An Easy Job. If you know how and have the machinery it is an easy job to spot a huge laminated fir beam in the top of a building. How it is done is shown here, as one of the heavy timbers is ready to be hoisted 40- feet into the air by a huge crane rigged up especially for the purpose, and put in place at City Park Church of Christ, now under construction at Fifth and Tennessee. This week work had progressed to the point where roofing is being done on the building, and finishing work on the interior can be started. When finished it will represent a \$60,000 addition to the community's church edifices. Adjacent on the north (hidden in the picture) is the building which has served the church for years. It will be incorporated into the finished improvements as an educational unit.

WEIGHT AND LICENSE CHECKERS WAGE CAMPAIGN FOR WEEK HERE

Trucks and combines have been being checked and double checked this week and since last Thursday by Sergeant B. J. Griffin of the Department of Public Safety in Floydada and Floyd county and a group of safety officers of the license and weights department.

The Department. "We were not asked to come in to this area nor did we ask if we could come in," he said. Following the harvest on through the panhandle to the north line, the sergeant anticipates they will be through about July 3 with this phase of their work.

One car with two men started here last Thursday and this week, as the harvest progressed more cars and helpers were being used.

On Monday there were 12 cars with 15 men at work, checking the trucks, which must abide by the following laws:

(1) All safety devices are required to be in good working order, such as turning signals, etc.; (2) Registration papers are required to be on the truck at all times; (3) All safety devices are required to be in good working order, such as turning signals, etc.; (4) All out state trucks are required to register for 60 days and all Texas trucks are required to be registered for a gross weight equal to the load and weight of truck.

Drivers of trucks weighing 6000 pounds or over are required to have a Texas commercial operators license; (2) Registration papers are required to be on the truck at all times; (3) All safety devices are required to be in good working order, such as turning signals, etc.; (4) All out state trucks are required to register for 60 days and all Texas trucks are required to be registered for a gross weight equal to the load and weight of truck.

Sergeant Griffin says that Floyd county people have been very cooperative and as yet not a Texas truck has been filed against, but several warnings have been given. Sergeant Griffin said that over 150 Texas trucks have raised their weights in the county, which means several thousand dollars for the county road fund.

The recent high, hot winds caused some damage to cotton, particularly to the very young cotton, by drying out the ground and causing it to die, but most of the 200,000 acres planted to cotton this year is up and has withstood the past week in fair condition with a good stand and making fair growth.

Mr. and Mrs. W. J. Waller and daughter, Eva, visited in Olney last week-end with another daughter, Mrs. O. E. Asstler, Mr. Asstler and children, Bobby and Kay. While away they visited at Possum Kingdom, near Graham. The Wallers returned by way of Fort Belknap and viewed antiques made before the Civil War.

Mr. Gibson has checked fields in all parts of the county during the past few days and has found that some fields are being heavily attacked by thrip. Several producers have sprayed for them, using 1/2 pounds of toxaphene per acre. It is a good practice to spray for these

\$2,200 Primary Election Budget Apportioned by Demo Committee

It will cost an estimated \$2,201.58 to conduct the Democratic primary elections in Floyd county this summer and the candidates are getting the sad news this week. All of this cost, under the Texas election code, is charged to the candidates in a one-shot collection the committee is required to make.

primary sub-committee meets Monday morning to make final all the details. An order for ballots will be awarded, among other details, with a delivery date of July 5, so that absentee voting can begin on July 6.

Floydada Days Fri. - Saturday

Wide-spread acceptance of Floydada days, the mid-month bargain event in Floydada, has become the rule. Floydada retailers in the soft goods business, in particular, also food merchandisers and others in many lines find it a good outlet for merchandise on which they feel they must have volume acceptance.

County agent Robt. H. Gibson, who gets around over the county more than any other, estimated that Tuesday saw 40 per cent of the crop harvested, and he thinks that if dry weather prevails practically all of the crop will be in the bin or elevator by Tuesday of next week.

Here are the amounts assessed against the various candidates, district, county and precinct: Associate Justice, Court of Civil Appeals, total \$18.00, 4 candidates, \$4.50 per candidate.

Floyd County Wheat Harvest Hit Peak This Mid-Week; Finish Soon

Wheat harvest in Floyd county is at its peak this morning. Tuesday and Wednesday were equally busy, perhaps today finds more early fields finishing and more late fields beginning than any day of the season.

The yield is better than anticipated, the quality is the best in years, the facilities for harvesting and handling are plentiful and readily available, and the weather has been ideal. The grand total of the crop is expected to run three million bushels more or less and the gross income \$6million or more.

County agent Robt. H. Gibson, who gets around over the county more than any other, estimated that Tuesday saw 40 per cent of the crop harvested, and he thinks that if dry weather prevails practically all of the crop will be in the bin or elevator by Tuesday of next week.

New Manager of Higginbotham-Bartlett company's big Floydada building suppliers' unit is T. L. Holland, above, whose appointment was announced last week.

Toward the northwest part of the county the acreage in wheat tapers off on account of the heavy irrigated cotton acreage, but the grade of wheat and its condition are the best in years the elevator men at Lockney and other points agree. Every bit of the crop today at Lockney and Sterley has gone into storage and the same is true at Aiken.

Holland comes from Amherst, planning to report in Floydada July 1 or thereabout. A civic-minded person, Holland is president-elect of the Amherst Lions club, has been Cub Scout master there, is a member of the school board and a Sunday school superintendent.

The yield in all parts of the county is exceeding estimates somewhat. Most fields are getting 15 bushels and up with an occasional 40 bushel report.

Extend Starks Oil Lease For 90-Day Period

Filing of a 90-day extension agreement Friday at the county clerk's office confirmed a report last week that the Stanolind Oil company's oil and gas lease on the Starks land had been extended from its expiration date on June 15. The land lies adjacent to Floydada on the north, representing the west half of Section 62, taken off for approximately 90 acres for a town lot addition. Its area is 229.5 acres.

Most Going in the Loan

Practically all of the estimated 3,000,000-bushel wheat crop is going to market through Commodity Credit corporation loan plan. As the wheat crop prospect is for one of the largest in history the market softened immediately when new wheat began to go into channels and yesterday was continuing the downward trend. Most of the wheat is testing No. 1 and is going at the interim rate of \$2.16. The premium for protein will run from 1 cent for wheat of 13 to 13.9 per cent, up to 3 cents for 15.5 to 15.9 per cent.

Mrs. Ella B. Starks widow of the late J. D. Starks, and Mrs. Ruth Starks Green, her daughter, widow of the late Jas. K. Green, are the owners and lessors and signed the extension agreement. It was executed on June 6 and filed on June 13.

June and July storage discount is 13 cents per bushel and drops a cent a month until next April 10. The final loan rate will be set in July, according to Thos. J. Hutchins, secretary of the Floyd County PMA committee. It is the judgment of Mr. Hutchins that the final loan rate will be 1 cent to 3 cents higher than the interim rate. Loans made now can be corrected after July 1 when final rates come out, he said.

Workman Injured In Fall Tuesday

Bill Chaney 21, of Lubbock who was here working on the construction of the new City Park Church of Christ building, fell from the top of the building, about 25 feet, Tuesday about 1 o'clock.

He was carried to Pitts hospital, with both wrists broken, cuts on his hands, and was suffering from shock and bruises.

He was removed Wednesday morning to the West Texas hospital in Lubbock for further treatment. The Harmon ambulance carried the injured man to Lubbock.

Big Swimming Class

This swimming class of more than a hundred youngsters lined up on the bank of Floydada municipal swimming pool last week for the photographer as their first of eight free lessons was to begin. The school for the swimmers is sponsored by Floydada Junior Chamber of Commerce, which is co-sponsor of the operation of the pool this season with Floydada Fire department.

Need Calls For Rain

Most all of Floyd county cotton producers would welcome a good rain. While partial showers of the past week have made a bit of moisture in spots the overall picture calls for cotton showers all over and a rain of generous proportions in others.

Oil Conversation. You'd naturally expect The Hesperian to know all about the oil situation and so we do. Down at the Adams well where the real oil was struck two weeks ago the drill all accidentally hit a pimple in the reef lime and likely everything around it will be dry. Also they didn't hit reef lime at all but a Cisco lime that will make a long-life, highly productive field that may stretch out to the wide confines of the county. Also according to geology of the well, as revealed by one set of geophysics "pictures," the drill bit granite at about 7,000 feet, or 600 feet above where it punctured the lime strata. Also, information when there isn't anything interesting to report, is exact and accurate, shading off to no information at all when there looks like something to test. That's not the cussedness of an oil company. It is human nature working on the oil folks.

Oil operators have their techniques, their way of doing things, their peculiarities and superstitions, like people in every other line of endeavor. They do wacky things like we do. They do wackier than some of the rest of good business people, because they are so big and clumsy. They have to go through so many "channels" they remind you of the old boy who stepped on his foot and went to crying because he couldn't move. Somebody was standing on his foot.

It is said the government got its ideas for doing things the clumsy and inefficient way from watching and trying to imitate some of the big corporations, like U. S. Steel, John Deere Plow company, International Harvester, Standard Oil, and scores of others that could be named. Any small businessman who operated his business like some of the big machinery manufacturers have done the past 10 or 15 years would have been in the hands of the receiver long ago. The government, trying to imitate big business, has got itself wound up so tight it can't unwind. So we sometimes think when reflecting on the universe and the meanderings of the life that crawls upon the earth and is called man.

New Way to Vote. Some quite interesting news of changes in the mechanics of the Texas election law are beginning to come to light as the county committee of the Democratic party makes ready for the July 26 primary. One of these things is an alternate way in which you can vote a ticket. For ever since the memory of man runneth not to the contrary the Texas law has been that you scratch out all the names on a ticket except those for whom you wish to vote. You can still do that and it will be legal. But it is confusing to youngsters and people coming from other states, especially from toward the north, who, through school work or other area voting habits have become accustomed to making a check mark in a box alongside the name. Well, that is going to be legal this year and the ballot will have a note of instruction at the top that will tell you you can do either one you want to do, and it will be legal. Some ballots have been thrown out in recent years

—not a lot of them but some—because they had the check marks. What the election law makers hope to do, of course, is to give every citizen a chance to indicate his will at the polls.

