DRY GOODS FAILURE IN NEW YORK TODAY

H. B. CLAFLIN COMPANY GOES INTO HANDS OF RECEIVER, FOLLOWING SUIT

SUBSIDIARIES NOT INJURED

Other Associated Concerns Said To Be in No Danger—Causes Flurry On Wall Street

By Associated Press. New York, June 25.—Receivers were named today for the vast wholesale dry goods establishment of H. B. Claflin Company. Associated companies were not involved. The receivers were named as a result of a suit in equity filed in district court. Judge Hand named as receivers Joseph B. Martindale, president of the Chemical National Bank and Frederick A. Julliard, a member of the firm of J. B. Julliard & Company, under bonds of \$500,000 each.

Announcement was made this afternoon that all the so-called Claflin stores, strictly speaking, would be closed pending adjustment of the company's affairs.

The H. B. Claflin Company of which John Claflin is president, was organized in 1890 to conduct a wholesale dry goods business. It is controlled by the Associated Merchants Company which is in turn controlled by the United Dry Goods Companies. The United Dry Goods Companies was incorporated in Delaware, May 21, 1909 to consolidate the dry goods interests of John Claflin in New York and other cities. Among the companies controlled was Lord and Taylor of New York. Two proceedings, friendly and unfriendly, threw the firm into bankruptcy, with liabilities of \$35,000,000 and assets estimated at \$40,000,000.

Almost simultaneous with the filing of the suit in equity, John Mueller, William Worth and Albert F. Bergner, all of this city, filed an involuntary petition in bankruptcy against the company. The company owes Mueller, according to the petition \$730; Worth is a creditor for \$3130 while Bergner's claim is \$28,370.

The receivership caused a flurry in the financial district although rumors that something was impending were rife yesterday. It was asserted in banking circles that the many retail subsidiaries affiliated with the company would be taken care of. A suit in equity for \$5200 was also filed against the Defender Manufacturing Company, said to be a subsidiary of the H. B. Claflin Company. The complainant is William P. Odell; the same receivers were appointed in this action of \$50,000 each. None of the proceedings, it was said, would affect the United Dry Goods Company, which controlled the Associated Merchants Company holding the majority of the stock of the H. B. Claflin Company. A note holders committee has been formed with J. S. Alexander, president of the National Bank of Commerce as chairman, which will endeavor to form some plan of readjusting the Claflin Company's financial affairs.

Mueller and others who instituted the involuntary proceedings, alleged that the Claflin concern committed an act of bankruptcy in consenting to receivership in the equity proceedings. They allege further that the firm has transferred certain property to preferred creditors. The equity proceedings are friendly, the first being instituted by John V. Ames, vice president of the company.

It is said the company did not borrow heavily on its own paper but in-dorsed notes of interior merchants for goods sold. The inability of these interior merchants and the inability of the H. B. Claflin Company to pay off the matured portion of these notes is ascribed to general dull business conditions, to decreased sales and to slow collections.

Many Firms Affected. Though the failure is perhaps the most important in the history of the dry goods trade in this country, New York bankers predict that the chief and perhaps the only potent general effect will be temporary demoralization of the dry goods trade. Announcement of the failure caused a general decline in the opening of the stock market, but losses were not heavy. Influential banking interests said they believed the stores under Claflin control were financially sound. All were inclined to describe the crash however, as the biggest mercantile disaster the country has ever known.

It is understood the Claflin Company controls about twenty-eight dry goods firms throughout the United States distinct and apart from those affiliated with the United Dry Goods Company. Between 2500 and 3000 banks hold paper of these stores. Twenty-five or thirty of the larger discount

PROTOCOL BRINGS PEACE MUCH NEARER

SUCCESS AGAIN SEEMS LIKELY TO ATTEND MEDIATION EFFORTS

REAL INCENTIVE FURNISHED

United States Ready To Withdraw Her Troops at Earliest Possible Opportunity

By Associated Press. Niagara Falls, June 25.—Peace between the United States and Mexico rests today on a single condition—the establishment of a new provisional government along lines which will justify the world in according it recognition. Mexican factions have given guarantees that they will exert every effort to earn this reward. Five weeks of the mediation conducted by Argentina, Brazil and Chile have resulted in the completion last night of protocols agreeing that the diplomatic realignments between the United States and Mexico shall be restored and all other international difficulties considered settled when a new provisional government succeeds the Huerta administration.

Upon the representatives of the two warring factions devolves the task of selecting a provisional president and his cabinet to serve while the country is being pacified and made ready for an election. The incentive for a quick agreement is that the United States stands ready to withdraw her forces from Mexican soil after an agreement is reached.

The protocols in effect, besides providing for the installation of a provisional government on a certain date and the resumption of diplomatic relations between the United States and Mexico, demand no war indemnity or "other international satisfaction." Absolute amnesty for foreigners for all political offenses shall be proclaimed. Argentina, Brazil and Chile also agree to recognize the new provisional government.

Should an agreement be reached between the two factions it is believed an armistice will be declared and details of the transition arranged without further bloodshed. That the constitutional chiefs will assent is believed likely here as Gen. Villa admitted the strongest military in the situation is understood to be in thorough sympathy with the conference.

His victory at Zacatecas has not affected the situation except as it forecasts the purpose of the rebels to obtain the larger share in the control of the new administration on account of their military success. Carranza's attitude is also understood to be favorable as his contention that the selection of the provisional president is an internal matter has been granted.

CARRANZA TO BE IN CLOSE TOUCH WITH NEGOTIATIONS

By Associated Press. Washington, June 25.—Carranza's plan to proceed at once from Saltillo to the American border at Nuevo Laredo, it is declared, is with the chief purpose of being in direct telegraphic communication with his agents in the United States when they begin negotiations with the Huerta delegates. When Carranza arrives at Nuevo Laredo, it is expected he will be met by Juan F. Urquidí who left the constitutionalist army in Washington several days ago with important communications bearing on the negotiations. Agents of the constitutionalists here today, learning of the signing of the Niagara protocol expressed the opinion that the conference probably would begin Monday or early next week at the latest. Where it will be held has not been determined.

The personnel of the constitutionalist delegation was not entirely settled, according to reports here, but Luis Cabrera and Jose Vasconcelos were practically certain to go and the third member probably will be either Rafael Zubaran or Fernando Calderon.

CAPTURE OF ZACATECAS GIVES VILLA PRACTICALLY UNOBSTRUCTED PATH INTO CAPITOL

1-VILLA'S HEADQUARTERS AT TORREON. PHOTO © 1914 BY AMERICAN PRESS ASSOCIATION. 2-MAP SHOWING VILLA'S PROGRESS IN ONE YEAR

General Villa, commander in chief of the constitutionalist forces in Mexico, is reported to be directing his general advance upon Zacatecas from his headquarters at Torreon. But he is expected to take the field in active charge when the real fighting begins. Since General Villa's capture of Durango a year ago the progress of the rebel army southward, shown by the dotted line on the accompanying map, has been practically a steady series of victories. Villa's troops entered Ciudad Juarez, across the line from El Paso, on Nov. 16, 1913. The subsequent events may be summed up as follows: Chihuahua occupied Dec. 9; federal routed at Ojinaga, Jan. 11, 1914; Torreon captured after a month's fighting, March 28; Monterrey occupied, April 20; Tampico occupied by the rebels May 14. Zacatecas, which is now being attacked, is expected to prove the last stand of

Huerta against the victorious rebel armies. It is 430 miles from Mexico City. It is the last stronghold between the constitutionalists and their objective, Mexico City. There is a large federal garrison at San Luis Potosi, southeast of Zacatecas and the

attack on that place by the division of General Gonzales, who captured Tampico will follow Villa's assault on Zacatecas. If San Luis Potosi falls there will be practically nothing to stop the rebel march on the capital.

