Nida Rae, two-year-old daughter of Mr. and Mrs. B. J. Gardner, Ruidoso, N. The little girl, with her mother, were visiting friends at the station. She wandered away from the older folks and went into the space where the 400 lb., two-year-old bear was chained. When her mother missed her, they immediately thought of the bear and when they found her, she was unconscious and the bear was dragging her into it's house. It is thought that no serious effects will result and that the child will soon recover.

The Gardners are former Perryton residents, Mr. Gardner being a son of Mrs. J. W. Wright. Mrs. Gardner was formerly Miss Faye Branham. Mr. and Mrs. Frank Cheatam, Higgins, were through Perryton enroute from New Mexico and they reported the little girl's condition as satisfactory.

CITY TO BUILD POWER SYSTEM?

EMPLOY CONSULTING ENGINEER TO MAKE PRELIMINARY SURVEY AND ESTIMATES OF PLANT COST

The city council of Perryton, by a unanimous vote Tuesday afternoon, entered into contract with E. T. Archer & Co., Kansas City, Mo., consulting engineers, to make a survey of the city and prepare preliminary plans and estimates of cost for the installation of a municipally owned light and power plant.

Under the terms of the contract made with E. T. Archer, who represented his company in the negotiations, the city will pay a fee of five per cent for all engineering work on the power plant and distributing system. This fee includes supervision of the construction of the plant and system.

After the survey has been made and estimates of cost prepared, an election will be called for the purpose of authorizing the city council to issue bonds or certificates of indebtedness. If the election fails to carry or if the plant is not constructed, the engineers will receive a cash fee of $500 for their work in preparing the preliminary plans and estimates. The remainder of the engineering fee will be paid in bonds or whatever form of payment is decided best to make for the system.

If the election carries and the plant is constructed, the bonds or debt certificates will be what are known as revenue securities. They will not be a blanket obligation against the entire city but will be secured by the plant only and will be payable out of the earnings of the light and power system.

This action was taken by the city council after due deliberation. A straw ballot taken by the Chamber of Commerce brought out the fact that the members were overwhelmingly in favor of a city owned plant.

Lesson 12. March 22, 1936

GOD'S GOOD GIFTS

I Be Not Anxious

What a tall worry and fretfulness have taken among the children of men. How many white hairs, wrinkled faces have been hastened into their own through anxiety. How many imaginary spectres loom before us which will vanish ere we come near them. What terrors of the night which haunt the trembling soul fade into the mist with the rising sun.

Even the disciples of the long ago were told to "take no thought" for the perishable things of life. "Life is more than the food, and the body than the rainment", said our Lord. Clothing and food are only means to an end. They are not the end itself. They are only the vehicles to service and subsistence. We had just as well bow before an Oriental idol, as to cringe before the haunting spectre of material possessions.

Jesus knew the body must be clothed and fed, but he warned against making even the necessities of life the end of our efforts and labors.

II. Consider the Lillies.

Far away the king's palaces, far removed from mansions and the man's best creations in art of architecture was the lily of the field. Outshining the glory of Solomon, this humble little plant was eloquent with a lesson. The atmosphere of its fragrance had been breathed by many, but its real beauty had been seen by none till Jesus came to interpret this master piece of Jehovah's brush.

The lily was pure. It is easy to be beautiful, if the soul is spotless. The lily was sincere. It did not "put on a lily face to hide a dog fennel heart." Its blush or pallor was not a hypocritical display. It put on no special show for spectators. What a lesson in honesty, and what a flow to sham. Content to bloom and shed its fragrance to birds, bees and men without discrimination, content to open among plants less beautiful, and to be as lovely in its isolation as though it were in the palace of a king. The lily became an object altogether beautiful under the explanatory lesson of our Lord. Free from worry, content to drink the dews of heaven and receive the kisses of the sun, the lily had set an example of quiet resignation so sorely needed by the sons and daughters of men. If God is so good to the grass of the field, how much more will he care for us who are more precious than many sparrows or all the lilies in the world.

III. Seeking

First in importance is seeking things divine. The disciples expected the kingdom soon. They were to seek it, and life's necessities would be granted them by the Father who knew their needs.

IV. Giving

Not what is appropriated to our own selfish use, but what we give to others makes a worth-while investment. Our eyes are to be lifted from selfish earthly treasures to heavenly possessions. If the heart is set on heaven, our affections on things above, our footsteps will tend in that direction, and we will be led away from perishing and deceiving mirages of earth.