Banner county again. Floyd is due to be the banner wheat producing county of the state again this year. No other county, it appears, will more than nearly approach this in the production of the golden grain. What this figure will be is problematical, but unless the late grain is quite disappointing in yield the total will be encouraging. Early wheat has done a wee bit better field by field than it was expected to do. This is especially true of some of the dry land fields. The peak was hit, probably, Tuesday or Wednesday, but there are thousands of acres that have been harvested already and the stubble turned ready for the rain to bring up a crop of volunteer and the inevitable weeds to be turned under.

We have to admit that there is quite a bit of wheat that is just so-so in Floyd county this year, some of which won't get into the headlines. This is wheat, mainly, where the first growth died back to the ground and the crop had to put out anew with the coming of the first April rains. Admittedly most of the pictures we're likely to have to put away for publicity purposes in 1952 will be made in fields where the grain was produced from a crop that went through the dry weeks to emerge to make heads from old stalks when the rains came. When the roll is called of all the low average wheat we may have to revise our figures on the crop and get them more in line with what the county agent and the other experts are saying.

Note for the congressman: "While the volume of manufacturing sales in the nation is increasing, profits after taxes are dropping." This means the point of diminishing returns has been reached both for the government in tax returns and for the people in opportunities and jobs. Unless there is definite need for spending to the extent that security calls for it more than the economy of the country calls for a let-up, the economy should have first call. Is that not correct?

Last year Texas farmers plowed under more than a million and a half acres of legumes as an aid to their soil improvement program. They harvested 44,452,000 pounds of legume seed from the acreage left over for seed crops. The value of both was in excess of \$20 million.

Days lost from preventable farm accidents can create a labor crisis on most any farm or ranch in the state. Don't let it happen on your farm warns the State Farm and Ranch Safety Committee.

One sure way for the poultryman to cut feed costs on the laying flock is to remove from the flock the non-producers. That means continuous culling.

T. L. Craft, 79, Dies at Jacksboro; Rites Wednesday

Mrs. Dee Adams and Mrs. W. G. Jetton are mourning the loss of their grandfather who died and was buried the earlier part of last week.

He was T. L. Craft, 79, a former resident of Floyd county.

Mr. Craft died Monday of last week at 4 o'clock in the afternoon at Jacksboro.

The funeral rites were held Wednesday afternoon at the Baptist church in Crafton, Wise county, where interment was made.

Mr. Craft leaves a wife, six children, numerous grand children and great grandchildren.

Attending the rites with Mrs. Adams and Mrs. Jetton were their husbands, Mrs. and Mrs. Pete Kendrick, and Mr. and Mrs. Ernest Kendrick.

How to have a winning TELEPHONE PERSONALITY by EMILY POST

We're often judged by the way we use telephone service. Good phone technique and good telephone manners are important winning personality... and help you get the most from telephone service.

A housewife brings up an interesting point about telephone calls: "I have trouble saying all I say, briefly and concisely, when I'm talking against the clock. What do you suggest?"

It is a good idea to do a little ahead of time. Keep a pad near your telephone. Make notes of things you want to talk about. Be surprised how they help you on the subject. With the right you can say as much in a three call as you can in an exchange of ten. And call by number, when you can. Service is faster—often fast.

Perhaps you have wondered if it is ever permissible to ask, "Who is calling, please?"

At home or in the office, it is perfectly correct for the person using the telephone to ask, "Who is calling, please?" No one should be offended at this question. Anyone who is willing to give his name to his business just as he would at your front door.

A friend asks, "Do you have any advice on care of your telephone instrument itself?"

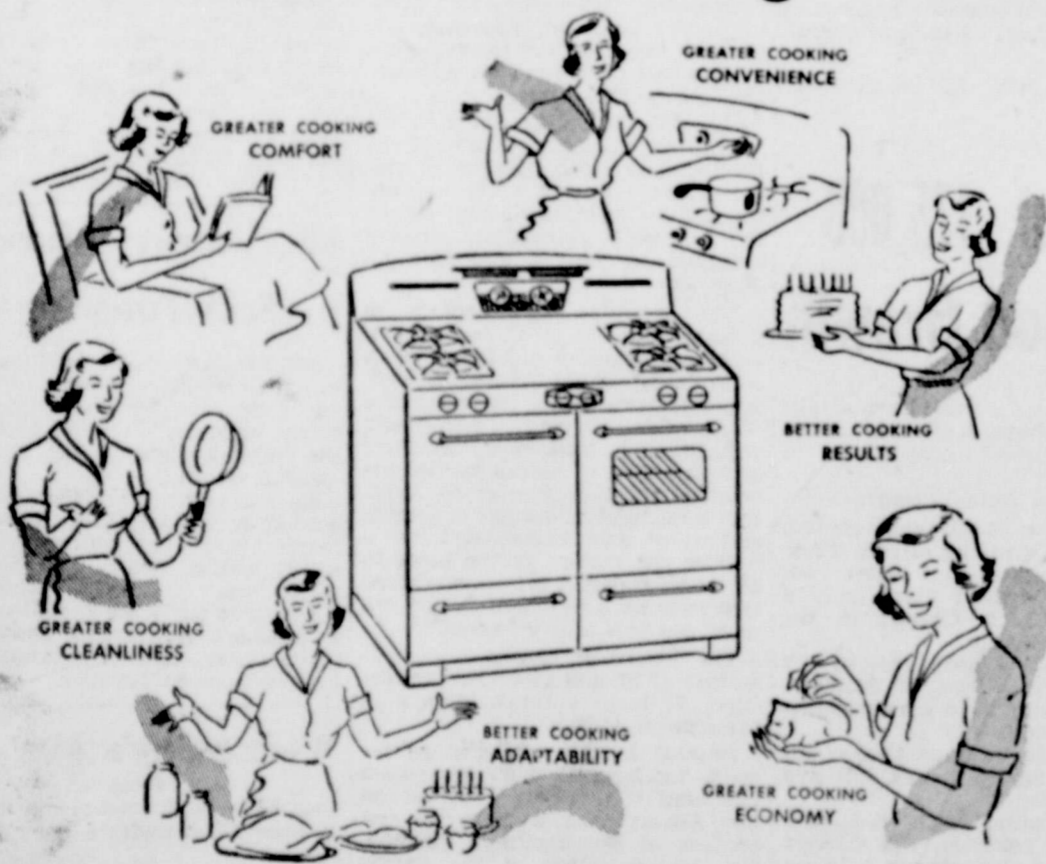

Yes, telephone users would do well to realize the value of their telephone. It depends in part on the care of their telephones. Keep the cords twisted and tangles that can be untangled. Spruce up the phone with a soft, dry cloth with water or any other liquid. The instrument on a sturdy desk top and away from the edge it might get bumped to the floor.

Floyd County 14 Years Ago

(Taken from the files of the Hesperian issue dated June 23, 1938)

Walter Travis, county superintendent of Floyd county, must make the race for re-election to this office again this year, it was ruled last week by the attorney general's department of Texas. Travis, nominated two years ago by the Democrats and elected in the November general election, was assumed to have been elected for a four-year term. At the time he made the race he was serving out the unexpired term of the late E. C. Nelson.

Henry Hinton, son of Mr. and Mrs. J. R. Hinton of Dougherty, has made application for his Lone Star Farmer degree, W. A. King, vocational agriculture teacher, said Monday.

R. P. Terrell, coach of the Floydada High school from 1932 to 1936 and coach at Matador high school for the past two years, has been secured as coach for the Eastern New Mexico Junior college at Portales, New Mexico.

Three Floydada scouts plan a 21-day camping tour through New Mexico, Colorado, and Wyoming to the Yellowstone National park. Thirty-three scouts and leaders of the South Plains council plan to make the trip. The Floydada boys making the trip are James Willson, Carl Minor, and Joe Dick Moore.

Grasshoppers are doing damage to the row crop in the county, while the farmers are busy in the wheat harvest, said D. F. Bredthauer, county agent for Floyd county.

Miss Ruth Grimes county home demonstration agent, and Mrs. Hardin Jackson of the Sandhill community, will accompany the Floyd county 4-H club boys and girls on their annual picnic July 1 in the Massie pasture in Blanco canyon. Boys and girls from the four organized boys clubs and the 12 organized girls clubs will go on the picnic as well as W. A. King, L. W. Chapman, D. F. Bredthauer, Homer Steen and C. M. Worthington of Lockney.

Mrs. Dale Self, a recent bride was named honoree at a bridal shower on Monday evening in the home of Mrs. E. J. Barker.

Mrs. Bill Cauley was hostess to the Thursday bridge club in her home last Thursday evening.

A family reunion for the Beedy family was held on Sunday at the home of Mr. and Mrs. James D. Colville.

Butane Dealer At Convention

The story of the phenomenal increase in the use of butane and propane gas will be unfolded in Dallas in June when butane-propane dealer of five adjoining states of the south-west meet. C. D. Foote head of the Foote Butane company here, plans to attend the gathering which will be the seventh annual convention of the Texas butane dealers association.

"The butane industry has grown from nothing to one of the big ones in Texas," Mr. Foote said. "The advances in the industry from year to year are remarkable, and hundreds of Texans and other dealers flock to our annual association conventions to inform themselves about the many new things in the industry."

"The industry has done a big job in modernizing rural living," Foote said. "It's getting pretty hard to travel far in the country without seeing a butane tank, and wherever you see such a tank you know that the folks living there are enjoying the same kind of comforts conveniences available to people in the cities."

Mr. Foote planned to leave yesterday for Dallas and be there three or four days. He will be accompanied by Mrs. C. D. Foote. It will be "business as usual" however, with his local butane operations, as the boys will carry on during his absence.