CALIFORNIA ALIEN LAND MATTER AGAIN

CORRESPONDENCE WITH JAPAN TO BE MADE PUBLIC FRIDAY

ARBITRATION NOW PROBABLE

New Japanese Cabinet Expected To Take Some Decisive Steps In Premises

By Associated Press. Washington, June 25.—By mutual agreement between Secretary Bryan and Ambassador Okuma the correspondence between the United States and Japan over the California alien land law is to be published in both countries tomorrow. The correspondence began with Japan's protest of May, 1913 in advance of the enactment of the Webb law and winds up with the last American note of yesterday's date, making answer to a communication from Japan received ten months ago.

In the correspondence the Japanese government endeavors to show that the California law is a violation of the existing treaty, while the American side of the case lays great stress upon certain language of the treaty which apparently almost entirely excludes Japanese from the right to hold agricultural land. Taken in connection with the declaration of the Webb act, that it is not intended to invalidate existing treaties, the American contention seeks to justify the president for declining to attack the constitutionality of the law.

The last American note was an afterthought. The state department officials concluded that both sides had reached a radical disagreement as to the scope of the treaty and the California law and inclined to the belief that it remained for the Japanese government to make this test through a suit instituted by a Japanese resident of California. Meantime there were some cautious informal exchanges between Ambassador Guthrie and the Tokyo foreign office on the subject of arbitration, but that never took form and served only to justify the suspension of the negotiations for nearly a year.

Now, however, a new cabinet has come into existence in Japan, which is commonly understood to be pledged

ROOSEVELT READY FOR BUSY CAMPAIGN

PLUNGES AT ONCE INTO BIG PILE OF LETTERS AT HIS HOME

THROAT GIVING SOME TROUBLE

New York Situation Will Be Tackled First—May Indorse Whitman For Governor

By Associated Press. Oyster Bay, June 25.—Col. Roosevelt plunged today into what he expects will be the hardest political campaign he has ever undertaken. He lost no time in getting into action. Several hours after he stepped on shore at Oyster Bay following his midnight trip from New York harbor, he was back in his library at Sagamore hill, dictating letters and telegrams at top speed. The question whether Col. Roosevelt is fit physically for a hard campaign of speech making which recently has caused so much concern to Progressive leaders gave the colonel no worry at all. "I never felt better in my life," he said. He added, however, that his throat had been giving some trouble and here lies his chief danger of being incapacitated for the campaign. He intended to make fewer speeches in each state than in former years, but to adhere to his plan of covering the country from coast to coast.

The first campaign problem taken up by Col. Roosevelt was the tangled New York situation. Last night he heard both sides of the question of endorsing District Attorney Whitman as candidate for governor of New York and decided to settle the question at once by summoning himself to Sagamore Hill for a conference later today a group of New York State leaders.

HARVARD LAW EXPERT SPEAKS TO ATTORNEYS OF IOWA.

Burlington, Ia., June 25.—Lawyers from all over Iowa are here today attending the annual meeting of the Iowa Bar Association, particularly anxious to hear Prof. Roscoe Pound of Harvard, writer of notable articles upon "socialization of the law." Although not a radical reformer he is a leader of thought anxious to wipe out the growing criticism of law and lawyers.

MAYOR MITCHELL'S PISTOL WOUNDS STATE SENATOR

Weapon Is Accidentally Discharged While Party Is Returning From Target Practice

By Associated Press. New York, June 25.—W. H. Reynolds, former state senator, may be confined to St. Luke's Hospital for a week or more by the wound inflicted Saturday by the accidental discharge of Mayor Mitchell's pistol which slipped from its holster and fell to the sidewalk. The bullet entered Reynolds' left side, passing through and in coming out shattered the bone of a finger.

The mayor explained that he was with a party which had been shooting at a target and that the accident occurred later upon leaving an automobile in New York. Secrecy is maintained at the request of the wounded man.

IMPORTANT CHINESE TOWN REPORTED TO BE SACKED.

By Associated Press. London, June 25.—An Exchange Telegraph Company's dispatch from Shanghai says that Calgan, 125 miles northwest of Pekin was sacked last night. The dispatch adds that the foreigners in the city were not harmed, but gives no details. Calgan is an important city of over 60,000 inhabitants situated on the caravan route to Siberia and near the Great Wall.

REBELS SCORE HEAVILY WHEN VILLA CAPTURES ZACATECAS

4,000 Federals Dead, 2,000 Wounded, Many Valuable Munitions Of War Taken

CITY'S FALL FOLLOWS FOUR DAY ATTACK

Government Troops Flee Toward Aguas Calientes, After Dynamiting Important Buildings

By Associated Press. Zacatecas, Mexico, June 25.—After four days of preliminary fighting, the final assault on Zacatecas took place Tuesday, resulting in the capture of the city by the constitutionalists at 7:30 p. m. The dead on the federal side, according to official figures, numbered 4000, and 2000 wounded, while the losses to the attacking side were not definitely stated, though General Villa estimated his casualties at 500 dead and 800 wounded.

The battle was the most hotly contested during the present revolution in the opinion of leaders here. Fourteen thousand federals were entrenched in seeming impregnable positions; 5000 prisoners were captured by Villa's troops, twelve cannon, nine military trains, 6000 rifles and three car loads of cannon and rifle ammunition were captured.

The federals were reported to have dynamited many buildings of the city before evacuating it, slaying those of Villa's troops who had occupied the buildings in the street fighting. General Villa himself gave the following account of the battle:

"After four days' hard attack, today's was the decisive one. The enemy, numbering 14,000, commanded by Medina Barron and five other generals, were defeated completely by my forces which were aided effectively by General Natera's men. Up to this moment we have 5000 prisoners, twelve cannon, nine trains, two car loads of rifle ammunition and cannon shells and nearly 6000 Mauser rifles and a large quantity of provisions and other munitions of war.

"The enemy who escaped went in the direction of Aguas Calientes, after dynamiting the postoffice, the state treasurer's office and the revenue office. The explosions killed many of our men and destroyed part of the city. The dead of the enemy number about 4000, and 2000 wounded. On our part we cannot tell the losses of the battle, which lasted for five consecutive days, but I think there are not more than 500 dead and 800 wounded. Among the latter are General Herrera and Rodriguez, who were severely wounded.

"Our artillery operated splendidly. The federals destroyed every fort, the last being El Grillo."

General Villa was in the van of the attacking party. Five members of his staff accompanying him were wounded. The number of constitutionalist officers killed or wounded was unusually great. General Trinidad Rodriguez, one of the best of Villa's brigade, was shot through the throat and killed. The constitutionalists in many cases had to advance on hands and knees and those below on the steep incline passed the rifles from hand to hand. These feats were accomplished under heavy machine gun fire.

Nothing seemed to lessen the determination of Villa's troops, though the federals had thrown up trenches and redoubts on all sides. Hillsides afforded no cover for the attacking troops. The cordon of the defense generally narrowed until the last hills on the outskirts of the city fell into the hands of Villa's men.

COBB PAYS \$50 FINE FOR HIS FUSS LAST SATURDAY

Pleads Guilty in Justice Court To Charge of Disturbing the Peace

By Associated Press. Detroit, June 25.—Cyrus Cobb, the baseball player, pleaded guilty in justice court today to a charge of disturbing the peace and paid a \$50 fine. Had he not paid the fine he would have had to spend six months in the house of corrections. Cobb and William L. Carpenter in whose meat shop the player caused a disturbance last Saturday night after a dispute over the purchase of some fish and when Cobb flourished a revolver Harold Harding an employee stepped in and a fight ensued. The ball player sustained a fractured thumb which has kept him out of the game this week.

