Christmas Opening To Be Held December 3rd

Santa Claus To Preside Celebration To Start At 5 o'clock

Christmas season will officially open in Lamesa at 5 p. m. Friday, December 3, and will be ushered in with a special program and celebration. A gala day is being planned, with the entire event to be presided over by Santa Claus in person.

A parade, led by the Lamesa band, will start at the City Hall and circle the square. Old Santa will be in the parade and will distribute candy to all the children.

Merchants will have specially decorated windows and the Chamber of Commerce is offering prizes to those who have the most beautifully decorated windows. Windows will be unveiled as the parade moves around the square, and everyone is urged to be sure and see these displays.

At the end of the street program, Christmas lights around the square and at other places in town will be turned on, and the Christmas season will be in full swing.

In an effort to assist in making this day one of the biggest of its kind ever to be held in Lamesa, the Dawson County Courier is going to give the merchants of Lamesa a complete coverage of this section, sending a copy of the paper to every resident of the trade territory, the paper to go into the mails on Thursday morning of next week, or December 2, which will give plenty of time for everyone in the territory to receive their copy of the paper.

Many merchants are to advertise special Christmas bargains for this date, and all in all it will be a great day in Lamesa.

CROSBYTON LOSES TO GOLDEN TORNADES

Jones Leads Tornado Offensive With 4 Tallies

Not phased by the misfortune of having to forfeit a game in the chase for championship honors in District 5-B, the Lamesa Golden Tornadoes continued to win last Friday night, rolling over Crosbyton by a score of 45 to 0.

Held scoreless the first quarter, the Tornado power came to life to count two touchdowns in the second quarter, three in the third and two in the last. Crosbyton made its only threatening gesture in the opening quarter when they took the opening kickoff, connected with three consecutive aerial heaves, and marched to the Lamesa 10-yard line where the Tornadoes stiffened and held for downs.

Milton Jones led the Tornado offensive with four touchdowns. Captain Durward Schmidt, fullback tallied once as did Halfback Bernard Allison and substitute back, Jackie Vaughn. Lamesa led in first downs 15 to 6.

The starting line-ups were: Lamesa—ends, Hog and McKinnon; tackles, Morgan, Holiday; guards, Steele and Jacob; center, Mitchell; quarter, Hill; Halfbacks Allison and Jones; fullback, Schmidt.

Crosbyton ends, were W. Buck and Hefner; tackles, L. Buck and Barrett; guards, Horn and Cooke; center, Mangrum; quarter, Watson; halfbacks, Karr and Watson; fullback, Cox.

Courier Will Be Mailed Early Next Week

In order that every one in the trade territory might know of the official opening of the Christmas season in Lamesa on December 3, and that the Courier advertisers might get before every one their Christmas items and savings, the Courier is to print one day early next week and to give a complete coverage of the entire Lamesa trade territory. The Courier will be mailed on Wednesday afternoon and a copy will be mailed to every family in this immediate vicinity. Advertisers and news contributors are requested to keep this in mind and see that their copy reaches the Courier office in time for publication.

CORNERSTONE LAID FOR LAMESA'S NEW FEDERAL BUILDING

Judge Louis B. Reed Principle Speaker For Occasion

Laying of the cornerstone Saturday afternoon for Lamesa's new Federal Building marked the realization of this city's long fought for dream.

District Judge Louis B. Reed, principle speaker at the occasion told the many citizens and visitors who gathered for the ceremony that pioneers of the Plains had laid numerous cornerstones to make possible the development of this section. The laying of the cornerstone of the Lamesa Federal Building he added, was a worthy tribute to those courageous pioneers.

A number of Lamesa citizens and guests participated in the laying of the initial stone. Carl Rountree, lawyer of this city, who acted as master of ceremonies, presented those who have been most instrumental in securing the new Federal Building for Lamesa. Owen Taylor, Lamesa postmaster made a short address, and Cleve Austin, assistant postmaster, spread cement for the stone.

The Lamesa band furnished music for the ceremony, while a public address system was installed for the benefit of the gathering.

Among the out-of-town visitors present were postmasters and postal employees from Big Spring and Brownfield.

Methodist Pastors Are Named For Lamesa Territory

At the close of the Annual Conference of the Methodist churches held last week in Quanah, Rev. T. C. Willett of Hereford was named as new pastor for the local First Methodist church taking the place of Rev. M. M. Beavers who will go to the Hereford church.

Rev. Willett and family will arrive in Lamesa during this week to take up his new duties at the local church. Rev. J. A. Wheeler was returned to the Lamesa circuit, as was Rev. J. G. Walker to Welch. C. M. Curry was sent to Patricia. O. P. Clark is the new presiding elder for this district.

Rev. and Mrs. Beavers are leaving this week for their new home. They have been with the local church for two years and have made many friends here who hope their success at the new church.

New 1938 Car License Received

New automobile license plates for 1938 have been received at the office of county tax assessor-collector, R. W. Herndon this past week. The plates are white with black figures, and will be ready for distribution early next year.

The 1938 plates are approximately one inch wider than the ones last year and have the usual "Lone Star" separating the first three figures from the last three. Beneath the figures is written, "Texas 1938."

Plates were made at the state penitentiary farm near Huntsville and were shipped here. They will not be placed on sale until February 1 and may not be placed on vehicles until after March 1. They must replace the 1937 license however, April 1, assistants at the tax office stated.

Dawson county numbers for passenger cars state at 323-901; Commercial cars at 53-051 and farm vehicles at 27,851.

Luncheon Club Has Thanksgiving Program

The Lamesa Luncheon club met in regular session Tuesday this week at the Plaza with the club's president, O. B. Norman in charge of the program.

A special Thanksgiving program was rendered with Mrs. A. G. Barnard, singing an appropriate song. Rev. E. F. Cole, made the principal Thanksgiving address which was highly enjoyed by all members. R. B. Snell, announced the presentation of the Thanksgiving play on Tuesday evening. Women members were in attendance.

COTTON GINNINGS REACH TOTAL OF 77,000 BALES

The eight Lamesa gins report a total of approximately 36,586 bales of cotton of the 1937 crop ginned Wednesday morning as compared with an estimated 32,483 at the same time last week.

According to the government reports the rural gins of the county have ginned a few more bales than the gins in town, so that it is estimated that they have ginned around 40,000 bales. This will give the county an approximate total of 77,000 bales from this year's crop.

The cold weather of this week has practically stopped picking, giving the farmers and gins a chance to catch up on the cotton that had already picked ricked up in the fields and gin yards.

