Human Development Center Possible by September 15

A Wellington Center for Human Development will become a reality if there are a sufficient number needing its services, and indications are that this number can be met.

The announcement by County Judge Zook Thomas followed a meeting of two officials of the Amarillo State Center for Human De-

velopment with a group of interested local citizens Monday, August 16.

Here to explain the program were Bobby C. White, director of the Amarillo center, and James McWhorter, staff services officer.

The purpose of their visit they pointed out, is to inform the group of the services available and to tell what can and cannot be done for the exceptional child or adult.

The target date for opening the center is September 15.

A human development center is to help those with learning or social disabilities, both children and adults, to realize their full human potential.

There will be no financial outlay for the county, Judge Thomas pointed out. It would come under the supervision of the Amarillo State Center for Human Development, which is an agency of the Texas Department of Mental Health and Mental Retardation. As such, the financing is from appropriations by the State Legislature.

The community, however, would be responsible for a location for the center, but this should pose no problem, Judge Thomas believes. The community would also be responsible for volunteers to assist the teacher, the utilities, provision of lunches and some equipment such as tape recorders.

Mr. White explained that the center would operate with two groups, pre-school children and Post-school children or adults.

Pre-school children will be taught self help, the development of language and social skills and physical activities.

Older students, who are not eligible to attend the public schools, will receive pre-vocational training, with attention to socialization problems and interaction with other people. If it is found that a student at the center

Loose Horses, Ponies to Be Impounded

The Sheriff's department has received numerous complaints recently of horses and small ponies running loose in Wellington, and Sheriff John Rainey this week announced that Ordinance No. 245, covering animals running loose in town will be enforced.

Horses or ponies found running loose will be impounded and if they are not claimed, they will be sold, the sheriff's office said.

Those taken in custody by the impounding officer will be held for five days unless redeemed. A pound will be set up within the city, according to Deputy Alvin Minatrea.

The ordinance provides also that any person wilfully violating provisions of the ordinance shall be guilty of a misdemeanor and upon conviction shall be fined not less than \$5.00 or more than \$100.

Persons who interfere in any way with the impounding of any animal as provided in the ordinance after the animal has been taken into custody shall also be guilty of a misdemeanor and shall be fined not less than \$5.00 or more than \$100.

This ordinance has been on the city's books since 1934.

CHARTER PRESENTATION

Joe Parker, national service officer for the Disabled American Veterans, presents the charter to Bill Graves, commander of the newly formed Post 185, Wellington. The ceremony took place Friday, August 13.

Officers Installed

DAV Receives Charter on Friday

The newly formed Post 185 of the Disabled American Veterans installed officers and received its charter Friday evening, August 13. Joe Parker, national service officer, conducted the ceremony.

The new commander is Bill Graves of the China Grove community, who has taken the lead in securing a DAV post to serve this part of the Panhandle.

Installed with him Friday evening were Horace Moore, senior vice commander, and W.D. Stanley, junior vice commander. Both are from Wellington.

Regular meetings will be held on the third Monday of each month, at 8:00 p.m. in the county court room.

An effort will be made to enroll every eligible ex-service man in the area, Mr. Graves said. The only requirements for eligibility are that a man have a service-connected disability, and an honorable discharge from the branch of military service to which he belonged.

This chapter will serve more than Collingsworth County, the commander continued. Already there are a number of members from Shamrock.

Men who have already taken out membership are Howard Holton, Wheeler D. Stanley, Ernest Rountree, Trinidad Cantu, Gerald D. Ray,

Crop Prospects Mount as Moisture Continues

Prospects that this will be one of the better crop years of recent times continues to mount in the south half of Collingsworth, as rains still fall through that area.

But the pattern follows that set with the first rain: moisture covers the south half of the county. The north half remains dry and in some communities, feed is beginning to burn.

Cotton could use some hot weather, for this has been one of the coolest Augusts experienced here in recent years. On the other hand, the grasslands can use still more rain.

Wellington itself has received 1.30 inches in the last week and approximately 4 inches for the month of August, according to Hurshel Pruitt, Weather Bureau observer.

However, the rains continue to be spotted. Charley Caldwell, east of town, reported 2.8 inches in a two-hour period Friday, August 13, and a total 7.5 inches.

Southeast of Wellington, J.B. Killian reported that since Sunday, August 8, he has received about 6 inches where he lives in the Fresno community. To the south,

land he works along the county line has received from 7 to 7.5 inches.

Mr. Killian pointed out that rains continue to be spotted in that area, some sections receiving more than he has, some less.

Crops continue to look good although cotton is going to have to grow some, he said. Feed looks real good in that area.

Dodson has received approximately 5 inches altogether and an inch in the last week, according to him.

Enrollment Thursday, Friday

Wellington Schools Begin Classes Mon.

Wellington Schools will open Monday, August 23, with a full schedule of classes planned for that day, Supt. Thayne Amonett announced this week.

Registration will be on Thursday and Friday, August 19 and 20, and Mr. Amonett urged that all parents see that their children are enrolled at the designated time on those two days.

He gave one other pertinent reminder to parents, urging that they get their children started on the required immunization program before the opening of school. This year for the first time, these immunizations are required: polio, diphtheria-

tetanus, measles, rubella, and small pox.

He also repeated the registration schedule:

Elementary School: Thursday, August 19: 9:00 a.m. to 12:00 noon, first and second grades; 1:00 to 3:00 p.m., third and fourth grades; Friday, August 20: 9:00 a.m. to noon: fifth grade.

Junior High and High School: Thursday, 9:00 to 11:30 a.m., eighth grade and seniors; 1:00 to 3:30 p.m. seventh grade and juniors.

Friday, 9:00 to 11:30, sixth grade and sophomores; 1:00 to 3:30, freshmen.

Buses will run their regular schedule.

Weekly Events

Cycle Racing Has Many Enthusiasts

The fastest growing sport in Collingsworth County for both riders and viewers is motorcycle racing, and it has drawn contestants from 6 to 81 years of age.

Races are sponsored each Sunday afternoon by the Red River Riders, a motorcycle club headed by Lynn Derryberry. They begin at 2:30 p.m. and are held on a course laid out on the C.A. Wilbur farm south of town.

This is ideally situated for racing since part of it is across terraced land and the remainder in other rough terrain.

Classes are set up for all types of cycles, from minibikes to the big ones.

The oldest person to compete so far is a Mr. Taylor, of Hollis, who is 81, and who comes over regularly, according to Billy Mosley.

The youngest is a 6-year-old girl mini-biker from Amarillo.

Approximately 100 cycles have been competing each Sunday and crowds number about 200 and are growing.

The races are open to anyone wanting to participate, and the public is invited to come and watch.

Students May Qualify for Free Lunches

Officials of the county's three school districts, Wellington, Quail and Samnorwood announced a free and reduced priced lunch policy for children of the districts unable to pay the full price during the 1971-72 term.

Families falling within the income scale approved, or those suffering from unusual circumstances or hardships are urged to apply for these free or reduced price lunches for their children.

Applications may be submitted any time during the school year. The information provided on the application will be confidential and will be used only for the purpose of determining eligibility.

Under the provisions of the policy the superintendent of the schools will review applications and determine eligibility. If a parent is dissatisfied with the ruling of the local official, he may make a request for a hearing to appeal the decision.

The appeals are: John Sherman, president, Wellington School Board. Jim Ray, president, Samnorwood School Board.

Carl Wischkaemper, president, Quail School Board. A complete copy of the policy is on file in each school in the office of the superintendent.

The Wellington Independent School District is publishing on another page an advertisement giving the scale.

SANDRA MCGILL

Sandra McGill in Wheatheart Event

Sandra McGill, 18-year-old dark-haired beauty, will represent Collingsworth County in the Wheatheart of the Nation pageant in Perryton Saturday, August 21.

