George Maloney For Sheriff.

We are this week authorized to announce Geo. B. Maloney of Dublin for sheriff of Erath county, subject to the democratic primaries to occur in July. Mr. Maloney has had this matter under consideration for some time and after mature reflection and a general canvass of the situation, he has decided to become a candidate and of course wants to win. The general sentiment is in every way encouraging for him and with such a man as he is well known to be, the time between this and the primary election could only brighten the prospects. Mr. Maloney is one of a very few of the older generation of men who can claim Erath as his home county by birth as well as choice, as he was born at Alexander in this county forty-five years ago and has at no time resided anywhere else than in Erath and most of his life has been spent at Alexander. He has been a life long democrat of the broad and liberal spirited kind and he has been interested in politics from the age of fifteen years but never at any time has he before asked for a county office at the hands of his fellow citizens, being content to help with the influence he could command in assisting to offices of trust and honor friends whom he considered competent and worthy. His father was of the sturdy Illinois stock of path finders that settled in Erath county before the civil war and helped to create conditions in this, then wild and undeveloped west, that has made way for our present prosperous and highly civilized community and in the development of which George Maloney has taken such an important but unselfish part. Those who are most intimately acquainted with Geo. Maloney know him most as a true man in the every sense, honorable far beyond the average of men, upright in every undertaking, moral in all affairs of life, charitable, and especially so in the sense that he speaks no ill of any man and deliberate and thoughtful in everything.

Frisco Gets New Engines.

The Rio Grande division of the Frisco has recently purchased eight new latest model freight engines, four of which were delivered to the company at Sherman Tuesday. This number will be added to those already in use and the old ones will be at once remodeled and repaired in a manner that they will be in good shape for service. We understand the new management of the Frisco expects to at once take aggressive steps to place the equipment of the road in condition to furnish as good service as is known in the south.

Heavy Mail On Record Train.

Friday morning of last week the Record morning train left Ft. Worth with five thousand pounds of mail for points on the line between there and Brady. 1,370 pounds of this, a good two horse wagon load, was put off at Dublin. The Record train now carries two mail clerks to handle the large amount of mail that has been thrown over that line on account of the new fast mail schedules out of St. Louis, which places the mail into Ft. Worth in time for this train. The Dublin postoffice is a very busy place each morning after the arrival of the Record special.

Special School Tax Elections.

The election called for Saturday, March 17th, for the purpose of voting a special tax of 20 cents on the one hundred dollars resulted in the various districts as follows: Shelby district, 5 for and 6 against; Clairette district, 11 for and 13 against; Heavenly Branch district, 16 for and 6 against; New Hope district, 9 for and none against. Fitzgerald district 18 for and 19 against. The last named school district the vote was cast to raise the tax from ten cents to twenty cents, the district already having a special tax of ten cents. By a glance at the figures we see that Shelby lost the tax by one vote, Clairette by two and Fitzgerald by one, while Heavenly Branch won by ten votes and New Hope by nine, no vote being cast in opposition to the tax.

Triumph For Printers Ink.

The big sale of the damaged stock of the Maloney Mercantile Co., which began last Saturday and is to close tomorrow, has been a decided triumph for printers ink in that it has shown what advertising is capable of doing under such circumstances and hence what it may also do under less propitious circumstances. This big sale was only advertised in two issues of the Progress, yet when Saturday came the town was crowded as though this had been circus day and so dense was the throng about the store that the doors had to be closed and only a reasonable number permitted to enter from time to time as those who were through with their trading would be let out at the rear door. All day Saturday this continued and from early Monday and Tuesday mornings until night the same condition prevailed It was Wednesday before one could get into the store without awaiting their turn and the store has been crowded ever since then and the army of clerks busy. Manager Bill Murphy and Mr. Maloney express themselves as greatly pleased with the sale and under many obligations to the people for their attendance and gentlemanly conduct. The sale was also of big advantage to every store in Dublin.

PIERCED HEART

School Girl Enacts Fearful Tragedy Because of Corporal Punishment Being Inflicted.

A deplorable tragedy was enacted at Rockwood in Coleman county Tuesday afternoon, when Miss Kate Livingston, the fifteen year old daughter of L. J. Livingston of that place, shot and instantly killed herself after being reprimanded by a school teacher. The girl in effecting her self-destruction made use of her father's shot gun. The gun was loaded with ordinary shells and the load took effect in the left breast, piercing her heart.

Miss Livingston was attending the Rockwood school and during the afternoon session was severely reprimanded by the teacer, Prof. Davenport, for not studying her lessons. The girl protested against the punishment, declaring that she had studied her lessons as usual. The teacher punished her by whipping and at recess a few moments later she slipped off from school and went home. There was no one at the house when she arrived and no one heard the shot, but about an hour later she was found dead with a gaping wound in her breast and the tell tale gun by her side.

DE LEON.

From the Free Press.

March 23rd.—D. A. Gregory was in Dublin this week.

Ulpin Holt visited home folks in Bluff Dale last Sunday.

J. L. Stroble has been suffering the past week with a blood-poisoned hand.

Mrs. Z. C. Nelson is in Bluff Dale this week visiting friends and relatives.

The Texas Central steam shovel crew has been here the past ten days filling in the ground on which they will build the new depot.

The Texas Central railroad Co. will pay $250 reward for the arrest and conviction of the party or parties who burglarized and set fire to the De Leon station house on the morning of March 5th.

C. W. Sanders of Beattie happened to a serious accident Friday as he was returning home from De Leon with a load of lumber. His team became uncontrolable and threw him off the wagon and both wheels ran over him, which bruised him up pretty badly. No bones are broken and he is getting along nicely at this writing.

Mrs. H. L. Herron, accompanied by her sister, Miss Anna Laura Strong, returned from Dublin this week to pack up and move there, where she and Mr. Herron will make their future home. We regret their departure. Mr. Herron will enter the produce business there with his father-in-law, C. H. Strong.

Last Saturday night the Jesse James Show Co. appeared at the opera house. It seemed that before the performance that the "Jesse James fever" prevailed among some of the congregation. Marshal Jones and Deputy Will Nabors soon squashed the disturbance and soon all was quiet and the show proceeded. We are sorry that such occurred but it is often the case with good honest citizens when whiskey takes a hand. Marshal Jones always demands peace and is very obedient to his sworn duty to see that same prevails.

Our people have organized a club to be known as the De Leon Five Thousand Industrial Club. It is the object of this organization to look after the interests of De Leon and surrounding country, such as improvements, railroads, etc. We are glad to see our people coming alive and making a stand together for the betterment of our country. This organization can do a great work and should have the hearty co-operation of every cittizen. "United we stand, divided we fall," is an old adage only too true.

A number of our most substantial citizens met at Hampton & Dabney's law office Wednesday of last week to take steps towards organizing a fire department. Officers were elected and very enthusiastic speeches made by some of our leading business men. A committee was appointed to look into the cost of fire apparatuses and report same to body. A better water connection was discussed and it was thought best to have larger water mains and a large stand pipe. De Leon needs fire protection and we are sure satisfactory arrangements can be made with Mr. Rucker, our present water-works man, to supply the water to a sufficient amount to give us ample protection in case of fire. By the organization of a good fire compnay our present insurance rates will be greatly reduced.

The Coffee Debate.

The published statements of a number of coffee importers and roasters indicate a "waspy" feeling toward us for daring to say that coffee is harmful to a percentage of the people.

A frank public discussion of the subject is quite agreeable to us and can certainly do no harm; on the contrary when all the facts on both sides of any question are spread before the people they can thereupon decide and act intelligently.

Give the people plain facts and they will take care of themselves.

We demand facts in this coffee discussion and propose to see that the facts are brought clearly before the people.

A number of coffee importers and roasters have joined a movement to boom coffee and stop the use of Postum Food Coffee and in their newspaper statements undertake to deceive by false assertions.

Their first is that coffee is not harmful.

We assert that one in every three coffee users has some form of incipient or chronic disease; realize for one moment what a terrible menace to a nation of civilized people, when one kind of beverage crippies the energies and health of one third the people who use it.

We make the assertion adivsedly and suggest that the reader secure his own proof by personal inquiry among coffee users.

Ask your coffee drinking friends if they keep free from any sort of aches and ails. You will be startled at the percentage and will very naturally seek to place the cause of disorder on something aside from coffee, whether food, inherited tendencies or something else.

Go deeper in your search for facts.

If your friend admits occasional neuralgia, rheumatism, heart weakness, stomach or bowel trouble, kidney complaint, weak eyes, or approaching nervous prostration induce him or her to make the experiment of leaving off coffee for ten days and using Postum Food Coffee, and observe the result. It will startle you and give your friend something to think of. Of course, if the person is one of the weak ones and says "I can't quit" you will have discovered one of the slaves of the coffee importer. Treat such kindly, for they seem absolutely powerless to stop the gradual but sure destruction of body and health.

Nature has a way of destroying a part of the people to make room for the stronger. It is the old law of "the survival of the fittest" at work, and the victims are many.

We repeat the assertion that coffee does harm many people, not all, but an army large enough to appal the investigator and searcher for facts.

The next prevarication of the coffee importers and roasters is their statement that Postum Food Coffee is made of roasted peas, beans or corn, and mixed with a low grade of coffee and that it contains no nourishment.

We have previously offered to wager $100,000 with them that their statements are absolutely false.

They have not accepted our wager and they will not.

We will gladly make a present of $25.000 to any roaster or importer of old fashioned coffee who will accept that wager.

Free inspection of our factories and methods is made by thousands of people each month and the coffee importers themseives are cordially invited. Both Postum and Grape-Nuts are absolutely pure and made exactly as stated.

The formula of Postum and the analysis made by one of the foremost chemists of Boston has been printed on every package for many years and is absolutely accurate.

Now as to the food value of Postum. It contains the parts of the wheat berry which carry the elemental salts such as lime, iron, potash, silica, etc., etc., used by the life forces to rebuild the cellula tissue, and this is particularly true of the phosphate of potash, also found in Grape-Nuts, which combines in the human body with albumem and this combination, together with water, rebuilds the worn out gray matter in the delicate nerve centres all over the body and throughout the brain and solar plexus.

Ordinary coffee stimulates in an unnatural way, but with many people it slowly and surely destroys and does not rebuild this gray substance so vitally important to the well-being of every human being.

These are eternal facts, proven, well authenticated and known to every properly educated physician, chemist and food expert.

Please remember we never say ordinary coffee hurts everyone.

Some people use it regularly and seem strong enough to withstand its attacks, but there is misery and disease in store for the man or woman who persists in its use when nature protests, by heart weakness, stomach and bowel troubles, kidney disease, weak eyes, or general nervous prostration. The remedy is obvious. The drug caffeine, contained in all ordinary coffee, must be discontinued absolutely or the disease will continue in spite of any medicine and will grow worse.

It is easy to leave off the old fashioned coffee by adopting Postum Food Coffee, for in it one finds a pleasing hot breakfast or dinner beverage that has the deep seal brown color, changing to a rich golden brown when good cream is added. When boiled long enough (15 minutes) the flavor is not that of rank Rio coffee but very like the milder, smooth and high grade Java, but entirely lacking the drug effect of ordinary coffee.

Anyone suffering from disorders set up by coffee drinking (and there is an extensive variety) can absolutely depend upon some measure of relief by quitting coffee and using Postum Food Coffee.

If the disease has not become too strongly rooted one can with good reason expect it to disappear entirely in a reasonable time after the active cause of the trouble is removed and the cellular tissue has time to naturally rebuild with the elements furnished by Postum and good food.

It's only just plain old common sense.

Now, with the exact facts before the reader, he or she can decide the wise course looking to health and the power to do things.

If you have any doubt as to the cause of any ache or ail you may have, remember the far reaching telegrams of a hurt nervous system travel from heel to head, and it may be well worth your while to make experiment of leaving off coffee entirely for ten days and using Postum in its place.

