Maria Magdalena.

Eine Erzählung von U. G. D. n. r.

Es war an einem heißen Sommer-

tag, als es geschah. Ich möchte jammern, stü-

cken und brammen, wie ich wollte, es ließ

ich nicht daran hindern. Die Aere war heiß,

doch das nächste Dorf nicht ohne fernere

Sie hatten in Prospekt ein gutes Nach-

lager, gnädiger Herr, sagte der Kaiser

lebens, und die morgen ist der Kaiser so

weit hergefahren, daß wir damit bis zum

Mittagsessen in E. sein können.

Obwohl bei dem Unfälle ganz hell weg-

kommen, was ich doch so unbedeutend, die

Perspektive, die mich einige Stunden zu

langweilen oder in einem Bette ohne Her-

malte zu schlafen, nicht weniger als an-

nehmlich zu finden und machte mich sehr un-

ruhig auf dem Weg, nach dem überdies

ganz weit gelegenen Orte, diesen einzigen Ho-

tel aber mehr zu Hause als in einem Hotel,

als von Menschen eingeschickt wären. In-

dessen fand ich doch ein Zimmerchen neben

dem Lokal, in das man wie ein Bett

zu stellen versprach, so daß ich wenigstens

nicht in der Hitze schlafen müßte.

Nun handelte es sich darum, wie ich die

noch blühenden Stunden des langen Sommer-

lages verbringen sollte.

Ob es hier nicht in der Nähe ein Schloß,

ein Jagdhaus, einen Aussichtspunkt oder sonst

etwas Interessantes? fragte ich den Wirth.

Dieser dachte eine Weile nach und sagte

dann lächelnd: Nichts ist dort, das gnädige

Herr die Kirche und das Bild an, das ich

schon sah.

Ein schönes Bild, das ich schon

einmal gesehen, betrat ich von

dem Schloß aus, das hier neu erbaut

worden ist, in romantischer Isolir-

heit, mitten in einem wunderschönen Park,

weicher, an den Berggärten stoßend, un-

begrenzt zu sein schien. Ludwig war be-

reits seit mehreren Tagen, von der grös-

sten Familie sehr freundlich aufgenommen,

mit dem Portier der jüngsten Comtesse be-

schäftigt, als er eines Abends, nachdem er

schon längere Zeit im Zimmer zurückge-

blieben war, sich in sein Zimmer be-

gab, als er die Thür öffnete. Der volle

Wirth sagte: Ich habe Ihnen schon

einmal erzählt, wie ich es noch nicht

gesehen.

Der alte Kaiser schenkte mit meiner Sum-

me Verwunderung zuhören. Ja, ja,

plauderte er nach Art der Dreyer, vor diesem

Kunsthändler schon viele Drenn und Kunst-

kenner voll Entzücken stehen sehen. Wie

sind Sie auf den, der es gemacht hat, ich

habe ihn noch als kleinen Jungen gekannt,

er war schon immer etwas Eigenes an ihm.

Nur war er wie die anderen Drenn, immer

für sich oder mit dem Weiber Josef, der jetzt

bei den Lehrern ist; die waren zusammen die

besten Freunde, saßen oft den ganzen Son-

ntag bei einander. Der Ludwig zeichnete

und schmierte Papier und Wände voll und

der Josef schaute ihm zu; wie andern, ge-

schickten Drenn lachten sie oft aus. —

Später, als er auf die Malerakademie kam

und seinen Eltern die erste Arbeit zeigte,

da fingen wir freilich an zu ahnen, daß in

dem Ludwig etwas Besonderes steckete. Und

als er dann ein fertiger Künstler war und

uns versprach, für die Kirche ein Altarbild

zu malen, da fernte sich der ganze Ort da-

raus. Nur war es fatal, daß es keine Ma-

ria war, sondern eine Maria Magdalena;

wie das gekommen ist, davon weiß der

Schulmeister zu erzählen.

König Ihr mich zu ihm führen? fragte

ich eifrig. Mich drängte es, die Geschichte

des Bildes zu hören und zudem den Abend

mit dem Freunde des Künstlers zuzubringen.

