## Threat Of Third Party Drive By Townsend Fades

**LEADER OF OLD AGE PENSION PLAN SAYS HIS ORGANIZATION WILL NOT BACK MOVEMENT TO PUT IN DELEGATION IN PARTY SESSIONS**

BY NATHAN ROBERTSON
Associated Press Staff Writer

WASHINGTON, Feb. 21—One threat of a third party movement faded today with the announcement of Dr. F. E. Townsend that his old age pension organization will not back such a proposal.

Townsend declared that neither will his group join movements in any state that would mean a conflict in presidential primaries of either party.

The co-founder of the $200-a-month pension plan, referred to a proposal to enter a delegation in the California primary nominally pledged to Rep. McGroarty (D-Calif) for president. Townsend declared "such a program could only bring defeat and discredit to the Townsend movement," though he said the movement's leaders had no desire to "antagonize" any such "favorite son" candidacy as McGroarty's.

**Doesn't Understand**

McGroarty, author of a measure to pay up to $200 a month pensions, declared in the capital that he did not believe Dr. Townsend "understands what we have in mind."

He declared "the plan is to send a delegation to the Democratic national convention pledged to an effort to secure adoption of a plank in the national platform endorsing the Townsend old age pension movement."

**He Isn't A Democrat**

"I know that the Townsend people in California would favor that movement whether Dr. Townsend does or not. He is not a Democrat himself and I don't see why he should interfere with it at all.

"Whether he does or not we're going ahead with it."

The question to be answered was:

Will the Townsendites in California, or elsewhere, go ahead with any primary plans in opposition to the express wishes of the man in the title role?

**"Favorite Son" Question Up**

The "favorite son" question also came into Republican discussion.

Senator Borah, first to enter a presidential primary, claimed to have eliminated the favorite son system of picking delegates to the national convention. Senator Gibson (R-Vt), however charged that party members in some sections were

NEW YORK, Feb. 21 (AP)—There are two current lines of belief concerning Senator William E. Borah's campaign for delegates to the Cleveland convention in June:

1. That he actually is striving for the Republican presidential nomination.

2. That he has no expectation of gaining the nomination, but seeks to dominate the convention in the futherance of his years-old fight against the "old-guard"—which he characterized recently as "that self-appointed and self-annointed" group "pulling the strings" in the back room.

Whichever is correct, it is certain that Borah not only desires to have a powerful voice in saying who will be the nominee, but wants also to have the important say in writing the platform.

**Fighting "Old Guard"**

To obtain the delegates necessary to do this, he is campaigning against the "old guard" policy of uninstructed delegations.

Late last month, he brought his fight into one of the citadels of the oldline leadership, New York. In a Brooklyn address, he issued this warning:

"Those leaders who think the American people are going to return to many of the old practices of other years and are leading the Republican party in that direction are leading it to defeat."

**Wants Uninstructed Delegation**

His campaign in New York is in the hands of W. Kingsland Macy, former state chairman and bitter

## MARDI GRAS TO OPEN ON COAST

GALVESTON, Feb. 21. (AP)—Galveston's 1936 Mardi Gras carnival season got under way today with the arrival of the U. S. destroyer Dale and issuance by Mayor Adrian P. Levy of a proclamation calling on the people to forget their cares and devote themselves to gaiety in anticipation of the arrival of King Frivolous XIX Monday morning.

Walter Woodul, lieutenant-governor; T. J. Holbrook, state senator, and Clarence Wharton, noted Texas historian, all of Houston, will participate in a program tomorrow morning dedicating historic markers and monuments. The ceremonies will be part of a fete.

Tomorrow afternoon more than 6,000 children will participate in a parade.

**NEW ORLEANS MECCA**

NEW ORLEANS, Feb. 21. (AP)—Thousands of visitors from throughout the nation converged on New Orleans today for the carnival gaiety preceding the spectacular Mardi Gras celebration next Tuesday.

Gay with flags and bunting by day and glittering with bright lights by night, New Orleans began to work itself into the feverish spirit of fun which will send the whole city into the streets next Tuesday to costume, mask, dance, sing and pay homage to make-believe royalty heading fabulous processions of floats.

## *Weather Slows Up U. S. Retail Trade*

NEW YORK, Feb. 21. (AP)—Severe weather conditions continued to hamper the flow of business and trade last week, Dun & Bradstreet reported today in their weekly summary.

Retail operations were slowed down by snows and sub-zero temperatures in many sections. Gains were confined to urban centers and for all areas the average increase in retail volume over the comparable period last year was held down to 1 to 5 per cent.

## CITY PROFITS INCREASED

**CONTINUED GAINS ARE SHOWN IN REVENUES OF CITY PLANTS**

Continued gains in net revenues from the operation of the municipal water works and electric plants and miscellaneous sources were recorded during January to bring those revenues to $28,295.25 over the amount proposed in the budget for the 10 months period ended Jan. 31, City Auditor D. D. Martin reported in a statement just completed.

Other receipts totalling $1,336.19 brought total funds available to $29,609.32 over the budget figures.

**Expenditures Increase**

Expenditures, however, featured by increases in capital outlay, for paving operations particularly, exceeded for the 10-months period budget requirements by $25,000.56, the report showed, an increase of expenditures over revenues of $5,-421.24.

Total funds available for the 10 months period were $280,300.99, of which $276,663.80 have been expended, leaving a balance of $3,637.19 in the general fund.

## *Naturalized Citizen Of U. S. Sentenced*

MUNICH, Germany, Feb. 21. (AP)—Charles Nisselbeck, naturalized United States citizen tried for "attempted high treason," was sentenced today to two years imprisonment, of which he has served nine months while under investigation.

The prosecuting attorney had asked that Nisselbeck be sentenced to six years imprisonment, charging that the defendant "was prepared to enter into communication with Otto Strasser," exiled leader of the anti-Hitler "Black Front."

**SWANSON IMPROVING**

WASHINGTON, Feb. 21 (AP)—The most optimistic report in more than a week on the condition of Secretary Swanson, ill of pleurisy and a fractured rib, came today from naval hospital. Captain George C. Thomas, commandant, said the navy chief has been improving "continuously" for several days.

## FEELING RUNS HIGH AFTER ATTACK

**WOMAN, DAUGHTER BRUTALLY BEATEN IN FARM HOME**

(By The Associated Press)

MANGUM, Okla., Feb. 21—Five negroes were held for questioning today while posses and bloodhounds sought a sixth suspect in the brutal beating of Mrs. Alice Wilson, 31, and her six-year-old daughter at their farm home near here last night.

Sheriff E. N. Clabaugh and his posses returned to the hunt this morning after flushing the sixth suspect at a negro farm home near Blair last night. The suspect fled, clad only in undergarments.

**CHILD DIES**

ALTUS, Okla., Feb. 21 (AP)—The six-year-old daughter of a prosperous farm couple died today, an hour after a negro sought for a vicious attack on the girl and her mother had been shot and fatally wounded by a posse of 100 men.

**Believed 3 Implicated**

One of the five negroes held was a woman. Clabaugh said he believed three negroes were implicated in the attacks.

Their heads battered, Mrs. Wilson and her daughter, Alice, lay near death at a Mangum hospital. Clabaugh said Mrs. Wilson regained consciousness for a time last night, but there was no hope for the recovery of either one.

**Feeling High**

Feeling ran so high in the Blair and Mangum communities that only

## *Gain In January Exports Revealed*

WASHINGTON, Feb. 21 (AP) — A thirteen per cent gain in the value of United States exports in January 1936 over January 1935 was reported today by the commerce department.

The exports, however, declined 11 per cent from December, 1935, while imports were fractionally above December and 12 per cent higher than January, 1935. Both imports and exports were about half the 1923-25 average.

The surplus of exports in January this year was $11,521,000 against $9,391,000 in January, 1935.

## PROTEST MADE ON MILLER

**UNIV. OF TEXAS GROUP ASKS FOR REMOVAL OF PARTY HEAD**

(By The Associated Press)

AUSTIN, Feb. 21 — Progressive Democrats of Texas, an organization of younger members of the party, today protested appointment of Roy Miller as head of the national Democratic campaign in Texas.

Herman Wright, University of Texas student and state secretary of the organization, said the executive committee adopted a resolution petitioning the Democratic national committee to replace Miller "with a loyal Democrat . . . whose activities and affiliations will not embarrass liberal Democracy."

**Constitutes Embarrassment**

The resolution stated the organization was "militantly supporting President Roosevelt and standing for liberal and progressive principles". Miller's presence, it stated, in the organization constitutes a serious embarrassment to both the national and state administrations."

The organization protested Miller's appointment in view of his

## POPE PIUS IS SAID TO BE IN MOVE

**CZECHOSLOVAKIAN IS REPORTED TO HAVE IMPOSED TERMS**

(By The Associated Press)

PARIS, Feb. 21 — The newspaper L'Oeuvre said today that Pope Pius has requested Eduard Benes, president of Czechoslovakia, to act as peacemaker between Premier Mussolini and the League of Nations' countries which have imposed sanctions against Italy.

The newspaper said that Benes had imposed the following terms:

1. Italy must reveal the minimum terms on which it will accept peace;

2. If these terms are achieved Italy must promise definitely to accept a settlement of the conflict.

**ANOTHER ITALIAN ADVANCE REPORTED**

(By The Associated Press)

Advance columns of the Italian army in northern Ethiopia reported to headquarters today that they had captured Aderat, 20 miles south of Makale.

At the same time, Ras Mulugheta, commander of the Ethiopian forces in the area, reported to Addis Ababa that he had made a "strategic retreat" losing 147 men killed and 268 wounded.

Italian bombing planes were reported to be active throughout the area.

## SPAIN FIGHTS COMMUNISM

**MARTIAL LAW IS PUT INTO EFFECT AS RED FLAGS GO UP**

BY ALEXANDER H. UHL
(Copyright, 1936, by Associated Press)

MADRID, Feb. 21—Martial law spread through Spain today against revived radical rioting in which at least eight persons were killed, churches and rightist centers raided and the red flag of communism raised at isolated points.

The new left-republican government of Premier Manuel Azana, which came into power after the leftist victory in Sunday's parliamentary elections, took immediate measures to attempt to halt the celebration-disorders and demonstrations.

**Guards Dispatched**

One hundred guards, armed with machine guns, were dispatched to the town of Ecija, in the far southwestern province of Huelva, where communists proclaimed a Soviet state and raised their red flag.

Police clashed with another group

## *Five Are Killed In Japanese Tremblor*

OSAKA, Japan, Feb. 21 (AP)—An earthquake extending over ten prefectures killed five persons and injured 16 seriously today in this seaport on the southern section of the main island of Japan, a police survey showed.

Twelve buildings were destroyed, and 17 damaged badly.

## 'HE BROKE... CRIED LIKE A BABY'

"Bruno broke down and cried like a baby," Samuel Leibowitz (below right), noted criminal lawyer, said after a death-cell interview with Bruno Hauptmann relative to joining the Lindbergh slayer's defense staff. Leibowitz is pictured coming down the steps of New Jersey penitentiary at Trenton accompanied by Robert Hicks, private investigator.

## Governor Pushes Probe Into Crime

## *This May Stop A Good Many Women From Car Driving*

AUSTIN, Feb. 21 (AP)—There ought not to be any difficulty in determining the age of your best girl after April 1, if she drives an automobile.

The information, over her sworn signature, will be on file at the automobile drivers license bureau of the state department of public safety and at county courthouses.

Homer Garrison, assistant director of the department, says the applications for licenses will be public records subject to inspection. Deadline for obtaining licenses is April 1.

To obtain a poll tax receipt, a woman is supposed to give her age, but most tax collectors permit her to say she is "over 21" if she wishes.

The drivers license act requires applicants to give the age and date of birth, and the public safety department doesn't want generalities.

## *"Big Train, Jr.," To Try With Mack*

WASHINGTON, Feb. 21 (AP)—Walter Johnson, jr., 20-year-old son of the famous "Big Train" of baseball fame, said today he was to be given a trial this spring by the Philadelphia Athletics.

Johnson, a lanky pitcher, said Connie Mack had written him to be ready to start to the Fort Myers, Fla., training camp in a few days.

**OFFERED DELICACY**

CORSICANA, Feb. 21. (AP)—Local housewives will be offered crow as a delicacy for their Sunday dinners for the first time this afternoon and Saturday by the Moss House which is listing "dressed crow—fifteen cents" in their regular advertisement appearing in the Corsicana Daily Sun today.

**DEVELOPMENTS FAIL TO INFLUENCE VIEWS OF JERSEY GOVERNOR**

BY JOHN FERRIS
Associate Press Staff Writer

TRENTON, N. J., Feb. 21 (AP) — Gov. Harold G. Hoffman, "more convinced than ever" by Bruno Richard Hauptmann's silence that the Lindbergh kidnap-slaying is still unsolved, pressed his investigation of the crime today.

The withdrawal of Samuel S. Leibowitz, New York criminal lawyer, from participation in Hauptmann's defense activities, and statements indicating Leibowitz believes Hauptmann is guilty, have not influenced the governor's views of the case, he said last night.

**Had Hoped For Evidence**

"I had hoped," he said, "that Mr. Leibowitz in almost nine hours of questioning might have been able to get something from Hauptmann if he had anything to tell."

The governor, though, said he has made no plans for another reprieve for Hauptmann. Unless there is a reprieve, Hauptmann will go to the electric chair the week of March 30.

**To Give Report**

Either today or tomorrow Colonel H. Norman Schwarzkopf, superintendent of the New Jersey state police, will give him the third weekly report on the progress of the reopened state police investigation.

Col. Mark O. Kimberling, principal keeper at state prison, said the "loose talk" of an underling had given rise to reports that notes written by Hauptmann in the death house showed a similarity in the handwriting to the ransom notes. Kimberling said the underling had been reprimanded. No study was being made to compare the notes with

## SATURDAY TO BE HOLIDAY IN CITY

Lubbock's three national banks and the postoffice will be closed Saturday in observance of the 204th anniversary of George Washington's birthday.