In vying for the title, she is seeking the honor already held by two Collingsworth girls.

Opening the festivities will be the parade at 9:00 a.m., in which the Wheatheart contestants will ride. Sandra and the other girls will be honored at a luncheon, when they will meet and visit with the judges.

The contest itself will be at 8:00 p.m. in the Perryton High School Auditorium.

The girls will be judged in both swim suits and formal on the basis of beauty, personality, poise and figure.

The new Wheatheart of the Nation will be crowned by Miss Sheri Kinzer of Grandfield, Oklahoma, who now holds the title.

The winner will receive a \$1,000 college scholarship, while the first and second runners-up will receive scholarships valued at \$500 and \$250 respectively.

Sandra won the right to represent the county in the Wheatheart Pageant when she first was named runner-up in the Miss Wellington contest, then

the winner of that event, Debbie Neeley, was unable to participate in the Perryton event. Sandra is the immediate past Farm Bureau Queen.

FU Sends Two to Senior Youth Camp

The Texas Farmers Union during the week of August 2-6 sponsored a senior youth camp at Butman Methodist Camp in Taylor County. Twenty-seven campers and staff attended the camp. Ten counties were represented.

Attending the camp from Collingsworth County were Dianne Barefoot and Lyna Coleman of Samnorwood.

Camp Directors were Mrs. Phil Smith of Panhandle and Mrs. Donald Wooten of Crosbyton. Miss Andrea Wooten of Crosbyton was Recreational Director.

Recreation enjoyed was swimming, volleyball, softball, and folk dancing. Class discussions included a general review of the structure and goals of a cooperative. A camp co-op fruit

Ladybugs Clear Dodson Fields of Harmful Insects

Ladybugs, not insecticides, will do the job of cleaning up damaging insects in crops for a number of Dodson farmers this year.

Those living both north and south of that town are experimenting with the bugs, which are flown in from California, and so far they are pleased with results.

"We are just experimenting, but they are really cleaning up on fleas and thrips and worms that are just starting. We think they help more than anything we've tried," said Kenneth Hudson, one of those using ladybugs.

He explained that one gallon of ladybugs will cover 40 acres.

Kenneth Norman is handling the ordering from a California firm. So far, he has picked up three orders, each

of about 60 gallons. They are flown in and arrive in good condition, said Mr. Hudson.

"The cost is a lot cheaper than spraying with insecticides," he continued. The cost is \$12.50 per gallon, and again he reminded that this will cover about 40 acres.

County agent Don Reeves said the ladybugs work best on young insects, but when used elsewhere, they have done a good job in cleaning up harmful insects. While weevil have not appeared in cotton fields here, they are effective on weevil, too.

Hall County farmers have used ladybugs several years, Mr. Reeves said.

Mr. Hudson said several years ago, they were used to clean up greenbugs in wheat in the Altus area with good results.

1971 SKYROCKET CHEERLEADERS

This year's Wellington High School cheer leaders returned Friday from the 1971 Southern Methodist University Cheerleader School, directed by L. R. Herkimer. New routines and yells they learned will be introduced with the opening of the football sea-

son. From left, they are Annabell Harris, sophomore; Jan McGill, junior; Head Cheerleader Leigh Nall and Mary Saied, seniors; Landi White, junior, and Edi Watkins, sophomore.

Slick Highways Need Driving Care

AUSTIN—The current drouth conditions in Texas won't last forever and when the dry spell ends, many Texas motorists may find themselves involved in a wet-weather driving accident.

Wet-weather driving is different, an extensive research project conducted by the Texas Highway Department indicates.

But it need not be as dangerous as the rash of accidents that always seem to happen as soon as the rain starts to fall.

The Highway Department study points toward several actions the motorist can take for his own safety when driving in the rain:

—Slow down.

—Avoid sudden stops and driving maneuvers.

—Make sure tires are in good condition.

The tips are just plain common sense, but, unfortunately, not everyone uses common sense when it rains.

For example, the Highway Department researchers found that high speeds loom large among the factors involved in wet weather accidents.

Checks made by the re-

search engineers indicated that the average motorist diminishes his normal dry pavement speed by only a few miles per hour in the rain.

But a slight decrease in speed will not provide a good margin of safety in rainy day driving. For one thing, it can take as much as four times more distance to stop on wet pavement than on dry.

Tires are another factor in wet-weather accidents that the driver can do something about.

The Highway Department studies, based on analysis of 500 wet weather accidents which occurred in a 10-county area of Central Texas, shows that slick tires can be murder.

Researchers say tread depth of all four tires should be at least 2 32 of an inch. Any less, and there is real danger of skidding or hydroplaning.

Hydroplaning occurs when a thin film of water builds up between the pavement and the tire. When the tire does not have good contact with the traveling surface, of course, the driver has no control over his car.

Through research, Highway Department engineers have found ways to improve the roadways for driving in adverse conditions. They have found ways to improve curves; they have found ways to improve the cross section of the roadway so that water can drain faster; they have found ways to develop new skidding resistant surfacing material and many other improvements.

Spray Mist Relieves Plant Water Deficit

COLLEGE STATION.— Application of a mist spray can relieve water deficits in plants and boost yields up to 60 percent, members of the American Society of Agricultural Engineers learned during their recent annual meeting at Washington State University.

The technique was described in a paper written by T.A. Howell, research associate; E.A. Hiller associate professor of agricultural engineering; and C.H.M. Van Bavel, soil and crop science professor, all of Texas A&M University.

Their experiment involved mist irrigation of southern peas grown in soil on which the surface was protected from moisture and only the plant received the spray. The engineers said they have "direct evidence that the plant water balance was effectively controlled by mist irrigation, and mist irrigation relieved internal water deficits, resulting in a large yield response of up to 60 percent under conditions similar to those in normal fields."

The key to the benefits is the increase in water content of plant leaves, which lose water to the roots by transpiration, even when soil moisture is adequate.

Felix Aguirre of Kyle Dies

Felix Aguirre, 62, of Kyle, died recently in Brackenridge Hospital, Austin, after a short illness.

He was the brother of Frank Aguirre and a brother-in-law of J.M. Romo, who attended the funeral. He and his family lived in Wellington about 5 years during the 1950's.

He was a member of St. Joseph's Catholic Church in Kyle.

Survivors include his wife, Mrs. Mary Ann Aguirre; four sons, Antonio, Mack, Felix, Jr., and Frank who is with the U.S. Army at Bardskurak, Germany; and five daughters, Juanita, Cornelia, Mrs. John Vela, Mrs. L. Martinez and Mrs. T. Martinez, all of Kyle; his mother, Mrs. L. Aguirre; and two brothers, Miguel Aguirre of Lockhart and Frank Aguirre of Wellington.

Questions People Ask About the Catholic Church

WHEN IS A PRIEST CONSIDERED ON DUTY?

24 hours a day, 365 days a year, from ordination to death. He's a professional, like a doctor or a policeman, and is always available to his people.

IF A PROTESTANT WERE IN AN ACCIDENT OR VERY ILL IN HOSPITAL, AND HE ASKED FOR A PRIEST, WOULD ONE COME TO HIM?

Most certainly! I have been called to the bedside of Protestants, Atheists, Communists, and even pagans, in past years. A priest's services are available to all people who ask for them. Most of us will, out of courtesy, call the person's minister or rabbi first, and find out if the visit from the priest would be in order.

IS THE CATHOLIC CHURCH ANTI-SEMITIC?

That would be hard to imagine, seeing that She was founded by a Jew, and is descended from the Chosen People of Israel. In the Church, as in all denominations, there are people who are anti-something-or-other, but these people are far from being good practicing Catholics. One cannot be a good Catholic or Protestant, and be prejudiced against any person or group of people. Jesus told us all to "love one another"...