RED CROSS ROLL CALL OFF TO BIG START

The Annual Red Cross drive for memberships got off to a big start in the city Monday morning, according to reports from W. L. Marr, chairman of the local chapter.

By Tuesday afternoon the workers had turned in to Mr. Marr \$239.00. With the town only partly covered this figure is thought to run well over \$300 by the end of the week. The county's enrollment quota was set at 355 memberships for 1937, 250 for the city of Lamesa, and 105 for the rural communities of the county. Last year's quota was only 132 memberships.

Every citizen of Lamesa and Dawson county is urged to help this worthy cause. Join the Red Cross. If a local Red Cross worker has not called on you, call the Mayor's office and tell him you wish to join, and a worker will call for your donation.

As we all know the American Red Cross, meeting the greatest disaster relief needs in its history, during the Ohio and Mississippi river flood rescued, fed, sheltered, clothed and gave medical aid to victims in cities, towns, villages and farms in 320 counties in twelve states. Five hundred lives were lost and the Red Cross hospitalized 6,700 sick and injured. Houses were rebuilt or repaired, furnished, live stock replaced and means of livelihood restored for more than a quarter million families.

Be ready with your donation when the workers arrive, and help this good cause.

New Books Added To Public Library

Three new books have this week been added to the Lamesa Public Library shelves, they are: "Unofficial Wife" by Ruby M. Ayers; "Crossed Trails" by Robert Ames Bennett and "Pirates of Ranges."

The Lamesa library is open to the public from 12 o'clock to 5 o'clock on week days and from 10 o'clock to 5 o'clock on Saturday.

LUTHERAN SERVICES AT CHRISTIAN CHURCH

There will be Lutheran church services held at the First Christian church at 7:30 p. m. Sunday. The public is cordially invited to attend. Arthur Buns, pastor.

Courier Bargain Rate Attracts Many Readers

Entire Territory Is Becoming "Courier Conscious"

In increasing numbers the residents of this territory are coming in every week to take advantage of the Dawson County Courier bargain rate of 50 cents for a year's subscription, and joining that vast army who are becoming "Courier Conscious" and buying the Courier way.

Many of them have made the statement that the Courier is one of the best advertising mediums that they have ever known, and that in no other paper are so many bargains and savings listed by so many different merchants. Readers claim that by buying from merchants using the Courier to get their items and services, and joining that vast army who are becoming "Courier Conscious" and buying the Courier way, they can save in many ways each week the price of the Courier subscription. By shopping the "Courier way" and making these savings, and telling their friends about them, they are making the entire territory "Cour-

Committeemen To Be Elected Next Week

Election for the purpose of electing community committeemen to serve in 1938 in connection with the agricultural conservation program in Dawson county will be held on the dates and at the time and places listed below. Those eligible to vote in the election are: All 1937 members of Dawson Dawson County Agricultural Conservation Association (all landlords and producers on farms which will qualify for payments under the 1937 farm program), all farm owners and, or operators who expect to qualify for payment in 1938 and any others who may have a share in the crop to be harvested in 1938 from a farm which will qualify for a payment in 1938.

MEXICAN FOUND SLAIN ON VACANT LOT SUNDAY

A Mexican, identified as Eusebio Gutierrez, about 27 years of age, was found dead on a vacant lot at the corner of Dallas and South Fourth Streets early Sunday morning by some negroes, who immediately came to town and reported their find to the sheriff's department.

The man's throat had been cut, the jugular vein being severed, and he had suffered one other severe cut on the neck. His pockets had been rifled and his shoes removed, giving credence to the theory that he had been murdered and then robbed.

Officers working on the case brought out the information that he had been seen in the colored section of Lamesa about two a. m. Sunday, and it was reported that witnesses had seen him being chased by two colored boys, one of whom was thought to have been flourishing a weapon of some kind.

Reports are that two negroes have been arrested in connection with the crime, and investigators are promising a speedy solution.

District Health Director In Lamesa This Week

Dr. H. H. Puckett of Floydada, director of Public Health District No. 1, of the State Department of Health, which comprises 60 Panhandle counties, was in Lamesa the first of this week making a preliminary survey of the health conditions in Lamesa and Dawson county.

Dr. Puckett stated that his work consisted mainly with the assimilation of information as regarding the nationalities, finances, and business conditions of the inhabitants of the county. He is to be followed shortly by nurses employed by the State Health Department, who will investigate and examine the children in the various schools. The nurses are to be followed by Sanitary engineers who are to inspect the school buildings and other public places of the county. The work will then be ended with a visit by inspectors from the Food and Drug section, who will visit all cafes, drug stores, hotels, grocery stores and all places who handle food and drugs.

Special Train To Run To Littlefield Thursday

BUSINESS HOUSES ARE TO BE CLOSED THANKSGIVING DAY

Many To Close All Day, Others In The Afternoon

A survey of the business firms of Lamesa made the first of the week, disclosed the fact that the majority of them would be closed Thursday in celebration of Thanksgiving Day.

A large number of firms that are to be closed are listed on another page of this issue of the Courier, while many of them stated that they would be closed and didn't care to have their names listed on this page.

Drug stores of the city are to close at twelve o'clock to remain closed for the rest of the day. Practically every dry good store and variety store will be closed all day as will a majority of the barber shops. Grocery stores are to close as soon as their regular morning deliveries to cafes and hotels are made, while all other establishments such as automobile agencies, auto supply, tire stores, newspaper offices, etc., will not open up at all Thursday.

In fact about all that will be open on this day will be the cafe's and hotels and a few service stations, and a majority of the service stations will close for a part of the day.

Stolen Car Returned From Oklahoma

Deputy Sheriff and Mrs. Jap Randle and Cleve Austin were in El Reno, Oklahoma last Thursday to obtain the automobile stolen from Mr. Austin which belonged to Mrs. John Cason. The car was stolen last Monday at noon, when Mr. Austin went to lunch, leaving the keys in the car.

The thief who was apprehended at the time of the recovery of the car was brought back to Lamesa, gave his name when arrested as Fern Vickers but has later changed it to Joe Gowan. He gave Lawton, Oklahoma as his home. He has pleaded guilty and signed a statement confessing to the crime.

Chamber of Commerce Asks Owners To List Vacant Houses

The Chamber of Commerce has had numerous calls recently for houses, rooms, and apartments, both furnished and unfurnished, and in many instances have assisted the new comer in getting located. This service was started last spring by the Chamber of Commerce, and has proved of great benefit to both new comer and property owners.

Right now there is a great shortage in living quarters here in Lamesa, and many people desiring to move to Lamesa can find no place to live, and as a result select some other place. Several seismograph crews desiring to establish headquarters here have been forced to other nearby towns. These men are paid good salaries and are good citizens and we don't want to miss them if we can help it.