You will probably gather some good solid facts, worth more than a gold mine, for health can make gold and sickness lose it. Besides there's all the fun for it's like a continuous internal frolic to be perfectly well.

There's a reason for

Buried by Torchlight.

Allerton Hall was upward of four centuries the property and residence of the Kitchingman family. It was the largest and most ancient mansion in Chapeltown, consisting of about sixty rooms, with gardens and pleasure grounds. The Kitchingman family for upward of 400 years were carried from this hall by torchlight to be interred in the choir of St. Peter's church in Leeds. At the interment of any of the family the great chandelier, consisting of thirty-six branches, was always lighted. In the year 1716 Robert Kitchingman died May 7, aged 100 years. He ordered his body to be buried with torchlights at Chapel Allerton. He was interred on May 16, when 100 torches were carried. The room where the body was laid was hung with black, and a velvet pall, with escutcheons, was born by the chief gentry. The pallbearers had all scarf, biscuits and sack; the whole company had gloves. Fifty pounds were given among the poor in the chapel yard on the day of his interment. Mary, his wife, died July 28, 1716, aged ninety-seven years. She was interred precisely in the same way.—"Annals of Yorkshire."

For Black Eyes.

It is often the case that people meet with accidents and bruises that cause disfiguring discolorations, from which they suffer not a little embarrassment and annoyance. It is worth while to know that there is a simple remedy and one quite within the reach of every one. Immediately after the accident mix an equal quantity of capsicum annum with mucilage made of gum arabic. To this add a few drops of glycerin. The bruised surface should be carefully cleansed and dried, then painted all over with the capsicum preparation. Use a camel's hair brush and allow it to dry, then put on the second or third coat as soon as the first is entirely absorbed. A medical journal is authority for the statement that if this course is pursued immediately after the injury discoloration of the bruised tissue will be wholly prevented. It is also said that this remedy is unequaled as a cure for rheumatism or stiffness of the neck.

The President For a Day Story.

The story that David R. Atchison of Missouri was president for a day started as a joke. Atchison was president of the senate at the expiration of President Polk's term, and the law at that time provided that that official should succeed to the presidency in default of both president and vice president. March 4, 1849, was Sunday, and President Zachary Taylor did not take the oath of office until Monday, March 5. Somebody thereupon started the joke that neither Polk nor Taylor was president during the odd day and that Atchison must have been. But if Taylor could not under the constitution be president until he had taken the oath of office how could Atchison? He did not take the oath either.—St. Louis Republic.

The Word "Tariff."

The word tariff has an interesting origin. It is derived from the Arabic ta 'rifa, meaning an inventory of fees payable on demand, and became current in the following way: A certain Moorish general, by name Tarifa, seized in the year 710 upon a small seaport some twenty miles from what is now Gibraltar and the southernmost town in Europe. Here he founded a station for levying toll on all craft trading in the neighborhood and bestowed his name upon the place, after the manner of Constantine, Alexander and others. The word came eventually to signify a schedule of charges and passed into the French, Italian and English.

Weird Story of a Chair.

In the museum at Cape Town is shown an old fashioned, high backed wooden chair, to which attaches a weird story. It is related that the chair is the one in which the Dutch governor was found sitting dead a few moments after the execution of a soldier whom he had sentenced to be hanged, and who on his doom being pronounced solemnly called upon his condemner to accompany him to the throne of the Supreme Judge.

"On Satan's Knees."

A little girl of five or so was much puzzled on hearing the lines of the old hymn:

And Satan trembles when he sees
The weakest saint upon his knees.

"Whatever," she asked, "did they want to sit on Satan's knees for? I'm sure I should not like to sit on Satan's knees at all, and why should he tremble if they were so little?"

From the Irish.

First Citizen—I beg your pardon, sir, but I am a stranger in Dublin. Can you direct me to Grafton street? Second Ditto—With Pleasure. Sure it's the second turn to the right. First Ditto—Thank you, sir. (Walks off.) Second Ditto (calling after him)—Hi! If you're a left handed man it's the other way entirely.—London Globe.

Taking No Chances.

"Perhaps," suggested the waiter, "you would like a Welsh rabbit."

"No," said the austere customer; "I am a vegetarian."

"A Welsh rabbit is made of cheese, you know, sir."

"I know it. As I said before, I am a vegetarian."—Chicago Tribune.

Inflexible.

"She is so rigidly conscientious."

"Yes; she sticks to her principles as if it were a matter of etiquette."—Brooklyn Life.

Big Lot Sale in Davis Addition.

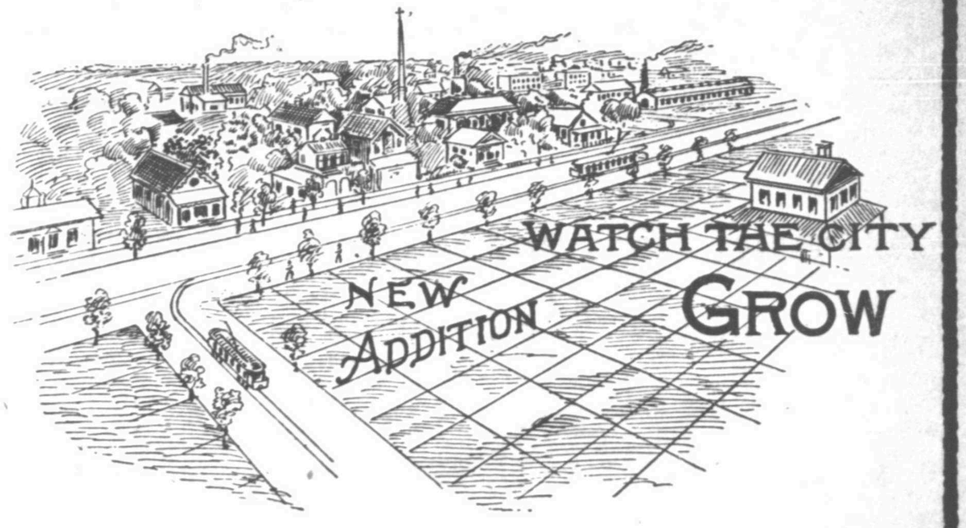

Tuesday, April 3rd, 2 o'clock P. M. **(60 Lots in 60 Minutes)** **to DUBLIN, TEXAS**

Ye Speculators and Homeseekers

YOUR ATTENTION!!

NOW is your opportunity to get in on the sub-cellar floor for some of that splendid property in Davis Addition. The foundation for the great Vanderbilt estates was laid by the head of the family making investments in real estate. Most of the rich men in Texas laid the foundations of their fortunes by buying real estate. A dollar planted in Dublin dirt now, is like laying down one dollar and picking up two.

Davis Addition is the Magnet of Attraction in Dublin

THE remark most frequently made anent this place is that it is destined to become the city of the Central Southwest. Dublin's growth has never been spasmotic, hence it has nothing to fear in the way of a relapse. It has never had a boom, but has had a healthy and steady growth. It has done much in the past, but the future holds still greater accomplishments. There is nothing in sight or in imagination that can keep Dublin from becoming one of the important cities in the state. Considering all its advantages, its immense trade, **Central location, railroad facilities, schools, churches** and high grade morality, it is unsurpassed and its real estate values are lower now than you will ever see them again. At no period in her history has it enjoyed such an overwhelming era of prosperity. There is not a vacant house in all the town. At least 25 residences could be rented within the next 30 days if they could be found. Dublin is building upon the hill of prosperity and never can or will be hidden and beautiful Davis Addition is situated picturesquely upon that hill. The man who plants his money in lots or blocks in Davis Addition will create an estate for himself and family that will have an ever increasing valuation for all time to come. We do not have to sell a number of these lots in order to get good citizens and some nice residences, they are already there and Davis Addition is in the heart of high-class residence section. A WORD TO THE WISE IS SUFFICIENT. Those who are interested in this property for a home or an investment, will make the mistake of their lives if they do not make their selections at once.

60 LOTS IN 60 MINUTES

DON'T DELAY!

Delays are dangerous. Procrastination is the great thief of time. Don't be a drone. The day of drones has past. Don't lag back. Laggards lose.

OUR WATCH WORD.

We are continually striving to make each season surpass all previous efforts. We are sparing no expense to make everything more convenient for our customers. Each season makes it necessary for us to carry larger stocks of all kinds of goods to supply the ever increasing demands of our trade. The house that Maloney & Co. has occupied for years is being overhalled and remodeled for our occupancy the first of May, which will give us a frontage on Patric street of 100 feet. We will carry groceries and shelf hardware in the building now occupied by Maloney & Co. The extra amount of room will enable us to carry a more complete line of groceries. In fact, a great many other things we have not carried. We are going to ad everything that will make our store more convenient, more agreeable and more profitable to our customers.

The Davis block of land north of the college has been purchased by G. P. Lane of Dallas, who is having the property laid off for an addition to the city to be known as the Davis addition. The property has been properly surveyed and mapped off intc large lots with wide streets and alleys and these are being graded and made to present an appearance as never before presented in any addition to the town plot. The location of the Davis addition is ideal as resident property and the lay of the land is such as to offer the very best conditions for building, drainage etc. Mr. Lane has had a large force of men at work for the past ten days laying off and grading the streets and will offer lots in the addition for sale at auction next Tuesday, beginning at 10 a. m. Sales are to be made on easy terms and it may be safely asserted that the property will be valuable for investment as well as for the securing of a home in a choice location and in a part of town offering the advantages of good streets and alleys.

Prof. A. L. Cole and Jno. Crawford last Monday sold their respective interests in the Dublin Realty Co. to L. F. Sensabaugh and Mr. Sensabaugh also purchased the insurance business and office furniture of Mr. Cole, his resident property in east Dublin, horse and buggy and some of his household goods. Prof. Cole has been in ill health for some time past and the sale of his interests in Dublin was prompted by the decision to remove to either Colorado or New Mexico in the hope that the change might benefit his health. He has in view a location in the general realty, insurance and loan business in partnership with Lawyer Dick Oxford at Mancos, Colorado, and expects to either locate at that point or at Artesia, New Mexico, and will probably leave Dublin about the middle of April. Mr. Crawford also expects to go west as soon as he satisfactorily disposes of his other interests in Dublin.

Rev. C. C. Cameron, Jim Duncan and Sam Knight and Misses Linnie Young, Onie Kirk and Ivy McCluskey of the Lingleville country left the first of the week for Austin to attend the Texas Methodist state Sunday school conference, which met in that city Tuesday evening to continue until last night. The party had only been in Austin a short time until a message was received by Miss Linnie Young stating that her father at Lingleville was in imminent danger of death from paralysis and only a day or two previously an Austin relative of Mr. Sam Knight had died. Mr. Knight and Miss Young immediately returned home, arriving in Dublin on the belated noon train Wednesday and learned upon arrival here that Mr. Young had died Wednesday morning. The deceased was an old settler in the Lingleville country, having resided here some twenty years or more.

Mr. and Mrs. J. S. Daley went to Waco Tuesday evening and witnessed the presentation of "Camille" by the celebrated Sarah Bernhardt, who is now playing her farewell tour in America. The visit of Madame Bernhardt was the occasion of a great gathering of people in Waco from the towns within twc hundred miles of there who went intent upon seeing the celebrated French artist, even though the play was rendered in a tongue with which they were wholly unfamiliar. Even under those circumstances, however, one who has read what is said to have been Dumas' greatest drama, could readily and with interest follow the play. Mr. and Mrs. Daley returned on the noon train Wednesday.

The longest row of peach trees in the world will be from Waco to Albany, a distance of 187 miles. It is currently reported that Col. Hamilton will connect the two cities with a row of Elberta peach trees. Won't it be nice, though, in the good old summer time, when the peaches get ripe, to ride along in the elegant parlor car furnished by the Texas Central, drink ice water and stop at intervals and gather peaches along the route?—Albany News.