All windows in the postoffice will be closed, said M. M. Brown, assistant postmaster. Neither rural nor urban deliveries will be made, although a collection of mail in downtown street boxes is planned. Incoming mail will be placed in postoffice boxes as usual.

**MARKETS TO CLOSE**

NEW YORK, Feb. 21 (AP)—All domestic financial markets in the United States will be closed tomorrow, Feb. 22, in observance of Washington's birthday. All livestock markets will function as usual.

## PROTECTION OF CONSUMER IS INCLUDED

**STRONG AMENDMENT IS PLACED INTO NEW FARM MEASURE**

BY FRANK B. HARPER
Associated Press Staff Writer

WASHINGTON, Feb. 21 —The house today wrote a strong consumer-protection amendment into the new farm bill and pushed the measure ahead toward passage tonight.

The amendment was proposed by Rep. McCormack (D-Mass). It would direct the secretary of agriculture to work toward a pre-war "parity" income for the farmer without discouraging production to a point below the 1920-29 average domestic consumption. Accepted by Chairman Jones (D-Tex) of the agriculture committee, the consumer proviso was along the lines of the Wagner amendment defeated by a wide margin in the senate.

**To Establish "Parity"**

After McCormack had explained the interests of his industrial area in protection of the consumer, Jones told the house the amendment was acceptable since it included the 1909-14 "parity" objective for farm income. This would be attained by seeking to reestablish the ratio of that period between the net income of the farmer and non-farmer.

The amendment was adopted on a voice vote.

Since leaders plan to pass the measure as an amendment to a very similar bill recently approved by the senate, further action by the latter chamber will be necessary before the legislation goes to the White House.

**Limit Put On Spending**

Yesterday the house, following the senate's example, wrote into the bill a $500,000,000 limit on the money which can be spent in any one year.

(The bill, a substitute for the in-

## GAINES SHOW IS OPENED

**LIVESTOCK, POULTRY IS BEING SHOWN AT SEAGRAVES**

(By Staff Correspondent)

SEAGRAVES, Feb. 21—Good attendance and excellent exhibits of livestock and poultry feature the opening of the 11th annual Tri-County Poultry show here this morning.

Besides calves, hogs and sheep are being shown by vocational agriculture and 4-H club boys from over the counties.

**King Is Judging**

Charles A. King, jr., Lubbock, assistant county agent, is to begin judging the poultry this afternoon. Lee R. Pool, Seminole, Gaines county agent and general manager of the show, said.

R. H. Wells, vocational agriculture teacher here, with his boys, are assisting in the show. Also Dewey Davis, Seminole teacher, will work with his boys in handling the show.

Much interest has been shown by ranchers and business men of Seminole and Seagraves in the display. Liberal prizes have been raised for prize winners. Delegations from all sections of the county are expected for the two-day exposition.

## ELEMENTS APPEAR TO BE CONSPIRING AGAINST WALTER JOHNSON IN EFFORT TO DUPLICATE FEAT OF WASHINGTON

(By The Associated Press)

WASHINGTON, Feb. 21 — The elements appeared today to be conspiring to thwart Walter Johnson's attempt to throw a silver dollar across the Rappahannock river at Fredericksburg, Va., tomorrow in emulation of George Washington's legendary feat.

A broad smile brightened Rep. Sol Bloom's face as he heard that a thaw is imminent up the river and that the stream may be much broader tomorrow than the 372 feet it measured today.

**Shower Denunciations**

Strict believers in all George Washington yarns have showered denunciations on the New York representative because he said the father of his country never tossed the dollar. He says the river measured 1300 or 1400 feet across in those days.

Even if the flood does not occur, Johnson, former speed-ball king of baseball, is doubtful whether he can make the throw.

Snow and ice are piled high along the banks and the footing is tough. Two prominent citizens already have fallen down and bruised themselves trying to throw iron washers, the size of a dollar, across the stream.

However, the Fredericksburg Chamber of Commerce, sponsor of the experiment, is trying to overcome that hazard.

"We are building a sort of platform for Johnson," said Ben P. Pitts, president of the chamber.

**"Illegal" Shouts Bloom**

"Illegal!" shouted Bloom. "First they fail to observe the original distance, now they're helping Johnson with a wooden platform."

Bloom aimed a blow at another Washington "myth."

"They're not even celebrating Washington's birthday on the correct day," he snorted. "He was not born on February 22. He was born on February 11."

Bloom held aloft a pile of dusty history books.

"Look," he said, "here's proof."

Reporters gathered the general

## PLUCKED EYEBROWS AND PERMANENT WAVES FOR MEN EDICT OF STYLISTS

(By The Associated Press)

SEATTLE, Feb. 21—Plucked eyebrows and permanent waves for men this spring were decreed as stylish today by the National Beauty congress.

With this edict 3,000 beauticians and hairdressers hurriedly adjourned and scattered to their homes.

The men like it, said Ted Carrol, style consultant.

"They demand style," he said, "so we give it to 'em. They want permanent waves to keep their hair from falling into their eyes.

The biggest show of the four-day congress was a male model having his eyebrows plucked. Crowds stood around and gaped.

And the latest thing for beautifying men is a greaseless make-up that will cover a heavy black beard. It is a creation of Harry Seligman of Hollywood.

## WIND BLOWS SNOW SHOVELER'S CAP OFF AND SHE LOSES RAILROAD JOB

(By The Associated Press)

BOSTON, Feb. 21—A gust of wind blew off a Boston and Maine railroad snow shoveler's cap today and disclosed the worker was a woman.

Her long hair, released when the cap blew off, gave away her disguise.

Dressed as a man, the unidentified woman had worked with a crew of several shovelers for three days, the railroad announced, and might still have been employed at 40 cents an hour if her sex had not been revealed.

Efforts to learn her identity by checking the payroll were futile, a railroad official said.

The foreman of the gang in which the woman worked discharged her, officials said, as soon as her sex was revealed. It is against the railroad's policy to employ women for such work.

## Dupre P-TA Meeting Held Thursday

Dupre Parent-Teacher association met Thursday afternoon at the Asbury Methodist church with Mrs. C. C. Schmidt, vice-president, presiding. Mrs. H. F. Godeke gave a Founders Day talk which was followed by a candlelight service honoring founders of the national and state P.-T.A. organizations and past presidents of the local unit.

Room programs were given by pupils of Miss Dorothy Rushing and Mrs. Vada Spence.

Miss Rushing's and Mrs. Grady Knight's room won attendance prizes. About 50 patrons were present.

## Luncheon Is Given For Miss Barstow

Miss Helen Barstow, bride-elect of Oscar Slaton, was honored Thursday afternoon when Mrs. Arno Dalby and her mother, Mrs. Giles Connell of Post, entertained with a luncheon in the private dining room at Hotel Lubbock.

The table, arranged in U-shape, had a large centerpiece of rosebuds, sweetpeas, baby breath and maiden hair. Plate favors were corsages of similar flowers.

The guest list included Mrs. J. L. Barstow, mother of the honoree, and Mesdames Sam West, W. S. Thrash, Olan Key, Kirk Dean, Tom Atkinson, R. F. Hinchey, Milton West, Carl Slaton, Anderson V. Weaver, W. H. Evans, Robert Crawford, John A. Keathley, Charles Bacon, Alden Coffey, Lawrence Bacon, Ross McWhorter, Owen McWhorter, Ralph Trolinger, J. H. Stiles, W. D. Watkins, D. K. Numerous parties are being planned before the wedding, which is scheduled for March 7 at St. Paul's Episcopal church. Mesdames Owen McWhorter and Lawrence Bacon are to entertain with a luncheon Saturday.

## Amarillo Students Are Guests At Tea

Miss Flora McGee entertained with a Colonial tea at Colonial Kitchen, 2216 Broadway, Thursday afternoon, having as her guests members of the Amarillo Tech club, of which she is sponsor.

The entertaining rooms were decorated in an old-fashioned motif, with candles, candelabra and silver service carrying out the details.

Misses Lola Thompson, Josephine Welmaker and Catherine Pearce, in costume, took turns at greeting the guests and having them register. Mrs. Isabel Garrison and Miss McGee, also costumed, were in the house party.

**At Tea Table**

Mesdames Erle Thompson, A. H. Leidigh, Bradford Knapp and Paul W. Horn alternated in presiding at the refreshment table.

Other guests were Misses Dorothy Coard, Adeline Walker, Dorothy Walker, Mary Etta Bean, Dorothy Neuhardt, Cecile Parsons, Frances B. Finch, Elizabeth Miller, Juanita and Phyllis Pool, Messrs. Clifton Oliver, Duane Puqua and Ed D. Parsons.

This club is one of the oldest on the campus. A picnic was given in 1925 at Amarillo before the college was opened and since then various entertainments have been enjoyed by the students and their sponsors. The latter are Mesdames Thompson, W. H. Meador, L. N. Lipscomb, W. M. Pearce and T. H. Bean.

## Calvary Society Has Thursday Program

The club will meet at 2 p. m. March 5 with Mrs. T. S. Cranford, 2118 Twentieth street.

## Woodrow Club Plans Sale At School

WOODROW, Feb. 21 (Special)—Miss Gladys Sanders, assistant county home demonstration agent, directed a program at a meeting of the local girls 4-H club Wednesday at the school building.

The club decided to sponsor a sale of peanuts, popcorn and candy at a program tonight at the school building.

The president Naomi Johnson appointed Lola Gilmore, Ona Lee Glenn and Burna Philpott as a finance committee.

## Luncheon Is Served By Foods Class

Under the leadership of Ruth Thomas, a second year foods class at Lubbock Senior High school served a luncheon Thursday in the school home economics department.

Guests were Fern Audrey Wood, Flora Kennedy, Ruth Hocker, Charlene Danford and Mesdames W. C. Estes and E. T. Wood.

## Colonial Tea Held By Dramatic Group

Neighborhood Players entertained with a Colonial tea at their studio, 1906 Thirteenth street, Thursday afternoon. Seventy-five guests attended.

All members of the club, dressed in Colonial costumes, were in the receiving line. Mrs. Sidney Claiborne, dressed as Martha Washington, and Mrs. O. J. Felty poured tea. The following program was interspersed with music by a three-piece orchestra composed of Mesdames Harry LeMaire, Jimmie Thornhill and Raymond George:

Vocal solo, Mrs. O. B. Trinkle; sketch, "The Birth of a Nation", Mrs. Thornhill as George Washington, Mrs. Alton Abbott as Betsy Ross' brother, Mrs. George as Betsy; minuet in costume, danced by Barbara and Joan Hale, Mary Jane Wright and Mariana Nail from the Sophie Sproule School of Dance with Mrs. Crawford Barrier playing piano accompaniment, and vocal solo, Mrs. Marvin McLarty.

Other members in the house party were Mesdames Bruce Craig, K. Moore, H. E. Ellison, Fred Breedlove and M. O. Hiatt.

## Council Of Students Attends Meeting

A one day Centennial church revival on March 12 was discussed at a meeting of the Tech Students Religious council at Tree Top Inn Thursday night. Supper was served.

Miss Virginia McLean, president, was in the chair.

The Rev. W. R. Vivrett, pastor of the First Christian church, continued a discussion on conflicts between social activities and church school attendance.

Eighteen were present.

## Church Class Plans Patriotic Party

# CENTENNIAL CALENDAR NOW HAS MORE THAN HUNDRED EVENTS

## CELEBRATIONS ADDED TO PROGRAM; TO BE STATE-WIDE

(By The Associated Press)

DALLAS, Feb. 21—More than 100 celebrations were on the calendar today for Texas' commemoration of its 100th birthday.

Five already have been held, the first last fall at Gonzales, where the first shot of the Texas revolution of 1835-36 was fired. El Paso had its sun festival on New Year's day, Livingston has celebrated and San Antonio and Dallas have had minor observances.

**To Be On Every Day**

Ninety-eight remain, ranging from commemorations of historical events through water and regular roedos to the central exposition, opening here on June 6. Other celebrations expected to be added make it probable that there will be a Centennial program in progress somewhere in Texas practically every day for months.

The three most important historical events will be observed in March and April, Texas Independence day, the Fall of the Alamo and the Battle of San Jacinto.

The 98 events remaining on the calendar:

Feb. 20-25, San Antonio, Bexar county "Pioneer Days of '36."

**Mardi Gras At Galveston**

Feb. 21-25, Galveston, Mardi Gras.

## New Kind Of Masked Military Operation

The minute detail with which the Soviet and its neighbors prepare for every war emergency is revealed in this scene at the Botkin hospital in Moscow, where the doctors, attendants—and even the patient—practice conducting operations under gas raid conditions. A masked cameraman stands by to record the event, believed to be the first time an operation was performed with everyone masked.

## *Gasser Shows Oil In Concho County*

SAN ANGELO, Feb. 21 (AP)—A gasser for four days, Maverick Oil co's No. 1 Jim Rice, southeastern Concho county wild cat, Wednesday filled 120 feet with oil in one hour and twenty minutes after deepening seven feet to 1,842, probably in the Strawn section of the Pennsylvanian. It shut down there for 5 3-16-inch casing and will not be ready to test before Friday noon.

The oil is dark green and apparently of 40 gravity or higher. An estimated three to five million cubic feet of gas from 1,827 1-2 to 1,835 feet had decreased to approximately one-half million feet.

No 1 Rice is four miles northwest of Melvin, in the southwest corner of the northwest quarter of section 18, I. N. R. Ry. survey, abstract 16-116.

An increase in December of 202,211 in the number of German radio owners brought the total to 7,192,952 for 1935.

# ALLRED IS NOT TO SEEK LEADERSHIP

AUSTIN, Feb. 21 (AP)—Governor Allred has declared he would attend the Democratic convention at Philadelphia if elected a delegate, but was not concerned over honors such as the leadership of the delegation.

Reports from Washington following a conference between Myron Blalock of Marshall, chairman of the state executive committee, and national party leaders, were that U. S. Senator Tom Connally might be chairman of the delegation and Governor Allred nominate Vice President Garner.

"I have not sought any honor," Allred said. "These little honors are not anything to fight about. Whatever is good for the party is good enough for me."