This is an appeal to owners of rent property to list your houses, rooms and apartments with the Chamber of Commerce in order that we may help our new comers get located as soon as possible. If you have a room, house or apartment, vacant, or if you know when it will be vacant, please call the Chamber of Commerce and list it for rent. The service is absolutely free and will prove of great benefit to all concerned.

V. Z. Rogers To Be In Race For Teachers Presidency

According to an Associated Press report from Houston, Mr. V. Z. Rogers, superintendent of Lamesa schools, may become a candidate for the presidency of the Texas State Teachers Association, meeting at that place this week end.

John P. Manning of Robstown and R. H. Brister of Waco, both superintendents have already announced for the presidency.

Mr. Rogers and several of the local teachers are in Houston this week to attend the meeting.

Large Number of Fans To Ride Special To Football Game

Arrangements were completed the first of the week and final preparations are being made for the running of a special train from Lamesa to Littlefield Thursday for the Lamesa Tornado-Littlefield Wildcat football game to be played there that afternoon.

The train is to leave Lamesa early Thursday morning to reach Littlefield in time for the opening of the game which is scheduled to be at 2 o'clock. The return trip will start immediately after the game with arrival in Lamesa as soon as possible.

Round-trip fare for all persons going to Littlefield by this method will be \$1.65, with the children's tickets the same as that of the adults.

While it was only necessary for 200 passengers to ride the train to make it a possibility, it is thought that many more than this number will be aboard when the special leaves the Lamesa station. Many persons who have not as yet secured tickets are expected to purchase them between now and train time.

TORNADOES TO PLAY LITTLEFIELD THURSDAY

Must Win To Remain In District Title Chase

The Lamesa High School Golden Tornadoes will play the Littlefield High School Wildcats, on Thanksgiving Day, November 25, in the windup of the penant chase in District 5, class B, football for this season. This game is to be played on the Littlefield grid-iron and the Lamesa team needs to win in order that they may continue on in the bi-district and regional football wars.

Lamesa is now charged with one loss by virtue of a forfeited game to Tahaoka when an ineligible player was unlawfully used for a short time. Brownfield has only lost one game, while Littlefield and Levelland have had two defeats marked up against them. Levelland and Brownfield are to meet in the other featured game Thanksgiving and should both Lamesa and Brownfield lose the district chase would be thrown into a fourway tie. However, should Lamesa win while Brownfield loses, the Tornadoes would have a clear claim on the title. Should Brownfield and Lamesa both win, the result would be a tie in the percentage.

The special train to carry fans to the game has been arranged for and with the large number of Lamesa folk expected to go in their automobiles this section will be well represented. Lamesa and the district committee would have to decide on what was to be done.

AMONG THE YOUNGER SET

SIDNEY ESTELLE REYNOLDS

Photo by Rogers Studio

The attractive little lady above is Sidney Estelle Reynolds, daughter of Mr. and Mrs. S. F. Reynolds of Lamesa. Sidney Estelle was one year old on November 16. She has brown eyes and brown hair.

A little bird told me: "THERE IS NO FASTER STARTING WINTER GASOLINE - than Phillips 66 Poly Gas"

Now... an amazingly simple, inexpensive way to end cold-weather starting trouble

"Amazingly simple" because all you have to do is fill the tank with Phillips 66 Poly Gas. "Inexpensive" because this high test gasoline costs no more than ordinary low-test motor fuels.

As WORLD'S LARGEST PRODUCER of natural high test gasoline, we can afford to put the high-pressure right into our product instead of into our advertising. We make Phillips 66 Poly Gas higher in test... custom-tailor it 100% to your climate... and add extra energy units

by the POLYMERIZATION process.

The very first time you try this sensational winter gasoline, you will note the split-second starting and faster warm-up. Besides, mileage is increased by cutting the need for wasteful choking.

Don't wait! Start getting faster starting tomorrow morning by getting Phillips 66 Poly Gas this afternoon. Remember, it will cost you less to run your car this winter, if you always stop for gasoline at the Orange and Black 66 Shield.

Phill-up with Phillips for Instant Starting

Advisory Committee For Farm Security

Amarillo, Tex. Nov. 22.—A four-state nine-member advisory committee for the Farm Security Administration, to aid the Bankhead-Jones Farm Tenant Act, as it applies to the counties in Colorado, Kansas, Oklahoma and Texas, which are under the jurisdiction of Region Twelve of the Farm Security Administration, was announced today by L. H. Hauter, regional director of this federal agency.

Hauter said the first duty of the committee, which will hold its initial meeting at an early date, was to select the counties in which loans will be made to tenant farmers to purchase land. It is probable that only one county will be selected in Colorado, Kansas and Oklahoma and three in Region Twelve. From the \$10,000,000 appropriation for the nation, are as follows: Colorado, \$2,149,000; Kansas, \$1,149,000; Oklahoma, \$1,562,000 and Texas, \$5,140,000.

Members named by Secretary of Agriculture Henry A. Wallace and regional director Hauter are: John M. Hill, Amarillo, Texas; former member of the agricultural committee of the State Planning Board and the State Farm Debt Adjustment Committee, long identified with all movements to further the interests of farmers. Mr. Hill was named as chairman of the committee.

A. B. Crump, Wheeler, Texas; banker and land holder, well-versed on farm and ranch conditions.

C. L. Thomas, Pampa, Texas; large wheat farmer, director of Production Credit Association, and of Farm Loan Association, and member of State Soil Conservation committee.

C. H. Day, Plainview, Texas; once tenant farmer, has made conspicuous success since moving to Plains in balanced farming program; has been very active in farm organization work.

Adolph Hansen, Grand, Colorado; expert farmer, specializing in sugar beet production; leader in beneficial agricultural program; and cooperative movements; active in American Farm Bureau.

Marshall Dean, Las Animas, Colorado; long-time operator of both a dry land and an irrigated farm, representative of diversified farming operations dealing in livestock and grains as well as sugar beets.

George Drum, Sharon Springs, Kansas; member of Wallace county commissioners' court, weathered drought and depression through good management of farm; cooperation has been valuable in relief and rehabilitation work.

John Hiatt, Meade, Kansas; active in farm bureau and other farm activities; state experimental farm is located on his land; member of County Planning Board and Regional Farm Planning Committee.

Ed C. Morrison, Goodwell, Oklahoma; president of A. and M. College; outstanding in educational circles because of unusual program and vitally interested in all problems affecting Panhandle residents; college experimental farm used in very practical manner to add experience, aggressive in all attempts to solve the problem of people in his area.