LUTHERAN CHURCH

The Silent Jesus

The great prophet Isaiah, who has been called the "evangelist of the Old Testament", in the 53rd chapter of his book, foretells the suffering and death of our Lord. In beautiful prophetic words he describes the mockery and scorn, the mistreatment and oppression which is heaped upon the Savior, and then goes on to say of Jesus, "and yet he opened not his mouth; he is brought as a lamb to the slaughter, and as a sheep before her shearers is dumb, so he openeth not his mouth".

Yes, Jesus commands our veneration by His dignity and silence under circumstances which we could hardly have held our tongues. Many false witnesses testified against Him. In stentorian tones the high priest asked: "Answerest Thou Nothing? What is it that these witness against Thee?" But Jesus held His peace. What an eloquent silence! By their contradictory assertions His enemies were really testifying for Him: why, then, should He open His mouth? Jesus is placed before the tribunal of Herod, who asked Him many things. But Jesus answered him nothing. Why should Jesus speak for the entertainment of this wretch who refused to repent of his many crimes? Finally Jesus stands before Pontius Pilate. Priests and elders are hurling accusation upon accusation against Him. But how calm and undisturbed He stands before a raving multitude and a wavering judge! Not a word passes over His lips. His accusers as well as His judge had heard a-plenty to their warning and might have been convinced of His innocense and His heavenly origin: why, then, should He speak?

"Many False Charges Brought Against Jesus", will be the theme of the sermon next Sunday morning at 10:30 o'clock. Friend, come and join us in this Lenten meditation. Sunday School and Bible classes meet after the service. The choir will rehearse after dinner.

H. W. HARTENBERGER, Pastor.

CHRISTIAN SCIENCE

"Matter" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientists on Sunday, March 22.

The Golden Text is: "The fashion of this world passeth away" (1 Corinthians 7:31.)

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "the day of the Lord will come as a thief in the night; in the which the heavens shall pass away with great noise, and the elements shall melt with fervent heat, the earth also and the works that are therein shall be burned up. Seeing then that all these things shall be dissolved, what manner of persons ought ye to be in all the holp conversation and godliness" (II Peter 3:10, 11.)

The Lesson-Sermon includes also the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "He uttered His voice, the earth melted.' This scripture indicates that all matter will disappear before the supremacy of Spirit" (page 97.)

is any oil any different?

Different because it's

alloyed

We don't mean one of those "talking point" differences. We mean a real difference. Alloying Germ Processed oil goes beyond refining and re-refining. After every harmful element is cleaned *out*, the patented Conoco Germ Processing element is scientifically put *IN*.

That's what brings you this *alloyed* oil, with its strange attachment for pistons, cylinders, and all other engine parts—including every known type of bearing. All these parts really become *oil-plated!*

This oil-plating is extra. It's a plus—added to the tougher, more slippy, heat-beating Germ Processed oil film. You've got this high-durability oil film, sliding on thoroughly oil-plated surfaces, and so you're that much farther from wear and noise.

You're facing hotter days and harder runs. Out with dirty winter oil! Only the Conoco man can change you—quickly—to Germ Processed, the *alloyed* oil. Continental Oil Company.

CCC Camp News

By Robert Hardgrove

The date of the company dance is tentatively set for March 27. An orchestra has not yet been engaged definitely but unless something interferes the big hop will be staged on that Friday night.

The indoor athletes of the company are coming into their own with the announcement of a checker, domino, and ping-pong tournament. It is not considered likely that diddly-winks will form a part of the program for the athletes with muscles in the mind. A series of eliminations will determine the championship of the camp in these popular sports and this columnist plans to see to it that suitable awards, probably trophies of a distinctive nature, are awarded the winners. It is expected that the white hopes in all divisions will start training at once.

The sting of the sandblasting big dusters is a sharp reminder that the khaki-clad conservers of this camp are all a part of one of the most ambitious peacetime wars in our history. Really, the soil conservation camps are only one part of the forces at governmental command in the fight against the ravages of erosion by wind. Articles in the papers daily show that this fight is considered one of the most vital of all the government's activities and it is certain that in future years the citizens of this part of the country will view with pride some of the things that we are doing. I sure hope the trees live.