## 'Almost Miraculous The Way Gly-Cas Restores Health'

**Declares San Angelo Lady; Mrs. Davidson's Kidneys Regulated Rheumatism Driven From Her Body After All Else Tried Had Failed In Her Case**

Gly-Cas is elping people all over Lubbock and vicinity who never before had been given any actual relief by any other medicine or treatment. For example, read what Mrs.

MRS. R. C. DAVIDSON

R. C. Davidson, 67 Washington Drive, San Angelo, Tex., said recently in lauding the amazing action of this new scientific discovery:

"Just a single box of Gly-Cas was miraculous in the manner in which it went to the very source of my health troubles," said Mrs. Davidson, "I had been completely rundown for years. My kidneys were so disordered, back was weak and I could hardly do anything. Too frequent action caused me to rise many times at night, my sleep and rest was broken continually and it seemed my entire system was wearing out generally. The poisons in my system had the best of me before I realized it. Rheumatism settled in my limbs and arms, my flesh swelled and burned and I suffered intense pain continually until at last I was persuaded to try Gly-Cas—it proved to be the one REAL medicine of them all."

"Gly-Cas actually gave me the health I feel nature intended," continued, Mrs. Davidson, "In less than one box of Gly-Cas my kidneys were regulated, the poisons were fast eliminated from my system and that dreadful swelling and pain of rheumatism has vanished. Never have I seen a medicine to do its work so well. My back is now strong, I sleep fine the entire night through, and those years of miserable suffering are now at an end. It is wonderful to be able to enjoy life so well again—and I cannot praise Gly-Cas enough for it."

Gly-Cas is sold by Mark Halsey Drug Co., 1217 Broadway and by all leading drug stores in surrounding towns.

Gly-Cas $1.00 per box—6 boxes $5.00. Add 2c postage for each box ordered. Send money orders made payable Mark Halsey Drug Store. Don't send cash. Checks not accepted—No C. O. D. Mail Orders.—Adv.

## *"Much Relieved," Says Lady After Taking CARDUI*

Although they may be very active and apparently in good health, many women, at certain times, will do well to take Cardui. It may relieve some of the nagging symptoms that are so annoying every month.

Mrs. P. T. Foster, of Greensburg, Ky., writes that she has "derived great benefit" from Cardui. "Before taking Cardui, I was weak and extremely nervous, and suffered from sleeplessness. This made me tired and worn in daytime. My back ached continually. Being an active woman, I did not want to continue in this condition. Having heard a great deal about Cardui, I found, after just a few bottles, I was much relieved. I continued taking Cardui and was so much helped."

Of course, if Cardui does not benefit YOU, consult a physician.—Adv.

# PAYMENTS ARE TO BE MADE

## FARMERS IN STATE TO GET $17,500,000 AS RESULT OF ACTION

COLLEGE STATION, Feb. 21 (Special)—With the passing of a recent appropriation bill signed by the president, Texas farmers are due to receive approximately $17,500,000 to fulfill all old government obligations, according to E. N. Holmgreen, administrative assistant of the AAA at College Station.

"Some payments should begin to arrive within the next 30 days," Holmgreen announced.

**Obligations Listed**

"Obligations of the U. S. government to Texas farmers consist of second payments on the corn-hog contracts, the completion of rental and parity checks on cotton and the cotton adjustment payments."

Holmgreen went on to say that nearly all counties in the state have some second cotton rental and parity payments due and also that all counties have some cotton adjustment payments coming.

**Forces At Work**

With the opening of action again and an appropriation of $296,185,000, skeleton forces were put to work Feb. 13 and 14 at College Station to push with all speed the paying up of government obligations to the farmers.

Information rushed to the field and county agents by E. N. Holmgreen consisted of the statements: "All contracts and obligations made and complied with prior to Jan. 6 will be paid.

"We are to proceed in liquidating all 1934 and 1935 cotton, corn-hog, and other contracts which were suspended or returned for correction."

Chester C. Davis, administrator of the Agricultural Adjustment act in Washington, D. C., recently released this statement: "We will try to prevent delay in fulfilling obligations and in reimbursing those producers who carried out their agreements with the AAA in good faith."

### *Cricket's Chirp Is Temperature Gauge*

MANHATTAN, Kas Feb. 21 (AP)—Don't be annoyed the next time you hear a cricket chirp, Prof. E. G. Kelly advises—

The little fellow may be just broadcasting the temperature.

Kelly, entomology specialist at Kansas State college here, noticed while working nights in a laboratory at the University of Illinois, the regularity of cricket chirps, and that they diminished as the air grew colder.

The mine is the largest of the strip type in the world, run by the Binkley Coal company, the world's largest strip mine corporation, and the two trucks shown are part of the specially built fleet of the world's largest fuel trucks.

# PADRE ISLAND TO BE SOLD AS PARK

CORPUS CHRISTI, Feb. 21 (AP)—Approval of the owner and the state parks board of a temporary contract for sale of Padre island to Texas for a park was announced today.

William Neyland, in charge of local details for the proposed state park on the island, announced the agreement. Jones brothers of Kansas City own the island.

A joint meeting of Nueces county and Rio Grande valley representatives was planned to map procedure for obtaining a $400,000 loan and grant from the government for the project.

The loan would be made to the parks board and the state and would repay the investment through park fees. The project would involve an expenditure of approximately $2,500,000, Neyland said.

Plans call for a causeway at each end of the island, linking the beach with Corpus Christi and Brownsville. Present connections are made by ferry.

Neyland said Brownsville would cooperate with Corpus Christi in promoting the project.

# UVALDE IS AFTER FEDERAL PRISON

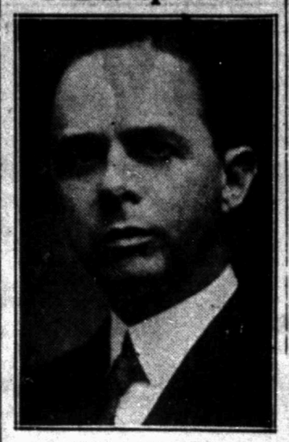

SAN ANTONIO, Feb. 21 (AP)—Uvalde, home of Vice President John N. Garner and Collector of Customs Harry P. Hornby, has proffered a free tract of land in an effort to obtain one of five proposed federal prisons, each to provide at least $125,000 in payrolls and $425,000 in construction for its community.

W. T. Hammack, assistant director of the bureau of prisons, Washington, was met at the Southern Pacific station by Datus Roper, president of the chamber of commerce; R. W. Archer, manager of the chamber; Guy McNamara, United States marshal, and J. S. McNeel, Deputy United States marshal.

Hammack said he was not at liberty to discuss possibilities of locating the building here or anywhere else. He is a prison inspector making a regular tour of federal institutions, and two days ago received a wire from Sanford Bates, director of the bureau in Washington, to inspect prospective sites for the prisons.

The new prison building program will be sought by Attorney General Homer S. Cummings in congress.

## Texas Speaker

HILL McALISTER

Huntsville's Centennial observance on March 2nd of Texas Independence Day and Sam Houston's birthday will bring to Texas the Governor of Tennessee who, together with Governor Allred of Texas and Governor LaFollette of Wisconsin, will participate in patriotic ceremonies at the old home of the "Savior of Texas." The event is significant in that Sam Houston himself was Governor of Tennessee more than one hundred years ago before resigning to lead the struggle for Texas freedom. Governor McAlister returns a visit made to Tennessee last month by Governor Allred.

## *Kelly Recommended For Causeway Post*

AUSTIN, Feb. 21 (AP)—The State Highway commission today recommended the appointment of T. J. Kelly, chief engineer of designs, to supervise construction of the new $2,000,000 causeway across Galveston bay.

The nomination was sent to the state director of Public Works with a request it be approved.

# ULTRA-VIOLET LIGHT IS PUT TO NEW USE—TONING UP VOICES OF ACTORS

BY HOWARD W. BLAKESLEE
Associated Press Science Editor

NEW YORK, Feb. 21 (AP)—A new use of ultra-violet light in sound recording to take the squaks out of movie stars' voices has been announced to the Society of Motion Picture Engineers in annual convention here.

This new method of photography, which is expected to permit some stars now handicapped to enter talkies, is done with rays just on the verge of visibility—or technically the waves of 3400 to 3950 angstrom units length. The report was made by Glenn L. Dimmick, R. C. A. engineer.

**Does Not Change Detail**

The discovery does not change any detail of present photography, of photographic film now used or of standard apparatus, except to insert a small light filter in front of a tiny slit of light falling on the edge of the recording film.

It is this edge which carries the "sound track," a jagged line which looks like a silhouette of a mountain range with very sharp peaks.

**Due To Misprints**

A close look at an ordinary sound track shows that the edges of the peaks are fuzzy, with little black dots, like balloons sailing near the peaks. The fuzz and the balloons are all false, due to misprinting by the beam of white light.

These misprints cause the squeaks and hisses in actor's voices. The misprints completely disappear when the sound track is printed by the pure blue ultra-violet rays.

"The lisping and hissing effects," Dimmick said, "which have marred the screen voices of many talking picture stars have been completely eliminated, and the quality of musical reproduction immensely improved.

## *Disabled Liner Is Towed Toward Port*

NEW YORK, Feb. 21 (AP)—A tow line was put aboard the disabled Furness liner Nova Scotia Thursday by another ship of the same line, the Eastern Prince, and a 300-mile haul to Bermuda was started, the Furness office here announced.

The 212 passengers and crew of the New York-bound Nova Scotia were in good spirits and "apparently in no danger," it was said. The Eastern Prince during the night sped to the side of the Nova Scotia which had lost her propellor.

**SURVIVE AND INCREASE**

LONDON (AP)—That the population of Great Britain is increasing and both men and women are living longer, was revealed in the registrar-general's review for 1933 which has just been issued after experts had wrestled with statistics for two years. The estimated population in the middle of 1933 was 40,350,000, of whom 19,357,000 were males and 20,993,000 females. The excess of births over deaths was 264,000.

# TO MILLIONS WHO SHOULD USE BRAN

Tests Show ALL-BRAN Corrects Constipation* Gently and Naturally

Since its introduction, some fifteen years ago, Kellogg's ALL-BRAN has been used with beneficial results by millions of people.

Realizing the important relationship between proper diet and health, the Kellogg Company has aided for some years research in leading university laboratories. These tests show that the continued use of bran is thoroughly satisfactory.

ALL-BRAN supplies soft "bulk" which absorbs water, and gently cleanses the intestinal tract. ALL-BRAN also furnishes vitamin B and iron. Use as a cereal with milk or cream, or cook in delicious recipes.

This tempting cereal may be enjoyed by every normal person. Two tablespoonfuls of Kellogg's ALL-BRAN daily are usually sufficient. Consult your doctor if you do not gain relief this way.

Help your family keep well. Serve Kellogg's ALL-BRAN regularly for regularity. Sold by all grocers. Made by Kellogg in Battle Creek.

Answer to Previous Puzzle

## BRIEF SPOTS

### Rural Subway

TUNNELTOWN, Va.—Dr. C. R. McGuffie had an emergency call from the home of R. H. Halbritter.

But it was two miles away, the roads were drifted full of snow and it seemed he was hopelessly blocked.

Superintendent N. W. Montgomery of a nearby mine came to the rescue. Aboard a mine motor, Dr. McGuffie was transported underground to an exit a few feet from the Halbritter residence.

### Bullet-Proof Chest

FAYETTEVILLE, N. C.—Herb Butler, a taxicab driver, listened to amazed ejaculations after a bullet fired at him at point blank range dropped harmlessly out of his shirt.

When a robber took Butler's money he decided to kill the cabby, "because you'll talk if I don't," and fired at him. Butler reported to police who explained the bullet apparently had been damaged in some way or was loaded with insufficient powder to kill.

### For Men Only

ALBANY, N. Y.—Assemblyman Albert D. Schanzer has introduced a bill in the New York legislature which proposes an inquiry to determine whether it is feasible to establish a "dowry" for baby boys to be given them when they marry.

"It would provide a few hundred dollars which would be sufficient to start a couple in housekeeping," explained Schanzer. "The recent depression prevented and postponed indefinitely many marriages which in the ordinary course of events would have taken place."

### Voyagers

OREGON CITY, Ore.—Two sea lions, far from their ocean home, have appeared in the Willamette river here.

The sea lion is a native of the North Pacific and there is no record of their having come this far inland before. Oregon City is 115 miles from the ocean.

### Laugh, A Memory

MACON, Ga.—The musical laugh of Mrs. Lewis Harper served to unite her with a cousin she hadn't seen in 25 years.

Mrs. Harper laughed aloud as she rode in a train with a friend. Several seats away a woman rose quickly, looked around and recognized the merry one as her kinswoman.

### No Go

CHATTANOOGA, Tenn.—Eighty-year-old Martha Harden has decided she and her 95-year-old husband, Enoch, can't make a go of married life, and has applied for a divorce.

Mrs. Harden accused a stepson and his four sons of spending her husband's money and "causing trouble." The couple was married five years ago.

### Wounded In Action

SHAWNEE, Okla.—Junk Dealer J. W. Underwood, busily melting scrap metal, stuffed an armload of brass odds and ends into the cookstove at his home.

Seconds later an explosion tossed stove parts about the room, tossed his son, James, out a window and shattered Underwood's shoulder.

The junk heap had included some discarded war relics—among them a French nine-millimeter shell.

### Liquor Control Unit Outgrows Quarters

AUSTIN, Feb. 21 (AP)—The Texas liquor control board, among the newest of state departments, has outgrown its original quarters.

Two months ago it was located in a public office building. Now it has moved into quarters in a hotel building a division of the relief commission formerly occupied.

The state board of control has contracted for two floors in a newspaper building under construction to accommodate the liquor board and old age assistance commission. The quarters will be available in the spring.

### Twitter 'Thanks'

ALBEMARLE, N. C.—M. D. Elliott figured he would sow his $50 worth of lespedeza seed on top of the snow that covered this section and that the seed would go into the ground as the snow melted.

But the farmer forgot the birds. They fluttered about and ate—apparently—every seed.

### Dress Rehearsal

SAN JOSE, Calif.—That gag about bathing beauties who won't go near the water took a new twist here. The water came to them.

