

Meet your policeman:

Five FFA members receive Lone Star Farmer Degree

Five Spearman FFA members received the Lone Star Farmer Degree at the 53rd State FFA Convention held at the Convention Center in Fort Worth. Receiving the award were Rory Sheppard, Roger Buchanan, Van Hamilton, Jay Pack, and Scott Strawn.

The Lone Star Farmer Degree is presented to only the top 2% of the state FFA members each year, and is certainly an honor for an FFA member to receive.

Rory Sheppard is the son of Mr. and Mrs. Bert Sheppard. He is a 1982 graduate of Spearman High School. Rory was the salutatorian of his graduating class and is presently enrolled at West Texas State University. He served as vice president of the Spearman FFA chapter during his senior year. He was a member of a winning district Parliamentary Procedure team in Junior and Senior Chapter Conducting during high school. Rory was also a member of a State qualifying Judging Team in Dairy Cattle during the 1981-82 school year.

Roger Buchanan is the son of Mr. and Mrs. Burl Buchanan. He is a 1982 graduate of Spearman High School and plans to attend Clarendon Junior College this fall. While in high school, Roger was very active in FFA. During his senior year, he showed the breed champion barrow at the Hansford County Show and was a member of the State qualifying Dairy Cattle Judging Team.

Van Hamilton is the son of Mr. and Mrs. Melvin Hamilton. He is also a 1982 Spearman High School graduate. Van is presently engaged in farming, ranching, and livestock hauling. He was involved in Livestock Judging and showed barrows and steers in FFA. Van was selected as the outstanding student in V.A. Cooperative Training for the 1981-82 school year.

Jay Pack is the son of Mr. and Mrs. E.N. Pack. Jay will be a senior at Spearman High School this year. He has been very active in FFA activities during the past 3 years. Jay's projects in FFA include wheat, cattle, and swine. He has been very successful in showing barrows. He showed the 1st place light weight Hampshire barrow at the 1982 Hansford County Show.

Scott Strawn is the son of Mr. and Mrs. Bill Strawn. He will be a senior at Spearman High School this year. Scott will serve as president of the Spearman FFA chapter for 1982-83. He has been very active in all FFA activities and has been very successful in showing steers. Scott has shown a Hansford County champion, an Amarillo Reserve Grand Champion, a San Antonio Reserve Breed Hereford, and a 3-d place steer at Houston in 1982. He also has a small herd of cows for the purpose of raising show calves.

Other FFA members attending the Convention and serving as voting delegates were Pat Tucker and Travis Patterson.

Lynx scramble Eagle eggs

The Spearman Lynx literally "tore up" the Eagles nest from Sanford last night, as they were awesome in their ground game, and nearly as impressive with their aerial circus. And their defense was even better than both the ground game and aerial circus.

With 10:30 left in the opening quarter, Dennis Randall pranced for 71 yards and the first Lynx touchdown of the night. The try for extra point was blocked by the alert Eagles. Ricky Torres added another touchdown in the second quarter, on a 46 yard scamper. Daren Goodheart then lofted a pass to Jeff Pool for the 2 extra points.

Torres added another touchdown before half time, when he nabbed a 26 yard aerial from Ross Donahue. Mark Guthrie kicked the extra point for the 21-0 halftime lead.

Julio Vasquez scored the last TD of the evening for the Lynx, and Mark Guthrie added the extra point to give the Lynx a 28-0 lead.

The classy Eagles came back to score late in the game, and kick the extra point making the final score 28-7.

The Lynx amassed over 500 yards for the evening, and it could have been much more except for 13 penalties. The Lynx had two touchdowns called back.

Fans are reminded that game films of this game will be shown at the Field House Tuesday evening. All fans are invited to attend this booster meeting. Also, remember that the Lynx will entertain the Greyhounds from Gruver in their annual Homecoming game at Lynx stadium this Friday night. All exes and fans are urged to attend the homecoming game.

Death claims

Timmy Yarbrough

Timmy Yarbrough

Timmy Yarbrough, 11 year old son of Mr. and Mrs. Eugene Yarbrough passed away Friday morning at St. Anthony's Hospital in Amarillo.

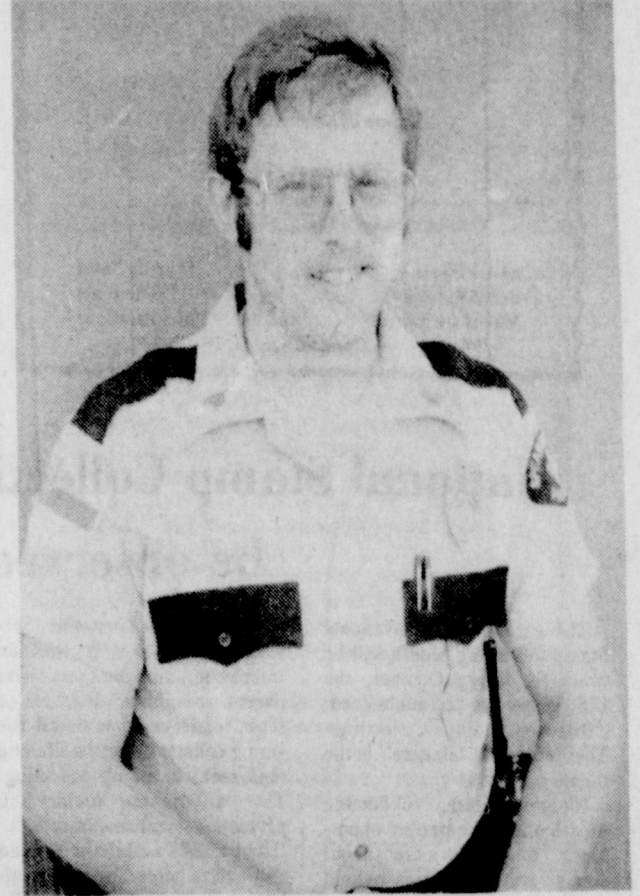

Timmy underwent emergency brain surgery Wednesday morning after being rushed there by H & S Ambulance Service.

He was a sixth grade student in Spearman Junior High.

Timmy was born in Spearman and had been very active in sports during his young life.

He is survived by his parents; a sister, Jennifer; grandparents, Mr. and Mrs. Aaron Love of Spearman and Aubrey Yarbrough of Perryton.

Services are pending at press time.

Sgt. Guehring

With the recent introduction of D.J. Alberts as Chief of Police for the city of Spearman, came the inspiration to make you, the reader and citizen, more intimately acquainted with the thin blue line of dedicated police officers who protect our community.

This week, meet Sgt. Bruce Alan Guehring, promoted to that responsible rank by the new chief.

A native of Albuquerque, N.M., Sgt. Guehring is a five-year native of law enforcement, two of it in Texas. He, his wife and two-year old son have been Spearman residents 21 months. They came here from the Lubbock area.