\$40,000 LOAN BY DEFUNCT BANK BEING INVESTIGATED

Lorimer Institution Let Paynter of Senate Committee Borrow That Sum

By Associated Press. Chicago, June 25.—An investigation by the United States district attorney office into the books of the LaSalle Street National Bank, later the LaSalle Street Savings and Trust Bank, a state institution which recently failed, shows a loan of \$40,000 to Thomas H. Paynter, former United States senator. Paynter was a member of the first senate inquiry which passed on the validity of Lorimer's election. Paynter voted for Lorimer. The books of the former national bank thus far examined show that \$10,000 of the Paynter loan was repaid and experts are now searching for further records.

TEST OF COTTON SEPARATOR AT HENRIETTA TOMORROW

Local Invention To Handle Boll Cotton Will Be Given Test in Gin There

The cotton separator designed by W. A. Patterson and R. P. Webb has been completed and is now ready for a demonstration. It will be taken to Henrietta tomorrow and set up in the Webb's gin. Mr. Webb has several thousand pounds of cotton bolls on hand and will give the machine a practical test.

The machine it is claimed will separate the seed and the lint from the bolls and will make it unnecessary for the farmer to wait until all his cotton is opened before starting picking. The bolls may be picked as rapidly as they begin to open making it possible for one man to pick all the cotton he can cultivate.

Several local capitalists are behind the project and if it works successfully the machine will be placed on the market.

CHAMBER OF COMMERCE MAKES ARRANGEMENT FOR INTER-URBAN PARTY

TO TAKE TRIP OVER COUNTRY

Visit To Factories and Lake, Followed By Business Meeting and Banquet

ENTERTAINMENT PROGRAM

6 a. m. Wichitans meet Dallas visitors at Union Station in automobile and leave for trip to Burk Burnett, Electric, Iowa Park and back to Wichita Falls.
1 p. m. Leave in autos with visitors for a trip to the factories and over the city.
3 p. m. Attend race meet.
5 p. m. Meeting of visitors and citizens at Lake pavilion.
7:30 p. m. Complimentary dinner to the visitors at the Lake Hotel.

Directors of the Chamber of Commerce at a called meeting this morning arranged for the entertainment of the Dallas delegation which is coming here tomorrow to discuss the proposed Dallas-Wichita Falls interurban with Wichita Falls citizens.

The Dallas people are coming on a special train over the Katy leaving Dallas at 11 o'clock tonight, according to advices received by J. A. Kemp. There will be at least fifty in the party, according to word from Dallas.

After some discussion this morning the directors decided on the following plan of entertainment. Wichita Falls citizens to meet the visitors at the Union Station at 6 a. m. with automobile and take them for a trip to Burk Burnett, Electric, Iowa Park and back to the city. This will bring them back here between 10 and 11 o'clock in the morning. After lunch the visitors will be taken for a drive over the city and to the factories after which they will go to the races. Following the races at 5 o'clock there will be a business meeting at the Lake pavilion. At 7:30 the visitors will be the guests of the Chamber of Commerce at a banquet at the Lake Hotel.

Towns To Be Represented
Gainesville, St. Jo, Bowie, and other towns between Wichita Falls and Dallas which are anxious to have the proposed interurban line pass through them will be represented by delegates.

tions. Arrangements are being made to carry about seventy-five persons on the automobile trip and to feed at least a hundred at the banquet.

Since the announcement of the local committee members have received telephone calls from Bowie, Henrietta, Windthorst, Biocoma, St. Jo, Gainesville and other towns asking for their influence to have the line routed through their towns. As yet the route has not even been discussed and no proposals will be entertained until it is decided whether an attempt will be made to build the line. Whether such an attempt will be made may be determined at the meeting at the Lake pavilion tomorrow afternoon.

TOMORROW WICHITA FALLS DAY AT THE RACING MEET

Opportunity Will Be Given Clerks and Others To Attend and See Good Program

Tomorrow has been designated as Wichita Falls day at the race meet and it is expected that the attendance will be much larger than at any day of the meet.

Many of the merchants are arranging to let as many clerks as they can spare off to attend the races. Some business houses will close for the afternoon.

More than \$2100 in purses is offered for tomorrow afternoon's races and the program is the best ever offered in a Northwest Texas town.

CHANGE OF PROGRAM AT LAMAR AIRDOME TONIGHT

The program at the Lamar Airdome will change this evening and the Keyes Sisters and their company will offer "Silver Threads Among the Gold," a pretty story founded on the famous song. New specialties will be introduced between the acts and the scenic equipment will be new. The Keyes Sisters seem to have struck the chord of popular approval as the crowds that fill that popular resort are well pleased. Prices are 10, 20 and 30 cents and the doors are open at 7:30 and the performance begins at 8:30.

MIRACULOUS DISCOVERY OF OIL IN OZARK MOUNTAINS

Well Which for Years Had Yielded Nothing but Pure Water Suddenly Spouts Oil

(Denison Herald)
Ozark, a small town 150 miles northwest of Little Rock on the St. Louis, Iron Mountain and Southern railway, bids fair to have an oil boom and expert oil operators from the Oklahoma and Kansas fields are already forming a company to develop the newly discovered field.

The discovery of the oil was perhaps the most unique known to the history of the industry. In the yard of the Ozark hotel there is a well which for many years has been noted for the purity of its water. Not a sign of any pollution ever appeared until one day last week, when the guests of the hotel complained that the water had an oily taste. The proprietor, thinking some kerosene had gotten into the water cooler through an accident, gave it a thorough scouring and refilled it with fresh water from the well. The water retained the taste of oil and the proprietor took immediate steps to have it cleaned, believing that the underground gasoline tank of a nearby garage had sprung a leak. When all of the water had been drawn from the well, a strong odor of gas

emanated therefrom and fearing injury by asphyxiation to the men whom he was about to send into the well, the owner decided to make a test with a lighted lamp which he placed in one of the well buckets. The bucket had descended but, ten feet when there was a terrific explosion which demolished the well house and seriously injured the man who was letting the bucket down into the well. A short time after the explosion, a youth who had been attracted by the report, looked into the well and discovered that a thick, black fluid was rising from the bottom of the hole. The liquid continued to rise until, at the end of three hours, it was within a few inches of the earth's surface and it was discovered to be crude oil of an unusually pure quality. Since then a shift of men has been constantly busy bailing the oil from the well into barrels, tubs, wash boilers, and every available vessel.

Oil experts who have viewed the well, say it is the most remarkable phenomenon they have ever witnessed and believe that the explosion of the gas which was ignited by the lamp, acted similarly to a charge of dynamite in an ordinary oil well and started the flow of oil.

NEW MORNING PAPER FOR DALLAS NOW PROMISED

Dallas, Texas, June 25.—A new morning paper for Dallas will be started about the middle of July, according to announcement today of Everett Lloyd who will be managing editor. The new paper will be the Dallas World and will start with four pages.

You Ought to Keep a Supply of These on Hand

There are some foods that every economical housewife aims to keep a supply of on hand during the hot weather. There's baked beans, canned soups, canned spaghetti as well as a variety of canned fruits and vegetables.

It doesn't pay to get low on this stock because an emergency is liable to arise at any time when you'll want something very quick—quicker than any grocer can get it to you. Suppose you make up a list of the quantity you ought to have and let me quote you a price on the bulk order. It will save you money as well as save you time and trouble.

Helping.
There are books that come from the wealthy
When meat is needed instead;
There's advice from the fortunate healthy
To the poor that are bound in bed.
There are creeds for the poor to swallow
While the rich are swallowing wine,
And rules for the weak to follow
Though the strong stray far from the line.