Services Held Friday for M. F. Breedlove

A former county farmer, Marion Frank Breedlove, 71, of Silverton, died in a Plainview hospital Wednesday, August 11, following a brief illness.

Born in McMullen County January 5, 1900, Mr. Breedlove grew up in this area. He was married to Miss Annie Jane Manney on December 5, 1920, in Hollis. Their first home was at Madge, then from 1924 to 1926, they lived at Plainview. He farmed north of Hollis until 1953, when he and Mrs. Breedlove moved to the Lone Star community near Silverton.

Funeral services were conducted at 3:00 p.m. Friday in First Baptist Church in Wellington, with the Rev. Hoyt Ellis, pastor of the Antioch Baptist Church at Arnett officiating. Burial was in Memorial Gardens, Wellington, with the local arrangements by Kelson Funeral Home.

Survivors include his wife; three daughters and five sons: Mrs. Glenn Elliot, of Hollis, Mrs. W.C. Fox of Houston, Mrs. Jinnie Smith of Andrews, Marion Breedlove, Jr., of Amarillo, Fate Breedlove of Houston, Norvell Breedlove of Tulsa, Guy Breedlove of Silverton and Dan Breedlove of Lewisville.

Other survivors are four brothers and two sisters: Abe Breedlove and Jay Breedlove of Amarillo, Robert Breedlove of Memphis, Virgil Breedlove of Wellington, Mrs. Albert Atkins of Vinson and Mrs. Aubrey Rennison of Stillwater, Oklahoma. There are 11 grandchildren and two great grandchildren.

Some Disabled Veterans Due Special Tags

AUSTIN - Details of a new program which will provide free 1972 automobile license plates to some disabled veterans were revealed today by the Texas Highway Department.

The program was set up by an act of the 62nd Legislature.

To qualify, an applicant must:

- Be a Texas resident;
- Be a veteran of the armed forces of the United States;
- Have a disability rating of 70 per cent or more;

-Be drawing compensation from the federal government as the result of service-connected disability.

A qualified veteran is entitled to register one passenger car or light commercial vehicle with a manufacturer's rated carrying capacity of one ton or less for his own use without paying the prescribed registration fee. There is a statutory fee of \$1 which must accompany each application.

Specially designed license plates will be issued with the letters "DV" appearing as either a prefix or suffix to the license number. The words "Disabled Vet" also will appear on the plates.

Vehicles with Disabled Vet plates will be exempt from paying parking fees charged by any governmental authority other than the federal government. This includes parking meters.

The license plates will not be available until the beginning of the 1972 registration year. The law provides that the disabled veteran must make application by October 1 preceding the registration year for which the plates are requested.

All Disabled Vet plates will be issued directly from the Motor Vehicle Division

County Has Three Rural July Accidents

The Texas Highway Patrol investigated three accidents on rural highways in Collingsworth County during the month of July, according to Sergeant Jack Therwanger, Highway Patrol Supervisor of this area.

These crashes resulted in no persons being killed and three persons injured.

The rural traffic accident summary for this county during the first seven months of 1971 shows a total of 20 accidents resulting in one persons killed, and 12 persons injured.

The July accident summary for nearby counties includes: Childress: 7 accidents, one injured, no deaths.

Cottle: four accidents, no deaths, one injured. Donley: 7 accidents, 5 deaths, 14 injured.

Gray: 22 accidents, no deaths, 6 injuries.

Hall: three accidents, no deaths, two injuries.

Hemphill: three accidents, no deaths, two injuries. Wheeler: 11 accidents, four deaths, three injuries.

Campbell Goes to Vanderbilt

Jimmy Campbell, who received his degree this spring from Texas Tech University, has been accepted by Vanderbilt University School of Law in Nashville, Tennessee.

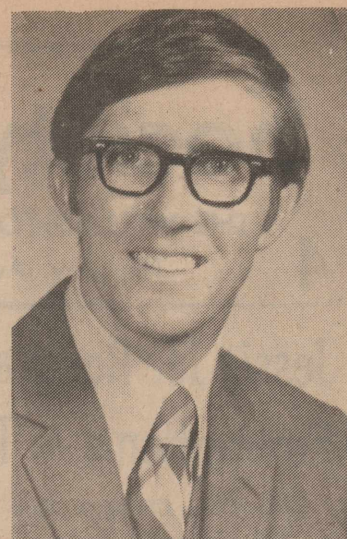

The fall semester will begin August 26.

He and his wife, the former Micky Ann Kendrick, will move to Nashville next week.

Campbell also was selected for the Judge Advocate General Student Program of the U.S. Navy earlier this summer.

In this program, he is deferred from active military duty until he completes his three-year course at the law school. At the time he will be commissioned in the Judge Advocate Corps and serve a four-year enlistment.

Campbell is the son of Mr. and Mrs. Cliff Campbell, and

JIMMY CAMPBELL

graduated from Wellington High School as Valedictorian of his class.

In Tech, where he received a B.A. Degree in English, he was on the Dean's List and a member of Phi Kappa Phi, honorary scholastic fraternity.

Mrs. Campbell, daughter of Mr. and Mrs. Mickey Kendrick, also attended Texas Tech.

Tell Earnings to Social Security

If you're a student receiving social security benefits and you work after school or during the summer, be sure to let social security know if your earnings will be more than \$1680 for the year," said Travis C. Briggs, social security district manager of Amarillo.

"Although benefits are still payable for any month when earnings are \$140 or less and the student doesn't work in his own business, some benefits may not be payable for other months if the total yearly earnings exceed \$1690," he continued.

"The student and the person receiving benefits on his behalf share responsibility for keeping the Social Security Administration aware of earnings that will affect benefit

payments," Briggs stated. "You should telephone your nearest social security office when you take a job, if you expect your earnings to be more than \$1680," he said. "Another report to verify those earnings is due between January 1 and April 15 of the following year."

Calls may be placed with the Amarillo social security office at 376-5151 between 8:15 a.m. and 4:30 p.m. each week-day.

daughter to the altar.

She wore a formal gown of white bridal satin with a high neckline, empire bodice and long full sleeves with wide cuffs. Scalloped trim and buttons marked the front of the dress and the scalloped motif edged the train. Following tradition, she wore a gold wedding band which had belonged to her great grandmother and which now belongs to her mother. Her elbow length veil of French illusion fell from a cluster of lace petals, outlined with seedpearls. She carried a cascade of yellow roses.

Mrs. Charlie Excoto of Amarillo was matron of honor. Bridesmaids were Miss Miss Roseann Urbanczyk and Miss Theresa Nolan. They wore gowns of mint green miramist in empire style, with long sleeves. Each wore a single mint-green rose with a veil cascading in the back as her headress.

Mike Zamora of Panhandle brother of the bride, was best man. Groomsmen were Richard Maggi and Gilbert Zamora, also a brother of the bride. Ushers were Joel Urbanczyk and Junior Garcia of Borger.

After the ceremony, a reception honored the couple in the Heritage room of the First National Bank in Panhandle. Miss Yvonne Garcia presided at the guest register. The bride's table, laid with a white cloth, was centered with the bouquets of the bride and her attendants.

Members of the house party were Miss Julie Maggi, Miss Clara Looten, Miss Theresa Looten, Mrs. A.J. Looten and Mrs. Willie Bishel.

Later the couple left on a wedding trip to New Mexico and Arizona and they will be at home at Apartment 7, 5626 East 26, Tucson, Arizona.

The bride was graduated from Panhandle High School and attended West Texas State University. The bridegroom received his education in the Wellington Schools.

MRS. GEORGE HOOTEN

Mr., Mrs. George R. Hooten to Live in Shamrock After Aug. 14 Wedding

George R. Hooten took as his bride Miss Shirley James in a ceremony preformed in First Baptist Church Shamrock Saturday, August 14, at seven-thirty in the evening. The Reverend Lee Hillon, pastor of Samnorwood Baptist Church, officiated.