Officer Guehring has all the required training and certification with his five years experience to prove he learned well. In addition, he has a considerable amount of his college education behind him having studied at Albuquerque and Colorado Springs, Colo.

He is one of those men in law enforcement that definitely qualifies as a DEDICATED law enforcement officer.

He comes by it as a heritage. His father was, for years, a police lieutenant with the Carlsbad, N.M. police department until those veteran years made him a retired peace officer.

"As a kid, I was not aware that any of my father's ability or reason for being a law enforcement officer was rubbing off on me. I did learn and right quick that, as the son of a policeman, I

received no favors but had to be extra circumspect in my behavior.

"Suddenly, with maturity, thinking about my future as an adult; thinking about a home of my own in the mold of the home that had molded me, there I was going through all the motions to find out if I had the temperament, talent and tenacity to be a law enforcement officer.

"I know there are officers--none here, thank goodness, who are in it just to carry a gun. If I were pinned down and had to give my reasons--I mean reason that go a little further than personal inspiration and ambition--I would say it is because someone has to do it and I would like to try on the basis of being friend and neighbor as well as law enforcement officer. So far, in Spearman, Officer Guehring has succeeded by the testimony of his superiors, his fellow officers--and his friends and neighbors.

He has all the police hardware and in the right places but he seems barely conscious of it. He seems more ready armed with a firm handshake, a ready smile and a twinkling eye.

He has one attribute most officers have that goes unspoken in virtually every police department in the land...

He is ready at any time, if necessary, to be shot at, to lay down his life for you and your--our--his community.

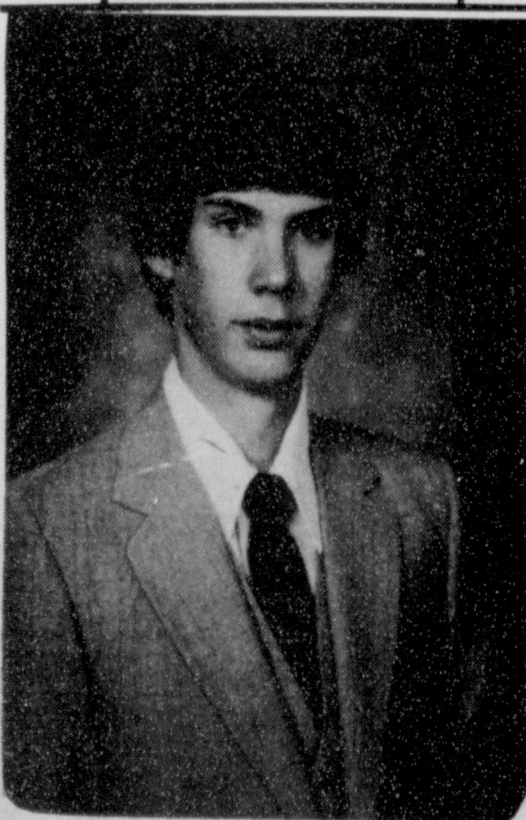

This is one of Spearman's finest: Sgt. Bruce Alan Guehring.

Billy Pat McGuire died Friday morning...

Billy McGuire Services Pending

Services are pending for Billy McGuire, son of Lorene McGuire of Spearman. Lorene is employed at T.G.&Y., in Spearman. Billy McGuire was injured

in a car-wreck north of Amarillo some 16 years ago, and has been hospitalized since that time.

National Stamp Collecting Month to be observed

The second annual National Stamp Collecting Month will be observed during October, the U.S. Postal Service announced. "Discover Stamp Collecting—The Hobby of a Lifetime" is the theme again this year.

National Stamp Collecting Month offers the perfect opportunity to learn more about stamps and the stories behind them. Stamps bridge the gap between yesterday and today by paying tribute to the people, places and events that have shaped the history of the United States, the Postal Service noted.

Special emphasis is being placed this year on starting the hobby of stamp collecting at an early age (such as between the ages of 8 to 12), since the stamp collecting increases awareness of geography, history, science and other educational areas.

As one young stamp collector stated, the knowledge gained while collecting stamps "helps me in several of my classes, and helps in doing my term papers and class projects."

Stamp collecting is recognized as the world's most popular hobby, partly because it is a versatile activity. It can be worked on alone or with friends. It is fun and at the same time stimulates intellectual growth. Many families have treasured stamp collections that are passed along from generation to generation.

"Our research indicates that most of the estimated 20 million collectors in the United States began their hobby between the ages of 8 and 12," said Gordon C. Morison, Assistant Postmas-

ter General for Customer Services. "Typically, it was an interested adult—brother, sister parent, neighbor, teacher or scout leader—who initiated the young collector into the lifelong enjoyment of stamp collecting. That is why our theme and promotional materials stress the 'Hobby of a Lifetime' and emphasize beginning stamp collections at an early age. We suggest that stamp collectors schedule some time during October to share their collection with a child and to explain the challenge and education stamps have provided for them," Morison added.

Postal Service plans for National Stamp Collecting Month include the issuance of a special souvenir card, post office lobby displays and philatelic gift items specifically designed to attract and introduce newcomers to the hobby.

During October, the Postal Service will be selling an expanded line of philatelic products, such as eight new Collecting Kits, a new Postal Guide to U.S. Stamps and an American Wildlife Stamp Album. The products, all priced between \$2.00 and \$3.50, are ideal gifts or starter kits for youngsters. Colorful commemorative stamps also will be available at most post offices, including those featuring Ponce de Leon, Jackie Robinson, the new American Architecture block of four and the 50 State Birds and Flowers pane.

The Postal Service is sponsoring the month-long observance in cooperation with the Council

of Philatelic Organizations (CPO), which includes more than 200 national, regional and local organizations involved in all aspects of stamp collecting. Selected members of CPO are establishing a speakers bureau to promote local enthusiasm for philately.

In addition to activities sponsored by CPO and its member organizations, local activities are planned by adult and youth stamp clubs, school and library administrators, community service organizations and local government leaders.

Donald Wilcox Services Held

Memorial services for Donald E. Wilcox, formerly of Spearman, Texas, were at 2:30 p.m. Monday, August 30, 1982 at Jones Funeral Home, Burlington, Kansas.

They were conducted by Grady Todd, minister, First Christian Church and Fr. Earl Dekat, St. Francis Xavier Catholic Church, Burlington.

Mrs. Stephen Austin sang "The Old Rugged Cross" and "How Great Thou Art". She was accompanied at the organ by Mrs. Don Jones.

Casket bearers were Charles Huff, Lance Hawley, Harry Huff, Raymond Varvel, Roger Huff and Charles A. Nickle.

Interment was in the Bailey Cemetery, Burlington, Kansas. Donald Eugene Wilcox, Sr. was born December 9, 1914. He died August 27, 1982. His parents were Harrie Sanford and Charles Morris Wilcox. He resided on the family farm south of Hartford, until 1942. He moved then to Spearman, Texas and after retiring six years ago he moved back near his boyhood home.