There are always poorhouses waiting
For the tortured souls that have failed
In the struggle to get a rating—
And cells where we keep them jailed.
Oh, the shame of it all—the blindness!
How long must the state endure
Where creeds are greater than kindness
And the rich give books to the poor?

WICHITA FALLS RECIPE.

Recipe For Hull House Cookies.
(By Mrs. L. M. Boyd)
Three eggs, one and one-half cups of sugar, a scant two-thirds cup of butter, three cups of flour, one pound of dates and nuts, one teaspoon of soda, one tablespoon of water, one teaspoon of cinnamon, one-half teaspoon allspice and one-fourth of cloves. Pour boiling water over the dates and skin and mash fine. Mix all ingredients together well. Drop in greased pans and bake like kisses. (Recipes from all the housekeepers of Wichita Falls are requested. Phone 1671 or send to Times office).

LITTLE SISTERS ARE GUESTS OF MISS FREAR WEDNESDAY

Miss Ann Frear entertained the Little Sisters Wednesday afternoon at the home of her sister, Mrs. Murchison. The afternoon was spent very agreeably in the usual manner. By the club members and a delightful luncheon was served, consisting of sandwiches, deviled eggs and ice tea, followed by a strawberry ice course. Those present were: Misses Lillian McGregor, Genevieve Carver, Kathleen Blair, Olive Edwards, Mrs. Murchison and the hostess.

MISS BEAN GIVES BIRTHDAY DANCE WEDNESDAY EVENING

Wednesday evening from 8 to 12 Miss Ethel Bean celebrated her sixteenth birthday with a dance for the members of the younger social set. The Bean home was lavishly decorated with an abundance of flowers in pink and white, with occasional bowls of ferns and other wild flowers. Japanese lanterns lit up the lawn and provided the right light for "tete a tete" and "solitude a deux." A dancing canvas was spread on the velvety lawn and with a stringed orchestra to provide the music, the couples tripped the light fantastic toe until a late hour. Then refreshments

Baking Helps

Valuable Suggestions
By Mrs. Nevada Briggs, Exponent of the Art of Baking, as taught by Mrs. Janet McKenzie Hill
Hotel Cafe Milled House

Always sift flour and K C Baking Powder at least three times. The more sifting, the lighter the cake. Remember that! To cream butter and sugar quickly, warm the sugar slightly. Beat yolks of eggs with rotary beater. Whip whites of eggs with flat spoon whip. Water makes lighter cakes; milk makes richer cakes.

To mix a cake, first cream butter and sugar thoroughly, then add yolks, if used. Then alternately add moisture and flour that has been sifted with baking powder and stir until smooth and glossy, adding egg whites after thoroughly mixing.

Always use K C Baking Powder. Biscuits Help

Always sift flour and K C Baking Powder at least three times. Have shortening cold and firm. Mix dough as soft as it can be handled. The softer dough goes into the oven, the lighter the biscuit when it comes out. It is easier for K C Baking Powder to do its work in soft than in stiff dough. Mix biscuits very little. Do not knead! Stir up with spoon or knife and press in shape to roll on floured board.

With K C Baking Powder results are sure and certain. Ask your grocer for K C.

of brick cream in pink and white with cake was served and the young people made their adieux, saying they wished that birthdays such as this would happen more than once a year. Miss Bean was assisted in serving and entertaining by her sister, Mrs. Ayres of St. Louis. The guests on this occasion included: Misses Jackson, Stone, Kahn, Kirtley of Petrolia, Urban, Moore, Richolt, Pryor, Thompson, Bell, Coffield, Harris, Beavers, Stayton, Messrs. Pond, Robertson, Jungk, Victor Jungk, Douglas, Ferguson, Barnard, Henry Robertson, William Robertson, Stringer, Hamlin, Kell, Fain and Stinson.

NEW IDEA CLUB MEETING WITH MRS. SHAW WEDNESDAY

Mrs. W. G. Shaw was hostess to the New Idea Club at its regular meeting Wednesday afternoon. Pleasant and profitable needlework was engaged in for an hour or more, the tedium of the work being lightened by gay social chat. Late in the afternoon the hostess served refreshments of punch with cake and wafers. The members present were: Mesdames Bachman, Goodale, Carey, Della Simon and the hostess. The club will meet next week with Mrs. Simon.

MRS. McCONKEY HOSTESS TO MODERN CROCHET CLUB.

Mrs. J. L. McConkey entertained the Modern Crochet Club Wednesday afternoon in regular session. The afternoon was taken up in crocheting, patterns being exchanged and helpful hints given as usual. The club members enjoyed having with them several guests. The hostess served ice cream and cake in the course of the afternoon and the following were present: Mesdames Colboth, Brooks, Stout, West, McConkey, Scott, and Miss Brooks members and Mrs. Duffey, Misses Higgins of Flairview and Turner of Byers, club guests.

to make it a city of 15,000 people
and at that time only had about 100
in all. They done better than
expected, and now expect to make
Wichita Falls a city of 30,000 popu-
lation within the next five years, or by
1920 at the most. Now now has the
water, the cheap fuel, natural gas and
oil, seven railroad outlets, and sur-
rounded on all sides by the greatest
small grain and cotton producing lands
in the state, and there is hardly any-
thing that can occur to keep from
doubling her population within the
next four or five years. Come to Wich-

TOM BALL'S LABOR RECORD.

At the request of C. C. Shelton, a
railroad man, and others, The Times
publishes the following, which is taken
from the Texas Railway Journal:

From 1886, and during the struggle
of Labor strike, when he was in the
mercantile business, Mr. Ball has ad-
vocated, supported and assisted labor
as follows:

As a member of congress he sup-
ported all the measures advocated and
presented by organized labor, and was
especially active for the eight-hour
bill, against imprisonment for con-
tempt, and for all safety appliances,
and every report by officials of acci-
dents on railroads, and for enlarge-
ment of powers of the Interstate Com-
merce Commission. Supported a bill
to prevent the shipment of convict
made goods from one state to another.
He has advocated the initiative, refer-
endum and recall, speaking for them,
and at all democratic conventions has
supported demands asked here in
Texas, as well as in national con-
ventions.

Among them, the eight-hour law, arbitration
and conciliation, direct election of U. S.
senators, uniform primary law, in-
dustrial schools of art, anti-child labor,
for which he favored and spoke at Den-
ver in 1902. Mr. Ball assisted Presi-
dent Campers in getting his labor
plank in the Democratic platform at
Denver, Colo., in 1908 after the Republi-
can convention had turned Mr. Dem-
pers down. Assisted in Texas for the
R. R. & L. and helped put it in the
Houston charter. He has never op-
posed corporate power before legisla-
tive bodies, but refused to do so in-
stead. But carried union men on his
books as a merchant, when other mer-
chants turned them away because they
had no employment and were on strike.
This is what was known as the Bir-
kenhead strike. Credit was extended
all railroad employees on strike at that
time, by Mr. Ball.

A RED LETTER DAY.

Tulsa (Okla.) Democrat.
Yesterday was truly a red letter day
for the independent oil producers.
The corporation commission made an
order fixing the price of oil. It is true
that it was only 75c for oil that was
being sold for 1.00, but the principle
was established and the order is be-
ing enforced.

If a price of 75c can be fixed when
oil is being sold at 1.00 and this price
enforced, a price of 1.00 or 1.25 can
be fixed and maintained if conditions
justify it.

That conditions will be so shaped
as to justify these higher prices there
is no doubt. The meeting of oil pro-
ducers in Tulsa and others that will fol-
low will find ways and means to
bring about such conditions.