TO THE CITIZENS OF FLOYD COUNTY:

Realizing that recent events may have confused some of the voters of Floyd county, we the undersigned citizens want to make this statement to you:

We sincerely believe that Mr. Earl Cooper is one of the best peace officers that has served this area in the past few year and that he will make this county an excellent sheriff.

We are of the opinion that his recent release as City Officer for the City of Lockney did not come about because of his lack of qualifications but apparently because he enforced the law too well to suit some people.

Mr. Cooper has enforced the law in Lockney without fear or favor to anyone. He treats everyone alike and expects all people to obey the law. He is especially efficient in handling the younger generation. He gives them every chance to do that which is right and they respect him.

Mr. Cooper is a clean man, does not indulge in habits that are unbecoming a gentleman and a peace officer and can be depended upon to handle any situation within his scope of duty in an efficient manner.

This advertisement has been written and published without Mr. Cooper's knowledge and we do so because we are interested in seeing Mr. Cooper elected to the office of sheriff of Floyd county.

Two Desserts with One Making

Here's an idea you'll want to try the next time you're having guests for luncheon, dinner, or buffet supper.

What you do is make a big, round, deep 10-inch layer of old-fashioned burnt sugar cake on company day. Simply put cake on a big, pretty serving plate with ivy leaves under cake for garnish. Carefully cut a circle out of the center; remove center, leaving a 3-inch outer ring. Frost ring with Creamy Orange Frosting. At serving time, heap ice cream into center of the ring cake, bring to table with a bowl of Party Butterscotch Sauce to spoon over ice cream.

What about the remaining center piece? Spread it, too, with the same frosting, cover and put away for dessert for the family the next day. When ready to serve, decorate the little cake with halves of seeded grapes or maraschino cherries. Serve with bowls of sugared sliced peaches or other fruits in season.

If you'd like to make your own cake plate for the little cake, turn a stemmed goblet upside-down, attach a small plate to bottom of goblet with bits of molding clay. Be sure both goblet and plate are dry.

Old Fashioned Burnt Sugar Cake

- 1/2 cup C and H cane brown sugar
- 1 1/2 cups boiling water
- 1 1/2 cups C and H cane granulated sugar
- 2 1/2 cups all-purpose flour
- 3 teaspoons baking powder
- 1 1/4 teaspoons salt
- 1/2 cup shortening
- 2 eggs
- 1 cup cold water
- 1 teaspoon vanilla flavoring

First, make this burnt sugar syrup: Melt 1/2 cup brown sugar in heavy frying pan over low heat, stirring constantly. When sugar is dark and burnt in appearance, remove from heat, and at edge of pan slowly stir in 1/2 cup boiling water. Return burnt sugar to heat and boil gently, about 5 minutes, until thickened. Cool.

Next, make the cake: Cream shortening, and gradually cream in 1 1/2 cups granulated sugar until light and fluffy. Stir in eggs, one at a time, beating well each time. Measure and

sift flour with baking powder and salt, then gradually add to creamed mixture, alternating with the cold water, and beating well after each addition. Stir in 3 tablespoons of the burnt sugar syrup and 1 teaspoon vanilla. Pour into well-greased 10-inch cake pan at least 1 1/2 inches deep. Bake at 375° for about 45 minutes, or until well done. Serves 6 to 8.

Creamy Orange Frosting

- 2 cups sifted C and H cane powdered sugar
- 2 tablespoons softened butter
- 1 egg yolk
- 1 beaten egg white
- 1/4 teaspoon salt
- 1 to 2 tablespoons grated orange peel
- 1/2 teaspoon grated lemon peel
- Orange juice

Cream butter, then stir in egg yolk and salt. Gradually cream in sifted powdered sugar and grated fruit peels, using only enough orange juice to make a spreading consistency. Fold in stiffly beaten egg white.

Party Butterscotch Sauce

- 1/2 cup butter
- 2 cups C and H cane brown sugar, firmly packed
- 1 cup boiling water
- 1 teaspoon salt
- 1 pint whipping cream, whipped (optional)

Place butter and sugar in wide saucepan. Cook slowly over low direct heat, stirring constantly until mixture is well blended and melted, or about 5 minutes. Very carefully and slowly stir in boiling water at edge of pan. Add salt. Gently boil over medium heat until mixture is thickened, like molasses, about 15 minutes, stirring often to keep from burning or sticking to bottom of pan. Cool. When really cold, beat with rotary beater until sauce is lovely light, creamy, brown color. Keep in covered jar in refrigerator until needed. Makes about 2 cups sauce.

For a fluffier, richer sauce, fold in 1/4 pint of whipped cream when ready to use. This is a creamy sauce that doesn't harden or string, yet has a lovely butterscotch flavor.

Amonett of McCoy Honored By Family on Father's Day

Mr. and Mrs. J. A. Amonett of the McCoy community were honored with a family reunion at their home on Father's day. All nine of their children were present.

There were 56 guests. They were Messrs and Mesdames W. F. Amonett of Electra, Leo Amonett of Petersburg, W. H. Amonett and son Eldon of Haskell, Thayne Amonett of Crowell, C. F. Amonett and children of Levelland, P. O. Amonett and children of Ralls, C. K. West and J. W. Shaw and children of McCamey, Texas.

Miss Faulkenberry Feted at Shower in C. M. Perry Home

The home of Mr. and Mrs. C. M. Perry, Sandhill Road, last Thursday evening was the scene for a bridal shower honoring Miss Wenona Faulkenberry, bride-elect of Sergeant Delwin C. Brooks of Paducah.

Forming the receiving line were Mrs. Perry, the honoree, her mother, Mrs. F. A. Faulkenberry, the bridegroom-elect's mother, Mrs. C. A. Brooks of Paducah and two sisters, Mesdames Loyd Mayes and Billie Holley, also of Paducah.

The honoree was presented a corsage of red carnations by the hostesses and the mothers a white carnation and pink carnation corsage respectively.

The serving table was laid with a white Madiera cloth, having crystal appointments, with white gladioli and blue tapers in crystal holders for a centerpiece. The bride-elect's chosen colors blue and white were used. Napkins used were blue with engraving of the names of the honored couple. Plate favors were white mint holders, tied with blue ribbon. From above and behind the table blue wedding bells were suspended from a large white satin bow. Streamers bearing the legend "Wenona - Delwin" were extended from pictures of the couple on either side of the curtain behind the table.

Misses Marjorie Jones and Charlene Perry served the guest lime sherbet and angel food squares.

Mrs. Floyd Lyles presided in the gift display room.

Hostesses for the shower were Misses Charlene Perry, Roberta Garrett, Beth Walker, Laverne Fowler, Margie Jones and Roy Nell Irby, and Mesdames C. M. Perry, Lloyd Phillips, M. S. Robertson, Byron Robertson, R. E. Irby, J. W. Walker, R. C. Bullock, Tom Porter, E. L. Thomas, Mimes W. H. Bunch, T. T. Hamilton, J. B. Colston, Myron Kattner, E. L. Milton, and Bob Ratjen.

Guests were invited to call between the hours of six and eight o'clock.

WCS MEETING TUESDAY

Twenty-two ladies attended the meeting on Tuesday afternoon of the Womens society of Christian service at the First Methodist church, when they continued their study of the book, "We, Americans, North and South," with Mrs. C. B. Lyles as leader. Mrs. George Smith gave the devotional with Mrs. O. B. Olson and Mrs. J. D. Colville giving topics. Mrs. John McKinney and Mrs. Luce Martin gave a dialogue and Mrs. J. M. Willson, sr., also had a part on the program. The society meets every Tuesday afternoon at the church.

AID TO MANUFACTURERS

Metal coils, pre-coated in color are providing a means of facilitating manufacturing costs in a number of industries. Coils of coated metal are available in cold-rolled steel, electro-galvanized steel, electrolytic tin plate, brass, zinc and aluminum adhesive coil-coating to the metal, enables the coil to withstand the stresses of drawing bending, forming and fabricating without cracking or peeling. The chemically treated enamel coating provides remarkable flexibility and adhesion.

Boyce House Says I Give You Texas

When my book, "Roaring Ranger, the World's Biggest Boom," came out, President-Manager W. R. Watt of the Southwestern Exposition and Pat Stock Show said, "I could have given you some first-hand information." The Fort Worth business man-rancher was in Ranger during the oil rush, in the employ of the T. & P. railroad in engineering work.

One day when a heavy snow was falling, the superintendent of an oil company told Watt that the company had to get started right away on a tank farm but first would have to have the lines run. Watt glanced out the window at the snowstorm and, having on hankerchief for work under those circumstances, decided to make the price prohibitive. (At that time, he was drawing \$150, a month plus room and board from the railroad.) He drawled, "That'll cost you \$650, \$250 for me and \$200 each for the other two in the surveying crew."

"Let's get started," said the oil man.

So Watt and two helpers went out into the snowstorm and did a surveying job. For two days' work he collected \$100 more than the amount

of a full month's pay.

The railroad provided the construction crew place to sleep was hard to find on a siding and it was a fortunate place to stay.

Though hijacking was only a victim I ever saw somewhat humorous. One day we were walking along the car one night when the man with a gun stepped shadows and ordered which they did. He took and then said, "Get don't look back."

They started walking their pace kept increasing traveling so fast that we past the car before Watt said, with a chuckle,

Maybe money talks, it seems to sneak off without looking.

RELIGIOUS SERVICE IN THE PENTAGON

THOUSANDS ATTEND RELIGIOUS SERVICES IN THE PENTAGON. The great concrete structure housing the U. S. Department of Defense across the Potomac River from Washington, D. C., has a new life. Here on each working day members of all faiths among the 30,000 military and civilian personnel may attend church in their chosen faith. Depicted above is the illuminated building the concourse of the building calling the people to worship. The direction of Chaplain (Col.) William B. Estes two auditoriums set aside as chapels. In one of these at 12 o'clock noon mass is a Catholic chapel. At the same hour in another chapel a Jewish faith holds service. Protestant worship is held at 10 when chaplains of the various protestant denominations from time conduct the services. Civilian pastors occasionally participate.