Parents of the couple are Mr. and Mrs. L.G. James and Mr. and Mrs. George S. Hooten, all of Shamrock. The bridegroom's parents formerly lived here.

Wedding selections were presented by Mrs. Lester Ramsey, vocalist, and Bill Franklin organist, both of Shamrock.

Decorating the altar area were two half-moon candelabras holding yellow votive candles. A basket of chrysanthemums and daisies was at the center, and a prayer bench completed the setting.

Given in marriage by her father, the bride wore a formal floor-length wedding gown of organza and Chantilly lace over bridal taffeta, designed with a high neckline, empire waist and Camelot sleeves. The semi-S-line silhouette was achieved with back fullness. Insets of lace enhanced the neckline, bodice sleeves and skirt of the gown. Her mantilla of imported illusion was bordered with lace and fell from a lace coil. She carried a bouquet of white carnations and daisies, and tied with love-knots.

Attending the bride were Miss Rieke Gilbert, maid of honor, and Miss Teresa Campbell and Linda Lowe, the latter a cousin of the bridegroom. All are from Shamrock.

They wore yellow satin dresses in empire style, accented with daisy trim and short sleeves. Yellow pill box hats held matching net veils. They carried nosegays of white daisies tied with long yellow streamers.

Kenny Black of Wellington was the best man and ushers and groomsmen were James Hooten, brother of the bridegroom, David Lang and Con Allison of Shamrock and Mike Peters of Wellington.

Nieces of the bride, Mailene and Vicki Evans of Mineral Wells, were flower girls while the ring bearer was Bo Lowe, cousin of the bridegroom.

After the ceremony, Mr. and Mrs. James were hosts at a reception honoring the couple.

The bride's table was covered with a white net cloth with an avocado underlay. An arrangement of yellow daisies formed the centerpiece. Miss Margaret Morgan served the wedding cake and Miss Freida Crossland poured.

Both the bride and bridegroom are graduates of Shamrock High School.

The bridegroom also attended school in Wellington.

After a wedding trip to points in Texas, the couple is at home at 115 South Nebraska, Shamrock.

Debbie Parrish, George Ed Bruton Marry in Church Ceremony Aug. 6

The Shamrock Church of Christ was the setting for the wedding of Miss Debbie Parrish and George Ed Bruton at eight o'clock Friday evening, August 6. Minister Ralph Weinhold, Jr., officiated.

Parents of the couple are Mr. and Mrs. Victor Parrish of Shamrock and Mr. and Mrs. Bill Bruton, who live in the north part of the county. He is the grandson of the late Mr. and Mrs. Edgar Wischkaemper.

Altar decorations were an arch formed with candelabras entwined with smilax, centered with a basket of yellow chrysanthemums and pom poms.

Wedding selections were presented by Mrs. Ann Killingsworth, vocalist.

The bride, given in marriage by her father, wore a floor-length wedding gown of white bridal satin with lace appliques and seed pearls.

The fitted bodice featured a high neckline, while the full skirt swept into a train in the back. Her shoulder length illusion veil was attached to a tiara encrusted with seed pearls, and she carried a bouquet of white carnations, tied with satin streamers, atop a white Bible.

Miss Conner Miller of Tahoka, cousin of the bride, was maid of honor, while the bridesmaids were Miss Loretta Leper of Brice, and Mrs. Kathy Hawley, cousin and aunt of the bride.

Kimmy Hawley of Memphis was the flower girl.

The attendants wore floor-length dresses of yellow dotted swiss, designed with empire waistlines, and long fitted sleeves. Their elbow length yellow illusion veils were held by matching bows. Each carried a long stem yellow carnation.

Glen Bruton, brother of the bridegroom, was best man. Groomsmen were Ronald Carter, Larry Waters, while Larry Oldham and Kim Janes ushered. Joe Brooks was the ring bearer.

After the ceremony, reception guests were received in the church fellowship hall.

The bride's table was covered with a white cloth with yellow underlay. Her bouquet with yellow tapers formed the center piece. Miss Linda Taylor served the cake and Miss Bess Grimes poured.

The groom's table, covered with a white cloth, was centered with yellow roses. Mrs. Larry Waters served the coffee and Miss Rosa Oldham the fruit cake.

Mrs. Hawley registered the guests. The bride was graduated from high school in Shamrock and the bridegroom at Samnorwood.

Since returning from their wedding trip, they are at home in Shamrock.

MRS. HARRY J. GARRISON

Janis Smith and Harry J. Garrison Repeat Vows in St. Patrick's Church

Miss Janis Elaine Smith became the bride of Harry J. Garrison in a nuptial mass at St. Patrick's Catholic Church in Shamrock Saturday, August 14, at six o'clock in the evening. The Reverend Ludo Van Leeuwen was the officiant.

The bride is the daughter of Mr. and Mrs. William L. Smith, 1109 Arlington Street while the bridegroom's parents are Mr. and Mrs. H.J. (Jack) Garrison of Shamrock. Wedding music was presented by Mrs. Jesse Peters, organist, who also accompanied Mrs. W.E. Anders as she sang.

Danny Greenway escorted his sister-in-law to the altar. The bride's formal length gown was of silk organza and antique Chantilly lace over peau de soie. The lace, re-embroidered with seed pearls, covered the empire bodice and the long sleeves were cuffed at the wrists. Lace motifs were repeated on the hemline of the skirt. Her headpiece was of lace petals and seed pearls and lace appliques enhanced her veil of silk illusion. She carried a bouquet of white carnations and stephanotis, tied with satin streamers.

The bride's attendants were her sister, Mrs. Danny L. Greenway, matron of honor, Miss Pat Garrison and Miss Pam Garrison of Shamrock sisters of the bridegroom.

Their floor-length gowns featured matching headpieces, with the honor attendant wearing pink and the bridesmaids azure blue.

The bridegroom's brother, Larry Garrison of Shamrock, was his best man, while the groomsmen were Richard Porter and Bud Kidwell of Amarillo. Ushers were his

brother-in-law, David Cross of Wheeler, and his cousins, John Hogan of Lawton, Oklahoma, and Robert O'Gorman of Amarillo.

Monica and Michelle Cross of Wheeler, nieces of the bridegroom, were flower girls, and ring bearers were Suzanne Greenway of Wellington and Roger Cross of Wheeler, niece and nephew of the couple.

After the ceremony, Reception guests were received in the parish hall.

The bride's table was covered with a blue net tablecloth and centered with an anniversary candle.

Members of the house party were Mrs. Richard Porter and Mrs. Robert O'Gorman and Miss Janis O'Brian of Amarillo. Miss Linda Topper of Amarillo registered the guests.

Upon returning from a wedding trip to points in Colorado, Wyoming and New Mexico, the couple will be at home in Canyon, where both are students in West Texas State University.

For each additional family member, add: \$460 per year to the income level.

Eligibility determinations are made on a family basis, that is, all the children in the same family attending schools under the jurisdiction of the same school food authority are to receive the same benefits, a free lunch or a reduced price lunch, not some a free lunch and some a reduced price lunch.

Families falling within these scales or those suffering from unusual circumstances or hardships are urged to apply for free or reduced price lunches for their children. They may do so by filling in the application forms sent home in a letter to parents. Additional copies are available at the principal's office in each school. Applications may be submitted any time during the school year. The form itself is simple to complete and requests information needed to determine economic need based on the income and number of persons in the family and any unusual circumstances or hardships which affect the family's ability to pay for school lunches. The information provided on the application will be confidential and will be used only for the purpose of determining eligibility.

Under the provisions of the policy the Superintendent of Wellington Schools will review applications and determine eligibility. If a parent is dissatisfied with the ruling of the local official he may make a request either orally or in writing for a hearing to appeal the decision. Mr. John Sherman, President, School Board, whose address is East Avenue, Wellington, Texas 79095 has been designated as the Hearing Official. Hearing procedures are outlined in the policy.

