young Mexicans were convicted Monday in justice court of stealing watermelons from the Steve Heller farm, their father paid the four fines and then administered a sound whipping to each of the boys in the presence of the court.

20 Hurt in Rush on Store Selling One Cent Brooms.

Morristown, Pa., July 24.—Twenty persons, most of them women, were injured slightly in a bargain-counter crush Thursday when a new store advertised the sale of one-cent brooms.

Twelve of the women were taken to a hospital suffering from cuts and bruises.

The crowd began to gather before the store opened and those nearest to the entrance were pushed against the show windows. In the scramble to escape the falling glass many women were knocked down. Others were injured by being crushed against the entrance. Many pocketbooks were lost.

PERSIA REGRETS KILLING OF IMBRIE

To Punish Members of Mob Who Beat U. S. Vice Consul to Death.

Washington, July 19.—Instructions were received by the Persian legation from its government tonight to express to the Washington government its regret over the killing of Vice Consul Robert Imbrie by a native mob at Teheran, and to state that the Persian government will do "all in its power to fulfill its duties in this case."

The Persian government, it was added, is "seeking the guilty persons in the case, and will take all possible steps to secure their punishment."

A message received today by the state department from American Minister Joseph S. Kornfeld at Teheran, Persia, said that Vice Consul Imbrie died from shock at 3 o'clock yesterday afternoon after having been brutally kicked and beaten by a mob.

The vice consul and Melin Seymour, also an American, had stopped their carriage to watch a religious demonstration in the city, the message said, and were rushed by the mob, who mistook them for members of a sect known as the Bahais, against which the demonstration was directed.

Seymour's condition was said to be so serious as a result of the beating he received that he had been unable to make any statement.

The state department announcement said in part:

"The minister reports that for some days throughout the city there had been denouncements of Bahais, a religious sect, and many religious demonstrations. It appears that about 11 a. m. the vice consul, accompanied by Seymour, a prisoner in the consulate, stopped their carriage in front of one of these demonstrations, and it was alleged that the vice consul had taken pictures.

"The mob rushed upon him, crying that he was a Bahaist, and though the servant of an American missionary cried out that he was the American consul, the mob took no heed of the statement, dragged the Americans from their carriage and attacked them savagely."

Mr. Imbrie had been commissioned by the National Geographic Society to take pictures in Persia and he apparently was engaged upon that mission when he was attacked. The photographing of fountains and other public edifices is not prohibited in that country, but there is a prohibition against the photographing of Persian women and those who assailed the vice consul may have believed that was his object.

A Yale graduate, Mr. Imbrie drove an ambulance during the war and later represented the state department in Russia. He was a big game hunter of some note and had followed unexplored game trails in the Congo. His residence was in Washington.

LUFKIN FARMER HAS SHOW COTTON

Lufkin, Texas, July 21.—So far as known locally, the "show" cotton of Angelina county is growing on the farm of Frank Thompson, one mile out of Lufkin.

The cotton is young but shows an estimated average of 60 bolls to the stalk, and is 5½ feet high. W. C. Binion of the Lufkin Daily News counted 90 bolls on an extra fine plant. County Agent La Grones states that prospects are the yield will be one and one-half to two bales per acre.

Mr. Thompson used nitrate of sodium and phosphate as fertilizers, 200 pounds of sodium and 250 pounds of phosphate to the acre. The ground was heavily sodded Bermuda pasture this spring, the grass having been destroyed by frequent plowing, which also retained the moisture so that the extended drouth has not hindered growth.

Lufkin and vicinity has not had a rain since June 21 and crop conditions are becoming acute. Corn is almost burned up.

Trinity County Roads to Be Improved.

Citizens of road district No. 1 of Trinity county carried the recent road bond election by a majority of almost ten to one. The Groveton newspaper gives the vote as 583 for and 61 against. Of this bond issue $40,000 is to be used for the upbuilding of the highway between Trinity and Groveton and $20,000 for the building of lateral roads which lead into Groveton.

Citizens of Chito and Carlisle intend to vote a $55,000 bond issue in the near future. Trinity county citizens are very enthusiastic over these improvements and they are certain that Trinity county will profit greatly from these investments.

There is in daily use a good highway through the western part of Trinity county, and passing through Trinity. When the new roads are finished Trinity county will have a good system of roads leading in each direction traveled.

Some men can hear the ring of a silver dollar farther than that of a church bell.

GOVERNOR PARDONS NEW MEXICO EDITOR

Held on Contempt of Court Charge in Criticising Judge's Decisions.

Santa Fe, N. M., July 22.—Governor J. F. Hinkle late today issued a pardon to Carl C. Magee, editor of the Albuquerque State Tribune, who earlier today had been found guilty of contempt of court by District Judge D. J. Leahy at Las Vegas, N. M., and sentenced to three months in jail.

The governor had stated prior to his action that he would grant a pardon if Magee asked for it. He was advised from Las Vegas that the editor had signed a written application for pardon and dispatched Adjutant General Skipwith of the New Mexico National Guard and Lieutenant A. E. Barnes to the latter city with the pardon.

Asked what might ensue if the sheriff at Las Vegas refused to honor the pardon, Governor Hinkle said that the next step would depend upon Magee's counsel. The governor said he had heard rumors of high feeling in Las Vegas and of rumored plans proposing to liberate the editor by force if necessary.

Magee was sentenced at Las Vegas to three months each on three counts, the sentences to run concurrently. The first two counts were for expression of alleged contempt of court, through Magee's editorials, and the third was imposed when, before the first two sentences had been pronounced, Magee was asked by the court if he had anything to say and the editor replied:

"This is not a court."