Seventy-five cents for the producers
with a profit of more than \$2.00 to
the Standard Oil company on every
barrel of oil it buys is not a condition
that the producers are going to per-
mit to continue. These figures can
be reversed and they will be.

The second, and most important
event was the decision of the supreme
court of the United States declaring
pipe line companies common carriers.
The pipe line has been the key to
the whole situation. It has been worth
almost its weight in gold to the Stan-
dard Oil company. Its line across the
continent has paid for itself every
month. It has been to it more than
any Aladdin's lamp could ever be in
any fairy story.

This decision means an entire re-
versal of conditions in the oil
business.

Now, the Standard can wait the
supply of crude any independent re-
finery can have. In fact, it has for
years limited the supply furnished
the independent refineries in Pen-
nsylvania to help their capacity. It
has compelled them to sell back to it
at such a price as it wished as prices
fixed by it. It has in many other
ways fixed conditions and prices so
that a bare existence was left work-
ing for all that was not affiliated
with it.

With legislation which is sure to
follow, both in Washington and in
Oklahoma divorcing all the pipe line
companies from ownership of produc-
tion oil and its products will be trans-
ferred to what and how now are
and independent refineries will op-
erate as floating mills now do.

The \$2.00 which the producers at a
barrel of oil brings now on the mar-
ket, will not all be the oil it goes to the
Standard Oil company as it does now.

but it will stay 12.00 or more with
the pockets of the producers. 10.00
of it will go to the pipe line com-
panies for transporting the oil to the
refineries. The remainder of the 12.00
will go to build up hundreds of re-
fineries at Tulsa and other points.
Not estimating stations at noon, all
independent refineries are now, but
real refineries employing in Tulsa
enough people to nearly double Tul-
sa's population. Real refineries mak-
ing gasoline, cylinder oil and all of
the 25 or more products derived from
crude oil.

Once made it possible, by this de-
cision and legislation that will follow
done, for a refinery in St. Louis or
Philadelphia to find a certain and un-
derstood source of supply for its
crude and a market not controlled by
trust and the oil trust at heart, in-
cluding all its details from the produc-
tion of the raw products to the delivery
of the finished article to the con-
sumer will take on the same condi-
tions that the production of a meat
can or a barrel of oil now has.

Standard Oil stocks now selling for
ten to three thousand times their cost
and all of the hundreds of mil-
lions of dollars in excessive dividends
all represents money stolen from the
public and is an important factor in
the great problem of the high cost of
living.

Anyone owning any of this stock
had better sell it now. This water
is going to be squeezed out of it.

With oil transported freely through
the pipe lines as wheat is on the rail-
roads and at a decent price the mo-
nopoly of the oil business will be at
an end. This is what is being fought
for.

No one will profit more by this
than the refiners. They have felt the
iron heel of the oil monopoly. Tulsa
can and should become the greatest
refining center in the world. It can
and should double its present popu-
lation by the number of employees in
real refineries. The friends of the
various wax products, lubricating oils
etc., that come from Tulsa crude is
insignificant as compared to their mil-
lions of dollars in profits. Here is the raw material,
the cheap fuel and the money in the
banks. The greatest good fortune that
ever befell the oil producers of Okla-
homa and the city of Tulsa are yester-
day's two decisions by the United
States supreme court and the state
corporation commission. It remains
only to take advantage of them and
follow up properly to get great re-
sults.

ANTONY AND CLEOPATRA

IS HERE FOR TWO DAYS.

Referring to George Kleine's pro-
duction of the photo drama,
"Antony and Cleopatra," a prominent
critic says:

"The play is big and bulky, em-
ploying several thousand people in its
making. They are used to splendid
advantage, but not to the point
where they become a nuisance. They
set flashes of vast armies and vast
assemblies of gorgeous palaces and
beautiful women. Everything, in
fact, that one might expect in the
court of a mighty ruler."

This production will be shown at
the Majestic Theatre tonight and
Friday.

ROTARIANS ELECT OFFICERS

IN HOUSTON CONVENTION

Houston, Texas, June 25.—Election
of officers was the chief business of
today's sessions of the International
Rotary convention which opened here
Sunday. The voting is being done by
the Australian ballot system and ball
boxes are being used for the first
time in the history of the organiza-
tion. The newly elected officers will
be formally installed tonight when the
annual banquet will be held at Rice
Hotel. Following the installation of
officers the British and Irish dele-
gates will make their farewell
speeches.

JOHNSON AND MORAN TO MEET SATURDAY

MEANS MUCH TO WHITE MAN
TO WIN, BUT LITTLE TO
BLACK

NEGRO TO GET \$30,000 ANYHOW

Result Makes No Difference in Size
of Purse to Him—Much Inter-
est in Outcome.

Paris, June 25.—Jack Johnson and Frank Moran, black and white, meet here Saturday night at the Velodrome d'Hiver. If the white man wins, the lucky punch will be worth a fortune to him. If his punch lacks the necessary ginger, good night to Moran.

That is the way the betting man sizes up the fight. For Moran it means everything. Either he will open his eyes on Sunday morning a famous fighter with a golden sunrise and a golden day in front of him or he will remain a conscious only to realize that his sun has set and that he is not even a has been; that he has had his chance and not made good; that he is an almost was yet a never was.

For Jack Johnson the fight doesn't mean so much. If he defeats Moran, he will do no more than is expected of

him here. He will not win a particle in popularity despite the fact that his mode of public adoration is now a negligible quantity. Should he take the count he would lose nothing since he has nothing to lose. His loss or draw, he gets only his \$20,000 plus \$5,000 traveling expenses, which he has now down. Lose or win he will become a professional automobile driver having already signed a contract with certain makers of a Buick car and a French firm of tire makers and made his plans for taking part in the French Grand Prix and the Russian circuit this summer.

Jack "Has" lost 48 1/2.

In his own words, he has "got" his. A black "little" of Johnson's told the "Press" correspondent: "Jack and I are how the fight comes out; he's got his already and the day, his business is mangled out, it isn't going to hurt him much win or lose. There is only one hitch in this statement; Johnson hates the white man and unless circumstances have altered since the time ones had a look in, he will try to put Moran to sleep.

Moran, just emerging from his training camp on the banks of the River Oise—this means "pronounced" was in French—whatever, if any, significance the day has is, quite the most cheerful person to say nonchalant person to be seen. Self-confidence bubbles over his lips. And when anybody asks him if he expects to retire to the River Oise on Sunday he comes back with the heavy persiflage: "Wrong number, please; after Saturday night my home is on the River in."