The policy also provides that there will be no identification of or discrimination against any student unable to pay the full cost of a lunch.

A complete copy of the policy is on file in each school and in the office of the Superintendent of Wellington Schools, where it may be reviewed by any interested patron.

BRANDS

Livestock owners need to record all livestock brands and marks with county clerk's office after August 30, according to the new brand law passed in the last session of the Texas Legislature.

Under the new law all brands now recorded will expire six months after the effective date of September 1, 1971 through February 29, 1972.

This means that persons now using a registered brand or mark must register within this six-month period (September 1, 1971 through February 29, 1972). After this time any unrecorded brand becomes available on a "first come" basis. The brands and

marks must be re-recorded every 10 years.

Periodic reregistrations are enacted to clear the records of brands no longer being used.

FERTILIZATION RATES

Proper rates of fertilization should be a major concern of producers who intend to plant small grains, winter pastures, or other fall crops.

High crop yields or successful grazing cannot be realized without adequate soil fertility and most soils in Collingsworth County are low in one or more nutrients.

Soil tests are the most accurate indicator of what nutrients are available and which

ones are in short supply and should be the basis for developing fertilizer programs.

If test results and recommendations are to be reliable the soil sample must be carefully taken. A core or slice of soil should be taken from 10 to 15 spots in the average field. The cores or slices should be placed in a clean container and thoroughly mixed before taking out the sample to represent the field.

Cartons for mailing the soil samples are available from the office of the county agricultural agent as are instructions for taking samples. Cropping history blanks for reporting past uses of the tested area as well as crops to be planted in the immediate future are also available.

Samples should be taken and submitted to a testing laboratory as soon as possible so recommendations can

be used in planting early winter crops.

Raymond Raillard, executive vice president of the Texas Panhandle Heritage Foundation and manager of the "Texas" musical drama, announced the results of the first four audience surveys taken for the 1971 season. As before, over two thirds of people questioned said that they had come because of a friend's report. About one-third had seen the production before and many from great distances were included in this number. Questions were asked on Wednesday June 30, Saturday July 10; Tuesday July 20; Thursday July 29 of the heads of 791 families.

According to our sampling, 15% stayed in motels last year, 27% this year.

Last year only 1.3% decided to attend the show within the previous 48 hours. This year 4.7% decided to stay during that period.

There are so many reservations already made for the rest of the season that it is important to secure seats in advance. Call the Box Office...806-655-2182, or write "Texas", Box 258, Canyon, Texas 79015 for reservations.

SOME QUESTIONS!

By Gaylord Cook

Last week's article was composed of some passages from the Bible and was printed without comment. I trust that you observed certain things these passages said. If you did not see them, go back and read them now and then on the basis of these scriptures, answer FOR YOURSELF these questions: (1) Who promised to build a church?; (2) Was the church already in existence, or was it yet to come when that promise was made?; (3) How did one get added to the Lord's church?; (4) Who did the adding?; (5) Who did God give to be head over the church?; (6) What is another name for the church as given in Ephesians 1:23?; (7) How many Lords did Paul say there are?; (8) Over how many bodies or churches is Christ Lord? The questions are all answered in Matt. 16:16-18; Acts 2:47; Eph. 1:22, 23 and Eph. 4:4-6. You can read the answers for yourself from your Bible. You do not need any man to give you the answers. Would you read and carefully consider the implications?

Three Weeks Remain to Prepare for 1971 Fair

The Collingsworth County Fair is only three weeks away, and this year offers an opportunity for one of the finest we have held.

If we are to truly represent the county, we must start now to plan and prepare for the exhibits. Especially is this true in the agricultural division. Crops have come along amazingly well, and there is going to be variety and quality that did not seem possible in the early summer. But the best of these must be sought out and selected.

One of the goals of this fair is to have every business house and all organizations in the county represented in the big opening parade. Floats take planning and time to build, but nothing starts a fair off in greater spirit than these beautiful floats going slowly by for our enjoyment. If one is not possible, then a car or even a decorated bicycle bearing the firm's name is suggested. It is a big task but not impossible.

The fair is our opportunity to speak out for Collingsworth... to show the world what a fine and productive county we have, and to remind ourselves once more that we live in one of the choice spots of the nation.

Equal Opportunity Only

No matter how hard they try, socialist governments can never make all men equal. They do not understand that while men are created equal, some are endowed with greater ability than others and, instinctively, seek the rewards of greater ability nature, no doubt, intended them to do. All that can be assured is equal opportunity. Any governmental system that confuses the meaning of equality in these matters is destined to end in chaos.

Judging by late reports, this is the condition that is rapidly overtaking Sweden. In that country, according to national business and financial weekly, the breakdown has "... showed up clearly in the shattering strike called by teachers and other state employees with advanced university degrees ... The main point at issue ... was the government's campaign for 'equality!' which means ... a trend toward leveling out incomes on an after-tax basis."

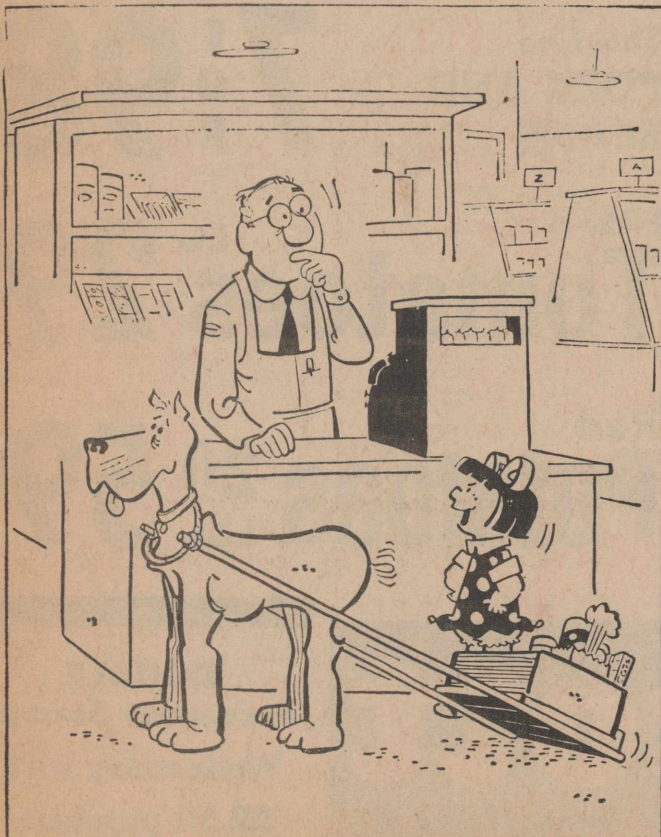

As part of the leveling-out drive, state ownership of business has been rapidly expanded with disastrous results. All of these things are happening in Sweden because of the failure to understand the meaning of equality in the affairs of government and men.—Winston (Miss.) County Journal.

Pay No Taxes

NEWS ITEM: "The Treasury Department reports that 55 of America's 1,203 millionaires in the 1969 tax year paid no taxes. Do you recall that it was only a couple of years ago that congress and the administration promised a thorough tax reform bill that would eliminate these shenanigans? And do you recall that it was widely predicted that all of the self-righteous chest-thumping by our friends in Washington would go for naught?"