He married Sylvia King, October 1, 1951. Their children are Linda Ann Wilcox, Amarillo, Texas; Donald Eugene Wilcox, Jr., Waverly, Kansas; Corinne Clift, Eaton, Ohio; Francis Scroggs, Spearman, Texas and Warren Sturgeon, Greensburg, Ks. He also leaves seven grandchildren, one sister, Marie Merrill, LeRoy, Kansas, and many other relatives and friends.

He was preceded in death by two sisters and two brothers. He was a mechanic all of his adult life and was a member of the Odd Fellows Lodge for many years.

He was a devoted husband and father and will be greatly missed by family and friends.

WTSU To Host Wind Energy Expo '82

WTSU—West Texas State University's Energy Institute will host Wind Energy Expo '82 and National Conference Oct. 24-27.

Wind Energy Expo '82, located at Amarillo's Quality Inn, will attract more than 200 members of the American Wind Energy Association, exhibitors and manufacturers of small wind energy conversion systems and wind turbines and persons interested in wind energy as an alternate source of energy.

The national conference will open on Sunday, Oct. 24, with a pre-conference workshop, "Introduction to Wind Energy," presented by researchers of WTSU's Alternative Energy Institute.

From 1:30 p.m. to 2:45 p.m., Dr. Earl Gilmore, a research associate with AEI, will discuss wind characteristics. Dr. Vaughn Nelson, director of the Alternative Energy Institute and a WTSU professor of physics, will discuss wind energy conversion systems at 3 p.m.

The workshop, which will be in the Seminar Center of the Quality Inn in Amarillo, will be designed for persons with a limited background concerning wind energy and persons who are considering the purchase of a wind turbine for residential or farm use. Sessions will describe wind characteristics, estimation of energy production and potential and wind systems. Participants will receive brochures developed by AEI and the 45-page "Guide to Wind Energy in Texas."

Persons registering only for the workshop will be charged \$20.

Nelson and Gilmore have been involved in wind energy research since 1970. AEI personnel have evaluated 12 wind turbines in conjunction with the United States Department of Agriculture. Gilmore and Nelson have presented seminars for Southwestern Public Service Co., Gulf States Utility, the Federal Power Commission, Windpower Inc., and during the International Conference of American Solar Energy Society. Nelson developed and teaches a course, Wind Energy and Wind Turbines, at WTSU.

Registration for the conference will begin at 6:30 p.m. on Sunday, Oct. 24. Conference fees, which include presentation and a bus tour to the USDA test and research site at Bushland, are \$75 for members of the American Wind Energy Association, \$85 for non-members and \$25 for students.

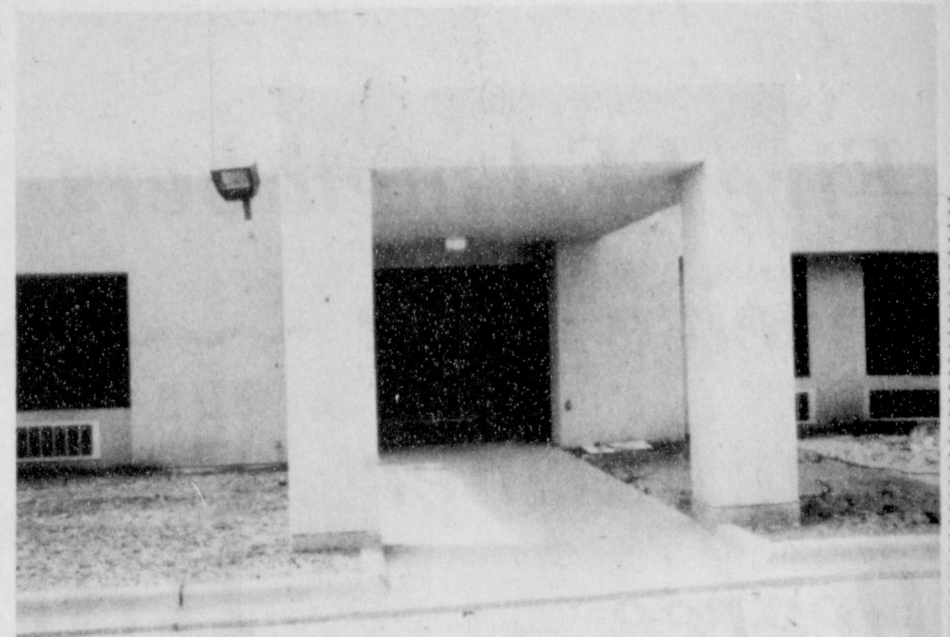

Comptroller's Rep to be here Wednesday

AUSTIN, Tex.—A representative of State Comptroller Bob Bullock will be in Spearman on September 15, 1982, to assist area taxpayers and answer tax questions.

According to Claudia Strava, manager of the Comptroller's Amarillo Office, Silverstre Bonilla, Enforcement Officer will meet with Hansford County taxpayers from 10:00-12:00 PM at the County Court House in Spearman.

Questions about taxes, the filing of tax returns or assistance on returns can be answered quickly and efficiently in these face-to-face meetings, Bullock said.

Taxpayers who are not able to meet with the Comptroller's representative on September 15, 1982, can still get their tax questions answered quickly by calling, from anywhere in Texas toll-free 1-800-252-5555.

Displays at Hansford Library

Bird's nests and old books make an interesting combination, and both are on display at the Hansford County Library during September.

The bird's nests belong to Barbara Reger, who has been collecting them for several years. There are nests and some eggs of pheasants, mourning doves, killdeer, kingbirds, scissortails and orioles. Barbara has set up a very attractive display of the nests.

There are two old book collections at the library. R.L. McFarlin loaned several old books, including a small Bible with lock, for display at the library.

The other book display consists of old books included in Dr. Kleeberger's estate. The late doctor donated all his personal library, record albums, and 8-track tapes to the Hansford County Library.

Presbyterian Women Meet

The Presbyterian Women met September 8th at 9:30 a.m. at the Church. Mrs. Myrt Bohanan, hostess, served doughnuts and coffee to seven members. Her Devotional was "God's Love"; based on the Scripture, "O give thanks to the Lord, for He is good". The morning's study, "Stewardship in Vocation", was led by Mrs. Miriam Mercer. The Lesson was divided, "Vocation In The Old Testament", "Vocation In The New Testament", and "Vocation Today".

Mrs. Dorothy Baggerly, president, led the business which included: collecting of Least Coin for Missions, reading of minutes and treasurer report. Plans were made for the new Minister's arrival this Fall.

Lesson Leader for the October Meeting will be Mrs. Martha Batton, and Hostess and Devotional Leader, Mrs. Helen Etter.

PROPERTY TAXES—

GOOD INTENTIONS AREN'T ENOUGH

I want to talk this week about taxes and good intentions.