Hauter said the committeemen would serve voluntarily in aiding to make the administration of the program of loans effective as available funds permit.

Hauter also asked prospective applicants for farm tenant purchase loans to withhold their applications until the committee meets and selects the county in which the initial program will be administered.

Mr. and Mrs. Gilbert Watson, Mr. and Mrs. John Stout and Mrs. Jim Little spent Sunday in Pettit visiting their parents, Mr. and Mrs. J. H. Lamb.

Mr. and Mrs. Henry Stafford and Mr. and Mrs. R. E. Simpson, Jr. spent Sunday in Floydada.

Buster Herndon spent the weekend in Abilene where he visited with relatives.

Mr. and Mrs. L. E. Huddleston and Mr. and Mrs. George Hart and sons spent Sunday visiting relatives in Seagraves.

Mr. and Mrs. Jennings Winter and Mrs. W. L. Bedwell visited in Big Spring Sunday.

Mrs. and Mrs. Elwan Kutch made a business trip to Lubbock Saturday.

Mrs. W. K. Crawley left this week for a few days visit in Throckmorton and Abilene.

Borden Range Quotas Given 24,123 Units

Range Program Payments to Amount To \$36,000.00. It Is Estimated

The state agricultural conservation committee has audited and analyzed 70 range applications for Borden county and released a quota of 24,123 animal units.

This gives Borden county an average of 32 animal units per section of range-land, and the total amount of money to be derived from payments under the range program will be approximately \$36,000, most of which is being earned by construction of earthen tanks in the county.

Final adjustments of individual quotas will be completed within the ensuing week, and all ranch operators in Borden county will be notified by mail in order to hasten completion of compliance work. December 31, 1937 has been designated as the final date for carrying out the various range building practices under the current range program. Certification and compliance forms will be forwarded to the state board for approval and payments when each operator completes his 1937 range building practices prior to January 1.

Several ranch operators have earned their 1937 allowance, and consequently their compliance forms will be immediately forwarded to the state board for clearance of payments.

In making final adjustments, the county committee has borne in mind that some ranches are above the average and others below the average in this county. Therefore, the amount of payment will vary considerably over the county. Ranch operators should bear in mind that official figures for individual ranches have not been released as yet, and all calculations of range building allowances to date have been estimates based upon probable approval of preliminary adjustments.

Station work on an NYA rural circulating library project in McCulloch county are spending an additional hour of their own time each work day on an off-the-job training program. These off-the-job activities include reading and reporting on articles of current interest, research in the Brady public library, reporting on designated books, practice in typing and shorthand, and attending lectures on citizenship and government. Ben Jackson, NYA district supervisor, has reported to J. C. Kellam, state youth director.

Mr. and Mrs. Robert Beane and Mrs. P. M. Regdale visited Mr. and Mrs. Bailey Masters in McCamey a few days last week.

MEASUREMENTS ON AAA FARMS COMPLETED

The crop measurements on every Dawson county farm under the 1937 farm program have been completed and mailed to the farm operators for a check and approval. Measurements have been mailed to the farm operators as they were completed and large numbers of them have already been approved by the operators and forwarded to the state office at College Station.

A large number of operators have prepared requests by mail that their farm measurements and have been mailed reminders. The delay in disposition of the farm measurements by the operators causes delay in the payments to the whole county.

November 31 has been set as the final date for the operators to approve the measurements and all measurements about which nothing has been done on that date will be forwarded to the state office. No payments for 1937 can be made until the average figure for every farm in the program in this county has been finally established, therefore it is necessary that a final date be established in order that payments can be made as soon as possible. The county office urges every operator to be prompt in returning his approval on measurements to the office.

It is necessary that all operators who have peas to plow under as a soil-building practice have this operation done on or before November 31 and make an immediate report to the county office if he expects to receive payment for such practices.

Mr. and Mrs. R. F. Simpson left Wednesday for a visit in Caldwell and Austin. They will attend the A. and M. and Texas game at College Station Thursday, returning home Friday accompanied by their son, Hoiner, who is a student at the University of Texas.

4-H Club Boys And Girls Win in Santa Fe Farm Contests

Texas boys and girls of the 4-H club, representing the largest State delegation among the 61 winners of the Santa Fe Railway's educational prizes for 1937, today are preparing for the National Congress of the Railway.

Nineteen of this state's young farmers won awards and Oklahoma placed second with sixteen. J. F. Jarrell, manager of the company's agricultural department, announced. Other states represented by winners are New Mexico, Kansas, Missouri, Illinois, Arizona and Iowa.

Winners are determined by the agricultural extension services of each state, based on outstanding performances, and the railway provides the award to enable them to take part in the National Congress, held in connection with the International Livestock Show, November 26-December 4.

The winners are to be guests of the Railway at a breakfast and entertainment Charles H. Woods, general solicitor, is to be toastmaster.

The plan to encourage 4-H club work was adopted by the Santa Fe soon after the establishment of the National Congress fifteen years ago. Since inception more than 1,000 boys and girls have benefited by the award and many are leaders in the industry today, according to Mr. Jarrell.

The Texas winners include Arlee Gowen, Lamesa.

During October 640 youths were placed in private employment through the San Antonio, Fort Worth, Dallas and Houston Junior Placement offices operated by the Texas State Employment Service and the National Youth Administration. Of this number, 180 were placed as housekeepers and as restaurant workers, 162 in mercantile positions, 92 in delivery service, 69 in day labor jobs, 50 in professional positions, 37 in clerical positions, 31 in factories, and 19 in skilled trades.

Henry Stafford left Monday morning on a business trip to Austin.

Most of Borden County's Farms Checked for '37

Ninety-five per cent of the farms in Borden County have been checked for compliance under the 1937 agricultural conservation program, and forms have been forwarded to the state board this week.

Compliance under the soil program was considerably less this year than in previous programs, but a substantial amount of money will be distributed to more than half of the farmers in Borden county.

Upon approval of the compliance forms by the state board, the applications for payment will be released and sent to the county for signature of the various producers. It is hoped that 1937 payments can be released for Borden county by January 1.

Mr. and Mrs. Charlie Still of Lubbock spent the weekend here with Mr. and Mrs. Robert Koger.

Miss Elizabeth Arnett will arrive Wednesday to spend the Thanksgiving holidays here with her parents, Mr. and Mrs. W. D. Arnett. Miss Arnett is a student at the Little Theatre school in Dallas.

Mrs. William Senter Searcy of Dallas will arrive here this week to join her husband, who is working here with an oil company.