Prof. J. C. Bennett of Bluff Dale spent a few hours in Dublin last Saturday evening. Prof. Bennett is principal of the school at Bluff Dale, which will close within the coming six or eight weeks. The professor expects to enter some other line of business than teaching after the close of his present term.

Mrs. Harry Moore this week sold the north half of the Commercial hotel three lots, fronting the Baptist church, to Lee Pipes for a consideration of $1000. The lots have heretofore been used for a cotton yard, but are very desirably located for resident property and we understand Mr. Pipes will use them for this purpose.

T. A. Echols, late of Illinois, a brother to G. T. Echols of Lingleville, has located in Dublin and opened an ice cream parlor in the Newton grocery building. Mr. Echols expects to cater to the wholesale as well as retail trade.

Evangelist H. A. Northcutt
Knox City, Mo.,
who is holding the revival meeting now in progress at the First Christian church in Dublin. Rev. Northcutt is a gifted speaker, not eloquent, but interesting, convincing and earnest and it does one good to hear him. He is an evangelist of considerable note and a man full of the Christian spirit that makes all mankind kindred. He modestly holds the record of not having missed a single Sunday service in thirty-three years, a matter he does not for a moment take to his own credit but to the blessing of health that he has enjoyed and the privilege thus granted to him. The meeting is to continue for an indefinite period.

Personal Menton.

Mrs. L. J. Drucke spent several days of the first of the week at Hico.

Messrs. Will Taylor and Sam Nelson of Hasse were here on business last Monday.

Misses Dora and Alice Higginbotham spent last Friday with relatives in Stephenville.

Mrs. Jesse Stroble of DeLeon spent Saturday in Dublin with her sister, Mrs. J. G. Conner.

Miss Maud Harber, who is teaching at Ex Ray, spent last Saturday and Sunday with home folks.

Mrs. Emmett Hall returned Tuesday from a few days' visit with her parents near Walnut Springs.

The Misses Hallmark were in Stephenville last Saturday and Sunday, the guests of Mrs. George Tatom.

Rev. M. C. Dixon, pastor of the Carlton circuit, was here this week attending the Bible lectures at the Methodist church.

Mrs. V. E. Brown of Scranton in Eastland county, formerly Mrs. Morrison of Dublin, was in Dublin this week visiting friends.

Miss Alice Higginbotham left Tuesday for Waco to see Sarah Bernhardt and to spend several days with her sister who is attending Baylor university.

Misses Wincey Alexander of Purves and Allie Benson of Alexander, both teachers in the Cow Creek schools, were callers on the Progress last Saturday.

J. E. Taylor, the active and appreciated correspondent and agent for the Progress at Hasse, was in town the first of the week attending the meeting at the Methodist church.

Texas Central Excursions.

Account United Confederate Veterans reunion, New Orleans, La., April 25th to 27th, the Texas Central will sell tickets from Dublin at the rate of $11.35 for the round trip. Tickets on sale April 22 and 23rd, limited tc May 7th for return trip. By depositing tickets with special agent at New Orleans with a deposit of fifty cents, an extension of limit may be had to May 21st for return trip.—E. Blair, agent.

Christian Church.—Our meeting under the leadership of Evangelist H. A. Northcutt, Mrs. Edith Steinbrook, singing evangelist, is growing in interest. The meeting will continue indefinitely. Sunday afternoon at 3 o'clock Evangelist Northcutt will address a Men's mass meeting on "Man's Obligation to the Home." Prof. Robert L. Marquis will be the soloist. Every man and boy in Dublin is urged to be present. —A. L. Clinkinbeard, Minister.

Mack Payne, the gentleman who recently installed the new drop curtain in the opera house here, died about two weeks ago at his old home in Owensburg, Kentucky. Mr. Payne had been suffering with tuberculosis and came to Texas for his health some two or three months ago, locating at Comanche. When he was told by his physicians that he only had a few days to live he boarded the train to return to his beloved state to die and had hardly had time tc greet his friends there before he passed away.

Mr. and Mrs. Wilkes Hudson, who left Dublin some months ago for Santa Paula, California, have returned to Texas and will probably locate at Ft. Worth, where they are now sojourning. Miss Jessie Gentry returned with them but came on to Dublin to spend a few weeks with relatives. Friday night while out with a party of friends at the skating rink she had an ankle seriously sprained, but is now said to be doing very well.

G. W. Troxwell has located at Cisco, where he has purchased the ice plant and is now having large improvements made in the equipment preparatory for a hot time this summer.

The manner in which Mr. Lane is improving Davis addition with splendid graded streets and the way in which he has plotted it will beyond any doubt make that part of town the favcred part. 1

The Carbon Herald of today says "Will Blair stole a march on his friends here and went down to Dublin several days ago and got married. He and his bride are now living on his farm east of town."

We have received notice to change the paper address of Bush Pleasants from Hico to Mineral Wells from which we infer that Mr. Pleasants' health has improved and he is taking a rest at the wells.

The Hamilton band has been engaged to furnish music for the first annual race meet and stock show at Carlton tomorrow. A five mile automobile race is to be one of the features of the occasion.

Those who buy homes in Davis addition will have the pleasure of knowing his neighbors will not build barns in front of his door, but another home as good as yours. That is something to be considered. 1

Rev. Father Cusick writes us from Brownwood under date of Wednesday, to announce that he will hold Catholic services and celebrate mass at the home of Mr. and Mrs. L. J. Drucke next Sunday morning, April 1st.

Mr. Lane has been very busy this week with twenty-five or thirty hands and a big grading outfit working out the streets in his new addition; he is moving the big rocks out of the street and putting a splendid grade on them. 1

The Higginbotham-Harris Lumber Co. of Dublin this week purchased the Anderson-Jacobs lumber yards at Carbon and Rising Star. It is stated that the Higginbotham Co. will also put in a general merchandising store at Carbon.

A great many of our best citizens are driving out frequently to see Mr. Lane's big grading outfit make the substantial improvements in the Davis addition. They all report favorably and it certainly is going to make a beautiful place when finished. 1

J. O. Miller of Abilene, district deputy sovereign commander W. O. W., will deliver a public lecture on the objects and benefits of Woodcraft at the Cottonwood school house tomorrow night, March 31st. Everybody is cordially invited and ladies especially.

Prof. A. L. Cole went to Stephenville yesterday to serve on the jury commission to select jurors for the next two terms of county court. The other two members of the jury commission are Messrs. S. B. Watts of Stephenville and R. T. Holt of Bluff Dale.

The corpse of the infant child of Rev. and Mrs. S. L. Culwell of Knox City was shipped on Monday's train to Dublin in charge of Mr. McKann. We were not able to learn whether the babe was a boy or girl. It died on Sunday, the 18th, from pneumonia.—Stamford News.

The Davis addition seems to be attracting considerable attention by every one who drives out to see it. They all come back perfectly enthused over the wonderful improvements Mr. Lane is making and say they are really very much surprised and could not realize it was the same place. 1

H. A. Allen of Texarkana came in Wednesday night to look after some property interests here. Mr. Allen resided in Dublin some years ago and was engaged in the marble business at the time. He is now in the same business at Texarkana, where he has been for ten years past.

The Scout's Revenge Co. which was to appear under canvas near the Frisco depot Wednesday night, showed at the opera house instead, on account of the rain and generally inclement weather. The company had a fairly good house in spite of all.

The deferred subjects, "The Roman Catholic Church in the Republic of Mexico," and "Mexico as an Open Field for Protestant Missionaries," will be delivered next Sunday morning and evening at the Methodist church by the pastor, O. P. Kiker, who has but recently made an extensive tour in the republic of Mexico.

In the short time Mr. Lane has been in our town making his improvements on Davis addition we can readily see that real estate values are going up, a block of ground was sold a few days ago for $800 and an offer was made a few days since of $1,200 and refused. How is that for a little investment. Watch Dublin real estate go up. We have a better town than we realize. We must wake up to the fact and push Dublin to her worth. 1

Local Taxes Collected.

Through the courtesy of Acting Tax Collector H. E. Brown the Progress is able to give the following interesting data regarding the Dublin city and school tax collections during the past three years, the information here given being carefully gathered from the various reports of auditing committees and the public records of the city and school:

1903—City tax collected including delinquent and occupation $4,589.75, school tax for same period $5,539.96; total for both $10,129.71.

1904—City tax $4,466.19, school $5,988.57; total $10,454.76.

1905 up to March 24th, 1906—City $5,154.18, school $6,735.70; total $11,889.88.

This statement shows $1,760.17 more collected by Mr. Brown during the past year than was collected for 1903 and $1,435.12 more than that for 1904, beside the 1903 tax collected included nearly $1,000 of saloon license.

The exceptional collections for the year past were due almost entirely to the close attention Mr. Brown gave to the matter of collection and the close watch on transfers of property where back taxes were due and also to his looking up, placing on the rolls and collecting of something like $70,000 of tax values which had escaped taxes for several years by not being on the rolls.

White Man Assaults Woman.

A special from Brownwood Monday says:

Late Saturday afternoon an attempt was made by an unknown white man to assault Mrs. Lena McBee, wife of Pat McBee, a highly respected young farmer who lives near Winchell. She was cut on the face and breast and left unconscious on the floor of her home, where her husband, who had gone to town, found her an hour later. Blood was flowing freely from her wounds and her clothing was cut and torn, showing evidence of a desperate struggle.

When revived Mrs. McBee stated that shortly after her husband had left the house a strange white man entered and drew a pistol on her, forbidding her to move or speak. He then took hold of her and in the fight she put up to keep him from accomplishing his purposes he was cut twice on the face and once in the breast with a knife on the hands of her assailant. She was rendered unconscious and did not know when or how her assailant took his departure Mrs. McBee was in a critical condition all day yesterday not regaining consciousness sufficiently to give a description of the man other than that he was a large white man with a scar on his face.

Sheriff Denman was notified of the attempted assault and went at once to the scene but no trace of the brute could be found. The prostrated lady could not give a description of her assailant but it is thought that as soon as she recovers from the nervous shock she can give the officers a clew on which to work.

The husband made a statement which leads to the belief that the assault is the work of an insane person. Mr. McBee says this is the third time in the past few weeks that his wife has been frightened by a "strange man" as she designates it. About a week ago Mrs. McBee stepped out of the door about dusk and came running back into the house half frightened to death. She told her husband that a man was out in the yard and had grabbed at her. Mr. McBee searched the premises but could find nothing more than foot prints. On another occasion she saw the "strange man" loitering about the place. According to Mr. McBee's statement he had gone to town to get a pistol for his wife to keep at the house. When he returned the door was bolted from the inside and his wife failed to respond to his call. He managed to turn the bolt with a stick and was horrified to find is wife bleeding and unconscious.

Amarillo is to build a ten thousand dollar city hall and fire engine house.

G. P. Lane says Dublin is one of the most substantial towns he has ever worked in. He says the people are all so hospitable and like each other so much that they have built their homes as close together as they could, seemingly. 1

F. M. Browne of near Lingleville was in Dubin yesterday and from him we learn that it is probable he will shortly announce for justice of the peace in the Lingeville precinct. Mr. Brown has before served in this capacity at that place and made such a good official that the people of that section are not ready to let him rest.

Capt. J. B. Henderson of Gorman was here Monday en route for a visit to his brother at Stephenville. Notwithstanding his age of eighty-one years, Capt. Henderson is quite active and made the trip from Dublin to Stephenville by himself. He is an old settler of Erath county, coming to this county and settling the well known Henderson farm on the Bosque before Erath county was organized.

STEPHENVILLE.

From the Tribune.

March 23rd.—Miss Imogene Bishop, a young woman well known in this city, was married in Fort Worth recently. The marriage was unknown to her parents until after the ceremony.