As I travel around Texas, I notice that what's known as the Peveto Bill is the subject of much talk and controversy. This bill, named after state representative Wayne Peveto, is a tax reform law: legislation of the best intention.

The law was designed to end confusion and unfairness in the way property taxes were assessed. Property was often on different tax rolls at different values. Older properties went years, sometimes decades, without being revalued or updated. New construction and newly sold property was on the rolls at more correct values and so people who owned it paid a higher share of taxes. Some property was simply left off the rolls entirely. The system was confusing and inequitable.

In an attempt to correct these problems, the Peveto Bill created property tax appraisal boards for each Texas county. These boards were charged with the responsibility of set-

ting all property at its full value—as residential or commercial property or as land used for agricultural purposes. Taxes could then be levied on this accurately assessed property according to the needs of the taxing entities.

It sounded good, but it hasn't worked. The biggest problem is that the people on the appraisal boards are appointed, not elected. They are not accountable to the taxpayers. So now we have a new, faceless bureaucracy to deal with. It amounts to taxation without representation.

My opponent has been on both sides of this issue, first supporting the bill in the legislature—then doing an about-face and calling it bad legislation after it was passed.

The Peveto Bill, though well-intentioned, has created problems which must be dealt with in the next legislature and as your next Lt. Governor, I will do just that. If you have any thoughts on this subject, please write me at 1213 W. 34th, Austin, 78705.

Arts & Crafts Show and Sale

The Spearman Study Club's second Arts & Craft Show will be held this weekend, Saturday and Sunday, Sept. 11 and 12, in the old Beedy Furniture Building.

If you liked us last year then you're gonna love us this year! We have added some new attractions to Arts and Crafts show and sale. I think you will be well pleased.

There will be four states represented again this year. Texas, Oklahoma, Colorado, and Kansas will be showing and selling the following: depression glass, wooden toys, ceramics, dolls, wooden frames, photography, wind chimes, silk flowers, jewelry from Hawaii, coins, antiques and collectable butterflies in shadow boxes, personalized Christmas stockings, bronzings, homemade breads, and many more handmade items. I wish I could list them all but there is just too many.

We have also added some

ON IMMIGRATION

The Senate passed the first major overhaul of the nation's immigration laws in 30 years, setting fines and prison terms for employers who knowingly hire illegal aliens while granting amnesty to untold millions already in the country.

Lynxettes Defeat Eagles In First District Game

The much talked about one-two punch of Barbara Wilde and Marsha Shieldknight developed here Tuesday night and the Sanford-Fritch Lynxettes were annihilated 55-40 in the opening district game.

Sophomore Shieldknight found the range on a new style offense and pumped in 26

points on nine field goals and eight free shots to lead the Lynxette scoring.

Senior Wilde was right behind Shieldknight in the point department with 25 points on 10 field goals and five free shots.

Linn Robinson had two points on two free shots and Cather-

B & T Women Award Scholarship

The Women's Division of the Baker and Taylor Drilling Company announced the name of the recipient of its first annual scholarship at the Spearman High School commencement exercises last Friday night.

Michael L. Self, son of Mr. and Mrs. Myron L. Self, 715 Collier, was awarded the \$300 scholarship.

Mike was involved in business and music throughout his high school career. He participated in the DECA program of Spearman High School, working

for Sears Roebuck for two years, and also participated in band all four years. He was elected band king his senior year.

Religious activities have also played an important part in Mike's high school years. He is a member of the Church of the Nazarene in Perryton and was elected president of the Youth Fellowship organization in 1972. He has been a member of the West Texas Ambassadors, a district church choir, for three years and was elected president of the group this year.

Mike plans to attend Bethany Nazarene College in Bethany, Oklahoma to major in business administration. The fact that the college is supported by his church prompted his long-time desire to attend Bethany.

Typical of Mike's character, and partial justification for his having received the scholarship, is the outstanding leadership and moral character which won him the Danforth Award this year at Spearman High School. Often referred to as the "I dare you" award, this award is annually presented to outstanding men and women graduates in recognition of their high character and leadership qualities.

Tri-State Computer Expo

Exhibitors from Amarillo and the Tri-State area as well as other cities and other states will occupy over 90 exhibit booths at the Tri-State Computer Expo to be held in the Amarillo Civic Center Exhibit Hall September 16 and 17.

They will include hardware companies, software companies, paper and supply companies, universities and other computer-related businesses, according to Expo chairman Jerry Knierim. He said the two-day trade show will cover "the full spectrum of computer technology from micro-processors to mainframes."

Admission is free and the public is encouraged to attend. It will be open from 10:00 a.m.

until 7:00 p.m. on Thursday, September 16 and from 10:00 a.m. until 3:00 p.m. Friday, September 17.

The Tri-State Computer Expo, which is sponsored by the Golden Spread Chapter of the Data Processing Management Association, is a first for this area. Similar expositions sponsored by DPMA chapters in other cities have drawn widespread public interest, according to Knierim.

He said, "For anyone who wants to know and understand what is happening in the field of information processing, this is an excellent opportunity to get a comprehensive overview of this exploding technology."

Clayton to speak at "Appreciation Night"

House Speaker Billy Clayton is to be the featured speaker at an "Appreciation Night" honoring 88th District State Representative J. W. "Buck" Buchanan slated at 7 p.m. Tuesday, September 14, in the Lions Club Building in Dumas.

Representative Gib Lewis, conceded to be Clayton's successor as house speaker, is also expected to attend along with several other Panhandle-Plains area lawmakers.

Buchanan, who is serving his second term in the legislature, is a candidate for re-election in November.

In the interim between his legislative terms, he was manager of the North Plains Water Conservation District and continues to be concerned with the

vital problem of water conservation as a legislator.

He is presently vice chairman of a joint House-Senate task force seeking ways to deal with the increasingly serious problem of maintaining adequate water for the state, particularly the High Plains area he represents.

Representative Buchanan also serves on numerous area and regional bodies concerned with water conservation.

A reception will be held at 6:00 p.m. preceding the appreciation night activities at the First National Bank of Dumas basement for those wishing to meet Speaker Clayton.

"Ding Dong Daddy" steaks and a program of entertainment will be provided for guests at the appreciation event.

This Baptists group enjoyed a picnic and ice cream social last week.

Auxilians to attend district meeting

Auxilians from Spearman and throughout the Panhandle will be attending the Annual District Meeting for the Texas Association of Hospital Auxiliaries in Pampa next week, according to Nancy Meredith Hooker, president of the state-wide organization.

Coronado Community Hospital Auxiliary in Pampa is hosting the meeting which will highlight information about volunteer programs, new health programs, and a motivational speaker, Monday, September 13.

Mrs. Eleanore Gill, past president of the CCH Auxiliary and District TAHA Councilwoman, said the guest speaker for the day will be Margaret Keyes of Austin, an educator, organi-

zational consultant, and professional speaker. Her topic is "Rx for Volunteers".