Fayne Wilkes of El Paso spent several days here last week visiting his family.

Mrs. Grover Wilkers is ill this week at her home.

Mrs. E. R. Yates has returned from Fort Worth where she attended the funeral of Mr. E. S. Farrington, football coach and athletic director of Fort Worth Public Schools.

Lloyd Elliott spent a few days last week in Sweetwater at the bedside of his sister, who underwent an operation.

Mr. and Mrs. Rodney Baldwin of Artesia, N. M., spent a few days here this week with his parents, Mr. and Mrs. C. Baldwin.

Fourteen NYA youths assigned to the Nolan County Health unit during October assisted local health officers in examining 2,821 school children and recording the results. They also worked in the health unit office, recording 220 immunization tests with which they had assisted, reviewing 1,012 index cards of the Nolan County Tuberculosis Association, and drawing graphs. J. C. Kellam, state youth director has been advised.

BARTLETT
(By Lillie Lowrey)

We had a good attendance at Sunday school.

Brother Harrell of Arkansas delivered a very interesting message Sunday at 11 o'clock.

Mrs. Whitworth and son, Wesley of Roswell, N. M., who have been visiting in the Flowers home left for their home Friday.

Mr. Temple of Hamlin, father of T. E. Temple, was a visitor in our Sunday school.

Mr. and Mrs. F. A. Youngblood and son, Mr. and Mrs. Homer Herring, attended a registered herford auction sale, November 19, at Hereford, where they bought some calves.

Miss Edna Johnson of Oklahoma is visiting in the home of Mr. and Mrs. Fowler.

Mr. and Mrs. Cody Moreland visited Mr. and Mrs. Durwood Mitchell and family Sunday.

Clyde Moreland, Kenneth Moreland and Hershel Boss visited Perrin Lowry Sunday.

Little Miss Aleta Moreland is on the sick list, we hope she will be well soon.

Mr. and Mrs. Chapman of Wilson visited his son, Mr. and Mrs. J. V. Chapman and family Sunday.

Durwood Mitchell left for Anson Sunday.

Mr. and Mrs. Sidney Harrell and family, Shyler Harrell and son, Edwin Harrell, Bro. Harrell were welcome visitors in our Sunday school.

Health, Primary Reason For Thanksgiving

Aut. Tex. Nov. 22—A primary reason for the institution of Thanksgiving Day was health. The Puritans, the few of them left after that terrible first year of death and disease, wanted to publicly thank God for all his mercies. And so was born the tradition of Thanksgiving.

We have come a long way since that time in the matter of health. Today few people think of Thanksgiving in connection with the health they enjoy. We are so accustomed to good health that we hardly give it a thought—until it strikes.

The Texas State Department of Health and county health organizations have labored for years to secure the measure of health protection that the public now enjoys. Their thanks are to medical science for the strides it has made in preventive medicine enabling thousands of lives to be saved annually.

Times that first Thanksgiving, the mode of transmission of many diseases has been discovered and the known preventives of diseases become common knowledge. Yellow fever, plague and cholera have almost ceased to exist. Smallpox, diphtheria, and typhoid fever can be eliminated as a cause of death if a person takes advantage of the typhoid immunization. Malaria and other diseases can be controlled if the public demand for their control, as a part of every day activities of the government, be insisted enough.

During the past half century the fifteen years. This means that a fifteen years. This means that a

baby born in 1937 can be expected to live fifteen years longer than if he had been born fifty years ago. We have much more to be thankful for in the matter of health, than did our Pilgrim forefathers, so let us in our individual Thanksgivings be reminded of the strides preventive medicine is making in improving health conditions in Texas.

Welch H. D. Club Met With Mrs. King Preston, Nov. 17

The Welch Home Demonstration club met in the home of Mrs. King Preston Wednesday, November 17, thirteen members and eighteen visitors enjoyed the delicious refreshments of hot chocolate, coffee, cake and salad.

We elected new officers for the coming year as follows: Mrs. Joe Jayroe re-elected president, Mrs. Everett Turner, re-elected vice-president; Mrs. Charlie Sullivan, re-elected secretary; Mrs. Nolan Jayroe, re-elected reporter; Mrs. Melvin Keener, re-elected council delegate, and Mrs. Gerald Galloway re-elected recreation leader.

Mrs. Charlie Sullivan, Mrs. Speck

CONSTIPATED 20 YEARS

"For thirty years I had stubborn constipation, awful gas, bloating, headaches and pains in the back. Adierka helped right away. Now, I eat sausage, bananas, pie, anything I want and never feel better." Mrs. Mabel Schott, Bryant Pharmacy-Taylor-McCall Drug Co. and Morris-Cleveland Drug Co.

H. T. Tipton spent Sunday in Post. Mr. and Mrs. Dunn of Mt. Olive spent Sunday afternoon visiting in the Atterbury home.

Mr. and Mrs. Albright, Mrs. O. E. Swafford visited in town Sunday afternoon.

Mrs. Joannie Westbrook spent Sunday with her mother at Welch.

Norman Earl McEyer spent Sunday with Forest Meeks.

We are sorry to report that little Betty McColey is on the sick list this week.

We had a larger enrollment in our school this week.

Pink Boll Worm Quarantine Zone Is Being Guarded

Seeking to prevent a predatory incursion of the pink bollworm into West Texas "free territory," department of agriculture experts and various county authorities have thrown a network of patrols about the 16-county Panhandle district quarantine zone.

Signs of the dread enemy of cotton growers have been found in Gaines, Dawson and Martin counties where gin trash reveals that the pink worms again are attempting an invasion of West Texas high altitudes.

Patrols Established Patrols have been established on all roads to the south and east of the Panhandle quarantine district. Officials promise vigorous prosecution for those attempting to haul seed from the quarantined zone unless the seeds have first been taken to designated mills and passed on by government inspectors.

The difficulty especially has been found along the southern line of Lynn county, where cotton grown in the southern part of Lynn and the northwestern part of Borden counties is taken to O'Donnell gins. O'Donnell is "on the line" practically. Lynn county being in free, Dawson in quarantine territory.

Warning To Haulers Haulers must have tight bodies on their trucks and must guard against spilling seed otherwise by having tarpaulin-covered beds. Complaints have been made of seed

being hauled from quarantine areas to Abilene and to Sweetwater, among other places. The Nolan county attorney was to have conferred at Austin Monday afternoon with members of the commissioner of agriculture's office of five seeking means to lessen the boll-worm menace to free territory.