Der König schloß die Kirche und führte

mich in die ganz neue gelegene ebenfalls

noch neue Schule. Ein dicker Mann mit

langem, grauem Bart und Haar kam mir

entgegen. Ich sah er selbst wie ein Künst-

ler aus. Ich schenke, als wäre er schon öfter

von Fremden ausgesucht und befragt wor-

den, denn er kam meiner Bitte sehr bereit-

willig entgegen. Ich einladend, in sein

kleines Gärtchen einzutreten und unter dem

einigen Baume auf einer Bank Platz zu

nehmen, begann er sogleich seine Erzäh-

lung.

Mein Freund, sagte er mit Stolz, war

auch als Künstler nicht dochmüßig gewor-

den, selbst als bereits seine beiden Eltern

im Grabe lagen und ihn Niemand mehr

mehr interessiren konnte, als der in so be-

scheidener Stellung lebende Jugendfreund.

Der 30 Jahre, als wir es endlich dazu ge-

langt hatten, ihn immer größer werden

zu sehen, da verbrach er, seinem Heimalorte

ein Altarbild als Andenken zu hinterlassen.

Es sollte eine Maria mit dem Kinde sein.

Wie das geschah, das Bild am Hochaltare,

entstehend, erzählte er mir.

Ja, das hat in aller Schnelligkeit ein

Pflichter gemacht, ohne Verachtungswort

des Malers. Es dient der Maria Magda-

lena als Hölle.

Und warum malte Ihr Freund gerade die-

se Heilige?

Das eben will ich zu erzählen. — Mit dem

Wort an sein Verprechen beschäftigt,

wurde er damals vor einem seiner Onkel

aus Paris eingeladen, auf dessen Schloß

im südlichen Frankreich einige Zeit zu

bringen und seine Tochter zu malen. Dies

Schloß lag weit entfernt von dem Dorfe

gleich, mitten in romantischer Isolir-

heit, mitten in einem wunderschönen Park,

weicher, an den Berggärten stoßend, un-

begrenzt zu sein schien. Ludwig war be-

Das Jahr 1888.

Ueber das auf der Insel Java stattgefundene Erdbeben, das furchtbare seit Peruvianum und Pompeji untergingen, schreibt die „Illinois Staatszeitung“: Dieser Insel ist es vorbehalten gewesen, mit ihrem Namen, dies, furchtbar furchtbare, Ereignis des Jahresverlaufs zu erleben. Einmal die Insel, wenn auch betrauert zu sein, denn sie umfloss die Ozean der ungeschickten Größe des Staates Illinois und es leben auf ihr neunzehn Millionen Menschen, ist die Insel Java eine weltliche Vulkaninsel, und enthielt bis zur Katastrophe acht und zwanzig in Thätigkeit befindliche Krater. Am Sonntag fand plötzlich ein heftiger Ausbruch des auf der Insel Krakatoa in der Sundabucht befindlichen gleichnamigen Vulkan, verbunden mit heftigen Erdbeben, Ausströmen der Gase, Aschenregen, Ausbruch des Meeres u. dgl., wodurch die Küstenländer im westlichen Theile der Insel, vornehmlich Anjer, Kiringin, Inalobang, Watowa und Bantam ganz oder zum großen Theile zerstört wurden. In der darauffolgenden Nacht erfolgte furchtbare Ausbrüche in der an der Südseite der Westküste entlang ziehenden 65 Meilen langen vulkanischen Hügelkette der Ranbang und an Stelle dieses Bergzugs bildete sich tiefe Erhebung, in welche das Meer mit Gestein hereinströmte. Nur hier und dort ragen aus dem Wasser einige Bergspitzen hervor. Die Vulkan der Insel begannen eine heftige Thätigkeit. Furchtbare Mengen von Schlamm und glühender Lava wurden ausgegossen. In mehreren Vulkanen wurden durch die darin ausgehenden Dampfströme die Krater zerissen und ihre Theile weit über die Umgegend verstreut. In der Nordseite der Westküste der Insel verschwand ein fünfzig Quadratmeilen haltendes Land. Dafür erhoben sich an anderen Stellen, namentlich in der Sundabucht eine Menge neuer Inseln. An Stelle des gleichfalls verunkelten Vulkan Krakatoa spritzte jetzt sechzehn Schläuche Feuer aus.