Hatching Eggs To Restore Korea's Poultry

Just about wiped out by the embattled armies which swept through southern Korea, was the agriculture of that unfortunate country. Farm stock went to feed invaders and defenders, alike. Whenever a disaster of this kind occurs there always seems to be a group in America which rises to the occasion. This time, it was the Church of the Brethren, which started a movement joined by several other religious organizations and the Heifer farm organization to restore Korea's farm production. Shown here is a shipment of hatching eggs which, in order to preserve their fertility, had to be shipped quickly. This quick transportation allowed the eggs to reach Pusan, Korea in ideal condition.

QUICK, SLICED PICKLES

- 3 quarts sliced cucumbers
- 3 onions sliced
- 5 1/2 cups vinegar
- 3 cups brown sugar
- 1 pod hot red pepper
- 1 teaspoon cinnamon
- 1/2 teaspoon ginger
- 2 tablespoons mustard seed
- 1 teaspoon turmeric
- 3/4 teaspoon celery seed
- 1 piece horseradish
- 1/2 teaspoon alum

Soak cucumbers and onions (separately) 5 to 10 hours in brine made by dissolving 1/4 cup salt in 1/2 gallon cool water. Drain well. Add onions, 2 1/4 cups vinegar, and 2 1/4 cups of water to the cucumbers. Simmer about 10 minutes. Do not cook until soft. Drain. Discard liquid in which

Production Industry Brings New Families to Floydada

How the search for oil in Floyd county, and now its making itself felt in the channels of local trade, is being read for Floydada.

More than 60 families in Floydada, are earning their living in the production of the oil business. The number of dependents is estimated to be a total of more than 200.

Some of whom they are, their connections and their interesting sidelights in the lives of these new people in the town that they are, by and large, average citizens, who are contributing to the town's growth.

Twenty Men
Some Exploration companies have offices at 329 West Main street, have a crew of about 20 and 30 single men, some with families and some working with them. They are working in the neighborhood of the oil business.

On March this year, in the morning crew and he and his wife and two daughters live on south Main street. Ray Sewell and his wife and one son, live on South Main street. Mr. Stewart of Amarillo is the geologist and lives at the Commercial hotel.

Sixteen Families Represented
Mrs. W. R. Rodenberg, who lives in her trailer home with her husband, W. R. Rodenberg, and four children at Copelands Trailer courts, was busy with her household duties when visited Wednesday morning. Mr. Rodenberg is the drilling superintendent on the Puff-Brinkmeyer No. 1 Krause test southwest of Floydada. Their permanent home is at Columbus, Texas. They came to Floydada from Roscoe, Texas, about three weeks ago. There are about 16 families who are connected with this company and drilling crews. Their names and places of residence were not available at this writing.

Both Mrs. Millican and Mrs. Rodenberg were charming and gracious when visited on Wednesday morning. They both have been in the oil game several years, and like it, but like their own homes better, of course.

The word "fad" comes from the first letters of the words, "for a day."

Announce New Corn Hybrid

COLLEGE STATION, —Seed of Texas 15W, a new white corn hybrid developed by the Texas Agricultural Experiment Station, will be available for planting by Texas farmers in 1953.

Under comparative test in experimental plots over the State the past two years, Texas 15W has produced higher yields than any white hybrid now sold.

The new hybrid was developed by Dr. John S. Rogers and his co-workers in the corn breeding program, according to Station Director R. D. Lewis. Rogers also developed Texas 11W, heretofore the most popular white hybrid for Texas growing conditions, and Texas 26, 28 and 30, high-yielding yellow hybrids.

Since Texas 15W does not have as good shuck coverage as Texas 11W it is better adapted to the Blackland Prairie than it is to the more humid area of East Texas and the Gulf Coast. However, it is not objectionable to either of these areas and has produced yields as high or higher than 11W in both locations. Texas 15W is not as resistant to ear worms and ear rots as Texas 11W but the stalks will stand up slightly better in the field.

Most white corn in Texas is produced in the Blackland Prairie and Texas 15W should replace 11W in this area as the seed becomes available to farmers, Lewis said.

Work hard and save your money, and when you are 65 you can retire and have the things only young people can enjoy.

Farm Machines Plentiful For Wheat Harvest

Clifford P. Mills, of the Texas Employment commission, with offices during the harvest season with the county agent, estimated Monday that there were 80 out of state trucks and between 175 and 200 out of county trucks here to help with the Floyd County wheat harvest. He estimated about 225 combines from out of state and out of county, mostly from Colorado and New Mexico, with a very few from Kansas and Oklahoma. Kansas has over 14 million acre crop which will be ready shortly for harvest.

Only a few farmers have called at the office needing help and between 50 and 75 men and boys have been in seeking work. Mr. Mills will be in the office the rest of the week as the majority of the wheat harvest will be over this week, possibly 75 or 85 percent of the wheat, will be in.

Mr. Mills will return to the Plainview office, but if any help is needed, the Plainview office will be available to help the Floyd county farmer, he said.

Round of Visits In McLain Family

Mr. and Mrs. J. T. McLain recently entertained his two sisters, Miss Winnie McLain of Dallas and Mrs. J. W. Wiggins of Arlington. In company with the sisters Mr. and Mrs. McLain on Sunday visited another sister, Mrs. J. C. Williams of near Dimmitt, where they met Mrs. E. C. Fullingim of Tucumcari, New Mexico, also a sister.

Others visiting in the Williams home were Mrs. Susie Riggs, a daughter of Mrs. Fullingim, and Miss Helen Killworth of Plainview.

Jack Dyer, a son-in-law of Mrs. Fullingim and his two children, and the two sons of Mrs. Williams, Vernon and Glenn and their families, and three of the McLain children, Mrs. Roy N. Wednesday guests in Tucumcari of Mrs. Fullingim.

Other guests in the home were Tommie Fullingim and Mrs. Jack Dyer and children and Mr. and Mrs. Jim Griggs, also Mr. and Mrs. Raymond Smith and Mrs. Smith's daughter.

Mrs. Smith is the former Willie Merrell, daughter of Mr. and Mrs. W. A. Merrell of the Blanco and Sandhill communities. The four came back to Floydada, after visiting in Edmondson, Plainview and Lockney. Mr. and Mrs. Williams visited the McLains Sunday before the sisters returned to their homes. They attended church and visited friends in Floydada and Sand Hill.

Boyce House Says I Give You Texas

Not long after the War between the States, a handsome, well-dressed stranger appeared in the town of Azle, which is a flourishing community of Tarrant County. There he met an attractive young lady whom he escorted to church and neighborhood parties. After three months, however, Tom Jackson left town hurriedly, sending a note to the young lady that he loved her but he must leave. He wrote, though, that he would either come back or send for her.

A month later, a man came to Azle. He was a friend of Jackson and had a message for her — that she join him in Missouri where they would be married. Jackson's real name, the message incidentally revealed, was Jesse James.

At this revelation, the young woman dismissed the romance from her mind.

Jilted by the Texas maiden, the nation's great train and bank robber married a Missouri maid. Jesse rode to the wedding, a rifle across the saddle horn and two pistols under his coat. Shortly after the ceremony, word came that a posse was heading for the town — and Jesse, so the newly-weds departed.

They spent their honeymoon in Texas. Yes, Texas seems to have meant romance to the Missouri bad man.

He ran low on funds while down here. Less than three weeks after the marriage, the Austin-San Antonio stage was stopped by bandits who were very polite but efficient; they took express boxes and mail sacks and relieved the passengers, including a bishop, of their valuables.

And that group of robbers was really a team of all-stars. Jim Reed, who was the husband of the woman outlaw, Belle Starr, was fatally wounded soon afterward and he said

that he was one of the robbers and that the others were Cole Younger, Jim Younger, Jesse and Fank James.

One of the most unusual names for a Texas community is Dime Box, down near Giddings. When I visited Giddings some years ago, I asked how the community got its name and was told that, many years back, there was a man living in the settlement who, whenever anybody was going into town, would always give him a dime box and say, "Bring me back a dime box of snuff." So the place got to be known as Dime Box. Of course, they have been kidding me but it makes an interesting little story.

Cities are much bigger now than those same cities were when I was a boy but, in at least one particular, they can not measure up to the glory of yesteryear an that is the theater.

As a lad, I visited St. Louis with my father half a dozen times and I recall the ads of a dozen shows in a single issue of the paper — stage shows, live people. I recall seeing "Across the Pacific", a melodrama of war in the Philippines; a light opera "The Prince of Pilsen" and a comedy starring two Dutchmen—they might have been Webber and Fields but were probably imitators of that great team. I recall that they had a fuss and the fat little fellow threatened, "I will stick mine finger in your mouth and I won't let go."

Now, in St. Louis (as in practically all other cities except New York and perhaps, Los Angeles) the shows are shadows on a screen, the same attractions that you can see in Ranger, Texas, or Piggott, Ark.

When a man is asked by a court or Congressional committee whether he is, or has been a Communist and says, "I refuse to answer on the ground it might incriminate me" — he has answered the question and the answer is that he is or has been, a Communist.

Because if he were not, he could say "No" and certainly that would not incriminate him.

Comets in the early days were thought to signify the wrath of heaven.

Lindbergh's flight across the Atlantic took 33 hours and 29 minutes.

Bank at Crosbyton Doubles Capital

Crosbyton—Officers of the Citizens National bank have announced the doubling of the capital structure of the local institution. Approval for the increased was received recently from the comptroller of the Currency, Russell McCurdy, executive vice president, stated.

New stock in the amount of \$50,000 has been issued, doubling the amount of stock in the bank from \$50,000 to \$100,000. This stock was issued to the six stockholders in the proportion to which they held stock.

At the same time, the surplus of the bank was increased from \$50,000 to \$100,000, Mr. McCurdy said. The

two increases doubled the structure and placed it in FIRST LOAD OF WHEAT AT PETERSBURG BY...

The body of Cpl Payne was returned to Lubbock in December and services were held December 28 at the McCoy Baptist Church. He is survived by his parents, a grandmother, Mrs. J. P. Wallace of Lubbock and a grandfather D. F. Payne of Floydada.