Running concurrently with the TAHA session will be a meeting of the Texas Association of Volunteer Services, likewise being hosted by the Pampa hospital auxiliary, according to Mrs. Nan Osborne, TAHA co-councilwoman and

coordinator for the meeting. Participants in the sessions include auxiliary volunteers from Amarillo, Brownfield, Canyon, Canadian, Denver City, Dimmitt, Friona, Dalhart, Hereford, Littlefield and Lockney.

Also Lubbock, Muleshoe, Perryton, Plainview, Shamrock, Slaton, Spearman and Tahoka.

Club Meets

Servitors met at the home of Patti Hudson Sept. 9. The meeting was called to order by Becky Baker, the President.

The prayer was given by Stephanie Brock. The club collect was given by Becky Baker and members.

One guest was present, Jan Morgan.

COMMITTEE REPORT: The Conservation Committee will plant a tree at Hansford Manor.

EDUCATION REPORT: Teachers were presented apples with daisies by Servitors on 1st day of school.

CORRESPONDENCE: Two resignations of Jan Beasley and Sheila Chapel. There are 3 new members accepted, Peggy Winegarner, Jane Kunselman and Suzanne Lane.

UNFINISHED BUSINESS: Postpone the Mini-fest until spring.

NEW BUSINESS: Preparation for Fall Board Workshop, Oct. 23 at Methodist Church.

The club will be in charge of the decorations and a committee was appointed to plant these. We also donated \$50 to Kindergarten classes for records and books. Donated \$30 to Library to buy childrens books. The raffle was made by Sharon Gibson and was won by Linda Winegarner.

The hostesses for the meeting were Kitty Edwards and Peggy Varnon.

The next meeting will be October 21, in the home of Stephanie Brock.

ACT assessment program available

As the new school year begins, more than one million high school juniors and seniors across the nation are preparing to participate in the ACT Assessment Program.

The ACT Assessment, which consist of four academic tests that measure educational development and a detailed questionnaire that collects information relevant to educational and career planning, is recommended or required by more than 2,700 postsecondary institutions and scholarship programs.

School guidance counselors recommend that students participate in the ACT Assessment Program during the junior year or early in the senior year, so their results will be available in time for use in planning for postsecondary education and careers.

Students can obtain registration packets that contain all the information necessary to register and prepare for the Assessment from their high school guidance offices. The basic registration fee for the Assessment is \$9.50. For 1982-83, ACT has established this test date schedule:

Test Dates	Registration Deadlines
October 30, 1982	October 1
December 11, 1982	November 12
February 12, 1983	January 14

April 16, 1983
June 11, 1983
March 18
May 13

It takes about three hours to complete the four ACT examinations in English, math, social studies, and natural sciences. A sample copy of a full-length test is available in every high school. Students who would like to have copies of additional tests may obtain them at cost from ACT.

The ACT Assessment also includes a two-part questionnaire that students complete at home when they register. The questionnaire focuses on the student's interests, academic and nonacademic accomplishments, and vocational and educational plans and needs.

Colleges use information from the ACT Assessment Program for academic advising, admissions counseling, course sectioning and replacement, student services, and institutional research. ACT Assessment reports are sent to students, their high school counselors, and only those institutions and agencies specifically designated by the student.

The ACT Assessment Program is a major service of The American College Testing Program, which has national headquarters in Iowa City, Iowa.

PUBLIC NOTICE

BRIEF EXPLANATORY STATEMENTS OF PROPOSED CONSTITUTIONAL AMENDMENTS GENERAL ELECTION NOVEMBER 2, 1982

PROPOSITION NO. 1 ON THE BALLOT

House Joint Resolution 1 proposes a constitutional amendment that prohibits any state ad valorem tax. Receipts from previously authorized state ad valorem taxes that are collected after the effective date of the proposed amendment shall be deposited to the credit of the general fund of the county collecting the taxes and may be expended for county purposes. Taxes collected before that date shall be distributed by the legislature among educational institutions eligible to receive those funds under prior law. The proposed amendment also repeals a section of the Constitution levying an ad valorem tax for a construction fund for 17 state colleges and universities.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment repealing the state property tax."

PROPOSITION NO. 2 ON THE BALLOT

House Joint Resolution 62 as amended by Senate Joint Resolution 10 proposes a constitutional amendment that would eliminate the \$80,000,000 ceiling on state welfare aid during any fiscal year.

The amendment would set the state welfare spending limit at \$160,000,000 for the 1982-1983 biennium.

The amendment further provides that, for each subsequent biennium, the maximum amount spent for state welfare shall not exceed one percent of the state budget.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to authorize the legislature to provide assistance through the appropriations process to needy persons and to place a ceiling on payments for needy dependent children at one percent of the state budget."

PROPOSITION NO. 3 ON THE BALLOT

Senate Joint Resolution 8 proposes a constitutional amendment that would exempt machinery and equipment used in the production of farm and ranch products from taxation. No dollar limits would be imposed and the exemption would apply to corporations and partnerships as well as to families and individuals.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment exempting implements of husbandry (agricultural machinery and equipment) from ad valorem taxation."

PROPOSITION NO. 4 ON THE BALLOT

House Joint Resolution 77 proposes a constitutional amendment that would authorize the Legislature to set a four year maximum term of office for board members of certain water districts and conservation and reclamation districts.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the Legislature to provide terms not to exceed four years for members of governing boards of certain water districts and conservation and reclamation districts."

PROPOSITION NO. 5 ON THE BALLOT

House Joint Resolution 119 proposes a constitutional amendment that would authorize Tarrant and Bee counties to hold county-wide elections to abolish the county treasurer's office by majority vote.

Should the county treasurer's office be abolished, the duties, powers, and functions of that office would be transferred to the county auditor or his successor to the auditor's functions.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to abolish the office of county treasurer in Tarrant and Bee counties."

PROPOSITION NO. 6 ON THE BALLOT

Senate Joint Resolution 6 proposes a constitutional amendment that would raise the constitutional interest rate limit on state general obligation bonds from 6% to 12%. The new 12% ceiling does not, however, apply to bonds issued by the Veterans' Land Board.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment increasing the maximum interest rate allowed on state general obligation bonds to a weighted average annual interest rate of 12%."

AVISO PUBLICO

Breves Declaraciones Explicativas De Las ENMIENDAS CONSTITUCIONALES PROPUESTAS ELECCION GENERAL 2 DE NOVIEMBRE DE 1982

PROPOSICION NUMERO 1 EN LA BOLETA

Resolución Conjunta de la Cámara de Representantes 1 propone una enmienda constitucional que prohíba cualquier impuesto estatal por avalúo. Los recibos de impuestos estatales por avalúo anteriormente autorizados que son cobrados después de la fecha efectiva de la propuesta enmienda a esta sección serán depositados al crédito del fondo general del condado que cobra los impuestos y pueden ser gastados para los fines del condado. Los impuestos que son cobrados antes de esa fecha serán distribuidos por la Legislatura entre las instituciones educativas que son elegibles para recibir esos fondos bajo ley previa. La propuesta enmienda también revoca una sección de la Constitución que impone un impuesto por avalúo para un fondo para la construcción de 17 colegios y universidades estatales.