Die eintreffenden Nachrichten sind bei der großen Entfernung, und der Zerstückelung der Inseln noch sehr mangelhaften Verlässlichkeit auf Java wenig zusammenhängend und vielfach, soweit sie die Größe des Unglücks betreffen, übertrieben. Doch die ganze Westküste der Insel langgestreckten Insel in mehr oder weniger große Mittelinseln zerlegt wurde, und der westliche Theil derselben fast total vernichtet ist, so erscheint es nicht zu hoch gegriffen, wenn die Zahl der von der Erde verschlungenen, von der Springfluth ertränkten, durch einbürgende Häuser erschlagenen und endlich durch die giftigen Dämpfe erstickten Menschen auf 75,000 bis 100,000 angegeben wird. Unzählige Leichen und neue Schöpfungen den Verlust an Menschenleben auf nicht höher als 30,000, jedoch immer noch furchtbar genug. In Singapur allein fanden 10,000 Menschen den Tod.

Die hoch sich der materielle Schaden bedacht, zeigt sich für jetzt noch der Beschaffenheit. Die Insel ist sehr fruchtbar, wie schon die Kartoffeln zeigen, die sich neunjährigen Millionen Menschen auf verhältnismäßig kleinem Raume ernährt, und noch für mehrere hundert Millionen Tollen an Kaffee, Reis und Zucker exportiert. Besonders reichhaltig besteht in Bezug auf das Vieh, das verbrüht, da der ganze Ertragswuchs vertrieben ist.

Das amerikanische Flottenministerium hat die Beschaffung der zur Zeit in Singapur liegenden Kriegsschiffe Quantität und Entpreise angefordert, sich mit ihren Schiffen nach der Sundabucht zu begeben, um die dortige Seelage und namentlich die Rettungen der neulichen Erdbeben in ihrer Wachsamkeit zu unterstützen. Sie haben Auftrag, die Rauffahrtschiffe vor etwaigen in Folge der Erdbeben der Schiffahrt drohenden Gefahren zu warnen.

Einen schrecklichen Anblick botte der Coroner von Milwaukee, als er am 27. August in ein Hinterhaus in der Berlin Straße gerufen wurde. Da lag die Hauswirthin, Frau Sophia Högel, tot in einem erbärmlichen Woharräume, und man die zwei Kinder der verstorbenen Mutter, ein siebenjähriges und ein neunjähriges Mädchen, halb verhungert und jämmerlich verkleidet. Der Hausvater Högel aber lag wieder leblos in einer Ecke. Er wurde sofort in ein Leichenhaus transportirt, in dem letzten Jahre durch's Saufen immer mehr herunter. Seine Frau erkrankte nun die Familie durch Arbeit, darunter Ausrüstung von Kleidungsstücken. Da wurde sie von der Schwindsucht ergriffen, das Kind nahm bei der Arbeitlosigkeit der Mutter immer mehr ab. In die Welt der Tod die Mutter; der Mann aber sah, während er im Leichenhaus lag, in der Schwindsucht. Jetzt rief er auf dem Krankenbette. Der kleine Junge hat sich der Agent der Wohlthätigkeitsgesellschaft angenommen.

Seine nützliche Kostlos bei H. Dampfer.

Humoristisches.

Aus der ärztlichen Praxis.
Wie kommt es denn, daß der Dr. R. nur gefährliche Kranke hat? Ganz einfach. Weil alle Kranken, die er behandelt, gefälligst dran sind.

Wahrscheinlich haben Sie es nötig. Cardinal Manning erzählt folgende Geschichte, die ihm einmal passirte: Ich ging einst spät nach meiner Wohnung in Westminster und dachte über die schrecklichen Folgen der Trunksucht nach. Da begegnete mir ein Mann mit einer Pfeife im Munde. Ich sprach ihn freundlich an.
Sind Sie katholisch?
Gottlob, ja.
Woher sind Sie?
Aus Cork, Hochwürden.
Sind Sie ein Mitglied der Enthaltensgesellschaft? Total Abstinence Society.
Nein, Hochwürden.
Aber das ist nicht von Ihnen.
Sehen Sie, ich bin ein Mitglied davon.
Nun, wahrscheinlich werden Ihre Hochwürden es nötig haben.
Ich schäufte ihm die Hand und ging meiner Wege.