City Marshal Crane arrested seven crap shooters and poker players last week. With him the harvest ripens faster than it can be garnered, but he perseveres manfully.

All delinquent poll tax payers are required to work the road three days in addition to the five prescribed by law. Road superintendents are required to obtain a list of such delinquents from the tax collector.

Last September Mrs. J. B. Cooper stuck a nail in her foot, from which she has not yet fully recovered. She was in bed three months and was visited fifty-three times by her physician. This family has certainly had more than its share of misfortunes.

If any person shall ride or drive over any public bridge faster than a walk he shall be fined in any sum not exceeding $100. Fast riding or driving over bridges soon wrecks them and it is the duty of all law-loving people to report violations of this kind to the proper officers in order that they may be punished.

Mrs. L. F. Roberts and her daughter, Libbie, had a thrilling experience on the Bosque bridge at Arendell's gin in this city this week, which came very near resulting in the tragic death of the two ladies. When they drove on to the south end of the bridge their pony shied and backed the buggy against the railing of the bridge. The railing gave way and the hind wheels went overboard, but the pony gave a lurch forward and pulled himself out of the harness. The buggy and its occupants then went plunging to the depths below. The ladies were not injured, but received a pretty severe shaking up. If the horse had fallen with them there's no telling what the result would have been.

L. B. Jones, who resides in the western portion of Stephenville, keeps his pistol cartridges in an upper portion of a desk. In a lower portion old newspapers are stored. One of these cartridges by some means dropped down among the papers. A few days ago Mrs. Jones got out some of the papers, and with other kindling laid them by the stove to start the fire the next morning. It is something unusual for Mr. Jones to get up early, especially on very frosty mornings, and it is somewhat out of the usual routine for him to make fires, but on this occasion he did the work and then went back to bed. He had not more than pulled the cover over him before a cartridge exploded, sounding something like one of the siege guns at Vicksburg and filling the room with smoke and ashes. The occupants were terrified, thinking that perhaps a cyclone had struck the house. They jumped out of bed to flee to a place of safety, but soon learned the cause of the trouble. While Mrs. Jones was examining the fire in the stove the cap on the shell of the cartridge exploded, which again created alarm. The baby's bed was very close to the stove and the flying bullet from the cartridge struck the iron bed close to the baby's head, giving it a narrow escape from death.

From the Empire.

March 23rd.—Floyd Wood is sick with pneumonia this week.

Mr. and Mrs. Bob Evans of Dublin spent a day in our city this week.

Rev. B. A. Copas, who has been conducting the revival at the First Baptist church in this city, left Monday for his home in Waxahachie.

E. M. Whittenberg, who has been under treatment here for cancer during the past four weeks, returned to his home in Dublin last Saturday.

Wash Oxford was in town Tuesday with a wagon load of wheat which he sold for sixty cents per bushel. That is more commendable than to come into town and haul home a load of flour made from northern wheat.

The remains of Sidney Fall's wife were shipped to this place Wednesday evening from Clarendon and were taken to Huckabay for interment Thurdsay. Mrs. Falls died of consumption on March 20th. The family had moved to Clarendon a few weeks ago. The bereaved family and relatives have the sympathy of many friends.

"Uncle" Ike Danley and wife of the Rocky Point community were shopping in the city yesterday. Mr. Danley has been in pretty bad health through the winter and has not been to town much lately. He has been taking medicine for the past three months and says he is getting fat again. He has lived in Erath county forty-nine years and says this is the first medicine he has taken to amount to anything in all that time.

Rev. Addison Clark filled his regular appointment at the Race street Christian church Sunday, returning home Monday. Rev. Clark is president of the Add-Ran Jarvis college at Thorp Springs, the building of which having been destroyed by fire, is nearing completion. He reports the school in good condition and also that there will be a great rally and reunion of old students May 23rd. Judge C. K. Bell will deliver the commencement address.

Tholly Love, who lived in the Evergreen community seven miles south of this city, died at his home Sunday, March 18th, at 6 o'clock p. m., of abscess of the liver. An operation was performed but it proved unsuccessful and death soon followed. He was twenty-seven years of age and leaves a wife and one child to mourn his demise. The remains were interred at the Indian Creek cemetery Monday. Rev. R. A. Clement conducted the funeral ceremonies.

COMANCHE.

From the Exponent.

March 23rd.—Eva Reese, aged two years, died at Hazle Dell on March the 21st, of apoplexy.

The three year old daughter of Mr. and Mrs. Hugh Sherrill died Sunday and was buried Monday.

Rev. Gaines B. Hall is at Dallas attending the Chapman revival. He will return in time to hold services next Sunday.

George Thurman plead guilty Tuesday to having violated the local option law and was fined $25 and sentenced to twenty days in jail.

Judge Goodson was at Hamilton last week assisting the district attorney in the prosecution of Fayette Simpson for assault with intent to murder.

Marriage licenses have been issued to the following: Luther Whitacre and Miss Maudie Shepherd, O. H Davenport and Miss Dora Barcroft.

Mr. and Mrs. J. T. Neill left Monday for J. W. Neill's farm near Big Springs, where Mr. Neill will farm this year. It is said that J. W. Neill and family will move there soon.

Tom York died at his home near Brown's gin on the Comanche and Gustine road, of tuberculosis, and was buried Tuesday at Board church cemetery. He was an esteemed citizen and leaves a wife and one child.

Vital Statistics:—Boys born to W. L. Steel near Sidney, Bob Bearden near Gap and J. J. Rambo at Dingler. Girls to R. T. Pate, and J. L. Pennington near Gustine, Tom York at Brown's Gin and N. A. Palmer at Comanche.

Sheriff Smith went to Granbury Tuesday to get J. L. Covington, who was indicted in 1902 for fraudulently disposing of mortgaged property. He has been in Arkansas since then and was arrested and brought to Granbury a few days ago on a similar charge.

S. C. Findley, Henry Sims, G. C. Green, Frank Redwine, George Sullivan, Judge McMillan, J. W. Reese, Misses Ola and Elzora Cunningham, Bertha Robinson, May and Maud Hall and others attended the Frisco-Central Teachers Association at Dublin Saturday.

W. A. Waldrop and family of Gorman spent Sunday here with relatives. Mr. Waldrop said thirty-five new residence were erected in that town last year. He also said the electric light and water works plant which is putting in there will be in operation within two months.

Sheriff Smith arrested a man named Hewitt at the depot at Gorman Wednesday night, on a charge of having killed a young man named York in Pontotoc, Miss., on Tuesday. Hewitt intended to take the train west. He is now in jail here, and the Mississippi officers have been notified of his arrest.

From the Visitor.

March 22nd.—Ned Holman made a business trip to Dublin Friday.

Senator J. M. Presler made a business trip to Dublin Friday.

Mrs. George Tate spent yesterday in Dublin with her mother.

Mrs. Robt. Pierce spent yesterday and today with Dublin relatives.

Rumor has it that we are to have a prohibition election before the close of the year.

G. W. Wilson has leased his cotton yard to the Comanche County Farmers Union for the coming season.

Ewell Slack and wife have returned to their home in San Angelo, after spending some time with Comanche relatives.

Prof. Henry Sims spent Friday and Saturday in Dublin arranging about the summer normal which is to be held in this city this summer.

Francis Cox of Bibb sent two fat hogs to the fat stock show at Fort Worth Tuesday. They were very fine hogs and no doubt will draw good prizes.

W. A. Waldrop and family of Gorman were here Friday. Mr. Waldrop went down to Gustine the same day and opened the new bank at that place.

Mrs. Pearl Ewing returned to her home in Proctor Tuesday morning after spending several days in Comanche visiting her parents, Mr. and Mrs. A. B. Foster.

Jerome McCarty spent Friday in Dublin inspecting the postoffice at that place with a view of having the Comanche postoffice furniture placed in like position.

Sheriff Smith went to Stamford Thursday for the purpose of bringing back a prisoner but when he arrived in Stamford he found that the authorities at that place had arrested the wrong man.

Several hundred people were in Gustine Saturday for the purpose of witnessing the opening of the new bank at that place. Gustine is to be congratulated on getting this strong institution as it will be a great convenience to the people of that section.

Monday afternoon at the residence of Mr. and Mrs. W. W. Kilpatrick, Rev. Gaines B. Hall was called upon to perform the marriage ceremony for Dr. O. H. Davenport and Miss Dora Barcroft. The happy couple got in their buggy and pursued their homeward journey to Hasse, where they will reside.

NOT A PATENT MEDICINE.

Hyomei a Scientific Treatment for Catarrh by Breathing Medicated Air.

Ever since Hyomei has been known, its formula has been given to physicians, druggists, and, in fact, to all intelligent people who could appreciate the true merit of the combination of healing gums, oils, and balsams, of which it is composed.

Many leading physicians endorse Hyomei and prescribe it for catarrhal troubles. In fact, quite a few of them use it themselves to break up a cold and prevent pneumonia. They regard it as a natural, yet scientific way of curing catarrh.

Breathed through the pocket inhaler that comes with every outfit, Hyomei destroys all catarrhal germs in the air passages of the throat and nose, soothes and heals the irritated mucous membrane and effectually drives from the system all traces of catarrhal poison.

No one should confound Hyomei with the patent medicines that are advertised as catarrh cures. It is as superior to them all as the diamond is more valuable than cheap glass.

The complete Hyomei outfit, consisting of a neat pocket inhaler, a medicine dropper, and a bottle of Hyomei costs but $1, and extra bottles can be obtained for 50 cents, making it the most economical method of curing catarrh, as well as the most reliable.

Overton Drug Co. have sold a great many Hyomei outfits and have seen such remarkable results from its use, that they sell it under an absolute guarantee that it costs nothing unless it cures.

A TORPID THINKER

The Frequent Result of Coffee Poisoning.

A Toledo, O., business man says that for three years he had no appetite for breakfast; that about once a month he ate solid food at that meal, generally contenting himself with his cup of coffee and having no desire for anything else.

Coffee frequently plays this dog-in-the-manger trick; while it furnishes no nutriment itself, it destroys the appetite for food which is nutritious. The result was, in time, a torpid mentality, which was a distinct handicap in his business operations.

"Last Christmas," he says, "I consulted my brother, a practicing physician in Chicago, and he advised a diet of Postum Food Coffee, instead of the old kind, and also Grape-Nuts food. Since that time I have followed his advice with most excellent results. My brain is active and clear in the morning when it naturally should be at its best; I no longer have the dizzy spells that used to make me apprehensive; I have gained materially in flesh and feel better in every way.

"The Postum seems to be no less a food than the Grape-Nuts food is and the two together fill all requirements. My wife has tried several recipes in your little booklet and we have enjoyed the result, but to my mind Grape-Nuts food is best when served with sliced fruit and covered with cream." Name given by Postum Co., Battle Creek, Mich.

There's a reason. Read the little book, "The Road to Wellville," in packages.

HICO.

From the News.

March 23d.—Bush Pleasants is slowly improving.

John Cage of Stephenville is here this week receiving some cattle.

Miss Mamie Maxwell of Stephenville spent Sunday here with her parents.

Miss Mattie Evans spent Saturday and Sunday with Miss Mabel Bennett in Dublin.

Mrs. Powell, who lived east of town, died Wednesday. Her remains were taken to Duffau for burial.

Our entire corps of public school teachers attended the institute at Dublin Friday and Saturday.

H. H. Swindler and family arrived here Sunday from Nevada, Texas, to reside. Mr. Swindler will be the foreman in the News office.

Mrs. John Eldson and Mrs. H. O. Smith of Hamilton arrived here yesterday on their return from Alpine, where they had been to close up the affairs of the late Dr. Smith.

The Baptist church last week bought the residence property of J. E. Corregan and will use it as a parsonage. Rev. J. P. Gilliam will move in as soon as Prof. Corregan moves his family to Hamilton.