Several models in beach togs were in the basement of a department store rehearsing for a style show. Fire in another part of the store set off the overhead sprinkler system and gave them a drenching.

## ANDIDATES LINING UP FOR HOT CAMPAIGNS OVER TEXAS

BY HOWARD C. MARSHALL

AUSTIN, Feb. 21 (AP)—The political year 1936 is getting underway in Texas as such years usually do. There are rumors and rumors of candidates. Some prove out; others do not. Opponents square off, and charges, counter charges, accusations, denials, laudation, denunciation, plain statements and whatnots begin to be heard and read.

Candidates with a sence of humor as well as the public, have much to laugh about, and frequently do.

**Sanderford Deplores Decision**

Immediately after Gov. Allred announced there would be no immediate special session of the legislature one candidate for his job, Senator Roy Sanderford of Belton strolled into the press room with a statement deploring the decision.

"Would he have had a statement if a session had been called?" someone asked.

"Well, more than likely," was the answer.

**Expect 30,000 Candidates**

No community will be overlooked in the political brush-beating. Someone estimated 30,000 will run for office in 254 counties.

Candidates for the governorship have started campaigning, directly and indirectly, with the customary privacity.

Senator Sanderford announced for a sales tax to pay pensions, which Gov. Allred opposes. Sanderford would have a special session at once to provide for "the old folks." Allred thinks the time is not ripe.

**Fischer Suggest Action**

From far East Texas, F. W. Fischer, who became well known while championing the cause of certain independent oil operators in court fights, likewise suggested action to discharge the "sacred obligation" to prospective pensioners.

In Dallas, former Gov. James E. Ferguson opined that Dan Moody was a very poor governor but Allred was worse, and in Austin Allred said he was glad to see the leopard's spots this early in the campaign, or words to that effect.

"It won't be long now," was the general opinion about the capitol.

Canada produced 194,704,000 pounds of creamery butter in the first nine months of 1935 as compared to 191,356,000 pounds in the same period of 1934.

## Lindberghs Seek Seclusion Here

Col. and Mrs. Charles A. Lindbergh, sojourning in England while the nation watches the legal drama surrounding the man condemned for the kidnap-murder of their son, have taken refuge from reported continuing threats in this old mansion in South Wales. It is the English country home of the Morgans, relatives of the Lindberghs. (Associated Press Photo)

65th Annual Statement

The LIFE INSURANCE COMPANY OF VIRGINIA

65th ANNIVERSARY 1871 NOW—EVERYWHERE A WIDENING AREA OF USEFULNESS—1936

*To Our Policyholders and the Public:*

The Company is pleased to present this Sixty-Fifth Anniversary report of its stewardship.

The accompanying statement shows its present financial condition—stronger than ever before in the Company's history. Increase in insurance in force during the year of over $20,000,000 brought the total amount in force as of December 31, 1935 to $416,937,602.

Assets were increased by over $6,500,000. The average rate of interest earned on investments during the year was 4.54%. Over $370,000 was added to surplus.

Payments to policyholders and beneficiaries, including policy loan advances, amounted to $8,057,425.

Legal reserves were increased by $3,745,628. In addition to special contingency reserves of $4,200,000, capital and surplus amounting to $11,257,119.72 afford an extraordinary margin of security to the Company's policyholders.

January 20, 1936. BRADFORD H. WALKER, President.

# District Cage Play Is On At College; Twelve Tilts Today

## SIXTEEN TEAMS ARE IN FIRST ROUND TODAY; FINALS SATURDAY

First round games in the interscholastic league district basketball tournament got under way at Texas Tech gymnasium this morning in a schedule drawn for sixteen teams.

Twelve games were on today's docket, beginning at 9 o'clock this morning when champions of Terry and Yoakum counties met.

**Lubbock Meets Plainview**

Lubbock and Plainview High school, the two city units of the district not required to play in county tournaments, were to play a feature match at 11 o'clock this morning, and the winner is favored to go far in the tournament.

Lubbock High, Plainview, Shallowater and Abernathy were considered strongest teams in the upper bracket. Shallowater, Lubbock county champion, was to play the Garza county champion at 10 a. m. Abernathy, Hale county title holder, was booked with Draw, the Lynn county champion, in a game starting at high noon.

**Lamesa In Lower Bracket**

Lamesa's Golden Tornadoes, winners last year and hot favorites to repeat, are in the bottom bracket, meeting one of its strongest foes in the first round Lamesa and Levelland, Hockley county champion, were to play at 1 o'clock, and the winner is considered favorite to breeze on through to the finals.

The Tornadoes, coached by Lester Gregg, won the district and bi-district titles last year, went to the state tournament at Austin and were put out by Denton in the final game. There's a possibility the same teams will meet again this year, since Denton is considered one of the strongest teams in the state again.

**Second Round At 5 P. M.**

Final game of the first round starts at 4 o'clock this afternoon with championship teams of Bailey and Dickens counties playing.

The second round begins at 5 p. m., when the Terry-Yoakum winner meets the Garza-Lubbock winner. Play will be resumed at 7 p. m. with the Plainview-Lubbock High winner meeting the winner of the Lynn-Hale game. The lower bracket quarter-finals start at 8 o'clock, with the day's schedule due to end at approximately 10 o'clock.

Dutchy Smith, Texas Tech line coach, has charge of the tournament. He is acting for District Director Berl Huffman, who takes his Texas Tech basketball team to El Paso today to open a series with Texas School of Mines.

# DALLAS PLAYER LEADS COAST INVITATION

## REUBEN ALBAUGH WINS FROM JOHN DAWSON IN FIRST ROUND

BY FELIX R. McKNIGHT
Associated Press Sports Writer

HOUSTON, Feb. 21 (AP)—A pudgy, red-haired shotmaker picking the scene of former triumphs for a comeback, paced the stars into the second round of the Houston Country club invitation golf tournament today.

Minus a title for several years, Reuben Albaugh of Dallas was tabbed the man to beat after he eliminated Johnny Dawson of Chicago, top-heavy favorite in the first round.

**Putter Fairly Talking**

He had his tremendous tee shots booming and his putter fairly talking in the 2 and 1 victory scored over his "boss," co-worker in the sporting goods business. It was history repeating itself for the youth, a golf veteran at 27.

He showered birdies on Dawson in a semi-final match here in 1929 to finally win on the 39th hole. Yesterday he collected 11 one-putt greens and sneaked one under par on the last ten holes, played in intermittent rain, to duplicate his win of seven years ago.

**Favored Again Today**

Albaugh was favored over Ed Herren of Houston in his second round match today.

Freddie Haas of New Orleans, the medalist and Lousiana State champion, had Don Schumacher, brilliant Texas junior champion of Dallas, for his second round opponent. Schumacher put on a great finish to eliminate Lonnie Wendland of San Antonio, one up in 19 holes. Haas had little trouble in winning from Porter Holloway of Corsicana, 5 and 4.

**Veteran Beats Howell**

Harry Todd of Dallas, Texas amateur king, was paired against Preston Moore, veteran Houston tournament player. Moore created the second upset in first round play by defeating Billy Howell of Houston, former Walker cup team member. Todd blasted out Dave Ritichie of Houston, 6 and 4.

Ed White, national intercollegiate champion, had Dick Nauts, former Houston champion, for his opponent and Jack Munger, youthful Dallas star, was matched against Ike Handy, a Houston veteran.

**Rogers Shoots A 69**

Lieut. Ken Rogers, San Antonio army aviator who needed a 69, two under par, to eliminate Bill Welch, University of Texas sharpshooter, drew Joe Russell of Houston in his second match.

A tossup loomed for the Gus Novotny-O'Hara Watts match. Novotny, Chicago youth who once held the Western amateur title, eliminated Glen Crisman, Houston's outstanding threat, one up, while Watts coasted to a 6 and 4 win over T. L. Fonraine of Houston.

Tommy Cochran, the best of the old guard in Texas golf, had Paul Leslie, New Orleans youth, to worry about.

**IN TITLE RACE**

TEXARKANA, Feb. 21 (AP)—Texarkana college clinched the title in the northern division of district one in the Texas junior college basketball conference last night by defeating Paris Junior college, 46 to 32.

Budapest is on both sides of the Danube river. Buda is on one side and Pest on the other.

# CHISOX OFF FOR TRAINING GRIND

CHICAGO, Feb. 21. (AP)—Chicago's White Sox have started out on their 16th annual hunt for a first division berth.

Rebuffed in their efforts to buy an outfielder with a big reputation to replace Al Simmons but encouraged by the presence of a block of highly promising rookies, the vanguard of the team that hasn't been able to escape the second division bottoms of the American league in 15 disappointing years struck out in high hopes for the spring training camp at Pasadena, Calif.

The ranks of the departing batterymen were swelled at the last minute by the signing of Luke Sewell, veteran catcher, who threatened to become a serious holdout.

In addition to Sewell, the players in the White Sox party headed westward were Catchers Frank Grube and George Cathamer; pitchers, Ray Phelps, Ira Hutchinson, Russell Evans and Tom Stevens; Shortstop Charles Uhas, and Second Baseman Tony Piet.

The "second division" jinx has followed the White Sox ever since the "Black Sox scandal" of 1919 broke up the club.

# GEHRIG TRIES HIS HAND AT DOLLAR THROWING BUT OVER HARLEM RIVER

(By The Associated Press)

NEW YORK, Feb. 21.—Lou Gehrig, the Yankees' "iron man" first baseman, took a hand in the wide open question of throwing a dollar across a river Thursday, but as he did his tossing from the banks of the Harlem instead of the Rappahannock it didn't have much bearing on George Washington's famous feat or Walter Johnson's projected effort to duplicate it.

On his fifth attempt, Gehrig managed to send a silver dollar across the Harlem, a distance of about 430 feet at that point, on the first bounce. The coin struck an ice cake some 30 feet short of the mark and buried itself in a snowbank on the far side. Lou's first heave, without a warmup, sailed about 300 feet; then came a couple of wild pitches and one which was lost in smoke cloud as a tugboat steamed past before the final successful carom shot.

As witnesses to the feat, which may have proved the 372-foot distance Johnson will try to span with a dollar shouldn't be too tough for a trained thrower, Gehrig had the reporter who conceived the idea of a trial, a photographer and an unidentified workman, who asked:

"Are youse guys nuts?"

**THE DISTRICT basketball tournament rages today, tonight and tomorrow night at the Texas Tech gymnasium.**

**It was suggested to District Director Berl Huffman before he left last week that he order the first place prize medals made out for Lamesa.**

**The tournament, no doubt, will provide some hot basketball. Winner of the Lubbock-Plainview-Shallowater scramble in the upper bracket is picked to lose to Lamesa, the lower bracket favorite, in the final tomorrow night.**

Director Huffman is not here to supervise the tournament, but it is the capable hands of Dutchy Smith, who has a flare for details and who will see that everything is done according to Hoyle.

**TO THIS DESK comes a letter** from George White, Dallas News sports editor, in which is passed on an invitation from Arch Ward, Chicago Trib spts. ed., to local football fans regarding the selection of all-stars who will meet the Detroit Lions, national pro champions, in the annual charity game Sept. 1 at Soldier's Field.

This paper is asked to cooperate to the extent of conducting a poll at which fans of this section may vote for their favorite players, also their favorite coaches.

Such a poll was conducted last year, without official invitation, and several thousand votes were cast for Mule Dowell, stellar backfield performer on the Tech team of 1934. Dowell carried the state easily, but 47 other states also vote and in some of them Dowell wasn't so well known.

Tech did not produce an outstanding senior back last season, and only seniors are eligible. Gaines Davis, husky guard, and Walker Nichols, less husky, were the outstanding seniors on the team, but Gaines has signed a professional contract and has to report to the N. Y. Giants in August. So he's out of it. Nichols probably would hit the same snag he hit when he first came to Tech, but those of us who know him feel confident of his prowess, despite his size.

**Fans of this section, however, follow Southwest conference football closely, and no doubt there are some favorites you would like to see elected. You'll get the opportunity this summer, to vote for these or for any other collegians of 1935.**

From the all-star group which opposes the Lions in Chicago on Sept. 1 will come the nucleus of an all-star team which will meet the Chicago Bears in Dallas on Sept. 7. This is to be part of the Centennial celebration. Two polls probably will be conducted. The team meeting the Bears in Dallas no doubt will be made up largely of Southwest conference players. There were some good ones.

**ALSO TO THIS desk comes a** circular advertising plans for the annual American Legion junior baseball tournament. This probably will not appeal to local readers, who seem to have a peculiar attitude toward anything connected with baseball.

**However, if there is one among you who would like to read this American Legion literature, we'll hold it for you.**

**The American Legion has done a fine piece of work in promoting the junior baseball program. It's a big thing each summer, growing bigger each summer. A paragraph in the Guide informs that "1936 marks the tenth year the American Legion has provided a nationally organized athletic activity for the boys of the nation. The enrollment has grown from 52,000 boys the first year to an annual enrollment now of approximately one-half million."**

Boys born after midnight March 30, 1919, are eligible, and there are a lot of boys under 17 years of age.

All teams are under the direction of local posts of the Legion. After city, county and district championships are established, winners compete in state tournaments, then sectional jousts, then the national tournament. The Gastonia team of North Carolina won the 1935 championship.

It would be nice if the local American Legion would undertake to sponsor a team here this season.

**APPARENTLY PUTTING an end** to all rumor that he would succeed Doc Spears as head coach at Wisconsin, Tom Lieb signed a new three-year contract with Loyola university of Los Angeles the other day. The new contract calls for $10,000 per year, and it is understood Lieb will draw a bonus from alumni.

**NEXT TO PETE Cawthon's** football regime, the biggest improvement at Texas Tech since its founding is the Texas Tech band, Prof. Dewey O. Wiley's band, if you please. That modest gentleman has built a musical organization that comes very close being second to none in its class.

One doesn't hear so much these days about the great Simmons Cowboy band, the biggest reason being that the brains of the band now is the brains of the Texas Tech band.