A Big Spring party of ginners and prominent farmers and business men went to the Big Bend section recently and found that government tales about the bollworm were anything but bugaboo yarns. A quart fruit jar exhibited in the office of H. B. Prickett, of the Lubbock office of the department of agriculture, shows bolls and bollworms in various stages of development. Entomologists report increased infestation around Balmorhea and Pecos, and see the possibility, unless there is general precaution of the steady widening to most of the western part of Texas of the dread worm.

Failure of the United States and Mexico to agree on eradication cooperation has prevented stamping out of the pest along the border, and it is believed the only solution will be found in preventing spread.

Brought Under Control Areas in New Mexico and Arizona, Enis, Texas, Georgia and in the San Antonio territory have been brought under control.

It has been proved, however, that check methods have their limitation since the moths can be carried hundreds of miles by wind.

In the Big Bend, cotton that looked like it would make a bale to the acre bolls were cut open and found alive with worms ranging from a third to half an inch long. These worms cut the lint, stain it, bore into the seed and eat out the kernel. The cotton as a result, if marketable at all is worth little and much of it can command a price no greater than four cents. Seed, too, finds unfavorable prices.

Little is known of the moth responsible for pink bollworms, since it is rare to see them in the daytime. They do most of their traveling by night. It has been learned, however, that each moth deposits from 50 to 250 eggs in sutures of bolls and on a cotton stalk and that they seem to be attracted to no other plant or shrub.

Prickett pointed out that cotton

growers in this "free" area should render every measure of cooperation to check the spread, and that infested areas should do likewise.

Billie Jo Teal Dies November 20

Billie Jo Teal, 4-month-old son of Mr. and Mrs. C. W. Teal, passed away at the family home at the C. W. King farm, on November 20.

Funeral services were held on Sunday, at the Lamesa cemetery at 2:30 p. m. with Rev. J. W. Braswell officiating. Survivors are the parents, and the following children, W. D. C. W., Jr. Corine, Raymond, Rayford and Jack.

Mrs. Mary Parkinson is again working as nurse at the J. C. Lovelless hospital after several months absence.

The Pilgrims gave Thanks for much less

Our forefathers fought for their freedom, and had enough for only their meagre needs, yet they gave thanks for their simple life. We today have much, freedom in the symbol of our daily life, and the ideal of our nation, surely we can sincerely give thanks on Thanksgiving Day. We extend greetings to our depositors on this significant Day.

89,000 Workers Are Employed In 1,700 Texas Plants

Austin, Tex. Nov. 22.—Reports to the University of Texas Bureau of Business Research from more than 1,700 Texas establishments showed that a total of nearly 89,000 workers were employed in these plants during October, an increase of 75 per cent over the like month last year, but a decline of 7 per cent from the preceding month.
Total weekly payrolls of these firms, \$2,262,371, were up 13 per cent from a year ago but there was no change from the month before.
Cities in which the percentage gains in both employment and payrolls over both the month before and October last year were above the State average were: Abilene, Amarillo, Beaumont, Dallas, Fort Worth, Houston, and Wichita Falls.
Mr. and Mrs. Gordon Appleton of Brady were here last Friday visiting in the Dixie Kilgore and L. E. Huddleston homes.

Training Program For NYA Youths Endorsed By Advisory Board

Austin, Tex. Nov. 22.—The training for youths to National Youth Administration Work Projects was endorsed last week by the State NYA Advisory Board, which voted to notify Aubrey Williams, executive NYA director, that the board believes the time is at hand in Texas for extending and expanding the program further. The board commended the training program already established under the direction of J. C. Kellam, state youth director.
NYA youths have been assigned to work projects which were calculated to provide job discipline and work training, with the development of some primary skills. They have been encouraged to attend night schools and emergency education classes, and have been provided with some special training courses during their spare time, in order that they may gain through experience some knowledge of vocational opportunities.
The statement adopted by the Advisory Board recited that since the beginning of the NYA work program, the Texas Director and his staff have striven for and have obtained a dollar's worth of value for each dollar expended. It continued: "Through parallel training courses and work experience, youths assigned to the work program have been given training looking to vocational and leisure-time accomplishments. It now appears that without losing sight of the necessity for getting full value of each dollar expended, the Texas Youth Administration can extend and enlarge the training aspect of the program. The State Advisory Board pledges its assistance to that end."
The statement was communicated to Mr. Williams by A. J. Wirtz of Austin, chairman of the Advisory Board.

A National Youth Administration project for improving a city park at Crosbyton has been approved. J. C. Kellam, state youth director, has announced. The project will provide part time employment for 14 needy youths in constructing a rock fence around the park area, driveways, huts for the Boy and Girl Scouts, and picnic units.

"THE REST OF THE RECORD"
By James V. Allred

Austin—In issuing the annual Thanksgiving Day Proclamation, I did so this year with the feeling that a little white-haired old lady of some I found last week a penciled letter. Out of the heavy mail on my desk I found last week a penciled letter, seventy years had really written it, with the writing shaken by the palsied hand of age. His message typified the real spirit of the Pilgrim Mother of 1621 when the first day of Thanksgiving in America was observed. I felt humble in the presence of that letter for in it I could see the reason why this State of Texas has become so great. Back of it, I could see the pioneer mothers whose love and faith gave the steel to the courage of their men that enabled them to overcome hardships and build the mighty empire of Texas.

The dear old lady wrote that she only wanted to express appreciation for her monthly pension check. She added "while some people might think my room too bare and poorly furnished for comfort still to me it is home and for the pension check which makes this possible, I am thankful. My children are all gone and I would be lonely except for the memories of a long life which God has blessed with many friends and much happiness. To Him I shall give thanks on this Thanksgiving Day."

What a lesson to those of us more fortunate! From that letter I gained a feeling of humility, grateful that she should write me at this time.

I don't know how other governors feel about the penciled, often poorly written letters which we receive but to me these are just as important if not more so, than the neatly typed embossed letters from lawyers and bankers. These letters are from poor people who travel on a three-cent post-

age stamp to ask the governor of their state for help or advice. The least a governor can do is to read them and help in every way possible.

In many instances the letters are written in Czech or Spanish, or German and often illegible. These I have translated and returned to me promptly.

Yes, we have much for which to be thankful on this Thanksgiving Day. In contrast to war-torn and war-fearing countries, America will observe its day of Thanksgiving in security and peace confident that our ideals of democracy, the industry of our people and the vast resources of our nation will enable these United States to meet crises under which other nations might crumble.

As Governor I feel grateful to the kind providence that has guided this state and nation out of the depths of depression into an era of comparative prosperity. True there are many families whose tables will be pitifully bare on this Thanksgiving Day unless charitable organizations and kindly neighbors help them. But the bread lines which have threatened the nation in past years will not be as long nor will the suffering be as great—thanks to the humanitarian program of the President.