La propuesta enmienda aparecerá en la boleta como sigue:

"La enmienda constitucional que autoriza a la Legislatura proveer asistencia por el proceso de asignación a necesitados y establecer un límite sobre los pagos para niños dependientes necesitados de un por ciento del presupuesto estatal."

PROPOSICION NUMERO 2 EN LA BOLETA

Resolución Conjunta de la Cámara de Representantes 62 tal como fue enmendada por Resolución Conjunta del Senado 10 propone una enmienda constitucional que elimine el límite de \$80,000,000 de asistencia pública estatal durante cualquier año fiscal.

La enmienda establecerá el límite de gastos de asistencia pública estatal a \$160,000,000 para el bienio 1982-1983.

Además la enmienda provee que para cada bienio subsiguiente la cantidad máxima que se pueda gastar en asistencia pública no será en exceso de 1% del presupuesto estatal.

La propuesta enmienda aparecerá en la boleta como sigue:

"La enmienda constitucional que autoriza a la Legislatura proveer asistencia a necesitados y establecer un límite sobre los pagos para niños dependientes necesitados de un por ciento del presupuesto estatal."

PROPOSICION NUMERO 3 EN LA BOLETA

Resolución Conjunta del Senado 8 propone una enmienda constitucional que exención de la imposición de impuestos a la maquinaria y el equipo que se usan en la producción de productos agrícolas y ganaderos. No se impondría límites de dólares y la exención se aplicaría a las sociedades anónimas y colectivas tanto como a las familias y los individuos.

La propuesta enmienda aparecerá en la boleta como sigue:

"La enmienda constitucional que exención los implementos de producción agrícola (maquinaria y equipo agrícola) de la imposición de impuestos por avalúo."

PROPOSICION NUMERO 4 EN LA BOLETA

Resolución Conjunta de la Cámara de Representantes 77 propone una enmienda constitucional que autorice a la Legislatura establecer un límite de cuatro años para los plazos de ciertos distritos de agua y distritos de conservación y reclamación.

La enmienda propuesta aparecerá en la boleta como sigue:

"La enmienda constitucional que autoriza a la Legislatura proveer plazos de no más de cuatro años para los miembros de las juntas gobernantes de ciertos distritos de agua y distritos de conservación y reclamación."

PROPOSICION NUMERO 5 EN LA BOLETA

Resolución Conjunta No. 119 de la Cámara de Representantes propone una enmienda constitucional que autorice a los condados de Tarrant y Bee celebrar elecciones en los dos condados para anular por mayoría el oficio de tesoro del condado.

Si se anula el oficio de tesoro del condado, se cederán los deberes, poderes y funciones de dicho oficio al auditor del condado o al sucesor de las funciones del auditor.

La enmienda propuesta aparecerá en la boleta como sigue:

"La enmienda constitucional que anula el oficio de tesoro del condado en los condados de Tarrant y Bee."

PROPOSICION NUMERO 6 EN LA BOLETA

Resolución Conjunta del Senado 6 propone una enmienda constitucional que aumente el límite de la tarifa constitucional de interés en los bonos generales estatales de obligación de 6% a 12%. Sin embargo, el nuevo límite de 12% no se aplica a bonos emitidos de la Junta de Terrenos para Veteranos.

La propuesta enmienda aparecerá en la boleta como sigue:

"La enmienda constitucional que aumenta la tarifa máxima de interés que se permite en los bonos generales estatales de obligación a un promedio ponderado de 12% de interés anual."

No Freshman Team...

"Lulu" Scores Only TD For JV Lynx

NOTE FROM SPORTS DESK: There will not be a Freshman team, due to the lack of players. In other words, there were not very many Freshman playing football. This does not mean that the Freshman interested do not get to play this year, because they do. They will be suiting out and playing with the Jr. Varsity Lynx. The games will begin at 6:30 p.m. according to Coach Larry Lanier.

The Jr. Varsity team consists of Freshman, Sophomores and Juniors. Playing together as a team, these three classes will make the Spearman Jr. Varsity Lynx team of 1982 a team to remember. They should have a very good year this year. Their first game was against Canadian. It was a fine game, both teams had not played against each other, since Canadian was

not in the District, but this year they are. The JV Lynx found out that the Canadian JV is a real tough team. The final score was 24-6.

The JV Lynx did a great job. Although the score was lopsided, all the players on the JV Lynx know what to look for when they meet Canadian again and, also, what they, as a team, can do together. Luis Nava ran the ball in for the only touchdown the JV Lynx could make. The two-point conversion failed. The score ended with 24 to 6.

The JV Lynx will be playing against Perryton next week at Perryton. The Perryton JV Deputies, seem to be an even tougher team this year. They could be a tough team, but by that time, the JV Lynx will be more "used" to playing as a

team and will be ready for the tough ole boys from Perryton. The game will begin at 6:30. Go on over to Perryton, it's not that

far, and check out the action!! Congratulations to all the JV Lynx for playing a good first game.

Clifford Damstrom is the St. Jude Director for the Southwest Region.

"St. Jude Children's Research Hospital is the largest childhood cancer research center in the United States, and it is the first research center dedicated exclusively to the research and conquest of catas-

trophic diseases of children, such as cancer and other life-threatening diseases," Damstrom stated. "When St. Jude accepted its first patient in 1962, the survival rate for children diagnosed with acute lymphocytic leukemia was less than 5%. Today, the disease free survival figure for children has grown to over 50%. Cancer Treatment procedures that originated at St. Jude are now being used to treat children throughout the United States and in other parts of the world. Such progress has brought world-wide acclaim to St. Jude."

SHS Homecoming Activities

The Spearman High School will have a full week of activities as it will be the 1982 Spearman Lynx Football Homecoming Week.

As everyone knows by now, the SHS students have a special something for each day of the week-in Homecoming Week--with Friday, game day, being Purple Pride Day, everyone wearing their purple and white clothes.

The cheerleaders for this year include Seniors Lea Ann Gibner and Lana Paul, Juniors are Kim Elbert and Cinda Novak, Sophomore Tiki Jackson and Freshman Carlee Dixon. These cheerleaders have done a fine job so far, and they have organized the Homecoming Week Activities, so they should be nifty.

This is how the week is going to be:

MONDAY--stomp 'Em Day
TUESDAY--Crazy Day
WEDNESDAY--Stomp 'Em Day
THURSDAY--Funeral Day

FRIDAY--Purple Pride Day
What exactly do these "activities" mean? Well on Monday, September 13, which is Stomp 'Em Day, the SHS students will wear their Cowboy Boots, or any kind of shoes that are big enough to "stomp" on a "dog"!!