**Give the Matador musicians a few more members and some classy uniforms and they can toot with any of 'em. They don't just toot any more, either—they make music. It has melody and rhythm and harmony. It has IT.**

It's worth the price of admission to a football game or a basketball game just to hear and see the Tech band in action. We wonder sometimes why the band can't share a little more in the financial handouts. For uniforms we mean. They're helped on trips, to be sure, but Tech has just about the best dressed football squad and basketball team going. If the band were dressed proportionately, Tech would find prestige and publicity not so hard to get. Would be a good investment.

# BROOKLYN IN REBUILDING PROGRAM

## SAM LESLIE IS SOLD TO GIANTS; HASSETT IS PURCHASED

BY ALAN GOULD
Associated Press Sports Editor

NEW YORK, Feb. 21 (AP)—Following up the sale of Sam Leslie to the New York Giants for a reported price of $20,000, the Brooklyn Dodgers today took another step in their reconstruction program by acquiring John (Buddy) Hassett, sensational young first baseman, from the Newark Internationals.

To obtain Hassett, less than three years out of Manhattan college and a "farm" product of the New York Yankees, Brooklyn turned over two players and a "substantial sum in cash" to Newark, according to announcement by John Gorman, Dodger business manager. The players are Ralph Boyle, outfielder, and John McCarthy, first baseman. The cash was estimated at $5,000.

**Terry Not To Retire**

Leslie's purchase by the Giants, who traded him to the Dodgers three years ago for Watson Clark and Lefty O'Doul, does not mean Manager Bill Terry will retire from active duty, Terry is 37 and wants to ease off but he is still the hardest hitting and best fielding first baseman in the National league. He will start the season but doubts if he will play over 100 games. Leslie thus will share the job and do pinch-hitting duty. A left-handed slugger, Sam hit .308 last year and drove in 93 runs. He should be useful.

Hassett, although he has yet to experience major league fire, is rated so highly that Manager Casey Stengel has no doubt the ex-collegian will be the regular Brooklyn first sacker. Hassett and Johnny Mize, property of the St. Louis Cardinals, were rated the best two first basemen in "AA" company last year. The Dodgers considered Mize but turned down an offer from the Cardinals.

# HORSE RACING HYSTERIA AT PEAK IN CALIFORNIA TODAY ON EVE OF SANTA ANITA HANDICAP; EXPECT BIG CROWD

BY ROBERT MYERS

LOS ANGELES, Feb. 21. (AP)—A $112,500 pot of gold for a two-minute dash around an oval track sent horse racing hysteria to a high peak today on the eve of the Santa Anita handicap.

Incoming thousands found parking space as scarce as a "sure thing" on the classic. Those who didn't have to worry about parking space were reaching the lather stage trying to outguess the 14 horses expected to run for the world's richest turf purse.

**May Total 70,000**

Los Angeles racing officials ignored unfavorable weather forecasts and prepared to handle a record crowd. They expected 50,000 were ready for 60,000 and hoped there would be 70,000 or more.

Racing Secretary Webb Everett looked over the eligible list today and predicted the following candidates would answer the call tomorrow:

Discovery, Top Row, Time Supply, Whopper, Rosemont, Azucar, Tick On, Singing Wood, Thursday, Riskulus, Ariel Cross, Pompey's Pillar, He Did and Howard.

**Discovery Distinct Favorite**

Alfred G. Vanderbilt's great Discovery remained a distinct favorite, but there will be several other short-priced contenders getting plenty of play at the mutuel windows.

Others primed for the race were Mrs. F. A. Carreaud's Time Supply and A. A. Baroni's Little Top Row, winner over Discovery twice and loser to the favorite twice last year.

Unless a torrent of rain falls before post time, Fred M. Alger, jr., is determined to send Azucar back with a hope of repeating his surprise victory in the inaugural a year ago.

Whopper, which fell before Top Row but finished ahead of Discovery at Suffolk last October, doesn't mind the mud, if mud it is to be, and Mrs. John Hay Whitney's Singing Wood is crying for off-going.

The handicap classic is scheduled to be run between 6 and 6:03 p. m. central standard time.

# CUBS TEAM TO WATCH, RICKEY SAYS; GIANTS ARE TICKETED "DANGEROUS"

(By The Associated Press)

COLUMBUS, O., Feb. 21 — The Chicago Cubs, 1935 national league champions, held Branch Rickey's nomination today as "the team to beat" this year.

The St. Louis general manager picked the Cardinals as having the best chance to upset the Chicagoans, tinketed the New York Giants as "dangerous"—And named the Cincinnati Reds as the "dark horse" which might beat out all three favorites.

**Cards Near The Top**

Rickey said the Cubs had momentum which a pennant winner always enjoys and "superb" reserve strength. The Cardinals, he said, would be near the top, not in spite of the new and young talent which dominates the team, but because of it.

The St. Louis general manager said he hoped to have all troubles with Dizzy Dean, star hurler, ironed out soon. Dean's contract, Rickey said, will not be disposed of by the Cardinals.

"Dean is a great ball player, a wonderful pitcher. But no one player can be greater than his team," he said. "I told Dean that in my recent letter, which I had marked 'personal and confidential,' but which Dean turned over to the newspapers. His answer to me, too, was pripted in the papers before I had received it".

# ARIZONA WINS LAST GAME OF SERIES

## MATADORS LOSE LAST NIGHT, 57 TO 43; GO TO EL PASO

(By The Associated Press)

TUCSON, Ariz., Feb. 21. — The University of Arizona Wildcats swept back into first place in Border conference basketball rankings with a stirring 57 to 43 victory over Texas Tech here last night.

The Tech Matadors, who pushed Arizona out of the conference leadership with a 41 to 39 win Wednesday night, opened last night's battle with a sensational pace, within six minutes they were leading, 12 to 9.

Arizona picked up speed, however, and at half-time was ahead 24 to 23.

The visitors go next to El Paso for games with the School of Mines.

# ECH LETTERMEN ARE RECOGNIZED IN "FUN NIGHT"

Before a packed house of about 2,100 friends and fans of the institution, fifty members of the Texas Tech football department last night were recognized and presented with letter awards signifying achievement on the gridiron last season.

A mixed program including boxing, parodies on professional wrestling, dancing, rope-twirling, fencing, piano and band music accompanied the annual presentation of varsity and freshman football awards.

Head Coach Pete Cawthon was in fine fettle in handing out sweaters, leather jackets and blankets to 27 members of the 1935 varsity squad, which included 8 seniors who received letters for the last time. They were Captain Walker Nichols, Gaines Davis, J. V. Beauchamp, Bert Williams, John Prim, Wilson Gilmore, Joe Barlow and Sam Jones.

**Seven Junior Letters**

Varsity men receiving letters for the second time, who have one year to play, were Charley Duval, Tox Wiginton, Bill Holcomb, Winford Case, Lee Browning, Jim Neill and Camp Cannon.

Nine sophomores received letters for the first time: Hershel Ramsey, J. W. West, George Winters (absent), Jesse Browning, Pete Owens, Fred Byrd, Louis Jones, Doc Merrill and Ed Smith. Student Managers Ed Klein and Hal Hitchcock and Head Yell Leader Morris Burchfield received varsity letter sweaters.

Assistant Freshman Coach Aubrey Butts, acting in the absence of Berl Huffman, distributed freshman numeral sweaters to the following: Phillip Harmon, Leonard Latch, Ab Murphy, Joe Hext, Elwood Scott, Alan Plummer, Sam Tate, Elbert Overton, Lloyd Taliaferro, Willis Burney, Weymond Newton, Eugene Alderson, Jim McArthur, Elmer Tarbox, Holland Cheaney, Robert Allen Hill, Jack Jones, Louis Cox, Roy Webb, Tom Neely, Dener Roe, Marvin Wheeler and Student Manager Spurlock.

Texas Tech boxers outclassed a trio of young scrappers from Crosbyton in the closing events of the program. Joe Elder, 145 pounds, knocked out Ray Campbell, 150, of Crosbyton with the first blow of the third round, after the bell had saved a second round knockout.

Milton Coffey shaded Shelby Burk of Crosbyton in three slack rounds. Coffey won the middle round, the first and third being about even.

James Elder, former state AAU champion, outboxed John D. Walters in a fast final. Elder had the better of the fast argument, twice knocking Walters down, the bell saving him in the first and second rounds.

**"Pro" Wrestling**

Comedy was provided in a couple of ten minute wrestling matches, Middleweights Petty and Winston Watkins doing the first one, Heavyweights Red Murphy and Alan Plummer carrying the take-off on pro wrestling further in their draw.

A piano solo and tap dancing, featuring Cowboy Kyle at the instrument and Junior Turner on the floor, opened the program. Members of Instructor Baker's fencing class were applauded for a brief demonstration of the rudiments of foil artistry.

Billy Lewis, to whose rope-swinging artistry fans of West Texas and California have capitulated, pleased with a snappy demonstration again last night.

**PLAGUE OF LOCUSTS**

NANKING (AP)—China's annual plague of locusts consumed $5,000,000 worth of crops in 1935, the loss in millet, wheat, rice and cotton being especially severe. The ministry of industries has sent experts to investigate.

# RUNYAN LEADS IN PETERSBURG OPEN

ST. PETERSBURG, Fla., Feb. 21. (AP)—A slim one-stroke edge, gained with a record breaking 68, separated Paul Runyan of White Plains, N. Y., from the field as second round play started today in the $2,500 St. Petersburg open golf tournament.

Playing near-flawlessly, Runyan clipped three strokes from par in setting the competitive mark for the Lakewood Country club links.

Too close for Runyan's comfort were Johnny Revolta of Milwaukee, professional golfers association champion, and Jimmy Hines of Garden City, L. I. Revolta's 69 gave him the lead until Runyan and Hines finished in late afternoon.

Five of the select field of professionals and amateurs finished with even par 71 cards. They were Wiffy Cox of Washington; Bryan Nelson, unattached; Terl Johnson of Winter Haven, Fla.; Herman Barron of White Plains, N. Y., and Ray Mangrum, unattached.

After today's 18 on the Lakewood course, the low 60 scorers and ties move over to the Pasadena Country club for tomorrow's 36-hole final.

# JOHN DEERE DAY TO BE OBSERVED HERE SATURDAY

"Sheppard & Son," a talking motion picture sponsored by the John Deere organization, will be shown Saturday when J. O. Ford, farm equipment dealer, will hold open house for farmers of this vicinity. It will be John Deere Day for this area.

The show is a sequel to "Partners," presented last year. It presents newer methods of farming for increased crop yields at less cost.

On the same program will be a service picture, "Murphy Delivers the Goods," explaining the use of John Deere equipment.

The J. O. Ford Implement company is situated at 708 Broadway.

# STEERS CAPTAIN OUT FOR SEASON

(By The Associated Press)

The University of Texas Longhorns' chance to overtake the Arkansas Razorbacks in the Southwest conference basketball title race was given a hard blow today by the announcement leg injuries would keep Jack Taylor, Texas captain, off the court the remainder of the season. Taylor played a big part in keeping the Longhorns in second place.

The Razorbacks, holding a full game lead over the Longhorns, will open a two-game series with the Texas Christian Horned Frogs at Fayetteville tonight. The only other game tonight will be a contest between Baylor and Southern Methodist at Dallas for fourth place. The Razorbacks and Frogs will play again tomorrow night and the Longhorns will entertain the Texas Aggies, who are out of the conference race, at Austin.

# MRS. CREWS IS NEXT FOR PATTY

PALM BEACH, Fla., Feb. 21 (AP)—Mrs. Maureen Orcutt Crews today had an opportunity to halt Patty Berg's headlong rush to her third straight victory in south Florida golf tournaments.

Semi-final triumphs yesterday in the annual Palm Beach women's classic brought the tall Miami stylist and the fiery-haired, 18-year-old Minneapolis high school girl together for the second time this season.

Mrs. Crews, seasoned campaigner who five times won the metropolitan title, disposed of Marion Miley, Lexington, Ky., Kentucky state champion, 2 and 1, while Miss Berg, playing the same relentless golf that the day before accounted for National Champion Glenna Collett Vare, defeated Mrs. Leon Solomon, of Memphis, Tennessee state titlist, 5 and 4.

Mrs. Crews lost to Miss Berg, 2 and 1, after leading 5 up at 18 holes, in the 36-hole final of the recent Charlotte Harbor tournament at Punta Gorda, Fla.

## *Club Boys To Be Visited By Agent*

Club boys of Lubbock county who are feeding out calves and pigs for the Lubbock Quality Meat show and the state centennial, will be visited by Charles A. King, assistant county agent and club leader, he said today.

Fourteen pigs and 15 calves are on feed by club boys. Mr. King will check the boys and their records and also make suggestions on feeding ratcns.

## *License Law To Be "Sanely Enforced"*

AUSTIN, Feb. 21 (AP)—Albert Sidney Johnson, chairman of the Public Safety commission, said today the drivers license law would be "sanely enforced" and anticipated only minor difficlties.

Johnson and D. D. Baker of Segun, commission member, discussed enforcement with L. G. Phares, acting director, Thursday. George W. Cottingham, of Houston, third commissioner, was unable to attend due to illness.

"I find that the people are accepting the drivers' license law with little complaint," Johnson said. "The trouble will come, however, when enforcement is started April 1 and we have advised all officers to act with judgment in all cases."

BRIGADIER General William Mitchell goes to his grave known as "the bad boy of aviation" but some day the things he fought for will be done and he will be a hero.

"Billy" Mitchell, while on active duty as an army officer, criticized methods of handling the air service, bringing out the unpleasant facts that at that time the United States air corps was under-staffed, under-equipped and poorly administered to.

His activities and blunt speeches practically forced him out of the army but he went right ahead, campaigning for, among other things, a separate ministry for aviation, as the army and navy are separately operated.

He's dead now, but he did not fight in vain.

Most of us who are alive today will see General Mitchell's ideas carried out—or learn to our sorrow that they should have been.

NOT long ago The Plainsman printed a bunch of figures given him by Division 5 Highway Engineer George Garrett, concerning the amount of trash, empty bottles, etc., that had been picked up along the highways in neighboring counties. At that time we said Lubbock county's figures would be given when available.