If Moran, the Merry, bright, in his hope, that same little "river" is will

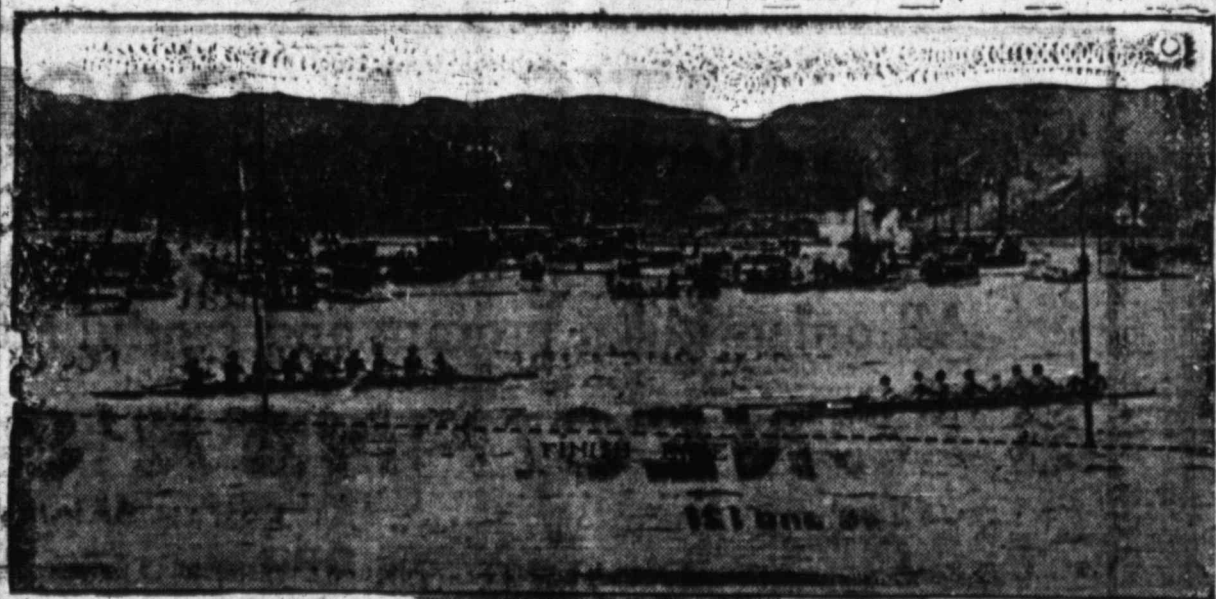

be one of milk and honey, of gold and banknotes, for the lad from Shoketown, Pa., will be the most popular hero who ever told the Statue of Liberty good morning. Roosevelt's return from Africa; Cook's return from the North Pole (or vicinity) or any of the other homecomers will have nothing on him, while vaudeville engagements and all the other spoils of pug championship will put him where Rockefeller will be grinding his false teeth. If he gets licked, Curtain.

John has already signed to fight Sam Langford in London in September or October, Dick Kiegn, the youngster who staged motor polo in England being the sporting impresario back of the match.

The Velodrome d'Hiver—Winter Velodrome—promises to be jammed Saturday night. It holds some 35,000 people. Ordinarily it is used as a cycle race arena but now everything is changed. The saucer track is covered with numbered seats and the flat spaces inside the course is littered with chairs. Ringside seats are offered at \$50 plus 10 per cent for the "poor tax" levied by the government. The Velodrome is in the western outskirts of Paris, within a stone's throw of the River Seine. It is very difficult to reach save in taxis or other similar conveyances, surface cars and the underground—which at this point is 50 feet over head, running to all points save those a person desires to go.

Pyrene fire extinguishers. For use in the home, store, garage, factory or other buildings. Make for safety and reduce insurance rates. See J. L. McClure, city hall. 36-tfc

WHAT WILL PEOPLE SAY?

By RUPERT HUGHES

A brilliant story of New York's mad dance after pleasure and wealth, through hotels and cabarets, ballrooms and country houses, by motor and on yachts, on the backs of blooded horses, eating, drinking, making love, beautiful young girls, women who still try to be young,

and the men of their gay set, follow each other in feverish haste, with no brake to hold them back except the fear of "what will people say?" But the piper waits to be paid. Illustrated \$1.35.

STREET CARS ARE OPERATED
ALONG SAFETY FIRST LINES

New Impossible To Get On or Off
Between Corners. New Rules
In Force

The "safety first" idea has been adopted by the traction company and the boarding or leaving of cars between corners is now a thing of the past. When the new cars arrived they were of the safety first variety, it being impossible to enter or leave them until the conductor pulls the lever that opens the doors and lowers the step. Since then the same idea has been put into operation on the old cars, the platforms being closed and inaccessible from the outside until the conductor opens the gates.

While those accustomed to hopping on and off cars between corners are complaining somewhat, the Traction Company feels that this is of little moment as compared with the additional safety to the great majority of passengers. The doors are not opened until the car has come to a full stop when it is perfectly safe to get on or off.

Motorists and conductors who formerly were allowed to smoke on duty when the cars were west of the car barns are now denied that privilege and can enjoy cigars and cigarettes only when on duty. There is nothing in the rule, however, about the use of "chawin'."

AUTOMOBILE OWNERS PLAN
TO PUT STOP TO JOY-RIDING

Movement on Foot To Offer Big Reward For Prosecution of Car Stealers

Another effort is to be made in the near future to instill new life in the automobile club here. One of the purposes will be to put a stop to the stealing of cars and supplies. Several whose cars have been taken out by joy riders and badly damaged have offered to contribute substantial sums for the detection and prosecution of offenders in the future. It is believed that with a sum of \$500 or \$1,000 for the prosecution of such offenses, joy riding and car stealing would soon be stopped.

PRETTY PROGRAM OF
RACES WEDNESDAY

MATINEE FURNISHES AMPLE ENTERTAINMENT FOR FAIR CROWD

\$1000 PACING EVENT TOMORROW

Meet Will Close Friday With Excellent Card—Good Time in Yesterday's Events

Before a crowd that should have been much larger, considering the excellence of the program, the second day's card of races was run at Lake Wichita Wednesday afternoon. While the extremely close finishes of Tuesday were not so much in evidence, the events were of a high order.

Tomorrow is getaway day, with the classic of the meet, the \$1000 free-for-all pace, as the feature of the program.

Probably the best of yesterday's offering was the half-mile dash, won by Our Leader in the very nifty time of fifty-one seconds. The mile dash was a pretty contest, first honors going to C. W. Kennon.

The harness numbers were carried out without mishap. Chief interest centering in the 3:25 pace for the \$400 purse. Dan R. captured the first two heats and the big money in this event. The third heat developed into a free-for-all affair that resulted in a very exciting finish.

There were only three entries for the three-year-old trot and of these, W. O. Foote's Hood F. Smith was easily the class, taking all three heats by a safe margin. The other two broke badly, second honors finally going to New Years, also owned by W. O. Foote of Bonham.

Sixteen in One Race

There were twenty entries for the 2:25 pace, but four of these had been scratched. Some difficulty was experienced in starting the sixteen remaining horses, but after several attempts they were gotten under way fairly well bunched. Boccocka took a nice lead in the opening heat, holding it, though hard pushed, until near the stretch. In the last lap when Stone driving E. T. Red's Dan R., pushed the big brown stallion out in front and held the lead safely. In the second lap the same horse won, with more room to spare, giving him first honors for the event. Kentucky Rosewood jumped into the lead in the third heat and held in pretty style until the stretch was reached, when Barri's Maiden Blush nosed to the front and held it with a driving finish. The best time for a single heat was made in the first, 2:19 1/4.

The three-year-old trotting event was an easy picking for Hood F. Smith, taking all three heats in excellent style. B. O. C., owned by McBride of Frederick, and New Years, owned by W. O. Foote, broke badly in all three heats, but the Bonham horse had the edge when it came to straight going, capturing second place in the last two heats, both times by the narrowest leads. In the third heat New Years' broke badly in the second lap and was far behind when the halfway pole was reached, but got back to earth and quickly made up the distance winning second honors by a nose.

Three Wins in Two Days

The half mile dash gave Jockey Tiller his third victory in two days, the winning on Our Leader, owned by George Moore. Tiller jumped his mount to the lead at the pole and held his position safely, though hard pushed for a while. Young Penny finished second and Avena Rose came in third. The time in this event, fifty-one seconds, was considered exceptionally good. The mile dash had only three entries and Sietoff rode C. W. Kennon to victory. Capt. Bruce, with Tonsol up, took the lead, but Sietoff's mount steadily cut down the gap between them and came in to an easy finish. Riving Pearl started badly and was never a contender.