Ein endloser, fast bestiger Eisenbahnzug fährt in den Bahnhof von Rouen (Frankreich) ein. Ein Engländer fragt einen Bedienten:
Wo fahren alle diese Reisenden hin?
Nach Paris um die Heiligkeit zu sehen.
Ein anderer, ebenso langer und gefüllter Zug kommt im selben Augenblick aus entgegengelegter Richtung. Der Engländer fragt:
Woher kommt die Menschenmenge?
Aus Paris, um den Heiligkeit gegen die dem Wege zu geben.
Der Engländer blinzelte finstern gegen die gewählte Rede.

Bescheidene Frage.
Kerkermeister: Halt er's Maul, er ist ein unverschämter Kerl!
Gefangener: Warum wirft man mich denn nicht zur Thür hinaus?
Walter und Sohn.
Vater: Ich kann gar nicht begreifen, wo Du das viele Geld in so kurzer Zeit hingebracht hast.
Sohn: Gebracht habe ich Niemand einen Pfennig, das Geld ist immer geblieben worden.

Vorübung.
Aber Himmelsfahnen! Ich trommeln mich da um 1 Uhr Nacht aus dem besten Schlaf und gehören nicht einmal ins Haus!
Hier ist ja im 4. Stock eine Wohnung zu vergeben!
Die schaut man doch nicht um diese Zeit an? Die Leute wohnen ja noch drin.
Ich brauche auch die Wohnung nicht zu sehen, die hat schon meine Frau angesehen und will sie auch nehmen; aber ich komme immer erst um diese Zeit nach Hause und da möchte ich doch sehen, wie es im Innern mit dem Hinausgehenden der Stiegen beschaffen ist!

Ungemüthlich.
Etwas drei Stunden von der schönsten Meeresküste liegt ein Oberamtsstädtchen und eine gute halbe Stunde von diesem entfernt, bewirtschaftet seinen Hof ein sogenannter Einzelbauer. Dieser kommt eines Tages in der Frühe um 4 auf 3 Uhr in das sogenannte Oberamtsstädtchen, geht direkt auf die Stadtkasse zu und läßt anrufen:
Vorwiser: Wer ist da?
Bauer: Es bin's bloß ich!
Vorwiser: Was willst du?
Bauer: Was wollt Ihr Eindecker?
Vorwiser: Ja, wisset Sie, Herr Vorwiser, brauche ich ein eigentlich gar nicht; ich will nämlich nach Stuttgart und da geht mit die große Brettle da und da daß Sie bloß frage wollen, ob Sie's nicht erlaube, daß ich den bewert in der Kasse da hinsetz. — Wisset Sie, morgen früh, grad um die Zeit, komm ich wieder retour, dann hat'st' ihn wieder mitgenommen!

Biergespräch.
Berliner: Aber Heulstein, das Bier ist ja ganz trieflich, da drinn kann man ja keinen Hirsch mehr sehen.
Kellnerin: Wir haben auch keinen Hirsch eingetban.

THE LIVER AND ITS FUNCTIONS.
It has become a well established fact that the liver is the most important organ in the human body. It is the seat of the digestive process, and it is the source of the blood. It is the organ of the body which is most liable to disease, and it is the organ which is most difficult to cure. Prickly Ash Bitters is the only medicine which acts directly on the liver, and it is the only medicine which cures liver disease. It is the only medicine which cures all the diseases of the liver, and it is the only medicine which cures all the diseases of the blood. It is the only medicine which cures all the diseases of the stomach, and it is the only medicine which cures all the diseases of the bowels. It is the only medicine which cures all the diseases of the nerves, and it is the only medicine which cures all the diseases of the brain. It is the only medicine which cures all the diseases of the body, and it is the only medicine which cures all the diseases of the soul. It is the only medicine which cures all the diseases of the world, and it is the only medicine which cures all the diseases of the universe. It is the only medicine which cures all the diseases of the past, and it is the only medicine which cures all the diseases of the future. It is the only medicine which cures all the diseases of the present, and it is the only medicine which cures all the diseases of the eternity. It is the only medicine which cures all the diseases of the body, and it is the only medicine which cures all the diseases of the soul. It is the only medicine which cures all the diseases of the world, and it is the only medicine which cures all the diseases of the universe. It is the only medicine which cures all the diseases of the past, and it is the only medicine which cures all the diseases of the future. It is the only medicine which cures all the diseases of the present, and it is the only medicine which cures all the diseases of the eternity.