The basketball team representing the Lamesa camp seems the most likely to offer stiff opposition to the locals when they meet in Lubbock Saturday to fight it out for the championship of the Lubbock district. The Lamesa loopers have defeated both Littlefield and Memphis teams, according to my best information, and are rated as a strong club. The loss of Vernie Black and Bob Howard will weaken the 2874th's envoys but we should place a fairly powerful group on the floor against the south plains camps.

All of the barracks now having presented a "stunt night" program the entertainment next Monday night will be made up of the star acts in the entire camp. Wes Voth will be the "co-ordinator" and be in charge of production. This will be the 5-star final of the stunts, if it doesn't get the gong.

This will be all until somebody bites a dog. Say, speaking of dogs, If you ever wake up some morning with a bed full of dogs you can lay it to whistling asthma caused by the dust storms.

Funeral Thursday

Services for Mrs. A. W. Drew Held Methodist Church 2:30 p. m., Ochiltree Cemetery

Mrs. A. W. Drew, a sister of Mrs. P. E. Gidley and E. M. Allen of this city, died at her home in Spearman Wednesday following an illness with flu and pneumonia complications.

The Drew family are well known in the community, having made this their home for a number of years, while he was employed as mechanic at the Hobbs Motor company and since moving away have visited with relatives on various occasions.

Impressive funtral services were held for the deceased at the Methodist church Thursday afternoon, March 12, 2:30 o'clock, with Rev. W. B. Vaughn in charge. Music was furnished by a mixed quartet composed of Mr. and Mrs. Rufus Bolerjack, Mrs. W. E. Fogiesong and Addison Cutter. Active pall bearers were W. L. Peckum, Paul George, Howard Holt, Chas. Hobbs, Sheldon Wilson and Fred Huston. The remains were laid to rest in the Ochiltree cemetery.

Obituary

Esther Allen Drew was born to Mr. and Mrs. F. M. Allen on September 17, 1903, near Alva, Okla. She moved with her parents when only a child to Gate, Okla., where she spent the greater part of her life. On January 1, 1930, she was united in marriage to A. W. Drew. To this union were born two daughters, Lurah Loise, age 5, and Alberta Jean, age 3. One of the great desires of her life was that she might be a real mother to these girls.

Her life was one of kindness to her friends, love for her family and devotion to God. Wednesday afternoon, March 11, at her home in Spearman, she very peacefully passed to her reward in Heaven, having spent 32 years, 5 months, and 24 days in this life.

She leaves to mourn her departure her husband and two children, her parents, Mr. and Mrs. F. M. Allen, Gate, Okla.; three sisters and two brothers, Mrs. Carl Foster, Fort Morgan, Colo., Mrs. A. L. Kirkhart and Dwight Allen, Gate, and Mrs. P. E. Gidley and E. M. Allen, Perryton; and a host of other loving relatives and friends.

A daughter, a companion, a sister, a friend and a mother has gone, but we know from her life where to find her in the glory world.

Ralph Niles, Bert Dean and Clovis Rushing, members of the local CCC camp, who recently underwent appendicitis operations at the Perryton hospital, are doing nicely.

Mr. and Mrs. Ralph Apple and son of Fairview, Okla., visited in the home of his brother, Mr. and Mrs. Vance Apple, over the week-end.

Mrs. J. C. Brown and little daughter, Linda Lee, left Sunday for Huntsville, Mo., to spend a few weeks. Mrs. Brown is convalescing following an attack of pneumonia and it was thought a change of climate would be beneficial.

Mr. and Mrs. J. O. Wooten returned home Sunday from Edinburg, where they have been the past two months, looking after their farming interest.

Mrs. J. E. George, Mrs. Jennie Karau, Mrs. Nell Smith, Miss Elizabeth and Ralph Smith, returned to their homes in Liberal, Kans., Monday, after spending the day and night, Sunday, in the home of Mr. and Mrs. C. E. Woods.

Ernest Horalson is working for Derby Cronister.

Mrs. F. L. Hamilton is having her home redecorated.

MAE WEST'S FRILLS OUT FOR NEW FILM

Like all other feminine styles, fashions in nightgowns have changed considerably since the '90's.

Mae West found that out during the filming of "Klondike Annie," her new picture which shows Sunday, Monday, March 22-23 at the Ellis Theatre, when she stepped from her dressing room onto the set where an early-morning scene was to be filmed.

Mae was wearing a fluffy, frilly, distinctly 1936 negligee. Someone said, "Did they wear those in the '90's?"