WORK PROGRESSES IN NEW LOCKNEY CHURCH SANCTUARY

LOCKNEY—Masons started this week to laying the brick and the tile walls of the new sanctuary of the First Methodist church. Four masons were working Tuesday and the walls were going up fast.

Mr. and Mrs. Harold Mullenix of Lawton, Oklahoma, were guests of Mr. and Mrs. John Duffey east of town this past week. The Mullenix were on a honeymoon trip, having married on June 7. They both were fellow employees of Mr. Duffey prior to his retirement at the artillery school, at Fort Sill, Oklahoma.

Mahon Announces For Congressman

Representative George Mahon this week requested the Floyd County Hesperian to formally announce his candidacy for re-election to Congress. He had earlier filed for a place on the Democratic ticket. Mahon is unopposed in the forthcoming primary.

In announcing his candidacy, Mahon said, "I will deeply appreciate the continued support and confidence of the people in the coming primary. These are difficult and frustrating days for private citizens and public officials alike. Congress is still in session, and in all probability I will have little opportunity to visit about the District prior to the primary date."

"As the hired hand of the people of our District, I shall continue to do everything in my power to do a good job here. I welcome advice and counsel at all times, and I am constantly mindful of the debt of gratitude which I owe the people of West Texas. Please thank them for me through the columns of your paper."

CONVICTION IS UPHOLD

AUSTIN — The State Court of Criminal Appeals has affirmed the conviction of Virgil Trice Bennett in Floyd County for driving while intoxicated.

Bennett's sentence, with prior convictions, charged was for two years in jail and \$1,000 fine. One of the previous convictions was in Hale county.

Associate Justice W. A. Morrison, writing the court opinion, said the trial proceedings appeared regular and upheld the conviction.

IN LUBBOCK HOSPITAL

LOCKNEY—Miss Nellie Brown of Sandhill, teacher in the Lockney school last term, is in Lubbock Memorial hospital in a critical condition, friends said Tuesday. Miss Brown underwent an appendectomy Sunday. It was found that the appendix had been ruptured several days and that peritonitis had set in.

Mr. and Mrs. R. P. Terrell and son and daughter, of Albuquerque, New Mexico, spent the weekend here with Mr. and Mrs. Lon Blasingame, parents of Mrs. Terrell. They were enroute to Dallas and Waco, where they will visit for a few days with relatives.

Food Poisoning More Likely in Summer Time

AUSTIN. — Bacteria grow more readily in warm weather and this increases the danger of food poisoning, warns Dr. Geo. W. Cox, State Health Officer. Since modern refrigeration public health has improved. However, cases of food poisoning do occur, in spite of the more healthful measures of storing food.

Sickness from food poisoning usually strikes quickly and explosively, and those who do not eat the infected food escape. Usually in one to four hours after eating contaminated food, victims feel ill. If it is a mild case of poisoning, recovery usually begins in eight to 12 hours, but victims may feel the ill effects for several days.

Another important safeguard to prevent food contamination is that the hands of the person who prepares food be scrupulously clean, and free from cuts and sores of any kind.

Usual symptoms of food poisoning are diarrhea, nausea, vomiting, abdominal cramps, and weakness. Whenever you feel these symptoms, be sure to call your physician. Do not wait, hoping it will wear off; sometimes food poisoning is fatal!

The staphylococcus organism grows best in foods which are slightly fatty, such as fat meats, salads with rich dressings, cream pies, cream puffs, or any food with custard fillings. So if anyone in your family takes his lunch to work during the coming hot months, be careful of the foods you put in the lunch, and don't include any of these foods.

Petersburg Miss At Girls' State

Miss Jane Jackson, daughter of Mr. and Mrs. Joe Jackson of Petersburg is in Austin this week where she is a representative at Girls' State sent by the auxiliary of Ed Hankins post of the American Legion. Miss Jackson is a popular member of the 1953 senior class of the Petersburg high school.

She is a member of the First Methodist church and has been a delegate to the Methodist Youth assembly in Abilene for two years. In company with Mrs. Bill Almon, Auxiliary president, Miss Jackson attended a meeting of Hale county delegates at Plainview last week at the home of Mrs. Dent, who accompanied the girls to Austin.

PROTEST

Sandy was learning to play the bagpipes. One night, while he was strutting around the room, skirling for all he was worth, his wife attempted a mild protest.

"That's an awful noise ye're making," she said.

Sandy sat down and took off his boots; then got up and resumed his piping in his stocking feet.

Holmes' on Jaunt To the West Coast

Mr. and Mrs. G. G. Holmes and daughters, Diana and Beth, of Chattanooga, Tennessee, arrived the first of the week for a visit in the home of Mrs. Holmes' parents, Mr. and Mrs. B. A. Colston. While the daughters remained here to get better acquainted with their grandparents, Mr. and Mrs. Holmes left for an air flight to San Francisco to spend several days.

Mr. Holmes, who was released from the armed forces in October of last year and returned to private life, is employed with the appliance department of General Electric at Chattanooga. Their trip to the coast is an expense-paid reward for a good job in a special campaign recently.

Mr. and Mrs. Don Zimmerman, of Galveston, were guests of Mr. and Mrs. John Reue and family last week. The Zimmermans and the Reues are long time friends and former neighbors. Mr. and Mrs. Zimmerman were enroute to California on a vacation trip.

Mr. and Mrs. Reid Strickland and son recently visited his mother, Mrs. G. R. Strickland and sister, Mrs. E. C. Carter and family.

ITS ENGINE ADDS MUSCLE TO EVERY DROP OF GAS!

THE CHRYSLER NEW YORKER CONVERTIBLE
(This body style also available in Windsor Deluxe with Spitfire Engine.)
White side-wall tires at extra cost.

To many owners, the mighty 180 H.P. V-8 engine that powers the Chrysler New Yorker is the most remarkable feature of this remarkable car. It is certainly the most discussed automobile engine in many, many years.

This is the engine with hemispherical combustion chambers . . . the engine that gets more power out of every drop of gas. And non-premium gas at that!

Actually, it puts you in control of more power than you'll probably ever need use. You'll sense this . . . together with its unequalled response . . . the very first yards you drive. It runs smoother, more quietly, and with less wear than any other engine ever built into an American automobile.

. . . and it makes driving (both cruising and the short runs) more fun than you have ever known it to be!

But that's not all. Along with this engine there are scores of other reasons, too, for driving a New Yorker before resolving on any new car. Like Full-time Power Steering that makes steering five times easier . . . and your control five times greater . . . than in ordinary cars. Like Power Brakes that cut needed pedal pressure by as much as two-thirds.

Like Oriflow shock absorbers that make even bad roads feel "newly paved" . . . restful chair-high seats . . . big, wide-opening doors . . . big windows that let you see more.

It's true . . . until you drive a Chrysler New Yorker you won't know what you're missing. Why not stop in today?

Candidates on Ballot
A preview of the ticket as arranged by lot by the committee Monday shows three candidates for governor, two for lieutenant governor, three for United States senator, three for commissioner of agriculture, two for land commissioner, two for judge, court of criminal appeals, two for railroad commissioner, seven for congressman-at-large, one each for state comptroller and state treasurer, two for attorney general, four for associate justice, supreme court, place 1, two for place two on the same court, and one each for place 3 and 4. In the seventh supreme judicial district race there are four candidates for associate justice.

For congress, 19th district, there is one candidate, for state senator two, for state representative three and for district attorney two.

The names of county and precinct candidates will appear as follows:

For sheriff: J. A. Patterson, Leonard A. Hart, Earl Cooper.

For tax collector, A. K. May, T. T. Hamilton.

For county surveyor: W. D. Newell.

For county clerk: Margaret Collier.

For school superintendent: Clarence A. Guffee.

For county judge: Frank L. Moore.

For district clerk: Mary L. McPherson.

For county treasurer: Mrs. Sam A. Spence, Mrs. V. H. Boteler.

For county attorney: Kenneth Bain, Jr.

For justice of the peace, precincts 1 and 4: P. O. (Pat) Sterling, O. B. Olson, Andy C. Jackson.

For justice of the peace, precincts 2 and 3: J. J. Harris.

For commissioner precinct No. 1: J. K. Holmes.

For commissioner precinct No. 2: Hugh Counts.

For commissioner precinct No. 3: W. C. Plumlee.

For commissioner precinct No. 4: R. B. Calhoun, P. L. Hart, Joe Thurston.

For county chairman of the democratic party: G. C. Tubbs, Ben P. Ayres.

Another New Wrinkle
In Precinct No. 18, West Lockney, L. M. Honea declined to serve

as presiding judge in the primary for health reasons, and T. B. Mitchell was named in his stead.

A new wrinkle in the election law calls for a special canvassing board to canvass absentee ballots in the office of the county clerk at 1 o'clock p. m. election day. C. C. Huckabee was appointed presiding member of this board, with Mal Jarboe and W. E. Sims as the other members. They have authority to appoint 3 clerks to assist them in the canvass. The pay of such members and clerks of the special canvassing board will be \$5 each. The sheriff is made the custodian of the absentee ballots until they are turned over to the board. Heretofore the procedure has been for the county clerk to keep the absentee ballots until three days before the election when the clerk forwarded the absentee ballots to the respective presiding judges to be announced at 2 o'clock p. m. on election day.

Members of the county committee present for the Monday meeting were W. M. Knight, Sand Hill; Zant Scott, Harmony; Cecil Purcell, Goodnight; Bert Bobbitt, Sterley; J. K. West, South Plains; A. C. Goetz, southwest Floydada; T. B. Mitchell, West Lockney No. 18; and John R. Shipley, McCoy.

ON TRIP TO EAST COAST

Mr. and Mrs. Glad Snodgrass and Mr. and Mrs. Lewis Norman and sons Glad and Don, are leaving on an extended trip to St. Louis, Chicago, Niagara Falls, New York, and down the east coast. A visit to the nation's capital, Washington, D. C., will be included on the trip. The party is traveling in a new Pontiac station wagon. They will be gone several weeks.