On Tuesday, September 14, which is Crazy Day, the students will be wearing the '50's Punk Style clothing, or anything that will make the students look crazy!!

On Wednesday, September 15, which is Stomp 'Em Day, the SHS students will have their favorite stuffed animal, including a "stuffed dog", with them all day.

Thursday, September 16, which is Funeral Day, will have everyone dressed in black, or what have you and the Lynx will "bury" the might Greyhound. The Bonfire and Pep Rally will also take place on this day.

Friday, September 17, which is known as Purple Pride Day, is just that. All that are at Spearman High School will be wearing their Purple Pride suits, dressy pant suits and so forth. Teachers including. The Junior High and Elementary will join in on this Homecoming activity also.

So if you happen to go to the High School for some kind of meeting or what have you, and see the students dressed weird or something, remember it is Homecoming Week at SHS, and that is all!!

The Homecoming King and Queen will be announced at the game against the tough ole Gruver Greyhounds. Go on over to Lynx Stadium Friday night, September 17, and see the two Hansford County representatives go against each other, in a very grueling game. Make sure and get to the game before 7:30 p.m.

Dr. Kleeberger's Library Donated

The late Dr. Kleeberger donated all of his personal library, record albums, and 8-track tapes to the Hansford County Library.

Among the books donated were beautifully bound classics that will replace the library's worn-out copies, such as *Les Miserables*, *Lord Jim*, *The Moonstone*, *War and Peace* and *The Complete Works of O. Henry*. His library included many classics our library didn't own, such as *The Picture of Dorian Gray* by Oscar Wilde, *Carl Sandburg's 4-volume set of Abraham Lincoln: The War Years*, and *Winston Churchill's 6-volume set of The Second World War*.

Several sets of books were included in Dr. Kleeberger's book collection. *This Fabulous Century* covers the years 1900-1960 in volumes. A beautifully illustrated 15-volume set of art encyclopedias entitled *Museums of the World* is a real treasure. Numerous fiction and non-fiction titles were in his library. Also included were several old books, some of which are

currently on display at the library. One that's especially fascinating is entitled *The Complete Story of the San Francisco Horror*. It is an illustrated account of the San Francisco earthquake published in 1906, the year the great quake occurred.

Many of the record albums are Longines Symphonette Society and Readers Digest records that have up to 10 discs per album. There were some 78's and 45's, and numerous 8-track tapes. Most of the records and tapes are easy listening, mood music, classical, and Christmas music. The records and tapes are not yet available for circulation as they must be catalogued and processed.

The members of the Spearman Lion's Club donated money to the Hansford County Library to purchase a record case for displaying the records Dr. Kleeberger donated.

Dr. Kleeberger's contribution to the library will be enjoyed by the people of this community for many years to come.

WTSU plans Parent's Day

WTSU--Selection of Parents of the Year and "super parents" will be among the activities during the Fifth Annual Parents' Day at West Texas State University on Saturday, Sept. 25.

Parents will become acquainted with their student's residence hall, classrooms and instructors, in addition to touring campus facilities, attending receptions, open houses and a football game.

Visiting parents will register beginning at 9 a.m. on Sept. 25 in the foyer of the East Dining Hall. Parents of the almost 400 Don and Sybil Harrington Honor Scholars will be guests at a reception at 9 a.m. in the East Dining Hall.

Other parents will meet administrators and faculty and staff members at a reception at 10 a.m.

The WTSU Marching band also will host parents of student musicians in the Student Union Building Snack Bar beginning with registration and a luncheon at 11 a.m.

The 12 campus residence halls will be open with refreshments for parents and their students at 11 a.m. and 12:30 p.m. buffet luncheon in the East Dining Hall will feature a meal for \$3.25. Children who are eight years old and younger will pay half price and WTSU students with meal cards may eat free.

Following the luncheon, a style show featuring fashions from Jean's of Canyon will be modeled by members of the WTSU Panhellenic Council at 2 p.m. and Don Davis, athletic director and head football coach, will present a football preview at the Activities Center Ballroom.

Also at 2 p.m., open house will be hosted by departments in the seven academic schools and colleges at the Agriculture-Nursing Building, Meat Lab, greenhouses, Nance Ranch, Horse Center, Science Center, Old Main, Education Building, Classroom Center, Northern Hall, Fine Arts Building, Killgore Research Center and five church centers on the edges of campus.

From 2 p.m. to 5 p.m., parents and their children will form teams to compete in the second annual Parent Olympics sponsored by the WTSU Recreation Club at the Activities Center. Parents and their children, and staff members and their children may team for nine holes of golf, tennis or racquetball. Participation will be limited to the first 16 entries.

Parents may choose to compete in billiards, 42, bowling, basketball free throw and a two-mile jog, walk or crawl at 4:30 p.m. at the WTSU track.

Scoring will be based on a point system. Winners will receive trophies and T-shirts and a traveling trophy will be presented to the winning organization. Winning parents also will be guests of the WTSU Recreation Club for dinner at 5:30 p.m. at the East Dining Hall. Deadline for entries is noon on Parents' Day.

The afternoon will continue with a performance of the University Chorale and the Honor Choir Festival featuring high school choirs conducted by Dr. Howard Swan of the University of California at Irvine who is a visiting Meadows professor in choral conducting at WTSU. The free concert will be at 3 p.m. at Northern Recital Hall.

Students will display equestrian skills at 5 p.m. at the Horse Center located north of campus on the Canyon Expressway.

Parents' Day will conclude with the football game between the WTSU Buffaloes and McNeese State University at 7:30 p.m., Kimbrough Memorial Stadium.

Half-time ceremonies will feature the presentation of the Parents of the Year. Students must submit a form nominating their parents for the honor before Wednesday, Sept. 22. Nominations should be submitted at the WTSU Activities Center. Recognition also will be given to the parents traveling the longest distance with the most children attending WTSU.

Also during half-time activities, student teams will compete in the annual "People Pull," attempting to move a tractor. The event raises funds for the March of Dimes.

Football tickets are \$9 for reserved seats and \$4 for general admission and may be reserved by mail. Parents may pick up tickets before 4 p.m. at Parents' Day registration or at the WTSU Athletic Ticket Office.

Chairperson of the WTSU committee which plans Parents' Day activities is Frank Castleberry, director of the Activities Center.

Toll Free Alcoholism

Number Available

Area residents who need confidential help with an alcoholism problem can now call toll-free 1-800-692-4165 from anywhere in the Panhandle and get referral information. The new service offered by the Amarillo Council on Alcoholism is made possible by a grant from the Texas Commission on Alcoholism.

The 24-hour service is linked to a corps of volunteers who are available to give information on treatment and rehabilitation programs, and prevention methods. A volunteer coordinator has been selected by the Council and training of the volunteers is under way.