No one knew—so a hurried call was sent into the Studio Research Department.

Research turned thumbs down. There was a frantic search for an old-fashioned nightgown for Mae. None was to be found.

So Mae hurriedly switched to a Japanese kimona, always in style—and the camera ground on.

Mr. and Mrs. W. L. Anderson and family left this morning for Wichita Falls, Texas, where they will visit with relatives. Mr. Anderson will attend the state convention of County Judges and Commissioners.

Mrs. Herbert Graham, who has been ill with pneumonia at her home southwest of Perryton, is improving.

Mrs. Charley Pyles is spending a few days this week visiting with her sister in Amarillo.

Mrs. Sam Hergert, Mrs. R. T. Kelley, Jr., Mrs. A. C. Nies and Miss Louise Prewitt were Borger visitors Saturday.

Mrs. J. W. Wright and daughter, Mrs. J. M. Anderson, left Wednesday morning for Ruidoso, N. M., to spend a few days visiting in the home of their son and brother, Mr. and Mrs. Ben Gardner.

Mrs. E. M. Allen was able to be moved home from the Shattuck hospital Tuesday afternoon. She is improving nicely. Mrs. H. J. Wilson, mother of Mrs. Allen, is staying with her.

W. C. Bryan, W. E. McMillen and Howard Holt were business visitors in Liberal, Kans., Tuesday.

Drastic reductions will be made at once on the number of WPA project workers in Texas. At the present there are 120,482 persons. This number will be reduced to 101,650 by March 31, and down to 84,650 by May 31, with completion of all programs by June 30.

ASTAIRE AND ROGERS DANCE INTO ITALY

They've danced and romanced in glamorous Rio, staid old London and gay Paris. And now Fred Astaire and Ginger Rogers are playing the game of hearts in sunny Italy in "Top Hat," their rollicking new RKO Radio musical romance which features a complete score of lyrics and melodies by Irvin Berlin.

Blue bathing lagoons, moonlit canals with drifting gondolas, and broad piazzas flanked by buildings of fairy-like grace comprise the picturesque backgrounds against which their latest romance unfolds to the accompaniment of song and dance. A carnival night, in which they participate by dancing the featured "Piccolino," brilliant successor to the "Carioca" and "Continental," is the highlight of the production.

Edward Everett Horton, Helen Broderick, Erik Rhodes and Eric Blore head the supporting cast.

"Top Hat" will be shown tonight and tomorrow night at the Ellis Theatre.

MRS. MARY OHNICK DIES AT LIBERAL THURSDAY

Mrs. Mary Ohnick, mother of Mrs. Howard J. Barnett, passed away at the Liberal hospital early Thursday morning, March 12 at the age of 61 years. Burial was held at Boise City Sunday afternoon. Those attending from Perryton were Mr. and Mrs. Howard J. Barnett and Mr. and Mrs. Eugene E. Barnett.

J. Claude Wells, Former Publisher of Paper, is Again at the Head of Democrat

J. Claude Wells, former publisher, will again assume control of the Memphis Democrat, as the result of a deal closed with Russell Middleton, who purchased the newspaper last year from the Hawk-Howe interests of Amarillo.

Mr. Wells, who published the paper for a number of years before selling it in 1928, announces the publication will revert to a weekly. The Democrat has been published as a tabloid daily for about two years.

Dr. G. L. Kengle and Dr. Oscar Schofield are in Dallas this week attending a state medical convention.

SCHELL BROS. 4-RING CIRCUS

Lovers of the out-of-the-ordinary amusement will be interested in the announcement that Schell Bros. Big 4-Ring Circus and Trained Animal Circus will be seen in Perryton on Saturday, March 28, under the sponsorship of the Perryton Fire Department, presenting decidedly the largest and greatest program of original, unique and thrilling feature acts known today. To the show world this vast tented amusement enterprise is alone in a class by itself without a rival. Nothing like the performance provided by Schell Bros. cirsus was ever before dreamed or dared by the boldest managers. Whatever your preference, you will find plenty to interest, astonish and edify you. There are thrilling aerial acts, during every moment of which one expects to see the intrepid performers hurled into eternity; artistic and sensational equestrianism; incredible and bewildering athletic and acrobatic numbers; and the phenomenal exhibition by trained animals. In fact, so numerous and varied are the novelties offered in the four rings and upon the hippodrome track by these shows, lack of space will not permit each of these to be mentioned. The wonderful growth of this circus is that the owners have always aimed to present all and more than they advertise.