In our state there are still too many unfortunates for whom aid has been denied or for whom the aid given has not been sufficient to relieve their pain and need, any aged needy, destitute children, helpless blind, and unemployables on the relief rolls will face a cheerless Thanksgiving Day.

As we who are more fortunate share the bounties of Thanksgiving dinner, let us remember that the obligation to our unfortunate neighbors has not been filled by partial payment and comfort brought to the old lady by the pension check and whose brave attitude so typifies the real Thanksgiving Day spirit. Let us resolve that others like her but who are not being aided shall receive help.

There can be no turning back or

Training Schools To Be Held For Chevrolet Mechanics

Special supplementary training schools will be held the week of November 22, throughout nearly 10,000 Chevrolet dealerships in all parts of the United States. It was announced this week by C. W. Wood, manager of the Chevrolet service and mechanical department.

The schools are designed to supplement the training received by dealers' service and mechanical managers in the new product schools held for several weeks before the announcement of the new Chevrolet models for 1938. Mr. Wood explained. Every dealer's service men will be schooled to give full and complete service on the 1938 cars at the conclusion of the training week, he said.

Midway H. D. Club Organized In 1924

The Midway Home Demonstration club was organized in 1924 with fourteen members. The charter members were: Mesdames L. J. Dean, Harvey Weir, W. V. Love, A. S. Riddle, Jim Gibson, Bill Love, Wid Stanfield, A. B. Maxwell, J. W. Southard, Buck Brannon, John White, R. S. Stanfield, Abner Spraberry, and Lee Robinson. The first president was Mrs. Abner Spraberry.

Clothing, canning, pantry, living room kitchen, wardrobe and dairy products have been the demonstrations the club has studied. There has been a great progress in the methods of demonstrations taught by the Home Demonstration club.

any detour made from the humanitarian highway that we have traveled as an aftermath of the depression.

tors, especially the demonstrations given on canning and clothing.

Mrs. Tom Stanfield was the first delegate from the club to attend the Short Course. She attended in 1925, Mrs. Harvey Weir was the delegate in 1935 and Mrs. C. W. Shafer in 1936.

The club now has a membership of fourteen, with Mrs. C. W. Shafer as president, Mrs. Shafer is also treasurer of the county council.

Purchasing Power of Cattle Affected By Cattle Numbers

College Station, Nov. 22.—Cattle numbers and the purchasing power of cattle follow cycles varying from 14 to 16 years in length, according to W. E. Morgan, economist of the Extension Service division of Texas A. and M. College.

When the purchasing power of cattle is high, production is stimulated, and cattle numbers increase, Morgan points out. On the other hand, when purchasing power is low, production is curtailed.

In 1920, there were about 49 million head of cattle in the U. S., Morgan says. In that year a steer was worth in terms of what the ranchman could

buy with the proceeds of the sale, 79 percent as much as it was in the years 1910 to 1914. In 1930, 10 years later, there were 38 million head of cattle in the country and a steer was worth 34 per cent more in buying power than it was in 1910-1914.

Midway Club Members Elect New Officers

There were eight members present when the Midway Home Demonstration club met in the home of Mrs. W. V. Love, November 18.

The following officers were elected: Mrs. C. W. Shafer, president; Mrs. A. S. Riddle, vice-president; Mrs. W. J. Stanfield, secretary; Mrs. R. T. Ogden, reporter; Mrs. Jim Gibson, kitchen demonstrator; Mrs. Bill Love, yard demonstrator; Mrs. A. S. Riddle, girls sponsor.

The Midway club will have their achievement event, December 2, at Mrs. C. W. Shafer's from 2 until 5 o'clock. The public is invited.—Reporter.

\$4,810,785 Building Permits Are Issued

Austin, Tex. Nov. 22.—Reports to the University of Texas Bureau of Business Research from 35 Texas cities from all parts of the state show that building permits issued during October totaled \$4,810,785, an increase of 11.3 per cent over September last year.

Cities in which permits during October were in excess of those during the two comparable periods were: Austin, Brownsville, Cleburne, Denison, El Paso, Jacksonville, Lubbock, Marshall, and Pampa.

Mr. and Mrs. Earnest Gambill and Mr. and Mrs. Arthur Billingsley spent Sunday in San Angelo.

KLONDIKE

Louise Foster, Correspondent

There will be a Thanksgiving program and dinner at the South Side church Thursday night. Everybody come and bring a well filled basket. Mrs. Jewel McKinney and children visited relatives in New Mexico. Mr. G. W. Thorp had the misfortune of getting his car burned up. The new addition to the brick building has been completed. The high school students moved into it Friday. The grade students moved from the plank building into the old brick building. Due to the cold weather, there were only 34 at church. We invite more to come next Sunday. Rev. and Mrs. Priddy were dinner guests in the W. T. Smith home Sunday. There is quite a bit of sickness in the community, especially among the children.

relatives in this community Sunday. Mr. and Mrs. M. T. Holmes and Doris, visited in the Key community Sunday.

SPARENBERG

(By Mable Parchman)

Mrs. Flessie Alexander of Harris, Arkansas is visiting her father, D. A. Davis. Mrs. A. G. Turner spent the weekend visiting Mrs. Lane of San Angelo. Mr. and Mrs. Sherman Moulton and son visited his mother in Abilene Sunday.

There was no preaching Sunday at the Methodist church, due to Rev. Cook attending conference. Mrs. Cook and daughter visited in Rule with relatives.

Mr. and Mrs. Flache of Hobbs, N. M., visited E. J. Turner last week.

Rev. Broom attended conference at his church at Plainview last week.

Mr. King of Childress was here on business last week.

Mr. and Mrs. Riddle went to Junction last week.

Mr. and Mrs. Floyd Hill and son visited Mr. Hill's brother, who is in a Big Spring hospital Sunday.

Mrs. Mabry and daughters visited relatives at Munday over the weekend.

Mr. and Mrs. Johnson of Lamesa, Mr. and Mrs. H. F. Pounds of Lamesa and grandson of Portales, N. M., visited here Sunday.

Mrs. Raymond Franks was honored with a shower last Wednesday in the home of Mrs. J. B. Martin. She received many useful gifts.

Mr. and Mrs. Burchell and son of Knott visited Mr. and Mrs. J. E. Airheart Sunday.

Mrs. Frank Rose left this week for several days stay in Dallas.

Mrs. Enid Avriett of Big Spring spent the weekend here with her parents, Mr. and Mrs. W. P. Avriett.