Fathers Honored at First Baptist

Sunday morning at the First Baptist church at the 11 o'clock service, the fathers were honored as it was fathers day. The honor boy, was Kelly Rex Smitherman, age six months, who had present with him eleven grandparents; besides his parents, Mr. and Mrs. Rex Smitherman.

The grandparents were Mr. and Mrs. J. B. Smitherman of South Plains, Mr. and Mrs. Alva Jackson of Floydada, great grandparents were Mr. and Mrs. A. C. Jackson of Floydada Mr. and Mrs. P. M. Center News

(Mrs. J. E. Green)

CENTER, June 17.—This morning is cool after the heat and wind the last few days. Wheat cutting is the order of the day. Yields so far are up to expectations and very satisfactory. We have much to be thankful for.

Sunday being Father's Day we had some visitors—former Center young people—in the morning service. These were Mrs. Carolyn Heady and son of Floydada, visiting parents, Mr. and Mrs. Leo Ffizzell; Mrs. Buck Ragsdale of Baileyboro, visiting parents, the R. C. Rosses; and Don Clark Green, visiting Mr. and Mrs. J. E. Green and Margaret.

Mrs. Buck Ragsdale's mother-in-law accompanied her here for the week-end in the Ross home.

Mr. and Mrs. Victor Green of Plainville visited his home on Saturday afternoon.

Sunday dinner guests in the J. Green home were Bro and Mrs. Hodges and Jerry, June Hartline and Mr. and Mrs. Anthony Latta of Mt. Blanco.

Week-end guests in the Robertson home were Mr. and Mrs. W. K. Blackburn and son Jimmy of Dallas, Mr. and Mrs. Dick Bunnell and Jolene Robertson of Waco.

Mr. and Mrs. Jack Sandefur and three boys of Austin were week-end guests of his aunt, Mrs. Walter Sims and Mr. Sims, along with other relatives.

The J. D. Welborns went to LeFors Saturday and brought home with them for a visit Mrs. Welborn's parents, Mr. and Mrs. Walter Hendricks.

Mrs. W. P. Branson, Floydada, visited in the Frank Dunn home last Thursday. In the afternoon Mrs. Branson and Mrs. Dunn visited Mrs. Lee Burgett.

Mr. and Mrs. Floyd Montgomery of Bovina called at the Frank Dunn home Monday.

Tuesday dinner guests of the Frank Dunns were Mr. and Mrs. J. D. Welborn and children, Mrs. Nolan Arney, Miss Frieda Arney near Paris, and Mr. and Mrs. Walter Hendricks of Pampa.

We had a good time at club at Mrs. Huckabee's last Friday. There were ten present. Be sure to all come to the next meeting, Friday June 27 at Mrs. J. E. Greens. And come to church Sunday.

Mr. and Mrs. R. C. Scott are leaving today for Denver, Colorado, in company with their son and his wife, Mr. and Mrs. Ralston Scott. The Ralston Scotts have been here for a few weeks, guests in the parental home.

Miss Wilma Deen, of Albuquerque, New Mexico, accompanied by her parents, Mr. and Mrs. Tom W. Deen spent the past week-end in Fort Worth, where they were guests of Jesse Haines and family. They were accompanied by Mrs. Ethel King, who visited with her daughter, Mrs. Rolene Smith and family.

One-Third Cars In County Have Been Inspected

Of the 3263 automobiles registered in Floyd county, 1134 of them have been inspected according to the state law to date by the inspection centers in Floydada.

The date of the close of the inspection is September first.

The figures given here will be swelled by the inspections made by the stations at Lockney, which are not included in this report.

For the motorist—car or truck owner—who does not have an inspection tag the time now left is 72 days to meet the requirements of the inspection law. Rules set up by the safety department have been relaxed very considerably but the statute remains on the books and it is anticipated that enforcement of the law will be vigorous.

Cow - Hog - Hen Gilts Awarded

The eleven Cow-Hog-Hen gilts were given away last Thursday morning at 9:00 a. m. at the county agents office in Floydada.

The boys who had the best essays entitled "Why We Have Hogs And Hens on The Farm" are the winners of the gilts. The gilts are registered Jersey-Durocs gilts and the winners for 1932 are as follows:

Jackie Johnson; Waldo Baxter, Harrol Carthel, Eldon Fortenberry; Eddie Gloyna; Thacker Gross; Tommy Respondek; David Pickens; Alton Higginbotham; Kendis Julian.

These boys will each return one gilt from their litter to the program next year. James Teague was the winner of the boar for this year.

Flowers from OLD NYLONS

Making gay, colorful flowers and corsages from re-dyed nylon stockings is latest hobby sweeping nation.

Cost of making the long-lasting flowers is trifling.

First use color remover on nylon. Then tintex hose in floral color desired. Next, make petals by stretching square of nylon over a strand of copper screen-wire. Five or more petals are assembled to form flower. With waxed crocheted cotton for center, petals are tied at base with wire and stem covered with green floral tape.

Simple directions for making the flowers are provided in an illustrated booklet obtainable gratis from the Home Economics Bureau, 485 Fifth Ave., New York 17.

BEG YOUR PARDON

"Friend of the bridegroom?" asked the usher at the wedding. "Certainly not!" replied the dignified matron. "I am the bride's mother."

Lincoln was assassinated during his second term as President.

WISE GIRL

He: "You seem to look shorter in that bathing suit?"
She: "No, it's just that you men look longer."

U. S. Postage stamps first went on sale on July 1, 1847.

FATHER'S DAY RE-EMERGES

A father's day reunion was held at the home of Mr. and Mrs. Will Snell, Sunday, honoring Mrs. Snell, Mrs. Will Snell, Mrs. Fort Worth, Mr. and Mrs. Snell and son of L. B. Jones of Floydada, Mrs. Jones of Gatesville, and Mrs. Hale and son.

Mrs. Emma Jones, who has been visiting Mrs. Will Snell and Mrs. Fort Worth Monday, visit with relatives before to her home.

Softball Fare Tonight McCoy Versus Humble

Softball fare for the fans tonight at Jaycee park will be a game between McCoy and Humble teams. Their game opens the second week of the new league play.

Tomorrow night it will be Dougherty vs. Center at the Jaycee park. The date is June 20. Both teams lost a game each last week and both want to get in the win column.

Next week on Monday night will be two games. Here at Jaycee park Humble will take on Dougherty, while REA journeys to McCoy.

Tuesday night here REA and Center will tangle at Jaycee park.

Games of Second Half
The second half of the league play began Thursday night of last week, when Humble took Center 15 to 2. The game was close until the fifth when Humble began clouting the ball for seven runs. They added four more in the seventh. Gas-camp led the hitting for Humble with a home run.

Friday night saw a slugging match between REA and Dougherty. REA went into the win column finally with a 15 to 11 score. REA jumped off to a good lead. With bats booming the score was 14 to 1, at the end of the third. Dougherty made five runs in the fourth, James Ross hitting a triple with the bases loaded. They scored five more in the sixth.

K. Davis for REA was very effective but Duke in the role of replacement pitcher was not so lucky against the east Floyd county boys. Teague hit a home run in the fourth for REA with one on.

McCoy which drew a bye in the first week, will get into the play this week.

Evangelistic Sermons Begin On June 29th

Evangelistic services at the Cumberland Presbyterian church are planned to begin Sunday, June 29th and continue for ten days it is announced by Rev. A. C. Stone. Morning services are scheduled at 10:00, with evening services at 8:00.

Rev. Dick Coons, Casey, Illinois, young evangelist in the Cumberland Presbyterian denomination, will be bringing the message from the Word of God, while Eric Smedilen will direct the singing.

These men have recently received schooling at "Bob Jones University," Greenville, S. C., a school which is known as "The World's Most Unusual University," and is one of the Fundamental Bible schools training young men and women for clear-cut Christian living, gospel testimony and ministry.

Fairview News

(Mrs. Clyde Bagwell)

FAIRVIEW, June 17—Harvest really got under way in our community by the middle of last week and many fields have already been harvested. Others will finish this week if weather conditions remain favorable. Row crops are growing but rain would be helpful for the row crop at this time but not good for the wheat. So far the report on wheat yields is running from 10 to 25 bushels per acre.

Mr. and Mrs. T. L. Perry and Jan attended a family reunion of the Tomlinson family at the Diamond T. Ranch near Kerrville the past week-end.

Ronnie Payne of Floydada visited a few days last week with his grandparents, Mr. and Mrs. Cecil Payne. Mr. and Mrs. E. W. Walls went to Floydada Sunday after church where they were guests for a Father's day dinner at the home of their son and family, Mr. and Mrs. Doyle Walls.

Mr. and Mrs. Cecil Payne and C. J. were hosts Sunday for a large group of relatives, including her parents, Mr. and Mrs. R. W. Lotz-pich, and his mother Mrs. W. W. Payne and their three sons and their families, Mr. and Mrs. James T. Payne and children Mr. and Mrs. Winfred Payne and Ronnie and Mr. and Mrs. Gene Payne and Jan, all of Floydada.

cream 23,090,000 gallons, and butter 13,560,000 pounds plus other dairy products also add to the wealth of the state.

Consumption at High Level
Milk consumption continues at high levels as consumers generally are drinking more milk. Better foods, improved transport to the dairy plants and other production and distribution advances have been helped in building and strengthening the milk industry.

A quart of milk is more than two pounds of food, says the institute, and a bargain because every drop can be used with nothing wasted. Distributors declare that delivery is highly efficient with 80 per cent of the sales income being paid out to farmers for the milk and to workers in the plants and on the routes. Distributing companies profit (net) only a fraction of a cent per quart on their service to the public.

Milk prices to the consumer are lower than the average prices for all foods according to the latest government index figures. Our most widely used food, milk, including dairy products comprises more than 20 per cent of the foods purchased annually by the average Texan.