Mr. and Mrs. Bernard Cropper and family, Campo, Colo., visited over the week-end in the homes of his brother and sister, H. T. Cropper and Mrs. G. C. Brillhart. Mr. Cropper lived in this county in the early days.

Mrs. Cora Lawrence is improving after a months illness at her home west of Perryton.

"I Saw My Neighbor's Chicks"
Today we received this letter:
"Dear Sir:—I have seen some of your chicks that one of my neighbors ordered from your hatchery and they sure looked good to me, so I wish to order some from you." — J. L. Marx, Knowles, Oklahoma
We enjoy getting so complimentary a letter about our chicks from someone a hundred miles away. We hear it every day—"I lost only one." — "They are sure fine." — "Just wonderful."
There's a reason for such statements; Constant supervision of well-fed flocks; Blood-testing that is most careful; attention paid to type and color to make birds beautiful, and to production records to make them money-makers for you. We are spending hundreds of dollars this year alone on fine stock for next fall's matings.

ONE DAY MEET WELL ATTENDED

STATE OFFICIALS CONDUCTED TRAINING SCHOOL TUES. FOR LOCAL HOME DEM. CLUBS

The one day training school for officers of Home Demonstration clubs held Tuesday, March 17, at the court house, was well attended by the officers from the various clubs. This school of instruction was under the direction of Miss Ruby Mashburn, district agent, assisted by Miss Marie Ludwick, Ochiltree county agent.

Miss Mildred Horton, State Home Demonstration agent, and Mrs. A. O. Blankenship, second vice president of District I, were guests, and each gave a very interesting talk on the work of the clubs.

Miss Mashburn brought out many points that are necessary for good procedure in club meetings. "No organization can be a success unless each one works hramoniously," she stated. Miss Mashburn further explained that there are two groups in each club—officers and members. The agent cooperates with the members of the club through the Council. The Council may be defined as a county wide organization thru which the demonstrators carry on business. Council cannot federate with any other group, and Council delegates represent the county instead of their respective club.

"Parliamentary law is to an organization as signal lights are to traffic," Miss Mashburn said. Stress was placed on the necessity of keeping in mind the eight essential points of carrying out a motion. The duties of each club and council officer were ably given, along with the duties of committee chairmen.

Eight home demonstration clubs were represented. Name of club and those attending were: Waka: Mrs. W. N. Elledge, Mrs. Hall Nelson, Mrs. Bill Hall, Miss Wilma Coleman and Mrs. J. R. Stump; Booker: Mrs. Franklin Martin, Lorene Martin, Cleo Mounsey, Vera Pitts, Mrs. J. B. Evans, Mrs. G. W. Harrison, Mrs. Bula Reiswig, Mrs. Max Blan, Mrs. Billy McGlamery; Ochiltree: Mrs. Jack Dodson, Mrs. Jim Dodson, Mrs. Charles Selby, Mrs. Roy Leicht; 4 in 1: Mrs. E. D. Clement, Mrs. S. F. Maude; Missouri Ave.: Mrs. E. W. Witt, Mrs. J. E. Cudd, Mrs. Fred Huston, Mrs. Curtis Roach, Mrs. J. H. Key, Mrs. J. S. Slaughter; Wolf Creek: Mrs. J. H. Calliham, Mrs. Shaw Handly; Blodgett: Mrs. Dan Nitschke, Mrs. W. M. Deck, Mrs. Bert Church, Mrs. Deta Blodgett, Mrs. May Blodgett; New Hope: Mrs. W. L. Lovett, Mrs. Loyd Furnish, Mrs. Ivan Lovett, Mrs. Fred Furnish.

WAKA P. T. A.

Owing to a change in plans, Waka Parent-Teachers association will meet Friday night, March 20th, instead of Thursday nght as was announced last week. The men of the community are preparing the program. Every one is invited and a very entertaining evening is promised.—Reporter.

4-H CLUB GIRL USES FEED SACKS FOR SWAGGER SUIT

As part of her spring wardrobe Lillian Williams of Ochiltree 4-H club has saved enough cow feed sacks to make her a swagger suit.

To remove the letters and designs from the feed sacks, they can be soaked in kerosene, rolled tightly and let stand for twenty-four hours, soaked in cold water and rubbed until the design is removed.