Mr. and Mrs. P. T. McCollum were business visitors in Lubbock Saturday.

DON'T IRRITATE GAS BLOATING

If you want to REALLY GET RID OF GAS don't take harsh, irritating alkalies and "gas tablets." Gas in the stomach and upper bowel is due to constipation. Adierika rid's you of gas and cleans four poisons out of

BOTH Bryant Pharmacy, Taylor-McCall Drug Company and Morris-Cleveland Drug Company.

I'LL NEVER GO ANYWHERE WITH YOU AGAIN!

Ashamed of his SQUIRMING?

GET HIM **Jockey Y-FRONTS** BY Cooper

For a situation like this we recommend Coopers Y-Front Underwear. It prevents squirming by giving snug, streamlined fit everywhere—comfortable, buoyant support. No bunching, no binding, no buttons. Men squirm because underwear that's fitted only at the waist "gangs up" on them.

This two-piece Y-Front underwear offers many other advantages. Wears longer because upper or lower can be replaced separately. Provides extra back protection. Will not bulk or bind. Makes outer clothes fit better. Y-Front opening convenient yet cannot gap. Gives energy-saving support.

Try one suit of this new Y-Front underwear by Coopers. If he doesn't like it, return it and get your money back. Such is our confidence.

Price 50c and up per garment—according to fabric and model.

SOCIETY

TEA AT RANDALS' HOME ANNOUNCES APPROACHING MARRIAGE OF MISS RANDALS AND DARWIN SPRAWLS

Announcement of the engagement and approaching marriage of Miss Ruby Randals and Mr. Darwin Sprawls, was made at a beautifully appointed tea in the Randals home last Thursday afternoon, when Mrs. Loo Randals, mother of the honoree, entertained for over one hundred guests.

An artistic arrangement of rose buds and other varicolored cut flowers in attractive vases and baskets, formed the decorations for the entertaining table.

Mrs. Randals greeted the guests and introduced them in turn to her daughter. Others in the receiving line were Mrs. Sidney Randals, Mrs. Marvin Porr of Lubbock, Mrs. Dick Randals of Snyder, Mrs. Wright Boyd, Mrs. Matt McCull and Mrs. Ed Hatch.

The hand painted guests book was presided over by Mrs. W. H. Bennett and Mrs. W. K. Crowley.

The tea table was laid with a venetian lace cloth and illuminated with tall pale green tapers in branched crystal candelabra. A basket tied with tulle holding different colored clusters of grapes and rose buds and lilies of the valley, formed a gorgeous centerpiece. Those presiding at the tea service were: Miss Thelma Lee Norman, Miss Florence Lawson, Miss Katie Lee Clements and Mrs. David Jones. Hand painted folders on the refreshment plates told of the approaching marriage of Ruby and Darwin, December 16.

The following musical program was rendered during the tea hours, arranged by Mrs. A. G. Barnard and Mrs. Weldon Lind, by saxophone duet, Misses Sara and Peggy Elford; reading "Catesby," Miss Virginia Lindsey; song "Sweetheart Love," Mrs. N. H. Price and Mrs. A. G. Barnard; reading, "After the Wedding," Miss Carol Jacobs; song, "Sylvia," Mrs. Helen Ruth Cope; piano solos, Mrs. Barnard and Mrs. Lindsey.

One hundred and seven guests called during the afternoon.

Mrs. Randals greeted the guests and introduced them in turn to her daughter. Others in the receiving line were Mrs. Sidney Randals, Mrs. Marvin Porr of Lubbock, Mrs. Dick Randals of Snyder, Mrs. Wright Boyd, Mrs. Matt McCull and Mrs. Ed Hatch.

LAMESA FORFEITS GAME TO TAHOKA

Executive committee of District 5-B acting on a protest offered by Supt. M. L. H. Baze of Brownfield, confirmed forfeiture of the Lamesa-Tahoka football game, played November 5, to the Tahoka team, at a meeting held Saturday at Lubbock.

The protest charged that Youlano Echols, a Lamesa reserve, had been inserted in the Tahoka contest by Coach T. F. McCollum, who did not know that the player was ineligible. McCollum had filed the player's name with others used in the game, but last week in a letter to the committee disclosed that he had found that young Echols had attended high school eight semesters prior to the present football season.

The action of the committee in forfeiting the game placed Lamesa and Brownfield in a tie for first place in the conference standing, each team having won six games while losing only one.

Use of ineligible men in non-conference games was discussed at the meeting but no action was taken.

OFFICE OF OLD AGE ASSISTANCE DISCONTINUED

According to information received by County Judge W. M. Yates, this week from George G. White, district supervisor of the Old Age Assistance Commission, the district office which has been located in Lamesa for the past several months has been discontinued, all pension business will in the future be transacted through the district office at Big Spring.

The following letter from Mr. White to the county judge is self explanatory:

"For the time being we will not have an investigator located in Dawson county, but we will try to work out some plan whereby we can give the people of your county service."

"I am sure that on account of our limited force we will not be able to give them the same service as we have in the past but please bear with us until such time as a reorganization can be effected. Please refer all inquiries concerning Old Age Assistance to the district office and I assure you we will be prompt in our correspondence with them. We will continue to hold our intake day in Lamesa, the second Wednesday of each month until further notice." Signed George G. White, district supervisor.

Miss Mabelle Norris, who is attending school at Tech, spent the week end at the home of her parents, Mr. and Mrs. C. B. Norris.

Mrs. Inez Bogard was carried to her home Tuesday from a local hospital where she had undergone an operation last week.

HURT'S HABERDASHERY

Dade Frost, Dawson Pioneer, Dies Early Monday Morning

Dade Frost, 85 years old and a pioneer of Dawson county, passed away at the home of his daughter, Mrs. R. W. Myers, early Monday morning, November 22.

Uncle Dade, as he was known to his many friends, was only seriously ill about one week before his death.

Mr. Frost was born in Waco, Texas, on April 20, 1852, and in the year of 1876 was married to Mrs. Josephine Barron. The couple moved to this county in 1907. His wife passed away in 1930, and since that time Mr. Frost has made his home with his daughter.

Funeral services were conducted at the Higginbotham Funeral Chapel on Monday afternoon at 3:30 with Rev. F. F. Cole officiating. Burial was made in the local cemetery.

Survivors are his daughter, Mrs. Myers, one brother, Nobe Frost of O'Donnell, two nephews, Clyde Frost and Louis Moore both of Lubbock.

Palbearers were: Horace Burkett, Luther Alexander, Bill Johnson, Wade Bartlett, Joe Green and Raymond McQuien.