Sixty million quarts of fresh milk and cream a day are distributed to nationwide consumers through door-step deliveries and stores. Milk consumption today is more than 13 per cent greater than before the war. Milk in this country today is the best in the world and the United States is the greatest dairy nation. It is estimated that 500,000 persons in Texas are employed in the production, distribution, processing and sale of dairy products. The dairy industry contributes an estimated \$400 million annually to the commerce of Texas.

250 Young People At Baptist Camp

At the first camp to be held in District Nine for the young people of ages 17 to 25, held at the Plains Baptist encampment in the Blanco canyon south of Floydada, Monday afternoon thru Wednesday noon, over 250 young people were present for the camp.

Dr. Carl Bates of Amarillo was the camp pastor and the camp was a success. Many of the young people work but they would go after their working hours and attend the supper and return the next morning to their jobs.

The next camp will be held on June 25 thru 27 for the Mexican youth of District Nine. The first three weeks in July will be continuous camps for different ages.

South Plains News

(By Mrs. M. M. Julian)

SOUTH PLAINS, June 16 — This is wheat cutting weather, and every farmer is busy from dawn until deep dark. There is no telling when a rain may come, with hail, so they work every available minute. This is the first week of real cutting, and most of the fields are ripe, or will be this week, and the combines will be gone by next week.

Mr. and Mrs. George Robertson spent Fathers Day on a picnic and swimming excursion at Roaring Springs, returning home in the late evening.

Mr. and Mrs. B. F. Harper, from Carlsbad, New Mexico, are spending a few days in our vicinity while attending to some business matters. They have their wheat being harvested at this time.

Mr. and Mrs. O'Dell Mulder, small daughter, and Don Dell, from Albuquerque, New Mexico, arrived in South Plains Saturday morning. They plan to spend a week visiting Mr. and Mrs. Arby Mulder and children, and Mrs. Sipple Mulder, who lives in Floydada.

Mr. and Mrs. E. T. Evans and children, and Mr. and Mrs. Robt. Smith and children, from Sterley community, are spending this week and next week at the home of the girl's parents, Mr. and Mrs. George West. They are all helping with the harvest details.

Mr. and Mrs. Early Joiner went to Amarillo on Saturday night to get their son, Gordon, who came in on the train from up near Colorado Springs, Colorado, where he has been on a vacation. They all spent the night in Hereford and remained Sunday to enjoy Fathers Day with Mrs. Joiner's parents, Mr. and Mrs. G. W. Brumley.

Mr. and Mrs. L. T. Wood and family had as their guests for Sunday dinner on Fathers Day, Mr. and Mrs. Walter Wood and Rev. C. A.

WTGA Champion Visits in Floydada

Mrs. Ross Cherry and son, Don, of Wichita Falls were recent visitors in the L. A. Marshall home. Mrs. Cherry will be remembered here as the daughter of the late H. C. Bosley, old timers here.

Don Cherry has won nation-wide fame as a singer. His records are made by Decca and enjoy sales among the top of the nation.

Don Cherry also is a golfer, having this last week at Mineral Wells successfully defended his west Texas golf championship which he has held for several years.

Mrs. Leo O'Hare and her four children were Co-op visitors last week from Kimball, Nebraska.

Miss Bobbie Medlen has accepted a position with Stanolind Oil and Gas company as a secretary in the land department. Miss Medlen received her degree from the West Texas State college in Canyon in May.

Mr. and Mrs. L. G. Withers and daughters have returned home from a two week trip thru Missouri, Kansas and Oklahoma, sight seeing and on a vacation tour.

Home Demonstration Club Meets

The South Plains Home Demonstration Club held its regular meeting Wednesday, June 11, at the spacious home of Mrs. Ophelia Sanders, with Mrs. Jewell Portenberry, as co-hostess. The meeting was called to order by president Mrs. H. L. Marble and roll call was answered with "What I would like to have in the Year Book Next Year." It was voted to have Guest Day again next year, as it was enjoyed by everyone. Mrs. Robert Reeves was voted a delegate to the State T.H.D.A. meeting, which is usually held in the fall.

Mrs. Harry Hartman and Mrs. Owen Thornton gave an interesting skit, "Making a Good Appearance", which was delightful, and showed contrast in appearances. Mrs. Gertrude Smitherman gave a paper on Care of Summer Shoes, and the game period was led by Mrs. B. Higginbotham, and Mrs. J. H. Allen.

A delicious refreshment plate consisting of chicken sandwiches, punch and angel food cake was served to members and one guest.

Present were Mmes. J. H. Allen, H. L. Marble, H. R. Hartman, J. J. Taylor, J. K. West, Bryant Higginbotham, Menard Fields, George Beedy, T. C. Thornton, I. H. Parks, Grigsby Milton, A. L. Stewart, J. B. Smitherman, Slim Reeves, Robert Reeves, John Wilson, Eulan Bradshaw, and one guest, Mrs. J. K. McKenzie, from Portland, and the hostesses, Mrs. Sanders and Mrs. Portenberry.

The next meeting of the club will be at the home of Mrs. Menard Fields, in Floydada, June 25.

James Alton Higginbotham won a pig, in the 4-H club contest in which many contestants took part. There were two boys who won pigs in our community on Thursday morning, James Higginbotham, and Kendis Julian.

The Floyd County Hesperian, Floydada, Texas, Thursday, June 19, 1952

MAKING HEALTHY ANIMALS
Miracle drugs, only short time ago rated more precious than gold because they were so scarce, are now being used to make farm animals healthy and fat. Recently published reports show that \$1.60 worth of the new drugs along with \$100 worth of regular feed can bring pigs and poultry to market much earlier than formerly. Cost of feeding pigs, it is claimed, can be cut because 30 to 50 pounds of feed per hundred pounds of pork would be saved.

Proportionate savings are effected for turkeys and chickens. This use of antibiotics for farm animals does not affect the availability of penicillin, aureomycin, terramycin, bacitracin, and the like, for humans, the reports indicate. After being used in the production of other antibiotics, broths that formerly went down the sewer are now salvaged for animal treatment.

Childers-Johnson Mrs. Guajardo Is Vows Repeated at Shower Honoree Lockney June 10

LOCKNEY—June 15.—Miss Mary Childers, daughter of Mr. and Mrs. C. E. Childers, Lockney, became the bride of Lyndall Johnson, son of Mr. and Mrs. Lee Johnson of Erick community in a ceremony performed Tuesday evening, June 10, at 8 o'clock.

Rev. N. S. Daniel, Methodist pastor, at whose home the wedding took place, read the double ring ceremony.

The bride was attractive in a white nylon crepe dress trimmed in blue velvet. She wore white accessories and an orchid corsage. For something old she wore ear rings, something new was her wedding attire, something borrowed was a pearl necklace belonging to her mother, something blue was a touch of velvet ribbon.

Mrs. Lynn Ray Smith, sister of the bridegroom attended the bride as matron of honor. She was dressed in white pique with white accessories.

Mr. Smith attended as best man. Mrs. Johnson was a member of the 1952 graduating class of Lockney High school. She was named class favorite. Mr. Johnson also attended Lockney schools. After a wedding trip to Oklahoma City the couple will be at home in Plainview where Mrs. Johnson will enter a business college. Mr. Johnson will continue to work at Wofford Wood shop in Lockney.

Guests at the wedding included Mr. and Mrs. C. E. Childers and daughter, Sibyl, Mary Nell Love, Judson Nipp of Ralls, Texas; Mrs. Lee Johnson, Mrs. N. S. Daniel.

BIT BY BIT

On the bayonet course a rookie was particularly clumsy. He charged the dummy, stumbled, missed the bayonet jab and flattened his nose against the sack.

"Nice work, soldier," said the sarcastic sergeant. "If you can't stick him—bite him."

The proverb about wisdom bringing happiness certainly doesn't apply to increasing knowledge of plant life. We were speculating along these lines the other day as we joined in a family crusade against dandelions.

First place, the name dandelion is downright romantic. We can remember as a child picturing decked-out circus lions at the mention of this tenacious weed. We finally concluded "dandy" was for the ragged yellow blossom and the fringed leaves. The circus suggestion was borne out, however, by the delicate balloon-like seed pods that floated out and parachuted down in all directions at the least disturbance.

We now guiltily remember plucking these—and the equally obnoxious dried thistle pom-poms—and blowing on them deliberately to speed up the interesting process of seed spreading.

We could never feel as sorry as we should for the characters in Dickens' (or Scott's or somebody's) novels, who had to eat dandelion greens. In our book, it sounded a darned sight more romantic than the turpin, mustard and beet greens that found their determined way to our table.

Morning glory; there was another romantic name. It was an "idea" plant, too—bursting into radiance with the morning sun, then resolutely covering its beauty with tightly folded arms as the day grew old. To the untutored child, even its heart-shaped leaves told a story. Yet now we labor to stamp out this aggressive vine, before its graceful but suffocating tendrils take over the flower beds.

Although plants with such high-sounding names as lagustrum, nandena, euonymus and photinia do make a pretty yard, we can at times wish for our former state of blissful ignorance, when plants were pleasing because of their picture-drawing names or their interesting characteristics.

H. D. COUNCIL MEETING NEXT SATURDAY AFTERNOON

The Floyd county home demonstration council will have its regular meeting at 2:30 Saturday afternoon, June 21, in the council room of the court house, according to an announcement by Mrs. Ruth Daniel chairman.

MRS. EARL HUCKABEE HOSTESS FOR CENTER H. D. CLUB

The Center H. D. Club met with Mrs. Earl Huckabee, June 13, 1952. President Mrs. Tom Nolan presided. Roll call was answered with "what I would like to have in the year book next year." Many good suggestions were given.

Mrs. M. J. McNeill was elected nominee for delegate to state meeting of the THDA.

The meeting adjourned to meet with Mrs. J. E. Green on the 27th of June.

Delicious refreshments were served to the following guests by Mrs. Earl Huckabee: Margaret Green, June Hartline, and Ima Jean Nolan. Members present were Mesdames W. L. Hartline, W. J. Rhoades, J. A. Hartsell, J. E. Green, Tom Nolan, O. C. Vinson and Mrs. Huckabee.