MISSOURI AVE. CLUB

Mrs. J. D. Copeland, Reporter

"Dairy salt is the best salt to use for brining and pickling," stated Miss Marie Ludwick, county home demonstration agent, to the Missouri Avenue club which met in the home of Mrs. Curtis Roach, on March 11.

Next in preference would be meat salt. Salt to which anything has been added to prevent caking is not recommended for pickling or brining. Cucumbers contain approximately 90 percent of water. As this large water content reduces materially the salt concentration of any brine in which they are fermented, a hydrometer will prove valuable in testing and maintaining the proper salt concentration.

Mrs. G. M. Cooper's resignation as Wardrobe Demonstrator was accepted. A memory contest, "Snakes Saint Patrick Drove out of Ireland," was held and enjoyed.

Refreshments were served to Mrs. Loren Kaup, Miss Marie Ludwick and members, Mesdames F. C. Huston, J. H. Key, E. W. Witt, J. H. Kershaw, J. E. Johnson, J. S. Slaughter, L. E. King, Jim Putman, Harvey Black, and the hostess.

ATTRACTIVE GARMENT MADE FROM DISCARDED CLOTHES

While taking inventory of her clothing, Mrs. Hall Nelson of Waka home demonstration club found that she had two out of date garments that could be made up for her two daughters. One of the garments was an 18 year old coat which had been worn by Mrs. Nelson. This was made into a coat suit for one of the girls. The other garment on hand was a pair of Mr. Nelson's trousers. These twill pants were made into a cape dress for the other daughter. There was no cost for new materials and the Nelson daughters have two warm and attractive garments as a result of Mrs. Nelson's good planning.

FAIRIES CLUB

Rachel Finney, Reporter

The Fairies 4-H club met Thursday, March 12, at 1:30 p. m. at the McMillen school house. Instructions were given on the finishing of undergarments. All members have completed their cup towels and provided hangers for their clothes, and most members have completed their slips.

Those present were Fay and Sibyl Hardy, Ruth Ann Urban, Ruby Hardy, Carlene Taylor, Maxine McGarraugh, Rachel Finney and Mrs. Byron Perry.

The next meeting of the club will be Thursday, March 19, at the regular time at the school house. All members are urged to be present, and bring their undergarments. Visitors and new members are welcome.

4 IN 1 CLUB

Mrs. Willis Hardy, Reporter

"In planting cucumbers for pickling purposes, plant the Chicago pickling or some such variety," stated Miss Marie Ludwick, home demonstration agent, to the members of the 4 In 1 club which met in the home of Mrs. Willis Hardy, Thursday afternoon, March 12.

"In brining pickles be sure that the pickles are uniform in size. If you have large ones and small ones brine them in different containers and the brining will be a much better success."

An interesting report was given by Mrs. B. L. Barnes, of the fat stock show at Amarillo.

Refreshments were served to the following: Mesdames Joe Bryan, W. B. Jung, B. L. Barnes, E. D. Clemment, H. B. Urban, A. C. Dial, James Hardy, Miss Wilma Hardy, Miss Julia Hamilton, Miss Helen Hardy, members; and Mrs. H. P. Wilson, Mrs. J. B. Hardy and Mrs. J. T. Trew, visitors.

TWICHELL 4-H CLUB

Ruth Huston, Reporter

Now is the time to start planting the seeds for your tomatoes and putting out your onion sets, said Mrs. J. H. Kershaw, sponsor of the Twichell 4-H club, in the home of Miss Edna Huston, Monday, March 9th.

Each member of the club is to make her hot bed before the next meeting. We are to have three different kinds of leafy vegetables in our garden this summer. Some of the leafy vegetables are cabbage, lettuce, peppers, swiss chard, brussel sprouts and spinach.

There was discussion on how to raise money for short course. Each member gave one good suggestion which can be carried out to raise enough money to send five girls. At our next meeting we are to have our aprons finished and under garments partly finished.

After adjournment, refreshments were served to Mrs. J. H. Kershaw, Mrs. Earl McGarraugh, Lucille and Della McGarraugh, Clara, Lucy and Eula Copeland, Mrs. Fred Huston, Ruth and the hostess, Edna.

Visitors are always welcomed.

4 IN 1 CLUB TO MEET ALL DAY SESSION, MARCH 26

The 4 In 1 club will meet for an all day meeting with Miss Julia Hamilton March 26. Members will bring a covered dish for lunch.