Cards are out announcing the marriage of Miss Rosa Louise Wiseman to Mr. Robert Ira Parks of Denison. The ceremony will take place at the home of the bride's parents, Mr. and Mrs. W. H. Wiseman, next Wednesday afternoon at 2:30 o'clock.

Torture by Savages.

"Speaking of the torture to which some of the savage tribes in the Philippines subject their captives reminds me of the intense suffering I endured for three months from inflamation of the kidneys," says W. M. Sherman of Cushing, Maine. "Nothing helped me until I tried Electric Bitters, three bottles of which completely cured me." Cures liver complaint, dyspepsia, blood disorders and malaria; and restores the weak and nervous to robust health. Guaranteed by Overton Drug Co. Price 50c.

CISCO.

From the Round-Up.

March 23rd.—Jim Williamson made a business trip to Dublin Wednesday.

C. F. Cathey and family of Jacksboro have located in the trade center. Mr. Cathey has rented the Whiteside brick building on avenue D and will put in a first-class restaurant and cold drink stand.

Mrs. Vance, wife of Dr. C. S. Vance, was walking in the yard last Saturday when she fell upon the ice and broke her leg. The patient is resting easy at this writing, but it is not thought she will be able to walk upon the fractured member for some months.

Rev. S. W. Kendrick has tendered his resignation as pastor of the Baptist church, to take effect June 1st next. This action is made necessary by the continued illness of his wife, whom he will take to her mother at Fulton, Ky., after which he will enter the evangelical field. Rev. Kendrick is a good man, an earnest worker in the Lord's vineyard and his flock will deeply regret his departure.

The surveying corps of the G. B. & C. are now between Rising Star and Brownwood. They are expected to arrive in Brownwood Saturday, when they will start back for Cisco on the final survey. The information gleaned will then be submitted to the promoters of the road, who will make estimates of cost and select the most feasible route from both a constructive and financial standpoint.

Mrs. A. E. Guest of this county was taken before Judge Meek at Fort Worth Saturday on a charge of sending obscene matter through the mail, and was ordered by the judge to be placed in jail at Abilene in default of bail, to await the next term of federal court. Lena Guest, her daughter, charged with the same offense, was released on a $250 bond, which she gave.

The report has reached Cisco that a small sized riot occurred in Justice Jake Alford's court at Rising Star last Saturday and when the dust had settled enough for the innocent bystanders to take observations it was discovered that Dr. Whitehead had received an ugly knife wound in the back about the region of the kidneys, and Tom Angell, who did the cutting, was minus a tooth as a result of a swipe in the mouth by the doctor. The wounds of the combatants are not considered dangerous.

IREDELL

From the Sentinel.

March 23rd.—Francis Ray visited his parents in Dublin Sunday.

Dr. T. F. Bryan and wife visited relatives in Dublin Sunday.

Thos. McDonald of Dublin was here on business Tuesday.

A letter from P. C. Anderson states that he has sold his property at Stephenville and located at Comanche.

J. E. Harris came very near getting his left eye put out the other day as the result of acting stone mason. He was hammering on a rock and a small piece flew and struck him in the eye. While he can't see much out of it, he does not think the sight is injured.

Mrs. Leona Spann, deputy state organizer of the Woodmen Circle, spent a few days here this week and succeeded in organizing a circle of sixteen members. She will be here again next week and will have a meeting of circle members Wednesday night of next week.

Mr. Perdue of Eastland county purchased this week from W. F. Carroll two stone buildings, the one occupied by J. C. Phillips and the one occupied by Pickle & Son. Mr. Perdue, we understand, has bought a residence lot from W. L Pike, south of the latter's residence and will soon have a nice building under construction. He will move his family here and make this his home.

We have been reliably informed that there will be three and perhaps four more stone buildings erected in Iredell in the near future. There is one under construction now and when these get under headway there will be "something doing" around here. There hasn't been a time in the past three years but what a day laborer could get all the work he wanted to do in Iredell, and the prospect is good for it to continue so.

superstitious negroes have left the city. Two or three excursion were run from that city Sunday night and the sale of tickets is reported to have been large.

Failing in various attempts to lease a building in Temple for a skating rink, the promoters of that sport who are interested in rinks at Cleburne and other Texas cities have surmounted the difficulty by leasing a vacant business lot and erecting their own pavilion.

A specialist at Cashion, Oklahoma, has discovered a "liquid air worm." The insect may be laid out in the air and frozen until it is as stiff as an icicle and could be easly broken, but when it is thawed out neither its head nor constitution appears to be impaired and it is as much alive as before its frigid sleep. Nothing like it has ever been discovered before and it has the scientists guessing.

While preaching his Sunday sermon Rev. J. B. Lentz, pastor of the a Latter-Day Saints church at Cashion, Iowa, was struck by lightning, which caused his death within an hour. The bolt descended during a hard thunder storm and was communicated to the preacher by a chandelier hanging directly over his head. The shock threw him to the floor in an unconscious state, while many persons in the audience were partially stunned.

He gave as his reason for shooting the elder Bennett that he thought he was reaching for his son's pistol. J. R. Patrons Must Keep up Roads.

Frisco, Texas.

Postmaster and Carrier:—The enclosed letter is a copy of a letter received by our postmaster in reply to a statement of facts concerning the reporting of carrier No. 2, out of this office, who had cut out part of his route on account of mud holes.

This shows that the R. F. D. boys are protected by our Uncle Samuel. Please publish as it may interest some Texas carrers who are "up against" the mud.

With best wishes for you and the Postmaster and Carrier, I am respectfully. Will H. Rogers, R. 1.

Washington D. C., March 1st, 1906.

The Postmaster, Frisco, Texas.

Sir:—Replying to your letter of recent date in which you refer to some boggy places in the roads over which rural routes from your office are laid out, it is desired that you bring this matter to the attention of the patrons and road officials interested, and say to them that the department requires all roads traversed by rural carriers in the service of their routes to be maintained in condition to be traveled with facility and safety at all seasons of the year, and unless some action looking to the proper repair of this section of the road in question is not taken within thirty days from date, the department will seriously consider the withdrawal of service from that portion of the route. Advise this office of results. Very respectfully, P. V. DeGraw, Fourth Assistant Postmaster General.—Postmaster and Carrier, Dallas.

Wonderful Gift of Distinction.

Mrs. S. M. Kirk, an Oklahoma woman living at Forest Valley, who has been blind for many years, has acquired a sense of feeling that is remarkable. She prepares the meals for the family with little assistance, and in paring potatoes can pick out the eyes with as much skill and precision as if she could see in the best way. She makes all the dresses for her two little girls and can get all the different pieces together without getting one of them wrong. One of the most remarkable things is in sewing carpet rags. She can pick out all those of the same color and tack them together without a miss, and in threading a needle she does it as well and quickly as if her eye sight were perfect. In baking cakes she can combine all the necessary ingredients with their proper proportions and the product is faultless. Mrs. Kirk has never spent a day in a school for the blind, but has learned to do these things in her own home and only gathered by application. She lost one of her eyes when quite a small child, but has only been totally blind for the last twelve years.

Commissioner Kiker and Good Roads.

With your permission Mr. Editor I wish to again say a few words about the county roads in our precinct, which I consider of vital interest to every person, regardless of whether they are property owners or whether they are engaged in farming, merchandising or in any of the professional pursuits.

The time is ripe now to fix the roads and it is about time the various road overseers were getting their commissions for this year, in fact all should have them now and they should lose no time in getting busy. There are six hundred miles of public road in this precinct and the problem of a commission getting over all this road is not a small one and it costs the county for him to do so. This money paid to the commissioner is just that much taken from the available road fund and if overseers will properly and promptly look after their respective section the expense can be greatly lessened. Over this six hundred miles of road there are about one hundred overseers and by the exercise of the proper diligence and business managment they should have no trouble in getting and keeping their roads in good shape. There is not a section of road in the precinct that cannot be placed in good condition within four or five days if every man who is able to do a day's work on the farm will get out and put a day's work on the road and the overseer will show the proper activity. The roads should be graveled and ditched and the county will help to do this, how much they will help, I do not know, but at least all the money paid in from each road section will be put on that section if the road overseer will take down the names of each party who has paid road tax and notify me of the name and postoffice address. Men can afford to work for less money when they are fixing their own roads than they can at anything else and it will bring them greater returns in the long run. Let us keep all these matters in mind and as quick as crops are laid by get to work and fix the roads by which we are to reach the markets.

Overseers should bear in mind also that no one has a right to receive the $3.00 yearly road tax and receipt for it, except the county tax collector and the tax may not be paid after Jan. 31st of each year. If anyone does not wish to work when notified, the overseer may collect one dollar in lieu of the days work and receipt accordingly. Yours for better roads.—Jno. M. Kiker, Commissioner Precinct No. 2.

Remarkable Occurrence.

Sunday morning the gray pony belonging to J. W. Earnest was missing from the lot at the residence. A search revealed that the well in the lot was uncovered and the curbing moved aside. On looking down into the well the horse was discovered at the bottom. The well was some forty feet in depth and thinking the horse was badly injured Mr. Earnest thought at first he would shoot him and put him out of his misery. However, Ed Earnest went down in the well and found that the animal was practically unhurt. A stout rope was placed around the horse's body and a derrick put up over the well. Then by a block and tackle and a horse hitched to the other end, the pony was drawn from the well. With the exception of a few skinned places and bruises, the animal was unhurt.—Lampasas Leader.

Orphan Boys to Have Texas Homes.

A party of twenty-two orphan boys from New York arrived in Ft. Worth Wednesday morning from New York city. The party was in charge of a representative of the New York Aid society which is an organizaton engaged in collecting orphans in the metropolis for the purpose of securing homes for them in the southwest. The boys will be distributed over Texas, some of them going out on the Fort Worth & Denver railway, other on the Katy, and some along the line of the Texas & Pacific railway.

This relief organization brings several parties into Texas every year. A representative of the association visits each boy once a year and investigates his condition and if there is any dissatisfaction, a new home is secured.

The association will probably bring several other parties into Texas this year.

Sensabaugh Withdraws.

Dublin, Texas, March 25th 1906.

I have this day purchased the insurance business of A. L. Cole, also the interest in the Dublin Realty Co. owned by A. L. Cole and Jno. Crawford and I therefore deem it unwise for me to attempt to handle so large a business and look after the affairs of assessor and collector as they should be, so I therefore take this method of announcing my withdrawal from the race for assessor and collector.

Thanking my friends for their support I am, yours truly,

L. F. Sensabaugh.

Business Changes Hands.

Dublin, Texas, March 25th, 1906.

The public is hereby notified that I have this day sold to L. F. Sensabaugh all of my life, storm and accident insurance business, together with my loan and rental business and all the interest in the Dublin Realty Company owned by Jno. Crawford and myself. All accounts due me or the Realty Company will be settled by us and all collections up to April 1st are due to us. We bespeak for Mr. Sensabaugh the hearty support and patronage of all our friends and patrons. Yours truly,

A. L. Cole,
John Crawford.

Tickets will be sold on April 22nd and 23rd, and from all points east of Big Springs also 24th.

Attacked by Rattler.

Miss Susie Abernathy, the eighteen year old daughter of C. G. Abernathy, a Sterling county ranchman, was bitten on the ankle by a large rattlesnake Tuesday morning. Miss Abernathy had been riding across her father's pasture from a neighboring ranch and in getting down to open a gate did not notice the venomous reptile coiled in the road When the snake attacked her she fainted and was found by a ranchman some time afterward, lying unconscious in the dust. The girl's life is despaired of.

Central Depot Destroyed.