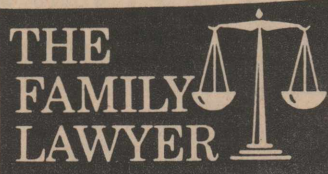

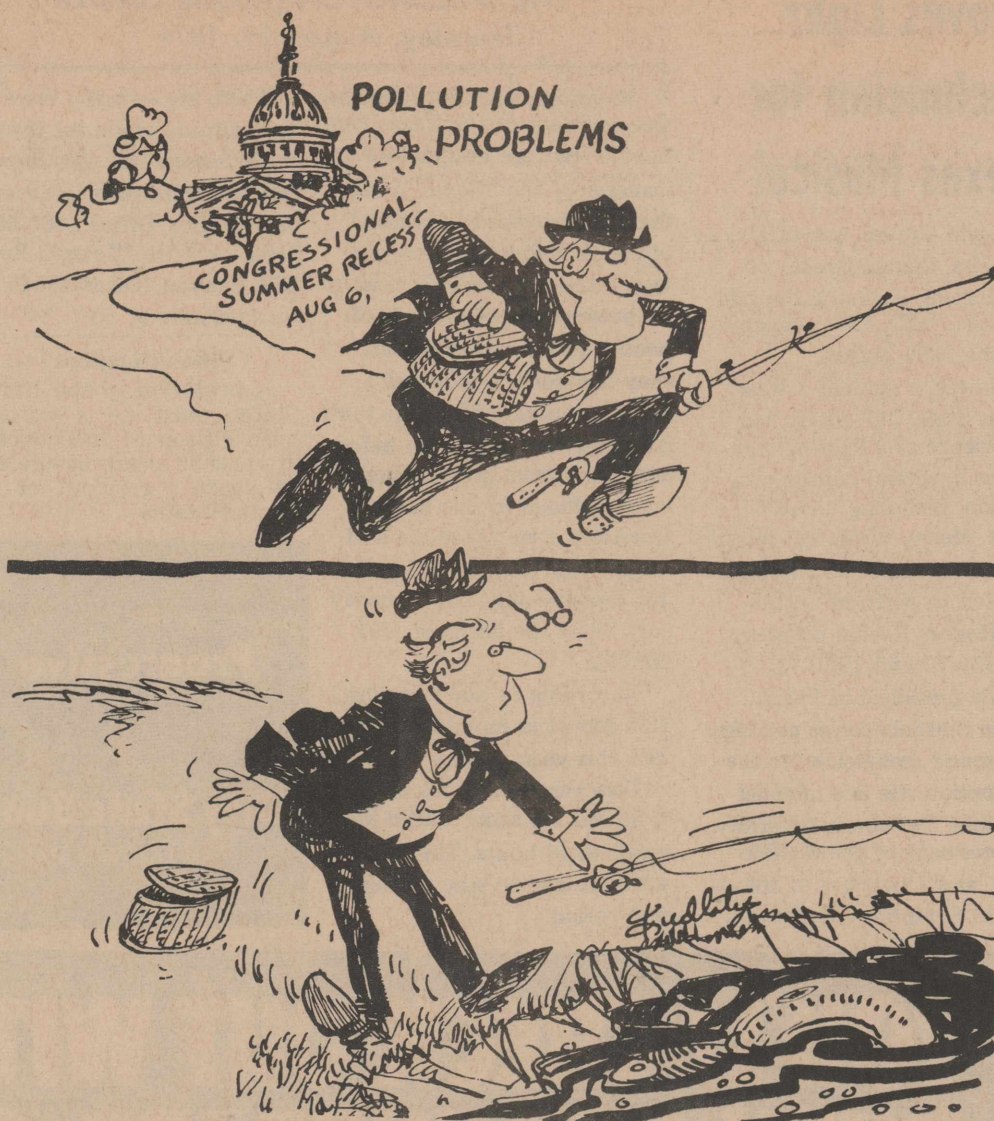

Alas, those 1,203 millionaires have a stronger lobby than have 200 million ordinary citizens.

Value of Personal Belongings

Your coat disappears from a checkroom. Your curtains are damaged at the laundry. Your couch is stained by water leaking down from an upstairs apartment. Assuming you are entitled to compensation, how much money can you collect? What is the value, in dollars and cents, of your personal belongings?

A simple test was suggested by the proprietor of a restaurant, after a woman's coat vanished from his checkroom.

"We will pay her what it would cost to buy a secondhand coat of similar quality," he said in a court hearing. "After all, that is what she lost—a secondhand coat."

But the court awarded her substantially more than the secondhand value. The judge said that, in her eyes, it was her own personal garment—not just a "secondhand coat."

Generally speaking, in fixing damages for personal belongings, the law will take the viewpoint of the original owner rather than of the person responsible for the loss. Accordingly, it relies mainly on the original cost of the item (minus depreciation).

What if the lost or damaged merchandise was part of a matching set? May you collect for the entire set? The law usually says yes, again taking the viewpoint of the owner.

Thus, when five out of a set of eight matching drapes were ruined at the laundry, a court held the laundry liable for all eight. The judge said that since the customer would have to buy a whole new set, this was the true measure of the harm she had suffered.

Nevertheless, the law does not ordinarily grant compensation for values that are strictly sentimental.

For example, suppose those drapes happened to be especially precious to the woman because they had been made by her late mother. Obviously, this would heighten their value in her own eyes.

Yet, because this factor is so purely personal, it would not be counted against the laundry as an element of damages. The law would consider it unfair to place upon the laundry a special responsibility about which, when it accepted the drapes for cleaning, it knew nothing at all.

AUSTIN, Tex. — An Austin district court decision invalidating the 1971 House of Representatives redistricting act handed state attorneys and legislative leaders a mountain of unanswered questions.

Atty. Gen. Crawford C. Martin is in the process of appealing the lower court's decision that the bill's "splitting" of 29 counties into separate districts is unconstitutional. Martin said the appeal is in line with a long-standing policy of his office to advocate the validity of a legislative act until the state's highest court rules on it.

Many high-placed state attorneys feel that if the Supreme Court upholds the August 2 district court finding, the chore of re-doing the job will fall to a five-member Constitutional Board (composed of lieutenant governor, House speaker, attorney general, land commissioner and comptroller).

Constitution says the Board will reapportion when the Legislature fails to do so in the first regular session after publication of each U.S. decennial census.

Lawyers hope the High Court will provide guidelines, however, for they are confronted with these questions:

CROSSROADS REPORT

Dear Editor:

Some complainers are saying that the House Judiciary Committee which is obligated to investigate Supreme Court Justice William O. Douglas's activities is dragging its feet.

Their reluctance to get on with this probe may be on account of an apparent feeling among congressmen and other alleged people servants that personal probity is not relevant to public officiating.

In fact us voter class often elects known rascals who manage to convince enough of us that they will be crooked in our favor.

Supreme Court has said it is unconstitutional for states to require their welfare customers to have lived in a state for a year before it will start paying them for living.

Court's ruling, letting welfare move from test to test over the country at will, gives the state beggar wardens an opportunity to save lots of money. By being more miserly with their handouts, they can influence vast numbers of their clients to exodus to some other state where the pickings are better.

D.E. SCOTT
CROSSROADS, U.S.A.

* Board is directed to meet within 90 days after the Legislature adjourns (before the end of August) and to come up with a redistricting bill within 60 more days (by the end of October). What happens if there is no final Supreme Court ruling by this constitutional deadline?

* Since the House tried to redistrict and its act was knocked out, would reapportionment then be expected in a special session of the Legislature? Constitution says the Board will reapportion if the Legislature fails to act, but the Legislature did "act" in the case of the House plan, only to have a district court declare its work invalid. No Senate reapportionment bill was passed by the Legislature, so that job automatically falls to the Board.

TOURISM STRONG—Tight money and the drought failed to halt "a strong upward surge" of tourism during the first half of this year, according to Texas Tourist Development Agency. Agency found business up 11 per cent for the January-June period. Thirty-five main Texas tourist attractions, public and private, reported 17.3 million visitors, compared with 15.6 million in the same period for 1970.