Visitors are welcome.

COUNTY COUNCIL

Francis Stump, Reporter

The Ochiltree County Council of Woman's Home Demonstration clubs met in their regular meeting at the courthouse, 1:30 p. m., Saturday, March 14. Seven clubs in the county reported being one hundred percent in keeping with the Educational Fund project, making Ochiltree county one hundred per cent this year as well as last year. This money is used to help educate some outstanding Texas 4-H club girl.

All expansion chairmen are requested to send reports to Miss Ludwick as soon as possible. The treasurer reported $41.06 on hand. It was voted that an exhibitor in the County Exhibit must be a member of her club at least three months. The Soil Conservation Survey blanks must be in by March 21st.

Eleven entries from this county were made in the Amarillo Fat Stock show. Eight delegates attended.

Mrs. H. I. Hudson, president of the Perryton Sorosis club, was our guest, speaking on the "Beautification Move". She urged every club member to plant at least one flower bed, no matter how small. She suggested the petunia and zinnia as being hardy plants for this section. Stress was put upon making our yards more attractive for the Centennial tourists.

Those attending the meeting were Mrs. Curtis Roach, chairman; Mrs. Fred Huston, Mrs. J. H. Kershaw, Mrs. J. E. Cudd and daughter, all from the Missouri Avenue club; Mrs. Jack Dodson and Mrs. Jim Dodson, Ochiltree; Mrs. J. H. Calliham, Wolf Creek; Mrs. W. L. Lovett, New Hope; Mrs. James Hardy, 4 in 1; Mrs. W. M. Deck and daughters and Mrs. Ruth Nitschke and daughters, Blodgett club; Mrs. J. R. Stump and Mrs. Hall Nelson, Waka.

The next meeting of the County Council will be Saturday, April 11.

THRU THE KEYHOLE

Queenie says that there are some cute boys from Plainview (Virginia H., too) but R. C. thinks they are "putrid."

Have you heard about the big kidnaping. June was kidnaped Saturday night, but the joke was on the kidnapers.

What's this? Cupid is using his bow and arrow again. Doris C. and Clyde are at it again.

Ruth Ann Shearer, Helen May and Alta Todd think Booker boys (at least some of 'em) are very swell guys. They ought to know.

Well, well, well, and well, what's this? It is rumored that Imogene Howett and Marion Palmer are making eyes at each other again. Watch out!

Sibyl Apple has been going around singing, "Life begins when you're in love." I wonder who it is this time?

farm house, the lumber being hauled from Dodge City, Kansas. This house now stands on the W. H. Lackey place at old Ochiltree. In 1889, the Glasgows moved to Wolf Creek and improved the place upon which Roy Linn now resides.

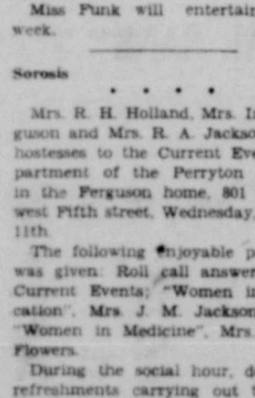

In the early days, the deceased worked for the Bar C and Turkey Track ranches, later getting into the cattle and farming business for himself. In 1902, he united in marriage to Miss Minnie McLarty. The widow and the following children survive: Mrs. J. T. Francis, Madison, Kansas; Mrs. Clyde Pinson, Canadian; and Miss Myrtice Glasgow and Horace Glasgow, who live at home. Other close surviving relatives are W. M. Glasgow of Perryton, and Tom Glasgow, who resides in California.

Obe Glasgow, while not so old in years as some, was one of the early day settlers in Ochiltree county. Coming here as a young man, he added much to the material development of this great Southwest. In his chosen vocation of farmer-stockman, he had made a decided success and was one of the most prosperous men in the county. He was a kind and loving husband and father and his passing will leave a place in the family circle that will never be filled. Friends galore will miss him, for he was a good neighbor, a true friend and companion, honest, trustworthy and industrious.

Mr. and Mrs. Emil Hearn, Mr. and Mrs. Giltner LaMaster and Mrs. B. H. Murphy motored to Clayton, N. M., Sunday, to take Mrs. W. R. Slaton, Las Vegas, who has been visiting here the past month. Mr. Slaton met them in Clayton.