The sentences were passed after Judge Leahy had spoken at length in upbraiding Magee for criticism of his decisions.

ROBERTSON AND EDWARDS.

The Courier supported Lynch Davidson for governor in the first primary. In the second primary the Courier editor will vote for Felix Robertson, Lynch no longer being in the race and the choice being between Robertson and Ferguson. Regardless of who it is, the Courier always supports the nominee, and if it could not do so, would stay out of the primary. So the Courier will be for Robertson until after the primary, and will then be for the nominee, whoever it is. But in the meantime we ask our friends to vote for Felix Robertson, believing him to be the best qualified for the office. And however you do vote for governor, please remember to vote for W. C. Edwards of Denton, who is in the run-off with Barry Miller, for lieutenant governor. We have known Edwards for twelve years and we know that he merits and deserves our support and your support.

COTTON SEED.

For the past five years there has been an average of six million children in the public schools of Arkansas, Alabama, Georgia, Louisiana, Mississippi, North Carolina, South Carolina, Oklahoma, Tennessee, Texas. During these five years the cottonseed oil produced in the states mentioned has sold for more than enough money to pay the entire cost of keeping these six million children in the public schools. Not so very long ago cottonseed went to waste everywhere in the south.

2,000 JOBLESS IN EAST ST. LOUIS

Washington, July 15.—Unemployment existing in a number of Illinois cities according to the current report of the U. S. Employment Service of the Department of Labor will be carefully watched by political leaders through the campaign as a possible factor in party success, it developed here today.

East St. Louis is as much affected by the menace of unemployment as any other downstate city in Illinois, according to the government report, which remarks that there are now about 2,000 unemployed people in that city.

Curtailment of activity in the coal mines of the East St. Louis district has tended to keep other day laborers out of jobs, says the U. S. Employment Service, as the miners have turned farm hands and road workers in order to keep the wolf from the door.

"There will be no demand for farm hands or road labor as long as this condition prevails in the mining industry, as the miners will fill all vacancies available," says the report.

"There is no great rush in the building industry, but enough work is going on to take care of the mechanics in the East St. Louis district.

"The steel industries are very dull at this time and are running on about a 50 per cent basis."

The general situation in Illinois regarding employment has as yet given no outright cause the U. S. Employment Service for pessimism, if the views of are accurate. There is an actual labor surplus in most industrial sections of the state, but present indications are that this will be taken up before many months have passed.

It exists chiefly in the metal and machinery industries and in iron and steel mills, which customarily lighten their schedule in summer, regardless of whether the year happens to be a "political" one or not.

The shut down in coal mining is apparently more general this year than it has been for some time, but this is the most seriously affected industry in the entire state.

Killed at Voting Box; Former Officer is Held.

San Antonio, Tex., July 26.—One killing, followed by a near riot and heavy voting with extremely close margins between the anti-klan and better government ticket adherents in county races, marked the primary election here today.

The killing came at the Harandale box in a suburb immediately south of the city limits, when J. L. Culpepper, Baptist lecturer, who is said to have carried credentials as a better government ticket worker, was shot and instantly killed. Jim Lubbock, former deputy sheriff, was held after the shooting. He was roughly handled by bystanders. Lubbock was brought to the sheriff's office. Culpepper was 65 years old.

Card of Thanks.

I take this opportunity to thank the people of Houston county for the vote given me for tax collector in the recent democratic primary election. I assure you that I shall endeavor to discharge the duties of the office faithfully and with a due regard for the rights of the people. I regret very much indeed that a recent surgical operation prevented my getting out and meeting and being with you during the campaign before the election.

Again thanking you for the honor and trusting that you shall not have cause to regret your choice, I am

Yours sincerely,
1t. John L. Dean.

WARNING OF NORTH TO NEGRO LABOR

Whereas, it is reported that in the southern states, especially in the large negro settlements, that statements have been made and circulated to the effect that there is a demand for labor in the north at high wages, and in some cases inducements of different kinds have been presented to the negro population which have caused a large immigration of negroes from the south to the north; and,

Whereas, the City of East St. Louis has and is receiving many of these negroes, and a large number of laborers are now out of employment and appealing for work, with no demand for labor of any kind in this vicinity; and,

Whereas, if the exodus of the negro population of the south continues it will cause great suffering and want during the remainder of this year, especially during the winter months; therefore,

Be it resolved by the council of the city of East St. Louis: That efforts be made to advise the people of the south the true conditions as exist in reference to labor demands, and use consistent efforts to offset and prevent any further misrepresentations that induce the negroes to seek the north for employment.

Be it further resolved that copies of this resolution be printed and distributed through the southern states to advise and offset the former misrepresentations that have been made to its people that have caused the large exodus of negroes.

Signed: July 14th, 1924.
M. M. Stephens,
Mayor, East St. Louis.

Passed July 14, 1924, and recorded July 14, 1924.

Attest: John J. Hallihan, City Clerk.

EDWARDS TO BE IN RUN-OFF PRIMARY

Denton, Texas, July 27, 1924.

Mr. W. W. Aiken,
Crockett, Texas.

Dear Billy:

I didn't get to see you before I left Thursday to thank you personally for your courtesies to me and for your help in my campaign, so just a word to express my real appreciation of your efforts. I've not seen the results in Houston county yet, but I know you and my other friends did all that could be done. I'm to go into the runoff with Barry Miller, which means another four weeks' campaign, and I'm hoping, as much as I regret to ask it, that my friends will continue their interest for another time.

With best wishes as ever and again thanking you, I am,

Your friend sincerely,
Will C. Edwards.