"This service is for anyone who has a problem with alcohol," said Don Pipes, Executive Director of the ACA. "When we hear about someone having an alcohol problem, we usually

think of a person who drinks too much and needs to stop. We're certainly going to be dealing with those kind of people but, we're also going to be helping the families of those abusers, employers who are trying to find help for a worker and people who need more information about alcohol treatment and rehabilitation."

"A major problem the abuser has," Pipes continued, "is in making that first call for help. If he or she is somewhere outside Amarillo, it takes considerable effort to make a long distance call. We feel the toll-free number will make that first step easier to take."

Figures assembled by the Regional Alcoholism Authority show the volunteers will be busy. About 7% of the area population, or just over 21,000 people, are directly affected by the disease of alcoholism.

Local homemakers to attend state meet

EL PASO--More than 800 members of the Texas Extension Homemakers Association from throughout Texas are expected to assemble in El Paso for the annual state convention of the association, Sept. 14-16.

"This will be the 56th annual meeting of the homemakers organization, and a blue ribbon program has been prepared," announces Mrs. Billie H. McCraw, president of the 22,680-member group. McCraw is from Raymondville.

Conference sessions will be at the Convention Center.

Registration will begin at 1 p.m. Sept. 14 and continue through that evening. Special activities for that afternoon and again the afternoon of Sept. 16 will be bus tours to Mexico, with emphasis on several historic cathedrals and a visit to a federally-sponsored shopping center in Juarez.

Among key speakers will be the Rev. Donald Anderson of San Antonio, who will discuss "A Total View of a Healthy American Family," and Kathryn Blissard, a Houston television personality, whose subject will be "How Important Are You?"

In addition to Texas homemakers, others also are expected to attend from New Mexico, McCraw says.

Other conference highlights will be business sessions, board meetings, and a series of workshops.

"These workshops are planned in the areas of health and safety, cultural arts and international understanding, leadership and membership, family life education and family resources, citizenship and legislative affairs, and young homemakers. Two other special workshops also are planned for guests," McCraw says.

An election of officers is slated for the closing afternoon, with installation of officers to take place the evening of Sept. 16.

The Texas Extension Homemakers Association has members in 1,326 clubs in 250 Texas counties. During the past year, members have reached and taught more than 100,000 Texas homemakers through a wide array of educational activities.

Those attending the meeting from Hansford will be Delinda McLaughlin, Denise Harbour, and Penny Raiston.

Antique machinery show set

A glimpse into the past may be seen at the fifth annual Golden Spread Antique Engine, Machinery, and Tractor Show to be held Saturday and Sunday September 18-19 on the Donald Sell farm near Perryton, Texas.

A large number of antique steam engines, tractors, cars, trucks, gasoline engines, as well as horse drawn equipment will be a part of the show.

Although the grounds are open for viewing all day, a time to see the equipment in action will begin at 1:30 p.m. each day. The activity includes a parade of horse drawn equipment such as a header and barge, reaper, plows, and antique tractors, cars, trucks, and steam engines. There will be slow and fast steam engine races. The activity will conclude with an old time wheat threshing.

Worship services will be held on the grounds at 9:00 a.m. Sunday. Food and camping space is available. An admission charge of \$2.50 is charged for ages 12 and older. Children under 12 are admitted free.

The show is a result of an Association organized by people interested in antiques and in preserving a bit of the past for future generations.

The Donald Sell farm is located 10 miles east of Perryton, Texas on FM 377 and then 5 miles south on FM 2711. More information may be received by writing Donald Sell Route 2 Perryton, Texas or Richard Sell Route 2 Booker, Texas.

Guest exhibitors are welcome at the show.

Association members from Spearman are J.D. Wilbanks (who is an excellent steam engine engineer), Mr. & Mrs. Fred Groves, and Qua Crum.

Deadline nears for all-risk wheat insurance

September 15 is the last date on which applications will be accepted for All-Risk insurance policies on 1983-crop wheat. All-Risk Crop Insurance Field Operations Director F.W. "Ted" Crouch, Jr. says that a list of local agents who offer the insurance can be obtained by contacting the county ASCS office.

Crouch says that the number of applications received to date and the interest expressed by wheat growers suggests that the amount of insurance in force will be a record high. "One major reason," Crouch notes, "is the continuing increase in crop production costs. Many

wheat growers simply do not have the necessary cash reserves or additional borrowing capability to take a chance on losing the money that they will have invested in their crops."

"Another reason," the insurance official contends, "is the reduced cost of purchasing insurance." The federal government, in an effort to encourage participation in the program, pays up to 30% of the cost of the protection. Anticipated sign-up also is expected to be higher because a growing number of lenders are requiring or suggesting that borrowers carry at least enough coverage to provide for repayment of production loans.

Not enough rain can ruin a crop of winter wheat. All-Risk Crop Insurance can save you.

Try any way you can to get water from the skies. But just in case, make sure you get All-Risk Crop Insurance to protect yourself. Not only against drought, but against other natural disasters such as wind, insects, disease, even too much moisture.

When you consider it takes five years of your profits to put a crop in the ground, that's protection you can't do without. See us today, and we'll help you farm with a lot more confidence.

GTE plans to replace switching center

GUYPON--General Telephone Company of the Southwest has announced plans to replace its Guymon main switching center with the most modern sophisticated telephone switching system in early 1984. The company will replace its long-distance switching center which serves Guymon, Keys, Boise City, Texhoma, Goodwell, Beaver, Higgins, Darrouzett, Follett, Booker, Perryton, Spearman, and nine communities served by Panhandle Telephone Co-Op.

Anthony Foursha, Guymon Operations Manager of General Telephone, made the announcement this week. The new equipment is to be located at 113 E. Fifth St., Guymon, Okla. "The new system is the most sophisticated available today,"

Foursha said. "In addition to high quality and versatile services, both systems check themselves for trouble or potential trouble that would normally be unnoticed until service is interrupted."

"This self-checking feature of both systems is supported by a duplication of key components which further reduce the chance of equipment failure."

"Due to the need for flexible telephone communications in Guymon and in the Guymon long-distance center service area, we needed the most up-to-date and reliable system available. The new equipment provides the best and most modern services with easy adaptation to the communications needs of the future."

Foursha pointed out the equipment presently serving Guymon is widely used throughout the United States and provides reliable service. "However, the new computerized equipment requires about one-third the floor space, can be modified without major equipment additions, needs less maintenance and is more versatile," he commented.

The New System is especially designed for touch calling, direct distance dialing and expanded direct distance dialing, including single-digit long-distance access codes of 1+ and 0+ long-distance access in addition to processing calls faster, more accurately and efficiently with improved billing accuracy, he said.

Construction at the 113 E. Fifth Street location started in May and will include a building addition and remodeling to complete the changeout of equipment during 1984. The building will have added floor space on the first floor, plus a second floor addition.