George came up the other day with the news that Lubbock county, home of the largest legally bone dry city in Texas, had hung up quite a record between December 20 and a little over a week ago.

Engineer Garrett's clean-up squad picked up right at 2,000 empty pint whisky bottles along side of state highways in Lubbock county—and the heaviest percentage of them were picked up on Highway 9, between here and the Lynn county line.

No attempt was made to run any figures on beer bottles or cans, nor was any clean-up check made on the popular side roads.

Mr. Garrett's figure is on the state highways, alone, and his findings are quite eye-opening to those interested in this last great stand of prohibition-by-statute.

★ ★ ★

The Plainsman has in his possession two nicely painted advertisements for the Centennial.

They are in the form of metal plates which we yokels are supposed to put on our license plates to boost the dear old exposition. One is courtesy of J. C. Davis and bears the word "Lubbock" on it. The other, from the lads of the lusty and frivolous Lions club, has been especially prepared and has "Dallas" painted where "Lubbock" once reposed. On the back reads a nicely printed presentation, "Compliments of the Dallas Chamber of Commerce".

Personally, The Plainsman won't be able to use the plates, but since they are being sold here in the name of sweet charity at four bits a throw, we're willing to co-operate.

These two plates are offered to any and all comers at a dollar apiece, the two bucks to go to Mrs. W. T. Milam for stick candy, or anything else, for her orphans.

Step right up, gents. First come, first served—and The Plainsman will guarantee that the two dollars will go to Mrs. Milam.

Let's see if there are two sports in town!

★ ★ ★

NOT long ago this column commented on winter, bringing out especially that the worst thing about the frigid season in this modern era is brick hard butter that must be chiseled off and laid on hot cakes, waffles, toast, or bread in thick slabs or chunks.

We went on to say that was quite a handicap to serious eaters and someone ought to work out a remedy.

★ ★ ★

Uncle Dick Smith came around the other day with the word that J. D. Janes had seen the remarks and felt the same way. Uncle Dick said J. D. had worked out a method of solving the hard butter situation so the two of us repaired to J. D.'s Waffle shop to check up on the matter.

J. D. really has figured the thing out—and is cashing in on it. Already, he reports—although he has not advertised the fact and has not been using his method long—his waffle business has increased 50 percent because the butter can be easily spread.

★ ★ ★

HERE's the dope: J. D. takes his butter, purchased from two local concerns, as soon as it comes from the churn.

He puts it in his big mixing machine and whips it thoroughly, just as one whips cream.

The air thus engendered gets into the butter and after the whipping it is placed in a refrigerator, just like any other butter, but it does not become as hard as a chunk of iron.

Brought right from the refrigerator to the diner's table, the butter is firm, tasty and spreads easily and perfectly.

There's no joke about this. There's no catch to it. J. D.'s experiment is a big success in every way and a great boon to folks who like easily spread butter no matter how cold it is.

# Mary Pickford Set For New Picture; Workers Regret La Dietrich's Leaving; Leslie Howard Takes Tongue-Lashing

BY PAUL HARRISON
Journal Hollywood Correspondent

HOLLYWOOD, Feb. 21.—Short takes: Mary Pickford's going to Europe and may do a United Artists picture at Alexander Korda's establishment. Surest way to tell when Miss Pickford is hankering for a job of acting is when she goes about saying: "I'll never do another picture as long as I live."

Nomadic Marlene Dietrich has moved six times in five years, and after this picture she'll move to Paris. Sorriest to see her go will be the studio crews and hairdressers, who think she's swell. Not long ago she heard that a man in the property department was about to lose his home for taxes. Miss Dietrich, who has been moaning about the size of her taxes, paid his.

Bitterest bawling-out that Leslie Howard ever received in his life, probably, was delivered by a busy studio electrician whose bicycle Howard had borrowed for a joy-spin. The actor, whom directors dread to reprimand, took it and made a gracious little apology.

# TODAY'S JOURNAL EDITORIAL

## McCRAW LOOKS LIKE A GUBERNATORIAL CINCH

While it is to be hoped by every Texan that a copyright secured on the song "The Eyes Of Texas" will be declared void, alacrity with which Attorney General William McCraw jumped into the fray is both amusing and informative. It is amusing because it shows again that the Dallas redhead never misses a chance to get before the people. It is informative because it shows again that smart, vote-getting Bill McCraw is headed as straight for the governor's chair as he possibly can be at this time.

As The Journal remarked shortly after Mr. McCraw's election to his present position in 1934—"Look out for Bill. He'll be governor some day". To get similar opinions, all one has to do is to talk a little down at Austin, or anywhere else where the politically minded boys gather, and you'll get them. Unless black is white and the sun sets in the morning, the former district attorney of Dallas county will follow Jimmie Allred in the state house.

It is possible, of course, that affable, persuasive Mr. McCraw could stub his toe between now and 1938, but it is not probable.

Keenest politican and best campaigner since the active days of Jim Ferguson, General McCraw is "sitting pretty" and at present, at least, looks like a cinch for Texas' next governor.

# Dutcher's News And Views OF WASHINGTON

(Copyright, 1936 NEA Service, Inc.)

BY RODNEY DUTCHER
Journal Washington Correspondent

WASHINGTON, Feb. 21.—Perhaps the old men of congress are not hurrying us into war. But they are doing considerably less than nothing to keep us out of it.

As late as a month ago, it appeared that drastic, permanent neutrality legislation was certain as a result of strong congressional sentiment backed by overwhelming and articulate popular desire.

Now the atmosphere suddenly has become little short of jingoistic. Congressional leaders and the administration are ditching previous neutrality plans in favor of extending the relatively weak and supposedly "stopgap" neutrality act now in effect.

Theoretically responsible statesmen are hollering warnings against the Japanese. Others are bellowing that "freedom of the seas" must be preserved at all costs.

There's a great outcry on Capitol Hill in favor of the biggest of all peacetime appropriations for army and navy.

• • •

**Youth Against Age**

There are several reasons for the change of outlook. But no factor is more interesting—not to say significant—than the cast of characters involved, which reveals that the contest over neutrality is, and has been, a startlingly definite conflict between the young men of congress and the old.

The young men are willing to have their country sacrifice trade, profits, and neutrality rights to avoid the ravages of war. The old men, it appears, are not.

The first statesman to challenge the senate munitions committee was Senator Carter Glass of Virginia. Glass is 78, the oldest of the senators.

One of the chief fears that led the administration to feel that the neutrality issue might well go over until after election was the belief that Senator William E. Borah, a candidate for the Republican presidential nomination, might try to make a burning issue of it if there were any curtailment of America's traditional—not actual, as England learned to her profit—insistence on "freedom of the seas" and other neutral rights.

Borah might have embarrassed the administration and cost it votes. Borah will soon be 71 years old.

• • •

**Johnson To The Fore**

The man who split the whole business wide open in the senate was Hiram Johnson of California, who announced he would fight any abandonment of "neutral rights" to the bitter end.

It was Senator Johnson, too, who publicly revealed the supposedly secret and bitterly denunciatory anti-neutrality program statement by John Bassett Moore, international law expert, to the foreign relations committee.

Johnson is 69 years old. John Bassett Moore is 75 years old.

The chairman of the senate foreign relations committee, who was first to announce the intention to drop ambitious neutrality plans—which the committee had in its charge—is Senator Key Pittman of Nevada. This is the same man who has been making belligerent speeches against Japanese foreign policy. In the latter activity he has been helped by Senator Ham Lewis of Illinois.

Pittman is 63 years old. Ham Lewis is 72.

Chairman of the house appropriations committee, which just reported out the army appropriation bill for $543,000,000—largest in peacetime history—is James P. Buchanan of Texas.

Buchanan is 69 years old. Chairman John J. McSwain of the Military Affairs committee is nearly 61. Chairman Sam McReynolds of the house foreign relations committee is 63.

• • •

**Anti-Warriors**

Foremost among the fighters for strict neutrality—some of them war veterans—with their ages, are:

Chairman Nye of the Munitions committee, 43.

Senator Bennett Champ Clark of Missouri, 46.

Senator Homer Bone of Washington, 52.

Chief Investigator Stephen Raushenbush of the munitions committee, 39. (His staff averages under 30).

Congressman Maury Maverick of Texas, 40.

Congressman Vito Marcantonio of New York, 33.

Congressman Byron Scott of California, 32.

**SYNOPSIS: Although she is being tried for the murder of her uncle, Anne Farnsworth is almost happy. For Tecla Sorki, her old nurse, just has testified that Anne's name really is "Anne Farnsworth," that she was the legally adopted daughter of Luke and Lucinda Farnsworth. But she is by no means secure, for Tom Farley, her most bitter enemy, is assisting the district attorney, and she realizes that her lawyer's case is pitifully weak.**

Chapter 39
WELCOME RETURN

"Your honor!"

Bedlam had arisen among the legal lights. All were before the bar, all clamoring for recognition.

Judge Benson looked down, rapped smartly for order. "The case will proceed," he said. "As long as the defendant waives the technicality, and admits to both names, it will not be necessary to put the state to additional expense. Mr. Lenholm, call your witness."

Again Anne crossed to the witness chair, but this time the floor was as firm as her confidence. Instead of being nameless, she had two names; instead of parentless, there had been two who might have loved her had they lived. And most important of all, Luke Farnsworth hadn't neglected to make her his own, nor to protect her against the cupidity of his own brother-in-law.

Anne told her story that afternoon, told it clearly and concisely. Unknowingly, the interruption of the morning had disrupted the State's plans. They had hoped to cross-examine her when she was tired from a day in court. As it was she completed her version of Lee Farnsworth's murder at five o'clock.

But her cheeks were pale from the ordeal, and her lips trembled as Sharlee cried hysterically when she pictured the bullet passing her own head to lodge in the heart of her foster uncle.

Back in her cell, she sat with eyes bright. Everything seemed to fit like parts in a picture puzzle. Surely something would happen to prove her innocence. And she was Anne Farnsworth. Annikki Nielsen Farnsworth, part Finnish like John.

At the thought of John her face clouded. Queer he had never come near the courthouse. But she believed in him. She had to believe in him, just as she had in Luke.

Lenholm had warned her that on the morrow would come the hardest day of her trial. It was then the State and the special prosecutor, Tom Farley, would seek to cut the mesh of her neatly woven story with sharp questions. They would try to destroy every vestige of truth.

Grey clouds blanketed the window when she awakened. Tomorrow, she would know her fate. She arose, dressed carefully in a warm suit of golden brown, then brushed her hair until it shone. She added a touch of rouge and lipstick to protect her from revealing her emotions to curious eyes.

Court convened, and Anne went immediately to the witness chair to face the district attorney.

He plunged into his cross-examination. "Miss Farnsworth, you say you have never before seen the gun filed here as exhibit A, and yet it has been established that your foster father had it in his possession for several years. I suppose you have some explanation for that?"

"I had no occasion to see it," Anne answered readily.

• • •

"Well let that drop for the present. Miss Farnsworth, you say that while you were in the boat at the scene of the murder, someone called your name. Will you repeat what happened at that moment."

"I was about to jump up on the wharf, when someone called 'Anne.'"

"That's all. Miss Farnsworth, you are positive the name used was Anne?"

"Yes."

The district attorney gave the jury a knowing smile, then turned back to Anne, "and yet you admit you were known in Union Town by no other name than Nikki? You were surrounded by fishermen from Union Town, and yet you say someone called 'Anne.' Is that true?"

"Yes, it is," declared Anne wonderingly. Queer that she had never before thought of that.

"Miss Farnsworth, you were in a boat some four feet below the small forward deck of the Ahti, upon which the deceased was standing. Do you believe that a bullet fired from behind you would pass your head, then change its course, veer upward and lodge in the breast of the murdered man?"

Anne's eyes widened in surprise.

"Answer please, Miss Farnsworth?"

"That would be true, unless—"

"Answer yes or no."

"Your honor," interposed Lenholm, "the district attorney is asking the defendant to give an answer calling for a deduction upon her part. I believe she should have the right to qualify her answer, and give her reason for arriving at that deductive answer."

"You may answer in full, Miss Farnsworth."

Anne remembered her days at school, the confusion of angles and triangles, and remembering these, she faced the court with astonishment.

"If," she began hesitatingly, "if that bullet had been fired from a point below me and behind me, aimed at me, and missed me, it would have continued at an upward angle and struck Lee Farnsworth—" she paused, horrified at the thought.

"Do you mean you have some enemy among the Finnish people who have stood by you so loyally? That one of these, perhaps one of the Sorki brothers, broke into your house and stole your gun—"

"No." Anne interrupted with scant gal two Edit Friday Feb 21 Jour ... regard for court courtesy. "That gun has never been in my home nor in my possession."

She saw Lenholm lean back with a sigh of relief, and realized she had been baited, but by sheer honesty had evaded the trap.

"The shot, you yourself admit, must have been fired from within a few feet of the boat on which you stood. Miss Farnsworth, answer this question. Did you fire that shot?"

"She did not!"

A huge voice boomed out from the door. Anne looked up. She saw Judge Ansel Kellogg thrust his bulk into the crowd gathered there, saw the sheriff follow, and behind them came other officers, in uniform.

• • •

They spread along the railing, covered every exit and remained motionless while the big man proceeded through the room to face Judge Benson.

"If the court please, and with the permission of the district attorney and Mr. Lenholm, I wish to present fresh evidence in this case, which I feel will prove the innocence of the defendant, Anne Farnsworth, my client."

The judge on the bench eyed his colleague a moment, looked at Tom Farley, who had arisen and seemed about to launch a harangue against the intrusion, then looked at Anne Farnsworth.

"Would you like a recess in which to consult with the defendant or Mr. Lenholm?" he asked, and it seemed to Anne he was pleased with the turn of events, which had left her wide eyed with hope and amazement.

Anne watched Judge Kellogg as he shook his head. "I need no conference with either. I desire that the trial go on without pause."

"Very well, proceed Mr. District Attorney."

The district attorney looked ... Judge Kellogg, then at Judge Be...