The Texas Central freight depot at Cisco was entirely destroyed by fire last Wednesday morning, which caught in the rear of the building and had gained such headway when discovered that it could not be saved. An International & Great Northern box car, which was at the time being unloaded, was also destroyed. The loss in the fire is not known, but the building was insured. This is the second depot fire the Texas Central has had within a month, the one previous being the depot at De Leon.

E. C. Edmonds made a trip to Dublin last week....Mrs. E. C. Edmonds returned Monday from a visit of several days to friends and relatives at Fort Worth and Dublin ....The Cisco electric light people were in Eastland last week to decide whether or not they would put in a plant at this place. The required number of lights has not yet been subscribed for and the probability is that Eastland will remain in darkness. There is no doubt but that in the time to come the town will be large enough to support a light plant, however, for the present the people seem content with kerosene and moonshine.—Eastland Bulletin, March 23rd.

Two solid carloads of cabbage and a carload of mixed cabbage, lettuce, turnips, carrots, beets and onions were shipped from Corpus Christi last week. Also by express 12,500 pounds cabbage in crates, fifteen pounds turnips, twenty pounds of beets, twenty crates of onions, 290 pounds of lettuce, eight boxes of peas and five boxes of new potatoes were shipped on Tuesday of last week the 20th, as the first of the season. The price paid growers for cabbage ranges from $25 to $28 per ton, according to quality.

Election Set Aside.

The Hamilton county commissioners met in special session Wednesday of last week for the purpose of casting up the vote of the recent prohibition election. The case was earnestly argued by attorneys for both sides and after considering the legal phase of the situation the commissioners decided the election was illegal and ordered it set aside. Another election has been called for the 14th of April.

THE ELECTRIC IRON

One of the latest uses to which electricity has been applied is the ELECTRIC IRON. It saves the trouble of building a fire, unnecessary heat and waste of fuel. No waste of time in waiting for the iron to heat. No soot—can't soil the clothes. By simply turning on the switch the iron is ready for use. A thirty days trial will be appreciated.

OVER THE COUNTRY.

ALEXANDER.

Regular Correspondence.

March 28th.—We were visited by another norther yesterday evening, which made everybody get back into winter quarters.

Farmers are progressing nicely with their work.

Johnson Thomas returned Sunday from a prospecting trip in the west.

A. B. Aldridge of Comanche is visiting his brother-in-law, Dr. Eargle.

Pat Thompson, who is now traveling for a Dallas Implement Co., visited his wife Sunday.

Everybody is invited to come and bring their stock to the big stock show here April 6th.

Messrs. Poll McCann and Robert McInroe are rejoicing over a visit from the stork a few days ago.

Jas. Greenway and wife left Wednesday morning for Cameron, where Mr. Greenway goes for an operation.

The school, which is progressing nicely, has organized a literary society and gave a very nice program last Friday night.

Major Keith, who is attending the Hill's Business college at Waco, spent a few days at home this week, returning Wednesday evening.

Lee Ponder came in from the Texas Central railroad, where he has been at work. He had his hand mashed and is taking a lay off.

The Alexander base ball team crossed bats with the Purves team last Saturday and the score stood three to seven in favor of Alexander.

Our justice of the peace was aroused from his slumbers last Saturday night at 12 o'clock and was quietly informed that Mr. Edgar Keith and Miss Lieda Burnett desired to be made man and wife. He accordingly prepared and in the presence of his wife spoke the words that made the two hearts beat as one. The marriage was somewhat a surprise to the many friends of the young couple. We wish for them a long and happy life.

Among the ladies who were shopping in Dublin last Saturday were Mesdames W. B. Warren, A. W. Hale, J. L. Hamitt, Ambrose Manus and Miss Fannie Kay. "Uncle" Steve Keith also went to Dublin Saturday and went to the station there in the afternoon to board the train which was reported late. Just as he arrived at the depot the train was pulling out. He says he did not halt, but came right on down the track, counting the cross ties and arriving home about dark.

LINGLEVILLE.

Regular Correspondence.

March 28th.—Joe Bowen is having lumber hauled for his new dwelling, which will soon be erected just across the street from Jess Bowen's.

The sick at Jim Moss's are improving.

Mrs. Battern, who has been sick, is improving.

Several insurance men were in our town yesterday.

Nearly all of our teachers attended the county institute at Stephenville Friday and Saturday.

The infant child of Mr. and Mrs. Sam Pinkerton was buried at Christian cemetery last Sunday.

Tom Echols left us last Saturday. He has gone to Dublin, where he will open an ice cream parlor this week.

Prof. Jas. F. Cox and Miss Ada Lee Wilson attended church at Dublin Sunday and visited Mr. J. N. Sanders and wife.

Miss Susie Moss has returned from Kansas City, where she went some two or three weeks ago to purchase millinery goods for J. W. Carr & Co. She is now preparing for a big opening Saturday, April 7th. Miss Dora Haggard of Dublin and Miss Pearl Vollva of Mt. Vernon, Ill., are assisting her.

Yesterday morning, while at work in the field, G. W. Young of this place was struck with paralysis. He was unconscious from the first and died this morning at 4 o'clock. He leaves a wife and six children and many relatives and friends to mourn his death. He was a faithful member of the Methodist church and an old and respected citizen of this community, having lived here for twenty-two years. His remains will be interred this evening in the Christian cemetery.

I will trade English Berkshire or Poland China breed sows for good milk cows. Apple and peach trees at five cents and plums, apricots and grapes at half price for thirty days. Order quickly.—W. H. McKnight.

ST. GEORGE.

Regular Correspondence.

March 29th.—We are needing rain. Some corn had to be planted over on account of the freeze and we fear that the latter planting will have to be planted again on account of the dry weather. Quite a lot of it sprouted and has perished for lack of moisture.

Mrs. Jettie Daniels, who was sick several weeks with pneumonia, is now able to be up.

Most of the farmers have finished breaking land and some are talking of planting cotton next week. Oats in this neighborhood survived the late cold spell and are looking fine.

Our school is progressing nicely under the management of Miss Lula Gilbreath. The enrollment is larger and the average attendance better than for several years past and as far as we are able to learn the patrons are well pleased. We expect a visit from Judge Thompson before the close of the term. The present trustees desire that the voters keep in mind the trustee election on April 7th and be on hand.

It seems that the Dublin papers are afraid to tackle the county superintendent proposition. We wonder why it is. We think there are other things that could, and ought to be done, that would be of far more value to the country school than the superintendent and one of them is the extension of the scholastic age to twenty or twenty-one years and another to repeal or modify the transfer law, in order to stop the wholesale transfer from one district to another without any reasonable excuse. Under the present system the towns are absorbing the country schools adjacent to the towns and where it benefits a few it cheats the majority out of the money and schooling that rightly belongs to them and forever blocks the way of many districts building up a good school where they otherwise could.

POINT LOOKOUT.

Regular Correspondence

March 26th.—Corn planting is about over with. We stated in our last week's letter that oats and garden truck, as well as fruit, were all about killed, but after close examination we find that very little of anything was killed.

We are needing rain considerably.

Some of the farmers are talking of planting cotton soon.

Mrs. S. A. Greaves has purchased a fine cow and calf from Sam Davis.

Mr. and Mrs. Matt Johnson are visiting Mr. and Mrs. J. V. Stephen.

Mrs. J. M. R. Stephen and mother, Mrs. S. A. Greaves, visited Mrs. Davis last Sunday.

Mrs. S. A. Greaves, who has been visiting Mrs. A. M. Maloney at Dublin, returned home last week.

There is some sickness in our community from lagrippe and bad colds. Mr. and Mrs Fountain Johnson are sick. Mrs Sam Davis is still sick in bed.

BLUFF DALE

Regular Correspondence.

March 26th.—Lowell Baldwin was in Stephenville on business Friday.

Dr. Sturgis of Stephenville was over on business Sunday.

The citizens of Berry's Creek are agitating a telephone proposition.

Postmaster W. L. Baber has been suffering from an attack of lagrippe.

L. P. Kelley of the Chapel community has recently been on the sick list.

Mrs. A. H. Kelley, who was reported dangerously sick, is now improving.

Dr. A. J. Cooper made a business trip to Stephenville Wednesday morning.

A. C. Hines of Alamogordo, N. M., came in Saturday to spend some time with his parents here.

The new hotel is nearing completion and will be occupied by Hi T. Hall about the first of the month.

Mrs. Ballentine, mother of R. M. Ballentine, is reported ill at the home of her daughter, Mrs. S. E. Sellar.

The fixtures for the new bank were installed last Monday and add very much to the interior of the building.

Wilson Brown left Sunday for Hamilton, where he will work the present season in an ice cream and cold drink parlor.

J. H. Holley of Richardson Creek had the misfortune to get a sliver from a cotton stalk in his eye Monday, resulting in the probable loss of the sight.

Prof. J. D. Sandefer of John Tarleton college will deliver an address at the school house at this place, Saturday night, March 31st, on the leading issues of the day. Everybody is urged to attend.

BUNYAN.

Regular Correspondence.

March 28th.—We had a nice rain Wednesday which was needed.

Misses Ollie and Zelda Clayton are visiting relatives here.

Mr. Cox and family visited his son in Eastland county last week.

Mrs. Vesta Davenport visited her mother, Mrs. Sharp, last week.

Miss Ruby Gaines visited her sister, Mrs. Shoemaker, Tuesday.

Miss Jessie Strong is visiting her sister, Mrs. Ella Kiker, this week.

Mrs. Kirk and family of Lingleville visited at Bunyan last Friday.

Mrs. Ida Cornelius and family of Oak Dale visited relatives here last Saturday and Sunday.

J. R. Gayle and family and Ed Bailey and wife visited the family of Mrs. Cooper last Sunday.

Riddle Morris and wife of Green's Creek visited the family of Jay Ellis last Saturday and Sunday.

Raymond Ellis and George Pruitt, accompanied by their families, visited the family of Dee Ellis last Saturday and Sunday.

Doctors are Puzzled.

The remarkable recovery of Kenneth McIver of Vanceboro, Maine, is the subject of much interest to the medical fraternity and to a wide circle of friends. He says of his case: "Owto a severe inflamation of the throat and congestion of the lungs three doctors gave me up to die, when, as a last resort, I was induced to try Dr. King's New Discovery and I am happy to say it saved my life." Cures the worst coughs and colds, bronchitis, tonsilitis, weak lungs, hoarseness and lagrippe. Guaranteed at Overton Drug Co. 50c and $1.00. Trial bottle free.

HARBIN.

Regular Correspondence.

March 28th.—Vice-President Drake of the Frisco railroad came in from Ft. Worth Monday morning and met some forty of our citizens to discuss depot matters with them. He finally, with the agreement of those present, decided to move the section house to a point directly facing the business center of the city and fix it up in first class shape, and when the needs for such were greater, to build a new structure.

W. R. Jennings was in the county capital Saturday.

J. C. Bennett of Bluff Dale was in Harbin Thursday night.

Some improvement is being done to the railroad in and around Harbin.

George Salsbury of Stephenville was in town for a day or two this week.

J. R. Bowman is having his house removed to his farm one mile east of Harbin.

Mrs. Harbin had a fine Durham milch cow killed by the train last Sunday evening and Mr. Hallmark had one killed Saturday by the evening passenger.

John Hunt and family of Bluff Dale were in Harbin last week visiting relatives.

Rev. U. J. Morton and Col. J. Hack Deaver attended church in Dublin Sunday.

Rufus A. Morton and sister, Miss Julia, visited in Stephenville Friday and Saturday.

Oma and Paul Hunter left Sunday morning for Ferris, where they will join their father.

Messrs. Schooler and Irving were down from Bunyan to see Dick Gibson and family Sunday.

L. H. Bowman and "Uncle" Harvie are pounding the steel from daylight till dark these days.

The little child of Walter Kiker was seriously injured Tuesday morning by a bale of cotton falling on it.

Merchant R. L. Hickey left this morning for Marlin, where he will remain with his father for several days.