For tomorrow's events, in addition to the big free-for-all pace feature, there will be another harness event and probably three running races and if the cards for the two first days were entertaining, those for the last two should prove doubly so. The attendance has not been up to expectations, but all who have witnessed the races have been well repaid.

On Friday the card includes a 2:15 trot, a 2:17 pace, a mile novelty race with a purse of \$25 at each quarter and some match race. On Saturday the horses and equipment will be shipped to Clarendon, the next stop in the short ship circuit.

THEY ARE ALL "SELF STARTERS"

We loan you money on them for half the bankable rate.

If you die of accidental means WE PAY YOU DOUBLE the amount of your policy.

If you become unable to work from any cause, you do not have to pay any more. The policy is paid up and you may begin drawing it out immediately, without any further payments on your part.

The amount of your policy may be paid to your beneficiary in a lump sum or in as many monthly or annual installments as you like.

With the special features above referred to included, our policies are cheaper than those of most old line companies, which do not give you the benefit of these special features.

Besides we are your Home Company. We loan our money to those with whom we do business.

Ask our agents to show you our new special policy.

We have more assets in proportion to our liabilities than many of the older companies.

The laws of Texas guarantee your policy to be paid promptly if you die.

All we ask is an opportunity to convince you.

Notice!

After residing in Wichita Falls for the past twenty-five years, I have now fully decided to make this city my permanent home. I will also continue my business at the same old stand, 710 Ohio avenue, the home of the best values in up-to-date wall paper, high-class paints, varnishes and stains. If there is anything you need in paints and varnishes, we have it. All prices extremely low, quality considered.

FISH IN DEATH PROCESSION

Salmon Swim to the Headwaters to Spawn, and Never Return to the Sea.

Nobody ever saw a Pacific coast salmon more than seven years old, although some spring salmon have been caught that weighed almost 100 pounds.

The salmon run in the rivers of British Columbia is a funeral procession. This applies to five out of six members of the Pacific coast salmon family. The sixth member is a small species related to the trout. The five other species visit the spawning grounds only once and then die. The salmon always spawns in fresh water, as far up from the sea as it can get, near the sources of the river. The young fish agree with the current, and this accord takes them back to the salt sea.

The salmon inhabits the sea until it is a grown-up fish and feels the strong influence of the mating instinct. This, like the sex impulse of the bee, is a message of death.

Then the salmon mate and begin their nuptial voyage up the river to the spawning beds. It is no exaggeration to say that the beautiful fish in whose bodies life runs rich and strong, meet their death after a desperate honeymoon of struggle and suffering, which lasts only a few weeks. They do not take food after they leave the salt water. They are like the lovers in the Greek poem whose passion was so great they forgot to take nourishment and died of starvation, a romantic death.

MATTER OF NAVAL ETIQUETTE

"Dipping" of Flags, and Other Observations, Are Under the Most Strict Regulations.

The salutation given when a vessel lowers or "dips" its flag is one of the oldest and most honorable of all forms of marine greeting. This form of salute has always been demanded by English-speaking seamen, and its execution has warmed the hearts and used up the powder of generations of naval commanders. In the old days, for a foreign ship, whether merchant or naval, to enter an English port without veiling topsails or dipping its national flag was to run the risk of war, although the profoundest peace existed. Without warning or argument, the shore defenses or a man-of-war would send a round shot across the bows or between the masts of the foreigner, and if the offending flag did not instantly come down the insolent offender was brought to her senses by being raked through and through. Such was the reception accorded by Sir John Hawkins in the sixteenth century to the Spanish admiral who, in time of peace, sailed into Portsmouth sound without veiling his topsails or lowering his flag. Salutes are essential matters of naval etiquette and are exchanged on an elaborate code fixed by the maritime powers. The number of guns to be fired in all circumstances is minutely stipulated.

GERMAN AVIATOR MAKES
DURATION FLIGHT RECORD.

By Associated Press.
Johannisthal, Germany, June 25.—A world's record for a duration flight was made yesterday at the military aerodrome here by Gustav Basser, a German aviator. He remained in the air for eighteen hours and ten minutes. His previous record was fourteen hours and seven minutes.

WALTER JOHNSON WEDS AND THEN DEFEATS ATHLETICS

Peerless Pitcher of Washington Breaks Long Losing Streak After Claiming Bride

Washington, June 25.—The secret of Walter Johnson's pitching slump is discovered. When a pitcher slumps it is one of three things—going stale, booze, or a girl. And the greatest of these is the girl. They can give 'em the Keeley for booze and let 'em rest when they're stale, but the third and last named ailment has defied every antidote since Adam was called out—and he blamed it on the girl. Johnson's recent slump has been a puzzle as he has been losing one game after another on the Senators' recent western trip.

Yesterday his secret was discovered. Miss Hazel Roberts, daughter of the Nevada congressman, E. E. Roberts, was the other half of the athlete. They were married early in the afternoon then Johnson went to the ball park, donned his uniform and then went in and held the Athletics to four hits, winning his honeymoon game. Just previous to that Boelling had pitched the Senators to victory in the first game.

The Robatch Mineral Water Acts directly on the digestive organs of the stomach. Strengthening the kidneys and keeps the blood in fine condition. Good circulation is the only cure for constipation, rheumatism and the only way the system has to throw off germs that cause typhoid, smallpox and other loathsome diseases. Four years in the water business in Wichita Falls has taught us precaution during epidemics of loathsome diseases. We are not strangers in Wichita Falls. We have been here fifteen years and are here to stay. We have always met our obligations. We are equipped to furnish our trade with a clean wholesome vessel. And the best water in the state. Hurrah! for the Fourth of July

The greatest celebration ever pulled off in Wichita Falls will be held in the Scotland Park on the Fourth of July. Scotland Park, consisting of 42 acres of land covered with beautiful native timber, will be dedicated to the City by Hon. A. H. Britain, Mayor. Everything possible will be done to make this one of the most memorable days in the history of this city. All the City and County Officials, the Chamber of Commerce and the Railroad Companies are co-operating with us and we want every citizen in this entire country to assist us in making this one of the really great events that will long be remembered. Everybody is urged to bring well filled baskets and stay all day. Barbecued meat furnished free. Amusements of all kinds, plenty of music and public speaking. Excursions on all railroads.

Scotland Park is close in to the business district just four blocks from the new Scotland Bridge on Burnett street, and is an ideal place for an outing. Make your arrangements to come to Wichita Falls on the Fourth of July as thousands of people will be here.

DALLAS INTERURBAN PARTY HERE FRIDAY

DELEGATION WILL LEAVE FOR THIS CITY TONIGHT FOR MEETING

OTHER TOWNS INTERESTED

Intermediate Reports Will Probably Also Send Representatives To Conference

By Associated Press.

Dallas, Texas, June 25.—Another interurban line for Texas is the object of the proposed trip of Dallas business men to Wichita Falls tonight and tomorrow, where they will confer with persons interested, regarding steps to be taken to bring an early realization tentative plans which have been made.

It built it is said the road will be one of the longest electric roads in the United States, 120 miles in length and costing approximately \$3,600,000. Several routes have been proposed for the new line, but it is said all of

them contemplate touching Denton. The trip of Dallas capitalists tonight follows the visit of Wichita Falls representatives to Dallas some weeks ago. Representatives from intermediate points will also be present at Wichita Falls tomorrow.

DON'T LEAVE WICHITA FALLS No Need To Seek Afer. The Evidence Is at Your Door

No need to leave Wichita Falls to hunt up proof, because you have it here at home. The straightforward statement of a Wichita Falls resident like that given below, bears an interest for every man, woman or child here in Wichita Falls. H. F. Redin, Avenue A, Wichita Falls, Texas, says: "My back bothered me for two or three years and the spells often came on without warning. I was so lame across the small of my back that I could hardly bend. My kidneys became disordered and the kidney secretions were too frequent in passing, causing me annoyance. I finally got a box of Doan's Kidney Pills. They cured me and I have not felt a sign of the trouble since. We always use Doan's Kidney Pills when we need a kidney medicine and we know that they will act quickly in bringing relief. You are at liberty to continue publishing my former endorsement."

Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Redin had. Foster-Milburn Co., Props., Buffalo, N. Y. (Adv.)

TWILIGHT LEAGUE TEAMS TO PLAY ANOTHER SCHEDULE

Will Continue Games After Present Season Is Over on Third of July

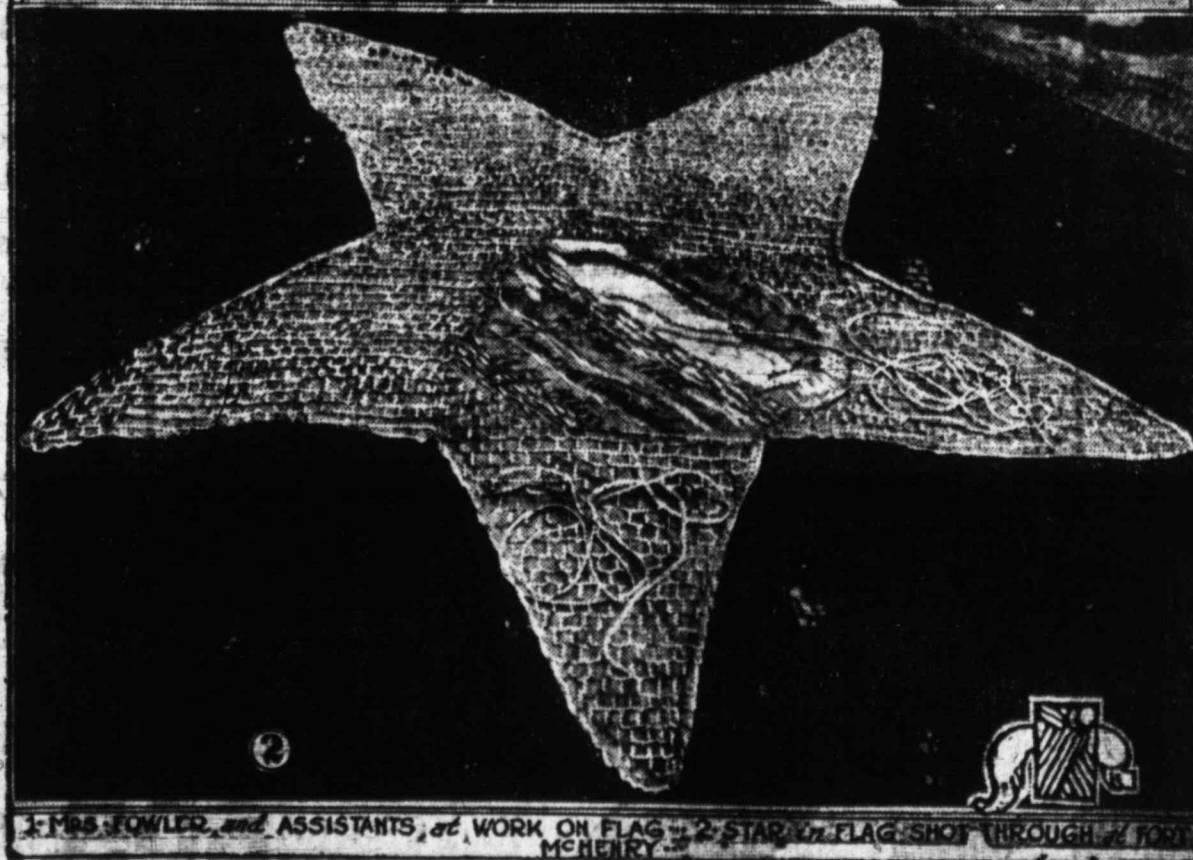

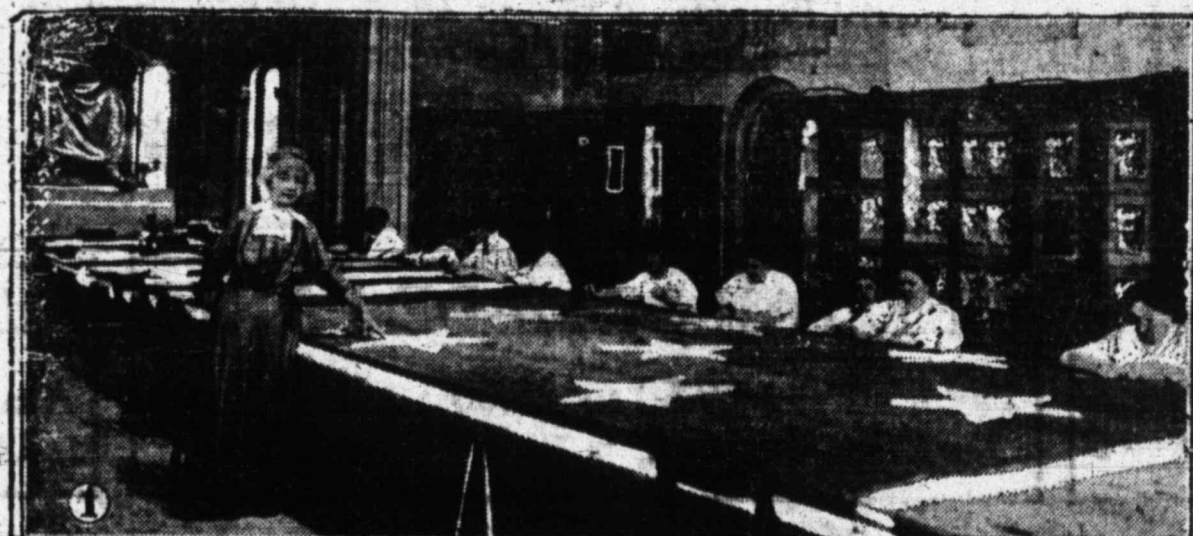

The Twilight League will continue playing after the present season ends on July 3 with the same four teams that are now entered. A meeting of club managers will be held shortly to arrange a new schedule, so that playing may be started as soon as the present schedule has been completed.

The two second division teams will play tomorrow, the Black Cats vs. the P. O. Stammers. The Black Cats-Liepolders game which will have a very important bearing on the pennant race, has been set for next Monday.

The Black Cats have signed a new pitcher, Asho who came here recently from Fort Worth. This was permitted owing to the failure of the Cats to announce their full quota of twenty players previous to this time.

I make a specialty of exchanges, no matter how large or small. It will pay you to list your property with me. Otto Stehlik. 33-61

ORIGINAL FLAG THAT INSPIRED AMERICA'S FAMOUS SONG PRESERVED FOR FUTURE

Washington, June 25.—Work will shortly be completed on repairing the original American flag which floated over Fort McHenry a century ago and inspired Francis Scott Key to write "The Star Spangled Banner." This work is being done at the National museum here by Mrs. Fowler, the government's expert needlewoman,

and a corps of assistants to preserve the flag from the ravages of time. In the accompanying illustration Mrs. Fowler is shown pointing to the hole in one of the stars made by a cannon ball during the British bombardment of the fort. The inscription on the star was written by the daughter of Colonel George Armistead, who com-

manded the fort at the time. The inscription is as follows: "This precious relic of my father's fame, 24th day of July, 1862, Georgiana Armistead Appleton." As this is the centennial of the writing of "The Star Spangled Banner" more than usual interest attaches to the preservation of the original flag which inspired the famous poem.