# TEACHERS ARE RE-ELECTED

## APRIL 4 IS DATE SET FOR SCHOOL BALLOT; LIST IS GIVEN

Election date April 4 to name two members was set by the Lubbock board of education at a meeting Thursday night at Lubbock sanitarium. All principals and coaches were re-elected for the present term by the board.

Principals re-elected were:

Senior High school, R. W. Matthews; Junior High school, Carroll Thompson; K. Carter school, Miss Stella Thurman; Central Ward school, H. C. Bowlin; Dupre school, Mrs. Guy Trow; Hunt school, Miss Mary Meador; Mexican school, Mrs. George Duval; Sanders school, Mrs. J. T. Trigg, and Dunbar (negro), E. C. Struggs.

**Chapman Again Named**

W. B. Chapman was reelected head coach of Senior High school, to be assisted by J. G. (Goober) Keyes, and J. Mule Davis of Junior High school. No other institution has coaches.

The April election will be conducted for purpose of naming members to terms of Maple Wilson and W. B. Atkins, which expire this year.

Board members present at Thursday's session were: Dr. J. T. Hutchinson, president; R. F. Bayless, secretary; Dr. Allen T. Stewart, Wilson, and Walter Alderson.

"proceeding in the same old repudiated way" by choosing "standpatters" for convention delegates.

**To Go For Borah**

Coincidentally, Senator Nye (R-ND) predicted that his state's delegation would be instructed to vote for Borah.

Governor Alf M. Landon of Kansas, widely discussed as a Republican presidential possibility, was acclaimed yesterday "as the greatest governor Kansas ever had and our next president," by the second congressional district Republican convention in Kansas. The first Landon-pledged delegates to the national convention were picked at Osawatomie.

Bill Landon remained silent on the question of entering the field against Borah in Ohio.

**Farley To Kansas**

Postmaster General James A. Farley, chairman of the Democratic national committee, will take a trip into Kansas tomorrow. With Landon popularity high in Republican quarters of the state, it was expected Farley would open a drive to keep Kansas in the Roosevelt column. He will speak in Topeka, broadcasting an address on "Three Years of Roosevelt."

Criticism of the New Deal came from Gifford Pinchot, former governor of Pennsylvania, while Thomas L. Parkinson, president of the Equitable Life Assurance society, said recovery policies have aroused apprehension.

Pinchot declared that "under Franklin D. Roosevelt the government at Washington is a mess." Parkinson said various measures "have combined to arouse apprehension, at least among some of our policyholders, regarding the security of their provision for the future."

Payments then could be made for stabilizing agricultural supplies and maintaining farmers' purchasing power, as well as the original purposes).

## Walls Funeral To Be Held Saturday

Funeral services for J. K. Walls will be conducted Saturday at 2 o'clock in the afternoon at the home of Mrs. Ed Puity, a sister, who resides on the Slaton highway. Mr. Walls, who died Tuesday in Salinas, Calif., was a former resident of Lubbock. His mother, Mrs. A. B. Walls, resides in Lubbock at 1615 Avenue G.

Rev. Liff Sanders, Church of Christ minister, will officiate at services. Burial will be in Lubbock cemetery, under direction of Rix Funeral home. His body arrived at noon today.

Other survivors are his wife, and four children, all of California.

## Plans Made For Council Meeting

Tentative date, as yet unannounced, for a meeting of county farm association and home demonstration council leaders, was decided upon by County Agent C. C. Robson and Miss Norfleet Grimes, home demonstration agent, following a conference with district agents here last night.

O. G. Tumlinson, district agent for the men and Miss Lida Cooper, district agent for the women, met with the agents and assistants. Plans for a more extensive program of work were discussed.

The two district leaders were on a tour of this district, meeting men and women agents to talk future plans. They were to be in Crosby and Dickens counties today.

# DAILY MARKETS

## Cotton Market

**NEW ORLEANS REPORT**

NEW ORLEANS, Feb. 21. (AP)—Cotton opened steady here today one point up on March and unchanged to two points lower on the later months.

Liverpool came in a shade better than due, but trading here was quiet pending Washington developments on legislation and in the face of tomorrow's holiday and the Mardi Gras holiday here next Tuesday.

March opened at 11.28 and after selling down to 11.25 in the early trading soon shot back to its opening level.

Most of the other later positions held unchanged from yesterday's close. December sold off to 10.21 and January to 10.22, or 2 points below the previous close.

Still waiting developments at Washington on legislation which would affect the acreage of the next crop and pertaining to disposition of cotton held by the government pool, most traders limited activities to clearing accounts in advance of the holidays and the first notice day on March next Monday.

The market developed a slightly irregular trend with liquidation in March sending that contract down to 11.25, or two points under the previous close.

On short covering May advanced to 10.53 and July to 10.53, two points above the previous close.

Later options held unchanged.

**NEW YORK REPORT**

NEW YORK, Feb. 21 (AP)—Cotton futures opened barely steady, 1 higher to 2 lower with steadier Liverpool cables offset by hedge selling and liquidation. March 11.36, May 10.84; July 10.50; Oct. 10.20; Dec. 10.20; Jan. 10.25.

There was a fair volume of business at the start with some buying on relatively steady Liverpool cables supplied by solution selling and liquidation.

The evening-up of March commitments continued in preparation for possible notices next Tuesday. This was partly in the way of switching from near to late months but March seemed to be offered a little more freely at the opening.

March sold off from 11.36 to 11.30, while Oct. declined to 10.18. The market at the end of the first hour showed a net loss of 1 to 6 points.

Liverpool cables reported that trade and Bombay buying had met scattered local selling.

Except for the further evening up of March and switching from later deliveries, no special feature developed in the morning and the market at mid-day was quiet. After selling off to 11.30, March rallied to 11.33 and the general market was about net unchanged to 3 points lower.

## Stock Market

**WALL STREET REPORT**

NEW YORK, Feb. 21 (AP)—Highly selective buying today in the stock market resulted in an irregular performance during the early afternoon.

Utilities maintained a steady tone along with aircrafts, alcohols and rail equipment issues, although changes on the upside were fractional except in some of the higher prices issues.

A heavy volume during the first hour of dealings dwindled when profit-taking and other adjustments appeared.

American Telephone was up slightly, but International Telephone lost on news of turbulent plottical events in Spain where the company has large holdings. Western Union declined.

Consolidated Gas and North American improved minor fractions, but better action was seen in Standard Brands, J. I. Case, American Locomotive and Lima, Douglas Aircraft, Baltimore & Ohio, Chicago & North Western, Studebaker and Chrysler.

Most of the other favorites were depressed including Loew's, Borg-Warner, American Smelting, Deere, U. S. Steel, Republic Steel, New York Central, Northern Pacific and Standard Oil of California and N. J.

the ransom letters, the keeper said, adding he attached no importance to the story.

**Aware Of Hopelessness**

Hauptmann himself, his chief counsel, C. Lloyd Fisher said, is fully aware of the hopelessness of his situation, but is still in good physical and mental condition.

Fisher said he had written and would like to question Dr. John F. Condon, the Jafsie of the ransom negotiations, about his reported statement that he was offered $250,000 to change his testimony, and to explain purported discrepancies in his story. He said he has received no reply.

"If it is necessary to ask the attorney general to get Dr. Condon back here, I will," Fisher said. Condon is in Panama.

of demonstrators, displaying the flag in Hoyo Pinares, Avila province, and one woman was killed there.

The entire nation was under a state of alarm, putting the police forces on guard; martial law extended to Alicante, Cordoba, Urcia, Valencia and Zaragosa provinces and a declaration of general martial law appeared imminent.

**PLANES TAKE OFF**

SAN ANTONIO, Feb. 21. (AP)—Thirteen pursuit planes and eleven bombers took off from Randolph field here today for Panama where they will be placed in service at Albrook and France fields, Canal zone.

## Grain Market

**CHICAGO REPORT**

CHICAGO, Feb. 21 (AP)—Wheat tended upward early today, responsive to word of some overseas inquiry for nearby Canadian shipments.

Cables said that with European continental wheat stocks low, and with Great Britain obliged to purchase regularly week by week, the international market is in a very vulnerable position if any crop damage should occur this spring.

Opening unchanged to 3-8 higher, May 99-99 1-4, wheat then held near to those limits. Corn started unchanged to 1-4 off, May 61 to 61 1-8, and for the time being held steady.

## Livestock Market

## Youth Confesses To Thefts Of Clothing

A series of thefts of clothing from Junior High school students was confessed this morning by a 16-year-old former student of the school, said Bill Mabray and Lewis Kittrell, police patrolmen.

The lad who admitted taking five leather jackets, two pairs of gloves, and one coat was charged with theft in complaint filed in juvenile court.

Four other boys, ranging in age from 15 to 18, to whom the youth sold the loot for a total of $4.20, were arrested. Three of them will be charged with receiving and concealing stolen property and the fourth probably will be released. Only one of the boys is attending school.

The stolen leather jackets which were recovered, were valued at $5 each.

## Texas Forts Would Get Construction

WASHINGTON, Feb 21 (AP)—Army housing and construction to cost $29,960,733 was proposed today in a bill introduced by Chairman McSwain (D-SC) of the house military affairs committee.

The work would be spread over five years.

Proposed projects included

Fort Bliss, Tex.: barracks, stables, telephones, $735,328.

Fort Crockett, Tex.: barracks, officers' quarters, garage, warehouse, telephones, $856,400.

Fort D. A. Russell, Tex.: motor shop, truck and gun sheds, $77,818.

Fort McIntosh, Tex.: barracks, $60,000.

# EXAMINE GRASSES FOR SOIL 'TONIC'

WASHINGTON, Feb. 21 (AP)—Four hundred foreign grasses and other growth were being examined today by soil conservation officials on the trail of crops to tie down the soil and give it a "tonic."

Under the proposed new farm program soil conservation is the main basis for cash benefit payments to farmers cooperating with the government.

In addition to foreign growths, many native grasses were said to be included in the extensive investigations. They are tested for effectiveness in erosion control, suitability to different soil types, climate and cultural conditions, drouth-resistance and handling characteristics.

Officials said the erosion control program, first of all, must allow the farmer to grow the crops he desires and to do it with a minimum of interference.

They suggested that for cover crops land used for cotton or corn be seeded in the fall to hairy, wooly podded, or monantha vetch, Austrian winter peas, crimson clover, rye, oats and other such crops which can be grown singly or in mixture for soil improvement and grazing.

# BORAH PLANS

(Continued From Page One)

foe of the "old guard" which, as usual, wants an uninstructed delegation.

The senator next turned to Ohio. Here, again, he went directly against the desires of the state-leadership, which also favors an uninstructed delegation.

The first contest will come in Illinois, where the state committee has endorsed Colonel Frank Knox, publisher of the Chicago Daily News.

**Would Be First Field**

The New Hampshire primary be the first field of conquest, March 10. But there seems no indication on the part of Borah or anyone else to test the strength of Knox in New Hampsire, his home for some years.

Both Knox and Borah have filed their names as presidential aspirants in the Illinois primary, April 14.

**Visited Hoover**

Some months ago, Knox visited former President Hoover in Palo Alto. This visit was followed by reports, which were denied, that he was waging a campaign for delegates to swing to Hoover in the convention.

Among all the candidates, the colonel has been the most active campaigner, so far. He has spoken in many states.

Governor Alf Landon of Kansas seems content with this situation, at least for the time being.

**"Front Porch" Campaign**

Some of the government's friends in the east have advised him not to enter any of the eastern states' primaries for delegates. They believe he will wage something of a "front porch" campaign for sentiment, and they predict he will gain a majority of the uninstructed delegates from such eastern states as New York, Massachusetts, Pennsylvania and New Jersey. That alone would make him a formidable factor in the convention.

Landon has been a "state's rights" dry. But his eastern friends suggest that might be off-set by giving second place on the ticket to a wet easterner of the type of James W. Wadsworth, of New York.

In the always-present list of "favorite sons" are two senators — L. J. Dickinson, of Iowa, the keynoter of the 1932 Chicago convention; and Arthur Vandenberg, of Mchigan. Some also discuss the availability of Supreme Court Justice Owen J. Roberts, of Pennsylvania.

(Tomorrow—Constitutional revision, an impending issue).

## Two Attempts Of Burglary Revealed

Two burglary attempts, one successful, were discovered by police around 5 o'clock this morning.

Members of the night automobile patrol discovered the break-ins and called owners of two stores in the west part of Lubbock.

Six cartons of cigarets were stolen from T. J. Sides grocery, 1010 Avenue U, Don Reeder, assistant police chief, said. Entrance was gained through a front door, glass in which was broken.

Although glass in a rear window of the Millsap grocery, 1007 Avenue V, was broken, the building apparently was not entered, Reeder said. No merchandise was missing.

Five burglaries occurred last weekend. One in which merchandise valued at $200, the largest amount of loot taken, has been solved with the arrest of a Lubbock negro at Slaton.

The hand of an Indian chief, cut off by an Indian Texas Ranger in a battle years ago, will be displayed at the Texas Rangers' exhibit during the state's centennial this year.

# FUGITIVE'S TROUSERS SNAG ON FENCE AND HE'S ARRESTED BY DALLAS COP

DALLAS, Feb. 21 (AP)—Louie Reneau, escaped prisoner from the Mount Pleasant jail, was recaptured here last night when his trousers snagged on a fence as he was fleeing from a policeman.

Reneau and another prisoner, Dick Carpenter, broke out of the Mount Pleasant jail last Thursday. The fugitives forced B. H. Ashby, Dallas oil man, to transport them five miles in his automobile. With Ashby at the time were Lee Walton of Oklahoma City and A. W. Tarrant of Tyler.

**Identifies Himself**

The recapture here of Reneau was due largely to Jack Kidwell, into whose wood yard he went after dark seeking warmth. When Kidwell saw the man, he invited him inside his office to warm himself. There, Reneau identified himself and Kidwell later notified police.

Reneau ran when Policeman J. I. Adams came to the wood yard. The officer and Kidwell pursued Reneau and caught him as he tried to climb a fence. The fugitive's trousers caught and he was taken to jail.