Ernest McClesky, Tom Salsbury, Dee Abernathy and Lee Hickey are new readers of the Progress for this week.

Lee Sanders, Will Carpenter and Jim Bradley will hold the trustee election for Harbin next Saturday week.

McNinch & Raney have just had printed a quantity of stationery. Of course the Progress job department did it.

There was a report current this week that Frank Henson of Stephenville visited friends in our community Sunday evening.

Several teachers from Harbin and adjoining country took the train here Friday to attend the teachers institute at Stephenville.

There is still some sickness in the community. Tressie and Velma Robbins were absent from school this week on account of sickness.

Prof. Frank Bennett, his wife and child, had the pleasure of being entertained at the hospitable home of Mr. and Mrs. E. L. Robbins one day this week.

Your correspondent had the pleasure of partaking of the hospitality of Mr. and Mrs. B. E. Robbins one night last week. If one wishes to see an ideal home, a home surrounded by the conveniences and necessities of life, a home where one can enjoy his stay here on earth, just let him take a peep at this, the handsomest home between Stephenville and Dublin.

While a number of our people on Sunday last were being fanned by the zephyr-like breeze of spring and were basking in the warm rays of old Sol, they were thrown into consternation by the fearful sight of a horse coming at mad lightning speed down one of our busy thoroughfares. A further glance revealed to them Rev. U. J. Morton holding on to the lines like grim death in his efforts to stop the mad beast. By a sudden turn of fortune and also the horse, the buggy was inverted and the contents, including of Bro. Morton, were scattered promiscously about. In fact Bro. Morton found himself lying flat of his back in the road of adversity, and covered by the dust and sand of humiliation, peacefully contemplating the past, present and future, a badly arranged and dust covered attire and a fast receeding horse, followed by a piece of buggy. Outside of a shaking up, Rev. Morton was not hurt. Tom Harbin also had the misfortune of having his buggy torn up.

KEYSER

Regular Correspondence

March 27th.—Mrs. Golightly, who has been confined to her bed for some time, is improving.

Mr. Lowry of Pizzaro is visiting at Ulmer Golightly's.

Robert Golightly and wife went to Dublin Monday.

Jno. Winters lost a very valuable horse last week from blind staggers.

Prof. Clendenin visited his brother at Selden Saturday night and Sunday.

The literary society at Keyser Saturday night was attended by a large crowd of well behaved people and a very entertaining program was rendered.

The people of this community will meet at the school house next Sunday for the purpose of organizing a Sunday school. Everybody is invited to come and take part in making it a success. There will be preaching Sunday at 3 o'clock by Rev. Altman.

Nearly all of our farmers have planted corn. A good rain would be very beneficial at present as it would start the grass to growing and insure a stand of corn and garden stuff. The late freeze did but little damage in this community. It is believed fruit is not seriously damaged.

Are You Tired, Nervous and Sleepless?

Nervousness and sleeplessness are usually due to the fact that the nerves are not fed on properly nourishing blood; they are *starved* nerves. Dr. Pierce's Golden Medical Discovery *makes pure, rich blood*, and thereby the nerves are properly nourished and all the organs of the body are run as smoothly as machinery which runs in oil. In this way you feel clean, strong and strenuous—you are toned up and invigorated, and you are good for a whole lot of physical or mental work. Best of all, the strength and increase in vitality and health are *lasting*.

The trouble with most tonics and medicines which have a large, booming sale for a short time, is that they are largely composed of alcohol holding the drugs in solution. This alcohol shrinks up the red blood corpuscles, and in the long run greatly injures the system. One may feel exhilarated and better for the time being, yet in the end weakened and with vitality decreased. Dr. Pierce's Golden Medical Discovery contains no alcohol. Every bottle of it bears upon its wrapper *The Badge of Honesty*, in a full list of all its several ingredients. For the druggist to offer you something he claims is "just as good" is to insult your intelligence.

Every ingredient entering into the world-famed "Golden Medical Discovery" has the unanimous approval and endorsement of the leading medical authorities of all the several schools of practice. No other medicine sold through druggists for like purposes has any such endorsement.

The "Golden Medical Discovery" not only produces all the good effects to be obtained from the use of Golden Seal root, in all stomach, liver and bowel troubles, as in dyspepsia, biliousness, constipation, ulceration of stomach and bowels and kindred ailments, but the Golden Seal root used in its compounding is greatly enhanced in its curative action by other ingredients such as Stone root, Black Cherrybark, Bloodroot, Mandrake root and chemically pure triple-refined glycerine.

"The Common Sense Medical Adviser," is sent free in paper covers on receipt of 21 one-cent stamps to pay the cost of mailing *only*. For 31 stamps the cloth-bound volume will be sent. Address Dr. R. V. Pierce, Buffalo, N. Y.

Farmers Union Notes.

Eastland county Farmers Union met at Eastland last Friday and Saturday.

There are now two hundred thousand members of the Farmers Union in Texas.

The Erath county Farmers Union will meet with the Oak Dale local union Wednesday, April 4th, at 1 o'clock p.m. L. Brawner is president.

The Brown county Farmers Union will hold its quarterly session at Bangs today and tomorrow and the Hamilton county union at Pottsville, April 4th and 5th.

The next meeting of the Hood county Farmers union will be held at Bethel Saturday before the third Sunday in April, the 14th, at the last meeting it was voted to have a two days' rally of the union some time in July, arrangements for which will be made at the April meeting.

State Lecturer D. J. Neill came to Dallas Monday and is fast getting familiarized with his new duties as ex-officio state organizer. The new state constitution, it will be remembered, places the management of the organizing work in the hands of the state lecturer.—Mercury Password.

One of the resolutions adopted at the state Farmers Union meeting at Dallas last week was as follows: "That we recommend to the farmers of the south that they keep their children of scholastic age in school and their wives in their homes and out of the cotton fields in the cultivation of crops, which, if put into effect in some parts of the southland, will appreciably decrease the acreage of cotton."—Farmers Journal.

Yesterday morning Prof. J. S. Lamar and wife were badly burned. Some paper that had been thrown in the fire place the previous night suddenly caught fire and flashed up. Mrs. Lamar was standing near and had turned nearly around with her back to the fire at this instant when her dress caught fire. Mr. Lamar, being in the room, quickly came to her rescue and extinguished the flames just in time to save her from being fatally burned. Mrs. Lamar received very painful burns and Mr. Lamar's hand and arm were badly burned in extinguishing the flames.—Meridian Tribune.

DON'T EXPERIMENT

You Will Make No Mistake if You Follow This Dublin Citizen's Advice.

Never neglect your kidneys.

If you have pain in the back, urinary disorders, dizziness and nervousness, it's time to act and no time to experiment. These are all symptoms of kidney trouble and you should seek a remedy which is known to cure the kidneys.

Doan's Kidney Pills is the remedy to use. It has cured many stubborn cases in Dublin. No need to experiment. Follow the advice of a Dublin citizen and be cured yourself.

Edward Armstrong, farmer, living on Proctor road, Dublin, Texas, says: "Doan's Kidney Pills relieved me of severe suffering from kidney trouble and backache. I had tried all kinds of remedies but nothing gave me permanent relief. At times my back was so weak I would awaken at night feeling as if there was a terrible load on my back and I would be afraid to move on account of the acute twinges that would catch me. I finally got Doan's Kidney Pills at the Overton Drug Co. and kept on taking them until completely cured. The trouble has never returned. Other members of our family have used this remedy with the same good results that I obtained."

News has been received that a little son of J. E. Vessels of near Woodbury died Wednesday night from a grain of corn lodging in his throat. Early in the night the grain became lodged there and measures were resorted to which gave him relief and the pain apparantly passed and he went to sleep. Later in the night after hearing him cough his parents went to his bed and found him dead.

In a letter from J. H. Grigsby, who recently left this section for Quail, Collingsworth county, Texas, where he and his wife are to spend several months visiting their son, E. M. Grigsby He proceeds to describe the country, stating that land sells for all kinds of prices, ffom five to twelve and one-half dollars per acre; that cheap land is a thing of the past as that section is settling up fast. He states that corn is selling for thirty-five cents per bushel; that he sees cotton yet to pick which looks like it will yield a half bale per acre, and that corn yet ungathered bids fair for thirty-five or more bushels per acre. He says the sole dependance for fire wood is the oak shinneries which can be pulled out of the ground, and that he believes that with a three-mule team a man can plow up enough of them in one day to last twelve months. He mentions that it is about two hundred feet to water; that there are some prairie chickens and deer there, but only one lawyer in the whole country and he has nothing to do.

HAMILTON.

From the Herald.

March 21st.—Mrs. C. C. Baker and little son, Charles, are visiting relatives in Stephenville this week.

Judge Lindsey had to return to his home in Comanche last Sunday on account of sickness. Hon. A. R. Eidson was chosen to preside as special judge in his atsence.

Will Linton, son of Mr. and Mrs. G. W. Linton, who formerly lived here, died at Hico last Thursday morning at 2:40 o'clock. He had suffered intensely for over a week with a severe pain in his head, and was several times thrown into convulsions. He had not been very strong for some months, having had rheumatism for quite a while, and last August he was crippled at McGregor by a scaffold falling on him. He was twenty-five years old, and was a kind-heated, honest, upright young man. He was well known in Hamilton where he grew to manhood.

Mrs. E. D. Bell, the aged mother of Hon. C. K. Bell, died at Fort Worth on the 13th, her life going out as calmly and serenely as a summer day. She was seventy-eight years old, and was a woman of the highest order. The people of Hamilton, among whom she lived from 1876, when this was a mere hamlet, until 1894, when Mr. Bell was elected to congress from this district, will drop a tear when they realize that this good woman is no more. Well do we remember the log house where Mrs. Bell, with her son and daughter lived, plank houses being then a rarity in Hamilton, and where amid flowers and music and the gay laughter of both young and old, who so often gathered there, seemed to enjoy life to its fullest extent. Many are the happy hours that friends have passed in that vine-clad home, and sad is the recollection that those days are now gone forever.

Mail Order Religion.

In discussing the prevalent mail order habit, Henderson Poe tells a good one that is worth repeating: "The pastor of one of the churches at Memphis, Mo., where Mr. Poe formerly lived, was paid $1,000 a year and was giving good satisfaction. In an evil hour he got hold of a catalogue and studied its sophistries until he became a confirmed mail order fiend, sending to Chicago for his family supplies. It happened that three of the pillars of the good man's church were local merchants. These three men paid the bulk of the minister's salary and other expenses of the church. When they overheard him recommending his favorite Chicago firm to members of his flock they were not highly pleased. They held a little caucus and sent for their special adviser, but not to talk theology. They first asked him where he traded. When he hesitated and stuttered they asked him direct if he did not send to Chicago for his supplies. He admitted that such was the case, but explained that he thought a man ought to trade where he could do the best. The merchants admitted the correctness of his position. In fact, they have decided to do the same thing themselves. They had received circulars from a Chicago firm that could send the sermons for two cents each. They had decided to get their religious instructions by mail, and that they would not be held to pay for any more of the home made article.

In a short time the pastor's resignation was accepted.

Unfortunately many men who refuse to deal with the people who have made them all they have are not so easy to get at.—Exchange.

JAMAICA MISSIONARY WORK.

The first missionary work on the island was commenced by the Moravians. After them the Baptist began working. The work of the Christian Woman's Board of Missions in Jamaica dates from 1876. From that time to the present we have maintained missionaries on the island; have built several chapels and mission houses. It was in response to a "Macedonian Call" that the Christian Woman's Board of Missions commenced work in Jamaica. This is how it was: A former missionary, Bro. J. O. Beardslee, of the American Christian Missionary Society had gathered some small congregations of "disciples" on the island. In consequence of our civil war and an empty treasury this missionary had to be recalled. The disciples were not all scattered, but a few held together for eleven years. Among them was a small church of about thirty members in Kingston, the capital of the island.