Live Steam Museum at Alamo said business was up 97 per cent and Confederate Air Force Flying Museum at Harlingen reported 63 per cent increase in visitors. Big Bend National Park visits were up 32 per cent; East Texas national forests, 22 per

cent; Six Flags Over Texas, 18 per cent and Padre Island National Seashore, 16 per cent. Two-thirds of the visitors were Texans, a third from other states.

SOME AUTO INSURANCE COSTS CUT—State Insurance Board ordered a 50 per cent reduction in premiums of standard property damage auto liability policy where \$250 deductible is accepted.

Board further directed a 12 per cent cut in basic bodily injury premiums for \$250 deductible coverage, up to \$500 per accident.

New deductibles authorized by the Legislature this year go into effect August 30. New rates take effect September 1. A statewide increase in liability rates of 2.2 per cent already has been recommended with old deductibles. Basic liability coverage is \$10,000 per person for bill

for bodily injury, up to \$20,000 for several victims of one accident and \$5,000 for property damage. Company can pay the amount of the total claim and collect the deductible later from the policyholder.

NOTICE

To Livestock Owners in The City of Wellington

ORDINANCE NUMBER 245

Section 1 - That it shall be unlawful for any person having control of any horse, mule, ass, ox, cow, hog, pig, goat, sheep or any other animal of kind to allow the same to be at large or to be herded within the corporate limits of the City of Wellington, Texas.

Section 4 - That it shall be unlawful for any person or persons, owners, or keepers of any livestock mentioned in Section 1 of this ordinance to stake out any animal above mentioned in Section 1 of this ordinance within the corporate limits of the said City of Wellington in such manner that said animals or animal can cross any street or alley, or trespass on the property of another person, firm, or corporation within the corporate limits of said City of Wellington, without the permission from such person, firm, or corporation.

Section 7 - That it shall be the duty of the impounding officer to take into his possession any or all stock and or animals coming under the provisions of Sections 1-2-3 and 4 of this ordinance and place the same in the City Pound, said City Pound to be located at a convenient place within the corporate limits of the City of Wellington, Texas as the said City Impounding officer shall select, and the said City Impounding Officer shall keep such animals and or stock thereat until the same is redeemed or disposed of as hereinafter provided.

Section 9 - The City Impounding Officer upon impounding any animal mentioned in Section 1 and 4 of this ordinance shall hold the same for five days unless redeemed as provided by this ordinance and such animal has not been redeemed, shall be sold by the impounding officer after advertising the terms, time, and place of such sale with a description of such animal to be sold by posting three notices thereof, one copy of which shall be at the City Hall door of said City of Wellington, and the others at public places within the said City of Wellington, and a copy of the said notice shall be read by the said officer at the time of the sale and preserved by him and such sale shall be made at the place of impounding officer.

Section 15 - Any person or persons willfully violating any provision of this ordinance shall be deemed guilty of a misdemeanor and upon conviction therefor shall be fined a sum of not less than \$5.00 nor more than \$100.00. Section 17 - Any person or persons who shall interfere in any way with the impounding of any animal as provided in this ordinance after such animal has been taken into custody by the City Impounding Officer shall be deemed guilty of a misdemeanor and shall be fined any sum not less than \$5.00, and not more than \$100.00.

The Sheriff's Department has been receiving numerous complaints within the last few weeks of horses and small ponies running loose within the City Limits of Wellington. Therefore this is to serve as notice to owners of such animals, any horses or small ponies running loose within the City limits of Wellington will be impounded, as stated in Section 7 of the Ordinance of the City of Wellington. The owner of these animals will be fined, and will have to pay a feed bill and board bill before the release of such animal or animals. Any animal not claimed after 5 days will be sold as stated in Section 9 of Ordinance 245, of the City of Wellington.

Deck's DIDACTICS

—by Deskins Wells

PRESIDENT NIXON'S freeze of wages, prices and rents has dominated the news for the last few days. It startled many people while others realized that it was long overdue. The 90 day stay won't solve the problem of inflation unless the Congress takes action to apply the program for a longer duration. The President does have the authority to extend the freeze until April of 1972 under present law. It is too early to know too much about the new regulations that will be coming out and their ultimate effects are definitely problematical.

OF GREATEST significance to our economy here is the exemption of raw products from the farms and ranches. This includes livestock as well as grain, fiber, fruits and vegetables. By comparison with other things people buy prices for agricultural products have been especially low in recent months. Their exemption caused easier breathing in agricultural communities.

THE STOCK MARKET has reacted favorably to the positive action and that is a good sign. It means that the people who study investments and money constantly feel that the move is a step toward a sounder economy.

THIS WAS A good time to be in the United States and not in some foreign country. Travelers in Europe found it difficult to cash travelers checks and when they did it was at a discount. Young Americans who had been traveling at low student fares in other countries suddenly found that their picnic had turned into a nightmare. They will get home in time; but not without some anxious moments.

I AM GLAD my son decided to explore the Eastern part of the United States this summer which he did with Lewis Watkins. They did it at very small expense by sleeping in state and federal parks, doing their own cooking and other economies. The only time they slept under a roof was when they were visiting in the home of friends. They covered a lot of country in 30 days time. They are back home now, broke but healthy.

IF YOU are one of those who like John Wayne movies, and I do, this is the week to get your money's worth of this type of movie at the Ritz. John Wayne plays the leading role in *Eldorado* which also has Robert Michum, Charlene Hull and Michele Cary in the cast. True Grit is more modern with Glen Campbell and Kim Darby as the other stars. Anyway it is a lot of John Wayne for the price of one admission this Thursday, Friday and Saturday.

I AM LOOKING forward to seeing some of the great shows they have billed for the future such as *Love Story*, *Withering Heights*, *Etc.* Patton is also on the list - a highly controversial picture; but a most interesting one. It should be seen for it is history.

AUGUST OF 1971 has set a record for temperature with most of the nights in the 60's and 70's and the days seldom reaching the 90's. Rainfall has also set an August record in spots. Arlie, Fresno and the land east of Wellington such as the Sagebrush Feedlot have received between 7 and 8 inches of rain and the moisture in many other areas has been ample. However we continue to be bothered with spots that have not had adequate rainfall, considering the drastic drought that has existed for 18 months. The land north of Quail, and in the Dozier vicinity had received only an inch or two up to this time.

THE SHERIFF'S department, which is in charge of law enforcement in the City of Wellington as well as Collingsworth County, has served notice that it intends to crack down on

Rockets Begin Two-a-Day Work

Uniforms have been issued to 42 Skyrockets and two-a-day workouts started Monday, August 16, Head Coach Jim Forrester has reported.

Thirty-four players are reporting at present, and the others are on vacation with their families or are otherwise not available for practice, but by Monday, the opening of school, every one should be working out, the coach said.

It is still too early to tell anything, Forrester said after watching the boys Monday and Tuesday morning.

Until the opening of school the Rockets will work out at 8:00 a.m. without pads, and at 5:00 p.m. with pads.

Rocket fans are welcome to come and watch the boys, but Coach Forrester emphasized that they must stay in the stands.

Coach Don Lacy is working with Coach Forrester with the backfield, while this year's line coaches are Dick Hamilton and Lester Guesby, who

Wells, Watkins Receive Degrees At UT, Austin

Two Wellington men, Henry W. Wells and Harold Lewis Watkins, are among the students at the University of Texas at Austin who are candidates for bachelor's degrees at the close of the summer school August 21. No commencement exercises will be held.

Wells, son of Mr. and Mrs. Deskins Wells, will receive the Bachelor of Journalism Degree from the School of Communications, according to Dean Wayne Danielson.

He is a member of Phi Eta Sigma, freshman honorary society; Phi Kappa Psi social fraternity; and Sigma Delta Chi, journalism fraternity.

He served on the news staff of the Daily Texan two semesters.

Watkins is the son of Mr. and Mrs. Harold Watkins. He will receive the Bachelor of Science Degree in Education, with a major in secondary education, Dean Lorin Kennamer has announced.