Reneau and Carpenter, convicts awaiting transfer to the state penitentiary at Huntsville, escaped after assaulting William Rountree, jailer, when he opened the door to their Mount Pleasant jail cell.

Reneau was under a five-year term for robbery and Carpenter was under two five-year sentences for auto theft and swindling.

## Has Farm Plan

Sharply opposed to a constitutional amendment to validate the AAA, L. J. Taber, master of the National Grange, is active in the battle for a new farm program. Taber offers a plan involving larger utilization of cooperative marketing, increased use of farm products in industry, and development of new crops. He urges the debenture plan to open foreign markets and a permanent land program.

## And Then Ren Gets Him Out Of Cistern

COMSTOCK, Neb., Feb. 21 (AP)—The proprietor of that China shop had a picnic compared to his dilemma, Ren Morse decided today.

Morse's bull fell into the cistern on his farm. It's 18 feet deep but held only about a foot of water.

Morse lowered a man to tie ropes around the bull's horns so he could haul him out. The animal attacked his would-be rescuer.

There was only one thing to do—let Mr. Bull cool off a few days. So Morse did it and then removed him with a hay stacker block and tackle.

# PERSONALS

Walter McDonald of Carlsbad, N. M., returned to his home Thursday after a three-day visit here at the home of Dr. and Mrs. Millard P. Swart, 2022 Sixteenth street.

Miss Louise Garrison, teacher in the Plemons school, is to be the week-end guest of her parents, Mr. and Mrs. J. E. Garrison, returning Sunday night.

Mrs. Virgil Lindley of Clovis, N. M., and her father, W. D. Storey of Albuquerque, N. M., will arrive here today to spend the week-end in the home of Mrs. Storey, 1611 College Avenue. Mrs. Lindley is the former Miss Helen Storey.

Garrett McKinnon of Hobbs, N. M., was a visitor Thursday night and a guest at the Sub-Deb formal dance.

Mrs. R. P. Beckham of 1910 Sixth street returned yesterday from Melrose, N. M., where she attended the funeral of her father, J. A. Davidson.

## Boles' Mother-In-Law Dies In East Texas

TYLER, Feb. 21 (AP)—Mrs. Nat J. Dobbs, prominent Tyler clubwoman and mother of the wife of John Boles, singing movie star, died here today.

The actor and his wife have notified relatives they will be here Sunday for the funeral, coming from New York.

## Texas Has Total Of 463 Planes

WASHINGTON, Feb. 21 (AP)—The Commerce Department has reported that of the 463 aircraft in Texas Jan. 1, 325 were operating on active department licenses and 138 were not licensed.

Its survey also disclosed the state had 723 licensed pilots, divided in this manner; transport, 459; limited commercial, 37; private, 201; amateur, 26.

The tabulation also showed the existence of three gliders and one glider pilot.

## L'Affaire Tnesba Creates Stir In Rhode Island

PROVIDENCE, R. I., Feb. 21. (AP)—L'Affaire Tnesba, involving a non-existent veteran to whom the Rhode Island senate on Tuesday voted a $100 bonus gave today signs of developing into a first class political rumpus.

Smarting under the "kidding" which the legislators have been subjected by a hoax, a Democratic senator Thursday afternoon introduced a resolution to create a committee of investigation to determine the responsibility for the introduction of the resolution to pay the bonus to Evael O. W. Tnesba, the mythical sergeant, whose name reversed gave away the secret.

The resolution was referred to the committee on special legislation when the Republican majority leader objected to immediate consideration.

# OIL TEST IS DELAYED MORE

## INTEREST LAGGING IN TALCO AS DELAY IS MADE IN DRILLING

(By The Associated Press)

MOUNT PLEASANT, Feb. 21—Operators of the Peveto wildcat test near Talco announced today that drilling in of the plug has been delayed again—probably until some time next week.

Indications of oil have been found already in this wildcat—located 60 miles from a proven oil field—but until the test has been completed it will not be determined whether oil exists in the Talco area in sufficient quantities to create a new field.

It had been planned to drill in the Peveto test this week. A previous delay had been announced last week. Operators of the wildcat attribute the continued delays to legal matters pertaining to titles.

**Deals At Standstill**

Lease and royalty deals, which flourished in the Talco area when the Peveto test was first reported to have shown favorable signs, were practicaly at a standstill today.

Several other tests are being drilled in the Talco section. A derrick is under construction on the King and Hughes 200-acre tract in the Asha Rinehart survey one mile and a half southwest of the Peveto test. Leases have been kept on this tract by the Humble Oil and Refining company for the last 10 years.

**Scouts Leaving**

The horde of oil scouts who rushed into the area when the Peveto wildcat first gave promise of bringing in a new field, have for the most part left the area.

Major companies, controlling extensive acreage in the vicinity of the Peveto test, are standing by to see what develops from the wildcat.

There was much conjecture as to whether oil existed in productive quantities in the Talco area. Optimists were inclined to think a rich field might be developed while a number of operators expressed doubts if any oil pool could be developed on a paying basis there.

## Transfer Made Of Houston Gardens

WASHINGTON, Feb. 21. (AP)—Resettlement Administrator Rexford G. Tugwell Thursday signed a contract for the first transfer of one of his community projects back to the people who live in it.

The project is Houston Gardens, five miles from Houston, Texas. It is intended to serve as a model for replacement of all Resettlement projects on local tax books.

Tugwell said 19 other projects are ready for sale to the residents through local corporations. Locations were not disclosed.

At Houston Gardens, 100 homesteads have been built on 320 acres. All residents were said to be employed in Houston, and the average salary of each head of a household is $1,131 annually.

The project cost the government $289,000, the homesteaders formed a corporation under the laws of Texas and agreed to buy the complete project from the Resettlement administration for $275,000.

The difference between cost and sale price, Tugwell said, is represented by parks, roads and public improvements made by the government which are to be deeded to the State of Texas.

## More Sub-Freezing Temperature Noted

Another sub-freezing minimum, 18 degrees, was reported this morning by Don L. Jones, superintendent of the state experiment sub-station. It represented a 46-degree range from Thursday's maximum of 64 degrees.

The minimum was slightly higher than Thursday. However, only two of the 21 mornings in February have shown a minimum above freezing.

Resumption of some out-of-door work was begun yesterday. Building lines have been hard hit, especially in the pouring of concrete and the laying of brick, through sub-freezing weather. Cement and mortar will freeze before it has time to set properly, if weather conditions are too cold, builders said.

## Gregg Oil Lease Sells For $650,000

AUSTIN, Feb. 24 (AP)—Sale of a Gregg county oil lease by the Burk Royalty company and others of Burkburnett to J. H. Edwards and H. H. Coffield of Rockdale for $650,000 was announced today.

The property, known as the T. and P. Railway and Kirkman lease and located in the Dillard survey, comprised 82 acres with 20 flowing wells, the last of which was completed last week.

Sale was for $175,000 cash and $475,000 in oil.

## Former Member Of Cabinet Is Dead

OAKLAND, Calif., Feb. 21 (AP)—Victor H. Metcalfe, twice a cabinet member in the administration of President Theodore Roosevelt, died at his home here last night. He was 52.

Metcalfe was serving his third term in the house of representatives from the third California district when he was appointed secretary of labor and commerce in 1904. Two years later he was appointed secretary of the navy, a post he held until 1908.

Opening of the new 40-foot road across Boulder Dam affords a number of new auto trips through the California and Arizona desert, as well as in southern Nevada.

## CROCKETT OFFICIALS ARE COMMENDED ON RELIEF ACTION

(By The Associated Press)

AUSTIN, Feb. 21—Crockett county commissioners drew praise today from Adam R. Johnson, relief director, for their declaration that local governments should shoulder relief burdens.

The court observed in an order pertaining to certain relief matters that it was "the duty of the several county governments to so manage their local affairs that just as soon as possible the county can notify the federal relief that federal help is no longer needed."

**Very Necessary Thing**

Johnson said the expression was "the first I have seen from any authoritative body anywhere proposing to do the very necessary thing that will have to be done by all the states and their subdivisions before we can even begin to liquidate 'this business of relief'."

Schleicher and Sutton counties joined with Crockett county in employing a welfare agent, a prerequisite to distribution of federal surplus commodities.

**As Temporary Expedient**

Commissioners said in the order they were "convinced that the federal relief was instituted as a temporary expedient to help municipalities to provide for their poor during the terrible depression."

Johnson contrasted Crockett county's attitude to that of more populous counties which complained sharply when state relief was arranged in a "close out program" to end by April 1.

In a letter to County Judge Chas. E. Davidson, Johnson said that "from its infancy the relief program has been a 'grab-game.' Influences governing both states and counties in expenditures," he said, "have been mercenary in that we are more concerned about how much money we were going to get . . . than we were in trying to accomplish the purpose for which all this money was being spent . . . End the dole."

# NAME CHANGE OF GROUP PROPOSED

The Plains Museum society will consider changing its name to the West Texas Museum association when it conducts its seventh annual meeting Feb. 28 in the engineering building at Texas Technological college.

Letters being sent throughout the area to society members and others interested in a museum at the college carry the information that the executive council of the society will submit the new title. Forwarded by Miss Dorothy Rylander, secretary, the letter reads:

"This change . . . has been suggested for the following reason. During summer months various prominent men from surrounding counties cooperated with Dr. W. C. Holden in securing a grant of $25,000 for a museum at Lubbock as part of our Centennial celebration. This group worked under the name of the West Texas Museum association but there appears to be no real organization of that name, yet we are anxious to keep (this group) held in a close-knit organization. Therefore it appears to our advantage to change our name . . . to that of 'West Texas Museum association.'"

An afternoon session a buffet supper in the lounge of the women's dormitory, and an evening session have been scheduled on the program for the annual meeting. Dr. Leroy T. Patton of the college is president of the society.

In connection with the meeting, an art exhibit will be sponsored with awards to be presented during the evening session by F. A. Kleinschmidt, college professor.

son. "Mr. Kellogg has spoken of fresh evidence. I believe it would be advisable to hear that at this time, I yield to Mr. Kellogg."

"That will be all, Anne." The judge nodded to her, and as she passed on her way to her chair he patted her shoulder and smiled.

Immediately Ansel Kellogg asked for one Leighton Jones to be called as witness, and a moment later a tall, grim-visaged man appeared at the door. Anne started. "Buttons," she whispered. The man looked down and smiled, then went on to the witness chair.

"Your name?" asked the clerk.

"Jones, sir, Leighton Jones, but known to the family as Buttons."

"What family, Mr. Jones?" asked Kellogg.

"The family of the late Luke Farnsworth, sir. I worked for him for fifteen years."

"Then you know the defendant in this case?"

"I do sir, and a finer little lady—"

"I understand and agree," interrupted Kellog laughing. "Buttons, when did you leave the Farnsworth home?"

"As soon as those people made it so uncomfortable Miss Anne had to leave. None of us would stay on, sir."

"How soon after she left did you leave?"

"The next day, sir, March eleventh it was, sir."

Judge Kellogg turned to Lenholm, then to the clerk of the court and asked for exhibit A. With the revolver in his hand he showed it to the witness. "Have you ever seen this weapon before?"

"Yes, sir, declared the man emphatically, "many times, sir. Mr. Luke always kept that in his room, in the bottom drawer of his chiffonier where he kept his pajamas."

# EIGHT ARE OUT FOR TECH POSTS

Petitions of eight students at Texas Technological college for candidacy to student publication offices were accepted by a quorum of the 24-member student council Thursday night.

Students will be elected for editor and business manager of both the Toreador, newspaper, and La Ventana, yearbook.

Elections will be conducted next Friday, when four voting places will be set up for convenience of the entire student body.

Candidates are Burnice Walker, Fred Griffin, Thomas J. McWilliams, Wilson Grimes, Jim Lindsey, Clay Thompson, Winston Reeves, and Leonard Curfman.

The council delegated its president, Leon Ince, to represent the college Friday and Saturday of next week at Austin at a student government conference.

**SAILING FLEET SURVIVES**

HELSINGFORS (AP)—Captain Gustaf Erikson of Marienhamn, Finland, has announced that his "windjammer" fleet of 26 sail, with a gross tonnage of 68,670, still is holding its own in world commerce. Five of the largest recently were sent to Australia.

## *Gulf Unifies Its Various Companies*

NEW YORK Feb. 21 (AP)—The Sun said today it had learned the Gulf Oil corp. controlled by the Mellon interests of Pittsburgh, has put into effect a consolidation plan under which certain producing, refining and pipe line operations have been merged into one unit, the Gulf Refining co., of Delaware.

The parent company has taken over others and will operate them directly. By this step the Gulf Oil corporation, it was said, becomes the first of the major oil companies to unify its organization as a means of effecting tax economies under the new income tax laws.

The corporation has assets of about $422,000,000.

TUNE IN JUDY AND JANE on the Air at 1:45 P. M. Every Day Except Saturday and Sunday. Presented by Folger's Coffee Over Station WFAA

WHY FOLGER'S COFFEE IS DIFFERENT.. TASTES BETTER..AND SAVES YOU MONEY

**How Is Folger's Coffee Different?** It has a much richer flavor . . . a clear, wine-y tang . . . the taste is sharper, keener—not flat like ordinary brands. And it's so much more *satisfying!*

**Why Is Folger's Coffee Different?** Because it is mountain grown. Sparkling sunshine . . . clear air . . . rich volcanic soil . . . abundant rainfall, *grow more flavor into the coffee berries.* Very little of the world's coffee is mountain grown. It costs more to cultivate and market. Because the experts agree it is the finest coffee, they pay more for it. And so you are justified in paying a few pennies more for Folger's than for the lowland variety.

**How Can Folger's Coffee Cost Less To Use?** Because the richer flavor goes so much further. You use less. Most people use one-fourth less.

**One Pound Will Prove Folger's Richer Flavor . . . Its True Economy.** Order Folger's next time you see your grocer. You'll soon see why it's served on trains and planes, and in the finest hotels, clubs, restaurants, and homes.

**GOOD IDEA . . .** Start using Folger's and get more enjoyment out of life. Folger Coffee Company, Kansas City—San Francisco.