Upon the formation of the C. W. B. M. this small church in Kingston made the appeal: "Come over and help us." Our response was sending of the first missionary of C. W. B. M., Bro. W. H. Williams. He labored for a short time and then returned to America. The small beginning then made has grown. We now have on the island thirteen missionaries. They have the care of twenty-four churches in which are two thousand members. There are eighteen Sunday schools with two hundred scholars, sixteen Christian Endeavor societies with nine hundred members. Bro. C. E. Randall has been working there since 1889. Recently there have been erected at Oberlin, Mannings Hill, Providence, High-gate and Carmel new chapels. These buidings have cost several thousand dollars. The work of buildings is principally in the hands of our missionary, G. D. Purdy.

HOW CAN I LIVE A CHRISTIAN LIFE?

Amid the burdens and the toil,
Amid the scrambling for the spoils,
Amid the conflicts and the strife,
How can I live the Christian life?

Amid the doubtings and the fears,
Amid the sorrows and the tears,
'Mid crime and wickedness so rife
How can I live the Christian life?

Amid the world's tempestuous storms,
Beset by sin in all its forms,
Distracted by its noise and strife,
How can I live the Christian life?

In Christ the man of Galilee,
And in His helpful ministry,
And shameful death on Calvary,
My answer full complete I see.

Champion Liniment for Rheumatism.

Chas. Drake, a mail carrier at Chapinville, Conn., says: "Chamberlain's Pain Balm is the champion of all liniments. The past year I was troubled with rheumatism in my shoulder. After trying several cures the storkeeper here recommended this remedy and it completely cured me." There is no use of anyone suffering from painful ailments when this liniment can be obtained for a small sum. One application gives prompt relief and its continued use for a short time will produce a permanent cure. For sale by Overton Drug Co.

Egg Brought a Husband.

A dispatch from Glasgow, Ky., says that Miss Esther Lyons of that city and Barney Friedman of Norfolk, Va., are to end a most romantic courtship with a wedding. The bride is the daughter of a poultry farmer near Glasgow and has attended to shipping eggs for her father. Some time ago she etched her name on an egg with a pin. The egg, hard-boiled, eventually was handed to Mr. Friedman by a lunchman in Norfolk. Friedman put the egg in his pocket and called for another egg to eat in its stead. Then he went home and wrote to Miss Lyons. She answered his letter, and so a regular correspondence began. Mr. Friedman paid a visit to Kentucky and the result was the announcement of their wedding to take place.

REDUCE ACREAGE

Says that Cotton Should Be Worth Fifteen Cents and There is But One Way to Get It

Editor Progress: With your permission I would like to say a few words to the farmers regarding the danger that I see we may fall into this year by reason of the present price of cotton.

Don't for your own sake and that of your family and that of your neighbor and his family, plant any more cotton this year than you did last. If you make any difference reduce the acreage and thus hold the price where it is with a possible raise to fifteen cents.

I do not and cannot agree that even the price we received for cotton the past season is as much as we should receive, especially considering the high values placed upon everything we have to buy and the immense amount of hard work necessary to mature and market a crop of cotton.

I will venture the assertion that with a good one thousand acre piece of land, all planted in cotton and worked and handled with paid labor under the best of conditions as to seasons and management, the crop produced could not be sold at eight cents a pound and enough money realized from it to pay anything like a reasonable salary to the workmen and the man in charge. The farmer would have to borrow money from the bank to buy Christmas presents for his children, or let them do without. Under such facts I contend that it costs at least eight cents a pound to raise cotton and in order to sell it at the price we have been selling we are forced to work our children eight months in the year when they should be in school and to labor early and late and yet come out at the end of the year in debt. We should certainly have as much as seven cents a pound profit on cotton in order to make it a paying crop and to get this we must have fifteen cents a pound for the delivered product.

There is but one way to get the fifteen cents and that is to plant less cotton and more of other products to sell and to use at home. "Diversify" should be the watchword of every farmer and he should bear in mind that if the market is glutted with cotton his profit on the crop is gone and he had better have planted none of it. It is far better to plant twenty acres and make some profit on it than to plant fifty and lose money on it or lose the labor, which amounts to the same thing.

We have no one to blame but ourselves if we continue the suicidal policy of raising too much cotton and too little of everything else. Let us push the Cotton Growers Association, the Farmers Union, the Grange and other such organizations and heed the warning they are offering us. Make everything we need at home, plant less cotton, keep out of debt and market when the price is right and only then.—J. W. Braswell, Route one, Dublin, Texas.

Antelopes Choose the Open.

The antelope lives always in open country, unlike members of the deer family, which invariably prefer a thick, dense forest. They cannot be driven into timber cover or thickets of brush, but will literally turn about and run over a pursuer, if necessary, rather than be forced into cover. If they are ever obliged to pass by or through such places for food and water, they take a great deal of time to do so, as if they were determined to see everything that could be seen en route.—H. H. Cross in Century.

The Great Lakes.

Lake Superior is the deepest of the great lakes, showing by soundings 1,008 feet in at least one place. Michigan stands second, with 100 feet less. Huron and Ontario are about 750 in the deepest parts, while Lake Erie is but 204. Vast areas of Lake Erie will not show a depth exceeding 80 feet. The bottom of Lake Michigan is 400 feet above sea level.

An Odd Verdict.

A jury in Lindsey, Lincolnshire, England, after being out some time on a case of alleged false pretenses, returned to court and said, "We can't bring him in guilty and don't like to say he is not guilty." They were sent back and in fifteen minutes reached this verdict, "We find him guilty, but not with intent." The prisoner was discharged.

Blackmail.

"Mamma," said five-year-old Margie, "I'll make a bargain with you."

"What kind of a bargain, dear?" asked her mother.

"If you'll give me a penny every day to buy candy with," replied the small diplomat, "I'll not tell any one you have false teeth."

The One to Be Pleased.

"No," said Peckham, "we never have boiled ham at our house any more."

"Why," replied Newitt, "I thought you were very fond of it."

"So I am, but my wife's pet dog won't eat it at all."—Philadelphia Press.

One is never weary of life. One is only tired of oneself.—Carmen Sylva.

Anent School Superintendency.

Editor Progress: To "One who knows" I will say that he evidently does not know the law in regard to a county superintendent's salary. He said I was mistaken in saying that a county superintendent can be had for $1,000 per annum. The law says a county superintendent shall receive from $800 to $1,200, according to the scholastic population. In a county not exceeding five thousand scholastics the superintendent's salary is $1,000 and not a fixed amount of $1,200 as he would have the people believe. [Chap. 124, Sec. 40, acts 29 Leg.]

Again he tried to make the people believe the county judge is not entitled to receive but three hundred and sixty dollars. The county judge may receive as much as six hundred dollars per annum, as I stated. That is fixed by the commissioners court. [Chap. 124, Sec. 44, 29 Leg.]

I will further say that in our sister county the county judge receives six hundred dollars per annum and can here if the commissioners court grant him the salary; I was merely quoting the law. Besides this amount from school fund the county judge is paid in fees and a certain salary. And if his salary is not sufficient it should be increased, but I do not think a county judge should be paid from the school fund to transact his official business—that should come from a separate fund. He should be paid a good salary for his work as county judge and if he acts as ex-officio superintendent, be paid for that as extra work. His salary will not be definitely fixed until he is paid other than by fees.

"One who knows" tries to leave the impression that I only want a superintendent because he is cheap. If he will pay as close attention to the latter part of my article as he did to the first, where he thought he discovered a small mistake, he will see that I favor a superintendent at any reasonable price and call it a good investment. So there is no difference of opinion after all, the increase of the county judge's, as he says, "ex-officio" salary notwithstanding. Let us have a county superintendent. It will benefit the county more than it costs.—Teacher.

Legend of a Book.

A quaint and kindly legend, illustrating the sorrow devout Christians used to feel for the paganism of their favorite classic authors, is that of St. Cadoc and his Virgil. St. Cadoc, whose day is Jan. 24, was the son of a South Welsh prince, who founded several monasteries in Glamorganshire and neighboring regions, but was driven away to Brittany by the coming of the Saxons. There he was walking one day with a copy of Virgil's poems in his hand and wept to think that Virgil as a pagan might be in hell. An ultra orthodox friend who was with him severely reproved him for even doubting the fact, and a sudden gust of wind carried the book out of Cadoc's hand into the sea. But that night he heard in a dream a sweet voice saying: "Pray for me; weary not in praying. I will sing the mercies of the Lord forever." And next day a fisherman brought Cadoc a fish inside which the Virgil was found uninjured. —London Chronicle.

Mixed Wives.

In the early part of the last century there lived in an old New England town a Mr. Church, who in the course of his earthly life was bereft of four wives, all of whom were buried in the same lot. In his old age it became necessary to remove the remains to a new cemetery. This he undertook himself, but in the process the bones became hopelessly mixed. His "New England conscience" would not allow him under the painful circumstances to use the original headstones, so he procured new ones, one of which bore the following inscription:

"Here lies Hannah Church and probably a portion of Emily."

Another:

"Sacred to the memory of Emily Church, who seems to be mixed with Matilda."

Then followed these lines:

Stranger, pause and drop a tear,
For Emily Church lies buried here,
Mixed in some perplexing manner

The Last Versailles Bourbon.

There is at Versailles an orange tree some five centuries old. This tree, which was taken from Fontainebleau of Versailles on the completion of the orangery, was already famous under the title of the Grand Bourbon. According to tradition, the tree had been planted in 1421 by a Princess of Navarre and after several changes of owners came into the possession of Francois I., by whom it was placed at Fontainebleau. When it reached Versailles the king came to visit it, and two grand Bourbons were then face to face. The man passed, and even his bones, torn from their tomb at St. Denis and tossed into a trench, have perished. Not a pinch of his dust remains. But the tree lives and blooms and bears fruit, the only Bourbon at Versailles, serene, invincible, enthroned.—Farmer's Versailles.

In Darkest Africa.

A weird tale of witchcraft comes from the interior of Africa. A recent trial at the Lilongwe court proved that a native woman killed by a lion had been partly eaten by another native who was accused of impersonating the lion. The prisoner confessed freely that he had eaten of the woman's dead body, the excuse being that he had purchased from a "witch doctor" a medicine which enabled him to turn into a lion at will—in other words, to indulge in cannibalism in its lowest form as the mood took him.

A Waterspout.

A scientist says of a waterspout that passed over a certain district in France: "Its passage was accompanied with a sound which is described as resembling that of a battery of artillery drawn on the gallop over a paved street. At the base of an extended nimbus hung the reversed cone characteristic of phenomena of this kind. A strong wind was then blowing from the south-southwest. The waterspout was preceded by a storm and followed by a shower."

Two Archbishops.

The archbishop of Canterbury is primate of all England and therefore takes precedence of the archbishop of York, who is only "primate of England." This very nice distinction was made several centuries ago on account of a very bitter dispute arising between the two functionaries as to which should precede the other. The matter was settled by conferring precedence upon the archbishop of Canterbury, the two titles being also bestowed at the same time.

The Australian Native.

For hundreds of years, perhaps thousands, the Australian black has accepted the doctrine of a Trinity in heaven and the theory of evolution. In some respects he is far superior to his civilized contemporary, but he curls himself around like a dog and sinks to sleep on the bare ground at sunset. In the dark he is a veritable coward.

What Happens.

In a written examination on physical geography one of the questions was:

"What happens when there is an eclipse of the moon?"

A boy with rather an admirable knack of getting out of a difficulty wrote the following answer:

"A great many people come out to look at it."—London Answers.

Precaution.

Briggs—Does your wife laugh when you tell her a funny story? Braggs—Oh, yes! I always tell her beforehand that it is funny.