His social fraternity was Phi Kappa Psi, and he was a member of the Newman Club.

He did his practice teaching in McCallum High School in Austin.

Both young men will return to Austin for the coming year.

has specific aptitudes, other resources for training will be sought. Many such students can become full time employees and self-supporting, it was pointed out.

Other steps for the Wellington center within the immediate future will be selection of a teacher, preferably one with training and experience in special education. This is not mandatory, however, Mr. White pointed out. That person will receive in-service training at the Amarillo Center.

Total community involvement will be necessary if the center is to succeed, Mr. White pointed out. Within the near future, an educational meeting is planned to acquaint the general public fully with the program.

Later, there will be information to help parents of exceptional children under three years of age.

horses and ponies running loose in the city limits or staked out so they can reach a street or alley. They will be enforcing an old ordinance passed in 1934 regarding keeping livestock in the city limits. Better watch where you stake your pony unless you want to pay his way out of the pond.

THIS IS a good season for tadpoles and toadstools. I have some pink toadstools in my yard. The prettiest shaped ones, however, are the white globes to be found on the lawns of the Post Office, Greenbelt and that part of town.

joined the school's athletic department earlier this year.

On the basis of the 1970 season, football magazines are rating the Skyrockets at the bottom of District 2-AA. Coach Forrester looks at the optimistic side of this and noted that anything the Rockets did this year would take them up.

The Rockets do have scrimmages coming up before the opening game, but pre-publication of these is in violation of Interscholastic League rules, Coach Forrester said, and information concerning them can be had by contacting the athletic department.

Artists Invited To Exhibit in Quanah Show

The Hardeman Art League has announced a Western Sidewalk Art Show to be held in downtown Quanah on Saturday, August 21. This show is part of the three-day Pioneer Celebration and all pictures must have a western theme.

Mrs. C.A. Lockhart, president of the Hardeman Art League has invited all Collingsworth County artists to participate.

Registration will be from 8:00 to 10:00 a.m. in the Security National Bank Room at 211 Main in downtown Quanah. There will be an entry fee of \$1.00 for the first entry and 50 cents for additional entries, with the number unlimited.

Exhibits will be judged professionally and ribbons will be awarded in each division. Pictures will remain until 5:00 p.m. with each artist responsible for his own work.

Tingles Home from Vacation

Mr. and Mrs. Lewis Tingle and daughters, Doris Tingle and Mr. and Mrs. Elvis Sain and baby, Angela, have returned from a vacation in East Texas and Arkansas.

At Wolf City, they visited his brothers, Will and Sid Tingle.

Going to Tull, Ark., they were guests of a nephew, Billy Bishop, who lived here as a child. They then visited Mrs. Tingle's sister, Mrs. Jennie Matney in Pleasant Grove, Ark. She also formerly lived here.

Qualifying for Golf Champion Now Under Way

Wellington area golfers are qualifying for the city golf championship, to be determined late this month.

The champion play is sponsored by C&H Pharmacy and Clark Chevrolet.

Golfers have through Sunday, August 22, to turn in their scores to either Henry Sullivan or Jimmy Cochran.

There will be only one flight, Mr. Sullivan said. The best 16 players will then play matched play until the champion is determined.

Youth Enters M. D. Anderson

Larry Wright, 14-year-old son of Mr. and Mrs. Lynn Wright, is a patient in M.D. Anderson Hospital and Tumor Clinic in Houston, where his illness has been diagnosed as leukemia.

After talking with Mr. Wright by phone, friends here said that treatment has been started and doctors tell the family the youth is responding well. It will be continued about six weeks.

Larry had been with his father in custom wheat harvest during much of the summer.

Mr. and Mrs. Wright are staying with their son.

Her mother, Mrs. Cortez Barnett of Dozier, is here to be with their older son, Gary, a student in Wellington High School.

Mrs. Alexander Has Eye Surgery

Mrs. Clyde Alexander is convalescing at home after undergoing surgery for removal of a cataract from an eye in High Plains Baptist Hospital in Amarillo August 3.

Her daughter-in-law, Mrs. Ruel Alexander and Mrs. Jinx Borger brought her home.

Mark Alexander, who has spent most of the summer with his grandparents near Dodson, returned to Amarillo with his mother.

Legion Holds Dance Saturday

The Frank King Post, American Legion, is sponsoring a dance Saturday, August 21, at the American Legion Hall.

Announcement of plans was made this week by Horace Moore, post commander.

Music will be by Wayne and the Music Kings.

The dance will begin at 9:00 p.m. and last until 1:00 a.m.

"It will be an occasion of fun for everyone, and an opportunity for the college students to get together for the last time this summer," Moore said.

Other classes dealt with the subject of human relations during which the young people were requested to fill out opinion questionnaires with the results reported back to the group.

Four young people were elected to serve during the coming year as a Senior Advisory Council.

Gospel Meeting To Be Held at Vinson, Okla.

Gospel Meeting services will be conducted by the Vinson Church of Christ August 23 through August 29 according to Troy Thomason, who is helping make arrangements for the meeting.

Services will be conducted by Min. Jerry Brewer at 8 p.m. on weekdays with two services scheduled for Sunday which will be at 10 a.m. and 8 p.m.

A cordial invitation is extended to everyone to attend the services.

ording to T.E. Lennon, who keeps a record of weather in that area.

Quail has now received about 1.5 inches, with crops looking good, Loyd Langley reported.

North of Quail, in the Marcella community, about an inch fell during the week end, and this is the first that particular area has received, according to Deputy Sheriff N.E. Childers.

Harold Caldwell reports the rain has been spotted through that entire section. His own place, northwest of town, has received three inches.

Rufus Sweat, Route 6 mail carrier, said rain has been light throughout that part of the county north of Salt Fork. Doug Johnson of the Round-up community had one-half inch during the week, but much of that section got no moisture at all. Marvin Knoll of Lutie said he had several showers, but that the Dozier section remained dry.

Horace Small, south of Lutie, reported a one-inch rain Saturday night, the most he has had at any one time.

Overall, this county stands to make a better crop than usual, and an exceptionally good grain sorghum crop, County Agent Don Reeves believes.

Dry land crops are about a month late, but those on irrigated land are on schedule.

Alfalfa growers already have had three cuttings of hay, and most are getting ready for the fourth. Earlier cuttings brought \$35 per ton, although the price is expected to drop with better grain sorghum prospects.

Peanuts also give indications of one of the better yields of recent years.

Mrs. Owen was graduated from Hollis High School in 1925 and from Southwestern State College at Weatherford, Oklahoma. She taught school four years, first at Dodson and also at Swearingen.

She was married to S.B. (Bess) Owen on June 12, 1930, at Wellington. He preceded her in death June 22, 1958.

A member of First United Methodist Church, Mrs. Owen was a member of the chancel choir and taught a Sunday School class 21 years. She was also a member of the Garden Club and Belles Lettres Club.

For a number of years, she was employed at Hatch Dry Goods, where she was widely known for both her graciousness and her capability.

Funeral services were conducted at 1:30 p.m. Friday, in First United Methodist Church, with the Rev. R.T. Dyess, pastor, officiating. Burial was in Dodson Cemetery under the direction of Kelso Funeral Home.

Pall bearers were Dr. Ansel McDowell, Jim McDowell, Sandy Parsons, Duggie Jameson, Dr. Dan McDowell and Louis Graham.

Survivors include her brother, Ansel of Hereford; and three nephews: Dr. Ansel McDowell of Perryton, Jim McDowell of Hereford and Dr. Dan McDowell of Midland. Relatives living here are T.C. Clement, Louis Graham, Mrs. King Bowen, all cousins and Guy Clement an uncle.

Spain did not acknowledge the independence of the United States until 1873.