Gifts were exchanged and a good time was had by all. Margaret Green gave several piano selections.

YOUNG YOUNGSTER

The baby-sitter was pushing the baby carriage along a path in the park when a policeman strolled up. "Fine-looking baby," he said. How old he is he?"

"He'll be a year old next week," answered the baby sitter.

"He doesn't look that old," said the policeman.

"No," replied the baby-sitter. "You see, he was very young when he was born."

Allen to Talk At Boys Ranch Founder's Day

Friday, (tomorrow) at Buckner's Boys ranch at Burnett, Texas, founders day will be celebrated in its third annual session with an address, a barbecue and an outstanding day for the boys at the ranch. It will be attended by families from near by ranches and prominent denominational leaders. Boys ranch at Burnett is one of the Buckner Baptist orphanage system for underprivileged and delinquent boys.

Last year on founders day, the principal speaker was Dr. W. A. Criswell, pastor of the First Baptist church at Dallas. This year the guest speaker who makes the main address at 11:30 a. m. is R. Earl Allen, pastor of the First Baptist church at Floydada.

Dr. E. L. Cornett is the new president and general manager of the Buckner Baptist orphanage system. He will make his first official appearance since his election as president.

Mrs. Allen and daughter, Norma, will accompany Rev. Allen to Burnett. They will return to Floydada on Friday night.

Mr. and Mrs. Ed Thornton had as guests in their home over the week-end, their son and family, Mr. and Mrs. Rae Thornton of Tulsa and Mrs. Thornton's sister, Mrs. C. P. Fulkerson and Mr. Fulkerson.

Miss Leila Petty Floyd County Home Demonstration agent is on a week's vacation, being in Austin where she is visiting relatives.

News of Harmony

(Mrs. Mather Carr)

HARMONY, June 17—Rev. Krebs left Monday of last week for S. M. U. where he will be in school for six weeks. Phillip Krebs also left for the M. Y. F. encampment in Abilene.

Tommie Smith and Jimmy Krebs returned home Saturday from Ceta Canyon where they attended the encampment for the juniors.

Mather Carr returned home Wednesday of last week from Lubbock Memorial hospital where he underwent surgery several days before. He became worse and returned to the hospital Thursday. Back home Friday he is doing fine.

Those who visited Mather Carr last week while he was in the hospital were Mrs. Joyce Davis, Mr. and Mrs. Bob Hopper and sons, Mr. and Mrs. Everett Miller, Doris Elayne Snodgrass, the Chioma Williams family and the Wesley Carr family.

Several attended the shower for Mrs. Peggie Finkner Runchey at Mrs. G. L. Scarborough's in Petersburg Saturday afternoon. A very nice shower was reported. Peggie is the daughter of Mr. and Mrs. Hill Finkner and she was reared in this community. She is going to Tech and will finish in January. Her husband is stationed at Reese Air base. Peggie is the granddaughter of Mr. and Mrs. M. D. Ramsey.

Those having Sunday dinner in the Carrick Snodgrass home were Mr. and Mrs. G. L. Snodgrass and Mrs. G. L. Snodgrass and wife, Everett Miller and wife and Carrick Snodgrass and wife attended the Snodgrass reunion Sunday week ago at Jerico.

Guests in the Mather Carr home Sunday were Mr. and Mrs. Sim Burrows of Plainview, Mr. and Mrs. Charlie Watson, Mr. and Mrs. G. L. Snodgrass, Mr. and Mrs. Everett Miller, Mr. and Mrs. Floyd Trowbridge and son, Steve, Marvin Smith and son, Tommie, the Chioma Williams family and the Wesley Carr family.

Mr. and Mrs. Floyd Trowbridge and sons, Bill Clubb of Petersburg, Mr. and Mrs. Harry Hunkate and son of Canyon spent Father's day at MacKenzie park at Lubbock. They were joined there by Mr. and Mrs. Albert Clubb and sons, Miss Lee Dale Clubb, Mr. and Mrs. Jack Clator of Lubbock, and Mr. and Mrs. L. C. Clator of Petersburg. They reported a nice time only it was awful hot, as it was here.

Mr. and Mrs. Carrick Snodgrass visited relatives in Comanche, Oklahoma, last week and did a little fishing while there.

Miss Doris Elayne Snodgrass visited Miss Billie Newberry in Strawn Texas last week.

Mr. and Mrs. Marvin Smith and children visited relatives in Floydada Sunday.

Joe Smith, son of Mr. and Mrs. Marvin Smith, is home on furlough coming in early Saturday morning. We have not learned his plans. He has been in boot training in San Diego, California.

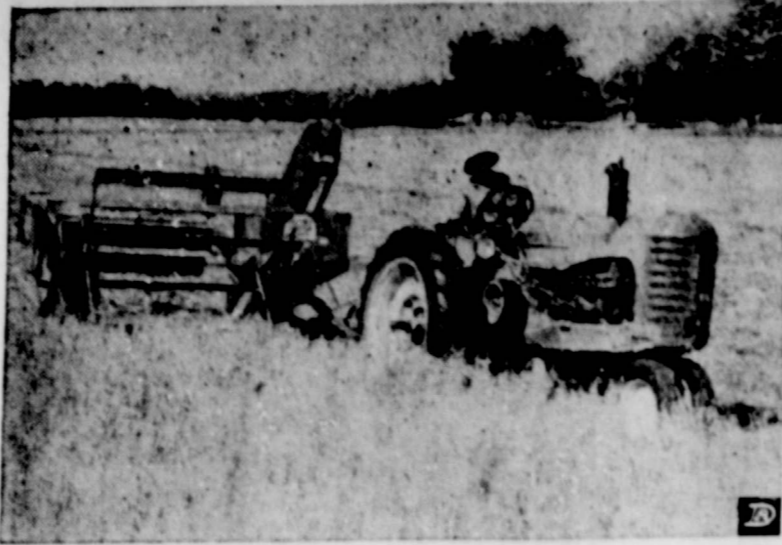

Mrs. Zant Scott and Mrs. Glen Pool were hostesses at a farewell party for Dinah Edwards last week in the Scott home. Dinah received several useful and nice gifts. Dinah will leave for her home in San Antonio before long. She has made her home with her grandparents, Mr. and Mrs. Bill Edwards for several years.

Capt. Weidon Edwards, who is stationed at San Antonio, Texas, came in Monday for a visit with his parents, Mr. and Mrs. Bill Edwards.

W. C. Clubb of Petersburg visited Mather Carr Tuesday. Mr. Clubb is having his irrigation well drilled deeper and will put it on electricity. Mr. Clubb also visited his daughter and family, Mrs. Floyd Trowbridge.

Mrs. A. D. White has been removed to her home from Pitts hospital where she has been a patient for the past few weeks. Mrs. White's health is improving.

Predict Third Biggest Wheat Crop

RACINE, WIS.—The third largest wheat crop in history is indicated in a report released by the department of agriculture in Washington. It also says prospects are good for a record harvest of food and fiber crops as a whole.

A major factor in this year's almost record harvest will be clipper combines, like the one shown above, in six or seven-foot machines power-take-off or lagger. These machines will harvest over 110 different crops and are manufactured by the Massey-Harris company at their Batavia, N. Y., plant.

Winter wheat was forecast at 986 million bushels, which would be about 40 million more than was indicated a month ago, nearly 40 per cent more than was harvested last year. The combined winter and spring wheat crops would be about a billion 293 million bushels if the spring crop turns out above average. The government goal is one billion 165 million bushels. Only in 1947 and 1948 were wheat crops larger than the one indicated for this year.

Williams family and the Wesley Carr family

Mr. and Mrs. Floyd Trowbridge and sons, Bill Clubb of Petersburg, Mr. and Mrs. Harry Hunkate and son of Canyon spent Father's day at MacKenzie park at Lubbock. They were joined there by Mr. and Mrs. Albert Clubb and sons, Miss Lee Dale Clubb, Mr. and Mrs. Jack Clator of Lubbock, and Mr. and Mrs. L. C. Clator of Petersburg. They reported a nice time only it was awful hot, as it was here.

KITCHEN AND ★★ ★★ FIELD NEWS

(from Floyd County Rural Electric Cooperative, Inc.)

Nancy Morckel and Claude Weatherbee

Bids will be opened at 10:00 o'clock A. M. on July at the co-op office for the following project:

23.92 miles of single phase lines; 2.57 miles v phase; 32.64 miles of 3 phase; 1.64 conversion 1 phase to v phase; 59.57 miles conversion of 1 phase to 3 phase; 5.05 miles of conversion of v phase to 3 phase; 0.61 miles of conversion of 3 phase to 3 phase and 2.56 miles of service to serve 118 consumers in Brisco, Hale, Floyd, Crosby and Dickens counties.

Mr. and Mrs. Claude Weatherbee and Tommy spent the week-end in Snyder, Texas, visiting Claude's mother.

Mr. and Mrs. Corky Guffee and Mr. and Mrs. Dowden Kornening of Lorenzo spent the week-end at Bridgeport fishing. Corky reports "no luck" fishing, but Sunday was spent with a group of relatives where a bountiful dinner was served in honor of all having a birthday in June, and they didn't miss having no fish to fry.

Bert Grimes and Edwin Neff are new employees this week.

James W. Wilson, Rt. 1, Plainview, has connected two irrigation wells, and Willie Scrambeck, Happy Union community, Hale county, has connected a well — 50 horse power motor.

Cassel Bros., Lone Star community Floyd county, are installing a 5-stand all-electric gin.

Reamer Rainer is on vacation from the co-op, however he is working with Paul Newberry cutting wheat.

AN APPRECIATION

Mrs. W. A. Cates has returned home from several days stay in the Memorial hospital in Lubbock and is much improved. Mrs. Cates was a patient in the Pitts hospital for several days before going to Lubbock. She wishes to thank many friends who sent flowers, cards and all the nice things for her during several weeks of illness. Bless each and every one sincerely. Mr. and Mrs. W. A. Cates.
